Youth Who Killed Carhartts Let Go By Pointe Jurist

Grosse Pointe police are "unable to punish those responsible for traffic accident deaths," because the Detroit prosecutor's office "refuses to co-operate," Justice of the Peace Joseph P. Uvick, charged yesterday.

The accusation came after Judge Uvick cancelled the \$1,300 cash bond of Edward H. Sneathkamp, Jr., 16, of 630 Lakepointe avenue, Grosse Pointe.

Sneathkamp, a Grosse Pointe high school student, posted the bond after Hamilton Carhartt, 82, wealthy overall manufacturer, and his wife, Annette W. Carhartt, 77, were fatally injured May 10 in a collision between cars driven by Sneathkamp and John Pickett, the Carhartt chauffeur.

The accident occurred at St. Paul avenue, and University place, Grosse Pointe.

"Two innocent people have been killed," Judge Uvick said, "and yet no one is being punished—because the prosecutor refuses either to issue a warrant or waive jurisdiction for the Juvenile Court."

Sneathkamp was in court with his attorney, Leroy Paine, and his father, Edward H. Sneathkamp, Sr.

"The accident happened," Judge Uvick asserted, "on a clear day, when the pavement was dry and at an intersection where visibility was exceptional." (Continued on Page Five)

City Installs New Emergency Equipment

One of the new Plymouth Scout Cars recently delivered to the City of Grosse Pointe Police has been equipped with an "Arntzen" emergency stretcher complete with built-in track, brackets and all necessary accessories. This device was installed after a survey or analysis of accidents or emergencies which showed that, in a great many cases, this facility would be of great importance in responding to calls and would, to a considerable extent, supplement the large unit used as a patrol and ambulance. The car is used in routine scout car duty and is usually first to respond in an emergency wherein lies its value as being on hand in any occasion requiring ambulance facilities. In the event that additional assistance or emergency apparatus is necessary at any occasion the Western Electric two-way Radios installed by the City in 1936, quickly summon such assistance. Chief Thos. V. Trombly invites the public to inspect the new equipment.

Dance Recital At High School June 7, 8

The guests are invited to participate in social dancing which will follow the performances. Tickets are available for these events at the Arndt Dance Studio, 919 Barrington Road, Grosse Pointe.

A new NRA which excludes the small institutions is being considered. It would appear as though class legislation is being fostered.

The man who defended Bruno Hauptman has been appointed prosecutor in the same county in which the famous trial was held.

Farms Clash With Big Beaver Sunday

The fact that the boys lost two games last Sunday does not mean a thing. This is another week, and it is the intention of all of the boys to enter into that win column.

On the succeeding Thursday, Dr. Harvey again is on hand and on the following Thursday, Dr. James Purvis will preside. The vaccination fee is \$1.00.

Smith, Corresponding Secretary and Miss Louise Karpinski, Auditor.

Vets and Legion Hold Poppy Sale Friday, May 28

Friday, May 28th has been designated as Poppy Day by the American Legion and the Veterans of Foreign Wars. On this date the members of the Grosse Pointe Post, American Legion and the Alger Posts, and their Auxiliaries will be deployed at strategic positions throughout Grosse Pointe Township and the City of Grosse Pointe to sell Buddy Poppies, to raise funds to help their unfortunate comrades whose sacrifice of health and limb for their country did not end with the Armistice.

An earnest appeal has been made for everyone to give freely and lend your aid by buying a poppy. The sale proceeds are devoted exclusively to relief activities of needy disabled veterans.

All Poppies distributed by these posts during Poppy Day are made by disabled and needy ex-servicemen in government hospitals—Over half a million of these emblems have been made during recent weeks by ex-servicemen in United States Veterans Hospitals throughout the country.

Poppy Day has become a fixed annual event of these organizations and people can give their financial assistance with full knowledge that all the money goes to those who are needy and deserving. They appreciate your generosity and patriotic response each year, and plead for your help especially this year with its increased difficulties for those who sacrificed their all including health and limb for our country.

All those who wish to help this worthy cause can send their checks to the Posts Headquarters at 17520 Mack avenue, City of Grosse Pointe, Mich. It will be deeply appreciated.

Norbert F. Denk Appointed To Ways and Means Committee

At a recent meeting of the Board of Supervisors of Wayne County Norbert F. Denk, Supervisor of Grosse Pointe Township was appointed to the Ways and Means Committee by President William P. Bradley.

In making the appointment Bradley considered the fact that Grosse Pointe Township is the highest assessed valued Township in the state, and Mr. Denk's splendid record of service during his tenure of office.

This is the first time in five years that a Supervisor of Grosse Pointe Township has had the honor of serving on this important committee.

Stay-at-Home Camp Now Enrolling

The Stay-at-Home camp which enters its fifth season at the Trombley School and Lakefront Park will be continued again this year. The camp took care of 45 children last summer and already a large number of reservations are being made for the current season.

Here your child will have expert care and guidance all day and return to the roof tree at night. The day will be balanced by sunshine at the beach, bathing or swimming, luncheon, rest, games and opportunities to pursue such interests as art, music, nature study, drama and other school subjects under the direction of Mrs. Bertha Bright Knapp and associates. For a little extra cost, special trips will be planned to places of interest with which all children should be familiar. (Continued on Page Five)

Farms Lose Double-Header Last Sunday

Last Sunday, at Kerby field, East Detroit defeated Grosse Pointe Farms in two games, 2 to 1 and 9 to 0.

The first game was a close affair throughout, with both pitchers turning in marvelous performances. Dick Cooke, making his first appearance for the locals, was invincible. He gave up but two measly hits, and struck out five batters.

The second combat was a very drab affair. Loose playing by the home boys contributed to the visitors victory. The opposing pitcher was very stingy with his hits, allowing but three.

Despite the double defeat, the spectacular pitching of Cooke presented a bright ray of sunshine to the large attendance which was present.

Rabaut Speaks on Emergency Relief

Louis C. Rabaut, Democrat of the 14th Congressional District, speaking in the House of Representatives, had the following to say recently: "Mr. Chairman, yesterday in this House in direct contrast to the urge for economy we had a demonstration of loyalty that was the admiration of all those who recognized the true sense of the word, and it was particularly fitting that this loyalty was extended in behalf of none other than the distinguished chairman of the Ways and Means Committee, our beloved friend and patriarch of the House, Robert Doughton.

Today as this emergency relief appropriation bill comes before the House I am wondering to just what degree the membership of this body will regard the loyalty that should be theirs to their constituency to find its first fitting place when it operates against the poor of this country. (Applause). I am wondering if we are taking into consideration the effect our action may have upon the labor market of this Nation. I am wondering just what concern this body has regarding the Veteran who is 40 or over and finds himself unemployed. I am wondering just what we think about the wives and children of the most helpless class in this Nation—those on the W. P. A. those whom we would strike today under the waging banner of economy. (Applause.)

I want the membership of this House to remember the days when most of us came here, when these same unfortunates had been driven down into the mire of despair by those who preceded us in the conduct of the government of this country. Are we to walk out on them now? I leave that question with you. Will you walk out on your leaders today? Will you walk out on the members of the Appropriation Committee, who have considered this matter? The appropriation of \$1,500,000,000 recommended by the Committee amendment is the sum desired for relief of the most underprivileged, unorganized class in this nation. Think it over seriously before you vote, and remember that you are accountable to all the people of this Nation, even to "the least of them." (Applause.)

FUR STORAGE COMPLAINTS . . .

A fur coat, as one of the most valuable garments in a wardrobe, merits more than ordinary care. Particularly is this true when summer comes and furs are stored.

The value of fur storage, cleaning, repairs and insurance—protection against factors even more destructive than wear—is well recognized today, but many persons are careless in the selection of the individual or concern to whom they entrust their valued garments.

Six months hence, when furs are again needed, the Bureau will doubtless experience another epidemic of fur storage complaints. Most of these can be avoided, NOW, by first determining the dependability of the concern who solicits your patronage. The record of consumer experience is available at the Bureau—and the substantial number of established concerns affording such service makes gambling on the unknown as unnecessary as it is unsafe.

Home Financing Plans Outlined by Lanphar

So impressive has been the building boomlet in Grosse Pointe during the last several months, thanks in no small measure to the cooperation of the Federal Housing Administration and local mortgage bankers with the real-estate operators, builders and owners that phases of the mortgage business has not been stressed to the extent justified by its importance, according to Melvin F. Lanphar, President of the mortgage firm bearing his name.

"While our firm has many splendid loans in the Grosse Pointe area during the past year and is continuing our deep interest in the new properties that are dotting nearly every block in the township, we would not forget the need of refinancing of existing mortgages and land contracts.

"Many obligations incurred prior to or during the building boom of the '20s are now due and payable. All carry a higher interest rate than are now available on new mortgages. Grosse Pointe properties are afforded a high rating whether new or existing. They enjoy the top or nearly the top rating in nearly every instance. Therefore it is very much to the advantage of Grosse Pointers to consult us about the refinancing of their present obligations.

"If their properties are held under land contract, it is nearly always possible for us to refinance them with a first mortgage, guaranteed by the F. H. A. or not as circumstances seem to dictate, thus enable the owners to take title to their homes as well as to enjoy more reasonable payments.

"Residents of 'The Pointe' will do well to contract my assistant, Mr. Donald F. Walker, himself a resident of Grosse Pointe or myself regarding the great advantages they may expect to enjoy under our several refinancing plans."

Check Address Motorists Cautioned

With the approach of the outdoor and summer vacation season, motorists of Michigan are cautioned by Department of State officials to check the home addresses on their drivers' licenses.

The 1931 operators' and chauffeurs' licensing act makes it the duty of operators to notify Leon D. Case, Secretary of State, of changes in address. Forms are available at police and sheriff's offices.

In the event of injury or accidental death of motorists, drivers' licenses at times furnish the sole means of identification; only complications result if the addresses are not correct, Department officials point out.

Not infrequently the Department receives queries as to the whereabouts of missing persons believed licensed in this state as motor vehicle operators. Little aid can be extended if a motorists' registered address is not up-to-date, it is pointed out.

Strange Disaster One of the strangest disasters in naval history occurred in the Mediterranean on the afternoon of June 23, 1893, says Collier's Weekly, when Vice Admiral Sir George Tyrone aboard Britain's then greatest battleship H. M. S. Victoria, ordered and reordered a mysterious maneuver to the consternation of the fleet behind him, that made another giant battleship ram and sink his vessel, in thirteen minutes, with a loss of 358 men—including himself.

Stay-at-Home Camp Now Enrolling

(Continued from Page One)
There are a number of advantages in this plan besides the low cost. The headquarters at the Trombley School offer large airy rooms and excellent sanitary conditions for all physical needs of the group. The children dress and undress in the rest rooms of the school, thus avoiding the bath house at the beach. The dining room and the kitchen are screened and the lunches are carefully planned.

Mrs. Knapp has had a wide experience in the directing of children's activities. This is her fifth year for the camp and her sixth year for the Grosse Pointe's Children's Playhouse.

The campers will be transported to the camp at the Trombley School between 9:30 and 10 a. m., and return to your home at 4 p. m. every day except Saturday and Sunday. This arrangement gives a vacation to both of you without the loneliness of long absence from home and with the security that all is well with your kiddies when night comes.

The day's program:
9:30 to 10 a. m., Campers collected by private auto.

10 to 10:30, Preparation for swimming at the park; children taken there in auto.

10:30 to 12:30, Play and bathing. Swimming taught by instructor. All of these activities are strictly supervised. Children return to school and dress for lunch.

12 to 2, Lunch, housekeeping and a rest. Many of the children sleep for an hour or more and are allowed to do so.

2 to 3, Group activities according to interests, art, music, nature study, woodwork and games.

3:30 to 4, Preparation for home. A well balanced luncheon will be served at 1 p. m. each day. Each camper will be delegated to assist in his turn and according to his ability, thus many opportunities for learning the joy of working and playing together will arise during the day.

Requirements: Ages, 5 to 13 years of age, boys and girls. Physical examination to insure protection to all.

Fees: For designated period at the camp are payable at registration. Make your reservation early as only a limited number of campers can be accommodated. Call Mrs. Bertha Bright Knapp, Lenox 7795 or Cadillac 7049.

Youth Who Killed Carharts Let Go By Pointe Jurist

ally good—at an ideally safe intersection. It would seem from these facts that one or both of the drivers were negligent.

"There was either lack of proper control or inability to control because of excessive speed. If neither driver was speeding, then they could have stopped.

"After all these facts were presented to the Detroit prosecutor, he still refused to issue a warrant on grounds of insufficient evidence. The net result is, every one goes free. Not even was the license of either driver revoked.

"This court and its police department is helpless. I can't issue a warrant because Snethkamp is a juvenile and the prosecutor refuses to co-operate by waiving jurisdiction.

"What sort of an example is this thing going to set for the hundred or so of Snethkamp's fellow students who drive automobiles? They see one of their own group involved in an accident in which two people are killed and he escapes without punishment, without even probation."

There is a rumor that lemonade Butts and Hoyt have a scheme of some kind whereby our Finance officer is going to be mighty busy, am I wrong, boys?

Bill Neff is confined at Marine hospital. How about paying him a visit? Heard today that Tex resents that wagon cracks. Too bad big boy. Encourage Children To Use Milk As A Delicious Beverage

In May, when the first warm days and the extra stress of examinations and school closing cause the youngsters' energies to flag, a full quota of milk is effective for restoring their vitality.

Ideally, the taste of fresh, sweet milk, appetizingly cold, is a pleasure to a child. Children should be taught early to like milk in the form of a beverage and use it without added flavor. Children accept milk without question in families where adults also drink milk. It has been found that the milk-drinking habit varies proportionately with adult influence, being high in homes where there are other children and few adults, and low in homes of few children and more adults.

A glass of milk is tastier and also better digested when accompanied by a little snack, such as a salty wafer, a Mary Ann cookie, a graham cracker or a ginger-snap.

Milk is given to children most advantageously towards the end of a meal and between meals, because of the feeling of fullness it gives. This sense of appetite satisfaction after taking milk is largely due to the fact that milk induces the secretion of an approximately equal amount of gastric juice within a few minutes of its entry into the stomach.

If a child's milk-drinking habit has been spoiled or destroyed, his thirst for cold drinks in summer is better satisfied without resorting to the soda fountain. A supply of a delicious milk drink flavored with summer fruit or berries may be prepared early in the day and kept on hand for him to help himself. Shaking or beating milk drinks until they are frothy when served adds to their attractiveness. Dress the milk with ice cream, flavor it with fruit juice, and call it a "frappe" or a "shake." Colored straws and extra-tall glasses will help carry the soda fountain illusion, and the child will be absorbing the best kind of nourishment, as well as refreshment.

Here are some simple and delicious milk drinks which can be prepared easily with ingredients you almost always have on hand. They will be a great help if your problem is to get the daily quart of milk required for good nourishment, into the child who has become capricious about drinking milk.

For efficient growth a child needs, each day, the lime which is present in a quart of milk. He can adjust himself to less, but not without menace to his constitutional well-being.

ORANGE MILK PUNCH
1 cup orange juice.
6 tablespoons honey
1 quart milk.
Cream or ice cream.
Mix honey and orange juice thoroughly. Add milk and beat with egg-beater till smooth (about 3 minutes). Chill thoroughly and top with cream or ice cream.

BANANA SULTANA
2-3 cup bananas, mashed to pulp
3 tablespoons orange juice
3 tablespoons honey.
1-8 teaspoon almond extract.
Few grains of salt.
2 cups milk.

Mash bananas to a pulp and mix untirely separated to give a creamy mixture. Add all the remaining ingredients and blend thoroughly. Serve in tall glasses garnished with whipped cream; serves three.

STRAWBERRY MILK SHAKE
1 quart strawberries.
1-2 cup sugar.
21-2 cups cold milk.
1 teaspoon lemon juice.
Thoroughly wash berries and hull. Drain berries and crush well, or put through a sieve if seeds are objectionable—there should be 2 cups of crushed berries. Add sugar and lemon juice to berries and set in refrigerator to chill. When ready to serve, gradually add the berry mixture to the cold milk and beat well with an egg beater. Chipped ice may be added; garnish whipped cream if desired. This will make 4 servings.

Christian Science Churches

"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, De-nounced" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, May 30.

Among the Bible citations is this passage (Isa. 14:24,27): "The Lord of hosts hath sworn, saying, Surely as I have thought, so shall it come to pass; and as I have purposed, so shall it stand: For the Lord of hosts hath purposed, and who shall disannul it? and his hand is stretched out, and who shall turn it back?"

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 206): "The power of the human will should be exercised only in subordination to Truth; else it will misguide the judgement and free the lower propensities."
