By JOHN SMITH

Grosse Pointe can have a Coast Guard base in the interests of safety and better regulation of small boat traffic on Lake St. Clair. Just sign the petition which is being circulated urging your Congressman to support the Coast Guard Bill which is now before the House in Washington.

We pray for warm weather, it comes, but alas it was but for a day, and frigid temperature returns again to frustrate the farmer.

Could it be possible that the Tigers were poor starters in order to stimulate interest in other cities of the circuit? They have really been going to town against Washington.

Three lives were lost in a fire trap at Eastwood Park Saturday evening when the jungle was completely destroyed by fire. Did the ticket taker make heroic effort to save those inside? By-standers seemed to think that he was more interested in saving cash receipts.

The City of Detroit is planning a war on rats, claiming that rats destroy property to the extent of \$15,000,000 annually.

Elmer B. O'Hara announced that he would run for Governor. Wouldn't that be swell? He could extend himself clemency, if elected.

Bankers juggle stocks and bonds as a child would toys? How can anyone blame them for passing away their time juggling.

Carl Nolan began to live like a king over three weeks ago as a forger, and early this week terminated his kingship penniless; at least almost so, having but three cents left when arrested.

Hoover refuses to run for President. Possibly one defeat is enough.

### Secure Waterfront Park Tickets Now

In anticipation of warmer weather, Grosse Pointe Park residents who desire to avail themselves of the facilities of the Waterfront Park, should apply for park tickets as soon as possible.

In order to protect the interests of the residents, this formality is required, otherwise your beautiful park would be swarming with an undesirable element, which can be eliminated only through a measure such as this. Secure your tickets now.

### Mason Parent-Teacher Assn. Meets May 26th

The regular meeting of the Mason Parent-Teacher Association will be held Tuesday, May 26, at 8 p. m. in the auditorium of the school.

Mr. J. Lee Barrett, vice president of the Michigan Tourists Association, will be the speaker. His subject is "Michigan—Prehistoric and Modern."

Wednesday, May 27th has been designated "Poppy" day by the American Legion. On this date the members of Grosse Pointe Post 303, and members of the Auxiliary, and others will be deployed at strategic positions throughout Grosse Pointe Township and the City of Grosse Pointe to sell Buddy Poppies, and raise funds to help the unfortunate comrades whose sacrifice of health and limb for their country did not end with the Armistice.

An earnest appeal has been made for every one to give their help by buying a Poppy. The sale proceeds are devoted to relief activities of needy disabled Legionnaires.

All Poppies distributed by the American Legion during Poppy Day are made by disabled and needy ex-servicemen in government hospitals. Over half a million of these emblems of Flanders Fields have been made during recent weeks by Ex-Servicemen in United States Veterans hospitals throughout the country.

Poppy Day has become a fixed annual event of the American Legion and people can give their financial assistance with full knowledge that all the money goes to help those who are both needy and deserving. They appreciate the generous and patriotic response each year, and plead for your help especially this year with its increased difficulties for those who have sacrificed their all including health and limb for our country.

All those wishing to help this worthy cause can send their checks to Grosse Pointe Post, No. 303, American Legion which will be greatly appreciated.

## Interesting Letter Received at Capital

Each year the various departments of the government receive countless complaints, petitions, letters of appreciation, etc. The fate of such letters is unknown to the senders. But some of the letters are reproduced and distributed among the scattered federal buildings and institutes; especially those letters which, though written with serious intent, impart nothing but humor to disinterested readers.

Reproduced below is a duplicate of a letter written to the Adjutant-General of the Army. It was found in a nearby federal institution. Adkitten Gen. of the army Washington, D. C.

Dear Adjiten Gen. Sir:

My husband was induced into the surface 18 months ago and I ain't received no pay since he was gone. Please send my elopement as I have

a 4 months old baby and he is my only support and I kneed every day to buy food to keep us in clothes. I am a poor Woman and all I have is gone. Both sides of my parents are very old and I can't expect anything from them as my mother has been in bed for 15 years with one doctor and she won't take another.

Do I get more than I an going to get. Please send us a letter and tell me if my husband made application for a wife and child and please send me a wife's form to fill out. I have already written me to the president and got me no answer and if I don't here from you soon I will write Uncle Sam about you and him.

Yours very truly  
(signed) Mrs. Peter Picketts  
P. S. I am told that my husband sets in the Y.M.C.A. every night with the piano player in his uniform. I think you will find him there.

### Frederick T. Moran Died of Heart Attack Tuesday, May 19th

Frederick T. Moran, retired capitalist and sportsman, died Tuesday in his home, 323 Lake Shore road, Grosse Pointe Farms. He had suffered a heart attack Sunday. Mr. Moran was 81 years old.

Although his biographies and history will emphasize his career in business and the important part he played in the development of Detroit as a great manufacturing center, his closest friends and oldest cronies will remember him as a lover of horses, with a passion for racing in its higher forms, as practiced early in the century and before.

He played a tremendously important role in the development of stove manufacturing in this city long before the automobile even was dreamed of. In fact, the Moran family was responsible for building up the stove industry, bringing it to a point where it ranked as the second largest industrial activity in the country.

Frederick T. Moran was a descendant of one of the old French families, tracing their heritage back to the voyagers of Cadillac. Like other French families—particularly on the east side of Detroit—the Morans were large landholders and as the city grew, their wealth grew with it, largely because of their real estate holdings.

Young Moran attended schools in and around Detroit, finally entered (Continued on Page Two)

### G. P. Republican Club to Sponsor Address by Hal A. Smith on May 26

Hal A. Smith, well known Detroit attorney, will address a meeting at the Neighborhood Club next Tuesday evening, May 26, at 8 o'clock on the subject of "The Attack on the Federal Constitution." This will be the first of a series of meetings to be held prior to the election next fall under the auspices of the Grosse Pointe Republican Club.

The Club's program calls for the bringing to Grosse Pointe of numerous well-known speakers on questions of national interest, it being the idea of the officials in charge of the club that by so doing the public may be made much more politically minded than it is at the present time. The real difficulty with elections, in the opinion of those in charge of the program, is the difficulty in getting the voters sufficiently interested so that they will go to the polls and vote, to say nothing of doing work for the party they happen to favor prior to the election.

These meetings will not be confined to members of the club, but are open to the public, including the women.

It is suggested that inasmuch as the space in the Neighborhood Club is somewhat limited, and inasmuch as this program has already resulted in a great deal of interest, those who desire to hear Mr. Smith be on hand prior to 8 o'clock.

Mr. Smith is known throughout the country for the prominent part that he has taken in the N. R. A. litigations and the Wagner Labor Act.

The recital will take place at the Grosse Pointe High School, on Monday, May 25th, at 8:15 p. m. Tickets, which are 50 cents, may be obtained at the Elaine Marie Arndt Dance Studio, 919 Barrington road, or at the auditorium.

## "The Will Rogers Theater" To Occupy Site Next to the Park Municipal Building

### FINEST MODERN THEATER IN MICHIGAN WITH FIRST-RUN PICTURES

Announcement has just been made by Henk-Garska Co., Realtors, regarding the construction of a new theater to be known as "The Will Rogers Theater" on Jefferson avenue, immediately east of the Grosse Pointe Park Municipal Building, by James Robertson, theater owner. The site of the new theater comprises properties on which are now located the homes of John Phillips, pioneer Grosse Pointe citizen and Mrs. Walter G. Merdian, widow of the late Dr. Walter G. Merdian, who have lived in these homes since 1913. There is also included a vacant lot adjoining to the east. The property is over 320 feet deep and is a natural theater site. Construction will start about August 5th.

Plans for the new theater are being prepared by C. Howard Crane, Inc., nationally famous theater architects. They are now working on sketches and details. The building, besides housing the most modern theater in the State of Michigan, will have modern stores and shops on the ground floor and professional offices above. Whether the building will be over two stories in height has not been decided at this date.

The new theater will seat 3,000 persons and will be equipped with all of the latest improvements. The building will be thoroughly air-conditioned, with refrigerating plant. The stage will be built to accommodate any type of musical comedy show and the acoustics and sound effects for the cinema pictures will be of the very latest type. Exclusive first showing in Eastern Detroit and Grosse Pointe of the productions of all of the various film distributors will be one of the features of this modern Grosse Pointe show house.

The deal for all property involved was handled by Henk-Garska Company, and this firm of realtors will have exclusive charge of all rental of stores, shops and offices in the new building.

### Grosse Pointers Urged to Support Coast Guard Bill

Commodore Alger Sheldon, acting with Commodore H. S. Walker, heading the Detroit River Yachting Association, have, with the assistance of other local members of a committee, prepared a number of petitions in which the Committee on Merchant Marine and Fisheries, in the House of Representatives, Washington, D. C., are requested to act favorably on House Bill No. 12494, providing for the establishment of a Coast Guard Station with at least one Coast Guard patrol boat on Lake St. Clair.

Arguments advanced are the frequent accidents on the lake, density of small boat traffic on Sundays and holidays, danger to pleasure seekers during sudden storms and the fact that more than 15,000 small boats are registered in the Detroit area, most of which use Lake St. Clair.

There is at present no regularly constituted emergency service in Grosse Pointe except that of volunteers and (Continued on Page Four)

## Light Festival at Christ Church Cranbrook

Next Sunday morning, May 24, there will be held in Christ Church Cranbrook at eleven o'clock the annual Festival of Lights. This service opens with a prologue that is read from the chancel, followed by a procession of all the choirs of the church, some 150 voices, about the church to the chancel where they sing that traditional hymn, "Prayer of Thanksgiving." On the altar there is a large lighted candle about three feet high and six inches in diameter representing the light of the gospel. From this candle the rector, Dr. S. S. Marquis, lights a candle, and then passes the light along to the persons representing the twelve apostles, in turn the apostles pass the light along to the men and women representing missionaries, and they to the children, and the children to certain members of the congregation. One of the traditions which has grown into this service is the bringing to it of small candles by many members of the church school. When all the candles have been lighted, the congregation repeats the "Affirmation of Faith" standing and, in silence, remains standing while the bellmaster

## Grosse Pointe Farms Wins from Jolly Pals

The Farms defeated the Jolly Pals  
Sunday 4 to 2 in a wind and dust storm  
at Kerby Field. In spite of the strong  
wind which was holding the ball up  
long enough for the fielders to get  
under them and the dust that was  
blowing into the batters' faces, the  
Farms collected nine hits and were  
victims of strike-outs but three times.  
This game was a fine exhibition of  
pitching, with Ed Hutch on the mound  
for the visitors and Carl Van De Pitte  
for Grosse Pointe. Ed won over the  
Farms last year and was trying hard  
for another victory. For seven and a  
half innings it looked like he might be  
successful, the score being two to one  
in favor of the Jolly Pals. The Farms' one run was made in the third inning when Pritchard hit a triple over the right fielder's head and came home when Verbon singled. The boys could not get another run across until the eighth inning when Verbon again singled and Telpep, who batted for Carl also singled. Then Bauer grounded to third and the Pals chose to make the play at the plate, but the throw was wide and the runner scored, making the game tied at two all and two men on. Simon picked out a good one and drove it far to right field clearing the bases and making the score four to two which was enough to win as Telpep, who pitched the ninth, retired the Jolly Pals in order.

The Farms gave Carl almost perfect support, only one error being made. They fielded hard hit grounders perfectly and threw accurately. The most beautiful play of the day was in the visitors' half of the eighth with a man on first when their right fielder hit a hard single between second and first to Gregg, who fielded the ball quickly

(Continued from Page One)  
Fordham University from which he was graduated in 1878 with the degrees of Bachelor of Arts and Master of Arts. From then on his life was devoted to the family's business interests in Detroit and to the breeding and racing of horses. His devotion to horses led to his becoming a member of the Board of Fire Commissioners, the only civic post he ever held.

There his principal task was selecting horses for the department and he brought to it a great zeal and a discriminating knowledge. He served as fire commissioner 23 years and proudly boasted that the Detroit department owned the finest and fleetest horses of any department in the United States.

Mr. Moran leaves his wife and the following children: Alfred B., Mrs. Edward P. Hammond, Mrs. John S. Franklin, Francis C. Moran and Mrs. Julia C. Peter.

## Southeastern Mock Republican Convention

A mock Republican national convention will be held by the members of the social science department of Southeastern High School on Wednesday, May 27, from 2 until 4 o'clock in the school auditorium.

Delegates, chosen in the social science classes, will represent 53 states and territories of the United States. The purpose of the convention is to acquaint pupils with the mechanism of a national political convention, and to promote an intelligent interest in the science of government.

Mrs. Margaret Cameron, faculty member in charge of the convention, announced that John W. Smith, president of the council, will deliver the opening address. The other members of the city's common council and of the board of education have also been invited to attend. ### Cleveland's Amateur Watchers Agree as to Exhibition's Progress

Cleveland, like every city, has a large crop of expert amateur watchers of construction, and every one of them agrees that the construction being done on the grounds of the Great Lakes Exposition is the fastest building he has ever seen. Daily hundreds flock to points of vantage and watch the great bustle of activity, and on Sundays these numbers reach many thousands. All of the grounds have been fenced in and inspection of the grounds is limited to those who have legitimate business there.

Buildings are shooting up in all parts of the 150 acre grounds. Engineers with their transits and other paraphernalia are staking out locations

for new construction; foremen are pouring over blueprints, trucks are rumbling up with materials, and carpenters, masons, plasterers, plumbers, electricians and other artisans are swarming all over. There's no loafing anywhere on the job, for every leaf torn from the calendar means 24 hours nearer opening day, June 27.

Last week the total number of men at work on the various projects numbered just 960, with more to be added this week. When work ceased on Saturday, Albert N. Gonsior, chief of Exposition construction, and the man who built the Century of Progress at Chicago, announced that the building program of the Exposition is exactly one week ahead of schedule. To date there have been practically no work done at night, and Mr. Gonsior said that special lighting units are being made ready for night construction, but that unless unforeseen difficulties arise night construction may not be necessary.

Amidst all of this feverish but very methodical and orderly turmoil, one piece of construction which is probably making the fastest progress is the great amphitheatre which will house the Parade of the Years, gigantic pageant of the history of transportation in the United States. The stage setting must not merely be ready by opening day, but must be ready so the great cast of 200 people who will present this show may have it for rehearsals.

Edward Hungerford, author and producer of Parade of the Years, who served in like dual capacities for Wings of a Century at Chicago's Century of Progress, has a staff of experts who are working day and night on the multitudinous details that go into the production of a pageant of such magnitude. Parade of the Years will be the 1936 version of Wings and Mr. Hungerford promises that this new production will be the finest he has ever staged.

Mr. Hungerford's staff is designing 600 costumes; assembling vehicles of all kinds—covered wagons, stage coaches, bicycles and all types of automobiles; building exact replicas of canal and steam boats; designing and building scenery; and arranging for 50 horses, to be trained for their acts, in addition to 200 people.

### 'Paradise Lost' to Be Presented May 22-3-4

As its final production of the regular season The New Theatre Union of Detroit will present Clifford Odets' Paradise Lost, at the Institute of Arts, beginning Friday, May 22nd and continuing with Saturday and Sunday night performances, including a special Saturday Matinee. This will be the first showing of the play since its presentation in New York.

The New Theatre Union has already brought to Detroit such outstanding plays as Waiting For Lefty, Peace on Earth, Private Hicks, and They Shall Not Die. Paradise Lost is Odets' fourth play in two years. His earlier successes being Waiting For Lefty, Till The Day I Die, and Awake And Sing. It tells the story of an average rate well-to-do, modern class circle of people caught in the maelstrom of the depression. As a subject of great importance in these times, this story is handled by Mr. Odets with honesty, humor, pathos, and dramatic skill.

The play is directed by Gordon Slade and in the cast are many of the acting company who appeared in the group's last offering Peace On Earth including Hal Phillips, Paula Weiman, Elmore Lee, Alan Naylor, Bernard Gould, Geo. Parker, Paul Olen, Lulu Martin, Sandra Fields, Roger Bacon, Roy Simms and Mario Trafelli.

### Christian Science Churches

"Soul and Body" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, May 24.

Among the Bible citations is this passage (Psalms 66:8, 9): "O bless our God, ye people, and make the voice of his praise be heard: Which holdeth our soul in life, and suffereth not our feet to be moved."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 120): "Soul, or Spirit, is God, unchangeable and eternal; and man coexists with and reflects Soul, God, for man is God's image."

### Public Letter B-O-X

We are publishing herewith a letter received from Harry C. Hanley for publication:

A concerted effort, apparently, is being made to squelch any criticism of Mr. Al Garska or the government of the Village, which is, in effect, Mr. Garska. Apparently the idea is to make it seem that anyone who either objects to his policies or the methods employed in the rule of the Village is a self-seeking politician, if not a grafter or thief, in contra distinction to Mr. Garska, the statesman.

The inference is that because others do not agree with him and hold contrary views that the latter have not the good of the Village at heart, and want to oust him and his conferees, so that they can milk the village funds by obtaining control of the village government.

At least, that is the idea I get and I object strenuously to it.

If this is so, why don't those behind these implied allegations come right out and say so.

I gave them the chance at the last election, when I challenged Mr. Garska to meet me in public debate on the platform. As is well known, that offer was rejected by Mr. Garska.

However, during the election, a whispering campaign was started and used, women making calls at different homes (particularly along Beaconsfield, Lakepointe and Alter road, from Mack to Jefferson) spreading the most malicious and unfair propaganda about myself and the three other candidates.

I do not say that Mr. Garska knew or condoned this, but nevertheless it was done.

Now, however, the statement is made that disgruntled politicians, repeatedly defeated, brought forth the City proposition, to get into office.

As a newcomer in Village politics, I knew nothing about the City amendment, until after my entrance into the election. A study of this, however, convinced me that the plan was sound and advantageous to the village and I supported it.

As to men running for office repeatedly, how about Mr. Garska? He has run for office, I believe, six or seven times.

Those complained of as having the temerity to oppose him or his councilmen, are branded as politicians—self-seeking politicians—but what about Mr. Garska himself? It would seem to me that the only difference is that he was successful. Furthermore, when it is complained that these self-seeking politicians have run for office twice or three times at the most, how do their puny efforts compare with his six or seven runs for office, besides the years he was a councilman.

It is claimed by his proponents that the village owes its advancement because of Mr. Garska and his leadership. Suppose—God forbid—that Mr. Garska should die, would the village go to rack and ruin?

Who would the administration put forth? For thirteen years they have not been able to produce a candidate for president of the village, except Mr. Garska.

Why does the Administration object to opposition?

A good healthy opposition is absolutely the best thing for the country, state and our village. It produces the best results and keeps the administration in line and gives the voters the chance to smack down the opposition.

The voters should have that chance. It would be a shame to deprive them of the opportunity to say, "Well, we smacked them again."

For instance, take the Township election that followed the Municipal election.

Was it not a namby-pamby, sissy sort of an election? What interest was engendered? What issues developed?

None.

Neither of the candidates for supervisor, who were, I believe, Mr. Hudson and Mr. Denk, could "point with pride" or "view with alarm" to anything in particular.

Notice the difference in the election between Mr. Garska and myself.

He "pointed with pride" to the Municipal Park; I "viewed with alarm" the bond situation.

I "pointed with pride" to my challenge to an open debate. He "viewed with alarm."

I "viewed with alarm" the machine

vote, the controlled and organized vote, of the police, firemen and municipal employees (with darn good reason); he did not "point with pride" to this vote, publicly, as he should. The only time during the election that he didn't "point with pride," to that which he should. However, I can see that he did not have any reasons for "viewing with alarm."

Nevertheless, this election put the Administration on record and made them extend themselves.

A relative of one of the Administration went so far as to say that, if we did not find out about the "Cemetery deal" they were safe.

Well, we didn't, but my curiosity was aroused and I certainly would like to find out just what was meant, if any.

## Stay-at-Home Camp Enrolling for Fourth Summer Term

(Continued from Page One)

There are a number of advantages in this plan besides the low cost. The headquarters at the Trombley School offer large airy rooms and excellent sanitary conditions for all physical needs of the group. The children dress and undress in the rest rooms of the school, thus avoiding the bath house at the beach. The dining room and the kitchen are screened and the lunches are carefully planned.

Mrs. Knapp has had a wide experience in the directing of children's activities. This is her fourth year for the camp and here, fifth year for the Grosse Pointe Children's Playhouse.

The campers will be transported to this camp at the Trombley School between 9:30 and 10 a. m., and return to your home at 4 p. m. every day except Saturday and Sunday. This arrangement gives a vacation to both of you without the loneliness of long absence from home and with the security that all is well with your kiddies when night comes.

The day's program:

9:30 to 10 a. m., Campers collected by private auto.

10 to 10:30, Preparation for swimming at the park; children taken there in auto.

10:30 to 12:30, Play and bathing. Swimming taught by instructor. All of these activities are strictly supervised. Children return to school and dress for lunch.

12 to 2, Lunch, housekeeping and a rest. Many of the children sleep for an hour or more and are allowed to do so.

2 to 3, Group activities according to interests, art, music, nature study, woodwork and games.

3:30 to 4, Preparation for home.

A well balanced luncheon will be served at 1 p. m. each day. Each camper will be delegated to assist in his turn and according to his ability, thus many opportunities for learning the joy of working and playing together will arise during the day.

Requirements: Ages, 5 to 13 years of age, boys and girls. Physical examination to insure protection to all.

Fees: For designated period at the camp are payable at registration. Make your reservation early as only a limited number of campers can be accommodated.

Call Mrs. Bertha Bright Knapp, director of the camp, at your earliest opportunity, Lenox 3348 or Cadillac 7049, home address, 833 Nottingham road, Grosse Pointe Park.

## Junior Players to Present Plays on Saturday, Sunday

The Junior Players will present a double bill for their next performances on Saturday and Sunday at 3 p. m. of this week. These performances will be particularly interesting for children since it presents some of the youngest talent in the organization.

The two plays to be given are "A Flower in Normandy," a French folk play which includes dancing and singing of French folk music. "The Indian Sun Man," an Indian fairy tale, which will also include Indian dances will be the other.

The Junior Players have enjoyed a very successful season and a special announcement of importance will appear in the columns of the Grosse Pointe Review of their gala festival, which is being sponsored by the National Youth Administration.

Reservations for Saturday and Sunday may be obtained at the Junior Players office at Grinnel Brothers on Woodward avenue, Cadillac 7049, or at the theater on the day of the performance.

### The Bottomless Pit Years

Raising children is a jump from problem to problem for most parents. No sooner can they breathe a sigh of relief that the "How can we get Junior to eat" days are over than they discover a new problem—how to cook enough food to fill up the bottomless pit that Junior seems to have stretched into. It's an important job to see that these always hungry adolescents get all they want to eat and that they eat the right foods. It takes lots of calories to supply enough energy to make possible the strenuous days that junior high or high school days require, much body-building food to take care of the elongating bones and changing body structure.

Candy bars, "hot dogs" and popcorn won't do it adequately. It's up to parents to supply enough of the right kind of food at meal times—between meals, too, if necessary—so that this craving for hot and sweet food is decreased. This requires meals that not only supply adequate food value but also satisfying bulk. Adding a glass of Milk to each meal not only helps fill up the cracks, but supplies the calcium needed to build the growing bones. A between meal lunch of fruit, fruit juice or milk, if the child is hungry, is much better than concentrated sweets or soda fountain concoctions.

In filling up the family, however, the cook shall not be forgotten. She has a life of her own to live away from pots and pans. Casserole dishes that are easy to prepare, inexpensive and satisfying will help answer her problem of meal preparation.

Baked Macaroni with Chipped Beef  
2 cups cooked macaroni  
2 tablespoons flour  
1-4 pound chipped beef in medium sized pieces  
Pepper  
2 tablespoons butter  
2 cups hot milk  
3-4 cup buttered crumbs  
Melt butter; stir in flour and pepper. Add the hot milk gradually; cook over hot water about 15 minutes, stirring often.

Alternate layers of cooked macaroni and chipped beef in buttered baking dish. Add the white sauce; cover with crumbs; bake in hot oven until crumbs are brown.

Saturday's Casserole

1 cup flaked fish  
1 teaspoon finely chopped parsley  
2 cups cooked rice  
1 teaspoon green pepper, diced  
1 cup milk  
Salt  
1 teaspoon bacon fat  
Pepper  
6 strips bacon  
1 cup bread crumbs  
Arrange fish, rice, milk and seasonings in greased baking dish. Top with bread crumbs, place strips of bacon over the crumbs and bake in moderate oven until bacon is crisp.

Served with a crisp vegetable salad, hot rolls, butter and marmalade, a glass of milk or a cup of cocoa and simple desert these casseroles would satisfy even the hungriest of adolescents.

### Norse Civic Assn. to Meet on May 23rd

The Norse Civic Association will hold its May meeting in the Grill Room of the Masonic Temple, Second and Temple avenues, Saturday, May 23rd, 1936, at 8:00 P. M.

Professor Carl E. W. L. Dahlstrom, head of the Dramatics Department at the University of Michigan, will be the speaker.

In his talk Professor Dahlstrom will make a comparison between August Strindberg, famous Swedish Author and Playwright, and the American Author and Playwright, Eugene O'Neill. Some interesting points of comparison between American and European literature and mode of treatment will be made.

Entertainment will be furnished by the Frances Wadsworth Juvenile Show.

### Annual Luncheon of High School Mothers Club to Be on May 26

The Mothers Club of the Grosse Pointe High School will hold its annual meeting, election of officers and luncheon at the Detroit Yacht Club on Tuesday, May 26.

The meeting will be called to order at 11 a. m. Mrs. Herman Deuster will preside. Retiring officers are Mrs. Wm. Broughton, second vice president; Mrs. Harry Gieseking, treasurer; Mrs. R. Jean, corresponding secretary, and Mrs. Chapp, auditor.

After the business session luncheon will be served.

An outstanding program is being arranged by the program chairman, Mrs. J. Pear.

At the conclusion there will be a social hour. Make this a gala day and send in your reservation to Mrs. E. Heiden, social chairman, Niagara 1673, not later than May 22.

### The Tower to Publish Record Number of Issues

The Tower, weekly newspaper of Grosse Pointe High School, will this year publish more issues than previously planned for. The reason for this change is the financial aid of the Student Association being more than in other years, and the fact that the publication is receiving higher returns on its advertisements.

In the paragraph following is a list of the number of editions published during the school terms since the paper has been a weekly:

1931-32—31, 1932-33—29, 1933-34—29, 1934-35—29, 1935-36—31.

The reasons were many for the drop after the first semester. They were: lack of funds, one term there was only nine months, also the bank holiday affected the publishing, it not being known

whether or not the funds would be available.

"This is the first term since I have been here that the paper has been issued every week in every term," says Miss Doris Trott, journalism teacher.

It won't be long before Joe Louis and Max Schmeling will come to blows and another winner declared. It is anticipated that Louis will be the one to have his gloved hand raised.

May 27 has been designated as Poppy Day for this area. The funds derived from this sale is expended in a worthy cause, to provide aid for those who were injured in our defense.

The Review is the only advertising medium having complete coverage in the Grosse Pointe district.
