

## World's Champion Softball Team to Play All-Star Grosse Pointe Team Aug. 4

The famous Briggs Beautyware World's Champion Softball team will play an All-Star Grosse Pointe team at the Defer school playgrounds on Thursday, August 4, at 6:30 p. m.

The game will be preceded by one of their famous softball clinics which requires about 30 minutes. This consists of a demonstration of the new "bunting" rule written into the book since 1937; Briggs' interpretation of correct pitching, plus a gatling-gun warm-up stunt involving eight boys which opens with some fancy cross-fire pitching and winds up with a twist like a Mark Hellinger short.

Back in Detroit after a 10,000-mile, 49-day tour via motorcade, Briggs Beautyware world's champion softball team visited 36 cities—from Miami to New York—played 41 games, won 34, lost seven.

Generous space in the press of the cities on the schedule, radio broadcasts and special events sponsored by civic bodies marked the progress of the team. Eight-column streamers, four

and six-column and full page layouts, hundreds of stories—some of which made front page—appeared in nearly every city on the itinerary.

In Nashville, where 17,000 witnessed the game, readers were invited by the Nashville Tennessean to nominate the all-star team which was to meet Briggs. Over 150,000 votes were recorded.

On July 10 Briggs Beautyware met the Lowell Thomas All-Stars at Quaker Hill, near the famous newscaster's home. Among the celebrities who attended the 12 to 2 match were Lowell himself, Gene Tunney and Jack Dempsey. Following the game the boys were Thomas' guests. On four nights America's ace interpreter of the news spoke in highest praise of the lads' performance and of the kick that the big-name folk got out of meeting them.

In Jacksonville the team was given a fish fry at the Beach and presented with a four-foot alligator as mascot. In Ocala the boys were guests of Silver Springs, rode in the famous glass-bottomed boats. In Hamilton, Ontario, they were entertained by the Civic Club at a luncheon in their honor at the Hotel Connaught. Over 10,000 attended the game, a benefit for a summer camp sponsored by the Hamilton Spectator and the city's B'nai B'rith lodge.

Briggs packed Griffith Stadium in Washington, were featured in the press for the whole week preceding the game played on July 5. In Louisville 15,000 saw the two games played at two separate parks the same night.

### Ambition

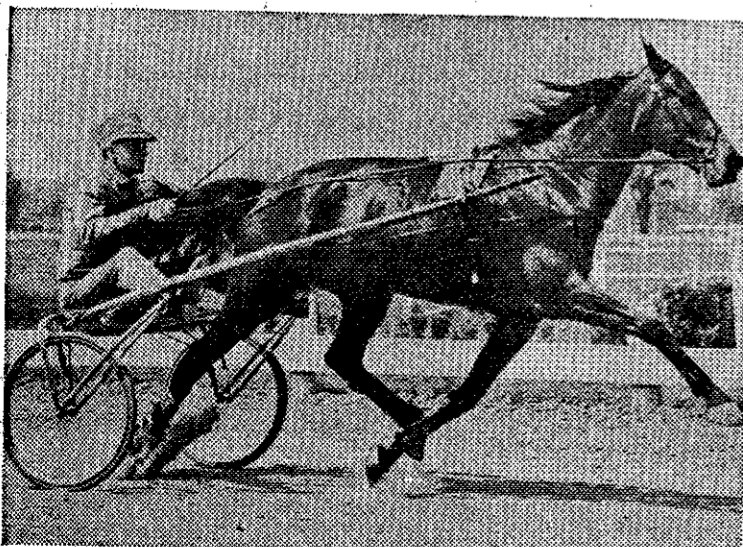

By MARY OSANNA  
I have no desire to rule the world  
Or the world to conquer me—  
But to take my place is all I ask  
And do my duty perfectly.

The desert solitude my soul doth crave,  
Though in turmoil of life I roam—  
Yet in passing through may I show the way  
To my creator's lasting home.

A daisy trampled beneath the foot  
Again lifts its face to the sky;  
May my soul, battered in earthly storms,  
Reach the haven bye and bye.

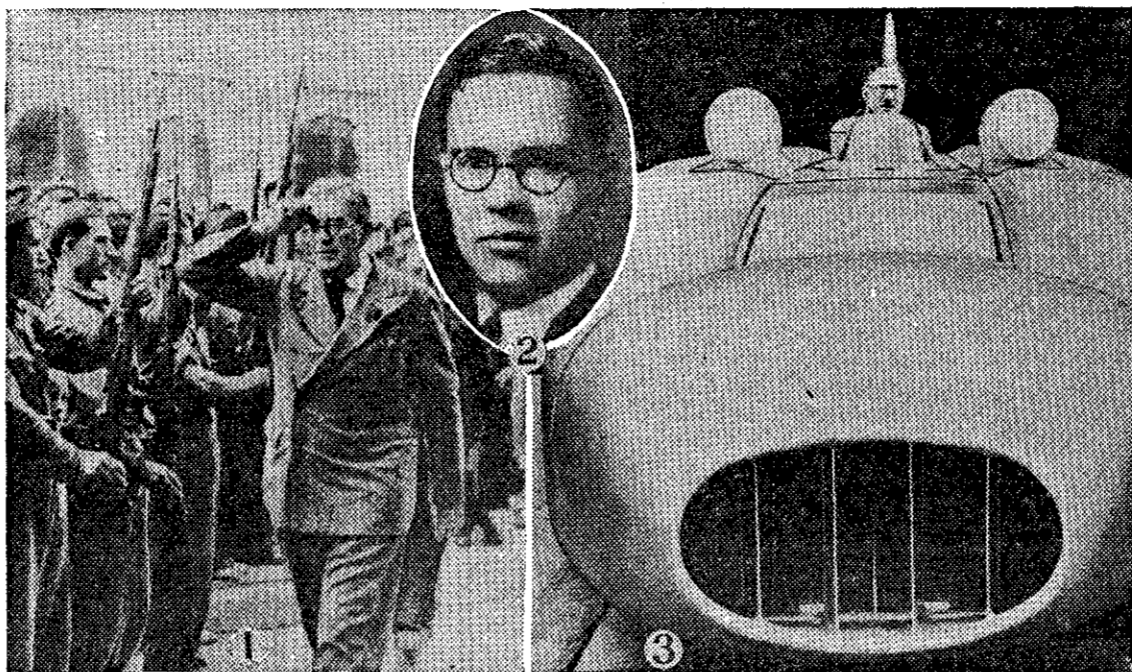

May I clasp the hand as I travel on  
Of some "Brother" treading slow—  
And give him a lift—be it only a word,  
To make his spirit glow.

### Municipal Employees Dubber Golf Tourney Draws Large Crowd

By THE DAUBER

The second Municipal Employees Golf tournament held at the Plum Brook golf course July 19, was another huge success, both in the point of attendance and fun. The committee is under the impression that this tournament will be the largest municipal tournament in this part of the state. The ladies who attended the banquet in the evening were treated to a surprise when the committee let them draw for three prizes, which were won by the following: Miss Helen Smith, Mrs. Clara Coriden, Mrs. Ed Trombly.

James Beaupre, Farms dock employee, showed the boys some good golf by shooting a 70, two under par. In contrast to this Patrolman Bob Moran shot a perfect 144. Bob took a 60 handicap to come in with an 84.

About a dozen new players joined us this time from the municipal pier, office, and water works.

First prize went to Chief Coriden, City of Grosse Pointe; second to Dell Billett, school board; third to Elmer Labadie, Grosse Pointe Farms police. Ten other prizes were given in this fight.

### Major Burns Henry Post to Hold Big Party Saturday Night

By L. M. WEIL

The long anticipated millionaire party will become a reality when the boys and their friends mingle in that gold coast atmosphere Saturday night in Weil's Woods, at 878 St. Clair, Grosse Pointe. The nominal charge of admission should be an incentive to spend an enjoyable, inexpensive evening. Bring your friends, the more the crowdier. Refreshments and lunch will also be on hand for those who wish to imbibe in the fluids.

The following comrades were elected at our last meeting to the following offices: Comrade Al Zarb, commander; Martin Nielsen, senior vice commander; Walter Hoyt, junior vice commander; Clair Craig, finance. Comrade Bishop, historian; Ray Allor, sergeant-at-arms; Earl Cramer, adjutant. With three blank ballots and one blank adjutant the election was very exciting. Who was that guy who voted for himself? Missed several comrades who faithfully promised to be out.

Comrade Hoyt reported the function of the drum corps and from all indications should be popping along before many moons.

A visit by Comrade Hohlfeldt of the V. F. W. enlightened the boys on the functions of the allied council. Comrade Besso was put on the spot for some unknown reason by his pot crack friend Clemmie.

Comrade Bud Lingeman was so busy mixing the mixer—he forgot there was a meeting.

Comrade Swantz insists that the 50-cent leap pays a certain guy's upkeep.

Comrade Hugh Finnegan boarded a United Airliner for Portland, Oregon.

Comrade Turner kicked in the what-chamacallit.

Comrade Harry McNeff's attention proves our meetings are quite a farce.

Comrade Rudy Schmidt's Chicago cousin is evidently about town.

Comrade Cramer, the man about town, will build himself a love nest shortly.

### Merchants and Friends Respond

Many valuable and beautiful gifts have been donated as prizes for the many competitive events to be held at the Park for young and old. There will be a raffle, ball game, dancing and German musical concert. Plenty of refreshments, with light lunches of those who do not wish to pack baskets. The park contains a rifle range, horseshoe courts, grounds for baseball, soccer, etc.

This event in itself will constitute a picnic, as was evidenced in a recent game with the same organization.

Now formulate your party for this event. Get out the old lunch basket, and do a little old time shopping for an old time picnic, at a German park. Good German music and a bunch of real folks. What could be sweeter?

Will greet you Sunday. You are invited to join the party.

About 3 o'clock in the afternoon there will be a program. The principal speaker will be a well-known Detroit attorney and ardent worker for the Townsend Plan, U. S. A. Heggblom, who attended the third national convention of the Townsend Plan just held in June in Los Angeles. He has a great message for the American people, and you owe it to yourself to become acquainted with this wonderful national recovery plan, which will restore buying power to our people.

By FLORENCE POWELL

Shure none but an Irishman dreamed of flying near to the moon, Where stars would roughly wink to his engine's humming sweet tune.

Shure none but an Irish lark could fly down to his own green isle, Poke his head from a rusty crate with an Irish joke and smile.

"Come home wild Corrigan bird! Home under your Uncle Sam's wing, Shure ye tossed life like a coin lad; but it's heads up with a ring."

Girl Scout Activities

July 16 marked the opening of the second period of Camp Metamora, Detroit Girl Scout Camp, Metamora, Mich. The change of camper personnel made little difference at the camp program continued with almost no interruption. The second session of the camp ends Saturday, July 30.

The unit Pine Ledge's trip to the Madden rabbit farm, Metamora, headed the camp's special activities for the past week. The girls learned about angora wool, the rabbit farm's specialty, and one rabbit returned with them to camp as the unit mascot.

The presentation of an all-camp dramatic program was the Saturday night campfire. The theme used was the succession of the months, opening with a New Year's celebration and closing with tableaux based on the Christmas season. Each unit took part, dramatizing activities in two different months.

Camp Metamora offers a varied waterfront program. The climax of the week's activities here was a water carnival staged by the girls of the Windjammer unit. The advanced white and blue cap swimmers held free style races, the yellow caps held side-stroke contests, green caps contested in a steamboat race, and red caps, non-swimmers, had a plate retrieving contest. Diving and an exhibition of resuscitation, with boat and canoe races, were on the program. The camp points to the fact that there were no red caps left in camp at the end of the first period, all having been advanced to green caps, or swimmers.

The service of Scouts' Own, the undenominational religious service, was held Sunday night in the lodge. The program was musical, each unit singing lullabies and giving musical interpretations. Both campers and counselors participated.

Happy Hill, the youngest unit, issued a newspaper the last day of the period, with the activities of the unit written by the campers. Sky Meadows and Gypsy Knoll each took an overnight hike, both successful in spite of bumpy ground for beds. Among the camp visitors was Mrs. Sidney Waldon, the chairman of the camp council committee.

The Metamora camp staff is gathered from all over the country, and their winter activities range from attending college to teaching and designing. Oberlin College has the greatest number, with 13 counselors having graduated

from or attending the institution.

Counselors living in Detroit are the Misses Minerva Cutler, Gladys Pedersen, Patty Main, Helen Unkefer, Doris Bangert, Ruth Carney, Hazel Thompson, Doris Warner, Margaret Meyer, Bettie Jones, Elizabeth Hays, Joan Greany, Alice Goodenow, Mildred Gignson, Virginia Kaufman, and Mesdames Shirley McCoy and Wally Scharmann. From Michigan are Misses Betty and Helen Averes, Ann Arbor; Marietta Lindsey, Weidman; Barbara Sullivan, East Lansing.

From Illinois are Cleo Stephens, Elizabeth Morehouse and Jeanne Turpin, all of Chicago; Florence Vanderploeg, Wayne; Lucienne Billot, St. Louis; Margaret Rischel, Edwardsville; and Kitty Stiven, Urbana. From Windsor is Gwen Mitchell.

From Ohio are Misses Frances Cooke and Harriet Cady of Oberlin. Alice Hill, Elyria; Betty Setters, Lorain; Lydia McCurdy, Columbus; Anne Matthews, Denison; and Betty Bean, Canton. From Birmingham, Ala., are Mary Forster, Mary Anger Curtis, and Talbert Griffin; Elizabeth Cooper and Ellen Anderson, Washington, D. C.; Lois Goodenough, Sterling, S. D.; Jane Brooks, Churubusco, Ind.; Helen Osmund, Narberth, Pa.; Bernice Weigold, Putnam, Conn.; Dorothy Illick, Syracuse, N. Y.; Lois Scheibe, Belmont, Mass.; and Florence Dunn, Pasadena, Calif.

Sarah W. Hendrie, of Lincoln road, is staying at the Hotel New Weston during her sojourn in New York.

Overheard in the washroom: "Just think, before I joined the navy, I didn't have a dime—Now I got a dime." Lady, serving cocktails: "Be careful not to spill any—I notice it has a tendency to eat holes in the carpet."

Only Unemployed Are Entitled to State Insurance

A reminder that the Michigan Unemployment Compensation Law is armed with teeth to discourage attempts to fraudulently file applications for benefits was issued today by the Commission. The law provides 90 days in jail and a \$100 fine.

"Anyone who thinks there is a chance to collect job insurance benefits without being entitled to them, is fooling himself and taking the chance of going to prison," declared Executive Director, Abner E. Larned.

"The law specifically authorizes the Commission to criminally prosecute all who willfully give false information when applying for benefits.

"This provision was set up not as an obstacle for those entitled to benefits, but to punish any one who may believe there lies in the procedure a chance for 'easy money'.

"A swindler might believe he can fool the interviewer who makes out the papers. But he can't fool the records on file in the central office.

"Where statements made in applying for benefits do not agree with previous wage records supplied by employers, a check back will correct any natural mistake. Errors are likely to occur in some instances. These are excusable. "But a deliberate attempt to defraud will show immediately. Claimants who deliberately make false statements are liable to prosecution as misdemeanants.

"There is an addition penalty for using the mails to defraud—a serious Federal offence—for any one who may devise a way to have a false claim processed to the point of payment.

"Prosecution has already been had in several states already paying benefits. "The commission is making no idle threat in promising strict enforcement of the criminal attempts to defraud those rightfully entitled to compensation.

"The commission must safeguard the fund and the rights of those covered by it.

"It is our aim to make it easy to collect valid claims, but impossible to defraud the fund."

Mr. Larned pointed out that recipients of benefits must certify for each week that they are still totally unemployed before the order will be issued for writing each check. The man who begins to receive checks and who is actually employed, will be caught up with sooner or later when his employer files reports of wages paid to him.

Progress in Traffic Safety Drive Outlined

Report of traffic deaths for the first six months of 1938 established that the state of Michigan is tied for second in the rate of fatalities reduction. Vermont, with the saving of 15 lives over the same period of 1937 leads the safety parade so far, with Michigan and Pennsylvania tied for second place with 275 and 361 lives saved respectively and a percentage improvement of 38% for both states.

Reports analyzed by Leon D. Case, Michigan's Secretary of State, also established that Detroit also ranked second in Traffic safety in America's larger cities. Reports of the 1st 27 weeks of 1938 show that Chicago, with 291 deaths this year as against 367 lives lost in the same period last year, has saved 76 lives to lead America in safety programs. Detroit, with a loss of 88 lives in the same period as against 157 lost last year has saved 69 lives to rank a close second.

"However," said Mr. Case "Although Michigan has shown much progress in traffic safety, our percentage of gain is still unsatisfactory: for our state, being the seat of the automotive industry, should at all times set an example in traffic safety for the rest of America. It is interesting to note that, contrary to general belief, the progress shown this year in traffic safety is not due to much less driving, as oil companies report that gasoline consumption is down only 5.9% from the same period last year."

FAIR GLAMOUR

We certainly do hear a lot these days about the New York World's Fair 1939. We keep right on hearing it, too, day after day. It seems you can't pick up a newspaper anywhere, or a magazine, either, that you don't run across something about the tremendous, stupendous, glamorous gorgeousness of the Fair, or words to that effect.

Sometimes we lean back in our worn editorial chair and wonder whether the fellow who's sending out all this press literature about the exposition isn't kidding us just a little. New York, you know, likes to kid the country-folk now and then. However, it doesn't seem there are any grains of salt sent with the press news of the Fair, so perhaps we're supposed to take it as is and believe it.

Let's see, now, what some of the wonders are going to be, as they are told to us in all sorts of flowery language. If you want to stick your tongue in your cheek afterward, that's up to you. We're just sitting still till it's time to journey to the Fair and see for ourselves.

To begin with, we're told that the Fair has built a steel globe 200 feet high, the biggest thing of its kind ever put up, and that there's a steel spire 700 feet tall right next to it, and that you are going to travel from the spire into the inside of the globe on the biggest escalator in the world, and that it took a camera man more than half an hour to climb up into the spire to take some pictures of the scenery thereabouts. Well, mebbe, mebbe.

And now try some of these on your imagination:

A statue of George Washington 65 feet tall, the largest portrait in sculpture in the world; a sun dial 50 feet high that's really going to tell time whenever the sun shines; the process, which all visitors will be able to witness, of milking 200 contented cows on a revolving platform so that they'll give 4,000 quarts of milk every 24 hours; the opportunity to make a parachute drop of 250 feet and live to tell the folks back home about it; the presentation of the entire history of railroading in this country, with all the dramatics of hold-ups with big six-shooters, and the like, on real tracks with real trains and masked bandits; a gigantic fountain display at night combining fire, water, sound and color as never before in what has been called "the nearest approach to chaos that man can contrive for purposes of entertainment"; the sight of a great airplane apparently in flight, so that you'll feel like ducking when you see it as if it were coming toward you; the changing of the leaves of a thousand trees to fairy-like fluorescence by the light of hidden mercury vapor lamps; the display of a "rocket ship" of the future in which those who want to "get away from it all" may be shot through the stratosphere to Mars, or to wherever else in the distant universe they have been foolish enough to buy tickets; a wide amphitheatre, as large as those of ancient Rome, where thousands will gather to witness thrilling pageants and spectacular productions of rainbow hues on a huge island stage; an enormous model of the City of New York, with some of its skyscrapers shown twenty-five feet tall, to display the intricate lighting system of the metropolis.

These are only a few of the promised wonders. Is the Fair trying to kid us? What do you think?

Mr. David Duggin returned to the city late last week from the East where she visited her family and Ruth Owen Rohde. She brought her sister, Mrs. H. Blake Stratton, of Monticello, New York, back home with her for a short stay.

Although the movie cannot compare with a Hollywood production, it was a success as far as the students were concerned.

Golf Champion of Today Sees World of Tomorrow

NEW YORK-Upon their return from England the American Golf Team inspected the grounds and buildings of the New York World's Fair 1939. Grover A. Whalen, President of the Fair Corporation, presented Charles Yates, winner of the British Amateur Championship, with a scroll and appointed him a member of the Fair's Advisory Committee on Sports with this remark: "We are very happy to take the golf champion of today into the World of Tomorrow-the New York World's Fair 1939." In the picture, left to right, are Mr. Whalen, Mr. Yates with trophy, and Francis Quimet, captain of the team. A group of friends from Atlanta, Georgia, the home town of Yates, accompanied him to the Fair grounds. In this group were George B. Hamilton, Treasurer of the State of Georgia, James D. Robinson, President of the First National Bank of Atlanta, Thomas B. Paine, James C. Malone, and O. B. Keeler.

New Pointer's Viewpoint

By RICHARD SONNE, JR.

New Pointer had lunch in Detroit the other day at a restaurant which has something new to give tired business men an appetite. Halfway down the menu, New Pointer read: "Minced Ham and Parsley Omelette." Detroit has always led the way in mass production, bank failures, and sit-down strikes, but this cannibalism seems like one too many.

A sombre looking man at the next table called the waiter in a loud voice, pointed to the item on the menu and said: "Waiter, you mean Minced Ham and Omelette Parslette, don't you?" The dish-slinger was plainly flabbergasted and reported at once to the management in a loud whisper, whereupon the management went into a spin and was plainly at a loss. A close investigation by the homicide squad revealed that, contrary to New Pointer's fondest hopes, there was no dirty work in the kitchen.

Speaking of minced mams, New Pointer would like to make a suggestion to the society sections of the three daily Detroit papers. The most tiresome reading matter in the dailies is on the society page about what somebody wore at a shindig. "Mrs. So-and-So appeared in yellow satin, topped off with a pink veil, etc." If they must go in for detail, New Pointer would like to suggest a new way of doing it, the use of comparisons vivid and bold. For instance, "Mrs. So-and-So appeared, looking like a lemon sherbet with a dash of raspberry ice." Or: "Mrs. So-and-So appeared like a swan dipped in pink lemonade." This type of society reporting would at least make some sense and have a flavor to it.

Next to the Society section, the hardest to get any uplift out of is the Tiger section. New Pointer, coming from the outside, was appalled by long accounts in the dailies about somebody's arm going stale. There were long columns on how the pitcher's arm felt when he scratched his head, and photographs, with charts attached, of each muscle in question. After reading all this horror in detail, it was found that nobody was going to die, but might be on the bench for two weeks.

Now a hardened Tiger fan, New Pointer can sail through the Tiger section without batting an eye. The obituary columns, as far as plain every day reading, still seem on a higher level than the Tiger section, but that's just a matter of opinion. Given another month of steady dosage, and maybe New Pointer will thrill at knowing the first name and nickname of some doughty outfielder. Nice way to educate yourself, reading the papers. (To Be Continued)

mentioned in the Act, excepting turkeys or geese for which \$8.00 is top price.

When a mad dog gets into a herd of prize cattle, as has happened several times, and bites them, making it necessary to destroy the cattle, the limitation of \$60.00 per head causes considerable loss to the owner.

An interesting note is that the Co., pays annually about one thousand dollars to doctors outside the city of Detroit for shots for rabies. The State supplies the serum and County pays the doctors for their services. A grown up who has been bitten by a mad dog takes 21 shots while a child takes 14. The County pays for the doctors services at the rate of \$1.00 a shot.

Wayne County Officials are laying plans for a Mid-Summer Frolic to be held at Edgewater Amusement Park, Sunday, August 14th.

The outing is sponsored by the Democratic office holders and some of the outstanding ones are Harold E. Stoll, Register of Deeds and Jacob P. Sumeracki, County Treasurer.

Was talking to genial Gene Denk of the County Auditor's office the other day and we fell to discussing Gene's baby brother, as he calls his little brother Norbert.

There is nothing small about the Denk family, there being 13 children and the youngest and smallest is Norbert who stands 6 feet tall and only weighs 295 pounds. Norbert is the youngest 42 years old.

Norbert F. Denk is a member of the Board of Supervisors, the elected choice of Grosse Pointe Township. He was just recently elected President of the Grosse Pointe Lions Club.

Norbert was formerly clerk for Ed. Vernier who formerly ruled the political picture in that part of the county and when Ed died, Norbert fell heir to the Vernier political dynasty.

Like his brother Gene, he is one of the most good natured individuals you could hope to meet. When a youth he took up the trade of plumber and after wrestling with radiators, etc., as a steam fitter, he went to work for Ed Vernier and he now spends all of his time discharging his duties as Supervisor for Grosse Pointe Township.

He married Ed. Vernier's daughter Mable and has a son Joseph who already, at the age of eleven, appears to be well on his way towards surpassing his father in size.

Norbert played baseball when younger and is fond of all sports but a love for fishing is his ruling passion.

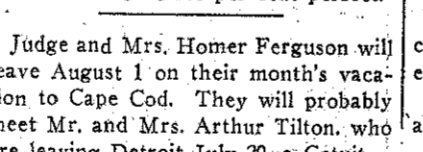

Clerical errors in township book-keeping are blamed for a tax mixup through which some tax payments were not properly credited. The entire number of mistakes do not, to date, involve more than a nominal sum, an insignificant margin of error in the operation of a county assessed at more than \$300,000,000. Clerical errors affecting far greater amounts of money occur annually in even the best managed private corporations. One thing is evident, also, and that is that the mistakes were not made by County Treasurer Jacob P. Sumeracki and his staff. Anyway and as a matter of fact, a mountain has been made out of a molehill by certain groups and individuals who are trying to substitute for township government a centralized control of township functions. These groups and their representatives overlook the fact that Wayne County with its so-called cumbersome exorbitant government has maintained, and is in, excellent financial condition, while Detroit and many other municipalities having greater centralized government, are on the verge of bankruptcy.

Furthermore, as Sumeracki well points out, the service given by many township treasurers and other township officials is remarkably efficient, considering the almost infinitesimal salaries, often not more than \$300.00 a year, and the fact that the work must be done in their spare time.

Grosse Pointe Township's tax rolls were found to be 100 per cent perfect.

Judge and Mrs. Homer Ferguson will leave August 1 on their month's vacation to Cape Cod. They will probably meet Mr. and Mrs. Arthur Tilton, who are leaving Detroit July 29, a Couitit.

Farms Win Double-Header Last Sunday

On Sunday, July 24, the Grosse Pointe Farms baseball team won a doubleheader from the State Lumber ball team. The scores were 18-4 and 17-2 respectively.

Freddie Speier, who pitched for Grosse Pointe, was credited with a very fine performance, only allowing six hits and four runs. Speier also got a single, helping himself to victory.

Jacky Jackson and Bill Spencer were the heavy hitters of the day. Spencer got three, Jackson following with two hits, including a home run and a double.

Tony Fishback was selected to do the pitching for the second game. By winning the game it keeps his average up to 1.000.

The nightcap of the doubleheader had thrills and spills. Gregg and Speiers both hit homers with bases loaded.

Correction: in last week's edition of this paper—the Grosse Pointe team will play the playoffs of the Southern Oakland County league starting the first Sunday in August.

The Pointe Pantry

By MARY KATHLEEN EBNER As long as there is hot summer weather that insists upon descending upon us about the middle of June and remaining until the middle of September, cold beverages will be popular. No other refreshment can give the added zest that a cool drink does. We find these cooling beverages in all the colors of the rainbow and all the flavors of the fruit kingdom.

The following recipes are snappy favorites that will insure variety in your list of cold refreshments.

Fruitade is a rare delicacy made by combining: 1/2 cup shredded pineapple, 1 orange, 2 cups boiling water, 1/4 cup sugar, 1 lemon. Add lemon and orange juice to shredded pineapple. Add boiling water to sugar and when sugar is dissolved

add to fruit juice. Let cool, then strain and place in refrigerator to chill. Serve with ice cubes frozen with maraschino cherry.

Grape punch is a delicious favorite that may be as "tops" in their list of refreshments. Use:

- 1 pint grape juice, 1 quart water, Juice of 2 lemons, Juice of 1 orange, 1 cup sugar. Heat water and sugar until all sugar is dissolved. Cool. Add to fruit juice and place in refrigerator to chill. Serve with ice cubes, frozen with lemon slices.

A fruit punch that is outstanding in flavor is made by combining:

- 2 tablespoons tea, 2 quarts boiling water, 1 lb. granulated sugar, 4 oranges, 1 fresh pineapple, 1 pint strawberries, 6 lemons.

Grate the rind of 2 lemons and cook with water for 5 minutes, pour over tea and let stand for 5 minutes, then strain. Cool. Cut 2 oranges into slices. Extract juice from other 2. Cut pineapple in small pieces, wash, stem, and crush strawberries. Mix all fruits and

add lemon juice and orange juice. When tea is cool, add to fruit mixture and place in refrigerator to chill. Pour into punch bowl with ice cubes decorated with maraschino cherries.

Milk Julep is a delightful drink. Its nutritiousness is another prize asset. It is made by using:

- 1 egg, 1 cup milk, 1 tablespoon sugar, Salt, Parke Davis vanilla. Beat the egg until it is light. Add the sugar, beat the mixture and add the other ingredients. Mix or shake, chill, and again beat or shake until foamy.

Apricot Nog is a rather different drink that is sure to delight the palate of the lover-of-the-new in culinary products. Combine: 1/2 cup sugar, 2 cups apricot juice, 1 cup cold milk, 1-3 cup ice water. Dissolve the sugar in the apricot juice and chill. When ready to serve pour into the milk and ice water, shake or beat vigorously and serve.

Chocolate Milk Shake should be a great hit with all members of the family. This is made by blending one cup

of sugar with four tablespoons of cocoa and one-half cup milk. Cook until it forms a soft ball in cold water. Add one tablespoon butter and one teaspoon Parke Davis vanilla. Mix thoroughly. Put into shaker two tablespoons of sauce, one cup of milk, one-half teaspoon of vanilla. Add ice, shake, serve in tall glass.

A marvelous summer drink is the following:

- 1 cup fresh hulled strawberries, 1 can red raspberries, 1 can crushed pineapple, 2 lemons, Finely grated rind of 1 lemon and 1 orange, 2 fresh limes, 3 oranges or 1 can grapefruit juice. Mash the berries, mix with other ingredients in a large bowl, sprinkle with one cup sugar and let stand in ice box all night.

The following day strain through a wire sieve, pressing well with a wooden masher, or, if preferred, the crushed fruit may be left in the drink. Add charged water to taste and some crushed ice. On top of each glass allow a few spring of fresh mint to float, or, if available, a couple of pale pink rose leaves. The above quantity will serve 6 to 8 persons.
