

# CHRYSLER SHOW HERE FRIDAY

## News Digest

Did you know that a new motion picture studio is in the state of being constructed on Cadieux road at Warren.

Boats would have been ideal for transportation on some of our main thoroughfares Monday, and many a basement could have used pumping equipment.

The widening of Charlevoix avenue near the City of Detroit limits has been very favorably commented on by merchants in the vicinity and it does relieve a very congested area.

The Vicar is making many serious charges of conspiracy which may mean his banishment from England and his church. He feels justified in doing as he did in the Duke of Windsor and Wally Simpson case.

It seems that tax sale advertisements are to be distributed among Democratic publications only, according to a recently published article in one of the daily papers.

The Tigers recently found a new catcher who had been sitting on the bench a great deal of the time as utility infielder, whose hitting ability was sadly needed in the lineup. The catcher is none other than that popular individual, Rudy York.

It is hard to understand a system such as Soviet Russia's. Brilliant men who have been instrumental in fostering Communism find themselves before the same firing squad which they at some time or another had controlled. Such is the irony of fate in Russia.

Centerline mayor files slander suits against recallers, and many desire to withdraw their signatures from the recall documents.

Detroit has a young lady who willingly offered to serve time for her stepfather that he might aid her ailing mother. That's what you might call sacrifice.

After weeks of fighting it seems that Japan is preparing to declare war upon China. We thought the war was on already.

Someone must have turned off Newfoundland's aircooling system early this week for its Arctic breezes failed and the island suffered from the heat.

Home owners who have HOLC loans may have their interest rates reduced from 5 to 3 3/4 per cent and the time for payment extended to 20 years instead of 15. Forty-five representatives are in favor of the move. Write your congressman and urge him to support it too.

Druggists of Grosse Pointe may soon have the pleasure of taking Sunday afternoon off, even as you and I, if plans now under consideration go into effect.

## Home of A. P. Teetzel Entered on Tuesday

Silverware and other articles with a total value of more than \$1,000 were stolen Tuesday from the home of Albert P. Teetzel at 166 Moran Road, Grosse Pointe Farms, police were told. The Teetzel family is away on vacation. The thief posed as a window washer to get into the house, a maid told detectives.

## REVIEW LINERS GET RESULTS

### Bobby Shepler Drawing Large Crowds to Mayfair

Bobby Shepler and his rhythmic merry-makers have scored quite a hit with Mayfair patrons. Every week the crowds increase in size as the news of their popularity spreads. You will enjoy the music of these versatile musicians, and enjoy the comfort and hospitable reception at the Mayfair at Mack and the Seven Mile Road.

Enjoy your favorite beverage, partake of delicious foods and be entertained at Grosse Pointe's finest rendezvous. Drive your car up to the door and a neat, pleasant colored boy will park your car free of charge. Remember—no cover charge, no minimum and no admission charges at the Mayfair.

## Park Officials Confer with Detroit Council in Regard to Storm Sewer Flooding

Alfred J. Garska, President of Grosse Pointe Park, Jules L. Berns, Village Attorney, and Charles Marden, Village Engineer, had a hearing on Tuesday before the Detroit Common Council in an effort to determine the cause and responsibility for the flooded condition following the heavy rains that have occurred at four separate times this summer, causing flooded basements and streets and costing thousands of dollars damage.

Speaking before the Detroit council, Mr. Berns brought the council's attention to the fact that Grosse Pointe Park has a contract with the City of Detroit whereby they are obligated to draw off and dispose of all storm water as well as sewerage coming through the mains of Grosse Pointe, and it is the contention of the Village officials that Detroit is not using all their facilities to accomplish this purpose in an emergency. At the suggestion of the Detroit council the Grosse Pointe officials had a long session with the Detroit engineers, and it was agreed that they would work out a solution.

The Grosse Pointe engineer claims that both during the storm of last Monday and an hour after the rain stopped falling that he checked the main sewer in Jefferson avenue and found that this nine-foot sewer was full to capacity, causing the laterals to back up into basements and streets. He further contended that he checked with the pumping station at Fairview and found only two of the four pumps in operation.

Mr. Martin Fisher, acting Detroit engineer, claimed that two pumps were all that were necessary throughout the storm on Monday, and that at no time did the water in the 14-foot Detroit sewer reach a dangerous level. He

## Police Ask Co-Operation in Grosse Pointe Area

A number of radios have been stolen from cars in the Grosse Pointe area during recent weeks. The various police departments ask that citizens noticing anyone meddling with cars on the street to please report it at once to your local police department.

Your co-operation will mean the speedy apprehension of the culprits who have been operating in the neighborhood during the past few days.

## Jacqueline Fox Going to New York for Week

Jacqueline Fox, of the Jacqueline Beauty Salon, 1101 Lakepointe avenue, will leave Friday for New York where she will secure first hand information on the new hair styles for the fall season.

She is returning on August 23 with the newest ideas in beauty culture for her Grosse Pointe clientele. For fine beauty service visit this delightful beauty salon.

## Richardians Travel Far to Attend Homecoming

"Members living in 23 States of the Union, as well as in Canada and overseas as far as China and the Philippine Islands, have been sent special invitations," says Grand Knight John Hollinger, of Gabriel Richard Council, Knights of Columbus, "to participate in the council's homecoming outing to be held on Sunday, August 15, in celebration of the recent purchase of property on which it is planned to make an early start on building operations for its new clubhouse."

"It is really surprising," continued Mr. Hollinger, "how many of our out-of-town members have signified their intention of attending the gathering; many have arranged their vacations so as to bring their families to Detroit in time for the outing."

This will be the 15th annual picnic of Richardians and their families. Accommodations are being arranged to care for approximately 5,000 adults and children. Beverly Gardens Park at Van Dyke and 13 Mile Road, is well equipped to take care of such a crowd, and to give excellent accommodations for dancing, athletic games, picnicking, golf and other outdoor sports, especially for the children.

A Plymouth DeLuxe Touring Sedan and many other valuable articles are on the list for the day. A treasure hunt will provide fun and many prizes for the little tots. Softball games and a membership golf tournament have also been included in the day's program. While picnic baskets are in order, refreshment and luncheon facilities will be provided.

## Should Taxpayers Be Informed?

Since the announcement from the Board of Education that a new position was created at a salary of \$5,000 a year and a more recent announcement that Dr. S. M. Brownell will devote only part time to the Grosse Pointe school system, questions have been pouring into the Grosse Pointe Review offices relative to these moves by the Board of Education and questioning the soundness of such moves.

The citizens of Grosse Pointe are first of all interested in knowing how big a reduction in salary Dr. S. M. Brownell accepted to permit him to devote part of his time to lecturing at Yale University.

Is this move in the best interests of the Grosse Pointe taxpayers?

In a school system the size of Grosse Pointe's is it necessary to have both a Director of Instruction and a Superintendent of Schools?

If not, then why not dispense with one or the other?

From a reliable source information was received that leads us to believe that there was considerable haste in creating the office of Director of Instruction and making the appointment before the new member of the Board was sworn in.

Was this because opposition from the new member of the Board was expected?

The successor to the principalship of the Grosse Pointe High School was secured out of town.

Was this the logical thing to do?

In most school systems when a man is sincere in his efforts to advance the pupils and understands the system and its problems, he is promoted to the higher office, then if it becomes necessary to secure his successor elsewhere, the new member of the staff must begin in a lesser position until he shall have proved his worthiness to a more lucrative position.

Most individuals are ambitious and desire to advance themselves, but how can anyone advance in a system where every position is filled from other jurisdictions and the trustworthy, ambitious individuals of the staff who are the backbone of any organization must continue year after year in the same capacity with the knowledge that they need not look for advancement because it isn't for them.

Men are elected to the school board to provide adequate facilities for instructing the children of the community and maintain schools that we all can be proud of, but we must also bear in mind that every taxpayer must bear the burden imposed upon them by the school board, and therefore their interests must be zealously protected, so that they will not be called upon to pay for unnecessary frills and top heavy expenditures.

It is only when the taxpayers' dollar isn't used to the best advantage that criticisms and curtailment by means of the ballot are resorted to by the taxpayer who has no other recourse.

These columns are open for answers to the questions submitted. We feel that the community should have these questions answered that a clear understanding of the picture might be had by the taxpayers, without prejudice or malice.

The individuals who foot the bills should know every detail as to what their money is going for and why.

Let them be the judge.

## Unique Party at Hisey-Jeakle Show Rooms Friday Aug. 13

Arrangements have been completed for something new and unique in the automobile world. A colorful program of entertainment with suitable refreshments will be offered to the residents of this vicinity at the special show at the Hisey-Jeakle Inc. show rooms and garage, 15000 Kercheval avenue at Wayburn.

## Ray Boos' Funeral Was Held Tuesday

By MARY JANE STOETZEL  
When people speak of Ray Boos in the future the one phrase that shall pass their lips will be "He died in harness." Death struck Ray Boos Friday, August 6, as he stood over his meat table in Fred's Market cutting meat.

Life is funny. One minute Mr. Boos was laughingly joking and the next he was lying on the floor from a heart attack from which he never recovered.

Although Mr. Boos was not a resident in Grosse Pointe, because of his meat business he has made many acquaintances. For several years he had his own meat shop in the oPointe. The last few years Mr. Boos had complete charge of the meat department of Fred's Market on Kercheval avenue.

Mr. Boos was an active member and contributor in the Grosse Pointe Rotary Club and the Knights of Columbus.

Funeral rites were held Tuesday morning at the E. S. Watko Funeral Home, with service at 10 o'clock in St. Anthony's Church. Members of the Rotary Club attended the services and acted as a guard of honor along with the Knights of Columbus. The body was taken to Mt. Olivet Cemetery for burial after the church services.

He leaves a widow and five young children between the ages of six and twelve.

## St. Paul's Bob-Lo Excursion August 17

The annual excursion to Bob-Lo of St. Paul's Church will be held next Tuesday, August 17th. All members of the parish and their friends are cordially invited to join them for a day of pleasure and contentment at this popular resort.

Arrangements have been made for numerous events, games and other forms of entertainment to complete a very delightful program.

## Detroit Thieves Apprehended Here

Following a Detroit police radio broadcast of a breaking and entering of a doctor's office at 2933 Cadillac boulevard the morning of August 7th, Patrolmen Walter Hoyt and Albert Crooks, City of Grosse Pointe police officers, arrested Daniel McCormick, age 23, of 3016 Lakeview avenue, Howard Sherman, age 23, of 33605 Edwards, Farmington, Mich. and Raymond Hicks, of 9930 Mack avenue, and turned them over to the Detroit police department.

Raymond Hicks had a previous record.

Dr. M. C. Reun, D. D. was the victim. His safe was robbed of \$97.00 and several dollars worth of gold and platinum. The loot was entirely recovered.

Special booths have been constructed in the garage which should be of great interest to the motorist, and all cars have been removed and seating accommodations for some four or five hundred persons installed. Interesting talking pictures, humorous, colorful, dramatic, educational and thrilling are combined in this one big show sponsored by the Hisey-Jeakle company in conjunction with the Chrysler Motor Corporation, supported by concerns who supply parts and materials for the servicing of cars at this Grosse Pointe institution.

Diminutive Shirley Webber, a student of the Lucille Barkley Dance Studio, will render several dance numbers, including toe, tap and the rumba. This popular young stepper is in great demand, and it is worth your while just to see her.

An orchestra has been secured to provide music for dancing for those desiring to dance following the show, and a real entertaining evening is in store for those who attend.

Then some \$250,000 in valuable prizes will be distributed on this occasion, so for a profitable, pleasant and entertaining evening gratis, be sure to attend this colorful affair tomorrow evening, August 13.

## Fingerprinting Now Available at Farms

With the opening of the schools just a short distance away, comes the announcement from the Grosse Pointe Farms police department that the department is preparing to resume activities in the fingerprinting department.

Anyone desiring to avail himself of this service for identification purposes is cordially invited to make use of it. It is also available to children of school age, provided they have written consent from the parents. This means of identification is recommended by the Board of Education.

The Grosse Pointe Farms police department is located at 66 Kerby road.

## ANNOUNCEMENT

Mr. and Mrs. Edward J. Pongraz, Jr., announce the birth of a daughter, Mary Louise, Sunday morning at the Jennings Hospital.

We wonder if this new alarm clock can be regulated.

## Dawn Patrol Officer Makes Two Arrests

Allen and Thomas Potts, brothers, of 2169 Ridgmont Road, Lochmoor, were arrested in Grosse Pointe Farms August 4th, stealing bricks from the Frater Construction Company. Both pleaded guilty in front of Judge Schmidt in Justice Court, and were fined \$50.00 each and costs, or given the alternative of ten days in the Detroit House of Correction.

Officer Harold Wisner made the arrest.

## Marines Provide Haven for Americans in China

United States marines shown opening the ponderous gate of the U. S. legation in Peiping, China. Under the protection of the marines, American citizens find a safe haven as war rages between the Chinese troops and the invading forces of Japan. Inset shows Col. John Merston, commander of the U. S. marine barracks at Peiping.

## HEALTH NOTICE!

### Physical Check-Up of Children Urged by Schools and Health Dept.

The Grosse Pointe Department of Health and the Board of Education urge a thorough physical examination by the family physician before the child enters school this fall.

The following suggestions are offered:

1. Consult your physician and obtain a physical examination for your child. Have the doctor return the results of this examination to the school.
2. Make certain your child is vaccinated against Small-pox.
3. Be sure that your child is protected against Diphtheria.
4. Have your child immunized against Whooping Cough.
5. Ask your physician regarding Scarlet Fever immunization.
6. Have a tuberculin test and, if necessary, an X-ray.
7. Consult an eye physician and have the eyes checked.
8. Consult your dentist and have the teeth examined and all corrections made.

B. H. WARREN, M. D.,  
Health Commissioner.

**Camp Ohyesa Y Boys Enjoy Camping Life**

Word has come from Camp Ohyesa that the "Y" boys from the Hannan Y. M. C. A. are having a most adventurous camping experience and are thoroughly enjoying themselves. This Y. M. C. A. camp, which is under the direction of Mr. Arthur Diekoff of the Southwestern High School faculty has a fine staff of leaders and counselors. The staff includes a program director, waterfront director, naturalist, craft instructor, doctor and nurse, who are aided by many camp aides.

**6,000 Attend Belgian-American Picnic**

Six thousand or more attended the Belgian-American picnic held at the Detroit Creamery Grove on Sunday, August 1. Everyone who attended enjoyed it to the fullest extent.

Baseball games, refreshments, dancing and other forms of recreation which make these affairs something to talk about were indulged in.

One of the outstanding features of the day was the baseball game in which the Detroit Accordion team was defeated four to three. George Verdonck, the star second baseman of the Belgian team, accounted for three of the hits. Many of these boys come from Grosse Pointe, and we might add they are among the leaders in the finals. Announcement of games scheduled appear in the daily papers.

The Belgian-American Businessmen's Association wish to thank the people of this vicinity for their splendid support at this annual event.

**Refrigeration Experts Available Here**

Duncan & MacNicol, 19427 Charlevoix avenue, specialize in the servicing of refrigerators. You can entrust your refrigerator repairing to them with confidence, and be assured that it will run perfectly when they look after it.

They have spent many years with one of the leading refrigerator manufacturers, securing a thorough knowledge of refrigerators, and have been serving the Grosse Pointe area from their offices on Charlevoix for the past several years, developing a substantial clientele in the vicinity, and a splendid reputation for honest, dependable service.

**Maintenance Cost of Nation's Tubercular Institutions Is High**

Recent statistical studies by the National Tuberculosis Association of the annual cost of maintaining tuberculosis sanatoriums and hospitals in the United States reveal a startling investment: the valuation of the institutions runs over \$329,000,000 and the annual cost of maintaining them amounts to \$76,000,000.

"These statistics in themselves present tangible arguments for intensifying the preventive aspects of tuberculosis work," Dr. Bruce H. Douglas, president of the Michigan Tuberculosis Association, declared this week. "Many factors influencing the spread of tuberculosis, such as environmental conditions and physical vitality, cannot be directly concentrated upon by anti-tuberculosis organizations," Dr. Douglas pointed out.

Individual desire for the prevention of the disease forms a necessary element in the fight against tuberculosis, he declared. One of the many important parts of the extensive preventive programs of tuberculosis organizations is tuberculin testing with the subsequent x-ray of positive reactors. The cost of these two essential items in early discovery of the disease is negligible, compared with the staggering sums expended yearly on the tuberculosis sick, he added.

That preventive campaigns are becoming more and more extensive against the disease which still ranks high as a leading cause of death, was Dr. Douglas' opinion. Anti-tuberculosis programs are inclining more and more toward concentrated effort, particularly in communities where there is a localization of tuberculosis, he believed.

"Tuberculosis is a disease which usually is restricted to specific localities of high incidence," Dr. Douglas stated. "Statistics compiled by the National Tuberculosis Association, showing death rates from tuberculosis by counties, have demonstrated a series of tuberculosis areas which follow no artificial state boundary lines.

"Intensive work toward prevention of tuberculosis in areas of high incidence can be carried out with the greatest possible success through direct cooperation by the people, through their willingness to support the Christmas seal financed fight against the White Plague."

**REVIEW LINERS GET RESULTS**

**Republicans Rally for United Front in 1938**

An amalgamation of all Republican interests in the state in an effort to present a solid front in the 1938 campaign is in the making party leaders predicted in Lansing today as they outlined plans for a huge rally to be held at Bay City September 17-18. The rally is sponsored by the Michigan League of Republican Clubs and every state-wide Republican organization is joining in an effort to make the affair one of the most outstanding party rallies ever undertaken in Michigan.

The two-day rally is to be packed full of interesting events according to Senator Miller Dunckel of Three Rivers, chairman of the committee in charge of arrangements. The first day will be devoted to meetings of such groups as the Republican State Central Committee with James F. Thomson of Jackson, chairman, in charge. Other groups to meet will include the Republican Women's Federation of Michigan, Mrs. George W. Rogers of Detroit, president; Michigan Federation of Young Republicans, John Carton of Lansing, president, and the Michigan Republican Service Men's League, Dr. Robert M. Ashley of Wyandotte, president.

September 17 being Constitution Day, the program calls for speakers from Washington including Senator Arthur H. Vandenberg of Michigan and Congressman Dewey Short of Missouri, rock-ribbed constitutionalists, to carry on the battle that has been waged in congress against attacks upon this document, Senator Dunckel announced.

Claris Adams, who was president of the Michigan League of Republican Clubs during 1935-36, now a resident of Columbus, Ohio, is slated to be toastmaster at the Constitution Day banquet, at which Senator Vandenberg and Congressman Short are to speak.

New officers of the league are to be selected following the group meetings Friday. Present officers are John C. Ketchum of Hastings, former congressman from the fourth district, president; Senator Dunckel, secretary, and Hal Smith, treasurer.

**Highway Dept. Plans Half Million Dollar Bridge Construction**

The state highway department this week planned a half million dollar bridge construction program during the current fiscal year to be financed entirely from state funds.

Commissioner Murray D. Van Wagoner laid the program before the state administrative board. With bids already taken on a group of oil aggregate surfacing projects similarly financed, the highway department now has a combined state road and bridge construction program for the first time

in more than four years. All construction since July, 1933 has been financed entirely or in large part with Federal funds.

Sixteen projects are on the program. They will replace present structures that are no longer adequate for the traffic they bear. L. W. Millard, bridge engineer of the department, said the bridges to be replaced are in the worst condition of any on the trunkline system from a viewpoint of accident occurrence and maintenance costs necessary to keep them in use.

The projects are entirely separate from those that are to be built under the Federal Aid program in which the state matches Federal funds.

Commissioner Van Wagoner said construction probably will get under way next month on this program which will continue through next fall and winter.

**SOCIETY**

Ann Evans, of Whitmore road, has as her house guest her cousin, Nelle Witter, from Indianapolis. Nelle will remain in Detroit the remainder of the summer.

Myra Fulmer, of Tennyson avenue, recently returned from a stay at Oakwood Inn, near Grand Ben, Ontario. Myra, at present time, is entertaining Mrs. Bruce A. Gear (Mary Louise Watson) of Beverly Hills, Calif.

Mr. and Mrs. Richard H. Hecker, of St. Paul avenue, will be moving into their new home on Merriweather road next week.

Mr. and Mrs. Virgil E. Frazier and their daughter, Mary Elizabeth, have just returned from a stay at the Ranch-Estate of Klok, on Stevens Lake, near Tipler, Wis.

Returning from the West are Dr. and Mrs. Arch Walls and their children, of Ruthland road. Dr. and Mrs. Walls have spent two weeks touring the West.

Mr. and Mrs. Herbert Ely, of Bishop road, will return home tomorrow after having spent several weeks at Bigwin Inn, Lake O' Bays, Ont.

Mrs. Dan M. Dickenson, Jr., of Touraine road, is also returning to our city tomorrow. Mrs. Dickenson has been gone a month on her visit at Ogunquet, Me.

Mrs. Abner E. Larned, of Lake Shore Road, returned last Friday after spending six weeks with her cousin, Mrs. Mabel Nelson, in Milwaukee.

Mrs. Donald McCallum, of Camden road, gave a linen shower and buffet supper for Lois Smith, who will marry Charles F. Reinbolt, Jr., August 30. Next Wednesday, Miss Smith will be entertained again at a bridge luncheon and kitchen shower by Mrs. Leslie V. Brown, in her home on Renfrew road.

Mr. and Mrs. Fred M. Zeder and their daughter Dorothy returned last Friday to their home on East Jefferson from Cleveland where they had been the guests of Mr. and Mrs. William Kelly.

Clyde P. Craine, Jr., of Lowell Drive, spent the last week-end in Chicago. He is leaving the middle of September aboard the Normandie for England to finish his senior year at Oxford.

Mrs. Richard W. Jackson of Merriweather road, is the guest of her mother-in-law, Mrs. John J. O'Brien, of Grosse Pointe boulevard, at her summer home at Seal Harbor, Me.

Mr. and Mrs. Waldo C. Granse, of Calvert avenue, will return this week-end after spending three weeks at their cottage at Port Sanilac, Ont.

Mr. and Mrs. Daniel J. Muller, of Taylor avenue, will return tomorrow to Detroit after having spent several weeks at Les Cheneaux and Northport Point.

Mr. and Mrs. Bernard Samuels with their two daughters, Audrey and Phyllis, returned yesterday to their home on Calvert avenue after spending five weeks motoring through the East.

Mr. and Mrs. S. A. Strickland, of Balmoral drive, and Mrs. Horace A. Davies, of Fairway drive, returned Friday from spending two weeks at Bigwin Inn, Lake O' Bays, Ont.

Mr. and Mrs. Franklin McClure, of Cleveland, left the hospitable portals of Mrs. McClure's sister's home, Mrs. Gladys Barkley Sibley, of St. Paul avenue. They left Detroit last Friday for Cleveland before going on to New York for an indefinite stay.

In the East Mr. and Mrs. McClure will be the guests of their son-in-law and daughter, Mr. and Mrs. James Melton, on their farm outside of New York City.

Dr. and Mrs. Earl McRoberts, who have been visiting Mr. and Mrs. Robert C. Hanson of Wilshire drive, have returned to their home in Evanston, Ill.

Mr. and Mrs. Ralph Schroder, of Moss avenue, left last Thursday for a two weeks' motor trip in Wisconsin.

They are planning on spending the week-end with their son, Jerry, at Camp Nebaugemon.

Last Friday, Elizabeth Frances Vaughan, daughter of Dr. and Mrs. J. W. Vaughan of Grosse Pointe, was married to Robert Morse Potter, son of Dr. and Mrs. Hollis E. Potter, of Chicago, in the little white chapel at the Old Mission, Traverse City.

Florence Brow, of Glendale avenue, and Edna Green, of Forrer avenue, have set sail aboard the Queen Mary for a six weeks' trip in Europe. They hope to visit France, England and Switzerland before returning.

Mr. and Mrs. Robert Olds, of Kensington road, have announced the date of the marriage of their daughter Corinne to John H. Conway, son of Mrs. J. Conway of Jefferson avenue, as August 21, at the St. Peter and Paul Rectory. Rev. Fr. Arthur D. Spillard will officiate.

Mrs. Hugo Ulbrich, Jr., will honor the bride-elect at a linen shower and supper in her home on Nottingham road, August 12. On August 14, a luncheon will be given at the Detroit Boat Club by Miss Vail.

Hugh C. White, of Canterbury road, will leave the last week of August for a trip to Denver.

Mrs. William J. Young, of Lakeland avenue, is expected back August 18, from her European travels.

Winifred Hughes, of Devonshire road, and Jean Hatcher are expected back from their motor trip to Colorado Springs August 22.

Miss June Dudley has returned to her home in Kentucky after several weeks' visit with Mr. and Mrs. Geo. E. Wackey, of Touraine road.

Dr. and Mrs. Alfred Seyler, of Lakepointe avenue, have spent several weeks in Northern Wisconsin.

Mr. and Mrs. Frederick S. Ford and family, of Windmill Pointe drive, will return home about the middle of August from Harbor Pointe.

Pointe Teachers Have Articles in 'The Nation's Schools'

From the Publicity Department of The Grosse Pointe Schools) Summer issues of "The Nation's Schools," national education magazine, carry two articles by members of the staff of the Grosse Pointe School system.

In the August issue "Custodians Picked with Care" is the title of an explanation by E. E. Allen, administrative assistant, of the procedure followed by Grosse Pointe in choosing members of the operative and maintenance staff for its schools.

"In order to house the instructional program satisfactorily, school buildings must be as attractively designed and efficiently maintained as is practical. Schools are 'lived in.' They should compare favorably in appearance, cleanliness, general comfort and convenience of arrangement with at least the average type of home environment from which the children come and the office and store surroundings in which

their parents work," writes Mr. Allen. To secure custodians who will do the sort of housekeeping job which will result in desirable surroundings, it is necessary, Mr. Allen suggests, to eliminate the type of applicant who has reached an age where ordinary employment is strenuous for his diminishing physical powers and who thinks of a school janitor's job as an easy berth. Efficient custodians are rather people of desirable records in experience, character, and vocational ability of well as age, health, and residence, Mr. Allen declares. How these factors are considered and weighed is described in the rest of the article.

Charles E. Leavitt, assistant principal at the high school, is the author of an article entitled "Open House Aids Pupil Adjustment" in the July number of "The Nation's Schools." The semi-annual open houses for the 7-B and 8-A grades and the annual senior high school open house are described briefly by Mr. Leavitt, whose central thesis is that it is essential for the home and the school to work together for the good of the child and that it is therefore advisable for the school to provide special opportunities when parents may confer with teachers concerning the child's growth.

Alger Post Activities

By THOMAS L. GILL Alger Post No. 995 V. F. W. held a spirited meeting Monday, August 9. In fact it reminded one of old times and in a week or two we will have several interesting announcements for readers of the Grosse-Pointe Review.

Commander Guy Carpenter, Past Senior Vice Commander of Twin City Post 1459 and Commander Arthur Harke from Post Sumtut No. 3158 were visitors with us at the meeting, furnishing many interesting facts about the functions of posts upstate.

Sunday, August 22 is the big day, to which the Post members should look forward to, the date of the annual picnic. The committee has been quite active and this year's picnic promises to be one of the biggest events in the post's history.

Members of the post, both old and new, are urged to be present with their family and friends. There will be races and games of all kinds and a special golf ball driving contest for the men.

The affair will be held at the Renie Farm located on Little Mack between the Nine and Ten Mile Roads Sunday, August 22.

Members are also reminded that a special drive for new members is on before the membership fee increase becomes effective. Comrades bring in your new member before we break ground for our new home, and don't forget the picnic.

Hannan Y.M.C.A. Notes

Vacation days are busy days for the boys of Hannan Y. M. C. A. With an all-around program of sports, hobbies, trips and outings, every moment is filled with interesting, worthwhile activities of interest to the scores of boys who are members of this association. The vacation program is a part of the year-round service of recreation and character education which the Y. M. C. A. provides.

In the hobby shop over fifty boys in five classes are making purses, key

cases, hon-hon and card trays, tie racks, plaster-of-paris and other craft projects which are taught by Frank Updegraff. In this class the boys are working toward and exhibit their handiwork at the end of August.

The sports program of softball, track, tennis in the park and swimming, diving and lifesaving in the "Y" pool. On days that are too hot or rainy the sports program is held in the large gymnasium. Warren Johnson is the director of these health-giving recreations.

Wednesday the boy's conducted tour went to the zoo where the "Y" boys under the leadership of Lloyd Disney and a corps of volunteer leaders seen the animals of many lands. Next week's tour will take a full day and will include a hike over the Ambassador Bridge, a visit to the Wakeside Dairy and the Windsor Y. M. C. A., returning on the Detroit and Windsor Ferry.

Other vacation activities which are popular with the "Y" boys are the learn-to-swim and fancy diving classes, the table games in the boys' lobby and use of the library which is stocked with a fine assortment of boys' books. Tournaments in ping-pong and cue roque are held weekly. The winners of last week's tournament are Richard Hansen, Art Bentley, Peter Logothetis, Claude May, Fred Meek, Richard Standforth, Sam Butsicaris, Douglas Wenrich, Jesse Barrett and Robert Syme.

New Curiosities Added to Michigan Insect Zoo

Zoological curiosities from New Mexico, Arkansas and Ontario have swelled the collection of the Michigan Insect Zoo in Convention Hall, Detroit, during the last week.

Bugs that appear to be a three-way cross between scorpions, crayfish and beetles are the two-inch vinegar roars from New Mexico. These curious insects have a pair of forelegs that look—and are used—much like those on a crab, crayfish or lobster. Their big bodies look like that of the Pinnos beetle. And they sport long tail pieces reminiscent of the scorpion. They are warlike, often attacking each other in their cage. But they are death on smaller insects, and so come under the "beneficial" heading.

From Arkansas come a pair of cottonmouth water moccasins, poisonous snakes of the swamps and lowlands. Never found in the northern half of the United States, water moccasins pack deadly venom in their snowy jaws. They strike without warning, and are rightly feared in their native haunts. They live on many varieties of land and water insects, rodents and fish.

The Canadian curiosity is a blushing katydid—a biological "sport" that closely resembles the common green katydid in everything but color. But this insect's coloring is a violent rose-pink from the tips of his long antennae to the end of his tail.

Some fifteen varieties of more common caterpillars, beetles and other insects, including many now feasting on Michigan gardens and fields, have also been put on display. The Insect Zoo is open daily from 11 a. m. to 10 p. m.

Public Letter B-O-X

5062 Spokane Avenue, Detroit, Michigan.

To the Editor, Grosse Pointe Review: "Politics may be politics" but the way the State of Michigan is run has all of us in our house perplexed and worried.

With all the cry for economy the State Legislature out of a clear sky appropriated \$225,000 a year for the next couple of years to set up an unneeded system of employment agencies. Why this move was made at a time when the United States Department of Labor was offering an efficient employment service under the directorship of Major Howard Starret has never been explained in either House or Senate.

Reports in the press show that the National Reemployment Service is not only supplying the job hunters and employers in Michigan with an honest and non-political service but is collecting statistics for the Social Security Board, the Unemployment Compensation Commission, and other governmental agencies.

Why should \$450,000 of the taxpayers' money be squandered during the next two years? To provide jobs for politicians? All of us at our house would like to know.

WALTER STANTON.

"All-Michigan Day" at Exposition August 14

Tribute to Michigan's prominent part in the agricultural and industrial development of the Great Lakes region will be paid at the Great Lakes Exposition in Cleveland when "All-Michigan Day" is celebrated there August 14 with Gov. Frank Murphy expected to head large state delegations.

Center of interest for Michigan visitors will be their own state exhibits featured in the "Making of a Nation" section of the Exposition. They will see a 90-pound black sturgeon measuring 58 inches from "drow to stern," which makes its home in a naturalistic pool installed by the Michigan Department

ment on Conservation in Lakeside Exhibition Hall.

All varieties of trout from Michigan's streams will be found in the big tank. A rival feature of the display occupying 3,500 square feet is a large relief map of this state (Michigan) which was constructed at a cost of \$50,000.

Twinkling lights point out oil wells, state parks, famous agricultural and industrial areas and historic spots. Another section of the exhibit, which is enclosed by an old snake rail fence, is a replica of Tahquamenon Falls in the Upper Peninsula, the largest falls between Niagara and the Rocky Mountains.

The part played by Michigan State College, oldest college of agriculture in the world, in bringing its home state to top rank in the best sugar industry and as a bean producer also is being told to thousands of visitors at the Exposition.

This exhibit also illustrates such contributions to agricultural progress as the development of the Great Lakes states into the nation's leading alfalfa center and organization of the country's first dairy herd improvement association under leadership of Michigan State College.

Excursions by boat, train, plane and bus, together with motor pilgrimages from various towns, are expected to pour many thousands of Wolverine citizens into Cleveland for the observance of "All-Michigan Day." From Detroit and Lansing there will leave large official delegations for ceremonies taking place in Sherwin-Williams Radioland at the Exposition.

Wayne County Old Age Pensions \$129,647.25

Wayne County old age assistance payments amounted to \$129,647.25 during June, according to figures received here by Miss Madge G. Walker from James G. Bryant, State Welfare Director. A total of 6,967 persons received assistance for an average of \$18.61 a person, slightly more than the state average of \$17.16. During the month 1,342 persons applied for assistance and 1,298 or 96.9 per cent were accepted as eligible for aid, with all but 44 new cases.

A total of 35,883 old age assistance recipients throughout the state shared \$615,897.11 for an average benefit of \$17.16 during the month of June. Half of the total amount of benefits paid was met by Federal funds allocated by the Social Security Board. In addition to the regular allowance to recipients, \$39,898.80 in funeral benefits, paid by the Bureau of Old Age Assistance out of state funds, was expended.

The average benefit during the month ranged from \$14.00 in Oscoda County to \$19.06 in Washtenaw. Wayne County's 6,967 persons and the \$129,647.25 spent on their assistance accounted for approximately a fifth of the total persons and total costs for the state as a whole. The state average with Wayne excluded would be lowered by only 34 cents to \$16.82.

During June, 7,276 applications for old age assistance were received, of which 1,799, or about 25 per cent, were accepted as eligible. All but 22 of these cases had never before been listed on the rolls of the Bureau.

Messiah Lutheran Church

Southeast corner of Kercheval and Lakewood avenues. A. H. A. Loeber, pastor, 1434 Lakewood avenue. Telephone Lenox 2121.

On the past Sunday, the pastor delivered the first of a new series of sermons, the general theme of which is: "What The Christian Has." Last Sunday "Prayer" was treated, while the subject for the coming Sunday will be: "Comfort." The service will take place at 10 a. m. The Sunday School will meet from 9 to 10 o'clock.

Jefferson Avenue Baptist Church

An annual visitor at the Jefferson Avenue Baptist Church is the Rev. Carlos M. Dinsmore, D. D., who will preach this Sunday morning at the eleven o'clock service in the absence of the Rev. Wayland Zwayer, minister. Dr. Dinsmore is church edifice and building fund secretary of the American Baptist Home Mission Society, Michigan born, and a graduate of Kalamazoo College, he is well known and beloved in this section. One of the recent ventures under his department has been the raising of a special fund for the relief of churches destroyed or damaged in the Ohio Valley flood area. The preacher the following week will be the Rev. Charles A. Carman, D. D., minister of the Morgan Park Church, Chicago. He will be followed on August 29 by President Stewart G. Cole of Kalamazoo College, and on September 5, President William Gear Spencer, president of Franklin College, Indiana, will preach. Dr. Zwayer returns to his pulpit the second Sunday in September. He is spending his vacation at oPinte Aux Barques.

"Y" Boys' Track and Field Meet Tuesday

The boys inter-branch Detroit Y. M. C. A. track and field meet will be held next Tuesday, August 27, at 2

seniors, intermediates and junior boys taking part in the various athletic events recenting the Hannan Y. M. C. A. The senior boys won the indoor meet last spring and should make a fairly good showing at this time.

Christian Science Churches

"Soul" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, August 15.

Among the Bible citations is this passage (Ps. 27:4): "One thing have I desired of the Lord, that will I seek after; that I may dwell in the house of the Lord all the days of my life, to behold the beauty of the Lord, and to enquire in his temple."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 247): "The recipe for beauty is to have less illusion and more Soul, to retreat from the belief of pain or pleasure in the body into the unchanging calm and glorious freedom of spiritual harmony."

Detroit Department of Recreation to Present Pageant on August 19

More than 3,500 girls and boys, representing over 100 playgrounds, are rehearsing songs, dances, games, and sewing costumes in preparation for the twenty-third annual children's pageant to be presented at Belle Isle on Thursday, August 19, at 3 p. m., announced Mrs. Lottie McDermott Coligan, director in charge of the production for the Department of Recreation.

The pageant story will be an adaptation of Washington Irving's famous tale of Rip Van Winkle and will be one of the highlights of the summer playground program. Participation in the pageant has been the objective of the girls who have regularly attended the daily dance periods at their recreation center and diligently worked on the costumes, and the boys who have practiced the songs.

Bleacher seats to take care of 15,000 spectators will be erected so that parents and friends of the children taking part may watch them perform. The pageant will be free to the public.

When the pageant gates are opened the procession of children dressed in colorful costumes to depict their part in the story will march in and take their places around the field. The dramatic action will be unfolded on a raised center platform and the dances performed around it. The audience will see Rip and his dog, Wolf, at the village where Rip tells stories to the children and watches them at their games. Mrs. Van Winkle strongly disapproves and she arrives to scold her husband thoroughly. Saddened and humiliated, Rip summons his pet pig to carry him and Wolf away.

House Act Valuable Weapon in War on Gyp Auto Dealers

House Act No. 215, passed by the recent Michigan legislature and now in effect, gives Secretary of State, Leon D. Case, a valuable weapon in his war on unscrupulous auto dealers who in the past have gyped buyers through excessive finance charges, which in some cases have been inflated as high as 22 per cent of the actual cost of the car.

Under the new law the seller must deliver the buyer a statement covering charges of all description and a duplicate of this statement must be filed with the application for title or transfer of title. The act provides a penalty of \$100 or 90 days in jail for violation

and in addition the Secretary has the such as Mr. Lenhardt suggests would not help the situation in Grosse Pointe, if he is found guilty.

Provisions of the act are briefly as follows: "The seller shall deliver to the buyer a written statement describing clearly the motor vehicle, the cash price, cash paid down by the buyer, the amount credited for any trade-in and a description of the same, the amount of the finance charge, the amount of any other charge specifying the purpose, the net balance due, the terms of payment and a summary of any insurance coverage."

The law affects all auto sales, both old and new and no title will be issued unless the certified statement of purchase agreement is attached with the title application.

At the present time the Secretary of State's office is receiving approximately 1,000 title applications and purchase agreements a day.

Park Officials Confer with Detroit Council on Sewer Situation

(Continued from Page One) increased population and the extensive building in the last few years, is not large enough to carry off the water draining into it.

The Detroit city engineers approved the type and size of the trunk line sewer laid in Grosse Pointe a number of years ago, but they now claim that the only solution to the problem would be to build another sewer of equal size to take care of Grosse Pointe for all time to come. Grosse Pointe Park is at the present time 52 per cent approved, and conditions will necessarily become worse as more building takes place.

Laurence G. Lenhardt, Detroit commissioner of public works, predicts an additional pumping station will have to be erected north of Mack avenue to take care of the additional water flow for that section of Detroit north of the Grosse Pointe villages. However, the writer had a personal interview with Mr. Martin Fisher, acting Detroit engineer, on this matter, and he stated that in his opinion a pumping station

sewer of a dimension half as large as the one it dumps into at Fox Creek," said Mr. Fisher. "We can and do amply take care of all the water you dump into our sewer, and can take care of as much more providing your sewer was increased in size."

Mr. Garska wants it known that an immediate survey as to the remedy is taking place and that a proposition will be ready to submit to the voters as soon as possible.

Starret Reports Veterans Get Jobs

During July 572 jobs in Michigan were filled by war veterans through the offices of the National Reemployment Service, Major Howard Starret, State Reemployment Director, reported today. During the same period there were 399 former soldiers registered for the first time.

Private industry and private contractors hired 542 of the total, while the other 30, or 5.2 per cent, were sent to security wage work relief jobs, the report showed.

"There are 6,692 veterans now actively seeking work through the NRS, forming 5.7 per cent of the total of 117,411 men and women carried in our active files," commented Major Starret. "Many employers now realize that the lessons of loyalty and obedience taught the veterans during his years of service make him an ideal stabilizing influence today, when he has the added qualities of maturity in judgment and family responsibility."

# Happenings of the Nation Told in Pictures

## Scenes and Persons in the Current News

1—Henry Ford who celebrated his seventy-fourth birthday by breaking ground for the new Dearborn veterans hospital at Detroit for which he donated a 38-acre site. 2—War memorial designed by John Russell Pope and built by the United States government in memory of America's dead in the World war which was dedicated recently by Gen. John J. Pershing at Montfaucon, France. 3—King Carol of Rumania, who was a recent visitor in London, shown walking along Regent street.

### White-Headed Vultures Reach Age of 118 Years

Dr. A. D. Peacock, Professor of Natural History, Dundee University, in writing on the ages of animals and birds, says:

The potential longevity of the toad and frog may reach 38 and 12 to 16 years, respectively. A Japanese salamander has lived 40 years in the zoo.

Exact European records show 40 years for captive alligators. Experienced students believe that no great ages are attained in lizards and snakes.

For birds the figures tabulated are not exact in all cases, nor average, but as they relate to actual observations a certain value attaches to them. The figures represent years.

White-headed vulture, 118 (in captivity); parakeet, 120 probably (in captivity); parrot, 120, probably (in captivity); golden eagle, 104 to 150; falcon, 100 to 162; eider duck, 100; crow, 100; swan, 70 to 100; raven, 69 to 100; eagle owl, 68; heron, 60; goose and duck, 50 to 80; 57 certainly for the goose; ostrich, 50; crane, 43; pelican, 41; gulls, dove and sparrow, 40; hawks, 30 to 40; cuckoo, 32; oyster-catcher, 30; rhea, 30; cassowary, 26; skylark, 18 to 30; canary and peacock, 24; crane and goldfinch, 23 (in confinement); linnets, 23; magpie, 23; kiwi, 20; nightingale, 12 to 25; turkey, 16; pheasant and partridge, 15; pigeon, 10 to 20; hen, 10 to 30; robin, 12; thrush, 10; goatsucker and swift, 8 to 9; starling, 8 and wren, 2 to 3.

### Siam's King Given Bath Before His Coronation

"May you reign for 120 years!" cries the chief priest at the coronation of a Shah of Persia. When the ceremony is over the Shah appears before his people seated on a marble throne brought from Shiraz. Surrounded by princes and ministers, he puts to his lips a pipe loaded with jewels instead of tobacco, then inquires as to the welfare of his people, and expresses his hopes for the future.

The date and time of the coronation of a king of Siam is fixed by his Brahmin astrologers. Before his coronation, writes a correspondent in London Answers Magazine, he has to endure a ceremonial bath seated on a dais, of which the four sides are square to the cardinal points of the compass. King and dais are enclosed by curtains, then the water is turned on. This is done no fewer than eight times, the king facing in a different direction each time, and getting a thorough soaking.

Then comes a blast of unearthly music from conch shells, during which the very wet king is dried and invested with his royal robes. He then receives the nine-storied umbrella from the Chief Brahmin, together with the crown, sceptre, sword, and other regalia.

Rice plays a very important part in Japanese coronations.

### George Washington, Farmer.

Washington was a mighty farmer in his day, and some idea of the extent of his farming operations may be formed from the following facts: In 1782, he had 500 acres in grass, sowed 600 bushels of wheat, 600 acres with oats, and prepared as much with barley, corn, potatoes, beans and peas. His stock consisted of 140 horses, 112 cows, 285 working oxen, heifers and steers and 500 sheep. He constantly employed 250 hands, and kept twenty-four plows going during the whole year, when earth and weather would permit.

### Many Uses for Eggs

Besides their use as human food, eggs are in demand for dog feed, bird feed; fish feed, fox feed, hog feed and other commercial feeds, according to H. H. Alp, extension poultryman, college of agriculture, University of Illinois. Eggs are also used in the leather and fur trade, in lithography, in photo-engraving, in cementing cork to jar and bottle caps, in pharmaceuticals, in textile printing, in paints for artistic work, in printing ink, in photography, in gliding books, leather, cloth, fabricoid and in egg shampoo.

### Badge From the Georges

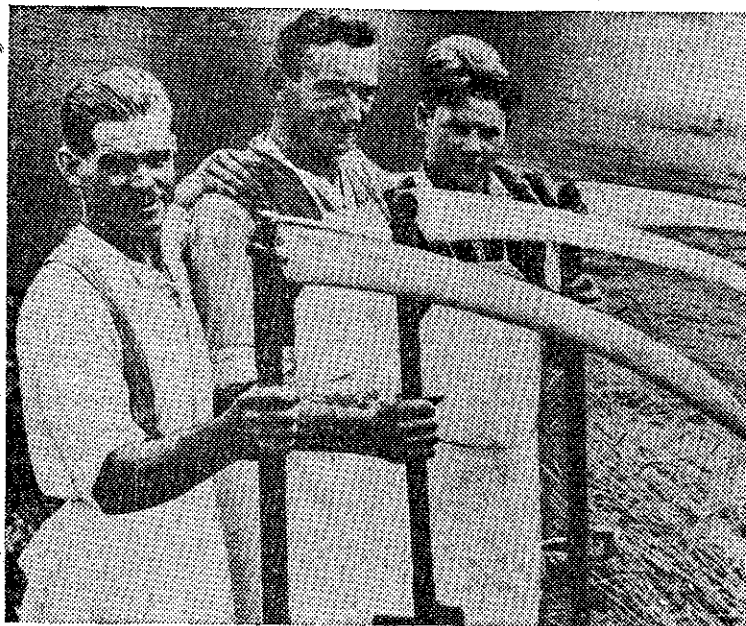

When the late King George was prince of Wales, it occurred to someone to honor him by getting all the prominent Georges of Britain to combine and present him with a badge on which all their names would be inscribed. Dukes and peers, lords and ministers, high churchmen and members of parliament, and among them all, the name of the Jeweler's workman, also a George, who, laboring on the badge desired to have his name associated with it, asked, and was graciously given permission.

### States and Religion

The first amendment to the federal Constitution states that congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof. Article 6 of the Constitution states that no religious test shall ever be required as a qualification to any office or public trust under the United States. As Bryce's "The American Commonwealth" points out, every state constitution also contains provisions similar to these, some specifically forbidding the creation of an established church.

Forty Plants Used for Curry Into the making of one of the various Indian curry powders there go products from 40 different plants.—Field Museum News.

### They Cut 14 Square Yards a Minute

A world's record for scythe cutting was set recently by three Austrian farmers who mowed an area of 14 square yards in one minute in a contest between land workers of Zwettl and Edelhof Agricultural college in Lower Austria. Left to right are seen Ignaz Hirsch, Rupert Hahn

### YOUNGEST EVANGELIST

Charles Jaynes, Jr., seven years old, of Peoria, Ill., who was ordained recently in Peoria Trinity tabernacle before 1,500 men and women. The young minister is on a tour of the country conducting church meetings and is accompanied by a nurse and tutor. The boy is the son of revivalists.

### Indian Pilgrims Hail Juggernaut Festival

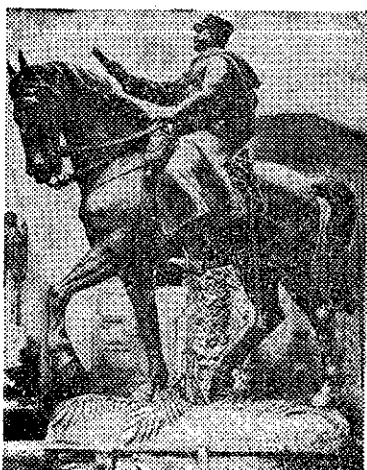

View of the scene in Puri, India, as the car of the Jagganath (Juggernaut) was hauled by thousands of pilgrims in the recent festival of "The Lord of the World." In olden days, these huge vehicles in which devout Hindus take their gods for a ride once a year often became uncontrollable and pilgrims were crushed beneath the wheels. In recent years police regulations have been so stringent that accidents rarely happen.

### Aerial Nurses Fly on Their Errands of Mercy

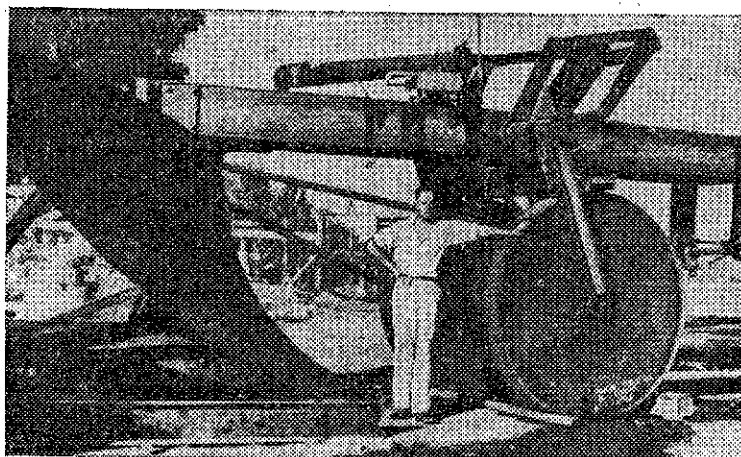

In chic blue uniforms and overseas caps, the newly formed organization of flying trained nurses are seen holding inspection at Burbank, Calif. With specially equipped ambulance ships members of the Aerial Nurses Corps of America will be ready to fly on every type of aerial errand of mercy.

### JOFFRE IN BRONZE

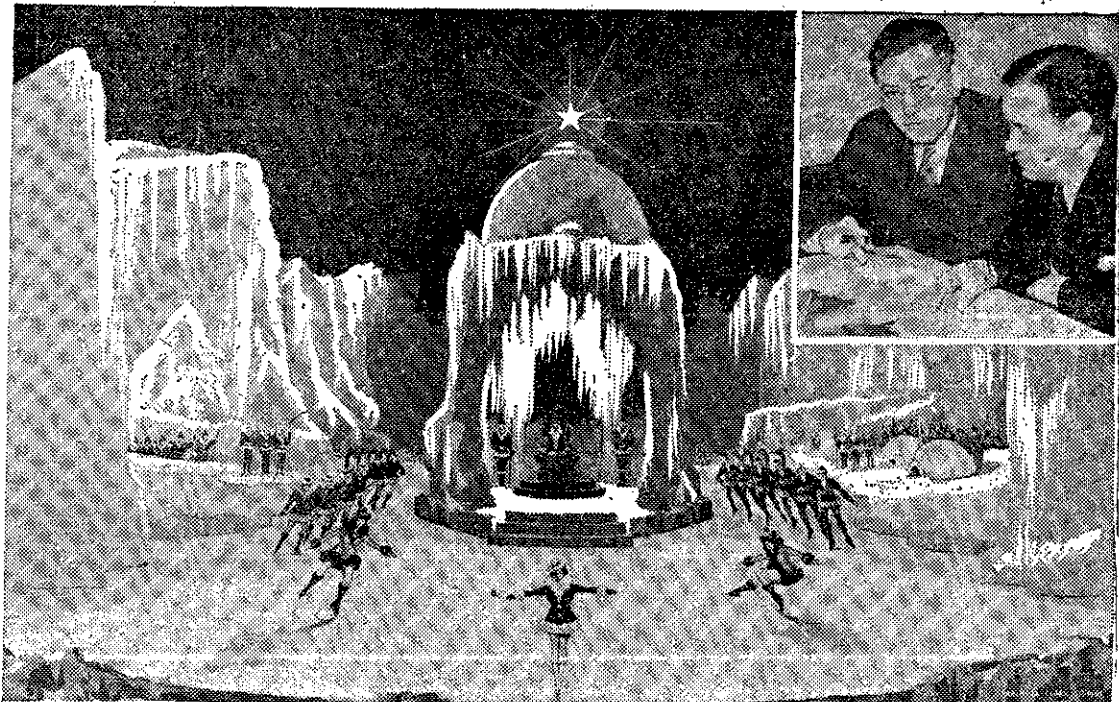

An equestrian statue of the Victor of the Marne, designed by Maxime Real del Sarte, which will be placed in one of the squares of Paris as a memorial to the French World war general.

### Huge Plow Will Cut Six-Foot Furrow

Huge plow constructed at a cost of \$3,400 which is designed to cut furrows six feet deep. It will be used in the Santa Ana river plains of California to recover rich loam soil buried under sand deposits by the 1916 flood. The machine will be pulled by two 95-horse-power Diesel-driven caterpillar tractors. The share will be nosed into and pulled from the earth by a powerful hydraulic hoist mounted on top of the frame.

### Big Ice Show to be Staged at Great Lakes Exposition

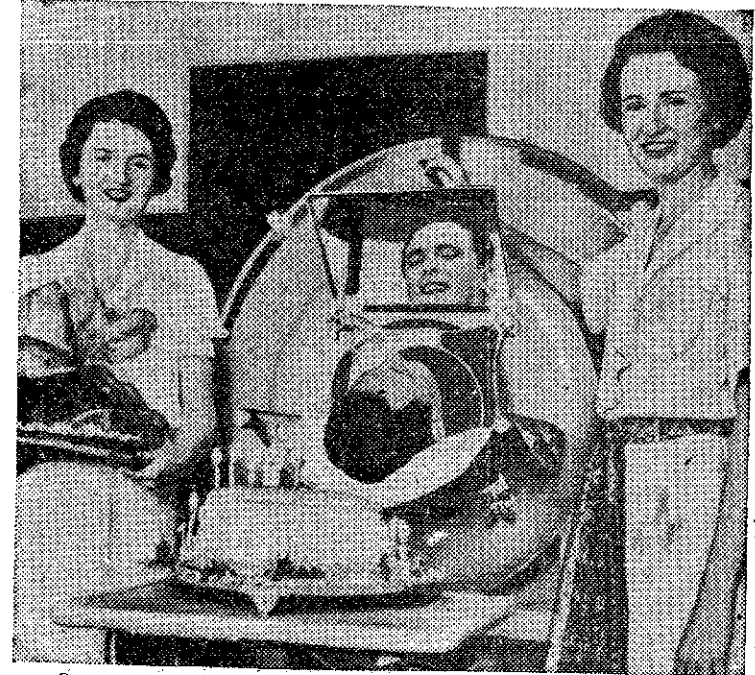

WINTERLAND, beautiful ice palace starring the nation's outstanding skaters and ballet performers, is a new feature attraction at the Greater Great Lakes Exposition opening in Cleveland on May 29 for 101 days. Here is the artist's conception of one section of the huge show. Inset upper right are (left to right) Harry P. Harrison, producer and Vanny Van Grove, nationally-known New York producer, who will direct the extravaganza, as they discuss plans for Winterland. Unusual costuming, brilliant stage effects and novel acts are featured in the production. Winterland is located in the heart of the Exposition grounds.

### CAPTURED BY REBELS

Harold Dahl, twenty-eight-year-old American flier now in a Spanish insurgent jail, whose wife, from Champaign, Ill., has enlisted the help of the United States embassy in Paris to secure his freedom. Dahl, flying a pursuit plane for the Spanish government, was forced to bail out when his ship was attacked by insurgent aircraft. He was captured after he reached the earth and was reported to be in danger of facing the firing squad. The Dahls have been married only six months.

### Celebrates 27th Birthday in Iron Lung

Frederick D. Snite, Jr., of Chicago who recently celebrated his twenty-seventh birthday lying in an iron lung—the machine that does his breathing for him. It is his second year in the machine since he was stricken with infantile paralysis in China and he expects to spend several more in it before he is able to do his own breathing and walking. His girl friend Rosemary O'Farrell, left, and his sister Mary, right, visit him.

### MISS PARIS, 1937

Only seventeen years of age, with curly blonde hair and a naive smile, Lily Lamb, who has been designated "Miss Paris, 1937," shows a divergent trend from the frail beauty of former winners. Miss Lamb was elected as beauty queen at the Casino de Trouville from a multitude of candidates at the Paris International exposition.

### Knute Rockne, Jr., to Enter Notre Dame

Knute Rockne, Jr., son of the late Knute Rockne, who has made application for enrollment at Notre Dame this autumn. He says he will go out for the football team. Young Rockne weighs 150 pounds.

ADVERTISE IN THE REVIEW

On and Off the Records

by Lee Montgomery

Harold E. Stoll, Wayne County Register of Deeds, filed a nominating fee of \$100.00 Saturday to become a candidate for the office of City Clerk at the October Primary.

For several months various political and civic organizations have been urging Stoll to enter the City Clerk race.

The most efficient Register of Deeds Wayne County has had in many years, Stoll, now serving his third term, has

during his tenure of office converted an annual deficit of nearly \$60,000.00 to a profit for the taxpayers. In so doing Stoll has not decreased salaries of any of his employees but accomplished the result by his application of sound business administration to his office.

During this time he has built up a staff that is giving outstanding and efficient service to the public and in view of the increase in number of transactions that are now handled through his office, he has well earned the admiration that is shown him by both Republicans and Democrats. His advent into the non-partisan field

will unite the support of followers of both parties that are advocates of efficient and economical civic government.

George Buckley, of the County Auditors office, just returned from Florida, where he had taken a former county tubercular patient. On arrival there the thermometer showed 110 in the shade so George took the next train for Detroit. For mine, I'll take Michigan at this time of the year.

Edward H. Williams, Wayne County Auditor, whom we hear broadcasting

his commentations on local and county political affairs every Monday evening over station WMBC at 7:00 P. M. will hold open mayoralty forum for the next month starting Monday, August 2nd, when Richard W. Reading will open these addresses. He will be followed by John W. Smith; Patrick H. O'Brien and Clarence H. McLeod. I'll be "listenin'."

At the American Legion Golf Tournament held at Maple Lane last Saturday, Harry Damm, custodian of the county building, completed a perfect day for "high" score and is the possessor of a non loseable golf ball, which to say the least is a handy thing to have at times.

tract with all supervision and inspection by the engineering division of the Road Commission.

It is the policy of the Road Commission to have cores drilled from all completed pavements to determine the strength of the concrete. This was done on Northwestern Superhighway, and in spite of the fact the concrete was designed to attain a maximum compressive strength of 3,500 pounds per square inch, the results of the tests on 51 cores drilled from the pavement showed an average of 5,466 pounds per square inch with the highest strength 7,375 pounds. According to Warren J. Worth, testing engineer, the strength of one of the cores was so great that the reflex action in breaking this core broke the testing machine.

In addition to the cores, cylinders were moulded daily, and strength tests run when the concrete was seven days old. These cylinders also showed high strengths.

Traffic studies have been made on this road as well as on all other county roads, and as was the case here, widenings are undertaken only when traffic demands necessitate such action.

Northwestern Superhighway now ends at Wyoming Avenue and although the original plan was to eliminate all so-called "bottle-necks" there is such a condition at Wyoming and Fenkel Avenues on peak traffic days, such as Saturdays, Sundays, and holidays.

The plan is to extend the highway diagonally to the intersection of Livermore, Broadstreet, and Davison Aves., where these wide thoroughfares would distribute the traffic to the various residential sections of the city. Although further widening has been contemplated, no definite action has been taken.

Highway Traffic Patrol Necessary

An adequate police patrol operating exclusively for traffic control was cited by SState Highway Commissioner Murray D. Van Wagoner here Tuesday (Aug. 3) as "one of the crying needs of the hour."

Speaking before the annual convention of the Michigan Association of Chiefs of Police, the Commissioner referred to the increase budget for the Michigan State Police whose efficiency he praised. He quoted SState Police Commissioner Oscar G. Olander as saying the increase would permit about 100 additional troopers for a highway patrol.

"In this connection, I sincerely hope that these men will be able to patrol the highways exclusively," Commissioner Van Wagoner said. "By that, I mean that their entire time should be devoted to this work. The accident problem is too grave to be solved on a part-time basis. Public opinion will sustain the police in this type of program."

Commissioner Van Wagoner said prejudices must be discarded in coping with the accident problem. In this connection, he said "the speed trap must be stamped out."

NRS May Soon Close Out-County Service

Men and women living in outlying Wayne County towns and cities who find it inconvenient to register at the Detroit office of the National Reemployment Service at 318 East Jefferson Avenue, will be given special opportunities to register next week. The schedule of visits by a special staff of NRS interviewers, announced today by Major Howard Starret, State Director, follows, for the week beginning Monday, August 16.

Monday and Tuesday, August 16th and August 17th, at Wyandotte City Hall; also Monday at Redford Township Hall, 25941 W. Seven Mile Road; Tuesday, August 17 at Dearborn Township Hall in Inkster; also at Melvindale City Hall; Wednesday, August 18 and Friday, August 20, at the Safety Commission Building in Dearborn; also Friday at Plymouth City Hall.

"This itinerant service may have to be discontinued soon," Major Starret warned. "Due to the fact that we are now operating on a month to month basis, it will soon be necessary to curtail some of our operations, pending final closing of the NRS in Michigan."

Secretary of State's Moonlight August 31

During the moonlight cruise to be given the evening of Tuesday, August 31 by employees of Leon D. Case, secretary of state, there will be a program of snappy specialty acts on the various decks of the Str. Put-in-Bay which has been chartered for the evening. There will also be continuous dancing in the main ball room. The steamer will leave from the foot of First street at 8:45 p. m. Governor Frank Murphy, Secretary Case and a large delegation of state employees from Lansing will be aboard.

Not True of Life

The countless drawings and pictures that have shown soldiers and others falling backward after being shot are not true to life, says Collier's Weekly. The force of a bullet is rarely, if ever, of sufficient force to overcome the natural tendency to fall forward when dead or dying in a standing position.

Large advertisement graphic with text: A Little Lesson In Good Business The Grosse Pointe Review - CHICAGO TRIBUNE SERVICE = PROFITS

We Bring You New and Tested Business-Developing Methods

The duty of a newspaper to its readers is to supply accurate information. Its duty to its advertisers is to encourage sales.

On both scores, this organization is making rapid strides. Our latest move for the benefit of our merchants is the recent acquisition of Chicago Tribune Service for the exclusive use of our advertisers.

As subscribers to this most modern of business building methods, we are able to offer you unusual advertising coverage no matter what your line of business. We bring you complete and tested campaigns, proved merchandising plans, finer artwork, better copy.

That's the natural result of working with an advertising department designed to serve one of the greatest marketing centers. The same expert ability stands ready to serve you in our own columns, every day, no matter what type of business you are in.

The natural benefits of advertising in a good newspaper are augmented by the more practical, more powerful material we are now able to supply you. Big business or small, standard or unusual, the ideas, plans, suggestions and advertising in Tribune Service are sure ways to increased response from your selling efforts.

Don't overlook the splendid chance to gear your business to the efficient methods our advertising department is in position to supply. The latest copy of Tribune Service will interest you. See it in our office today or ask us to bring a copy to you.

The Grosse Pointe Review

State Trims Its Expense Bills

Auditor General George T. Gundry said today that he has squared the books with members of the State Board of Cosmetology, with whom he has warred over expense accounts.

"They sent us expense accounts which we checked, and we sent them a statement of what expenses we would allow," Gundry said.

He continued: "Reductions in the expense accounts were made where members filed a bill for their per diem \$10 when they had done no more than correct a couple of examination papers," he said.

Picard Explains State Unemployment Act

A digest of the amendments to the state's unemployment compensation act, just approved by Governor Frank Murphy, was made today by Frank A. Picard, chairman of the Michigan Unemployment Compensation Commission.

year is attending school (this applies mainly to newsboys) and employees whose work is performed mainly in a foreign country (this applies principally to employees of railroads entering Michigan from Canada.)

4 Insertion of "aetih" in the act for the collection of delinquent contributions. This amendment gives the commission about the same powers as the state sales tax division now has, Mr. Picard said.

of partial unemployment before January, 1939. "The change in the definition of an employer was not the change we asked the legislature for, nor was it the change Governor Murphy wanted," Mr. Picard said.

"That amendment means that about \$20,000,000 in benefit checks will be paid out to unemployed workers during the last half of 1938 providing the commission finds that by so doing it will not impair the right of Michigan employers to get their credits against their federal tax payments under Title IX of the Social Security Act."

On and Off the Records

Senator James Burns who climaxed the State Senate's adjournment with a few well placed punches comes by his fistic prowess naturally.

Tony Nodar, deputy to county clerk Caspar Lingeman, gives a boost to his former mentor Gus Dorais, who is leading the country's football coaches in the national poll to select an all-star coach.

Charles E. Adams, chief deputy clerk in the office of Harold E. Stoll, Register of Deeds, was back at his desk this week after spending two weeks with Scouting Squadron No. 5 of the U. S. Marine Corps Aviation Section.

Hugh J. "Red" O'Neil, familiar county figure who has been a long time aide of auditor John C. Cowan is no longer with the county.

He will be missed by his many friends at the building but I am sure they all join me in wishing him success in his new venture.

A group of students from Pershing High School were very much interested in the old Chief Pontiac deeds shown them by Harold E. Stoll while they were making a tour of the county building this week.

The central Kiwanis club sponsors these tours of municipal buildings as a part of their youth educational program.

Judge Joseph A. Gillis, who is campaign manager for John W. Smith for mayor, states that there is no reason for holding an election this fall as judging from the countless civic groups and individuals who have volunteered their services to the "Smith for Mayor" campaign leaves little doubt as to the peoples choice.

Auditor General Starts Work on Tax Sale

The compiling of sales records on certain counties of the State was started today by Auditor General George T. Gundry.

Mr. Gundry continued: "Posting of payments are progressing rapidly for all counties. The work in some counties is farther behind than others but the general thought is to complete the work on a schedule according to the terms of court in various counties during the next month.
