

Grosse Pointers Attended Convention

News Digest By JOHN SMITH

Several enterprising juvenile business men opened stands along Kercheval avenue this week dispensing lemonade and pop.

Postmen were required to work overtime Tuesday in order that bonus bonds might be received as hastily as possible.

There are many who desire to take credit for the movement which brought about the eventual payment of the bonus, but it was really through the organized efforts of the veterans themselves that this issue was finally settled in their favor.

Tonight Joe Louis and Max Schmeling will be swinging at each other's jaw. Hope Max will make it a real fight, will be having a ringside seat at my radio.

Father Coughlin and his National Union may support a third party in the coming election.

A repudiation of election promises seems to have caused a breach in Democratic ranks. Many notables will be conspicuous by their absence at the Democratic convention.

Max Baer, the Clown, is staging a come-back, but his first victory was greeted with boos from the crowd.

The Toronto-Baby Derby will close October 31, with the prospect of a tie for the \$500,000 prize, with ten babies acquired over a span of ten years. A set of twins might break the tie.

An illuminated stop sign at all through streets stretching completely across the intersection would in all probability reduce traffic accidents from that source.

The menace of the highways and the cause of a good many accidents, is the speeder who feels that he has a claim to the highway, and that the other fellow should make way for him in order that he might speed.

When players are benched for weaker hitters, there must be a lot of sentimentalism, and baseball, like big business cannot thrive and forge ahead on such practice.

That pepper pot, Jo-Jo White, the sensation of the league a year ago, is kept in the background for some reason this year. He rarely has the opportunity to make one of those hair-raising slides. Wonder what the trouble is!

These self-same questions can be heard on the avenue any day, as fans are wondering why the Tigers continue to lose, with such players as White and Walker on the bench.

Six Per Cent of Cars Have Defective Lights Survey Shows

An average of nearly six per cent of the cars using Michigan's trunk line highways at night have defective lights, it was revealed by a special study of night traffic by the highway planning survey.

A report submitted to State Highway Commissioner Murray D. Van Wagoner indicated that either one or both of the headlights were out on 1.9 per cent of the cars passing the planning survey's continuous traffic count stations while 4 per cent of the cars had no tail light.

This special study covered the 30-day period between April 17 and May 15. Recorders at the 14 continuous count stations throughout the state kept track of the total number of cars passing the station during the hours when lights were in use. Observations were then made as to the number of cars with defective lighting systems.

Grosse Pointe Review To Award Trophy To Softball Champions

The Grosse Pointe Review has secured a suitable trophy which will be awarded to the champion team of the Neighborhood Playground Ball League of Grosse Pointe at the close of the 1936 season. The trophy is now on display at the Grosse Pointe Review offices, 15121 Kercheval avenue.

This trophy will remain in competition until some team has won the championship three years consecutively, at which time it will become their permanent possession.

The players on the various teams are cordially invited to drop in that they might see this Bronze award, worthy of any champion.

Mr. Elworthy, of the Neighborhood Club, can also furnish you with details regarding this offer, and team desiring to enter into competition are urged to get in touch with Mr. Elworthy at an early date.

Grace Church to Lay Cornerstone Sunday

On Sunday, June 21, Grace Evangelical and Reformed Church, Lakepointe and Kercheval, will lay the cornerstone of the new church in appropriate ceremony. The building is well under way at this writing, but for a number of reasons the cornerstone laying has been deferred until now. The ceremony will take place at 4 p. m. A great program has been prepared. Among the notables present will be Rev. E. F. Mayer, President of Michigan District; Rev. R. C. Stanger, Chairman of District Home Mission Board; Dr. J. L. Ernst, and Dr. Ralph C. McAfee from the Detroit Council of Churches.

We extend an invitation to our friends of the community to participate with us in this happy event.

Grosse Pointe Schools Win Automobile Club Safety Trophies in 1936

Climaxing a year of intense safety activity to reduce the child traffic toll, the Automobile Club of Michigan, represented by Howard G. Arntz, on June 15 and 16, presented trophies to Trombley, Defer, Kerby and Cadioux schools for exceptionally fine safety work during the school year. Kerby school will also be awarded the Traveling Cup for Grosse Pointe.

A Traveling Cup is presented to the principal and teaching staff of a school, in a city having three or more schools, that reports the greatest number of safety contacts, instructing all children in safety habits and a constant teaching of safety principles.

Trophies are presented to schools compiling a perfect record which necessitated a monthly report, daily attendance at the patrol post, an unannounced inspection of the patrols and continuous education of all children in safety measures. Trophies are awarded on a percentage basis where in the small school has an equal opportunity to win with the larger institution.

The 1935-36 program, tenth year in which schools have co-operated with the auto club, reveals that 2000 schools organized safety patrols. Over 500,000 school children in 7,700 schools participated in the safety program.

Ferry Boat Schedule Advanced Ten Days

Murray D. Van Wagoner, state highway commissioner, today ordered a ten-day advance in the three-boat ferry schedule at the Straits of Mackinac.

The order means that the full fleet of state-owned ferries will be in operation beginning June 20 instead of July 1 as in the past years. The three steamers will remain in operation throughout the summer until Sept. 10. Two boats are now operating between Mackinaw City and St. Ignace.

MARY MAAS arrived Monday from her studies at Connecticut Women's College to spend the summer vacation with her parents, Mr. and Mrs. John Maas, of Washington Road, Grosse Pointe.

Renmor Golf Course completely reconditioned, ideally and conveniently located on Lochmoor Blvd.

Aural Guild to Present Play: Talent Sought

A big benefit out-of-door production of the popular Foley Sisters' musical comedy "You Don't Say" will be presented in July for the Aural Guild, a league for the hard of hearing. The director, Beulah Demarius Walsh, invites all amateurs wishing to participate to report to 965 E. Jefferson any day after 2 p. m. Dancers, singers, actors, and musicians are welcomed.

The first rehearsal was at 8 p. m. June 12.

Mayflower Descendants Met on June 11th

The Society of Mayflower Descendants in Michigan held its mid-year meeting Thursday, June 11th, at the Colony Town Club. Dinner was followed by an interesting talk and original motion pictures by Dr. Colin Beaton, of the Ford Motor Company, who has spent several years in the Amazon country as medical director of the company's rubber plantation.

The officers of the society are Williams Cooper Harris, Governor; Lloyd DeWitt Smith, Deputy Governor; Miss Jessie C. Chase, Secretary; Francis Raymond Woolfenden, Treasurer; Miss Bessie Mitchell West, Historian; Miss Margaret Grant, Assistant Historian, and Mrs. Frederick T. Ranney, Mrs. Donald C. Gordon, and Dean Howland, assistants. Mrs. Lloyd DeWitt Smith is chairman of the social committee, assisted by Mrs. Albert Hart, Mrs. Annie L. Stilson, and Mrs. Gordon K. MacEdward.

Lloyd M. Allen Funeral Rites Were Held Sat.

The Rev. B. W. Pullinger, of Grace Episcopal Church, conducted the funeral services for Lloyd Newcomb Allen in the home, 711 Balfour Road, Grosse Pointe Park, at 10 a. m. Saturday. Burial was in Clinton Grove Cemetery, Mt. Clemens.

Mr. Allen died at his home Wednesday night, June 10, after a long illness. He was born in Springport, N. Y., Dec. 19, 1869, and attended Buchtel College, Akron, O. He came to Michigan in the early 80s and joined the T. B. Rayl Co. Later he owned the Allen Foundry Co., at the foot of Dubois St., selling the firm in 1893 to go to Cleveland in a sales capacity with the Standard Foundry Co. He later returned to Detroit.

One of the most widely known foundrymen in the Middle west, Mr. Allen for the past 30 years had been Detroit representative of the Benton Harbor Malleable Industries, the Muncie Malleable Foundry and the Fremont (O.) Foundry. He was a member of a Masonic Blue Lodge at Cleveland, Kilwinning Chapter, R. A. M., here, and the Elks.

Surviving are his wife, Grace K. Allen, (nee Shook); a daughter, Mrs. Frederick G. Jones, and two grandchildren.

A number of Detroiters returned last week from Stockbridge, Mass., where they attended the national assembly of the Oxford Group. Among those attending were Mr. and Mrs. Henry H. Sanger and their daughter Marie Joy; Mrs. George R. Cooke, Mrs. Frank Nichols, Mr. and Mrs. Matthew B. Whittlesey, Robert Hargraves, Mrs. Walter Morley, Mr. and Mrs. Willard S. Worcester, Dr. and Mrs. Frank J. Sladen and Miss Elizabeth Walker.

Grosse Pointer to Head Life Underwriters Association of Detroit

Howard B. Knaggs, on the 15th anniversary of his affiliation with the New England Mutual Life Insurance company, was chosen president of the Life Underwriters Association of Detroit at their annual election held Thursday, June 11 at the Book-Cadillac Hotel. Mr. Knaggs, who resides at 564 Lincoln road, Grosse Pointe, received his education in the Detroit public schools and at the University of Michigan.

He has for a number of years served in the capacity of general chairman of the association's committee for the guidance of business practices and underwriting ethics. He has for three years been active on the State advisory committee which confers with the commissioner of insurance at Lansing regarding any matter involving legislation which might affect the local owners of life insurance.

Members of the Detroit Life Underwriters represent the outstanding Legal Reserve Life Insurance companies doing business in this area. It is estimated that 85 per cent of Detroit's life insurance protection is purchased through the 400 members of this association. The Detroit group is one of 304 similar local units which make up the National Association of Life Underwriters, whose membership numbers 26,000 persons. Among the major activities of the N. A. L. U. is its organized effort both in Washington and in the various state legislatures to protect the owners of life insurance.

School Board Election Results

Due to an oversight the result of the School Board election was not published last week. Due to the fact that there was no opposition a very light vote was cast, totaling 133.

Precinct	Votes cast	Poupard	Barrett
1	27	27	24
2	27	26	24
3	26	25	26
4	17	13	12
5	10	10	10
6	26	20	21
Total	133	121	117

DEAF CHILDREN HEAR WPA MUSIC

Music for the deaf has been made possible by WPA musicians who play for handicapped Jackson school children through an ingenious device hooked up with a microphone. Six children (above) are listening to their first concert as a WPA director leads his orchestra. An attendant is adjusting a volume control dial. This service by WPA musical units is to be extended to other Michigan cities where the device has been successful in instructing the deaf and hard of hearing.

Bridge Luncheon at St. Ambrose

St. Ambrose Altar Society ladies are sponsoring a bridge luncheon in the parish gymnasium on Tuesday, June 23, at 12:30 p. m. Luncheon will be served from 12:30 to 2:00 and cards will follow.

Mrs. Mel Crandall is chairlady and she invites her many Grosse Pointe friends to this last party for the summer months. Admission is 50 cents.

Low Bids Are Being Accepted on Highway Construction Projects

Low bids on five construction projects totaling \$177,569.86 were approved by State Highway Commissioner Murray D. Van Wagoner.

Three of the bids covered the development of roadside parks and spring sites in Clare, Otsego, and Emmet counties. Another affected project is a bridge in Eaton County while the other bid involves the approaches for a grade separation in Wayne County.

MISS MARGARET KENDEL was hostess at a buffet supper on June 18 at the home of her parents, Mr. and Mrs. Frank H. Kendel, of Devonshire Road.

Many Grosse Pointers Attended the Republican Convention at Cleveland

Among the thousands of Republicans from every state and territory who convened at Cleveland to nominate Landon and Knox, our Grosse Pointe communities were ably represented.

Mrs. Frederick M. Alger, candidate for national committeewoman, was accompanied by Mrs. James S. Holden, and Mrs. Alger's hotel suite became unofficial headquarters for the Wayne County delegates. Miles N. Culehan took an active part in the convention, being one of the two delegates from the Fourteenth Congressional District. Claris Adams and Hal H. Smith, president and treasurer respectively of the Michigan League of Republican Clubs, were particularly active in furthering Senator Vandenberg's chances of nomination. The Grosse Pointe Republican Club had its secretary and treasurer there for the entire session, namely Edward C. Parker and Robert G. Kales. Frederick M. Alger, Jr., who is expected to run for Congress in this district, was evidently getting campaign ideas first hand. Mrs. Charles B. Warren, whose late husband was a dominating figure at so many Republican conventions, was accompanied by her son, Robert Warren. Other Grosse Pointers seen in the great auditorium included Mrs. Charles A. Dean, Jr., Dr. Fred T. Murphy, Yates G. Smith, and J. Vincent Dwyer.

Probably the most exciting event, insofar as Michigan was concerned, was the contest for National Committeewoman. Mrs. Frederick M. Alger, endorsed by all the Wayne County district caucuses, opposed the incumbent, Mrs. Jacob Steketee. With the backing of the powerful McKay-Fitzgerald group, Mrs. Steketee was re-elected 21 to 16. The outcome of this caucus was disappointing to many, for not only did Mrs. Alger merit this recognition for her outstanding work personally and for her leadership in various women's groups throughout the state, but also the pre-eminent part Wayne County has always taken in national campaigns entitles it to a place on the national committee.

Most of the Michigan delegates and visitors lived on board the Steamer Greater Buffalo, which was tied up at the foot of East Ninth street, just a short distance from the public auditorium, where the convention was held. Wednesday evening, when Mr. Hoover was speaking, a heavy storm broke. When the Michigan people returned to the pier, they found that the hawsers had snapped and that their "hotel" was drifting out in the middle of Cleveland harbor. Tugs were soon on the job, however, and everybody eventually got to bed.

In spite of a serious shortage of tickets, all the Grosse Pointers gained admittance. The most crowded session was Thursday night, when Landon was nominated, every seat being occupied and the aisles jammed with standees. Mrs. Alger and Dr. Murphy were honored with seats on the platform; not so lucky were Yates Smith and Vincent Dwyer, who were seen perched in the very top row of the gallery, probably wishing they had brought field glasses and a radio.

Family Outing and Picnic Sponsored by National Union of S.J.

A family outing and picnic will be sponsored by the National Union for Social Justice, day and night, at Eastwood Park, Gratiot and Eight Mile road, on Saturday, June 20. Gratiot street cars run to Eastwood Park.

Take the whole family for a day of enjoyment. Take all your friends and neighbors. Eastwood Park is giving National Union members and their friends a special bargain for this day. You must get these tickets from your unit officers or the district officers. Positively no National Union tickets sold at Park.

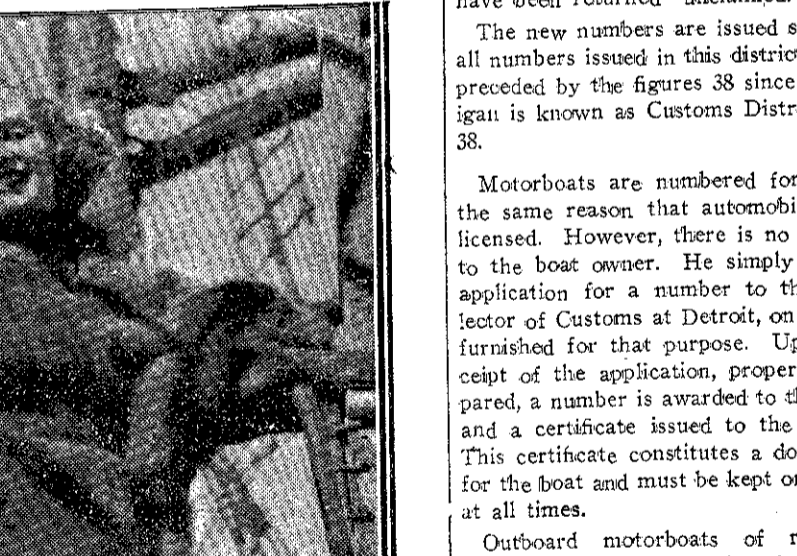

Moving pictures will be taken. Tables have been constructed for those who wish to take their lunch.

Unit No. 22 will meet Friday, June 19 at George Defer School, Kercheval at Nottingham, at 8:30 p. m. Mr. R. A. Alber will be the speaker.

Piano Recital Was Held at Defer Wednesday

The Visual Method Piano Classes at Defer School under the direction of Miss Allena E. Gill gave a recital in the auditorium of the school Wednesday evening, June 17, at 8 o'clock.

Parka Carcass

All jokes aside, a parka is no covering for your carcass on a hot day, so pretty Ruth Dryer is cooling off after making a tour of inspection of Admiral Byrd's flagship, City of New York, docked in Cleveland for the Great Lakes Exposition. The Exposition opens June 27 for 100 days on Cleveland's lake front.

Grosse Pointe United Lutheran Church

"A Large Supper With a Small Attendance," will be the subject of the sermon at the Grosse Pointe United Lutheran Church, worshipping in the auditorium of the Richard School, Kercheval avenue and McKinley road, Sunday morning, June 21st, at 11 o'clock, preached by the Rev. M. Luther Canup,

D. D., pastor. In the sermon Dr. Canup will answer the following questions: 1. Is the world putting first things first? 2. Has pleasure seeking and worldliness reached its apex? 3. Has the Church failed or the world failed to use the Church? 4. Is the world today placing material, social and greed ahead of God's salvation? "Jesus Exalted" will be the subject taught in Sunday School at 9:45 a. m., with competent teachers and classes

for all ages and grades. The music at both services will be in charge of Miss Grace Davis who will also be soloist at the 11 o'clock service.

Moose Surviving Removal from Island

Observations by the personnel of CCC Camp Cusino lead superintendent Matthew Hansen to believe that a large percentage of the Isle Royale moose recently released in the Cusino Game Refuge have survived and are becoming acclimated to their new environs. Moose have been sighted as far as 12 miles from the camp by members of the technical supervisory personnel, and were reported in good condition and fairly domesticated. A cottager reported a moose swimming across Driggs Lake, and an enrollee saw another near Crooked Lake. Camp Cusino personnel is co-operating with the game division of the Department of Conservation in attempting to establish the moose herd in the refuge.

Messiah Lutheran Church

Southeast corner of Kercheval and Lakewood avenues. A. H. A. Loeber, pastor, 1434 Lakewood avenue. Telephone Lenox 2121. On the coming Sunday, June 21, the summer schedule of services will go into effect, so that the following program will be observed on Sundays: German service at 8 a. m., Sunday School at 9:15 a. m., English service at 10:15 a. m. Continuing the sermons on "The Attributes of God," the pastor's subject for the next Sunday will be: "The Almighty, Faithful, Just God."

Broad Economic Progress—The Way It Can Be Achieved

By HAROLD G. MOULTON
President, The Brookings Institution, Washington, D. C.

MUCH current discussion of economic problems is focused too intently on the depression to shed real light on our fundamental difficulties. Today's troubles obscure our view of what happened yesterday and what is likely to happen tomorrow. Actually our economic structure was being undermined by grave maladjustments long before the depression; in our "prosperity" years, millions of American families were poor. Farmers and people in the small towns scarcely need to be told this. In 1929 and before, agriculture was not prosperous. Farmers had to pay high prices for the things they bought, but got little for what they sold. They were in a depression even then—caught between what looked like irresistible forces and an immovable body. There are about 54 million farmers and people living in the small towns. In addition, professional men, domestic workers, small shopkeepers and others

G. P. Baptist Church

Temporary location, 15129 Kercheval, between Lakepointe and Maryland. David W. Ewart, pastor. 9:45 a. m. Sunday, Bible school. 11 a. m., morning worship. "Follow Thou Me." 7:30 p. m., evening service. Come early and enjoy a happy song service. The sermon subject: "How to Become Rich." Pastor Ewart will preach. On Wednesday evening at 7:45, Prayer meeting and studies in the Book of Colossians. Come and worship with us. You will enjoy the fellowship with friendly Christian folk, and the fellowship with God.

CCC Workers Leave Forest for Other Jobs

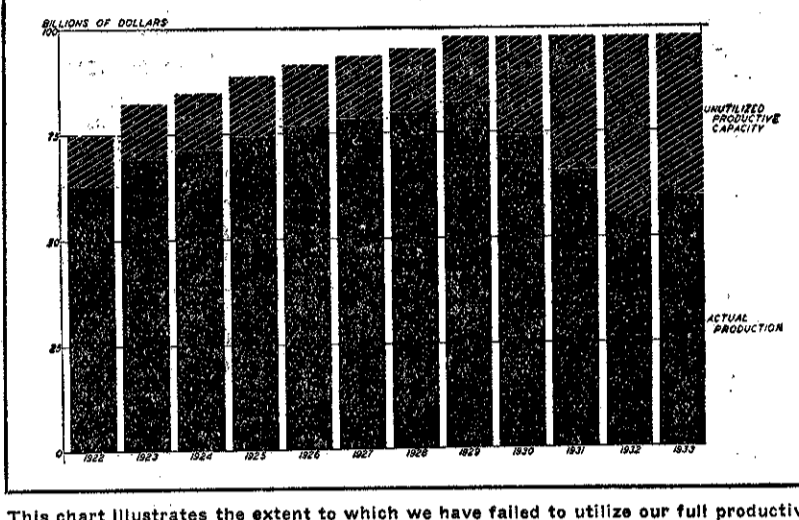

More than 300 enrollees of 22 State Forestry CCC camps in Michigan have found jobs and positions in private employment since January 1st, according to a tabulation prepared here by G. A. Young, in charge of Michigan Emergency Conservation Work. The report shows that nearly 800 boys and World War veterans in the camps have been honorably discharged in the past five months. Camp commanders, educational advisers and technical service personnel have received direct information that more than 300 are now working. It is believed that a number from whom no definite information has been forthcoming, are also working since many presented letters, stating that jobs awaited, them, when they applied for discharges.

State Police and Highway Departments Act to Reduce Accidents

The Michigan state police and the state highway department announced today that a cooperative program for the reduction of accidents on a so-called "selective" basis will get under way by July 15. Oscar G. Olander, commissioner of the Michigan state police, directed troopers to file monthly accident reports to the state highway department. State Highway Commissioner Murray D. Van Wagoner said the reports will be turned over to the state highway planning survey for analysis. The analysis will be used by the two departments to outline the procedure in attempting a selective correction of traffic evils. On the basis of accidents records the state police and highway depart-

PRODUCTIVE CAPACITY AND ACTUAL PRODUCTION, 1922-33

This chart illustrates the extent to which we have failed to utilize our full productive capacity. The black area represents what we produced; the shaded area, the additional amount that could have been turned out. Over most of this period, our plant, as a whole, could have produced about 20 per cent more than it did, but after 1929 this percentage of non-utilization became much larger. Productive capacity also ceased to expand at its former rate, constituting one of the greatest costs of the depression. Much of this failure to utilize our entire productive capacity is due to monopolistic forces which have held up prices artificially. Reduction of prices under the force of free competition, so that people can buy more, is the way to production of more goods and higher standards of living for all.

living in the cities were similarly affected, inasmuch as they could not utilize organized pressure to force upward their return on their services. These with their dependents total about 20 million. While their standards of living, perhaps were not actually lowered, most of their realized little gain from the great advance in productive efficiency made in that period. The diminution in purchasing power of these groups, or its failure to rise, in turn, reacted on others. Business men sold less goods, and workers everywhere found it harder to get jobs. The forces that were retarding the farmer's prosperity were by no means helping the man in the city.

Progress—But Not Enough
It is true that our economic system has brought us living standards higher than those existing anywhere else in the world. Between 1900 and 1930, as an example, per capita income, in terms of what it would buy, increased about 83 per cent, at the same time, working hours were reduced about 13 per cent. But the fact of idle plant capacity indicated that we could have produced more goods and thus raised living standards.

Studies we have made at the Brookings Institution, aided by a grant from the Falk Foundation, of Pittsburgh, throw significant light on this. We made a detailed survey of productive capacity in manufacturing, mining, farming and all the other major divisions of industry, resulting in the finding that our productive plant could have turned out, about 20 per cent more than it did. If nobody had wanted to buy anything, the idle plant would have been easily explained. But, millions of families were not getting nearly enough income to satisfy their wants.

Nearly 6 million farm and city families received incomes of less than \$1,000; 16 millions received less than \$2,000; and 19 millions, or 71 per cent of the total, less than \$2,500. More than 54 per cent of farm families got less than \$1,000. Of course, in considering farm income the lower living costs of rural areas should be kept in mind. But, no matter where they lived, families trying to pay for food, clothing, medical service, education, etc., on \$1,000 were not prosperous.

The extent of unfulfilled wants may be judged by the fact that nearly all family income in the \$2,000 class or lower is spent for ordinary consumption goods—food, shelter, clothes, education, etc. Fifteen million families got less than this figure.

Purchasing Power Must Expand
Our productive efficiency is increasing year by year in normal times. That is, we are learning how to make things more cheaply. But if the people are to buy the added products thus made possible, their purchasing power must grow with production. Expanding purchasing power cannot be created simply by printing more money. That would just raise prices. And we cannot accomplish much by "sharing wealth or income." Such a program would entail taking income from skilled workers, many farmers, small shopkeepers, government clerks,

YOU WOULDN'T BELIEVE IT POSSIBLE
TO COOK SO MUCH FOOD IN DUTCH OVEN SUSAN
Looking at all the food on the table, one would think that a full-sized range had been used to cook it. A 15½-pound turkey, an equally large whole ham, potatoes, vegetables, layer cake, pie... this is an imposing spread to have been prepared by such a compact electric appliance as Dutch Oven Susan. For Dutch Oven Susan takes up so little space that it can be tucked away in a corner almost anywhere. Yet it will perform every cooking operation possible on a small stove. And it uses only about as much electricity per hour as an electric toaster. Dutch Oven Susan is available in several styles and sizes—one to fit your needs exactly. The medium size model will roast a 10-pound ham, a 6-pound chicken, or a large leg of lamb. The large size will easily accommodate a 15½-pound turkey. And there's "Small Sister" Susan, an electric casserole, with a two-quart capacity. See this modern appliance at all Detroit Edison offices, Department Stores and Electrical Dealers.

County Individuals Loaned Quarter of a Billion Dollars

The Reconstruction Finance Corporation has made and disbursed loans as of February 29, 1936, in the amount of \$260,767,614.69 in Wayne County, according to a report published this week by the National Emergency Council. The amount authorized for this county was \$323,201,251.85, the report states.

WPA Battles Rust to Save Michigan's White Pine Forests

The fight to save white pine forests of Michigan from the ravages of blister rust has been taken up by the Michigan Works Progress Administration, under the direction of the State Department of Agriculture.

An Aim in Life

A WRITER once said, "An aim in life is the only fortune worth the finding; and it is not to be found in foreign lands, but in the heart itself." The trend of education lies more and more toward establishing "in the heart itself" higher aims and motives for living.

IT SEEMS THAT ...

By BUN WILLIAMS
Weather forecast for the following week: You see it.
Hey, Rubes, did you receive your Farmer's Bulletin? Well, this rural spade (of one square rod) got his—and was quite surprised. When I first looked at the envelope I thought I was the recipient of a few samples of those new dollar bills to see if they'd fit my wallet, but not, it was a pamphlet telling me how to control onion disease (1060).

Larry pleaded: "But, dad, the seventh grade is tough. It's the hardest grade to pass in the whole school."
"Now don't tell me that, son," the father returned, intent on giving his son some worthwhile advice. "The seventh grade is no harder to pass than any other grade. As a matter of fact I think it's the easiest grade in school—I ought to know, I was in it for three years!"

Weekly woe: Carnivals don't seem to pack the glamour and thrill they used to. Went the other night, intent on having a good time, but lost all enthusiasm. Spent a nickel, and went home.

On and Off the Records

By LEE MONTGOMERY
There is no book in Harold E. Stoll's office for which the public is charged to investigate records. The public is charged 25 cents for each book used in the Tract Index Department.

Many people have approached Dick Hogan, in the Register of Deeds Record Room, and complained bitterly to him that they couldn't understand why people who paid taxes had to pay that annoying quarter up in the Tract Index Department. Not until yesterday, however, did Hogan meet the amazing specimen who enjoyed giving his money away.

After leaving a dollar bill upstairs for the use of four librarians, he found need for those records under the custodianship of Hogan, he used one book, found it was the wrong one. Deeply impressed with Hogan's "Anything else I can do for you," he said in apology, "You are most kind and I am sorry to have inconvenienced you. Here is a half dollar."

Summer session in the county government will be here the first of the month. Courts on half day schedule, business in the building goes into a lull and everyone is glad that the warm days are here.

This year old man irony injects himself into the picture and we find officials who otherwise would be on the golf course, fishing, or swimming, with saddened countenances. There will be no

LEGAL NOTICE

BIDS ASKED
0.534 Mile of 90' Concrete Base in Wayne County on US-25 Gratiot Avenue, Detroit, Mack to Meldrum Avenue, State Project F 82-31 C-2 (F. A. 212 G-1)

Sealed proposals will be received from contractors who have been prequalified prior to the date of this notice at the Prudden Auditorium, Lansing, Michigan, until 10:00 o'clock A. M., Eastern Standard Time, Saturday, June 27, 1936, for improving 0.534 mile of street in the City of Detroit, Wayne County.

The proposals will then be publicly opened and read. Proposals may be mailed to Room 429, State Office Building, Lansing, Michigan. The net classification required for this project is 17-B.

The work will consist of grading the street, constructing the necessary drainage structures and surfacing to a width of 90 feet with concrete base.

Plans, specifications and proposal blanks may be examined at the District Office of the Michigan State Highway Department, Plymouth, Michigan, but will be furnished only from the Office of the Contract Engineer, Room 423, State Highway Department, Lansing, Michigan, upon the receipt of a deposit of five dollars which will be refunded upon their return in good condition, within thirty days from date of receipt of bids. Deposits of currency will not be accepted. Proposals cannot be secured after 12:00 M., Eastern Standard Time, the day previous to the opening of bids.

Special Provisions governing the employment and the use of labor will accompany the proposals for the work. Bidders must familiarize themselves with the requirements and must bid with the understanding that full cooperation in carrying out the Special Provisions will be required. The minimum wage paid to labor employed on this contract shall be as follows: Skilled labor—\$0.76 per hour; intermediate labor—\$0.58 per hour; unskilled labor—\$0.50 per hour.

Bids are requested on the basis that if subsequent Federal legislation shall require observance of minimum wages and/or maximum hours of employment and/or limitation as to age of employees, in the performance of Government contracts, the contract for this project and any subcontract entered into hereunder shall be subject to modification to accord with such statutory requirements to the extent authorized or required by law.

The attention of bidders is directed to the Special Provisions covering subletting or assigning the contract and to the use of domestic materials.

A certified check in the sum of \$4,500.00, made payable to Murray D. Van Wagoner, State Highway Commissioner, must accompany each proposal.

The right is reserved to reject any or all proposals.
DATED: JUNE 9, 1936.
Lansing, Michigan.
RBD:PW
MURRAY D. VAN WAGONER, State Highway Commissioner.

vacationing this season. The politician must keep his job after he gets it, and this is election year. Instead of half day schedule, these county officials will be on double schedule. Meetings, speeches, handshaking, conferences, all these will make life miserable for the next few months.

The annual epidemic of moonlights got under way a week ago when Henry A. Montgomery, County Clerk, was given a send-off on the Steamer Put-in-Bay.

The record books in the basement of the county building show that previous to 1847, county employees worked every day of the year, including Sundays and holidays. Christmas was the lone exception when everyone took a day's vacation to bolster themselves for the coming year.

The only story worth repeating from a drab convention at Cleveland was that brought back by Albert Champney, tax expert for the county.

Champney was tagged twice for parking. Coming out and finding the second ticket, he swore silently, but still loudly enough for a nearby copper to hear. "What's the matter fellow?" Champney told him abruptly.

The cop took both tickets, tore them up, and said "Come with me." Champney, not knowing whether he was under arrest or not, followed. He was led into a beer garden where they were joined by two more coppers. A beer was ordered and then another and the bartender refused Champney's money but readily took that of the coppers.

"You see," said copper number one. "We have a few rookie cops on the force who need a few lessons. We don't want you to get the wrong idea of Cleveland and we are extremely sorry that you have been inconvenienced. Another thing, stranger, there is a lot of difference between a copper and a policeman. Cleveland has policemen—not coppers."

Auditor Ray D. Schneider issued printed warnings to all his employees who are eligible for the soldiers' bonus to beware of money sharks. "The words of advice given soldiers by Judge Gillis are real words of wisdom and are lessons in budget planning and money saving that all of us should take to heart. I consider it my duty to have these eight points printed and made available to all veterans," said Schneider.

These points include paying debts, banking, reading contracts, buying from responsible people, knowing both matter purchased and seller, buying necessities, and avoiding all other evils that come with money.

There's a mission house back of the

county building—10 cents a flop and 10 cents a meal. Any day you can see from 40 to 50 destitutes hanging around. That is, any day but last Monday. The place was deserted and in the front window was a sign: "Thirty men wanted to work."

At that, there seems to be profit in charity. The men who started this mission had an old rattle trap car of lesser importance. Today the mission boasts a first class truck, a trailer, and two Packards.

Detroit Conservatory of Music Notes

With the closing of the regular school term Friday evening, June 19, in the Detroit Art Institute at the annual graduation exercises, Detroit Conservatory of Music is making plans for its annual master summer term, which begins Monday, June 22 and lasts until August 1.

Diplomas will be presented to 20 students Friday. More than 80 pupils of the Conservatory were awarded silver medals for All-A grades at the annual honor roll exercises Wednesday night in the Maccabees building.

Olive May Merz will present Emma Hartop and Florence Crandell in a piano concert Saturday evening, June 20, in Grinnell auditorium. Pupils of Katherine Lynch will give a free recital Thursday evening, June 25, in the Conservatory, while Etzel Littell will present several students in a concert Friday evening, June 26, in the school.

Job Opening Recorded at National Job Service

Job openings all the way from dentist to chicken pickers were listed early this week at the Wayne County district office of the National Reemployment Service, Major Howard Starret, state reemployment director, announces.

The office, located at 318 E. Jefferson avenue, has many orders from private employers for certain skilled and domestic workers and not enough applications on file, he states.

The National Reemployment Service is a part of the U. S. Department of Labor. It is an independent agency serving private employers and 60 governmental agencies.

The shortage of registrations includes those for the following kinds of labor: domestic help to stay nights, die designers, die leaders, tool designers, Kelly machine operators, Incas boring machine operators, radio drill operators, milling machine operators, G. and L. machine operators, shapers.

The Review is the only advertising medium having complete coverage in the Grosse Pointe district.

Aspirations and motives to live rightly are natural and normal to children who have been correctly taught. Often a child is so cognizant of love and goodness as to be protected from harm. He is often so conscious of expressing loving-kindness that he is totally unaware of another's evil thoughts. Parents may early establish in their children an aim in life that incorporates fellowship, generosity, industry, thoughtfulness, and is expressed in daily occupation.

Agree mature students, also, may guard and guide their thinking in accordance with Truth and Love. One who welcomes and appropriates even faint desires for better living, cherishes them secretly in his heart and strives openly to practice them, finds his life becoming productive, progressive. Conservation to Truth is a character builder, promoting the welfare of the individual and thus elevating world conditions. Evil thoughts and aims, like the house built on the sand, fall eventually, even if for a time they seem clamorous and insistent. The Bible gives us firm foundations for our individual building. —The Christian Science Monitor.

The Word "Dynasty"
The word "dynasty" may be pronounced either dai-nas-ti (ai as in aisle, a as in final, i as in habit), or di-nas-ti (first i as in hit, a as in final, second i as in habit). The first indicates American usage; the second the usage of Great Britain. Formerly, the British lexicographers, Perry (1775), Sheridan (1780), Walker (1791), Fulton and Knight (1802), Enfield (1807), and Knowles (1834) noted the first as English usage; but Entick (1784), Elphinstone (1788), Jones (1798), Jamieson (1827), Smart (1840), and Reid (1843) gave the second.—Literary Digest.

"Ethiopia" From Greek
The name Ethiopia is from the Greek, meaning land of the burnt-face people. From earliest times it was used by classical Greek writers to refer to all lands inhabited by dark-skinned people. Abyssinia is derived from the Arabic word "Habesha," meaning confusion and has come to connote mongrel.

Beard as Mark of Slavery
That Warsaw is the beardless city of Europe is the result of its defiant challenge of the past. Russian rulers tried to introduce the vogue of the beard and so make Warsaw appear authentically an offshoot of Moscow. Hence shaven cheeks are regarded as the hallmark of patriotism and are commended in all walks of life.

The Lay-Reader
A lay-reader in the Protestant Episcopal and Anglican churches is a layman licensed to take part in public worship. The incumbent can permit anyone to read the lessons, but for authority to read prayers a license from the bishop is required.

Makes Robbers Mad
"Pretext of wealth," said Hi Ho, the sage of Chinatown, "is to make yourself an object of special enmity among robbers whom you have deceived into wasting their time."

Many of us might send to No. 756 Culture of rye in the East (yeast), if it was specified whether they meant bottled or bushed. And to look at No. 112, Cooking American varieties of rice, we gather that Congress thinks we don't know how to boil rice (as if we do). What're they trying to do? make Chinese out of us?

In any other city but Detroit No. 1070 might be instructive; but coming to a hamlet that has won two pennants and a world series in two years we completely ignore No. 1070, Fowl Tick (It's a strike, you dope!).

Another one that brings out the iron in me is No. 43, Wild garlic and its control. From what I've had the misfortune to inhale (from somebody standing close by—not the wind blowing my breath back in my face) I'd say with conviction that nobody has ever learned to control tame garlic, let alone wild garlic.

No. 1180, Housecleaning made easier, comes about a month too late. Nevertheless, it can be said—and you can ask any male in a household—that housecleaning never was and never will be made easier, except for the housewife. Something that lessens my worry is No. 76, Slip covers. For years I've been looking for slip cover seed, to grow a few for my Jeolpede (The Zipping Zyther), the front seats having worn away about the time of the Great War; and now I discover that Congress knew about those seeds all along. The hoarders!

The pamphlet was printed in 1935. All this valuable (?) information has been hidden from us for a year (and we're still living). No wonder—we're so ignorant—we don't get our lessons on time. Instead of passing into the second grade, we're still in the kindergarten of the Little Red Schoolhouse of Suburban Farming and Stockraising.

For instance, instead of telling us how to protect our hunting cabins and cottages from relatives (that would be sumpin!), we're supposed to learn, No. 1583, the protection of log cabins, rustic work, and unseasoned wood from insects. (Come to think of it, though, it means the same thing.)

I chose only four out of the long list, the only four of which I am not completely informed: No. 1018, Hemorrhagic septicaemia; No. 34, Trichinosis; No. 1724, Farm practice, with lespedeza; and No. 1736, Anthrax.

Of the four listed only one has me in doubt—No. 34, Trichinosis. I'm still a bit ignorant about that, not knowing whether it means the hair of humans or haminals.

People nowadays may need help and instructions from some source, and special foods to keep them from becoming total weaklings but things used to be different. So says Uncle Eulice. According to him we don't know how to live; we're afraid of work.

Uncle Eulice told me: "During my time, and a few of us old timers are still living, people were so tough and they lived so long the sheriff had to shoot somebody to start a cemetery."

Now that most of the schools are finished for the summer this little story seems timely.

Little Larry came home from school on the last day with a lump in his throat, a pain in his heart (mostly fear), and a tear ready to drop in a moment's notice from moist eyes. The reason—he had failed to pass into the eighth grade.

A Fountain of Youth for Moderns

(From the Nutrition Department of the Detroit Dairy and Food Council)
The fountain of youth, whose waters keep one forever young is only a myth. Yet the urge to remain youthful, healthy and vigorous for as long as possible will never die.

No one can keep from growing old, but doctors and scientists know that it is possible to retain the buoyant energy and vitality of youth long after middle age. How? By eating a balanced diet that includes plenty of the protective foods—milk, fresh vegetables, fruits, and eggs.

Dr. Henry C. Sherman of Columbia University in New York City reports that prolonged experiments have demonstrated that when the amount of milk is doubled in a diet already capable of producing "adequate" nutrition, old age is not only deferred, but the span of life is actually lengthened as much as 10 per cent.

For those of us who really wish to retain health, youth and beauty, an "adequate" diet, plus an added amount of milk will be the best measure possible to take. Scientists generally agree that an "adequate" diet includes every day:

- 1 citrus fruit (oranges, grapefruit or tomatoes)
- 1 other fruit
- 1 fresh green vegetable (cabbage, lettuce, spinach, etc.)
- 2 other vegetables
- 1 serving of meat or fish
- 1 whole grain cereal
- 1 pint of milk for adults, 1 quart for children
- 1 egg

If, in order to retain youth and to lengthen the life span, Dr. Sherman's advice to double the amount of milk in the diet is taken, this would mean that adults should drink one quart of milk or more every day.

The following menus for two days include all of the foods that make up adequate diets:

- BREAKFAST**
Whole Wheat Toast Scrambled Eggs
Cocoa
- BREAKFAST**
Grapefruit
Bacon Curls Toast
Whole Grain Cereal—Milk
Cocoa
- LUNCHEON**
Cheese Soufflé
Mushroom Sauce
Pineapple Muffins
Green Vegetable Salad
Chocolate Milk—Date Cookies
- LUNCHEON**
Tomato Omelette
Grilled Pineapple Rings
Cabbage Salad Melba Toast
Banana Milkshake
- DINNER**
Broiled Steaks
Mashed Potatoes Gravy
Buttered Broccoli
Coffee

With browned potatoes, carrots, onions
Gravy Lettuce Salad
Caramel Custard
Milk before going to bed or in the afternoon.

DINNER
Roast Beef
Caramel Custard
Milk before going to bed or in the afternoon.

When sufficient milk is incorporated in the menus during the day so that each member of the family is supplied through the food with one cup of milk, at one meal it may be eliminated.

Christian Science Churches

"Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, June 21.

Among the Bible citations is this passage (Psalms 104:24): "O Lord, how manifold are thy works: in wisdom hast thou made them all: the earth is full of thy riches."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 507) "Infinite Mind creates and governs all, from the mental molecule to infinity."

Eastminster Presbyterian Church

At 10 a. m. Sunday there will be a baccalaureate service for those who have recently graduated from our local schools at the Eastminster Presbyterian Church. They will be invited to sit as guests of honor in reserved seats, and the pastor will speak on the subject, "Recommencing."

At 7:30 p. m. the service will be largely musical. Numbers will be contributed by various musical organizations and the congregation will have a chance to sing their favorite hymns. There will be a short talk on "Praise."

At 6:15 p. m. the Christian Endeavor groups will have a joint meeting honoring Father. All fathers are invited to come to this unusual meeting.

Grosse Pointe Center Musical Recital at High School June 19

Pupils in dancing, dramatic art and trumpet of the Grosse Pointe Conservatory of Music, are giving a recital at the Grosse Pointe High School Friday, June 19, 8:15 p. m.

Virginia Saville, head of the dance department, is a graduate of the Florence Young school of Detroit. She had further study under Ivan Tarasoff, Mme. Sonia Serona, Ella Dagnova, Mr. Ray Leslie, and Mr. Thomas Sheehy, and her instruction is of the best.

Blanche Weaver, head of the departments of dramatic art and band instruments is presenting the Kleekamp Kiddies Orchestra in both orchestral groups and a dramatic skit. These talented youngsters, organized only since October 1934, have received six prizes in amateur contests, and have played for Masonic Lodges, Macabees, Odd Fellows, Knights of Columbus, Lions Club and Temple Beth El. They have also made numerous broadcasts over CKLW and WMBC, and are in constant demand in Detroit and surrounding cities.

The Conservatory announces a six-week summer term beginning June 22. Attractive reduction in rates are available here and at the Grotto Avenue Centre of Music and Dramatic Art. Both of these schools are directed by Charlotte W. Partello and the affiliation with the Detroit Foundation Music School assures instruction with accredited teachers.

Faith Lutheran Church

Rev. R. D. Linhart, pastor. East Jefferson and Philip avenues.
The service at Faith Lutheran Church next Sunday morning will be one of

outstanding merit for at this time the annual music service will be held. This service also marks the close of the choir's activity until after the summer vacation. Mr. Fishwick, the organist and director of the choir, has prepared a special program of seven beautiful numbers for this service, which you will not want to miss hearing. He will be assisted by the assistant organist, Miss Velma Boerner. The service promises to be one of high merit and an inspiration to all who love the beautiful in music.

The membership is not only urged to be present, but also to invite their friends and to enjoy with them this feast of sacred music.

The pastor will deliver a short sermon in keeping with the festive character of the day.

Every scholar in the Sunday School should aim to be present Sunday. This will be the last session of our school before the summer vacation. Sunday, June 28, will be our annual outdoor service, which is to be held in the beautiful Wier Grove on the Fraser-Utica road. More about this outing next week. Be present.

Church service, 10:45 a. m.
Sunday School, 9:15 a. m.

Neighborhood Club Activities

Neighborhood Club Playground Ball League results of June 10:
Pirates 10; Red Pelicans 1.
Oak Cleaners 10; Grosse Pointe Farms 4.

Standings	W.	L.	Pct.
Pirates	1	0	1.000
Oak Cleaners	1	0	1.000
Red Pelicans	0	1	.000
Grosse Pointe Farms	0	1	.000
McMillans	0	0	.000

The Girl Guards of the Neighborhood Club are busy with plans for the lawn party to be held on Friday, June 19 at 8 p. m. This affair, however, is for Girl Guards only.

Correction

Due to some error the telephone number of the A. C. Franson Standard Service Station at Kercheval and Beaconsfield was incorrect last week and should be Niagara 0284. We regret the error.

Christian Science Churches

"Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, June 21.

Among the Bible citations is this passage (Psalms 104:24): "O Lord, how manifold are thy works: in wisdom hast thou made them all: the earth is full of thy riches."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 507) "Infinite Mind creates and governs all, from the mental molecule to infinity."

Eastminster Presbyterian Church

At 10 a. m. Sunday there will be a baccalaureate service for those who have recently graduated from our local schools at the Eastminster Presbyterian Church. They will be invited to sit as guests of honor in reserved seats, and the pastor will speak on the subject, "Recommencing."

At 7:30 p. m. the service will be largely musical. Numbers will be contributed by various musical organizations and the congregation will have a chance to sing their favorite hymns. There will be a short talk on "Praise."

At 6:15 p. m. the Christian Endeavor groups will have a joint meeting honoring Father. All fathers are invited to come to this unusual meeting.

Blanche Weaver, head of the departments of dramatic art and band instruments is presenting the Kleekamp Kiddies Orchestra in both orchestral groups and a dramatic skit. These talented youngsters, organized only since October 1934, have received six prizes in amateur contests, and have played for Masonic Lodges, Macabees, Odd Fellows, Knights of Columbus, Lions Club and Temple Beth El. They have also made numerous broadcasts over CKLW and WMBC, and are in constant demand in Detroit and surrounding cities.

The Conservatory announces a six-week summer term beginning June 22. Attractive reduction in rates are available here and at the Grotto Avenue Centre of Music and Dramatic Art. Both of these schools are directed by Charlotte W. Partello and the affiliation with the Detroit Foundation Music School assures instruction with accredited teachers.

Faith Lutheran Church

Rev. R. D. Linhart, pastor. East Jefferson and Philip avenues.
The service at Faith Lutheran Church next Sunday morning will be one of

outstanding merit for at this time the annual music service will be held. This service also marks the close of the choir's activity until after the summer vacation. Mr. Fishwick, the organist and director of the choir, has prepared a special program of seven beautiful numbers for this service, which you will not want to miss hearing. He will be assisted by the assistant organist, Miss Velma Boerner. The service promises to be one of high merit and an inspiration to all who love the beautiful in music.

The membership is not only urged to be present, but also to invite their friends and to enjoy with them this feast of sacred music.

The pastor will deliver a short sermon in keeping with the festive character of the day.

Every scholar in the Sunday School should aim to be present Sunday. This will be the last session of our school before the summer vacation. Sunday, June 28, will be our annual outdoor service, which is to be held in the beautiful Wier Grove on the Fraser-Utica road. More about this outing next week. Be present.

Church service, 10:45 a. m.
Sunday School, 9:15 a. m.

Fort Pontchartrain

Fort Pontchartrain Chapter, Daughters of the American Revolution, and Cadillac Society, Children of the American Revolution, will combine on their annual Flag Day luncheon-meeting, Friday, June 19, at the Ingleside Club, luncheon being at 12:30 o'clock. The guest speaker will be Mrs. Bessie Howe Gage, of Lansing, State D. A. R. vice-regent, who will give an address on the "History of the Michigan Flag."

In accordance with a motion passed at the last meeting, a "G-man" will be present at this meeting to explain the desirability of finger-printing all citizens, for identification in cases of accident, injury or amnesia; and finger-prints will be made at the meeting, of those members who wish it done.

Reservations should be made with Mrs. Frederick J. Dykstra, corresponding secretary, before June 18. Members may bring guests.

Chapter regent, Mrs. Basil L. Connelly, recently re-elected, will preside. Mrs. Warren R. Carlin, retiring senior president of Cadillac Society, C. A. R., and recently elected state C. A. R. treasurer, will introduce her successor, Mrs. L. Wallace Hoffman, Jr.

Civic Choir Holds Rehearsals Weekly

The music lovers of Detroit have been awaiting the organization of a civic choir that would perform the great choral works of the masters. Therefore the Detroit Civic Choir has been organized.

This notice is intended to bring together all those who are willing to participate in programs offered to the pub-

lic in the name of the music-lovers and the performers of this city.

The local group of the Detroit Civic Choir is holding rehearsals every Monday at 8-10 p. m. in the Eastern High School auditorium.

No expenses are incurred by attending the rehearsals or the performances.

The first appearances of The Detroit Civic Choir will be at Belle Isle in July and in September. A complete schedule will soon be published. To all civic programs the public will be admitted free of admission charges.

Your co-operation is desired in building the Detroit Civic Choir to its full singing strength. Your dues will be your attendance every week during the rehearsal and at all programs.

The Detroit Civic Choir has the support and personal participation of many choirs of this city. As the managing director of the enterprise, Charles W. Chylinski begs your participation once a week at any of the various places of rehearsals.

Let us build a permanent civic choir for the citizens of Detroit.

Grosse Pointe Library

Gardiner—The Golden Lady. The gold mine, which a disolute remittance man presented to her when she was born, colored all of life for Vannie Swenk, daughter of a gambler in a Colorado mining town.

Coffin—Strange Holiness. Poems about country people and places. Winner of this year's Pulitzer prize for poetry.

Morgan—Sparkenbroke. Another brilliant novel by the author of "The Fountain."

Huxley—T. H. Huxley's Diary of the Voyage of HMS "Rattlesnake." A study of the teeming life of tropic seas. A record of the earliest voyage of biological discovery.

Johnson—Borah of Idaho. A picture of the America of our times; the struggle of divergent political groups, as well as the biography of an important political figure.

Lytton—Antony. The boyhood and youth of an Englishman who died in an airplane crash before he was 30. A frank record of the education of an aristocrat.

Novels too good to miss—Character studies:
Conrad—Lord Jim.
Hardy—The Return of the Native.
Kaye-Smith—Joanna Godden.
Smith—The Sailor.
Hemon—Maria Chapdelaine.
Hergesheimer—The Three Black Pennys.
Swinerton—Nocture.
Gale—Miss Lulu Bett.
Mason—The Four Feathers.
Rolland—Jean-Christophe.

DOROTHY JOSEFFY, a student of Grosse Pointe High School, was presented in a recital on June 12th, assisted by Mr. A. S. Joseffy, baritone. The recital was followed by a reception.
