Loyalty of Friends in Death, Consols Family of Late Judge

The recent death of Judge Arthur Vernier, of Grosse Pointe Farms, has caused considerable sorrow among his host of friends in the Pointe and scores of expressions of sympathy to be extended to the surviving members of his family, but it is particularly the cause of grief to his aged foster parents, Mr. and Mrs. Fred G. Moran.

Mrs. Moran, who resides at 118 Moran road in the Farms where she has been a life-long resident, today recalls distinctly the adoption of Judge Vernier, then a boy of five years of age. His school days, his early manhood, his marriage and his more recent career in public office are vivid memories in her mind and are the source of considerable joy to her in reminiscing.

She recalls how early in life, Judge Vernier showed his colors when at the age of 17, he enlisted with the 19th Michigan Regulars for service in the Spanish American War.

Shortly following his return from military service, he married. He was 23 at that time. His widow and a son, Arthur, Jr., survive him.

During his participation in public affairs, Judge Vernier was highly respected and revered for his honesty, ability and integrity.

Mrs. Moran's greatest consolation in her bereavement is the memory of the funeral day when friends from far and near in great numbers gathered in St. Paul's church on Lake Shore road to pay their last respects to a departed friend. By special permission of the Bishop, Rev. George H. Kerby, pastor of a church in Jackson, and a relative of Judge Vernier, assisted at the burial services.

Neighborhood Club

The third round of the Ladies' Bridge tournament now in progress at the Neighborhood Club was played on Monday afternoon. Mrs. Pryor held high score, with Mrs. J. P. Stuart a close second. The next round will be played on Monday afternoon, March 2nd, at 2:00 p. m. Entries are still open and all those interested are invited to sign up. For further information, call Niagara 0771.

The Boy Scouts of Troop 79 held their Father and Son Get-Together at the Neighborhood Club on Tuesday, February 24th. Fathers and Sons competed in various contests and games after which refreshments were served.

Much interest is being shown in the the Ladies Handcraft class which meets on Thursday afternoons from 1:00 to 3:30 p. m. Instruction on making slip covers has been completed and their new project in connection with their extension course will be lampshades. This course is sponsored by the Michigan State College of Applied Science and Art. Any ladies interested are cordially invited to attend this class.

The V. V. V. Girls defeated the Imlay City girls at the Neighborhood Club last Monday night by a score of 26 to 16. The Imlay girls defeated the local girls at Imlay City, February 10th, which was one of their four defeats out of seventeen games played this year. Monday night, the V.'s were anxious to even up the score with their visitors, but were handicapped by the absence of three of their players. The Grosse Pointers felt the absence of Alice Wernet at guard. Clara Miller played a stellar game at guard, but was sent to the bench at the half by Referee Kaulitz after calling three fouls; this left the local team with only five players. Wolf was sent back to guard, leaving Bastien and Blatz in the scoring section with three guards, but they accounted for two baskets in spite of this handicap. Zip Zimmerman was hurried into a suit and played a guard position as good as a veteran, saving the game for Grosse Pointe.

Victor H. DeBaeke, Candidate for Justice of Peace, Writes, Stating Qualifications

The following letter written by Mr. DeBaeke was received this week by the Grosse Pointe Review:

"Victor H. DeBaeke, candidate for Justice of the Peace is well qualified for the office. He has practiced law for over six years, having entered the practice for himself after a year in the office of Denby, Kennedy and O'Brien. Mr. DeBaeke has resided in Detroit and Grosse Pointe all of his life and some people will remember his newspaper days. He was employed by the Detroit Free Press as a district distributor after a long career as newsboy. He did this work while attending school at University of Michigan. Mr. DeBaeke's life-long residence in the community has brought him many friends in Grosse Pointe. His experience in law has made him well qualified for the office of Justice of the Peace.

"He is endorsed by Grosse Pointe Township's leading citizens, including Hon. Alfred J. Garska, President of Grosse Pointe Park, and Hon. Walter Schweikart, Justice of the Peace.

"The election for Justice of the Peace will be next Monday, March 2, 1931."

New Books at the Grosse Pointe Library

Spring is just around the corner. Have you planned your garden for the coming year? Now is the time to do it. The Grosse Pointe library has a very helpful collection of books on this subject. Below are a few of the books that will be of interest to all those interested in their garden.

"The Book of Water Gardening," by Peter Bisset. A beautifully illustrated little volume which discusses in great detail the selection, grouping and successful cultivation of aquatic and other plants required in the making of a water garden.

"Bulbs that Bloom in Spring," by T. A. Weston. An illustrated little book which gives all the knowledge essential to the successful cultivation of the bulbs it discusses.

"Perennials of Flowerland," by Alice T. A. Quakenbush. A concise description of the various perennials and the care each requires, is adequately given. "My Rock-Garden," by Reginald Farrer. The rock-gardener will find in here many helpful hints, climatic conditions, soil, care and environment are carefully discussed.

"The Book of Annuals" by Alfred C. Hottes. A former professor of horticulture writes this very helpful book on annuals of merit.

"Better Sweet Peas," by George J. Ball. Everything from soil, planting, insects and diseases, watering and marketing to breeding new varieties of sweet peas is carefully discussed here. "The Lawn," by Lawrence S. Dickinson. This book helps one to select the proper seed for the soil and discusses the correct care of the various kinds of lawn.

"From a New Garden," by Mrs. Francis King. Anyone who follows Mrs. King's suggestions of flower combinations and cultivation is assured of a garden which radiates beauty and charm.

Public Office Record of Michael C. Beaupre Points to Election

If Michael Beaupre is elected president of Grosse Pointe Farms in the Spring election in that village one week from next Monday, March 9, and indications at recent primaries almost makes it certain, he will bring with him to that office a wealth of experience in handling public affairs.

This is to be readily seen when one appreciates the enviable record Mr. Beaupre has in the matter of being elected to public office.

As early as 1901, the office of Township clerk sought Mr. Beaupre—yes, that's right — rarely, if ever, has he sought the office, rather invariably it is the situation of the office seeking him. He served as Township Clerk in that year and the following one also, and then was elected Township Supervisor in 1905. He continued in this office until 1907.

In 1910, he was again pressed into public service, and this time as Justice of the Peace. The term of that office expired in 1914.

From 1915 to 1922, Mr. Beaupre served as trustee on the council of Grosse Pointe Farms.

"I have always been interested in the Village, was born here," said Mr. Beaupre, in commenting this week on why he consented to run for president. "Also, I always like to do my bit, carry my part of the load that makes for good citizenship.

Mr. Beaupre is prominent in golfing circles here, being the designer of several prominent courses. He is the father of two sons who have also gained considerable prestige in golfing circles, all playing an exceptional game.

In the election, March 9, Mr. Beaupre is opposed by Joseph Snay.

Woodmen of the World

The board of directors of the Woodmen of the World and the Pacific Woodmen Life Association will hold its semi-annual meeting at the Robert Clay Hotel in Miami, Florida, February 23. The last meeting was held in Detroit in August.

The board of directors have an unusually large amount of business to consider, including the reports of officers, action towards proposed Sovereign Camp and Head Camps, building of the new \$150,000 chapel and bird sanctuary on the grounds of the Woodmen of the World War Memorial Hospital at San Antonio, Texas, and the progress of radio station WOW at Omaha, Nebraska, according to W. A. Fraser of Omaha, Nebraska, president of the Woodmen of the World and the Pacific Woodmen Life Association.

Mr. Payne, a resident of the Park, points to his experience in the office in convincing the voters to re-elect him. He is a member of the Payne family that has been domiciled in Grosse Pointe for many years. His term of office as Justice was completed in 1928.

The dean of Grosse Pointe constables, Andrew T. Phillips, who has served Grosse Pointe Township for more than 10 years as constable is up for re-election in the Grosse Pointe Township election, Monday.

DORN APPEALS TO VOTERS In Statement, Points to Qualifications as Candidate for Justice of Peace

Pointing to his qualifications as a practicing attorney, his appreciation of the duties and responsibilities of a judicial office and his knowledge of Township problems, William F. Dorn, candidate for Justice of the Peace in the Township Primary election, Monday, appealed to the voters for consideration at the polls in a brief statement issued early this week.

He said: "The office of Justice of the Peace in Grosse Pointe Township is twofold in nature and purpose.

"Primarily, it is a judicial office entailing the duties and responsibilities of the fair and honest administration of Justice and the preservation of the peace and order of the community.

"Secondarily, it involves membership on the Township Board, the administrative body charged with regulating affairs effecting the Township as a whole.

"As an attorney engaged in active practice and experienced in court work, the requirements of the office from the judicial standpoint are familiar to me.

"From the standpoint of membership on the Township Board, several years experience and study while engaged in a semi-public capacity throughout the Township have prepared me for that work.

"In the interests of good government I appeal to all the voters to take part in Monday's election.

"If I am elected, I shall prosecute the duties of Justice of the Peace vigorously and to the best of my ability."

VOICE OF THE PEOPLE

A letter signed by Nils Skrobb, of 1471 Waburn avenue, was received early this week by the Grosse Pointe Review, in reply to a letter published last week from the Grosse Pointe Taxpayers association. The letter from Mr. Skrobb follows in full:

"The yardstick used to compare our schools with other un-named schools is not right due to the fact that all conditions are not considered.

"Owing to the fact that the ratio of population to area is entirely different than the districts used in comparison, the need for schools can not wholly be judged by seating capacity, it would be on a par with not having a high school at say Mack and the Blvd., in Detroit because the one at Grand River and the Blvd., still had some capacity left; only that it happens that he is talking of a grade school, and of children of a much more tender age and who should I believe be entitled to a school close enough so that it can be reached without a half hour's trip.

"In regard to operating expenses, I believe even the penny pinchers (who would like to transfer their parsimony to the shoulders of the owners of the cottages and smaller places, of which I am one) will agree that quality must be paid for, good teachers cost more than just teachers, and good supervision costs more than just supervision, also what might be termed overhead; supervision, clerical staff, fireman, etc., will naturally cost more per pupil in a smaller district as no way has yet been discovered whereby a directing staff capable of handling say 10,000 pupils can be cut in half to handle 5,000, a supervisor, a treasurer, a supervisor of physical activities, etc., can not be halved, therefore the cost per pupil would decrease as number of pupils increased.

"There is no doubt that the cost of building and maintaining schools in this district could be reduced, however this reduction would have to be in quality and I am quite sure that the taxpayers who have children in our schools would never agree to such a proposition. We can not make any possible investment better than the investment in our children's education, their teachers should be of the best, their surroundings at school should be at least comparable with their home surroundings, which means in this district better than a general average.

"Another thing that should be borne in mind when making comparisons is that all play ground activities are carried on in this district by the school board, no separate recreation department handles this expense as is done in some communities.

"As the only association in this school district that is solely concerned with the welfare of the children, is the Parents' Association. (Continued on Page Two).

Township Officers Will Be Selected in Monday's Balloting

Primed with the qualifications of the several candidates and with the pleas of the friends of the candidates still ringing in their ears, voters in Grosse Pointe Township await with interest the opening of the polls in the Township Primary election next Monday, March 2.

Ballots will be cast in Monday's election to nominate a Township Supervisor, treasurer, clerk, Justice of the Peace and member of the Board of Review in addition to four constables.

With no candidates filed on the opposition ticket, the voting Monday will be tantamount to an election for the successful nominees.

The candidates for the several offices are: Edmund C. Vernier, for Township supervisor; James M. Rasmussen for treasurer; Noah G. Payne, William F. Dorn and Victor H. DeBaeke for Justice of the Peace; Michael C. Beaupre for Board of Review and Andrew T. Phillips, Louis W. Champine, Joseph Trombley, Frank W. Defer and Samuel A. Gordon for constables.

An Apology

John Boase, who formerly conducted the Village Garage at Kercheval near Notre Dame in Grosse Pointe Village, and who moved to a new and larger establishment at Beaconsfield and Jefferson last week, not anticipating the volume of business that would have to be handled was sorry that it was impossible to take the proper care and attention that is usual and customary at the Village Garage. He states that extra service men have been added to his staff—and that the auto laundry plant, especially, would be able to take care of all customers'. Last week 12 or more had to leave without service.

Constable Samuel A. Gordon has proved himself an honest, faithful and fearless constable during the term in which he has served out of our office and I sincerely hope that knowing these facts the people of Grosse Pointe Township will return him to us as their representative in the constable's office. Surely the people used excellent judgment in sending him to us originally and I am sure that their good judgment will prevail once more and that he will again be with us as the people's constable.

Kimber, a Candidate for Village Trustee Cites Qualifications

Mr. George F. Kimber, who lives at 788 Rivard boulevard, wishes to lay before the people of Grosse Pointe Village that he considers as his qualifications for the position of Trustee of the Village.

Mr. Kimber is a graduate civil engineer of the Cornell University and has had twenty years of engineering experience. During this time he has been connected with the Ford Motor Company, the Solway Process Company, and the A. A. Albrecht Company. His training and experience has fitted him to meet the problems arising in the various branches of construction and maintenance work which are a part of the Village program, such as lighting systems, sewerage disposal, road work, water works, etc.

Mr. Kimber feels that there is need of a man of his qualifications on the board, as no one else on the board has the particular type of training and experience necessary to cope with the technical side of these problems.

VOICE OF THE PEOPLE

ent Teachers Association, and as they feel they should not mix in anything political, it seems as though the time were ripe when some organization should be formed to protect the children from the present organizations, which apparently have been formed by a group of self-starting publicity hounds, real estate dealers, and chronic kickers, and who consider anything and everything instead of what is the best interests of the children, which it seems to me, should come first.

"We do not hire a lawyer to work for us and then try to tell him how to do his job, or a doctor, or a dentist, but we do elect a school board which I believe we all agree is honest, conscientious, and hard working, they also have the best advice obtainable, and then we out of our ignorance try to tell them what to do, and what not to do, and most of the kicks, it is quite apparent, are prompted by motives which have no relations with the interests of the children.

"I believe that we should allow the School Board to prepare a schedule of their plans for the present and future without outside interference, this schedule should, and I believe would be, submitted to the voters for their ap-

proval, at which time it would be quite proper for us as voters to express our opinions with the ballot, until that time I think we are a bunch of poor sheep if we continue to allow any group to cloud the issue as to what is best for our children, by comparing our school system with others that are not any

more of a true comparison than comparing an Austin to a Buick would be. (They are both automobiles and they both give transportation). Hoping you will publish this letter at an early date, I am,

If you live in East Detroit there is a meeting at 213 Boulder avenue on Friday evenings at the same time.
