## "Vote" Says Fred Sutter, School Board President

"Calvin Coolidge says: 'The picture of an electorate, eager and informed, going to the polls to defeat all that is bad and to elect all that is good has proven an illusion.' Securing good government by presenting good issues and candidates to the people requires work and money." We have seen how this works out in Grosse Pointe school district elections," says Mr. Fred Sutter, president of the Board of Education, "where our 'eager and informed electorate' (if any) stays at home and allows important issues to be decided for a population of 20,000 people by

## ALL-AMERICAN SPORT SHOP EAST SIDE AGENCY FOR U. OF D. FOOTBALL TICKETS

Regard for the comfort and pleasure of the spectators will be stressed at the University of Detroit football games this fall. ## Bond Issue Election in School District Set for September 30

Legal machinery for the holding of the special election on September 30 in the Grosse Pointe school district to vote on an approximately \$400,000 bond issue for the purchase of three Junior High school sites is being set in motion by the School Board's attorney, William Fitzpatrick.

Notices of the special election are soon to be posted and the resolutions to be placed on the ballot are being prepared.

The special election two weeks from next Tuesday will take place in the Grosse Pointe High School auditorium at Fisher road and Maumee avenues. It will open at 10 o'clock in the morning with a general meeting of the electors in the school district.

At this general meeting, a vote will be taken on whether the action of the School Board should be approved in the selection of the sites and in the price elected to be paid for the sites. If the electorate present at the general meeting approves the Board's action, the election is on and the polling will then begin and continue until 8 o'clock in the evening.

This bond issue election will bring to a climax and decision of the electorate a long struggle that has been carried on for the proposed Junior High schools.

It will be particularly significant in that the voting will only take place at the High school building whereas in previous bond issue elections, the voting has taken place in the precincts. The change in the procedure has been authorized by the Attorney General of Michigan.

"Common Clay" at Riviera Theater

Can an unmarried mother hope for justice from our "best people?" Who are our "best people?" Can a girl who has made a mistake ever rehabilitate herself?

These are some of the absorbing questions that are fearlessly answered in "Common Clay," amazing production which plays at the Riviera theater for one full week starting Saturday, Sept. 13th.

The story of "Common Clay" centers around a pleasure-loving girl who takes a job in a speakeasy because of the gaiety and music she craves.

"Around the Clock" is the title of the Riviera's stage presentation for the same week. Sammy Dibert and a big cast of entertainers are featured in this potpourri of exotic music, beautiful dancing girls, and spectacular scenery.

Annual Heating Plant Cleaning Will Reveal Flue and Chimney Defects.

Annual Fire Cost Set at \$10 Per Capita

A total personal fire tax of ten dollars is annually levied upon every man, woman and child in this country, says the Holland Institute of Thermology of Holland, Mich.

According to the Institute, the man in the street is indifferent to fire prevention in general terms, because he does not realize that fire loss at some distant point actually costs him something.

Citing wool as an example, the Institute points out that it is insured in the warehouse, in transit, in factory or tailor shop, and again in the retail store.

Public indifference to fire prevention would be replaced by a lively interest in ways and means for preventing fires everywhere, says the Institute, if on some "blue-Monday" a collector called upon the head of the average family of five and demanded a check for \$50, representing the \$10 share of each in the nation's fire cost.

"The Unholy Three" at Hollywood Theater

The first and only talking picture made by Lon Chaney, the screen's "Man of a thousand faces," is the unusual attraction offered to patrons of the Hollywood theater for the program opening Sunday and continuing four days.

"The Unholy Three," not only brings to the screen the marvelous acting and makeup of Chaney but reveals him as a man of many voices. His natural voice is one plainly resonant, while his ventriloquistic ability is revealed in his interpretation of several other roles, including a dummy and an old lady, the latter requiring a strange falsetto.

The picture itself is a gripping melodrama that holds the spectator from start to finish. Chaney plays the role of Prof. Echo, sideshow ventriloquist who quits that business and takes on a couple of his comrades for the purpose of robbery, by means of establishing a bird store as a blind.

This forms the basis for the crooks' operations. Romance is introduced through the spell that Chaney casts over a girl and through her love for a clerk in the store. A mysterious murder is traced to the bird store and from that point on the thrills come in rapid order.

Supporting Chaney are Elliott Nugent, Lila Lee, Harry Earles, the midget and Ivan Linow, the giant.

In addition to the Hollywood Merry-makers playing on the stage, there are several high class vaudeville acts, headed by Ray Dean and Girls, a glittering revue of music, song and dance. An Our Gang comedy, "When the Wind Blows," a McNamee news reel and an organ sing by Bob Clarke complete the program.

The Hollywood theater will give away free the 62nd and 63rd Ford coupe or tudor Friday and Saturday nights.

Connecticut Tobacco Tobacco was first raised in Connecticut between 1640 and 1690. Its cultivation was undertaken because of a law restricting the use of tobacco to that grown in the colony.

Pliny's Immortal Work The most ancient encyclopedia is Pliny's Natural History, which comprised 2,498 chapters.

Duncan Sisters Come to Michigan Stage

The Duncan Sisters, famous stage and screen personalities, are appearing in person at the Michigan Theater this week, sharing honors with the new Robert Montgomery comedy romance, "Love in the Rough."

The Duncan Sisters, Vivian and Rosetta, are known as the world's most famous pair of entertainers. They have been starred in a number of Broadway productions including "Hitchy Koo," "Tip Top," and several Winter Garden Shows, and made the stage show of "Topsy and Eva" famous.

Recently they were seen in the motion picture "It's a Great Life." On the Michigan stage this week they sing some of the songs they have made famous. Lou Kosloff is the smiling master of ceremonies, and a host of Public stars are featured in the stage frolic.

"Love in the Rough" is the screen feature this week. Robert Montgomery plays the leading role in this comedy romance of the golf links which has been adapted from the popular stage hit, "Spring Fever." Dorothy Jordan, Benny Rubin, Dorothy McNulty and

J. C. Nugen head the supporting cast. The Michigan Symphony Orchestra, under the able direction of Eduard Werner, offer a beautiful music arrangement, and the balance of the huge program is complete with short talking subjects and the latest sound news events of the day.

"Monte Carlo" Now State Screen Offering

"Monte Carlo," a new, ultra modern romance of gay lives and living, brings to the State talking screen Jeanette MacDonald, lovely stare of "Vagabond King" fame.

Jack Buchanan, English musical comedy favorite, long associated with Beatrice Lillie and Gertrude Lawrence, plays opposite Miss MacDonald.

Zasu Pitts, Claude Allister, John Roche and Albert Conti are featured in the cast. The famous writing-directing team who made the "Love Parade" has had charge of this production, namely, Ernest Vajda and Ernst Lubitsch.

Vincent Lawrence, whose plays include such hits as "Spring Fever" and "In Love with Love" wrote the sparkling dialogue.

Sound and talking newsreels, novelties, specialties, and comedies complete the huge surrounding State program.

**"All Quiet on Western Front" at Punch and Judy Starting Sunday**

"All Quiet on the Western Front," Universal's stupendous, graphic and truthful presentation on the screen of Erich Maria Remarque's sensational book, will be at the Punch and Judy theater, Sunday, Monday, Tuesday and Wednesday, September 14, 15, 16 and 17.

Remarque's book, regarded as the greatest human document of the war, has broken all publishing records and has been translated in almost every language. No story ever pictured has had as many readers.

Universal presents "All Quiet" as a super picture produced and directed with the aim of carrying the greatness of the book to the screen, truthfully and without magnification, maintaining all the powerful drama and intense human interest of the Remarque narrative. There is a stirring sequence of romantic appeal, in which Remarque's school boy soldiers have a midnight rendezvous with the French girls across the canal. This is as Remarque wrote it and it is a beautiful interlude of young love in the midst of war.

Lewis Milestone, one of the youngest and most prominent directors in pictures, directed "All Quiet." A sterling cast was chosen by Milestone and Carl Laemmle jr. and nothing was spared to make this the greatest of all pictures of the war, exactly as the book was the greatest book of the war.

Louis Wolheim, famous for his creation of the role of "Captain Flagg" in the stage production of "What Price Glory," and for his screen characterizations, and Lewis Ayres a brilliant youngster of 20, head the excellent cast. Wolheim has the role of "Katzinsky" and Ayres the role of the leading character, "Paul."

Others in the cast are Russell Gleason, William Bakewell, Scott Kolk, Walter Browne Rogers, Ben Alexander and Owen Davis Jr., as the six comrades of "Paul"; John Wray, noted New York actor; George "Slim" Summerville, Harold Goodwin, Richard Alexander, Arnold Lucy, Pat Collins, Bill Irving, Yola D'Avril, Poupee Andriot and Renee Darnonde.

The story of "All Quiet" is based on the experiences and observations of Remarque who went to the front as a schoolboy. Every character is authentic and every incident. Critics have proclaimed the grim realism of the book the secret of its record-breaking success and it is the powerful appeal that Universal has brought to the screen.

"All Quiet" was adapted to the screen by George Abbott and Maxwell Anderson, co-author of "What Price Glory." It required more than three months of actual photography and cost more than a million dollars in the making.

**Cooper Stars in War Story at the Aloma**

Gary Cooper, hero of "The Virginian" and "The Texan" becomes a gallant captain in the U. S. Engineers in "A Man From Wyoming," which opens at the Aloma theater for a two day run, Thursday and Friday next week.

"A Man From Wyoming" is the story of the adventures of a young Westerner who enlists at the first bugle call and serves valiantly in the great conflict in France.

During a particularly stiff engagement June Collyer, a society girl ambulance-driver, craving thrills, makes her way to the front, "A. W. O. L." She wanders into Cooper's territory and draws shell-fire. He is forced to arrest her. He treats her roughly, but he cannot help admiring her grit. She is fascinated by his stern manliness, and the result of their friendship is marriage in a small French village.

They spend three happy days together in happy abandon. But he is ordered back to the trenches again, and they part. Later on June reads a report which lists Cooper as among those killed in an engagement with the enemy.

Overwhelmed by the news she plunges into a orgy of wild parties. Meanwhile Cooper, not killed but badly wounded, is sent to the base hospital where June is an attachee. He is shocked to hear of her scandalous behavior. She tells him in vain, that she had been trying to forget the tragedy of the false news of his death. But

he does not believe her. Their differences lead to a bitter argument, but after a series of exciting events they are brought together finally in a happy reunion.

The story was written by Albert Shelby LeVino and John V. A. Weaver. Rowland V. Lee, who served on five fronts during the war, is the director. He made George Bancroft's "Ladies Love Brutes," "Barbed Wire" and a number of other film successes.

In the cast with Cooper and Miss Collyer are Regis Toomey, Morgan Farley, E. H. Calvert and William B. Davidson.

VOTE **YES** ON  
September 30th  
School District Bond Election

ON TUESDAY, SEPTEMBER 30TH THE QUALIFIED ELECTORS OF GROSSE POINTE WILL BE ASKED TO AUTHORIZE A \$399,000.00 BOND ISSUE TO FINANCE THE PURCHASE OF THREE JUNIOR HIGH SCHOOL SITES. THE VOTERS' LEAGUE FOR BETTER SCHOOLS URGES EVERY QUALIFIED ELECTOR TO GO TO THE POLLS ON THAT DAY AND VOTE YES ON THIS PROPOSAL. PARTICULAR ATTENTION IS CALLED TO A CHANGE IN METHOD OF VOTING DESCRIBED BELOW

Every proposal to expend a large sum of money should be most carefully considered and certain questions favorably answered before the money be voted.

- First: Is the object in view a necessity?
- Second: Is it being accomplished at lowest cost?
- Third: Is there some other way to secure the same result more cheaply?

The Voters' League for Better Schools asks these questions and answers them as follows:

**FIRST.** Is the purchase of three junior high school sites a necessity? **YES.** Our junior high pupils are housed in the senior high school on Fisher Road. This is now so overcrowded that it is absolutely necessary to withdraw all or most of them and place them in a new building. We **MUST** therefore acquire a site for and build junior high school No. 1 at once. Since sites No. 2 and No. 3 are still acreage, if cost is any object these must be acquired now.

**SECOND.** Are these three sites being purchased at lowest cost? **YES.** The three sites recommended by the Board of Education were selected because no other suitably located sites could be obtained at as low a cost.

**THIRD.** Will a two-school or a four-school plan do the work more cheaply than the three-school plan? **NO.** Three junior high schools will adequately serve the district. Over 99 per cent of the children using them will be within walking distance so that we can do away with bus transportation which is expensive and undesirable for various reasons. We are at present giving bus tickets to 750 children at a cost of \$15,000.00 per annum. If our junior high schools are located too far apart we may see our transportation bill reach \$30,000.00 or more per annum. This sum is sufficient to pay interest on and retire a \$500,000.00 bond issue. Two schools in a district six miles long are too far apart. The transportation costs would soon pay for a third school. Four schools are too close together and would cost more to build and operate than three schools.

It should be kept in mind that there are always objectors to school sites. Our present senior high school building was held up two years by the efforts of a small group which was able to enforce its will upon the district for that length of time. If you wish to prevent your junior high school program being hamstrung in a similar manner, if you wish to back up your Board of Education, go to the meeting at 10:00 A. M. September 30th, High School Auditorium, ratify the Board's proposal and cast a ballot marked **YES.**

Yours respectfully,  
**VOTERS' LEAGUE FOR BETTER SCHOOLS**  
(Organized in 1923)

**NEW METHOD OF VOTING**

The Attorney-General ruled, under date of August 12th, 1929, that bond issues cannot be voted upon by precincts. A meeting of electors must be held, to ratify or alter the amount estimated by the Board and then the question of issuing the bonds balloted upon. Extract from the above opinion; " \* \* \* the practice is, when the meeting is opened to permit the electors assembled to ratify or change the amount estimated by the Board and then proceed by ballot to vote on the question of whether or not the bonds shall be issued."

"Vote" Says Fred Sutter, School Board President

(Continued from Page One) The ballot of a few hundred voters. It has been fortunate for Grosse Pointe that these few hundred voters have usually been people of hard common sense and good judgment and their decisions, in the main, have been of advantage to our district.

"The danger of such a situation lies in the fact that a very small number of votes may swing an election one way or the other," Mr. Sutter continues. "That no serious harm has been done in the past is no guarantee for the future. It is of the utmost importance that a much larger number of our good citizens interest and inform themselves in public affairs and then show eagerness in action, the lack of which ex-President Coolidge deploras.

"Mamba" New Punch and Judy Presentation

How did the officers of the British and German Colonial troops in Africa regard each other at the outbreak of the great war?

Far from the seat of actual combat, it was difficult for them to have the same feeling of enmity that existed in England and Germany proper and on the battle lines in France.

This cordiality was cemented even more firmly by the fact that each army group recognized a common enemy in the horde of black tribesmen who outnumbered their small white settlements more than ten to one.

These problems form the background of the story of "Mamba," a Tiffany all-talking feature done in Technicolor and to be presented Thursday, Friday and Saturday, September 11, 12, and 13 at the Punch and Judy theater.

The locale of "Mamba" is the little German settlement of New Posen in East Africa, only a few miles from the borders of the British possessions, in the year 1914.

Around this man a tale of tense drama is woven. Bolte's beautiful wife, whom he has literally bought from an impoverished German count, falls in love with the dashing young Major in command of the German garrison, who, incidentally, is the hero of the story.

Jean Hersholt plays the role of Bolte, Eleanor Boardman is his wife and Ralph Forbes is the German Major. "Mamba," produced at a cost of more than half a million dollars, is said to be one of the most elaborate pictures ever filmed, and its African locale and the fact that it is in both dialogue and color make it one of the big possibilities for 1930.

"The Bad One" Aloma Offering Sun. - Mon.

Perhaps no other film document of recent years is so abundantly supplied with sheer entertainment value as "The Bad One," the United Artists all-talking and singing comedy-drama of the French waterfront cafes starring Dolores Del Rio, with Edmund Lowe at the Aloma Theater, Sunday and Monday.

Starting with the noisy Marseilles cafe scene, with a mechanical piano raising its cracked voice above the shout of men for wine, and more wine \* \* \* dancing and singing women and the busy activity of commission girls doing out drinks to sailors on carnival, the picture affords the star her greatest opportunity to date.

With Edmund Lowe appearing with her for the first time since the pair made their memorable appearance in "What Price Glory," Miss Del Rio as "Lita" in "The Bad One" is strongly reminiscent of "Charmaine" in the war story.

Her character is that of a girl thrust by circumstance into a typical seaport cafe, whose living depends on the exploitation of her charms, the timely winking of her eyes and her industry in refilling empty glasses.

In this role the star is obliged to exercise the full emotional range; from coquetry to comedy and from wistful moodiness to tragedy when one of her innocent flirtations sets in full motion the machinery of love.

Edmund Lowe is again the character he was in "What Price Glory," "In Old Arizona," and "The Cock-eyed World," though his profanities are lacking in favor of salty wisecracks. As the

American Don Juan of the seas, whose boast is that he can get any girl in the world, he presents a typical Lowe whom any girl would find it hard to resist.

The picture abounds in highlights, with the climactic thrill wisely reserved for the end when the two central characters find themselves involved in a desperate revolt from which they emerge happily.

Cream Faucet Dick, a city lad, was watching, for the first time, a farmer milk a cow. "Mr. D., which faucet do you pull for the cream?" inquired the curious lad.
