PLAN SYMPHONY FESTIVAL WEEK

"Ed." Vernier's Hickory Pole Raising Party Saturday Big Success

Hundreds of residents of Grosse Pointe attended "Ed." Vernier's Hickory Pole raising party last Saturday afternoon at his home.

Grand stand seats accommodating several hundred were filled to capacity as the time approached for the opening of the ceremonies. A speaker's stand was located in back of the hickory pole that towered 100 feet in the air topped by a new kitchen broom.

"Ed." the ever genial and hospitable host, took the speaker's stand shortly after 3:00 o'clock and expressed his appreciation to all present for attending. He introduced the several Democratic nominees who later addressed the group. These included William A. Comstock, Democratic nominee for Governor; Carl M. Weideman, Democratic nominee for Congress from the 14th Congressional District; John Murphy, possible Democratic nominee for Wayne County Sheriff; and Elmer O'Hara, Democratic nominee for County Clerk.

Among those present at the festivities were many officials of Grosse Pointe Park: Walter Schweikart, Justice of the Peace; Leo Tettaert, trustee Grosse Pointe Village; and John Kerby, clerk, Grosse Pointe Farms.

A feature of the day's program was the flag raising which was performed by Edmund Vernier 11. A banner bearing the names of Roosevelt and Garner was raised aloft with the national colors.

Detroit Playhouse To Open Fifth Season: a New Policy in Effect

For the formal opening of its fifth season, the Detroit Playhouse announces William Cotton's hilarious farce, "The Bride the Sun Shines On" which will be presented in their new auditorium at 4731 Woodward avenue, between Forest and Hancock avenues, for one week beginning Friday, September 23rd.

This production will mark the inauguration of the new Playhouse policy; that of presenting Broadway successes with a professional company.

Quarters of the new Playhouse group formerly housed a supper club. The building has been entirely remodelled to fit the exacting policy of the directors. Problems of acoustics and visibility have been worked out to a nicety and finishing touches on the modern interior are progressing rapidly to completion.

Foster Wilmot, experienced in the direction of plays in England, has taken over his duties as the production director. David Martin, the business manager, was formerly connected with the Punch and Judy theatre in Grosse Pointe and prior to that was publicity manager of the Granada theatre in San Francisco. The personnel has otherwise been strengthened by the addition of several men prominent in little theatre activities in the East.

De La Salle Collegiate 1931 Champions

De La Salle Collegiate, 1931 champions of the southern Michigan Catholic High Schools, will open their current season's football schedule Sunday afternoon, September 25th, playing St. Rose high at De La Salle field, Connors and Glenfield opposite the Municipal Air Port, the game starting at 2:30 p. m.

Coach Bob Maniere, a former University of Detroit backfield star, has the unique distinction of piloting De La Salle to three Championships in four years of the school's participation in football. The off-year's leadership went to St. Joseph Commercial by a one game margin for the season and during which schedule DeLaSalle defeated the Commercial.

On Sunday, October 2nd, DeLaSalle will play St. Ambrose high at DeLaSalle field in what is expected to be another stiff test for the Connors avenue school.

Colony Beauty and Barber Shop

The Colony Beauty and Barber Shop 15643 Mack avenue, formerly the Ideal Beauty Shop is now being operated under the capable management of Mr. C. Dubuque.

He specializes in beauty culture, and ladies and children's haircutting. For special prices see his advertisement.

TITAN TOPICS

News Tidbits of the University of Detroit Varsity Football Team

At the end of the first week of fall practice, Athletic Director Charles E. Dorais is confident that the University of Detroit will have one of the best football teams that has represented the university since he assumed charge there. The principal problem that Dorais must face is the development of a quarterback and a center. The team will be well equipped with backs and the tackle and guard material is abundant and excellent. There are three wearers of the "D" among the end candidates and two adequate if not brilliant flankers can be picked from this trip, even though the Sophomore talent fails to pan out.

Detroit's principal losses by graduation were "Rocky" Parsaca, brilliant halfback, Captain Hackett, end, and Howell, center. Other regulars who have completed their service are Berg and O'Neill backs, Nader and Schimmer, linemen.

The Titans undoubtedly will present one of the finest pairs of tackles in the country in Capt. Metras and Joe Beer. Both are seniors and both are good enough for any man's football team. Line Coach Arthur "Bud" Boeringer says that Beer would make any team in the country. There has been some talk of shifting Captain Metras to center. In this event, the team will still have Maher and St. Pulian to fall back on. Both of these men are Sophomores. There are four or five other big rangy boys on the tackle squad, too.

The guard material is so plentiful that it probably will be a hair-line decision as to who gets one of the posts. Joe Koenig is virtually certain to play right guard, leaving McNamara, a junior, and Hess, a senior, as the leading candidates for the other berth. All three of the men named are stars.

At present it is hard to tell who will play center. Wrathall has seen service in that position and is a letter man. Luker and Metzger of the 1931 Freshman team looked very good in spring practice.

Ripley, Sharkey and Reisterer have won their letter at end. Cicotte and Storrie are also excellent prospects and there promises to be a hot fight for the two jobs.

In the backfield Coach Dorais is better fortified than he has been for some

time. There remains no back who has proved the equal of Parsaca in all-around ability, but there is an abundance of better than average material, including seven letter men. The quarterback fight is a quadrangular affair among Bill Rajkovich and Marsh, letter men, and Bill Pegan and Edward Butler, who did good work on the Freshman team last fall. Not one of these men can be called a great quarterback on the strength of what he has shown thus far, but all have possibilities and Detroit has no reason to fear weakness in this position.

There are 10 halfback candidates who deserve consideration. Of these only Tooker and Shearer are letter men, but Bill McCracken, a midget flash, was on the squad last season and showed enough before he was injured to indicate that he is a star in the making. Coach Dorais is expecting great things of Douglas Nott, a Sophomore who prepared at the Ann Arbor high school. Nott is a real-triple threat man. He promises to be one of the best punters Detroit ever has had and his passing is excellent. Furthermore he weighs close to 190 pounds so he ought to be able to stand the gaff of carrying the burden of the attack.

The fullback position will be adequately filled by either Pete Rajkovich or Edwin Turashoff, both of whom won letters last season. Rajkovich, who weighs 195 pounds is a fine type of crashing fullback. Turashoff, though he weighs less than 180 is a real iron man, probably the strongest man of his inches playing football today. If something ever happens to make him take football seriously, he will be hard to stop.

Detroit is well equipped to play any style of football. Coach Dorais can present a backfield averaging well over 180 pounds if he so elects, or he can put in a team of light fast-steppers. The team has a superior punter in Nott and adequate ones in Schearer and McCracken. The passing game will be handled by Nott, Bill Rajkovich, Schearer, McCracken and others. Of these Nott probably is the best but the others are better than fair. Incidentally the backfield squad indicates unusual strength on defense.

Neighborhood Club Activities

Civics Club

The Neighborhood Club is organizing a Civics Club or Current Events Class for adult members. The fall election, the Russo-Japanese and Chinese questions, the Canadian-U. S. tariff question—all are vitally interesting to the American citizen as well as many other national and international problems by which our country is affected.

The membership is now pro-rated and for the balance of the year will be one dollar which includes gymnasium classes, badminton and the use of bridge and pool rooms.

Music Department

The fall music schedule is now in full swing at the Neighborhood Club. Piano lessons are given every day except Thursday, and Violin lessons are taught every Monday afternoon.

Craves Studio

Mr. Edwin Craves of the Craves Studio at 17028 Kercheval avenue has had a professional studio on Washington Blvd., from which he has placed over 1000 people in the theatrical business, either on the stage or in pictures.

He specializes in the development of the young children. Ballet, Tap and Acrobatic dancing tends to develop the young child to such an extent that they do not have to pass through that awkward age. It develops their personality and they will always be graceful.

Mr. Craves maintains a studio at 17028 Kercheval avenue, near Notre Dame for the convenience of the people of Grosse Pointe. He extends a cordial invitation to visit his studio.

Admonition

Love all, trust a few, do wrong to none.

Classes in Theory and Music Appreciation will begin in October, and are free of charge to all Neighborhood Club music pupils.

Handcraft

The regular schedule of handcraft classes for junior and intermediate girls began on Monday, September 19. This group meets every Monday, Tuesday and Wednesday at 4 o'clock. The intermediate girls will begin making crocheted rugs and the junior girls' projects will be cellophane belts and crepe paper owls.

All girls between the ages of 5 to 17 invited to enroll in these classes. The only requirement is a membership in the Neighborhood Club.

The Mary-Way Pantry

The Mary-Way Pantry at 15023 Kercheval avenue announce their opening on Saturday Sept. 24th. It will be operated under the capable management of Mrs. Wilson who was formerly connected with the Inverness Golf Club. They will have a complete line of Homebaked Goods on sale and will specialize on a business men's luncheon. Home Cooking. You are invited to visit them at 15023 Kercheval avenue.

First Submarine Cable

The early Atlantic submarine cable as devised by Cyrus Field was composed of seven copper wires encased in gutta serena, which was surrounded by a covering of hemp saturated with oil, pitch, and beeswax. The whole was protected by an outer sheath of 18 strands of seven wires each.

Grosse Pointe Funeral Home Opened: Located at 17131 Kercheval Ave.

An attractive, refined and sedate funeral home with a chapel in connection and with up to the minute modern equipment appropriate for all occasions has opened its doors in Grosse Pointe during the past fortnight and already has come to be regarded as Grosse Pointe's "own" funeral home.

It is located at 17131 Kercheval avenue, between St. Clair avenue and Neff road in Grosse Pointe Village and is under the direction of John Grubaugh who has had years of experience in the East and in Detroit in handling funerals.

"Our great aim," said Mr. Grubaugh this week, "is to give residents of Grosse Pointe what they want in the way of a funeral. We'll give them terms, we'll give them discounts or anything that is convenient to the family. We anticipate taking care of funeral services for all walks of life."

"Today people have to economize in necessities and even in time of death and to supply this need of economical service we have dedicated our business. The service we render includes complete charge of arrangements and assistance in every direction to the bereaved family."

A cordial invitation was extended this week by Mr. Grubaugh to residents of Grosse Pointe to visit the Pointe's new funeral home and inspect the appointments there. The telephone number is Niagara 2047.

Protest Made

Edward H. Vincent, member of the Grosse Pointe Taxpayers Association this week, voiced his opposition to the proposal before the Wayne County Board of Supervisors to place the welfare problem of the City of Detroit under the direction of Wayne County. Mr. Vincent stated that on the face of such a proposition taxes in Grosse Pointe would increase. He called upon other residents of Grosse Pointe to support Edmund C. Vernier, Township Supervisor of Grosse Pointe, in his fight before the Supervisors body to prevent the move being made.

Football — Sunday, October 2, De La Salle vs. St. Ambrose High; De La Salle Field, opposite Airport.

Karl M. Doeren, C. P. A. Opens Business Office In 1st National Bank

Karl M. Doeren, son of Mr. and Mrs. Mathias J. Doeren, of 1100 Lakepointe avenue, Grosse Pointe Park, announces the opening of Public Accounting offices, at 2260-62 First National Bank Building, Detroit.

Mr. Doeren, was graduated from the Cadieux grammar school, Eastern high school of Detroit, and received his Bachelors degree in accounting from the Detroit Institute of Technology. After fulfilling the practical experience requirements he was admitted to the practice of public accountant by the Michigan State Board of Accountancy. Mr. Doeren is a member of the Michigan Association of Certified Public Accountants, and a student at Detroit College of Law.

Mr. Doeren has had valuable experience in Public Accounting work, being on the staff of A. E. Duncan & Company, Haskins & Sells, and Isenberg, Purdy Company. His commercial experience has been in the accounting department of Beecher, Peck & Lewis Company, and Dodge Brothers.

Mr. Doeren, has resided with his parents in Grosse Pointe Park, for seventeen years and has a wide acquaintance among Grosse Pointe residents.

Monticello Ballroom

The palatial Monticello Ballroom will hold a waltz contest every Friday night. They will also hold special events on Saturday and Sunday. Those who present a copy of their advertisement in this week's issue of the Review will be admitted for only 25c either Saturday or Sunday. Floyd Snyder and orchestra, Detroit's most popular band will furnish the music. Modern ballroom and fancy dancing is taught by skilled instructors. Clip the Coupon and save

Printers, Grosse Pointe Champions

"Grosse Pointe Printers"—Champions of Grosse Pointe—this week laid down their weapons of war basking in the limelight that only champions can command.

Grosse Pointe Printers (the GROSSE POINTE REVIEW) captured the recreation softball championship title of Grosse Pointe last Sunday by defeating Tack's Market in a three game championship series.

Leon B. Oldham, manager of the championship "10" this week issued a statement commending the efficient way Pat Kaulitz, recreation director of Neighborhood club and director of the league handled the league during the season. He also extended his heartiest congratulations and praise to the fine work of the umpires who handled the league games during the season.

By DOROTHY DEE

Mr. and Mrs. Andrew W. Barr, who have been spending the summer motoring in England and Scotland are expected to return to their home on Provençal Road, the first week in October.

Mrs. Barr's mother, Mrs. Lawrence K. Butler, and son William G. Butler, who have been motoring in the East for the past few weeks returned to Detroit on Thursday. William Butler went abroad early in the summer with the Yale Glee Club and was joined there in August by his father, who preceded him home. Mrs. Butler met her

son on his arrival in New York and they enjoyed an extensive trip.

William Butler will leave shortly to resume his studies at Yale where he is in his Junior year.

On Wednesday, Mrs. C. D. Macpherson will entertain a group of members of the Grosse Pointe Mothers' Club at bridge in her home on Berkshire Road.

Mr. and Mrs. Carlton G. Thornburg, of Rivard Blvd., will leave next Sunday to spend a few days in New York City. Their daughter, Miss Betty Thornburg,

(Continued on Page Three)

The Professional Bldg.

The Professional Building at the corner of Mack and Beaconsfield avenues is rapidly becoming the professional centre of Grosse Pointe. Dr. R. W. Maurer, M. D., Dr. J. P. Walker, M. D., Dr. R. P. Cranson, D. D. S., and Dr. W. D. Frey, M. D., who has been connected with the Ford Hospital, all well known to the residents of Grosse Pointe have established their offices in this building.

In order that thorough diagnosis might be made at this centre, they have installed modern equipment, including Fluoroscope, X-Ray equipment Dental equipment and etc., for the convenience of this community.

The Wylie Drug Company occupy the Main floor of the building where your prescription can be filled accurately and promptly. You are cordially invited to visit this new medical centre.

E. E. Vincent Purchases Prize Steers at Fair

Mr. E. E. Vincent of the Vincent Grocery and Meat Market has the distinction of being the largest individual buyer of Blue Ribbon Prize stock at the State Fair, including wholesalers. He was fortunate in securing the purchase of a White Durham raised by Irene Montei of Michigan State College, a White Durham raised by Elton Frey also of Michigan State College, and an Angus raised by Francis Krupa also of Michigan State College.

Although Mr. Vincent has always sold meats of the highest quality he felt that he would like to give the people of Grosse Pointe this special treat. S. Loewenstein and Son have specially butchered and dressed these steers for Mr. Vincent.

He also handles a complete line of fresh fruits and vegetables at exceptionally low prices. His grocery department have many specials worthy of your consideration. He is located at 15302 Kercheval avenue at Beaconsfield.

Clancy Says

The following statement was issued this week by Rep. Robert H. Clancy: "I thank most sincerely the people who voted and worked for my renomination to Congress and hope they will continue to support me for re-election in November."

"It is my earnest wish that my record in Congress will continue to justify their confidence in me as a Representative and I hope I shall never give them a chance to regret their placing me in this high office."

Symphony Festival Week, Sept. 26-30 Attracts Club Groups

Every musical, business, social and church group in Detroit and its suburbs will join forces during the week of September 26-30 to promote the most cosmopolitan, gala musical occasion that Detroit has ever seen—Symphony Festival Week, under the auspices of the Women's Association for the Detroit Symphony Orchestra.

Ossip Gabrilowitsch, director of the Detroit Symphony Orchestra, has cut short his summer at Mackinac Island in order to take part in the five free concerts on the evening of September 26, 27, 28, 29 and 30, which will be the leading features of the Symphony Festival. He will conduct at least one number on each program, and will conduct the opening and closing numbers of the All-Musicians' night concert at Orchestra Hall, Wednesday, September 28.

Each of these concerts is sponsored by a leading Detroit organization or group of organizations, including the American Legion, the Knights of Columbus, the Parent Teachers Association, the Civic Pride Association, the combined musical clubs, and the Masonic Shrine, Blue Lodges and Commanderies. The concerts on Monday, Wednesday, Thursday and Friday evenings will be held at Orchestra Hall. The Tuesday night concert, which is sponsored by the Masonic organizations, will be held at the Masonic Temple Auditorium, due to the great demand for tickets among the members of the sponsoring organizations.

Various women's clubs in Birmingham, Ann Arbor, Bloomfield Hills, Highland Park, Royal Oak, Fordson, Dearborn, Grosse Pointe, Pleasant Ridge, Grosse Isle, Wyandotte and the Border Cities in Canada are taking an active part in Symphony Festival week plans. Another very active group is headed by Mrs. Martin Kliska, who is chairman of a group of foreign-born women, representing the Cosmopolitan Club.

Fred Wardell, president of the Eureka Vacuum Cleaner Company, has organized a group of leading Detroit business men to work toward the success of the Symphony Festival.

Because the officers of the Symphony Society realize the impossibility of accommodating in any hall or auditorium all those who would like to hear the free concerts each evening of Festival Week, the Detroit Symphony Orchestra will play special concerts which will be broadcast over the radio from 12:30 to 1:00 p. m. and from 6:00 to 6:30 p. m. each day of Festival Week over every Detroit radio station.

American Legion News Grosse Pointe Post

By RUDOLPH C. SCHMIDT

Extra! Commander BHITS is now forming a committee to handle the big Mid-Nite Show to be held at the Aloma theatre some Saturday evening in October. This is going to be a big affair and about three and one-half hours of entertainment is in store so start spreading the news among your friends so we can pack the house, as the finances of the Post can stand a good replenishment.

The Highland Park Drum and Bugle Corps, in conjunction with our own Corps, will furnish plenty of music on this big occasion.

Remember Comrades, our new year commences on October 20th and if you still want to be a member of this fast growing and ever congenial "303" see that your dues are paid now, send in that check and you can forget dues for another year. Don't forget to bring in that new comrade, as we expect to reach our limit by November 1st and if that Buddie of yours didn't get in don't blame me as I am warning you.

Congratulations Comrade Jack R. C. Cann, upon being elected to this high and important office of President of the American Legion Press Association. You certainly deserve this promotion as I personally believe we have one of the best Legion papers in the country.

Harold Gregory came to Corps practice last Tuesday evening all swelled up, explaining how he almost made a hole in one on the golf course the other day. Too bad Harold, but close don't count. After this, on these short holes, see that your caddy removes the pin before you shoot.

Don't forget our next meeting Wednesday, October 5th, Commander Torbet of Highland Park will preside and install our new officers. We are with them 100 percent.

Graywood Cleaners and Dyers

The Graywood Cleaners and Dyers have a branch at 17012 Kercheval avenue, where they give their personal and careful attention to each and every garment. They will also do re-lining and make alterations at very low prices. You are assured of high-class workmanship and first class service at their present low prices.

Merchants Defeat Hamtramck Stars

By STAN KING

The Grosse Pointe Merchants defeated the Hamtramck Stars last Sunday at the Neighborhood Club by the score of 9 to 3. The game featured the pitching of Behringer who held the Stars to four hits up to the ninth inning, when he eased up and the Stars jumped on him for three more hits and two runs for a total of seven hits and three runs. The batting star of the game was our local Fothergill, Tony Hilgendorf who celebrated his return after being absent a week celebrating the birth of an eight pound baby girl, his first trip to the plate he punched a home run to right field and followed with three singles for a perfect day at bat. Smith and Kaatz also hit for the circuit for the Merchants. Kaatz's being the longest hit ever made at our park.

Next Sunday the Merchants play the strong Smith Paving ball team at 2:30.

As the season is drawing to an end we wish to announce that the local boys are facing a deficit for the season, so please be a little more generous if you can.

An Ordinance

AN ORDINANCE TO REGULATE TRAFFIC, PRESCRIBE THE LIMIT OF SPEED OF VEHICLES, DEFINE THE MANNER OF PARKING OR DRIVING VEHICLES IN AND UPON THE STREETS, HIGHWAYS AND OTHER PUBLIC PLACES WITHIN THE LIMITS OF THE VILLAGE OF GROSSE POINTE PARK.

THE VILLAGE OF GROSSE POINTE PARK ORDAINS:

Section 1. The driver or operator of every vehicle driven or operated upon the streets, highways or public places within the limits of the Village of Grosse Pointe Park shall conform with and observe the provisions of this ordinance.

Section 2. The term "vehicle" shall be deemed to include every conveyance upon or by which persons or property is or may be transported or drawn upon public highways, except devices used exclusively upon stationary rails or tracks.

Section 3. It shall be unlawful for any person to operate or drive any vehicle upon any street, highway or public place in the Village of Grosse Pointe Park in a careless or heedless manner or in a manner in wilful or wanton disregard of the rights or safety of others or without due care, caution and circumspection, or at a speed or in a manner so as to endanger or to be likely to endanger any person or property.

Section 4. One vehicle upon overtaking another vehicle proceeding in the same direction shall pass at a safe distance to the left thereof, and shall not again be driven to the right side of the street or highway until safely clear of the vehicle overtaken, provided, that no vehicle shall overtake another vehicle unless and until an audible warning with a horn or other warning device shall be given.

Section 5. No vehicle shall be operated in such a manner so as to pass another vehicle proceeding in the same direction on any highway intersection except where the vehicle to be passed is making a left-hand turn.

Section 6. Vehicles proceeding in opposite directions shall pass each other to the right of the center of the streets or highways.

Section 7. It shall be unlawful for the operator of any vehicle to pass through any funeral procession.

Section 8. Vehicles shall keep to the right side of the street or highway, except when it shall be necessary to turn to the left in crossing such street or highway.

Section 9. Operators of vehicles may make a right-hand turn at all times when proceeding with traffic, except where prohibited by signs or by orders given by traffic officers.

Section 10. Vehicles turning into another street to the right shall turn the corner as near as may be to the right-hand curb.

Section 11. Vehicles turning into another street to the left shall turn at the center of the intersection of the two streets.

Section 12. Vehicles parking or stopping upon any street or highway shall park or stop parallel to and within one (1) foot of the curb to the right of such vehicle, except where angle parking is permitted, and no vehicle shall be permitted to stop or park with the left side of such vehicle parallel to and nearest to the left curb.

Section 13. No vehicle shall be permitted to park or stand upon any highway for a period in excess of forty-eight (48) hours, and any vehicle so parked or permitted to stand shall be considered as abandoned and shall be removed to the police pound.

Section 14. The Commissioner of the Department of Public Safety shall have power by proper rules adopted to designate the streets, or parts of streets, upon which there shall be no parking of any vehicles or upon which parking shall be limited, and may exclude or restrict parking upon designated streets during limited periods, and may permit angle parking in designated places, and may establish one-way traffic streets, and may designate certain street intersections to be known as special stop-street intersections, and may mark off upon any highway crosswalks for the use of pedestrians, and may designate certain highways as fire routes upon which parking may be prohibited, and may temporarily close any highway or portion of the same or restrict the use thereof whenever such action may be required for public safety and convenience, and the rules of such Commissioner shall be effective upon the erection of signs by or authorized by the Department of Public Safety sufficient in number to apprise the ordinarily observant person of the existence of the regulation upon the highway, street or public place, and no such rules shall be violated by the operator or owner of any vehicle.

Section 15. It shall be unlawful for any vehicle to be parked or permitted to stand upon any highway, street or public place after dark except upon such streets or highways designated by the Police Department for such periods, provided, that the provisions hereof shall not be interpreted to prevent the parking of any vehicle on or near the residence of the owner or occupant

of such vehicle in this Village, or when such vehicle has been parked for the purpose of permitting the operator or occupants of such vehicle to transact business, or make a social visit with residents of this Village.

Section 16. It shall be unlawful to park any vehicle at any time upon private property without the owner's or occupant's consent, or upon any alley, highway, street or public place, except the roadway provided for the travel of such vehicle.

Section 17. It shall be unlawful to park any vehicle upon any street, highway or public place upon which or near which any sign, wording or legend is printed or attached, indicating that such vehicle or any other vehicle is offered for sale.

Section 18. No vehicle shall be permitted to stand within any intersection of streets or highways within a distance of ten (10) feet from the lot line of the intersecting street.

Section 19. No vehicle shall be permitted to stop at any crosswalk for a longer period than shall be required to allow the occupants of such vehicle to alight or persons to enter the same nor in any manner so as to obstruct free passage in and upon such crosswalk.

Section 20. No vehicle shall be parked or permitted to stand upon any street or highway in front of any private drive-way or within fifteen (15) feet in either direction from any fire hydrant or the entrance to any fire station or any place of public assembly.

Section 21. No vehicle shall be permitted to be parked abreast of any other parked vehicle upon any street, highway or public place in the Village.

Section 22. No vehicle shall be parked in any public alley except that a commercial vehicle may be parked in any such alley for the purpose of loading or unloading the same, but shall not be parked in such manner so as to obstruct free passage of other vehicles in any such alley.

Section 23. No vehicle shall be allowed to stand upon any street or highway unattended unless the brakes thereof shall be effectively set and the motor of such vehicle stopped, and when standing upon any grade, such vehicle shall have the front wheels thereof turned to the curb or side of such street or highway. No vehicle shall be operated upon a down-grade in any street or highway unless the gears thereof shall be engaged.

Section 24. It shall be the duty of the operator of any vehicle driving out of any alley, side drive or building onto any sidewalk or highway to come to a complete stop before crossing the sidewalk or entering such highway.

Section 25. Every motor vehicle when operated upon any street or highway shall be equipped with brakes adequate to control the movement of and to stop and to hold such vehicle, including two (2) separate means of applying the brakes, each of which shall be effective to apply the brakes to at least two (2) wheels and so constructed that no part which is liable to failure shall be common to the two, except that a motorcycle need be equipped with only one brake. Adequate brakes shall consist of a service brake capable of stopping the vehicle within a distance of forty (40) feet from a speed of twenty (20) miles an hour on a dry, smooth, hard surface road free from any loose material; and an emergency brake capable of holding the vehicle on any grade which it can ascend.

Section 26. No vehicle shall exceed a total outside width, including any load thereon, of ninety-six (96) inches unless special permission shall have been received from the Chief of the Police Department of the Village of Grosse Pointe Park for authority to operate such vehicle, through the Village. No vehicle shall exceed the height of fourteen (14) feet nor a length of forty (40) feet and no combination of vehicles coupled together shall exceed a total length of sixty (60) feet over all. No train of vehicles or vehicle operated alone shall carry any load extending more than three (3) feet beyond the front thereof. No motor vehicle, trailer or semi-trailer whose frame or body extends more than sixty (60) inches beyond the rear of the rear axle thereof and is more than forty-two (42) inches above the roadway, shall be operated on the highways of this State unless equipped with a fender or bumper on the extreme rear of such frame or body. Such bumper shall extend downward from the rear of such frame or body, to within thirty (30) inches of the roadway and be of substantial construction.

Section 27. (a) No motor vehicle shall be driven upon any street or highway in the Village of Grosse Pointe Park drawing or having attached thereto more than two (2) other vehicles, except that a motor vehicle with semi-trailer may draw in addition thereto (2) other vehicles. (b) The draw bar or other connection between any two (2) vehicles, one of which is towing or drawing the other on a highway, shall not exceed fifteen (15) feet in length from one vehicle to the other. Whenever such connection consists of a chain, rope or cable, there shall be displayed upon such connection a red flag or other signal or cloth not less than twelve (12) inches both in length and width. All trailers or semi-trailers hauled by a motor propelled vehicle must be so attached to such vehicle and to each other, with such forms of coupling devices as will prevent such trailer or semi-trailer from being deflected more than six (6) inches from the path of the towing vehicle's wheels. Trailers must also be connected to the towing vehicle, or to each other, by suitable safety chains or devices, one on each side of the coupling and at the extreme outer edge of the vehicle and each such chain or device and connection so used shall be of sufficient strength to haul the trailer when loaded.

Section 28. No vehicle shall be driven or operated in the Village of Grosse Pointe Park, the weight of which shall exceed the limitations set forth in the uniform Motor Vehicle Act of the State of Michigan.

Section 29. Slowly moving or heavily laden vehicles shall not be driven upon the highway abreast of one another, but one must follow behind the other and keep as near as may be to the right-hand curb.

Section 30. No motor truck or other heavily loaded vehicle shall be driven upon the streets or highways of Grosse Pointe Park between the hours of 11:00 o'clock in the evening and 6:00 o'clock in the morning.

Section 31. No person shall drive or operate any motor vehicle upon any street or highway in the Village of Grosse Pointe Park which motor vehicle is so constructed or loaded as to prevent the driver from obtaining a view of the highway to the rear by looking backward from the driver's position, unless such vehicle is equipped with a mirror so located as to reflect to the driver a view of the highway to the rear of such vehicle. Every commercial vehicle of $\frac{1}{2}$ ton capacity or more, operating upon the streets and highways of the Village of Grosse Pointe Park shall be equipped with a mirror so adjusted that the operator shall have a clear view of the highway behind such commercial vehicle.

Section 32. No vehicle shall be drawn or moved upon any street or highway unless such vehicle is so constructed or loaded as to prevent its contents from dropping, sifting, leaking, or otherwise escaping therefrom.

Section 33. Every motor vehicle when operated upon a highway shall be equipped with a horn, siren, or exhaust whistle in good working order capable of emitting sound audible under normal conditions from a distance of not less than two hundred (200) feet, and it shall be unlawful, except as otherwise provided in this section, for any vehicle to be equipped with or for any person to use upon a vehicle any siren, exhaust, compression or spark plug whistle or for any person at any time, to use a horn otherwise than as a reasonable warning or to make any unnecessary or unreasonably loud or harsh sound by means of a horn or other warning device; provided, that every police and fire apparatus and any ambulance may be equipped with a bell, siren or exhaust whistle.

Section 34. The operator of any vehicle about to turn to the right or to the left to leave any street or highway, or before turning around or stopping thereon, or before materially varying the course in which the vehicle is proceeding, shall first ascertain that such movement can be made in safety, and shall give a warning signal to other operators by extending the arm beyond and outside the vehicle, holding the arm in a horizontal position for sufficient time to apprise approaching operators of his intention to change his course, or stop, as the case may be, provided, however, that in lieu of such signal, signals may be given by mechanical or electrical device which conveys an intelligible warning to another operator approaching from the rear.

Section 35. Any standing vehicle about to start shall give moving vehicles the right of way, and the operator thereof shall give a timely, visible, and unmistakable warning signal before so starting.

Section 36. In all cases the operator of any vehicle to whom a warning signal has been given, as in this ordinance provided, shall bring and keep his vehicle under such control so as to be able to avoid an accident resulting from any misunderstanding of any such signals, and in all cases shall heed any such warnings as shall have been given to him.

Section 37. No person shall drive or operate any motor vehicle except police or fire apparatus on a street or highway unless such motor vehicle is equipped with a muffler in good working order and in constant operation to prevent excessive or unusual noise and annoying smoke, and it shall be unlawful to use a muffler cut-out upon any motor vehicle other than police or fire apparatus.

Section 38. No vehicle shall be operated upon any street or highway within the Village of Grosse Pointe Park with any sign, poster or other non-transparent material upon the front windshield, side wings, side or rear windows of such motor vehicle other than a certificate or other paper required to be so displayed by law. Every windshield on a motor vehicle shall be equipped with a device for cleaning rain, snow or other moisture from the windshield which device shall be so constructed as to be controlled or operated by the driver of the vehicle.

Section 39. Every vehicle operated upon the streets and highways of the Village of Grosse Pointe Park during the period from a half hour after sunset to a half hour before sunrise and at any other time when there is not sufficient light to render clearly discernible any person on the highway at a distance of two hundred (200) feet shall be equipped with lighted front and rear lamps as in this section respectively required for different classes of vehicles and subject to exemption with reference to lights on parked vehicles, as in this ordinance provided.

(a) Every motor vehicle other than a motorcycle, road-roller, road machinery, or farm tractor shall be equipped with two headlamps at the front and on opposite sides of the motor vehicle, which headlamps shall be so constructed, arranged and adjusted so that they will, under normal atmospheric conditions and upon a level road, produce a driving light sufficient to render clearly discernible a person two hundred (200) feet ahead, except when approaching an oncoming vehicle when it shall be sufficient to render clearly discernible a person seventy-five (75) feet ahead. Such head-lamps shall be so aimed and used upon approaching an oncoming vehicle that they do not project a glaring or dazzling light into the eyes of the approaching driver. Such lamps shall be deemed to comply with the provisions hereof, if substantially none of the main, bright portion of light is directed to the left of the vertical plane through the axle of the left headlamp and parallel to the longitudinal axis of the vehicle and above the horizontal plane passing through the lamp centers parallel to the level road upon which the loaded vehicle stands, and in no case higher than forty-two inches, seventy-five feet ahead of the vehicle; provided, that whenever a motor vehicle is being operated upon a street or highway, which is sufficiently lighted to reveal a person upon said street or highway at a distance of two hundred (200) feet ahead of the vehicle, it shall be permissible to dim the headlamps or to tilt or depress the beams downward or to substitute therefor the light from an auxiliary driving lamp or pair of such lamps, subject to the restrictions as to glaring and dazzling lights hereinbefore set forth.

Provided, further, that at least two lights shall be displayed upon the front of and upon opposite sides of every moving motor vehicle other than a motorcycle, road-roller, road machinery, or farm tractor, during the time required by the provisions of this Ordinance. (b) Every motorcycle shall be equipped with at least one and not more than two headlamps which shall comply with the requirements and limitations hereinbefore set forth. (c) Every motor vehicle and every trailer or semi-trailer which is being drawn at the end of a trail of vehicles shall carry at the rear a lamp of the type which exhibits a red light plainly visible under normal atmospheric conditions from a distance of five hundred (500) feet to the rear of such vehicle and so constructed and placed that the number plate carried on the rear of such vehicle shall under like conditions be so illuminated by a white light so as to enable the license number to be read from a distance of fifty (50) feet to the rear of such vehicle.

(d) Every motor vehicle having a width in excess of eighty (80) inches shall be equipped at the rear thereof, with a reflex reflector, which, when opposed by the main beam from a properly adjusted headlamp, on all overtaking motor vehicles, shall reflect a red light of such intensity as to be visible to the driver behind the opposing headlights from a distance of three hundred (300) feet when one vehicle is directly behind the other and from a distance of fifty (50) feet when the vehicles are at an angle of twenty degrees to one another. (e) Every bicycle shall be equipped with a lighted white lamp on the front thereof, visible under normal atmospheric conditions from a distance of at least three hundred feet in front of such bicycle, and shall also be equipped with a reflex mirror reflector or lamp on the rear thereof exhibiting a red light visible under like conditions from a distance of at least two hundred feet to the rear of such bicycle. (f) All other vehicles shall be equipped with special lighted lamps displaying a white light visible under normal atmospheric conditions from a distance of at least five hundred feet to the front of such vehicle and displaying a reflex reflector or red light visible under like conditions from a distance of not less than five hundred feet to the rear of such vehicle. (g) Any motor vehicle may be equipped with not to exceed two spot lamps, except that a motorcycle shall not be equipped with more than one spot lamp, and every lighted spot lamp shall be so used upon approaching another vehicle that no part of the beam will be directed into the eyes of the approaching driver. (h) Any motor vehicle may be equipped with not to exceed two auxiliary driving lamps mounted on the front at a height not less than twenty inches above the level surface upon which the vehicle stands and every such auxiliary driving lamp or lamps shall meet the requirements and limitations set forth in relation to headlamps. (i) Whenever any motor vehicle is equipped with a signal lamp, such lamp shall be constructed and located upon the vehicle so as to give a signal which shall be plainly visible in normal sun-

light from a distance of one hundred feet from the rear of said vehicle but shall not reflect a glaring or dazzling light.

(j) Motor vehicles may be equipped with two acetylene head lamps of approximately equal candle power, equipped with clear plane glass fronts, bright six-inch spherical mirrors and standard acetylene five-eighths foot burners not more and not less and which do not project a glaring or dazzling light into the eyes of approaching drivers.

(k) Whenever any motor vehicle is parked or stopped upon any street or highway, whether attended or unattended, during the time specified herein during which lights thereon shall be lighted, such vehicle shall have displayed thereon, upon the left side thereof, one or more lamps projecting a white light visible under normal atmospheric conditions from a distance of two hundred feet to the front of such vehicle and projecting a red light visible under like conditions from a distance of two hundred feet to the rear thereof.

Section 40. When traffic lights are installed and are in operation, vehicles shall be operated in the following manner: When the green light is lighted, vehicles may proceed through the intersection at which such traffic light shall be in operation. While the amber light or caution light shall be lighted, vehicles approaching such signal shall come to a complete stop except that such vehicles that have entered the intersection prior to the time when such amber light shall have been lighted may proceed through such intersection. When the red light shall be lighted, all vehicles shall remain at a complete stop until the green light shall again be lighted. Vehicles making a right hand turn into any intersecting street at such traffic light may proceed to make such turn when either the green or amber light shall be lighted, provided, that such turn may also be made when the red light shall be lighted if such vehicle shall be brought to a complete stop before making such turn. Vehicles making a left-hand turn into any intersecting street at any traffic light may do so only when the green light shall be lighted, and then only when such movement may be made in safety.

Section 41. All vehicles shall stop and start upon the signal given by a police officer upon traffic duty.

Section 42. No vehicle shall be operated in a backward direction upon any street, highway or public place for a distance of more than sixty (60) feet. Before such movement shall be made the operator of such vehicle shall ascertain that such movement may be made in a safe manner, and shall give an unmistakable warning signal to pedestrians and approaching vehicles of the intention of making such movement.

Section 43. No vehicle shall be driven over any fire hose that may be stretched across any street or highway.

Section 44. Police vehicles, fire apparatus and ambulances shall at all times have the right of way upon the streets and highways of the Village, and upon warning being given of the approach of any such vehicle, it shall be the duty of the operators of all other vehicles to immediately bring such vehicles to a complete stop as near as may be to the right hand curb, and shall remain at a complete stop until such police vehicle, fire apparatus or ambulance shall have passed.

Section 45. No vehicle shall be operated or parked in such a manner so as to block or obstruct traffic upon any street, highway or public place.

Section 46. It shall be unlawful to operate any motor vehicle with more than two other persons in the same seat with the operator thereof.

Section 47. It shall be unlawful for any person to operate any motor vehicle while any other person, either adult or minor, shall be seated upon the lap of the operator of such vehicle, or any other occupant of such vehicle, nor shall any vehicle be operated while the operator thereof shall have his arm around another person or another person shall have his arm around the operator of such vehicle.

Section 48. No person shall be permitted to climb onto or hitch upon any moving vehicle with or without the operator's consent, and no operator of any such vehicle shall knowingly permit any such action.

Section 49. It shall be unlawful to operate any motor vehicle upon the streets, highways and other public places in the Village unless all the occupants shall be seated in the portion of the vehicle designed for the carrying of passengers or merchandise, provided, however, that the provisions hereof shall not apply to any mechanic engaged in the act of repairing any motor vehicle.

Section 50. It shall be unlawful for any person, whether licensed or not, who is an habitual user of narcotic drugs, or any person who is under the influence of liquor, to drive any vehicle upon any street or highway within the Village, and it shall be unlawful for the owner of any vehicle or any person having such vehicle in charge to authorize or knowingly permit the same to be driven or operated upon any street or highway within the Village, by any person who is an habitual user of narcotic drugs or by any person who is under the influence of intoxicating liquor or narcotic drugs.

Section 51. It shall be unlawful for any person to drive or operate any mo-

tor vehicle on any street or highway in the Village, who, by reason of any physical defect, shall be incapable of operating such vehicle in a safe and proper manner.

Section 52. It shall be unlawful to permit any motor vehicle to be operated which shall have in tow a sled or other similar device upon which any person shall be riding, and it shall be unlawful for any person to use any public highway for skating purposes.

Section 53. No person in charge of or in control of any vehicle and no person or persons riding therein shall make any excessive noises by loud and boisterous language, or otherwise, so as to annoy the public, and it shall be the duty of all such persons to conduct themselves in an orderly manner, and with due regard to the peace and dignity of the inhabitants of Grosse Pointe Park.

Section 54. It shall be unlawful for any person to ride a bicycle or any other vehicle upon the sidewalks of this Village except upon side drives and alley crosswalks constructed for such purpose.

Section 55. It shall be unlawful for any person to operate any motor vehicle unless he shall have upon his person his operator's or driver's license.

Section 56. No motor vehicle shall be operated in the Village of Grosse Pointe Park unless such vehicle shall be properly licensed and shall have attached thereto license plates as required by law, which license plates shall be kept in a condition so as to have the numbers appearing thereon readily discernible.

Section 57. No person shall operate any motor vehicle as a chauffeur thereon unless he shall have upon his person the proper chauffeur's badge and driver's license.

Section 58. Where a horse-drawn vehicle is backed to the curb, the driver thereof shall turn the horse or horses in the direction in which the traffic is proceeding, with the heads of the horses at right angles to the vehicle.

Section 59. The following streets are hereby designated as through traffic streets, to-wit: Mack Avenue, Kercheval Avenue, Jefferson Avenue and Charlevoix Avenue, all from the Easterly to the Westerly Village Limits, and Maumee Avenue, from the West line of Kensington Road to the Easterly Village Limits.

Section 60. Vehicles shall be driven at a careful and prudent rate of speed with due regard to the traffic, surface and width of the roadway, and in no event shall exceed fifteen (15) miles per hour in business districts or twenty (20) miles per hour in residence districts, provided, however, that upon "through" traffic streets such speed shall not exceed twenty-five miles per hour.

Section 61. No vehicle shall cross any street at a rate in excess of one-half of the legal speed limit.

Section 62. Operators of vehicles approaching "through traffic streets" shall come to a complete stop before turning into or proceeding to cross any such street, provided, however, that this regulation shall not apply to any intersection where traffic is being directed by a traffic officer or by a traffic signal light.

Section 63. The driver or operator of any vehicle involved in any accident resulting in the injury to or death of any person or in damage to or destruction of any property, shall immediately stop such vehicle at the scene of such accident and render such assistance as may be necessary and immediately report the details of such accident to the Police Department of the Village of Grosse Pointe Park, and it shall be unlawful for any person involved in any such accident to leave the scene thereof, except in rendering assistance to any person injured, or in making such report to the Police Department, and in the event that such person shall leave the scene of the accident for the purpose of rendering assistance to any person that may be injured therein, it shall be the duty of such person to immediately upon the completion of such errand, report to the Police Department for the purpose of giving detailed information as to the nature of the accident, provided, however, that in no event shall any information given by any driver or operator of any vehicle involved in any accident be used as evidence in any proceeding in court.

Section 64. The person in charge of any garage or repair shop located in the Village of Grosse Pointe Park, to which shall be brought any vehicle which shows evidence of having been involved in any accident, shall report such fact to the Police Department of the Village of Grosse Pointe Park, giving the engine number, registration number, name and address of the owner or operator of such vehicle, and any person towing away any motor vehicle involved in any accident in the Village of Grosse Pointe Park, from the scene of such accident, shall immediately report such fact to the Police Department of the Village of Grosse Pointe Park, giving the engine number, registration number, name and address of the owner or operator of such vehicle, the nature of the injury and the location from which such vehicle was taken.

Section 65. It shall be the duty of the owner or operator of any motor vehicle which shall become disabled to remove the same from any street, highway or public place in the Village of Grosse Pointe Park.

Section 66. It shall be the duty of

the members of the Police Department of the Village of Grosse Pointe Park to either arrest any person who shall violate any of the provisions of this Ordinance, or to give any person who shall violate the provisions of this Ordinance, a notice to appear at a time certain at the Police Department of the Village of Grosse Pointe Park, to answer for such violation, and any person failing to appear at the time specified in any such notice shall be punishable as provided herein.

Section 67. Any person, firm or corporation, its, his, her and their agents or employees who shall violate or assist in the violation of the provisions of this Ordinance shall be punishable by a fine not exceeding One Hundred Dollars (\$100.00), or by imprisonment in the Village or County Jail, for a term of ninety (90) days, or both such fine and imprisonment may be imposed in the discretion of the Court.

Section 68. All ordinances or parts of ordinances inconsistent with the provisions hereof are hereby expressly repealed.

Section 69. This Ordinance shall take effect twenty (20) days from the date of its enactment.

WALDO J. BURNS, Village Clerk.

First Mississippi Levees

When the first levees were built along the Mississippi river is not a matter of record, says Pathfinder Magazine. Such levees have been constructed in that region since early in the eighteenth century. At first individuals built levees to protect their own land property in time of flood and later local authorities, county and state, aided in the work. In 1879 congress created the Mississippi river commission and the first appropriation for improving the river was made the following year.

Associated With Kidd

One of Captain Kidd's hideouts was the Penobscot Bay region of Maine. The bay, about midway between Kittery and Lubec on the coast, thrusts itself inland from the ocean for 20 miles as far as Backscomb, where it narrows to form the mouth of the Penobscot river. Its widest expanse, between Rockland and the southern end of Deer Isle, is about 20 miles.

Many Goldenrod Varieties

There are about 125 varieties of goldenrod, most of which are found in this country. They are cross-fertilized by butterflies and bees, and are typical insect-pollinated plants. The pollen gives a positive hay fever reaction, but, not being wind-borne, can cause hay fever only upon direct inhalation.

Priest Became King

John Casimir, member of a Polish family, but who had been a priest in France most of his life and had risen to the dignity of a cardinal, was summoned to the throne of Poland in 1648. He reigned 20 years with his nation in constant warfare.

Israeli's Advice

Israeli, was once asked by a young peer to recommend a course of study to qualify one for speaking so as to gain the ear of the house of lords. "Every morning," said Israeli, "practice speaking aloud before the tombstones of your nearest graveyard."

In the Canadian Rockies

The largest glacial lake in the Canadian Rockies is Malaga, nearly 20 miles long. It is hemmed in by high mountains, few of them climbed, some not even named; great masses that geologists say are older than the Alps; tremendous peaks bearing a burden of snow and ice that never leaves them.

Name Is Spanish

Florida was given that name by Ponce de Leon for two reasons—first, because it was a flowery land; and second, because he landed on the day of the Spanish festival called Feast of Flowers, which corresponds with Palm Sunday.

Sought English Throne

The Chevalier of St. George in English history was James Stuart, eldest son of King James II of Scotland, known as the Old Pretender. He was proclaimed king of England on November 9, 1715, after the great Scottish victory of Prestonpans.

Hercules Myth

The Pillars of Hercules are two hills on opposite sides of the strait of Gibraltar, so called because of the myth that they had been torn asunder by Hercules to admit the flow of the ocean into the Mediterranean.

No Set Execution Time

Prisoners condemned to death are executed in the early morning hours primarily because it is the time of day when it will cause the least disturbance in the prison. There is no particular hour when all executions must be carried out.

Birds' Good Service

During an alfalfa weevil outbreak in Utah, 45 species of birds attacked the pest, according to the United States bureau of biological survey.

In a Nutshell

Fire is the test of gold; adversity of strong men.

Ailment

As a general thing, the region where the population is too thick is just north of the ears.—Los Angeles Times.

Peacock Throne, Marvel
of Oriental Magnificence
The marble and gold palace of
Delhi, in India, mecca of many tour-
ist parties, lost its wonderful "Pea-
cock Throne" many years ago, but the
legend of its grandeur survives and is
accepted as indicative of the splendor
of the rajahs, much of which
survives to dazzle the visitor from
foreign lands.

The peacock throne was so called
from its having the figures of two
peacocks of solid gold standing be-
hind it, their tails expanded, and
the whole so inlaid with sapphires,
rubies, emeralds, pearls and other
precious stones of appropriate colors
to represent life.

The throne itself was six feet long
and four feet wide; it stood on six
massive feet which, with the body,
were of solid gold inlaid with rubies,
emeralds and diamonds. It was sur-
mounted by a canopy of gold sup-
ported by 12 pillars all richly em-
blazoned with costly gems, and a
"ring" of pearls ornamented the bor-
ders. Between the two peacocks stood
the figure of a parrot, said to have
been carved out of a single emerald.
The throne was taken away by
Nadir Shah to Persia as loot and was
last heard of in Teheran, where pre-
sumably most of it was melted down.
Its estimated value was six and one-
half million pounds sterling, that is
\$24,050,000.

Cave-Picture Galleries
Unique in Art History.
In the heart of the Indian jungle
lies a narrow gorge containing the
caves of Ajanta, cave-picture galler-
ies unique in the history of art. They
are adorned with paintings which are
in no wise inferior to the frescoes in
the tombs of the kings of Egypt.

European art work seems the crea-
tion of yesterday when compared
with the productions of Asia. Be-
sides the frescoes at Ajanta, for ex-
ample, the age of the so-called "old
masters" of Europe fades into insignif-
icance, as the latest Ajanta paint-
ings were completed hundreds of years
before the fourteenth century Flemish
and Italian artists commenced to
paint.

The frescoes may be divided into
narrative scenes, portraiture and de-
coration, and the illustrations of in-
cidents in the life of Buddha. perforce
take pride of place. The birth of
Gautama, his "Great Renunciation"
when he abandoned family and wealth,
his enlightenment after resisting the
powers of darkness—all these episodes
may be traced in the paintings and
sculpture at Ajanta. The portraits in-
clude representations of Buddhas and
Bodhisattvas—Buddhas of the future—
in addition to figures of the Brahmanic
deities.

The court life of the period also is
depicted.

Whales Largest of Mammals
An 80-foot dipodomys would have
45 feet of tail, 20 of neck and only 12
of body length. These creatures were
vegetarians, and with their relatively
tiny heads—no bigger than horses'
heads—they must have had to eat
continuously during all their waking
hours to get enough fuel for their
huge bodies.

Yet these ancient monsters were
not the largest animals that ever
lived. The biggest animals are living
today—the whales. Though not so
long as some of the dinosaurs, they
are more solidly built, and therefore
considerably heavier than any dinos-
saur probably ever was. And being
warm-blooded, flesh-eating animals,
they are without doubt more efficient
animals than the great dinosaurs were.

Typewriter Old Idea
The first typewriter of which there
is record was patented in England as
early as 1714. Over a century later,
in 1829, the first American typewriter,
called a topographer, was patented by
W. A. Burt. In 1833 a typewriter was
produced in France, having a separate
key lever for each letter. In 1844 and
in 1846 typewriting machines were in-
vented in England which, like many
of the other early machines, were de-
signed primarily for use of the blind,
and so produced embossed characters.
Between 1840 and 1860 Sir Charles
Wheatstone invented several typew-
riters, which are now in the South
Kensington museum.

Marmalade and a Queen
Writing from Nice, France, that she
particularly enjoys our "Historic
Sports," Olga Kaufman questions the
supposed English origin of marmalade.
"Mary queen of Scots brought over
from France the preserves she loved
so well," says this correspondent.
"Mary loved it to such an extent that
every time she was ill she would call
for it—until it became known as
'Marie est malade' by her French
court, and through the years it has
degenerated into 'marmalade.'"—Path-
finder Magazine.

Protected by Nature
The eggs of the killdeer present a
good example of protective coloration.
They are so mottled as to be scarcely
discernible in their crude nest, which
is nothing more than a slight depres-
sion in the ground among a few peb-
bles, bits of wood and shells. The col-
orings and markings of the young
birds are equally protective and the
young of this species are especially
adept at hiding in slight depressions
in the earth where they blend perfect-
ly with the background.

Weak Mind
A weak mind is like a microscope,
which magnifies trifling things, but
cannot perceive great ones.—Chester

GROSSE POINTE SOCIETY

By Dorothy Dea
and Mrs. Harland G. Walters, also of
Rivard Blvd., will leave Oct. 6 for a
two weeks motor trip to Chicago and
Des Moines, Ia.

Frank Munger, Jr., son of Mr. and
Mrs. Frank Munger, of Cloverly Road,
Grosse Pointe, left Monday for Ann
Arbor, where he is a student at the
University of Michigan.

Mr. and Mrs. Sidney T. Miller, Jr.,
have returned to their home on Pro-
vence Road, Grosse Pointe, after
spending the summer at York Harbor,
Me.

Mr. and Mrs. Paul H. Deming with
their son and daughter, Paul, Jr., and
Celia, have returned to their home on
Lake Shore Road, from a two months'
motor trip through England and Scot-
land. Mrs. Deming and Celia left on
Monday for Dobbs Ferry, where Celia
will be a student this winter. Mrs.
Deming will return to Detroit on Fri-
day.

Mrs. A. Ingersoll Lewis will enter-
tain the members of her group for
Symphony Festival week at a bridge-
luncheon at the Grosse Pointe Club,
Sept. 26. Mrs. Truman H. Newberry
will be hostess at a similar affair for a
group at her home on Lake Shore drive
Sept. 30. The Lochmoor Club will be
the scene of a mixed bridge party, Sept.
27, to assist in the drive for the Sym-
phony. A contract bridge expert will
address the players during the evening.
The play will not be progressive and
will begin at 8 o'clock. Mrs. Gage W.
Cooper is general chairman for the eve-
ning.

Various functions for the debbie set
are being planned for the Christmas
holidays. The date of Dec. 23, which
was announced Monday as being the
time, Miss Betty Whitehead would
make her bow at a ball, was incorrect.
Miss Betty Morgana and Miss Alice
Gray Griggs have chosen that date for
their presentation to society, Miss
Whitehead not having definitely decid-
ed on a date for her debut.

Mr. and Mrs. Hayward S. Thompson
have moved from their home on York-
shire road and are now in their new
home on Lewiston road.

An announcement which came as a
surprise to their many friends was that
made recently, telling of the marriage
of Miss Minnie Josephine Kengel,
daughter of Mr. and Mrs. Frank H.
Kengel, of Devonshire Road, Grosse
Pointe Park, to Charles Joseph Mathes
son of Mr. Lois Mathes.

The ceremony was performed quietly
in St. Thomas' Church, Ann Arbor, on
Jan. 30, with the Rev. Thomas Carey
officiating.
Mr. Mathes is a student at the De-
troit College of Medicine.
After Oct. 1, Mr. and Mrs. Mathes
will take up their residence at 16815
Parkside Ave.

Happy Childhood
The season of childhood, when the
soul, on the rainbow bridge of fancy,
glides along, dry-shod over the walls
and ditches of the lower earth.—
Richter.

Advantage
Advantage is a better soldier than
cassiness.—Shakespeare.

Water for Batteries
Rain water may be used in storage
batteries in place of distilled water.
The water should be caught under an
open sky in a glass or china container.
It should be allowed to settle and then
be strained.

In Jewish Worship
Phylacteries are strips of parchment
upon which certain passages of the
Scriptures are written. They are
bound about the forehead and on the
arm of the devout Jew which making
his morning prayers on week days.

Civilization
The general idea of civilization, con-
veyed, is an improved condition of
mankind, resulting from the estab-
lishment of social order in place of
individual independence and lawlessness
of the savage or barbarous life.

Speed of Wild Ostriches
Wild ostriches can run as fast as 50
or 60 miles an hour for short distances.
Ostrich hunters find little difficulty in
corralling the birds because they in-
variably run in circles and can be
overtaken by horses.

Is It Possible?
Jud Tunkins says the next time he
sees a college professor, he's going to
ask him whether in history, as far
back as wrote up, there was ever a
tax plan that gave entire satisfaction
to everybody.—Washington Star.

Quaker Haven
Shelter island, Long Island, N. Y.,
was bought in 1651 for 1,600 pounds
of Muscovado sugar by the Sylvester
family. On it was established a shel-
ter and refuge for persecuted Quakers
from New England.

Naval Symbol
A "jack" is a small flag used as a
signal hoisted on a jackscaff at the
bow of a vessel. The union jack was
so called because it was a union of
the emblems of Great Britain and Ire-
land.

Made Mastication Plea
"Flitcherism" is a theory advocated
by Horace Fletcher that perfect health
requires and is maintained by com-
plete mastication or a chewing of the
food into pulp.

Stored Gold
Earmarked gold in a bank vault
cannot be obtained as part of the
bank's reserves nor can any use be
made of it. Earmarked gold is mere-
ly in storage.

Bridge Has Corsiers
A zig-zag bridge, which meanders
across a lake in Shanghai, China, was
recently completed.

Feared Wool Shortage
In the early days of the develop-
ment of the textile industry in Amer-
ica, the consumption of young lamb
was looked upon with displeasure as
cutting short the wool supply.

World's Population
The total population of the world
is about two billion and it is es-
timated that women slightly outnum-
ber the men. There are no exact
statistics.

Wonderful Crystal
The largest and most perfect crys-
tal is in the National museum at
Washington. It was brought from
China in 1024. It is 12.33 inches in
diameter and weighs 106.75 pounds.

WHAT EDITORS ARE SAYING

"GOVERNOR Franklin D. Roose-
velt grows stronger with the
people as every day passes. What
he says carries conviction and the
people know he means every word
and has the courage of his convic-
tions. His record as a public serv-
ant is above criticism and repro-
ach. He has made good every
place he served. He believes the
people are the sovereigns and the
last word. The people want him and
have so recorded themselves in no
uncertain manner. And the people
always get what they want when
they want it very seriously. This
is one of the years when the people
will come into their own."—Clear-
field, Pa., Republican. (Dem.)

"Roosevelt has no quarrel with
soundly financed utility organiza-
tions which are satisfied with rea-
sonable returns upon their invested
capital. His policy is safe, sane
and sound. Roosevelt's attitude is
being grossly misrepresented by
those who are not satisfied with a
policy of fairness. Roosevelt is
frank, candid and honest in dealing
with all issues and he is very posi-
tive on the power problem."—
Springfield, Ill., State Register.
(Ind.)

"In the United States there is a
growing preference for the scholar-
ly type in politics, which Roose-
velt represents. His record as Gov-
ernor of New York indicates him
to be a really great man, and the
almost spontaneous turning of his
party to him as its candidate at a
time when its chances of victory
are so bright is a distinct tribute."
—Charlotte, N. C., Sentinel. (Ind.)

"The claims of Roosevelt and his
supporters are worthy of more
than passing attention this year.
Everywhere there is a demand for
a change and it looks as though
Roosevelt would be the next Presi-
dent."—Newport News, Va., Press.
—(Ind. Dem.)

"The improvement in business
conditions works to Democratic ad-
vantage in proving that the methods
adopted by a Democratic congress
are working effectively, limited as
they were by a Republican adminis-
tration. It also proves confidence
of the country in Roosevelt."—
Winston-Salem, N. C., Sentinel.
(Ind. Dem.)

Found Smallest Unit
The great star Antares, diamter
420,000,000 miles, is believed to be
the largest thing, and the smallest
known unit of matter, the atomerz,
was discovered by Dr. E. K. Plyler, of
the University of North Carolina.

Ancient Bones
The bones of the Java ape-man are
in the possession of Dr. Eugene Du-
bois, the discoverer, at Haarlem, Hol-
land. They are supposed to be the
remains of a creature who lived about
500,000 years ago.

Survival of Paganism
in English Rural Life

Rural England remains pagan at heart, L. F. Ramsey asserts, in the London Saturday Review. Even the worship of the old heathen gods continues in the reverence shown to certain trees. You may notice, for instance, elders growing in most inconvenient places, in front of a window or out of a wall, yet in Sussex I have been gravely told that to cut down elder would bring suffering and disaster. Now, elder was sacred to Pan: Pan-pipes were made of its wood. Tamarisk grows along our southern coast, but you never see a villager gathering tamarisk. No villager would allow it to be brought into the house. You never see tamarisk hedges properly pruned unless they grow in the gardens of people from another county. Tamarisk was a holy tree when Osiris was worshiped in Egypt. It was the tree that overshadowed his sepulcher and the chest containing his body was said to have been found by Isis lodged in its branches when it was driven ashore by the waves. And as a holy tree the tamarisk is regarded by Sussex natives who have never heard of Osiris.

Chinese Have Faith in
Koh-Zen, God of Crops

Weather vicissitudes, insect pests and other tribulations of farmers, as well as some kindlier farm fortunes, are in the hands of Koh-Zen, the Chinese god of crops, says the Farm Journal. In order to properly look after the crops, Koh-Zen has three heads with seven eyes and six hands. In the upper two hands he holds the red sun and the green moon; in the second pair are the "wind-charm," made of the seven stars of the Great Bear, and the "rainbell," and with these he governs and distributes wind and rain to farmers. The lower hands grip two swords, with which he stands off any dangers and devils that threaten the crops. Even though so well equipped personally, he still needs four sub-gods with swords and spears to do a really good job of crop making for his devotees.

Cannon Not Meant for Use

It seems unlikely that the famous Tsar cannon in the Kremlin, known as the Tsar Pushko, was intended to be merely a show piece, but the fact remains that it has never been fired, and never could be fired, for the excellent reason that the muzzle is smaller caliber than the breech, and also because the special cannon balls made for it are much too large for the bore. In the early days of its being, it had a certain military usefulness in frightening away, by its mere appearance, the Tartar tribes who periodically invaded Moscow. From the very beginning, however, it was valued as a work of art rather than an instrument of war. Its sculptural decorations are among the most beautiful examples of this epoch.

Eucalyptus Valuable

The eucalyptus tree, source of valuable oil used in the treatment of colds and other respiratory diseases, is a giant tree when found in its native habitat. The trees are 100 feet in height, but sometimes tower to four times this size. The trees are native of Australia, but have been introduced in many parts of the world. There are 140 known varieties and the usefulness of the tree not only includes its medicinal oil yield, but also its lumber, which is widely used in Australia. The tree has been found valuable for planting in swampy places to aid in drainage and improving the general healthfulness of the area in which the trees are planted.

Outrivals Hen

If a hen ever laid an egg equal in size to about one-third of its own body, such a feat would be recorded as a world's record. Yet such a feat, by way of comparison, would no more than equal that of a queer variety of snail, which is found in northern Brazil. There is nothing slow about this giant Brazilian snail, for its eggs equal in size one-third of its own body and are about as large as a pigeon's egg. It lays four or five of these eggs at one time. Snail "chicks" usually hatch out within three weeks. Those of the edible variety grow to market size within a year.

Identified

Telephoning from New York to Paris, a gentleman consumed an hour and ten minutes and paid a charge of \$1,237.50. I can imagine part of the conversation. New Yorker—I'll bet you don't know who this is. Parisian—Well, I don't know your name, but I believe I can describe you. New Yorker—Let's hear you. Parisian—You are some one who is more than a little balmy.—Exchange.

Polo Old Pastime

Polo was known in Persia in very ancient days. In fact there is a story to the effect that when Alexander the Great was still a young man the shah of Persia sent him a ball and polo stick as a hint that he should concern himself with nothing more serious than the game. Alexander replied that the polo ball, in his case, represented the earth, and the stick himself, and future events justified this.—Kansas City Times.

Briefly Told

He gains wisdom in a happy way who gains it by another's experience.

Enrollment in dancing classes at the Neighborhood Club, 17145 Waterloo, was made Thursday, September 22nd, from 3:30 to 5:30. This marks the sixth year of dancing instruction at the Club, under the direction of Mary Hazel Benedict.

Eastminster Presbyterian Church

"Why Go To Church?" is the sermon subject at 11:00 a. m., at the Eastminster Presbyterian Church. At 7:30 p. m., there will be talking pictures, illustrating the sermon, "A Place Much Like Heaven." The young peoples' organizations are getting their work moving in good shape. There is being organized a Junior Intermediate Society, for young people of the age of 12 and 13, directed by Mrs. Chas. Brownell and Miss Isabelle Groggan. The regular Intermediates are also getting under way. The Juniors for children under 12 are meeting Saturday mornings at 10 a. m. Tuesday night at 8 p. m. there will be a Prohibition rally in the Eastminster church but sponsored by all the Southeastern Detroit churches. It will be addressed by a Baptist Evangelist Miss Amy Stockton with special music by her associate, Miss Gould.

Jefferson Avenue Baptist Church

The Jefferson Avenue Baptist Church, Rev. Wayland Zwyer, pastor will have as its morning preacher this Sunday, the Rev. Wm. Kuhn, D.D., General Secretary of the German Baptist churches of North America, a speaker of unusual strength and experience. The pastor will preach at the 7:30 hour of evening worship on "Half Answered." Lincoln Igou leads the Song Service. Rally Day will be observed in the Church School with a general assembly in the church auditorium at 9:45 a. m. This will be followed by the pupils going to their departmental assembly rooms, when they will be assigned to classes. During the past year, the school has grown to an enrollment of over 1500. Young people are invited to either the Judson or Friendly Unions, which meet at 6:45 p. m.

Presbyterian Church Of the Covenant

9:30 a. m., Bible school; 10:45 a. m., morning worship. Sermon theme: "Choice Christians." 7:45 p. m., evening worship. Sermon theme: "The Centrality of Jesus Christ." Members of Covenant Missionary Society are in attendance this week upon the School of Missions being conducted by the Detroit Council of Church Women at the Y. W. C. A. The group takes in Protestant women of all denominations in Detroit. Covenant Men's Class Bowling League begins its activities Tuesday evening, September 27th, at the Palace Recreation rooms.

Messiah Lutheran

Southeast corner of Kercheval and Lakewood avenues. A. H. A. Loeber, pastor, 1434 Lakewood avenue. Telephone Lenox 2121. Next Sunday, September 25, is Rally Day. It will be observed in the services as well as in Sunday School. The choir will begin its fall activity on Rally Day. The pastor will preach a sermon suited to the day. Services will be held as follows: German at 9 a. m.; English at 11:15 a. m.; Sunday school at 10:15 a. m. Holy Communion will be celebrated in the English service of the first Sunday of October. Announcements for the Sacrament will be received next Thursday from 3 to 8 p. m. The first Monthly Bible Hour of the season will take place a week from Sunday, October 2, at 5:15 p. m. The Young Peoples' Society will

Grace Church

Kercheval at Lakepointe. Armin Haussler, pastor. Sunday, September 25 10:00 a. m.—Annual Rally Day service. This will be the only service of the day. Families which have moved recently into our community and are without church affiliation are cordially invited to come and enroll in our church school. Come and enjoy our Rally Day program. Tuesday 7:00 p. m.—Boy Scout Troop No. 142. Wednesday 10:00 a. m.—Trip of the Women's Union to Ford village. Non-members are welcome to go along. Call Mrs. W. L. Buckenizer, Hickory 8558-J, for transportation which will be furnished for fifty-cents. Friday 8:00 p. m.—Choir rehearsal. Saturday 10:00 a. m.—Confirmation class.

Mt. Olive Lutheran

4427 Radner avenue at Mack. F. E. Stern, pastor. Sunday School at 9:30 a. m.; Services, 11:00 a. m. Mt. Olive church cordially invites and welcomes visitors to all its services. How About You? "Before censuring another for mistakes," said Hi Ho, the sage of Chinatown, "it would be honorable for you to ask whether in his place you yourself could have done better."—Washington Star. Good Idea, at Least Live that after the minister has ended his remarks those present will not think they have been attending the wrong funeral.—Grit. Odd Custom Kept Up The annual custom of throwing dice for Bibles to be awarded parish children is celebrated at St. Ives, England. The custom has been preserved since 1675. Mesas A mesa is a tableland or plateau with an abrupt or steeply sloping side or sides, often bordering a valley. Mesas are common in the southwestern part of the United States. Water! Water! Water! Approximately eight-elevenths of the earth's surface is covered to an average depth of about two miles by the waters of the oceans. Remembers the Worst A psychologist informs us that the average man retains about one-fifth of what he hears. And that, we judge from our own observation, is the fifth that he might as well not remember.—Milwaukee Sentinel. "Prince of Rails" Robert Todd Lincoln, the eldest son of President Lincoln, was facetiously known as the "prince of Rails," the title being a pun on the prince of Wales and alluding to his father's rail-splitting experiences. Bees Dislike Black Persons who have to handle bees are warned that it is best to avoid black clothing, since that color seems to excite bees; a black felt hat is especially to be avoided.

Governor Roosevelt Says:

"WHAT the world needs most today is a national policy which will make us an example of national honor to other nations."
"We cannot call ourselves wise or patriotic if we seek to escape the responsibility of remodeling government to make it more serviceable to all the people and more responsive to modern nations."
"Those who hold public office should not be content merely to take the duties of their jobs as they find them and carry them out according to precedent. Those who have had experience in operating the machine should be able to tell of its defects."

"The world SHIP of STATE cannot regain its safe course to port by reckless spending and by reckless vituperation, but it can steer safely home by unity of action and a determination eventually to meet its just obligations."

"The highest ideals of America demand that with strict adherence to the principles of Washington, we maintain an international freedom and, at the same time, offer leadership to a sorely-trying humanity."

"If city planning and even county planning are worth while, how much more important is it that the State as a whole should adopt a permanent program, both social and economic and statewide in its objectives."

Sand Dune Formation
Colorado's great sand dunes are left from a period of geologic history when a huge lake was formed there.

At the Michigan

Ben Bernie, the old "maestro" with all his lads and attractions, is the headliner on the Michigan stage this week. Yausser, the old colonel, the pride of radio, is making his first Detroit stage appearance in several years, and along with his famous orchestra he has Pat Kennedy, the famous Irish tenor, the German Quartette for harmony and Frank Prince, singer of popular ballads

At the Fisher

Laurel and Hardy, in their second full length feature comedy, "Pack Up Your Troubles," are on the screen at the Fisher this week.

Justice
The virtue of justice consists in moderation, as regulated by wisdom.—Aristotle.

Eloquence in Action
Action is eloquence and the eyes of the ignorant are more learned than their ears.
