Bird House Building Contest Being Held Among Park Youths

Go oil up those rusty saws, children of Grosse Pointe Park, here's a swell chance for you boys and girls to help tide hard pressed dads over the depression period. All you need is an average amount of brains and a set of willing hands to win some real cash.

Here's the dope. Prominent citizens and merchants of Grosse Pointe Park, interested not only in the preserving of wild bird life, but also the attracting of birds to the new Waterfront Park, are sponsoring a bird house building contest for children from the first to the eighth grade, who either live in or attend school in Grosse Pointe Park. This contest opened yesterday, March 23 and will end at 12 o'clock noon on April 9.

This contest, in order that competition may be evenly balanced has been divided into two sections. The first section includes children from the fourth through the sixth grades, while the second section includes boys and girls in the seventh and eighth grades. The cash prizes will be awarded in the same amounts for both sections. First prize, \$5.00; second prize, \$3.00; third prize, \$2.00; fourth prize \$1.50; fifth prize, \$1.00. Besides these cash prizes, merchants of the Park are donating valuable other prizes.

Through the kindness of Mr. Heiser, manager of the Aloma theater, free tickets will be given to every person entering a bird house for the Saturday matinee of April 16.

Three competent and experienced persons will act as judges of the contest. The three things on which the birdhouses will be judged are: usability, mechanical perfection, originality and artistic beauty.

Children wishing to read books on the how, when, why, and wherefore of bird house building may do so at the Grosse Pointe Park library in the Municipal building.

The purposes of this contest is to get children interested in bird life, give them a chance to display their mechanical skill and last but not least, to beautify the Waterfront Park during the summer months.

5th Annual Aviation Dinner by Exchange Clubs to be April 5

The 29 Exchange Clubs located in Oakland and Wayne counties, and cities of Mt. Clemens and Warren, are again preparing to boost the 5th All-American Aircraft Show which will be held at the Detroit City Airport, Gratiot and Connors avenues the week of April 2nd to the 10th inclusive.

On Tuesday evening, April 5th, the fifth annual Aviation Dinner of the Exchange Clubs affiliated with the council will be held at the Detroit-Leland Hotel (main ballroom) Cass and Bagley avenues. This dinner, as heretofore, will undoubtedly be the largest held during the period of the Aircraft Show and many distinguished guests and outstanding men devoted to aviation will be present.

Major-General J. E. Fechet, U. S. A. Retired (formerly, Chief of the U. S. Army Air Service) will be the main speaker. Telegram dated March 12th from Washington, containing General Fechet's acceptance is quoted herewith:

"Accept with pleasure invitation to be speaker at Exchange Clubs Banquet Stop Delay in previous acknowledgment caused by arranging dates to be with you."

Neighborhood Club Activities

A basketball tournament for junior boys of the community will be held at the Neighborhood Club in the near future. Four teams, composed of 12 to 14-year-old boys, are entered at present. The first two games will be played Saturday, March 26th, at 1:15 p. m. and at 2 p. m. These games are free to the public.

The Camp Fire Girls will hold a meeting as usual on Friday, at 4:15. "Donut Day" is coming and each girl is out to sell twenty dozen at twenty-two cents each.

On Thursday, March 31st, the girls are going on a hike to Belle Isle for a weiner roast.

On Sunday, April 3rd, the Grosse Pointe Neighborhood Club team will play an all-star Cleveland team at the Neighborhood Club. This promises to be a very fast and interesting game, as the Grosse Pointe boys are the Metropolitan Detroit champions in their class, while the Cleveland team is composed of boys selected for their ability from the entire Cleveland city-wide league. Efforts are being made to have a girls' game here the same afternoon.

On Saturday, April 16th, the Grosse Pointe boys will journey to Cleveland for the return game.

On Saturday, the Blue Birds will have a candy Easter Egg hunt after their gym work.

The A. O. C. Girls played the Sacred Heart Convent basketball team on Tuesday evening at the Convent. The score was: 29-22 in favor of the Convent.

The Girls' Gym class met as usual on Tuesday afternoon for practice. One of its members, Patricia Sweeney, won a dictionary for the third consecutive time in the St. Paul's spelling match.

Indoor baseball will be started next week and all members are urged to be present.

Saturday, April 9th, is the date set for the annual spring dance of the Neighborhood Club basketball team. The Chocolate Rhythm Kings Orchestra will furnish the music, and dancing will continue from 9 till 12. The small sum of 35 cents will enable you to enjoy this entertaining event.

Readers Demands on Public Libraries in 1931 Indicate Change

A possible indication that American thinking is turning to a consideration of present day problems may be seen in "Booklist Books 1931" just published by the American Library Association. "Booklist Books" is an annual publication of book titles, voted by librarians throughout the country as the books which have been most useful to the reading public during the year. The list which is intended primarily as a buying guide for small libraries, may not entirely coincide with a list of "best" books selected by literary critics, nor with a booksellers' list of the most popular titles. It does, however, call attention to those books which actually meet the needs of the general reader.

A comparison of this year's titles against those of five years ago, show a marked increase in books on sociology. The 1931 list is three times as long as that of 1927. In the same period, the number of technical books and books on useful arts more than doubled. Books on literature and history have remained constant, while books on travel, religion, philosophy, fiction, and notably, biography, show decreases, due perhaps, to the fact that the emphasis on sociology has crowded out books on other subjects.

Whether the depression is causing America to become serious minded or whether efforts in adult education have influenced readers' tastes, is difficult to surmise. However, the figures seem significant. Those who would like to compare their recent reading with the books listed, may consult "Booklist Books 1931" at the public library.

Township Election on April 4

The annual Township election will be held on Monday, April 4 to elect the following Township officers: Supervisor, Clerk, Treasurer, Justice of the Peace, Member Board of Review and four Constables. Residents will cast ballots at the same voting places they did on the primary election held on March 7, when Edmund E. Vernier, Ralph Beaupre, Adolph Damman, William Dorn and John DeYonker were nominated respectively for the above offices and Andrew T. Phillips, Daniel G. Allor, Samuel Gordon and Joseph Trombly were nominated for the four positions of constables on the Democratic ticket.

Nominations on the Republican ticket were: Clerk, John P. Cronin; Treasurer, Edward Van Assche; Justice of the Peace, Joseph W. Snay.

WEEKLY CHAT

By A. A. PILKINGTON

A massacre can happen across the street in the residential district and very little is said or done—just a little excitement for a short while and then everything is forgotten—a husband and a father is taken out of his car in the very presence of his kin folk and beaten to death—a policeman is shot down in cold blood without a chance—a baby is taken out of its crib sleeping and spirited away from its parents in the most daring fashion—and yet justice sleeps on—is this thing they call conscience dead? Awaken justice from thy state of lethargy and rally thy people around thee to action.

The American Legion in the Township are to be congratulated for their splendid efforts in trying to secure jobs for the needy and keeping abreast with the present movement of their fellow comrades throughout this great land of ours—a unified effort of cooperation will help a great deal to make conditions more pleasant until the wheels of industry start moving once again full time.

A smile means a great deal especially if given at the proper time—it is one of the priceless gifts of life. Did you ever notice the sun breaking through the darkest of clouds of a seemingly dull and desolate day and the reaction that follows? So a smile goes a long way during the trend of daily events—I often recall the old war day song of years ago—"Pack all your troubles in your old kit bag, and smile, smile, smile."

April 4th marks the final election day for Grosse Pointe Township and the electorate that turned out at the March Primaries will be in a position to voice their opinions for the select candidates. A good many folks have been left with the impression that the election of March 7th was final. This is not so—Get out and vote for your favorite and capable candidate April 4th.

The sinister power of money that can clog the wheels of justice, shield the wrongdoer and dominate politics and industry is more powerful today than ever before. Something will have to be done. Crime flourishes as never before. The day will come when lawlessness must be abolished. The old adage, "An eye for an eye, a tooth for a tooth" will certainly have to be brought into the present day mode of living.

Protection

A former U. S. Secret Service operator, M. L. Stewart, is seeking employment as a guard for homes and estates in the district. He was with the Federal government for two years as a secret investigator and recently was employed as a guard at the Bank of Detroit. He is capable of driving any make of car and is on the Detroit Civil Service commission lists as a watchman. At present he holds a deputy sheriff commission and can produce references. He may be reached at Lenox 6928.

Wallace Gamber to Fight With Unknown

Wallace Gamber, Grosse Pointe's best known and leading boxer, known to his many friends in fistic circles as the "bearded Adonis," and more recently as "the Big Pink," is matched with an opponent known as the "Mysterious Stranger," the contest to take place at the Arena in Mt. Clemens, Mich., Tuesday evening, March 29, at 8:30 p. m.

Mr. Gamber has been in constant training for some time past for this event, and in addition to usual road and mat work has spent hours each day at the welfare woods swinging an ax, hauling heavy timbers, etc., to harden and strengthen his muscles and otherwise put himself in the pink of condition.

Gamber received his nom de plume "the Bearded Adonis" from one of his first fights when he entered the ring with a beard 10 days old a la Jack Dempsey. A few years ago he made a reputation for himself as a marathon runner, finishing seventh in a field of 87 in the U. S. A. open, held at Detroit. A host of his friends will trek out to Mt. Clemens to pull for him in his fight Tuesday night.

Legion Renews Appeal To Residents To Help Find Work For Idle

A vigorous, earnest and sincere personal appeal to the residents of Grosse Pointe for cooperation in the current drive of the Grosse Pointe Post of the American Legion to find employment for the idle men and women of the Township was reiterated this week by Robert L. Butts, Post commander, in a statement this week. He said:

"Is the spirit of 1917 and '18 lacking? Do the people not realize that today we are fighting a foe greater and more dangerous than during the World War? The enemy today is not a material enemy that can be overcome by force, not one that can be located and whipped into place. If we could send men and guns against this so-called depression we could have him whipped in short order.

"If the people would only realize that it is their fight and on the shoulders of the individual rests the greatest responsibility. Not the responsibility of the fight nor the remedy, but the responsibility of aid to the fellow who has been bested. The man whom circumstances has forced out. We must give a hand to the man who is down.

"In 1917 and '18 almost every window carried a star, showing that the family there had given their all to their country. Today let us see in the windows another sign that again the individual has come to the rescue. This is The American Legion Pledge Sign that shows some amount, no matter how small will be contributed each week toward the support of an immediate neighbor who is in desperate need. Not as a dole, not as charity but in exchange for honest work. Some odd job around the house or yard, the garden or garage.

Down-Town Bus Service on Sundays

Lake Shore Coach Lines Inc., announced early this week that in effect on Easter Sunday, March 27, through service from the Pointe to downtown Detroit would be inaugurated on the Jefferson Avenue Line, with the transfer privilege to and from the Kercheval Line at the City Limits. Westbound, the first "Through" bus will leave Jefferson Beach at 12:15 noon, Vernier Road at 12:23, Weir Lane at 12:28 and Fisher Road at 12:35 P. M. It will reach the City Limits at 12:43 and Grand Circus Park at 1:11 P. M. Half hourly service will be given thereafter as on week days with the last bus leaving Jefferson Beach at 12:30 A. M. and Fisher Road at 12:50 A. M.

Eastbound from Grand Circus Park to Grosse Pointe and Jefferson Beach, the service will start at 1:15 P. M. from Detroit, reaching the limits at 1:43 and Fisher Road at 1:51 P. M., operating thereafter every half hour as on week days until 11:35 P. M. at Grand Circus Park.

The usual service between the City Limits and Grosse Pointe will operate as heretofore, running half hourly alternating with the through trips, thus rendering substantially 15 minute service through the Park, Village and Farms.

It is felt that Grosse Pointers will appreciate the advantage of the through service on Sundays inasmuch as formerly it was necessary to change to a street car at the Limits. The new service should prove to be a great convenience to Grosse Pointers, as a complete study of the Sunday riding problem was made and from this the schedule was built giving the maximum service where maximum riding demand appeared.

It was also announced that simultaneously with the above new service the Kercheval-Deanhurst buses which heretofore on Sundays have operated via Jefferson and Grosse Pointe boulevard to Seven Mile Road, will operate via Kercheval on weekdays.

The public should bear in mind that such changes and additions start at the times noted above and at 1:15 P. M. at the Limits on the Kercheval-Deanhurst line.

Far-Fetched Resemblance

The hyrax of Africa, though a little animal no longer than a rabbit, is said to be related to both the hippopotamus and the rhinoceros. It does not resemble either to any marked degree except that its teeth are like tiny copies of those of the hippopotamus and its feet are shaped like those of a very small rhinoceros.

High School News Briefs

Because the 12B class, which graduates in January 1933, will be the first graduating class required to meet all the new graduation requirements, Mr. John R. Barnes, principal gave the class a thorough explanation of each rule in an address during the 40-minute home room period last week.

To graduate from Grosse Pointe High School, beginning January, 1933, a student must meet the following requirements: he must have been in attendance at Grosse Pointe High school for at least one year, completing forty hours of credit there; he must have 168 credits instead of the former 160 including the continuity requirements which are: one four-year subject, one three-year, and two two-year subjects.

The above regulations were approved by the Board of Education in July 1931. The requirements effect the last three semesters of the January, 1933, graduating class.

For their English VI project, Flora Kies and Bernice Sinclair presented a play, "Lancelot and Elaine," during the class period last Friday.

The play was a revision of Tennyson's "Lancelot and Elaine." Hilda Beck was the fair Elaine and Dan Bennett took the part of the gallant Lancelot. Others in the cast were: Esther Spansky as Queen Guinevere, Herbert Crittendon as King Arthur and the Lord of Astolat, Robert Deisely as Lorraine, and Jack Sherman as Sir Torre and Gawain.

With anxious faces and a goal of the coveted trip to Washington, D. C., the seventh and eighth graders competed in the annual Detroit News spelling bee last week.

Spelling for almost an hour, the lines finally dwindled down to the last two spellers where competition was great. The winner of the eighth grade bee is Mildred Carroll, who now has three dictionaries and a medal to her credit. The runner-up in the eighth grade bee

was Jean Betzing who misspelled lawyer. The seventh grade champion is Betty O'Brien.

From seventh and eighth grades, the last ten spellers of each class will compete on April 8 for the school championship which gives the winner an atlas and a chance to compete in the district bee.

The following students will compete in the school bee, from the seventh grade: Maya Gruhitz, Elizabeth O'Brien, Janet Miller, Betsy Armstrong, Dorothy Miller, Marjorie Taylor, Thelma Sell, Alice Provan, Marjorie Webb, George Berdoack; from the eighth grade: Jean Betzing, Donna O'Connell, Victor Heimbuch, Mildred Carroll, Mary Ann Deisley, Gordon Philip, Marthe Houck, Lois Webster, Florence Allard, Margaret Schrewe.

Legion Renews Appeal To Residents To Help Find Work For Idle

"Possibly you can do it yourself, but if you are employed, if you have an income,—please be generous. The Grosse Pointe Post of The American Legion has established an employment headquarters in the Township Hall at Roosevelt and Maumee streets. Telephone Niagara 1847 where is listed men and women who are in need of any kind of work. Won't you please availing, for beating rugs, for gardening and hundreds of odd jobs that will help you. Just stop and think how many little jobs could you save up in a week's time that would be well worth a half dollar to have done with neatness and without trouble to yourself. Just think, twenty such pledges on your street would assure some one an income of at least \$10 each week, enough to feed his family, a wonderful thing for him cents per week which will entitle you to the services of an able bodied man for one period of three hours each two weeks or one and one half hours each week. The time is at hand for clean-sacrifice contribute as much as fifty will call on you and explain the plan of the regular pledge of a small amount each week whereby someone will be able to provide for his family. Please see this man when he calls. He is asking very little and is working entirely without pay, he is giving his time to this work solely in the interest of humanity.

"The call to duty has again sounded and again the boys have fallen into line, not with the pomp of flags and drums but silently and seriously. How splendidly did you respond in the days when these same boys were marching away to war, how generous were your sacrifices. Now these boys are serving again, and asking you to serve with them, bringing you the opportunity to help someone, perhaps little children who are hungry and who do not understand why daddy cannot give them the things they need. Please see this in the right way, please see that the responsibility is ours, and if you have a little work that can be done or can by any yourself of this opportunity to help a brother in distress? Irate Woman Probably Had Time for Regrets

The bus terminal had been reorganized since the woman's last trip, but she eventually located her bus, and, having three minutes to spare, paced up and down beside it.

From the waiting room emerged a couple engaged in wordy combat, the husband, as usual, losing in the battle. On and on raged the wife, her spouse meekly following with his arms full of bundles. As she got on the bus, he handed the bundles to her and prepared to turn away.

"Don't you dare be late for supper!" shrieked his spouse. The unfortunate male, his downcast gaze roving humbly over the bus, started suddenly.

"Lily—" he began.

"Don't you 'Lily' me!" shrieked the woman, starting off again. "You—" "Lissen a minute!" begged the husband.

"Lissen to you! Every time I lissen—" She finished an irate monologue and disappeared into the bus.

"Lissen," the little man called after her. But she was already seated inside the bus it jerked suddenly and drove off, leaving him standing, mouth open.

The woman met his eyes with an involuntary smile. A slow grin spread over his face.

"Don't that beat all!" he asked the woman, shrugging his thin shoulders. "I only wanted to tell her she's on the wrong bus!" He chuckled. "I hope she finds out soon. The first stop for that one is Philadelphia. And we live in Long Island!"—New York Sun.

"Pure" English Defined as of Elizabethan Era

The oft-quoted saying that the purest English is spoken in Dublin, particularly at Trinity college, is of unknown origin, says the Pathfinder Magazine. Inverness, Scotland and Belfast, Ireland, are often linked with Dublin as places where exceptionally pure and correct English is spoken by the inhabitants. The saying probably means little more than that the common speech in these places contains an unusually large number of Elizabethan words now regarded as "archaic" or "classical" in England and the United States. Speech in small countries or isolated communities seldom changes as rapidly as it does in the more populous centers. Both Dublin and Belfast were settled by colonists from England and the speech of their descendants did not undergo the same development that the language of the parent country did. The English language of the periods of Elizabeth and King James was, as it were, kept in cold storage in Ireland and many words and phrases were retained in everyday speech which became obsolete in England. Thus it happens that the language of Belfast and Dublin more nearly approaches the language in use during England's golden era of literature.

Long Welsh Name

Does it not seem curious that any place should be named "Llanfairpwllgwyngyllgogerychwyrandrobwllantysilio-gogoch, but to a Welshman this is one of the most poetical names on his map. To the stranger who goes there and sees the place it is also a locality of charm and beauty. But the name itself is poetry. Llan is "church," Fair is "of Mary," pwll gwyngyll is "the pool of white hazels," gogery is "rather near," while chwyrandrobwll is "the swift whirlpool" and Tysilio gogoch is "of Tysilio of the red cave." Is it not, therefore, suggestive of romance and beauty enough to visit the village of the church of St. Mary by the pool of white hazels, near the swift whirlpool of St. Tysilio's church of the red cave?

Foreign Service

The United States foreign service divides its activities roughly into three main categories—protective, advisory and administrative. The protective function safeguards citizens and their legitimate interests in all privileges and rights provided by treaty or conceded by usage. The advisory functions of the foreign service are designed primarily for the benefit of the government of the United States, which constantly requires information from all parts of the world for its guidance in the conduct of its foreign relations. The third main division of the duties laid upon the foreign service is the administration abroad of American laws.

Ornithologist Honored

The Audubon society was named for John James Audubon, a famous American ornithologist and painter of bird pictures. He was born on the island of Santo Domingo, in the part now known as Haiti, on April 26, 1785. He was taken to France to be educated and emigrated to America when he was eighteen years of age. Nearly his whole life was passed in the United States. He lived in Pennsylvania, Kentucky, Louisiana and New York. He died on January 27, 1851, in New York city.

Won't You Please Do Your Part

MEN

and women of Grosse Pointe, we call on you to help us. We ask no alms—no charity—no money contribution. We ask only that some work—some odd job—some piece of repair which you need to have done—should be done now. And that you let us assign this work to some idle man.

If you own a store—a factory—or home—there is some needful work to be done. Even if the job would take only an hour or so, still it's work for someone.

Plants Not Harmful

The old theory that the keeping of plants in bedrooms is harmful to sleeping human beings has no foundation in fact, since plants give off oxygen and take in carbon dioxide—the exact opposite process to that which takes place during the respiration of animals. Therefore, if plants are not so numerous as to cause a heaviness in the air with their odor, they would be beneficial rather than otherwise in a bedroom.

By J. C. MYERS

"FOREWARD"—A review of some of the Leading and Progressive Concerns of our community and Detroit, including Contractors, Builders and Community Boosters, who have the best interests of our city at heart, and are always boosting for a greater and better city in which to live.

Dr. Burt R. Shurly
A Community Leader

In setting forth our business review of WHO'S WHO in Detroit, we are pleased to give due mention to Dr. Burt R. Shurly, who is one of our city's prominent physicians and civic workers. Dr. Shurly is one of the active members of our Board of Education of which he was president. He has been a member of this Board for more than four years, during which time he has co-operated with the other members in planning out various proposed ideas and system to foster the betterment of conditions in the schools of our city.

Friends Urge Him for Congress

The many friends of Dr. Shurly have urged him to become a candidate for Congress in one of the new congressional districts given Michigan under the recent reapportionment just passed. Dr. Shurly is a Republican and he will run in the fourteenth district. The new district will send their first member to Congress in the fall of 1932.

His candidacy will be built on a platform of modification of the eighteenth amendment, remedies for unemployment, economy and the furthering of the St. Lawrence waterway plan, Dr. Shurly said.

Dr. Shurly, who is 59 years old, has five children with three of them in the Detroit Public Schools. He resides at 1027 Seminole and is one of our East Siders for 30 years. During the war, Dr. Shurly was well known for his many activities, especially as he was the first medical director to completely organize a 1,000-bed base hospital on this side and take it "over there" where he did so many things for the soldiers. He also served on U. S. S. Yosemite in the Spanish War. Dr. Shurly at present is chief-of-staff of the Shurly Hospital, located at 62 W. Adams street.

Sugar and Insanity in Bond of Relationship

There is a relation between sugar and melancholy. Investigations reported by Dr. P. K. McCowan in the British Medical Journal, Lancet, show that in certain types of insanity the amount of blood sugar above the normal is closely associated with the depth of the depression.

Doctor McCowan has devised a technique for measuring the "hyperglycemic index" as a measure of abnormal blood content and believes that it has some diagnostic value. Thus a patient who apparently had recovered from a depression would not be released while the blood sugar remained too high. In insane states characterized by extreme excitement, he found, there is little abnormality in this respect.

Sometimes a depressed patient will be found, he reported, who has a low blood sugar index. This is a bad sign and greatly diminishes the likelihood of recovery.

The sugar increase in depression, he says, is a secondary phenomenon incidental to body changes that accompany emotion.

Day of "Full Dress"

"How many undergarments should be worn in cold weather?" was one of the great problems of the belle of the nineties. Doctor Everett of New York city, author of "Health Fragments," thus expressed his opinion: "From the first of November until the first of May, three suits should be worn. First: a full suit of wool flannel from neck to heels and wrists. Second: a full suit of heavy unbleached English cotton flannel, entirely covering the suit of wool flannel, or first suit. Third: a light suit of pretty muslin, extending to knee and wrist. If, over all these, a lady desires to adorn herself by an exquisite chemise, which buttons in front from top to bottom, there is no objection to her doing so. She will be neither warmer nor colder by the addition."—Detroit News.

English Folk Lore

Here are a few interesting superstitions of rural England: "Hit no animal with a willow stick—for the curse upon it." The Blessed Virgin, so it is said, whipped her son with a birch of willow that caused him to say: Cursed be the "Sally Tree" which maketh Me to smart. The "Sally Tree" shall be the first to decay at heart.

"The Sally" is the local name for willow, in which tree the heart decays very early without killing the tree. Little bird-nest furze among wheat stubble is said to forfeit by its spores the number of shillings per bushel the wheat will sell for.

To Prevent Gray Hair

Modern Mechanics and Inventions Magazine points out three rules where by gray hair may be eliminated. First, keep the head uncovered as much as possible and avoid tight hats. Second, massage the scalp night and morning with the fingers and use a good hair tonic every day and some bland oil once a week. Third, the diet should contain whole wheat bread instead of white bread. Fruit salads are advocated and ample vegetables, especially spinach.

Tacky Party at St. Columba

On Friday evening, April 1st, the Married Branch of the Girls' Friendly Society of St. Columba Episcopal Church will give a Tacky Party for the benefit of the church. Prince Charming will present Cinderella with a pair of slippers free. Mr. George Healey will preside as Judge of the Kangaroo Court. There will be dancing and entertainment. Admission only 25c. St. Columba Parish building, Jefferson at Manistique.

By WM. G. WIEDBUSCH

My Fellow Lions:

Nineteen hundred years ago, in a small province of what was then known as the Roman Empire, the greatest Spiritual Leader of All Time lived and taught the doctrine of humility and that Man's greatest duty was his obligation to his fellow man; that, to love your fellow man as you would yourself; and, to do unto others that which you would have others do unto you, constituted the Highest Law.

For daring to adhere to this noble principle, even against the expressed convictions of the pagan public officials of the province, the mentors of the faith of his people decreed that he should no longer live. And so, amid a howling and derisive mob, he was taken just outside the city of Jerusalem, to Golgotha, the hill of skulls; there to be nailed unto a cross and to die a death meted out only to the most infamous of Roman criminals. And, still true to his doctrine of humility, his only rebuke to his persecutors was: "Father, forgive them, for they know not what they do."

On this Good Friday, March 25th, A. D. 1932, in metropolis and hamlet, asea and ashore, in Temple and Forum, we gather for the annual commemoration of this Great Tragedy and to consecrate the Great Principle which He taught and for which He died.

But, my fellow Lions, let us not stop at this. When, in this our own times, after nineteen hundred years of promotion of His Great Principle, we still see rampant the spirit of selfishness; when we see public officials refrain from declaring their attitude on momentous questions; in order that such a declaration may not affect adversely their continuation in office; when we have innocent babies ruthlessly torn from the parental fireside and held until some selfish motive is satisfied;

when we observe the apparent helplessness of legal authority to effectually cope with and avenge such outrage; when even the public disseminators of news and information, go to extremes for their own aggrandizement; let us keep forever in mind, and never lose sight of the basic principle of our local and international code of service to our fellow man, our community, our State, our Nation, and our God.

A bear in Mount Rainier National park broke into a fruit closet, unscrewed the tops of several glass jars, ate the contents, and returned the glass containers to the shelf unbroken.

Strings in Piano

The total number of strings in a modern upright piano of 7 1/2 octaves is about 225. It is estimated that the "pull" of the strings is equal to a strain of 20 tons.

Sound Advice

"When you get so you can't pick up a nickel from the floor without risking heart failure or bursting off a back suspender button, let the nickel lie there," says Veritas Vermilion.

Ungallant Calculation

Every man is, according to European scientists, worth \$9,000 to his country at birth, while woman's worth is placed at \$4,500.

Land Damaged by Fire

On much of the range land in the West there is serious erosion of the soil where overgrazing and fires have thinned out plant growth.

Peanut Shells Good Fuel

Peanut shells have been found good fuel material for factory boilers in some places where shells are plentiful.

Indian Edible

The wild flower Jack-in-the-pulpit is sometimes called "Indian turnip" because Indians used to cook the roots for food.

Fat for Science

Science hasn't done much yet. When it can transplant whiskers from the face to a bald head and make them grow there it will be entitled to a piece in the paper.—Toledo Blade.

Helping Aviators

The United States weather bureau has developed apparatus for guidance of aviators that shows how rapidly clouds move and therefore the air velocities at various elevations.

Stars' Movement

All stars are in motion. Fixed stars are so called because they appear to change their position so slowly in comparison with the planets.

Good Friday is the holy of holies of Holy Week, as, indeed, of the entire church year. Every Christian should attend public worship somewhere on that day. The interdenominational three-hour service for this section of metropolitan Detroit will be conducted at Jefferson Avenue Baptist Church, East Jefferson and Lakeview. As usual, Grace Church will have its own Good Friday service at eight o'clock. A sermon on the subject, "Calvary is Timeless"; Passiontide music including anthems by the choir and women's chorus, and celebration of Holy Communion will be the outstanding parts of an edifying and impressive service.

On Easter Sunday our schedule and program will be as follows:
 9:20 a. m., Church school. The Lenten self-denial boxes will be returned at this session.
 10:45 a. m., Festival service with sermon on "The Ever-Living Christ," reception of new members, and Holy Communion. The choir will sing a large part of Irene Berge's cantata, "The Wondrous Cross." We trust no one will stay away for fear of not finding a seat. We used fifty-eight extra chairs last Sunday, and more will be ready for use at our Easter services.

8:00 p. m., Presentation of the Easter drama, "The Light of the Cross," (Sara Elizabeth Gosselin) under the auspices of the Evangelical Young People's League. The members of the cast will be the following: Mary Parker, Muriel Machleit, Pearl Jessen, George Edges, Glenn Deakin, Norman Schafer, Ruth Buchbinder, Virginia Buchbinder, Ruth Eisen, Kenneth Deakin, and Russell Swartz. You are cordially invited.

A cordial invitation is extended to those people of the community who have no church home to attend the services on these special days.
 On Palm Sunday a class of 30 children and 12 adults was confirmed and received into membership with the Church. A new membership class for adults will meet for the first time Monday, March 28, at 7:30 p. m. Lectures on the doctrines of the Lutheran Church will be given in the meetings of this class, which is intended for such persons as desire to become acquainted with the doctrinal position of the Church and eventually to affiliate with it.

Another attractive service is at 7:30 p. m. with a message on the subject "The Most Peaceful Evening" and the ordinance of Communion in a setting of special Easter music. The pastor and members of the church invite all who are without a regular church home in this community to share in this hour of worship.

Splendid Exercise Board

Necessity may truly be called the mother of invention, for not long ago a patient recovering from paralysis needed exercise to co-ordinate the muscles of his hands and arms. An exercise board was devised. It consists of a plain board 30 inches long and 7 inches wide with a shelf 38 inches long. It is fastened to a bed or a table with iron clamps or wooden hand screws. Articles for exercise, such as screen door spring, bird's cage spring, sash lock, cupboard latch, barrel bolt, drawer pull, snap switch are attached. These may be obtained at any hardware store, an article in Hygeia Magazine explains.

Rigid Court Customs

No cabinet minister ever kisses the king's hand, when the new ministers are presented by the prime minister, they kneel before the king and take his hand into their own. They make an inclination of the head towards the royal hand, but do not actually attempt to kiss it, having been warned in advance by an usher not to do so. In the case of a lame minister he is excused from kneeling. The seals of office are kept in small cases and are handed personally by the king to the cabinet ministers when they take office, and are returned into the king's own hands when a minister resigns.—London Mail.

Man With a Horn

A Grecian workman, named Saranopoulos, visited the Athens municipal hospital there and asked if an operation could be performed to remove a horn which was growing out of his forehead. The doctors scarcely believing their ears examined the man, and discovered that he had in fact a horn resembling that of a goat, three inches in length, projecting from the middle of his forehead. The victim explained that several times he had cut it off, but it always grew again. An operation was performed, and the horn is now preserved among the curios of the hospital.

Insects in Winter

If we look about us to see where it is possible for insects to find shelter during the winter we would find at least the following locations are available: in the ground, or under shelter on its surface; in ponds, streams and other bodies of water; in stumps, logs and dead wood, and plants of all sorts; in, or on living trees, shrubs, and smaller plants; in galls, in fruits, and in occasional shelter provided by man for his own service.
