## Three Hundred Attend Alger Post Picnic In Rain

Gone with the rain, that would in all probability have happened to any picnic given Sunday by any organization outside of the Vets.

Being accustomed to all sorts of weather conditions, the rain of last Sunday did not deter the Alger Post Veterans, and a great many of their friends. At least 300 people were on hand to celebrate at the popular Kolping Park, where rain cannot spoil all the fun due to the many shelters. Had all who planned to attend known this beautiful park, we are certain the rain would not have held them to their homes. Many outdoor events were held including ball game. The dance hall was very popular, an excellent orchestra for such occasion providing the music. The Post wishes to congratulate the various committees on the fine manner in which they functioned.

Striving to be Judge John D. Whalen was outstanding as Chief C'ef, rendering excellent service and always something extra for your money.

Gust Lammerding was out as usual and helped to enliven the festivities. Comrad Seibert's Laundry refused to clean the trousers he was sliding around the bases in.

Comrad Harry Aleya is presenting a bill for a new back in his shirt which was lost in the ball game. Comrad Raven again displayed his cunning by rendering fine service in the beverage department under difficulties.

"It will be another year before the next picnic, but everyone in attendance at last Sunday's picnic hopes it will be held at Kolping Park, for with nice weather, no location could be finer.

Veterans who can spare of their time can do a kindly act by visiting a sick Comrade; Pat Moore is in the Marine Hospital where he'll be confined for at least 10 days, undergoing an operation.

Glád to see the Legionnaires turn out to the picnic after their big party the night before.

Next Post meeting Monday night.

## Parcell's Announces Reduction in Grosse Pointe School Taxes

Grosse Pointe's school tax rate during the coming year will be the lowest it has been since 1932, figures announced by the Board of Education revealed today. A reduction of about four-tenths of a mill in the rate will bring it to \$9.80 per thousand, compared with \$10.20 during the year just ended, according to Charles A. Parcells, president of the school board.

Meanwhile, announcement was made that the plans for the proposed junior high school building, to be voted upon by taxpayers this fall, have progressed to the point where a formal application for a forty-five percent federal PWA grant has been filed with the PWA offices at Chicago.

The building proposed to be constructed as the first Grosse Pointe Junior High School will have by far the largest pupil capacity of any building in the school system, except the Grosse Pointe High School. It was the badly overcrowded condition of this building which led to the demand in the community for a junior high. The new building is intended to house nine hundred pupils, or greatly more than the number for which most of the recent elementary schools have been built. Even a building of this size will only catch up with the current overcrowding, and the school system will probably have reached and passed full housing capacity by two years from this coming September, according to detailed estimates worked out for the Board of Education by Dr. S. M. Brownell, recently retired superintendent of schools. The 900 pupil capacity will compare with figures of 275 pupil capacity for the Mason School, 600 for the Pere Gabriel Richard School and 700 for the Maire School.

A large amount of special equipment is necessary in a junior high school building, including especially built facilities, such as those for manual arts, home economics, science and similar subjects. Despite this, the plans of the Board call for holding the construction cost per pupil down to a figure very close to the amount spent per pupil of capacity for the last three elementary schools. To this end, Dr. Brownell, the Board of Education, with Dr. E. R. Van Kleck, the new superintendent, and Derriek and Gamber, the architects, have been working for more than a month. Superintendent Brownell and the architects, Mr. Parcells said, have developed six different sets of floor plans in an effort to obtain the most

economical design possible, and to improve the efficiency of the proposed building.

"Dr. Brownell stayed on in the community and has given the board the benefit of his accumulated experience in school planning, and as a result we believe that a most efficient plan has been worked out, and one that has been unusually effective in cutting the amount of the cubical contents of the building and thus reducing the estimated cost," Mr. Parcells told the Grosse Pointe Review.

The outright PWA grant requested by the Board of Education is for the sum of \$395,100. Mr. Parcells said, "This will, if allowed, be a direct grant from the federal government from the funds raised by national taxation for the current PWA program," he explained. "Along with a fund which the Board has put aside from savings in operations costs, this federal grant will reduce the amount that would have to be raised for the building by local tax to a figure under \$40,000, possibly as low as \$350,000. Until it becomes possible to obtain definite bids on construction, the exact figure cannot be set. However, these amounts include not only the construction costs of the building, but the cost of the site, the architects' and engineers' and other fees, the landscaping, walks and drives, and the furniture and equipment—in fact a completed building. Several of our elementary schools have been built with the plan of adding to them as necessity arose. This junior high school, due to the fact that we have become so far

## Alger Auxiliary

On Tues., Aug. 9th, the Alger Post Auxiliary will hold a card party and tea at our Club rooms at 17145 St. Paul avenue, City of Grosse Pointe. Time: 1:30 p. m.

Our friends are cordially invited to attend.

## Jacqueline Fox Visiting in Montreal

Jacqueline Fox of the Jacqueline Beauty Salon, 1101 Lakepointe, left yesterday for a two week vacation in Montreal.

The Salon in the meantime will be in the hands of Bertha, a capable, expert beautician.

## Park Granted \$603,000 for New Storm Sewer

A special election will be held in the Village of Grosse Pointe Park on Monday, August 15, 1938, for the purpose of submitting a proposition to issue bonds of the Village of Grosse Pointe Park in the sum of \$737,000.00, the proceeds of which, together with a grant of \$603,000.00 from the Public Works Administration of the United States, said grant having been approved by the Public Works Administration, will be used to construct a storm water relief system and pump plant in the Village of Grosse Pointe Park. The polling places for said election are the Municipal Building at Maryland avenue and Jefferson avenue for all electors living south of Kercheval avenue, and the Defer school at Nottingham avenue and Kercheval avenue, for all electors living north of Kercheval avenue.

The Village of Grosse Pointe Park was incorporated in 1907, and embraced the territory from Wayburn avenue to Cadiex road and between Lake St. Clair and a line immediately north of Kercheval avenue. In 1914 the City of Detroit and the Village of Grosse Pointe Park entered into an agreement whereby the City of Detroit agreed to give to the Village of Grosse Pointe Park an outlet for a proposed 7-foot sewer to be constructed in the Village of Grosse Pointe Park in and along Jefferson Avenue. The outlet was provided by the City of Detroit at the Westerly Villag limits and consisted of an 8-foot sewer which had previously been constructed in the City of Detroit. This sewer discharged into the Detroit River at the foot of Parkview avenue. The Village of Grosse Pointe Park paid to the City of Detroit the sum of \$10,000.00 as a tapping charge for this outlet, and contracted to pay an annual fee of \$1,500.00 per year as

a usage charge for the facilities provided in the City of Detroit for the Grosse Pointe Park sewerage.

In accordance with such agreement, the Village of Grosse Pointe Park constructed a sewer in and along Jefferson avenue, in the year of 1914. All lateral sewers in the Village of Grosse Pointe Park contact with the Jefferson avenue sewer.

In 1916 the territory between Mack avenue and the former Village line immediately north of Kercheval avenue, was annexed to the Village of Grosse Pointe Park.

The City of Detroit subsequently constructed what is known as the Jefferson avenue relief sewer and the Connors Creek pumping station. This sewer was constructed to afford relief for the easterly portion of the City of Detroit.

The City of Detroit then constructed what are known as the Bedford road and the Cadiex road sewers, and said sewers discharged into Fox Creek which was then an open county drain in the Village of Grosse Pointe Park.

## Lochmoor Village May Change Name

A proposal has been made to the village officials of the Village of Lochmoor to change the name of the village to Grosse Pointe Heights, Mr. Jules De Porre, president of the village, announced early this week.

Mr. De Porre is desirous of ascertaining the will of the people and how

they feel toward such a move. Just write a few lines and address them to Jules De Porre, village hall, Lochmoor, Michigan, stating your views on the contemplated change.

It depends on the taxpayers whether they want this change made or continue under the former name. The will of the majority will be adhered to.

charge any of its sewage in Fox Creek.

In the early part of 1936 the Village of Grosse Pointe Park entered into negotiations with the City of Detroit with a view of obtaining additional storm water relief through the sewerage system of the City of Detroit. This was made necessary by reason of the fact that during heavy rains basements in the Village of Grosse Pointe Park were being flooded. The outlet facility of the Village of Grosse Pointe Park was taxed beyond its capacity, the present outlet affording relief of 180 cubic feet per second of drainage, while the requirements for Grosse Pointe Park's needs are approximately 950 cubic feet per second. The City of Detroit could not give us additional outlet facilities through its existing sewer, and the negotiations finally culminated in a contract, which was entered into on June 6, 1938, between the City of Detroit and the Village of Grosse Pointe Park, whereby the City of Detroit agreed to construct a twelve-foot sewer from the westerly limits of the Village of Grosse Pointe Park at Jefferson avenue along Jefferson avenue to Alter road, thence south along to Fox Creek open drain, and in addition, agreed to deepen and widen Fox Creek open drain south of Jefferson avenue.

(Continued on Page Four)

## Joseph F. Dayton Candidate For Drain Commissioner

Joseph F. Dayton, who resides at 1007 Beaconsfield, with offices at 5449 Twelfth street, Detroit, has announced his candidacy for the office of drain commissioner on the Republican ticket. Born at Nanticoke, Pa., he is fifty years old.

(Continued on Page Four)

## Joseph F. Dayton Candidate For Drain Commissioner

Joseph F. Dayton, who resides at 1007 Beaconsfield, with offices at 5449 Twelfth street, Detroit, has announced his candidacy for the office of drain commissioner on the Republican ticket. Born at Nanticoke, Pa., he is fifty years old.

JOSEPH F. DAYTON

He has lived in Detroit and Wayne County for the past 30 years, residing in Grosse Pointe for the past six years.

He has been in construction work for 30 years and for 22 years has operated his own establishment. He is a World War veteran and served six months in France. He enlisted in the 204th squadron signal corps as sergeant first class and later transferred to the 500th aero squadron as master signal engineer. He has been active in veterans' welfare work.

Mr. Dayton regards the office he seeks as a non-political one and declares it should have a practical man in it, one experienced in both business and construction work, who can give the taxpayers a saving administration. Mr. Dayton is not a politician.

## Briggs Beautyware World's Champion Softball Team

BRIGGS BEAUTYWARE WORLD'S CHAMPION SOFTBALL TEAM

Front row, L. to R.: Ray Koch, pitcher; "Spotty" Martin, utility infielder; Louis Vandierdonck, utility infielder; Sam Roscoe, catcher; Walter Butkowski, left fielder; Frank (Pinky) Kolko, second base; Hank Mohler, captain of the team and first base; Dan Lipinski, third base; Ralph Kock, pitcher.

Back row, L. to R.: Bob Mielko, manager; Tony Pieper, center fielder; Pete Clancy, utility fielder; Chuck Tavaggia, right fielder; Ed Tyson, short stop; Ed (Fireball) Figolski, pitcher; Steve Krzyzda, pitcher; Wal ter Butcko, long short; Mike Smith, catcher.

### The Value of Self Government By Student Body

By BARBARA FAINBAIRN  
"Just what is the set up of student government at Grosse Pointe High

School and why are there such goings-on in an institute of public learning supported by our taxes?" asks John L. Citizen of Grosse Pointe.

The Student Association is a system of self government for, by, and of, the students of the high school organized on the same basis as our national

government. The value in such an institution lies in the fact that it gives the student experience in self government with a view to making him a more efficient citizen in an adult community. Just before the close of school each semester, all the students (with the exception of the 12A's) vote for Student Association officers to serve the next term. Allan Cook, 12B, Donald McConachie, 12A, John Lucas, 11B, and George Bosch, 12A, were elected president, vice-president, secretary, and treasurer respectively last June. These officers, of whom the president and vice-president must be twelfth graders, have certain duties and responsibilities to the student body which they must execute beginning with the fall term.

Like our national government the Student Association has its own legislative and judicial body. The former consists of the Senate and Forum which discuss and weigh affairs of importance to the student body. The president of the Student Association presides over the Senate, while the Forum elects its own president. The judicial body is the Honor Court appointed by the president, which punishes any student for minor misdemeanor and infraction of rules.

Alan Cook, new president, will also preside at assemblies, greet visiting school representatives, and appoint committees deemed necessary for student activities.

Donald McConachie, vice-president, will automatically be president of the Service Club in charge of noon recreation, and take over duties of president in case of absence.

Besides taking the minutes at the Senate and Student Affairs Committee

Meetings, the new secretary, John Lucas will take care of all correspondence with other schools concerning student government.

George Bosch, treasurer, will be a member of the finance committee for budgeting of the Student Association affairs, work with the faculty sponsor in the A. A. drive next fall (the sale of tickets for student activities, and he will make out a financial statement for Student Association activities.

All four officers are members of the Student Affairs Committee, which meets about once a month with faculty advisers and is a kind of "cabinet."

When it is thus evident that these boys will obtain practical training in community life, can John L. Citizen of Grosse Pointe help but find value in such an institution?

### Says China Can Develop Alone

Chinese nationalism of some sort will finally succeed and Japan will have to live with it. This is the belief of Dr. Charles F. Remer, University of Michigan economist and widely known authority on the affairs of the Far East.

Concluding a series of lectures before Alumni University students here last week, Dr. Remer said that neither China nor Japan can successfully take a regional view of Far Eastern trade and attempt to monopolize the commerce of the other. Further, he asserted, the long-run interest of Japan, as well as that of China and the rest of the world, is in peace and in orderly international relations.

It would be best for everybody concerned if China were allowed to control her own development. Dr. Remer stated in outlining the possible outcomes of the present Far East conflict. I do not know how Japan will ever be able to provide capital for the development of China, he declared. Further, he explained, the Chinese central government has shown itself to be unified and stable enough to carry on its own development. He cited the success of China's managed currency (up until the war) as evidence of China's unification. No nation which is not unified, he asserted, could successfully manage its currency as China did.

### Christian Science

"Spirit" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, August 7.

The Golden Text, (Eph. 5:9), is "The fruit of the Spirit is in all goodness and righteousness and truth."

Among the Bible citations is this passage (John 4:24): "God is a Spirit: and they that worship him must worship him in spirit and in truth."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 594): "Spirit, Divine substance; Mind; divine Principle; all that is good; God; that only which is perfect, everlasting, omnipresent, omnipotent; infinite."

### Messiah Lutheran

Southeast corner of Kercheval and Lakewood avenues. A. H. A. Loeber, pastor, 1434 Lakewood avenue. Telephone Lenox 2121.

"Blessed are the Meek!" This word of the Savior taken from the sermon on the Mount, will form the theme of the sermon on the coming Sunday, August 7. The service will begin at 10 a. m. The Sunday school will meet from 9 to 10 o'clock.

### ANNOUNCEMENT

The engagement of Wm. DeBruyne, son of Mr. and Mrs. H. DeBruyne of 213 McKinley Road, to Suzanne Serrys, daughter of Mr. and Mrs. G. Serrys of 1371 Nottingham Road, was announced Sunday.

### Mt. Olive Lutheran Church

"The Little White Church" Around the Corner." Radnor avenue (Lincoln road) at Mack avenue. F. E. Stern, pastor.

Sunday School session at 9:30 a. m. Divine services at 10:45 a. m.

A cordial welcome awaits you at all services at Mt. Olive. Come to church-

### Rabaut Announces New PWA Grants

H. A. Gray, assistant administrator of the PWA, wired Representative Rabaut of the 14th Congressional District that additional Federal allotments had been approved for the Detroit addition to the Denby High school in the sum of \$402,248, also for the Grosse Pointe Farms' sanitary sewer, \$27,000, and for a drainage sewer in the same village, \$13,275.

LOUIS RABAUT

These recent grants are in addition to those formerly announced for the Grosse Pointe Park storm sewer, \$603,000 and for the improvement to the Marine Hospital in the sum of \$70,000.

# Registration Notice

## City of Grosse Pointe, Mich.

### To the Qualified Electors of the City of Grosse Pointe, Wayne Co., Mich.

YOU ARE HEREBY NOTIFIED that registration of qualified electors in the City of Grosse Pointe will be held every day at the City Clerk's office, 17150 Maumee Ave., from 9:00 a. m. until 4:30 p. m. (Saturdays, 9:00 a. m. to 12:00 noon), up to and including

## Wednesday, August, 24th

### Last Day For Registration

If you have not voted during the past two (2) years you are required to re-register, under the Permanent Registration Act.

## NEIL BLONDELL, DEPUTY CLERK.

# Notice of Special ELECTION

## Grosse Pointe Park, Mich.

### To the Qualified Electors of the Village of Grosse Pointe Park:

You are hereby notified that a special election will be held in the Village of Grosse Pointe Park on

## Monday, August 15th, 1938

and that the polls for said special election shall be open from 7:00 o'clock in the forenoon to 8:00 o'clock in the evening, Eastern Standard Time.

You are further notified that the following shall be the polling places for said special election:

The Voting Booth in the Municipal Building situated on Jefferson Avenue between Maryland Avenue and Lakepointe Avenue in the Village of Grosse Pointe Park for Voting Precinct No. 1 which shall embrace all territory South of the center line of Kercheval Avenue for its entire length in the Village of Grosse Pointe Park.

The Voting Booth in the George Defer School situated on Kercheval Avenue between Nottingham Road and Balfour Road in the Village of Grosse Pointe Park for Voting Precinct No. 2, which shall embrace all territory North of the center line of Kercheval Avenue for its entire length in the Village of Grosse Pointe Park.

You are further notified that the following proposition shall be submitted to the qualified electors for their adoption or rejection at said special election, to-wit:

Do you favor borrowing money and issuing bonds therefor of the Village of Grosse Pointe Park in the sum of \$737,000.00, to bear interest at a rate not to exceed 4% per annum, payable semi-annually, the said bonds to mature serially in the following manner; \$26,000.00 in the year of 1941 and a like amount yearly thereafter up to and including 1959; \$27,000.00 in the year of 1960 and a like amount yearly thereafter up to and including 1968, to pay a portion of the cost of constructing a Storm Water Sewer Relief System, including a Pumping Plant, in the Village of Grosse Pointe Park, Wayne County, Michigan?

You are further notified that if you have not already registered, you may do so by appearing before the Board of Registration in the respective Precincts on Saturday, July 23rd, 1938, and Saturday, July 30th, 1938, between the hours of 8:00 o'clock in the forenoon and 8:00 o'clock in the evening, Eastern Standard Time, at the following places:

Voting Precinct No. 1, embracing all territory South of the center line of Kercheval Avenue for its entire length in the Village of Grosse Pointe Park, at the Municipal Building, situated on Jefferson Avenue between Maryland Avenue and Lakepointe Avenue in the Village of Grosse Pointe Park.

Voting Precinct No. 2, embracing all territory North of the center line of Kercheval Avenue for its entire length in the Village of Grosse Pointe Park, at the George Defer School, situated on Kercheval Avenue between Nottingham Road and Balfour Road in the Village of Grosse Pointe Park.

You are further notified that registration may also be made with the Village Clerk up to and including Saturday, August 6th, 1938.

## WALDO J. BERNS, VILLAGE CLERK.

### Half Year Plates Prove Popular

The decision of Leon D. Case, Secretary of State, to use metal license plates, instead of windshield stickers that were made outside the state, has met with universal approval.

Sales for the period ending June 29, 1938, of half year plates have reached 97,689 units as compared to the sale of 437,924 windshield stickers of the same period last year, or an increase in half year licenses of 159,765 units or approximately 40 percent.

Branch offices report the economy rather than necessity has been the cause of the increase in sales of the half year plates. Many persons to whom the windshield stickers were objectionable in the past, have purchased the half year plates without hesita-

tion. Owners of trucks, where the license fee runs into the higher brackets have used these half year plates extensively.

The reduction of the rate for farm trucks to fifty cents per hundred-weight has proved extremely popular with farmers who use their equipment only part of the year.

Enforcement officers generally recommend the plates instead of the half-year stickers; Michigan being the only state with the half-year license privilege. Michigan residents motoring in other states were frequently stopped and required to explain the stickers. The half year plates are self-evident.

Half year plates expire August 31, 1938.

Read the breezy paragraphs of Mary Jane Stotzel for interesting events in *Pointe Review*, 15121 Kercheval Ave.

### Health Fears Called Danger

America has become so health-conscious that many people are afraid to live for fear they may die, declared Dr. Thurman B. Rice, of the Indiana State Board of Health, in an address at the University of Michigan here recently. Actually, he said, such living is death itself, and we should expend more effort toward improving the quality of life rather than giving so much time to increasing its length.

Fear can accomplish little toward keeping people healthy, Dr. Rice asserted, urging his audience instead to follow a positive program of happy, purposeful living—living that has for its objective something more than one's own personal comfort and continuation. Personal health, Dr. Rice pointed out, is but a by-product of this type of sane, honest living. Of course we should take care of our bodies, he explained, but health should not be the major objective of existence.

A few minutes a day given to the elemental care of the body is all that is necessary. Dr. Rice said; more than that is very likely to be meddlesome. The man or woman who spends much time seeking that which he or she already has, he said, is likely to succeed only in remembering how miserable he or she may be.

### Parcells Announces Reduction In Pointe School Taxes

(Continued from Page One)

behind in our provisions for housing junior and senior high school pupils, can from a long-term point of view be most economically built if it is made a complete structure at the beginning."

The school tax rate for the coming year, for all purposes except the junior high school, will be \$9.80 per thousand of assessed valuation, as compared with this year's rate of \$10.20 and with the 1937 rate of \$10.20. The rate in 1936 for schools was \$9.87, in 1935 it was \$10.41 and in 1934 it was \$11.18. The school tax rate, including the sums spent for public libraries, was last year slightly less than one third of the total real estate and personal tax rate for schools, libraries, county, township and village or city purposes in Grosse Pointe.

### AN ORDINANCE

**TO AMEND an Ordinance enacted by the Village of Grosse Pointe Park on the 5th day of March, 1937 entitled "An Ordinance to Establish Water Rates for Water Consumed in the Village of Grosse Pointe Park, and to Establish Zones for Billing Water Statements."**

THE VILLAGE OF GROSSE POINTE PARK ORDAINS:

Section 1. That Section 1 of Ordinance No. 110 enacted by the Village of Grosse Pointe Park on the 5th day of March, 1937 entitled "An Ordinance To Establish Water Rates for Water Consumed in the Village of Grosse Pointe Park, and to Establish Zones for Billing Water Statements" be amended so as to read as follows:

Section 1.1. That water rates for water consumed in the Village of Grosse Pointe Park, commencing September 1, 1938, be and are hereby established as follows:

For water consumed up to ten thousand cubic feet, a charge of \$1.26 per 1,000 cubic feet, and a proportionate charge for fractions thereof shall be made; provided, that a minimum charge of \$1.26 per quarter shall be made.

For water consumed in excess of ten thousand cubic feet, a charge of \$1.16 per 1,000 cubic feet, and a proportionate charge for fractions thereof shall be made.

Provided that a discount of ten cents (10c) per 1,000 cubic feet and a proportionate discount for fractions thereof shall be made if water bills are paid prior to the due date, as hereinafter fixed.

Section 2. All ordinances or parts of ordinances inconsistent with the provisions of this ordinance are hereby expressly repealed.

Section 3. This ordinance shall take effect twenty (20) days from the date of its enactment.

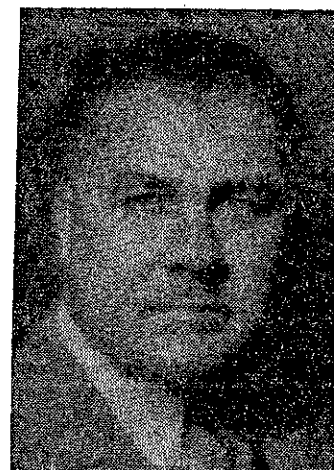

WALDO J. BERNES,  
Village Clerk.

tax-payers to immediately contact their respective County Treasurers.

He said that delay until the close of the payment period would mean unnecessary standing in line and would result in confusion and extra work in the County Treasurer's office.

### War Veterans Meet To Support Ide For Congress

A large group of war veterans and 14th District Republicans met at the residence of O. Z. Ide, Republican candidate for Congress from the 14th District, 589 Lincoln Rd., Tuesday evening, August 2nd, and made plans for an intensive campaign to further Mr. Ide's candidacy.

O. Z. IDE

Judge Edward L. Wroblewski, Post Commander of Harper-Van Dyke Post, American Legion, acted as Chairman. He pointed out the necessity of nominating a strong progressive Republican for Congress, a man who through training, education and business experience would be able to analyze proposed legislation, stand on his own feet and represent the 14th District in the interests of economy, and a sane program of permanent recovery. He stated that in Mr. Ide they had a candidate which all the necessary qualifications and he urged the complete cooperation of all veteran groups in supporting his candidacy.

Harry Jettke, Adjutant of Stinson Post Veterans of Foreign Wars, Phil. Golden of St. Gratiot Post, V. F. W., Robert B. Waldron, Past Commander of Hudson-Terraplane Post American Legion and Barney Besso of Alger Post V. F. W., also spoke.

Mr. Ide in thanking the veterans said that the one thing that must be overcome in the fall elections is fear in the hearts of the voters as to what will happen if the reins of government are taken from the hands of the present administration.

"Ask anyone you meet if he is satisfied with his present conditions and the results of New Deal legislation and he will answer emphatically 'NO'. However, he has been led to believe by a calculating administration that no other party can cope with the present situation and that a change would spell immediate disaster."

"This, of course, is all poppy-cock of the lowest order," he said, "A strong

progressive Republican Congress would save and develop those features of the New Deal which have proven successful and would carefully weed-out those measures which are economically unsound. The result would be to put an end to extravagant spending, reduce excessive taxation and restore the confidence of big and small business to a point where the wheels of industry would again start humming and normal prosperity restored.

### U. of M. Enrolls Record Number

Early enrollment figures indicate that a new attendance record will be set in the University of Michigan's 45th annual Summer Session this year.

The end of the second day of the Summer Session saw a total registration of 5,031, thirteen per cent above that for the same time in 1937. Enrollment at the end of the second day last year was 4,481. Total enrollment for the 1937 Summer Session was 5,110, a new record for that time. Indications are, said Miss Marian Williams, statistician in the Registrar's office, that this figure will be topped again this year.

About two-thirds of this year's increase of 580 is accounted for by the graduate schools, where this year's enrollment of 2,829 is 15 per cent higher than that of the same time last year. The graduate school enrolls more than half of all Summer Session students. Of the total number enrolled to date this year, 3, 186 are men and 1,845, women.

### Gundry Compiles Tax Facts

Auditor General George T. Gundry has compiled for the tax-paying public, a list of pertinent facts regarding Michigan property that is delinquent for taxes and has been placed in the 10-year plan. Mr. Gundry pointed out that the fourth installment of 1932 and prior years and the second installment of 1933, 34 and 35 must be paid prior to September 1st, of this year in order to avoid extra penalty and tax sale inasmuch as the law provides that property upon which current installments are not paid are to be offered for sale in May of 1939, for the unpaid balance of the installment.

Gundry reminded the tax-paying public that all moratorium payments are to be made only to the County Treasurer of the County in which the property is located. Gundry reminded tax-payers of the last minute rush during the latter part of last August, and urged

TOWNSHIP CLERK,  
Grosse Pointe Township.

### Pointe Wins Border City Sweepstake Trophy Last Term

By EDWARD MALISZEWSKI (High School Journalism Student)

By winning the regional tennis championship, placing second in football and basketball, fourth in swimming, and tying for third position in track, Grosse Pointe regained possession of the prized Border Cities League Sweepstakes trophy last season. The cup is given each year to the school having the best athletic record among the Border Cities schools. The Blue Devils first held possession of the cup during the 1933-34 season. The only two other schools of six competing who have held the trophy are Monroe, who had it for two years, and Fordson, who lost it to Grosse Pointe last season.

Monroe, usually a strong challenger for the much prized cup, was third this year with 97 1/2 points, trailing Grosse Pointe by 15 points. Fordson was second with 107 1/2 points and was only five points behind the Blue Devils who led with 112 1/2 points. Royal Oak, the latest addition to the league, was fourth with 90 points. Fifth place was filled by Mt. Clemens, who had 60 points. Sixth place was taken by Waydote with a total of 57 1/2 points, 55 points behind Grosse Pointe.

Five sports were on the Border Cities calendar for 1937-38 year. Next year baseball will be added and averaged in with the other team records.

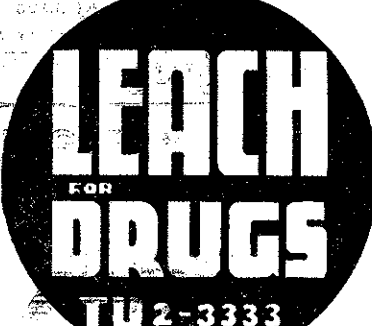

The Sweepstakes Cup was presented to Grosse Pointe at the annual honors convocation June 3, 1938, and is on display in the school trophy case along with other cups won in competition by Grosse Pointe in the past ten years.

Grosse Pointe and Monroe have both held the trophy twice since 1933, and will probably be favorites to win it next year.

### Dr. Van Kleeck Praises Grosse Pointe Schools

Dr. E. R. Edwin Van Kleeck, Grosse Pointe's new superintendent of schools, assumed charge of the school system this week on the departure from the community of D. S. M. Brownell, for eleven years superintendent here. Dr. Van Kleeck has spent several weeks working with the outgoing superintendent, who left with his family to visit relatives in Nebraska. Next month, Dr. Brownell will move to New Haven, Conn., where he has been appointed professor of educational administration in the Graduate School of Yale University.

DR. E. R. VAN KLEECK

Interviewed by the Grosse Pointe Review this week, the new superintendent stated that he found that the school system more than measured up to the national reputation it has attained in recent years.

"To follow a man like Supt. Brownell," Dr. Van Kleeck said, "I shall hope for a continuance toward myself of the same cooperative spirit which the residents of the village have shown Dr. Brownell." The new superintendent commented especially on the friendly reception already accorded him by members of the Board of Education, Parent-Teacher representatives and others.

Asked whether innovations were contemplated under the new administration, Dr. Van Kleeck replied that his time would be pretty thoroughly occupied for a year or two in keeping the school system up to its present standard. "In that job, I shall need the help of citizens, parents, pupils—and especially of the school staff," he added.

The proposed new junior high school building is the major immediate problem, he commented, adding that utmost economy must be exercised in its construction, as the rapidly growing school enrollment will make further new buildings necessary almost as soon as the first junior high school is completed.

Representatives of most of the parent organizations of the school district met the new and old superintendents at a luncheon at the Intercollegiate Alumni Club last week. The gathering was arranged by J. R. Kennedy, president of the Parent Council. Dr. and Mrs. Brownell also entertained at dinner for Dr. and Mrs. Van Kleeck and the superintendents from several other communities in the metropolitan area, with their wives. Members of the office staff of the district held a farewell picnic for Dr. Brownell, at which his successor was also a guest. Dr. and Mrs. Van Kleeck and their son have taken a house at 769 Washington road.

According to Charles A. Parcels, president of the school board, the new superintendent was appointed by the Board of Education after an exhaustive survey of available candidates. Recommendations were obtained from the leading graduate schools of education in the middle west and the east and were followed by interviews of the candidates by the school board.

The new superintendent has had a varied career in school management. Starting as principal of a junior high school at Plattsburg, N. Y., he served for nine years as superintendent of schools at Walden, N. Y. He then became superintendent of schools at Grosse Pointe in 1933, and in 1937 he was granted the degree of doctor of philosophy by Yale University. At Yale he studied under Dr. Frank E. Spaulding, predecessor of Superintendent Brownell in the latter's new position at Yale.

At the time of his appointment to the Grosse Pointe position Dr. Van Kleeck was chairman of the Committee on School Finance of the New York State Council of Superintendents and a member of the committee which prepares the state regents examinations for New York State. Previously, he had held the presidencies both of the State Teachers' Association's Southeastern Zone and of the Schoolmasters Council of the Highlands. He is a former secretary and president of the Walden Rotary Club and a former director of the Norwich Rotary Club. Dr. Van Kleeck has written extensively in educational periodicals. During 1934-35, he was granted a leave of absence by the Board of Education at Walden and studied in the Graduate School at Yale University.

### Farms To Enter Playoffs Sunday

The S. O. C. League will start their playoffs Sunday, August 7, at Kirby Field.

Every one should turn out if you want to see some good baseball right in your back yard.

Grosse Pointe is in first place in the final of the second half, and they sure will put up a fight to retain that lead throughout the playoff.

The winner gets a trip to Pittsburgh to compete in the National Amateur Baseball Contest, starting the 5th of September, with the runner-up going to Battle Creek competing in the State tournament.

### The Pointe Pantry

By MARY KATHLEEN EBNER

Sandwiches are a special favorite on many occasions. Probably not least among these is in the "good old summer season." There are sandwiches which are delightful accompaniments for salads and other course dishes. Then we have dainty tea sandwiches that must be outstanding in flavor and appearance. And certainly we must not forget the sandwich that often serves as the main course of a luncheon or supper menu.

Sandwiches for the lunch box, picnic, or hot sandwiches may have the crusts left on, while sandwiches for afternoon tea usually have the crust removed. Fillings must not be too dry or too moist and must be very carefully seasoned. They should be spread on the bread evenly and not too thinly. To keep sandwiches wrap them in a damp cloth and place them in a refrigerator. Here are some delicious sandwich recipes:

Yum Yum sandwiches are made by using:

- 1 package cream cheese
- 2 cups minced ham
- 1 small bunch watercress
- 20 slices white or rye bread

Pick the leaves from the watercress and cream them into the cheese, together with the ham. Spread between thin slices of unbuttered bread. A little mayonnaise or French dressing may be added to this sandwich filling if desired.

Creole sandwiches are extremely tasty. They are made by combining:

- 3 tablespoons butter
- 2 tablespoons tomato catsup
- 1/2 cup flaked sardines
- 1 tablespoon grapefruit juice
- 6 stuffed olives

Whole wheat bread  
Soften the butter, add the sardines, tomato catsup, grapefruit juice and the olives chopped fine. Spread on whole wheat bread.

To make cottage cheese sandwiches toast bread lightly on one side only and cut diagonally. Spread the untoasted side of one half with creamed seasoned cottage cheese and add a layer of one of the following, before covering with the other half of toast:

- 1. Sliced tomato, mayonnaise, lettuce leaf;

2. Bermuda onion, pimento, lettuce, dressing;

- 3. Sliced orange, lettuce, and mayonnaise;
- 4. Walnut meats and currant jelly.

- 5. Chopped sweet pickle and minced ham moistened with mayonnaise;
- 6. Cottage cheese with chopped crisp bacon.

A delicious filling for rye bread sandwiches is made by combining

- 2 pounds liver sausage
- 2 sweet pickles, chopped fine
- 1 medium sized onion, chopped fine
- 1/2 pint mayonnaise
- 1/2 teaspoon dry mustard
- 1 tablespoon of Lee & Perrin's sauce.

Hawaiian sandwiches are made by using

- 1/2 cup cream cheese
- 1/2 cup chopped pecans
- 1/2 cup crushed pineapple

Work the cream cheese with a fork until quite soft, then add the pecans and the pineapple. Mix well and place between thin slices of buttered brown bread.

Ginger marmalade and cream cheese sandwiches are quite different from all other sandwiches. Use

- 1 glass ginger marmalade
- Few chopped almonds
- 1 package of fresh cream cheese

Blanch the almonds before using by placing in boiling water to remove the skins before chopping. Mix the cream cheese with a fork until smooth, adding, if necessary, a little thick cream. Into this paste incorporate the ginger marmalade and the chopped nuts and spread on buttered rounds of white bread.

Open-face cheeseblades are delicious.

- 6 slices white bread
- 1 3-ounce package cream cheese
- 6 tablespoons orange marmalade

Spread each slice of bread with some cream cheese and one tablespoon orange marmalade. Arrange on a broiler rack and bake in a very hot oven. 500 degrees F., for 5 minutes until they have a crusty, toasty look on the under side. The marmalade and cheese run together when they are hot enough and make a delicious, tempting, teatime favorite.

### Students Offer Comedy Success

The first non-professional production of George Abbott's comedy success, "Brother Rat," will be presented by the Michigan Repertory Players, University of Michigan student drama group, here this week. The play will be shown each evening at 8:30 P. M.

### Highway Department Received Refund

The state highway department this week received a refund of \$304.50 in connection with the installation of the new "indirect lighting" reflectors on US-16 between Detroit and Lansing.

It was the first rebate received from the manufacturers under a contract which gives the Department the benefit of lower prices for the reflector units as they are manufactured on a larger scale. The installation on US-16 was the first in the world.

Since the Michigan installation, several other states have installed the reflectors with the result that the price of the units have dropped from \$2.23 to \$2.02 each. The original cost of the US-16 installation was \$23,000.

### Park Granted \$603,000 For Storm Sewer

(Continued from Page One)

son avenue, to the lake, so as to provide an ultimate capacity of 4,000 cubic feet per second discharge. This work is to be done at the expense of the City of Detroit, and is to provide an outlet for the proposed storm water relief system which is to be constructed in the Village of Grosse Pointe Park.

The Village of Grosse Pointe Park engaged the firm of Shoecraft, Drury and McNamee, of Ann Arbor, Michigan, recognized consultants on sewage problems, to collaborate with the village engineer in designing an adequate storm water relief system. The recommendations are as follows:

Section 1. A storm water pumping station to be built near the intersection of Maryland avenue and Jefferson avenue.

Section 2. A Jefferson avenue relief trunk varying in size from 12-foot to 8-foot and extending from Jefferson avenue north to Vernor Highway and also including an arm in Vernor Highway varying from 42-inch to 21-inch size.

Section 4. The Whittier relief outlet varying in size from 5 foot, 6 inch to 5 foot in size and extending from Jefferson avenue south to Korte and also including an arm in Korte varying in size from 42-inch to 30-inch and in Essex boulevard from 30-inch to 18-inch. The total estimated cost of these sections is \$1,340,000.00.

The recommendations above set forth are embraced in the project which is being submitted to the electors for their approval, and, if constructed, will pro-

vide ample and adequate relief for the storm water runoff, and will eliminate the flooded conditions which have existed in the immediate past. The project is estimated to cost \$1,340,000.00, of which sum the Government has indicated its willingness to make an outright grant of \$60,000.00, and the balance of \$737,000.00 is to be financed by the Village of Grosse Pointe Park through the issuance of thirty-year serial bonds, the issuance of such bonds being before the electors at the special election to be held on August 15, 1938.

Your Village Commission has had under consideration various means of affording relief from the flooded conditions, such relief measures being considered from the standpoint of being temporary and permanent, and your Commission came to the conclusion that any project to be constructed should be permanent in character, and has approved the project as outlined above, which will be permanent in character and will give complete relief.

The first step in solving the problem was to obtain an adequate outlet for storm water. This has been taken care of through the agreement with the City of Detroit. The next step was to design a complete and adequate storm

water relief system. This has been taken care of by plans which are in the process of completion, and which will embrace the project as outlined above: An application has been made to the Public Work Administration for financial assistance. This assistance has been obtained. It is now up to the electors to determine whether or not the project should be constructed.

Those electors who are qualified to vote upon the proposition under constitutional provisions are limited to electors of the Village of Grosse Pointe Park owning property therein subject to taxation, or the husbands or wives of any such owners.

If you have not already registered, you may do so immediately by appearing at the Village Clerk's office in the Municipal building. If you expect to be absent from the Village on election day, apply at the Village Clerk's office for an absent voter's ballot application.

A mass meeting will be held at the Trombly school on the 8th day of August, 1938, at 7:30 o'clock p. m., for residents south of Jefferson avenue, and a like meeting will be held at the Defer school on August 10th, 1938, at 7:30 o'clock p. m., for residents North of Jefferson avenue. At these mass meetings a

complete discussion of the proposal will be had and the village officials will be present to answer questions relative to the project. Should any further information be desired, communicate with the proper officials at the municipal building.

The matter of obtaining relief during storm periods is now in the hands of the electors. From a survey made, approximately 1,050 homes in the Village of Grosse Pointe Park have suffered flooding of basements. This condition can be expected to continue during excessive rains until a storm water relief system has been constructed, and the project submitted will afford this relief. It is the duty of every qualified elector to exercise his voting franchise on August 15th, 1938. Your co-operation is solicited to the end that the expression of all parties interested may be had at the polls as above indicated.

Respectfully submitted,  
ALFRED J. GARSKA,  
Village President

ARCHIE DAMMAN,  
LOUIS A. DeHAYES,  
C. A. PEEFFER,  
JOHN B. RENAUD,  
WILLIAM P. SHOEMAKER,  
JOHN P. VERLINDEN,  
Village Commissioners.
