New Proposed Library Gets Much Favorable Comment from Voters

Much favorable comment from friends of the Grosse Pointe Public Library system has been heard in the Grosse Pointe communities during the last week, in connection with the Board of Education's proposal to include a large public library branch in one wing of the proposed junior high school building to be erected at Somerset and Kercheval.

The Board of Education has sent a letter of explanation outlining the plan to those citizens who signed a petition for better library facilities in the western part of the district. This petition was received by the Board several months ago. From it is quoted the following:

"The petition, as an expression of the wishes and desires of a great many residents of our community, was welcomed by the Board, and our body has given many hours of careful study to the problem of needed library housing. May we say quite frankly at this point that we are in complete accord with you on the necessity and desirability of larger and better accommodations for our branch libraries.

"We summarize here the more important features of the proposal. These features are detailed thereafter.

"Because of other needs of the district, the Board proposes that a building to be completely paid for in five years, be constructed.

"This building will house not only a public library but also a junior high school and public auditorium.

"The total portion of its cost which must be borne by local taxation is \$350,000, or slightly less than two-fifths of the cost.

"A one-mill tax for five years will completely pay off this amount.

"The Federal Government has granted the district \$395,100 outright for the building and the Board also has \$132,000 on hand.

"Registration for school elections is now in progress, ending Saturday, September 17th.

"The vote will be taken Tuesday, September 27th. Persons not specially registered for school elections cannot vote.

"Citizens, in order to vote on various phases of the proposition must be either parents of children of school age or taxpayers.

"In view of growing building needs, and because of the millage requirements of the Michigan law, and in order to obtain the lowest interest rate possible, the Board of Education proposes that the bond issue be paid off entirely in five years.

"Because of the amount on hand, mentioned above, and because of the large Government grant, the \$350,000 can be entirely paid off in five years through an increase in the school tax rate for five years of not to exceed one mill.

"The Board proposes to include in the building, which it is hoped to erect on Kercheval avenue at Somerset, opposite the George Defer School, two principal facilities—one a large and thoroughly modern public library branch, and the other a junior high school.

"Except that these two facilities will be housed under one roof, they will be entirely separate. Some of the advantages of this proposal are:

"Forty-five per cent of the cost of the land on which this branch library wing will stand and forty-five per cent of the cost of the library itself and of its equipment and furniture (except books will be borne by Federal Government through a PWA grant. This will, of course, constitute a direct saving to local real estate taxpayers.

"The location at this particular point on Kercheval avenue will be very close to the actual center of population of the Village of Grosse Pointe Park and will be convenient to those library patrons who also have children attending either the Defer school or the proposed junior high school.

"Parking facilities will be more easily available than at certain other possible locations.

"The taxpayers will reap the benefit of those economies which always come from the elimination of extra exterior walls, a separate heating plant, separate janitorial facilities, etc. These immediately run to many thousands of dollars of savings, and the savings in maintenance will continue from year to year.

"Because of these economies and because of the Federal Government's paying 45 per cent of the cost, the Board plans a far larger public library than could possibly be otherwise afforded.

"The overall size of the library will be 63 by 74 feet, or 4,662 square feet of floor area. In addition to this, by having the public library and the junior high school under the same roof, we have designated the 'dead end' of an adjacent corridor for additional stack-room space. Similarly, an adjacent classroom, which will be utilized during the day for instructional purposes has been designated for after-school, Saturday and night use as a conference and story-hour room for the public library. (The school's own library will be housed on the second floor of the school's portion of the building).

"As the whole structure is roughly H-shaped and as the library wing will be the 'top' of one of the uprights of

this 'H,' the library will be on the northwest corner of the site, only about 20 feet from the Kercheval avenue sidewalk. Miss Severs and the other librarians, who have given us a great deal of assistance in designing the facilities, tell us that this will make an admirable arrangement.

"The book capacity of so large a branch library will be upwards of three times the number of books housed in the present branch in the basement of the Grosse Pointe Park Municipal building.

"The election on the whole project will be held on Tuesday, September 27, from 7 a. m. to 8 p. m., with voting places as follows:

- Trombly School
Defer School
Maire School
Richard School
Kerby School
Vernier School
Mason School

"Only persons especially registered for school elections may vote Tuesday, September 27th. To be registered for a municipal or state election is not sufficient. If you desire to exercise your right of franchise on this matter and are not sure whether you are registered, you may ascertain by telephoning Mr. West at Niagara 2000. Registrations will be accepted at any of the public school offices on any week day from now until and including Saturday, September 17th. The elementary school offices are open from 8:15 to 4:15; the high school office from 8:30 to 4:30 and the Board of Education at 389 St. Clair avenue, where registrations may also be made, from 8 to 5. The offices are all open Saturdays from 9 to 12 noon. September 17th is the specifically-designated registration day, but, as stated above, registrations may be made on any week day.

"The Board of Education considers that the problems of the junior high school and of the public library cannot be postponed much longer. Therefore, we respectfully suggest that it would seem definitely the part of wisdom to build these facilities while the Federal Government is offering us 45 per cent of the total cost, or a grant of \$395,100. The amount to be raised by local tax toward the remaining 55 per cent is \$350,000. The balance of this 55 per cent your Board has gradually accumulated through the excess of delinquent tax collections over expectations and through certain operating economies in the school system.

"On certain phases of the propositions to be voted upon on Tuesday, September 27th, the law requires that parents of school children, whether or not they are taxpayers, vote. Consequently, if you should be a rentpayer and the parent or guardian of a child of school age, it is your privilege to vote on some of the propositions September 27th, and, if you wish to do so, you should make sure you are registered for school elections.

"The Board of Education is planning to place the propositions before the voters in this 'broken-up' fashion, in order that the attractiveness and the resultant saleability of the \$350,000 bond issue may be increased and that the interest rate may, consequently, be as low as possible, through competition among financial houses for the purchasing of the bonds.

(Signed) BOARD OF EDUCATION, School District No. 1, Township of Grosse Pointe. Charles A. Parcels, President Ralph M. Clark, Secretary Charles A. Poupard, Treasurer. J. Lee Barrett Albert E. Meder."

Grosse Pointe Lutheran Church

"A New Lease on Life" will be the subject of a sound moving picture film shown in the Sunday school at 9:45 a. m. at the Grosse Pointe Lutheran Church, worshipping in the auditorium of the Richard school, Kercheval and McKinley. This film will come at the close of the lesson period and is brought to us through the courtesy of the Speakers' Bureau of the Community Fund. It is the third in a series on "Being a Good Samaritan." Classes for all grades and ages.

At 10:30 o'clock the Rev. M. Luther Canup, D. D., pastor, will deliver a short sermon on "The Rivers We Crossed," the second in a series taken from his recent auto trip to Yellowstone National Park, giving it a spiritual interpretation.

All thinking people realize that the world's greatest need today is a closer relationship with God. There is a strong movement called "Back to God." The church of Jesus Christ offers that relationship. In our Sunday school we teach the Bible as God's inspired Word and in our preaching we stress the atoning blood of Jesus as the only way of salvation. You and your family are cordially invited to attend our Sunday school and preaching service.

### Board of Education Policy Commended National Magazine

The following editorial commending the Grosse Pointe Board of Education appeared in the September number of "The Nation's Schools," the leading magazine for school administrators, published in the United States:

"Every spring there are numerous changes in public school superintendencies. The executive either resigns to accept a better position or is removed for good or for insufficient reasons. The general condition is somewhat as follows: The old superintendent leaves at the end of June or July, depending upon the necessity for completing essential reports and for picking up loose ends. The new superintendent arrives in either July or August and finds a clean desk and a clean office. As a rule he is unacquainted with the community, its general policies and general conditions. At a time when study of community is urgently necessary, he is forced to plunge into the succeeding year's work without a chance for orientation. As a result of this inefficient procedure many mistakes are made, some of them serious enough to affect the tenure of the newly appointed executive before he has even made a valid start on the new work. The procedure is inefficient and expensive for both the schools and the people.

"When a board of education wisely recognizes this problem and makes financial outlay to overcome the worst features of change, it is desirable not only to offer commendation for unusual social intelligence but also to describe the procedure.

"When Dr. S. M. Brownell recently resigned the superintendency at Grosse Pointe, Michigan, to accept a professorship at Yale University, the board of education proceeded immediately to make intelligent provision for change. The superintendent was retained for an extra month to complete all of the work in preparing for the next academic year. Budgetary and personnel problems were settled. He acted as adviser to the board of education in selecting his successor by canvassing the field and examining professionally the qualifications of a list of highly selected candidates. After the selection of a new executive had been made, he assisted in his successor's orientation.

"As a result the Grosse Pointe schools will open and carry through the next year with a minimum of difficulty despite the change in executive. The procedure was not costly in direct outlay and is actually extremely economical and sensible in safeguarding the community against errors resulting from lack of understanding of local background by the incoming superintendent. The new executive starts his career with a minimum of handicaps. It seems so sane and worthwhile that the practice is sincerely recommended to other boards."

### Fort Pontchartrain Chapter Schedules Ceremonies Sunday

On Sunday, September 18, Fort Pontchartrain Chapter, Daughters of the American Revolution, assisted by Sarah Treat Prudden Chapter, of Jackson, will mark two graves of Daughters of Revolutionary Soldiers, ancestresses of Mrs. O. D. Heavenrich, past regent of Fort Pontchartrain Chapter, and now state vice regent, and of her sister, Mrs. Harry Boardman, of Jackson. The first ceremony, at one o'clock, at Brooklyn Cemetery, Jackson County, at the grave of Diadama Barnes DeLamater, daughter of Asa Barnes, Revolutionary soldier, will be followed by a ceremony in East Liberty Cemetery at the grave of Hannah Barlow DeLamater, daughter of Nathan Barlow, Revolutionary soldier. The assemblage will then go to Wayside Inn, on Round Lake, nearby, where a picnic lunch will be enjoyed. Here Mrs. Alexander Hilton, past ninety years of age, granddaughter of Diadama, and great-aunt of the D. A. R. women being honored, will give reminiscences of her grandmother, with whom she made her home for many years. Mrs. Hilton will also present the tablet marking Diadama's grave.

Mrs. William F. Catlin, regent of Fort Pontchartrain Chapter, will preside, and will present a wreath from her chapter; Mrs. Shannon A. Griffith, regent of Sarah Treat Prudden Chapter, will present a wreath from her chapter. Maria Kip, Boardman and Frank Van Schoick, II, will unveil the tablet at East Liberty Cemetery, which Mrs. Boardman will accept, on behalf of the family, after presenting the family's gift of flowers. Master Charles Van Schoick with his brother, John Darjng VanSchoick, Jr., will unveil the tablet at Brooklyn Cemetery, where Mrs. Heavenrich will offer flowers and accept the tablet. This tablet will be presented by Mrs. Edward J. Savage, chapter historian.

Invitations have been extended to Mrs. Bessie Howe Geogley, state D. A. R. regent, and other members of the state board, and other honor guests, and many members of descendant families in Jackson County plan to attend. The ceremonies have been planned to take place at this time, in observance of Constitution Day.

Have you a good READING LAMP?

A GOOD reading lamp is a necessity in the home, because the whole family spends so much time on tasks involving close visual application. Whether you use your eyes for reading a newspaper, writing, studying, sewing or other occupations, proper illumination is essential to avoid eyestrain and fatigue. An evening of reading or working under poor light may be more tiring physically than an equal amount of time spent at hard manual labor.

What constitutes a good reading lamp? The new I.E.S. reflector-type floor and table lamps are ideal for the purpose. These lamps have a diffusing bowl under the shade, which eliminates glare and assures soft, pleasant illumination. They are scientifically designed for easy, comfortable seeing, and provide adequate light for reading, writing, sewing, etc. Reflector-type Pin-It-Up lamps are also excellent. They may be pinned on the wall over a desk or table, or beside your favorite easy chair.

Detroit Edison Home Lighting Advisors will be glad to help you with any lighting problem you may have. Call Randolph 2100 and ask for the Lighting Division.

The Detroit Edison Company does not sell floor or table lamps. See them on display at department stores, lighting fixture stores or electrical dealers.

Titans Clash with Purdue September 24

With less than two weeks of practice in which to prepare for the season's opening game with Purdue on September 24, the University of Detroit Titans began their fall chores Sunday.

Fifty-one lettermen were invited to report and most of them were on hand that day. They will be given two sessions daily from now until college opens on September 19, after which they will not be available to the coaches until after 3 p. m.

On the eve of the practice sessions it looks as if the Titans will be just as strong defensively as they were last season. But the coaches will have to uncover a better ball-carrier than they now know they have on the roster in order to equal the offensive power of the 1937 team.

As Coach Dorais sizes up the situation, the team will be weaker at one end, at one tackle for at least the early part of the season, and at both guards. Center will be stronger through the added experience of Jim White and Emerson Addison, lettermen, and the addition of Jim Temple, a big sophomore.

The quarterbacking may be somewhat better as there will be two men of varsity experience available and a number of promising sophoms.

The forward passing department, upon which Dorais will largely rely in the absence of a great running back, will be headed by Ed Palumbo, a fine peger but inclined to be brittle.

The fullback position has been bolstered by a number of huskies, most conspicuous of whom is Clint Barritt, a 200-pounder who was out of school last season.

In the matter of weight the squad will be about the same as last year—a small team. The line has lost poundage, particularly in the guard positions where the probable starters weigh less than 170 pounds.

True to his tradition, Dorais is making no predictions on the season, beyond saying that he thinks his team will be hard to score on. Even the fact that he hasn't an outstanding ball-carrier doesn't inspire him to pull any bear stories.

The coaching staff remains unchanged with Dorais, head coach; "Bud" Boeringer, line coach; Lloyd Brazil, backfield coach, and "Dad" Butler, trainer.

Detroit Town Hall Opens Season Oct. 12

A glamorous and important event will be the opening of the Detroit Town Hall in the Fisher Theatre Wednesday morning, October 12. Glamorous, because the Ballet Caravan, making its Detroit premiere, will present three entirely new and original ballets.

"Filling Station" and "Yankee Clipper," two of the most talked-of ballets of the past season, will be presented, as well as "Promenade," a one-act classical ballet to Ravel's waltzes.

Second on the series of 20 Wednesday mornings at 11 o'clock will be Frank Lloyd Wright, famous architect, October 19. Mr. Wright will speak on "The Future of Architecture."

Eugene Lyons, author of "Assignment in Utopia," speaks November 9 on "Russia Today." Lillian T. Mower, author of "Journalist's Wife," whose husband is the famous correspondent, Edgar Ansel Mower, will speak November 16 on "Where Is Europe Going?"

November 23, William Lyon Phelps, literary critic, will speak on Contemporary books. November 30, Capt. John D. Craig, direct from new deep-sea adventures in the Caribbean Sea, will bring movies of amazing treasure hunts at the bottom of the sea.

Among the big attractions scheduled for after the holidays are the Eva Jessys Choir, from the choral ensemble of the opera "Porgy and Bess"; the University of Chicago Round Table, bringing three noted authorities in person in a discussion of "American Foreign Policy—Drift or Design?"

For membership information call the Detroit Town Hall office, 246 Hotel Statler, Cherry 5617, or Cherry 4960.

Detroit Tech Expects Record Enrollment

Enrollment of students at the Detroit Institute of Technology has gotten under way for the fall semester, with the early registration exceptionally heavy and expected to surpass last year's record enrollment of nearly 2,800 students.

Several new courses have been added to the fall curricula, offering students the greatest number of courses of study in the history of the school. In the College of Engineering two new courses have been added, one of them being automotive engines, of which H. E. Reed will be the instructor.

In the College of Liberal Arts a novel new course will be that of Current Events, in which magazines and newspapers will replace the usual textbooks, the course to be taught by Prof. Albert Heideman.

The College of Commerce and Finance has Accountancy for Executives among the new courses, the teacher being James Pottinger. Personal Problems will be taught by Michael Toth as another new course.

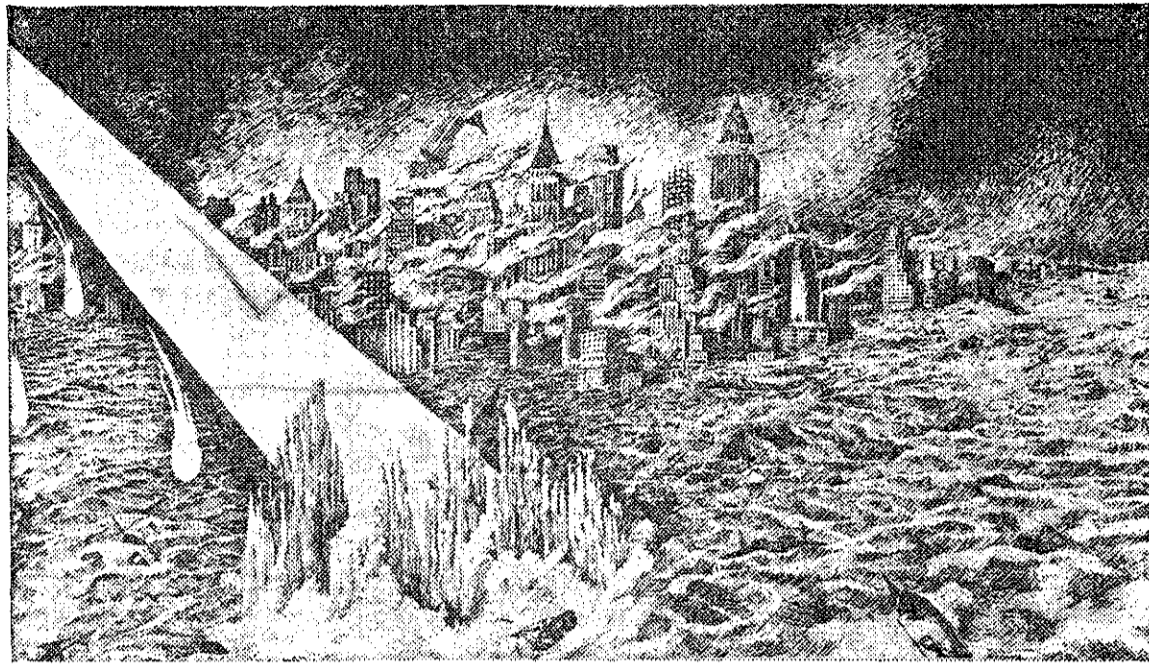

A new course in Pharmacology will feature an expanded program in the College of Pharmacy. The lectures will be given by Dr. H. C. Emmert, while R. S. Warner will have charge of the laboratory work.

The fall term at Detroit Tech will get under way on Monday, September 19, as will the semester at the Detroit College of Law. Both schools, which rate among the best in the state, operate under the Detroit Y. M. C. A. They are both day and night classes in all departments.

Happenings of the Nations Told in Pictures

If Asteroid Should Strike New York Harbor!

This drawing by Walter Favreau of the Hayden planetarium shows the destruction of New York if an asteroid, such as Hermes, which came within 220,000 miles of the earth last year, were to fall in New York harbor.

Puerto Rican Governor Becomes 'Pied Piper'

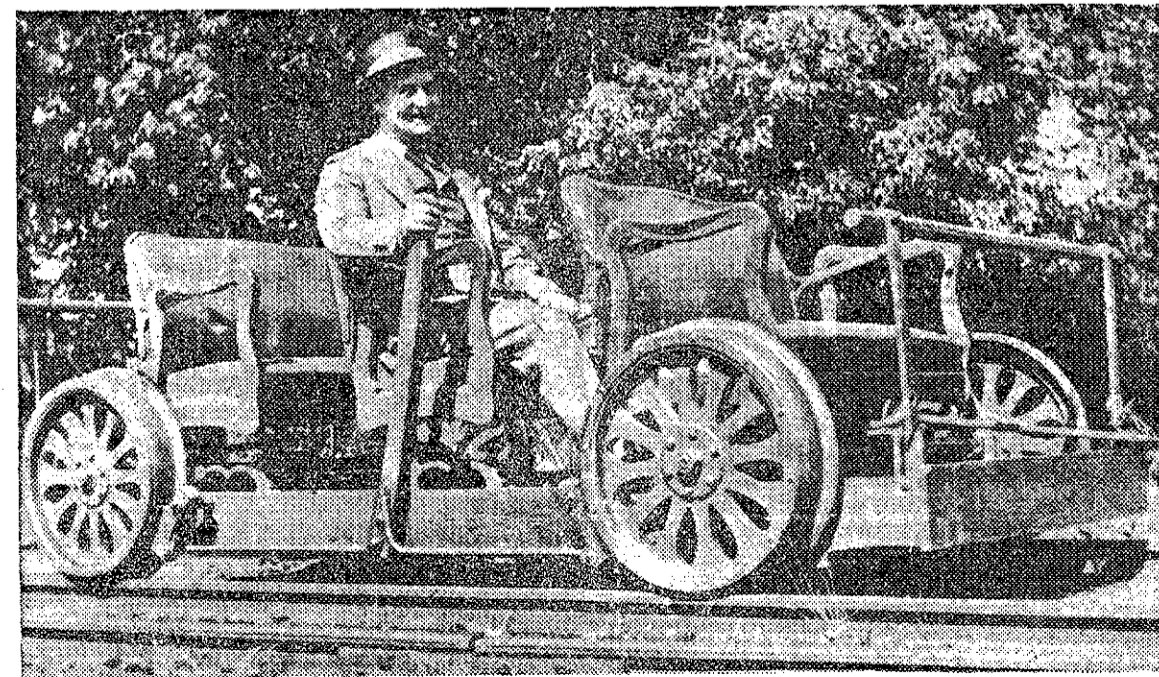

Following his recent escape from a would-be assassin, Gov. Blanton Winship of Puerto Rico found himself a hero among the island's children. Here a group of them are following Governor Winship as he inspects the new low-rent Falomsteria apartments, recently completed in a drive to rid the island of slums.

Horses, Aviator and Sprinter Make News

(1) Douglas G. Hertz, millionaire sportsman, entertained 100 broken down horses of New York at a picnic, where each animal was given a straw hat and contest winners won rubber shoes. (2) Col. Charles A. Lindbergh enters his plane at Warsaw after a surprise hop from London. (3) Jesse Owens, Olympic sprinter and jumper, opens his new tailor shop in Cleveland.

Rhode Island Railroad 'Magnate' Goes for a Ride

Roy Rawlings, former speaker of the Rhode Island house of representatives, sits in the "presidential special," which serves as the only passenger equipment on his Wood River railroad, a unique "Toonerville" line which he purchased last year for \$200 from the New York, New Haven & Hartford line.

Temperance Women in Conclave

This Chicken Swims Like a Duck

Pretty Barbara West of Seattle watches her pet bantam hen, "Topsy," who takes to the water just like a duck, presumably because she once mothered a brood of ducklings. "Topsy" craves a dip after laying her daily egg.

Neighbors Protested Her Punches

Mrs. Mary Sullivan, 65, of Boston, whose daily workouts with a punching bag in the rear of her home have resulted in court action by a neighbor. Mrs. Sullivan bought the bag when neuritis afflicted her right arm, thinking daily exercise would be good for it.

Firemen Block Attempted Suicide

Like the late John Warde, who killed himself last July in a sensational leap from a Manhattan hotel, William Ahearn, a psychopathic patient in New York's Bellevue hospital, stood on a narrow ledge of the hospital's ninth floor for several hours before Fireman Thomas J. Kehoe (left) gripped him by the ankle and dragged him back to safety. The incident attracted a large crowd.
