# Four Defer Teachers Transferred -- WHY?

### News Digest

A branch of Heaven will open in Detroit shortly, and the reigning Lord over this particular kingdom has a complexion of glossy black.

Hold your seats radio listeners. I am afraid you will be in for it during the next couple of weeks, when the battle for nominations really gets under way.

Rudy Vallee is showing much prowess with his dukes these days, having occasion to demonstrate his ability recently at the Canadian National Exposition. One Round Rudy is his moniker.

It is possible for a government to live beyond its income, much the same as an individual. When the day of reckoning comes the individual will pay for it, through the nose.

Artists will not be permitted to display their wares in Washington boulevard this year as in former years. The Council objects to it.

Greta Garbo refused to attend the auction sale of John Gilbert's belongings.

Isn't it peculiar how communism has wormed its way into the nations of the world until it has almost attained control of several of the large nations.

Gold and silver hunting in the Atlantic ocean is being entered into on a large scale. Newspapers even show pictures of equipment developed for the purpose. Wonder if the government will seize it should they succeed in recovering some of these lost treasures.

A Detroit policeman was discharged for sleeping while on duty, which reminds us of that old story of the beat which was so large that three policemen slept on the beat.

Now that the season is about over Schoolboy Rowe is beginning to show his stuff. Too bad his talent didn't come to the front early in the season. It might have given the boys a little confidence and courage to overcome the odds against them.

Praying farmers are shot in their tracks on their farms in little old romantic Spain, for what reason no one knows, probably just for blood.

### Beaconsfield Drug Store Has Post Office Facilities

For those who have been away on vacation, we wish to announce that the facilities of a post office are available to the residents of this vicinity at the Beaconsfield Drug Store, which opened recently at the corner of Mack avenue and Beaconsfield.

You will find a complete line of drug items, and a well-equipped prescription laboratory. They extend prompt service on printing and developing and have a splendid line of school supplies.

Can't Catch Grafters  
Jud Tunkins says grafters would be easier to catch if so many people didn't envy them and hope their turn will be next.

### New Headmaster at the Grosse Pointe Country Day School

The Board of Trustees of the Grosse Pointe Country Day School announce the appointment as Headmaster of Mr. Lambert F. Whetstone, who has been for the past seven years assistant headmaster of Episcopal Academy in Philadelphia. This is a country day school, founded in 1785, which takes boys from kindergarten through the twelfth grade, although many of them leave at an earlier age to attend boarding school.

### Lochmoor to Buy New Fire Equipment

The Village of Lochmoor will accept sealed proposals on items of fire equipment such as one 500-gallon fire truck, 1,500 feet of fire hose, and a siren, subject to approval of fire underwriters. All bids must be in on or before September 16th.

### Alger Campaigning for Nomination in 14th Dist.

A spirited campaign for nomination on the Republican ticket as the Fourteenth district's candidate for Congress is being conducted by Frederick M. Alger, Jr. During the present week he has made personal appearances at nearly a score of meetings in all parts of the district, speaking at the larger gatherings and meeting voters and supporters at smaller ones. During the coming week and up to the day of the primary election, Alger plans to continue his personal campaigning at even a livelier pace.

He was one of the invited guests last Sunday afternoon at the large American Legion gathering, sponsored by Todd Post, at the farm of County Auditor John C. Cowan, with a featured address by Edward Hayes, of Illinois, former national commander of the Legion. Assurances of support of Alger's candidacy for Congress were given him by many 14th District legionnaires in attendance at the party.

In addition to his own campaigning, Mr. Alger is being supported actively by energetic committees of men and women, whose goal is not only his nomination in the primary, but an outstanding vote as well. Women workers under the guidance of Mrs. Dudley C. Hay, chairman of the women's campaign division, were active in getting women voters of the district to register in the closing days of the registration period and succeeded in adding hundreds of women voters to the registered list.

The campaign committees of both men and women have the avowed purpose of interviewing every possible Republican voter in the district personally before the primary election and impressing on them Alger's fitness for the Congressional post because of his ability, experience and business knowledge.

### Unit No. 31 N. U. of S. J. Meeting at Defer Postponed

Unit No. 31 of the National Union for Social Justice will not hold its meeting Monday evening but will meet with the general assembly on Wednesday night at the Olympia.

### Elaine Marie Arndt Back From New York With New Dance Routines

Miss Elaine Marie Arndt has just returned from New York City, where she attended the Convention of the Dancing Masters of America, also from Chicago where Miss Arndt was the only teacher from Grosse Pointe or Detroit to attend the Convention of the Chicago Association of Dancing Masters.

Miss Arndt has been conducting a school of dancing in Grosse Pointe for the past seven years, a school of dignity and distinction, a school of the highest standing in dance culture.

The Arndt Dance Studio will enroll pupils starting September 8, and classes will begin on September 14, in the studio at 919 Barrington road, first block south of Jefferson avenue. Lenox 7639.

Information and interviews gladly granted, see advertisement.

### Republican Clubs Stage Huge Pre-Primary Rally at High School on Wed.

The Women's Republican Club of Grosse Pointe and the Grosse Pointe Republican Club are jointly sponsoring a pre-primary rally to be held at the Grosse Pointe High School Wednesday, September 9, at 8 p. m.

Wilber Brucker, Republican candidate for nomination as United States Senator, will be the principal speaker of the occasion. Governor Frank D. Fitzgerald, who will be in Detroit at the State Fair for "Governors Day" may also be a speaker on the program if the Governor's plans will permit.

Other candidates who will seek nominations to various offices on the Republican ticket will be presented. It would be advisable to come early as a large crowd is anticipated and prepared for.

The committee in charge of arrangements include Mr. Joseph Fee, Mr. Robert Kales, Mr. Stanley Muirhead, Mr. Kenneth Thomas, Mr. Albert Meder, Mrs. James Holden, and Mrs. Kreighoff.

This promises to be an interesting presentation of candidates for office, and offers a splendid opportunity to get acquainted with the candidates and better understand their qualifications and platform. Everyone in Grosse Pointe is cordially invited to attend.

### Nat. Re-Employment Officer Here Every Wednesday in Sept.

Mr. Nolan, representative of the National Re-employment Service, will be at the Township offices every Wednesday during the month of September to interview unemployed or those desiring to file applications for positions through the National Re-employment Bureau.

There are no fees in connection with this service, just file your qualifications and if possible the bureau will place you in employment at an early date. For certain special trades there are a number of lucrative openings at the present time.

Get in touch with Mr. Nolan for full

### Grosse Pointe Flower Show to Be Held on September 12 and 13

The fall flower show of the Grosse Pointe and Eastern Michigan Horticultural Society is an event always looked forward to by members of the gardening fraternity, and this year's show, the 21st annual, promises to be one of the most interesting in the history of the society.

In the regular show schedule comprising well over one hundred competitive classes, sections are devoted to annuals and perennials, both as specimens and in arrangements; also classes for all kinds of fruit and vegetables, which are in season. Outstanding will be the classes for Dahlias, including a large display of many varieties to be staged by the Lakeside Dahlia Gardens of New Baltimore.

Two classes are given over to cottage gardeners; and one for the best collection of wild flowers is restricted to juniors (boys and girls of Grosse Pointe).

In addition, six classes in artistic arrangement are open to competition by members of the Garden Club of Michigan, the Junior League Garden Club, the Little Garden Club, and the Garden Center of Detroit.

Judges for the exhibits are A. L. Lamond, Robert DeSchryver, James W. Hopton, all well-known horticulturists. The show will be staged at the Neighborhood Club, 17145 Waterloo at St. Clair, Grosse Pointe, on Saturday and Sunday, September 12 and 13.

The Review is the Only Advertising Medium Covering Grosse Pointe Township.

### Dorn Selected to Represent Young Democrats in State

William F. Dorn, of 513 Neff road, Grosse Pointe, has been selected to represent the Michigan Young Democratic Club organization on the official Democratic State Campaign Committee of the State Central Committee of the

WILLIAM F. DORN

Young Democratic Clubs of Michigan selected Dorn, a former Justice of the Peace of Grosse Pointe, at its meeting at Bay City, August 22. The campaign committee, named by Edward Fry, chairman of the Democratic State Central Committee, includes Edmund C. Shields, national Committeeman, Mrs. Clara Van Anken, national Committeewoman, State Highway Commissioner Murray D. Van Wagoner, Don Kennedy, Highway Department Business manager, Mrs. McDonald, vice chairman of the State Central committee, and Gerald J. Cleary, of Escanaba, Michigan. Dorn, a former assistant Attorney General of Michigan, served as the first State Chairman of the Young Democratic Club movement in Michigan. The State and National elections this fall will be under the direction of this campaign committee.

### THE DETROIT BANK MOVES TO NEW QUARTERS

The Charlevoix-Marlborough branch of The Detroit Bank has been moved to Mack and Chalmers in order to extend the people of Grosse Pointe and vicinity more convenient banking service.

Mr. Kerns, the enterprising manager of this branch, extends a cordial invitation to the residents and local business men to inspect and utilize the services of their complete banking facilities which are at your disposal from their new and larger location on Mack avenue at Chalmers.

Mr. Kerns staff of assistants include R. T. Huteman, Rene Vandebeyer, William A. Handsome, Arthur Breathem, and Elinore Cziek, several of whom are from Grosse Pointe.

### Jacqueline Beauty Salon to Re-Open About Sept. 14

Due to pre-arranged plans for vacation, which could not be changed, and due to inability to secure a competent operator to place in charge, the Jacqueline Beauty Salon at 1011 Lakeside avenue will be closed until about September 14.

### Grosse Pointe Conservatory Fall Opening September 8

The Grosse Pointe Conservatory of Music, 14427 Mack avenue, will open for the fall term on September 8. Enrollments are being taken now.

The school is rated high as an institute of music and all branches are being taught under capable instructors. Miss Virginia Saville, who will have charge of dancing, has just returned from Chicago, and she is a member of the Dancing Masters of America. Mrs. E. F. Partello is in charge of the school.

### Defer Mothers Not in Favor of Transfer Move

Questions are being asked as to the extent of the power of the superintendent in the transfer of teachers. It is our understanding that in most school systems where affairs are running smoothly that they are allowed to do so. If it is found necessary to increase or decrease the number of teachers in a building, the principal is consulted and generally the teachers involved.

We do not state that it is not the power of the superintendent to make these changes but most superintendents feel their principals are more capable of judging building organization than they are themselves. This would be only a natural supposition inasmuch as the principal is with the teachers every day while the superintendent may visit once or twice a year.

Word has come into our office of the transfer of four experienced teachers, Mrs. Russell, Mrs. Schunk, Mrs. Buck, and Miss Hill, from the George Defer School to the new Maire School. The reason for this transfer, as given by the superintendent, is that he needs experienced teachers in the new school under the principal from Illinois. Evidently the new teachers lack the necessary experience or else the superintendent feels that some one must be at the Maire School to carry the banner until the head of the school gets acquainted with the duties of a principalship. Certainly we feel that such superior educators as are being brought in to teach our children would be well able to cope with any situation. The one reason they would not be able to do this is lack of teaching experience. And if that is true, and they are inexperienced, which they must be, why the discrimination between them and our own applicants for jobs. We regret our inability to locate the well-known "nigger in the wood pile." What is the answer?

We are led to believe that one of the teachers will be replaced by an inexperienced teacher, another from out-of-state, and the other by a teacher who has been in the Richard School.

What the parents of the Defer district would like to know is, if their children are not just as much entitled to experienced instruction as are those in the Maire School. They wonder why these teachers should not remain in their school as long as they have given satisfactory service and are well-liked by the parents and children. After all the children are the ones who should be given the most consideration. Children form strong attachments to their teachers and it might be easily imagined that another teacher would never quite fill the place of the one taken from them. People in the Defer district are wondering if they find themselves less favored by the superintendent because they are not as fortunate in a financial way as others in the district.

We wonder if the removal of these teachers is not just another step in an attempt to weaken the Defer School which has already been weakened by the establishment of a seventh grade unit in charge of another principal in the building.

Parents presented petitions to the Board in June signed by over three hundred-fifty people asking that only Defer seventh and eighth grades be brought to Defer and that the unit should be in charge of the present principal, Mr. Kerby. These petitions were ignored by someone and the pupils from other districts are being brought to Defer. The unit is to be in charge of Mr. Barnes with Mr. Hobart in the building acting for him.

As to the transfer of these teachers, apart from his regret at losing them, Mr. Kerby might well feel a sense of gratification. Four teachers, trained by him, are chosen to inaugurate a new school—an honor and an open acknowledgment of his superintendent's approval of work well done.

### Aloma Theatre Presents Outstanding Hits

The Aloma Theatre is quite popular these days, for the atmosphere is kept at a comfortable temperature, and it is a treat to sit back in the comfortable seats and enjoy pictures of outstanding merit at a very nominal price.

It has always been the policy of the management of this popular cinema theatre to secure pictures of a very high standard for entertainment of their large patronage. The finest sound equipment possible is used to assure perfect voice and sound presentation.

### Leach Drug Store Quite Popular in Neighborhood

The well-known Leach Drug Store at Lakeside and Charlevoix, has prepared for school opening and is well stocked with a splendid line of school supplies, and we might add that many outstanding values in nationally known drugs and cosmetics are being presented these days.

The Leach Drug delivery service is widely known in Grosse Pointe for many use this convenient method to advantage. Just a phone call and the delivery is on the way.

Mary F. Krausmann Honored at Shower

Mrs. E. J. Beyer and daughters Winogene and Lorraine were hostesses at a surprise shower in honor of Mary Frances Krausmann, a bride-elect of September 5.

Bridge Tea Sept. 22

Everyone is looking forward to the bridge tea, to be held at the Grosse Pointe Yacht Club, Tuesday, September 22, at 2 o'clock.

National Union for Social Justice Picnic and Rally Labor Day

A mammoth rally and picnic will be held by the National Union for Social Justice, under the direction of the 16th Congressional District, at Edgewater Amusement Park, located on West Seven Mile road near Grand River, Labor Day, Monday, September 7.

and contests have been arranged for young and old. Due to the strategic location of the park, and the wonderful transportation facilities, a mammoth crowd is expected.

Edgewater bus meets all Grand River street cars at Lasher road in Redford from 11 a. m. until midnight.

Prominent speakers will be featured both afternoon and evening. The admission to the park is free. Hundreds of picnic tables and parking space for several thousand cars are available without charge.

Refreshments of all kinds will be served in the picnic grove, also tickets for amusements and dancing may be obtained at greatly reduced prices.

There will be dancing in the semi-open ballroom, both afternoon and evening.

The climax of the picnic will be a gigantic display of fireworks. This will be the only display in Detroit on Labor Day.

James Lawler is general chairman and will be assisted by James McManus, children's activities; Fred Hackenbruck, sports; Fred Keller, finance; Joseph Falls, eats; Francis Thibeau, order of the day; Henry La Beau, dance; John Lang, refreshments; Roy Hammill, speakers; Bill Broughton, entertainment; and Mildred Gordon, gate prizes.

People who pass through the exhibit of the Ohio Bell Telephone company at the Great Lakes Exposition in Cleveland are automatically counted by a beam of light shining on a photo-electric cell.

West Virginia challenges the claim that Robert Fulton invented the steam boat. In the exhibit of the Mountain state at the Great Lakes Exposition in Cleveland, is shown an artist's conception of the steam boat built by James Rumsey of Berkeley Springs, with the claim that Rumsey demonstrated his boat at Shepherdstown a score of years before Fulton made his trials on the Hudson River.

A wire drawing machine in the exhibit of the United States Steel cor-

poration at the Great Lakes Exposition, Cleveland, produces more than 40 miles of wire per day.

The world's largest incandescent electric lamp, 50,000 watts, is exhibited at the Great Lakes Exposition in Cleveland. The lamp which uses enough current to light a city of 6,000 people is lighted at intervals by someone picked out of the crowd of visitors to the General Electric exhibit. Each person who lights the lamp is given a certificate attesting the fact.

Treatment of Pearls The Bulletin of Fisheries says that strings of pearls should never be dipped into water or solutions of any kind, because the string which passes through them is likely to absorb and to draw the liquid into the pearl, and as the pearl is made up of many concentric layers, it is quite possible that through capillary action some liquid, either pure or stained with a foreign substance, might be brought into the pearl, which would in this way eventually become discolored, says Pathfinder. Rings and brooches containing half pearls frequently change color from this cause; but contact with the skin, or with lace, or with fabrics which are not stained with certain chemical solutions, seems to have no injurious effects upon pearls.

Meaning of "Yankee" A Yankee is properly a New Englander or one of New England stock. By extension it meant, first, an inhabitant of the northern as distinguished from the southern United States. Now it comprises all United States citizens. The story is that in 1718 one Jonathan Hastings, a farmer of Cambridge, Mass., used the word as a punning epithet, meaning genuine, or something that cannot be surpassed, as a "yankee" good horse, or "yankee" good cider, etc. The students at Harvard, catching up the term, called Hastings "Yankee Jonathan." It soon spread and became the nickname of the New Englander.

Cut Flowers Cut flowers will always last if they are taken care of properly. An inch should be cut off their stems each day, the stale water thrown out and fresh put in. Leaves should be stripped from the flowers if they are low enough to be under the water. The vase should be sufficiently large to allow the stems to breathe and gather in the water. Any strings and wires should be removed before arranging flowers. When the flowers begin to show signs of fading, an aspirin placed in that day's fresh water will frequently prolong their lives.

Navigation on Volga The great Volga river, longest waterway of Europe, known to most Americans through the popular "Volga Boat Song," is navigable to within 65 miles of its source, 2,325 miles distant from its 200 mouths, emptying into the Caspian sea, according to the Cleveland Plain Dealer. In the Valdai hills of Tver, where it rises, it is only 665 feet above sea level, while 1,500 miles from its entrance to the Caspian sea it is only 190 feet above the ocean level and 280 feet above the Caspian's surface.

Provides Husband's Diary In Vilna, Lithuania, when a girl marries, she provides a trousseau for her husband as well as for herself. For months before she marries she makes up shirts, socks and woolen vests for the bridegroom, who turns over his old clothes to his father and younger brothers on the wedding day.

Balsa Lightest Wood Balsa is the lightest known wood. It weighs only 7.3 pounds to the cubic foot. Cork is almost twice as heavy. Balsa wood is treated with paraffin and is used chiefly for constructing life rafts, making life preservers and for buoys and floating signal attachments. It grows in Central America and the West Indies, particularly Cuba and Porto Rico.

Worthless Advice Sometimes it's just as easy to get along without advice as it is to select the kind you will take after you get it.

Joseph A. Murphy's Record as Judge Merits Re-Election

With the primaries on September 15 in the offing, Judge Joseph A. Murphy's campaign to be re-elected to the Probate Court has gone into high gear, and assurances of support are pouring in from every section of Wayne County. He has the recommendation of the Associated Democratic Congressional Committees and smaller bodies are rallying to his banner. Judge Murphy has the backing of the prominent attorneys who have practiced in his court, regardless of their political beliefs. He has the support of leading business men who admire his economy and efficiency in the four years he has been on the bench. Professional men and workers alike are flocking to his campaign headquarters daily to assure him of their votes on his record for ability, honesty and integrity.

Judge Murphy, despite his comparative youth, has been one of the "strong men" of the Probate Court bench in the four years he has served

this county. His decisions have been fearless and accurate. Even those against whom he was forced to rule have voiced admiration for his dispensation of justice. Newspaper comment on his reforms have likewise been commendatory.

Judge Murphy's policies are simple but cover the judicial territory adequately.

"I have always stood for equal justice," he stated. "I believe that the poor, the weak and the unprotected should receive especial consideration in the courts. Probate Court is one place where the judge is called upon to extend this protection. I have always tried to conserve the estates passing through my hands, to save pennies and dollars for widows and children by cutting corners wherever possible. I am satisfied in my own mind that I have done a good job for the past four years and I am asking for re-election so I may continue this work."

"I am ready to stand on what I have accomplished when I go before the voters of the County this Fall. I have gained the experience to carry on and I believe I can accomplish even more in the four years to come."

Judge Murphy is 32 years old, married and has two children. He is a graduate of the University of Detroit Law School and has a degree in chemistry from Mount Pleasant College. He is at present the presiding Judge of Probate Court.

Mayflower Descendants Congress September 7

The fourteenth Triennial Congress of the General Society of Mayflower Descendants will convene on Monday evening, September 7, at 6 o'clock, members gathering on historic Burial Hill in Plymouth, Massachusetts, for their impressive open-air sunset service of song and praise. Governor-General and Mrs. Burnham Standish Colburn, formerly of Detroit, and cousins of Standish Backus of Detroit, have invited delegates, members and guests to a reception at the Hotel Samoset on the second evening of the Congress. On the following day, the Society will leave for Providence, Rhode Island, to be the guests of the Rhode Island Society at the celebration of the 300th anniversary of the founding of the city of Providence.

On Thursday, the 9th, Mrs. Henry B. Joy will entertain the Michigan delegation for luncheon at "The Dunes," Narragansett, those attending including Mr. and Mrs. William E. Howland, Mr. and Mrs. Williams C. Harris, Mr. and Mrs. Lloyd DeWitt Smith, Miss Jessie C. Chase, Miss Bessie M. West, Mrs. Frederick H. Ranney, Mrs. Wesley Lee Nutter, Miss M. A. Grant, Mrs. Albert E. Hart, Mrs. W. W. Walton, and Mr. James Clyde Gilbert, all of Detroit.

SOCIETY

MRS. BECKER and daughter Beatrice, of 1209 Nottingham, are expected home today from a European trip which covered London, Berlin, Warsaw, Rome and other interesting parts. They were given an audience by the Pope while in Rome.

MRS. ETHEL McPHERSON of Pass-A-Grille, Florida, is spending her vacation with Mr. and Mrs. Robert C. Surtman, of Somerset avenue.

MRS. CLARKSTON C. WORMER, JR., of Grosse Pointe Boulevard, with her son David returned the early part of the week from New York and Englewood, N. J., where they have been the guests of Mrs. Wormer's son-in-law and daughter, Mr. and Mrs. William J. Kim, formerly of Detroit.

MRS. HENRY WAY BURRITT, of Touraine Road, and her daughter, Barbara, will return Friday from a week at Pointe aux Barques.

MRS. JULIAN P. BOWEN, of E. Jefferson avenue, with her daughter, Louise and sons Len and Julian, accompanied by Florence Stroh, daughter of Mr. and Mrs. Julius Stroh, of E. Jefferson avenue, arrived in New York Tuesday on the Aquatania from a month in Europe. They are expected home this week-end.

MRS. JEROME H. REMICK, JR., of Touraine road, returned last week with her sons Jerome, Lewis and Franklin, from Gratiot Beach Inn.

MRS. H. G. MOOCK and her daughter Janet and son Harry G., Jr., of Balfour road, who have been in California for several weeks, and who stopped off en route home in Denver to attend the birthday anniversary of Mrs. Moock's father, W. F. Bowen, returned home over the week-end.

BARBARA CAULKINS, daughter of Mr. and Mrs. George P. Caulkins, of Rivard Blvd., is with her aunt, Mrs. Henry L. Caulkins, of Lewiston road, who with her son Ralph, is occupying the cottage of Mrs. Horace J. Caulkins, at Pointe aux Pins. Mrs. Horace Caulkins is visiting her son-in-law and daughter, Mr. and Mrs.

Charles B. Johnson, of Lincoln road, at Leland, Mich. Steven Johnson is also at the Caulkins home at Pointe aux Pins.

MRS. D. DWIGHT DOUGLAS, who, with her son, Henry F. Cheney, Jr., has been spending the past six weeks in Europe, arrived in New York where she was met by Mr. Douglas, and left from there for a short visit with her mother, Mrs. Russell A. Alger, at her summer home at York Me. Henry went direct from New York to Portland, Ore., and Mrs. Douglas returned to her home on Rathbone Place last week.

MRS. CHARLES B. DU CHARM, of University Place, who has been spending the past month at the Huron Mountain Club, returned home last week. Her son, Charles A. Du Charm, II, on the other hand, taking one final fling at purely summer pastimes, with his fiancée, Mary Janice Rice, of Algonquin, Ia., joined a party on board the Harold Du Charm yacht, for a cruise in Georgian Bay.

Miss Rice on her return will spend several days at the Du Charm home before continuing on to Algonquin.

REGINALD PARK, son of Mr. and Mrs. James A. Park, of Lewiston road, entertained a group over the week-end at the summer cottage of his parents near Lexington, Mich.

Included in the party were James Garretson, Audrey Galbraith, Paul Rutledge, Cecelia Justice and Frances Lotzeno.

MR. AND MRS. EDWARD MACAULEY, of Kenwood road, spent the week-end at the Old Club. Saturday evening Mrs. Macauley was hostess at a cocktail party on board their boat in honor of Mr. Macauley's birthday.

MR. AND MRS. JOHN B. MACAULEY, of Chicago and Fort Lauderdale, Fla., are visiting Mr. Macauley's brother and sister-in-law, Mr. and Mrs. Alvan Macauley, of Lake Shore road, and Mrs. Alvan Macauley's sister, Mrs. Luke Gilbert, of New York, who is here for the summer.

MR. AND MRS. JAMES H. MARKS, of Rivard boulevard, with Dr. and Mrs. George W. Christiansen, of Middlesex road, went to the Old Club for the week-end on board the Marks' yacht, the Desco.

MR. AND MRS. ARTHUR P. NEWMAN and their children, Constance and Lucy Ann, of Moran Road, have returned from a three weeks' stay at Millwood, Va., and Virginia Beach.

MR. AND MRS. KIRKE A. NEAL, of Moran road, have returned from ten days at the Old Club.

MR. AND MRS. STEPHEN T. STACKPOLE, of Provencal road, who sailed from Montreal the last of July on the Duchess of York, for a month in England and Scotland, returned on Friday.

DORIS O'LEARY, daughter of Mr. and Mrs. Edwin D. O'Leary, of Lincoln road, is visiting her grandmother, Mrs. James O'Leary, at Tomah, Wis. She will return the middle of September.

Grosse Pointe United Lutheran Church

The Grosse Pointe United Lutheran Church will resume services Sunday, September 13th, in the auditorium of the Richard school, Kercheval avenue at McKinley road. The Rev. M. Luther Canup, D. D., pastor, will preach at 11 o'clock. The Sunday School will convene at 9:45 o'clock. After the devotional and lesson periods, the school will hold a social hour to which all members of the school, members of the congregation and friends are

cordially invited. Refreshments will be served. Plans for the fall and winter and church, both having discontinued activities will be outlined. This will be the opening services for the fall program in both the Sunday School and church, both having discontinued activities will be outlined. This will be the opening services for the fall is cordially invited.

Michigan Youth Wins \$5,000 University Scholarship William A. Fisher, president of the Fisher Body Craftmen's Guild, congratulates the winners of the 1936 master class model coach-building competition following the sixth award dinner of the General Motors-sponsored educational foundation, held in the auditorium of Cleveland College. Left to right are: Henry Byron Lenzler, 19 years old, of Flint, Mich.; Ralph Kyllonen, 16, Monessen, Pa.; John H. Doney, 16, Seattle, Wash.; Ralph Schreiber, 18, Faribault, Minn.; and Mr. Fisher. Each of the youths receives a \$5,000 scholarship for his efforts in building a miniature Napoleonic coach. The money will be placed in trust, withdrawals being made to defray expenses at any university or college selected.

National Lecturer to Hold Series of Lectures in Detroit

Dr. Pieter K. Roest, national lecturer and noted sociologist, recently of Reed College, Portland, Ore., University of Chicago, and Leyden University, Holland, is making a lecture tour of Michigan this month under the auspices of the Michigan Theosophical Federation.

Dr. Roest, a leader in American and European Youth Movements has spoken at eighty American colleges, and led one hundred American students on a tour of Europe.

Detroit Tech Prepares for Its Banner Year

With advance registrations of students at the Detroit Institute of Technology the heaviest on record, officials of that school believe the enrollment for the winter term to start September 14 will set a new high record.

In anticipation of a larger student enrollment, new laboratory and other equipment has been installed. The library has been enlarged and additional space has been obtained for class rooms in the Downtown Y. M. C. building.

An interesting feature of this year's expansion is the enlarged athletic program, which is expected to speedily place Detroit Tech among the ranking schools of Michigan in collegiate sports.

The teaching staff for the winter term will approximate 100, according to Dr. Paul Hickey, "Y" director of education. The schools embraced in Detroit Tech include the College of Pharmacy, College of Engineering, College of Liberal Arts and the College of Commerce and Finance.

The Detroit College of Law, which also operates under the Y. M. C. A., likewise will open its fall semester on September 14, with an anticipated enrollment of about 600.

As in previous years, the men's evening high school was segregated for the benefit of men who wish to obtain an education in industrial or technical trades, when the students were compelled to terminate their school careers to go to work.

Dr. M. C. McKinnon, associate director of Detroit Tech, will meet next Wednesday evening, September 9, at 7:30 o'clock in the main lounge of the Hannan Branch, Y. M. C. A., at E. Jefferson and Garland, with all men of this vicinity who are anxious to complete their education.

Hannan Y.M.C.A. Notes

Hannan boys' golf team finished third behind Northern and Northeastern branches in the annual Detroit Y. M. C. A. boys' golf tournament, held on August 27 at Chandler Park. Steve Smith of Northern was individual winner with 79 for 18 holes, while Bob Syne in eighth place was Hannan's low man, with a score of 111.

The eighth annual Hannan open golf tourney for senior members will be played at the Gowanie Golf Club, Mt. Clemens on Saturday afternoon, September 5. More than 20 participants are expected for the tournament, which will be followed by a dinner for Y. M. C. A. members, golfers, and spectators, at the Gowanie Club.

Mr. M. A. Clark, director of industrial relations at U. S. Rubber company and chairman of the Hannan Y. M. C. A. membership committee will be master of ceremonies.

The awarding of tournament prizes and a golf movie will be included in the brief dinner program.

L. R. Cadwell, activities secretary, was taken to Henry Ford Hospital Sunday morning for an emergency appendicitis operation. He is reported to be making a splendid recovery.

BANKERS WILL MEET IN ANNUAL COUNCIL

Business Men Also Invited to Present Their Views on Services of Banks to the Public

WASHINGTON, D. C.—Robert V Fleming, President American Bankers Association, has announced that the organization's annual convention will be held at San Francisco, September 21-24, and its program will call in not only bankers but speakers from various lines of business to present their viewpoints and advice.

The plans for the convention discussions take into consideration the fact, he said, that one of the major problems of banking today is to develop its operations along lines that will create greater public understanding of its methods and services.

"It is my earnest conviction that such public understanding of banking is not only an essential defense against attacks from whatever source, but is also requisite to reestablishing it upon a firm and satisfactory basis of profitable operations," Mr. Fleming said.

General Improvement Cited "The improvement in general conditions which is now taking place should be of material aid to bankers in carrying forward a constructive program for increasingly useful relationships between banking and business, as well as one of more helpful personal business services to all our people. Sound banking conducted in ways the public heed and understand must be the aim of successful bank management.

"How can the banker make his operations and policies more understandable to the people of his community? How can better and broader financial services be soundly provided? How can banking improve its operating methods and income? These and many similar questions demand the earnest attention of all bankers. They call for a fresh counselling together and a new interchange of experience and advice among the members of our profession.

"With these thoughts in mind, we have built the convention program with the view of also calling into our councils speakers from various lines of business to give us their viewpoints and advice. I can say without reservation that this is to my mind one of the most crucial years in the evolution of American banking, and that we are passing through a period demanding, as never before, cooperation and mutual exchange of viewpoint among our members and others."

Radio Commencement Exercises

More than 200 widely separated chapters of the American Institute of Banking, the educational section of the American Bankers Association hold annually in September a simultaneous commencement exercise at which they listen to the speaker of the evening by radio. This is said to be the most extensive graduation ceremony held by any educational institution. The aggregate membership of the chapters, which are located in cities and towns throughout the United States, totals about 35,000 bank employees and officers. The graduates number each year more than 2,500, and total graduates are now over 25,000.

The Business Outlook

NEW YORK.—The main forces of recovery have become momentum which may reasonably be expected to carry the country into new high ground, says "Banking," the publication of the American Bankers Association, in its August issue. The momentary stimulation following the distribution of bonus funds to the veterans has practically died away and is no longer an important business factor. A certain degree of uncertainty arising from the national political campaign is unavoidable, the magazine says.

Foreign Trade

The Commerce and Marine Commission of the American Bankers Association has made a report which shows that the foreign trade of the world for the year 1935 on the basis of its estimated physical volume, was 78.9 per cent of the 1929 level. This was 2.1 per cent above the volume of 1934 and is the highest since 1929. The gold values of world trade were much lower due to the lower commodity prices in January, 1936. The combined index of 35 countries showed 35.7 per cent of the 1929 average.

National Bank Growth

Comptroller of the Currency O'Connor announced recently that total deposits of the 5,374 national banks in the United States on June 30, 1936, the date of the last call made for statements of condition, aggregated \$26,200,453,000. The figure is a new high record for national banks, exceeding by \$1,340,898,000, or 5.39%, the amount reported as of March 4, 1936, the previous high record. The current figures show also that deposits increased \$3,682,207,000, or 16.35%, over the amount reported as of June 29, 1935, the date of the corresponding call a year ago.

Farragut Young Fighter

Admiral Farragut entered the navy when nine years old and held an important battle position when twelve.

Origin of April Fool Day Is Lost in Mists of Time

The origin of the April Fool custom is unknown, but it is very ancient and is thought to be a relic of those once universal festivities held at the beginning of spring. A Hindu celebration is the Huli festival at this time, the chief amusement being the sending of people on fruitless and foolish errands. The ancient Romans had a Feast of Fools, on February 17, when they played burlesque tricks. This was revived during the Middle ages and often celebrated even in the churches at the time of the old New Year festivities, March 25 to April 1. Some have found the origin of April Fool's day in the change from the Julian calendar to the Gregorian calendar in France in 1564, when the New Year's day was moved to January 1. It is argued that part of the old celebration on the April date was then converted into burlesque. One pretended religious connection is found in the fact that the medieval miracle plays showed Jesus being sent for trial from one official to another, it being held that this accounts for the foolish errands of this day, but this is a very unlikely explanation of April Fool origins.

How Moon Began Puzzle to Learned Astronomers

What is origin of the moon? Was the earth's satellite fashioned out of a part of this whirling world in somewhat the same manner as the Bible describes the creation of Eve out of one of Adams' ribs? Some years ago, an eminent astronomer suggested that, after the earth had been formed, but before it had reached its present shape, the moon was thrown off like a bit of mud from an automobile wheel, by the rapid revolution. Dr. Beno Gutenberg, of the California Institute of Technology at Pasadena, recently renewed this discussion by the fact that study of earthquakes indicates there is, underneath the bed of the Pacific ocean, an absence of the rocks which make up the earth's outer crust—such as limestones, sandstones, and granites of which the different continents are formed.

How Mother's Day Began

Credit for the originator of Mother's day is usually given to Miss Anna Jarvis of Philadelphia. She began her efforts in 1908, shortly after the death of her own mother, to urge that a day be set apart "in honor of the best of mothers, your own." She formed the Mother's Day association, addressed meetings, and campaigned among convents and church gatherings, and finally the day was fixed in 1908 as the second Sunday in May.

In 1913 Miss Jarvis got the Pennsylvania legislature to designate the first official Mother's day. In the spring of 1914 the movement reached congress, where an unanimous majority went on record in endorsement of the observance.

Visit White Pygmies

A race of white pygmies is described by three Frenchmen who landed at Marseilles, after an expedition into the heart of Africa. These three explorers were sent by a Paris newspaper to investigate the lives of these strange people. They landed at Dakar, Senegal, traveled inland via Bamago and Gao to the Secoundou regions and finally reached the almost unknown tract of country where the white pygmies live. The white pygmies are a very primitive race about three feet high with enormous heads. They keep themselves strictly apart from other tribes and live by hunting elephants and antelopes.

How to Figure Board Feet

Board foot is a board one foot long and one inch thick. To get the board feet, express the length and width in feet and thickness in inches; the product of the three will be the number of feet board measure. Thus, a plank 18 feet long, 12 inches wide, 2 inches thick is measured as follows: 18 times one and one-sixth, times two, equals 42 feet board measure. One formula for calculating the amount of timber in a given log is to deduct 4 inches from the diameter at the small end, square one-quarter of the remainder and multiply by the length in feet.

Classes of Draft Horses

The best heavy horses, classified as heavy drafters, stand from 16 to 17 1/2 hands high (a hand being about four inches) and weigh from 1,750 to 2,200 pounds. The light draft horses are similar in type to the heavy, but are smaller. They range in height from 15 to 16 1/2 hands and weigh from 1,000 to 1,750 pounds. A majority of our light horses (the class which is intermediate in size between ponies and draft horses) are from 15 to 16 hands high and weigh from 900 to 1,250 pounds.

Popular Song Forms

Sigmund Spaeth says that the form technically known as "song form" is followed by most popular choruses, and also by folk-music in general. It is often called the "ternary form," or the A-B-A form, consisting of three parts, of which the third is merely a repetition of the first. Generally, the first is repeated before the second begins, and then again at the close, so that it is really A-A-B-A. This is the commonest form of popular choruses, each part taking eight measures.

Copy Good Models

People seldom improve when they have no model but themselves to copy from.

BANK GROUPS MAKE NATIONWIDE SURVEY

American and State Banking Associations Collaborate in Investigation LOAN SERVICES STUDIED

Activities of the Government in the Banking Field Are Reviewed and Position of Banks Analyzed

NEW YORK.—Detailed bank researches, covering all phases of practical operating and economic facts and conditions related to banking, are being made by the American Bankers Association. The resulting material is being placed at the disposal of all state banking associations, which in many instances are extending the researches of the national association in their own states. These activities are said to be a part of the general program of banking development which is being carried on by the organized banking business.

Among the most extensive researches being conducted by the American Bankers Association is that of its Committee on Banking Studies, which is making a detailed survey of Federal Government lending agencies and policies. The basic material, which is kept up to date by continuing studies, shows where the Government agencies get the money they lend, what liability the Government assumes, what subsidy it extends, what return it gets, for what and to whom the money goes and on what terms it is loaned.

The Government in Banking "It is not the intention of the committee to express its viewpoint about any agency," says the foreword to this material. "Its intention is only to determine the facts. These facts properly assembled and presented should help banks to meet Government competition if and where it exists. The committee believes the Government entered the lending field at a critical period in order to aid banks and financial institutions. If the time has come for the Government to withdraw, it is the duty of bankers to demonstrate their readiness to take care of all sound credit needs."

It adds that the banks must be equipped with full factual material as to the Government's emergency lending activities and practices, and that full cooperation has been given the committee by Government agencies in obtaining facts. Binders of the material gathered have been placed by the committee in the hands of state associations.

Investigation of Postal Savings The Committee on Banking Studies has also made a survey of the Postal Savings System throughout the United States to ascertain to what extent it is competing with chartered banks. Questionnaires were sent to banks in all places where Postal Savings depositories are operated and their answers will be analyzed as a basis for the committee's findings.

The Bank Management Commission of the American Bankers Association has made a nation-wide survey covering the movement among banks to increase their earning abilities for services they render their depositors. It has developed a plan of account analysis as a basis of fair charges.

"All business in order to justify its existence is founded on the economic principle that a reasonable return should be expected from services rendered," the commission says.

Personal Income Loans The Bank Management Commission has also formulated methods for installing and operating personal income loan departments in banks. "This plan contemplates making loans primarily to individuals and small business concerns, based upon the character and assured incomes of the borrowers, as distinguished from the usual basis for 'commercial loans,'" the commission says.

It points out that a large part of the population is not now making use of available bank credit and that "to these people the personal loan department extends a valuable service which at the same time is profitable to the bank." It adds that it is "the duty of the banks to educate the public to come to the bank for all financial services. Small borrowers should be informed that the local bank is willing to care for their demands."

Other Researches

Other researches are being made by the Economic Policy Commission of the association dealing with shrinkages in liquid commercial loans caused by economic changes in the nation's business methods while the National Bank Division has made studies of the lending and investment powers of this class of bank, the present status of the real estate investment field and of detailed data by states on earnings and expenses.

The Savings Division has gathered the facts showing savings in banks of all types, the number of savings depositors, the per capita savings for the country as a whole and the effects of current economic and social changes upon the savings habits of the American people.

The association's State Bank Division has issued the most recent figures available as to the detailed conditions of state banks, showing steady improvement in the position of the state banks, with marked expansion in their aggregate resources, while the Trust Division has compiled a guide to fees with a recommended cost accounting system.

First American Flag

The first American flag had a Union Jack—the English ensign—in the upper left hand corner with the present 13 stripes of red and white.

Hi-Y Officers Return From Conference Camp

The officers of the Hi-Y clubs of Eastern and Southeastern High schools have returned from their eight-day conference at Camp Hayo-Went-Ha on Torch Lake. These young men are prepared now to lead their respective clubs in a constructive program of study, service and fellowship as soon as school opens. One of the early objectives of each club will be to increase the membership, replacing those members lost through graduation last spring. Membership is open to any high school boy who seriously subscribes to the club purpose, "To create, maintain and extend throughout the school and community high standards of Christian Character."

The camp afforded a splendid opportunity for the local delegation to exchange ideas and program methods with high school boys from all parts of Michigan. The attendance surpassed that of any of the previous annual conferences and was reported by Mr. Ray Johns, state committee Y. M. C. A. secretary, as the "most purposeful group" he had observed.

Attending the camp from the Hannan Y. M. C. A. district were Mitchell Heick, 4836 Anderson, Ralph Olin, 4616 Chatsworth, Harry Kirby, 2957 Drexel, Joseph Keiser, 3656 Helen and Lloyd Disney, who will sponsor the Eastern Hi-Y club this school year.

John Roethel, 405 Riverside Drive, member of Southeastern Jungaleer Hi-Y Club attended the First National Congress of Hi-Y at Berea College, Kentucky.

China's Climate

The greater part of China belongs to the temperate zone, only a small portion of the south lying within the tropics. It has what is called an excessive climate, and has a far greater range of temperature than is usual within the same parallels of latitude.

INSURANCE TIPS

By H. THOMPSON STOK CONTINENT-WIDE CLAIM SERVICE

Americans love to travel and the automobile makes it possible for most Americans to go places. Even persons and families without means manage to hitch-hike to Florida.

As a rule, automobile public liability and property damage insurance policies protect you in event you have an accident anywhere in continental United States and Canada, but it is not every company that has claim departments at strategic points between the Atlantic and the Pacific and Alaska and Mexico. Companies that do, can give unexcelled service to the roving motorist. Companies that do not, have to make arrangements with local attorneys, causing delay and embarrassment to their policyholders.

One well-known stock company doing a continent-wide business reports that its Detroit branch office in 1935 handled 267 claims for their assureds from states and provinces other than Michigan and that 248 Detroit assureds' claims were serviced by out-of-state offices. New York City serviced 15 Detroit assureds, Cleveland 11, Columbus 12, Indianapolis 8 and Montreal and Toronto 16. Other offices were: Atlanta, Baltimore, Buffalo, Boston, Charleston (West Virginia), Chicago, Cincinnati, Clinton (Iowa), Dayton, Fargo (North Dakota), Los Angeles, Kansas City, Miami, Milwaukee, Minneapolis, Oklahoma City Philadelphia, Portland (Oregon), Pittsburgh, San Francisco, St. Louis, South Bend, Salt Lake City, Washington (D. C.).

By LEE MONTGOMERY  
 Detroit, fourth largest city in the United States and center of the automobile industry, is sadly lacking in courtesy and efficiency in the tourist business. The tourist in Michigan is not only a guest but is also the backbone of the state's second largest business, and largely responsible for added prosperity to the small business man.

The smallest towns in Michigan see to it that the tourist through their communities is entertained and that each interaction and turn is marked clearly. The tourist in Michigan has little chance of finding his way, that is, until he hits Detroit. Here he is confronted with a maze of streets, nothing to denote that anyone of them is a trunk line or a safe and fast way through the metropolis. There is absolutely no way for the stranger to wend his way unless he stops and inquires along the way. At little cost to the taxpayers, main lines through Detroit could be designated. This nominal cost would bring much business to Detroit and Wayne County. The tourist would no longer be tempted to circle Detroit while heading for vacation days.

These facts have been sent out in a public letter to the State Highway Department and the Michigan Automobile Club by Harold E. Stoll, Register of Deeds. Stoll considers Detroit one of the most interesting cities in the world. He lauds Michigan as a playground unique. He says the tourist is valuable to prosperity.

With the basement of the county building almost rejuvenated as government WPA project work suddenly ceased, inquiry showed that all available money had been sent out to the drought area. It is too bad that this work will be held up for a time, but it is certainly comforting to realize that there is still unselfish humanitarian instincts left in America. As long as people help each other through misfortune nothing very radically wrong will happen to endanger our social structure.

Al Rohrig, member of the county auditors' staff and candidate for State Senator has an idea all his own. He has circulated literature which is headed in large black type, "I expect to be defeated." After the first shock one gathers that Al has the idea that it is hard for honesty to buck capital in politics. He would promote as a senator and uses them as ten reasons why ten different powerful interests will be

**Farms Takes Both Games of Twin Bill**

Grosse Pointe Farms defeated U. S. Rubber 5 to 4 in the first game with Carl Van De Pitte on the mound and Harms catching. Carl only allowed four hits but a few errors were made which accounted for the four runs scored. None of the misplays were glaring and were committed on hard or hurried plays. The Farms made only five hits off of Hansen, U. S. Rubber hurler, but one was a home run by centerfielder Simon and with two bases on balls and two well sacrifice bunts there were able to score four more runs which was just enough to win.

Vic Telep pitched the nightcap with Harms again catching. This game, with Needham Motor being the opposition, went 10 innings. This was by far the best game he has pitched this year. He allowed only four hits and struck out five men. In the first inning Vic had his only trouble when two of the four hits were made and he hit two batsmen and made a wild throw to first. In this inning Needham scored their three runs and from then on Vic held them scoreless. Reinholz, who defeated the Farms in their earlier meeting, allowed only six hits and five walks but he is at his best with men on bases which accounts for only four runs being scored. The game was won for Grosse Pointe in the tenth when Gregg singled hard to centerfield and went to second when the fielder had trouble picking it up. He then scored when Himbauck hit a single over second. In the ninth inning a big argument started when Needham's catcher, Miers, with one out, hit a triple and tried to score when the batter laid down a bunt to Vic who threw low to Harms who continued to block the plate and reached for the ball and rolled Miers clean over the plate with his shoulder and when Miers was

against him. One meets strange people in politics but there are two types that are far ahead of all others as king of the shyster methods. One is the sign poster who cares not two hoots for another's property, and plasters gaudy banners at random on homes, stores, and the public's trees. The other type is he who goes around after dusk tearing down legitimate signs that are placed on property with the consent of the owner because the owner likes the candidate and wishes to aid in his election in any possible way.

Since each team has won one game with the scores being 7 to 6 and 4 to 3, they are going to meet again at Kerby Field next Sunday. Both teams are well balanced and play excellent games together. Whoever wins next Sunday will have to fight over a minute of play.

**Over Five Million Fishermen in U. S.**

The ranks of the nation's vacationing motorists are swelled considerably by the disciples of Izaak Walton, the total number of fishermen now being estimated at more than 5,000,000 strong, according to Richard Harist, general manager of the Automobile Club of Michigan, which is affiliated with the A. A. A.

"The latest check-up," Mr. Harist declared, "showed a total of 5,121,320 fishing and combination hunting and fishing licenses had been issued by the various states, bring in a total revenue of more than \$7,000,000.

"Actually, the number of fishermen is even larger than is indicated by these figures, for a goodly number of vacationists fish in the ocean, bay or other tidal waters where licenses as a general rule are not required.

"With five million fishermen on the trail, it was inevitable that the stock of game fish should become seriously depleted in many sections of the country and both the government and the state game commissions have made strenuous efforts to make the supply meet the demand. But even with fish hatcheries working overtime, is almost impossible to fill the gap caused by this army of fishermen.

"Trout-fishing has recently been growing tremendously in popularity, and tall tales are told of trout fishermen literally lining the banks of trout streams, with a score or more lures waiting for every fish.

"Men are no longer monopolizing this time-honored sport, for the records show a substantial number of special licenses issued to women and children, while some states issue a special blanket license giving the entire family the right to fish."

## She Can Bake a Banana Pie

(Nutrition Department, Detroit Dairy and Food Council)

Back in grade school days cooking lessons began with poached eggs or lumpless cereal. But it seems that young husbands are much more interested in a good pie. So the young bride is plunged headlong into real cookery problems, even if she is just a beginner at the game.

To make tender, light, flaky pastry is no trick once several facts are understood. Handle the whole process lightly—if you are in a bad mood make mayonnaise and leave the pastry to a happy day. Cut the fat in with a pastry blender or two knives, and don't be too thorough about it, either. The mixture should look very granular and coarse, not fine and regular. Use the very least amount of ice water possible to make the dough cling together, then pat it gently together and store in the refrigerator until it is well chilled.

Roll the chilled pastry out on a lightly floured board or canvas, using a butterfly motion from the center out. When it is rolled out about one quarter of an inch thick, fold it in half and lift into the pie pan, and fit it in carefully and loosely. Never stretch the dough. Be sure there are no air bubbles under the crust. Flute the edges generously, prick the shell well, chill and bake in a hot oven.

A recipe for filling that will please almost any young husband follows:

**Banana Pie**  
1 cup scalded milk  
1-3 cup sugar  
2 2-3 tablespoons flour  
1/2 teaspoon salt  
2 egg yolks, slightly beaten  
1/4 cup thin cream or top milk  
3/4 tablespoon lemon juice  
1 large banana  
2 egg whites  
2 tablespoons powdered sugar  
1/4 teaspoon lemon extract  
Mix sugar, flour, and salt, and add egg yolks. Pour on scalded milk gradually while stirring constantly, and cook in double boiler 15 minutes, stirring constantly until mixture thickens, and afterwards occasionally. Cool and add cream, lemon juice and banana, peeled, scraped and cut into 1/4-inch slices. Chill thoroughly and turn into baked pie shell.

## Christian Science Churches

"Man" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, September 6.

Among the Bible citations is the following (Gen. 1:27): "So God created man in his own image, in the image of God created he him; male and female created he them."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 94): "Man reflects the infinite Truth, Life, and Love. The nature of man, thus understood, includes all that is implied by the terms 'image' and 'likeness' as used in Scripture."

## Eastminster Presbyterian Church

Rev. Carl E. Kircher has returned from his vacation at Winona Lake, Indiana and will speak Sunday morning at 11 a. m. on "Looking into the Promised Land." At 7:30 p. m. the services will be union in nature, the Kercheval Evangelical Church meeting with us, and the speaker will be Rev. A. C. Bauman, of the Kercheval Evangelical Church.

Wednesday evening the subject will be "The Most Practical Book in the Bible."

## Jefferson Avenue Baptist Church

The Rev. Wayland Zwyer, minister of the Jefferson Avenue Baptist Church, will return to his pulpit this Sunday morning after a vacation absence of six weeks. He will preach at the eleven o'clock hour of worship on, "Christian Economy," a Labor Sunday message. The annual retreat for the officers of the Jefferson Avenue Baptist Church will be held next Saturday at Newburgh. A devotional program will be followed by a planning conference with a discussion of the fall and winter program. The dinner will be served by the ladies of the Newburgh Methodist Church in the building of which the Jefferson Baptist officers will meet.

**Turtle's Flesh Now Any One's**  
In former times, in the Fijian Islands, the flesh of the turtle belonged to the chiefs only; now, to the chiefs' chagrin, anybody who catches a turtle may eat it.

## Democratic Women in Fourteenth Organize

The Democratic Women of the 14th Congressional District held its weekly meeting, Wednesday, August 26th, at Mack and Fisher, in the Congressional headquarters. Mrs. Abernathy, Congressional chairman, presided, and introduced Mrs. Stuart Fisher who spoke on "Women's Place in Government."

Plans for a dance and card party to be held at the Knights of Columbus Hall, Mack and Philips, Friday, September 18, were announced. Mrs. Walsh, general chairman of the party, will be assisted by the following committee: Mrs. Donald Walker, Mrs. Anna Wilkerson, Miss Amelia Carroll, Mrs. Thomas McMillan, Mrs. Edward Tank, Mrs. Laura Hartman, Mrs. Mary St. Germain, Mrs. Deigel, Mrs. Baker, Mrs. Adelaide Vanderberg, Mrs. Del Barba, Mrs. William Rogers and Mrs. Charles Desliste.

Mrs. Theresa McDonald is chairman of the ticket committee and Mrs. Joseph A. Murphy, publicity.

## G. P. Baptist Church

9:45, Bible School.

11, Morning worship. Lord's Supper.  
7:30, Evangelistic service. Sermon: "He Usset \* \* \* the Tables of the Money Changers." Special music and

cheerful song service. Hear a young man with an odd message for modern needs.

Wednesday, 7:45, Prayer meeting. Bible study and testimony service. Everyone welcome!

## First Primary Money to Come Early This Month

State Superintendent of Public Instruction, Dr. Eugene B. Elliott, announced Saturday the first installment of primary school interest money this year will amount to \$10,766,509, which is \$272,020 less than last year's installment. The second installment will also be proportionately lower. It will provide an average of \$7.70 for each census child compared with last year's \$7.93.

The State Legislature provided for a total distribution of \$37,400,000 including the Primary School Interest Fund to the 6,700 school districts of the state for this year. This is an increase of \$1,360,000 over last year. With the shrinkage in the primary interest fund, it will be necessary to appropriate over twenty-three million dollars from the State General Fund, which derives its revenue largely from the sales tax.

Dr. Elliott said the first installment of Primary School Interest Fund would come early in September.

**Fort McHenry's Flag**  
Fort McHenry's flag, that inspired Francis Scott Key to write the "Star Spangled Banner", had 15 stars and 15 stripes.

## STOKER COAL
