

ELECTION MONDAY

Father Gabriel to Address St. Ambrose Holy Name Society

The next meeting of St. Ambrose Holy Name Society will be made notable, due to the fact that the principal speaker of the occasion will be the eloquent and forceful lecturer, The Rev. Father John A. Gabriels, of Lansing, who will tell of his personal impressions, in a subject entitled "What I Saw in Russia." These impressions are not the result of a pre-assimilated description, but were gathered first handed through personal observation and inquiry. Therefore Father Gabriels is in a position to talk upon this subject in an irrefutable manner.

Rev. Father John A. Gabriels.

Father Gabriels needs no lengthy introduction to the people of Detroit, as he was born on East Congress street, and his ancestors were among the original French settlers in this city. He was ordained into the priesthood 30 years ago by the late Bishop John Foley. After serving for 12 years in the Cathedral of St. Peter and Paul, he was transferred and served as Chaplain in the State Reformatory in Ionia, where he ministered to the inmates for six years. Later he was assigned to Lansing, where he founded and has been pastor of The Church of The Resurrection, for the past 12 years. Father Gabriels was the first chaplain of the Y. M. O., which flourished some time ago in this city, and whose roster contained many names that are synonymous with the present and past history of Detroit. He is also a member of the Elks, Merchant's Club, Rotary, Lions, and Kiwanis organizations in Lansing.

This address is not only for members of St. Ambrose, but is being offered for the benefit of all real men who hold that their right to live, read, vote and rear their families, as they see fit, is a blessing indeed, and an heritage of all American citizens, and who are exceedingly concerned when that right is jeopardized. Consequently a cordial invitation is extended to every man, regardless of his religious affiliations to attend this meeting.

The meeting which is scheduled for St. Ambrose Parish Hall, on Monday, March 14th, is under the auspices of The Holy Name Society. Rev. Father Francis VanAntwerp is pastor, Father John A. Ross, Spiritual Director and Justice Rudolph C. Schmidt is president of the organization. The price of admission, is merely the acceptance of this invitation.

CITY DOG LICENSES READY

Licensing of the more than 600 dogs owned or harbored in the City of Grosse Pointe will start as of April 1, 1938, but in order to accommodate the residents of the new licenses will be placed upon sale beginning March 15. The Police Department is engaged in completing a survey or census of all dogs kept in the City and are going to insist upon an early compliance with the law. During the past few weeks many animals have been impounded because of running at large through the City and the owners have had to remit the impounding fees before release of the dogs.

The necessity for vaccination or immunization against rabies of every dog kept in the City is stressed; no license can be issued to any dog not so immunized within the license period and no animal will be permitted to be kept unless immunized and licensed. The precaution is deemed to be absolutely necessary—especially so in view of several cases of rabies which developed in a section adjacent to the City and Grosse Pointe area. Licenses will be issued only upon submission of proof of immunization.

Dog licenses may be secured at the office of the City Clerk, 17150 Maumee Avenue during regular office hours: 8:30 A. M., 4:30 P. M. and until noon on Saturdays. The fees are Male, \$1.10; Female, \$2.10. City officials are urging that residents cooperate in securing licenses as soon as possible.

Sutton Re-Election To Farms Board of Trustees Seen

John R. Sutton, Jr., Police Commissioner of Grosse Pointe Farms deserves a great deal of praise for his splendid organizing of the Grosse Pointe Farms Police Department, to one of the finest functioning police units in the State.

Just recently charges have been made that money was necessary to secure beer licenses in Grosse Pointe Farms, the later the charges were denied. Mr. Sutton denied that such irregularities existed and invited the Liquor Commission to investigate. The investigation proved conclusively that the charges had been fabricated and were unfounded.

The investigation revealed that the conditions as charged did not exist, that drinking places in the area were carefully supervised and checked regularly, and the department was functioning in a very creditable manner.

Mr. Sutton has been a member of the Board of Trustees of Grosse Pointe Farms for several years during which time he has supported every project that has been beneficial to the taxpayer either in saving or improved facilities and service.

It is hard to find a man of Mr. Sutton's character and ability to devote his time wholeheartedly in the interest of his community as he has done. Every voter in Grosse Pointe Farms should show their appreciation for the fine manner in which he has fulfilled the duties of his office and re-elect him for the coming term as a member of the Board of Trustees.

State Tax Commission To Ferret for Hidden Assessable Treasures

John N. Fegan chairman of the State Tax Commission is of the opinion that assessors in some of the communities have failed to uncover hidden personal property, and if necessary he intends to arouse public opinion against such officers.

Warning local assessors that they would be open to extreme penalties if they ignored his demands for more rigid collection of taxes on personal and intangible properties, Fegan said that he was prepared to prefer charges with Gov. Murphy against any officer refusing to co-operate.

Fegan said that he was asking the Governor to make arrangements in Washington for Michigan officials to search income-tax returns in a hunt for clues to such hidden wealth. He said that John W. Libske, commission member, was in Washington now attempting to speed up the process.

While no specific charges are being made, we wonder where these supposedly hidden treasures might be. We know that the Assessors of the Grosse Pointe area are very thorough in their work and very conscientious.

A new sewer system installed which has provided better drainage. During his administration there were no exorbitant spending of the taxpayers funds for unnecessary frills but a carefully planned conserving of the taxpayers dollar.

Gaelic League To Honor St. Patrick

The Book-Cadillac Hotel will be the scene of the 18th Annual St. Patrick's day reunion sponsored by the Gaelic League, Detroit's oldest Irish organization, on Wednesday, March 16th.

As has been the custom in former years, the Crystal and Main ballrooms have been engaged for the big occasion in the Crystal ballroom there will be featured a continuous program of Irish dancing and folk songs such as are heard in collective strain only when the native Irish are in full assembly to do honor to the memory of Ireland's great spiritual leader, St. Patrick, whose sanctified name is indissolubly linked with Irish tradition since that day when he stood on the Hill of Tara and plucking a sprig of shamrock held it aloft and proclaimed it to be the symbol of the Great Deity.

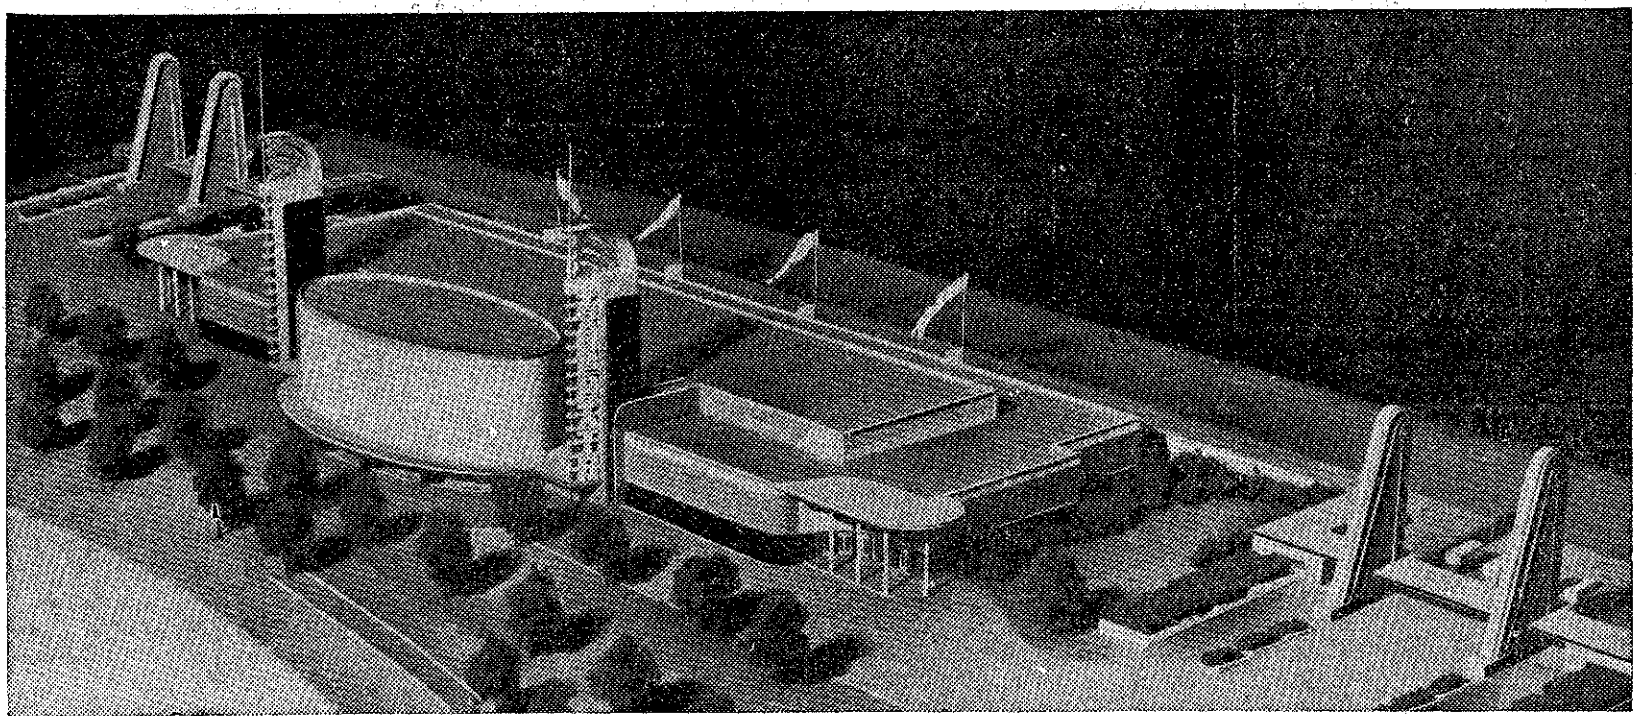

To the soft lilting strains of the flute and the merry tune of the violin the bouchal deas and the colleen baun will dance and swing with charm and grace such-as only they who know the hills and dales and the crossroads of Ireland can when the haunting music, by Ireland's native sons, bring forth the grand melody. For this purpose Detroit's finest Irish musical talent has been secured and the boys will play with the inspiration that comes from the memory of Ireland's beloved patron saint.

In the main ballroom there will be contrasted the modern dance music under the leadership of Detroit's best known orchestral conductor, none other than George Kavanagh, with his grand smile and easy Irish way with him. Assurance enough that the beautiful ballroom will echo to the finest music procurable.

Celebration of this anniversary will be conducted under the Honorary Chairmanship of Judge John J. Maher, who announces that Governor Frank Murphy will be in attendance, to celebrate with all others the Irish day of days to prove that the dear little plant still grows in that Isle, fresh and fair as the daughters of Eire.

A great night is in promise and the footsteps of the Irish boys and girls are directed towards the Book-Cadillac hotel on Wednesday, March 16th, Faugh-a-ballagh.

Sponsored by all the clubs in the high school, the second Student Association dance of this semester will be held next Friday evening, March 11 from 9 to 12 o'clock.

Thomas Beard is the general chairman of the affair. Richard Bureau and Jack Doherty have charge of the guest cards. Marcia McNierney is in charge of the music, and Helen Ellis will manage the refreshments.

The decorations will be in St. Patrick's green. Posters will illustrate the activities of each club. The music will be furnished by Lee Worrell's orchestra.

Tickets are 50 cents per couple, and stag tickets, of which only 15 will be sold, are 75 cents. The dance is under the supervision of Mrs. Anne Majneri, Allied Clubs sponsor.

Mr. Paul Rehmus, principal will make a series of lectures on educational subjects when he travels to North Dakota during Spring vacation, April 15 to April 20.

Jackie Hauck, winner of the oratory contest which was held in the eighth and ninth grade assembly last Tuesday will compete in the Border Cities League at Fordson High School in April.

The speakers included Doris Allen, Joris Chase, Dorine Shaw, Aileen Lightfoot, and Jackie Hauck. Each contestant wrote her own speech.

The declamation finals will be held on March 15 in the seventh and eighth grade assembly. This contest is open to ninth and tenth graders only. Preliminaries will be held March 10.

The Grosse Pointe High School Teachers' Club will hold a dinner-dance on Saturday evening at the Detroit Yacht Club.
Mr. Harvey Christenson is the chairman of the party.

For the third successive semester, Richard Bureau, 11A, was elected president of the Stamp Club at the meeting last Wednesday. Other officers are Kenneth Stall, 11B, vice-president, and Tom Candler, 10B, secretary-treasurer.
"Printing of stamps" will be the topic of discussion at the meeting tomorrow afternoon at 3:00 o'clock room 106.

The Bausch and Lomb Science award will again be awarded to the outstanding science student of the 12A grade, according to Mr. George Lance, chairman of the faculty science award committee.

Any boy or girl having an average of B or better in senior high mathematics and sciences courses is invited and encouraged to make application. Mr. Lance states that application blanks may be secured in room 222 at any time. Applications must be submitted not later than Friday of next week.

The medal and certificate will be awarded at the time of graduation. Detailed information about this award has been posted on the bulletin board in room 215.

"We are handicapped in giving help to students because we lack the facilities," Miss Florence Severs, director of public libraries told the English VIII class at Grosse Pointe High School last Friday.
"First of all Grosse Pointe needs a new public library which will house at least 25,000 books. In the future it may be desirable to have a library on the

high school site."
The remodeling of the old Trombley school is what some people offer as solution to our library problem. Miss Severs gave her views on the subject "It would cost about \$50,000 to remodel the building satisfactorily and even would hold only 14,500 books, and to then it would not adequately take care of the need. Crowded to capacity, it

come up to reasonable standards for a community of this size we should have 25,000 books. However, this would be a good site for a new building."
While the Grosse Pointe Library system isn't what Miss Severs would like it to be, it is much improved since the introduction of the first library in Grosse Pointe in 1922. This library was opened in the Shores Municipal building with 681 books and a high school

girl in charge, Miss Severs told the English students.
Ten years ago the children had no special library service at all and today our library for children's library compares favorably with that of other libraries in the state.

Christian Science Church

"Substance" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, March 13.

The Golden Text, from Philippians 4:19, is: "My God shall supply all your need according to his riches in glory by Christ Jesus."

Among the Bible citations is this passage (Hebrews 11:1): "Now faith is the substance of things hoped for, the evidence of things not seen."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 468): "Substance is that which is eternal and incapable of discord and decay. Spirit, the synonym of Mind, Soul, or God, is the only real substance."

GIRL SCOUTS

General
The scribes met last Monday for their

regular meeting at the High School with Miss Trott giving them the rudiments of feature story writing. There were eight present, representing all but three Grosse Pointe troops, and Miss Elizabeth Newitt gave a report on the news articles completed by each scribe during the past year. Beginning next week, the scribes will contribute feature articles portraying scout activities.

On Tuesday evening a large delegation from Grosse Pointe attended the birthday dinner for Adult Scouts at the Highland Park Y. W. C. A. Among those who attended were Mrs. E. C. Smith, Mrs. Ford Wheldon, Mrs. Chas. O. Chesnut, Mrs. James J. Phelan, Jr., and Mrs. Henry H. Hubbard, and Mrs. John Veech.

The District Committee met on Wednesday morning at the home of Mrs. Phelan, on Moross Road, the most important business being the plans for a camp rally to be held early in April at the Lewis E. Maire School. Movies of the activities of last summer will be shown, and several camp executives will be there to answer any questions about the camp. All girls interested in going

to camp and their parents are cordially invited to attend.

The Home Nurse Badge
When sudden illness strikes your home, do you know what to do while awaiting the doctor's arrival? It is surprising to realize that many other wise level-headed people disturb both themselves and their patients in their flurry of excitement.

Only a very short period of invaluable education is required to render one well able to cope with almost any accident of a more or less minor nature. The Girl Scouts have a word for it—Home Nursing. It is possible to take a home nursing course as a Girl Scout, and continue with a more detailed study of the subject later, which study may easily help to qualify one as a practical nurse.

A course in home nursing consists of much useful information regarding the care of and treatment of the injured or convalescent. On the whole, the Girl Scout who possesses a Home Nurse badge is well qualified to take charge in any emergency of an injurious or accidental nature.

Troop 124
The girls of Troop 124 which meets at Trombly School thoroughly enjoyed entertaining their parents and friends Tuesday evening, March 8. They wish to thank every one who helped to make it a successful evening.

The following girls have recently joined the troop: Joanne Ramm, Shirley Willis, Barbara Sickels, Frances Pick, Lulu Ego, Alice MacDonald, Jean Corfield, Glenrose Temple and Jacqueline Gover. E. J. R.

Troop 184
Troop 184 met at Christ Church Chapel, Friday, February 4. Some of the girls started to make bean bags. Others passed the knot test. Natalie Woodruff, Sally Baker, and Mary Jane Kennedy passed the Trail Sign tests. S. T.

Troop 156
Troop 156 has been at work selling occasion cards, wrapping paper, and stationary to earn money for the troop flag. The troop has learned several new songs and a new folk dance. They expect to learn many more in the future. M. J. A.

H. W. Busch To Speak At Historical Museum March 12

At the Detroit Historical Museum, Saturday afternoon, March 12, two o'clock, the speaker will be Commissioner Henry W. Busch, who will tell the "Story of Our Parks and Boulevards." School children and their elders are invited to attend. Admission is free.

This is the fifth of the 1938 series of museum talks by the Detroit Historical Society in its museum in rooms 2302-18, Barlum Tower, as planned by Arthur S. Hampton, curator, who will introduce the speaker.

Gardening Classes Begin Monday Eve.

Mr. Hampikian of Wayne University and the Detroit Parks and Boulevards will address a class in Gardening at the Richard School Monday evening, March 14th at 7:30 p. m. All those interested in gardening will find this series of lectures profitable.

Mr. Hampikian has had a great deal to do with the landscaping at Belle Isle during recent years and is considered the outstanding artist of that department. He acquired some of his training at Cranbrook.

The series of lectures discussing home gardening and etc., will last for twelve weeks and the cost is only 50 cents per person for the entire course.

Visual Education Gaining in School Educational Move

According to Dr. Walter B. Pitkin, noted author, the most efficient means of teaching yet discovered is a combination of moving pictures plus an oral explanation.

In many high schools throughout the country, including Grosse Pointe, visual education is coming to be a part of the plan of teachers in presenting many of their courses.

Three 16 M M movie machines are

now available for use in the classroom. Ample supply of films can be obtained from the film libraries of the University of Michigan and the University of Illinois. Various manufactures will also furnish films. Mr. Kenneth Cary, history instructor, remarks, "The new 16 M M movie machines will be very valuable in the classroom. Many educational films are available and may be obtained free or for a small rental fee."

At present 15 teachers and students are skilled in the operation of these machines. Mr. Paul A. Rehms, principal, has strongly advised all

members of the faculty to learn how to run them.

Happenings of the Nations Told in Pictures

Here's a Little Boxer Rebellion

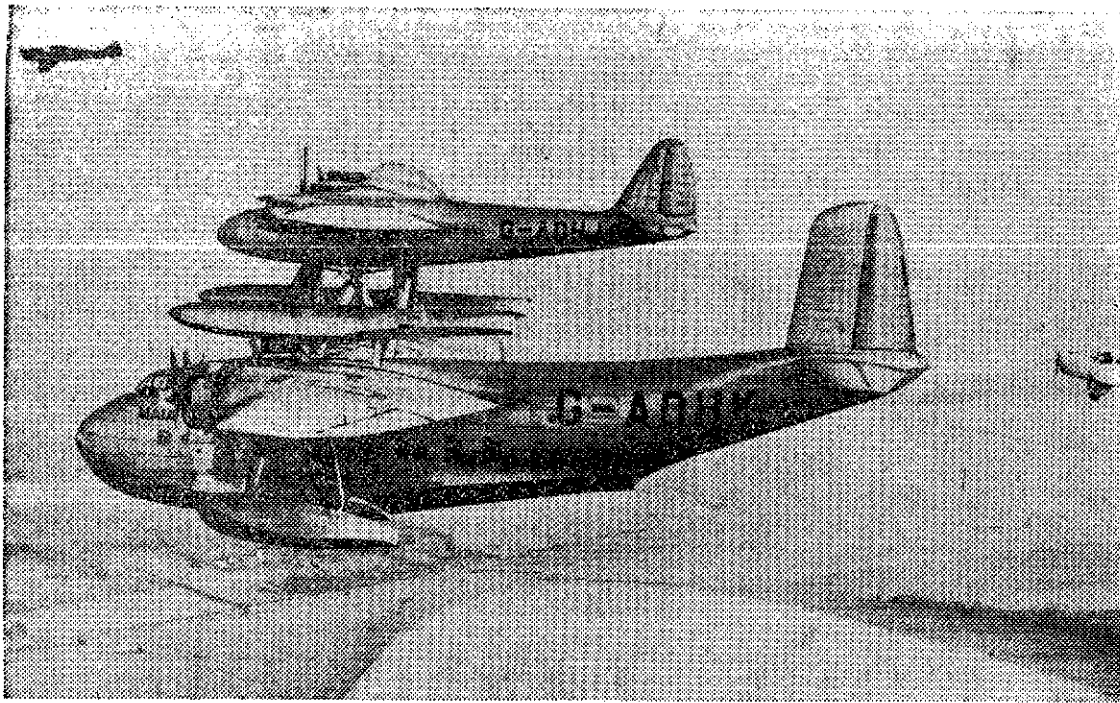

It looks like a rebellion of some sort, but it is really only a battle royal among kids at Palm Beach, Fla., for the purpose of getting in shape for the high-chair championships in Miami. The young entrants are from the Sun and Surf club. Notice the two young ladies mixing it up at the left.

Alpine Troops Guard Brenner Pass

The splendor of the Alpine beauty silhouettes these guardians of Italy's frontier in the famous Brenner pass which leads to Austria. These troops were demonstrating Il Duce's might to impress on Austria that Italy backed up Germany in Hitler's recent coup which brought Nazi ministers into the Austrian cabinet.

"Papoose Plane" for Air Mail Service

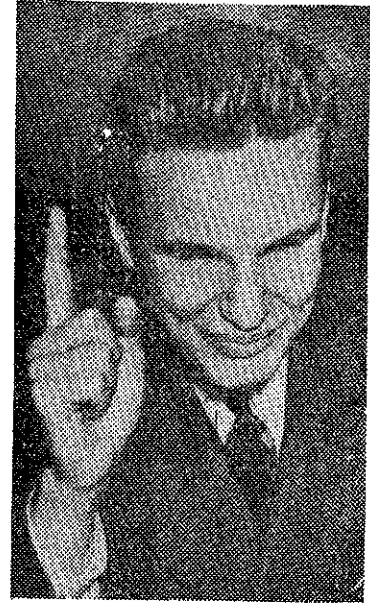

Photographed from an accompanying airplane is the Mayo composite plane during a trial flight near Rochester, England. This radical departure in aeronautics comprises two planes, the Maia, or mother plane, and the Mercury, the smaller ship which rides the mother's back like an Indian papoose. In service the Mercury will be loaded with mail and carried far out over the Atlantic by the Maia, whence it will be released to continue its flight to the United States.

Meet the Panda Sisters

Mrs. Ruth Harkness, New York society woman, shown holding the new giant baby panda, Mei-Mei, after a 15,000-mile trip from her native Thibet, as she introduces her to her sister, Su-Lin, after their arrival at the Brookfield zoo, near Chicago. As can be seen, Su-Lin presents anything but a friendly welcome to her new playmate. The two animals are the only giant baby pandas in captivity.

NO ARMS FOR HIM

Frank Littell of Mt. Vernon, Iowa, student at Union Theological seminary, New York, who represented the National Council of Methodist Youth before the house naval committee on the United States naval building program, where he attacked President Roosevelt's request for increased military expenditures as "anti-social action" and said the young man he represented "will not bear arms" in event of war.

Beef Trust on Milk Diet

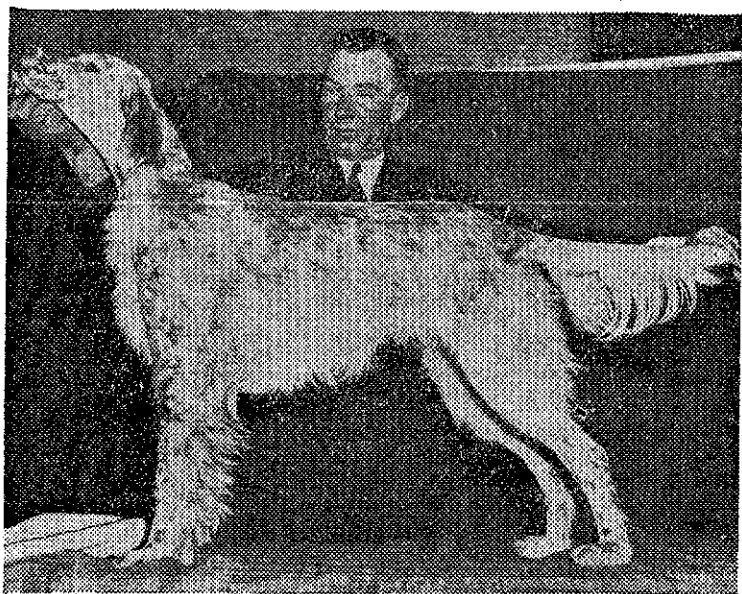

Either cutting down on weight or overhead, ex-heavyweight wrestling champion Stanislaus Zbysko (center) and the two Polish wrestling champions he manages, Pietro Gobbo (left) and Wladek Cyganowicz, ordered one short milk and three straws after their recent arrival in New York city. Zbysko will exhibit his new wrestling imports on mats throughout the United States.

TEXAS RANGER

First and only woman Texas Ranger, Mrs. Frances Haskell Edmondson, deputy sheriff of Bexar county, Texas, is shown after her arrival in New York recently to study metropolitan law enforcement methods. Mrs. Edmondson, a daughter of Charles N. Haskell, first governor of Oklahoma, is also chairman of the women's division of the Texas state Democratic executive committee.

Every Inch a Champion

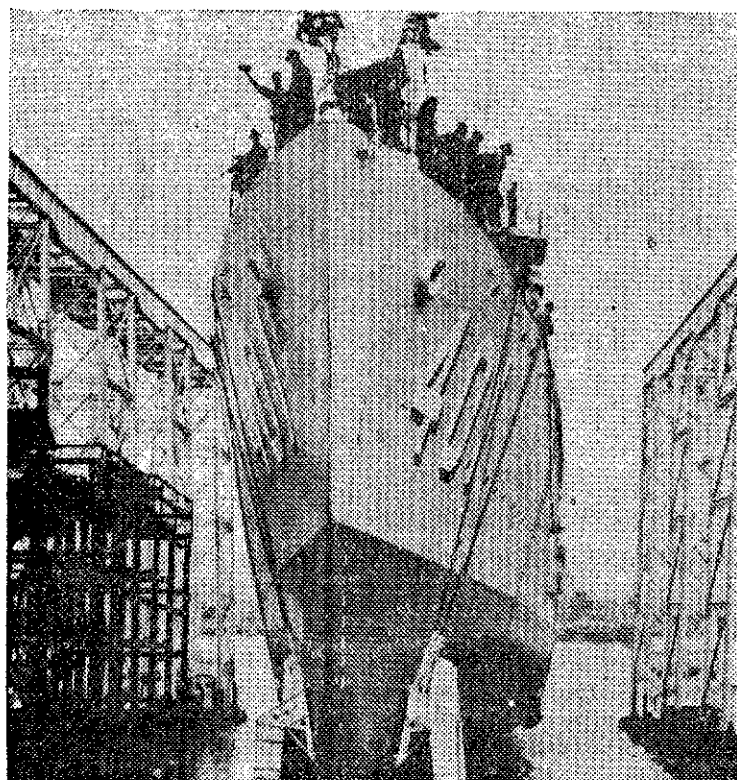

From the tip of his nose to the tip of his tail, Daro of Maridor, 11-month-old english setter, is a champion. He was judged the best dog of the sixty-second annual dog show of the Westminster Kennel club at Madison Square Garden, New York. Handler Charles Palmer is shown with him. The dog is owned by D. W. Ellis of East Longmeadow, Mass. He was also judged the best American-bred dog of the show.

GOLF HERO

Here's the smooth swing of Jimmy Demaret, young Texan who hit them far and hard as he defeated Sammy Snead 4 and 3, in the finals of the recent National Match Play open at the San Francisco golf club. Demaret showed an ease of execution and a coolness under pressure in the match which drew the admiration of seasoned golf observers.

Navy Launches New Destroyer

The navy's newest destroyer, the 1,500-ton Maury, launched recently at San Francisco. Second naval vessel to be built privately on the west coast since the World war, the Maury was christened by Miss Virginia Lee Maury Werth, great-granddaughter of the ship's namesake, the late Lieut. Commander Matthew Fontaine Maury. Photograph shows the U. S. S. Maury as it slides down the ways.

TEA TESTER

Among the many tea testers assembled by Uncle Sam in New York recently was Robert Lewis. Mr. Lewis sampled many brands of tea which will determine the standards for 20,000,000,000 cups of the beverage to be consumed by Americans in 1938. One of them, at least, didn't make a hit with Mr. Lewis. It's the one he is shown holding—and disliking.

O'Neill To Head Claims Division of Compensation Com.

Charles P. O'Neill, appointed as Chief of the Claims Division of the Michigan Unemployment Compensation, today began formulation of plans and procedures under which his new division will operate.

The Claims Division, according to Abner E. Larned, Commission Director, will have direct charge of all unemployment compensation benefit claims and the payment of those claims.

"Although the Commission will not accept benefit claims until on and after July 1st," Larned said, "O'Neill will immediately begin outlining plans under which Claims Division will handle the anticipated benefit claims."

O'Neill, a graduate of the University of Detroit, served as Corporation Council in Detroit from 1924 to 1927. He was also chief council in Michigan from September 1933 to November 1, 1937 for the P. W. A.

He has long been identified with progressive legislation and social services.

Larned, in commenting on O'Neill's appointment to the new post, declared, "Mr. O'Neill comes to the Commission with progressive principles and sympathy for this legislation which will be valuable in his handling of every important work of paying unemployment compensation benefit claims."

O'Neill said that he is "certain there will be a lot of hard work ahead," but that "I like hard work."

SPECIALIZED KNOWLEDGE

This a mechanical age and the Navy utilizes every device possible to perform work which was formerly performed by man power. The hoisting of boats and anchors, the training and elevating of guns, the firing of boilers, even the chipping of decks is done by mechanical means and requires little physical strength of the men who operate these machines.

With the introduction of machines aboard Naval crafts, came the demand for skilled mechanics, boiler-makers, copper-smiths, electricians, trap-door men, blacksmiths, carpenters, molders, radio operators, cooks, men skilled in almost every profession. The Navy today carries men on its rolls who can fill practically every essential trade and professional position in civilian life.

First American Composers Francis Hopkinson (1737-1791) and William Billings (1746-1800) share honors as the first American composers.
