her subconscious mind.

It has been suggested that separate roadways for traffic going in opposite directions would eliminate a great many collisions.

Here is something new in the way of political comment. Governor Fitzgerald compliments former Governor Comstock and gives him credit for present balanced budget.

Elaine Marie Arndt Receiv. Noteworthy Endorsements

For the past five years Miss Elaine Marie Arndt has been conducting a School of Dancing in Grosse Pointe, a school of dignity and distinction, a school of the highest standing in dance culture.

Miss Arndt has been thoroughly trained in all types of dancing and is an excellent teacher endorsed by the Dancing Masters of America, the Chicago Association of Dancing Masters and the Dancing Masters of Michigan.

The Elaine Marie Arndt Dance Studio is located at 919 Barrington Road, one-half block south of Jefferson, Lenox 7639, where private and class lessons are available in all types of dancing for beginners and advanced children and adults. New classes are forming this week and next week and Miss Arndt urges that you enroll as soon as possible so you may be properly classified to your better advantage.

Try dancing at the Elaine Marie Arndt Dance Studio, an established school under the personal direction of Miss Arndt, a highly recommended teacher by dancing masters and students of dancing.

To Be Available Soon

"Preparing for College in Grosse Pointe High School" is the title of a booklet which is being prepared for the high school by authority of the Board of Education and which will be issued by the first of February. The booklet contains a statement of the alotivities and responsibilities of the Grosse Pointe High School student, his parentis, his teachers, and the college in

his successful preparation for entrance The handbook, which will be distributed to high school students inter-

ested in college preparation, include a list of the ways in which Grosse Pointe High School helps to prepare students. for college, as well as an outline of the different methods of admission used by different colleges. According to this

statement, the high school offers all preparatory subjects required for admission by any college in the United States. Other points cited in the bulletin to show how the high school aids students include the careful choice of teachers for the high school, the equip-

ping of class rooms, library, and laboratories, and the maintenance since 1927 of accredited standing with the North Central Association of Colleges and Secondary Schools.

Examination of the booklet reveals that as a further aid to students planning to go to college, the high school

will assist qualified students to meet entrance examination requirements when College Entrance Examination Board examinations are required for entrance. Mention is also made that the high school provides colleges with all records, ratings, and other information about students which a college may desire in consideration of applications. Listed in the handbook are the requirements specified by Grosse Pointe High School which students must fulfill to be recommended to colleges whose

entrance requirements they meet. The bulletin "Preparing for College" will be available to interested students, parents, and others upon request at the high school after the first of February.

League Extends Scope to Supervision of Acts of Congress: Harrison

"The American 'Lobby' League, composed in most part of a group of griping and disgruntled politicians masking under the name of the American Liberty League, is undertaking to tell Congress what legislation it should enact." said Senator Pat Harrison of Mississippi in a statement to the press concerning the Lieague's "12 Point Program" issued a few days before the

session convened. "This League," Senator Harrison continued, "also presumes to assume the functions of the U.S. Supreme Court, by determining in advance of the high Court's decisions that the Administration's farm and other relief programs are unconstitutional. It becomes increasingly apparent that this

band of sturdy super-patriots is ready

High School Notes

All parents of 6-A pupils are urged to attend one of the meetings next week called by Dr. S. M. Brownell who will discuss the problems of students entering the 7-B grade. On Monday evening the meeting is

scheduled for the parents of pupils attending Richard and Trombley; on Wednesday for the parents of the pupils at Caldieux, Defer, Kerby, and Mason. Both meetings will be held in the Cadieux School.

At the general teachers' meeting to be held in the library of the Richard School at 4 o'lock Thursday afternoon the program will consist of a panel discussion of the topic, "What should be the philosophy of education for Grosse Pointe Schools?" Mr. Clarence J. Messner, principal

of the Richard School, will preside as chairman. Mr. Messner has announced the following speakers: curriculum Mrs. Ethel Cowe: guidance program. Mr. Herbert Hobart; classroom techniques, Miss Florence Cummings; attitude toward teachers, Miss Dorothy Crandali; extra-curricular program Mrs. Ann Majneri.

First place in the best picture contest sponsored by the Camera Club was won by Charles Ricker, 10-A, for his photo "Night Life," a five-minute exposure of downtown Detroit taken from the Penobscot building looking north over the City Hall and Campus Martius." The prize was six tubes of developer.

Gordon Phillip, 12-B, won second and third prizes with photos of Christ Church and the high school. Joe Cook, 9-A, was awarded honorable mention for an indoor photo of

his living room. The judges were Mr. William Mann and Mr. Wilbur Enders, club sponsors. The contest was held under the great

handicap of no sun and the contestants seven. should be commended on the high degree of photographic art attained, according to the judges.

Individual assistance to students who wish to take college board entrance examinations will be offered next semester, according to a new plan recently completed by Mr. John R. Barnes principal.

Four teachers have been appointed to et as consultants with the college board candidates in planning and checking special preparation for the June examinations. The teachers will be relieved of some of their present duties in order to devote more time to the work. Miss Doris Trott will assist in English, Miss Louise Lovejoy in history, Mr. George Lance in science, and Mr. Charles Saltzer in mathematics.

Five students expect to take the examinations next June. Nearly all will enroll in English, American history, a foreign language, science, and mathematics.

The instruction will not be compul sory, nor will there be special classes Help will be given on an individual

Grosse Pointe lost its third Border Cities League debate last Friday afternoon to Mt. Clemens.

excess energy.

Dr. E. R. Skinner, professor of speech at Wayne University, an nounced his decision to a highly interested audience. Dr. Skinner said that as in most debates the decision was close. He felt, however, that since the affirmative team adequately limited its subject it earned the decision,

Grosse Pointe's negative team was composed of Martha Clise, Jack Chapman and William Custin,all 12-B's. Mt. Clemens, although this is the first year it has entered debating, proved to be a worthy opponent. This

is the Bathers' second victory over Grosse Pointe this semester. Clifford Straitor, Basil Stewart and Robert Chapman comprised the Mt. Clemens squad. Basil Stewart delivered the rebuttal. The question debated was: "Resolved, that the several nations should make government monopolies of the manufacture and sale of all combat instruments of war."

At the present time Grosse Pointe's standing in the Border Cities League is not definitely known. Grosses Pointe's affirmative debate

squad had two practice debates Saturday, one with Ferndale at Ferndale and the other here with Hamtramck.

Our Doctor Says ...

By DR. C. B. L.

Originally the old Anglo-Saxon word goitre, meant a large neck. Included under it, were many different diseases and conditions. In the course of time the use of the world was limited to those enlargements of the neck which were due to disease of the thyroid gland. Obviously, to say a person has an "outward" or "inward" goitre is a crue diagnosis.

The medical profession has several ways of classifying diseases of the thyriod gland.

The one usually used takes into consideration both the chinical condition of the patient and the pathological description of the gland itself.

There are, first, the simple goitres also called colloid, found most often in young girls.' Another type is the adenomatons which are true tumors of the

meetings all week. Dr. H. H. Savage, the well-known radio preacher of Pontiac is speaking every night at 7:30, except Saturday. He also is conducting Bible Study classes daily, except Saturday, at 3 p. m. Prayer meetings are being held in the various sections, as well as in connection with the 3 o'clock services. The Knox Presbyterian and Kencheval Evangelical Churches are cooperating in these meetings. Mr. Al-

bert E. Buss, radio cornetist and song leader, is in charge of the music for the entire program.

Dean of Adventurers Comes to Institute of Arts for Lecture Sun.

"The dean of all adventurers" is the title Lowell Thomas has bestowed on Major A. Radclyffe Dugmore, big game hunter, artist and soldier, who will lecture at the Detroit Institute of Arts next Sunday afternoon at 3:30 under the auspices of the World Adventure Series.

Major Dugmore earned this title on his daring photographic expeditions among the big game of the Sudan and East Africa. The motion pictures thus obtained he will show during his lecture at the Institute. Close-ups of a charging rhinoceros-the stealthy stalk of a hungry lion-the watering hole to which come all the wild beasts of the African veldt and jungle.

world. His audience will visit Haile Selassie and with him review the Ethi-

Christian Science Church

"Life" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, January 19.

Among the Bible citations is this passage (Prov. 19:23): "The fear of the Lord tendeth to life: and he that hath it shall abide satisfied; he shall not be

visited with evil." Correlative passages to be read from the Christian Science textbook, "Sciproject. Double this number will be ence and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 243): "Sickness, sin, and death are not the fruits of Life. had a total of 10,000 women working They are inharmonies which Truth de-

> John Mulholland Town Hall Speaker Jan. 22

John Mulholland, world-renowned magician, entertainer, lecturer, and foremost authority on the history of magic, will be the Town Hall celebrity in the Fisher Theater, Wednesday Jan. 22 at 11 a. m. In a startling and unusual lecture-demonstration, "Magic of the World," he will examine the magic marvels of both the ancient and modern worlds, including pagan miracles and religious magic, and will illustrate his lecture with skillful demon strations of breath-taking dexterity

which he has collected first hand in the far corners of the world.

Mr. Mulholland learned the black arts of North Africa from the Sultan's wizard in Morocco: the secrets of Chinese wonder workers from a great magician in Peking, and the feats of Indian miracle workers from the historic Bakhsh family, in Cawnpore, India, who adopted the American magician into the ancient clan of East Indian wizards.

Neighborhood Club ACTIVITIES

The A. O. C.'s played their first basketball game of the season taking the girls from Bower Roller Bearing, 11-16.

Due to the large number of A. O. C.'s interested in basketball this season it has been necessary to form two teams. One team is entered in the Class C Recreation League and the other will be entered in the Inter-Settlement League. Captains and managers were elected for both teams. Recreation team elected Ethel Hosche, captain and Lesta Colates manager. Inter-Settlement team

elected Ann Carr captain and Dorothy Fowler, manager. Here's hoping the girls have a most successful season. The F. L. G.'s are planning a Toboggan Party this Tuesday evening and refreshments afterwards at the Club.

The girls have been playing some basketball and this Wednesday afternoon the F. L. G.'s and Senior N. G. A. A.'s clash in their first basketball game-and we expect to see plenty of action. A junior girls gym and tap dancing

and the initiative will be left t the students concerned. The Board of Education is preparing a small handbook which outlines the new plan and discusses the role of the high school in preparing students for college. The booklet discusses policies of the various colleges and their entrance requirements, the responsibilities

the school assumes in instructing the students for college entrance, and the responsibilities which the students and the parents have. It is illustrated with three cuts shows

ing the exterior of the school, the library, and the physics laboratory. Copies are expected to be ready for distribution by the end of this month.

Official school pins may now be purchased by any student regardless of grade for 55 cents in the bookstore These pins are a triple gold plated reproduction of the school emblem, which can be found in the school handbook, and are made by the firm that makes medals for the Olympics. Formerly only graduating classes

were allowed to wear school pins, but now any student can purchase an official school pin. Anyone interested in seeing the pins should see Mr. Duguid in the bookstore, but come early, for only 250 pins have been ordered.

Expressing appreciation to both faculty and students, a letter from Mr. Kaj Neilsen, University of Michigan senior who assisted and observed at Grosse Pointe High School for five weeks as part of his course in teaching, was received last week by the editor of The Tower. Mr. Neilsen wrote:

"I would like to take this means of expressing my thanks and appreciation

for the co-operation, willingness, and students of the Grosse Pointe High School. My five weeks of work with you were both beneficial and very pleasnever forget. "Special words of appreciation go to

Mr. Charles Saltzer and Mr. George Lance with whom I worked consistently during my stay at your high school." Ed Wernet, George Ghesquiere, Paul Boesen, Ray Harms, Sherwood Zeh, and Clarence Schram, all former Grosse

Pointe High School athletes, provided the opposition for this year's basketball squad during the recent Christ-

gland. One woman after a visit to a physician was heard to say, "I have an abdominal goitre." The words adenomaton's and abdominal are rather similar. Some of these adenomations goitres are toxic, and make the patient sick, others are not, but all are dangerous.

There is yet another type called exophthalmic goitre from the fact that the eyes often protude markedly from their sockets. This is a constitutional disease, having little or no connection

to the iodine supply. The best treatment of goitre is prevention. In colloid and some types of adenomatons goitre this is essentially supplying sufficient iodine. In the exopthitalmic type prevention is more

complex and involves early recognition of the type of person subject to this disease and their protection from all severe nervous strains (as intense schooling, exciting movies, late hours) and shocks and depleting diseases such as bad tonsils, teeth and other focal infections.

Children Fed by WPA

Thirty thousand undernourished children, largely from relief families in rural areas, are being served with hot lunches in schools throughout the State under a project carried on by the

Women's Division of the Michigan Works Progress Administration. County School Commissions, Parent Teachers Associations and other community organizations are cooperating with the WPA to make this program possible. It is now in operation in 47 counties and is rapidly being extended to include every county in the State.

Many children have long distances cordial attitude of both the faculty and to travel to reach their classrooms. Often they leave home without breakfast and do not receive sufficient nourishment from the cold lunches they ant: some of my experiences I shall bring to school. Some are not able to bring any Junch at all.

The WPA is serving them with at least one hot, nourshing dish at noon to be eaten with the lunches brought from home and supplying a satisfying meal for those who would otherwise go hungry.

"The children are responding to the improvement in their diet," reports Miss Catherine Murray, Director of the WPA Women's Division. "They mas vacation as neither the varsity nor are more cheerful, gaining weight and Pretty, aren't they?,

Herod where Salome danced and John all-around athletic and dancing prothe Baptist was beheaded-will sit by gram for their young daughters should the deathbed of the chief executioner of Czar Nicholas and the Royal family and hear the true story of their execution.

Reserved seats for both lectures may be obtained at the World Adventure Series office in the Detroit Institute of Arts.

Fewer Drivers Mislav Licenses

There are two ways to lose operators' licenses in Michigan-just as there are in all other states having operators' license laws. One is to have your license revoked or suspended by order of a court or other competent authority, but the commonest method is merely to mislay it.

With the current public attention on safety, revocation and suspension of licenses are on the increase in Michigan, but it is worthy of noting that the percentage of licensed drivers who lose their licenses by pure absent-mindedness or accident, is getting smaller all

the time. During the first ten months of 1934, when a total of 443,228 applications for operators' licenses were granted, 13,426 persons who had lost their licenses, ap-

plied for duplicates to replace their losses. It meant that for every 1,000 new applications, 30 applications for duplicates were received. In the first 10 months of 1935, when successful applications for licenses jumped to 606,747, an increase of nearly 37 per

cent, the number of duplicates issued was only 15,036, which meant that for every 1,000 new licenses, applications for only 24 duplicates were being received.

License applications jumped nearly 37 per cent; applications for duplicate licenses increased only about 20 per cent.

The percentage of chauffeurs (including all drivers of commercial motor vehicles) who mislay their licenses, is negligible.

the small sum of 25 cents per year. And that reminds us-your yearly students is required as a basis for dues are now in order at the Neighborhood Club, which affords you many pleasant hours and classes. Among the many opportunities included for adults are dencing, hadminton, gym classes,

and club groups. For juniors-classes in dancing, sewing, handcraft, metalcraft, gymnasium, plays every Friday night, club groups and that most popular spot, the games room.

This Friday night Charlotte Ludeke presents for all children of the neighborhood an "All Screen and Radio Review"---which promises to be most en

tertaining and interesting. All welcome:

New Lutheran Church **Organized Last Sunday**

The United Lutheran congregation which has been holding services in the auditorium of the Richard School, Kercheval and McKinley, Grosse Pointe, since December 1, voted unanimously to form itself into a permanent organ-

ization last Sunday morning. The Sunday School now has an enrollment of more than 50 and classes are taught for all grades and ages, beginners, primary, juniors, intermediates, young people and adults.

Catelchietical instruction will blegin ext Sunday, January 19.

The newly organized congregation is composed of 21 members from 13 families who have become charter members. The program of the newly formed parish calls for 100 in the Sunday School and 50 adult confirmed members

in the church by Easter. At the services on January 26, a constitution will be adopted, the first Church Council (governing body) will

for the new church. The basis of the plan of organization

last Sunday was read from the pulpit just before those uniting came forward M. S. Isabella. and read as follows: "Believing there is a need for an English, Lutheran Church in Grosse Pointe and wishing

All Debts Paid, Cash in Bank, Republicans **Ready for Campaign**

"The Republican National Committee] goes into the New Year free of debt, all bills paid, and with a balance of more than \$124,000 to begin the oampaign for the overthrow of the New Deal and the defeat of President Roosevelt. This is exclusive of the \$150,000 contributed by the City of Cleveland as a separate fund to defray the expenses of the National Convention. Our Committee is wholly solvent. Our budget is balanced. We have no outstanding obligations. Our records are in the black. We have thrown away the last of our red ink.

"All this has been made possible by voluntary contributions of men and women who see in the Republican party the only organization through which the country may rid itself of President Roosevelt, the New Deal, the Brain Trust, the endless experiments and boondoggling, and by means of which alone the United States government may be returned to the paths of safety and sanity, and to the people themselves.

"There has been no resort to Lucullan. feasts in well heated, well stocked hotels at \$50, \$25, or even \$10 per plate, to wipe out our deficit; no assessments squeezed from party workers or party members; no demand for two, three or four per cent of the meager allowances of those on relief, or a percentage of the far more liberal salaries of those handling relief funds. Nor has there been any double assessment of states that have shouldered their share of the Republican Party indebtedness. "From this time forward the Republican National Committee will steadily expand its activities, as and when funds permit. We will show up the unsoundness of New Deal policies, the unreliability of Roosevelt promises, the destructive effects of national squandering, the unmistakable trend toward Socialism, and the covert attempt to undermine and destroy the Constitution on which this government 'of the people, by the people and for the people' is founded and on which it has been preserved. "It is not the function of the Re-

publican National Committee to select the nominee for Presidentia While it is not our duty to write the party platform, a committee has been appointed to assembled complete and comprehensive information² on all questions of national interest, and this data will be submitted to the Platform Committee named by the convention. The selection of the candidate and the writing of the platform are distinctively and exclusively the tasks of the Republican National Convention which will meet at Oleveland of the 9th of June. Believing in orderly, constitutional government, the Republican National Committee will confine its activities to proper channels, contributing everything possible to the advancement of the interests of the party as a whole, while

Sanctions

R ECENT actions by the League of Nations in Generbrought to the attention of men

a meaning of the word "sanction" which is somewhat unfamiliar to many people. It may be defined as that which is designed to induce the observance of law or to preserve the integrity of mutual agreements. The applying of sanctions to a nation which has disregarded a covenant ay be considered by that nation as coercive or as punitive, while other nations would regard the application of sanctions as a means of correction chosen for other first-aid stations, acto the offender, and of protection to otl rs. It will be acknowledged by any

Bible student that Jesus understood. obeyed, and demonstrated the will or law of God. He said, as we are told in John (5:30), "I can of mine own self do nothing: as I hear, I judge: and my judgment is just; because I seek not mine own will, but the will of the Father which hath sent me." And, in showing that the will or law of God is beneficent in its effect, the Master healed the sick, gave sight to the blind, and hearing to the deaf; he liberated the sinbound, and overcame death.

Those who have entertained a concept of God as manlike, as liable to changeableness and wrath, may have thought of the operation of divine law-sanctions, if you please-as implying suffering, and perhaps everlasting punishment. It may be that they have been told by theologians, who evidently were not acquainted with God as Jesus knew Him, that sickness and suffering, disaster and distress, were inflicted or permitted by God for some inscrutable purpose. Such, indeed, was the gener-ally accepted opinion of religious teachers when Mary Baker Eddy learned through prayer and study of the Bible that God, the creator of all that is true, is Love, impartial and universal good, and that divine law, therefore, is always harmonizing and beneficent in its effect.

On page 229 of the Christian Science textbook, "Science and Health with Key to the Scriptures," Mrs. Eddy makes this appealing and liberating statement: "If God causes man to be sick, sickness must be good, and its opposite, health, must be evil, for all that He makes is good and will stand forever. If the transgression of God's law produces sickness, it is right to be sick; and we cannot if we would, and should not if we could, annul the decrees of wisdom. It is the transgression of a belief of mortal mind, not of a law of matter nor of divine Mind, which causes the belief of sickness. The remedy is Truth, not matter,—the truth that disease is *unreal*." The recognition and realization of these truths has brought healing of sickness to many who had been given up by physicians, even as was promised by Christ Jesus,

Christian sanctions, then, are corrective rather than coercive; they imply pardon and peace, instead of pain and punishment, to all who acknowledge and obey the law of God, good. In other words, we have Scriptural authority for believing that as we yield to the urge of spiritual law, as we acknowledge and obey the law of divine Principle, we shall realize and manifest the purifying, harmonizing, and liberating effects which bespeak God as the loving Father-Mother of man and the universe. To be sure, those who willfully disobey the moral law are punished by their disobedience, because "whatsoever a man soweth, that shall he also reap," as Paul wrote to the Galatians. Christian Science exposes selfish-

ness, greed, injustice, passion, and human will as manifestations of the

Projects for this type of work are originated by G. S. McIntire, assist-Signs, designed by the U.S. Bureau of Public Roads and furnished by the ant State Forester. Walter De Lange, Red Cross, will designate the proposed MECW Junior Forester, has had general supervision, while actual construcstations along the highway. One sign tion has been in charge of MECW will be placed at each right-hand aptechnical foremen working with seproach to the station. Edgar G. Gordon, chairman of the

lected CCC enrolled crews. In contrast to the policy of establishing state parks at easily accessibl locations, the policy has been to locat will be opened Jan. 15. Three other Forest Parks and camp and picnic sites on US-24 north of the Erie loca- | grounds far from the traveled highways tion and five miles apart have been in the isolation of forests and wilderness. Natural surroundings are disturbed as little as possible.

Trails must be constructed, however, first-aid station program to every state to provide access for the hunters, fishermen and woods lovers who are the principal patrons of the parks and camps. The camp area is then cleared of brush and undergrowth. Stove bases of concrete are poured, and cast steel stoves are placed. Rest rooms are constructed and wells provided where necessary. Guard rails and humper rails are also constructed if required. A camp register is provided at all sites. in a suitable receptacle. At those sites many lives might be saved and suffering where landscaping is necessary trees, shrubs and seedling trees are planted.

Most camp and park sites average from one-half acre to 15 acres in extent. In the Uppler Peninsula, however, one site occupies about 75 acres. Tables and benches, constructed in CCC camps, are placed in the Park and camp sites.

Three canoe camps were established n 1935 in the Houghton Lake State Forest on the Muskegon River at selected sites approximately four miles apart. Others will be established this year along the river to the southwest boundary of the forest.

An old site in the Higgins Lake Forest was improved last year, roads, turnarounds and a parking area being constructed. It will be further improved this year. The picnic grounds and parking area will be enlarged and open fireplaces constructed.

In the Au Sable Fonest two new parks have been established on Muskrat Lake and one each on Plank Hill and Big Creek. A canoe camp has also been established on the Au Sable River. A site on Weber Lake in the Hardwood Forest has been reconstructed and 1,400 trees planted ranging from six-year-old white pine to six-inch elm, maple, beech, white birch, basswood and cork elm. One new site, a small one, was established.

Two reconstructions and one not site are on the program for the Blal. Lake Forest in 1936. Two new site were established last year in the Alpena Forest, one at Devil's Lake and one or state highway 171. An old site wa reconstructed into a combined camp and picnic ground on Thunder Bay River.

Some work was done in 1935 on two new sites in the Mackinac Forest on Lake Michigan and Garnet Lake. These will be completed this year, as will a new site on Little Brevoort Lake. Sites were established and) completed on Pike Lake, Bodi Lake and Lake Sa-
