AGREE ON PAY FOR TEACHERS

HEADLINES of the WEEK

As Compiled by the Grosse Pointe News

ALBERT SHANKER, New York teachers' union president rejected a new proposal Wednesday to end the city's school strike. In a major policy switch, the suspended local governing body of the predominantly Negro and Puerto Rican Ocean Hill-Brownsville school district in Brooklyn offered to give 79 ousted white teachers their jobs back. This move had been expected to end the strike by Shanker's 55,000-member United Federation of Teachers, a predominantly white organization. But Shanker told the members Wednesday night to go back to their picket lines and added that the offer was "a publicity gimmick."

VATICAN OFFICIALS reacted with disbelief Wednesday to Richard Cardinal Cushing's statement that the former Jacqueline Kennedy could marry "whomever she wants." Official Vatican spokesman, The Rt. Rev. Valainc, reaffirmed the Vatican position that the former First Lady is in an "irregular position" with the Roman Catholic Church because of her marriage to the divorced Aristotle Onassis and is barred from church sacraments. He added "I agree with the Cardinal's statement that only God knows who is a sinner, but whoever contravenes the law of the church incurs her sanctions."

THIRD-PARTY CANDIDATE for President, George C. Wallace made his long heralded first New York campaign appearance Thursday night in Madison Square Garden. The appearance was marked with protests from both blacks and whites. More than 1,500 policemen struggled to keep pro and anti-Wallace factions separated as Wallace and his running mate, former Air Force General Curtis LeMay, addressed a cheering crowd of 15,000 persons which filled three-fourths of the huge arena.

RICHARD M. NIXON agreed yesterday to be questioned by newsmen on a nationwide television show Sunday, the first time in two years he will have made such an appearance. DEFENSE SECRETARY Clark Clifford took issue Friday with Richard Nixon's claim that the United States faces a serious "security gap." He released figures showing America could launch four times as many nuclear warheads as Russia despite a continuing Soviet buildup. Clifford released the new data the day after the Republican presidential candidate charged that the Johnson administration had settled for a doctrine of military "parity" rather than military "superiority."

Death Ends Full Life of Gov. Brucker

Former Secretary of Army Fatally Stricken by Apparent Heart Attack at Luncheon

Wilber M. Brucker, Sr., former Michigan governor and secretary of the army, died Monday afternoon in Harper Hospital after a life of distinguished public service. Mr. Brucker, 74 years old, lived at 56 Vendome road.

Mr. Brucker was attending an Economic Club of Detroit luncheon at the Veterans Memorial on Monday, when he became ill. He left his place at the speakers' table, walked into the lobby, and collapsed. He was rushed by the Fire Department rescue squad to Harper Hospital where he died of an apparent heart attack at about 2:40 o'clock.

Mr. Brucker had a history of heart trouble in recent years and was hospitalized last December.

Retired Last Year

He was a partner in the law firm of Brucker, McInally, Rockweel, Wetzel and Brucker, until his retirement last July 1. He continued to advise the firm after retirement.

He left his position as secretary of the army in the Eisenhower administration in 1961 and formed a law firm with his son Wilber, Jr. The partnership merged early this year with two other law firms. Mr. Brucker's law practice followed an active life in public service.

The son of a lawyer who served as a Democratic congressman in 1897 and 1898, Mr. Brucker was graduated from the University of Michigan Law School in 1916 and went to Mexico to fight with the Michigan National Guard in the Army expedition against Pancho Villa. Later he served with General Douglas MacArthur's Rainbow Division in France during World War I.

Governor at 36

After the war, Mr. Brucker was a prosecuting attorney for Saginaw County, where he was born, from 1923 to 1927. He became Michigan's attorney general at the age of 33. He was elected governor in 1930, at the age of 36.

He was swept out of office in 1933 by the Democrats. He then went back to law becoming a partner in the Detroit firm of Clark, Klein, Brucker and Waples. He was chairman of the American Bar Association's committee on ethics.

Wired License, Bad Driving Trap Pair After Robbery

A 19-year-old Alabama youth and a 14-year-old St. Clair Shores boy were arrested by a Woods public safety officer on Friday, October 25, who had stopped the pair twice. The second apprehension brought out that the duo had burglarized a gas station in St. Clair Shores.

Patrolman Douglas Dosmas said that he was on routine patrol at 12:42 a.m. when he observed Willie Odies Church of 106 Louis avenue, Hueytown, Ala., behind the wheel of an automobile that had its rear license plate hanging by wires. The vehicle had turned south on Mack from Vernier road. The juvenile was a passenger.

The officer said that he stopped Church for questioning, and after receiving a radio report that the car was not listed as stolen, released the pair.

Dosmas said that as he got into his scout car, he observed Church make a left turn onto Cook road, from Mack, going through a red traffic signal, and stopped the youth before he had gone too far down the road.

When asked for his operator's license and car registration, Church was unable to produce a license, and told the policeman that Alabama does not require the registration of automobiles. Church and the 14-year-old were ordered out of the car and searched.

The surprised patrolman said that he found a large quantity of assorted change in Church's jacket pocket, and a large quantity of change in the juvenile's pants pocket. Looking into the

Pays for Order; Robs Restaurant

Woods police are looking for a young Negro male who entered the Wan Kow restaurant, 20922 Mack avenue, and placed an order, after which he opened the cash register, grabbed an unknown amount of money and escaped.

A woman counter clerk and cashier, told police that the youth, about 18 to 20 years old, came into the establishment and ordered a half-order of egg-foo-yong. The customer paid the amount required, the woman said, after which she went into the kitchen to give the order to the chef.

The clerk said that while still in the kitchen, she heard the door buzzer sound, and thinking it was another customer, left to wait on him. She said the place was empty, and she saw the register open, and the money gone.

She said she ran outside and saw the suspect running south on Mack. She returned inside and notified the owner, Young Yee, who promptly called police.

Officers searched the area, but without success.

Farms Policemen Standing Firm on PayHikeDemands

Want $10,000 Per Year Now Instead of Waiting Until Near End of Two-Year Contract Offered by City Officials

Wage negotiations between Farms city representatives and the Farms Police Officers Association are not progressing, and at the last report, talks are at a standstill, with no future meetings scheduled.

The patrolmen are demanding a salary of $10,000 a year now, whereas, the city is offering a two-year contract, giving them that amount toward the end of the contract.

The city has offered the policeman $9,300 (from $8,300 a year), retroactive to July 1; $9,600 on January 1, 1969; $9,800 on July 1, 1969; and $10,000 on January 1, 1970.

Roh Won't Take Sides

On Monday, October 28, Farms Police Chief Jack F. Roh was asked by the NEWS, if he believed that his patrolmen should receive the $10,000 a year now, or if he thought they should accept the city's offer. He said that in his opinion, he should not take sides, so as not to jeopardize negotiations, or any agreements that might have been reached so far.

"However," he said, "I would like every one to keep in mind, that each and every policeman of our department, including myself, is deeply devoted to his chosen career, which is serving the community through law enforcement."

"Without a doubt," he commented, "our departmental personnel is one of the most efficient and well trained of all police departments in the area.

"Although our work load may not be as heavy as that of departments of larger cities, for example, such as Detroit, the risk is the same," the chief pointed out. "It must be remembered that in a smaller department, such as ours, a police officer must be knowledgeable, if not an expert, in all phases of criminal investigation, inasmuch as we do not have the manpower that bigger departments have.

Have Many Divisions

"A department, such as that of Detroit, has specialized squads and trained personnel for these squads, such as a Vice Bureau, Auto Theft Squad, Juvenile and Women Divisions, Hold-Up Squad, Bunco Squad, Subversive Squad, and many other special divisions.

"Our men in the Farms Police Department, and other small departments, have to have a certain amount of knowledge of all specialties, and be able to handle all types of crimes. Therefore, in certain respects, they must be to a certain degree more versatile than personnel of larger police departments whose officers specialize in only one phase of work."

Chief Roh said that it must also be kept in mind that the stress and strain and worry on the families of the policemen of smaller departments, is identical to those of the loved ones whose men serve in bigger communities. The danger is always there, he added.

Don't Fail To Vote on November 5

Predict Balloting Will Be Heaviest in History with Presidential Contest in Spotlight

Thousands of Pointe electors, as will voters in every section of the United States, will cast their ballots for candidates of their choice for national, state, county and local offices, on Tuesday, November 5.

It is predicted that the votes cast will be the heaviest in the history of the country, especially for the office of the President of the United States.

There are three other parties offering their candidates for the highest office in the land, but a majority of the votes cast will be for Democrat Hubert H. Humphrey, Republican Richard M. Nixon, and American Independent Party George C. Wallace, who with their running mates, Edmund S. Muskie, Spiro T. Agnew and Curtis Lemay, respectively, have been making the news and appealing for the support of the people.

State Issues

Besides voting for their favorite candidates, the electors of Michigan will be asked to vote yes or no on a Proposal No. 1, an amendment to remove the present restriction against the adoption of a graduated income tax; Proposal No. 2, on whether or not the people want to retain Daylight Saving Time; Proposal No. 3, relating to bonding to abate water pollution; Proposal No. 4, relating to bonding for public recreational purposes; and Proposal No. 5, a proposed amendment to permit the election of members of the Legislature during their term of office to another State office.

Two County Proposals

Wayne County will submit two proposals to county voters: County Home Rule Proposition and Maximum Annual Tax Rate Proposition.

Polls will open at 7 a.m. on November 5, and close at 8 p.m., and any one in line at the closing hour will be permitted to vote.

The absolute deadline for absentee ballot applications, anywhere, is Saturday, November 2, at 2 p.m., and, it was announced, that all Pointe city halls will remain open until that time. All offices will close promptly at 2 o'clock, as required by State Law.

AWOL Soldier, Youth Home Escapee, Confess to Crimes

The arrest of two 17-year-old youths on Saturday, October 26, by Park police officers, cleared six car thefts, including one that had taken place in the Park; and three burglaries reported to have occurred in Detroit. One youth was an escapee from a State Youth Training School, and the other was absent without leave from his Army Air Force Base, it was said.

Gary A. Brumley of 11100 Engleside, who escaped from the Whitmore Lake Training School in East Lansing on February 28, 1968; and Timothy J. Larish of 1413 Philip, both of Detroit, and both of whom were reported to have been staying at the Newport Hotel, Newport and Jefferson, Detroit, under assumed names, were taken into custody by Patrolmen Ralph Moore and Robert Michael.

The officers were dispatched to Wayburn and Hampton, in front of St. Ambrose Church, at 1:10 a.m., to investigate a complaint of a citizen that he had been fired upon by a young man with a gun.

Brumley, on whose person Moore and Michael found the gun, a .22 caliber single shot derringer, was arraigned before Park Municipal Judge C. Joseph Belanger, later that morning, on a warrant charging him with carrying a concealed weapon. The youth entered a plea of not guilty, and the judge set bond of $1,500, and remanded Brumley to the Wayne County Jail in default

To Fly Over Both Poles

(Continued from Page 1)

This non-profit institution will house, catalog and preserve the papers and records of both Admiral Byrd and other Arctic and Antarctic Explorers.

But its more dynamic function is the furtherment of peaceful development of the polar regions, particulary Antarctica.

It hopes to become this country's headquarters for investigation and research into the scientific and commercial development of the poles. The Center will sponsor, support, initiate and conduct studies and expeditions. It will furnish comprehensive data or technical assistance to the United States, or to any university, institution, foundation, business organization or private individual legitmately interested in polar development.

Saw Great Benefits

The Center has set for itself a course which the Admiral before his death wholeheartedly endorsed. He foresaw that mankind would one day benefit enormously from development of Antarctica's vast potential, and he perceived that Antarctica's unique and diverse advantages and resources might best be developed by private capital in a free enterprise context.

To these objectives is The Byrd Polar Center dedicated. The essential purpose of this commemorative expedition is to dramatize the role that private enterprise and private citizens can play in the opening of these last frontiers.

At the same time, the expedition should help prove a few other important points. It should demonstrate the feasibility of shrinking the world through longitudinal navigation.

Should Blaze Trail

It should also help blaze a trail for commercial air travel over the South Pole. Presently, to fly from Chile to Australia, one must go by way of Los Angeles, even though a straight line trans-Antarctic route would be far shorter.

Members of the Byrd Polar Center mention another important factor that lends a certain urgency to their work. Development of the polar regions enjoys a high official priority in the Soviet Union, higher some believe, than in the United States.

The Center's activities can provide a tangible, effective complement to those of our own government, and over the long term, contribute meaningfully to preservation of the Arctic and Antarctic regions for peaceful purposes.

Have Able Leader

The expedition will be led by Commander Fred G. Dustin, veteran of six polar expeditions, advisor to Admiral Byrd and one of the intrepid group which spent the winter of 1934 in Little America on Byrd's Antarctic Expedition II. Commander Dustin is a member of the U.S. Antarctica Committee and President of the Byrd Polar Center.

The flight will be made in a specially outfitted, four engine commercial jet with lounge chair and table cabin configuration. A full flight crew of six will be headed by Captain Hal Neff, former pilot of Air Force One, the Presidential plane.

Mr. Fisher and other expedition members will meet in Boston next Thursday, November 7, for briefing and a reception and send-off party with the Governor of Massachusetts, Mayor of Boston, local officials and directors of the Byrd Polar Center.

Thule First Stop

The next day, they will take off, head due north from Boston's Logan International Airport to Thule, Greenland, cross the geographic North Pole, to Anchorage, Alaska, Toyko, Japan, Manila, Philippines, Darwin and Sydney, Australia, Christchurch, New Zealand, McMurdo Sound Antarctica, across the South Pole, to Punta Arenas, Chile, Rio de Janeiro, Brazil, Dakar, Senegal, Rome, Italy, London, England . . . then the expedition will fly back across the Atlantic and terminate with a debriefing, critique and farewell dinner in Boston, on December 3.

Shortly after his return to The Pointe, the NEWS will interview Mr. Fisher and feature him as a "Pointer of Interest."

Pair Trapped

pair's car, Dosmas found a gray plastic six-sectioned tray filled with pennies, and several keys, two of which looked like the type that fit vending machines.

Church and the youngster were taken to the Woods station, where Dosmas informed his platoon commander, Sgt. Walter O'Dell, about the details of the arrest, and his findings. The sergeant contacted St. Clair Shores police to determine if there had been a burglary in their city.

While Church and his companion were being questioned, St. Clair Shores authorities notified the Woods police within minutes, that the Harper-Shady Lane Service Station, 21622 Harper, had been burglarized.

The St. Clair Shores police called the owner of the service station, Rudolph A. Wergan of 20312 Rosedale, St. Clair Shores, and told him of the breakin. The owner, accompanied by a police officer of that city, went to the Woods station, where he positively identified the plastic tray as one that was in a cabinet in his business place, and he also identified the keys as being his. He said the tray had contained approximately $60 in change and currency.

A Woods police report revealed that $28.15 was taken from the jacket owned by Church, and $26.21 from the boy's pocket.

Woods Patrolman Robert Setchell, who had been assigned to watch the juvenile while the boy's companion was being questioned, said that the young teenager voluntarily confessed that he and Church had broken into the gas station, and had taken the money from a metal cabinet.

After they had accomplished their crime, the boy said, they drove to the St. Joan of Arc Church parking lot, Greater Mack and Overlake, where they divided the loot. The burglary was planned in advance, the youngster said.

Church and the boy were released to St. Clair Shores police for further questioning and investigation, after Church was issued violation tickets for driving while his operator's license was revoked, and another for driving through a red traffic signal.

Gov. Brucker Dies Suddenly

(Continued from Page 1)

seat in 1936, Mr. Brucker remained in private practice until 1954 when he was appointed the Department of Defense general counsel.

He was defeated by Democrat Prentiss W. Brown in the 1936 election.

Secretary of Army

Just before his 61st birthday, he was offered the post of Army Secretary by Secretary of Defense, Charles Wilson. As Army secretary Mr. Brucker fought suggestions that the United States drop its commitment to defend the Chinese Nationalist held islands of Quemoy and Matsu.

When Soviet premier Nikita Khruschev demanded that the United States abandon Berlin within six months, the Army Secretary went to that city to tell Communists and Germans that "the Stars and Stripes will not be hauled down in Berlin."

Mr. Brucker was once again called to public service in 1964 as one of the four GOP members of the State of Michigan's apportionment commission.

The Survivors

Mr. Brucker is survived by his wife, Clara H. Hantel Brucker; a son, Wilber M. Jr., and three grandchildren.

Officiating at the funeral services in Grosse Pointe Memorial Church on Wednesday, October 30, were Dr. Bertram deHeus Atwood and members of the Detroit Commandary No. 1 Knights Templar. Mr. Brucker was Eminent Grand Master of Knights Templar.

Memorial Tributes may be made to the Knights Templar Eye Foundation, c/o Detroit Commandary No. 1 Knights Templar, 500 Temple Avenue, Detroit, Mich.

Interment will be today in Arlington National Cemetery.

Camera Club Meets Tuesday

The Grosse Pointe Camera Club will meet Tuesday evening, November 5, at 8 o'clock in the Grosse Pointe War Memorial. Each member may bring three pictorial prints and three pictorial slides for competition. Visitors are welcome.

Youngsters Learn How to Preserve Beauty

First graders at Richard School were taught how to preserve their pretty fall leaves during lessons in science. Miss Barbette Firth and two of her pupils, Brian Brown and Greer Hatch, demonstrate how to dip the leaves in parafin before mounting them on colored paper. Later they wrote about their experience.

GIRL ACCOSTED

A 12-year-old girl called City police on Friday, October 25, to report that while she was riding her bicycle east on Waterloo she was approached twice by a man driving an old blue car. The man asked her to get into his car. She described the man as a white male about 40 years of age, with medium blond hair, a moustache, and a partially grown beard. Police are investigating.

Pair Confess to Crimes

(Continued on Page 1)

of bond. Examination was set for yesterday, October 30.

Prior to the arraignment, Brumley and Larish were questioned by Park Det. James LaPratt, and both confessed to the burglaries and car thefts.

LaPratt said that when arrested the teenage pair gave fictitious names, and that it was after extensive questioning that the youths finally broke down and gave their true names and confessed to their crimes. Both Brumley and Larish are under investigation by Detroit authorities, and it is believed that more breakings and enterings and possibly other yet unsolved crimes will be cleared by officers of that department.

Larish, who has been absent without leave from Fort Bragg's 82nd Airborne Division, South Carolina, since September 30, was released to Detroit police on their warrant for the burglary of an apartment at Mack and Beaconsfield, from where the derringer and another hand gun had been taken. The youths claimed that the second firearm was tossed into Fox Creek, or a nearby canal.

Whenever the civil authorities are finished with Larish, the Army's military police said, Larish will be re-arrested by them, and tried by a military court for being AWOL.

Brumley and Larish were arrested following the complaint of an 18-year-old Detroit youth, name withheld, who told Moore and Michael, and later LaPratt, that he had been involved in a fight with the accused pair at the foot of Alter road. As a Detroit police scout car crew drove up to investigate the fracas, Brumley and Larish fled the scene.

The 18-year-old said that the next time he saw the pair was at the White Tower restaurant, Jefferson and Wayburn, and when Brumley and Larish saw him, they approached him and told him to follow them, that they had something to show him.

The 18-year-old said that he and another youth, also 18, followed Brumley and Larish to in front of St. Ambrose, where Brumley put his hand in his jacket pocket, as if reaching for a weapon. The complainant said that he and his companion ran, and as they were running, they heard what sounded like a gun shot.

The accuser said that he looked back and saw Brumley's arm outstretched, but could not say that he saw a gun in Brumley's hand.

Moore and Michael said they arrived at the scene, and found Brumley still standing in front of the church. Michael placed Brumley under arrest, and Moore pursued Larish, who tried to escape. Larish was captured at the rear of 1011 Wayburn. Both lads were searched, and Moore found the derringer tucked into the belt and in the crook of Brumley's back.

The firearm was confiscated, and Brumley and Larish were taken to the station, where they were questioned. Their confessions followed, and Detroit police were notified of the outcome of the investigation.

Brumley and Larish were both arraigned in Detroit's Recorder's Court on Sunday, October 27, on a warrant charging them with the breaking and entering of the Mack-Beaconsfield apartment, located on the Detroit side of the intersection.

Park Director of Public Safety William Ellenburg praised Moore and Michael for their prompt response in investigating the matter, and for the arrest of Brumley and Larish.

Only The Rich Can Afford Poor Heating

by

ROBERT A. "Doc" WILLIAMS

(MR. INDOOR COMFORT)

Would it make sense to you if we said that **only the rich can afford poor heating**? Sounds like we've got things a little mixed up, doesn't it. Well, it's true.

You and your home **can't afford poor heating** because it's likely to cost you a lot of money in operating costs such as **repair bills and high fuel bills.** That's why a system that's costing a lot of money to run **can only be afforded by the rich.** When you think about it though, none of us wants to be rich in this way. We would much rather have an **efficient heating system.**

That's why it makes good sense, if you have an **outdated or "tired" heating system,** to look into the purchase of a **new Carrier furnace** for your home. The money you save in **needless repair bills and unnecessary fuel bills** will probably more than make up for the expense invested in the new furnace system. As the saying goes, you won't be **"sending dollars up the chimney"** in wasted fuel.

We at Williams are firmly convinced, as are many of our customers, that Carrier furnaces offer good fuel economy and outstanding performance in addition to many years of service. Furnaces are available in 10, 20, and 25 year warranties; each model can be sized properly to fit your home. And at Williams, you're assured of a custom fit, for our engineering and installation departments are well known for their sound approach to giving a home the best heating equipment.

You'll find, too that the **Carrier furnace** has more to offer than just good comfort. **Its compact, slim design** will fit snugly into a small area of your basement and **open up a new area** that can be used in other ways. And with our engineered ductwork's **close fit** to the ceiling, you'll do away with the old **octopus-like maze of heating pipes** that may now be occupying your basement area. The new **Carrier furnace** will mean space that can be converted into an **extra bedroom, workshop, recreation area, or office.** It's just like buying another room for your home.

Why continue to put up with the **old furnace system** that is now in your basement? Why not look into the purchase of a **new Carrier furnace** for your home today by calling **Williams at 372-5500.**

We'll be glad to offer you a free survey of your home at **no obligation.** Call 372-5500 today.

For more information about Carrier furnaces, call "Doc" Williams at 372-5500 at Williams Refrigeration and Heating Inc., (Serving Greater Detroit Since 1937), or authorized CARRIER DEALER.

Students Doing Fine Work As Volunteers at Synanon

By Walter W. Fuller

Every week day thousands of East Siders, including Grosse Pointers, drive past an imposing mansion at 8344 East Jefferson avenue, without giving a thought to some of the miracles being performed inside.

And, few if any of the passing motorists have taken a few minutes from their busy day to drive up to the front entrance, and enter the old home in an effort to satisfy whatever curiosity they may possess.

They are missing a big bet because there is located "Synanon," a foundation that sponsors a unique program for the rehabilitation of former drug addicts through a self-analysis method, without the use of drugs, shock-treatments or medication of any kind.

The other afternoon my own innate curiosity welled up within me, and I made a rewarding visit to Synanon.

I walked up on the front porch, pushed the door bell, and immediately found myself enjoying the hospitality of a chubby, smiling fellow named Gerry Brod, a 38-year-old bundle of geniality, an admitted former drug addict, who now manages the Synanon House here.

There are other Synanon branches in New York, Santa Monica, San Francisco, Puerto Rico, and Tomales Bay, which has the largest and "most complete" facility.

Call Addicts 'Stupid'

"Ours," Brod effused, "is strictly a re-education program, and a tightly-structured environment aimed to change, or educate, a former addict during which period he must face the consequences of his previous acts."

In the eyes of Synanon, which has a long record of successes in its field, a drug addict is not sick, he, very simply, is plain stupid." Thus, the Synanon climate is such that it teaches the individual to do something about his "stupidity" by learning how to communicate with others.

Volunteers who have had no addication whatever to drugs of any kind, come regularly to the former McGregor residence on Jefferson to help with chores that need to be done. Others play what is called the Synanon Game, a sort of "brain picking" contest with present residents of the household, where excellent living facilities are provided.

Meets Volunteers

During my sojourn there it was a pleasure to meet four of these volunteers, all Grosse Pointe High School seniors who had come to help decorate the huge downstairs rooms for the tenth anniversary celebration of Synanon. They exuded pride in their efforts to be of assistance to those in less fortunate circumstances, and their interest in the project was keen and sincere.

For an hour I sat and leisurely discussed Synanon, and the interests and ambitions of these four intelligent, robust, and enthusiastic young men, all 17, and all completely sold on the purposes of the project.

Visited Coast Facility

Two of the lads, Edward Robertson of 682 Peach Tree lane, Grosse Pointe Woods, and David Sheill, of 871 Lincoln road, Grosse Pointe, worked during the early summer to earn money to fly to San Francisco, and then spend a couple of weeks at the nearby Tomales Bay facility, where many of the residents from other Synanon Houses are sent.

Also lounging with me in Brod's spacious private office, were Anthony Komerska, of 1741 Allard avenue, Grosse Pointe Woods, and Gregory Taylor, of 285 Grosse Pointe boulevard, Grosse Pointe Farms.

All four have their ideas about the acute marijuana problems of youngsters in the Grosse Pointe area, but, they agreed, this was "a school and law enforcement problem." "However," said one, "we do feel that Synanon has the solution, because parents, as a rule, don't seem to be able to get through to their kids." It is important to note that noue of the Grosse Pointe volunteers has experienced drug addiction.

Would Like Help

These four students are hopeful that others in the 15 to 20 age bracket will come to Synanon as volunteers, and join in the Ten Teen-Age Club at Synanon, which they have organized.

"We sure would like to see teen-age kids from suburban areas, such as Dearborn, St. Clair Shores and Harper Woods, join us and see what a fine time we have in playing the Game." said young Robertson. "It won't take much of their time, and they'll be doing something very important for others. Tell them to call Mr. Brod at 567-6255.

There also is an Adult Game Club at Synanon, in which both Wayne Circuit Judge John B. Swainson, a former governor of Michigan, and State Senator Basil W. Brown, frequently participate.

The Game is similar to the "Brain Storming" sessions often sponsored by big business and industrial concerns. "It attempts to create a climate which teaches the individual Synanon resident to do something about his stupidity by learning to communicate with others," said Brod. "Synanon has the solutions," it doesn't care about the problems."

"Actually it is what might be called a rough and tumble verbal battle of the wits, probing into each other's strengths and weaknesses," Brod added.

"In the Game a person soon begins to understand himself and others. Once that is accoomplished, he can start to function as a responsible person, and he becomes a solid citizen." Then, as an afterthought, Brod murmured: "Do you know, it's a strange thing, but it's much easier for people to kick the drug habit, than it is to give up cigarets."

Synanon, which is completely integrated, receives no funds from government or UF groups. Some of its financial support comes from its own sales group, the remainder from citizens, business and industrial concerns, and philanthropies.

An Appeal to Responsibility

OUR NATION will be best served if we take a responsible, thoughtful, firm, and effective direction in dealing with the crime problem which concerns us all.

No single formula, no single easy generalization can correct this dangerous challenge to a free and safe society.

A wide variety of responses is indispensable. We must increase the number and quality of our police and deal with social disorganization, crowded courts, prisons, correction practices, and the attitudes of the law-abiding and the law-breaking.

Sloganeering and "scare advertising" by some political candidates are tasteless and harmful. Such tactics sap the efforts of responsible people to cope with the problem.

To face the challenge, to repair and improve law enforcement, will be hard, complex work. It will require the best in all of us. This is the path of responsibility.

Police Continue Probe of Beating

City police are continuing an intensive investigation into the brutal beating of Mrs. Beatrice Shirley Wilcox, 395 Roosevelt place, which occurred on Tuesday, October 15.

At that time Mrs. Wilcox, 59, was attacked from behind, in her own kitchen by a man who beat her about the head and face with an iron bar. The assailant fled when Mrs. Wilcox called for help.

City police rushed Mrs. Wilcox to Bon Secours Hospital where she was placed in the intensive care unit. She was released a few days later.

Halloween Causes Mother To Drift Into Dreamland

By Pepper Whitelaw

Every Halloween since I have moved from girlhood to womanhood I've wanted to join the trick and treaters for this evening of reckless abandon when with masks, costumes and noisemakers, youngsters journey into the black unknown with bags in hands, anticipating the surprises that await them. Unfortunately children over 30 are frowned upon as trick or treaters.

If I had my druthers, I'd take this opportunity to give my imagination a whirl and indulge my secret desires and dress in an outfit of "something I've always wanted to be but never had the courage or talent for" . . . for example . . . a confectionary pink tutu complete with silver ballet slippers and shimmering leotards (although I must admit I've rarely seen a 5 foot 10 inch, matron ballerina) . . . or maybe a gypsy with earrings the size of oranges . . . (always wanted to wear that type of ear-gear) . . . with a flaming red skirt and tambourine . . . or how about a drum majorette with high hat and boots . . . silver baton gleaming in the moonlight.

The more I think about these costumes and this night, the more I wonder whether just maybe . . . just maybe this night . . . I could join the revelers.

So just in case you see a tall, middle-aged ballerina, gypsy or drum majorette, remember for just one night some impish spirit has invaded her person and sent her off in a world of fantasy. Please give her a treat because if you ask her to do a stunt she might have trouble getting her size tens out of the way for a ballerina number . . . and her rendition of "Golden Earrings" leaves a lot to be desired . . . and she can't even wash dishes without breaking a few . . . much-less handle a baton !

If you wish to avoid entanglements, don't accept favors with strings attached.

God forgive us.

Next time you flush your toilet, remember this. It's probably going straight into a nearby lake or stream. The same lake or stream you'd like to swim in. Or fish in. Or boat in. But all too often you can't.

900 miles of Michigan streams already look and smell like open sewers. Fish are being poisoned by fetid filth. They're suffocating in oxygen-robbed water.

The very water you drink is bombarded by crud and waste minute after minute. Day after day. Lakes Erie and Michigan are dying.

We're in trouble. But it's not too late. The situation can be corrected now. Just remember. The longer we wait, the dirtier our water will get. The longer we wait, the more it will cost. Isn't it time you took a stand to make our water clean?

Think about it over a glass of water.

See Gmoser Ski Film At Center

Helping Grosse Pointe skiers to "think snow" was Hans Gmoser when he personally presented his film "Skis Over McKinley" in the Grosse Pointe War Memorial's Fries Auditorium Wednesday night, October 30, at 8:15 o'clock.

"This slope will never be conquered except by someone in a flying machine," said Judge James Wickersham after he turned back at the 8,100 ft. level on Mount McKinley's north face in 1903.

Sixty years later, during the shooting of his new film, Hans Gmoser with seven companions was able to climb McKinley's north side for the first time—not with a flying machine but with skis.

After reaching the North Peak, they went on to ski down the southwest side of North America's highest peak.

"Skis Over Mt. McKinley" is the product of a four-month hectic filming spree which Gmoser described in a letter to the editors of "Skiing":

"Sometimes after one week in the mountains I had only five hours to get ready for another long trip and those trips are no picnic. I have to be everything — campbuilder, cook, guide and packhorse, not to mention photographer.

"My companions on these tours were Bob Smith, a dentist from San Francisco, Sam Southwick, a USAF doctor, Starr Walton, this year's National Ski Champion, Linda Crutchfield, of the Canadian National Ski Team, Jim McConkey, Alta's famous deep powder expert, as well as Wolf Keller and Mike Wiegele, two Austrian-born skiers now living in Calgary.

"At one point, we were also joined by Herbert Matz, of Montreal, who thought nothing of hiking 5,000 feet up the new mountain on one leg and two crutches. Coming down he kept up with the best of them, even jumping the bumps—on one ski only!

"By the middle of May we had thoroughly crisscrossed an area of 20,000 square miles in the mountains of British Columbia and Alberta: Most of it on foot and skis, some of it by car, plane and helicopter, camping mostly in the snow on vast glaciers or in some forgotten mountain valley. During that time I shot 6,000 feet of film, my weight was down to 143 lbs. (I am 6'2") and my last haircut was two months overdue.

"Yet my most ambitious and strenuous trip was still around the corner. On May 22 I set out with seven other companions to shoot the main feature of this year's film.

"This took us up to Alaska and eventually to the summit of North America's highest peak, Mount McKinley. In reaching the peak, we made the first ascent of the famous Wickersham Wall, a tremendous snow and ice flank rising 14,000 vertical feet in one uninterrupted line to the summit.

"While on the climb we had to carry our five-foot short skis most of the time up sheer ice towers and precipitous slopes. But they proved a tremendous asset on the way down the southwest side of Mount McKinley. Even in 12 feet of newly fallen snow we were able to ski with our 60 pound packs and enjoy the run which offered a 9,000-foot vertical drop."

Find Marijuana On Pointe Youth

A 16-year-old Pointe youth was picked up by Farms patrolman John Kraiza on Wednesday, October 23, for possession of marijuana. Kraiza, who answered a radio run for a fight on Neff between Kercheval and Waterloo, observed the youth run across the street and throw something into an automobile.

Upon checking, officer Kraiza found nothing in the vehicle, but further investigation revealed the subject had in his possession a brown bottle with a Dristan label on it with three yellow and white pills and a hand-rolled cigaret.

After looking at the contents of the cigaret, Kraiza placed the youth under arrest and advised him of his rights. He then took the youth to the City police station where Sgt. Foster Mauck once again advised the youth of his rights and asked him where he got the pills and cigaret.

The boy stated he had a cold and that the pills were Dristan. He told officers that the cigaret was given to him by some unknown person in the crowd that evening. He said he just put the cigaret with the Dristan tablets.

The youth was held at the City station until the arrival of his mother who was informed of the situation. Officers explained that if the substance was found to be marijuana the boy would be filed on in Juvenile Court for illegal possession of marijuana. He was then released to his mother.

A laboratory report on the material was sent to City police. It was found to be 6.62 grains of Cannabis Sativa or marijuana. The boy was then filed on in Juvenile court.

He was located on Calvin and Mack by city police officer Cpl. Richard Clarke, and taken to the City police station.

WORLD - WIDE - WINES
IMPORTED & AMERICAN, WINES, CHAMPAGNES, BEER & CIGARS

With the Holidays close at hand many festive occasions will be enjoyed at Home, or a friends house, including dinners and luncheons where wines will be served with food. Many folks like wines but need help in buying and selecting the right wine for each food. Its not too hard but if you are not sure and need help, we can help you. Our personnel have years of wine experience and enjoy helping and explaining what you will find in each different bottle and which wine to serve with different foods and dinners.

For chicken, turkey, veal, fish, ham, cheese, and most white meats and sea foods we recommend dry whites like — Chablis, Pinot-Chardonay, White Bordeaux, Italian Soave, White Burgandy, Dry Champagne, German Rhines & Moseles, Swiss, Yugoslav-Riesling, and many fine Generic and varietal white wines of California and New-York. We have hundreds of these fine white dry dinner wines, including Semi-Dry and Semi-Sweet dessert wines for after dinner and a little glass between meals and with friends. They're excellent with fruit, nuts, cakes and cookies.

For steaks, roast-beef, hamburger, cheese, lamb, spaghetti, and other red meats, we recommend dry reds such as — French Burgandy, Bordeaux, Beaujolais, Rhone, Etc., also Italian reds as Chianti, Bardolino, Valpolicella, Barbera, Barolo etc. California has a large variety of fine generic and varietal dry red dinner wines, such as Cabernet-Sauvignon, Pinot-Noir, Burgandy, Zinfandel etc.

If you like wines for dinner, a good suggestion would be to have a mixed case of wines on hand in storage to save you trips out in bad weather, and it costs less by the case even if it is a mixed case (12 bott.) or more. A good suggestion for your first mixed case would be, from France — 3 dry red Bordeaux, 1 dry red Burgandy, 1 dry white-Burgandy, 1 dry white Chablis, 1 Bordeaux sweet Sauterne white, from Italy — 1 Chianti red dry, 1 Valpolicella red dry, from Germany — 1 white semi dry Mosele, from California — 1 red dry Pinot-Noir, 1 red dry Cabernet-Sauvignon. This recommended case would be all good wines.

The next case buy some of the ones you liked from the first case, leaving out the ones less desirable and replacing them with different. Save the labels, make notes on them. Buying mixed cases, more knowledge is gained. We have over 1500 of the worlds greatest wines to select from. At Gibbs World-Wide-Wines our wines are selected, tasted, and recorded, we order only the best the second time.

Humanities Pilot Program Slated for Pointe Schools

The Grosse Pointe Public School System is one of five school systems nationally chosen to take part in the pilot program of the National Humanities Faculty, co-sponsored by Phi Beta Kappa, The American Council of Learned Societies and the American Council on Education.

Other school systems chosen are Minneapolis, Minn.; San Francisco, Calif.; Gainesville, Ga.; and Utica, N. Y.

This is a first major effort on a national scale to help secondary schools update their teaching of the humanities. Participating school systems were chosen from a large number of petitioning systems seeking to refocus teaching about man and human values.

Dr. Arleigh D. Richardson III, director, has explained that a major purpose of the program is "to bring active scholars and practitioners of the arts into contact with high school teachers to work together in a variety of ways for the improvement of high school teaching in the arts, history, languages, literature, philosophy, and the social sciences."

Visiting members of the National Humanities Faculty are selected by the Faculty for their qualities as individuals and as scholars which enable them to convey to the schools the exciting work and thought in their fields of speciality.

A balance of scholars with established reputations, younger scholars, and persons of creative ability not affiliated with colleges and universities are selected by the National Faculty as they appear suited to the needs of Grosse Pointe's Humanities Program.

Grosse Pointe will have the benefit of approximately five scholars who will spend an average of four days each in the community. Humanities teachers have the task of deciding how best to utilize the services of the Faculty, of attracting other local resource people to cooperate with the scholars, and of making the outcome of the visits relevant and meaningful to students and to the Humanities curriculum.

Costs for the program are shared by the school system and the National Humanities Faculty which is pointly funded by private and federal grants. Special monies raised by the school system to support Humanities curriculum development may receive matching funds through the National Faculty. Travel expenses, lodging and meals of the visiting scholars will be paid for the local school district.

Scholars visiting Grosse Pointe will focus on helping develop curriculum materials and teaching approaches related to contemporary urban man — his potential and problems. This is the third major unit in the present Humanities course and is closely related thematically to the opening Introductory unit, and the second unit contrasting the cultures of Ancient Greece and the Medieval Period.

Considerable publicity has already been given the program in the form of a national press release, articles in several magazines (including the Phi Beta Kappa Key Reporter), and coverage in a number of newsletters (including the National Association of Secondary School Principal's Spotlight). A team of scholars including Dean Silber (Arts & Sciences, U. of Texas), Donald Frame (Columbia University French Department), and Norman Ross (Yale University) recently met with a Grosse Pointe Faculty Committee to make preliminary plans for the program.

Airline Industry Lecture Subject

The "Investing for Growth" lecture series currently being sponsored by the Investment Bankers Association and the Grosse Pointe War Memorial will feature on Wednesday evening, November 16, at 8 o'clock a discussion of the airline industry, which has and portends to continue to have dynamic growth.

Speaker for the evening will be Primo Perry, special instructor at the University of Detroit College of Commerce and Finance. He will analyze for the audience the problems of government controls and costs against the new income to be generated by the jumbo jets after facilities for handling them have been financer and approved.

On Wednesday evening, November 20, John L. Hartl, Jr. will discuss the pros and cons of two more growth industries —nuclear power and apparel. The latter has skyrocketed because of increased travel and the rebellion of the growing youth population against traditional garb. Throw away clothes are a big potential too as people see bypassing of cleaning and laundry.

9 Pointe Drivers Taken Off Road

Three motorists from the Pointe had their operators' licenses revoked and six others had theirs suspended for varied periods of time by the Secretary of State's Office in Lansing; according to the latest weekly report dated October 11.

The nine Pointers penalized are among the total of 460 Michigan drivers whose road privileges have been revoked, and the 852 who are forbidden to drive temporarily, due to suspension of their licenses.

Those whose licenses were revoked, are: Alan G. Butler of 2128 Stanhope, for driving with an altered driver's license, penaltay, no driving as of September 25, 1968 through September 25, 1969; Kathleen M. Blake of 17011 Kercheval, as of September 27, because of unsatisfactory driving record; and Charles Wenters of 879 Beaconsfield, as of September 27, because of an unsatisfied judgment under the Financial Responsibility Law.

Suspensions were handed to: Michael D. Fedoruk of 1229 Cadieux, from September 23, 1968 through March 22, 1969 because of an unsatisfactory driving record; Nancy Jean Groehn of 1007 Bedford, from September 11 to November 11 because of an unsatisfactory driving record; William T. Kane, Jr., of 1402 Somerset, from September 19, 1968 through March 18, 1969, unsatisfactory driving record.

Also, Benjamin Harrell of 782 Hollywood, from September 27 through November 16, unsatisfactory driving record; Martin T. McKee of 267 Ridgemont, from September 27 through November 27, unsatisfactory driving record; and Charles E. Rose of 19806 East Ida lane, from September 30 through December 30, for driving while his license was suspended.

PARK BUYS SALT

At a regular meeting held on Monday, October 28, the Park council awarded a contract to the International Salt company, to sell the city 800 tons of rock salt for the winter. The firm, whose bid was the same as two others, offered to sell the salt at $9.90 a ton delivered, or $8.40 a ton, if the city picks it up with its own trucks.

PETER O'ROURKE speaks up on EDUCATION and YOUR CHILD!

"The birthplace of American opportunity has been in the classrooms of our schools and colleges. From early childhood through the college years, American schools must offer programs of education sufficiently flexible to meet the needs of all Americans—the advantaged, the average, the disadvantaged and the handicapped alike."

O'ROURKE'S FIVE POINT PROGRAM:

O'Rourke is well received after high school student assembly.

1. Tax credits for parents of students in college.
2. Increased vocational education in high school to supply needed future skills for a technologically orientated economy.
3. Implementation of the positive Republican platform on education which recommends federal assistance to children in public and nonpublic schools to be administered through state level programs.
4. New programs to attract private funds into cooperative educational programs through scholarships, loans, grants, and work opportunities.
5. Innovative programs for pre-school children at the neighborhood level.

"But education isn't the only problem our country faces. Rising taxes, pollution, crime and justice, inflation and the Viet Nam War are vitally pressing problems which will confront the new Congress."

University School News

Saturday, October 26, was a busy and satisfying day for the Grosse Pointe University School and its athletic program. At 9 a.m. the annual Independent School Field Hockey Playday began, with the University School acting as host. Beginning at 10 o'clock on the nearby football field, the big game of the year took place between G.P.U.S. and the Detroit Country Day School. University School athletes acquitted themselves admirably, coming up with an especially satisfying 6 to 0 football victory.

The football game and victory were dramatic. Before some 800 spectators, the largest crowd of the season, Mary Kulek sneaked over from one yard out with only 30 seconds remaining in the first half. This proved to be the only scoring of the day in a game which began and ended as a furious defensive battle. D.C.D.S. held the statistical edge in total offensive yardage, but the Detroiters never penetrated inside the G.P.US 20-yard line.

The Knights were able to keep their visitors at bay largely through the talents of their fine punter Dale McCarthy and the all-around defensive play of Del Dillingham, who picked off an errant Yellowjackets' pass with two minutes to go in the game.

The Field Hockey Playday included Kingswood, Bloomfield Convent, Bloomfield High School, Grosse Pointe Convent, Liggett, and G.P.U.S. Each team played one 20-minute period against three different opponents, during which time a Detroit Field Hockey selection committee judged individual play in order to choose all-star performers.

University School players chosen for the Second All-Star Varsity Team were Patti Riddleberger, daughter of headmaster Hugh C. Riddleberger, Tika Jackson, of 384 Moran road, Chrissie McNaughton, of 826 Edgemont Park, Beth Ballantyne, of 308 Touraine raid, and Bobby Brucker, of 76 Merriweather road.

Chosen as a member of the First All-Star Varsity Team was Lynn Navarro, of 169 Stephens road.

Following the selection of all-stars, a short game was played between the first and second all-star teams. As if to indicate the difficulty in choosing among so many fine players, the Second All-Star Team defeated the First All-Star Team by a score of 2 to 0. The Playday, an annual affair for more than 30 years, was once again highly successful, drawing many spectators as well as the players from the participating schools.

The football victory was an especially satisfying one for several reasons. Perhaps most important, the G.P.U.S.-D.C.D.S. rivalry is one of the oldest independent school rivalries in the Midwest, and regardless of prior performances, the winner of this game must look upon the season as a successful one. Of late, the University School has found victories hard to come by against its city rival, although the Grosse Pointe school, since the inauguration in 1935 of the football trophy to be awarded to the winning school, holds the series edge, 16 to 12. There have been 5 ties.

Saturday's win represents the Knights' first victory since 1965, and only the second in the past seven years. Significant, too, in Saturday's performance, was the fine comeback the G.P.U.S. team has engineered this season, after a disappointing start. For the third consecutive week the Knights have shut out their opponents, and their season record now stands at 4 and 3.

In keeping with the tradition of the G.P.U.S.-D.C.D.S. game, a colorful ceremony follows the contest. The opposing teams line up facing each other near the middle of the field, and the two headmasters meet in the center. On Saturday Richard Schlegel, Detroit Country Day headmaster, presented the trophy, which his school has held for the past two years, to his counterpart Hugh C. Riddleberger, who in turn passed it on to Athletic Director Robert Wood and Head Football Coach Tom Taber.

Library Offers Family Movies

The second program of the Family Film Night Series will be held on Friday, November 1, at 6:30 and 7:45 p.m. in the Exhibition Room of the Central Library.

The programs this year have been planned to appeal not only to the very young as in previous years but also to older children and adults. This month three outstanding films will be presented. Two of them, TIME IS and THAT'S ME, are intellectually exciting, beautifully done and will be stimulating and entertaining to adults and older boys and girls. The third film TADPOLE TALES is sure to please the younger group. Families are urged to attend these showings as a group.

THAT'S ME — 15 min. Alan Arkin, plays a Puerto Rican in this subtly satirical comedy-drama. He is a young man who loves to play his guitar and couldn't care less about "adjusting" to life in New York City. Trying to "help" him is a conscientious social worker who, with the help of the Puerto Rican is made aware of some surprising gaps in his own adjustment.

TADPOLE — Color — 14 min. Mike a young boy has always longed for a pet. He manages to catch a tadpole in his neighborhood park. Raising the tadpole to full maturity, he realizes that he and his "favorite playmate" are not suited to the same environment. Emphasizes the fact to young people that every species has its own way of life.

TIME IS — Color — 14 min. Is it possible to invent something and not know what it is? A wild idea seemingly. Yet man invented Time and still has not surely grasped the concept. What after all is time? TIME IS deals with this question. It is the most remarkable, intellectually stimulating and unusually beautiful film produced in a long time. This is truly a work of art.

For information about future Film Programs to be presented by the Grosse Pointe Public Library and the Friends Film Forum ask at the Circulation desk for a copy of "An Invitation" or call the Audio-Visual Department at Central Library, TU 4-2200.

Austin Prep School News

From the Office of Activities, Austin Prep has planned a "road-rally" for Sunday afternoon, November 3, beginning at 12 at Austin. The purpose of the rally is to stress safe driving. Austin will participate in National Safety Week which is from November 3 through 8.

The rally is open only to Austin students and will find drivers following a 75-mile route through the area. There will be check points for safety, machine inspection and driving courtesy. Maps and details have been planned by Nick Zilinski with the aid of the Safety Committee headed by Rich Kohn, Mike Boultin and Henry Chase

Further safety activities during the week include the showing of four films on safety on the road and in the home and the distribution of reading matter on the subject. Again this year Austin hopes to capture the safety award given by the National Safety Committee as it has won it for the past two years. Further information on the programs may be obtained from Thomas E. Bailey, Vice Principal of Studies and Activities.

The Austin Academy, under the direction of Mr. Bailey, will sponsor a coffee house program on Sunday, November 3 at 7 p.m., at Austin. The Academy offers the students at this event to read dramatic or poetic interpretations as well as perform in folk music groups. This monthly activity is in its second year and is headed by Mike Maurice as chairman. Student performers and spectators from other schools are welcome.

Another activity of the Academy will be the annual Book Fair to be held during the week of November 11. Under the guidance of Rev. R. Gardella, O.S.A., librarian, the students have the opportunity to see and purchase paperbacks from a selection of 500 titles. Student chairman of this event is Mike Ducody. Also part of the week are the free films of November 10 at 7 p.m. All students from all schools are welcome to these events.

St. Paul High Holds Election

In connection with the November 5 election, St. Paul High School held a Mock Election to give students a chance to pick the candidate of their choice and gain a better understanding of their responsibilities as a future voter.

Before the election on Tuesday, October 29, the Senior Government class sponsored an Election Rally. Following the general introduction, members of the class represented each of the parties and presented the candidates stand.

Representing the Republican Party were Jim Martin and Eileen Pomanski, Jim Webb and Martha Kratz spoke for the Democratic Humphrey - Muskie ticket. The American Independent Party was represented by Mike Ferrell and Diane Carpentier.

Following the speeches there was a song session. One of the songs that were sung was "Sidewalks of New York." In 1923 this was the campaign song of Democrat Al Smith. In 1888 Republican candidate Ben Harrison's campaign song was "Grandfather's Hat." This was also featured.

A Question-and-Answer period by a panel of students followed the song session.

School Project Deadline Nov. 1

Final date for residents wishing to participate in one of Grosse Pointe s three public School Study Committees has been set for Friday, November 1.

Mrs. Paul G. Hykes, president of the Board of Education, said today that membership on each of the committees will be limited to 50. She indicated that the Middle School Committee has reached that number.

Other groups are the Millage Committee and the South High School Committee.

Mrs. Hykes said that residents wishing to serve on committees are urged to call the Office of the Superintendent, 885-2000, extension 58. Names will be placed on a waiting list for membership on any committee that reaches 50, she said.

Inebriated Boy Taken Off Street

City police received a report of an inebriated youth at Lincoln and Jefferson on Saturday, October 26. Officers found the youth at Rivard and Jefferson in an extremely drunken condition. He was unable to stand without assistance and smelled of alcohol.

Officers took the 15-year-old to City police station, where he became ill. His father was notified and the youth released to him.

The 15-year-old had to be carried to his father's car by his father and a City police officer.

Police informed the father that his son would be cited in Juvenile Court by City Police for being drunk and disorderly, and that he would be notified by mail when to appear.

Men Offered Cooking Class

It is no secret that when men devote their attention to the culinary art they really dedicate themselves; and the results frequently put the distaff side of the household to shame. After all, the world's best chefs are men, and increasingly fine cookery has become the passionate hobby of the masculine épicure.

To satisfy the desire of many men to become adept in preparing specialties for their own friends enjoyment, a new specialty cooking class for men is being added to the offerings of the Grosse Pointe War Memorial on Monday nights at 8 o'clock beginning November 18.

Taught by Charity de Vicq Suczek, the course will present unusual recipes and dishes which are favorites with famous chefs around the world. Included will be hot and cold hors d'oeuvres of unusual merit, which can lift a cocktail party out of the ordinary. The preparation of meats and game in flambe dishes will be featured. Uses of sauces to enrich the flavor of freshly caught fish will be a highlight.

Spectacular desserts and rare cheeses will also be covered. Total menu planning and preparation of an entire party menu will conclude the course.

Enrollment in Special Cookery for Men is $20 for a series of five. It includes recipes, exact demonstration of preparations and sampling of the end results. Registrations are being taken now in the Center's office.

STRUCK DOWN

Worry may be a confession of weakness, but that's little consolation when trouble strikes.

Magical Market Set For Nov. 2

"The Fantastical, Mystical, Magical Market" will be presented by Pierce Middle School, on Saturday, November 2. It will be fashioned on the order of a flea market. The Magical affair will offer an array of interesting and unusual items, from gigantic paper flowers to hand-crafted jewelry and even a decoupage bag or two.

Proceeds will go to the Peace Corps School Partnership Program, which is Pierce's Student Government project for this year.

Look for the red balloons, between 11 o'clock and 5 o'clock, in the Chrysler-Plymouth showroom on Kercheval and Wayburn.

People who are too busy to go to the polls usually have plenty of time to complain about their government's policies.

Beer Discovered Following Fight

City police answered a radio call regarding a fight on Neff between Kercheval and Waterloo on Wednesday, October 23. Upon arrival officers found many teenagers in the area.

They checked a group of boys who were sitting in a '66 Plymouth, and found three six packs of beer in the car and two partially emptied bottles on the floor of the automobile.

Three youths were taken to the station and charged as minors in possession. Their parents were notified and the boys were released on $27.50 cash bond each to their parents.

The youths told officers that they got the beer from a man who purchased it for them in the vicinity of Van Dyke and Mack.

School Project Deadline Nov. 1

Final date for residents wishing to participate in one of Grosse Pointe's three public School Study Committees has been set for Friday, November 1.

Mrs. Paul G. Hykes, president of the Board of Education, said today that membership on each of the committees will be limited to 50. She indicated that the Middle School Committee has reached that number.

Other groups are the Millage Committee and the South High School Committee.

Mrs. Hykes said that residents wishing to serve on committees are urged to call the Office of the Superintendent, 885-2000, extension 58. Names will be placed on a waiting list for membership on any committee that reaches 50, she said.

Inebriated Boy Taken Off Street

City police received a report of an inebriated youth at Lincoln and Jefferson on Saturday, October 26. Officers found the youth at Rivard and Jefferson in an extremely drunken condition. He was unable to stand without assistance and smelled of alcohol.

Officers took the 15-year-old to City police station, where he became ill. His father was notified and the youth released to him.

The 15-year-old had to be carried to his father's car by his father and a City police officer.

Police informed the father that his son would be cited in Juvenile Court by City Police for being drunk and disorderly, and that he would be notified by mail when to appear.

Men Offered Cooking Class

It is no secret that when men devote their attention to the culinary art they really dedicate themselves; and the results frequently put the distaff side of the household to shame. After all, the world's best chefs are men, and increasingly fine cookery has become the passionate hobby of the masculine épicure.

To satisfy the desire of many men to become adept in preparing specialties for their own friends enjoyment, a new specialty cooking class for men is being added to the offerings of the Grosse Pointe War Memorial on Monday nights at 8 o'clock beginning November 18.

Taught by Charity de Vicq Suczek, the course will present unusual recipes and dishes which are favorites with famous chefs around the world. Included will be hot and cold hors d'oeuvres of unusual merit, which can lift a cocktail party out of the ordinary. The preparation of meats and game in flambe dishes will be featured. Uses of sauces to enrich the flavor of freshly caught fish will be a highlight.

Spectacular desserts and rare cheeses will also be covered. Total menu planning and preparation of an entire party menu will conclude the course.

Enrollment in Special Cookery for Men is $20 for a series of five. It includes recipes, exact demonstration of preparations and sampling of the end results. Registrations are being taken now in the Center's office.

STRUCK DOWN

Worry may be a confession of weakness, but that's little consolation when trouble strikes.

Magical Market Set For Nov. 2

"The Fantastical, Mystical, Magical Market" will be presented by Pierce Middle School, on Saturday, November 2. It will be fashioned on the order of a flea market. The Magical affair will offer an array of interesting and unusual items, from gigantic paper flowers to hand-crafted jewelry and even a decoupage bag or two.

Proceeds will go to the Peace Corps School Partnership Program, which is Pierce's Student Government project for this year.

Look for the red balloons, between 11 o'clock and 5 o'clock, in the Chrysler-Plymouth showroom on Kercheval and Wayburn.

People who are too busy to go to the polls usually have plenty of time to complain about their government's policies.

Norsemen Get First Win; Defeat Lake Shore, 7 to 0

On the beautiful night of October 25, the Grosse Pointe North Norsemen football team took home its first victory as it spoiled Lake Shore's homecoming with a 7 to 0 win over the Shorians.

Although there was no scoring for the first three quarters the Norsemen offense tore apart the Shorian defense. While on defense themselves, they were very stingy, bottling up the Lake Shore runners, and a much improved pass defense, allowed few completions.

In the first quarter, it started off as though it was going to be a defensive battle that night, but Grosse Pointe obtained the ball on its own 45-yard line, and the offensive machine started to go. The Norsemen slashed the Shorian line with good runs, but were stalled on the 20 of Lake Shore. At the end of the quarter, they received the ball on their 40 and started to roll again.

Pointers Stopped Twice

This time they included some passes and got down to the Lake Shore 10 before konking out. Later, the Norsemen again received the ball, on the 50, and went to the 19 of the Shorians, and Lake Shore stopped Grosse Pointe again.

The Norsemen recovered a Lake Shore fumble in the third quarter and went to the Lake Shore five, but then turned over the ball to the Shorians.

In the fourth quarter, Jim Shelton '70 intercepted a pass on the Grosse Pointe 36, but the Lake Shore defense stymied the offense this time. Lake Shore attempted to punt shortly after and the Norsemen put a tremendous rush on the kicker.

Bad Pass Costly

The pass to the punter was over his head, and he scrambled after the ball. He tried the kick, but it was blocked and it was Grosse Pointe's ball on the Shorian four yard line. Two plays later, Bruce Jodar '70 blasted his way in from the two and with the extra point it gave the Norsemen a slim 7 to 0 lead. There were five minutes left in the game, but the defense rose to the occasion and allowed the Shorians but a few yards.

The defensive line played a great game, bottling up the Lake Shore runners and had good pursuit on the pass rush and punts. The help from the linebackers and defensive backs on the runs helped contain the Lake Shore runners. The pass coverage was excellent, as Lake Shore only completed five.

The offensive line deserves great credit as it opened up huge holes and the runners with good second efforts, made good gains on most of the runs. The passing game was not extensive but good. Everyone played a fine ballgame, and should do well in the remaining games.

The next game is at Fraser, on November 2, at 2 p.m.

PET FOUND DEAD

A University place resident reported to City police on Monday, October 21, that on that date he found his cat dead on the front lawn of a neighboring house.

St. Paul Lakers Capture Pair

The St. Paul Lakers football team members are turning out their best season in years. The team has now won three in a row, making their record 4-2-1. At their Homecoming game against Bishop Foley on October 20, the Lakers shut out the Foley team 13-0.

In both the third and fourth quarters, St. Paul worked the ball down to the two-yard line and Mike Corbet went over twice for the touchdowns. Gordie Piche was successful in one of his extra-point kicking attempts.

This past Sunday, St. Paul was away playing Sacred Heart of Roseville. Sacred Heart was the first to score on a pass to Jim Pierce in the first quarter. St. Paul came back to score in the second and third quarters. Mike McShane of the Lakers ran it out both times, 15 yards for the first touchdown and six yards for the other.

St. Paul won, 14-7.

The Lakers will play their last game next Sunday against Nativity at Grosse Pointe High School field. The starting time is 2:30.

GPNHS Harriers Defeat Fraser

By John Edwards '71

The amazing Grosse Pointe North High School Cross-Country team ran to its sixth dual meet victory as it whipped Fraser by the score of 25 to 32 on October 23.

Dan Wilson and Bruce Sonnenberg of Fraser took first and second with the times of 10:02 and 10:15 respectively. Grosse Pointe took the next five places with Dan Janiak '70 leading the way in the time of 10:20. Rich Montauk was fourth in 10:25, Bill Rider was fifth in 10:29, Ralph Hoffman was sixth in 10:37, and Mick Kamlay was seventh in 10:42.

In their first year, the cross-country team made an exceptional showing. They took second place in the Bi-County League for dual meets. They had a six and one record with their only loss to South Lake, the league champs.

A built-up desire to get even has been many a man's downfall.

Lions Gridders Win, Lose, Tie

By DuWayne Peterson

The Grosse Pointe Lions entertained the Roseville Mohawks last Sunday and picked up one victory, one loss and one tie.

Mike Monaghan set the stage for the Varsity by making three jarring tackles on the first three plays. On the third tackle he knocked the ball out of the quarterback's hands and recovered it on the Lions' 48. Steve Morrison then slanted off tackle for 52 yards and ran for the extra point to put the Lions ahead 7-0. Dave Coleman and Chris Montague cleared the path for Morrison with key blocks.

The Lions scored again on the next series of downs with runs of 8, 10 and 48 yards by Morrison and a 5-yard plunge by Coleman for the score.

The Mohawks fought back valiantly with a touchdown early in the second quarter after the Lions fumbled on a punt return. The Mohawks converted their extra point to make the score 13-7.

The Varsity offense got another touchdown drive going on their third chance with the ball. Morrison again sparked the drive with a 15-yard run, a 19-yard pass play to Dave Hyde, and a strong 11-yard touchdown run. The half ended with the score Lions 19, Mohawks 7.

The second half started just like the first with Dave Coleman breaking loose for a 45-yard touchdown dash. That completed the scoring with the Varsity winning their third straight, 25-7.

Steve Morrison was the outstanding player on the field accounting for 251 yards, with 205 yards rushing in 14 carries and 46 yards passing. Coach Don McKenzie also praised the offensive line play of Livingston, Richardson, Wilson, Hyde, Lynch and Day. Defensive stand-outs were Monaghan, Coleman, Steen, McConnachie, Hyde and Tim Quinn.

Fumbles and intercepted passes kept the strong Junior Varsity offense from overwhelming Roseville, after spotting the Mohawks seven points early in the game. Allan Kilian paced a drive that stalled on the Mohawk 25-yard line on a fumble.

The JV defense led by Jon Banks and Rick Frame forced Roseville to punt and the offense tried again. This time Jeff Gardner, Rick Borland and Killian paced a 52-yard drive that ended with a fumble on the Roseville 21.

The offense finally stayed on track on the opening series of the third quarter with a 60-yard touchdown march. This drive was sparked by David Maxwell, Gardner and Kilian with Kilian getting the touchdown on a five-yard plunge. The extra point was no good and the score was Mohawks 7, Lions 6.

Radomski of Roseville put the game out of reach with a 31-yard punt return and a 14-yard scoring dash. The Mohawks converted and the final score was 14-6.

Coach Dan Hitchens stressed that the offensive line play was brilliant. Those singled out for strong play were Rohr, Pollina, Brower, Gough, Chuck and Mike Roarty and Addison.

The Freshmen battled to their second straight scoreless tie when neither team could generate much of an offense. Mike O'Sullivan looked good with some good passing and hard running. The defense had many stand-outs with Williams, Ladd, Conlan, Myers, Linne and Monaghan making the majority of the tackles.

Next Sunday, November 3, is the traditional final game of the season with the Grosse Pointe Packers. The game will be played at Kerby Field with the Freshmen game beginning at 1 o'clock.

Few habits put a man on the skids quicker than insincerity.

ONLY THREE MADE IT

Only three Vice-Presidents have ever been elected to the highest office in the land without first serving out the term of a President who died in office. They were Martin Van Buren, elected in 1836; John Adams, elected in 1796; and Thomas Jefferson, elected in 1800, reports World Book Encyclopedia.

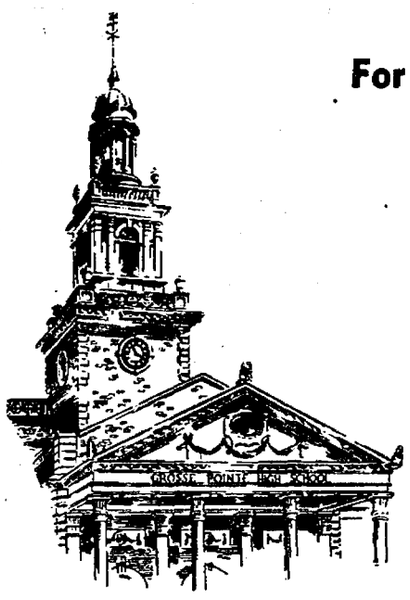
The Grosse Pointe Public School School System

FINANCIAL REPORT

For Fiscal Year Ending June 30 ,1968



The following report for the 1967-68 fiscal year is a condensed summary (in cash receipts and disbursements form) of the financial transactions authorized by your Board of Education in support of the total educational program of the Grosse Pointe Public School System.
The Board of Education wishes to supplement the financial data with a few brief comments:

GENERAL OPERATING FUND:

As indicated by the title, this fund provides for all activities of the School System, other than those specifically designated as Building and Site or Debt Retirement.
The General Fund receives the bulk of its revenue from two main sources. The first and largest source is from tax levies on real and personal property within the school district. The second is from State Aid.
Expenditures from the General Fund are made in accordance with a budget prepared by the Superintendent of Schools and as reviewed and adopted by the Board of Education.
The Revolving Fund receipts and disbursements represent transactions within the System and consist principally of escrow funds for several activities as indicated in the "NOTE" shown below.

Get Thee To The Polls

Many of the most vociferous critics of holders of public office are members of the too-large segment of citizens who are notoriously infrequent visitors to the polling places. We have trapped many a squawker of this type into admitting that he had failed to vote in the election about whose results he was complaining. We believe that those who neglect to cast ballots forfeited all rights to criticize.

The "Washington Report," official publication of the Chamber of Commerce of the United States, recently carried a most interesting item entitled "It Is Better to Cast One Vote . . ." It follows in full.

Like the dollar under the mattress, a vote — unused and uninvested—declines in value. It neither appreciates, nor is appreciated. Even the holder loses interest.

Your vote — like the dollar — needs to be soundly invested if the desired return is to be achieved.

Too often, an individual is heard to say: "My vote means nothing. Why bother?" But results of many national, state and local elections refute that opinion.

Ponder these examples:

● Lyndon B. Johnson defeated former Gov. Coke Stevenson in 1948 in a run-off election for the Texas Democratic senatorial nomination by 87 votes out of a total of 998,295 cast.

● Less than one vote per precinct nationwide would have changed the Kennedy-Nixon outcome in 1960.

● A difference of less than one vote per precinct in Ohio and California would have thrown the Truman-Dewey election into the House for final decision.

● James Martin (R) lost in 1962 to incumbent Sen. Lister Hill (D-Ala.) by less than two votes per precinct.

● In Minnesota's 1962 gubernatorial race, incumbent Elmer L. Anderson (R), lost to Karl F. Rolvaag (DFL) by slightly more than one vote per county.

In this year's Presidential election — with three candidates seeking the office — the value of each vote in each precinct is even greater because in every state a mere plurality will win all.

The importance of voting Tuesday cannot be overemphasized. The issues and the qualifications of the candidates have probably been given more complete exposure than in any previous election and unfamiliarity with them by any qualified elector can only be attributed to laziness or indifference.

This paper urges votes for Nixon and Agnew, Peter E. O'Rourke for Congress, Robert E. Waldron for State Representative, State Proposals 2, 3, and 5, regarding Daylight Savings Time, Water Pollution Bonding Authority and Election of Legislators to State Office; and both Wayne County Proposals concerning County Home Rule and the Community College Tax Rate Proposition.

Quickie Editorial

Today's "Quickie Editorial" concerns a quotation from Richard Meryman, a Life correspondent, who taped seven hours of conversations with Vice-President Hubert H. Humphrey, then came up with this observation: "Another reason he (Humphrey) seems verbose is that he is a teacher at heart—he feels very strongly that politicians are teachers. So he tends, as teachers do, to tell you first what he is going to say. Then he says it; then tells you what it was he said."

Public Schools in Focus

By Dr. Theos I. Anderson, Superintendent of Schools

As the citizens who have agreed to serve on each of our three School Study Committees begin thinking about the assignments they have undertaken, they will become increasingly aware of the problems which the public schools face.

The Board of Education is concerned about the present and future status of the middle school, which now encompasses grades 6, 7, and 8. For this reason, it is requesting a committee to inform itself of ongoing curriculum development programs within the school system and then to make findings and suggestions to the trustees in the following areas:

1. What physical facilities are required to implement the middle school program?
2. What physical facilities are necessary to meet present and future enrollments?
3. What is the suggested timetable for implementation of the recommendations?

The committee will present its findings to the Board of Education as soon as possible but not later than May 1, 1969. It is understood that all such recommendations are not binding on the Board of Education and that the committee's responsibilities will have been fulfilled when these findings suggestions have been presented.

Quite frankly, if the middle school philosophy which our staff has developed is to be fully implemented, each of the three buildings should have improved facilities — especially in the area of school libraries. Ideally, expansion at Pierce and Parcells should permit the space currently occupied by the branch public libraries to be utilized by the schools. However, this would mean that additional public library facilities would have to be constructed.

If you are among those in Grosse Pointe who thought that the opening of North High School would put an end to our housing worries for all time, I can understand your perplexity when I tell you that, indeed, we need expanded facilities.

You may know that, according to the annual school census, the total population of the school district has declined by 289 in the last year. However, the May public school membership showed an increase of 329 over 1967.

Just over a year ago an outside school planning consultant predicted a public school population of more than 15,000 by 1980. Those of us who work with these figures all the time are not surprised. Public school attendance in the district increased to 67.6% (of those eligible to attend) in the spring of 1968 from 66% in 1967 and 64.6% in 1966. At the same time, parochial school attendance dropped from 31.1% in 1966, to 29.4% in 1967, and to 27.7% in 1968.

Our official fourth-Friday in September school enrollment shows an increase of 431 students over last year.

What Goes On at Your Library

By Virginia Leonard

October has really been THE month. We've anxiously watched the astronauts as they went up and came down again. We've been taken by surprise by the wedding of Jackie Kennedy and Aristotle Onassis. We've shouted: "Sock it to 'em, Tigers!" until we were all hoarse (but it did bring the right results, didn't it?). We've had constant radio and television reports from the Olympics in Mexico. And the month isn't over yet! What more could happen, and what have we missed?

Let me fill you in with events you may have neglected. Our library has a publication entitled CHASES' CALENDAR OF ANNUAL EVENTS. The subtitle is: "Special days, weeks and months in 1968" and is compiled by Harrison and William Chase. I know you were aware of Columbus Day, and will certainly be celebrating Hallowe'en, but I do want you to be aware of other observances that have occurred during the month of October. This Chase publication is just the thing to keep us all au courant.

We hope, during the first week in October, that you held plenty of kaffeeklatsches since that was National Coffee Week. How about a wine and pizza party? The whole month encompasses National Wine Festival, with its purpose "to celebrate the vintage in California." October is also Pizza Festival Time Month, with a purpose "to call attention to the health benefits of Pizza and inform the public of its history." If you want to vary this diet, the month is also saluting shrimp and yams, with a Shrimp Fiesta and Yambilee.

Did you catch up with your correspondence and newspapers from October 1-6? We hope so, as you were celebrating International Letter Writing Week and National Newspaper Week. And we're sure you saved a horse during that same period —National Save a Horse Week! If your battery fails you some snowy day, you have only yourself to blame—you missed out on National Test Your Battery Week.

We're awfully sorry, but I suspect you missed the Circleville Pumpkin Show (October 16-19), but we do have pumpkins in Michigan, so never mind. How about National Macaroni Week? The purpose? "To pay tribute to elbow macaroni, spaghetti, egg noodles and other macaroni shapes for adding variety to the American dining table." And did you make it, on October 18-19, to the Klamath Basin Potato Festival? Bet you forgot it.

One of my bitterest regrets is that I missed International Whale Watching Week October 21-27. I'll try to remember next year. National Popcorn Week ends on Hallowe'en so you may still have time to stuff some kernels in your mouth as you greet the trick-or-treaters. I wish we could have warned you sooner, but if you'd known, you could have been at San Juan Capistrano in California on October 23 to see the swallows depart. Perhaps you were there anyway, just coincidentally.

Hurricane Deliverance Day in the Virgin Islands occurred on October 25, New Zealand celebrates its Labour Day on October 28, National Magic Day, also occurring on Hallowe'en, celebrates the death of Harry Houdini in 1926.

One of the most whimsical events is Crusade Against Too (!) This is "a day dedicated to encourage one and all to join the 'crusade against too' — too much or too little of anything in our personal lives." Think THAT one over!

We've had a few special birthdays to celebrate also. October 2 was Mahatma Gandhi's birthday; October 4, that of Rutherford B. Hayes; the following day, Chester A. Arthur. On October 11, we "commemorate the birthday of Anna Eleanor Roosevelt, wife of Franklin D. Roosevelt and First Lady of the World." Dwight D. Eisenhower's birthday fell on October 14; Theodore Roosevelt's fell on October 27, and finally, we observed the birthday of John Adams.

It is interesting to note that in this Chase Calendar, October 31 lists both Hallowe'en — "an ancient celebration sometimes attributed to Druids," and Trick Or Treat or Beggar's Night.

In retrospect, we hope you didn't mind missing the West Virginia Black Walnut Festival (October 10-12); the Wine Harvest Festival with Great Procession on October 6, taking place in Lugano, Switzerland; Hangul or Korean Alphabet Day on October 9; the Greenwich Village Poet Laureate Contest on October 15; or the Texas Prison Rodeo, October 20-27. We just can't be EVERYWHERE to attend to these matters.

Our final recommendation to you, especially if you are housewives, is—be sure to observe (if it's not too late) October as National Restaurant Month. Its purpose? "To encourage people to 'eat out' frequently!"

Letters to the Editor

To the Editor:—

Holiday seasons always seem to end on a rather sad but inevitable note. The festive symbols are stripped down and packed away. Christmas Trees, Easter Bunnies, jack-o-lanterns and Pilgrim scenes—each, in turn, is stored and forgotten.

Tragically, our flag seems to share the same sad fate. But our flag is not a smbol of one day or one event. It is a symbol of US, our country, our heritage, our ideals.

Would you, as editor, help each of us put our national symbol back where it belongs? Before every national holiday frequent reminders bombard the public to display their flag, and the public response is always great. But wouldn't it be much more appropriate if our flag was not merely a part of a holiday display?

Would you, as editor, suggest to your readers that we make every Sunday Flag Day? Sunday—a day of rest, of worship, of thanksgiving, of family togetherness — doesn't our flag belong here?

Thank you,
Sincerely,
Gail M. Artner

Our shampoo people tend to spoil you with little neck massages and nice cool rinses at the end. Our stylist people are involved with making *you* look pretty—not just your hair. Our nail people make nice over you right up to your elbows. All of which means that we have standards and we care and we'd never want you to tip anybody unless it was earned. Not a dollar. Setting for the Saturday, October 26, ceremony at which Donna Jean Pope, daughter of Mr. and Mrs. Robert A. Pope, of Roslyn road, became the bride of Lieutenant (j.g.) William Walter Gilbert, son of Mr. and Mrs. Donald A. Gilbert, of Berea, O., was Holy Trinity Chapel, Naval Air Station, Pensacola. Fla.

The bride, who had been residing with her uncle and aunt, Lieutenant Commander and Mrs. Walter E. Coupe, of Pensacola, wore a floor length gown of white satin and English net embroidered with Alencon lace and seed pearls.

Matching lace and pearl motifs accented her straight, Chapel length train, and a layered petal headpiece of lace studded with pearls caught her fingertip illusion veil.

Honor attendant Linda Andrews, bridesmaids Paula Shoemaker, Linda Grachen and Nancy Gilbert, the bridegroom's sister, and flower girl Patti Anne Pope, sister of the bride, wore floor length frocks of pink silk crepe fashioned with self-ruffled necks and cuffs.

Matching satin headbows caught their silk veils, over which were scattered embroidered flowers, and they carried old-fashioned garden posy nosegays.

Best man was Ken Grizyb. Ushers/swordsmen were Tom Finley, Peter Altmeyer, Edmundo Mercado and Russell Brickey. All, like the bridegroom are naval aviators. Timothy Coupe, the bride's cousin, was ring bearer.

Church Holding Harvest Dinner

A double feature will be the star attraction for an evening of family fun, fabulous food, and festivity for members and friends of the Grosse Pointe Woods Presbyterian Church on Friday, November 8. This is the date for the annual Harvest Dinner, plus a new event — the Mini-Fair, which have been planned by numerous committees from the Women's Association.

Mrs. Donald Fowler and Mrs. Jack D. Rowe, General Chairman, along with the assistant general chairman, Mrs. Arthur Churchman, and their devoted committee members, have planned a bountiful buffet dinner to be served from 5 p.m. to 8 p.m. in the Andrew Rauth Fellowship Hall.

The hall will be decorated in a harvest theme by Mrs. Charles Brownell and her assistants. Mr. and Mrs. Lathrop Morse will serve as host and hostess for the evening festivities. High school students from the church membership will assist in the dining room during dinner under the direction of Mrs. Thomas Clark.

The Mini-Fair will be open from 4 to 8 p.m. in the Junior High Room of the church and will feature many, many items for early Christmas shoppers.

Mrs. Stanley Maples, Chairman, and her Co-chairman, Mrs. James Spencer, have gathered together beautiful and charming gifts made by the many talented women of the church. There will also be home-made goodies for sale, plus monogrammed blouses and sweaters. For the small-fry, there will be a fish-pond and also, an assortment of ideal Christmas gifts for their mothers.

Reservations for the dinner can be made by calling Mrs. Daniel Fleming at 884-9480 or Mrs. Earl Nelson at 884-6885. Dinner tickets are $2.00 for adults and $1.00 for children under 12.

Grosse Pointe High School graduate BARBARA DALE, daughter of ROBERT J. DALE, of Neff road, is a freshman at Marymount College, Palos Verdes, Calif., newest in the educational network of Marymount Colleges throughout the United States, which has opened its second year as a two-year college.

Mrs. William W. Gilbert

New Goodwill Meeting Date

Mrs. Ralph Fultz will speak at the November meeting of the Women's Association to the Goodwill Industries of Greater Detroit. The meeting date has been changed to 1 o'clock Wednesday, November 20, because of the Junior Goodwill's Antiques Show and Sale which will take place in the Goodwill Building, Brush street at East Grand boulevard, as will the Women's Association meeting.

Mrs. Fultz will demonstrate making winter bouquet "flowers" from dried corn husks. For three years Mrs. Fultz attended classes in flower arranging conducted by Mrs. Nina Secrist at the Redford YWCA.

A member of the Redford Township Garden Club, Mrs. Fultz spends many summer hours raising and arranging live flowers but, because they are more permanent, she feels the time spent learning to use dried plant materials is a good investment.

Following the demonstration, there will be an opportunity to see arrangements more closely during the tea hour. Mrs. Nathaniel Banks, program chairman, will introduce the speaker.

Devotions will be given by Mrs. Herbert Path, past-president of the Women's Association.

Membership in the Women's Association and attendance at its meetings are open to any interested persons.

THEY'VE ARRIVED

DEAR PAT,

All my adult life women have left me awed with the accountings of the fascinating people (mostly dark attractive men) that inevitably sit beside them when they travel. I have yet to be enthralled by anyone more devilishly swish than nine year old boys. But the peach of them all was a Methuslah of a gent who grimaced at me as though my family had left me "defenseless." This happened on my recent flight east. He pouted because he didn't have the window seat — but refused the prize location when offered, muttering something about total mismangement. When the stewardess passed me the white card to X my preference the "heaven help us" sigh indicated his dismay. (I only wanted Gingerale, anyway.

When the no smoking sign went out I did not light up but there were those around us that did not realize that this was a no-no. Not that he said anything but the elaborate fanning and swishing of air left no doubt that they were being offensive.

In a stage whisper he chittered about frivolous women and their time wasting magazines and fashion newspapers and I knew my Women's Wear Daily was showing. Feature story see-through shirts. I couldn't win for losing. Then came the last straw — the real camel's back breaker.

I couldn't win for losing. Had he hung in there with me until page three he could have caught a glimpse of THE shirts (non transparent variety) by CHRISTIAN DIOR. Once again the entire group a schematic in precision, there simply are none that are tailored as these — with that unwavering fit. You are going to love the touch of Nehru in satin — and an absolutely beautiful Jabot nice sissy shirt in black or white satin.

One of my favorites is a red and white static print in cotton with button and cuff effects that gives a mite of a western flavor. The silks, of course, are supremes — the colors exhilerating. For the perfect pant or skirt topping—a simply cut challis.

Needless to say, the little mock turtle helenca and silk we all love is repeated in new hues. So many others in embossed cottons, pencil corduroys and crinkled silks. At, Dior, shirts my pet, they care about all of us, dearly.

You're wondering what became of my Lochinvor in 12F. Would you believe we were standing together awaiting our luggage when he turned to me and asked if I wouldn't share a cab with him to the city — a bit much, I thought — but, I did — he really was a love.

Best Love,

Jo

Dinner Precedes Austrian Film

Portraits of Austria will be featured Tuesday evening, November 12, at 7 o'clock on the George Pierrot selected Grosse Pointe Adventure Series at Grosse Pointe War Memorial. The evening will begin with a dinner of Viennese delicacies served in the Center's Crystal Ballroom by candlelight.

Following dinner, the crowd will adjourn to Fries Theatre where Curtis Nagel's and William Moore's colorlogue masterpiece will be shown. Scarely anywhere else has nature laid out such a wealth of scenic grandeur as in Austria where the Tyrolean Alps are crowned with eternal snow and their deep green valleys dotted with blue diamond lakes and charming fairy tale towns.

Austria is a land steeped in history and traditions but animated by the rhythm of present day activity. It is a land of music, festivals, operas, ballets and colorful folk dances. All this is captured in superb color and actual sound by the magic of the famous team of award winning film artists.

Highlights of the film include Salzburg, the city of Mozart and the delightful setting of "Sound of Music." It is the home of the marionettes and the charming Whitehorse Inn on Wolfgang Lake. Picture book towns such as Badgastein, Mayrhofen, Heilegenblut, Innsbruck and Linz are covered. A spectacular trip to the heights of the Grossglockner is included and also a trip by steamer down the Danube to Vienna where all will see the Belvedere Palace, Schoenbrunn, the Opera, St. Stephens, the home of Johann Strauss and Vienna's world famous cafes, music halls and gardens. A visit to see the famous Lippizaner dancing stallions climaxes the film.

Reservations for this exciting evening including Viennese Banquet and show are just $4.75 (tax, service, parking, checking included). Show only is $1.50. Tickets are limited and early paid reservations are suggested.

Good vision is a FAMILY AFFAIR at Van Dyke!

We count with pride the many Michigan families who entrust their precious vision to our care. Usually, parents who have been our patients bring in their children for an eye examination. Often, Junior or Sis become the initial "goodwill ambassadors." And, sometimes, the whole family shows up to have their eyes checked! However it happens, we're delighted. We know how very important professional eye care and quality eyewear are to a family's visual health and happiness. That's why nothing makes us prouder than to be counted "a friend of the family."

A reception at Hillcrest Country Club followed the 7 o'clock rites, at which The Reverend Ralph Barton officiated.

'Knight Of Charity' Dinner Set Nov. 16

Walker L. Cisler, Of Devonshire Road, One Of Three 1968 Recipients Of Award For Philanthropic Work And Humanitarian Interests

Three outstanding Detroit businessmen will be added to the unique roster of the "Knights of Charity" according to an announcement made by Detroit Attorney John J. Raymond, chairman of the Board of Trustees of Maryglade College, Memphis, Mich., which makes the citations annually in recognition of "philanthropic work and humanitarian interests."

For 1968 the recipients are Walker L. Cisler, of Devonshire road, chairman of the board, Detroit Edison Company; Jules R. Shubot, Schubot Jewelers, and Louis G. Seaton, vice-president in charge of personnel, General Motors Corporation.

All are being honored for deeds and examples attributed to ideals of "unison in family life with person-to-person charity."

Following the tradition established in 1954 when the award was first bestowed on Hollywood's Pat O'Brien, formal presentations will be made at a $100-a-plate inter-faith dinner at the Statler-Hilton Hotel Saturday, November 16.

As dinner chairman, Lawrence V. Nagle, chairman of the board of Udylite Corporation, will give the citations and introduce the awardees: Seaton, a Catholic, Schubot, of the Jewish faith, and Cisler, a Protestant.

Maryglade College was founded in October 1960 under direction of the PIME Missionaries of Saints Peter and Paul, the Pontifical Institute for Foreign Missions, which is more than 110 years old. There, young American men are trained for volunteer work in religious, educational, medical and social fields in underdeveloped nations of the world.

The Reverend Father Nicholas Maestrini, PIME, Maryglade president, points out that the young men on completion of studies go to Asia, Africa and South America, wherever the need is greatest, to relieve human suffering, care for orphans and leprosy victims, establish schools, teach, organize cooperatives and generally work to raise the standards of living for underprivileged peoples without regard to race, color or creed.

Last year's recipients were Stanley S. Kresge, president of the Kresge Foundation and chairman of its Board of Trustees; Edward C. Levy, persident of the Edward C. Levy Company, and Aloysius F. Power, a former vice-president of General Motors Corporation.

To round out plans for the dinner in November, some 40 members of the men's committee gathered for luncheon at the Statler-Hilton Hotel at 12 noon Tuesday, October 1.

Noted Author At Town Hall

Bill Sands, author of the best-sellers, "My Shadow Ran Fast," and "The Seventh Step" will be the speaker at Detroit Town Hall at 11 o'clock, Wednesday morning, November 6.

His timely talk on present-day crime and the rehabilitation of criminals will be given in Fisher Theatre.

The son of a well-known state Supreme Court justice, Sands spent two years in San Quentin prison on an assault charge. He owes his rehabilitation to famed Clinton Duffy, San Quentin warden.

Following his years in prison, Sands became successful in everything he undertook — airline executive, president of two corporations, and nightclub entertainer. He now dedicates his life to rehabilitating criminals, and to the study of crime in our streets.

Tickets for the lecture are available in advance at Town Hall, 405 Fisher Building 872-7530) or at the theater, morning of the program.

'Pops' Concerts Set For Spring

Arthur Fiedler, America's "Mr. Pops," will conduct the Detroit Symphony Orchestra's Cabaret "Pops" Concerts for the third consecutive year.

Fiedler, conductor of the Boston Pops Orchestra since 1930, will conduct all eight concerts in the series, scheduled for April 16 through 26 at the Detroit Light Guard Armory in East Eight Mile road.

Music by candlelight, night-club-style seating at tables for four and light refreshments and cocktails are part of the informal atmosphere of the concerts.

The "Pops" programs will follow the highly successful Fiedler pattern — a selection of symphonic classics, a guest soloist and a group of popular tunes in full symphonic arrangement. A typical program might include works by Bach and by the Beatles.

Fiedler, now 73, is a native of Boston. He joined the Boston Symphony at age 20, later organizing the Boston Sinfonetta, a chamber orchestra composed of colleagues. He launched the popular outdoor Esplanade Concerts in 1929 and was appointed conductor of the Pops Orchestra the next year.

The Cabaret concerts have been especially successful as fund-raising or entertainment projects for Detroit-area organizations and convention groups. More information is available at the Symphony office, 961-0700.

Dates of the performances are April 16, 17, 18, 19, 23, 24, 25 and 26. Tickets will be available for public sale on March 5, but arrangements for groups of 100 or more are being made now.

It has a large living room (17x31), sun room, dining room with bay, kitchen with dishwasher, 2 pantries, utility room, lavatory, rear service stairs, 4 main bedrooms (one with fireplace), 3 baths, sewing room and 2 maids' rooms and bath. Over the 3-car garage is a nice studio apartment.

The spacious site is 120x175 feet in size, and nicely landscaped.

Seek 'Heart of Gold' Awards Nominees

Pointers Mrs. John F. Hering and Mrs. William Y. Gard Serve on Committees Planning Recognition Ceremony for Women Volunteers

Two Grosse Pointers are serving as committee chairmen for the second annual "Heart of Gold" awards ceremony in which women's organizations throughout the Detroit area will participate.

The event, a tradition inaugurated last year, provides community-wide recognition for outstanding women volunteers who have made significant contributions during the past year.

It is sponsored by the newly formed Volunteer Council comprised of representatives of 40 leading women's organizations working in cooperation with Women for the United Foundation (WUF).

The Grosse Pointers and their assignments are Mrs. John F. Hering, of Kercheval avenue, vice-chairman, screening and judging; and Mrs. William Y. Gard, of Dean lane, vice-chairman, hostesses.

Mrs. Hering is representing Southeastern Michigan Chapter, American Red Cross, Mrs. Gard, the Junior League of Detroit.

New chairman of the Award Council is Mrs. Semon E. Knudsen, of Birmingham. Her vice chairman is Pointer Mrs. Joseph L. Hudson, Jr.

They succeed Mrs. Lynn A. Townsend, of Birmingham, and Mrs. Gerard R. Slattery, of Grosse Pointe, who were co-chairmen for the first "Heart of Gold" awards ceremony last Valentine's Day.

Mrs. Knudsen and Mrs. Hudson are issuing letters inviting nominations for the second recognition luncheon scheduled for February 11 in Cobo Hall.

The occasion will honor a group of six to 12 women volunteers symbolizing all those who give their time and talents for community betterment.

Those selected will receive the council's "Heart of Gold" awards signifying noteworthy service.

Six communities already are at work on arrangements for the recognition ceremony designed to call attention to the importance of voluntary citizen participation in community affairs and to encourage others to take part.

Nominations for the "Heart of Gold" awards are being sought from all segments of the community and may be submitted by any organized group or by any individual. Only previous "Heart of Gold" winners are ineligible for recognition.

All other women in the Metropolitan Detroit area may become nominees providing their volunteer activities involve one of the following:

- Child and family services including care of the elderly and work with teens or retirees.
- Church, cultural, educational, political, health-related or war-related activities.
- Involvement in citizens' groups.
- Fund-raising, budgeting or planning for the United Foundation or its federations, United Community Services and Michigan United Fund.
- Unusual act of personal heroism, moral courage or simply being an unsung heroine.

A nomination must be made in a letter of 200 to 500 words outlining the volunteer's activities with emphasis on contributions made during the past year.

Letters must contain specific information, point up ways in which the service is outstanding or has benefited the community and include both the name and place, address and telephone number where the work was done.

The nominee's name must be omitted in the letter but included along with her address and telephone number on a separate slip stapled to the letter.

The name, address and telephone number of the organization or individual making the nomination also must appear on a separate slip.

Forms for nominations may be obtained from the Volunteer Award Council, 1528 Woodward ave., Detroit 48226, to which all entries must be submitted by December 1.

All nominations will be acknowledged by the Council, and entries will be screened and judged during January.

The panel of judges will include state or local government officials, media representatives, educators, clergy and executives from business and industry.

Special consideration will be given to contributions made for the community good, amount of personal effort involved, results of service, special demands on the individual, uniqueness of service and sincerity of motivation.

WUF, the organization which gave impetus to the newly established Volunteer Award Council, is, itself, a volunteer group involved in year-round activities for the United Foundation.

CHARLES MILLS is a secretary of Alpha Phi Omega, Alma College's Service Fraternity which recently spent a weekend at Camp Grindley near Stockbridge, preparing the camp for winter. Church to Offer Special Prayers

Special prayers will be offered at the Grosse Pointe Memorial Church (Barbour Chapel) in a brief service at 8:30 a.m. on Friday morning, All Saints' Day. The names of the members of Memorial Church who have died since last All Saints' Day will be read.

Each morning at 8:30 the staff of Memorial Church meets for prayers. Several years ago members of the congregation asked if they could attend these prayers, so the "8:30 Club" was organized. There is never a morning, Monday through Friday, when some of the members of the Church are not present with the staff. The services are always short and people on the way to work or school attend. The purpose fo the 8:30 Club prayers wherever they are in is to remind others to offer their daily work.

THE SOVIET UNION launched its first manned spacecraft in 18 months Saturday. The pilot, cosmonaut Col. Georgy Beregovi, the lone man aboard, took over manual control of his Soyuz 3 craft, after it moved automatically to within 650 feet of the unmanned Soyuz 2, according to Tass, the Soviet news agency.

A spokesman said the policemen decided they could not make arrests if they were ignoring the law themselves. Meanwhile, a new threat entered the city's labor picture when firemen, who have also been conducting a slow-down, said they would start a general strike Wednesday, November 13, unless their demands were met.

THOUSANDS OF DEMONSTRATORS in London staged the biggest anti-American protest in British history Sunday and scuffled with police who were attempting to keep them from storming the United States embassy. The demonstrators swept through the city with Vietcong flags. Prior to the march, a bomb seriously damaged the memorial to the late President John F. Kennedy in Runnymede, 40 miles outside of London.

TWIN SOVIET SPACESHIPS, one manned and the other pilotless streaked in orbit around the earth Sunday night, and Radio Moscow hinted they may have company in space before too long. While cosmonaut Col. Georgy Beregovoi, 47, slept in space for the second night, resting up for a promised hard day of excercises on Monday, the Soviets said more space ships were on the launching pads.

THOUSANDS OF CZECHOSLOVAKS, defying Soviet occupation forces, marched through streets and squares in Prague Monday in demonstrations that rang with chants of "Freedom" and "Russians Go Home." The groups ranged in number from several hundred to 10,000. It was the first outbreak of mass demonstrations since August, the month of the Soviet-led invasion to halt the nation's liberalization drive.

DETROIT PUBLIC HEALTH officials are busy tracking down persons who may have contracted Hong Kong flu from a group of businessmen who came back from San Francisco last week with suspicious symptoms. Seven of the party of 13 businessmen have come down with flu-like symptoms. Doctors said it will be several days before lab tests can determine whether the bug is of the Hong Kong variety, that is expected to be a problem this winter. The health department was told of the possible outbreak after the Detroit Free Press received information from an employe in a hospital where one of the seven was treated.

With so many . . . Places To Go/People To See in the coming weeks, it's no wonder Pointers feel a little hurried and harried . . . It's all great fun, though . . . Here are a few "reserved" dates from our own personal calendar; you may want to mark them "reserved" on yours, too . . .

* * *

Wednesday, November 6 . . . An Open House Tea will be held for members of the Assistance League to the Northeastern Wayne County Child Guidance Clinic between 1 and 3 o'clock at the Clinic in East Warren avenue, Detroit . . . Mrs. Arthur Voigt is chairman for the event; her assistants are members of the League's Service Committee. Mrs. Alfred Glancy, Jr., president of the Clinic Board, and Dr. Eli Rubin will formally dedicate the Thomas Formella Fund, through which audio-visual equipment for the Clinic has already been purchased . . . The purpose of the Tea is to acquaint Assistance League members with the Clinic facility itself and the services provided therein. A short film entitled "Shyness" will be shown. A warm welcome will be especially extended to new League members, viewing at first-hand for the first time the operation they work to support . . .

* * *

Tuesday, November 12 . . . Mongoloid Acheivements Luncheon-Fashion Show, a benefit for retarded children, well be presented at the Gourmet House in East Jefferson avenue, St. Clair Shores. The party begins at noon . . . Chairman Mrs. Joseph Craig, of Buckingham road, is still accepting reservations at Tuxedo 2-6463; so is co-chairman Mrs. George Murphy, of Detroit, 527-4636 . . .

* * *

Wednesday, November 6 (continued) . . . There's time today to take in BOTH the Northeastern Wayne County Child Guidance Clinic Assistance League's Open House Tea AND the evening meeting of the Michigan State University's Consumer Preference Panel being held in the Grosse Pointe War Memorial's Terrace Room. An early afternoon meeting is scheduled, too . . . These sessions sound perfectly fascinating: Local Ladies are invited to examine and evaluate a number of new products; opinions of panelists, (the panel at the War Memorial is one of several scheduled next week in various Metropolitan Detroit locations), after tabulation on MSU's computer are analyzed by Marketing Specialists and reported to Michigan's food industry . . . "Women really enjoy the experience!" reports Hildegard Hesse, Detroit District Consumer Marketing Agent who, with May Zehner, MSU Marketing Specialist, is coordinating the panels. "So much enthusiasm is exerted in the excitement of judging the food products, the only trouble we have is keeping everyone from 'talking over' decisions while the testing is going on" . . . Any homemaker who would like to join in the 1:30 or 7:30 o'clock event is cordially welcome to participate. Just contact Miss Hesse at the Consumer Marketing Office in East Grand boulevard, Detroit, and tell her you'll be there.

Saturday, November 2 . . . All babysitters, from teenagers to grandmothers, are invited to attend a special Information Program sponsored by the Placement Bureau of the Neighborhood Club at the Club in Waterloo avenue this morning, from 10 until 11 O'clock . . . Dr. Paul M. Zavell, a pediatrician, will discuss what to do in case of an emergency, (choking, poison, broken bones, e. g.) . . . A nursery school teacher, Mrs. John E. Williams, will explain what to expect of a child at various ages, (don't panic when a one-year-old tries to eat his toy soldier — ALL one-year-olds try to eat EVERYTHING!) . . . And a Grosse Pointe Farms policeman will give a brief talk . . .

* * *

Wednesday, November 20 . . . The Grosse Pointe Woman's club will present "C'est La Mode," the Club's annual scholarship luncheon, fashion show and card party, in the Crystal Ballroom of the Grosse Pointe War Memorial's Fries Building. And there'll be over ONE HUNDRED prizes awarded during the afternoon! . . . Reservations for this Perfectly Beautiful Party are going so fast we're telling you about it rather early, so you can call ticket chairman Mrs. Edward Pisula, 881-4989, her assistants Mrs. Thomas Pearsall, 881-6047, or Mrs. Herman Reute, 881-4138, and avoid last-minute disappointments . . . General chairman of the benefit is Mrs. Robert Kazmakre; co-chairman is Mrs. Pearsall.

Tuesday, November 5 . . . DON'T FORGET TO VOTE! . . .

MRS. DAVID N. SPIERLING, OF ST. PAUL AVENUE, MRS. ALLEN M. LOMAX, OF RIDGE ROAD, AND MRS. DOUGLAS CAMPBELL, OF RATHBONE PLACE (LEFT TO RIGHT), CHRIST CHURCH FAIR CO-CHAIRMEN

By Janet Mueller

The Christmas-Fair-That's-So-Big-It-Takes-Three-Chairmen-To-Run-It, the Christ Church Fair, opens at 10 o'clock next Thursday morning, November 7. It will continue all day, in the Church proper, in Miller Hall and in the Parish House, closing finally—for good—at 5 that afternoon.

Two years in the preparation, (the Christ Church Fair is presented every other year, alternating with the Grosse Pointe Memorial Church Fair), it's stocked with literally hundreds of handmade items, ranging from exquisite children's clothes to hand-painted and decoupage baskets, with homemade delicacies and with "Collector's Corner" objet d'art donations.

There'll be a Shopper's Lunchroom and a Children's Snack Bar, a baby-sitting service for browsers and buyers as well as volunteer workers, a Motor Corps coordinating transportation from the Grosse Pointe Memorial Church parking lot, where Fair-goers are being advised to leave their cars, to Christ Church and back again . . .

Shopping Made Easy

Hostesses, stationed at the entrance doors, will hand out "maps" showing locations of the various departments, (those famous decoupage basket purses, for instance, will be on display in Miller Hall).

There'll be an especially-for-children "Peanuts Gallery" — no adults allowed except sales personnel! — where boys and girls may choose Christmas presents for their mothers and fathers, brothers and sisters. And there'll be no "junk" items here: The Gallery is stocked with things mothers and fathers, brothers and sisters, would really LIKE to get, such as charming burlap placemats . . . And the TOP price is $1,25, so the young shoppers won't be tempted to over-extend their holiday gift budgets.

There'll be, in short, anything and everything that the three co-chairmen, their preservers, waitresses, saleswomen et al. can think of to make their Fair a cornucopia of treasurers and pleasures.

Year of Teamwork

Celia Lomax Marion Campbell and Rosemary (better known as "Ro") Spierling accepted their Christ Church Fair '68 co-chairmanships over a year ago, before Christmas of 1967.

They've been hard at work on the Fair ever since.

"These," says Celia, nodding at Marion and Ro, "are the artistic two. Ro's our sparkplug for the young workers, and Marion has gotten together a group of women who are really DOING things!

"I," she adds, "am just sort of the 'organizational' co-chairman."

Mrs. Campbell and Mrs. Spierling exchange glances and smiles. THEY know how much their "just sort of the organizational" co-chairman contributes to the '68 Fair.

Celia, married to an investment counselor, is the mother of two married daughters, Mrs. Jay Thomas, of Austin, Tex., and Mrs. John Murray Goodman, of Mt. Ranier, Md.

Hobby On 'Doing'

A Pointe resident and a member of Christ Church, Grosse Pointe, since 1947, her chief hobby, outside of doing things for the Fair, is doing things, ("doing things," is Celia Lomax's understated way of saying "doing anything, everything, whatever needs to be done"), for the Neighborhood Thrift Shop.

She likes to garden and is a member of the Grosse Pointe Branch of the Farm and Garden Club. She maintains contact with her school via the Smith College Club and, if she has a spare moment, heads for the golf course.

Marion Campbell, born on Jefferson avenue, into an Old Christ Church family, affiliated with the Grosse Pointe Christ Church as soon as it was built.

A widow, she's the mother of two married sons, Douglas Campbell, Jr., of Provencal road, and James Howe Campbell, of Northville, and two daughters, Mrs. Francis C. Farwell, II, of Lake Forest, Ill., and Marion, who teaches retarded children at Lochland School, Geneva, N.Y.

She's 10 times a grandmother.

Another Gardener

Like Celia, she's a gardener. She's a member of the Garden Club of Michigan and of the Huron Mountain Club, one of her favorite places for pursuing one of her favorite recreations: "I like to fish in the wood."

A Pointer for about 65 years, she's lived in her present home in Rathbone place 51½ years. A serious fire took its toll in ruined antiques and family memorabilia just a few years ago, but it failed to drive Marion out: "We had to re-do the house, of course, but as soon as it was done, I moved right back in."

Currently her basement, which she describes as "still not recovered from the fire," is filled with completed and in-process beautiful pressed flower mats, fiberglas trays and tables, Mrs. Campbell's personal creative contributions to the Fair.

"I haven't come out of the basement in about three months." Marion Campbell may be exaggerating, but only slightly: That basement of hers is literally stacked with goodies!

Ro Spierling's husband is a metallurgist, plant manager of a steel company. Their two children, Gregg, going on 14, and Lisa, going on 13, are both students at Pierce Middle School.

Little Middle School

The Spierlings like the Grosse Pointe Public School System's Middle School format. "It's an entrely new concept," Ro admits, "but I think it's great — and so do the children."

Ro is a "returned" Pointer. Raised here as a young girl, she moved away when her parents died. The Spierling family settled in The Pointe six years ago, "and that's how long — six years — I've been affiliated with Christ Church," Ro says.

She's active in the Young Episcopal Women at Christ Church. Her other organizational involvements include the Assistance League to the Northeastern Wayne County Child Guidance Clinic, the Junior Women's Association for the Detroit Symphony Orchestra and the Founders Society Detroit Institute of Arts.

"And I'm just now going into training at Cottage Hospital; I've wanted to help out there for some time," she adds.

Ro's leisure-time activities include all varieties of handiwork. She's tried everything from crewveling to decoupage to painting, usually with excellent results.

Reading Cyclist

She's an avid reader, too, and, on good days, likes to get out on her bicycle: "That's my only form of exercise," she laughs.

Neither Celia, Marion nor Ro can estimate the number of Women who contribute, in some capacity, to the Fair's success.

"It's awfully hard to tell," Celia explains. "One woman may knit one sweater, another may make a dozen basket purses, everyone loves to come in and sell the day of the Fair . . ."

Suffice it, then, to say that MANY women work in MANY ways for the Christ Church Fair — and that, next week, many of those many will be working overtime. Right now, Fair wares are scattered all over Grosse Pointe, in basements, garage, attic storerooms.

Remove All Furniture

Monday morning, vans pull up at the Church in Grosse Pointe boulevard and all the every-day furniture comes out. Tuesday, the Fair decorators come in, (there's a special committee charged with seeing that the Fair "atmosphere" is truly festive).

Wednesday, the "goods" arrive, according to a pre-arranged all-day delivery schedule.

Thursday, at 10 o'clock, the Fair opens for business.

Knowledgeable Christ Church Fair shoppers come early and make a beeline for their favorite departments. One that Marion Campbell is sure will attract many new as well as old customers this year is the Garden Table.

"There are so many facets to it now," she explains. "Besides the usual assortment of garden paraphernalia, there are some beautiful flower pictures . . ."

The Country Kitchen is as popular with volunteer saleswomen, who like to pick up casseroles for their families' Fair-day dinners, (who wants to come home and cook after working at a Fair all day?), as it is with "regular" shoppers, (who wants to come home and cook after SHOPPING at a Fair all day?)

Collector's Corner

"We've got some perfectly beautiful things in our Collector's Corner," Celia Lomax notes — then adds, musing, "It's funny: We always worry about that department, but in the end, we always DO get beautiful things . . ."

"We're using drip-dry materials in Tots and Toddlers clothes," Ro Spierling notes. And she waxes enthusiastic over Serendipity, the Young Episcopal Women's booth:

"It will feature less expensive items . . . darling wooden placques, with brass hangers on top . . . wastebaskets of all kinds and colors . . . Advent Strips, marking each day before Christmas with a candy a child can tear off and eat at the end of the day . . . wonderful knitted, stuffed soldiers, each as tall as a child . . ."

As always, there'll be beautiful handmade Christmas decorations. And new this year are the do-it-yourself Christmas ornament kits, complete with detailed instructions.

Gifts Add Infiniturn

And there'll be pop-over aprons, art needlepointe canvases, decoupage key rings, lamps, magazine holders, handknit mittens, caps, skirt-and-sweater combinations, a balloon lady, movies-for-children-who-are-old-enough-to-enjoy-movies, magnificently detailed bits of handwork, blanket covers, towels, covered hangers, a surprise package Grab Bag . . .

It's a Big Fair, and it has a Big Purpose: It raises funds that are budgeted over a two-year period to support the Episcopal Church Women's projects, ranging from assistance to a parish in Zambia, Africa, to grants to Detroit's own CESSA (Churches in the East Side for Social Action) to in-parish allocations, for catering, for baby-sitting for the Young Episcopal Women . . .

The wonder is that it takes ONLY three chairmen to run it.

(nuts may be added)

Mix butter and crumbs and put in bottom of 8" square pan, saving a few crumbs for top. Soften 1 pint ice cream, and spread on crumbs. Freeze.

1 cup pumpkin
¾ cup sugar
¼ tsp. nutmeg
¼ tsp. cloves
½ tsp. salt
⅛ tsp. cinnamon

Plan Methodist Ladies' Meeting

The Women's Society of the Grosse Pointe United Methodist Church will hold its general meeting next Tuesday, November 5, at 12:30 o'clock at the church, and a luncheon will be served by the Martha-Mary and Susannah Wesley Circles.

The Reverend Woodie W. White, guest speaker, will discuss "Your Fellow Man." Mr. White is Urban Missioner for the Detroit Conference of United Methodist Churches.

Buffets Precede Play at Center

Grosse Pointe Theatre begins its season of plays in Grosse Pointe War Memorial's Fries Theatre, Friday evening, November 8. The first offering will be Agatha Christie's "Witness for the Prosecution" which plays through November 16.

Each performance, (except Sunday), will be preceded by a gourmet buffet served in either the Crystal Ballroom directly above the theater or in connecting Alger House. Theater ticket holders wishing to park once and dine under the same roof as the theater should make reservations in the Center's office, 32 Lakeshore, indicating date desired as soon as possible.

Dinner is $4, (tax and service included). Parking and checking are free. A limited number of theater seats are still available, mostly for the Wednesday and Thursday night production.

CONGRESS TO PRESIDENT

Only three Presidents have come directly from Congress, reports World Book Encyclopedia. They were James A. Garfield and Warren G. Harding, both senators from Ohio, and John F. Kennedy, senator from Massachusetts.

Carl's Corner

Most of our so called leaders and National press (mass media?) seem to be surprised at Wallace's strong showing. To me it is very simple — The vast majority of people, of all colors and religions, are sick to death of riots, corruption, graft, permissiveness, poverty programs (that help only the poor rich people) war, violence, student rebellions (by students who are being subsidized by our oppresive taxes), hate mongering (by supposedly intelligent prominent people) TAXES, TAXES, TAXES, not charity—but handouts (not only to those who can't work but to those who won't work), inflation, bureaucracy, indecision, fence-straddling, molly coddling, and just plain stupidity and selfishness — and Wallace — a sly bigotted, would be despot, (and what my southern father would call "white trash") is the only one with the guts to come out and criticize these conditions. I wish to God that Humphrey and Nixon had the equal courage of their convictions — maybe the voting decision would not be so agonizing!
