

# VOTE 'YES' MONDAY

## New Federal Grant for Grosse Pte. Farms

### City of Grosse Pointe Conducting a Real Property Inventory

The City Assessor, Mr. Neil Blondell, with the assistance of the Wayne County Bureau of Taxation, is conducting a real property inventory in the City of Grosse Pointe. The purpose of the survey is to gather correct information to be used as a basis for the scientific valuation of real property for tax purposes.

The buildings will be measured, classified and valued on a unit basis. Land will also be valued on a unit basis after a careful study and analysis of the area. The objective of the survey is to equalize assessments among the properties in the City of Grosse Pointe as well as with other like properties in other parts of the county.

Similar surveys have been completed in more than half of the townships of the county. Included in the schedule for property inventory this year are also the Township of Grosse Pointe,

Township of Gratiot, as well as Ecorse Township.

The valuation schedule and methods of computing values in the City of Grosse Pointe will be identical with those used in other townships. The descriptions of property will be corrected and actual land surveys will be made when necessary. Detailed property maps will be prepared and maintained currently correct. A modern card record system will be installed in the assessor's office and descriptions of property will be placed on addressograph plates from which assessment rolls, tax rolls and tax bills will be made annually.

### St. Paul's Annual Excursion August 17

The St. Paul's 36th Annual Excursion will be held on Wednesday, Aug. 17th, 1938 at Bob-Lo. The boats leave 9:30 a. m., 1:30 p. m. and 3:30 p. m. This has been a yearly event for both young and old and these picnics are ideal for fraternizing with old and new friends and renew acquaintanceship.

The young people enjoy the different amusements and games sponsored by the Ushers Club. It is optional with the excursionists whether they bring a lunch basket or dine on the Island. Friends of the vicinity are cordially invited to participate.

### Health Notes

This is the season of the year when we may have some cases of Infantile Paralysis. There is but one case in Grosse Pointe now. Dr. Warren of the Health Department reports, and he suggests that as a measure of precaution to parents that if a child shows any indisposition the family physician should be consulted without delay.

### Fox-Behan Nuptials Were Held July 30

Dr. Denton B. Fox, son of Mrs. Bernard J. Fox, and Miss Catherine Elizabeth Behan, daughter of Mrs. P. J. Behan of Petoskey, Mich., were married in St. Joseph's Church, Bay City, on Saturday morning, July 30, with Rev. Fr. Lawrence Hamel of Holy Name Church, Birmingham, officiating. Many out of town guests were present. Miss Behan before her marriage was head nurse of the Pediatric Department in St. Lawrence Hospital, Lansing, Mich. The young couple will reside in Gagetown, Mich., where Dr. Fox has been practicing for the past four months.

### Grosse Pointe Park Taxpayers to Vote On Sewer Project Mon.

Every property owner in Grosse Pointe Park should go to the polls Monday, August 15 and vote favorably upon the proposal to construct a new storm sewer for the area.

It is impossible with a heavy rainfall to adequately cope with the situation under present conditions, and the situation becomes more acute with the march of time and the constructing of numerous new homes in the area.

The burden of the taxpayer is lessened to the extent of 45 per cent by a Federal grant which has recently been approved allotting \$603,000 toward the construction of this sewer, and the balance will be spread over a considerable number of years so that the property owners of the future will be required to pay their share of the project of which they will be beneficiaries.

A thorough study of the needs for this sewer has been made by the Grosse Pointe Park officials, with the result that steps were taken to protect the property of the village residents.

For the past several years excessive rains have flooded over a thousand basements of the Park on various occasions because of this condition over which the officials have no control.

These floods have caused considerable damage and expensive repair bills. It is up to you, the property owner, to vote yes and correct this condition. Vote yes upon the proposal to construct a new storm sewer for Grosse Pointe Park, especially while Federal funds are available to aid in the construction.

All voters who reside south of Kercheval avenue will vote at the Grosse Pointe Park Municipal Building, at 15115 East Jefferson avenue, while the voters residing north of Kercheval will vote at the Defer School. Only property owners are eligible to vote at this special election Monday, August 15.

Do your duty. Remember your property needs this additional protection.

### Junior Adcraft Club Picnic August 16

Members of the Junior Adcraft Club and their guests will board a Bob-Lo steamer Tuesday evening, August 16, for a picnic at the Island, it is announced by Clark Wormer, program committee chairman.

A business meeting will take place in the Book-Cadillac Hotel Tuesday evening, August 23, at which time the membership will hear an address by Thomas G. Wade, manager Detroit office Curtis Publishing company.

The club's recently revised publicity committee is headed by Townley A. Ellington, chairman; Robert Anderson, Edward Kozikowski, Edward Charney, Howard Fielder and E. R. Hill.

### To Celebrate 50th Wedding Anniversary

Mr. and Mrs. Chas. Ellair, of 1328 Beaconsfield, are celebrating their 50th anniversary August 16. They are one of the oldest families in Grosse Pointe. Mr. Ellair's family having dated back 148 years ago. His grandfather, and entire family were born in Grosse Pointe. They have a son, Charles, Jr., two granddaughters, Leora and Mrs. H. Van Steelant, Jr., also a great grandson, Robert.

Mr. and Mrs. Ralph C. Wilson and son Ralph, Jr. and Mr. and Mrs. M. Rinehart and daughter Betty will leave Friday on the Rineharts' boat where they will spend the week-end at the Old Club.

### James N. McNally Outlines Platform as Candidate for Congress

James N. McNally, in announcing his candidacy for Congress in the 14th Congressional District, stated that, if elected, he has a definite plan for the solution of labor troubles. It is his plan to introduce and attempt to have passed a bill whereby labor and employers would be treated in a fair way to both.

The plan consists in the creation of a five man group, two members of which are to be appointed by labor, two by the employer and the fifth by the President of the United States. The laborers' representative or the employer would file their complaint with the group ap-

JAMES N. McNALLY

pointed at the commencement of the disagreement. When the group reached its decision, which must be unanimous in order to give both sides a fair decision, that decision would be final and enforceable by the Federal Courts. For instance, if on February 1st the group received a complaint by the laborers' representative as to wages, an examination would immediately be commenced to determine if the employer's financial condition warranted the increase. When the decision is reached, it would be retroactive to the date of filing the complaint. It is believed that this plan would eliminate sit-down strikes and continuation of production without loss to either side of the controversy.

He further stated that he believes the Coast Guard Station located on Lake St. Clair, should be considerably enlarged, feeling that even if only one life were to be saved thereby, the investment would be more than repaid.

His petitions bearing 7,000 signatures to enter him in the election were signed by persons from all walks of life and from all parts of the District. Their faith in his promise of a fair deal to all was thereby confirmed.

### Farms Receives Three Federal Grants Totaling \$55,125.00

In accordance with the policy of the Board of Trustees of the Village of Grosse Pointe Farms with respect to the installation of necessary public improvements each year there was appropriated in the Budget for the fiscal year beginning March 1st, 1938, approximately \$47,000 for sewer improvements, however, with Federal aid through P. W. A. grant the Village is able to carry out sewer improvements for 1938 to the extent of approximately \$90,000.00.

### Mrs. R. H. Hyde to Fete Michigan Humane Society Supporters

Mrs. R. H. Hyde of 202 Moran Road Grosse Pointe Farms will be hostess at a luncheon to be given at Kerns Auditorium, Friday, Sept. 2d, at 1 p. m. for the members and friends of the Michigan Humane Society.

The afternoon will be spent playing bridge.

Assisting Mr. Hyde are the following committee:

Mrs. Geo. E. Lang, Mrs. E. W. Morrison, Mrs. O. O. Rex, Mrs. Lindley Murtagh, Mrs. E. L. Baring, Mrs. G. E. Hume, Hugo Stimson

It is hoped that a widened interest may be stimulated in the affairs of the Society and that the service that is being performed by them to the community will be justly rewarded by all friends of the animal world.

Tickets for the bridge luncheon may be obtained from the hostess, Mrs. Hyde or any member of her committee.

### Republican Rally Planned for August 26

Members of the Women's Republican Club of Grosse Pointe are invited to attend a Republican Rally at the City of Grosse Pointe Park at the foot of University Road on the Lake on August 26 at 2 o'clock.

You will have an opportunity to see and hear the Republican candidates who are seeking nomination at the Primaries on September 13th and to judge and choose the candidates for whom you wish to vote.

This rally is sponsored by the Council of Wayne County Republican Women's Club.

The first of these improvements, as planned, consists of the construction of a Grosse Pointe Boulevard Interceptor Sewer running from Lewiston Road to Meadow Lane which will be connected to an outfall sewer running through the John S. Newberry Estate property between Grosse Pointe Boulevard and Lake Shore Road connecting to the Lake Shore Road Interceptor. The estimated cost of this entire project is \$60,000.00, the Federal Government contributing \$27,000.00 towards the construction. These sewers are designed to relieve the property roughly bounded by Grosse Pointe Boulevard, Lewiston Road, Kercheval avenue and Meadow Lane.

The second project known as the Fisher Road Relief Sewer is designed to take care of properties on the east side of Fisher Road between Kercheval avenue and Williams avenue. Also to act as an overflow relief for area east of the Fisher Road frontage. The cost of this project is estimated at approximately \$29,500.00. The contribution by the Federal Government is \$13,275.00.

It is expected that work on these projects will begin within the next eight weeks.

In 1937 there were installed \$39,226.03 of public improvements, the more important of which were:

Merriweather Avenue Lateral	\$ 8,378.74
McKinley Avenue Lateral	15,827.11
Sewer cost	6,989.22
Lakeview Avenue Lateral	
Sewer cost	

Combining the 1937 improvements for 1938, there will be a total of approximately \$13,275.00.

(Continued on Page Four)

### Brownell Praised by His Successor

High praise for Dr. S. M. Brownell, former superintendent of Grosse Pointe Schools, has been given by his successor Dr. E. R. VanKleeck; it is revealed by minutes of a recent Board of Education meeting.

Dr. Van Kleeck asked permission of the Board to record formally his high appreciation of the remarkably good condition in which the school system was left by Dr. Brownell and also of the invaluable help given him by the outgoing superintendent.

"To follow a man like Dr. Brownell is both challenging and sobering," Superintendent Van Kleeck said.

### Detroit Civic Orchestra Presents Delightful Program August 11th

Winifred Heidt, mezzo-soprano, will be soloist at the concert to be given August 11, at 8:15 p. m., on the Grosse Pointe High School campus, Fisher road and Grosse Pointe boulevard, Grosse Farms, by the Detroit Civic Orchestra, under the Works Progress Administration, directed by Valter Poole, associate director, Herbert Straub. The program follows:

    - Allego con Fuoco.
  - A. My Heart at thy Sweet Voice from Samson et Delila .....Saint-Saens
  - B. My Old Kentucky Home .....Foster
  - C. La Tarentella .....Jean Boyd
- Miss Heidt, Soloist  
INTERMISSION
- Waltz in F .....Ann Siegel  
(Detroit Composer)
  - A. Dawn .....Mischa Kettler
  - B. Gypsy Song from Carmen .....Bizet
  - Les Preludes .....Lizet

### Grosse Pointe Brokers' Association Backs Sewer Proposition

Aroused by complaints registered at their offices by property owners in Grosse Pointe Park who purchased homes from them, members of the Grosse Pointe Brokers' Association have gone on record as endorsing the new sewer project in Grosse Pointe Park, designed to stop the flooding of streets and basements in that community.

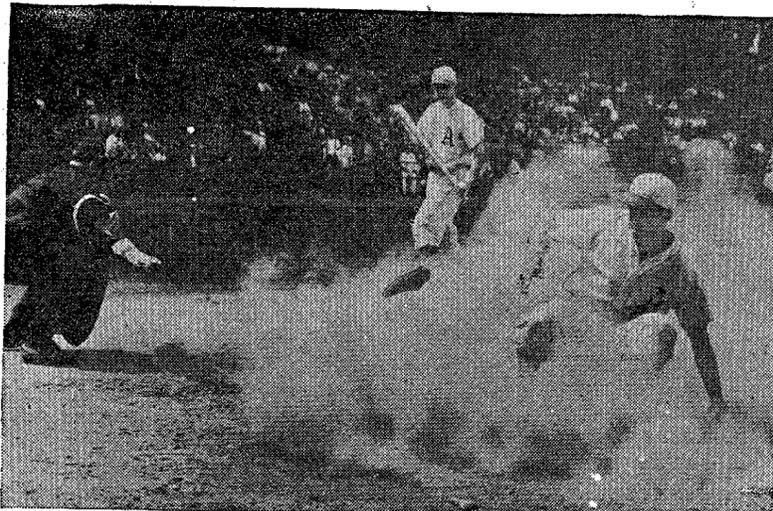

In the absence of President John Sweeney, a reporter from this paper interviewed Kenneth L. Moore, Vice-President of the Grosse Pointe Brokers' Association. "It is certainly the most important matter that confronts citizens of Grosse Pointe Park, that they register their vote next Monday in favor of the Sewer Proposition Bond Issue. Our firm, as well as every other firm of Realtors connected with our Association has been swamped with complaints and requests for relief from flooded basements and streets in the Grosse Pointe area."

"With a U. S. Government P. W.

A grant of \$603,000, the elimination of this highly unsanitary nuisance can be accomplished far easier than were the Village compelled to foot the entire bill. It would seem the height of folly to turn down this assistance from our National Government when we so badly need the relief that the new sewer system would afford our property owners. A poor sewerage system is the greatest possible factor in hurting property values. Therefore the Grosse Pointe Brokers' Association has gone on record 100 per cent in favor of the bond issue to be voted on next Monday."

Membership of the Grosse Pointe Brokers' association is comprised of the following firms: S. C. Hadley, Inc., Henk-Garska company, Holden & Reaume, Inc., Houseman-Spitzley Corp., Klenk Land Co., Maxon Brothers, Kenneth L. Moore Co., W. W. Penoyer, Ryan-Kirchner, Inc., Seldon & Johnson, Inc., E. H. Sorge, Sweeney & Moore, Arthur J. Scully, S. J. Tichenor and Toles Management Co.

### Mysterious Case of the Stolen Run

This third inning mystery was solved by the baseball Sherlocks during a Boston Red Sox-Athletics game in Philadelphia. Villain of the piece is Billy Werber, third baseman for the Mackmen, who is covering up his run-fitching machinations behind a dust screen. Victim is Gene Desautels, backstop for the Vermilion Hose. At left, as though groping for a clue, is Inspector—beg pardon, Umpire Moriarity. If you look close enough you can spy the outline of Gene's shoes in front of the approaching batter. Moriarity is calling Billy "safe!" P. S.—The Red Sox won 6 to 5.

David Patterson Candidate for Office

David P. Patterson, 1200 Grayton Rd., heading the suggestion of his friends has filed for nomination as Republican candidate for the office of State Senator from the first district.

Mr. Patterson, world war veteran who was wounded in France, is a member of Denby Post, No. 124, American Legion.

He was born in New York and was raised on a farm near west Chazy in that State. Upon his return from service in France in 1920, he came to Detroit to make his home. Taking up residence at 557 Continental avenue, he has resided on the east side of the city since that time.

Mr. Patterson became interested in politics during the successful campaign of his party in 1934, in which he took an active part. When the Republican headquarters was opened in the Savarine Hotel, he was chosen as chairman of the committee in charge of that office and was commended for the zealous interest he took in the campaign work as well as in members of his committee who worked under his direction.

Previous to his entering politics Mr. Patterson was employed in several of the automobile factories of the city, last of which was the Hudson Motor Car Company where he held the position of trouble investigator for nine years.

Although liberal in his views, he is familiar with the problems of the laboring man and, if elected to the office of State Senator, will interest himself in legislation to bring about closer co-operation between labor and industry.

He believes in organized labor and in their rights in collective bargaining through which a fair price may be fixed for what it has to offer industry and he believes this can be accomplished in an orderly and lawful manner with adequate laws by which union labor and industry may be held responsible for its part in the procedure leading up to a contract and by which both parties may be brought to realize their obligation to the contract as executed.

DAVID (Pat) Patterson - FOR - State Senator. Primaries, September 13, 1938. Energetic - Efficient - Eligible First District Republican.

Hannan Y Notes

All boys who have joined Hannan Y. M. C. A. during June, July, and August are to have a new members party this Friday at seven. At the party the boys division staff headed by Mr. Alvin R. Deiss and Mr. J. Brooks Marsteller will give brief descriptions of the many program features open to all boy members. Each boy member may bring a guest to this party. A sing, swim, and watermelon feed is also planned.

Some of the features which "Y" boys enjoy aside from playground, swimming, and hobby shop work are weekly educational tours by chartered bus to places of interest about the city, harmonica and banjo lessons and hand work, archery instruction and competition, camping and over night hiking. Some special activities for the balance of August include two bike hikes, a canoe trip, a golf tournament and track meet. A trip will be made to the National Biscuit Company, the Detroit Creamery, the Firemen's training school Greenfield Village, the Packard Motor Car Company, the Michigan Farmer's Dairy, and to the U. S. Rubber Company.

"Y" Camp Ohiysea Having Fine Season

100 Hannan Boys Attending. Over a hundred boys of Southeastern Detroit are having the advantage of Y. M. C. A. camping at Camp Ohiysea this summer. Reports of the best camping season have been brought back by returning campers from the camp which is on Fish Lake near West Highland. The last group of campers is now being recruited for the special ten day period beginning August 18. Over 20 boys are already registered to have 10 days in the out-of-doors under the leadership of the camp staff. Camp Ohiysea is under the supervision of Mr. Boyd I. Walker, Metropolitan Boys' Work Secretary, and is directed by Wilson Jenkins and a staff of thirty trained counselors.

Petitions Filed For Supreme Court Amendment Certain

Vote in November Seems Certain

An opportunity for the people of Michigan to vote on whether they want to take the State Supreme Court out of politics at the general election November 8, seemed assured when R. Wayne Newton, Secretary of the Supreme Court Amendment Committee, filed petitions estimated to contain the signatures of 260,000 voters with Secy. of State Leon D. Case, today. Thousands of additional signatures are being received daily and a supplemental filing is planned before the final filing date.

The proposed amendment was drafted by a committee of the State Bar of Michigan and is sponsored by a state-wide non-partisan committee headed by John W. Miner of Jackson. George E. Brand of Detroit, President of the State Bar, was in active charge of the petition campaign. "Credit for the excellent response to our petition campaign must be accorded the many State-wide and local organizations who have assisted us by endorsement of the amendment or by making available their lists of officers or members for our direct solicitation of support," Newton said.

The assisting organizations were: Michigan Bankers Association. Michigan Building and Loan League. Michigan Federation of Women's Clubs. Michigan Real Estate Association. Michigan Retail Lumber Dealers Association. Michigan Retail Dry Goods Dealers Association. Michigan Retail Hardware Association.

Michigan State Bar. Michigan State Grange. Michigan State Farm Bureau. Michigan Funeral Directors and Embalmers Association. Michigan Retail Furniture Association. Michigan Association of Certified Public Accountants. Michigan Farm Equipment Association. Michigan State Pharmaceutical Association. Michigan State Medical Society. Michigan State Chamber of Commerce. State Association of Mutual Insurance Companies. Michigan District of International Kiwanis. In the City of Detroit the Wayne County Medical Society, the Detroit Board of Commerce, officers of the Detroit Citizens League and the Wayne County Road Commission also rendered valuable service.

Value of Navy Training

A few years ago, Mr. Richard Carroll, a civilian, made an investigation for the Liberty Magazine, to determine how beneficial a Navy enlistment has been to present citizens who are enlisted men. A questionnaire was sent to several hundred former bluejackets from a random list of varying discharges supplied by the Navy Department. More than 350 answers were received to questions asking among other things, the present position, salary, and estimate of the value of the time spent in the Navy. The unbiased replies showed that 86 per cent were working at skilled trades which they learned in the service, the average salary of these artisans being \$165.00 a month. Some few were high executives, many were bosses of shops, foundries, or foremen in big plants. Ninety-Seven per cent said that they felt it they had to do it over again that they would enlist in the Navy, 95 per cent thought Navy Training of great value in civil life, and 74 per cent said they would recommend the Navy as a permanent vocation.

These figures will prove interesting even to Navy men, but should mean more to applicants for enlistment, their parents and friends who are investigating the opportunities offered a young man in the U. S. Navy. What makes the facts disclosed by this investigation especially convincing is that only men who left the service were questioned, and civilians did the investigating and figured the percentage.

Each year the Navy trained men leaving the service are better trained and therefore equipped to make a success in civil life. The Navy is truly "The School of the Nation," and there is no other like it.

Civil Service Jobs Available Soon

"Now that we have finished giving qualifying examinations to the State employees our staff will begin a considerably program of open competitive examinations which will result in the establishing of many new lists of persons who desire employment with the State," declared Mr. Brownrigg, State Personnel Director, in discussing the State Civil Service Department's future plans.

Hearings will be held soon on the Pay Plan, and the complete results of the qualifying examinations will be announced in the near future, the Director declared, in outlining what lay ahead. He stressed, however, the opportunities for qualified workers to obtain employment with the State.

"Persons interested in obtaining jobs with the State should watch the bulletin boards in County Clerk's offices during the next month, as the Civil Service Department will announce many open competitive examinations for a wide variety of occupations" Mr. Brownrigg said. "The State is interested in obtaining well qualified persons and I hope that many people will apply for

these positions. State positions are more attractive now that they have been because they open the door to an opportunity for a career under the State's new Civil Service Act. Competent persons can obtain real security in these positions. Incompetents will be weeded out by means of the examinations."

Mr. Brownrigg denied that the examinations will be given to fill vacancies resulting from failure of State employees to pass the qualifying tests. "The Civil Service Department and the Budget Office are doing everything in their power to see that as many positions as possible, which are unnecessary are eliminated from the State service. The new examinations will be held to fill vacancies occurring as a result of the normal turnover in the State service," the Director stated. He also pointed out that as a result of deaths, resignations, marriages, and other factors there is a constant need for new personnel. It is to fill this type of vacancy that the new examinations will be held. Many such vacancies occurring in recent months have been filled by temporary appointees who cannot hold their jobs for more than 90 days under the law. "I would like particularly to urge persons to apply for all examinations that they are qualified to take," Mr. Brownrigg said. He pointed out that many appointments will probably be made from what the Civil Service Law calls "appropriate lists." There are over 1000 different kinds of work in the State service, many of them requiring similar qualifications. Therefore, if a candidate is unable to find an examination for his particular specialty, he should apply for examinations in related fields. He

stressed the fact that examination announcements state specifically the minimum qualifications necessary for admission to the examinations and urged persons not to apply unless they can meet these minimum qualifications. "It will save the Civil Service Department money and the candidate will be spared the annoyance of being rejected for the examination if he applies only for those examinations for which he is qualified," said Mr. Brownrigg.

The Paul Revere House. The Paul Revere house is the oldest dwelling in Boston. It is on North Square near famous old North Church where the lanterns hung in the belfry in 1775 to signal the arrival of the British, and was built about 1680.

Notice of Special ELECTION Grosse Pointe Park, Mich.

To the Qualified Electors of the Village of Grosse Pointe Park: You are hereby notified that a special election will be held in the Village of Grosse Pointe Park on Monday, August 15th, 1938

and that the polls for said special election shall be open from 7:00 o'clock in the forenoon to 8:00 o'clock in the evening, Eastern Standard Time.

You are further notified that the following shall be the polling places for said special election:

The Voting Booth in the Municipal Building situated on Jefferson Avenue between Maryland Avenue and Lakepointe Avenue in the Village of Grosse Pointe Park for Voting Precinct No. 1 which shall embrace all territory South of the center line of Kercheval Avenue for its entire length in the Village of Grosse Pointe Park.

The Voting Booth in the George Defer School situated on Kercheval Avenue between Nottingham Road and Balfour Road in the Village of Grosse Pointe Park for Voting Precinct No. 2, which shall embrace all territory North of the center line of Kercheval Avenue for its entire length in the Village of Grosse Pointe Park.

You are further notified that the following proposition shall be submitted to the qualified electors for their adoption or rejection at said special election, to-wit:

Do you favor borrowing money and issuing bonds therefor of the Village of Grosse Pointe Park in the sum of \$737,000.00, to bear interest at a rate not to exceed 4 1/2% per annum, payable semi-annually, the said bonds to mature serially in the following manner; \$26,000.00 in the year of 1941 and a like amount yearly thereafter up to and including 1959; \$27,000.00 in the year of 1960 and a like amount yearly thereafter up to and including 1968, to pay a portion of the cost of constructing a Storm Water Sewer Relief System, including a Pumping Plant, in the Village of Grosse Pointe Park, Wayne County, Michigan?

You are further notified that if you have not already registered, you may do so by appearing before the Board of Registration in the respective Precincts on Saturday, July 23rd, 1938, and Saturday, July 30th, 1938, between the hours of 8:00 o'clock in the forenoon and 8:00 o'clock in the evening, Eastern Standard Time, at the following places:

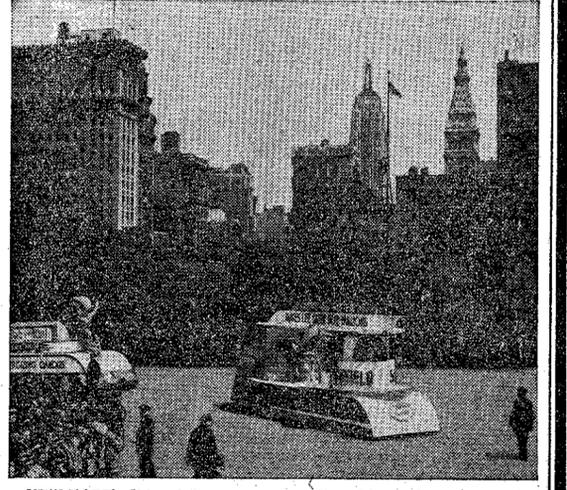

Voting Precinct No. 1, embracing all territory South of the center line of Kercheval Avenue for its entire length in the Village of Grosse Pointe Park, at the Municipal Building, situated on Jefferson Avenue between Maryland Avenue and Lakepointe Avenue in the Village of Grosse Pointe Park.

Voting Precinct No. 2, embracing all territory North of the center line of Kercheval Avenue for its entire length in the Village of Grosse Pointe Park, at the George Defer School, situated on Kercheval Avenue between Nottingham Road and Balfour Road in the Village of Grosse Pointe Park.

You are further notified that registration may also be made with the Village Clerk up to and including Saturday, August 6th, 1938.

WALDO J. BERNS, VILLAGE CLERK.

Just Another Day in New York

NEW YORK—It is a dull day when New York does not have some sort of a parade. Pictured above is scene at 23rd Street and Broadway during Motorcade and Preview of the New York World's Fair 1939. In the background is the tower of the Empire State Building. All floats in this parade were on wheels. The procession ended in the Fair grounds where half a million people were assembled.

**LEACH**  
FOR DRUGS

These are the largest Scotch games  
held in North America. There will be  
the Shean Trews, the Highland Fling,  
the Sword Dance for girls and boys of  
all ages, for ladies and for men. Judge  
Arthur E. Gordon will put on his Dress  
Gordon Tartan to honor the occasion.  
Come and see the flashing feet of  
the dancers, the tartans of the various  
clans waving in the breeze. Detroit's  
Scottish population rises on this day  
of days to put on a glorious spectacle  
which is of keen delight to the Scot  
and of considerable interest to his many  
friends. The committee will give ye  
muckle thanks for speirin in on the  
day o' the picnic.

**Nelson Korte Qualified  
by Experience for  
Register of Deeds**

(Continued from Page One)  
was this broad education and experience  
that caused regular county building pa-  
trons to solicit Korte to enter the race  
for Register of Deeds on the Republic-  
can ticket. He knows from experience  
just what the people who patronize the  
office seek and are entitled to in the  
way of service.

Born in the city of Detroit 43 years  
ago. Korte was educated in the local  
public and parochial schools, resides at  
4145 Balfour; married, wife and four  
children. He has served as President  
of the Grosse Pointe Lions club, is ac-  
tive in the affairs of Socialer Turner-  
ein and other fraternal and civic groups.  
Nelson L. Korte is a life long Republi-  
can, his father was Alderman from the  
old Seventeenth ward before non-par-  
tisan days and he very thoroughly un-  
derstands from experience the duties of  
a public official; his experience being  
from the side of the counter where ac-  
curate knowledge is acquired, that of  
the public. His long and regular public  
affairs in the county building has given  
Korte a more extensive public ac-  
quaintance than that of many officials.

Mr. Korte, being President of the  
Detroit Courier Publishing Company,  
will conduct his campaign from that of-  
fice, 3201 Barlum Tower.

**St. Joan of Arc  
Lawn Party**

The Altar Society of St. Joan of Arc  
are sponsoring a lawn card party to be  
held on the church premises, Mack at  
Overlake, at 2 P. M. on Wednesday af-  
ternoon, Aug. 17th.

There will be table prizes, door prizes  
Mrs. Geo. Schaefer has been appoint-  
ed chairlady and will be assisted by the  
ladies residing on Brys Drive, Loch-  
moor.

**Christian Science**

"Soul" will be the subject of the  
Lesson-Sermon in all Christian Science

churches throughout the world on  
Sunday, August 14.

The Golden Text, (Ps. 143:7, 8), is  
"Hear me speedily, O Lord: . . . cause  
me to hear thy loving kindness in the  
morning; for in thee do I trust: cause  
me to know the way wherein I should  
walk; for I lift up my soul unto thee."

Among the Bible citations is this  
passage (Isa. 61:10): "I will greatly re-  
joice in the Lord, my soul shall be  
joyful in my God; for he hath clothed  
me with the garments of salvation, he  
hath covered me with the robe of  
righteousness, as a bridegroom decketh  
himself with ornaments, and as a bride  
adorneth herself with her jewels."

Correlative passages to be read from  
the Christian Science textbook, "Sci-  
ence and Health with Key to the Scrip-  
tures," by Mary Baker Eddy, include  
the following (p. 247): "The recipe for  
beauty is to have less illusion and more  
Soul, to retreat from the belief of pain  
or pleasure in the body into the un-

changing calm and glorious freedom of  
spiritual harmony."

**Messiah Lutheran**

Southeast corner of Kercheval and  
Lakewood avenues. A. H. A. Loeber,  
pastor, 1434 Lakewood avenue. Tele-  
phone Lenox 2121.

"Good Stewards of the Manifold  
Grace of God." This quotation from  
Saint Peter will be discussed in the  
sermon next Sunday, August 14, at 10  
a. m.

The celebration of Holy Communion  
will take place in the service of Sunday,  
August 21.

The Sunday School will be in session  
from 9 to 10 o'clock.

Shirley Smith, of Pemberton road, is  
spending the month of August at Camp  
Cavell.

### Are You Registered to Vote September 13

Be sure and register before August 24, 1938, to be able to vote in the Primary Election on September 13th.

Do you know that the Primaries are of even greater importance than the November election? Only 10% to 40% of the registered voters take the trouble to vote in the Primaries. They choose the candidates for whom you later vote in the November election.

The percentage of registered voters going to the polls is steadily decreasing. Women are the worst offenders, being responsible for only 20% to 40% of the votes cast.

It only takes a few minutes to register at your town hall and to vote at the Primaries and at the November election. The small effort is more than repaid by good government, while the results of neglecting to vote are disastrous.

The coming fall election is one of the most important ever held in the United States. It surpasses in importance many a presidential election. The American system of government is the only system in the world that guarantees to you your personal liberty.

Shirking your citizenship responsibility gives you no right to claim the protection of the government under which you live or to be called an American citizen.

If you wish to preserve our present democratic form of government you must take an active interest in it. It is your solemn duty to register and vote at the election.

### Where Brides Are Welcomed

In Amboina, capital of the Moluccas in the Dutch East Indies, there is such a gracious relationship between wedded couples and their in-laws that it has been given a name, "pamoi." On the day of a wedding, the bride is taken to the groom's home where in the bride's room is a table laden with food. The eldest of her new women relatives makes her welcome, saying: "Until now, you have been a stranger to our blood, but now that you belong to us, do exactly as you would in your own home." Moreover, she means it, and the bride continues to be treated with graciousness.

### Gold in Ocean Waters

The ocean waters of the world contain \$25,000,000,000 worth of gold in suspension, according to the estimates of scientists.

## Construction of New Christian Science Church

On May 31st, ground was broken for the new edifice being erected for Fifth Church of Christ, Scientist, Detroit. This addition to Detroit's fine church buildings occupies the entire block between Merton and Whitmore Roads on Second Boulevard. This site was selected and the four lots adjacent to Merton Road were purchased in September, 1926, the church having been organized in May of that year. In August, 1937, the two additional lots in the block, those adjacent to Whitmore Road, were purchased.

Derrick and Gamber, Inc., are the architects for Fifth Church and they have developed a very interesting type of Early American architecture, adapted from the Georgian, for the edifice. In keeping with this design, the exterior will be of red brick with white stone and wood trim, the building being surmounted by a white tower and steeple to a height of ninety feet above the street level.

The main entrance will face north

toward Palmer Park which is one block away and, because of the curve in Second Boulevard at that point, will always provide an attractive vista to those leaving the building. This elevation is particularly interesting, three archways leading to the doors accomplish a porch effect which is not only distinctive but provides a touch of friendliness and welcome. There are also two entrances on Second Boulevard, and two entrances on the west side of the building, one of which is accessible to automobiles, and will be particularly advantageous in inclement weather.

The foyer will be of generous size and acoustically treated in order to eliminate noise as much as possible. The auditorium will seat 762 and is entirely on one floor. The walls and ceiling will be treated in simple dignified style in keeping with the architectural plan.

A spacious Sunday School auditorium is provided on the first level to accommodate approximately 500 pupils. The entire building will be supplied with

conditioned air. Heating will be by means of an oil fired boiler.

Unique features include complete equipment for conveying sound from the rostrum to all parts of the building. In this way all church services and lectures may be heard in any part of the building.

In addition to the two auditoriums, the edifice will contain the offices, directors' room and rooms for the various committees of the church organization. Every modern means of obtaining comfort, convenience and beauty has been utilized by the architects.

Fifth Church will continue to hold its services in the Henry Ford School, Second Boulevard and Pilgrim Avenue, until the edifice is ready for occupancy. According to F. H. Martin, of the F. H. Martin Construction Company, General Contractors, if the present progress is maintained, church services can be held in the edifice about December 1. The Reading Room maintained at 604 Six Mile Road will not be moved into the church building.

### Remembering Good

IF WE are to go forward, fitted for the work before us, should we not be properly prepared? Instead of indulging the human tendency to look back sorrowfully or to think regretfully of the past, we must learn to think scientifically, keeping our consciousness ever true to God, good.

Meditation upon what in the past was good, reminds us that we should render an account of our present stewardship. Should we not recognize the many blessings we all too often take for granted? Since, as Whittier has said, "That all of good the past hath had Remains to make our own time glad," let us gladden each day by taking stock of "all of good the past hath had."

Allowing only the good to remain in our thought is a happy service, a grateful prayer of praise. Keeping in our hearts thoughts of the unchanging goodness and omnipotence of God quiets fear and brings new courage, joy, and peace into daily experience.

Knowing the allness of God, good, brings peace, and peace brings joy, and joy proves the presence of good. Remembering God's gift to mankind in the revelation of the Christ, and remembering the message of "on earth peace, good will toward men" brings about a purification of heart!

Mary Baker Eddy gleaned something of good from every one of her experiences. Out of her rich triumphs came her admonition (The First Church of Christ, Scientist, and Miscellaneous, pp. 143, 150), "Remember, thou canst be brought into no condition, be it ever so severe, where Love has not been before thee and where its tender lesson is not awaiting thee. The way to turn from sad scenes in memory's lane need not be learned through hard lessons. Only when we cling to grief through self-pity do we miss Love's "tender lesson." Challenging every condition with the question, "What is Love's

"tender lesson?" will turn our struggling into the giving of thanks to God.

The measure of our progress should be estimated, not by how much we know of Truth, but by how well we live and love it day by day, and by how much we express the spirit of good will toward others. A perfect rule for gracious and happy living is to remember God, good, all the time.

All thoughts that would keep out of our hearts love for God and man must be recognized as enemies to health, happiness, and holiness. Isaiah termed such insidious errors "other lords." Remembering good, remembering that God is with us, brings proof in our day also that those "other lords . . . are deceased, they shall not rise; therefore hast thou visited and destroyed them, and made all their memory to perish" (Isaiah 26:13, 14). How happily we go forward when "all their memory" has perished!

What is it, after all, that makes our days seem unhappy, with spiritual happiness always within our reach? Is it not that God has been left out of our thoughts, and that love has been crowded out of our hearts? The need of the hour is not that great happiness be brought into our day, but rather that the happiness which is spiritual be recognized, claimed, and shared. Someone has said that there are some in this world who have the gift of finding joy everywhere, and of leaving it behind them when they go. This is the touchstone of selfless happiness.

The art of true living is to discern and to embrace the good ever within reach. In order that we may discern and embrace the good within reach we must be mentally ready to accept it. Being ready mentally prevents us from grieving over the past or from hesitating on the threshold of tomorrow. To "give thanks at the remembrance of his holiness" is to eliminate fear, sorrow, lack, enmity; is to make "all their memory to perish." "Remembrance of his holiness"—remembering God—is not this identifying ourselves with universal good?—The Christian Science Monitor.

### Three New PWA Projects for Farms

(Continued from Page One)  
approximately \$129,000.00 of sewer improvements completed which takes care of all of the immediate flood conditions in the Village.

All of these sewer projects are of a permanent character since the Village in 1927-28-29 installed a system of deep interceptors surrounding the entire village to take care of future lateral drainage problems.

On August 6, 1938, the Federal Government confirmed an additional grant of \$14,850.00 to aid in the construction of a Kercheval avenue Cross Village Water Main which has an estimated total cost of \$33,000.00. This water main will act as a booster or feeder main reinforcing the gridiron system of water distribution mains in this low pressure section. This main is recommended by the Fire Underwriters Association and is a part of the master plan. The 55% contribution to this project is being provided from the Water Department cash on hand and does not constitute any cost to property owners through general taxation as the Department is entirely self supporting.

With this improvement the total esti-

mated cost of all improvements installed in 1937 and to be installed before the end of the 1938 fiscal year will be approximately \$160,000.00; the Federal Government contributing \$55,125.00 the Water Department contributing \$18,150.00, the Village contributing approximately \$88,000.00, all of which work will have been completed without the necessity of increasing assessed valuations or the tax rate, issuing bonds or borrowing money.

The installation of these sewers is a continuation of a program adopted by the Board of Trustees in 1936, i. e., that each year there be appropriated a substantial sum designated as "Public Works" and it is the hope of the Board that the Village remain on the adopted program of a pay as you go basis.

### James N. McNally Outlines Platform as Candidate for Congress

(Continued from Page One)

He is married, residing at 1314 Nottingham in Grosse Pointe Park and is the father of four boys. He has been a member of the Naval Reserve at Detroit for the past seventeen years and at the present time holds the rank of Chief Quartermaster. In 1935 he was elected

a Justice of the Peace for Grosse Pointe Township and has held this office ever since. He is also a member and secretary of the Goodfellows Euchre Club which held several benefit parties for the needy of Grosse Pointe and its vicinity. He is engaged at the present time and has been for the past fourteen years in the practice of law.

The Review will be glad to have reports of any events of interest. Just mail or send them in to The Grosse Pointe Review, 15121 Kercheval Ave.
