

POLICE RADIO WORK INCREASES

School Board Given Floor Plans on New Elementary School

Complete specifications and floor plans for the proposed elementary school to be erected by the School Board on Cadieux Road near Kercheval avenue were submitted by the architects to the Board at its regular meeting last Monday evening.

The Board now is seeking plans for the landscaping work involved in this building project and indicated at its meeting Monday, its intention to seek bids from suitable landscaping contractors. Construction of the proposed elementary school, the Board at a previous meeting indicated, would not be undertaken for some time and no action was taken at last Monday's meeting to indicate a change in the plan to delay construction.

\$9,200 FEE

Payment of approximately \$9,200 for architect's fees on the proposed new elementary school on Cadieux Road near Kercheval avenue was approved by the School Board at its meeting, Monday evening.

Mother's Daughters Stage Banquet Next Wednesday at Church

The Annual Mother and Daughter Banquet will be held on Wednesday evening, May 13th at six o'clock. It has always been a very popular event, and this year with the Tatterman Marionettes giving "The Glowing Bird," it will be especially delightful. Mrs. John N. Stalker, President of the Women's Association will preside. Tickets at seventy-five cents are now on sale and can be reserved by calling the church office, Niagara 1772. On account of limited space only a limited number of tickets are available.

Music Week Observed In Pointe With Art, Music Work Exhibit

National Music week was observed during the first three days of this week with an exhibition of art and music work at the Grosse Pointe High school. On Monday evening, the elementary schools furnished a musical program that attracted a capacity audience. The Junior and Senior High School glee clubs and mixed chorus presented an interesting program Tuesday evening, while on Wednesday evening the High school band and orchestra entertained.

Representative art works of the Grosse Pointe school pupils was on display in the High school corridors each evening. The directors of the several programs are the Misses Clemma Darling, Elizabeth Dexter and Esther Dixon; John Finch, O. Lincoln Igou and Mrs. Mae McLeod. The dances were given under the supervision of Mrs. Wanda Daniels and the Misses Garnet Foster and Margaret McKenzie. Jane Heckendorn and Francis Bennett were the student directors.

Neighborhood Club Activities

The Eleventh Annual Spring Dance planned by the V. V. V. Girls Athletic Club will be held on Saturday, May 9th, at the Neighborhood Club.

There will be some novel entertainment during intermission and from all reports it promises to be extremely different.

The Blue Moon Entertainers have again been engaged for the occasion. Tickets are on sale at the Neighborhood Club or may be had from any club members.

The six tennis courts at the Neighborhood Club have been put in shape and are now ready for use. All those interested are invited to join the Neighborhood Club. Senior membership is \$3.00 per year and Junior 25 cents. Courts may be reserved twenty-four hours ahead including Sundays and Holidays.

Advertise that vacant room or vacant points review.

Marine Hospital Is To Have An Addition Erected This Summer

Plans are being drawn for a \$600,000 addition to the Marine hospital located in the Windmill Pointe section of the Park, Representative Clarence J. McLeod has been notified by Ferry K. Heath, assistant secretary of the treasurer, according to Washington dispatches. Construction is expected to be started this summer, it was stated.

An action is pending in federal court to condemn land from the hospital grounds' eastern boundary to Alter road. It is this land that will comprise the site of the addition which include several score more patients' beds and a nurses home, it was reported.

Report Hugh Ferry's Son Involved in Auto Accident Down East

According to wire advices from the East, Wilbur H. Ferry, 20 years old, a son of Hugh J. Ferry, 344 Neff Road, Grosse Pointe Village, is under a \$1,000 bond pending investigation of a traffic accident in which he was involved in West Haven, Conn., early this week.

An automobile, Ferry, who is a junior at Dartmouth College, was driving was reported by police to have fatally injured an unidentified man. Witnesses, it was reported, told police the man ran across the street in front of the car. In an attempt to avoid striking the man, Ferry drove the automobile into a pile of logs.

Ferry played center on the Dartmouth football team last fall.

Honor Students Will Be Named for Year By Faculty Committee

New members of the Cum Laude chapter of the National Honor Society at the Grosse Pointe High School will be announced in the near future. The faculty of the school are choosing the members this week.

Following recommendations made by all faculty members who have come in contact with the candidates, a committee will make the choice after careful study. To be considered for membership a student must rank in the upper third of his class in scholarship. Other qualities necessary are leadership, character, and service.

Definitions of these qualities are given in a bulletin distributed to teachers. They are:

- Leadership is interpreted to mean: (1) demonstrating a degree of initiative in the classroom activities which leads to higher scholarship for all. (2) showing initiative in promoting any high-school activities. (3) successfully holding school offices, committee chairmanships, and other positions of responsibility. (4) contributing ideas which may be incorporated in the civil life of the school. (5) exerting a type of leadership which actively and wholesomely influences toward a fine leadership. Character A. A student may gain recognition in character: (1) by meeting his individual obligations to the school promptly and completely. (2) By demonstrating an honest spirit in his class work, and a spirit of cordiality and sincerity toward his teachers and student associates. (3) by actively helping to rid the school of bad influences or environment. (4) by upholding the ideals of the Christian organizations of the school whenever occasion affords opportunity. (5) by constantly demonstrating such qualities of personality, honesty, reliability, promptness, achievement, and morality as are indispensable to the finest young manhood and womanhood. JOHN ARENS RETURNS TO POINTE FROM CALIFORNIA

John Arens, formerly associated with the Quality Drug company, returned recently from an extended sojourn on the Western Coast. During his stay there, he resided for the greater part of the time in California.

SOCIETY

By DOROTHY DEE

Mrs. Luther S. Trowbridge of University place, Grosse Pointe Village, who has been visiting in the East, will return to Detroit in two weeks.

Lake Shore Country Club will hold the regular Saturday evening dinner dance May 9. Mrs. W. F. Mohrloff, chairman of the women's golf committee, has charge of the ladies' breakfast and golf tournament at the club, Thursday, May 7.

Miss Ella Joy, who has been spending several weeks in Edgewater, Calif., Miss, is expected to return to Detroit the first part of the week. En route Miss Joy is stopping for a brief visit in Chicago.

Formal opening of Lochmoor Club will be held Saturday, May 16. Dancing will follow a dinner. Women's golf events will open May 15. Mrs. Thomas Robinson is chairman of the Women's Golf Committee.

Mrs. Gilbert Waldo will return May 10 to her home on Country Club lane, Grosse Pointe Farms. Mrs. Waldo has been visiting in Pasadena, Cal., and Chicago.

Mrs. George D. Bailey returned this week to her home on Vendome road, Grosse Pointe Farms. Mrs. Bailey has been visiting her mother, Mrs. E. H. Gillen, in San Antonio, Tex.

The annual meeting of the Garden Clubs of America will take place in New York May 18. A number of members of the Garden Club of Michigan will go East for this, including the president, Mrs. Dexter M. Ferry, Jr., Mrs. Fred T. Murphy, Mrs. Harry N. Torrey, Mrs. Charles B. Warren, Mrs. Murray W. Sales, Mrs. Allan Sheldon, Mrs. Percival Dodge, Mrs. Edwin S. Barbour, Mrs. Ernest Kandler and Mrs. Harry S. Finkenstaedt. The annual meeting of the Michigan club will be held May 12, at the Grosse Pointe home of Mrs. Henry D. Sheldon. (Continued on Page Four)

Marjorie Best Made Honorary Member of Pionte Aquatic Club

Marjorie Best, champion baby swimmer, was made an honorary member of the Girl's Aquatic Club of Grosse Pointe High School, Wednesday. Marjorie is the undisputed champion baby swimmer of the world, and this year, for the second time, she will participate in the annual water pageant of the Grosse Pointe Aquatic Club. A short talk was made by Betty Hanna, president, welcoming Marjorie into the club, and Anne Austin, vice-president, presented her with the club emblem and pin.

Village Baseball "9" Loses Opening Game After Six Run Rally

By JOHN E. ALLARD

Although the Grosse Pointe Village Club outthit their rivals 15 to 11, they were forced to suffer defeat at the hands of the Woodward A. C. last Sunday at Neighborhood Field by the score of 12 to 10.

While the home club were guilty of ten miscues afield, and were trailing the opposing club by eight runs with two men away in the ninth, Eddie Snell dribbled a slow roller toward third and drew life when Mack fumbled. Berringer and Newcom singled, scoring Eddie. Kaarb followed with a single to register Berringer. Ted Hinz tripled to deep right, scoring Newcom and Kaatz, and scampered home himself when Bernard who had just been switched to right field from left, relayed badly to the infield, to score the sixth run of the rally. Tony Hilgendorf promptly singled and died there when Rudy Trimble missed a third strike, after driving what appeared to be a home run to the deep right field corner, but the ball hit foul by a hairs breadth. Thus was the (Continued on Page Two)

St. Ambrose To Stage Minstrel Show Next Week: Cast Selected

On Monday and Tuesday evenings, May 11 and 12, St. Ambrose Parish Minstrels will stage their first annual Minstrel Show at the beautiful auditorium of Grosse Pointe High School on Grosse Pointe Boulevard and Fisher Road. This production is featuring songs of yesterday, going back into the so-called gay 90's for the entire score.

To the older folks, this will be a real treat, as it will bring back memories of the "Old Gang," who used to yodel these sweet "Banjo Shop Chords," down on the corner, and to the younger set, it will be more than a treat, as it will be something really out of the ordinary run of shows. Judging from the manner in which the caste are taking hold and from the way this mixed chorus is harmonizing, this production promises to be the real outstanding feature of the decade, especially in these parts.

St. Ambrose, at this time is featuring in this show, the Grosse Pointe Park Firemen's quartette, and which need take no back seat for any other organization of its kind in Detroit. The singing smoke-eaters are Al Martin, Jack Thomas, Bill Weaver and Mike Bozeman, and a real surprise is in store for those who will first hear these boys.

The climax of the production is, Mr. Charles Williams of WMBC fame and who is justly styled Detroit's Own Radio tenor. This feature is really something that should not be missed as Mr. Williams possess one of the sweetest voices, heard over the air.

The other features of this performance are really more than meritorious and consist of Miss M. Wayne, Miss M. Yops, Miss J. Hardon, Mrs. Krass, soloists, Rud Schmidt, as soloist, assisted by (Continued on Page Two)

Water Pageant Will Be Staged Thursday For Students' Benefit

A special performance of "The Pirates Plunder" Water Pageant of the Girl's Aquatic Club of Grosse Pointe High School, will be presented next Thursday afternoon at 3:45 o'clock for the benefit of the students. The admission for this student performance will be ten cents. Some of the very best features of the pageant will be omitted in the afternoon, however. The regular performance will be Friday night at 8:15 o'clock and the admission will be fifty cents.

At the evening performance, Marjorie Best, three-year-old, champion baby swimmer and her one-and-a-half year old brother will give an exhibition of their aquatic ability. (Continued on Page Two)

School Represented In Art Exhibition At Department Store

The Grosse Pointe High School and other Grosse Pointe public schools were represented in an Art exhibit held at the J. L. Hudson Company, beginning April 25 and ending May 2. Many of the public schools of Detroit and the metropolitan area were represented.

The Exhibit was held to show the Art work that was being done in the different schools of Detroit and vicinity. No prizes were awarded.

On May 4, 5, and 6, the Art department of the Grosse Pointe High School had a large school exhibit, during the Music festival, which was held here on those days.

Residence at 1263 Maryland Burglarized, Cash, Clothing Taken

The home of Mr. and Mrs. Harvey Dumont at 1263 Maryland avenue, Grosse Pointe Park, was burglarized Sunday evening of \$100 cash and considerable wearing apparel according to a report to the Park Police.

The burglary is reported to have occurred between 7:30 and 11:00 o'clock Sunday evening during which time the Dumonts were out for a drive.

Upon arriving at their residence, they found the rear door jimmied and the entire house ransacked.

Fingerprints were obtained on the premises by the Park police.

Mother's Day Observed May 10th

Let's make this Mother's Day mean a better chance for mothers everywhere

The real measure of our appreciation of motherhood lies in our care for mothers' lives.

We, as a nation, have the highest maternal death rate in the whole civilized world! 16,000 American mothers die each year in giving birth to babies.

Yet it has been proved that adequate maternity care could save

two-thirds of these mothers. To save mothers' lives, skilled care from the very beginning until the baby is at least six weeks old, is what is needed.

Seek medical advice early. Write your Health Department for information and literature, or:

MATERNITY CENTER ASSOCIATION 576 Madison Ave., N. Y. C.

Care before the baby comes Saves Mothers' Lives

HONOR MOTHERS ON NEXT SUNDAY; RECALL THEIR MANY SACRIFICES

May 10 is Mother's Day. Not for everybody. At the very birth of a new Mother's Day, many children will be left in the world without ever knowing what it is to have a mother. They will be cared for by father, grandmother, some other relatives—or an institution.

The sacrifices and sufferings of the unselfish mother; the plans and hopes for the little soul's existence, have already floated away with the mother's last breath. Right at the outset the plans for this baby are materially changed. Whereas the mother's hopes might have run along the line of science art or medicine, the baby's destiny is in the hands of people, most probably, having no particular plans for him. All

his life things will be different because nobody has the same interest as a mother.

On this very day which is set aside to pay homage to mothers, 39 babies are born in our country who will never feel their mother's touch. Year after year, an average of 16,000 mothers of new babies die. How many ten-year-olds are there in the country today who have never known their mothers? Computing those orphaned at birth over a period of a decade, there would be 160,000 of them 10 years thereold and less, except for the normal deduction for children's deaths which statistics show averages to be 18 per cent for the first ten years. Deducting this percentage, leaves a probable total of 131,000 children living in the United States today, 10 years old and younger, who never knew their mothers because they died to bring them here.

What a city this would make, with a monument to motherhood in the center!

Two-thirds of these deaths of mothers are preventable. We know this because such a reduction in the death rate was actually made in an area where maternity care was administered by the Maternity Center Association in New York City. Louis I. Dublin, statistician of the Metropolitan Life Insurance Company, studied the records of nearly 5,000 mothers cared for by this Association and found the mortality rate to be only one-third that of prevailing among mothers in the same section not receiving this care.

Dr. Dublin in commenting on this (Continued on Page Two)

STATISTICS

Grosse Pointe Farms led the other several Villages in the Township during 1930 in the number of child-births with a total of 423 during the year compared with 79 in the Park, 73 in the Village and three in the Shores. Of the total number of child births in the four villages only one mother died at the time of delivery.

Salvation Army Leader To Visit Detroit Soon

General Edward J. Higgins of London England, the third General of The Salvation Army, with Mrs. Higgins will visit Detroit and address a public meeting on Thursday, May 14th, at 7:45 P. M. in the Metropolitan Methodist Church, Woodward at Chandler.

This will be the first visit of the General to Detroit since he was elected last year to succeed the late General Booth and he is the first one outside the noted Booth family to occupy this high position. General Higgins was at one time Chief Secretary for Salvation Army operations in the United States and has held every important office in the gift of that organization.

There will be only one public meeting in Detroit as the General is only (Continued on Page Two)

Police Radio, WRDR, Report sAtctivity Up In April: 421 Runs

Activity of the Grosse Pointe Police radio station, WRDR, during the month of April was substantially increased over the preceding month of March, according to a report issued by W. A. Neff, station superintendent.

Corresponding with the sharp gain in work of the radio station was the activity of the police radio equipped scout cars, a total of 421 runs being reported as having been made during April, according to Mr. Neff. This is an increase of 62 runs over the month of March.

Accidents, mischievous boys, fires and stealing of black dirt represented a large part of the causes for the scout car runs during the past month, Mr. Neff reported. The runs itemized in full follows:

Table with 2 columns: Incident type and number of runs. Includes Holdup (1), Accidents (18), Prowlers (14), Suspicious cars (12), Doors open (8), Bank Alarms (2), Dogs (20), Fires (25), Fights (4), B. and E. reports (9), Mischievous boys (26), Intoxicated driver (1), Intoxicated (8), Fake collector (1), Stealing Dirt (11), Hit-run accident (1), Meet an officer (7), Stealing from cars (1), Dumping rubbish (1), Wires down (1), Stolen car (1), Missing children (8), Want to see an officer (2), Call or go to station (195), To recover lost jewelry (1), Stealing trees (2), Woman screaming for help (1), Traffic jam (1), Peddler (1), Family rows (8), Stolen dog (1), Noisy car (1), Miscellaneous (27).

"CLEAN-UP" week in Grosse Pointe will be observed starting March 11, it was announced early this week by Dr. B. H. Warren, of the Grosse Pointe Board of Health.

12 persons injured in accidents were taken to hospitals and 23 arrests were made. This report completes the first three quarters of a year's work by WRDR and it may be of interest to the few who think our Police do not have much to do, to note that a total of 3391 runs were made in that period. In the first quarter of 1931, scout cars made 1089 runs, 26 arrests and took 26 persons injured in accidents to the hospital.

State Police work, formerly handled by the Detroit police was taken over by our station on the 17th of this month and the re-broadcasting of State work in Wayne county has been assumed by us. 33 reports were broadcast by the State.

Officers Hansen and Brys of Lochmoor accomplished the arrest of William Hartell in a stolen Checker Cab after a spectacular chase in which they had to fire two shots at Hartell to make him stop. He stuck up the driver on Roosevelt just south of the Radio Station at 1:35 a. m. April 25, and the only light in the vicinity the driver could see being the station he came in to call the police. Operator John M. VanCott put the story of the hold-up on the air immediately with the above results.

Four juvenile whose names are withheld because of their age, were arrested shortly after they had stolen a purse at the Grosse Pointe Memorial Church by Patrolmen Fred Champagne and Walter Hoyt of Scout Car 33.

John C. Nagel Joins "Committee of 51" In Aiding Home Owners

Following the suggestion of Mr. Geo. Engel, the "Committee of 51" in defense of the home owners and workers today released a statement by Councilman John C. Nagel, President of the (Continued on Page Two)

Mother and Daughter Dinner, May 14th

All reservations for the "Mothers' and Daughters' Dinner" to be given May 14th, by the Grosse Pointe High Mother's Club must be in not later than May 13th. The tickets are 85 cents, and can be bought at the school or through Mrs. Archer Ritchie, 1247 Kensington Road, Niagara 3674.

Water Pageant Will Be Staged Thursday For Students' Benefit

(Continued from Page One) Lighting effects impossible to achieve in the afternoon will be a feature of the evening, making the scenery, constructed by the Dramatic Club, especially effective.

Actor Kept Busy

The first protean act ever seen in America was at the Park theater, New York, March 2, 1890, given by an actor named Spiller, who was seen in "Eight to One," in which he assumed eight characters.

French Government to Tax All Radio Sets

Paris.—The French government has decided, according to M. Mallarme, French minister of post offices and telephones, to tax wireless sets in 1931 to provide a fund for developing the broadcasting stations.

Earth Gains Weight

Earth, that is the world we live on, gains weight at the rate of about 70 pounds per minute. To be exact, the extra weight is 4,250 pounds hourly, or 59 tons per day.

Cannot Deceive

When a man puts on a character he is a stranger to, there is as much difference between what he appears and what he is in reality as there is between a visor and a face.—Bruyere.

To Stretch Shoe Leather

When a shoe pinches put it on, place a cloth in very hot water, wring it out as dry as possible, and put it on the part that hurts. This will stretch the leather and makes the shoe more comfortable.

At 11:00, worship and breaking of bread. At 7:30 in the evening Gospel service, including singing of old time songs. Mid-weather meeting Wednesday, 7:45.

Mt. Olive Lutheran Church

Radnor avenue (Lincoln Road) at Mack; H. C. Arndt, pastor. Phone Niagara 3023. Sunday School, 9:45 a. m. Divine service, 11 a. m.

Presbyterian Church of the Covenant

Mother's Day. Bible School at 9:30. The Men's Brotherhood Bible class will observe Holy Communion at 9:30 in honor of Motherhood.

Ancient Castle Fortress

Bamburgh, castle, England, is the "St. Bernard's" of the savage north coast, offering guidance and refuge to distressed or shipwrecked sailors and acting as a charity home to poor boys and girls.

Signs of the Zodiac

The zodiac is probably Babylonian in origin. The figures seem to have been based on the resemblance of the lines connecting the stars.

Men wearing blue trousers and women without stockings are not admitted to the royal palace or the stables of the sacred white elephants in Siam.

Copying Success

Men are so constituted that everybody undertakes what he sees another successful in, whether he has aptitude for it or not.—Goethe.

Two Famous Derbies

Col. M. Lewis Clark patterned the Kentucky Derby after the English Derby. He was the nephew of John and Henry Churchill, who owned the tract of land upon which the Churchill Downs race course is situated.

Fame Is for the Few

Though there may be many rich, many virtuous, many wise men, fame must necessarily be the portion of but few.—Hall.

Escapes Car; Dies

Logansport, Ind.—A heart attack, believed to have been caused by fright, when he was almost struck by an automobile, caused the death of Marlon Taylor, seventy-six, the coroner decided.

Villa Where Dickens Wrote Books Razed

Boulogne-sur-Mer, France.—The last vestige of the Villa des Moulineux, where Charles Dickens lived for three years and wrote several books, is to be destroyed.

Think It Over

The higher your ambition, the stouter your heart must be. Fate is ever putting obstacles in your way to test you.

LIGHTS of NEW YORK

When the Grand Duchess Marie of Russia, now in business, arrived in the United States, her baggage consisted mainly of a guitar and a Russian typewriter.

Students Find Trachoma Has Some Advantages

Kansas City, Kan.—Trachoma has its advantages, as 13 youngsters in school here will tell you. In fact, if one may take the word of Mrs. Reba Barn literally, followers of the three Rs even welcome the excessively rosyate eyelids which cause them to be hustled off to her combination clinic school.

Fountains of Justice
There are in nature certain fountains of justice, whence all civil laws are derived but as streams.-- Bacon.

Little Changed by Time
The dividing line of the French and Flemish languages in Belgium has hardly changed a mile in 1,000 years. One town, Enghien, in the province of Hainaut, is entirely bilingual.

Night's Darkest Hour
The naval observatory says that no light is received from the sun when it is 18 degrees or more below the horizon and during those hours there is none that is regularly the darkest.

Punch and Judy Theater News

All whiskers appearing in "Fighting Caravans," at the Punch and Judy on Friday and Saturday, May 8 and 9, are real, every male actor electing to wear his own chin decoration rather than borrow from the studio make-up department. False beards have to be stuck to the face with spirit gum, and produce an extremely uncomfortable, itching condition. Faces so adorned feel as though encased in a plaster cast, according to Ernest Torrence, who with Gary Cooper and Tully Marshall, is seen in a featured role. For this reason, home-grown whiskers are preferred. In preparation for the filming of this gigantic Zane Grey story, Tully Marshall let his whiskers grown eight months.

In the dead of night she stole back to East Lynne to sing a last lullaby to her baby boy. And then came the dawn but not to her, for her eyes. Here is but one of the many heart-tugging scenes from "East Lynne" to be shown at the Punch and Judy on Sunday, Monday and Tuesday, May 10, 11 and 12, which was suggested by the renowned novel, the story that has been read 'round the world. And with it comes Ann Harding, the screen's most charming and dramatic actress. But that is not all. There is also Clive Brook as her lover, and Conrad Nagel as her unending, selfish husband. Here is one of those appealing pictures that come but once in a lifetime. And if you want to see it, we advise you to come early.

Here's a thumbnail sketch of the life of Lawrence Tibbett that reads like a novel. Tibbett is starred in "New Moon," which comes to the Punch and Judy on Wednesday and Thursday, May 13 and 14. Born in Bakersfield, California, encountered first tragedy at age of six when father was shot in fight with bandits. Family moved to Los Angeles where Tibbett became interested in theatricals. During the World War enlisted in the navy. Three days after discharge married Grace Smith, former schoolmate. Borrowed money on life insurance and took wife and sons to New York. After persistent attempts secured a position with the Metropolitan Opera Company. Big change came with "Falstaff" in which he scored sensational success. Signed MGM contract and completed his first talking picture, "Rogue Song" in 1930. He feels he did his finest work in "New Moon" opposite Adolphe Menjou.

Clara Bow In Dramatic Role At Fisher

Clara Bow is now featured at the Fisher, theatre in an intensely dramatic production "Kick In" from a play by Willard Mack. The supporting cast includes many well known stars among whom are Regis Toomey, Wynne Gibson, James Murray and Donald Crisp. The story revolves about the efforts of a former criminal to go straight. He is aided in his efforts by his wife although the police make it as hard for him as possible. When at last he has shaken off his old acquaintances and reached a position of respect in the community he is brought to police headquarters to question in regard to a string of pearls which has been stolen from the district attorney's office. It looks like the work of Toomey's former accomplice and the police want to know about it. He is able to prove his innocence but upon returning home is horrified to find that the wounded thief is hiding in his home. A detective follows them home and quickly decides to shift the blame on Toomey. The thief in the meantime dies and Toomey bargains with the detective to let him alone and take the pearls back. The latter agrees and then double crosses him and brings him to headquarters. Clara steps in and with an impassioned plea wins their freedom. On the stage Bob Nolan heads a topical Public presentation "Town Topics" which features Detroit's own violin prodigy Broadus Earle who in addition to his superb playing sings. Hap Hazard, a comedian who is also a wire walker provides lots of laughs. Grauman Hess and Vale are dancing comics and the Lambett Ballet completes the cast. Samiel Benavie and the Fisher Orchestra have several new musical arrangements presented in a modern manner, an organ ogue, short screen subjects and the Paramount sound news complete the program.

William Powell At the Michigan

William Powell, the polished star of "Street of Chance," "Shadow of the Law," "For the Defense," and numerous other big successes, is appearing at the Michigan theatre in Detroit this week in his new starring picture, "Ladies Man." This picture which has been adapted to the screen from Rupert Hughes' widely read serial story, pictures Powell in the role of James Darricott, a fascinating society idler who has found that he can make a living by taking gifts from the women who accept his romantic caresses. He finds a substantial income through the personage

of Mrs. Fendley, whose daughter also falls in love with this Don Juan, although she knows of her mother's affair with him. The situation, however, takes a dramatic twist when Powell falls honestly in love with Norma Page. He has won her consent for marriage when the husband of Mrs. Fendley learns the truth of the whole matter. The picture is then brought to a highly dramatic climax, which sustains its suspense until the very last minute. Kay Francis plays the role of the beautiful girl with whom William Powell falls in love with, and lovely Carole Lombard is cast as the daughter with whom he carries on an affair. Others who have prominent parts in the picture are Gilbert Emery, Olive Tell, and Maude Turner Gordon.

Besides this special feature picture, the stage show this is the elaborate Public unit featuring six big acts with stars of stage and radio. Ruby directs the Michigan Symphony Orchestra in an overture of modern rhythmic music and several short talking subjects and the latest news events of the day complete the very interesting program of features.

"Gun Smoke" Now Showing at State!

"Gun Smoke," a thrilling action picture of a new type, is having its first-run engagement at the State Theatre in Detroit this week. Written to the screen by Grover Jones and William Slavens McNutt, the action centers around a group of big city gangsters who invade a western town where they run up against the cowboys. One of the greatest all-star casts to be seen recently, are featured in the picture, Richard Arlen plays the role of a westerner while William Boyd, who will be remembered for his winning role in "The Spoilers," is seen as the leader of the gangsters. Mary Brian plays the romantic lead while Eugene Pallette and Louise Fazenda have the prominent comedy roles. Others who are featured are Guy Oliver, Carroll Nash, William Arnold, Stanley Mack and Brooks Benedict. The picture abounds in thrills and action when the gangsters learn that the cowboys have found gold on their ranch. The gunmen immediately take over the "law" of the town and proceed to steal the property. However the cowboys bring them to a quick finish when they capture the gang in the mountains and fight them with their own methods. Several short talking subjects, including those of a comedy and musical nature, and the latest talking news events of the day, complete the big program being offered.

"Easiest Way" At Riviera!

"The Easiest Way," Constance Bennett's talking starring picture, is the screen feature being shown at the Public Riviera Theatre all this week. As a special added attraction to the program, there is "Rango," the thrilling animal picture so much has been seen in numerous talking pictures, and has earned the title of being one of the biggest stars of the screen today, is assisted in "The Easiest Way" by young handsome Robert Montgomery and the polished Adolphe Menjou. The story centers around a young girl, who desirous of the better things in life, sets out to make an easy living for herself. She finally finds real love, and a real dramatic twist is brought into the story at this point. "Rango" is one of the most thrilling pictures ever filmed. It presents the true story of man and beast's struggle to live in the wilds of the jungle. Numerous wild animals are seen and the picture has been filmed in such a manner as to present a graphic story. The latest talking news events and other features complete the program being offered.

Hupp Offers Test Drive to Slogan Writers in Free Wheeling Contest

With public interest centered on the national slogan contest for Free Wheeling sponsored by the Free Wheeling Patents Corporation during the period of April 10 to 30, Hupmobile offers several suggestions to would-be winners. Hupmobile's suggestions follow: "A fitting and adequate description of Free Wheeling can be best written only after the writer has actually ridden in and driven a Free Wheeling car. Therefore, participants in this nation-wide contest should not attempt to prepare their entry in this contest until they have actually ridden in or driven a new Free Wheeling Hupmobile. These persons interested in Free Wheeling are offered an excellent opportunity to write their description of Free Wheeling through the novel seven mile test now being given by Hupmobile dealers throughout the country. Some months ago when Hupmobile announced free wheeling as standard equipment at the lowest prices in company history, it was decided to offer a standard by which the motor world could discover the new thrills of this new development. The seven mile

test drive was decided upon for this purpose. "Any person may obtain from the nearest Hupmobile dealer information about this special free wheeling demonstration. "He will then be given a ride or if he desires, he may drive one of the new free wheeling Hupmobiles. We believe that only by actually experiencing this new sensation of free wheeling pleasure can anyone write a true-to-life description of Free Wheeling. "Hupmobile's seven mile free wheeling demonstration drive has been going on for several weeks. Incorporated in this special test is the use of the revolution counter, an accurate registering device which records the total revolutions made by the engine in either or both conventional gear and free wheeling. With this device Hupmobile offers positive proof of its assertions regarding the savings with Free Wheeling. It is a positive proof of the claims of this manufacturer for free wheeling. All Hupmobile dealers have entry blanks for the free wheeling slogan contest."

Pungent Expression
The English expression, "forty to the dozen," means to chatter incessantly and senselessly, to gabble, to talk piffle. To walk off forty to the dozen means to make a fast getaway.

Judicial Procedure
When a case is carried into court and the decision is handed down in the first court and appealed and then carried into the Court of Appeals, three months are allowed to appeal on writ of certiorari (error) to the Supreme court.

Hollow Trees Useful
Even dead trees play their part in conservation and several bird societies throughout the country are pushing a campaign to save hollow trees as home-building sites for insectivorous birds.

He'd Better Do It
A judge in Pittsburgh has ruled that there is no obligation on a golfer to yell "Fore!" to those ahead of him before making his stroke, but it might be kinder if he did, if he is the kind of golfer most of us are.—Boston Globe.

Peculiar Psalms
The "abecedarian psalms" are psalms such as the 119th, in which the verses of successive portions are arranged in alphabetical order.

Valuable Ore
Barium ore, which is found in immense quantities in Nevada, is used in the manufacture of nonshatterable windshields, rayon silk, paints, and in the refining of rubber and sugar.

Not for the World!
Correct this sentence: "I didn't think her new frock becoming," said the woman, "and I wasn't going to fib about it just to make her feel good."

Snake Species
The copperhead and the highland, moccasin are the same species of snake. The water moccasin is a different species. These snakes are frequently called cottonmouth snakes from their habit of opening their mouths wide in a threatening manner and exposing the whitish inner parts.

Panama Canal Traffic
Ships starting the trip through the Panama canal during the daylight hours are permitted to finish after dark if they cannot do so before night falls, but ships arriving at night are required to await daylight to go through.

First Name or Matches
Matches were formerly called congraves in Sweden. France and Germany because the propellant of the modern match, a friction light devised in 1827 by John Walker, was named by him after Sir William Congreve, an English artillery officer, who had invented the life-saving rocket.

Refuse Put to Use
Rich in nitrogen, a fertilizer is made from the refuse of citrus fruit canning plants in Florida. The skins, seeds and waste pulp are utilized as well as some of the whole fruit not suitable for canning.

Killed by Dead Man
Homicide was committed by a dead man at Prague, Czechoslovakia, when a police inspector and a doctor called to investigate a suicide. They bent down to turn the body over, which apparently caused a rigor mortis contraction of the muscles of the hand and, the finger being still on the trigger, the pistol went off, and the inspector fell dead, shot through the heart.

Renovating Diploma
Wrinkles can be taken out of diploma by moistening and allowing to dry under tension, as clamped in a frame. This will apply regardless of the material, whether it be genuine sheepskin or vegetable parchment.

Far Of Star
The farthest known star is Arcturus, whose estimated distance is 950 trillion miles or 160 light years. The nearest star so far as we know is Alpha Centauri, which is about 28 trillion miles distant.

GAME RAISING TO HELP U. S. FARMER

Various Sources of Revenue Open to Landowners.
New York.—"Farm Relief" may come from an entirely unexpected source as the central idea of the American game policy is put into effect, according to officials of the American Game association. The idea is adequate compensation in some form to farmers and landowners who practice environmental control to increase game on their lands. And in widely scattered sections where it is being tried out, farmers are reaping returns in varying ways and amounts. In Pennsylvania, according to the state game conservation commission, some farmers are making more money from selling hunting rights and by-products, such as board, eggs, butter, fresh meat and other farm products, than they do from their crops. Many farmers in Texas, who are actually producing game, are getting as high as \$4 a day for hunting privileges. There are four classes of game and game land, according to the classification of the policy, which advocates that the landowner who practices game management be "compensated" directly or indirectly for producing a game crop and for the privilege of harvesting it. These classes are farm game, forest and range game, wilderness game and migratory game, which inhabits all classes of land. "Compensation to landowners for the privilege of hunting may take the following forms," the policy points out: "Cash rental per acre, lease; cash payment per head of game killed, toll system; cash payment per man-day hunted, toll system; payment of part or all taxes on the land; service payment by hiring patrol to protect landowner's property; service payment by installing food, covers and refuges; and service payment by restocking game." Sportsmen are to make the payments according to the policy adopted recently by them at the seventeenth American game conference here.

Cleveland Tries New Grade Plan in Schools

Cleveland, Ohio.—A system of accrediting grammar school pupils with units of work instead of the present system of grade is being developed in the Cleveland elementary schools. Designed to permit students to advance as rapidly as their qualifications merit and to abolish failures, the system divides the 19 elementary subjects taught into work sheets which, when solved, entitle the student to a unit. Thus a normally fifth grade student would have to his credit 1,073 units of work. Subtractions would not be made for failures but would group the student into one of three classifications. "Work sheets are prepared for three classes of students in each grade," explained H. M. Buckley, assistant superintendent in charge of elementary schools. "The X pupil is the highly inquisitive child who learns rapidly and wants more detailed information about the subject. "Then there is the Y pupil who learns less rapidly and who does not require quite so much detail. "The third group is the Z classification who grasp quite slowly and whose inquisitiveness is satisfied with a minimum of detail." Students would be given work sheets and ten days or two weeks in which to complete them, whereupon they would be granted a credit and a new work sheet furnished them. The system has been installed in the city's nine curriculum centers and is gradually being extended to other elementary schools.

Capital Directory Reads Like Roster of History

Washington.—The new Washington city directory is out, reading like a roster of American history. There are six Thomas Jeffersons, eleven James Madisons, nine James Monroes, fifteen Andrew Jacksons, eight William Henry Harrisons, eleven John Taylors, three James K. Polks, one Zachary Taylor, six James Buchanans, fifteen Andrew Johnsons, four William McKineys, four Benjamin Harrison, two Woodrow Wilsons and one each of James A. Garfield and Herbert Hoover. But the most startling bit came in the W's where a George Washington and his wife Martha were listed.

Distributes Relics

Paris.—The French council of national museums has distributed its year's purchases of relics to different museums. The Louvre's share includes a number of ancient Chinese vases, Mesopotamian pottery and a collection of small Japanese statuary and enamels.

Backward Students to Receive Warning

Berkeley, Calif.—Students falling behind in scholastic attainments at the University of California will receive a decided "break in the near future," according to Thomas E. Steel, recorder of faculties, who announced a new rule which adds a six months period of "academic warning" to backward students.

Buffalo Immune to Cold
The buffalo's woolly coat seems to be so warm that the coldest weather does not drive him to shelter.

Plant Foils Mistletoe.

Mistletoe, which attaches itself to other plants and robs them of food, has found its match in the creosote bush, which has the ability to withdraw the food in its stem, thus starving out the unwelcome guest.

Animal Intelligence

Albert Payson Terhune says that the dog is the most intelligent of the lower animals, although he admits that horses are often highly intelligent. Various explorers report that many wild animals show remarkable intelligence.

High Crossing Tower

One of the River Forth crossing towers erected at Kincairdine, Scotland, in connection with the Central Scotland electricity project, is 340 feet tall.

Model for Sherlock Holmes

In the autobiography of Sir Conan Doyle called "Memories and Adventures," the author says that Joe Bell, his old school teacher, was the prototype of Sherlock Holmes. The teacher had an eerie trick of spotting details.

Philosophers Fill Want

"The world has need of philosophers," said Hi Ho, the sage of Chino-town. "They are often misunderstood and laughed at. But laughter is a precious thing indeed."—Washington Star.

Politeness Misunderstood

Jud Tunkins says politeness may be misunderstood. He says "howdy-do" to a stranger and a policeman thought he must be some kind of a smooth villain lookin' for a victim.—Washington Star.

Wrong in Favoritism

We may concede any man a right without doing any man a wrong; but we can favor no one without injuring some one.—Colton.

Early Spanish Settlers

The following states in the Union were first settled by Spaniards: California—San Diego, 1769; Florida—St. Augustine, 1565; New Mexico—Santa Fe, 1598; Texas—San Antonio, 1690.

Matter of Taste

Some people insist upon spelling a concoction made of crystal sugar, "sirup." But why fuss because they do not spell crystal "crystal" and because we have no sympathy with the sism?—Woman's Home Companion.

Gets Moisture From Air

Spanish moss can thrive on telephone poles because it is a true epiphyte. An epiphyte is a plant which derives the moisture required for its development from the air.

FOR RENT
315 FISHER ROAD, near corner Maumee
Large House arranged for High Class Restaurant, Tea Room and Small Shop, as well as Small Apartments and Single Rooms. Freshly re-decorated and in fine condition. Arrangement of rooms and bathrooms on first and second floors suitable for from 6 to 9 small apartments and single rooms.
Close proximity to Grosse Pointe High school makes it especially attractive to teachers of both Grosse Pointe public and private schools—most of whom now live several miles away because no regular meals are available in the school neighborhood. Both the house and locality are ideal for a Teachers' Home and Club. Inquiry has shown that apartments and rooms can be quickly rented if good restaurant and tea room is installed.
Will make specially attractive terms for rental to reliable person capable of operating first class rooming house and restaurant. Apply to owner, C. B. Waterman, 330 Lincoln Road, and arrange for inspection. Phone Niagara 0744.
JOB PRINTING
Permit us to create a personality in your printing work... such personality as you would prefer in the human salesman that you would employ.
We plan and print ** booklets, inserts, sales bills, broadsides, announcements, office and factory forms and supply estimates on a competitive basis.
Grosse Pointe Printing Co.
14935 Kercheval Lenox 1162

GROSSE POINTE SOCIETY (Continued from Page One)

Mr. and Mrs. C. D. Macpherson, of Grosse Pointe, have returned from a motor trip in the east.

Mrs. Harey G. Higbie with her children, Harley, Jr., and Hugh, and Mrs. Seabourne R. Livingstone, with her children, 'Skid' and Helen, accompanied by their mother, Mrs. Hugo Scherer, are expected to arrive home this week after spending the winter in California.

Mr. and Mrs. Charles B. DuCharme and Mr. and Mrs. William Hendric will leave May 14 for Louisville, Ky., to attend the Derby.

Mr. and Mrs. Carlton M. 'Higbie' entertained a group of friends at a house-party at their lodge at Metamora over last week-end.

Miss Amory Pheny, of New York, will arrive next Monday, to be a guest at the Courtenay D. Allington home in Grosse Pointe Farms, for two weeks.

English Legal Grade The English expression "to take silk" means to become a king's or queen's counsel.

World's Largest Pearl? The largest pearl in the world, so far as known, is in the British museum. It weighs a little more than three ounces.

TELLS TERROR OF RED PRISON CAMPS Fugitive Paints Picture of Russian Horrors.

Helsingfors.—A young specialist in agricultural science who recently managed to escape from the North Russian timber lands arrived here recently and described conditions there.

The prisoners in the camp to which he belonged had to live in a wooden shed, the roof of which consisted of loose pieces of wood covered with mud.

Only One-Fourth Criminals Of the prisoners about one-fourth were criminals and the rest were guilty of political offenses.

In the morning when going to work each man received 800 grams of moist bread, which was almost uneatable, and no other food was issued until the day's task was finished.

Almost daily some workers would fail at their task. Such unfortunate were beaten with sticks, or put under arrest in an icy cellar.

Refusal to work resulted in immediate execution. The same refers to attempts to escape.

No wages or other remuneration was paid to these workers. An account of the miserable conditions all kinds of epidemics were raging, killing thousands.

In the famous Solovjetsk district, near the island of that name, there were eight divisions with 50,000 prisoners each.

Man, Now 75, Marries Girl of Boyish Dreams Louisville, Ky.—Strange things occur along life's highway, and strange things, too, along the king's.
