COAST GUARD SERVICE ON LAKE

Mrs. Krieghoff Urges Township Republicans To Go To Polls Monday

The Women's Auxiliary of the Grosse Pointe Republican Club have been making great strides this past week in the organization of the precinct campaign which is underway throughout Grosse Pointe.

The Chairman, Mrs. Edw. Krieghoff, advises that at the next meeting, which will be held at the home of Mrs. Frederick Alger, 17700 E. Jefferson avenue, on April 15, at 2:30 p. m., the majors for each precinct will be announced and a detailed plan for canvas will be presented.

News Digest

By JOHN SMITH

Al. Heuser, popular manager of the Aloma Theater became the daddy of an 8½ pound baby girl Sunday night. Congratulations Al.

The boys on Mack avenue around Beaconsfield are smoking cigars this week. Wonder what occasion the boys are celebrating? I know they are not election cigars.

The Township voters go to the polls Monday without the heavy artillery having swung into action is usually the custom in local politics.

It begins to look as though Detroit may have natural gas as soon as the Public Utilities Commission grants pipeline permits.

After four years there is still doubt as to Bruno Hauptmann's guilt and he is still awaiting the chair. Today is the day, will he be granted another reprieve?

Ford Motor Company of Canada is being charged with underpaying labor in Windsor, in violation of industrial standards act.

Detroit City Hall is undergoing a housecleaning since the mysterious disappearance of funds secrets have been unraveled.

Tigers are just about ready to begin the homeward trek. It's only a few days before we begin to hear the strains of "Play Ball" again.

One in every five persons in Milwaukee is ill in flu epidemic. Only 120,000 on the sick list.

National Contest Being Sponsored by Pontiac Dealers

by Pontiac Dealers

Two new automobiles and 164 other valuable prizes are to be given away by the Pontiac Motor Co., in a nationwide economy contest beginning April 1 according to Mr. Davis, president of Davis Motor Sales Inc., 15105 Kercheval at Maryland, who will sponsor the contest locally.

Mr. Davis has extended an invitation to all residents of Grosse Pointe to compete for these national prizes. The

(Continued on Page Seven)

Internal Motor Cleaning Service

The new internal motor cleaning equipment of the Munro and Belding Super Shell Service Station at Barrington and Jefferson avenue has elicited much praise from a substantial number of Grosse Pointers who have availed themselves of this newly added service.

It is remarkable how rapidly and thoroughly this equipment does the work, at such a ridiculously low price. Why not have them flush your motor and note the difference?

A live, active organization is indicated by the interest and enthusiasm already displayed, and an urgent call to attend is extended to all who desire to identify themselves with a Republican organization in this district.

Mrs. Edw. Krieghoff, Chairman of the Women's Republican Group in Grosse Pointe, desires to bring to the attention of the women voters of Grosse Pointe the election of Monday, April 6th.

The Republican party have placed in the field a slate made up of candidates of qualified character, and it is the urgent wish of the organization that a 100 per cent Republican vote be polled in our Township election.

Support these candidates: Supervisor, Wm. R. Hudson; treasurer, Sidonie D. Phillips; Clerk, Newton W. Whiteley; Board of Review (1 year), W. David Cromar; Board of Review (two years), Edward C. Parker; Justice of Peace, John H. Flancker.

Sidonie D. Phillips Seeks Treasurership of Grosse Pointe Township April 6

Sidonie D. Phillips, candidate for Grosse Pointe Township treasurer, residing at 1100 Beaconsfield avenue, Grosse Pointe Park, stated relative to his candidacy: "I have every respect for the integrity and honesty of my opponent for the office of Township Treasurer, and in all fairness say that he has conducted the affairs of the office creditably."

"It has always been customary for treasurers in the past to hold office for two terms, my worthy opponent is seeking the office for the fifth term. It would seem that it is about time for a change."

Sidonie D. Phillips has been a resident for 17 years, taxpayer for 13 years, a graduate of Detroit Public Schools and the Detroit Commercial College.

Warning!

Unscrupulous markets have sold fish of questionable quality, to a number of Grosse Pointe residents, intimating that the fish had been secured from the George S. Deets Fish Market at 15124 Mack avenue.

Mr. George S. Deets is exceptionally particular about the type of fish handled by him and when they do not measure up to standards they are returned and fish that are not fresh are destroyed. There is only one way to be certain of fresh fish and Deets' fish and that is to buy direct from the George S. Deets Fish Market. Over fifty varieties of fish and sea foods for those special occasions. Featured for this week are shad roe and live frogs dressed to order.

Free Passion Play at Gabriel Richard School April 8th

"Crowns of Thorns," an all-talking moving picture of the birth, life, and resurrection of Jesus Christ, will be shown in the auditorium of the Richard School, Kercheval avenue and McKinley road, Wednesday evening of Holy Week, April 8th, at 8 o'clock.

Anton Lang, who took the part of Christ in the famous Oberammergau Passion Play, is the principal character in this tremendous all-talking Biblical moving masterpiece.

The picture is being shown under the auspices of the Grosse Pointe United Lutheran Church, the Rev. M. Luther Canup, D. D., as a part of the Holy Week program in that parish.

Admission will be free and the public is cordially invited to witness this gigantic spectacle and tragedy of all times.

Norbert F. Denk Popular Candidate for Office of Supervisor in Township

Norbert F. Denk, one of the most substantial and influential citizens of Grosse Pointe, whose life has been identified with the community's affairs for many years, is a candidate for the office of supervisor of Grosse Pointe Township, an office with which he is thoroughly familiar.

High school, commercial college and university training, with office experience at the Ford Motor Car Company, and considerable practical experience in the government of our Township, in various capacities, are among his qualifications for this distinguished office.

He is a property owner and taxpayer in the Township.

NORBERT F. DENK

Grosse Pointe is a progressive community, and should have at its helm a man of broad gauged ideas, whose thorough knowledge of the department is such that it will function smoothly and thoroughly, that it may progress and advance, under capable leadership.

Probably one of the greatest compliments that can be paid a man is that he has been a credit to this community, just in his dealings with his fellowmen, enterprising and conscientious in the performance of the duties of the office which he now holds. The voters will make no mistake in electing Norbert F. Denk supervisor at the polls on Monday, April 6.

Rudolph C. Schmidt Seeks Re-Election as Justice of the Peace

Rudolph C. Schmidt, who has been actively engaged in the practice of law for a number of years is a candidate to succeed himself as Justice of Peace in Grosse Pointe Township.

RUDOLPH C. SCHMIDT

Mr. Schmidt is active in several civic and fraternal organizations and a taxpayer. Academic knowledge supplemented by practical experience, with a decided spirit of civic zeal devoting much of his time in the interests of public service, qualifies him for the office which he seeks.

St. Paul's Altar Society Communion Sunday, April 5th

Let us forget. Sunday, April 5th is the communion Sunday for The Ladies of St. Paul's Altar Society. We would like every member to be present, so that they may receive the special indulgence granted to members receiving in a body. Let's make this a big turn out by reminding your fellow member. Don't forget the meeting to be held on the following Monday Eve, April 6th in the school hall at 8:00 P. M. Special instructions are given.

It is now considered that the Government will not act favorably in the movement started by the City of Grosse Pointe and in which the nine member-club represented by the Detroit River Yacht Association have recently sponsored, and that, in response to a petition jointly signed by City and Village heads and the officials of the D. R. Y. A. a suitable vessel will be assigned to the suggested base, the Grosse Pointe Yacht Club.

Some weeks ago Mayor Trix of the City of Grosse Pointe appointed Councilman J. H. Marks and N. P. Neff, City Clerk, as a committee to develop the matter. On March 9, at a D. R. Y. A. meeting held at the Bayview Yacht Club, Commodore H. S. Walker appointed Commodores Alger Sheldon, Geo. Slocum and Stanley Puddiford to augment the original committee, represent all yacht clubs, and vigorously pursue the project. It was urged that, to be effective, the vessel should be

Alger Post Donates to Red Cross Aid

A donation of ten dollars was sent to the local Red Cross unit from the members of Gen. R. A. and Col. F. M. Alger Auxiliary No. 995.

stationed as near as possible in the center of the area of activity, thus the Grosse Pointe Yacht Club was indicated and offered a harbor as a mooring base. It was also urged that the vessel, in addition to the standard U. S. C. R. radio, should be equipped so as to communicate with WRDR, Grosse Pointe Police Radio.

That the committee of the Detroit River Yacht Association have been active and effective in their work is attested by the fact that a petition has been dispatched to Admiral Hamlet, Chief of the U. S. Coast Guard Service, at Washington.

City Requires Dog Licenses, Vaccination

Dog licenses for the fiscal year ending March 31, 1937 will be issued at the office of the City Clerk, 17150 Maumee Avenue, beginning Thursday, April 9, 1936, on which date a qualified registered veterinarian will be on hand for the convenience of the residents, it being a requirement of the ordinance that ALL dogs harbored in the City must be immunized or vaccinated against rabies or hydrophobia. No dog will be licensed unless so immunized. The cost of such vaccination is, in all cases, \$1.00. The license fee is: male, \$1.10; female, \$2.10; and unsexed, \$1.10. The following named veterinarians will be alternately on duty for the immunization of animals presented: Dr. J. G. Harvey, Dr. R. K. O'Neill, Dr. J. F. Purvis and Dr. O. A. Taylor. Qualified veterinarians, they will alternate alphabetically starting Thursday, April 9, and will be at the Police Department, 17150 Maumee from 2 to 4:30 p. m. Residents are urged to take advantage of the convenience and price stated. Residents of adjacent villages are invited to make use of these convenient facilities.

Not many applicants applied for position as stenographer with nudist organization at Tampa, Florida.

John Stein Added to Staff of Felix Francois

John Stein, who was at one time associated with an exclusive beauty salon in the Stevens Hotel, Chicago, and more recently with an exclusive shoppe downtown, has been added to the staff of beauticians of the Felix Francois Beauty Salon.

In order to care for the beauty requirements of his substantial clientele Mr. Francois felt that the services of a man of Mr. Stein's caliber would be a favorable addition to his capable staff of expert beauticians.

Ralph E. Beaupre Seeks Re-Election as Township Clerk

Ralph E. Beaupre, who was born in Grosse Pointe and has been a lifelong resident of Grosse Pointe, is a candidate to succeed himself as clerk of Grosse Pointe Township, an office which he has filled creditably since 1932. Regardless of partisanship he has administered his office in a manner that it has elicited the praise and admiration of all those who have come in contact with him.

He resides at 147 Moran Road and is the father of a large family, and is a taxpayer in Grosse Pointe.

RALPH E. BEAUPRE

His numerous friends in the Grosse Pointe area feel certain that you will wish to continue the same efficient administration of this office as it has been performed under his guiding hand during the past several years, and that you will go to the polls with this thought in mind; that his record merits re-election.

Adolph Damman Seeks Re-Election as the Township Treasurer

Adolph L. Damman seeks re-election to the office which he has held for the past several terms. His many friends are of the opinion that the best interests of the Township would be served by returning him to the office of treasurer.

ADOLPH L. DAMMAN

Proper handling and collecting of taxes are vitally important in any organization or community, and therefore it is of great importance that a man of integrity and capability be elected to this office.

Mr. Damman's many friends have made a strenuous campaign in his behalf, with a view to maintaining the present economic and efficient collecting and disbursing of the funds of the Township.

Easter Flowers

Easter is just a few days away. It might be advisable to select your Easter plants early, or place your order now in order to avoid disappointments which sometimes occur when one is late. Arthur L. Paselk, Florist, in the Punch & Judy building, will have a large variety of select plants for the occasion.

Boys Attention!

During Thursday, Friday and Saturday a large kite will be given away free with each purchase of delicious cookies over a certain amount (for details see their advertisement in this issue of the Grosse Pointe Review) at the Cookie Kitchen at 13141 E. Jefferson avenue at Drexel. These kites are worth having and cookies are sold quite reasonable at this shop. Why not suggest it to mother?

Your Township Government

With the date of the Annual Township Election to be held on April 6th, rapidly approaching the voters of Grosse Pointe Township are interested in the functions and conduct of the Township Government.

Mr. Norbert F. Denk, who is a candidate for re-election to the office of Supervisor of Grosse Pointe Township and who has been Supervisor's Clerk under the late Edmund C. Vernier prior to his election as Supervisor, was interviewed and gave the following information:

"Q—How is the December tax dollar divided?

"A—Your December tax dollar is divided as follows:

School Tax	-	.65c
County Tax		.28c
Township Tax		.04c
County Covert Road		.03c

"Q—What are the functions of the Township Government?

"A—The Township operates the police radio system which serves all of the Grosse Pointe Municipalities; the Public Health Department which provides for free clinics, home nursing service, dental and medical care for the poor and indigent, as well as maintaining the health service throughout the school system of the Township; the Welfare Department which provides for the maintenance and support of the poor and indigent.

"Q—How much does the operation of the Township government cost the taxpayer per year?

"A—Last year the Township raised by taxation less than \$38,000.00, which amounted to 70c per thousand dollar assessed valuation. This year the Township tax rate will be slightly lower.

"Q—What is the financial status of the Township?

"A—During the past year the entire bonded indebtedness of Grosse Pointe Township was paid. All operating expenses have been paid to date and sufficient monies are on hand to pay the operating expenses of the Township until the next taxes are due and payable, namely December 1, 1936."

The Township government has been operated on an efficient and economical basis and has rendered splendid service to the taxpayers of Grosse Pointe Township.

By providing the police radio system and the Public Health service through the Township a considerable saving to the taxpayer is effected. These services, if furnished by the individual municipalities rather than the Township, would materially increase the cost thereof inasmuch as each municipality would have to maintain a separate and distinct organization for the respective municipality in order to provide these services.

The present incumbents who are seeking re-election on April 6th are:

NORBERT F. DENK, Supervisor.
RALPH E. BEAUPRE, Clerk.
ADOLPH L. DAMMAN, Treasurer.
RUDOLPH C. SCHMIDT, Justice of Peace.
JOHN F. DEYONKER, Board of Review.
CHARLES A. HOWIND, Board of Review.
FRANK W. DEFER, Constable.

These men have conducted your Township affairs in the past in an efficient and economical manner and will continue to do so.

Correction

We regret an error on our part in the advertisement of the Jacqueline Beauty Salon last week. We gave the telephone exchange as Niagara when it should have been Lenox. The correct telephone number of this salon is Lenox 8013.

Zotos Waves Available at Ella Stoner Salon

The Ella J. Stoner Beauty Salon at 15231 Kercheval avenue at Beaconsfield are pleased to announce that in addition to Frederics and other popular permanent waves, Zotos waves will now be available to the patrons of this popular beauty salon.

Years of experience in the various branches of beauty culture are at your service at this Salon.

Lincoln Republican League Organized

The Lincoln Republican League, recently organized by prominent East Side Progressive Republicans, reports increased activities by the League throughout the 14th Congressional District. The membership is increasing steadily and organization work is being carried out with great success according to David G. Williams, 185 Moran road, chairman of the board of directors.

A woman's auxiliary unit is being organized and it is planned to federate the units into a unified precinct and block legion.

At the present time the League is busily engaged in connection with the Grosse Pointe Township elections, to be held throughout Grosse Pointe Township Monday, April 6.

Mt. Clemens has one for Ripley. Young man fires gun at self—bullet bounces from skull back into gun. Some head!

Many new homes are in the state of being constructed in the Grosse Pointes these days. We are rapidly forging ahead.

Modern Kitchen Saves Housewives Many Steps

Probably no room in the house has received as much study by the experts as the kitchen, and the ideal kitchen is still to be designed. However, much progress toward that goal has been made, and the inefficiencies and inconveniences of the old-fashioned kitchen have been found, so glaring that it is remarkable that they have gone so long undiscovered.

In old houses the kitchen was roomy, and the equipment was scattered about without any thought of relation between the various units. The number of miles a woman walked daily in the old-fashioned kitchen is truly astonishing.

A test was conducted by experts to see how many operations were required and how many steps taken in the old kitchen and the new in preparing a similar dish. A strawberry short cake was selected for preparation and accurate count kept. The results were: 97 operations and 281 steps in the old kitchen against 64 operations and 45 steps in the new. Multiply this by the number of dishes prepared and some idea of the inefficiency of the old kitchen may be had.

The modern kitchen is oblong in shape with the equipment arranged in sequence of operations; the position of the doors and windows are carefully considered to give proper access to

the dining room and the service entrance and to light the various items of equipment; storage facilities are carefully studied to provide ample space but not to have so much excess space that the temptation to hoard unnecessary articles is too great. The proper height of equipment has been determined with the result that counters and sinks and stove tops have been set at between 32 and 36 inches, depending upon individuals.

All possible nooks and corners where dirt may accumulate are eliminated as far as possible; floor coverings are washable and stainless; the walls back of counter, shelves, and ranges are covered with washable materials. In fact, every item in the kitchen has been studied and is still being studied to try and reach that rainbow's end—the perfect kitchen.

WPA Enlarges State Police Radio Station

A WPA allotment to permit remodeling and enlargement of the State Police Radio station with consolidation of radio facilities at departmental headquarters in East Lansing has been approved by State WPA Administrator Harry L. Pierson.

Work on the radio building supplements the extensive WPA state police program which includes erection of 23 new police posts and sub-posts throughout the state.

Addition of a second floor to the present building will allow housing of all the department's now scattered communication facilities, including telephones, the dispatch office and radio room, under one roof. Greater efficiency through saving of time will result, in the opinion of Oscar G. Olander, state commissioner of public safety.

"In our work time is a precious asset," Commissioner Olander said. "Often the capture of a criminal or saving the life of an injured person may hinge on a matter of seconds. Our department again thanks the federal government for an improvement we have long needed."

A federal allotment of \$12,296 will be augmented by \$5,368 in state police funds to finance construction.

Ground has already been broken for the new police post building near Brighton, at the junction of US-16 and the Ann Arbor road, a unit of the general building program.

Jefferson Ave. Baptist Church to Hold Special Good Friday Services

The usual Good Friday service, 12:30-2:30 p. m., will be observed at the Jefferson Avenue Baptist Church, East Jefferson at Lakeview. The preacher will be the Rev. Edgar DeWitt Jones, D. D., of the Central Woodward Christian Church and the Baptist chorists will sing the Good Friday cantata, "Olivet to Calvary," under the direction of Jason Moore, organist and choirmaster. This service is planned in co-operation with the other churches of the community.

Grace Church Ground Breaking Ceremony Set for Palm Sunday

Ground is to be broken Sunday in brief ceremony on the site of New Grace Church, Lakepointe and Kercheval. Actual construction of the new building is to begin Monday, April 6.

This event comes as the result of the great determination and courage of a small band of people which for 11 years has worked towards this end. Established 11 years ago in a small store building, and later holding services in a rented hall, this congregation has struggled against fearful odds. Ten years ago, the present site on Lakepointe and Kercheval was bought at a cost of \$25,000, and the temporary chapel erected. Still burdened with indebtedness on property, this congregation was plunged with the rest of the world into the depths of an unprecedented depression, which caused the postponement of all plans for six years. A year ago, under the leadership of the present pastor, Warner H. Siebert, the congregation determined to forge ahead or close its doors. The result is the present building program.

Under the inspired planning of the Derrick and Gamber firm of architects, and Robt. O. May, associate, a thoroughly modern and beautiful building has been planned at a total cost of \$75,000. The educational building was planned by Dr. Henry E. Tralle of New York City, and promises to be one of the most efficient buildings ever constructed.

Contracts have been let for the building of the first unit of this building at a cost of \$35,000. The firm of Talbot-Meyer was successful bidder and received the contract. This firm has built many churches and enjoys a high reputation.

Following the regular morning worship service on Palm Sunday, the congregation will adjourn to the exact site of the new building, where in brief ceremony participated in by a representative of the firm of architects and of the builders, Mr. Walter Buckenlizer, president of Grace Church, will turn the first spadeful of soil. We invite our friends to participate with us.

The Palm Sunday service will also be enhanced by the playing of the Organ by Don Miller of the J. L. Hudson Co. and Mrs. W. Siebert, church organist.

How's Your Resistance?

(By Alene Theisner, Nutrition Director Detroit Dairy & Food Council)

Spring may be here, but we aren't out of the woods yet by any manner of means. There are still just about five weeks of fickle, uncertain, unpredictable weather before us. Five weeks of sniffling, sneezing, colds, and, if we aren't pretty careful, pneumonia. It's time to be doubly careful, to do all in our power to build up our resistance to those sniffling and colds.

This disease, the Common Cold, is a much more dangerous thing than we generally consider it. Outside of the loss of time—statistics show that the average loss of time from work is four days—it is often the forerunner of other dire ills such as mastoid, sinus infection, measles, (don't laugh, measles is dangerous, especially to adults), influenza and pneumonia. Therefore, it behooves us to avoid colds.

Colds are caused by a germ that is prevalent all the year around, but in the spring our resistance has generally been worn down and we simply hang out a welcome sign for the germ.

The best method of combatting this enemy is to build up resistance by a carefully planned diet. Malnutrition is the greatest contributing factor to lowered resistance, and fatigue runs malnutrition a pretty close second. One good rule for getting through a Michigan spring without a cold is to avoid fatigue—get at least seven hours sound sleep in every twenty-four—and avoid overeating.

We no longer need the hearty, energy producing foods we consumed in the winter to give our bodies fat and heat to combat the bitter cold. But we do need the "protective foods" and plenty of them. Protective foods that build up our resistance and fortify us against disease. These are fresh fruits, fresh vegetables, eggs and milk. Be sure to drink orange juice or tomato juice every day.

Eat another fruit of some kind and two vegetables of some kind besides potatoes. Get in an egg in some form two or three times a week, and have a quart of milk every day. Don't sigh and say you'd rather take medicine. You don't have to drink it, have it in cream soups, as cheese, in sauces, in desserts or cocoa.

If you follow the above rules you'll be making an intelligent fight against spring ills, especially the cold. But if you do come down with the sniffles the very smartest advice you can follow is to "go to bed and stay there until you are well." In this way you'll avoid all those unpleasant aftermaths of the common, but by no means simple, cold.

SOCIETY

CHARLES BOWEN, freshman at the University of Michigan, of Grosse Pointe, and Edward McKenzie, also a freshman, of Grosse Pointe Park, were initiated recently by Alpha Delta Phi fraternity.

A buffet dinner at their home followed by dancing at the Boat Club has been planned by Mr. and Mrs. Willis M. Fanning, of University Place, for Saturday evening, April 4, to compliment Elizabeth Osius and Reginald MacArthur, whose wedding will be an event of early summer.

Spring flowers will center the small tables which will be set for four. The guest list includes, beside the guests of honor, Mr. and Mrs. Emory B. Hatch, Dr. and Mrs. Hugh Stalker, Mr. and Mrs. Alvin G. Sherman, Dr. and Mrs. Edward A. Wishrope, Josephine Ladner, Mr. and Mrs. Theodore G. Osius.

MRS. JULIUS STROH and her daughter, Miss Marguerite Stroh, of Jefferson Ave., Grosse Pointe, are at Ormond Beach, Fla., where they are stopping at the Coquina Hotel.

MRS. ARTHUR J. WYATT, who spent two weeks as the guest of Mr. and Mrs. John T. Gallatin, of Neff Rd., Grosse Pointe, has returned to her home in Brownsville, Pa.

MR. AND MRS. LUTHER R. HOFFMAN, who have been making a short stay in the South visiting at Palm and Miami Beaches, returned to their home on Buckingham Road Monday.

MR. AND MRS. DONALD CLARK, who have been in Tampa, Fla., for three weeks returned to their home on Washington Road on Sunday.

MR. AND MRS. EMORY B. HATCH, of Rivard Blvd., will leave April 10 to motor over to Chicago. Their objective is the home of Mrs. Hatch's brother-in-law and sister, Mr. and Mrs. Lewis M. Anderson, in the East for a day or two longer. Mrs. Anderson stretched her stay in the East for a day or two longer. Mrs. Anderson stretched her stay in the East for a day or two longer.

but was expected back Wednesday at her Lake Shore Road residence, according to plans.

MRS. A. INGERSOLL LEWIS, of Vendome Road, is among those who will be back home for Easter. She made an extended stay at Miami Beach with Mr. and Mrs. John W. Anderson at their winter villa.

MR. AND MRS. JOSEPH G. STANDART, of Lincoln Road, Grosse Pointe, returned Monday from New York City.

MRS. H. STEVENS GILLESPIE, of Darien, Conn., who has been spending two weeks as the guest of Count and Countess Cyril Tolstoi, of Lewiston Road, Grosse Pointe, left Friday for a stay at Tryon, N. C. She will be joined there by her son William, who is a student at Yale.

JOSEPH W. FRAZER, of Lake Shore Road, left last week for Palm Beach to join Mrs. Frazer and their daughter Airielle who have been spending the winter months at Nassau and the smart Florida spas. The family returned home the first of the week.

Grosse Pointe friends are greeting Mrs. Cyrus E. Lohrhop, of Lake Shore Road, and her sister Duchess Marigliano del Monte who returned last week from Clearwater, Fla., where they spent the winter.

MR. AND MRS. FRANK WATSON HUBBARD, of Jefferson Ave., Grosse Pointe, are coming North leisurely from Boca Grande, Fla., where they made an extended stay. They are now at Tryon, N. C., stopping at Oak Hall.

MRS. GEORGE R. COOKE, of Country Club Lane, returned home Sunday following a stay at Melbourne Beach, Fla., with Mrs. Willard S. Worcester, of Seminole Ave. Preceding the stay at Melbourne, Mrs. Cooke and Mrs. Worcester visited Miami Beach following Mrs. Cooke's stay in Nassau, where she was joined by Mrs. Worcester for a week-end. The latter traveler will return to Detroit for Easter.

MRS. RICHARD P. JOY entertained at dinner in the Bellevue Country Club Ballroom, Fla., her guests including Mr. and Mrs. Truman H. Newberry, Mr. and Mrs. Joseph B. Schlotman, Mr. and Mrs. Frederick L. Lutz, the Frederick Breithuts, the J. L. Seniers, Mrs. Benjamin S. Warren, Patricia Schlotman, Mrs. John W. Dyer, John Warren and Clayton Wall.

MR. AND MRS. HAROLD L. WADSWORTH, of Cloverly Road, and Mr. and Mrs. Frank P. Book, of Lincoln Road, returned early in the week from Miami Beach where they have been guests of Mr. and Mrs. Walter O. Briggs at their winter villa, Walbri.

MR. AND MRS. WILLIAM L. MCGIVERIN, of Provincial Road, left Monday for a few week's stay in Atlanta, Ga.

MR. AND MRS. JERE C. HUTCHINS, of Provincial Road, who have been spending the winter months at Boca Grande, Fla., left that smart resort on Saturday for Washington where they will make a short stay en route to Detroit. They expect to arrive home about April 7.

MR. AND MRS. RUSSELL J. MEGARGLE of Lewiston Road entertained

36 friends and school acquaintances of their daughter, Virginia Lee, in honor of her sixteenth birthday Saturday evening. Table decorations were in pink and white. Ping pong, dancing and games contributed to the entertainment of the guests.

A midnight luncheon was served. The guests included Virginia Apple, Dorothy Sealoff, Muriel Woodbridge, Mary McKnight, Mary Jane Keller, Marcelon Sigsworth, Jane and Yvonne Wittenberg, Jessie Gibbons, Patsy Carpenter, Elaine Bagardus, Elizabeth Newett, Mary Wilde, Barbara Humes, Harriet Harris, Thelma Sells, Lilly May Schmidt, Shirley Hawkins. Also Hugh McVeigh, George Weill, Merrell McClatchy, Jack Moss, John Haidmann, Bob Holohan, Lester Gates, Phil Lideck, Roy Oulette, Harry Pichner, Alonzo Marsack, Billy Symons, Kenneth Hall, George Damp, and Dick and Kenneth Martin.

KATHERINE TAYLOR, of Grosse Pointe, attended the formal dance given by Chi Omega Sorority at the University of Michigan, Saturday evening, March 21.

Joseph Black, of Grosse Pointe Park, and Andrew O'Connor, of Grosse Ile, attended the Zeta Psi Fraternity closed informal dance Saturday evening, March 21.

ELIZABETH MOORE, of Grosse Pointe, will be among the senior women who are to be entertained at dinner Sunday, March 29, by Kappa Delta Sorority at the University of Michigan.

Notice of Hearing

ON PROPOSED AMENDMENT TO THE VILLAGE OF GROSSE POINTE PARK BUILDING ZONE ORDINANCE.

WHEREAS, on February 27th, 1938, this Council enacted a certain Ordinance known as the Building Zone Ordinance, being Ordinance No. 65 of the Village of Grosse Pointe Park, and,

WHEREAS, since the enactment of said Ordinance it has come to the attention of this Commission that certain provisions of said Ordinance in relation to side yards, were of such character that certain corner lots in the Village of Grosse Pointe Park became practically useless for building purposes, if such provisions were strictly construed,

NOW THEREFORE, BE IT RESOLVED that this Commission proposes to amend Section 4, Paragraph (c) of Ordinance No. 65 of the Village of Grosse Pointe Park, known as the Building Zone Ordinance, to read as follows:

"SECTION IV, (C) SIDE YARDS
—In a Residence A District, there shall be on each side of every lot a side yard, the minimum width of which shall be four feet. This width shall be increased four feet for each story by which a building erected on the lot exceeds two stories in height. Where the side wall of a building exceeds fifty feet in depth the width of side yard opposite the portion in excess shall be not less than ten feet.

On a lot occupied by a church or other building in which persons congregate, or which is designed, arranged, remodeled, or normally used for the congregation of persons in numbers in excess of twenty-five, the width of such side yard shall be not less than forty feet."

PROVIDED, HOWEVER, that the side yards on corner lots fronting on Windmill Pointe Drive, shall be not less than the minimum width for such side yards provided in the subdivision restrictions, notwithstanding anything in this Ordinance to the contrary."

BE IT FURTHER RESOLVED, that this Commission shall meet on April 17, 1936, at 8:00 o'clock p. m. at the Municipal Building in the Village of Grosse Pointe Park for the purpose of conducting a public hearing as to the advisability of amending the said Building Zone Ordinance in the manner herein proposed.

BE IT FURTHER RESOLVED that notice of such hearing shall be given by publication of the time, the place and the character of the proposed amendment in the Grosse Pointe Review, for two (2) successive weeks at least fifteen (15) days prior to the date of hearing herein fixed, and by posting copies of such notice in three (3) public places in the Village of Grosse Pointe Park, within like period.

WALDO J. BERNES,
Village Clerk.

COMMISSIONERS' NOTICE

217-509

In the Matter of the Estate of Mollie Elkind (Mollie Elkind), deceased.
We, the undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioners to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that we will meet at 845 Fennoscot Bldg., Detroit, Mich., in said County, on Wednesday the 13th day of May A. D. 1936, and on Monday the 13th day of July A. D. 1936, at 2:00 o'clock P. M. of each said days, for the purpose of examining and allowing such claims, and that four months from the 13th day of March A. D. 1936, were allowed by said Court for creditors to present their claims to us for examination and allowance.

Dated March 13th, 1936.
MAX CHOMSKI,
ARTHUR GOULD,
Commissioners.

BANK CHARTERING POLICY REVIEWED

State Official Declares Correct Principles in Licensing Banks Are Essential for Sound Banking Conditions

PHILADELPHIA. — Sound public policy in chartering banks was discussed by Carl K. Withers, Commissioner of Banking and Insurance of the State of New Jersey, before the Eastern Conference on Banking Service, held here recently under the auspices of the American Bankers Association. He declared that "few questions bearing on the future stability and security of our banking systems loom as more important than that of a sound policy to be pursued in the chartering of banks."

Alluding to competitive policies of both state and national banking authorities to charter the most banks in the past, he said that "this country was over-banked, and that aside from any other consideration, economic or otherwise, this condition was brought about largely through an unwise, unsafe and unthinking charter policy, alternating between the state and national systems, which has marked and hampered banking progress in this country since its very inception."

Political Influence

He decried political considerations in connection with the chartering of banks, saying: "Political influence has no more place in banking than it has in the deliberations of our highest tribunal—The Supreme Court of the United States. Until this is recognized and brought into being within both our state and national systems, we may never feel safe against the shifting sands of political expedience."

As to the "element of sometimes ridiculous competition heretofore existing between the state and national systems," he said that much may be said in favor of the progress made in recent years. In many states there exists a practical working agreement between local supervising authorities and the federal authorities, whereby all charter applications are mutually considered on a basis of community need rather than competitive advantage as between systems. In some states this arrangement goes even further in the refusal of the one authority to even consider a charter while pending with the other, he declared.

Most state laws make reference to the "character, responsibility and fitness" of the incorporators of a new bank, he said, continuing: "So important do I conceive this factor to be, that I place it first among those for consideration, for unless the motive is sound, honest and sincere, there is little likelihood that the resultant institution in its service to the community will reflect other than the spirit of its founders."

The Lessons of the Past
"Too often in the past have charters been granted to promoters pure and simple—not always pure, and by no means simple. The country was dotted with such. The experience has been costly and, it is to be hoped, the lesson well learned, not only by charter-granting authorities, but the public."

Other factors to be considered as among the most important in granting new bank charters, he said, are the number of institutions already serving the area, the record of earnings of existing institutions, the number of failures since 1920, and the reasons therefor, public convenience and advantage, the reasonable prospects for growth of the community, expectation of profitable operation and whether a branch bank could serve as well.

"Sound public policy demands that no new banks be chartered unless there is a definite, necessitous and permanent need," he declared. "Sound mergers, consolidations and the sensible extension of branch banking are much to be preferred to any general movement toward a flood of new charters. But here again we must guard carefully against monopoly or unbridled branch competition, either of which might become as dangerous as the organization of new banks."

Public Confidence

Challenging a recently published statement that there is an "apparent loss of public confidence in banks," William A. Boyd of Ithaca, N. Y., asks why, if this were true, bank deposits are constantly increasing. "I maintain that any banking institution which has continued to serve its community since the trying days of 1929 must be enjoying the respect and confidence of that community, and I am sure that the very large majority of banking institutions which have come through this depression have never had to 'regain' public confidence," he says.

Trust Institutions

A directory of trust institutions published by the Trust Division, American Bankers Association, lists 2,853 institutions having aggregate capital funds of \$4,416,000,000 and total resources of \$35,448,000,000. It shows a total of 6,949 men and women engaged in this phase of bank work. The trust institutions comprise 1,356 state-chartered trust companies and banks and 1,497 national banks with trust departments located in 1,684 cities and towns.

England and Russia in Holmes' Lectures

Burton Holmes, world's most famous travel lecturer, will close his 1936 Detroit season with two motion picture travelogues on England and Russia at the Detroit Institute of Arts on Sunday, April 5. At 3:30 Mr. Holmes will speak on "London and Rural England" and at 8:30 on "What I Saw in Soviet Russia."

"London and Rural England" is a comprehensive tour of historic beauty spots. It visits the exciting Derby, Stratford-on-Avon, Oxford and Cambridge, the Tower and Parliament, the Thames Embankment, St. Paul's and Westminster Abbey, Trafalgar Square and Piccadilly. There are shots of the

trooping of the colors at St. James' Palace, living portraits of the Royal Family, and a spectacular dip into the past to see the Allied victory parade after the Armistice, led by Generals Haig, Foch and Pershing.

"What I Saw in Soviet Russia" is a recent picture of Moscow and Lenin-grad today. It shows the gigantic new industrial and housing developments. It makes a comprehensive tour of the Ukraine and Black Sea ports before closing with the maneuvers of the Red Troops, millions strong, in the Red Square.

The World Adventure Series will close its 1926 season at the Institute on April 19 with two motion picture lectures by Lowell Thomas.

THE DETROIT EDISON COMPANY

Cleveland Planning Many Attractions for Great Lakes Fete

Amusement and recreation facilities at the Great Lakes Exposition will be found in a large special area of their own on the eastern end of the grounds, and although amusements are merely one of the incidental attractions of the Exposition they will not be the least interesting to the four million visitors who will swarm the grounds at Cleveland for the 100 days from June 27 to October 4.

Entrance to the amusement area is through a large subway entrance East Ninth street. To carry out the spirit of gaiety to be found within, the entrance will be decorated with grotesque figures of men and animals. Two 20-

foot-wide sidewalks on either side and a 20-foot-wide vehicular roadway in the center will be adequate to carry the flow of traffic to and from the amusement zone. The underpass will be lighted by indirect, colorful lighting.

Inside, 42 acres will be devoted to the amusement area. Here will be found many new ride devices which are being prepared especially for the Exposition. There will be all manner of shows, ride and thrill apparatus, museums, animal acts, midgets, and similar concessions. There will be odd and unusual types of restaurants, night clubs, cafeterias, Bohemian hall and beer gardens. In the "Streets of the World", a collection of nationalistic villages inside the amusement zone, there will also be many style eating places, cafes, restaurants, refreshment, coffee and chocolate shops.

A large section of the amusement zone will be occupied by "Young America" where the kiddies will find miniature restaurants, soda fountains, games, entertainments, miniature railroads and similar ride devices, wired caves and fountains. On the lakefront there will be electric scooter boats.

Along the water-front there will be a fleet of de luxe speed boats and some amphibian planes to provide trips over the grounds and downtown Cleveland. A blimp field in the area will also provide blimp rides of the same nature.

John Hix, famous newspaper cartoonist, will have his collection of living and inanimate examples of the odd, strange and curious. Stanley Graham's in itself, will be included in the amusement concessions. There will be an Indian Village, the Globe Theatre will present its condensed version of Shakespeare's plays and a Hollywood concession will show the making of motion pictures with doubles of all the famous stars. Midget circuses, called "the greatest collection in the world," a miniature city

On Palm Sunday, April 5, a large class of both children and adults will be received into membership with the Church by the rite of Confirmation. The service will begin at 11:15 a. m. The Sunday School meets at the usual hour, 10:15 o'clock.

On and Off the Records

From the marriage license bureau in Henry A. Montgomery's County Clerk Office, the customers were a jovial Jewish boy of 45 years, with a well dressed Irish lady. They had two children, a son 15 and a daughter 9 years old. They had taken out a license from Tom Farrell, who was then County Clerk, seventeen years ago. They did not agree on the Church and never had a ceremony. Their children insist on a marriage.

Is business in a healthy position today? Here is an up-to-date answer. Wayne County is in a stronger financial position than ever before, County Treasurer Jacob P. Sumeracki reported following the closing of current tax books.

There is a higher percentage of collections, a greater number of paid tax receipts, a steady raise in mortgage tax payments, and the continued reluctance of holders of county bonds to part with them.

The current collection, involving county taxes assessed in the city of Detroit, was 77 per cent of the total tax levied. Only 70 per cent of 1934 taxes could be collected while they were still current, and the 1933 percentage was only 60.

The number of paid receipts was larger by 33,664, a total of 260,343 receipts being issued, compared with 226,679 receipts in the previous current tax campaign and 185,332 in the one before that.

Various local treasurers in out-county cities, villages and townships have notified the county treasurer that their current collections by percentages and volume receipts, kept pace with his own showing. These local treasurers are completing the preparation of their delinquent rolls, to be turned over to the county treasurer for collection.

Between December 1st last year, the date the county treasurer started collecting the 1935 taxes, and February 29th of this year, as of which date the current rolls were closed, slightly less money was realized than in the same period a year ago.

The collection was \$8,476,650.13 contrasted with \$8,773,812.04 taken in a year ago. The 1933 current collection was only \$7,814,498.48.

This year's drop from 1934 level is explained, Treasurer Sumeracki pointed out, by the fact that the individual tax bills call for less money, the tax rate being lower. The 1935 rate is only \$4.90. Previous rates, which include a proportion for state taxes, were \$4.94, \$5.54, 1933, \$5.57, and 1932, \$8.15.

"This reasonable rate was a big inducement to people to pay, and it accounts to a larger extent for the results," Sumeracki said. "The ten-year payment plan for 1932 and previous years' taxes helped, too."

A total of \$6,035,392.12 has been paid the county treasurer in the last 15 months through installment or full settlement of taxes owing under the ten year plan.

"The great bulk of this money would have been lost to the county or else the taxes would have had to go to tax sale, had it not been for the ten-year plan," the Sumeracki declared. "If the taxes had been sold, thousands of citizens would have lost their homes. The confusion and suffering would have been tremendous. The ten-year payment plan has been even more of a success than its sponsors predicted."

County personal taxes, collected in the city of Detroit on the current rolls totaled 92 per cent of the levy of \$2-181,695.41, he said. Moreover, delinquent real and personal taxes for 1933 and 1934 have been coming in. Today the 1934 county taxes for Detroit have been collected up to 84 per cent and the 1933 taxes by 86 per cent.

Still another cheering sign, Treasurer Sumeracki declared, is that mortgage tax payments continue to increase in volume and money total while land contract tax payments fall off.

"Payment of the mortgage tax means that a bank or individual is willing to lend money to some property holder, considering the property to be sound security for the investment," he explained. "A land contract tax payment almost means just one thing, a foreclosure."

"The sinking fund commission, of which I am a member, would like to retire some of the county's bond obligations and thereby save the interest for the county," he said. "It has the money to do so. But the people who hold the bonds know them to be a gilt-edged investment. Last summer we issued a call for bonds which had not matured, and we were ready to buy them, just as we are now. The only trouble was, there were practically no sellers. If anybody wants to sell today, he has not come forward."

G. P. Baptist Church

"The Friendly Church Around the Corner." Kercheval, near Lakepointe.

Rev. David Ewart will be the speaker at the morning and evening services of the church next Sunday. April 1st, the congregation known as the Faith Baptist Mission will merge with our church.

Program—Sunday, 10 a. m. Bible School, featuring all departments. 11:15 a. m., Regular preaching service followed by the observance of the Lord's Supper.

7:30 p. m., popular song service led by Mr. Stenhouse with Mrs. Stenhouse at the piano. Following Rev. Ewart will deliver an evangelistic message.

Wednesday, 7:45 p. m., prayer and praise service. Following this service a brief business meeting will be conducted.

We would be delighted to welcome you to any and all the services of the church and Bible school.

May we count on seeing you next Sunday?

It is expected that some of our members who have been in Florida will be with us again next Sunday.

INSURANCE TIPS

By H. THOMPSON STOCK

Flood Insurance Losses

The estimated damage from floods within the last two weeks is \$500,000,000. Insurance companies will not suffer heavily as very little flood insurance is written. The reasons are that there is no reliable basis upon which to figure rates and that only those likely to suffer from floods are the only ones who want it.

Companies will pay flood losses under transportation and all risk policies for merchandise in transit and in warehouses, under automobile comprehensive policies (\$40,000 in Pittsburgh district), under bridge insurance policies (several bridges washed away) and under plate glass policies (floating debris \$150,000 worth of glass in Pittsburgh).

As the flood is responsible for disease, accidents, deaths and fires, many losses will be paid under accident and health, workmen's compensation, life and fire insurance policies.

Insurance companies suffered in another way. In Hartford, Conn., electrical service in Hartford was cut off so that the elevators and bookkeeping machinery could not be run. Many employees were unable to reach their homes. Flood waters even entered the home office building of one of the large insurance companies.

Grace Evangelical Church

Lakepointe at Kercheval avenue. W. H. Siebert, minister. Church school, 9:30 a. m. Worship service, 11 a. m. Don Miller will play the Organ at the morning service. Come to hear this fine instrument.

Immediately following the morning service there will be a brief groundbreaking ceremony on the site of New Grace Church. The public is invited.

Mt. Olive Lutheran Church

Synodical conference. Radnor at Mack avenue. F. E. Stern, pastor, 4425 Radnor avenue. Telephone Niagara 3023.

Sunday School at 9:30 a. m. Holy Week services—Maundy Thursday, services combined with the celebration of Holy Communion at 8 p. m.

Good Friday services at 8 p. m. Mt. Olive Church cordially invites you to all its services.

Born for Work
Among the Awemba. In North Rhodesia, when the father is informed that a baby is born, he hurries to the village square and announces to all his neighbors, "wakanando" ("It is for the hoe," meaning a boy) or "wa-mpero" ("It is for the mill," meaning a girl).

Habits of Bloodhounds
Bloodhounds do not always track down a person with their noses directly over his trail. When a strong wind is blowing across it, they will often follow the scent as far as 150 feet to leeward.—Collier's Weekly.

Horse, Express, Camel, Freight
The Mongol considers the horse, his express and the camel his freight service. A good camel will carry a 600-pound load 70 miles a day, and continue the pace, without food or drink for ten days.

NOTICE OF ELECTION and Annual Meeting

Grosse Pointe Township

To the Qualified Electors of the Township of Grosse Pointe, Wayne County, Michigan.

YOU ARE HEREBY NOTIFIED that the Annual Election of Township Officers shall be held on

Monday, April 6, 1936

and that the polls for said Election shall be open from 7:00 o'clock in the forenoon to 8:00 o'clock in the evening, Eastern Standard Time.

YOU ARE FURTHER NOTIFIED that the following officers will be elected at said election:

Township Supervisor
Township Clerk
Township Treasurer
Four (4) Constables
Justice of the Peace
Commissioner of Highways
Member Board of Review to fill vacancy
Member Board of Review full term

YOU ARE FURTHER NOTIFIED that the polling places for said Election shall be as follows:

VOTING PRECINCT NO. 1—NORTH END OF TROMBLEY SCHOOL.
VOTING PRECINCT NO. 2—SOUTH END OF TROMBLEY SCHOOL.
VOTING PRECINCT NO. 3—BISHOP ROAD AND KERCHEVAL AVE.
VOTING PRECINCT NO. 4—SOMERSET ROAD AND ST. PAUL AVE.
VOTING PRECINCT NO. 5—GROSSE POINTE PARK MUNICIPAL BUILDING.
VOTING PRECINCT NO. 6—MARYLAND AVENUE AND CHARLEVOIX AVENUE.
VOTING PRECINCT NO. 7—WEST END OF DEFER SCHOOL.
VOTING PRECINCT NO. 8—EAST END OF DEFER SCHOOL.
VOTING PRECINCT NO. 9—GABRIEL RICHARD SCHOOL.
VOTING PRECINCT NO. 10—MACK AVENUE AND MORAN ROAD.
VOTING PRECINCT NO. 11—GROSSE POINTE FARMS MUNICIPAL BUILDING.
VOTING PRECINCT NO. 12—GROSSE POINTE SHORES MUNICIPAL BUILDING.
VOTING PRECINCT NO. 13—LOCHMOOR MUNICIPAL BUILDING.

YOU ARE FURTHER NOTIFIED that the Annual meeting of the Township Electors will be held at the Township Offices in the Municipal Building, Grosse Pointe Park, Michigan, on Monday, April 6th, 1936, at 1:00 o'clock in the afternoon, Eastern Standard Time, for the transaction of the business of the Township which can legally be transacted thereat.

Ralph E. Beaupre,
Township Clerk, Grosse Pointe
Township, Wayne County, Michigan

WPA Workers Snare Germ of Whooping Cough in Experiments

Whooping cough is a killer, a baby's enemy. More destructive to children than diphtheria, tuberculosis, measles or scarlet fever, it takes its yearly toll of thousands of lives. It is infinitely more dangerous than all the other diseases in the country, it causes not one-tenth the general interest. Possibly this is because the suspense and thrill of the chase is missing, the hunt and capture less dramatic. Yet whooping cough has been tracked down to its lair.

Trained nurses and clerical assistants on a WPA laboratory project in Grand Rapids have found a method whereby whooping cough may be recognized more quickly than formerly, the stage of the disease at which danger of contagion ceases, and what is reasonably believed to be a means of immunization.

The WPA employees, largely from relief families, are under the direction of Dr. Pearl Kendrick, associate director of the Bureau of Laboratories of the Michigan Department of Health. These workers who have unraveled the trail of whooping cough, who now wait a supply of arms with which to destroy it, labored like true scientists, without public notice, sometimes without pay. They watched over whooping cough patients, made tests, tabulated results, kept records of a personal sacrifice that the work might be successful. Begun as an FERA project, the research was threatened when that program came to an end. Scientific accuracy demanded that observations be continuous, unbroken, uninterrupted. A break in the records meant the loss of all work done.

The City of Grand Rapids contributed funds to carry the project for a time.

When these were exhausted, the relief workers donated their time and energies. They paid their own car fare. They kept the records unbroken and the work went on.

In the summer of 1935 the WPA came into existence. It supported the whooping cough research. It took over the payroll.

The results? As a true scientist Dr. Kendrick does not announce her findings to date as a proven success because of the limited period of experimentation. Nevertheless, the City of Grand Rapids has adopted her method of determining when a whooping cough patient may be released from quarantine and health authorities all over the country are intensifying following the progress of the study.

An impressive number of comparative studies in immunization has indicated almost to a certainty that an effective vaccine has been developed. The great drug supply houses look to Dr. Kendrick's laboratories to supply them with cultures. A layman would say that success is here, but Dr. Kendrick takes the scientific stand that much more observation is necessary for conclusive proof.

The principal tool used in the study is the cough plate, a glass treated with a solution upon which the whooping cough germ thrives. The patient coughs on the glass; within a few hours or days there may be a visible colony of germs. A technic has been developed to assure reasonable dependability of results. From the story told by these plates there is being built up a knowledge that may save the lives of other Lincolns or Washingtons—or an unknown soldier.

Old Map of U. S. Coast
A map of what is now the Alabama and Mississippi coast, which Americus Vesputius drafted in 1501, hangs in the museum at Modena, Italy.

700 Miles of Gravel Roads Removed from Classification in State

Seven hundred miles of gravel trunklines will be permanently removed this year from the list of gravel roads under and \$8,000,000 construction program of the state highway department and the works progress administration.

The program provides for the surfacing of this mileage with dust proof oil aggregate. Half of this program appropriation will be spent on the Federal Aid system in the state and the other half on state trunklines off the Federal Aid system.

Grading and drainage work on the state trunkline phase of this program has been under way this winter and the roads are to be surfaced next summer. Projects on the Federal Aid system scheduled for this improvement were resubmitted to Washington this week for final approval by State Highway Commissioner Murray D. Van Wagoner.

The improvements are to be made in the tourist and agricultural belts, the commissioner revealed. The program on the Federal Aid trunklines provides for the expenditure of \$2,500,000 on Upper Peninsula roads and \$1,500,000 on trunklines north of the Saginaw-Muskegon line in the lower peninsula. Projects on trunklines off the Federal Aid system will be scattered throughout the state.

These roads are to be constructed under the engineering supervision of the state highway department and under department specifications. The WPA will handle all other details.

Commissioner Van Wagoner regards oil aggregate construction as the most effective answer to the dust problem. This type of surfacing is not only dust-proof but costs about one-fourth the price of concrete pavement to build. Maintenance costs are slightly more than half the amount needed for gravel roads, or about \$50 a mile more than is required on concrete pavements. The surface will answer all the traffic needs on the affected trunklines.

Admitting that the ideal correction for dust would be an all-paved system on the 3,900 miles of existing gravel highways, the commissioner pointed out that this ideal would cost more than \$150,000,000. "Obviously," he hasn't enough money to accomplish this ideal and we look upon the oil aggregate as the best alternative."

Commissioner Van Wagoner sometime ago announced that 100 additional miles of gravel roads had been added to the 1936 dust-laying program, or all but 140 miles of the entire gravel trunkline mileage.

Cleveland to Hold Great Lakes Exposition in June

Simultaneously with the announcement of the letting of contracts for the first construction work at the Great Lakes Exposition, ground was broken on Cleveland's lakefront Saturday morning for the Hall of Progress, upon which work will be started immediately. Work will also be started at once on a steel bridge 350 feet long and 100 feet wide, to cost \$100,000. Contracts for other buildings will be let rapidly.

Construction work at the Exposition will have the benefit of a million dollars spent in experimental work at Chicago's Century of Progress developing quick and inexpensive methods of construction with the addition to Exposition staff of some of the men who took a leading part in that experimental work. Chief of these men is Albert N. Gonsior who is chief of construction for the Great Lakes Exposition, and will have complete supervision of the awarding of contracts and overseeing of all construction.

Mr. Gonsior had charge of all construction at the Chicago Fair, and his experience and background becomes more significant when one remembers that Chicago was outstanding among all past expositions not merely from the viewpoint of efficiency and attractiveness but also as a financial success. Mr. Gonsior declared that his experience in exposition construction makes him confident that the very last building of the Great Lakes Exposition will be completed and occupied before the opening day, June 27.

The Hall of Progress will pioneer a new type of building construction in this country, the use of supporting members, known as "rigid frames," in place of trusses or heavy girders. In his system of framing the columns and beams are designed as a continuous rigid unit. The members are two inch by ten inch and two by six members covered with 5/8 inch plywood, so arranged as to form a very strong structural unit. Each unit is constructed on the ground and raised into position with a minimum of labor. Actual tests constructed at Case School of Applied Science have proved that the frames designed for this building are capable of sustaining six times the calculated loads, no failure.

The Hall of Progress will be one of the two largest buildings to be erected on the grounds. It is to be 540 feet in length and 180 feet wide. The building will be constructed entirely of wood above the floor, which is concrete. There are no windows. The sidewalls contain a series of continuous louvers

which will furnish natural ventilation and keep the building at a comfortable temperature without the aid of mechanical devices. Screens placed over all openings in the walls and screen doors will eliminate discomfort from insects.

Detroit Conservatory to Start Term April 13

A ten-week spring term will begin at the Detroit Conservatory of Music on Monday, April 13, it was announced this week by J. Bertram Bell, director. Special courses in dancing, radio technique, dramatic art, and all instruments will be given. The same staff of 55 instructors have been retained for training.

On and Off the Records

By Lee Montgomery

A big chance for Aviation enthusiasts is open in the Aviation Squadron No. 2 of the United States Marine Corps, and it is a chance that comes but once in a good many years.

Ten reserve positions are open at the United States Aviation Reserve Base on Grosse Ile. Any one with a high school education who is in good physical shape and stands 5 feet 6 inches is eligible to apply providing he has a deep interest in Aviation.

Lieutenant Charles Adams, commanding officer, will meet applicants Tuesday evening at the Naval Armory each week until the positions are filled satisfactorily.

This most difficult problem confronting law enforcement officials is that of confidence among the law abiding, and trust of the children of the community. The Wayne County Juvenile Court has made rapid steps in this direction during the past few years and we now find a court that works as a cooperative unit between child and parent.

Sometimes parents fail in their duty to the child. This Court has a special division to take care of this problem and the child's interest is paramount. The primary premise on which this court is based is that prevention is more important than cure. The intelligence, education, and psychology of experts is at the disposal of the family who has been deprived of these qualifications.

The court is not in existence for the criminal class but for the service of good citizens.

A new index system has been installed in the delinquent division of Juvenile Court. It is the work of Davey and Struthers who have worked out devices in many other county departments to curb needless expense, cut down inefficiency and stop all chance of graft. The system is so devised that a glance at a card will explain in detail what the status of each child is. It tells his age, the date the case came to the attention of the division, the money paid and owing in each case, and the last change of address. Investigators with this card system at hand are able to check each case with facility.

Mary wasn't a bad girl and she seldom drank. This was New Year's, however, and she stopped in to have a Tom and Jerry. She was in a hurry to get to a birthday party and had an expensive box of powder with her to present to a close friend. She remembers the fourth Tom and Jerry. The next chapter in the story was the following day.

The phone rang and a lady informed her that she had found her powder and if she would meet her on Woodward and Grand River she would return it. The two women met as per appointment and the other woman said, "I am sorry that the powder has been opened, but I found it in my husband's coat pocket and it was in that condition. You were thoughtful to put your telephone number on the box wrapping or you wouldn't ever have had it returned." Was Mary's face red?

Records in the Register of Deeds' Office date far back to early Indian days. A deed to Belle Isle shows that this beauty spot was once called Hog Island and was so overrun by snakes and swamp land that no one would live on it.

Jack Cowan, County Auditor, has a new pet for his farm. It's a Great Dane dog. Jimmie Burns was delegated to take it out to the farm. He ran out of gasoline out Michigan Avenue, tried pushing and then tied the dog to the front of the car and walked in front of it, the dog pulling the car.

Wayne County is one of the two largest cigar centers in the world. Wayne County leads the world or is among the leaders in the manufacture of automobiles, pins, adding machines, paints and varnishes, oil burners, electric refrigerators, vacuum cleaners, pharmaceutical products, stoves and hundred of other products serving as accessories to major manufacturing units.

D. A. R. Entertained by Mrs. Henry B. Joy

MRS. HENRY B. JOY entertained at a buffet supper on Friday evening at her home on Lake Shore Road to

honor Mrs. Thaddeus M. Jones, of Annapolis, national president of the Daughters of Founders and Patriots of America, and Mrs. Henry M. Robert, Jr. also of Annapolis, vice president of the patriotic group. Both are here for the state conference of the D. A. R. in session at the Hotel Statler.

The affair began at 7 o'clock and followed tea which was held Friday afternoon in the Detroit Institute of Arts for members and representatives of the D. A. R. The latter function was given by the Junior and Page groups of Fort Pontchartrain Chapter of the D. A. R. Pages from Royal Oak, Dearborn and Plymouth Chapters were assistant hostesses. Mrs. C. Loring Hall, head of the pages, was assisted in the receiving line by Mrs. George D. Schemmerhorn, state regent, and by Mrs. Basil L. Connelly, Mrs. Asa A. Stutsman, Mrs. Carl Haslett Bryan, Mrs. Russell V. Allman and Mrs. Edward J. Savage, regents of hostess chapter.

Mrs. William H. L. Everard and Mrs. Paul J. Miser presided at the tea table. In the evening at 8 o'clock, the Detroit Historical Society held open house at the Main Public Library to which members attending the State 1812 Council and the State D. A. R. conference and members of other patriotic and historical groups in the city were invited. Mrs. John Francis Weinmann, of Little Rock, Ark., president-national of the U. S. Daughters of 1812, spoke on "The Value of Local History Study to the Community."

Citizenship Classes Now Being Formed in Detroit Schools

Starting March 30 citizenship classes will be open in only three public evening schools: Cass, Northern, and Central High Schools. They will meet on Monday and Wednesday from 7:00 to 9:00 p. m. Instruction is free.

At the completion of a course of ten weeks a certificate of proficiency is given, which is recognized by the naturalization authorities when the holder applies for citizenship.

Northern and Central will also offer a free program of English courses for foreign born people as well as high school courses in great variety.

St. Paul's High School Speech Contest Friday

A speech contest will be held at St. Paul High School, 130 Grosse Pointe boulevard, Grosse Pointe, Friday, April 3, at 7 o'clock. Other schools represented are: Clawson High School, Clawson; Keri Road Junior High, East Detroit; Leag Cabin High School, Clawson; Warren High School, Warren.

The contest will be held in Declamatory, Oratory, and Extempore speaking. The declamatory and subjects are: Hilda Stanchik—et Us Have Peace. Irene Pulliam—A Scene on the Battlefield.

Martha McKinnon—The Liberty of Man, Woman, and Child.

Robert McGuffee—Inaugural address.

Cecilia Valentine—The Thoroughbred.

The Orators are: Jessie Schert—Will It Be War or Peace.

Mary Jane Rabaut—I Wonder If the Light Will Ever Shine on Me.

The Extempore Speaker is: William O. Kopper—Roosevelt.

Faith Lutheran Church

East Jefferson and Philip Aves.

Beginning at 10:45 a. m., the Palm Sunday service at Faith Church will be opened Sunday morning by the procession of the Confirmation Classes and of the new members to be received into the church, which will follow the choir into the main auditorium during the singing of the processional hymn. Thirty-four children and forty adults will be received into the church by the rite of confirmation. The total admissions will number about 125. The pastor, the Rev. R. D. Linkart, will preach the sermon and will be assisted in the confirmation ceremonies by the Rev. J. B. Ringle, the assistant pastor of the congregation.

A community Good Friday service will be held on Good Friday, beginning at 12:30 o'clock. The pastor will preach the sermon at this service on the theme, "Christ Died for Me."

Holy Communion will be administered on Maundy Thursday and Good Friday evenings at 7:30 o'clock, and on Easter Sunday at 7 a. m.

The great festival Easter service will begin at 10:45 o'clock. The pastor's sermon theme will be: "The Challenge of Christ's Resurrection."

BOY SCOUTS

Several thousand more square feet of space have been added to the Boy Scout Exposition allotment at Convention Hall for their Merit Badge show April 16-17.

This additional space was secured by the Housing Committee after an unusual demand for the showing of other subjects was made by several troops. The additional space, known as the North Cass Annex, contains nearly 15,000 square feet—bringing the total of floor space to be used by the Scouts to over 45,000 square feet.

This is adequate proof of the growing enthusiasm being displayed by the hundreds of Scouts and Leaders actively participating in the Exposition.

Some unusual contacts are being made by Scouts in searching for ideas,

suggestions, and materials for their booths. Scouts from Troop 299 have secured the co-operation of the Michigan Humane Society as their sponsors for "First Aid to Animals" booth. "We have everything we need," said a Humane Society representative recently, "excepting a life-size model of a horse. We used to see such models a few years ago, but they are rapidly vanishing—like the cigar-store Indians."

Troop 6 of Highland Park is on the lookout for live snakes. They have access to plenty of "pickled" specimens, but need three or four live snakes, turtles or any members of the reptilian family for their booth.

Scouts of Troop 41 of the Parker School feel quite proud of their assignment at the Boy Scout Exposition because their subject is insect life. One of their members, Eagle Scout Colvin Gibson, is now touring Mexico, securing insect life specimens for his booth. Colvin has collected extensively in Canada and the United States. The thousands of people attending the Exposition are assured of the opportunity to view Mexican specimens rarely on display in Michigan.

The whole Exposition is being advertised as the largest display of hobby craft and boy activity ever assembled at one time in one place in Detroit's history.

Jefferson Avenue Baptist Church

Palm Sunday at the Jefferson Avenue Baptist Church, the Rev. Wayland Zwyer, minister, will be observed with a communion service and sermon by the pastor at 11 a. m., "Christ Triumphant," a solemn preparation for Holy Week.

Sunday at 7:30 p. m. in a service opening with the children's choir processionally, Baptism will be administered to a large class of young people and adults following which the choristers will be presented in the passion cantata, "Olivet to Calvary" by J. H. Mainder, under the direction of Jason Moore, organist and choirmaster.

If you are without a church home in this vicinity Jefferson Avenue Church invites you to its worship services on Palm Sunday, Wednesday evening of Holy Week, Good Friday and Easter.

Census Bureau Expects Early Completion of the Manufacturing Census

Edmond Mesquin, supervisor of the Census of Business and Manufactures, today announced that an effort is being made to finish the canvass in Detroit and environs within the next few days. He asked that all business firms co-operate by furnishing the necessary census information as quickly as possible.

"We realize that some firms require more time than others in assembling the information," Mr. Mesquin said, "but it is imperative that the reports be sent to Philadelphia without delay so that the statistics can be compiled and issued by July."

"The timeliness of such statistics," he added, "greatly enhances their value. More than 5,000,000 reports must be

handled by the Bureau, and delay in Detroit delays the statistics for the entire state."

"The inquiries have been made as simple as possible," he continued, "to make the task of supplying the information easy, and have been shaped to secure facts that will be of maximum value to business."

Neighborhood Club Activities

Boxing matches for boys 6-14 years will be held Friday evening, April 3, at 7 o'clock. All contestants should be at the Club at 7 p. m. Fights will start at 7:30. There will also be novelty bouts.

On Saturday, April 4th, at 10 a. m. all girls 8-14 years of age are invited to the Neighborhood Club to the Paper Doll Contest. Prizes will be awarded the winners of each class.

Friday night has been a very popular night at the Club for young members interested in learning how to Social Dance. Charles Marsack has been very kind in offering to play for these evening dances and also for the Saturday afternoon tap and social dance class. Ida Delamora is playing for the Thursday afternoon tap class now.

Last Friday night the F. L. G. basketball team beat the N. G. A. A. by a score of 32-27. Results of Thursday, March 26th game were St. Paul Regular 16 and Bower Roller Bearing 14. St. Ambrose 32 and A. O. C. 31. Saturday night game was St. Paul 31 and St. Ambrose 23.

The Girl Guards at the Neighborhood Club are going to be the proud possessors of new uniforms very shortly and are making plans for a ceremonial at which time they will wear these uniforms to receive their awards.

The Tuesday afternoon girls gym classes are training for their annual track meet to be held in June this year. Any girls in the Neighborhood interested in track or any athletic activities are welcome to come and train for this so that when the big event takes place they will be in perfect physical condition.

F. L. G's. Calling all dancers, Calling all dancers! Go to the Neighborhood Club, number 1745 Waterloo. April 18th to the Modern Barn dance. The admission is 50c, 25c stag, also to be in your oldest clothes. The time is 9 p. m. till? Good orchestra and refreshments. Be sure and be there! Signing off, Wind Bag.

The following are the results of the Men's Basketball tournament: Hudson Assembly 33; Fair Creamery 53.

Plymouth Motors 47; Pointers 24. N. C. 21; St. Ambrose 48. Eastminster 37; G. P. Church 45.

A boys contest for bird houses is being conducted at the Neighborhood Club, for which prizes will be offered for the best bird house. The bird houses will be collected and judged on April 15. All boys under 16 years of age are eligible.

City Boat Mooring Permits for 1936

The City of Grosse Pointe is now taking applications for rent of boat slips or mooring space at the City park for the current season and is urging all resident boat owners to secure their permit immediately for two reasons:

1—Space will be allotted strictly upon a first come, (first paid), first served basis, and

2—No boat will be allowed to moor unless a paid permit has first been secured.

The deepening and other improvements completed last year have greatly enhanced the facilities of the harbor and the prevailing uniform depth of five feet in the harbor and channel allows fairly large or deep-draft craft to enter; provided they enter and leave strictly in the channel and on range with the green lights (white day markers) established.

The rates established in 1935 will prevail, and are as follows:

Tee-dock section—Individual slips for craft up to 65 foot length: minimum \$45.00, or \$1.50 per foot on basis.

Craft 16-30 foot length, \$1.00 per foot (moored in location other than above.

Rowboats, or like craft: \$2.00 per season. This applies up to boats 15 feet in length.

Lockers—\$4.00 each for season. Individuals may have to share same with others, depending upon requirements.

Permits will be issued only with such understanding.

The Park Committee is publishing this schedule as due notice to all interested, and seeks the co-operation of all residents in operating the place for the best interests and enjoyment of all concerned.

An Odd Law

Incredible as it sounds, there are states in this country in which a father can not only will away the guardianship of his children—without consent of their mother—but also will away the future custody of an unborn child.

—Bessie Lowery, Presidio, Texas, in Collier's Weekly.

Christian Science Church

"Unreality" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, April 5.

Among the Bible citations is this passage (Gen. 1:31): "And God saw everything that he had made, and behold, it was very good."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 525): "Everything good or worthy, God made. Whatever is valueless or baneful, He did not make,—hence its unreality."

REVIEW LINERS GET RESULTS

Michigan Leads in Prevention Work

Interest in delinquency prevention in the State of Michigan was recently pronounced to show better organization than in any other state exclusive of California. Speaking before a meeting of the Human Relations Council in Highland Park in February, Kenneth S. Beam, who has been the director of prevention of delinquency work in Los Angeles, outlined the efforts that are being made throughout the nation, as found from a study that he is making of community organizations developed to do prevention work.

There are 14 such groups in the State of Michigan. In Michigan and in California the leaders in the states have been the Juvenile Courts of Detroit and Los Angeles respectively. Detroit has five Human Relations Councils within its area. In each Council a probation officer is responsible for working with the organization of his area. Committees comprised of residents of the sections covered study cases that are of a minor character, or which are not subject to the jurisdiction of the Court; they consider the community conditions that surround the child, including home, school, church and play. Definite recommendations are made for treatment and remedy in all phases of the problem. Concrete results have been shown in every Council district. Recreation activities for youth have been organized in the neighborhoods especially lacking in recreational facilities and where a high delinquency rate is known to exist.

Judge D. J. Healy, Jr., Judge of Probate, Juvenile Division, has sponsored the delinquency prevention program of the Wayne County Juvenile Court. For more than three years the movement has been under way. That the work achieved should have won the distinction of placing Michigan next to California in the movement, is of particular interest inasmuch as the personnel of the probation staffs of the Los Angeles and the Wayne County Juvenile Courts differ extremely in the number of probation officers. While Wayne County has 26 officers, Los Angeles has a staff of 120.

St. Columba Mortgage Adjustment Signed at Special Dinner

A new mortgage agreement was signed at a special dinner Tuesday, March 31st on behalf of the St. Columba Episcopal Church on Manistique avenue. The new mortgage agreement provides for an adjustment from \$179,000 to \$98,000 to be liquidated in ten years at four per cent interest.

It was officially executed amid great enthusiasm at the St. Columba Parish Hall, the new instrument being signed on behalf of the church by L. S. Trowbridge, Senior Warden, C. B. May, Junior Warden, and Cecil Kyser, secretary, and accepted for the Collateral Liquidation Corporation by Mr. A. E. Alward, in the presence of more than 150 of the Parishioners and Diocesan leaders who had all signed a special bound Roll Book as witnesses.

Mr. A. M. Lindley, chairman of the St. Columba Save-The-Church Fund Committee, in making the final summary for the campaign to raise the \$11,640 necessary for the next twelve monthly payments reported that since February 2nd some 219 pledges amounting to \$12,614 had been subscribed.

Bishop Herman Page stated that it was characteristic of the St. Columba Parish under the leadership of Reverend Otey R. Berkeley that it should be the first of the Episcopal churches in the diocese to grapple successfully with its refinancing problems.

Mrs. Fred Blackwood, chairman of the field department of the Diocese, stated that St. Columba's success in going over the top would be of tremendous value in encouraging other Parishes.

Mr. C. O. Ford, Diocesan secretary, stated in making the presentation of a check for \$1,000.00 from the Executive Council of the Diocese, which payment was to be used as down payment upon the signing of the new mortgage, that the Council had been glad to take means of showing its appreciation of the fact that St. Columba Parish even in its day of darkest financial difficulty never failed to share its meagre income with the larger church and the mission field throughout the world.

The meeting closed with a special service of Thanksgiving conducted by Bishop Page.

Camp Fire Girls Activities

Detroit Camp Fire Girls are very busy these days selling Donuts to all their friends and relatives. This year, the Camp Fire Girls are celebrating their 25th anniversary, and to sell 25 dozen Donuts is the aim of every girl, leader, council, and sponsor member in Detroit. Every Camp Fire Girl selling twenty-five dozen will receive a special Jubilee Donut Honor.

Donut days for groups within the city limits of Detroit will be April 3 and 4. Groups in Highland Park,

Grosse Pointe, Royal Oak Township, Dearborn, River Rouge, Lincoln Park, and Wyandotte sold their Boughnuts on March 27 and 28.

Leaders should notify headquarters, (Co. 1600) of the number of Donuts their groups have sold and the place of delivery at least two days preceding the sale scheduled for their district. Donut order blanks may be obtained from the Camp Fire office.

This Donut sale is an annual affair which is carried on by the Camp Fire

Girls Camp, Camp Wathana at Ros Center, Michigan.

National Contest Being Sponsored by Pontiac

(Continued from Page One)

ditions of the contest requiring all contestants to be over 17 years old and possess a driver's license.

Prizes will be awarded to those who drive a six cylinder Pontiac the greatest number of miles per gallon over a prescribed route that has been mapped out by Mr. Davie in conjunction with the local police.

The contest is one in which motorists can demonstrate their own driving skill. Ordinary grades of gasoline will be fed to the engine from a special sealed, tamper-proof tank fitted to the test car that will be used by all contestants.

A member of the local Pontiac dealer organization will ride as a passenger with each contestant to certify the results and insure compliance with all rules of the contest.

Entry blanks are now available at the Davie Motor Sales, Inc., for all who wish to try their hand in the contest. Mr. Davie states, and will be handled in

only restriction is one of age, the con- the order in which they are filed.

Rules governing the contest require a statement of 100 words or less from each contestant covering what he liked best about the economy drive in the Pontiac.

Entries are to be forwarded by the contestant or Mr. Davie to the Pontiac Motor Company, Pontiac, Michigan, for judging. Judges are Thomas P. Henry, President of the American Automobile Association, Oscar G. Olander, Commissioner of Mich. State Police, and W. A. P. John, Vice-President of MacManus, John and Adams, Advertising Agency.

Complete list of prizes includes: first, a 1936 Pontiac, 2-door Touring Sedan; second, a Pontiac Master Six 2-door Sedan; third, \$300.00 in cash; fourth, \$200.00; fifth, \$100.00; sixth, \$50; ten succeeding prizes of \$25.00 each; fifty succeeding prizes of \$10.00 each, and 100 succeeding prizes of \$5.00 each.

If first or second prize winners now own a 1936 Pontiac car, they may receive the equivalent of the cost of their prize car in cash, the amount determined by the delivery cost at point where they entered the contest.

Flower Show Draws Large Sunday Crowd

Flowers of spring attracted a winter-weary public Sunday when 25,000 persons passed through the wide aisles in Convention Hall, where the Michigan Flower and Garden Exposition is being held.

The estimate of the number of visitors was made by Thomas L. Berry, the show director.

Dr. Hugh Findlay, of the New York Botanical Gardens, spoke of the exhibit's peaceful beauty and spaciousness, in his lecture upon "American Gardens and Shrines of Beauty" Sunday afternoon at the Flower Show.

The sense of restful beauty was evident in the faces and voices of the visitors. No one hurried. The crowd lingered to note details of the exhibits, to ask the names of plants, to discuss the arrangement of gardens and flowers.

Many were busy with pencils and notebooks. Others were seated at the tables with books on gardening supplied by the Public Library, or gathered at the headquarters of the Horticultural Society to discuss questions of cultivation and planting.

The leisurely throngs, moreover, were buying. Sales, it was reported by numerous dealers in plants, seeds and fertilizers, show a sharp improvement over recent years.

"The public," stated the representative of one firm of garden supplies, "is buying and buying with discrimination. People are asking for plants by name. They want specific information about sprays and plant food. Michigan gardens will be more numerous, and better planned and planted, thanks to the Flower Show."

In the garden club section, the following awards were made in the competitive classes: For shadow boxes on the subject, "Countries," Mrs. Lloyd L. Hughes, first prize for her composition, "China," Mrs. Paul S. Hamilton, second, for "South Africa," Mrs. Richard B. Luers, third, for "Spain."

Among the shadow boxes representing colors, first prize went to Mrs. Lee E. Joslyn, Jr., for "Green," second to Mrs. Sam B. Cranage, of Bay City, for "White," Mrs. Howard P. Ballantyne, third, for "Red."

For the best arrangement in a low bowl to contain twigs or seed pods, the first prize went to Mrs. William Beresford Palmer, Jr., for magnolias in a pewter tray; second to Mrs. Charles Wright, Jr., for bittersweet. For twigs in a metal container, first prize was awarded Miss Christine Edwards, "Cherry and Pine," second, Mrs. Lucian S. Moore, Jr., "Forsythia," third, Mrs. Palmer, "Magnolias."

Special certificates of honor were presented by the Michigan Horticultural Society to the following exhibitors: Mrs. Hughes, for her shadow box representing "China," Mrs. Joseph B. Schlotman, for her tropical garden, Mrs. Palmer, for her forced twigs of magnolia, and Mrs. Melvin F. Lanphar, for her table arrangement.

The Friendship awards of the society were given to the Detroit Garden Center for its outstanding educational display; to the Federated Garden Clubs of Michigan; the Board of Parks and Boulevards of the City of Detroit; the Trowel Garden Club; the Detroit Public Library, and the Woman's National Farm and Garden Association for its roadside market.

The Flower Show is open each day at 10 a. m. and closes at 11 p. m., through Friday.

Awards of prizes follow:

Azaleas, three plants, any type—First prize, Mrs. John S. Newberry, 99 Lake Shore drive, Grosse Pointe Farms. Azaleas, one plant, any size pot—First prize, Mrs. Newberry.

Cineraria, hybrid, three plants—First prize, Mrs. Edgar B. Whitcomb, 383 Lake Shore drive, Grosse Pointe Farms. Cineraria, stellata, three plants—First prize, Mrs. Newberry.

Cyclamen, one plant—First prize, Mrs. Whitcomb.

Cyclamen, six plants—First prize, Mrs. Newberry; second prize, Mrs. Whitcomb.

Cyclamen, one plant—First prize, Mrs. Whitcomb.

Fern, three plants, any size pot—First prize, Mrs. Joseph B. Schlotman, 500 Lake Shore road, Grosse Pointe Farms; second prize, Dr. R. A. Newman, 7900 Jefferson avenue east.

Hydrangea, three plants, not over 12 inches—First prize, Mrs. Newberry.

Palm, one specimen, any size pot—First prize, Mrs. Schlotman.

Rhododendron, one specimen—First prize, Mrs. Whitcomb.

Spiraea, three plants, not to exceed 8-inch pots—First prize, Mrs. Schlotman.

Any flowering plant, not otherwise mentioned—Lilac, first prize, Mrs. Newberry; second prize, Mrs. Schlotman.

Special Schizanthus—First prize, Mrs. Whitcomb.

Anemone, six plants, 6-inch pot—First prize, Mrs. Newberry.

Calla, white, three pots not to exceed eight inches—First prize, Mrs. Anna E. Kresge, 70 Boston boulevard west.

Calla, yellow, three pots not to exceed eight inches—First prize, Mrs. Schlotman.

Hyacinth, white, three 10-inch pans—First, Mrs. Kresge.

Amaryllis, six plants—First, Mrs. Whitcomb; second, Mrs. Kresge.

Lilium Formosum, six plants, not over 8-inch pots—First, Mrs. Schlotman.

Lily of the valley, 6-inch pots—First, Mrs. Schlotman.

Narcissus, any type, six pots, three varieties—First, Mrs. Whitcomb.

Ranunculus, six 6-inch pots—First, Mrs. Newberry.

Tulip breeder or cottage, three 10-inch pots or pans—First, Mrs. Whitcomb; second, Mrs. Schlotman.

Tulip Darwin, three 10-inch pots or pans—First, Mrs. Whitcomb; second, Mrs. Schlotman.

Tulip, double, early, three 10-inch pots or pans—First, Mrs. Whitcomb.

Tulip, single, early, three 10-inch pots or pans—First, Mrs. Whitcomb.

Any other bulbous plants not mentioned—First, Mrs. Schlotman; second, Mrs. Whitcomb.

Snapdragon, 12' spikes—First, Mrs. Whitcomb; second, Mrs. Newberry.

Flowering group, 125 square feet arranged for effect—First, Mrs. Whitcomb.

Spectrum Colors—First prize, Mrs. Lee E. Joslyn, Jr., Birmingham, Mich.; second prize, Mrs. Sam P. Cranage, 2257 Center avenue; third prize, Mrs. Howard P. Ballantyne, 25 McKinley road, Grosse Pointe Farms.

Shadow Box, variety—First prize, Mrs. Lloyd L. Hughes, 82 Hazelwood avenue; second prize, Mrs. Paul Hamilton, 22450 Leawood avenue, Dearborn; third prize, Mrs. Richard Luers, 14327 Hubbell avenue.

Bud and seed pod arrangement in metal containers. Section three, Class six—First prize, Miss Christine R. Edwards, 31 Lothrop road, Grosse Pointe Farms; second prize, Mrs. Lucian S. Moore, Jr., 1020 Lakeshore road, Grosse Pointe Shores; third prize, Mrs. W. B. Palmer, Jr., 393 Washington road, Grosse Pointe.

Corner-Lot Plantings in City of Grosse Pointe

The special attention of the owners of all corner lots upon which new homes are being built is herewith directed to sections 34-A, B and C of an ordinance relating to nuisances, these regulations having to do with plantings, fences, hedges and shrubbery on corner lots.

These regulations restrict the height of plantings to a maximum of four feet in height from the grade of the curb for a distance of 30 feet from either curb, nor is any hedge-shrubbery or bushes allowed to grow higher than four feet within a distance of 12 feet from the inside of either outside sidewalk.

In this ordinance it is declared to be a nuisance for any person owning, leasing, renting or purchasing a corner lot to plant a hedge or bushes within three feet from the inside of the outer sidewalk.

No fence exceeding six feet in height may be erected in the City, and no fence for a distance of 30 feet from either curb at a corner shall be more than four feet in height from the grade of the curb.

This ordinance was originally published in June 1935 in The Review, and is intended to assist in reducing accidents at intersections. Inasmuch as the ordinance also prohibits the maintenance of such hazards, many residents have co-operated and have already complied with the law by cutting, trimming or moving all plantings contrary to the provisions of this ordinance. This friendly co-operation is solicited by City officials.

Federal Theater Opens on April 13 with Benefit Show

A benefit performance for the Red Cross fund for flood sufferers will be given by the WPA Federal Theater in Detroit at its formal opening at the Lafayette Theater, Monday, April 13, Harry L. Pierson, Michigan Works Progress Administrator, announced Saturday.

Signing of the theater lease was marked by the announcement of WPA officials that the entire proceeds of the first performance of Franz Molnar's "Lilium" would be turned over to the Red Cross fund. The company consisting of unemployed actors, has been in rehearsal several weeks.

"We have been informed by Red Cross officials that funds to carry on the work of rehabilitation in the flooded area will be needed for some time to come," Mr. Pierson said. "Therefore, we feel that the new WPA Theater can best do its share in this humanitarian work by opening with a benefit for the flood sufferers."

Sponsors of the WPA Federal Theater in Detroit include the Women's Committee of the Bonstelle Theatre, Inc., with an associate group of representative citizens of this city and Michigan, and the Detroit Department of Recreation.

The music for the benefit performance and for other performances of the theater will be provided by the Detroit WPA orchestra, a group of unemployed musicians who have been provided with work as a part of the WPA program.

Purpose of the Detroit Federal Theater, a unit of the National Theater project financed from the Works Progress fund, is two-fold:

First, to provide emergency employment at security wages for persons from relief rolls who had previously earned their livelihood in the theater. It is a part of the assigned task of the WPA to give relief workers jobs for which they are best fitted.

Second, to make the living theater available to that portion of the populace which could not otherwise afford it.

The Detroit Theater, in operation, will be operated by men and women, mostly drawn from relief rolls. It includes an acting company of 29, technical, stage and maintenance crews and a corps of ushers provided by the National Youth Administration, which is engaged in creating part-time work for young persons on relief.

Administrator Pierson said the present allotment will carry the Detroit Theater at least through May 16 and the season may be extended.

Jack Marvin, veteran actor and director in road and stock, is supervisor of the Detroit project, which is the only federal theater authorized so far for Michigan.

Assistant to Marvin and director of the first production is Edwin Grameroy, a Detroit. Marvin is also assisted by Gordon Fairclough, who will stage "Lilium." Fairclough was for several years stage manager of Midwestern stock companies.

Stephen Nastfogel, for many years scene designer for the Bonstelle Theater here, has designed the sets for this production and will continue in this capacity.

Diameter of Galaxy of Stars

The diameter of our galaxy of stars is estimated at about 200,000 light years. (A light year is 6,000,000,000 miles.)

Gen. Macomb Chapter, U. S. Daughters of 1812

Members of Gen. Alexander Macomb Chapter, United States Daughters of 1812, will motor to Ann Arbor Wednesday, April 8, for a meeting at the Michigan Union at which Miss Josephine Pattison will be hostess. A subscription luncheon at twelve-thirty o'clock, for which reservations should be made with Miss Pattison by Monday, April 6, will precede the meeting. Many out-of-town members will attend. Transportation from Detroit may be arranged with Mrs. Jacob J. Lamb.

Chapter president, Mrs. Lloyd DeWitt Smith, will preside over a brief business session, at which reports will be given of the recent State Council by delegates. Announcements will be made of the Associate Council of the National Society to convene in Washington in April, and representatives named.

Mrs. Jacob J. Lamb, program chairman, will introduce the speakers, Mrs. Henry B. Joy, who will give the last paper of the Michigan history series, on "Michigan As a State," and Mrs. Gordon W. Kingsbury, past state president, whose topic will be "Early History of Michigan University."

At the recent State Council, Mrs. Joy was endorsed as a candidate for second vice president National, for next year's national election. All state officers, headed by Mrs. Helen Baker Rowe, of Grand Rapids, were re-elected. Mrs. Lynn T. Miller was made honorary state president for her genealogical work for the Society. The Michigan Society is the proud possessor of a gavel and block made of wood from the now dismantled U. S. Frigate Constitution, a ship of the 1812 War period. This was presented by President-National Mrs. John Francis Weinmann, while a guest at the Michigan State Council, and will be used at all future state 1812 meetings.

Giles Kavanaugh to Be Honored Guest at K. of C. Smoker Apr. 6

Chairman Charles DeLisle announces Gabriel Richard Council's plans to hold a smoker in the club rooms on Monday, April 6th, the proceeds of which will be turned over to the Red Cross for relief of the sufferers in the flood regions. This meeting was originally intended as a part of the Supreme Council's nationwide "10 for 1" campaign, but the extreme urgency of the Red Cross Association's appeal caused the committee to set aside all other plans and to augment the original program with additional entertainment features to insure a capacity attendance.

It is indeed fortunate that the Honorable Giles Kavanaugh had been secured for the original program. Not only is he one of the State's foremost orators, but his official position as Collector of Internal Revenue caused him to be present in Washington, D. C., and other eastern cities during the worst of the flood days in those areas and he will be able to give us first hand information on this appalling subject. The regular Council business scheduled for this particular evening will be postponed until the meeting of April 20th.

In addition to Mr. Kavanaugh, the program will contain special musical and vaudeville selections with clever and original dancing by William McGuigan, acrobatic stunts by Eddie Chipman, who brought a large audience to their feet with his tumbling at a recent meeting of the Council, and the music will be in charge of H. O'Reilly Clint, of course.

Through the energy of Cub Libert, a member of Gabriel Richard Council, the General Electric Company's Lamp Division will provide an outstanding treat with their highly scientific talkie films "High Lights of the New Science of Seeing." Only recently has science been able to tell us in simple every day words how to correct and preserve our eyesight. These findings are the work of the eminent scientist, Dr. Matthew Luckrusch, and have been presented throughout the United States to thousands of people.

The party will be open to members and their friends. No set admission will be charged, the donations to be free-will, and anything from a dime to a million will be gladly received. A quota has been set which, because of the seriousness of the catastrophe, the committee hopes to meet or exceed. Refreshments will be available. The program will start at 8:00 p. m.

Eastminster Presby- terian Church

"Laughter and Tears" will be the subject of Rev. Carl E. Kircher at 11 a. m. at Eastminster Presbyterian Church, East Jefferson at Manistique. At 7:30 p. m. he will preach the closing sermon on "Bible Epitaphs." This sermon is entitled "The Man Without An Epitaph." This sermon will be illustrated. The choir will bring a special program of Palm Sunday music. Wednesday evening there will be a "Pot-Luck" supper at 6:30, following which will be the annual church meeting. Reports from all the organizations, and election of officers, will be the program.

Grosse Pointe United Lutheran Church

The right of confirmation will be administered to adults at the Grosse Pointe United Lutheran Church, worshiping in the auditorium of the Richard School, Kercheval avenue and McKinley road, Palm Sunday, April 5th, at 11 o'clock. The Rev. M. Luther Canup, D. D., pastor, will preach on: "The World's Query and the Church's Answer." Sunday School and catechism at 9:45 a. m., with classes for all grades. There will be suitable music and chancel decorations for this festival. Come and worship with us.

Re-employment Service to Open New Branches

To adequately serve all parts of Michigan, the National Reemployment Service is opening new offices in various parts of the State, according to Major Howard Starret, State Reemployment Director. Offices opened during the past week are located in Tawas City, Clare and Gaylord.

"We are increasing our number of branch and itinerant officers in order to adequately service the numerous highway and public works projects, in the more inaccessible parts of the state," Major Starret said. "We hope to be able to open additional offices as the need arises in various counties in the upper and lower peninsulas."

The National Reemployment Service, which is a branch of the Department of Labor, offers a nation-wide employment service for private industries as well as for government agencies. The service is free for both employers and workers.

"The service of a great man workers."

"The service of a great man workmen will be needed on the construction and highways which are planned for the Major Starret pointed out, we hope to get the majority we need on WPA jobs, the some opportunities for skill relief men to get work during the months."

Major Starret urged all highly unemployed workers to register National Reemployment Service to their homes. At the present fifty district, branch and itinerant offices cover the state.
