

# G. O. P. CARRIES GROSSE POINTE TWP.

## Junior High Site In Grosse Pointe Park Under Consideration

Should Grosse Pointe's first junior high school building be located in the west end of the 14-mile long school district?

This question was debated pro and con by the Board of Education and 30 representatives of the parent-teacher organizations in a special meeting Friday evening in the Board offices.

In favor of a west-end site is the fact that Grosse Pointe Park is still the most heavily populated portion of the district in spite of the rapidly growing Farms population. Approximately 600 students could be transferred to a new building in the west end and be within walking distance of their homes. The vacant property on Somerset south of the Defer school was discussed as a promising west-end site.

In case the Board should decide to secure the western location for the first junior high school building, the senior high school would continue to house junior high school classes to serve the eastern portion of the district.

These and other considerations occupied the meeting until after 10 o'clock. Further meetings are to be arranged following investigation of property prices.

Among the citizens speaking at the meeting were: Mr. J. R. Kennedy, Mrs. Herman Deuster, Dr. John R. Pear, Mr. H. F. Laing, and Mr. Leigh Pascoe.

## Mrs. Wilson To Entertain Historic Memorial Society

Mrs. Alfred G. Wilson will open her home at her Rochester estate to members of the Historic Memorials Society, Friday afternoon, April 8, at 2:30 o'clock. The president, Mrs. Charles Horton Metcalf, will conduct the business session, at which reports will be given about the Lincoln Tea, to be held in February. Reservations should be made promptly with the hostess.

Members of the executive board will be Mrs. Wilson's guests at luncheon, preceding the meeting.

Mrs. Theodore H. Hinchman is back in her home on Vendome road after a sojourn in Mansfield, Ga., and Tryon, N. C.

## Re-Elected Supervisor

The Ghost Walk Mines came back to haunt the promoters who sold stock in the mines before they had been approved by the Michigan Securities Commission. Sentence to be given on April 11.

Our National administration offers aid to the merchants after they bleed them for all they can in the way of taxation.

In recent years it seems to have become a habit with the railway companies to report deficits and losses annually and at the same time ask for aid in a substantial way. The ordinary business man if he fails because of lack of funds there is no compunction or weeping, it is just another failure.

Appendicitis and heart disease may be diagnosed somewhat differently in the near future; new discoveries of recent dates will change the manner of fighting these two dreaded sicknesses.

Fanny Brice is about to lose her husband, Billy Rose, to a bathing beauty, pardon me, a famous swimmer.

Who were the golf enthusiasts who went to the golf course Sunday when a snow shovel would have been ideal equipment.

From all reports Grosse Pointe will be well represented at the opening ball game, at Briggs Stadium, April 22.

Schoolboy Rowe is trying hard and hopes to be a member of the staff when the season opens this year.

The Red Wings are making a tour of Europe as ambassadors of goodwill and sportsmanship.

Pageing Mr. Renaud, would like to get in touch with party who plans opening fish market on Kercheval avenue.

We understand that a certain Grosse Pointe Golfer took a day off last week to practice for Sunday's golf tournament, and was then conspicuous of his absence.

## FORMER HAIRDRESSER RETURNS TO PAINTE

Many of the patrons of the Felix Francois Beauty Salon will be pleased to know that one of their popular hairdressers of several years ago has returned. She is an artist in the treatment of hair and scalp thoroughly trained in the Harper Method.

It is advisable to make appointments now for that lovely Easter Permanent.

## Flood Damage Runs Into Millions

Raging flood waters caused by torrential rains which swept Los Angeles and other southern California communities wrought damage running into many millions of dollars and cost the lives of scores. Photograph shows automobiles washed off the road by flood waters on Victory boulevard in Hollywood.

## Park Changes Meeting Date

The Village Commission of Grosse Pointe Park has changed its regular meeting nights from the first and third Friday of each month to the first and third Monday of each month at 8:00 p. m. at the Municipal Building. The next meeting of the Village Commission will be held on Monday, April 18, 1938.

## Grosse Pointe Park Fire Extinguished Quickly Sun. A. M.

On Sunday, April 3rd, a fire broke out on the roof of the two-family residence of M. N. Malone and William McCormick at 1149 Lakepointe avenue, which was attributed to sparks from a neighboring chimney.

A strong wind was blowing and it was only through the speedy action of the Grosse Pointe Park Fire Department that the flames were quickly subdued and confined only to the one building.

Citizens who were watching commented upon the thorough and skillful manner in which the Fire Department extinguished the flames. The Park is to be commended for the splendid group of fire fighters at the command of the citizens.

## Improving Beauty of Grosse Pointe Pk. With New Trees

April 4, 1938.

To the Residents of the Village of Grosse Pointe Park: The Village Commission of Grosse Pointe Park has had up for consideration a campaign to encourage the planting of trees in our Village. The Commission has selected the Greening Nursery Co. to make a canvass of the Village with the view of having the residents of the Village place orders for trees with this Company, in this way affecting a saving by being able to purchase at wholesale rates and obtaining a guarantee of the Nursery stock planted.

The Village Commission will supervise the planting of trees ordered from the Greening Nursery and will exact a suitable guarantee bond to assure replacements in the event the Nursery stock fails to grow.

The Village is without appropriation to do this work at Village expense and feels that a great number of our residents desire the planting of trees under this advantageous offering. The Village Commission was given assurance that the price of trees ordered under this manner will be at wholesale rates.

Now is a good time to plant trees, and we solicit the cooperation of all residents to help beautify our Village.

In selecting this particular company the Village Commission believes that the Nursery stock will be of the highest grade and the planting will be done in an expert manner, thus guaranteeing maximum satisfaction at a minimum cost.

By order of the Village Commission, Grosse Pointe Park, Michigan.

WALDO J. HERNES,  
Village Clerk.

Mr. and Mrs. Frederick E. Ford left Tuesday for a ten-day stay at their winter home in Tryon, N. C.

## Park Citizens Urged To Secure Dog Licenses As Soon as Possible

Repeated complaints have been received by the Police Department concerning violations of the Dog Ordinances of the Village of Grosse Pointe Park.

Your attention is called to the following pertinent provisions relative to the harboring of dogs in the Village of Grosse Pointe Park.

Ordinance No. 60. No person owning, possessing or harboring any dog, shall permit such dog to be upon the streets, highways, and other public places within the Village unless such dog be in the custody of some person capable of restraining the actions of such dog.

Ordinance No. 31. No person shall own or harbor a fierce or vicious dog, or a dog that has been bitten by any animal known to have been afflicted with rabies. No person owning, harboring or keeping any such dog shall suffer the same to run at large at any time within the Village limits, nor shall any person owning or harboring a bitch in heat, permit or suffer the same to run at large within the Village limits.

Ordinance No. 100. On or before March 1st in each year, the owner or keeper of any dog in the Village of Grosse Pointe Park shall make application to the Village Clerk for a license to own, harbor or keep such dog in the said Village. Such application shall state the breed, sex, age, color and markings of such dog, and the name and address of the last previous owner, and the present owner thereof. Such applicant shall pay to the Village Clerk a license fee of \$1.10 for each male or unsexed dog, and \$2.10 for each female dog.

It is the duty of the owners of dogs in the Village of Grosse Pointe Park to observe the ordinance provisions regulating dogs in the Village of Grosse Pointe Park. Dogs found at large will be promptly seized, impounded, and disposed of in accordance with the provisions of the dog ordinances.

In order to protect people who are lawfully upon the highways of the Village of Grosse Pointe Park, it is necessary to strictly enforce the provisions above cited. No further warning will be given.

In addition, violators of the provisions of the various dog ordinances will be prosecuted.

The Police Department earnestly urges the co-operation of owners of dogs in the Village of Grosse Pointe Park in adhering to the regulations affecting the harboring of dogs therein.

## Service In Grosse Pointe 18 Years

There is one establishment which became a Grosse Pointe institution some seventeen years ago extending service to some of Grosse Pointe's most prominent homes, institutions and educational structures at a nominal cost such as window cleaning, house cleaning, removing and installing screen doors and windows etc., as well as painting and decorating.

There are many such services available to homes in Grosse Pointe but the institution referred to in this instance is the postlar Grosse Pointe Window and House Cleaning Co., with present offices at 3993 Nottingham. They are efficient, courteous and economical.

The fact has been established that dogs affected with an infectious and communicable disease known as "rabies" have recently been at large in the City of Detroit and the surrounding territory in Wayne County, Michigan, and are known to have bitten persons and animals and may have come in contact with dogs as yet unknown.

Notice is hereby given that any dog which is owned, kept or harbored within the City of Detroit and Wayne County, Michigan, shall be securely chained or securely confined under the control of the owner or custodian of such dog to prevent the aforesaid dog from attacking any other animal or person. No such dog shall be allowed to run at large during the period of this quarantine.

The attention of all owners or keepers of dogs in the above named territory is hereby called to the following sections of the Michigan State Laws relating to the Bureau of Animal Industry which provide a penalty for violations of this quarantine order and read as follows:

Sec. 6. Said commissioner shall also have power to declare and enforce a quarantine on dogs in any district of this state in which there is an outbreak of rabies, hog cholera, hoof and mouth disease, or any other contagious or infectious disease among the livestock; and may order that all dogs in said district shall be securely chained or otherwise confined. Any dog found at large in contravention of terms of such a quarantine or order may be killed. It shall be the duty of the sheriff of each county in the district affected and of his deputies, constables and other municipal police officers to see to it that such quarantine and orders are enforced. Any officer killing a dog pursuant to the provisions of this act shall not be subject to any liability therefor.

Sec. 23. Any person violating, disregarding or evading any of the provisions of this act, or any of the rules, regulations, orders or directions of the Commissioner of Animal Industry, (Commissioner of Agriculture) made pursuant hereto, shall be deemed to be guilty of a misdemeanor and upon conviction thereof for the first offense shall be punished by a fine of not less than ten dollars nor more than one hundred dollars or shall be imprisoned in the county jail for a period of not more than ninety days, or both such fine and imprisonment within the discretion of the court, and for each subsequent offense upon conviction thereof shall be punished by a fine of not less than fifty dollars nor more than five hundred dollars or by imprisonment in the county jail for a period of not more than six months, or both such fine and imprisonment within the discretion of the court.

Any person, corporation, or common carrier shall be liable for all damages caused to any livestock for evasion or failure to comply with the requirements of this act.

This quarantine order shall be in full force and effect from and during the period between April 1, 1938, and August 15, 1938, inclusive.

Dated April 1, 1938.

JOHN B. STRANGE,  
Commissioner of Agriculture.

C. H. CLARK,  
State Veterinarian.

## Republicans Rule Township First Time In Over Sixty Years

Democrats have ruled Grosse Pointe Township for over 60 years and Monday at the polls a Republican administration was elected. Some of the staunch Democrats of Grosse Pointe of former years would turn over in their graves if they knew such a change had come to pass.

Quite a number of voters expressed their approval of the present administration at the polls although there was practically no opposition.

Norbert Denk, supervisor, was accorded 1050 votes; Carl Schweikart, clerk, 1031, Adolph L. Damman, treasurer, 1040, Kenneth M. Thomas, Justice of the Peace, 916; Edward C. Parker, Board of Review, 996, all candidates on the Republican Ticket.

Harry C. Hanley with a vote of 212 was the only candidate on the Democratic Ticket and he was defeated by Kenneth Thomas.

Dr. Jaxtimer received one vote for clerk. The administration has been most economical in its operations and the gesture of approval of the voters is deeply appreciated by the candidates who signified in an interview early this week their support of any and all measures of economy in the interests of a most efficient administration for the coming term.

A precinct by precinct report below:

PRECINCT NO.	1	2	3	4	5	6	7	8	9	10	11	12	13	Tot.

## Grosse Pointe Addresses Alumni

"Radio Production" will be discussed by Robert Deisley, 17521 Maumee, Grosse Pointe, a member of the Wayne University Student Speakers Bureau, before members of the alumni association of the Chaffee Noble School of Expression at 6:30 p. m., April 9, in the Detroit Federation of Women's Clubs Building, 4811 Second Boulevard.

Jean Kaufman, of Grosse Pointe, was recently initiated into Alpha Phi Sorority at the University of Michigan.

## Reduce Traffic Toll By Cutting Hedges

The Police Department of the Village of Grosse Pointe Park has completed a survey of dangerous intersections in the Village of Grosse Pointe Park. In many instances shrubbery planted along the street line has grown to such a height as to interfere with the clear view of motor traffic. Many accidents have resulted from motorists having their view blocked by high shrubbery.

The Village Commission has had the matter up for consideration and solicits the cooperation of property owners whose shrubbery constitutes such a menace to traffic. The Commission is willing to have an expert nursery man trim, re-locate or re-plant shrubs which have grown to such a height that they constitute a traffic menace. This service will be rendered without cost to the property owner. All that is asked is the cooperation of the property owners to permit the shrubbery to be trimmed or re-located so as to eliminate these traffic hazards at street intersections.

## Dr. Cranson To Head Local Rotary Club

The Grosse Pointe Rotary Club which has been in existence for almost a year will be led by Dr. Rex P. Cranson for the coming year as a result of an election held at the club last Monday.

The other officers elected for the coming year are: Paul Rehms, Vice-President, Edward Allen, Secretary, Edward Pongraz, Jr., Treasurer, with James Drysdale, Fintan Henk retiring President and Richard Maxon as the other members of the Board of Trustees.

This new club has progressed and accomplished much under the leadership of Fintan Henk and under the skillful guidance of Dr. Cranson for the forthcoming year beginning July first should add to its many accomplishments in the furtherance of the principles of Rotary and welfare of the community.

Light is Cheap!

You can operate this 200-watt lamp 1 hour 23 minutes for 1 cent (at average residence rates)

a penny provides 1 1/2 hours of good light FOR READING A NEWSPAPER

NOTHING contributes more to your enjoyment of the evening paper than comfortable relaxation in your favorite easy chair and good light with which to see. Your eyes require a better quality of light for reading fine print in a newspaper than they do for the larger type of a well-printed book, or the clean white pages of a magazine. Yet reading a newspaper is such a commonplace, everyday occurrence that we are likely to forget it is really a difficult seeing task. We are liable to have poor light which is inadequate for the job.

Good lighting is a comfort that costs little money. Your newspaper costs three cents... but a penny will purchase the excellent illumination of a 200-WATT LAMP for 1 1/2 hours, and add immeasurably to your enjoyment of your newspaper. When light is so cheap, why stint on it? You can afford to give your eyes good lighting for every seeing task!

THE DETROIT EDISON COMPANY

Lucille Barker, of Lakepointe road, is busy these days having tickets printed for the annual bridge tea and fashion show to be given by the Mar-Lo Sorority at the League of the Catholic Women Saturday, May 14. Suzanne Koebel is helping on the ticket committee, while Gen Buss, Marge Fobert and Lois McDonald are scurrying around the countryside looking for door prizes. Betty Ann Lang and Hazel Chase are in charge of the table prizes.

Mrs. Cortland K. Larned, of Lake Shore road, returned to her home last Friday after a stay in Palm Beach, where she had been the guest of Mrs. Walter Mack, of New York. Mrs. Larned was down in the South for three weeks.

Mary Ann Grier, daughter of John C. Grier, Jr., of the Colony Club, returned Sunday to her studies at Pine Manor, in Wellesley, Mass.

Mr. and Mrs. Mark C. Stevens will leave their home on Maumee Blvd., April 10 for White Sulphur Springs, W. Va., Nashville, Tenn., and a motor trip through Kentucky. They hope to be back early in May.

Mr. and Mrs. Charles B. Crouse, of Cadieux road, who sailed early in March for Europe to visit in England, Italy and France, have announced their intention to return home April 22.

Mrs. Robert J. C. Irvine returned to her home on Lakeshore road early this week after a stay in Miami Beach and in Charleston, S. C. Her son-in-law and daughter, Mr. and Mrs. William Hendrie, who have been in Miami Beach and Palm Beach visiting Mrs. Ralph Stoepel, of Birmingham, returned to the Pointe Sunday. Before returning they also made a short stay at Sea Island, Ga.

Frances Jean Kenter, daughter of Mrs. Frank Wells Kenter, of Grayton road, will marry Howard N. Girardin.

son of Mr. and Mrs. Peter N. Girardin, of Harvard road, tomorrow.
Mrs. Robert W. Sumner, the former Isabelle Kenter, entertained last night in her home on Bedford road at a spinster dinner, while the bride-elect's mother will be hostess at the rehearsal dinner.

Bridge parties to raise funds for the Womens Field Army in order to control cancer were started last Tuesday when Mrs. Joseph E. Bayne entertained 20 guests in her home on Rivard boulevard.

Mrs. Robert Jean, of Kensington road, will also have a party for the same cause.

Marylin Brackett, daughter of Mr. and Mrs. Clare L. Brackett, of Three Mile Drive, left Monday for Sarah Lawrence College in Bronxville, N. Y., to continue her studies after her short spring vacation in the Pointe.

Dr. and Mrs. Sigurd Becker, of Devonshire road, were hosts last Thursday evening at a dinner at the Country Club in honor of their daughter, Mrs. Kirke A. Neal, of Boston. Cocktails preceded the dinner party in the Becker's home. Mrs. Neil and her daughters, Diane and Dorothy, left Monday for the East.

Katharine Standart returned the middle part of last week to her home on Washington road after a few days' stay in New York.

Mr. and Mrs. Elmer A. Benzins, who went to Miami Beach for several weeks with Mrs. Benzins' parents, Mr. and Mrs. Otto Lundell, of Bishop road, are once again settled in their home on Notre Dame road.

Barbara Whitcomb will entertain at a luncheon in her home on Cloverly road tomorrow in honor of Betty Howlett, of Newtonville, Mass., who is the guest of Priscilla Darmstaetter, daughter of Mr. and Mrs. Armin A. Darmstaetter of Arden Park.

Mrs. Harley J. Earl, of Lake Shore road, left last week-end, accompanied by her two sons, Jimmy and Jerry, for a six weeks' stay in Tucson. On their way West by motor they will visit the Grand Canyon.

Mrs. Harry B. Griffith, who has been in Sarasota, Fla., during the month of March, returned to her home on Neff road Friday. Mr. Griffith, who accompanied her South, preceded her home earlier in the week.

Mr. and Mrs. Owen R. Skelton, of Ridge road, returned last Thursday with their daughters, Joyce and Edna, from Berakers in Palm Beach, where they spent a two months' vacation.

Mrs. Kenneth Chamberlain will entertain at a personal shower party this afternoon in her home on Neff road in honor of Mary Jean Muir, daughter of Dr. and Mrs. Robert Murray Muir, of Bedford road, who is to marry Dr. George Randolph Sparrow, of St. Catharines, Ont., April 23.

A reception for 125 guests will be held at Huylers after the wedding, which is to take place at 2 o'clock in the afternoon.

Mr. and Mrs. Arthur P. Naumann returned the early part of last week to their home on Moran road after a trip to Nassau, Miami Beach and Sarasota, where they were guests of Mrs. Naumann's parents, Mr. and Mrs. Newton Todd.

Mr. and Mrs. E. B. Whitcomb, of Lincoln road, are expected home on April 19 from California, where they have been for a month.

Marjorie Tobin came home Friday from the Mary Baldwin College in Staunton, Va., to spend the spring holidays with her parents, Mr. and Mrs. Benjamin F. Tobin, Jr., of University Place.

Mr. and Mrs. Thomas E. Groehn (Helen Schreck) are staying temporarily with Mr. Groehn's mother, Mrs. Otto J. Groehn, of Kensington road after their wedding trip to Florida.

Mrs. W. Howie Muir, who has been the house guest of Mr. and Mrs. Emery W. Clark, of Lake Shore road, in their winter home in Pinewood, N. C., for the past two weeks, returned to her home on Ridge road Friday.

Mrs. William D. Laurie, Jr., of Kensington road, will remain in Florida until after Easter. Her husband returned home the early part of last week from the south, however.

Mr. and Mrs. Ledyard Mitchell, who went to Belleaire, Fla., after their arrival from Europe, returned to their home on Ridge road Monday. Their daughter, Mary, who accompanied them on their European trip, came directly home, instead of going south.

Fay Pankow of 1260 Grayton Road will be hostess at a dinner party on April 4. The occasion being her ninth birthday. Places will be marked for Judy Harger, Joan and Jane Gehlert, Margaret Maiden, Geraldine Giddings, Marilyn Kirby, Pauline Perione, Joann Newman and Ann Stewart.

Sea Level Air Pressure Air at sea level has a pressure of about one ton to a square foot.

Miss Dorothy Maul, graduate of Grosse Pointe High School, now attending the University of Michigan, was elected treasurer of Kappa Delta Sorority for the coming year.

Mrs. Harry Graham of Kensington is the chairman of the banquet committee for the regional convention of Sigma Kappa, a national college sorority, founded in 1874. The convention will be held at the Wardel Hotel, April 2nd and 3rd. Representatives and delegates from college and alumnae chapters of central Michigan, central Ohio and western Pennsylvania will attend. Mrs. Walter Bauman of Buckingham is assisting Mrs. Graham with the banquet. Mrs. Webster Bowler of Belanger and Marjorie Groves of Rivard Boulevard are opening their homes to delegates.

Community Good Friday Services at Punch & Judy

A feature of the three-hour community Good Friday service at the Punch and Judy Theatre will be the singing of some of the church's best known and most liked hymns by the whole assemblage.

Some of the hymns that will be sung are—"When I Survey the Wondrous Cross"; "O Sacred Head, Now Wounded"; "There Is a Fountain Filled with Blood"; "Alas and Did My Saviour Bleed"; "In the Cross of Christ I Glory"; "Rock of Ages, Cleft for Me"; "Just as I Am, Without One Plea"; "My Faith Looks up to Thee"; "In the Hour of Trial"; and "Saviour, When in Dust to Thee".

Mrs. Albert E. Vossler, 246 Merriweather, will be at the pipe organ and will play a number of organ numbers. The service begins at 12 (noon) and continues until 2:30 o'clock. All citizens of Grosse Pointe are cordially invited to attend. There will be three short addresses.

Townsend Club

April 5, 1938
You are invited to attend the open meeting of Townsend Club No. 7, on Tuesday evening at 8 p. m. in St. Columbia Episcopal Parish Building, 1021 Manistique Ave., corner of East Jefferson, on April 12th. A special program has been arranged for the young folks of the community, ages from 18 to 35 years of age. This does not exclude the elders, for two programs have been arranged for your entertainment. Youths, bring your chum and see what Miss Mary Lou Allen has prepared for you. I know you will enjoy it.

For the elders we will conduct a round-table discussion and study of the General Welfare Act of 1937, H. R. 4159. This is the most important piece of legislation that has been offered to the United States, the only true Recovery Plan. It is your duty as a citizen to investigate it. Come, and learn for yourself.

Plant Life in Smoky Mountains
A few hours' climb in the Great Smoky mountains, from river valley to the peaks 5,000 feet above, disclose in succession the same plant life zones found in traveling northward from the latitude of southern Tennessee to that of central Canada.

Wizard of Oz Presentation Coming April 23

Excitement is running high in Grosse Pointe these days, as the talented cast of fifteen enters its fifth week of rehearsal for the coming public performance of "The Wizard of Oz," to be presented at the Punch and Judy Theatre on Saturday morning, April 23rd, at 10:30 a. m. by the Junior League Players.

Securing costumes for such colorful characters as the Tin Woodman, Scarecrow, Toto the Dog, the Wizard, and many other famous "Oz" characters, presented a difficult problem. But a glittering array of these, plus specially designed scenery, has been brought over from Cleveland for the event. From start to finish, this extravagant production is expected to hit a new high in entertainment for children—with comedy, drama, singing, dancing and acrobatics all combined into a single thrilling spectacle, against a background of beautiful stage settings.

Seats are priced at 75, 50 and 25 cents. All seats are reserved, and the public is urged to get tickets promptly as first choice goes to the early comers. Tickets will be sold at the Punch and Judy Theatre from 7 to 9 p. m., April 18-22, and at the Junior League Little Shop, 17116 Kercheval, near St. Clair, at all times after April 1.

The first performance, for settlement children only will take place April 22, at 2 o'clock, and a third performance will be given at 2 p. m., April 30, at the Baldwin High School, 150 Chester Avenue, Birmingham.

Good Friday Services At Jefferson Baptist

Continuing the observance of many years, the Good Friday service at the Jefferson Avenue Baptist Church, corner of Lakeview, will begin at 12:30 p. m., preceded by an organ devotional beginning at noon. The sermon will be delivered by the Rev. Wayland Zwyer, who for the first time will speak in his own church on Good Friday. The passion cantata, "The Darkest Hour," by Harold Moore, will follow. The music is under the direction of Jason Moore, organist and choirmaster.

Passenger Pigeons Numerous

Passenger pigeons roamed all America when white men first came here, says the Washington Post. The Indians killed the birds, but only full-grown ones. So fat were the pigeons the Indians melted them down, used them as lard and butter. The birds flew in huge flocks of as many as a billion. Their roosts in Kentucky and Indiana were often 40 miles wide and 3 miles long. They sometimes made 100 nests in a tree.

Imply—Infer

The speaker implies something, the hearer infers a meaning to his words. To imply is to suggest something not directly or specifically mentioned; to infer is to conclude that the meaning is so-and-so. In his speech the mayor implied that he was tired of working with a council that always opposed him. His hearers inferred that he would soon retire from office.

History of Cupboards
Cupboards were evolved from original "borders" arranged to hold drinking cups. Gradually the drawers were added and then the additional shelves for convenience in the dining room.

Books were scarce in the early days. Ohio pioneer families—that is, the literate families—were regarded as having a library if they possessed a Bible, an almanac and some such book as "Pilgrim's Progress."

### Grosse Pointe Lutheran Church

A special service will be held next Sunday morning, April 10, at 11 o'clock, commemorating the day of confirmation of all members in the congregation of the Grosse Pointe Lutheran church, worshipping in the auditorium of the Richard school, Kercheval and McKinley road.

The Rev. M. Luther Canup, D. D., pastor and organizer of the church, will preach on: "Zion's Towers, Bulwarks and Palaces."

Mr. F. W. Durkee, of Detroit, will sing, "Jerusalem," by Parker. The chancel will be appropriately decorated for this festival.

Special session of Sunday school at 9:45 a. m., when the subject taught will be: "The Suffering Servant," or "Jesus on His Cross."

New scholars join our Sunday school almost every week. Bring your family and celebrate the day of your confirmation with us next Sunday morning, Palm Sunday.

### Faith Lutheran Church

East Jefferson and Philip avenues. Rev. R. D. Linhart, pastor.

Palm Sunday will witness the confirmation of a class of 67 children who have completed a two years' course in Luther's Catechism, as well as a class of 40 adults, who have attended the lectures preparatory to their reception. Besides these, 35 members will be received by letter and vote. These accessions raise the number of communicant members of the congregation to a total of over 1,600.

In response to a number of requests, another adult class will be instructed in the teachings of the church. The new class will meet next Sunday at 9:45 a. m. in the choir room.

Next Sunday's sermon topic will be "Your Confirmation Vow." Seats will be reserved for parents and near relatives, and provision for an overflow audience will be made in the basement, where loudspeakers will relay the services from the auditorium.

Holy Week services will be held on Maundy Thursday and Good Friday at 7:30 p. m. with Holy Communion, and at 12:15 p. m. Good Friday, with visiting preachers.

### Christian Science

"Are Sin, Disease, and Death Real?" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, April 10.

The Golden Text, (Isa. 30:26), is: "The light of the sun, and the light of the sun shall be sevenfold, as the light of seven days, in the day that the Lord bindeth up the breach of his people, and healeth the stroke of his wound."

Among the Bible citations in this passage (Proverbs 12:28): "In the way of righteousness is life; and in the pathway thereof there is no death."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 42): "Death will be found at length to be a mortal dream, which comes in darkness and disappears with the light."

### Messiah Lutheran

Southeast corner of Kercheval and Lakewood avenues. A. H. A. Loeber, pastor, 1434 Lakewood avenue. Telephone Lenox 2121.

On Palm Sunday, April 10, a class of children and a class of adults will be received into membership with the church by the rite of confirmation. The service will begin at 11:15 a. m.

The Sunday School will meet as usual next Sunday, being in session from 10 to 11 o'clock.

During Holy Week, the following services will be held: a communion service in the evening of Maundy Thursday, April 14, at 7:45 o'clock; a Good Friday service, on April 15, at 1:30 p. m.

On Easter Sunday, services will take place at 11:15 a. m. and 7:45 p. m.

### Eastminster Presbyterian Church

Sunday school at 9:45 a. m. Mr. Hugh H. McNeill, superintendent.

At 11 a. m. our pastor, Rev. Carl E. Kircher, D. D., will preach on the sermon theme, "Jesus of the City." This will be our Palm Sunday services.

At 7:30 p. m. Dr. Kircher will speak on, "He Descended Into Hell." This sermon is preached by request.

Wednesday evening we will have our preparatory services to communion. This service will begin at 7:30 p. m.

Thursday evening we will observe our quarterly Communion service. You are invited to come and gather around the Lord's Table with us.

### Mt. Olive Lutheran

"The Little White Church Around the Corner." Radior avenue (Lincoln road) at Mack avenue. F. E. Stern, pastor.

Sunday school, 9:30 a. m. Sunday services, 10:45 a. m.

Mid-week Lenten services, Wednesday evening at 8 o'clock.

Holy Week services will be as follows: Maundy Thursday, Holy Communion services at 8 p. m.; Good Friday services at 8 p. m.

Ladies' Aid meeting, Thursday at 8 p. m.

Young Peoples society meeting, Friday at 8 p. m.

Choir rehearsals, Tuesday evenings at 7:45 p. m.

A cordial welcome awaits you at Mt. Olive church.

### Jefferson Avenue Baptist Church

The choir of the Jefferson Avenue Baptist church, the East Grand Boulevard Methodist Episcopal church will exchange this Sunday night. Harold Moores cantat, "The Darkest Hour," under the direction of Jason Moore while the choir of East Grand Boulevard church under the direction of Nellie Beatrice Huger will give the "Crucifixion" by Sir John Stainer at the Jefferson Avenue Baptist church.

The Rev. Wayland Zwayer, minister, will preach at the 11 a. m. service and both morning and evening hours of worship will open with the ministrations of baptism of a large class.

### OPEN CHAMPION

Johnny Thompson, professional from Pennsylvania, who won the recent Los Angeles Open golf tournament with a low score of 175. The champion is shown checking over his score after the victorious finish. Some of the country's most noted golfers participated in the tournament.

### Alger Post News

Alger Post first joint party with Grosse Pointe Post of the American Legion although not a startling success was well attended by friends of the Posts and many went home happy as a result of the party. Many of the members of the club were conspicuous by their absence, but as these parties will be a weekly event there is every indication that the attendance will swell as the good news is passed around.

The Post commanders urge their members to attend and support these parties, the next one of which will be held April 8th Friday. Barney Besso, Commander of the Alger Post urges as many as can find it convenient, to

leave your cares and worries and join them Friday evening in a pleasant and profitable pastime at their club rooms at 1745 St. Paul in the City of Grosse Pointe.

This is not restricted to members, but a cordial invitation is also extended to friends and neighbors of Grosse Pointe to join them in the festivities.

### Town Planning Old

Town planning is more than 200 years old in Finland. Building by-laws are drawn by municipal authorities and confirmed by a council of state under the building code of 1734. Actual building is left to private enterprise and capital when available. Cities build only when necessary to provide homes.

**Judged by Handwriting**  
Many firms judge the character of a prospective employee by his handwriting. Yet graphology has little scientific basis, physical conditions being often mistaken for characteristics, says Collier's Weekly. Graphologists frequently classify small writing as that of a scholarly and precise person when it is, in many cases, the result of near-sightedness.

**First to Use Word "Novel"**  
The word "novel" in English was used first in the Sixteenth century, when the Italian novelle, a new or short tale, became popular in England.

### SECOND INSERTION

#### Legal Notice

Harry A. Furton, 5 Mapleton Road, Grosse Pointe Farms, Michigan. 164,376

STATE OF MICHIGAN, County of Wayne, ss--At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the twenty-first day of March in the year one thousand nine hundred and thirty-eight. Present: Joseph A. Murphy, Judge of Probate.

In the Matter of the Estate of MARCELLUS FRASER otherwise known as MICHAEL FRAZIER, Deceased. Harry A. Furton, administrator of said estate, having rendered to this Court his first and final administration account and filed therewith his petition praying that he be allowed extra compensation for extraordinary services rendered in the administration of said estate and that the residue of said estate be assigned to the persons entitled thereto:

It is ordered, That the twenty-eighth day of April, next at ten o'clock in the forenoon at said Court Room be appointed for examining and allowing said account and hearing said petition.

And it is further Ordered, That a copy of this order be published three successive weeks previous to said time of hearing, in the Grosse Pointe Review, a newspaper printed and circulating in said County of Wayne.

JOSEPH A. MURPHY, Judge of Probate

(A true copy) RAYMOND HAFELL, Deputy Probate Register.

**Slave Labor Once Used**  
The early development of the Cuban sugar industry was accomplished with slave labor, which explained the establishment of many small mills with relatively slow progress in the adoption of mechanical equipment to replace hand and manual labor. There was no change until 1872, when the movement for emancipation of Cuban slaves began. The complete abolition of slavery was recorded in 1880.

**A Humanist**  
A humanist is one versed in or devoted to the study of the humanities; especially those classical scholars who, in the revival of learning at the close of the Middle Ages, devoted themselves to the study of Greek-Roman literature and art.

**Tri-State District**  
The mining field known as the Tri-State district is a district approximately 10 miles wide by 40 miles long, with Joplin as the center, falling within the three states of Kansas, Oklahoma and Missouri. The district produces more than a quarter of the world's supply of zinc and from 10 to 20 per cent of the world's lead supply.

**NEW JAP COMMANDER**

Gen. Shunroku Hata, Russo-Japanese war veteran, who recently was appointed commander in chief of the Japanese forces in China to succeed Gen. Iwane Matsui, who was recalled. General Hata is one of Japan's "big three" in military circles, ranking with the minister of war and the chief of the general staff. He is one of Japan's five full generals.

**Shoes for Horses**  
All horses take different types of shoes. When a person thinks of the many different types of gait, such as a rack, slow gait, canter right and left, trot, running walk, fox trot and others and the different types of horses such as the trotter, running horses, hurdler, polo horses and the work horses, it is not hard to understand that the business of shoeing horses is really a specialist's job.

**Rare Paintings**  
During the washing of a ceiling on the grand staircase of an old palace in Bialystock, Poland, two rare frescoes attributed to Maris Sylvester, son of a Scottish Jacobite exile, were discovered. The painter's father, also Maris Sylvester, fled from England with James II and settled in Bialystock, where his tomb, carved with a bunch of thistles, still stands.

**The Tri-State District**  
The mining field known as the Tri-State district is a district approximately 10 miles wide by 40 miles long, with Joplin as the center, falling within the three states of Kansas, Oklahoma and Missouri. The district produces more than a quarter of the world's supply of zinc and from 10 to 20 per cent of the world's lead supply.

**Indians Cultivated Potatoes**  
The potato is a native of tropical America, and was cultivated by the Indians long before the discovery of this continent by Europeans, writes a correspondent in the Cleveland Plain Dealer. It was introduced into Europe in the middle of the sixteenth century, but did not become an important crop until much later. In cultivation the tuber has become larger, and the seeds fewer, but otherwise the plant is little different from its wild form. The Irish were the first Europeans to recognize the potato as a staple food product; hence, the misnomer Irish potato.

**The "Horselaugh"**  
The first record of the word "horselaugh" to designate a loud boisterous laugh is in a book written in 1713 by Richard Steele, English author.

**Glass Was Discovered on the Coast of Palestine**  
The origin of glass is lost in myth and romance but there are many legends told in regard to it. One of these credited to Pliny, notes a writer in the Los Angeles Times, is that it was accidentally discovered by some Phoenician merchants who landed on the coast of Palestine and cooked their food in pots supported on cakes of niter taken from their cargo. They were greatly surprised to find this solid matter had become a fluid and mingling with the sand had produced a transparent substance now called glass. Cold fact says the temperature of the fires could not have been great enough to melt the sand, but science has ever had a way of interfering with romance.

America began its story of glass before the Pilgrims landed at Plymouth Rock. A glass house was established in the English settlement at Jamestown, Va. This was the first factory built on this continent. Its first products were bottles. Later a considerable trade was established with the Indians in supplying them with colored beads with which they were greatly enamored. Years later glass factories were established in Massachusetts, New York and other New England and mid-Atlantic states, but it was not until after the American Revolution that the glass industry really took root here.

Over three centuries have passed since the first rough bottles were produced at Jamestown. Today we take all manner of glass products as a matter of course which in the early days of the industry would have seemed impossible to produce.

**Three Methods Are Used in the Curing of Pork**

There are three methods of curing pork—the sweet pickle process, the dry salt method, and the dry cure, states a writer in the Chicago Tribune. In the first, used for hams, the meat is soaked in vats containing salt brine, a sweetening agent, and nitrate of soda. The cure requires 20 to 75 days and a constant temperature of 38 to 40 degrees must be maintained. The second method consists of putting layers of salt between piles of meat. The third is used largely for bacon and consists of soaking the meat in a light brine containing sugar and nitrate of soda. To finish off the cure the meats are placed in smoke from burning hardwood which adds to the flavor and color. The salt used prevents spoilage, the sugar offsets the taste of the salt, and the nitrate preserves the color.

Lard is made from hog fat, either by boiling in an open kettle or through a steam pressure method. It is cooked, filtered, and chilled, the cooking separating the meat fibers from the fat. The remainder, cracklings and tankage, is used as stock and poultry feeds.

**Origin of the "Annie Oakley"**

According to "American Tramp and Underworld Slang," edited by Godfrey Irwin, the phrase "Annie Oakley" means a free ticket or pass to an amusement or entertainment. The passes were punched with holes to prevent their being sold as regular tickets and to prevent money being refunded if the show did not go on, as is customary with paid admissions. Thus, they resemble the cards that were used for targets, after the famous rifle shooter, Annie Oakley, finished shooting at them. Annie Oakley performed with the Buffalo Bill circus for 17 years. The term originated in the circus world, but is now included in the slang of stage, screen and boxing circles.

**Polar Eskimos Friendly**

Polar Eskimos are a friendly, happy people who live farther north than any other human beings. They rove the Arctic from Greenland to Alaska. Skin tents are their habitation during the brief summer; snow igloos their winter homes. Their food, save for a few birds' eggs and berries, is exclusively flesh—the seal, bear, fox, whale, walrus and reindeer being the provider. They are prodigious eaters, hence their plumpness and perhaps their good nature.

**Silver, Whitest of Precious Metals**

Silver is the whitest of precious metals. It is susceptible of a lustrous polish and has excellent working qualities. In its pure state it is too soft for uses wherein it is subject to wear; so it is usually alloyed with copper. The terms "sterling silver" and "coin silver" indicate alloy proportions. Sterling silver is alloyed in proportions of 925 parts pure silver to 75 parts copper. Coin silver contains 800 parts pure silver to 100 parts copper—this is the standard for United States coinage.

**Glaciers "Rivers of Ice"**

Glaciers are really "rivers of ice," formed in mountains where more snow falls than can possibly melt. Eventually the ice piles up as high as 1,500 feet, gets so heavy it begins to "flow" downhill. Generally it moves about 1 inch every hour, though in New Zealand and Greenland glaciers have been known to bow along 30 feet a day. Though a glacier creeps, its tremendous weight carries everything before it.

**Missouri's Oldest Town**

St. Genevieve is Missouri's oldest town, founded by French Canadians from the town on the opposite side of the Mississippi river, Kaskaskia, in the early part of the Eighteenth century.

**Isolated Island Off Key West No Longer Naval Base**

Originally started in 1845, upon the recommendation of Andrew Jackson, as a protective stronghold for national defense against possible invasion by foreign troops entering the Gulf of Mexico, Fort Jefferson proved ineffective as a naval base. Its history, however, has been exciting enough to lure scores of adventurous travelers to the remote, romantic isle. Here, for more than nine decades, the heavy, masonry outer walls protecting the fortress have withstood the restless pounding of shark-abounding waters, observes a writer in the Washington Post.

Fort Jefferson was only fairly completed by 1860, having taken more than 14 years to build. Requiring almost fabulous labor to develop its main structures, a vast sum of money has been expended to build them. Transportation of bricks and other building materials to the distant sea base was a slow and costly process. It is estimated that more than 40,000,000 bricks were imported from the mainland, from cities as far north as Philadelphia. The careful toil and skill executed by its builders never proved quite sufficient to withstand the furious cyclones which arise from time to time in the Florida straits. Many sturdy bricks have been suddenly wrenched loose from the stone walls by the intense velocity of cyclonic winds.

It is related that during these storms, food, while being carried from the cook house, has been blown far out to sea. At such times coral would rise from the ground and be hurled through the air with dangerous force. Because of these cyclones, and inasmuch as the island was considered to have outlived its original purpose by 1872, the fort was abandoned as a naval base. It was garrisoned again in 1898 during the Spanish-American war. On its famous last trip en route to Cuba the battleship Maine stopped at the naval station.

**Middle Plantation Once Name of Williamsburg, Va.**

It has been said that "the history of the chief city of a country is in great measure the history of that country itself." If this philosophy be true, one can easily judge the significant part Williamsburg, Va., has played in shaping the events which led to the struggle by which the thirteen English colonies in America separated from Great Britain and became the United States of America.

First known as Middle Plantation, says a writer in the Cleveland Plain Dealer, Williamsburg, renamed in honor of King William III, was settled in 1632. It was the capital of Virginia from 1698 until 1799, and became the political, educational, economic and social center of the largest, wealthiest and most populous colony in America. It was here that the first seeds of thought were planted by the devotees of liberty, and here that the first steps were taken looking toward the union of the colonies. Williamsburg is the seat of William and Mary college, opened in 1693, the second oldest college in the United States. It became the alma mater of three presidents—Jefferson, Monroe and Tyler, and of many other distinguished patriots and statesmen.

**Needed More Moisture**

As far back as 1780 Benjamin Franklin, realizing the need of more moisture in heated homes, included a crude evaporator pan in his famous "Franklin stove." A century later Joseph McCreary of Toledo, Ohio, patented an air washer and cooler, and in 1906 two engineers, working independently, developed mechanisms for the automatic control of humidity in the air. At the turn of the century the goal of researchers was the development of machinery for giving the proper degree of moisture in cotton textile plants and other factories where humidity affected production, but shortly thereafter it was discovered that space could be chilled for human comfort.

**Armadillo Has Two Main Fields**

Many animals are farmed or hunted for skins, furs, or food, but the armadillo is reared and hunted for its shell, notes a writer in London Tit-Bits Magazine. The armadillo is about 20 inches long and has two main shields, on shoulder and hip, which are connected by nine movable bands of bony plate. It is this entire covering that is so coveted and artistic as well as almost everlasting baskets, lamp-shades, and presents are fashioned from it. Incidentally, in breeding armadillos, one queer fact is noticed: a litter is always four in number and all are of the same sex. This fact still puzzles the scientific world.

**Statue of Capitol Building**

The statue of an Indian on the dome of the Capitol at Washington is the figure of a white woman and symbolizes liberty. It is often erroneously supposed to represent an American Indian, owing to the fact that from a distance the helmet on the figure somewhat resembles the bonnet of an Indian war chief. The artist, Thomas Crawford, named the statue "Armed Liberty," but ever since it arrived at the Capitol it has been officially known as the "Statue of Freedom."

**The Paul Revere House**

The Paul Revere house is the oldest dwelling in Boston. It is on North Square near famous old North Church where the lanterns hung in the belfry in 1775 to signal the arrival of the British, and was built about 1660.

**David Livingstone Long a Missionary, Explorer**

David Livingstone was a Scotchman, born in Lanarkshire in 1817, and when a boy he worked in a cotton factory. In 1840 he landed in Port Natal, South Africa, as a medical missionary of the London Missionary society, and became an associate of Rev. Robert Moffat, whose daughter he afterward married.

For sixteen years he labored in the mission work, and during that time discovered Lake Ngami in the northwestern Bechuanaland, and crossed the continent from the Zambezi river to Loanda, a journey which occupied eighteen months.

While in England in 1857 Livingstone published "Missionary Travels and Researches in South Africa." Returning to Africa he devoted himself to exploration, and in 1865 resolved to find the sources of the Nile. During the remainder of his life, observes a writer in the Cleveland Plain Dealer, there were frequent periods when he was not heard from for months at a time, and it was during one of these protracted absences that Henry M. Stanley began his travels to search for him and found him in great destitution at Ujiji, on Lake Tanganyika.

Dr. Livingstone died in 1873 while exploring the river system of the Zambesi in the belief that these were the headwaters of the Nile, having penetrated to the south shores of Lake Bangweulu Rhodesia. In 1874 his body was interred in Westminster abbey.

**Pearls Cannot Be Given Life**

Pearls are things which never die. They are either born still-born and dead, or living. Still-born pearls with their dull, dead look can never be revived, according to a pearl specialist. This doesn't mean that all pearls that look dead are really so, though it takes a real expert to know when looking at them just after they have been extracted from the oyster. In most cases, the upper layer, or layers, of an oyster are not at all pretty. Having been built by the oyster in successive layers of congealed fluid, each layer has its own characteristic. The expert pearl jeweler's job is to see what layers lie below those which are uppermost, and to decide what tint and what layer will give the greatest value to the pearl. And then to remove the less beautiful layers without damaging the lower, richer ones.

**Habits of Bears**

Several kinds of bears are noted for their habit of sleeping during the winter. The Kodiak bear uses a cave in which to spend the winter months. Kodiak bears have brown fur and sometimes are called "Alaska brown bears." They are the largest members of the bear family.

**Sheffield, Nucleus for Cutlery**

Sheffield, England, has been noted for the manufacture of cutlery since Chaucer's time.

**Missouri Longer Than Mississippi**

The Missouri river with 2,945 miles is longer than the Mississippi river with 2,486 miles.

**Cockroaches From the Tropics**

Cockroaches were originally confined to the tropics. They spread with the increase of commerce.

**Gourmet and Gourmand**

The word, gourmet, means a person who is selective in his choice of articles of food. A gourmand is one who overeats.

# Happenings of the Nations Told in Pictures

## January Floods Reveal Strength of Red Cross

### Aid Given 1,062,000 Persons Through Set-Up by Agency

The elasticity and scope of Red Cross disaster work is shown in a recent report on Red Cross relief measures during the unparalleled Ohio-Mississippi Valley flood of this year.

At the height of the emergency Red Cross relief offices were established in 182 inundated counties and in 146 counties where refugees were cared for, the report stated. Eight regional headquarters offices controlled the 328 county offices, and were in turn supervised by the National Red Cross in Washington, D. C.

A statistical summary of persons aided by the organization indicates that the floods constituted the greatest peace-time emergency ever faced by the nation. The Red Cross gave some form of assistance to 1,062,000 men, women and children. From January to August hundreds of trained workers helped by thousands of volunteers administered to the sufferers.

A Red Cross rescue fleet of 5400 boats was organized, according to the report. Emergency hospitals established totaled 300 and 3600 nurses were assigned to flood duty. In more than 1,000 refugee centers the victims of the flood were sheltered, clothed and fed. Through the Red Cross medical health program and the work of public health agencies sickness was kept to normal for the time of year in all inundated areas.

Because of its disaster experience the Red Cross was directed by the President of the United States, who is also president of the Red Cross, to coordinate the effort of all federal flood relief groups. Government and Red Cross officials met daily at the Red Cross headquarters building in Washington to plan relief measures and prevent duplication of effort.

"We were fortunate in having 56 years of disaster relief experience to call upon in meeting the emergency," Admiral Gary T. Grayson, chairman of the Red Cross, said.

It was found that 97,000 families composed of 436,000 persons had to have their resources supplemented or an entirely new start provided by the Red Cross, the report stated. Red Cross emergency and rehabilitation assistance was as follows: rescue, transportation and shelter for 62,000 families; food, clothing, and other maintenance for 193,000 families; building and repair for 27,000 families; household goods for 90,000 families; medical, nursing and sanitation help for 15,000 families; agricultural rehabilitation for 10,000 families; other occupational aid for 3,000 families and other types of relief for 4,000 families.

"Credit for this largest peace-time relief operation in the history of the nation must go to the American people who contributed a Red Cross relief fund of more than \$25,000,000," Admiral Grayson said.

During the year the Red Cross gave aid to the victims of 105 other disasters in 36 states, Alaska and the District of Columbia. The Red Cross financed the majority of these relief operations from money contributed through memberships during the annual Roll Call last November, since it is only in case of large scale disasters that a national drive for relief funds is made.

This year the Roll Call is from November 11th to the 25th. The Red Cross seeks a greater membership to meet its disaster relief and other service obligations during 1938.

Last year Red Cross Chapters gave vital help to 120,000 needy families.

### Red Cross Replaces Farm Family Losses

The Red Cross gave agricultural rehabilitation to 10,116 farm families following the severe eastern floods of last winter. Types of aid included feed, seed, livestock, farm tools and machinery and other items essential to agricultural productivity. More than \$599,000 was expended by the organization to meet these requirements.

In addition to occupational assistance, rural families hard hit by the flood waters were rescued, clothed, fed and sheltered by the Red Cross. Where it was necessary the Red Cross repaired and rebuilt out-buildings, barns and other structures. Medical and nursing care were provided and homes refurbished.

Red Cross agricultural rehabilitation benefited nearly three times as many families as received all other types of Red Cross occupational rehabilitation combined.

Labor's advocacy of the Red Cross program is attested by recent statements from William Green, president of the American Federation of Labor and John L. Lewis, president of the United Mine Workers of America.

"Red Cross aims and purposes are highly commendable and deserving of the support of all classes of people," said Mr. Green.

"The activities and service of the American Red Cross satisfy a great need of the people, and I strongly urge that it receive the unqualified support of all during its annual Roll Call for members," Mr. Lewis said.

### Tree Named for Lee Unscarred

One of the giant trees in Sequoia National park is named for Gen. Robert E. Lee, the Confederate general. It is one of the few venerable trees in the area without fire scars.

## Scenes and Persons in the Current News

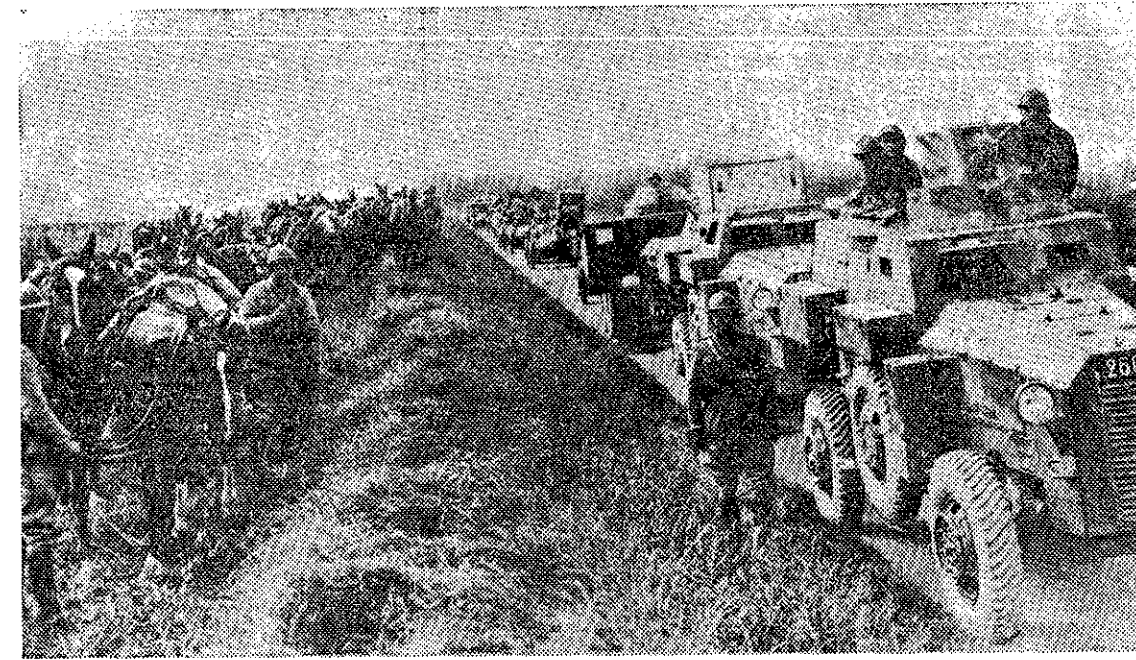

1—Lord Halifax, who was placed in charge of the British foreign secretary's office, following the resignation of Anthony Eden in one of the most dramatic cabinet upheavals of the present generation. 2—Prime Minister Neville Chamberlain of England, whose policy of seeking an immediate understanding with Premier Mussolini led to Eden's resignation. 3—Anthony Eden, foreign secretary who resigned rather than pursue Italian friendship, talks about circumstances which he held would indicate that Britain was yielding to pressure from Il Duce.

## Nanking Broom Brigade Ready to Sweep Up

Members of the "sweep up and clean up" brigade of enforced Chinese labor shown at Nanking. The Japanese forces in control of the city have organized the civilian refugees into various bodies.

## Cavalry, Old-Fashioned and Modern

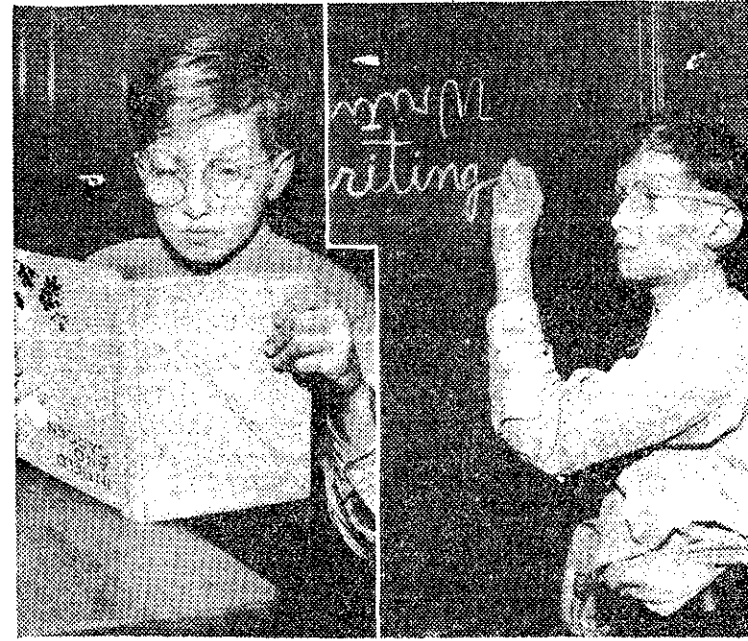

A strange scene during recent maneuvers of the French army. The old style cavalry is shown moved off the road (left) to give the right of way to cavalry's mechanized successor, swift-moving and hard-hitting armored cars. Scenes like this are being duplicated today as France prepares her war machine for anything that may happen about her troubled frontiers.

## "No More Headaches" for Soviet Russia

"No More Headaches" was the title of this float in the recent Rose day parade in Kohn, Germany. The tableau depicts the newest purges in Soviet Russia. A big head of Stalin dominates the scene, while lesser Soviet lights are holding aloft their heads. One of the signs reads "Thanks of the Little Father."

## An Inversionist in Action

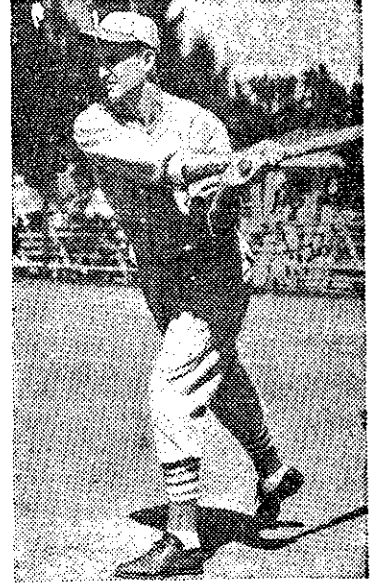

Frank Balek, age eleven, an inversionist, is a pupil in the fifth grade of the Fulton school at Chicago. At left he is shown reading a book upside down, at right he is shown writing on a blackboard upside down. He is said to be the best speller in his class, a thing virtually unheard of in an inversionist.

## HITLER LIEUTENANT

Arthur Seyss-Inquart, made chancellor of Austria by decree of Adolf Hitler, following the resignation of Kurt Schuschnigg and the successful Nazi coup. Seyss-Inquart also took over the duties of President Wilhelm Miklas and proclaimed Austria as a "state of the German reich."

## SAMMY ON DIAMOND

"Slinging Sammy" Baugh, ace performer of the professional football ranks who is being given a baseball tryout this spring by the St. Louis Cardinals. "If I make the grade with the Cards, I'll give up football," Sammy announced. "I realize that you can't play football without endangering your baseball career."

## New Star Is Born

A new star looms in the baseball world, as Mrs. Joe Medwick, wife of the St. Louis Cardinal star presents their new son, Joseph Michael, in his first photograph. Note the baby's first plaything gift from his famous father. Mother is holding it.

## FUEHRER'S KEY MAN

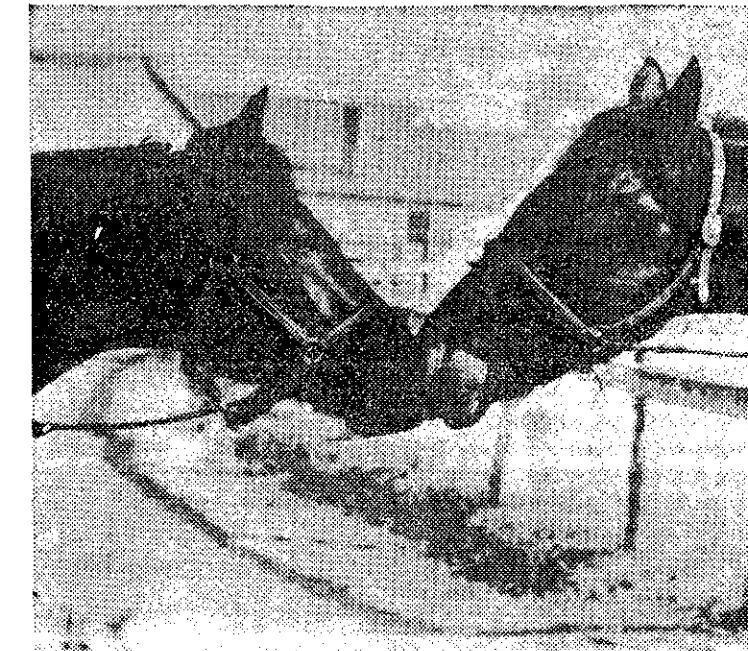

Dr. Arthur Seyss-Inquart, protege of Chancellor Adolf Hitler, who was recently named to the key position of minister of the interior in the Austrian cabinet, following the agreement between Austria and Germany which brings the two nations into closer relations. Increase of Nazi activities in Austria is expected to follow the rise to power of leading members of the party.

## Czechoslovakia May Be Next

With informed observers predicting that Czechoslovakia will be the next object of Adolf Hitler's Pan-German campaign, following his bloodless subjugation of Austria, the government of Czechoslovakia has reiterated its previous warning that it will resist to the last any attempt to conquer it. President Edouard Benes (center) is shown conferring with some of his military chiefs during army maneuvers recently.

## In the Oriental Manner

Seovere (left) and Promoter, two prominent candidates for trotting horse honors this year, shown in a bit of affectionate nose rubbing at Pinehurst, N. C., where they are in training for the Hambletonian and other leading three-year-old stakes. Dr. H. M. Parshall, of Urbana, Ohio, trains and owns them both.

## VISION RESTORED

Fr. Antonio Santandreu, eighty-four, pastor of a church in San Francisco, Calif., whose sight was restored by an unusual feat of surgery. Blind in one eye and threatened with loss of sight in the other, the cleric underwent an operation in which a disc one-sixth of a millimeter in diameter was removed from his eye and replaced by a disc of the exact size from the cornea of a dead man.

### Elementary School News

**LEWIS E. MAIRE SCHOOL**  
Current interest in "Snow White and the Seven Dwarfs" inspired the sixth grade of the Lewis E. Maire School to present an original play based on the story on Friday, April 1. Two performances were given, one for the upper grades in the morning, and one for the lower grades in the afternoon.

The cast included Betty Jane Carter, Marilyn Cousins, Vincent Young, Charles Parrish, Peckie McMann, Eugene Del Barba, Frederick Geisling, Howard Hickey, Wayne Lindow, Carl Geicke, Robert Haslett, and George Eversman.

Miss Haas' second grade from the Kerby School were guests at the afternoon performance.

### The 5 A group of the Maire School

has made author, title, and subject cards for every book in the library. The pupils have also classified all books in fiction and non-fiction groupings in accordance with the Dewey decimal system.

Elizabeth Mitchell, Margaret Gray, Carolyn Taylor, Robert Barnes, Henry Kuhlman, and Jack Williams have been chosen librarians. They will be on duty in the morning from 8:30 to 8:45 o'clock and in the afternoon from 3:30 to 4 o'clock.

### Dramatization of "The Tale of Peter Rabbit"

a story that offers the most thrilling situations, has been the center of interest in the Maire School kindergarten for the past week.

The children have made clay models and pictures of Peter Rabbit and other bunnies. Bunny costumes have been made for a bunny dance, and various other costumes and properties for the dramatization have been made.

### GEORGE DEFER SCHOOL

Joe Leach, 6 A Defer student, has made a representation of a scene from "Snow White and the Seven Dwarfs" in colored chalk. So successful was his drawing that it is displayed on one of the school bulletin boards. Art is Joe's hobby, and he expects to enter his Snow White composition in the Hobby Show to be held in the Defer School in May.

The second and third grades under the direction of Miss Adelaide McLinn and Miss Violet Clemens, gave a program in the auditorium last Friday. Miss McLinn's group had been engaged in an activity on foods and Miss Clemens' on an activity centered around Holland. The program was given as a culmination of these activities. It included a play, a dance, recitations and several songs.

### Union Good Friday Services

The Jefferson Avenue Methodist Church, Rev. C. L. Caulkins, pastor; Grace Evangelical Church, Rev. Warner S. Siebert, pastor; Kercheval Avenue Evangelical Church, Rev. A. Baum, pastor; and Eastminster Presbyterian Church, Rev. Carl E. Kircher, D. D., pastor, are all uniting in a Good Friday service.

This service will be held in the Jefferson Avenue Methodist Church, East Jefferson at Marlborough, from 12 to 3 p. m. The theme of the service will be, "The Seven Last Words From the Cross." The various ministers from the co-operating churches will speak. You are cordially invited to come and worship with us.

### New Driver's License Law Now In Effect

The new Driver's License law is now in effect and any applicants residing in the Farms who must renew their driver's license can secure information and a very instructive booklet provided by the Secretary of State at the Grosse Pointe Farms Police Department at 60 Kerby Road.

Every driver on the road can profit by a study of this interesting book. New applicants must pass a more severe test than previously, therefore it is advisable to secure this information and be prepared for the examination.

In any case for details visit your local police station.

### 5,000 Boys To Attend Baseball School Saturday Morning

Five thousand ball playing Detroit boys, between the ages of 14 and 17, will attend a School for Better Baseball at the Fox Theatre on Saturday, April 9, under the auspices of the American Legion. Instructors will include George Moriarty, former big league player and now major league umpire. Walter Briggs, Tiger owner, will speak to the lads, as will Rev. Fr. Markey and Rabbi Leon Fram.

Tickets that will admit the lads to the affair are now being distributed by high school athletic coaches to the ball playing lads. Boys with the tickets are to gather at Times Square and Grand River at 7:30 a. m., April 9, where they will march behind the Cass Technical High School Band to the Fox Theatre, with a police escort.

At the theatre the program will consist of the premier showing of a six reel motion picture directed by George Moriarty, and officially adopted by the American League, the talks by the gentlemen named; music by the Fox orchestra, while Fred Lawton, famed U. of M. song leader, conducts mass singing, and patriotic airs by an American Legion Auxiliary drum and bugle corps.

The motion picture illustrates in detail just how star players do their stuff, how the pitcher, the batter, the base runner, and the fielder perform. There are no crowd scenes, and slow motion gives the lad full chance to learn how the stars got that way. At the conclusion of the "school" each lad in attendance will be given a souvenir hat.

The purpose of the school is obvious: to give the lad who likes to play ball information that will make him a better player, and through being a better player, to become a better man. Last summer 500,000 American boys played ball under American Legion auspices, and a 16-team American Legion league will play in Detroit this summer.

### Neighborhood Club Activities

The A. O. C.'s play St Paul Thursday at 9:00 p. m. in one of the final games of the season.

The Grosse Pointe Stars and Cadettes go to the Neighborhood House Friday night at 7:00 p. m. for the girls' basketball game.

The Girl Guards are going to make cookies Friday and they will be selling them. Anyone wishing to purchase any of this fine baking may do so after 4 p. m. on Friday, April 8.

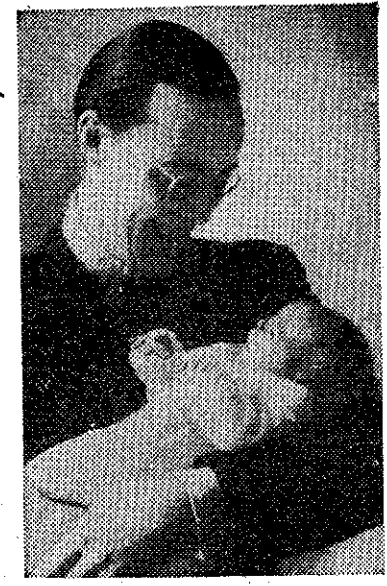

The Rangers will compete against the Saints in a final basketball game in the inter-urban league. May the best team win.

There is to be a Neighborhood Club dance on Saturday, April 23, at 9:00 p. m. Presenting Joe Arneau and his Swingmasters under the direction of Bill Larson. Tickets will be 40 cents each.

### "Quiet Along the Potomac"

The expression "all is quiet along the Potomac" originated during the first few months of the Civil war. It was used to describe the state of military activity in that area.

### PRINCESS BEATRIX

The Princess Beatrix, daughter of Crown Princess Juliana and Prince Bernhard of The Netherlands, pictured in the arms of her father, a few days following her birth at The Hague.

### An Expression Of Appreciation

Mr. and Mrs. Bert Wheelock of 1139 Beaconsfield wishes to express their heartfelt appreciation to their many friends and neighbors for the many kindnesses accorded them in their recent bereavement when their two year old son, Neil died at the Herman Kiefer Hospital after a brief illness, on March 30th.

### Camp Fire Girls

The Grand Rapids Council of Camp Fire Girls will be hostesses to the Annual Meeting of the Ninth District on Friday, April 8. Representatives from Camp Fire Councils in five states will be present at the meeting. The Ninth District includes Michigan, Illinois, Indiana, Ohio, and Kentucky.

The day's program will include meetings, talks by the two national officers who will be present—Mr. Lester F. Scott, national executive, and Miss Ruby Lattimore, associate field secretary—and discussion groups concerning problems of interest to Council and Board members.

Group Camping will be held at Camp Wathana, June 25-28. A fee of \$1.50 will be charged each girl. The groups will bring their own food for the two meals to be cooked out-of-doors and the rest of the meals will be served by the camp. Please make your reservations for group camping as soon as possible, as there is room for only 100 girls and space is filling rapidly.

### U. S. Daughters of 1812

Several Detroit women were honored by election to State offices at the 39th annual State Council of Michigan Society, U. S. Daughters of 1812, held at Lansing this week. Mrs. Lloyd DeWitt Smith, Grosse Pointe, was advanced to State President. Mrs. Gordon W. Kingsbury was elected chaplain; Mrs. Edward J. Savage, corresponding secretary; Mrs. Jacob J. Lamb, treasurer; Mrs. Myrtle E. Babcock, flag custodian. These are members of Gen. Alexander Macomb Chapter, Detroit.

Other state officers named were: Mrs. Curtis T. Wolford, Grand Rapids, vice president; Mrs. Edward B. Flack, Saginaw, recording secretary; Mrs. Otto C. Hartig, Lansing, registrar; Mrs. George W. Moran, Marshall, historian. Mrs. Helen Baker Rowe, of Grand Rapids, retiring state president, was made honorary state president for life, in recognition of her services to the organization the past three years. Lansing Chapter, just organized, was presented to the State Council.

Resolutions passed urged members to oppose the Government Reorganization Bill, and the May Bill, which gives the President, in event of war, the power to draft men, money and supplies, control of industry,—in short, dictatorial powers.

Saginaw was named as the place of the March, 1939, State Council.
