

City of Grosse Pointe Officials Co-Operate To Minimize Fire Hazards

Continuing its campaign to still further reduce fire hazards and losses, and in an effort to arrange a more convenient method of handling household wastes and rubbish, the City of Grosse Pointe is urging that the use of metal containers be adopted by all householders throughout the City and is thus inaugurating the policy of encouraging the use of such containers by placing them in a certain number of residences and giving the householder the opportunity of purchasing the article at a very definite saving.

The large burlap bags provided for the deposit of rubbish will be continued, it is stated, but residents are being re-

quested to place the rubbish bags in the large, covered metal receptacles, thus avoiding the hazard that exists with the exposed bag, which quite frequently has been placed in close proximity to the furnace, heating pipes or other exposures. Residents are also being urged to avoid hanging the bags on wooden partitions, walls, ceilings or under stairways. The use of the bags in itself is not necessarily a source of trouble but frequently when allowed to be placed in locations noted above they have contributed to household fire hazards.

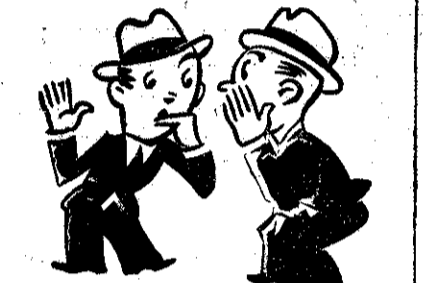

The containers are being placed in homes on a trial basis with the idea that the householder will welcome the opportunity of securing the article at an attractive saving. Mayor Trix has authorized the purchase of a sufficient number of the containers to establish the method and to give residents a chance to get as many as may be required to start the system. Application may be made to the City Clerk at 17150 Maumee avenue for delivery of these containers on a C. O. D. basis. Telephone Niagara 5800.

Grosse Pointe May Have Branch of Institute of Arts

Edsel B. Ford, as president of the Arts Commission, and Clyde H. Burroughs, its secretary, appeared before the Common Council of Detroit Tuesday morning on behalf of Mrs. Russell A. Alger to offer Detroit the Alger residence at 32 Lake Shore Drive, Grosse Pointe Farms, as a branch museum under the same direction as the Detroit Institute of Arts.

Asked what the cost of maintenance would be, Mr. Ford replied that \$15,370 a year would cover the upkeep, though an initial outlay of \$3,000 would be needed to make certain changes in lighting and other features.

The Council directed that the offer be referred to the Corporation Counsel, with instructions to work out the details of transfer of deed, and removal from the tax rolls in both Grosse Pointe Farms and Wayne County.

The Council's attitude was favorable. Mr. Ford and Mr. Burroughs were asked to report to the Council after details have been settled.

The Alger residence was built more than 20 years ago, and was designed by Charles A. Platt, architect, in the style of the Italian Renaissance.

"We would use the Alger residence and grounds as a branch museum, devoting the first floor to an exhibit of furniture, paintings, sculpture and other objects of the Renaissance," said Mr. Ford.

"The rooms on the second floor are suitable, with some alterations, for temporary exhibitions of varying character which would be furnished from the present museum and which would maintain the interest of the people in this neighborhood."

"The present library of this house could be used both as a reading room and, by the introduction of folding chairs, for lecture courses to be given here."

"The beautiful grounds surrounding the house would give the people of Detroit a park with frontage on Lake St. Clair."

"We believe that this proposed gift of Mrs. Alger will be but the beginning of important gifts and bequests from those in the neighborhood which it serves. Our annual report this year will show that we have had gifts during the last year in cash and other assets totaling about \$180,000."

"The budget for the maintenance of this branch museum need not be large, its most important activities would be directed from the parent institution."

"If the City of Detroit declines the gift and it is made to the Village of Grosse Pointe Farms and run under separate management, you would have two competing museums serving the same metropolitan area, which is never satisfactory. It would draw from the interest in our museum and also have a tendency to cut off potential gifts which might be expected from this wealthy part of our community."

Dr. Louis Berg Speaker at Town Hall February 5

Dr. Louis Berg, noted psychologist, sociologist and former prison doctor at Welfare Island, N. Y., will lecture on the "dos" and "don'ts" of "The Successful Personality" before the Detroit Town Hall in the Fisher Theater Wednesday morning, February 5, at 11 o'clock. Dr. Berg, whose popularity with the Town Hall audience last year won him the distinction of being this season's only repeat speaker, has helped solve the personality problems of thousands through his clinical work and writings, and has rehabilitated many prison-educated unfortunates.

He attracted national attention two years ago through his startling expose of the shocking conditions at Welfare Island Prison, New York, which helped

bring about the LaGuardia investigation. Dr. Berg has been attending physician to the New York County Penitentiary and Workhouse, attending physician to the Diagnostic Clinic of the Post Graduate Hospital, and has also served as deputy medical supervisor of the New York Department of Health and faculty member at New York University. Besides his extensive clinical practice in America he has studied psychiatry in Berlin, Paris and Vienna.

Dr. Berg deals with scientific subjects in a popular manner easily understood by the layman. In his lecture he will place special emphasis on the training of children. He is the author of three outstanding books, "The Human Personality," "The Prison Doctor," and "The Devil's Circus."

Tickets for Dr. Berg's lecture are available now at Grinnells, and Monday, Tuesday and Wednesday at the Fisher Theater.

Exhibition of Rubens' Paintings at Institute of Arts February 12th

The first large exhibition of the paintings of Peter Paul Rubens ever held in America, and one of the most extensive in the history of art, will open at the Detroit Institute of Arts on February 12, and continue until March 15. Included in the 50-odd paintings to be exhibited will be the large Holy Family With St. Francis, loaned by the San Diego Gallery of Fine Art; portraits of King Louis XIII of France and Vladislav, King of Poland, from the collections of Lord Millbank and the Metropolitan Museum; and sketches of The Rape of the Sabine Women and Return of the Sabine Women, from the Philadelphia Widener and Johnson collections.

If Rubens had not been a painter he would have featured in the history of 17th Century Europe as a diplomat. He knew and painted nearly every important person in Europe between 1600 and his death in 1640. Acting as a statesman for Spain, the protector of his native Flanders, he opposed Cardinal Richelieu, who sought to keep England and Spain at war. He wrote and spoke five languages, and he made archeological studies which are of value to present-day students. Yet he found time to paint hundreds of pictures, known and loved throughout the world for their rich, flaming color, and masterful design.

High School Notes

The Grosse Pointe High School will enter the play "Mansions," by Hildegarde Flanner, in the one-act play contest to be sponsored by Wayne University in March. The cast will include Martha Clise, Jean Trombly, and Edward King.

The contest is open to all schools in Detroit and vicinity. The school winning the tournament will be awarded a silver cup. The best individual performers will be awarded \$100 scholarships at Wayne. March 18, 19, and 20 are the dates set for the contest.

The charter presentation of the Pointe Philatelists was held Friday, January 24, in the Grosse Pointe High School. The club, sponsored by Mr. H. C. Jackson, presented a record of 20 meetings to the Student Affairs committee who gave their approval to the charter.

The program consisted of the reading of the club aims by Oscar Frievald, history of the club by Paul Slocum, presentation of the charter by Mrs. Anne Majneri and the acceptance by Harry Smith. Other members of the organization are Harry Kelsey, Leonard Willeke, Doris Chase, Bill Gamble and Sara Coburn.

Plans for the Junior-Senior banquet, to be given Wednesday, January 29, in the cafeteria of the Grosse Pointe High School, have been completed under the supervision of Miss Lorraine Magan, sponsor of the Junior class.

Fourteen juniors will act as hosts and hostesses to the seniors. The hosts and hostesses will welcome their guests and show them to their places at the various tables. The hostesses will be: Marion Deiley, Lorraine Haskins, Marcia Miller, Cora Bennett, Barbara Nevens, Helen Jean and Lucille Waters. The hosts will be: Victor Williams, Brandon O'Connor, John Smith, Fred Hughes and Albert O'Neal.

The speakers for the evening will be: Dr. S. M. Brownell for the administration, Mrs. Bernice Stoltenberg for the faculty with Steve Strasburg, Elizabeth Sibley, Fred Standish, and Marie Hosten speaking for the students.

Musical numbers will be presented by Max Hill, soloist, and an octette selected by Mr. John Finch, musical director.

The invitations committee includes Mary Meyers, Yolanda Lash, Lois Webster, George Van Dyke, Albert Heckendorff, and Walter Miller.

Fourteen members of varsity teams will graduate this week. Of the 14, five have been actively engaged during this semester in either football or basketball.

Joe Amez, class president, won his letter on the gridiron last year. He was voted the most outstanding man on the team.

Bob Drysdale, tackle, and guard, has won two letters in two different positions on the football team.

Bill Harms, halfback, made the first score of the season last year against the strong Fordson eleven, and kept the Blue Devils from being blanked.

The highest honor of the senior grid-ers was received last year by Bill Sneathkamp when he won honorable mention at end on J. J. Ritter's All-State team.

Bill Kuenzel and Mendel Gordon were on the varsity grid squad but did not receive letters.

Willis Weatherup has gone out for track every year he has been in high school, although he has never come in for a letter.

Donald Treadwell and Walter Allen will be sadly missed by the swimming team. Don set a new Grosse Pointe record for 100-yard backstroke at 1:13.2 last week. He is a member of the medley relay team that set the mark of 1:53.8 two weeks ago.

Herman Denzler has been out for the breast-stroke for two years without making a letter.

Bill Maul has been a member of the tennis team for four years. Last year he was runner-up in the state high school singles tennis championship. This year he is completing his second year on the varsity basketball squad.

Jim Garretson has won six letters altogether, and thus leads the class. Garretson has been a member of the basketball team for three years; and last of all he played end on the football team and scored the greatest number of points.

Paul Keller has participated for three years in both tennis and basketball. He has succeeded in attaining four letters which places him third athletically in the class.

Lastly, George Zannoth won a minor letter for golf in 1933, the next year the sport was discontinued here. This listing has been limited only to those who have made varsity teams.

Of twenty girl graduates, six have been awarded medals or letters, in some cases both, for outstanding work in girls' major sports and swimming.

Adelaide Mason, outstanding swimming student, was one of two girls from Grosse Pointe High School who passed the Dolphin test.

Mary Louise Berns, Thais Burnett, Ann De Clerq, Florence Hill, and Adelaide Mason have obtained two letters and Sally Cain, one. Also all but Florence Hill have received one or more medals. Ann De Clerq and Thais Burnett have the first chevion of active G. A. A. participation.

GEORGE RECTOR* Says:

*MR. RECTOR IS A MEMBER OF THE

KITCHEN STAFF

"There used to be a slogan (maybe there still is)—'Let George do it,' and I suppose that is how I got into this business of converting meats and vegetables from their natural state into a semblance of a well-cooked meal. But now that we're on the subject, let's settle once and for all the age-old question—'What is the best way of cooking: electrically or otherwise?'"

"I've always maintained that a good cook can turn out a masterpiece with nothing more to aid him—or her—than a primitive wood fire. But there's no denying the helpfulness of the electric cook stove, especially in its state of perfection today. * * * I think it is perfectly obvious that no man or woman is going to march out in the woods and build a fire, labor with crude cooking utensils and struggle along under other handicaps just to show that he can do it—at least, not every day in the week."

"I like my civilized comforts and conveniences as much as anybody. And also—to get colloquial—I can take it," as the saying goes regarding punishment. But cooking—to my way of thinking—should be a pleasure. And electric cooking, in view of the present advanced state of the art, multiplies that pleasure a hundredfold. Please understand, this is merely my own preference. Others may have their own preferred cooking method, and that is all right with me!"
