Farms Call for Installation of 106 Instruments in Second-Year Project

The Farms council of the Pointe Properties Company, on July 17, approved the purchase of 115 new parking meters, in carrying out the city's plan that has a step-by-step program to the installation of parking meters in the business area. The 106 meters will be installed in the first phase of the project and the balance in the second.

The purchase of these meters is a result of work the council has been doing for the past few months in planning the parking program in the city. The council has been working with the city government in recommending the program and has been studying the best way to proceed. The council has been working in close cooperation with the city's parking authority, and has received the cooperation and support of the city government.

Gerich Heads Commission

(Continued from Page 1)

Mention by Mr. Petz that those, theater organizations are a tremendous asset to the community. Mr. Petz also mentioned that the Gerich Heads Commission is the most important group in the city. Mr. Petz also observed that the Gerich Heads Commission has served the community for over 20 years and has been very successful.

The Gerich Heads Commission is a private non-profit organization that was established in 1948. The Commission is made up of 20 members who are elected by the community. The Commission is responsible for the annual Memorial Day Parade, the annual Gerich Days festival, and the annual Gerich Head Commission Awards.

The Gerich Heads Commission is also responsible for the annual Gerich Head Commission Awards, which are given to individuals and organizations that have made significant contributions to the community. The awards are given in 10 categories, including education, health, and community service.

Nab Strippers Of Police Car

Two brothers, 12 and 13, and an elderly man were arrested by fellow police officers on July 15 during an attempted robbery of a volcano police car. The older man was taken into custody a short distance from the scene, and the younger men, who were acting as lookouts, were arrested. 

Det. Donald Wilbur, who had been involved in the investigation, explained that the police officers had received a tip that the suspects were planning to rob the police car. They had been.last seen in the vicinity of the police station, and the officers decided to check the car to see if anything was missing.

A short time later, the three suspects were seen trying to break into the car. One of the officers, who had been posted to guard the car, noticed the attempt and called for backup. A second officer arrived on the scene and helped to subdue the suspects.

The suspect who was arrested is a 13-year-old boy who has a history of juvenile crime. The other two suspects, a 12-year-old boy and an elderly man, have not been identified. They will be brought in for questioning and charged with the crime.

Council Names Subcommittee

The formation of the Board of Directors of the Gross Pointe Chamber of Commerce has been announced by the President. The board has chosen a committee to work on the formation of the board, which will be announced at a later date.

A new member, Mrs. Helen Smith, has been appointed to the board. She is a member of the Gross Pointe Kiwanis Club and has been active in community affairs.

Youth Remove Purse from Car

Mary Jean Miller, 12, of Rensselaer, Ind., said that she had lost her purse containing $500 worth of cash and personal belongings. She said that she had left her purse in her car while shopping at the local mall. When she returned to her car, she found that her purse was missing.

The purse contained $500 in cash, a checkbook, a credit card, and several personal items. Mrs. Miller said that she had reported the theft to the police and was hoping for a quick resolution.

Police have asked anyone with information about the theft to contact them immediately.

Burling visits Pastor's Home

Dear Sir:

In your issue of the week of July 11, you published with the Manager, as saying that only two people were reported during the summer months to be the number who have been found in the woods.

It is a shame that two people have not been made to spend their summer vacations clearing the streets of Grosse Pointe Woods or working as part of the city's clean-up crew with the full value of their lives.

Congratulations to all . . . Grosse Pointe's June juniors are going on to college, good luck in the next four years! It's time to graduate and get your degrees. It's too late now to go back and fill in the gaps of your education. Here's what Donna Tobias has to say about her: "I'm so glad I went to high school. It was a real eye-opener." She's going to be a doctor. Here's hoping everyone gets where they want to go.

Well, Allen . . . you now are 18 and a pretty big deal yourself. You're in your final days of high school and college would . . . I think I'd give you a few tips . . .

Finally . . . when you put on those Dons (it's going to Eastern Michigan University), probably one of the best state universities in the country. Let me tell you there are a million things in there to buy that don't have to be bought. But don't buy any of that stuff! Because it's a waste of money and you'll just end up throwing it away.

So, if you are allowed to get any new clothes for school, get the things you really need. A couple of new shirts and you'll be set . . .

Bad News: You can't play away from S.A.D.A. and put your clothes in the wash.particularly if they're not going to be washed because . . .

TIP: Don't buy any books until you have to. Don't buy them at the store. You'll buy them at the store because you know you have to.

TIP: Remember that college teachers and college students are your customers. They usually don't have the time to stop and look over your clothes. They're in a hurry.

TIP: Don't worry about the grades. You're not going to have time to worry about the grades. You'll have time to worry about the grades . . .

TIP: It's not a bad idea to have a project in mind. It will help you stay on top of things. It will help you stay on top of things . . .

TIP: Don't waste your time on lettuce. Celery and cheese are not good for you. They're not good for you . . .

TIP: Try to understand. They've got a reason for saying what they're saying. They've got a reason for saying what they're saying . . .

TIP: You'll need a project in mind. It will help you stay on top of things. It will help you stay on top of things . . .
