

# PREPARE FOR ANNUAL ELECTIONS

## Michigan Garden Club Will Present Program To Aid Unemployment

The Garden Club of Michigan will present a "Garden Market" for the benefit of rural unemployment relief the third week in May at 120 Grosse Pointe boulevard, Grosse Pointe Farms, it was announced this week.

In the announcement, the Club said: "Wait and buy from us rare perennial plants and unusual annuals in flats at market prices. On the terrace there will be displayed potted plants and tubs and garden furniture and at the typical roadside market will be herbs and vegetable plants on exhibition."

"Other displays will include, garden tools and costumes, miniature potted plants, Dutch tulip garden and a conversation exhibit."

## Christ Church To Present Three Lenten Organ Recitals

The organist and choirmaster of Christ Church Parish, Mr. Beecher Aldrich and the Music committee of the Vestry, this week announced a series of Lenten Organ Recitals will be given by Walter Blouette, of Cleveland, at the Christ Church chapel, 45 Grosse Pointe boulevard, at 4:30 p. m., on February 18, March 3 and March 17. Mr. Blodgett is the organist of the Epworth-Euclid Methodist Church in Cleveland and at one time was concert organist at the University chapel at the University of Chicago.

## Library Circulation

More people are reading more books according to a comparison of the librarian's figures of circulation for 1931 with those of 1930. Nearly a fifty per cent gain is shown in the increase in the circulation for the last six months.

## What to Eat And How to Prepare it

By ELIZABETH MONAGHAN

What, then, was the remedy for the stricken sailors?

Dr. Perrenon asked the question. Mr. McCann replied that since the bodies of the men were saturated with acid the logical remedy would be to give them vegetable alkaline as fast and as freely as possible. He therefore suggested that they be given in solution. The men would be able to get the alkalines in greater quantities in this way than by eating. Definitely his suggestions were:

1st. That one hundred pounds of bran be steeped in 200 pounds of water and a large glass of the liquid fed to the men each morning.

2nd. That all kinds of available leaves and vegetables be scrubbed (not peeled), boiled, the liquid fed to the men as soup in generous quantities.

3rd. That potatoes be scrubbed and peeled; the potatoes thrown away, the peelings boiled and the liquid given to the men—a small glass once a day.

4th. That the men should have milk, egg yolk and fruit in prescribed quantities; also a small amount of whole wheat bread and after a week of above treatment the vegetables of the soup.

Under no circumstances should they have any acid forming food.

After due deliberation Dr. Perrenon decided that since the men had thus far resisted all medical treatment it would be wrong to withhold from them the alkaline treatment. This decision was made and the treatment started on

April 16th. Up to that time the men were still going down at the rate of 2 to 5 a day.

On April 17th there were no new cases. Neither were there any from that day on. In four days the men showed a marked improvement and in ten days 47 of them were dismissed from the ship's hospital and one of the completely paralyzed victims was able to stand on his feet without help.

Dr. Perrenon expressed astonishment and satisfaction at the completeness of the cure and said that the lesson in food values would not be lost to Germany.

Mr. McCann reported the facts in detail to the Surgeon-General at Washington, believing that here at last was the proof which, if spread broadcast would open the eyes of the public. We were not then at war with Germany and Bernstorff suppressed the incident.

"But"—comes the question from some one—"Why don't these typical American meals have an equally disastrous effect on the Americans who eat them?"

The answer is this: We at home who eat the occasional apple, or piece of celery, or lettuce, etc., give to our bodies some alkaline (mineral) element which is greedily taken up by the tissues, thus postponing a breakdown. The acid-forming meals such as the Germans ate (meat, boiled potatoes, canned vegetables, white bread and butter) gradually rob the tissues of resistance.

The small amount of alkaline (mineral) element taken prevents complete collapse—but the insufficient amount leaves us susceptible to every ill that blows.

There is no such thing as "Sudden death." The process was slowly going on for a long time previous to the collapse.

## Board of Education Reports Substantial Cuts in Expenditures

Economics amounting to \$48,761.34 have been made by the Grosse Pointe Board of Education in operating the public schools up to February 1, according to Dr. S. M. Brownell, superintendent. The 1931-32 budget calls for a further saving of approximately \$52,000 by June 1 over the amount spent on the schools last year, and it is estimated by Dr. Brownell that school expenses will be curtailed to an even greater amount.

The biggest single expenditure eliminated this year is free bus transportation, which was discontinued for all children living within three miles of the school. This item, together with curtailed playground expense, accounts for an economy of \$55,720.00 so far this year.

In expenditures listed as "fixed charges," an amount of \$11,644.75 has been saved this year. This includes a reduction in insurance expenditures. The operation of the school plant, including heat, light, and janitor service, has cost the district \$10,191.63 less this year than last.

Maintenance costs have been reduced \$3,856.87; capital outlay, \$423.10; and debt service \$2,378.21.

## Mason School

The regular monthly card and bunco party will be held February 17 at 1:30 at Mason School.

Anyone wishing to sponsor or reserve a table, kindly call Mason school before Tuesday, Feb. 16. There will be refreshments and table prizes. Admission 25c.

Although regular salary increases were given last year, the cost of instruction has been reduced \$921.09. This saving was made possible by employing fewer teachers than were on the staff last year. This means increasing the work of each teacher, since there are 250 more students this year than last.

For the first time, the evening school classes of Grosse Pointe have been conducted during the past semester without expense to the Board of Education. To make all courses self-supporting, a minimum registration fee of \$3 was charged each student, depending on the number of students attending the class. No fees exceed \$6, at least ten students being required before the course was offered. Classes met only once each week instead of twice.

The enrollment of paid students for the first semester was 163. Work was typing, French, shorthand, and business English. These classes are being carried on in swimming, gymnastics, conducted on the same basis for the second semester, now in its second week.

## WEEKLY CHAT

By A. A. PILKINGTON

Minding one's own business personal and otherwise is cause for concern. Sometimes we misconstrue civic duties as personal affairs when as a matter of fact it becomes everyone's duty to take a part in those matters of great importance that affect the welfare of the community directly or indirectly. When everything is going along smoothly no one in particular seems to be thoroughly interested with the exception of the minority, then when things are happening everybody seems to jump in with great differences of opinion and the first thing we know we have community problems.

Conditions are on the downward trend and if the great war slogan ever anything in time of war it surely means something more during these trying days "dig in."—Self preservation is the first law of life.

Rumors are generally worse than actual happenings—the moment of ex-

## Current Michigan Business Review

Michigan business continues at a slow pace, pending clarification of the competitive situation in the automotive industry, according to Cary F. Behrens, economist of the Union Guardian Trust Company, a unit of the Guardian Detroit Union Group, Inc. Automobile output in the last two weeks has shown a declining tendency, the first in evidence since late in November when weekly assemblies totalled little more than 7,000 units.

The present tendency is unusual in two respects, first, because output usually shows buoyant tendencies during the early part of the year up to April or May, and second, because sales as evidenced by the New York and Detroit automobile show totals and by Wayne County deliveries during January have been satisfactorily larger for a number of the new models.

National barometers of business also leave something to be desired in the way of improvement. Steel mill activity has recovered at a more than seasonal rate but since output in the final weeks of December was at an abnormally low level, the recovery of recent weeks is more in the nature of a rebound than a normal seasonal movement. At 28 per cent of capacity, steel mill activity is still well below the 45 per cent levels of a year ago. In general, steel prices have remained firm. At Chicago, however, heavy melting steel declined from \$7.75 a ton to \$7.25 on January 19.

Electric power production usually reaches its peak during the third week of January and shows a steady decline thereafter until the middle of the summer. This year, the peak was reached during the week end January 9 when output for the United States totalled 1,619,000,000 kilowatt hours. In the week following, it dropped off to about 1,600,000,000 kilowatts and has since

Scoutmasters Meet

The first meeting for 1932 of the Edw. S. Christiansen Troop, otherwise the Scoutmaster's Association of the South-eastern District was held at the home of J. A. Beck, Deputy Commissioner, 199 South Emerson avenue, Wednesday evening, February 3rd, at 8 o'clock.

Those present from the Southeastern District were as follows: Messrs. Moyer of Troop 5, Williams and Wibby of Troop 31, Josephson of Troop 47, Shaw of Troop 49, Hoagland of Troop 53, Hughes of Troop 59, Wilber, David and Leon of Troop 107, Beckman of 150, Jarry of 152, Cadaret of 158, Van Koughnet of 159, Hagen of 185, Coleman of 203, Bartlett and Murrell of 210, Paull of 244, Hoagland of 272, Goebel 273, White of 284 and Crawford of 294 and Commissioners Beck and Gloss.

It being a combined meeting of the District Scoutmaster's Association and the East Side Leader Training Committee the following Scouters were also present: Commissioner Miller of the Van Dyke District, Asst. Commissioner Baughman of Grosse Pointe District and Phil Miner, President of the Y 176 Association. Mr. W. P. McKenna, Field Scout Executive and Secretary of the Southeastern District Committee was also present.

Mr. Beck as Chairman of the Troop Committee of the Scoutmaster's Association presided.

Attention was called to the fact that only two-thirds of the troops in the district were taking any advantage of the swimming program provided for them, and the co-operation of the Scoutmasters was requested in the swimming program.

The Commissioner led a short discussion in connection with the laxity regarding respect due visiting scout officials at troop meetings and a uniform observance suggested.

Mr. Beck reported a serious falling off on the part of scoutmasters in sending in their monthly reports to headquarters with the result that the District was losing standing in the city-wide results. Some of the best troops in the District being the worst offenders.

It was moved by Mr. Josephson and seconded by Mr. Williams that we hold our annual District First Aid Contest as usual and that each troop entering a contestant supply the bronze medal for its best "First Aider."

The matter of procuring of Swimming medals for the District Meet was discussed and it was suggested that some other means than usual be found to finance them or else to omit medals this year.

The date of the next meeting was set for March 2nd at St. Martins Church home. Mr. Crawford volunteering to make necessary arrangements.

In connection with the Scout Leader Training Committee meeting Mr. Beck General Chairman reported the following: The date of the course had been definitely set to commence on Monday, March 28th, and the course to include eight indoor sessions, 2 out-door afternoon sessions and finish with an over-night hike to Camp Brady on May 21 and 22nd. The indoor sessions would

be held at St. Mark's Parish Home at Garland and Jefferson avenues. The registration fee is One Dollar for the course — fifty cents of which will be credited on the expense of the over-night hike.

It was also reported that the Scoutmaster Senior Patrol Leader, Scribe and several of the patrol leaders were already lined up and the co-operation of all present was asked in advertising the course and stirring up as much interest as possible.

Mr. Miller, Deputy Commissioner of the Van Dyke District, expressed himself as being very much in favor of the course and expected to have a good representation from his district.

Mr. Baughman, of Grosse Pointe District, stated that he thought that an East Side Scout Leader Training Course was a long felt want and that he thought a good delegation might be expected from his district.

Mr. Alex Williams made a kind tribute to the Scouting Activities of Commissioner Beck; and the meeting was adjourned at 10:30 to receive light refreshments served by Mrs. Beck.

Barbara Stanwyck In "Forbidden" Now at Riviera!

"Forbidden," which is now showing at the Riviera theatre starring Barbara Stanwyck and co-featured with her are Adolphe Menjou and Ralph Bellamy.

"Forbidden" is a story so true to life that its simplicity and naturalness make a drama far more poignant and powerful than any theatrical pyrotechnics.

"Hell Divers" Is Sensational Hit!

"Hell Divers," which is now in the second week of its engagement at the Paramount theatre, has recorded a sensational first week. The picture, co-starring for the first time Wallace Beery and Clark Gable, has broken all attendance records at the Paramount since the days of "Secret Six."

You are welcome at any of the services, do not let an empty pocket book keep you away. "We want you not yours." Our plea, "Back to the Old Paths."

The Gospel is still the power of God unto salvation. Come and hear it.

Admission to Statehood

The Constitution sets up no population requirement for the admission of a territory into the Union as a state. Congress, in 1872, adopted a measure which declared a new state must have sufficient population to entitle it to at least one representative. At that time 121,425 persons was a sufficient number. However, later congresses admitted Nevada, Wyoming and other states, although their populations were less than this figure.

Canal Long Projected

The project for the construction of a canal across the isthmus of Panama is practically 400 years old. Balboa and other Spanish explorers broached the subject to the emperor of Spain in the early years of the Sixteenth century, and surveys were made between 1515 and 1525. The demand for a canal, however, did not become insistent until the beginning of the Nineteenth century, with the introduction of steam navigation.

Continental English

A traveler on the Continent sent two amusing examples of English which are displayed in his hotel. The first is a notice: "Mistress and venerable voyagers are advertised that when the sun him rise a horn will be blown." The second, presumably by the same author, appears in the wine list and states: "In this hotel the wine leaves the traveler nothing to hope for."

Children in Charge

Harking back to Poor Richard's almanac, a Philadelphia philosopher quotes Franklin as saying: "At twenty years of age the will reigns; at thirty, the wit; at forty, the judgment." "Why does he stop there?" he asks the Inquirer. "Is that all there is— isn't there any more?" "Assuredly," answers the editor. "After that, the kids take entire charge!"

Indians' Use of Salt

The "Handbook of American Indians" says that not all of the tribes of Indians were accustomed to using salt, whether from difficulty of procuring it, the absence of the habit, a repugnance for the mineral or for religious reasons. It is not always possible to say. Salt exists in enormous quantities in the United States, and it was not difficult for most Indians to obtain it.

Great Personal Charm in Sympathetic Voice

There is magic in voices, though it is difficult to define the enchanting note which thrills you in one person and is absent when another speaks, for a fascinating voice adds charm to ordinary dialogue and the average looks of average people, writes a correspondent in the London Daily Express.

The best looking man on earth stands less chance of success if his speaking voice just misses possessing a certain timbre that has a magnetic quality about it. The same ruling applies to women.

The most beautiful woman's charm is lessened if her voice holds no interest and leaves us unimpressed, and unmoved either to laughter or sympathy, while an ordinary woman becomes almost beautiful if she has a charming way of speaking.

Some people only make conversation when they open their lips. The most intelligent dialogue sounds flat and spiritless if it is uttered without the underlying sparkle of personality and the fragrance of human understanding. But other people make music with half a dozen words, an expression and a smile.

Perhaps the secret of the voice that makes friends is that it seems to be speaking to you, alone; taking you in its confidence.

A sympathetic voice makes you feel in tune with the whole world, not always by what is said, but by the lovely way the words are spoken.

Feline Traits Worthy of Imitation by Man

Clarence Day, in his clever volume, "This Simian World," once ventured the speculation that if it had been the feline genus that had evolved instead of the simians, ours would now be a scarcely recognizable world, Don Gordon writes in the Thinker.

The cats, he maintained, are quiet, self-sufficient, unsocial. They are in direct contrast to the dependent, vociferous, gregarious simians. A world ruled by cats, or by a genus evolved from cats, would be a calm, poised, smooth-running affair, free from incessant chatter and bickering.

If they fought, it would be as individuals, not as droves. If they spoke, it would be of necessity, not for amusement or because of an inability to restrain speech. Each would go his own way, think his own thoughts, interfere as little as possible with his fellow feline.

Father Nile's Overflow

The flooding of the Nile is quite regular. At Cairo, near the mouth of the river, the lowest level is in June and the maximum level about the middle or end of September. At Assouan the lowest level is in May and the maximum at the beginning of September. At Khartoum the lowest is in April and May and highest in August and September. The Blue Nile and Atbara tributaries are the source of the Nile flood; the heaviest rains in Abyssinia occurring from June to September. According to the Encyclopedia Britannica: "Reduced to its simplest expression, the Nile system may be said to consist of a great steady flowing river fed by the rains of the tropics, controlled by the existence of a vast head reservoir (Lake Victoria), and annually flooded by the accession of a great body of water with which its eastern tributaries are flushed."

Popular Fur

Persian lamb is the commercial name of the skin from young sheep of a variety whose native habitat is Bokhara, Afghanistan and Persia. Persian lamb is nearly always black, though occasionally a gray or dark brown skin appears. The best Persian lamb from Bokhara is silky and very light in curl. Caracul (also spelled karakul) and astrakhan are two names for the same fur. This is taken from another type of sheep which inhabits the region in Central Asia around Tashkent, and also farther east, in China and Mongolia. Tashkent caraculs have the highest luster and the finest moire markings. The color varies from brown, black, brown and black to brown and white, and white.

Danzig's Many Attractions

It is not an unusual thing in Europe to visit a city just to see a picture. Many have gone to Paris to see Mona Lisa, or to Dresden to see Raphael's Madonna, so a great number of tourists go to Danzig to see Memling's "Last Judgment," in the famous and huge Church of St. Mary's in that city. It is the one prize of the city and has had a history wholly apart from its artistic value. It was captured at sea in 1475 and during the Napoleonic wars the French captured it again, but it was returned in 1815 and today it is as much an honor to Bruges in Belgium, its first home, as to Italy, where it was first consigned for the de'Medici.

Historic Dueling Pistols

At the termination of the historic duel between Stephen Decatur and Commodore Barron, the pistols used by both parties were taken possession of by Capt. Jesse D. Elliott, U. S. A. who had acted as second for Barron. He retained them until his death in 1845, when they came into the possession of the late Gen. W. L. Eli San Francisco, by whom, it is said, they were owned in 1864, when the last definite record of the advice of the Milwaukee public was given of them.

Moons of Mars

No moons belonging to Mars were known in Swift's day, but he makes the astronomers of Lilliput discover two Martian satellites, one revolving in ten hours and the other in twenty-one and a half hours. One hundred and fifty years after the publication of the book the two moons of Mars were actually discovered. One revolves in seven and a half hours and the other in thirty and a quarter hours — many times faster than the moons of any other planet.

Arches in Human Foot

There are three arches in the foot. In addition to the long arch at the inside which extends from heel to great toe, the longitudinal arch. The front or anterior arch extends across the ball of the foot, the arch at the outside of the foot from the heel to the base of the small toe and the arch across the middle of the foot under the instep.

Do Your Best

As neither he that singeth most, nor prayeth longest, but he that doth it best, deserveth the greatest praise; so he, not that hath most years, but many virtues, nor he that hath grayest hairs, but greatest goodness, liveth longest. The chief beauty of life consisteth not in the numbering of many days, but in the using of virtuous doings.—Lily.

Interpolated Music

The "Rakoczy March" was not written expressly for the "Damnation of Faust." It was interpolated. It is an old Hungarian gypsy tune. Berlioz first heard it in the city of Pesth in 1846, as near as is known. A friend probably Liszt, had loaned him, the evening of his departure from Vienna, a collection of popular songs. Berlioz chose the theme of the "Rakoczy March" and re clothed it with magnificent orchestral color.

Indian Prophet

Ehawatha is a name and a title of a chieftainship hereditary in the Toronto clan of the Mohawk tribe; it is the second on the roll of federal chieftainships of the Iroquois confederation. The first known person to bear the name was a noted reformer, statesman, legislator and magician, justly celebrated as one of the founders of the League of Five Nations, the Confederation of Five Nations. Tradition makes him a prophet also. He probably flourished about 1570 A. D.

Cranberry's Value

Certain tribes of American Indians look upon the cranberry with reverence as having virtues that prolong life. It is interesting to note that what was superstitious with them is fact with us in the light of scientific investigation. Cranberries contain vitamins which make them a valuable adjunct to the winter dietary. To get the benefit of their health-giving value they should not be boiled too long.

TO APPEAR AT NEIGHBORHOOD CLUB

# Business Review

By J. C. MYERS

**"FOREWARD"**—A review of some of the Leading and Progressive Concerns of our community and Detroit, including Contractors, Builders and Community Boosters, who have the best interests of our city at heart, and are always boosting for a greater and better city in which to live.

## Eastern Chevrolet Co. Sales and Service

Prominent among the automobile sales and service representatives, located on the East Side, none are better known for promptness, politeness and reasonableness in charges than the Eastern Chevrolet Company. This firm is one of the authorized Chevrolet dealers of Detroit, and they invite you to call and let them demonstrate and explain to you the new improvement on the 1932 Chevrolet. This car has been the talk of the universe since it made its appearance on the market in December. Hundreds of people are driving 1932 Chevrolets, and if you are dissatisfied with your present car, be sure to get in touch with the Eastern Chevrolet Company, and they will give you a liberal allowance on it in purchasing a 1932 Chevrolet. The repair department of this organization guarantees all their work, and is in charge of experienced mechanics. The Sales and Service is located at 14800 East Jefferson avenue (corner of Ashland).

## Porter's Restaurant (Strictly All-American)

Among the recent changes in business in the Jefferson and Maryland district is the purchase of the restaurant located 15017 East Jefferson avenue by Mr. Porter. The new management has completely remodeled the interior and has given the kitchen a thorough sanitary cleaning. Mr. Porter has had many years of experience in the restaurant business and intends to conduct his place as you would your own home. They serve a special noon-day lunch (complete course) for 30 cents, and on Sundays a special chicken and steak dinner is served at popular prices. This is the only all American restaurant in Grosse Pointe. Mr. Porter invites the people of the community to give the new restaurant a trial and be convinced of the excellent food served. He is also resident of Grosse Pointe.

## Heffner's Service Station

We wish to call the attention of automobile owners that the Heffner's Service Station is a good place to get your gasoline, have your car greased, admitted, buy auto accessories, have tires repaired and batteries recharged. The station is located at 15200 Charlevoix (at Lakepointe), and is operated by Charles and G. A. Heffner. They sell the well known "Gulf" products, of which they are an authorized station. They are open from 6:00 A. M. to 10:30 P. M. The gentlemen are known throughout business circles of Detroit and Grosse Pointe.

## Marion Hair Shoppe Chet's Barber Shop

The Marion Hair Shoppe, which is known as East Mack Avenue's modern beauty shop specializing in all lines of beauty work, is receiving a large patronage from many women of the community who prefer satisfactory service. They have private booths in which they do women's hair cutting and beauty work. Special attention is given also to the children's hair cutting and bobbing by experienced barbers. They are located at their new address, which is 14511 Mack avenue. They solicit appointments, and their phone number is Niagara 8032.

## Colony Sweet Shoppe New Management

The Colony Sweet Shoppe, located at 15645 Mack Avenue (corner of Balfour) is now under the management of Thomas Richardson. Mr. Richardson is well known in the neighborhood where he has lived for the last five years. They sell candies, cigars, cigarettes, tobaccos, stationery and school supplies. They have a soda fountain where all popular drinks are served and sell Stroh's Alaska Ice Cream in any quantity to take home. Light lunches, toasted sandwiches and home-made pies are also served. Deliveries are made in the neighborhood, and their phone number is Hickory 1040. They have public telephone booths for your convenience.

## Utility Repair Co. C. C. Henrich, Prop.

The Utility Repair Company guarantees to give you prompt service and good workmanship on general household repairing, including locksmithing and key-making. They also repair and sharpen lawn mowers, tools and skates; do sheet metal and furnace work. The shop is located in the rear of the Lakewood Theatre, at 14229 East Jefferson avenue. The telephone number is LEnox 4529. Mr. C. C. Henrich, the proprietor, does all his own work, and has lived in the neighborhood for eleven years.

## Mack Carmelcrisp Shop

Among the popular confections that is making a big hit with Detroiters is the new popcorn of the day known as "Carmelcrisp." It is healthful, refreshing, and will stay fresh and crisp in air-tight can or jar. It can be obtained on the East Side at 14334 Mack Avenue (at Chalmers). The Mack Carmelcrisp Shop, as it is known, is managed by Fred Durose, who invites you to come in and get a free sample of "Carmelcrisp."

## F. W. Woolworth Co. Opens New Store

One of the newest business establishments added to the Upper Mack Avenue district is the new store of F. W. Woolworth Co., 5c and 10c store. They will be found located at 14425 to 14429 Mack Avenue (Just east of the U-Town Theatre). This new Woolworth store will prove of great value to the community, and the citizens of the East Side, no doubt, will give this new store their liberal patronage and hearty support. They have given employment to a large force of men and women, such as clerks and other employees. The management will make it a point to see that all customers are promptly waited upon and the general public is invited to visit the new Woolworth Store. We welcome this progressive establishment to our community, and wish for them a large and increasing business.

## Butter-Kist Candy-Corn

Butter-Kist Candy-Corn is becoming one of the most popular and appetizing confection, and hundreds of Detroiters are buying Butter-Kist Candy Corn. It is made to satisfy every taste, and is known as the finest, crispiest, crunchiest "melt-in-your-mouth" treat. It is real good. Give the youngsters plenty—serve it at parties and all informal gatherings, because it's good to eat and good for you. Butter-Kist Candy Corn can be obtained at 13552 East Jefferson Avenue (at Chalmers next to Nash's Pharmacy). It is made fresh every hour. Mr. G. J. Flynn is in charge of this shop.

P. S.: Bring this write up to the above address, and you can obtain a 40-cent bag of Butter-Kist Candy Corn for 30 cents. Butter-Kist Candy Corn "The Nation's Tastiest Treat."

## "Wayward" Now At the Fisher!

There is a mammoth show on both stage and screen at the Fisher next week. On the screen there are three favorite stars in the romantic hit of the year, Nancy Carroll, Richard Arlen, Pauline Frederick in "Wayward." It is a story as real as life itself, and pulsating with emotion. A drama of the three loves that dominate the heart of a woman, sweetheart-love, mother-love, Without a doubt it is the sensational love drama of the year.

## Business Review (Continued from Page 1)

shown a further recession to about 1,588,000 kilowatt hours.

Freight carloading began the year at extremely low levels. Loadings for the week ended January 23 totalled 562,938 cars, a decrease of 10,338 cars from the preceding week, and of 152,635 cars from the same week in 1931.

The sales totals of one of the large mail order houses may be considered as an indication of volume of retail trade. During the four week period ended January 29, 1932, this company's volume of dollar sales was 17.5 per cent under sales in the same period of 1931, a difference which compares with the 15.1 per cent discrepancy of the previous accounting period.

The general indexes of wholesale commodity prices have continued to show declines. The United States Bureau of Labor index which is based on wholesale prices of 784 price series has declined since January 2 from 68.3 to 67.6 as of January 23. Both wheat and cotton have shown strength in recent trading sessions. Wheat is now selling about five cents a bushel above year-end levels and cotton has advanced a half a cent a pound in price.

Money rates have been somewhat easier in recent weeks and this has found reflection in firmer bond prices. Stock prices have moved in a listless manner and volume of sales has been exceptionally low.

The part which the newly organized \$2,000,000,000 Reconstruction Finance Corporation will play in subsequent economic developments is a matter of deep interest to all groups agricultural, industrial and financial. Probably no governmental measure of the past decade has been of such importance to business. Set up "to provide emergency financing facilities for financial institutions, to aid in financing agriculture, commerce and industry, and for other purposes," the law gives the Corporation many powers. An aggressive directorship has been provided, and the policy of the Corporation is expected to be vigorous and courageous.

Analysis of the returns of the Trust Company's monthly questionnaire on business conditions in various sections of Michigan still indicates unsatisfactory business conditions in general throughout the State.

## Chimneys Long in Use

Chimneys have gradually developed and existed from a very early period. Chimneys in their very simplest form were first introduced into England about the year 1388, while in Venice it is recorded in an account of the great earthquake of 1347 that a number were overturned there.

By WM. G. WIEDBUSCH

Hello Fellows:

You know, it's not necessary to go to Shanghai to get all the hot news. Plenty of it around in the circumscribed area of Grosse Pointe and Metropolitan Detroit Lionism. From the moment that the boys started singing "Bye, Bye, Blues" at the meeting of February 4th to the end of President Gnich's embarrassment when they finished singing "show me the way to go home," things were happening. State Senator Harding, guest of the Club at this meeting, in a conscientious effort to avoid politics as a theme of discourse spoke on what was discussed at a recent meeting of East Jefferson avenue business men. Of the suggestions made that owners of vacant stores be approached to permit the use of such premises temporarily without charge to neighboring firms or individuals for business display purposes, in order to circumvent the inherent tendency of the public to avoid a business section where business apparently was at a low ebb and to do its trading where activity was in evidence. He conveyed a suggestion made at the gathering that almost staggers the imagination at first thought. That is, the suggestion of removing from Jefferson Avenue the electric railway lines and make of it a thoroughfare like Fifth Avenue in New York or Michigan Boulevard in Chicago. Like all trained speakers, the Senator closed his remarks by telling a story that had nothing whatever to do with the subject of his previous remarks, but nevertheless stirred the ribilities of his audience. Our general President has no doubt by this time invested in copies of Cushing's Manual and Robert's Rules of Order and has been assiduous in his application to the study of these works on Parliamentary Rules, to avoid a recurrence of his embarrassment, resulting from being flooded out

with motions relative to an application for membership, which was read just before the close of the meeting. Motions to refer to Membership Committee, to accept, to reject, to adjourn, followed each other with such a terrific speed that they almost overlapped; but, the motion to refer to a Committee of the whole was a most unholy pun.

That Father and Son Meeting, which was announced in this column last week, was postponed to February 18th, at noon, to give the Entertainment Committee more time to arrange a suitable program. The meeting will be entertained by L. Carosello and Son; and its nature will not be published. You will have to come, in order to find out. So proud fathers, bring your male progeny; be it one or a dozen. Show them what we are building for them to carry on with.

Mentioning Retold Tales, who remembers the staccato applause of Bob Coggan when Jul Berns announced that he did not choose to run for President of the Club again, and the comment thereon by the Secretary in the minutes of the Meeting of June 11, 1931.

A Lions District Bowling Tournament is scheduled for Saturday, February 20th, 1931, at the Palace Recreation, 6626 Gratiot avenue.

A Metropolitan Dinner, sponsored by the Grand Central Lions Club, of the Detroit Metropolitan Council of Lions Clubs, is set for Monday evening, February 15th, at 6:30 p. m., at the Fort Wayne Hotel. All those wishing to attend, please leave reservations with your secretary.

The Lions Club of Hot Springs National Park, Arkansas, invites all Lions to listen in on its Radio Program over Station KTHS on the evening of February 14th, from 10:00 to 10:30 P. M. Central Standard Time. At this time the Hot Springs Lions will salute all other Lions and Julien C. Hyer, International President, will be the principal speaker. Station KTHS operates on 1040

Kilocycles. It was in Hot Springs in the year 1832 that the United States government established its first National Park.

## G. P. Cagemen Defeat Bather's Team, 20-14 Saturday Night Here

Grosse Pointe cageman triumphed over their opponents from Mt. Clemens in a comparatively slow game of basketball. The second quarter was the only period in which hard fighting was displayed. The final score was 20-14. The game started from the beginning to drag and towards the end of the match there was an occasional yawn from one of the spectators, which is most unlike the usual game of the Pointers.

At the end of the first quarter the score stood Grosse Pointe 5, Mt. Clemens, 3. All of these points were made on fouls.

The second quarter was as unlike the first as light and darkness. The quarter started with a bang. Grosse Pointe took the jump and raced down the floor for a shot. The shot missed but was tipped in by Hanneinan. The score at the half was 17-12, Grosse Pointe up.

The third quarter was a twin sister to the first. The game was exceedingly slow. Also the fourth. Grosse Pointe topped the show by stalling for between two to three minutes. The game ended with the score 20-14, Grosse Pointe up.

## \$4.40 Broadway Musical Comedy Show at the Michigan

The most sensational innovation in the history of Detroit motion picture theatres is the current presentation of the Michigan theatre. This is the same show that enjoyed 51 weeks at the Alvin, New York, and the Garrick in Chicago at \$4.40. It plays intact and complete with the same glorious scenes, the same gorgeous girls and the same brilliant music as in its long runs.

Waldo J. B. VILLAGE

WEEKLY CHAT  
By A. A. PILKINGTON

(Continued from Page One)

itement is tense when any apparent dreadful thing occurs. With the modern aid of radio-flashes are sent out to the four corners of the world and a state of hysteria becomes universal.

It is just 34 years ago on the 15th

of February our nation faced that terrible ordeal, "the sinking of the Maine" with a loss of 266 lives. Our memories can recall these moments of intense tragedy—So let our thoughts travel on to Arlington cemetery and unite in meditation for those brave souls that departed so untimely.

General taxation is one of the many problems facing our State government today—Rural, Township, County and Cities. In the early days of colonization the people decided that they did not want taxation without representation and today it seems that the demand is less taxation and more representation. Thousands of people are losing their properties which represents in many instances their life's savings. Homes are being literally abolished and very little is being said or done about it—isn't this sufficient cause for consternation? What is this age of selfishness that we are passing through? Surely there is a way out of it and there is no time like the present for some action of justice on the part of the responsible parties to see that these conditions are rectified. Abe Lincoln said many can help the few, but few cannot help the many.

Tomorrow, Feb. 12th, this great nation pays tribute to that kind and loving soul the Immortal Lincoln—words are inadequate to express the fullness of Abe Lincoln's life—courage, character, love and devotion to his native land—if the walls in the White House could only speak they would tell us a great deal about ex-President Abraham Lincoln and his Prayersful life. When the Union was threatened Lincoln prayed and his prayers were answered.

Let the Nation take hold of the larger works and the States the smaller one's, and thus working, the whole country may be put on that career of prosperity which shall correspond with its natural resources and the intelligence and enterprise of its people.

Royal Oak Fights It Out With Pointe In Local Swimming Pool

Royal Oak swimmers gave the swimming fans a thrill last Friday when they edged a victory over the Grosse Pointe Tankmen 33-31. The whole meet was a series of thrills.

Grosse Pointe started the meet off by snatching the 150 yard free-style relay, event from the Oakland County boys. Royal Oak, however, counter-balanced by taking first and third in the diving event. She also surprised the Pointers by clipping off first and second places in the 100-yard-back-stroke and first and third in the 100 yard breast. Both teams tied for first place in the forty free-style and each were given 4 points. Grosse Pointe also took third in this event. Royal Oak was checked for the time being when the Pointe tankmen captured both first and second places in the 220-yard free-

style. Grosse Pointe took the first place in the 100-free-style while Royal Oak gained 4 points with second and third places.

The last event, the 220 yard Medley, was to decide the meet as the score stood, Grosse Pointe 31, Royal Oak, 28. Royal Oak gained slightly on her backstroke but the Grosse Pointe forty yard free styler evened up the gap. Royal Oak's breast-stroker gained considerably and the final swimmer, the 100 yard free-styler, finished several yards in the lead. Final score, 33-31, Royal Oak victors.

The Grosse Pointe Swimming team visits Monroe next Friday for what is expected to be a close meet.

Jefferson Avenue Baptist Church

Over two hundred remained for the "fellowship sing" in the Chapel which followed the evening service at the Jefferson Avenue Baptist Church last night. This informal gathering for the singing of secular and religious songs. The Rev. Wayland Zwyer, pastor, will speak at 7:30 on "How To Marry," continuing the discussion on "Love's Place in Life." He will answer questions presented by the congregation last Sunday.

A Father and Son Service is planned for the 11 a. m. worship hour. Mr. Zwyer will address his sermon to the men and boys of the congregation. Members of two Scout Troops will be guests.

Grace Church

Kercheval at Lakepointe. Hundreds of Detroit churches will observe Father and Son Sunday next Sunday, Feb. 14. Grace church will be one of them. We should like to see not only many fathers and sons, but also many other members of the family at our service. A cordial welcome awaits all strangers. Plan to be with us on Sunday at 10:45.

The Church School will meet as usual at 9:20.

On Wednesday, Feb. 17, at 12:30, the ladies of the Sewing Circle will meet at the home of Mrs. Howard Frazho, 4000 Woodhall. A part of every one of these meetings is devoted to mission study. A pot-luck luncheon will be served.

The second mid-week Lenten service will take place on Wednesday evening at eight o'clock. The pastor is preaching a series of sermons this year on the general theme, "The Sins that Crucified Jesus." "Greed" is the topic of the second sermon in this series.

Large Valley

The Imperial valley is a large section of country in the middle of Imperial county, Calif. It is about 400,000 acres in extent.

Eastminster Presbyterian Church

Next Sunday morning will be Men's Sunday at the Eastminster Presbyterian Church. All men and boys are especially urged to be present but everyone is invited. The pastor will speak on "Loves and Fishes." At 7:30 P. M. the Southeastern High School Orchestra and glee clubs will be present and give a program of both instrumental and vocal music. The pastor will preach the 5th of the series on "The Hereafter," entitled, "Do Men Ever Become Angels?" Next Friday night he will have our Father and Son Banquet, the 19th. A splendid program is being prepared.

Mt. Olive Lutheran

Radnor avenue (Lincoln Road) at Mack.

The theme for next Sunday's sermon will be "True Holiness."

Sunday School and Bible Class are conducted at 9:45. Regular service, 11:00 a. m., Wednesday evening Lenten services at 8:00 p. m., will be held until Palm Sunday. The theme for next Wednesday will be: "Jesus in Gethsemane."

Presbyterian Church Of the Covenant

At our 10:45 morning worship we are planning a Family Day Communion service, when we hope every member, every former member who can, and every friend of the church, will be present. We shall also receive new members into our fellowship.

In keeping with the program mapped out by the Detroit Presbytery, next Sunday is Father and Son Sunday. We are making our evening service "Men's Night." The members of the Men's Friendship Bible Study class will sing some of the old hymns at this service and the Rev. Ralph McAfee, Secretary of the Detroit Council of Churches is to give the address.
