

Police Radio Improved In Township

Township To Equip All Police Cars With Two Way Radio Units

Two-way radio communication between police cars and the Grosse Pointe Township Radio Station WRDR is now possible with the installation of the new type receiving and transmitting sets on all police cars in the Township.

James C. Drysdale, chief of police, of Grosse Pointe Park, William Shoemaker, police commissioner, Alfred Garska, president of Grosse Pointe Park, and Norbert Denk, Township supervisor, have been studying the possibilities of this new type radio, and through their efforts Grosse Pointe residents will have this improved police protection. Twenty-four police cars will be equipped this way in the next two weeks.

Commercial units of this type cost in the neighborhood of \$850 per unit. Grosse Pointe units were constructed by the technical staff of WRDR under the direction of John DesRocher, who was recently placed in charge of the station. In this way the taxpayers benefit by the improvement in police protection at a minimum cost to the taxpayers.

Benefit to the public interest should be the first consideration of all officials, and this has been ably demonstrated in this particular instance, where due to the peculiar geographic position of the various municipalities makes co-operation vitally necessary, as the area covered by each municipality is so small that a violator can get beyond the border of the municipality where the crime was committed in so short a time that it is almost imperative that the neighboring enforcement officers be notified immediately or the value of radio communication is absolutely lost, while with the addition of the new mobile transmitters, working through the parent Station WRDR which operates on a metropolitan wave-length which is heard by every scout car in the Detroit area, police of Grosse Pointe Township will have one of the most complete and efficient units of radio communication to be found in the entire country.

Two-way radio communication between police cars in Grosse Pointe Township and Station WRDR, the township's radio station at 795 Neff road, was demonstrated Friday evening to township officers, police executives and officials of the Grosse Pointe communities.

The demonstration marked the official acceptance by the township of the new radio system, built under the direction of John P. DesRocher, Jr., the township's radio engineer. New transmitters on the police cars enable the patrolmen to give reports to the central station, as well as to receive them.

Among those who, Friday night, rode in the first four cars to be equipped with the two-way transmitters were James C. Drysdale, Grosse Pointe Park, police chief and chairman of the township radio commission; Commissioners William P. Shoemaker and William Pfeiffer, and Alfred J. Garska, president of the Park, and Norbert F. Denk, supervisor, and Walter Schweikart, justice of the peace of the township.

The township and village officials who rode in the cars Friday night talked over the microphones to the radio station and were amazed at the ease with which they conversed with the operators.

Our officials deserve commendation for their efforts to improve our facilities at the lowest possible cost.

MISS MARY LEDYARD, daughter of Augustus C. Ledyard, of Ridge Road, returned last week from a several week's visit with relatives in Toronto.

David H. Crowley Seeks Attorney-Generalship

David H. Crowley, Attorney General, State of Michigan, is the Republican candidate, to succeed himself at the coming election. As a member of the Detroit law firm of Monaghan, Crowley, Clark & Kellogg, he has long been recognized as an outstanding member of the Bar. Mr. Crowley brings to office the ripe and seasoned experience of a distinguished legal career.

The entire record of Crowley is replete with instances of public service. From 1908 to 1912, he served as prosecuting attorney of Cheboygan County. From 1913 to 1917, he strode forward as the expert defender of the consumers' rights against the utilities—a defense he relinquished for the short space of one year after going to Detroit only once more to pick up the torch of public service to represent the City of Detroit for the following decade and a half.

DAVID H. CROWLEY

As a campaigner of state-wide importance, he demonstrated the affection with which the voters of the state hold him, in April of 1935, when he received an overwhelming majority for the office of regent of his alma mater, the University of Michigan. The office carries no salary whatsoever.

As a servant of the people, Crowley has time and again demonstrated his outstanding ability as a utilities lawyer. Among the more important cases he has successfully prosecuted for the people are:

Richard PTA Meeting Tuesday, October 20

Auburn Team to Clash With U. of D. Titans On Grid Sat. Oct. 17th

Plunging into intersectional football warfare for the first time since clashing with George Washington University in Washington in 1933, the Alabama Polytechnic Institute Tigers will tie up with the University of Detroit Titans in Detroit next Saturday afternoon in the first of two battles they will fight outside of Dixie this year. Auburn's other grid scrap this year in "foreign" territory will be fought against the Santa Clara Broncos, who opened their 1936 campaign by conquering the Rose Bowl champions, Stanford, at Kezar Stadium in San Francisco on October 31.

Traditional foes from Georgia will be encountered by the Tigers after their two intersectional undertakings this fall. The Georgia Bulldogs, Auburn's oldest athletic rival, will be met in Columbus October 24 and Georgia Tech will be encountered in Atlanta on November 7. Another important league test with Louisiana State in Birmingham on November 14 follows the joust with the Yellow Jackets in Atlanta.

The Tigers intersectional foes for 1936 are two of the best fortified clubs they will be pitted against this fall. The crafty Gus Dorais is head football master at Detroit and Coach Jack Meagher has warned his Plainsmen that they will have to reach their season's peak in Detroit if they add to

The Michigan-Wisconsin boundary dispute in the United States Supreme Court which resulted in a decision affirming the contention of Michigan in its entirety. The decision gave Michigan additional valuable fishing rights.

The successful conclusion of the Michigan Bell Telephone rate case before the Public Utilities Commission resulting in an annual saving to telephone users of the state of \$1,500,000. Strict compliance has been enforced by Crowley with the terms of water diversion from the Great Lakes by Chicago, under the terms of the decree granted by the United States Supreme Court to stop the taking of water from Lake Michigan.

Not alone in the civil side of the law has Crowley's regime as Attorney General been spectacular in a successful upholding of the people's rights. It was during his term that the prosecution of the vote fraud was successfully terminated. He likewise directed the successful prosecution of the members of the infamous Black Legion in several counties.

Most recent victory for the people was in an opinion handed down by the Supreme Court on October 5, 1936, upholding Crowley's contention that the vast oil and gas resources on state lands belong to the people and should be preserved for them through leases to oil and gas companies with royalties payable only to the State Treasurer.

A member of the Bar Associations of Michigan and Detroit, Crowley is a member of the Board of Governors of the University of Michigan Club of Detroit, the Detroit Athletic Club, and the Bloomfield Hills Country Club, and several religious and fraternal organizations.

A. O. C. News. Hi, Ho, it's the A. O. C. breezing in again, with bigger and better things in view for the new season. The first meeting was held in the lounge room of the Neighborhood Club. Election of officers was held: Miss Betty Bower as president, one of the oldest members of the club; Miss Ann Coar, as vice president; Miss Theresa Lewis, as secretary; Miss Dorothy Fowler, as treasurer, and last but not least, Miss Lorraine Rethoreth as scribe.

Now for some great news about plans that are being made by the A. O. C. for the annual masquerade ghost glide. Plans are being made for a bigger and better party to be given by the A. O. C. on October 29, and the admission is only 35 cents. Just think, only 35 cents and that includes music by the Top-Hatters orchestra, refreshments, and prizes for the funniest costume. Now folks, don't miss this great event, and we are sure that there will be fun for everyone. Hi, Ho, it's the A. O. C.'s breezing out again.

Hobby and Talent Show Now On at Hannan Y. M. C. A.

Never before has this neighborhood been so interested in the exhibition of hobbies and talents as at the present time. Our boys and girls, parents, educators, and social workers are combined in this effort to make us all hobby conscious. It is believed that the boy or girl who early in life develops an absorbing interest that is creative and demanding some skill will have gone far towards solving his or her leisure time problem throughout life.

Hannan Branch Y. M. C. A., at the corner of East Jefferson and Garland Avenues, is the center where these

hobbies and talents will be on exhibition Thursday afternoon, Thursday evening, Friday afternoon, Friday evening and all of Saturday morning. As preliminary to the district hobby at the "Y," twenty grammar schools and two intermediate high schools have held hobby shows during the past week, and only their blue-ribbon winning entries are appearing on the display tables at the central district show.

The show is divided into five general departments. In the department of Art and Photography we see pencil and pen sketches, charcoal work, various kinds of painting, clay modeling, posters, and photographs.

The second department, that of Collections, is an assembly of most original and varied exhibits, pins, buttons, autographs, matches, coins, stamps, rocks, and curios without end.

Occult Side of Dante's Inferno

A lecture entitled "The Occult Side of Dante's Inferno," will be given in Theosophical Hall, 1509 Broadway, the Wurflitzer building, on Saturday, October 17, at 8 p. m. The lecture is free and the public is cordially invited.

"The Occult Side of Dante's Inferno" is a lecture, illustrated with slides made from Gustave Dore's famous illustrations to the Divina Commedia, in which the lecturer attempts to explain the allegorical meaning of the journey of Dante and Virgil through the nine circles of Hell, and the occult significance of the sins and punishments described in the great poem.

Robert R. Logan, A. B., L. L. B., the lecturer, is a direct descendant of James Logan, one of the builders of the Pennsylvania Commonwealth and personal representative of William Penn. Another direct ancestor was John Dickinson, author of the famous "Farmers Letters" and a member of the first Continental Congress.

Mr. Logan graduated from Harvard with high honors in 1897 (he studied Dante under the celebrated Professor C. E. Norton, and graduated from the Law School of the University of Pennsylvania in 1900. Retiring from law practice in New York and Philadelphia in 1909 he traveled extensively in Europe and matriculated at the University of Paris, attending courses in philosophy and art. Since 1912 he has been president of the American Anti-Vivisection Society, 3245 Chestnut street, Philadelphia, Pa., and since 1916 has edited "The Starry Cross" (originally "The Journal of Zoophily") published in the interest of anti-vivisection and humane education.

Robert Logan is Chief Brother for America of the Theosophical Order of Service, which is now organized in nearly every country of the civilized world and which has over a hundred centers in the United States. Mr. Logan is a member of the Board of Directors of the American Theosophical Society.

Fannie Hurst to Be Presented by Town Hall Oct. 21

Fannie Hurst, glamorous American author, will be the Town Hall speaker in the Fisher Theater Wednesday morning, October 21, at 11 o'clock. She will speak on "Being Ourselves."

Metro-Goldwyn-Mayer recently paid \$100,000—a fabulous sum, even for Hollywood—for the movie rights to Fannie Hurst's new novel, "Great Laughter," publisher's release date October 1st, and at the same time established a Hollywood precedent by buying a novelist's book before it was published.

When Fannie Hurst wrote "Lummock" she hurled herself to the front ranks of American novelists. Since then her famous books, plays and moving pictures have made her a household name

to millions. A creative genius, a brilliant speaker, her knowledge of American life seems inexhaustible. Among her famous best sellers have been "Back Street," "Anitra's Dance," "Imitation of Life," "Five and Ten," "Appassionata," and "A President Is Born." Many of her novels have become sensational moving picture hits.

Mrs. Hurst's voice has always been a fearless and articulate one of protest against social, economic and political

abuses. In an article in the Cosmopolitan Magazine for May, 1933, Col. E. M. House names her as one of the 15 women in the United States most capable of filling high governmental posts. Tickets for Fannie Hurst are now on sale at Grinnell's and Monday, Tuesday and Wednesday at the Fisher Theater. Illustrated season programs are available at the Town Hall office, 246 Hotel Statler.

ANNOUNCING THE NEW SIGHT-SAVER

end-table lamp

... just 23 inches high!

IT HAS THE IMPORTANT FEATURES OF THE BIG SIGHT SAVER LAMPS

Here is the lamp you have waited for—a small Sight-Saver lamp with the important features of the big lamps. The new end-table lamp is designed to fill the need for a shorter lamp without sacrificing any of the qualities of good lighting for which the large Sight-Saver lamps are noted. Just 23 inches high, it furnishes light for reading, sewing, studying, etc. light that is wholly adequate for these tasks. Light far superior to the dim and uncertain illumination usually found in an end-table lamp. Small as it is, this new Sight-Saver lamp asks no favors or concessions: It provides plenty of light for easy, comfortable seeing, and ranks with other I. E. S. lamps in the quality of its design and workmanship. It is available in a wide selection of new and attractive models, all reasonably priced. Look for the I. E. S. tag—it is your assurance of quality lighting and a certified product.

DIFFUSING BOWL THROWS PART OF LIGHT TO CEILING
Adjusting bowl under the shade of the lamp throws part of the light upward to the ceiling. This is reflected back and spread over a large area. The downward light is also diffused, so that it is soft and restful, without glare.

ROOMWIDE LIGHT—THE SAME PRINCIPLE AS LARGE LAMP
The scientifically designed shade is open at the top and wide at the bottom, throwing a great deal of light into the room. Harsh shadows are eliminated—the light is pleasant and comfortable, ideal for any seeing task.

(Proposal No. 1)
 AMENDMENT TO PERMIT FIREARMS AND OTHER DANGEROUS WEAPONS SEIZED OUTSIDE DWELLINGS, OUTBUILDINGS AND LANDS CLOSELY ADJACENT THERETO, TO BE INTRODUCED AS EVIDENCE IN ANY CRIMINAL PROCEDURE.

Amending Section 10 of Article II of the State Constitution:
 Sec. 10. The person, houses, papers and possessions of every person shall be secure from unreasonable searches and seizures. No warrant to search any place or to seize any person or things shall issue without describing them, nor without probable cause, supported by oath or affirmation: Provided, however, That the provisions of this section shall not be construed to bar from evidence in any court of criminal jurisdiction, or in any criminal proceeding held before any magistrate or justice of the peace, any firearm, rifle, pistol, revolver, automatic pistol, machine gun, bomb, bomb shell, explosive, blackjack, slungshot, billy, metallic knuckles, gas-ejecting device, or any other dangerous weapon or thing, seized by any peace officer outside the curtilage of any dwelling house in this state.

The section of the constitution which would be altered or abrogated in the event of this proposed amendment now stands as follows:
 Sec. 10. The person, houses, papers and possessions of every person shall be secure from unreasonable searches and seizures. No warrant to search any place or to seize any person or things shall issue without describing them, or without probable cause, supported by oath or affirmation.

This amendment, if adopted, will permit the introduction as evidence in any criminal procedure of firearms and any other dangerous weapons seized by peace officers outside the limits of land occupied by a dwelling.

(Proposal No. 2)
 AMENDMENT TO REQUIRE LAWS PERMITTING COUNTIES TO INCORPORATE; AND, ON APPROVAL BY MAJORITIES OF CERTAIN SPECIFIED ELECTORS TO ADOPT A CHARTER.

Amending Sections 32 and 33 to Article VIII of the State Constitution:
 Sec. 32. The legislature shall provide by a general law for the incorporation of counties; such general law shall limit the rate of taxation for municipal purposes and restrict their powers of borrowing money and contracting debts.

Sec. 33. Under such general laws, the electors of each county shall have power and authority to frame, adopt and amend its charter and, through its regularly constituted authority to pass all laws and ordinances relating to its municipal concerns, subject to the constitution and general laws of this state: Provided, That no such charter or amendment thereto shall become effective in any county unless the same shall have been approved by a majority of the electors voting thereon of that city located within such county in which are cast the largest number of votes upon such proposition and also by a majority of the electors voting thereon residing outside the corporate limits of such city.

This amendment, if adopted, will add two new sections to the Constitution requiring the legislature to provide a general law permitting the incorporation of counties, also that such law shall limit the tax rate for municipal purposes and the power of the county in borrowing money and contracting debts. It also provides that if the county elects to come under the act it will have power to prepare and adopt a charter. It also provides the manner in which the electors of the county shall approve the adoption of the charter. This will require the electors of the city in the county casting the largest number of votes to approve the adoption by a majority vote and all other municipalities and townships outside the said city must approve the adoption by a majority vote.

(Proposal No. 3)
 AMENDMENT PROVIDING FOR EXEMPTING CERTAIN ARTICLES OF FOOD AND PREPARED MEALS FROM THE SALES TAX

Adding Section 22 to Article X of the State Constitution:
 Sec. 22. No tax shall be levied upon the sale of the following articles of food: Bread, milk, dairy and cereal products, meat, lard, vegetable shortenings, fish, eggs, sugar, salt, spices, vegetables, and fruit; whether such foods be sold in sealed containers or otherwise. Nor shall taxes be levied upon the sale of prepared meals.

This amendment, if adopted, will add a new section exempting food stuffs mentioned in the section from the state sales tax. Also provides there shall be no tax levied upon the sale of prepared meals.

(Proposal No. 4)
 AN AMENDMENT PROHIBITING, AFTER DECEMBER 31, 1937, ALL REAL AND PERSONAL PROPERTY TAXES, EXCEPT TO MEET EXISTING INDEBTEDNESS; PROHIBITING NEW LICENSE TAXES UPON THE OWNERSHIP, POSSESSION OR USE OF REAL AND PERSONAL PROPERTY; PERMITTING THE TAXATION OF INCOME FROM PROPERTY UNIFORMLY WITH OTHER INCOME; AND PROVIDING THAT THE MONEYS FROM INCOME TAXES SHALL BE DISTRIBUTED AMONG LOCAL UNITS OF GOVERNMENT WITHIN THE STATE IN A MANNER LATER TO BE PROVIDED BY LAW.

Amending Section 3 of Article X of the State Constitution:
 Sec. 3. No tax shall, from and after December 31, 1937, be assessed or levied by the state or by or for the benefit of any county, township, school district, city, village or other political subdivision of the state upon real property or tangible or intangible personal property, except for the payment of interest upon and principal of obligations heretofore incurred; nor shall any privilege, license or occupational tax, other than those now provided by law, be hereafter assessed or levied upon the ownership, possession or use of real property or tangible personal property. Income from real and personal property may be taxed uniformly with income from other sources. The proceeds of all taxes upon incomes shall be distributed to the several counties, townships, school districts, cities, villages and other political subdivisions of the state, as may be provided by law.

The section of the constitution which would be altered or abrogated in the event of this proposed amendment now stands as follows:
 Sec. 3. The legislature shall provide by law a uniform rule of taxation, except on property paying specific taxes, and taxes shall be levied on such property as shall be prescribed by law: Provided, That the legislature shall provide by law a uniform rule of taxation for such property as shall be assessed by a state board of assessors, and the rate of taxation on such property shall be the rate which the state board of assessors shall ascertain and determine is the average rate levied upon other property upon which ad valorem taxes are assessed for state, county, township, school and municipal purposes.

This amendment, if adopted, provides that no tax shall be levied on real and personal property, tangible or intangible, by the State or any other political subdivision of government in the State after December 31, 1937, except where necessary for the payment of interest and principal of present indebtedness. It also will prevent the levying of any privilege, license or occupational tax other than those now existing. The legislature, if this amendment is adopted, may provide a uniform rate of taxation on income from real and personal property as well as from other sources. It also provides that in the event of the adoption of a law taxing incomes the proceeds must be distributed among the various local governments of the State.

Christian Science Church Auburn Team to Clash With U. of D. Titans on Grid Saturday

"Doctrine of Atonement" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, October 18. Among the Bible citations is the following (Isaiah 53:5): "But he was wounded for our transgressions, he was bruised for our iniquities: the chastisement of our peace was upon him; and with his stripes we are healed."

Correlative passages to be read from the Christian Science textbook, "Science and Health with the Key to the Scriptures," by Mary Baker Eddy, include the following (p. 20): "Jesus bore our infirmities; he knew the error of mortal belief, and with his stripes (the rejection of error) we are healed."

Messiah Lutheran Church

"The Macedonian Cry" will be the subject of the sermon to be delivered next Sunday, October 18, at 11:15 o'clock. The Sunday School will meet at 10 a. m.

On the last Sunday of this month, October 25, the congregation will observe Mission Sunday.

In the evening of Monday, October 26, Mr. Walter Gran, a blind reader and impersonator, will present the "Friar of Wittenberg." Mr. Gran will be the sole performer.

Jefferson Avenue Baptist Church

The morning worship at the Jefferson Avenue Baptist Church, 13337 East Jefferson avenue, the Rev. Wayland Zwyer, minister, will be at eleven o'clock. The pastor will conduct the service and the sermon will be by the Rev. J. Burt Bowman, of the College Church at Hillsdale, Michigan.

The evening service will be dismissed for the opening session of the Michigan Baptist Centennial Convention in the Masonic Temple Sunday night. The Jefferson Baptist Church School meets

inside lane for a place on the major mythical clubs this fall. Some of the other high class Plainsmen performers, several of whom stack up with the greatest in Dixie, are alternate-captain Frank Gantt, second all-conference in 1935, and Big Chief McCroskey, guards; Joel Eaves and Hamp Williams, ends; Sidney Scarborough, quarterback; Wilton Kigore, fullback, and Herbert Roton and Hugh Rodgers, tackles. These boys and Captain Gilbert, Feinton and Hitchcock likely will start the combat with the Detroit Titans.

Able to jog around last week, Quarterback Joe Stewart, a senior first-stringer, who has been hors de combat since the initial test of the season with Birmingham-Southern, might get to return to the playing fold in time to make the jaunt to Detroit and clash with the Titans. Stewart is one of Auburn's most dependable players and his presence in the lineup will bolster the Bengals' chances of recording a victory in their first intersectional bout in three campaigns.

The Institute of Government to be conducted in Lansing by the League of Women Voters, American Association of the University of Women and the Y. W. C. A., at which institute Mrs. Jacob Steketee, the National Committeewoman of the Republican party and Mrs. Howell Van Auken, National Committeewoman for the Democratic party, were to discuss the National platform of their respective parties, has had to be canceled because Mrs. Steketee is too ill to be present to present the Republican platform. It is hoped that Mrs. Steketee will have recovered by October 22 at which time she is scheduled to appear on the same platform with Mrs. Howell Van Auken at an Institute of Government in Wayne County.

THE BOSS COMES TO DINNER

(By Nutrition Department, Detroit Dairy and Food Council)

There comes a time in every woman's life when an occasion is so "special" that it requires a special dessert to do the occasion justice; page such events as when the boss comes to dinner, or one of you or your husband's old sweethearts coming to town. Not to mention entertaining any number of local or out-of-town celebrities or the club at bridge-luncheon.

Even a simple dinner or luncheon can be lifted bodily out of the uninspired class if an unusual and perfect dessert crowns the meal. Often a simple dessert may be transformed by small touches such as clever garnishes or surprising added ingredients.

Plain vanilla ice cream, for instance, a good, but certainly run-of-the-mill dessert as it stands, can be transformed into the most ultra of desserts in the following ways:

Ice a la Margot

Serve vanilla ice cream in champagne glasses. Cover ice cream with whipped cream, sweetened, flavored with pistachio, and tinted very light green. Garnish with pistachio-nuts, Malaga grapes cut in halves.

Baked Alaska

Meringue Thin sheet sponge cake Cover a board with white paper, arrange cake on paper and ice cream on cake, having cake extend one-half inch beyond cream. Cover entirely with meringue and spread smoothly. Brown quickly in hot oven (450 degrees Fahrenheit). Board, paper, cake, and meringue are poor conductors of heat and prevent cream from melting. Slip from paper on platter, and serve at once.

Ice Cream Croquettes

Shape ice cream in individual molds or with an ice-cream scoop, and roll in almonds which have been blanched, shredded and browned in oven.

Another dessert for special occasions starts out as almost any pudding, but ends in another language.

Macaroon Cream

1 tablespoon granulated gelatine 1/2 cup cold water 2 cups scalded milk 3 egg yolks 1-3 cup sugar 1/2 teaspoon salt 2-3 cup macaroons, dried and rolled 1 teaspoon vanilla 3 egg whites

Soak gelatine in cold water. Make custard of milk, egg yolks, sugar and salt; add gelatine and strain into bowl set in ice water. Add macaroons and flavoring, stirring until it begins to thicken; then add egg whites beaten stiff. Mold, chill, and serve garnished with macaroons.

Settlers Introduced the Bee The bee was actually unknown in this country until introduced by the settlers. One writer records that the Indians had no name for it and called it the Englishman's fly. Yet the invention of bee line to mean a straight line is purely American, although it has become familiar in England.

Modern Freedom ... FOR MODERN WOMEN

FOR today's woman... busy, modern, throwing off ancient shackles... B-ettes were created. Here is a method that ends the discomfort, the inconvenience and the embarrassment that heretofore has been an unavoidable part of this feminine problem. With B-ettes there is no consciousness of wearing a sanitary protection at all! They are completely invisible in use... deodorant... and, though they safely and efficiently perform the purpose of ordinary napkins, B-ettes are so tiny that a day's supply can be carried unobtrusively in a handbag. Never before have women known such comfort... such convenience... such daintiness... in a sanitary protection.

* Worn internally... approved by physicians.
