# SCHOOL BOARD AGAIN UNDER FIRE

## "Goodfellow Day" Here Set For December 18

## Army-Navy Game Radio Audience Asked to Aid

### "Goodfellow Day" to be Observed Here by Lions Club Members

Thursday, December 18 has been set aside by the Grosse Pointe Lions Club as "Goodfellow Day" in Grosse Pointe. On that day, the entire membership of the Lions club, assisted by police and fire departments as well as the officials of the several villages, will, in the role of newsboys as of "Yesterday" seek to sell copies of a "Goodfellow" edition of the Grosse Pointe Review.

The sale of the papers will be for a premium as the entire proceeds from the sale will be used for charitable purposes in Grosse Pointe.

The Lions club members and their assistants will "cover" the main streets and thoroughfares in the district, canvassing motorists while others will sell the paper in the business sections, in the stores and offices, and still others will sell from door to door in the residential sections.

Last year's "Goodfellow" drive of the Lions club was an overwhelming success, the residents responding with unusual generosity. This year, the needs of charity being greater, the Lions club as it prepares for the task doubly hard this year, is confident of a cordial and generous reception again.

### Harris Will Granted Another Hearing by Circuit Court Judge

The will of Frank R. Harris, of Grosse Pointe Shores, had a second hearing before a jury in Judge Joseph A. Moynihan's circuit court last Monday. The will left the bulk of the Harris estate to a restaurant proprietor.

The will was broken in February, 1928, by a nephew, Joseph Harris, and a niece, Laura May Harris, now Mrs. Laura Kappel. The case was heard before Judge Orien S. Cross, of Allegan, a visiting jurist. The decision was appealed to the state supreme court, which ordered a retrial.

Harris died March 1, 1925. Two days before his death a will was made in which he bequeathed the most of his estate to George Morris, proprietor of a restaurant at 15023 East Jefferson avenue. The will was drawn up by John W. L. Hicks, an attorney at 814 Ford building, who was tried for and acquitted of forgery.

The present case was brought by Morris, who is seeking to have the will upheld.

### Police Negligent in Preparing Court Case, Prosecutor Charges

Police have been negligent in the preparation of the case against Nicholas Dellabonte and Frank Salimone, charged with the murder of two Grosse Pointe Park policemen, Eugene A. Walling, assistant Wayne county prosecutor, stated this week.

Walling has recommended to Harry S. Toy, prosecuting attorney that the grand jury now in session in Detroit investigate the matter.

The two Grosse Pointe Park policemen whom Dellabonte and Salimone are charged with killing are Patrolmen Lanstra and Meyers. The two officers were slain in a gun battle early one morning several months ago as they sought to investigate a hit-and-run accident. When they were about to question the occupants of a car parked on Jefferson avenue, near the Grosse Pointe Park municipal building, guns blazed away at them without warning and they were killed in their tracks.

Police neglected to interview all witnesses to the slaying of the two patrolmen, Walling charges. They also failed to have witnesses of the shooting view men taken in a raid on the Grosse Pointe home of Joseph Catalanotte, where one of the guns used in the slaying was found, he said.

### Neighborhood Club Activities

On Tuesday, December 9, the Boys Workers and Probation Officers of Detroit will hold a luncheon meeting at the Neighborhood club.

The first basketball game of the season will take place on December 8 at the Neighborhood Club, between the V. V. V. Girls and the Wolverines. This is a practice game to limber up the teams for the coming conflicts.

The Neighborhood club certainly is a busy place these days. Christmas is only a few weeks away and plans for holiday festivities are in full swing.

### Children of Trombly School Pack Baskets

During the week of Thanksgiving the Trombly school boys and girls packed and distributed thirty Thanksgiving baskets, to needy families. Each bushel basket contained a load of goodies donated by the school children and their parents. The baskets were carefully planned so that each one contained a good Thanksgiving dinner and enough staple foods and canned goods to last several days. The interest and happiness exhibited by the children in this activity made the Thanksgiving week at Trombly school an especially one.

### Mother's Club Plans Dance-Bridge Party

A dance and bridge party will be given on December 6 by the Grosse Pointe High School Mother's Club for the purpose of boosting the student loan fund. Table and door prizes will be awarded.

### Six Letter Men Out as Swimmers Practice

Swimming practice is now under way at the Grosse Pointe High School with six letter men out again this year.

Order Christmas cards now.

### Taxpayers Association levels attack at School Board in letter to Review

The Grosse Pointe Taxpayers Association in a letter to the Grosse Pointe Review this week replied to two editorials published in a recent issue of the Civic News, a publication in the community devoted to commenting on civic matters. The two editorials referred to, concerned matters of interest to the Grosse Pointe School Board and were in defense of the School Board.

The reply of the Taxpayers Association leveled in no uncertain terms a vicious attack on the School Board, its policies, actions and plans.

The letter was signed by Edwin H. Lindow, secretary of the Grosse Pointe Taxpayers association and was addressed to the editor of the Grosse Pointe Review, who received it Tuesday.

Accompanying the letter was a copy of a letter sent to Mr. Lindow by H. J. Kaufman, director of the department of statistics and publications of the Board of Education of the city of Detroit. This letter also referred to the Civic News, denying the authoritativeness of several statements it contained.

The Taxpayers Association letter, printed in full, follows, with Mr. Kaufman's letter in adjoining columns:

December 1, 1930

Editor, Grosse Pointe Review.

Dear Sir:

Under the captions "The Cadieux-Kercheval School Site" and "Cost of Gabriel-Richard School," the last issue of the Civic News bristles with so many wrong and misleading statements, and is so obviously unfair and prejudicial in its remarks, that we feel that through your columns the public should know the real facts.

It is stated that at the special meeting of September 30th the bond issue for the Gabriel-Richard School site was defeated approximately a two to one vote. The correct vote was about five to one. The Auditorium in the High School where the meeting was held was crowded to capacity with nearly 700

voters, out of which on a rising vote, exactly 135 voted for the School Board proposal. In other words, at least a five to one defer

### Kaufman Writes

Mr. Edwin H. Lindow, Secretary Grosse Pointe Taxpayers Association Union Guardian Building Detroit, Michigan

My dear Mr. Lindow:

Your letter of November 21st was received. I have seen the editorial in the Grosse Pointe Civic News entitled "Cost of Gabriel-Richard School." The statements based on this one are wrong. No one made or was authorized to make such statements as were attributed in that article.

(Continued on Page Two)

### Mothers Club to Hold Book Sale

The Mothers Club of the Grosse Pointe High School wish to announce a Christmas Book sale for one week. The books will be on display Saturday, December 6th at the Card Party and dance and every day during the week in the school from 11 to 1 o'clock. Proceeds for the Welfare fund of the school. Orders taken by Mrs. Fred Harding every evening from 6 to 7, or call Niagara 0614.

Order Christmas cards now.

It was not a case of voting a school out of a neighborhood, as they allege, for only a comparative handful of that large gathering lived near any proposed site. It cannot be denied that it was an emphatic disapproval by voters from all over the Township of an extravagant and unnecessary plan.

The Cadieux-Kercheval site has been owned by the School Board and known as a school site for six years. Large in area—between 7 and 8 acres—square in shape, it is ideal for a Junior High School, and, when the need exists

for another elementary school it could adequately provide for that also. The same heating plant could serve both schools, and each would be separately administered. A great saving would result for the taxpayers and a great convenience would be effected for parents and children. With over 4 million dollars of the people's money invested now in schools and sites, our elementary schools less than half full, and not a single one anywhere near capacity, and our school taxes rising every year, it is no wonder the voters thought it about time the School Board began to consider economy and efficiency.

The Civic News is greatly irritated at criticisms leveled at the cost of the Gabriel-Richard School. It should know that the French Chateau style of architecture demanded by the Board of Education is altogether too costly for school buildings. Too much space is wasted. Why the attic alone of the

### Junior Basketball Team to Meet Neinas on 19th

The junior high school basketball practice of the Grosse Pointe High school has started, with approximately fifty boys out every night. They have but one veteran, Paul Boesson. Mr. Louis Vedder will coach the teams. The first game is scheduled for December 19 with Neinas Intermediate School of Detroit, here.

### GROSSE POINTE SOCIETY

By DOROTHY DEE

Grosse Pointe society is taking great interest in the Grosse Pointe lecture series this year. Society, you see, does not always spend its leisure hours in frivolous amusement, and the large attendance at the lectures is ample proof of it. But there is plenty of reason for the large audience, because the program planned by Dr. Hugh Stalker, chairman of the committee in charge, and his assistants, is so very interesting. The last lecture was given in the Grosse Pointe High School auditorium on November 24. Wilber R. Humphreys, professor of English at the University of Michigan, and assistant dean of the College of Literature, Science and the Arts, delivered a talk on "The Poetry of the Bible." There will be many people interested in the next lecture, from the busy big business man, to the frivolous debutante. The subject will be "The Causes of the So-Called 'Nervous Breakdown.'" It will be given in the Grosse Pointe High School auditorium, on December 8, by Carl D. Camp, M. D., professor of neurology at the University of Michigan.

On Saturday last Mr. and Mrs. William H. DuBois, of Grosse Pointe Park, were in town. Mrs. DuBois, who attended the Grosse Pointe high school auditorium on November 11, presented a program of the meeting at 7:55 p. m.—First Call. 8:00 p. m.—Assembly (troops assemble in gymnasium for review and inspection). 8:30 p. m.—Recall (troops march into auditorium). 8:40 p. m.—Address of welcome by Boy Scout. 8:50 p. m.—Introduction of guests by Dr. S. M. Brownell, chairman of the Court of Honor. 9:00 p. m.—Song. 9:05 p. m.—Presentation of badge awards by Court of Honor (second, first and badge awards). 9:30 p. m.—Entertainment. 9:35 p. m.—Presentation of flag by Grosse Pointe Lions club—Mr. Berns. 9:45 p. m.—National anthem, benediction, by the High School under direction of O. L. Igo.

### U-D and U-M Charity Game Gate Proceeds Hurt by Bad Weather

The charity football game between former star players of the University of Michigan and the University of Detroit played Thanksgiving Day at the Grosse Pointe High school athletic field admit most uncharitable weather conditions, yielded in proceeds, however, something in the neighborhood of \$500, it was learned this week.

The few hundreds of spectators who did attend the game will testify to the weather man's uncharitableness, as not only was the morning cold but the afternoon was blanketed in snow, a handicap to the teams. Pre-game enthusiasm and interest ran high and there had been a "break" on the weather crowd of approximately 2,000 spectators was expected and the Goodwill Fund of the Grosse Pointe Lions would have been swelled at least \$1,000.

### Court of Honor Held at G. P. High School for Boy Scout Awards

An assembly of Boy Scouts, for the purpose of presenting the annual awards to troop members at the Court of Honor, will be held at the Grosse Pointe high school auditorium on Saturday, December 11, 7:55 p. m.—First Call. 8:00 p. m.—Assembly (troops assemble in gymnasium for review and inspection). 8:30 p. m.—Recall (troops march into auditorium). 8:40 p. m.—Address of welcome by Boy Scout. 8:50 p. m.—Introduction of guests by Dr. S. M. Brownell, chairman of the Court of Honor. 9:00 p. m.—Song. 9:05 p. m.—Presentation of badge awards by Court of Honor (second, first and badge awards). 9:30 p. m.—Entertainment. 9:35 p. m.—Presentation of flag by Grosse Pointe Lions club—Mr. Berns. 9:45 p. m.—National anthem, benediction, by the High School under direction of O. L. Igo.

### 361 Calls Made to Scout Cars Over Police Radio

Police scout cars made a total of 361 runs on orders received from WRDR in the month of November, divided as follows: 12 runs on account of prowlers, 25 runs on account of suspicious cars, 16 runs on account of fires, 5 runs on account of lost children, 14 runs on account of dogs, 10 runs on account of mischief boys, 14 runs on account of family quarrels, 18 runs on account of accidents, 9 runs on account of drunks, 1 run on account of B. and E. reports, 1 run on account of live wires down, 4 runs on account of store doors open, 3 runs on account of reports of shootings, 2 runs on account of larceny reports, 50 runs on account of miscellaneous calls, 177 runs on account of calls coming into your station. Eleven arrests were made, and 10 persons were taken to hospitals on account of injuries received in accidents. There were two attempts at suicides in the Township, both persons rushed to the hospital before losing consciousness but the life of one of them was saved.

Purposes of Laughter "Laughter," said H. H. Ho, the sage of Chinatown, "sometimes drives away sorrow and sometimes only conceals it."—Washington Star.

## Radio Audience of Army-Navy Game Asked Aid

Now to help the unemployed, to relieve the poor and needy, the men and women and kids who are going hungry this winter and need our help and your help and the help of everybody, the All-American Sport Shop and Philco Radio are assisting in the raising of funds from the radio audience of the Army-Navy football game to be played December 13.

At this greatest game of the season, 30,000,000 people are expected to listen by radio to the broadcast of the game under the exclusive auspices of Philco.

In connection with this program, Philco and the All-American Sport Shop are pledged to donate the entire proceeds from the sale of a \$68 Philco radio, purchased by a Grosse Pointe

resident. Under this plan, the purchaser will receive a fully equipped radio and the sale price will entirely be given to the Salvation Army fund, as well as any additional amount over the sale price that the purchaser gives. In this way the purchaser gets a radio and contributes materially to relief of the needy and destitute at the same time.

Army-Navy "broadcast tickets," offering listeners to the broadcast of the Army-Navy football game for the relief of the unemployed on December 13 an opportunity to contribute, will be distributed here, it was announced today. These tickets call for contributions of one dollar to Salvation Army Radio Fund.

Tickets will be distributed here by the All-American Sport Shop, local Philco dealer, who are acting as local headquarters for the drive for the benefit of the Salvation Army's fund. Fifteen thousand Philco merchants throughout the nation are conducting similar activities, from which the Salvation Army hopes to net thousands of dollars to aid the unemployed.

Although anyone can listen in to the broadcast of this great game on December 13, the Salvation Army hopes these tickets will induce hundreds of listeners-in here to contribute their bit to the fund in payment for the privilege of hearing the game.

Every penny that is taken in will go to the aid of the families of the unem-

ployed the Salvation Army is caring for. Please do not send in cash—it is much easier both for the All-American Sport Shop and the Salvation Army if payment is by check or money order, and assures proper credit being given the donor. These tickets may be obtained at the All-American Sport Shop.

Do not send cash, the All-American Sport Shop requests. Make checks or money orders payable to the "Salvation Army Radio Fund" and send to the All-American Sport Shop, 14409 E. Jefferson avenue at Chalmers, or send direct to Salvation Army Radio Fund, care of Philco, Philadelphia, Pa.

Residents of Grosse Pointe came through admirably in the Liberty Loan drives. This is just as much of a crisis,

and thousands of suffering families are going to benefit from their donation," Mr. Roscoe, of the All-American Sport Shop, declared. "With all money distributed by the Salvation Army, we are certain that not a penny goes to anyone but the truly deserving unemployed." The broadcast, which will go over every station of the National Broadcasting Company and the Columbia Broadcasting System, will have the three greatest sports announcers in the world at the microphone—Graham McNamee, Ted Husing and Bill Munday. Philco, sponsoring the broadcast, has paid the largest sum ever given for the privilege and has donated this sum to the Salvation Army.

**Taxpayers Association Attacks School Board**

(Continued from Page One)  
 Richard School takes up over one-third of the total cubage of a school costing \$362,000, and its principal function is storage space, of which there is plenty. The better basis of comparison with Detroit schools is usable area. The Richard gives less than 16,000 square feet as against 27,000 to 30,000 square feet in Detroit schools of the same comparative cost.  
 As to the per pupil cost, the Civic News slips there also. The capacity of that school according to the Grosse Pointe School authorities' plans, and as reported in 1929 issues of the Civic News, was between 560 and 580 students. At 580, the per pupil cost runs \$626.00. When they discover it better to employ the standard count, as used in Detroit and generally over the country, they find the school should have a capacity of 760. This, of course, reduces the per pupil cost to \$476.00—not \$441.00, the Civic News states. Even this does not compare favorably with Detroit schools costing even less than the Richard—the John Marshall for example, which cost \$359,000 and has a capacity of 1320 and a per pupil cost of \$272.00. Furthermore, the Marshall is much better equipped. Over and above, the Richard it has the following: Auditorium, open window room, kitchen and lunch facilities, lockers and showers, conservatory, separate originally designed and well-equipped clinic, and a better humidifying and washed air system.  
 Indeed the more one goes into it the

The poor old Civic News in its excitement tries to justify the cost by stating it is less than the Mason or Trombley schools. Here again they slip. It is less than the Mason, which with a per pupil cost of \$647.00 is another flagrant example of School Board extravagance. It is, however, more than the Trombley with a per pupil cost of \$416.00.  
 To further bolster up their biased attitude they resort to unfair and derogatory remarks against the John Marshall school in Detroit, because this school was used at the September 30th meeting as a basis of comparison to show how much more the taxpayers' dollar bought in Detroit in the way of education than in Grosse Pointe. They try to escape the accusing facts by criticizing the use of cinder blocks in the Marshall School. This doesn't help them because their facts are wrong and because a plastered school in Detroit would have revealed a comparison just as unfortunate for the school board.  
 That the public might be correctly informed as to certain facts on Detroit schools and not be misled by the Civic News, we wrote the head of the Statistical Department of the Detroit Board of Education. Enclosed is the letter received in reply which is a sufficient refutation of the unfair remarks of the Civic News.  
 There is much more that might be said about our school system, its management and high maintenance costs, the inconveniences to which in many instances parents and children are subjected, the mounting school taxes and other matters. Sooner or later such matters may have to be unveiled.  
 The public are entitled to the facts. They pay the bills, their children are the ones vitally concerned. The Civic News having given this crowning example of prejudice and garbling of facts is hardly entitled to the public confidence.  
 (Sgd) EDWIN H. LINDOW.

(Continued from Page One)  
 The correct per pupil cost of the Richard building is \$476.00 based on a 760 standard capacity of the Richard Building according to our standards. The Marshall school in Detroit to which you referred cost \$359,000 with a standard capacity of 1320, bringing the per pupil cost to \$272. It is true that this building may have appeared to the casual observer as being crowded, but it must be remembered that on November 21st there were 1620 children housed in that building, an overload of exactly 300. An addition to accommodate 400 pupils is about to be constructed. The Marshall School, besides its standard rooms which count in the capacity, has the following auxiliary rooms which do not in any way count towards the capacity: kitchen, lunch and play room, locker and shower rooms, clinic, offices, and library. The science room has also a special conservatory. The heating plant of the Marshall School was so designed that additional equipment is not necessary when the 400 pupil addition has been added.  
 The references made to the type of construction of the Marshall School are also incorrect in the editorial, for the Board of Education has not considered this type of construction a mistake, nor ordered its discontinuance, nor has it been necessary to make alterations in the "cheap" interior of the Marshall School due to the use of cinder blocks. In fact, the Board of Education passed a resolution on October 28th which says that after considering the reports submitted by seventeen architects your Committee recommends that the Board rely upon the judgment of the architects to specify cinder blocks where they consider it preferable in the construction of school buildings.  
 The Marshall School is one of the ten elementary schools and additions built during 1928-29 in Detroit. The average per pupil cost of these ten buildings was \$280.00 with a low of \$231.00 and a high of \$430.00 per pupil. The average per cubic foot cost was 42c, with a low of 38.4c and a high of 49c. Since the size of the buildings or additions varied from 240 to 1320 they are in themselves not comparable. Only buildings built at approximately the same time, or approximately the same pupil capacity, or at approximately the same total contract cost are really comparable. Our Hally School contracted for in December, 1927, with a cubage of 1,076,000 cubic feet, a total cost of \$347,000, a cubic foot cost of 32.2c, a pupil capacity of 1280, and a per pupil cost of \$274.99 is perhaps a building which stands comparison better than the Marshall School, inasmuch as the lay public does not know sufficient about the possibilities of the use of cinder block construction in those parts of a school building in which it is used.  
 Assuring you, or any other interested parties in your community, of our fullest co-operation in giving complete and unbiased facts, I am  
 Sincerely yours,  
 H. J. KAUFMANN,  
 Director.

**Miss Collins Announces Ushers for "Spotlights"**  
 The list of patrons and ushers for "Spotlights," to be produced by the Detroit Junior Council of Federated Councils, Monday evening, December 8 at the Players theater, was made known this week by Miss Josephine Collins, general chairman of the production. Mayor Frank Murphy leads the patrons' list which also includes Miss Jessie Bonstelle, Mr. and Mrs. Julian T. Collins, Mr. and Mrs. Frank V. Hadas, Mr. and Mrs. Hamilton J. Kotcher, Mr. and Mrs. John F. Rosier, Mr. and Mrs. Wilber Snyder, Mr. and Mrs. Edward W. Brunck, Mrs. Alice Seefred, and Mr. and Mrs. L. C. Simonsen.  
 Among the ushers are the Messrs. James Brennan, Lawrence C. Dennis, Charles Green, Arthur Greiner, William B. Gregory, Charles A. Kotcher, Gerald H. Lapine, A. H. McIntyre, Dr. Stephen S. Sanderson, and Dr. James Woods.  
 The show is to consist of a varied program including some of the oldest fairy tales and most modern blues singers and is capably handled by Miss Josephine Collins who has had considerable experience in conducting dramatic efforts of many organizations.

**Character Education Will Be Emphasized at Gabriel Richard**  
 Characteristics and traits that go to make up good character are being emphasized in the Pere Gabriel Richard Elementary School, McKinley place and Kercheval, this year. The aim of the training is to place more emphasis upon training in attitudes, habits and ideals which will help in the building

**HERE TO SERVE LARGE MEMBERSHIP**  
 Aiming to add to the personal motoring services to its members in Grosse Pointe and vicinity, the Detroit Automobile Club has opened a branch office in Grosse Pointe, according to J. L. Barrett, president of the Detroit Automobile Club. Mr. Barrett pointed out that the Grosse Pointe area provides more members in the Detroit Automobile Club than any other similar territory in the metropolitan area of Detroit.  
 The new branch is located at 14944 East Jefferson.  
 "Of the 80,000 members of the club, about ten per cent live in Grosse Pointe," Barrett said. "As a matter of fact, more Grosse Pointe residents belong to the Detroit Automobile Club than there are members in the entire Toledo Automobile Club, Louisville Automobile Club and other cities of similar size. The Insurance Exchange at the Club also writes more automobile insurance within this area than any casualty stock conference company writes in the entire state of Michigan."  
 "Today the Detroit club is one of the biggest automobile clubs in the world and its territory embraces almost the entire southern and eastern portions of Michigan, extending to Benton Harbor and St. Joseph on the west coast and to Cheboygan at the extreme northern point of the Lower Peninsula.  
 Mr. Barrett sketched the history of the club from the date of its organization in 1916 when headquarters were in the old Ponce de Leon Hotel. The club offices then consisted of two desks, a table, two chairs and several borrowed maps. At that time it was purely a local institution. Today the organization spreads over two-thirds of the entire state, has 2 branches in the principal cities of the Lower Peninsula and maintains a home office in Detroit, a four-story building, with more than 300 employees.  
 "Since its inception the Detroit Automobile Club has been one of the strongest forces in the development of

of better citizens, it is pointed out. The program which is being carried out in the Richard school this year under the direction of Clarence J. Messner, principal, outlined for the Board of Education at its last meeting by Superintendent J. L. Brownell.  
 The work is divided into five parts, each closely related to the others and to the main objective.  
 A series of outlines developed by the Pontiac character education department in cooperation with the University of Chicago, being used. These outlines are being tested in several school systems on an experimental basis. At the Richard school the teachers, including the teachers at the Richard school, are using the outlines of the worth of materials. What ever is found of value will then be continued. Grade by grade, the subjects of these outlines are: grade 1B, "Health and Politeness"; 1A, "Kindness to Animals"; 2B, "Play and Friendship"; 3A, "Shepherd Life"; 3B, "Study of Family Life," with emphasis upon better home life and attitudes that bring about more closely-knit families; 3A, "Pioneer Life"; 4B, "Life at Its Best"; 4A, "Modern Heroes"; 5B, case studies, to help in developing in each child his best attitudes; 5A, "Peoples of Many Lands"; 6B, "Behavior Characteristics of Good Home, Community and School Citizens," through the medium of a club and group discussions; 6A, "Community Life," consisting of a study of noted pictures, churches, cathedrals and works of art as they are symbolic of high idealistic strivings of mankind.  
 A series of teachers meetings will be conducted to deal with the several aspects of character education, including the general philosophy of character education, its psychology, utilization of materials, its relation to the assignment and recitation, the home and character, the relationship of the school to other agencies, case studies and reports by teachers on the progress of the program in the Richard school.  
 Examinations are being worked out by teachers, to note the pupils' reaction to situation involving character traits.  
 Each child will be rated several times during the year on character trait cards.  
 Finally, the teachers will attempt to determine the results of the year's program. In this respect, Mr. Messner has pointed out that "It is difficult to determine objectively the results of a character education program unless one can set up specific situations involving traits with all factors controlled and then scientifically measure the responses of individuals in the specific situations. The above program will at least bring to the foreground of consciousness the importance of a definite program in character education." It is felt, however, that the emphasis placed upon character formation will be of great value to the children in their formative years, whether the results can be measured exactly or not.  
 In announcing this experiment in the Richard school, Dr. Brownell and Mr. Messner pointed out that the study of character education is not substituted for the "three R's" or other subjects,

but is in connection with the regular school course. Wherever possible, the character education is fitted into close relationship with the other school subjects.  
**Men Attend Dinner**  
 Several of the men of the administrative and teaching staffs of the Grosse Pointe public schools attended a dinner meeting of Phi Delta Kappa, honorary education fraternity, in Detroit Tuesday night.  
 Rev. R. D. Allen, assistant superintendent of the schools of Providence, R. I., spoke on a conference method of character education.  
 The Grosse Pointe men at the dinner were: Dr. J. M. Brownell, Edward E. Allen, C. J. Messner, John R. Barnes, Arthur E. Trippe, S. A. Shoemaker, L. M. M. Barrett, Charles Leavitt, Herbert Robert and William M. French.  
**Presbyterian Church of the Covenant**  
 Next Sunday evening the Presbyterian Church of the Covenant is to be host to the teachers, pupils, and friends of Eastern High School. This is an annual affair in the life of both institutions, and the Eastern High School Glee Club, under the direction of Mr. Howard Love, will give a program of sacred music.  
 The Reverend Alfred S. Nickless will speak on the subject, "The Light at the Crossroads."  
 Next Sunday morning the Protestant churches throughout the United States recognize as Universal Bible Sunday. The pastor will speak, in the morning, on the sermon theme, "Burnt but not Consumed."  
 On Wednesday evening, December 10, will be the next of the Church Night Fellowship Suppers, when the Reverend Ralph McAfee, Secretary of the Detroit Council of Churches will speak at 6:15 p. m. on his impressions of the conference which he attended recently in Washington in connection with the Federal Council of Churches. Dr. McAfee has been criticized by certain people in the public press in regard to his utterances about this conference, and we shall have the pleasure of hearing first hand from him about it. The public is invited.  
 Bible School meets at 9:30 a. m.  
 Young People and Taxis groups meet at 6:30 p. m.

 The Public is Cordially Invited to Attend

**Get Your Brakes and Wheels Tested for Winter Driving Free**  
 Instantly—No Time Lost  
 It takes only a second to test your brakes. Simply drive on the Tester and apply your brakes. The relative braking power on each wheel is immediately shown by the rise of liquid in the four gauges, which are positioned to correspond to the four wheels. That's all there is to it. This Tester has been installed for your safety and comfort. Please use it often.

You can check your alignment immediately by driving over our new Automatic Wheel Alignment Indicator. The hand on the large dial immediately shows any degree of misalignment present in number of feet the tires are actually dragged sideways in each mile due to the wheels being toed in or out. A bell warns you if this misalignment is excessive.

**DARLING'S GARAGE**

From southern New Jersey to Texas, and as far north as the Ohio and Missouri rivers, and in California the growing season is long enough to produce two crops of potatoes a year by the practical application of the dormancy-breaking treatments.

**10-YEAR SCHOOL BUILDING PLAN PROPOSED BY THE SCHOOL BOARD**

(Continued from Page One)  
 (i) At the lowest possible cost consistent with the above items.  
 "The changes in conditions since the building program was adopted likewise may be summarized as follows:  
 1. There has been less rapid growth of the district than in the years 1927-28.  
 2. The growth has not been evenly distributed over the entire district.  
 3. While there has been a considerable decrease in the percentage of growth in the elementary schools, growth in the junior and senior high schools has not decreased.  
 4. One site selected by the Board of Education for a junior high school now has three or four new houses built upon it.  
 5. At a meeting of the electors the proposition to authorize bonds was voted down because of objection to this particular site.  
 6. The closing of the old Cadieux School upon advice of the Fire Marshall and its use for Board of Education offices has reduced the capacity of the Cadieux unit.  
 7. The growth in the intermediate and high school population has practically filled the high school to capacity.  
 8. Residents in the Cadieux School district whose children are being cared for in the Defer, Richard and Trombly schools are objecting strenuously to sending their children by bus these long distances to school and are demanding an accessible school in their own district.  
 "Parents in the Kerby district have not made such strenuous objections but certain of them have objected and more are bound to do so in a short time. Parents in these districts feel that as taxpayers who have helped build schools in other parts of the district they are entitled to an accessible school in their own district.  
 "Considering the foregoing your Superintendent has attempted to outline a revised building program. There follow in Table Form statements of the working capacity of the present school buildings, their present enrollment, and room for pupil growth before additions need to be made. It will be noted that there is plenty of room in the elementary schools to care for a considerable increase

**Four Marx Brothers in Person at Michigan**

Of all of 1930's mighty Michigan weekly attractions the current one, that of the Four Marx Brothers in person on the stage, is the highlight of a year's gigantic entertainment program.

The stars of "Animal Crackers" and "The Cocoanuts" have been in Detroit before, but at \$4.40 legitimate stage show prices. The Michigan this week offers this mighty attraction at no advance in regular admission prices.  
 Chico at the piano, Harpo with his famous \$12,000 harp and his magic melodies, Groucho with his incessant and ever-uproarious chatter, and Zeppo with his sparkling personality combine to make the Michigan stage show a bedlam of mirth and melody.  
 On the Michigan screen, in connection with the Marx Brothers personal appearance, is "The Pay-Off" with Lowell Sherman and Marian Nixon. Sherman, veteran stage and screen villain, directed "The Pay Off" as well as enacting a principal role in the piece.

**"A Lady's Morals" on Fisher Screen**

"A Lady's Morals" is the current attraction featured on the Fisher screen. In the production are Grace Moore, Deny, Wallace Beery and George F. Marion.

A singer, just reaching the height of her fame; a lover who, learning that he is to go blind, dares not love her longer; triumphs in opera, and tragedy under the tinsel and glitter of fame—these are the elements of "A Lady's Morals," the drama in which Grace Moore, metropolitan opera star, appears to screen fans in her first talking picture. The new Metro-Goldwyn-Mayer production, based on the life of Jenny Lind, famous Swedish opera star of the past, is a vivid romance of love versus duty, and besides being a charming love story and interesting drama, affords the singer some great opportunities in song.

**"The Bat Whispers" To Be at United Artists**

The thrill picture of the year is "The Bat Whispers," Roland West's production featuring that dynamic young actor Chester Morris which is coming soon to the United Artists theater.  
 Morris, who skyrocketed to screen fame in "Alibi," and increased his following in "The Divorcee" and "The Big House," is said to give the most startling performance of his career.

The production is a succession of dramatic, mystifying situations with scarcely a pause for breath. The comedy moments are splendid. Genuine laughter is provoked by three fun-makers drawn from the stage, Maude Eburne, Charles Dow Clark and Spencer Charters.  
 Una Merkel, lovely lady of D. W. Griffith's epic, "Abraham Lincoln," co-star of "Eyes of the World" provides the feminine romance. She is destined to become one of the finest actresses in the realm of pictures.  
 Polished performances are given by Gracye Hampton, Gustav von Seyffertitz, Ben Bard, William Bakewell, Richard Tucker, S. E. Jennings and Hugh Huntley.

**Church of Christ Lochmoor**

E. G. Rockliff, Evangelist, 896 University Place, Grosse Pointe, Niagara 4447.  
 Last Sunday the preacher preached to good audiences both morning and evening, Lochmoor and East Detroit people being there in good numbers. A baptismal service was held in the afternoon.  
 "The whole object of this mission is to prove to all and sundry, that the Gospel is the power of God unto salvation, and to teach your children, to lay the foundation for eternal life while young. Meetings as follows:  
 Sunday, 9:45 a. m., Bible school; 11:00 a. m., worship; 7:30 p. m., Gospel

**Jefferson Avenue Baptist Church**

Services of exceptional interest will be enjoyed at the Jefferson Avenue Baptist Church next Sunday. Owing to the sudden cancelling of an evangelistic date in England, Dr. Charles Forbes Taylor and his brother Lawrence, will be our guests at both morning and evening services. Charles Taylor has been preaching for twenty-two years though he is only 31, having begun his career at the age of 9. He was known in both England and America as the "Boy Preacher." He is now one of America's leading evangelists. In addition to his ability as a speaker, he sings beautifully and is accompanied by his brother, a concert pianist of ability. In the morning at 11 o'clock his sermon topic will be "Does Christ Satisfy?" At the 7:30 evening hour he will speak on "God's Masterpiece." We hope to crowd the church for both these services.

"Southern Night" is the special service announced for Sunday evening. Folks from the Southland will have the center section of the auditorium reserved for them. The presence of our guests will add greatly to the enjoyment of this hour as they have come in the spirit of evangelistic campaign to the South. — welcome y

**Faith Lutheran Church**

"The Great Judgment" is the theme of the third Advent sermon which will be preached at Faith Lutheran Church next Sunday morning by the pastor, Rev. R. D. Linhart. A brief sermonette will also be delivered to the many children who remain for the service every Sunday morning. During the last six weeks the church has been filled nearly to capacity with an average attendance of approximately 1000. A ready invitation is extended to the people of the community to attend these services and to see what is drawing the crowds. A hearty welcome and a comfortable accommodation is promised to all visitors. The service begins promptly at 10:45 a. m.

Attention is called to this early announcement of the Christmas services at Faith church. At 7:30 Sunday evening, Dec. 21 the Christmas service will be presented by the children which includes a colorful pageant, "The Star." A service which is considered the most beautiful and most impressive of the year at Faith Church is the early Christmas morning service which again will take place at 6 o'clock on Christmas morning. On Sunday morning, Dec. 28th a Christmas cantata will be given by the vested choir of 80 voices.  
 The Bible school for children and adults will meet next Sunday morning at the regular time, 9:15. All children and adults are invited to enroll in this church.

**Messiah Lutheran**

Southeast corner of Lakewood and Kercheval avenues. A. H. A. Loeber, pastor, 1434 Lakewood avenue. Telephone Lenox 2121.  
 "Christ's Coming to Bethlehem" will be the subject of the sermon on the coming Sunday, December 14. This will be the third of a series of four sermons on the comings or advents of Christ. Services will be held as follows: German at 9 a. m., English at 11:15 a. m., Sunday school at 10:15.  
 The last of the special mid-week Advent services will take place Wednesday, December 17, at 8 p. m. The subject of the sermon will be: "Jesus Christ the Branch of Jesse."  
 The Men's Club will meet next Tuesday evening, December 16, at 8 o'clock.

in-school population. With the large area of the District however certain well populated parts of the District are not yet served by accessible schools.

TABLE I

| Building     | Working Capacity | Present Enrollment | Room for Growth |
|--------------|------------------|--------------------|-----------------|
| Cadieux      | 275              | 225                | 50              |
| Defer        | 900              | 650                | 250             |
| Kerby        | 240              | 120                | 120             |
| Mason        | 325              | 170                | 155             |
| Richard      | 675              | 390                | 285             |
| Trombly      | 850              | 350                | 500             |
| Vernier      | 120              | 27                 | 93              |
| <b>Total</b> | <b>3385</b>      | <b>1932</b>        | <b>1453</b>     |
| H. S.        | 1550*            | 1350               | 200             |

\* with rooms fixed on third floor.  
 "In considering the proposed building program it has been assumed that the Board of Education will secure the property on Vernier Road and on Charlevoix and Mt. Vernion for intermediate schools at an early date and that probably additional ground will be purchased on the present Defer School site as the location for an intermediate schools.  
 "The suggested building program is as follows:  
 "1931-32 construct new Cadieux School to be ready for occupancy September 1932, estimated capacity 560.  
 "During the summer of 1932 add a temporary gymnasium and shop unit to the old Cadieux school and fix over the rooms to make the building available for an intermediate school unit, with a capacity of 275 to 300, ready for occupancy September 1932.  
 "Construct during the year 1932-33, to be ready for occupancy September 1933, an intermediate school on the Lothrop property to house the intermediate school pupils from the Kerby, Mason and Vernier districts and the elementary pupils from the Kerby district temporarily.  
 "Construct during the year 1934-35, to be ready for occupancy September 1935, an intermediate school on the George Defer school site with a capacity of 700 to care for the junior high school pupils from the Defer and Trombly school districts.

"Construct during 1937, to be ready for occupancy September 1937, an addition to the Mason school with a capacity of 320 pupils.  
 "Construct during 1938, to be ready for occupancy September 1938, an addition to the Richard school with a capacity of 320 pupils.  
 "Construct during 1938-39, to be ready for occupancy September 1939, a new school on the Kerby school site, with a capacity of 560.  
 "Assuming that the school population will increase approximately 400 per year during each of the coming years to 1940, such a proposed program of building would, it is believed, care for the needs of the school district.  
 "The following table shows this construction program in tabular form, followed by a table showing the enrollment, working capacity, and room for additional pupils in the elementary, intermediate and senior high schools during this same period.

TABLE II

| Year of Construction | Date ready to Occupy | Building                          | Added Capacity |
|----------------------|----------------------|-----------------------------------|----------------|
| 1931-32              | Sept. 1932           | New Cadieux                       | 560            |
| 1931-32              | Sept. 1932           | Gym and shops, Old Cadieux        | 460            |
| 1932-33              | Sept. 1933           | Intermediate school on Site No. 2 | 700            |
| 1934-35              | Sept. 1935           | Intermediate school on site No. 1 | 400            |
| 1937                 | Sept. 1937           | Mason addition                    | 320            |
| 1938                 | Sept. 1938           | Richard addition                  | 320            |
| 1938-39              | Sept. 1940           | New Kerby                         | 560            |

TABLE III

| Year    | Elem. Enroll. | Elem. Capac. | Room for Growth | H. S. Enroll. | H. S. Capac. | Room for Growth |

**Presbyterian Church of the Covenant**

The Sacrament of Holy Communion will be observed at the Covenant Presbyterian Church next Sunday at 10:45. There will also be reception of new members. The sermon theme will be "Immanuel-God With Us."

In the evening at 7:45, Mr. Nickless will speak on "The Trinity in Relationship to Modern Life." This will be at the request of the young people of the Covenant.

The Tuxis and Young People's groups will meet at 6:30. Tea and Social Hour at 5:30.

Mr. F. W. Southworth will represent the Covenant at a Men's Congress held in Cincinnati, Dec. 11 and 12. The Congress is promoted by the Inter-denominational Council of Men's Work, representing 22 denominations.

Next Wednesday evening, Dec. 17, in the Brown Chapel, Mr. Nickless will speak on the history of some of the old Christmas carols. These carols will be sung by the Covenant quartet and congregation.

**Words in Holy Books**  
There are 181,263 words in one version of the New Testament and 593,493 words in the Old. The New Testament contains 7,959 verses; the Old, 23,214.

**GROSSE POINTE SOCIETY**

(Continued from Page One)

Recently Mr. and Mrs. George M. Slocum, of Roslyn road, Grosse Pointe, entertained at their guests Mr. and Mrs. William A. Olsoff, of Cleveland, Ohio.

Mr. and Mrs. Harold U. Van Leyen are again occupying their home on University place, Grosse Pointe, after an extended residence at the Parkstone.

At their home on Windmill Pointe drive, Grosse Pointe Park, Mr. and Mrs. Julian H. Harris entertained the debutante set and their escorts Saturday. The guests number 20, the affair having been given to honor three popular buds, Miss Barbara Baker and the Misses Eleanor and Florence Allington. The table was appointed with a delicate centerpiece of pink roses and iris, flanked by pale pink tapers. Following dinner the group went to the Country Club, where they spent the evening in dancing.

The Misses Anne Elizabeth and Mary Jane Post were the guests of honor at a luncheon party at which Mrs. Lucian E. Moore, Jr., entertained in her home on Bishop road, Grosse Pointe Park, Saturday. Johanna Hill roses with lavender sweet peas centered the table and ivory tapers illuminated the arrangements. Covers were laid for eight of the season's debutantes, the Misses Barbara Baker, Rhoda Newberry, Jo Stoepel, Florence and Eleanor Allington and Joan Nichols.

Miss Emily Young will return to her home on Lakeland avenue, in Grosse Pointe, Dec. 18, to spend the Christmas holidays with her parents, Mr. and Mrs. William J. Young. William J., Jr., will arrive from Ann Arbor Dec. 19 for

the recess.  
Mrs. Young has returned to her home following a visit in the East, having spent Thanksgiving with her daughter in Boston, later taking her to New York for the week-end.

Monday evening, Mr. and Mrs. Jerome H. Remick Jr. and Mr. and Mrs. Edwin R. Stroh entertained at a dinner dance at the Grosse Pointe Hunt Club, honoring Miss Genevieve Davison of Flint, who is visiting her aunt, Mrs. Jerome H. Remick Sr. Some of the debutantes of the season with their escorts, were guests.

On December 11 Miss Ruth DuCharme will arrive home from the Choate school in Brookline, Mass., and William H. DuCharme, Jr. who is a student at the Fessenden school at West Newton, Mass., is expected on the same day. They will spend the holidays with their parents Mr. and Mrs. William H. DuCharme, of Jefferson avenue, Grosse Pointe.

Having closed their home in Bloomfield Hills, Mr. and Mrs. Ralph Stoepel have leased the home of Mr. and Mrs. Emmet Dwyer on Cloverly road.

Grosse Pointe, for the winter months.  
As a guest at the Barclay hotel Walter S. Franklin, of Cloverly road, Grosse Pointe, is spending a few days in Philadelphia.

Henry B. Joy, Jr., will return on December 23 from the Massachusetts Institute of Technology, where he is a student.

Mr. and Mrs. Walter Parker have closed their home on Lewiston road, Grosse Pointe, and are at Daytona Beach for an indefinite stay.

Miss Ada B. Wardrop, daughter of Mr. and Mrs. W. Miller Wardrop of Grosse Pointe, left last week for Philadelphia, where she is to be bridesmaid at the wedding of Miss Anne Thorpe Rea and Pliny Jewell, Jr. Miss Rea is the daughter of Mrs. George Black Rea, of Ardmore and granddaughter of the late Mr. Samuel Rea.

Mr. and Mrs. David W. Rust, who have been in the east for the past week visting in Greenwich, Conn., and New York, returned to their Grosse Pointe home this week.

*Of course, you want a Radio!*

**We Have the One You Want**  
Would you like to have a radio set that would "look like a million dollars" in your home, and pick up far-distant stations as easily as a picaninny picks up pennies?

"Sure thing," you say, "but I can't afford . . . . ."  
Wait a minute 'til we tell you about the

**PHILCO**  
**BABY GRAND CONSOLE**

It's a beauty for looks and a bear for performance, and think of it—

It costs you ONLY **69.50** LESS TUBES

Cabinet of genuine walnut, bird's-eye maple and African Zebra wood, beautifully designed, 19 inches wide and 33 inches high. All-electric; 7-tube screen grid receiver; genuine built-in electro-dynamic speaker; station-recording dial; a Philco Balanced-Unit radio which eliminates distortion, insures splendid tone, clear receptivity—everything you can ask for in radio.

let alone beat it.  
Don't wait any longer—this is your radio here on our floor. Drop in today for a free demonstration. You can't afford to miss all the radio pleasure that's on the air. We'll go further than that bully price—we'll make you terms you just can't refuse.

How's that for a bargain? You bet—it's the most outstanding value in the radio world. We defy anyone to tie it.

But you'll have to step on it. Philco is the fastest-selling radio in the world today. Our stocks never last long. That's why we urge you to act at once. You won't be sorry!
