Farms Opens New Water System

Residents Inspect New Water Plant in Farms: Open Now

Grosse Pointe Farms may well feel proud of its new water system and filtration plant that was dedicated last Sunday when more than a thousand residents of Grosse Pointe Township turned out to inspect the beautiful new building and to attend the dedication services. The plant is located at the corner of Moross road and Provencal boulevard.

Considering the vast amount of preliminary planning, starting from the recommendation of health officer, Dr. B. H. Warren and the discussions by Township and Farms officials during Daniel G. Allor's last administration as president of the Farms, to the election of Kenneth Moore who succeeded Allor, and who as one of the first acts of his administration brought forth the (Continued on Page Three)

Village Tax Review Board will Meet Next Monday and Tuesday

Monday and Tuesday, May 25 and 26, from 8:00 a. m. to 8:00 p. m., have been set by the officials of the Village of Grosse Pointe for a meeting of the Board of Review to hear complaints on taxes levied by the Village for 1931. The meetings will be held at the Village Hall, 17150 Maumee avenue. Objections to the amount of either real or personal taxes can be made at these

In past years, the Board of Review of the Village has not met until the middle of June. The purpose of this year's earlier date is to bring closer together the beginning of the fiscal year of the Village, March 1, and the date for the collection of taxes. In fact, the Village officials predict, that hereafter the Board will sit even earlier in the year, resulting in being able to start the collection of taxes much sooner than in the past.

This year the Village will start col-

lecting taxes June 1st. Regardless of the funds spent in Village welfare work during the past year, which, of course, were unexpected, and not a part of the 1930 budget, Village officials by planning rigid economies have been able to adopt a budget for 1931 resulting in a tax rate for this year which is the same as

Ed. Vernier Requests School Board Leave to Meet in Building

As president of the Village of Lochmoor, Edmund C. Vernier has requested the Grosse Pointe Board of education for permission to use the Mason school building for the purpose of holding the council meetings there. The request was made by letter to the Board, but up to the time of the regular meeting last Monday evening no action had been taken. Trustee Charles Poupard introduced the matter at the Board's meeting, Monday evening. Fred Sutter, president of the Board, asked the superintendent of schools, Dr. S. M. Brownell, to investigate the request before a decision was made.

WALTER S. CONELY ANNOUNCES HIS CANDIDACY FOR SCHOOL BOARD: CITES EXPERIENCE ON H. P. BOARD

Walter S. Conely, of 1046 Kensington road, Grosse Pointe Park, on Tuesday announced his candidacy for trustee on the Grosse Pointe School Board. Petitions in his behalf are reported in circulation and it is expected they will be filed before the closing date for petitions on Saturday, May 23.

He is seeking the post on the School Board now held by Fred Sutter whose term expires this year. The election is scheduled to be held June 8. Mr. Sutter on Monday announced his candidacy for

He served the Highland Park School Board for 12 years, being in office in various capacities from 1910 to 1922. In that time he served as secretary, treasurer and president of the Board and it was during his extended tenure of office that practically all schools in Highland Park were constructed, it was reported.

During his membership on the Board in Highland Park, he saw the school system there develop from a single 8-room school building, housing about 350 pupils, to eight school buildings, including the High school, to care for the educational needs of approximately 12,000 pupils.

Believing that Mr. Conely's experience and record on the Highland Park School Board, which stands among the highest in the country, gave him qualifications that would make him a valuable member of the School Board in Grosse Pointe Township where he now resides, a large group of his friends throughout the community are reported to have induced him to become a candidate for School Trustee at the coming election on June 8.

In announcing his candidacy, Mr. Conely made the following

Assessed Valuation in Township Reduced 10 Per Cent by Vernier

Edmund C. Vernier, supervisor of Grosse Pointe Township, announced this week that he has authorized a blanket 10 per cent reduction in the assessed valuation of property in the Township. His action, Mr. Vernier pointed out, has been approved by the State taxing authorities and it is expected that the lowered assessed valuation will work for a reduction in the State taxes.

"The reduction of the assessed valuation of the Township," said Mr. Vernier, "does not automatically make a similar reduction in the Township tax. The Township tax is controlled by the various budgets of the district and the Supervisor's office does not control the fixing of the tax rate.

"It is the assessed valuation of the Township that the Supervisor can control and in keeping with the existing economic circumstances, I have authorized the flat 10 per cent reduction in assessed valuation of property."

Grosse Pointe Farms Pumping Station

-Photo by Courtesy of Detroit Free Press

Last Sunday witnessed the formal dedication and opening ceremonies of the new pumping station recently constructed in Grosse Pointe Farms at an approximate cost of \$287,000. Hundreds of residents in that community led by a vanguard of the Village officials inspected the new station that will henceforth supply the water needs in a most satisfactory manner. The station is located on Seven Mile road near Lake Shore drive and has a present filter and treatment capacity of 6,000,000 gallons daily with possible expansion to 12,000,000 gallons daily. Murray M. Smith, engineer in the Farms, has been named water superintendent and will be assisted by the following plant personnel: Siney DeBoer, chemist; Herman Dondero, chief operator; and John Auckland, Ignatius Backman and Fred Dansbury, assistant operators.

On Saturday, May 16, water was turned on from this new station for the use of all residents in the Farms, and the Village and assures these communities for the future of one of the most modern plants for the supplying of pure, wholesome water, free from bacteria and other forms of pollution usually found in lake waters.

The water is analyzed daily by competent chemists and for the next six nonths under the direct supervision of state officials. The several Grosse Pointe communities are rapidly being improved to the point where shortly they may compare favorably with any residential section in the country.

Here is found the Township Board of Health, the Township Medical Society, the Sewage Disposal systems, adequate schools, churches, modernized police equipment, police radio station, the Neighborhood club com-

munity center, theaters, waterfront Form Religious Leader parks for yachting, and swimming, country clubs and tennis courts.

These with our up-to-date business sections should be an inducement and an invitation to every one to come to Grosse Pointe. It is expected that some day the community will have a hospital be organzied for the presentation of concerts in the public parks.

Residents of the Township-are urged to visit the new water and filtration plant as well as other places of interest in the several Grosse Pointe Villages. In doing so, an appreciation will be gained of the work done and the Farms Water committee, consisting of interest being taken in the public James Rasmussen, chairman, and Wal-interest by the officials of the respecive villages and of the Township.
