These meetings are held in harmony and co-operation with the same aim and purpose as expressed in the great theme of the Olympia meetings—America Must Come Back to God if She is to be Saved from Chaos.

The entire program will be under the direction of Rev. George E. Muran, pastor of the Knox Presbyterian Church.

## Schusters Celebrate Golden Wedding April 9

By MARY JANE STOETZEL  
Solemn high mass was sung at St. Ambrose Church Saturday, April 9, at 8 o'clock by the Rev. Francis Van Antwerp, pastor, in honor of Mr. and Mrs. Joseph Schuster, who were celebrating their golden wedding anniversary.

Mrs. John B. Renaud, one of Mr. and Mrs. Schuster's four daughters, entertained at a breakfast in her home on Maryland for members of the family and a few friends after the church services. In the afternoon from 1 until 4 o'clock, Mr. and Mrs. Schuster received guests in their home on Lakepointe.

A dinner and reception was given at the Hagen's Club Cafe Sunday evening in honor of the jubilarians. Sixty guests sat around a "U" shaped table surrounded by embankments of gift bouquets; while several bowls of baby orchids and golden tea roses were used to decorate the dinner table. A large, be-decked, traditional wedding cake was placed directly in front of Mr. and Mrs. Schuster, who sat at the center of the table.

Music was furnished by Mr. Edward Krass, Sr., who played the violin while his son, Edward Krass, Jr., played the accompaniment.

Among the guests were: the Hon. Alfred Garska and his wife; Norbert Denk, supervisor of Grosse Pointe, and Mr. and Mrs. Adolph L. Damman.

For the occasion, Mrs. Schuster selected an orchid, lace dinner dress; while on her shoulder she wore a corsage of orchids and golden tea roses.

Both Mr. and Mrs. Schuster have been residents in Grosse Pointe Park for the past 15 years. Mr. Schuster was born in the Pointe; while Mrs. Schuster was born in Centerline, Mich., where they were married. Up to the time of his retirement 10 years ago, at the age of 63, Mr. Schuster was actively engaged with the Dodge Motor Corp. Their five living children were present to help them celebrate their anniversary.

The children are: Mrs. J. B. Renaud, Mrs. L. Hagen, Mrs. Virginia Nelson, Mrs. A. Siler and Mr. Al Schuster. Mr. and Mrs. Schuster also had 13 grandchildren to help them celebrate.

Mr. and Mrs. Charles T. Bush entertained in their home on Three Mile drive over the week-end in honor of their guests, Mr. and Mrs. V. Lee Edwards of Toledo.

## Easter Lilies

How fair the lily, thought the Savior where He trod,  
Breathing in beauty of creation here of God,  
Clustered 'round the altar, here where we sing his praise  
Lilies waft their incense, on holy Easter days;  
Whispering of ages, when some whom Christ loved sped  
Calling that He had risen, risen from the dead.

Consider lilies, how they neither toil or spin;  
How crisp white cups enfold tranquility within;  
They whisper thoughts of kindness near the sick bedside,  
They whisper in the white, clasped fingers of the bride.  
They whisper the triumph of joyful feet that fled  
When up from the tomb Christ had risen from the dead.

## School Board Seeks Junior High Site in Grosse Pointe Park

After considering every available property suitable for school purposes, the Grosse Pointe Board of Education at a special meeting Monday officially designated five and one-half acres between Kercheval and St. Paul immediately south of the Defer School as a site for a junior high school building.

A committee was appointed to negotiate with the owners for the purchase of the property, which is part of the Frye subdivision. The acquisition can be made without necessitating a bond issue.

The site extends from the rear lot line of Nottingham to the rear lot line of Balfour. Erection of a building there will result in the termination of Somerset at St. Paul rather than at Kercheval, where the street now ends.

The plan of the Board is to propose the building of a 600-800 pupil unit on the site. A structure of this size will care for the seventh, eighth, and ninth grade pupils living in the west end of the district. The new building will make possible the removal of junior high school classes from the Defer and Trombly elementary schools. Approximately 200 pupils are now assigned to the Trombly school for academic classes and to the Defer school for laboratory classes, spending one-half day in each building.

With a junior high school building on the newly designated site to provide for west-end pupils, the high school building will be relieved sufficiently to take care of junior high school pupils living in the central and eastern parts of the district for several years at least. While the new building will probably be designed for an enrollment of 600-800, construction to permit the addition of wings which can ultimately house 1,200 children if necessary will be considered by the Board.

Investigation has shown that over half of the present junior high school pupils live west of Cadieux road. The total junior high school enrollment is now 1,017, an increase of 64 over a year ago.

Designation of the Kercheval-St. Paul site was made following conferences with representatives of parent organizations. A committee from the Parent-Teacher Council attended the March meeting of the Board of Education urging immediate steps toward the provision of adequate junior high school facilities and suggesting the Staelens Farm on Mack as a desirable site. This committee had considered the Frye subdivision, but believed its purchase might be difficult because it is involved in litigation. Inquiry by the Board revealed that the litigation would not prevent acquiring the site, which was finally chosen in preference to the Mack avenue location because the latter is not centrally located in relation to centers of junior high school population.

Board of Education studies show that there are at present two centers of junior high school population. One of these is in Grosse Pointe Park. The other lies within walking distance of the high school building. Adequate facilities for both of these large groups will be provided when the new building is erected, and only pupils living in the extreme east end of the district will be beyond walking distance of a junior high school. Transportation costs for pupils living in the central and western parts of the district will be entirely eliminated, thereby affecting a material saving for parents and school district.

Alex Patton; Jerry, his son, Robert Elrod; Stephen Santry, an author, William Sampich; Billy, his son, Owen Middleton; Phyllis, his daughter, Marjorie Edwards; Anne, his wife, Opal Kober; Olive, his daughter, Philena Davis; Eve, his daughter-in-law, May Mason; Dick, his son, Julian Gossom; Dr. Lynn Gray, a country physician, Othel Gossom; Mary Marshall, a neighbor, Jean Anderson; Mrs. Marshall, Mary's mother, Mary-Patton; Angie Sperry, Sid's wife, Belle Hart.

The entire action of the play takes place in the combination dining-room—living-room of the old Santry Homestead, located in the southern part of Missouri. The time is the present.

## Grosse Pointe Florists Established 14 Years

The Grosse Pointe Florists, at 96 Kerby road, has been established as a Grosse Pointe institution for over 14 years. Adolph Schagl, its owner, has made the study of planting and growing flowers his life's work with the result that many beautiful plants are grown in their large greenhouse every year.

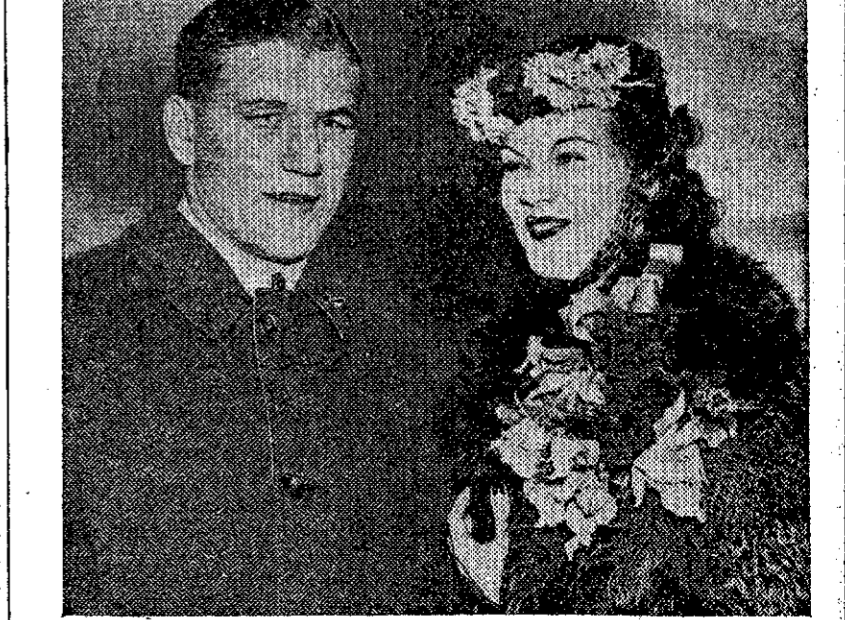

Many of these beautiful plants are on sale for Easter at a very reasonable price, and every plant through excellent care and attention, is a real beauty.

Board of Education studies show that there are at present two centers of junior high school population. One of these is in Grosse Pointe Park. The other lies within walking distance of the high school building. Adequate facilities for both of these large groups will be provided when the new building is erected, and only pupils living in the extreme east end of the district will be beyond walking distance of a junior high school. Transportation costs for pupils living in the central and western parts of the district will be entirely eliminated, thereby affecting a material saving for parents and school district.

The junior high school problem has been acute in the district ever since the enrollment in grades 7 through 12 passed the 1,450 mark, three years ago, thus overreaching the capacity of the high school building. The annex system was resorted to in order to provide for the overflow of students. Classrooms were opened in the old Cadieux elementary building and later in the Defer and Trombly elementary schools for 7B, 7A, and 8B pupils. It is expected that the 8A class will also have to be placed in the annexes next fall.

According to Mr. Charles A. Parcels, president of the Board of Education, the annex system entails undesirable handicaps and overcrowding for both junior high school and elementary pupils. Erection of the proposed building in Grosse Pointe Park will restore adequate and normal school conditions for both groups.

## Death Kiss for a Shark

Brought back to the United States recently from the Fiji islands by Rev. A. J. LaPlante, for ten years a missionary there, this photograph shows one of the strange customs of the island. Fiji islanders trap sharks in long woven nets. Wading into the trap, the natives pick up the sharks by their tails and kiss them on the upturned bellies. After this mysterious kiss the sharks show no signs of life.

GOOD LIGHTING FOR A GAME OF BRIDGE—  
300 WATT LAMP  
You can operate this 300-watt lamp 56 minutes for 1¢ (at average resistance, room)  
COST: ABOUT A penny an hour  
BRIDGE isn't much fun if half the time is spent in frowning at cards in dim light, and peering across the table at a dummy hand only half visible. Bridge to be enjoyed must be played with good lighting—and that is exactly what this 300-watt lamp provides. Used with the new reflector-type floor lamp which has a reflector bowl under the shade, this 300-watt bulb will provide almost one hour of excellent illumination at a cost of only one cent. And it is soft, pleasant lighting—easy on the eyes.  
At your next bridge party—instead of huddling in cramped discomfort next to an inadequate, old-fashioned bridge lamp—try this new type of lighting with its sense of freedom and relaxation. Lean back in your chair and enjoy yourself: Revel in the soft, pleasant illumination of a 300-watt reflector-bowl floor lamp. You can afford it—its cost is only about a penny an hour!

**Public Letter B-O-X**  
April 8, 1938  
Editor, Grosse Pointe Review:  
I would like to use your paper to inform the parents who have children in the public schools of Grosse Pointe that we should have special teachers for art, music and gym. When I learned that the classroom teacher had to teach those subjects along with her regular work, I could hardly believe it, a classroom teacher doing the work of a specially-trained teacher along with her own work, in a large school system like Grosse Pointe.

We think it is far more important to have a special teacher for those subjects in the lower grades than in the high school. High school pupils can get this work outside of school. There are many places like the Neighborhood Club. The little children, the very ones who need to start the training early, are neglected because the Board of Education cannot afford it.  
When school systems much smaller can afford it, why not Grosse Pointe? We parents must get busy.

# Save Your Property

The County Treasurer is compelled by law to offer for sale next month—beginning May 3—all properties on which 1935 and prior years' taxes are unpaid. This involves COUNTY taxes levied on properties in the City of Detroit and the taxes of TOWNSHIPS, VILLAGES, and CITIES other than Detroit.

There is still time to withhold your property from sale by paying the 1933, 1934 and 1935 taxes in full, and at least three installments of the 1932 and prior years' taxes. Interest charges at the Tax Sale will be much greater than they are now.

Properties are exempt from sale if 1935 and prior years' taxes are on the 10-year plan

Make sure that you have not overlooked some special assessment levied in your city or township and now payable to the County Treasurer.

Dr. Wang to Speak in Detroit May 1

A capacity audience of 5,000 young men and women is expected to hear the address to be delivered by Dr. C. T. Wang, Chinese Ambassador to United States, at Masonic Temple on Sunday afternoon, May 1. The meeting will be open to the general public, and there will be no admission charge, but because of the heavy demand expected for tickets by those eager to hear this outstanding world leader, early reservations are urged as it is hardly likely that all desiring to hear this address will be able to get into Masonic Temple for the mass meeting.

Already large groups are making seat reservations in blocks, many of them being from individual churches or religious groups. There will also be delegations of Masons, Detroit Chinese, University of Michigan Alumni, high school students and other groups. The program will get underway at 3:30 p. m., although the doors will be thrown open at 3 p. m. Howard A. Coffin, president of the Detroit "Y" will preside over the meeting. In addition to Dr. Wang, talks will be made by Branch Rickey, manager of the St. Louis Cardinals, and Dr. A. G. Studer,

International Relations

MANY eminent people in the political and economic spheres have for years been endeavoring to place before a waiting and anxious world constructive ideas for wishing friendly international relations on a secure and practical basis. But, so far, none of the material methods which have been experimented with have succeeded in breaking down the fear of aggression, or the thoughts of bitterness in the human heart. That these fundamental errors need to be overcome is certain, if the world is to experience the lasting peace and prosperity which humanity has so long desired. That there is a sure way of solving this most important of all world problems is unquestionable, since there is no unsolvable difficulty. The Apostle John in profound yet simple language, which a child can understand, clearly shows us this way. Tenderly he pleads (I John 4:7, 8), "Beloved, let us love one another: for love is of God; and every one that loveth is born of God, and knoweth God. He that loveth not knoweth not God; for God is love." Some may say that love is all very well in its very intimate place between friends and relatives, but of what effectual use is it between nations? Further, it is sometimes argued that ideals, ambitions, and characteristics vary so widely in each country, that it is impossible for even the closest neighbor to understand another nation's differing needs and aims, and how to deal with them. But are we not conclusively told that love, understood in its relation to Love, God, can overcome all barriers, and form that lasting link necessary for world peace? It is the unselfish desires and united aims of men which break down the temporary obstacles of language and material tradition. In the first century of the Christian era Paul discerned this fact, for he wrote, "Whether there be prophecies, they shall fail; whether there be tongues, they shall cease; whether there be knowledge, it shall vanish away." But "charity [love] never faileth" (I Corinthians 13:8). Mary Baker Eddy, the Discoverer and Founder of Christian Science, writes on page 340 of "Science and Health with Key to the Scriptures": "One infinite God, good, unifies men and nations; constitutes the brotherhood of man; ends wars; fulfills the Scripture, 'Love thy neighbor as thyself'; annihilates pagan and Christian idolatry,—whatever is wrong in social, civil, criminal, political, and religious codes; equalizes the sexes; annuls the curse on man, and leaves nothing that can sin, suffer, be punished or destroyed. It is the knowledge that God, divine Love, is indeed the Father of all, foreshadows the gloriously liberating effects mentioned in this illuminating passage, it is not impracticable, but divinely potent and natural. This broader realization of true brotherhood, wherein each one seeks his own progress in the good of another, because all are brethren, will in due course solve every national and international problem relating to frontiers, colonies, and economic supplies. When in a human family there are discontent, lack of affection, and a general disregard for the progress and welfare of each member, it is easy to see that the whole structure of that family's success and well-being is liable to totter. Selfishness and joylessness have undesirable effects on health and happiness. But if one and all have a common basis for true affection and selfless service, the family will prosper, and will steadily increase in health, freedom, and tranquility. Thus it should be with the great universal family—the brotherhood of nations. Each one should work for the general good, realizing that all the children of God have their rightful place in the divine plan, wherein there is fullest liberty, progress, and true prosperity for all. Since God is good, good is inexhaustible and permanent, and is given in equal measure to all by the loving Father. But in order that boundless good may be fully utilized for the benefit of every nation, man must be clearly understood as not material and imperfect, embodying mortal passions and hatreds, but as wholly spiritual and perfect, the reflection of God and the embodiment of all right ideas. When love, reflecting the divine, governs the hearts of men and is practised in daily life, every human difficulty will be dissolved. The full understanding of the ever-presence of divine Love is destined to dispel all sense of discord, whether of an individual or a collective nature, banish fear and distrust, and put an end to political intrigues and the desire for alliances and counteralliances. As humanity wakens to recognize "one Father with His universal family, held in the gospel of Love" (ibid., p. 577), good will and lasting peace will be established on earth.—The Christian Science Monitor.

general secretary of the Detroit association. Dr. Wang is well known in Michigan. He was a student at U. of M. in 1907-08, during which time he made frequent public addresses both at Ann Arbor and in Detroit. Dr. Wang later graduated from Yale in 1910, being elected to Phi Beta Kappa. In 1911 Dr. Wang returned to China, and then went to Tobio as general secretary of the Chinese Y. M. C. A. in the Japanese capital. He had been there only a few months when the Manchu rebellion broke out which resulted in the overthrow of the monarchy and the establishment of the Republic by Dr. Sun Yat Sen. He became Prime Minister of the new Republic regime, serving in that capacity for two years. He then returned to Y. M. C. A. service in 1913, to serve as General Secretary of all Y. M. C. A. work in China. Two years later he was called back to governmental service as Minister of Commerce and Finance, in which capacity he brought about the financial rehabilitation of his native country. Again he returned to Y. M. C. A. service, only again to be recalled by the government in 1919 to act as head of the Chinese Delegation to the Versailles Peace Conference. Because of the controversy that developed over the Shantung Province, which Japan had seized from the Germans, he persuaded his country to refuse to re-sign the Versailles Treaty, to which China never has affixed her signature. Because Dr. Wang has only been in the United States on his present diplomatic post since last fall, little is generally known concerning him. Few probably realize that he is one of the industrial leaders of China and that his governmental service is a contribution he is making to his native land without charge. Dr. Wang is among the Chinese industrialists who have been hit particularly hard by the Japanese invasion. He owned large cotton mills in Shanghai which have been taken over by the Japanese. Among his other industrial operations are large coal mines in North China, which so far have escaped the hands of the Japanese. The mass meeting at Masonic Temple will come as a climax to the International "Y" sports tournament, to be held in Detroit April 27 to 30, in which 1,500 to 2,000 athletes from all over the United States and Canada will compete for trophies in eight sports.

Christian Science Church

"Doctrine of Atonement" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, April 17. The Golden Text, (John 10:30), is: "I and my Father are one." Among the Bible citations in this passage (Ephesians 2:13, 18): "But now in Christ Jesus ye who sometimes were far off are made nigh by the blood of Christ. For through him we both have access by one Spirit unto the Father." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 18): "Atonement is the exemplification of man's unity with God, whereby man reflects divine Truth, Life, and Love."

Grosse Pointe Post Activities

On April 27, at 8 p. m. we of the Legion with the joint sponsorship of the Alger Post (V. F. W.) are pleased to announce that a veterans (stag) rally will be held at St. Ambrose school hall, Maryland near Jefferson. Through the efforts of Father Ross, we were fortunate in securing Rev. Father Gabriel of Lansing, who traveled for five years extensively through Russia—and is now very much interested in enlightening the American veterans on Communistic ideals that the Russian people are forced to live under. As American veterans are the backbone of this nation, we feel this rally should be attended well, and a full house is expected. The Alger Post Quartet will sing several numbers. A drum and bugle corps of some renown is also anticipated. Several outstanding veteran dignitaries will also be present. A letter is now in progress informing all members of our Post of the proposed change of name—the second meeting in May. A vote of two-thirds majority of those present at this meeting can carry the vote to the affirmative. Our regular Friday night party that we have been successfully having, will be dispensed with on account of Good Friday, but will be resumed Friday a week until our friends who have given us so much co-operation deem it otherwise. Commander Korte in the next 30 days will be transferred by his company to Toledo. Comrade Bill says his thoughts will always be with No. 303, in fact will travel in every two weeks to conduct his meeting. Comrade Bud Lingeman, the horse shoe number card king clicked and did split the five bucks (with my wife). Comrade Clem Whately takes great pleasure in a game of help your neighbor. Comrade Bill Scally, a one-time sailor—is a great user of the umbrella. Comrade Swantz (of Stalin fame), is making himself conspicuous by his absence, according to (Trotsky) Comrade Leo Harrison. Comrade (Smokey Dave) Nielsen was appointed poppy chairman for 1938. Ain't seen any cigars around since Comrade Bill Eggleston got himself hooked up. —L. M. WEIL.

## PUBLIC ENEMIES

### THE CROSSWALK CREEPER

Not so innocent as one might think is this candidate for "public enemy" of the highway dishonors.

By inconsiderately edging his car across the safety lines of cross-walks at street corners, the Cross-Walk Creeper forces pedestrians into danger zones. Many serious accidents result.

Good drivers are considerate of others—they obey the law by stopping back of the cross-walk.

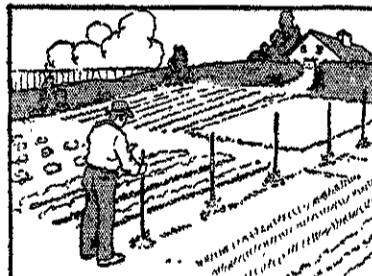

### The Man With the Hoe Says

Spring lawn rebuilding will be easier if you provide a dressing of plant food. Apply it with a spreader or by hand on areas which are to be reseeded; 4 pounds for 100 square feet is usually sufficient, although a smaller quantity may be advisable where the grass is fairly well established.

We down plant food immediately, and sow seed the next day, rolling it into the soil to assure a smooth surface. Do not sow or roll lawns when ground is soft enough to show deep heel prints.

### The Man With the Hoe Says

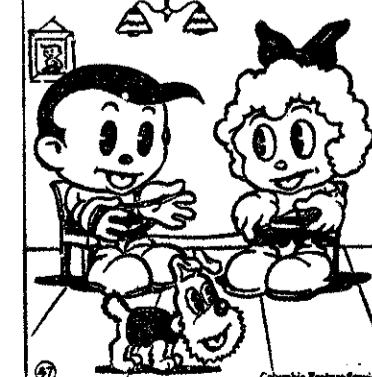

Plan your garden for the greatest yield. Allot only as much space as needed for each vegetable, and know what you will replant after it is harvested. Make provisions for poles for your pole beans, stakes for tomatoes, chicken wire for cucumbers; it saves space to grow such vegetables in the air.

Lay out the garden in plots, so that you can conveniently work every section without trampling. It will appear better if you trim each plot with flowers, such as ageratum, sweet alyssum or miniature marigolds or zinnias.

The Grosse Pointe Review is the only advertising medium having complete coverage in Grosse Pointe Township.

## Scenes and Persons in the Current News

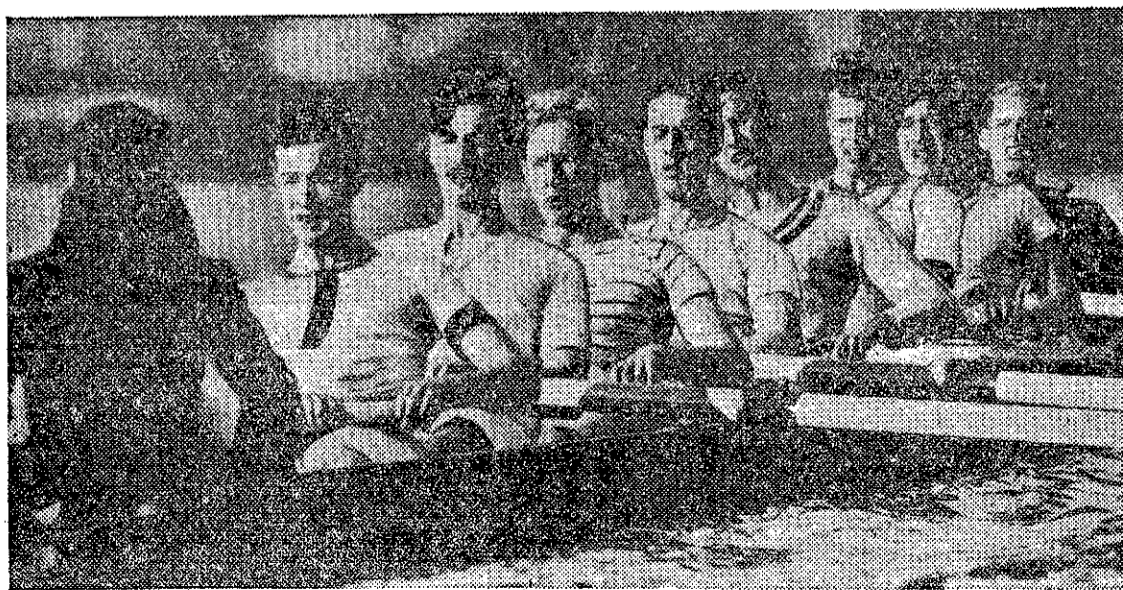

1—Customs men of Germany and Austria shown tearing down barricades that marked the limits of their respective nations, following Hitler's successful Nazi coup. 2—Spanish loyalist prisoners captured recently on the Alcaniz front do a lock-step under their captors' eyes. 3—Leslie Hore-Elisha, youthful British secretary of war who is speeding England's rearmament program.

## Ship's Distress Boon to Coast Dwellers

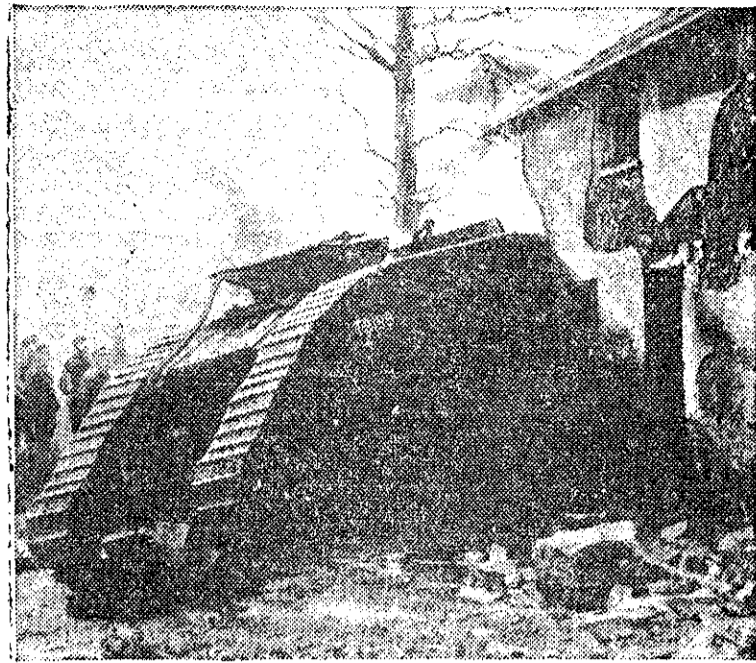

Residents of St. Ives in Cornwall, England, are reaping a harvest of coal from the hundreds of tons that were spilled from the hold of the S. S. Alba after she had broken in two recently. The Alba was driven high ashore at St. Ives by heavy waves and is slowly pounding to pieces at high tides.

## Oxford Crew in Action on the Thames

The newly completed Oxford boat crew rowed out for the first time, in action on the Thames, where they prepared for the annual race. The crew's average weight is 184 pounds, which makes them the heaviest to row in the race since its inauguration 169 years ago.

## Official House Wrecking

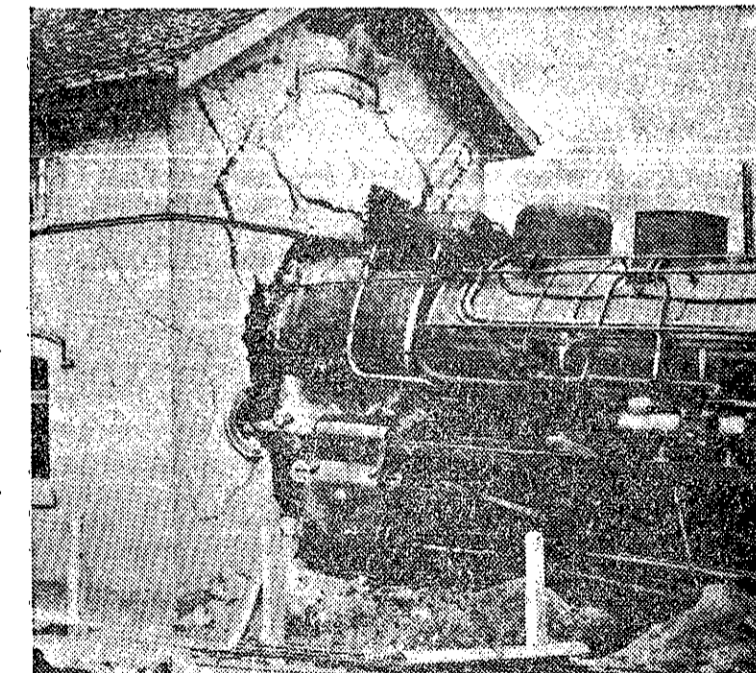

An army tank charging one of a row of condemned cottages near Bovington camp, Dorset, England, provided an exciting show for the local inhabitants. Hundreds of visitors and all the soldiers stationed at the camp had a chance to see the tanks in operation.

## "Der Fuehrer" of Austria

A strange scene for the formerly gay capital of Austria is presented by posters carrying the profile of Chancellor Adolf Hitler, as the Nazi organization takes over the government. Wonder what thoughts pass through the minds of this elderly trio.

## Here's a Forced Entry

This unusual accident occurred near Braine L'Alleud, Brussels, Belgium, recently as the result of a faulty switch. The locomotive crashed into the side of a signalman's house in which he lives with his wife and two children. Luckily, no one was injured.

## "Biggest Smile" Contest Winners

Their smiles were the biggest by actual measurement in the Boys' Athletic league's "Biggest Smile" contest. Winners, Jimmy O'Brien, four years old, and Lillian O'Brien, four years old, display their winning smiles throughout the city.

## PANDA MAKES BOW

Mel Mel, baby giant panda brought to the Brookfield zoo near Chicago from her home in Tibet recently, makes her first public bow, in the arms of George Spedel, attendant at the gardens. Thousands of visitors flocked to see the furry creature which is the second giant panda ever to be brought back alive to a zoo. The other one, Su-Lin, is also quartered at the Brookfield zoo.

## DER FUEHRER SPEAKS

## MATURE FRESHMAN

Stone, thirty-five years old, is a graduate of Ohio State university and holder of a Ph. D. degree in chemistry from Harvard. He lives in Cambridge with his wife and baby daughter and is studying law to give him a better background for government work.

## SHE LIKES CIGARS

One hundred and three years old, Lizzie Bransfield of Cadiz, Ohio, is happy as long as she has a little tobacco and some pretty things to fuss over. She has thrived on simple living and hard work at the county infirmary for 85 years. Her mother died at the age of ten. "When I was any longer," she says, "I would be ready to go."

The church is conscious of the benefits of such publicity, so freely rendered by the Review, and takes this opportunity of acknowledging its indebtedness to the management of this publication. We have evidence that the paper is widely read among the citizens of Grosse Pointe and appreciated.

Don't forget the big inter-club dance coming off on April 23, Saturday night from 9—7. And don't forget you're going to swing to the Swing Masters orchestra. Really it's going to be a great dance as you can well see by the clubs sponsoring it: Rotarians, A. O. C.s, Rangers, Cadettes, Grosse Pointe Stars, Gardeners, and Delta Chi's.

Don't miss that date—April 23 at the Neighborhood Club.

A thrilling final game was seen at the Neighborhood Club last Saturday night. The St. Paul team and the A. O. C. were competing for a beautiful trophy and medals for each individual player. Final score was A. O. C. 23, St. Paul 20.

In the first round of the Detroit News Ping Pong tournament the Junior Girls—Dorothy Pipper took two best games out of three from Marjorie Allor and Della Hollenbeck conquered Irene Pfeifer. The girls will play off Thursday at 7 p. m.

Bill Harms made one of his frequent baskets, scoring two points and George Savory finished the game with a foul shot, scoring one point. The trophy went to the Rangers.

In the first round of the Detroit News Ping Pong tournament the following are still in the Men's Singles: Charles Marzoli, Lester Clinton, Robert McIntyre, Fred Allor, Robert Allor, Louis Marick, Phil Reimund, Donald Piche, Leonard Beaufait, Roger Koltz, and James Locke. Troop 85 is hard at work making posters for the Lochmoor Sunday School's Easter service.

This week three girls were invested at the investment ceremony. They are Shirley Hamsell, Lily Knox, and Denise DePorre.

Troop 85 enjoyed the rally which was held at Maire school, since it was their first district meeting with other troops of this district.

The troop is learning a tap dance called "Dance Militaire." Denise DePorre, a member of the troop, is the instructor. The drill has in it the Girl Scout salute.

"Stars and Stripes Forever" is the music the girls use with the dance.

### Grosse Pointe Lutheran Church

"Stones to Be Rolled Away," will be the subject of the sermon at the Grosse Pointe Lutheran Church, worshipping in the auditorium of the Richard school, Kercheval and McKinley road, Sunday morning, April 17, at 11 o'clock, preached by the Rev. M. Luther Canup, D. D., pastor, in celebration of the festival of Easter.

At this service the Holy Communion will be administered and there will be reception of new members. The hymns, music and chancel decorations will be in keeping with the occasion. Miss Dorothy Tweedle, Detroit, will sing, "My Redeemer and My Lord," by Dudley Buck.

### High School Notes

Tickets for the William Lyon Phelps' lecture, to be given May 12 under the auspices of the High School Teachers' Club, will go on sale April 20, announces Mr. Vincent Peterson, in charge of ticket sales.

Every faculty member will have tickets for sale to both students and adults. They will be 50 cents each, and seats will be unreserved. Tickets may also be obtained from members of the Mothers' Club.

An easy ticket sale is expected due to the fact that Dr. Phelps is so very well known. "This is a rare opportunity for everyone to hear such a pop-

ular man as Dr. Phelps. He is in great demand," states Mr. Peterson.

The auditorium seats only 600 people.

Paul (Jack) Rosenberg, '33, now a mathematics instructor at the Detroit Institute of Technology, will leave early this summer for Germany where he will work in a ceramics factory for a year. He will live with a German family to learn conversational German, necessary for a position he hopes to obtain with the United States Patent Office.

Jack's greatest difficulty in making arrangements was to obtain a passport allowing him to live in Germany. Because of the internal strife now existing there, it was necessary for him to get special permission from the German Consulate in Detroit.

The Pointe Players will present a modern comedy character sketch, "The Happy Journey," under the direction of Dorothy Miller, January '38, for the April 21 assembly. The play will also be given for the joint meeting of the Mothers' and Men's Clubs on April 25 and for exchange assemblies with Mt.

Clemens and Royal Oak.

The cast will include: Florence Jackson, 11A; Carl Weideman, 9A; Bill Ludwig, 10A; Marion Kueschenmeister, 9A; Dick Hunter, 9A; Wilma Coughlin, 119, and Barbara Ferry, 10B.

The committees in charge of the student movie called "A Day at School," which is to be ready for showing sometime next month, have been chosen.

Pat Selje, 12A, and George Bosch, 12B, are in charge of the script writing. The camera work will be done by Bob Little, 12A, and the technical features will be placed under the direction of Gale Brainard, 12A, and John Chandler, 11A. Mr. Harold Husband and Mr. William Mann are the faculty advisers for the entire project.

More students will be added to staff as the film progresses.

The film will encompass the school day of the typical Grosse Pointe student. It will begin at 8:30 in the morning with the arrival of the student school. Classroom and study scenes, noon recreation and cafeteria shots, and passing in the halls will be included in the film.
