Jefferson Avenue Improved In City

Following the completion of tree planting and landscaping on Kercheval avenue, within which ornamental shrubbery has also been installed in the parkway section east of Lakeland avenue, the County Road Commission, through County Forester J. M. Bennett, is engaged in the improvement of Jefferson avenue, some 200 ornamental elm shade trees being planted in a row approximately two feet from the sidewalk. These trees are being spaced upon an approximate fifty foot basis of planting and are of nursery stock. The size is approximately four inch and the height ranges from twenty to thirty or more feet. These trees will fill in the existing gaps caused by the removal at a former time, of many of the old, soft maple trees originally planted along Jefferson at the curb. Inspections made in the past few years has shown that the original maples are rapidly reaching their ultimate growth and life and no doubt many will succumb to old age within the next five or more years. It is in anticipation of this condition that the County, co-operating with the City, is now installing the new trees as well as to remedy the gaps caused as indicated above. The success of the plantings along the new Lake Shore Road boulevard section and that along Kercheval avenue inspired the idea of attempting an immediate planting in order to provide an ultimate, future growth of fine shade trees and shrubbery.

Grosse Pointe Gardens To Be Viewed May 21

The DETROIT GARDEN CENTER is again making plans to give Detroit and vicinity the opportunity to participate in its biennial Pilgrimage. This year they will show several new gardens, which have never been opened to the public before. The Gardens are of such size and design as to be of outstanding interest, not alone to home owners, but to apartment dwellers as well. In all, they will show twenty-two gardens, the beauty of which rivals anything in cultivation in this country. The tours are arranged for the afternoons of May 21st and 22nd and the 29th and 30th.

The Grosse Pointe Pilgrimage arranged for Friday and Saturday, May

21st and 22nd will begin in the garden of Mrs. Standish Backus. Here we can see a special planting of bulbs planted in patterns of colors, even Iris. She has an herb garden, designed from a 16th Century "Gardener's Labyrinth." Also, included, is the garden of Mrs. Benjamin S. Warren. This is interesting from the standpoint of age alone. The trees are a sight to behold and here is one of the few English Beech hedges in the country. Her Spanish Garden is a bit very true to life, even to the pool and water jet. For our pleasure, Mrs. Theodore D. Buhl has an area-way for a recreation room treated as a Rock Garden, with the living room at the end of the vista. Imagine a Bowling Green bordered with the newest and loveliest tulips. This we can see with Mrs. Richard Webber. Mrs. Julian Bowen's garden has utilized rocks that were taken from the Livingston Channel when the government was cutting the passage wider and deeper. They have made a charming rock garden. Mrs. Alfred Bender's arrangement is practical for any small lot owner, unusual and beautiful. They have a garden house, with fire place and the roof planted with sedum, etc. If you are interested in espaliered fruit trees or interesting examples of tree grafting, Mrs. Edward S. Evans' garden contains many fine sketches of a few of the gardens to be opened.

Grosse Pointe Lutheran Church

The festival of Pentecost will be celebrated at the Grosse Pointe Lutheran church, worshipping in the auditorium of the Richard school, Kercheval avenue and McKinley Road, Sunday morning, May 16th, at 11 o'clock, the Rev. M. Luther Canup, D.D., pastor.

"The Forbearance of Isaac" will be the subject taught in Sunday school at 9:45 a. m.

Last Sunday the following scholars were enrolled on the Mothers' Day service, Jean Ann Morris, Mary and John Amazeen, Marjorie Nelson, Mason, Marvin, Claire and Margaret Weaver, William Canup, Carol, Alice and Jean Corey, Bobby Elrick and Billy and Kenneth Cruise.

Bring your family and join us in the Sunday school at 9:45 and attend our preaching service at 11 o'clock.

Christian Science Churches

"Mortals and Immortals" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, May 16th.

Among the Bible citations is this passage (Ps. 37:18): "The lord knoweth the days of the upright; and their inheritance shall be for ever." Correlative passages to be read from the Christian Science text-book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 336): "Immortal man was and is God's image or idea, even the infinite expression of infinite Mind; and immortal man is coexistent and coeternal with that Mind."

This does not begin to describe the gardens—we have said nothing on many of the spots of beauty in which nature and man have combined to make for us a truly show. Shady rock gardens, formal and informal designs. The seed planter can view the handwork of the other fellow, see how he does it and

add to his fund of horticultural knowledge.

The Detroit Garden Center is a civic enterprise designed to bring garden lovers together and to concentrate for them in one place a variety of services they need. These services, which are free to the general public, include the use of a library of garden books, information on plant material and culture, exhibits of horticultural and nature subjects and lectures by garden authorities. Every amateur gardener owes something to this civic institution. It is supported by a biennial garden pilgrimage which is about to take place. The tickets are \$1.00 per trip or less than ten cents per garden. You can purchase the tickets at the Young Artists Market, Madison and Witherell streets, or at the entrance of any of the gardens or Grinnell's Music House. And do not forget the date: for Grosse Pointe, May 21st and 22nd and for Bloomfield Hills, May 29 and 30th.

GIRL SCOUTS

The week's article, written by Mary Mateer, Scribe of Troop 131, closes the series of editorials on the Girl Scout laws:

A Girl Scout is Thrifty

Most people don't know what the word "Thrifty" means, or how important it is. You would have enough food and other articles for many needy people to live on if you could see all the things that have been wasted and deliberately thrown away.

Some of the best ways to keep this rule of being thrifty is to save your money and don't spend it on every little trinket you see. Also when you are ordering something from the market get just the amount you will need, so none could be wasted. You can think of the word thrifty in many ways and if you keep this law in every way I am sure every scout could be a very excellent one. And remember "A Girl Scout is always Thrifty."

Troop 129

A surprise party was held for Mrs. S. W. Wallace at Christ Church Chapel on Friday, April 30, 1937. It was given by Troop 129.

The Scouts played baseball until she arrived. Then they gathered in a circle while Mrs. Wallace read one of the "Just So" stories by Rudyard Kipling. Then they played baseball once more. Ice cream and cake was served. Mrs. Wallace passed around candy.

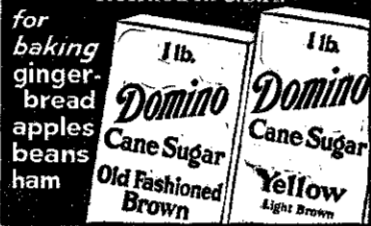

The meeting closed with the presentation to Mrs. Wallace of a gold charm by Mary Tiedeman. The windmill was a friendship token from the troop.

Troop 138

Well, to get caught upon the Troop doings. The eve of May 5th the girls met at the Grosse Pointe Memorial Church for their usual weekly meeting.

Plans were discussed for the coming year. Miss Dee Meysenburg has consented to take the troop, at least for awhile (they hope all the time). The girls made eager plans for the beginning of work on the Horsewoman's Badge in about two weeks. They expect loads of fun with this.

Betty Alexander represents the Troop at the Ford Hospital for a Child Nurse Course she is taking.

Six ambitious full pledged athletes finished their badge last week! Betty Alexander, Cy Moore, Irene Mitchie, Mary Esther Williams, Lillian Hooke, and Marion Ramm.

1937 Camp

On July 3rd, The Detroit Girl Scout Camp will open its second season on its three hundred acres of hills and lake at Metamore, just 45 miles from Detroit. There will be facilities for all sports, even horseback riding, and almost any kind of craft work may be learned.

Miss Minerva E. Cutler will direct the camp with the assistance of Gladys M. Pedersen and a staff of counselors chosen for their proud ability in crafts, nature study, character building, and direction of wholesome fun. There is one counselor for every four girls, and every counselor is a college woman, some with Master and Doctor degrees. The colleges represented on the staff are Bates University, Harvard graduate school, Sargent College of Boston University, Wellesley College, Cornell University, Connecticut College for Women, New York University, Oberlin College, Southern College for Women, University of Syracuse, University of Michigan, University of Heidelberg, Michigan State College, and Wayne University.

A Scout may attend camp for a period of two, four, six or eight weeks. The campers are assigned to units (20 girls to each) according to age and experience in campers. The four directors in each unit constitute the craft instructors for that section. The girls live in tents, protected by copper screens, and situated on the hill tops. The lodge, located on the highest hill and overlooking the entire camp, hold the dining room and is the scene of all camp entertainments.

Further information may be obtained through the troop leaders or from the Girl Scout Office in the Community Fund Building. Applications are also received through the same channels, and get yours in this week for the lists are filling fast.

Let's see many Grosse Pointe Scouts in camp this summer.

Farms Lose and Tie In Two Opening Games

Last Sunday the Grosse Pointe Farms baseball team opened the current season with a double-header against the Chase-Toole team at Royal Oak.

The first game was a close affair throughout, with Chase-Toole emerging the winner, 7 to 5. The game was featured by many fine plays by both teams. Lefty Furman and Hub Hagerty toiling for the Royal Oak boys, struck out eighteen of the local players.

The second iray was a well-played and well-pitched contest. Pritchard, of the Farms, pitching masterfully, until pulling a leg muscle in the last inning, here being relieved by Heimbusch, who stopped a late rally. The locals held the lead several times during the game, but the home team repeatedly evened the count.

Bill Harms with four singles, and Vic Heimbusch with two triples and a single were the offensive stars of the afternoon.

"The Unknown Soldier's Tomb" in Tableau, May 30th

A beautiful tableau to be given in the Grosse Pointe High School May 30th at 8 p. m.

The grand climax of the Joint Americanization Meeting, sponsored by six patriotic organizations in the Grosse

Pointe high school auditorium Sunday evening, May 30th, at 8 o'clock, will be a beautiful tableau — "The Unknown Soldier's Tomb." This striking tableau brings before the eyes of the audience a replica of the original Unknown Soldier's Tomb in Arlington cemetery, at Washington, in which Army and Red Cross nurses and soldiers in uniform take part. The tableau will be put on by the Grosse Pointe, Alger Post 995,

Veterans of Foreign Wars and the Grosse Pointe Post, 303, American Legion. In this most touching scene a male quartette from the Alger Post of Veterans of Foreign Wars sings, "Sleep, Soldier Boy, Sleep." The quartette will sing under the direction of Mr. Wm. Lewis, pianist for the Chrysler chorus.

This Americanization Mass Meeting is open to the public. All six organizations will take part in the presentation

of colors. The program will be participated in by the Boy Scouts and Sons of Veterans, soldiers from Ft. Wayne, U. S. Navy Reserve, Wayne County unit National Guard, R. O. T. C. from South-eastern High School. Ex-Governor Wilber M. Brucker will deliver the oration. Dr. S. M. Brownell will preside. Father Ross, of St. Ambrose will close the meeting with prayer.

Girl Scouts Camp Will Open July 3rd

by DOHFAN DEMING

After due excitement of getting into the right cars, the Scribes were off, their distinction being the Detroit News Building! Mrs. Hubbard had quite a time accounting for her newly acquired brood, but with the kind help of Mrs. Tedimen they finally arrived safely.

They trooped into the building fully expecting the presses to pop out at them. Once in, they were expertly herded into the waiting elevator with a guide following close behind. Up, up, to the fourth floor to be grouped in a semi-circle composed of nine inquisitive roses. The guide scenting this, pleasantly explained the mystery of the zinc plates and their use.

On the way to the Art Department the guide casually mentioned that about 4,000 tons of press paper were kept on hand continually since this lasts only about a month. After learning how the colored illustrations of the Sunday feature section were made, they were allowed to peep into the want ad receiving room.

Their were only a few women working at this time, but the guide assured that they had as many as sixty women working at once when they were busy. The News is proud to have the largest want ad department in the country with six hundred and fifty stations throughout the city.

The next stop was most interesting for here in the Reference Room and Library are kept more than 23,000 books; 5,000 biographies, 5,000 pamphlets, 2,000 negatives, 40,000 zinc etchings, 500,000 photographs and more than 2,000,000 clippings, dating back to the beginning of the paper. The library seemed to intrigue some of the girls. Perhaps they, too, are book worms.

They were led through the composing room and told "what made the wheels go round." From there they proceeded to the press room and here, one of the scribes made a sad mistake. In her eagerness to see the presses run she placed her hand on the railing of the balcony then to her face. The guide seeing this and the results, five black streaks down the side of her face cautioned them not learn on the railing. So much help.

Still laughing they helped the unfortunate clean her face and advanced thru the tunnel to the broadcasting buildings, where they observed the broadcasting rooms, the control booths, the electric transmitting machine, and the very beautiful auditoriums. Last but not least the charming modernly furnished room used for the home institutions and clubs.

The Scribes were thrilled to think that Sally Woodward (?) is planning to read their items over the radio and that they were mentioned in the talk of the Town.

They adjourned, after a final counting, to their respective cars for a jolly ride home.

Foundling Left In Grosse Pointe Garage

"I've read about things like this happening to other people, but I never thought it would happen to me." That was the reaction Monday of Mrs. Kenneth Kuhn, 1403 Kensington Road, Grosse Pointe, to whose care an unidentified mother entrusted the life of a three-day-old baby girl. The baby was found Sunday afternoon—Mothers Day—by Mrs. Kuhn's husband, Kenneth, when he went out to the garage. As he opened the car door his attention was drawn to the rear seat by a movement. "I thought I saw a hand moving among some dolls my daughter had left on the floor," he said. Investigating, he discovered the baby, dressed in a torn and dirty sheet and wrapped in a bath towel, and obviously suffering from exposure but otherwise in excellent health. Mrs. Kuhn dressed the baby in clothes which had formerly been worn by her two children, Barbara Ann, 3 years old, and Kenneth, 2. Since foundling babies are frequently named after the street where they are found the Kuhns suggested that, as their foundling was discovered at Charlevoix St. and Kensington Road, she should be named Charlotte, or Charline Kensington. Little Barbara Ann Kuhn didn't agree with this, however. "I call her 'Little Dumpling,'" she said.

Representatives of the Children's Aid Society of Detroit said they would investigate the case with a view to planning for the child's future, but that for a few days at least the little girl would remain in the Kuhn household.
