

Grosse Pointe High to Play Monroe Oct. 14

Grosse Pointe will play its first night game of the season at Monroe on the Navarre field Friday, October 14, at 8 o'clock. The Trojans are a much stronger team this year and will provide stiff opposition.

In last year's contest the Blue Devils defeated the Trojans for the first time in six years, the score being 18 to 0.

That Monroe is much stronger this year can be seen by the results of its first game. Fordson defeated Monroe last year by a score of 25-6; this year Fordson had considerable difficulty in turning back the Trojans. Fordson scored its points in the last quarter to win by a score of 9 to 0.

This was Monroe's first game and they should be much stronger against Grosse Pointe for most of the weaknesses will be ironed out.

The probable lineup:

Grosse Pointe	Monroe
Touhey	L. E. Knab
Hall	L. T. Crawford
Monroe	L. G. Jones
Carman	C. G. Kegereis
Neeme	R. G. Bill, Bert
Schriever	R. T. Natalie
Beever	R. E. Reglin
James	Q. B. Turner
Rogge	R. H. Bob Bert
Perrone	L. H. Notario
Eyre	F. B. Maloney

City to Sell All Unclaimed Property

In accordance with the provisions of an ordinance adopted January 17, 1938, regulating the care and disposition of unclaimed material or property allowed to remain in public places in the city, a public sale of property so accumulated will be held on Saturday, October 29, 1938, according to Norbert P. Neff, City Clerk, who stated that the property to be sold consists chiefly of unclaimed bicycles, children's wagons, old row-boats or outboard boats, etc. This unclaimed material has been picked up and stored during the past several years and is subject to recovery upon proof of ownership and payment of storage and handling charges prior to the date of sale.

So that prospective bidders may be entirely familiar with the sale procedure, the ordinance governing all conditions is herewith reprinted in its entirety:

THE PEOPLE OF THE CITY OF GROSSE POINTE ENACT AND ORDAIN:

Section 1. The Police Department of the City of Grosse Pointe is hereby authorized to take possession of any abandoned property found in the City of Grosse Pointe or at the park docks of the City and hold the same in accord herewith for the person entitled to the possession thereof or for sale.

Section 2. Upon taking possession thereof, the Police Department at once shall attempt to determine who is entitled to possession thereof and forthwith notify such person in writing in regard thereto, whereupon the one entitled to possession shall call for such property, and, upon paying to the treasurer of the City of Grosse Pointe the cost of the storage thereof and any reasonable expense incurred in regard thereto, shall be entitled to the possession thereof.

Section 3. If, upon being so notified, such person does not call for the property within ten days after the mailing of the notice to the last known address of such person, or in case the one entitled to possession thereof cannot be found by the Police Department or the Police Department cannot determine who is entitled to possession thereof within thirty days of the Police Department taking possession thereof, the clerk of the City of Grosse Pointe shall advertise the same for sale once each week for two consecutive weeks in a newspaper circulated in the City of Grosse Pointe, the sale to be conducted by the clerk of the City as an auction and at the Police Station.

Section 4. The clerk shall enter upon his records the details of each such sale and shall turn over the proceeds of the sale to the City Treasurer who shall deposit the same to the general funds of the City.

Section 5. This ordinance is not applicable to dogs.

Great Britain Launches Largest Ship

The liner Queen Elizabeth sliding down the ways at the John Brown shipyard on the River Clyde, Scotland, after being launched by her namesake, the British queen. In giving her name to the new liner, the queen said: "To the greatest of ships that ply to and fro across the Atlantic like shuttles in a mighty loom, weaving a fabric of friendship and understanding between the people of Britain and the people of the United States."

Hockey Series Auspices of St. Vincent de Paul

The annual city hockey series under the auspices of the Society of St. Vincent de Paul will be played this year between the Detroit Red Wings and the Pittsburgh Hornets. Dates for the games have been set for Sunday, Oct. 23, Thursday, Oct. 27, and Sunday, Oct. 30. All games at Olympia, starting time 8:30 p. m.

Through the generous courtesy of the Olympia management, half the proceeds of this series is given to the parish Conferences of the Society. Patronage at these games therefore provides funds to help the poor, besides offering good clean entertainment.

Tickets for any or all of the engagements may be had from Vincentians in your parish or from the society's central office, 611 McDougall avenue.

Millenbach to Open New G. P. Branch

On Saturday, October 16, the Millenbach Ford and Lincoln Dealers will open their new Grosse Pointe branch sales room and service garage on the corner of Maryland and Kercheval. This company, widely known from twenty years of friendly, efficient service, will feature their opening with a display of the 1939 Lincoln Zephyr.

Coupled with the Sales Department Millenbachs will offer a new modern service department fully equipped to handle any type of repair work.

As a special convenience, especially for women drivers, Millenbachs will have a free pick up and delivery service for families who wish their car serviced without bothering to go to the garage.

Women's City Club Sponsors Lecture

Gripping tales of "Daredevils Film the News," will be related by Captain Claude R. Collins, veteran editor of the newsreel world, Tuesday, October 25, at 8:30 p. m. in Orchestra Hall. This lecture is being sponsored by the Women's City Club under the leadership of Marcelline W. Hemingway Sanford.

A few of the Grosse Pointe women on the committee for this lecture will be: Mrs. Kurt Kremlich, Mrs. Mark Stevens, Mrs. Barton Wood, Mrs. Meridith Randall, Mrs. Earl Yahn and Mrs. Charles Ellis.

You will not only see and hear about the amazing adventures of the men behind the cameras, but for the first time you will be able to go behind the scenes of many great news events with the men who film them. The "shots" that will be shown have been carefully selected by a special staff of film editors from more than fifty million feet of film, made in all parts of the world.

Death, drama, beauty, human interest, hair raising thrills will be found in the fast moving pictures about Wars and Revolutions; Transatlantic and World Flights; Kings and Royal Splendor and many other dramatic subjects.

Freighter Damaged in St. Clair River

The 600-foot freighter, George W. Clyde, down-bound to Lorain, Ohio, damaged her shoe and rudder after having had to anchor in a fog in the St. Clair River above Southeast Bend. She passed the Pointe Monday night with the steamer Harvard of the same fleet assisting her and with the Great Lakes Towing Co., tug Arkansas towing. It is likely that the Clyde will enter dry-dock at Lorain for examination and repairs after discharging her ore cargo. Both the Clyde and the Harvard are owned by the Pittsburgh Steamship Co., lake shipping subsidiary of the United States Steel Corporation.

Armistice Dance

The Major Burns Henry Post, No. 303, will give an Armistice Dance, Friday, November 11, at the Grosse Pointe Hunt Club, on Provincial Road. Entertainment and refreshments will be furnished. Dancing will begin at 9 o'clock. All are invited by members of the Grosse Pointe division of the American Legion to attend.

French Drawing at Alger House

French drawings from the XVth to the XXth century is the subject of a large and comprehensive exhibition lately opened at Alger House, Grosse Pointe Branch of the Detroit Institute of Arts, at 32 Lake Shore Road. Eighty drawings, the work of 28 French artists over a period of 500 years, will remain on public exhibition until October 30 and may be seen during the Museum's visiting hours daily except Monday from 1 until 5 p. m. and Sunday from 2 until 6 p. m. Admission is free at all times.

A fresh and unconventional view of the great artistic tradition of France will greet the visitor in this show. He cannot fail to be charmed by the spontaneity and impulsive vigor of these quickly decorated pictorial memoranda. The majority of them are preliminary studies and sketches for more carefully worked out paintings. As such they give one an intimate and instructive view of how an artistic idea takes shape in the mind of the artist. Many of these sheets of studies will reveal an artist laboring with a single detail for a large composition. The unbelievable subtle

business of great picture making will be repeatedly born in upon the observer as he reviews this long record of conscientious trial and error. He will find the single line of an arm of a Degas ballet dancer patiently drawn and redrawn until it satisfied the artistic sensitivity of the master. He will see how the XVIIIth century painter Watteau six times drew the head of a girl from different points of view until he realized the effect he wanted. He will be captivated by the irrepressible spirit of Fragonard as it is conveyed in a spirited sepia drawing of his extravagant vision called "Love even to the Tomb."

The delightful French sensibility to the charm of women is everywhere evident in these drawings. It is present in the earliest of them, a work of 1410 of court ladies in the elegant and modish costumes that made France even then the fashion center of the known world. The room of XVIIth century drawings bears witness that this gay and frivolous era celebrated the charm of women beyond all other themes. Even in the realistic impressions of the Paris demimonde of the

Schools to Help in Clothing Drive

Cooperating with the Neighborhood Club, the Grosse Pointe Public Schools will conduct a drive for clothing and shoes all of next week—October 17 to 22 inclusive.

Each of the public schools in Grosse Pointe will act as a collection agency for such clothing and shoes as the residents and school children care to contribute.

The committee in charge of the drive reported that all clothing collected in the Grosse Pointe area will be turned over to the Neighborhood Club for distribution to needy families. This committee further stated that any clothing or shoes which are in a wearable or usable condition will be gratefully accepted.

A plea will be made in each school for the school children to bring used clothing and shoes to their school during next week. As parents, your cooperation is earnestly solicited to make this drive a success, so that no children or adults in our community will be deprived of necessary clothing during the coming winter.

Girl Mariners Get Rowing Workout

Nine of the girls of the Grosse Pointe Mariners group were present for rowing practice at the City park last Saturday morning, and, in spite of the rather inclement weather had an hour or more of work at the oars. Under the leadership of Miss Lois Oldham practice in life-ring throwing was also indulged in.

DRINK Stroh's Bohemian BEER and enjoy THE BEST SERVED WHEREVER QUALITY COUNTS

By the new arrangement the Association Symphony Orchestra will be heard in the Southeastern section of Detroit. which is served by the Hannan 'Y' Branch. When the Orchestra appears in this community for an evening of symphonic entertainment, the date of which is yet to be announced, the musical selections by individuals and groups representing our own community. Mr. E. M. Hedden, Executive Secretary of the Hannan 'Y' Branch, will soon appoint a committee from this community to aid in the plans for the concert, which promises to be one of the most eventful musical evenings in the history of Southeastern Detroit.

In announcing plans for a community concert, Mr. Hedden also disclosed that the Association Orchestra would this season have a new conductor. Mr. Zinovi Bistrizky, one of Detroit's outstanding musical conductors, who will succeed Valter Poole with the baton. The action was made necessary of the Wayne County Federal Music Project. Mr. Poole, however, will remain in the capacity of consulting conductor and have a part in the forthcoming concert presentations.

Mr. Bistrizky has been assistant conductor of the Association Symphony Orchestra, with which he has been associated five years, and brings a wealth of experience to his position which augers well for the coming season's work. He is a veteran member of the Detroit Symphony Orchestra, occupying a chair in the first violin section.

By a coincidence, Mr. Bistrizky's first appearance as a musician was in a YMCA in Constantinople in 1923 when as a boy of 15 he gave a series of weekly Sunday afternoon violin programs. Coming to Detroit in 1925 he became a youthful member of the Madison Theatre Symphony Orchestra, of which he soon became concertmaster. Later he was concertmaster and assistant conductor of the Fisher Theatre Symphony. In addition he being a member of the Detroit Symphony, he is with the WWJ orchestra and last winter received citywide acclaim in the organizing of an all-girls' symphony of 28 young musicians.

The Association Symphony is this season observing its eleventh anniversary and during its span of more than a decade it has become one of the recognized better musical groups of Greater Detroit. Music critics have hailed it as one of the finest non-professional symphonic orchestras in the musical history of the city. In an effort to have section of Detroit represented among the members of the orchestra, Mr. Bistrizky has invited all young musicians with a good musical background to attend a rehearsal at the Downtown YMCA, where a try-out will be given all those desiring it. These try-outs and rehearsals are held every Monday night at the Downtown 'Y'.

Jefferson Avenue Baptist Church 13337 East Jefferson Avenue The Rev. Wayland Zwyer, minister of the Jefferson Avenue Baptist Church will preach both morning and evening this Sunday. If you are without a church home in this vicinity the pastor and members of Jefferson Avenue Baptist Church cordially invite you to worship with them. The Church School meets at 9:45 a. m. and the young people's organizations at 6:15 p. m.

Royal Oak Ties Blue Devils 0-0 Overconfidence dealt Grosse Pointe's undefeated eleven a serious blow in an encounter with a supposedly weak Royal Oak team on the Acorn field Saturday. The final score was 0 to 0. Grosse Pointe had only one scoring opportunity, and that chance came early in the first period. James' kick to the 20-yard line caught the Acorns flat-footed. In attempting to return the ball the Acorns fumbled on their own 26-yard mark. James recovered for the Blue Devils. Grosse Pointe was far from top form and could not muster any scoring punch to put the pigskin over. The Acorns ended the scoring threat by taking the ball on downs and kicking out of serious danger. Royal Oak opened the third period with a determined march to the Blue Devil 1-yard line. At this moment the Blue Devils really looked alive and stubbornly resisted any score by the Acorns. For two downs the line remained like a stone wall, but on the third down the Acorns lost the ball on a fumble, Perrone recovering for the Blue and Gold eleven and ending the last threat of the Acorns. One of the outstanding features of the uninspired game was the beautiful exhibition of punting put on by James. Every threatening attack of the Acorns

was ended by James' long punts, putting the Blue Devils out of danger. James' punts averaged 45 yards per kick and his longest boot netted 60 yards. Grosse Pointe's reserve team scored its first victory of the season by defeating a heavy Pontiac team on the high school field Friday afternoon by a score of 7 to 0. The Blue Devils lone score came in the final period on Fox's 25-yard pass to Fluit, Fluit running for 10 yards to score. Braden drove off tackle for the extra point making the final score 7 to 0 in favor of Grosse Pointe.

Trombly School Ants and elephants, crickets and giraffes may sound like a study in contrasts, but at Trombly School they are only an indication of the wide variety of interests among the pupils of the early elementary grades. The children in the 1-B room are building an ant apartment, and have announced that it will be ready for occupancy in the near future. They are looking forward to the time when they can watch the maneuverings of the industrious little colony. The apartment, following the modern trend, will be constructed largely of glass. The 2-B, 2-A and 3-A grades are preoccupied just now with crickets, grasshoppers, and their cousins, the katydids. Excursions into near-by fields have yielded a number of fine specimens as the science tables in each of these rooms bear witness. The 2-A's have even been inspired to the creation of original stories and poems of insect life which they are copying into colorful cloth-bound books made by themselves. In addition to their crickets, the 3-A children have an obliging spider named Stripesy who spins a lovely miniature web in his mason jar in return for his daily allowance of a fly or two, and the 2-B's are now the proud possessors of a small but earnest looking garter snake.

In the pursuit of information concerning the appearance and mode of living of the larger types of fauna, the 3-B's are making a study of jungle life. They too are writing and illustrating stories on the subject they have chosen for study. Across the hall the 1-A's, not content with merely writing stories and drawing pictures, have undertaken the job of building a menagerie for themselves. To date, with the aid of odds and ends from the supply room, brown paper, nails, string and paint, they have turned out two very satisfactory animals, a teetering giraffe with a chalk box head and a barrel-bodied, log-legged elephant.

Grosse Pointe Lutheran Church "Why Do I Like to Attend Church?" will be the subject of the sermon at the Grosse Pointe Lutheran Church, worshipping at the Richard School auditorium, Kercheval and McKinley, Sunday morning, October 16th, at 11 o'clock, preached by the Rev. M. Luther Canup, D.D., pastor. The subject Sunday morning will be the 3rd reason—"Because here I receive God's Holy Sacraments of Baptism and the Lord's Supper."

"Reverence for God's Name" will be the subject taught in the upper grades of the Sunday School at 9:45 a. m., where we have classes for all grades and ages. New scholars are enrolled in our school almost every Sunday. Join the "Back to God" movement and bring your family and attend our Bible School at 9:45 and remain for the service and sermon at 11 o'clock. We have a corps of capable and consecrated teachers in our Sunday School and we preach sin and salvation at the 11 o'clock service. Drop in at both hours.

'Stage Door' to Be Presented By the Pointe Players "Stage Door," popular current success of stage and screen, will be presented November 18 and 19 by the Pointe Players of Grosse Pointe High School Horton and Mrs. Lucile Mullen, sponsors their fall production, Mr. D. H. sors, announced this week. Tryouts are already under way and the complete cast will be announced within a few days. The play centers about an aspiring young actress and her contemporaries living in a club for girls desiring theatrical careers in New York City. Katherine Hepburn took the central role in the movie production while Margaret Sullavan played the part in the Broadway production last winter. Detroit saw "Stage Door" with Joan Bennett in the leading part last Christmas time.

Grosse Pointer Pledged to Sigma Pi at Kenyon College Richard Parshall of Grosse Pointe, Mich., has been pledged to Sigma Pi, Kenyon College social fraternity, officers of that chapter announced. Of the capacity freshman class of 100, 76 have been pledged by the eight fraternity chapters at Kenyon. The first and perhaps the most impressive Kenyon fraternity experience in which the neophytes will participate is the colorful "singing down the Middle Path" tradition, a tradition faithfully

adhered to since pre-Civil War times. Famous throughout America as the "singing college, Kenyon fraternities each Tuesday evening sing down the Middle Path following their chapter meetings held in secluded, picturesque lodges in the woods surrounding the campus. As each fraternity sings, marching with arms locked, all lights in fraternity dormitory divisions are darkened and replaced with lighted candles in each window. The first college fraternity lodge in the United States was that of Delta Kappa Epsilon at Kenyon.

St. Paul High Plays Winning Ball In three successive starts, St. Paul High football team have been victorious and are now the only unbeaten team in the third division. To all appearances it is quite likely that there will be a repetition of last year's record and they will once more be crowned the champions of their division in 1938. St. Paul is lucky in having Robert Van Tein, a halfback that is showing remarkable skill and speed and his teammates are banking on him to do great things. The fullback, John Guorn, has everything, speed, drive and weight. Last Sunday's game between St. Francis and St. Paul, both teams fought a hard fight with St. Paul the victor with a score of 19 to 6. Two touchdowns were made by passes, Chesquiere to Beaufait, Piche to Beaufait, while the other touchdown was made by Jack Guoin on an intercepted pass, outrunning the opposing secondary. Two of St. Francis' punts were blocked by Carl Scott and one recovered by Ed West.

Grosse Pointe Schools' Staffs to Have 10 New Teachers This Year

On the teaching staff of the Grosse Pointe public schools this fall are ten new members, five regular teachers and five internes, the smallest number in years. Eight of the new appointees are men and two are women.

Frank Himmelmann is in charge of the 6A grade at the Trombly school. A graduate of the Milwaukee State Teachers College, Mr. Himmelmann comes to Grosse Pointe following four years teaching experience in Medford, Wisconsin.

Louis F. Marr is entering an internship at Trombly school. He holds a Bachelor of Science degree.

Sidney Naimon, an interne at the Richard school, also holds a Bachelor of Science degree. Charles Peterson, formerly on the staff of the Grosse Pointe Country Day school, is now an instructor of manual arts at the high school. Mr. Peterson, a resident of Detroit, received his training at the Stout Institute, where he earned his degree.

Miss Helen Piper, 183 Kenwood, a graduate of Grosse Pointe High School in 1934, completed her undergraduate work at Wayne University in June. She is an interne at the Marie School.

Chester Sampson specialized in mathematics and science at the University of Michigan where he earned his A. B. degree. He is working as an interne in those fields at the high school.

An interne at the Cadieux Annex is Miss Eleanor Sikkenga, who received an A. B. degree from the University of Michigan.

The new teacher of the sixth grade in the Kerby school is Cecil E. Shaffer, a graduate of the Milwaukee State Teachers College. Mr. Shaffer has had four and one half years teaching experience in Wisconsin.

Instrumental music in the elementary schools is being taught this year by Samuel Trickey, who has taught music in the Petosky, Michigan, schools for the past four years. He obtained his Bachelor of Music degree from the University of Illinois.

Mr. Paul Yarok, new English teacher at the high school, received his training in the well-known Department of English at the University of Iowa and since then has been teaching in Muscatine, Iowa.

Eight members of the teaching staff are taking leave of absence for the present year: Elinor Eipper, Nelle Elsworth, Vincent Peterson, Hellen Peterson, Dorothy Cooper, Lola Dettling, Marie Evans, and Ruth Hamilton.

Two substitute teachers have received semester appointments, Hilda Hindes who is teaching history at the Trombly annex, and Beulah Crockett, 1149 Wayburn, who is teaching in the Trombly elementary school.

Two Changes in Grid Rules This Season

by E. A. BATCHELOR

The two changes made in the football rules since last season will have the effect of helping the offense and opening up the game, according to Charles E. "Gus" Dorais, head coach of the University of Detroit football team.

"Permitting any forward pass thrown over the goal line short of fourth down to count as incomplete is bound to make scoring from close in easier," says Dorais. "This is true for two reasons: In the first place, it will encourage the offensive team to pass and in the second place, it will force the other team to play a looser defence, which means that running plays will gain more readily. I rather look for more running plays inside the ten-yard line because of the added threat given the pass."

"The rule bringing the ball in 15 yards from the side line instead of 10 is a good one because it gives room enough to run almost any kind of a play on either side. The extra five yards of ground may not sound like much it is really highly important in permitting this extra maneuverability to the attack and imposing that much greater burden on the defence.

"The two rules are definitely along the line of giving the attacking side a break, something that the game has badly needed. The defense has been getting increasingly effective and it is time that the pendulum swung the other way. Particularly is this true in regard to the situation that arises within the 10-yard line, where with the pass curtailed by the danger of scoring a touch-back on the second incomplete pass over the goal line, as it was last year, or on the first incomplete one as it was before, the defenders could build almost a stone wall."

Home Economics to Be Stressed in New School

Home economics instruction which helps teach girls many of the phases of domestic living instead of concentrating on foods and clothing, "cooking and sewing," will be stressed in the new Grosse Pointe Junior High School, Dr. E. R. Van Kleeck, Superintendent of Schools, told the Mothers' Club at the Grosse Pointe High School Monday night. It was the last of a long list of speeches he had given on the Junior High projects, he said.

Two sixty-foot class rooms, each a complete teaching unit, for virtually all

phases of home economics instruction will be provided in the new building, he said. Equal space will be given to the manual arts instruction for boys where the same educational point of view will govern the courses and instruction, Dr. Van Kleeck said.

He deplored the tendency on the part of many educators to "departmentalize and compartmentalize" in such fields as home economics and manual arts.

"We want as natural a situation for the learner as possible in the new building," he said. "At the same time it is wasteful of space and of utilization to set up in the junior high school on of these so-called model apartments. The bedroom in such a suite, for example, is used only a tiny fraction of the time."

Dr. Van Kleeck said that each of the two classrooms would be divided into two principal centers. One of these will be the kitchen with provision for a large number of girls to work simultaneously at the sinks, tables and stoves. The other half of each room will be the "living center." This will be equipped with strong, sturdy but light folding metal card tables which, when not in use for recitation or class purposes or for sewing instruction, will be folded up by the girls and stored in large compartments at the rear of the room. Here also will be stored folding chairs. When the folding metal chairs and card tables are not out and in use, the room will present the appearance of a large visiting room. A studio couch, which can be opened into either a double bed or twin beds will be used for teaching bed making and care of invalids in bed. A folding table with extension leaves and drop leaves will serve part of the time as an article of furniture and as a large occasional table but will be capable of being opened to sufficient length to serve as a dining table when the room is used for instruction in table service and like subjects.

"In effect we shall have in this one living center and classroom, a sewing room, a bedroom, a dining room and a living room" the Superintendent told the mothers.

The Tower Is Awarded High National Honors

The student newspaper of Grosse Pointe High School, The Tower, has again been awarded the International Honor Rating accorded papers of superior achievement by the Quill and Scroll, international honor society for high school journalists. This is the highest rating by the Quill and Scroll judging service, which is conducted under the auspices of the Medill School of Journalism at Northwestern University.

The staff which edited the winning issues last semester included Harriet Carpenter, Catherine Raupagh, Jean Moore, Jack Murphy, Roy Fairbank, Elizabeth Neutt, Dick Kerst, Russel Altes, Jane McNaughton, Jack Maas, Donald Morrison, George Bosch and Sheila Moore.

This semester's staff consists of Nancy Worrell, Patricia Gehlert, Bette Granger, Rosemary Allister, Jane Stocking, Cloe Byrd, Joe Cook, Bob Lubeck and Harold Lee.

Excellence in leads, writing of news stories, sports stories, headlines, editorials, and makeup were complimented by the judges.

World Adventure Series Opened on October 9th

Life after death and authenticated cases of the dead communicating with the living will be discussed by Dr. Lois K. Anspacher, New York dramatist, author and philosopher in four starting lectures on "Psychic Phenomena" as part of the World Adventure Series of popular public lectures at the Detroit Institute of Arts. The World Adventure Series will open its Fall program at 3:30 Sunday, October 9, when Captain Irving Johnson will show his new motion pictures in color and speak on "Around the World Again in the Schooner Yankee." Free illustrated folders describing these low-admission lectures are now being distributed at the Institute.

Dr. Anspacher first studied Phycic Phenomena under Dr. William James of Harvard and Professor James Harvey Hyslop of Columbia University. His careful studies of the subject, during which he rejected all "proofs" which failed to stand the rigorous tests of the scientist, convinced him that in many cases the dead have appeared or have sent messages to the living. In each lecture he will discuss a specific ghostly visitation and give his proofs of its actuality.

Dr. Anspacher is one of the permanent lecture staffs of the New York League For Political Education and the Brooklyn Institute of Arts and Sciences. In his Detroit lectures he will discuss such subjects as phantasms of the living and the dead, hypnotism, double and triple personalities in the same body, ghostly visitations, clairvoyance, visions, clairaudience, what we do in dreams, infant prodigies. For a free folder describing these lectures call the World Adventure Series, Temple 2-7676 any afternoon but Monday.

Safety Program Over WJR Every Sunday

In furtherance of his safety education campaign Leon D. Case, Secretary

of State, is sponsoring a new radio program, "It happened so quick," consists of 13 dramatic sketches portraying episodes which reveal the major causes of automobile accidents.

"I wish it were within my power to compel every motorist to listen to these programs!" said Secretary Case, "because I know that they will result in every listener increasing his or her vigilance when behind the wheel of a car."

In Maryland recently this series of sketches were tested in connection with a safety campaign and a decrease of 32 per cent in fatal accidents was shown in comparison to the same period in 1937.

Navy Men Are Men of Character

There is no place in the Navy for the weakling, or the moron, or the coward, this is a man's world and a sterling character is necessary in the naval man of today.

Before a man is enlisted his character is ascertained by an investigation and his record is thoroughly searched, he is also required to pass a rigid physical and mental examination.

Men who can pass such an examination are offered an opportunity to serve their country in an honorable profession with lasting benefits to themselves.

Opportunity is available to learn and master almost any trade. The Navy in itself is an educational institution. Promotion, pay, and retirement with pay are the deaward of service.

The United States Navy is a pioneer in the development of ship propulsion methods. Naval ships were the first to be equipped with diesel drive. United States vessels were also first to be equipped with electric lights.

News from Tuberculosis Association of Michigan

Ninety and three-tenths per cent of all the active tuberculosis cases hospitalized by three Michigan counties over a period from July 1, 1932, to March 31, 1938, were in either a moderately or far advanced stage upon admission to the sanatorium.

The average cost of sanatorium treatment for far advanced cases was \$1,512.95 represents the average expenditure.

Minimal cases average only \$856.09. Into this later category fell less than 10 per cent of the 124 active cases hospitalized by the three test counties.

These were significant facts revealed this week as the Michigan Tuberculosis Association published a first report on an extensive study of sanatorium costs. Purpose of the study: to prove beyond a doubt that the too-great expense of tuberculosis, the needless sacrifice of human lives, can be remedied through modern case-finding.

Consideration of the availability of records in the office of the State Auditor General was preliminary step in setting the period to be studied. Vouchers for the period prior to July

1, 1932, were inaccessible because of storage problems, the Association found. It was decided, then, to extend the survey from July 1, 1932, through March 31, 1938—five years and nine months.

First the Association secured the names of all persons hospitalized at the expense of three test counties—Tuscola, Grand Traverse, and Leelanau, picked at random for the survey—over the five and three-quarters year period. The cases totaled 141.

Notations was made of the cost of each patient's treatment — county's share and state's share. Sanatorium to which the three counties had sent patient.

Plan Entertainment for World Youth Congress

At a meeting of the Detroit Committee to Greet the World Youth Congress Delegates, some of the entertainments planned were: teas, dinners, open-house visits to the Y's, community centers and settlement houses, talks to student assemblies and girl scouts, and gatherings for social workers. The young Chinese and Spanish delegates who attended the 2nd World Youth Congress at Vassar College in August are promised a rousing welcome when they visit Detroit and Michigan district on their nation-wide tour.

Mrs. Alvord, of the International YWCA, is presiding chairman of the meeting, while Mrs. Elsie Campbell was elected to share the duties of chairman with Mrs. Alvord in formulating the plans agreed upon by the group. Mrs. Reva Bernstein was elected secretary. The publicity committee chosen consisted of Mrs. Campbell, Miss Meagher, Miss Florence Cassidy, Mrs. Bernstein, Mr. Sol Green and Mr. Henry Schuman.

The committee is not a duly delegated body authorized from their various organizations. The members are serving as individuals, purely on the basis of their interest in national and international youth problems and youths' attempts to bring world peace. Among those on the Detroit Committee to greet the World Youth Congress Delegates are: Mrs. Alvord, International Center Branch YWCA; Mrs. Reva Bernstein, Wayne University Chapter American Student Union; Mrs. Orville J. Bond, League of Nations Association; Mrs. Florence Booth, School of Social Work, Wayne University; Mr. Dodds, Western Branch YMCA; Mrs. Elsie Hatt Campbell, Council for Youth Service; Miss Florence Cassidy Council of Social Agencies and American Association of University Women; Mr. Gloster Current, NAACP; Mrs. Flower, Lucy Thurman Branch YWCA; Mr. Hartley Flower, Northeastern Branch YMCA; Mr. Leo Gallin of Social Agencies; Mr. Robert Goudie, Model Youth Council and Brightmoor Epworth League; Mr. Sol Green, Medical Bureau and Committee to Aid Spanish Democracy; Mr. Ray Haskell, Committee to Aid the Chinese People; Mrs. Edna Holmes, Neighborhood House Settlement; Mrs. Florence Howard, Children's Aid Society; Miss Ellen Jones International Workers' Order; Mr. Kinsey, National Youth Administration, Rev. John E. Marvin, Editor Michigan Christian Advocate; Miss Meagher, Girl Scout Association; Mr. Joe Pagano UAWA Youth Conference; Mr. Henry Schuman, committee to Aid the Chinese People; Miss Elizabeth Scott, Lucy Thurman Branch YWCA; Mr. F. B. Smith, Brightmoor Community Center; Mrs. Volmaere, International Center Branch YWCA; Mr. Wilbur Woodson, St. Antoine YMCA.

Mr. Harry Pierce, field representative for the American Chinese tour, which is sponsored by the China Aid Committee of the American Youth Congress, gave biographical sketches of Miss Hui-Ming Yang, Mr. Lo-shan Peng, and Miss Mollie Yard, the American girl accompanying the tour. (Biographical sketches of all three are attached hereto.) The delegates and Miss Yard will attend the city-wide conference sponsored by the Detroit Committee to Aid the Chinese People on Saturday afternoon, September 24 at the downtown YMCA. In the evening a mass meeting in their honor will be held at the Central Methodist Church. Miss Haru Matsui, member of the Japanese Peace Society and Contributing Editor of "China Today", will be one of the prominent speakers at the church meeting in the evening.

Mr. Joseph Shabin, delegate from Yugoslavia to the World Youth Congress, spoke to the committee. Mr. Shabin stated that the desires of the Yugoslav people are for peace, democracy, friendship and brotherhood, with each other and with the peoples of the world; that the dictator government is reeling against the majority of the people. There were twelve in the Yugoslav delegation to the World Youth Congress, all of whom managed to come to America, not with the goodwill of their government, but by various tricks. These people all fight against force and dictatorship. In closing, Mr. Shabin stated that he is proud to say 1300 of his compatriots are fighting for the legal Loyalist government of Spain and that the struggle of the Spanish nation against fascist aggression and for their own democratically ruled government is as well the struggle for the liberty of the Yugoslavs.

Mr. Sol Green of the Committee to Aid Spanish Democracy, then told about Mr. Manuel Azcarate, the Spanish delegate who will visit Detroit and Michigan district from October 3 to 6. Miss Constance Kyle, American social worker just returned from Spain, will accompany Mr. Azcarate on the tour. (Biographical sketches of both attached.) Thursday, October 6, the Spanish delegate and Miss Kyle will speak at the Detroit Institute of Arts. The moving picture from Spain "Return to Life" will be shown for the first time in Detroit on this evening.

County Building Commentations
By GEO. W. CRELLIN
The heavy Republican vote in the primary election has given Wayne County incumbents much cause for concern.

It has strengthened their belief that the November contest will be a tough fight all the way and several officials, while recognizing strong vote attractors, admit that they will have to redouble their campaign efforts to prevent a defeat in November.

Two of the strongest are County Treasurer Jack Sumeracki and Register of Deeds Harold E. Stoll, but despite their great popularity, both must work hard for the necessary number of votes to assure victory.

Harold has the toughest job due to his opponent's name being similar. Prognostications of experienced observers of past elections believe Harold will cause more tickets to be split in his behalf than any other candidate outside of the governor.

Incidentally, Governor Frank Murphy confidently expects to carry Wayne County by almost 150,000 votes. These may be needed to off set the outside vote.

Little can be predicted from the primary vote. A large Republican vote was undoubtedly due to the hot contest for the nomination between Fitzgerald and Toy while Murphy, unopposed, piled up quite a vote with it being uncertain as to whether all voters marked him as their choice, possibly thinking it unnecessary with no opponent on the ballot.

The Governor is one of the most astute politicians in the country and possesses an excellent radio voice. We like the Governor's chances in the Nov. election. His opponent is a capable man and will undoubtedly be stronger this election than the last but... well, anyway, we're out on the limb with all those persistent fellows who always try to pick the pigskin victors in the fall football battles.

The members of the State Legislature in and about the County Building are enjoying the predicament of Rev. J. W. Hailwood, State Representative from Grand Rapids.

While at Lansing, Rev. Hailwood was known as a bitter opponent of gambling of any nature and efforts of the boys to inveigle him into a little session of poker after a hard day's work legislating met with no success.

His attempts to gain the Democratic nomination for Congress netted him little with his opponent and he now finds he must flip a coin to win a bigger stake than the total of a whole terms poker pickings for the rest of the boys. This probably will be the first, last and only gamble the Reverend will ever take.

Providing the Democratic Detroit Delegation to the State Legislature is reelected, they already have three probable candidates for Speaker of the House to replace George Schroeder, defeated candidate for Lieutenant Governor—Jos. C. Murphy, John Hamilton and Chester B. Fitzgerald are the probable candidates. There will be a strong outside candidate, Joseph Mullen who appears stronger than any other likely to pop up. The Wayne Vote will probably be split enough to have an outstate man elected. This is all in the event that a Democratic majority is elected to the House... We doubt that this will happen. It should make for a good balance of power with a Democratic Governor and Republican Legislature... We expect the Wayne County Delegation will be returned but don't care so much for the chances of outstate Democratic Legislators.

This coming week and the following will find a lot of Jewish employees in and about the County Building missing. Sunday evening at sundown begins the year 5699 in the Jewish Calendar. This is Rosh Hashanah or the Jewish New Year and it will continue until sundown Tuesday evening. A week later, Wednesday, October 5th, will be the feast of Yom Kippur, a day of fasting and atonement.

The Board of Supervisors are to hold their fall meeting and the Budget for the coming year holds the center of attention. This is always a time of suspense for department heads who are fearful of slashes in operating expenses.

Harry Mead was again nominated Chairman of the Wayne County Democratic Committee at a meeting held Tuesday night in the County Building. Joe Murphy, State Rep., was reelected Secretary and Tony Rathnaw, Treasurer for the past two years was renominated again this year.

GIRL SCOUTS

TROOP 180
The first meeting of Girl Scout Troop 180 was held last Monday, October 3, at 4 p. m. At the meeting troop scribe and treasurer were elected. The treasurer is Margery Botts and scribe is Marlan Sayward.

Several new girls who have been on the waiting list were taken into the troop.

The next meeting will be on Monday, October 10. —M. S.

TROOP 138

Troop 138 has started the new year with the proverbial "bang." We have become strictly an older girls' troop with the intention of conducting our meetings under the new provisions made for older girls.

Dee Meyenberg, our leader of last year, will remain with us through the coming seasons. She called our first

meeting to order Wednesday night, September 28th, at the Grosse Pointe Memorial Church. This year, Troop 138 will be organized and managed much in the same manner as a girls' club. Elections of officers were held at our first meeting. Betty Alexander is president, Barbara Fitch is vice president, Vivienne Book is secretary, and Jean Hansen is treasurer.

TROOP 180

Last Sunday, Miss Meyenberg and the troop officers held a breakfast-business meeting on Belle Isle. They planned activities for the coming year, which we are assured will be a happy one for Troop 138. —B. F.

The next meeting of Girl Scout Troop 180 will be Monday, October 17. —M. S.

Where Price Tells and Quality Sells

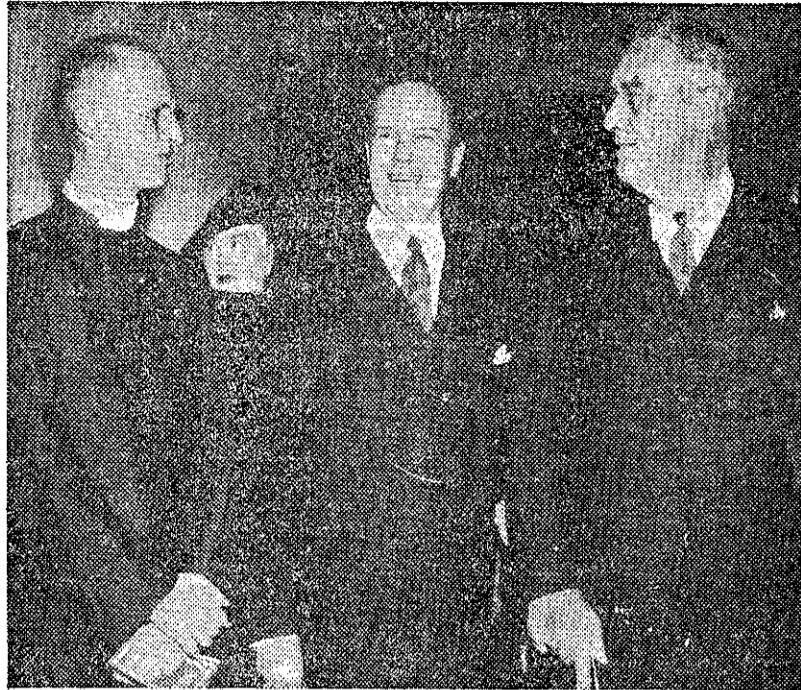

Happenings of the Nations Told in Pictures

SEEKS NAVY FUND

Adm. William D. Leahy, chief of naval operations, leaves the White House after conferring with President Roosevelt on next year's naval building program. Admiral Leahy said it would probably be necessary to increase the budget over its present level by \$200,000,000 because building costs would increase as work advanced on ships now under construction.

President Hears Sermon on Peace

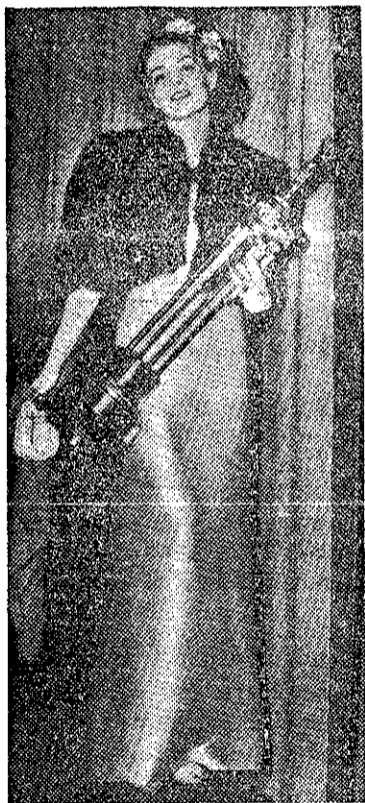

President Roosevelt, who after the passing of the European crisis appealed to Americans to join him in praying for continued peace, is shown leaving St. James Episcopal church at Hyde Park with Reverend Frank R. Wilson, left, and Sen. Robert J. Bulkley of Ohio.

COAST CANDIDATE

Culbert L. Olson, who won the Democratic nomination for governor of California, photographed at his home in Los Angeles during his campaign leading up to the November 8 election.

'MISS AMERICA'

The title of Miss America 1938 was awarded to blonde Marilyn Meseke of Marion, Ohio, at the national beauty pageant in Atlantic City. Miss Meseke, previously adjudged the "most perfect model," won the top title over a field of more than 80 American beauties.

Usher and Dancer Inherit a Fortune

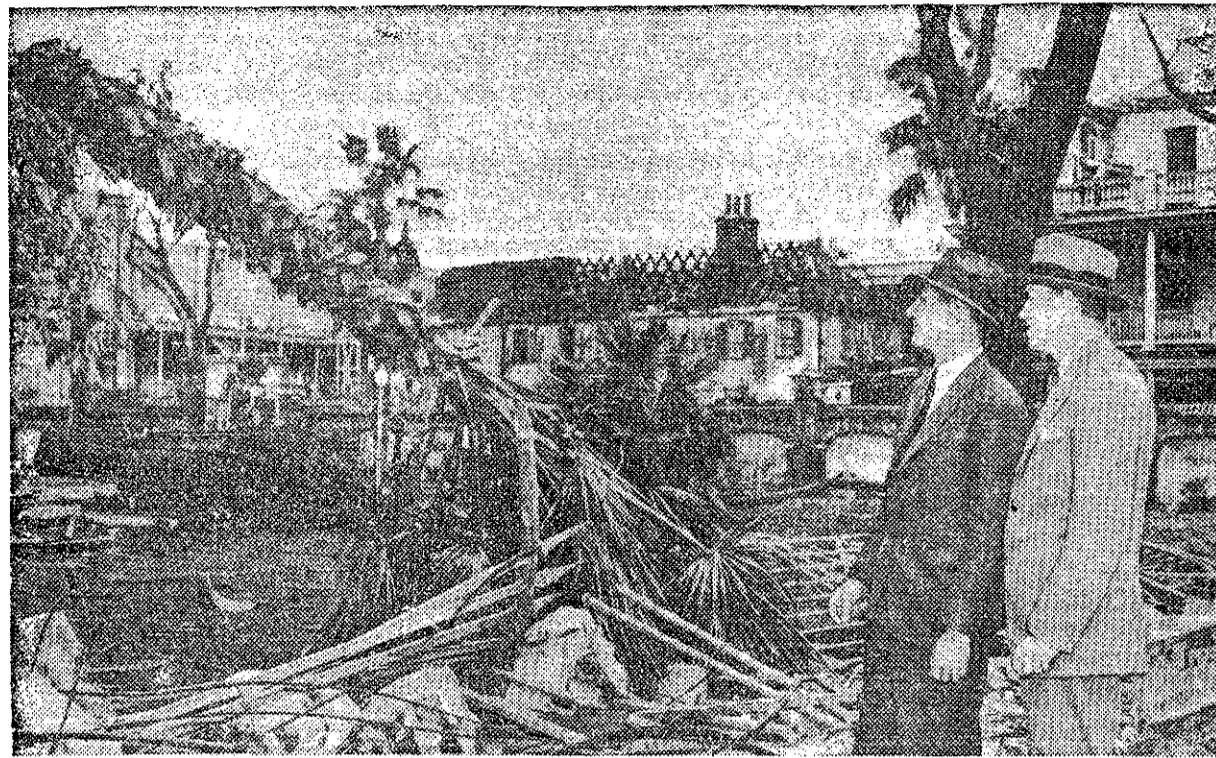

William J. Reilly, former usher in a New York movie palace, and Mrs. Rosalie Spatcher Knishern, ballet dancer, were named principal beneficiaries in the will of Mrs. Edna Morss Allin Elliott, who died recently. In making the bequests Mrs. Elliott said the pair "contributed a great deal to my happiness by their kindly and courteous acts. Neither ever expected anything from me for their many courtesies." There were unconfirmed reports that the estate might reach \$1,600,000.

Even Best of Friends Must Part

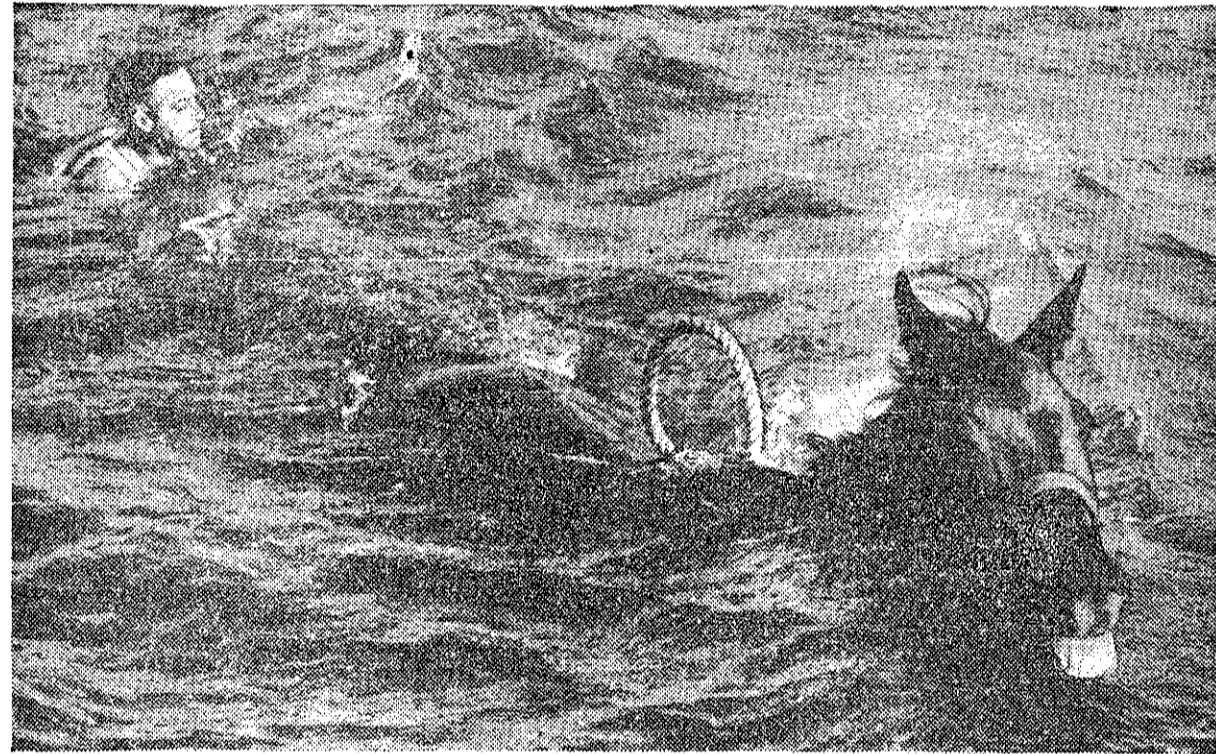

Pamella Holmes, seven, of Bellport, Long Island, N. Y., weeps because "Barry," her St. Bernard, has been ordered exiled. A justice of the peace demanded that the dog either be killed or removed from the town after it had been accused of keeping three small children in a boat for several hours. "Barry," however, has never bitten anyone.

Plan WPA Aid to Rebuild Charleston

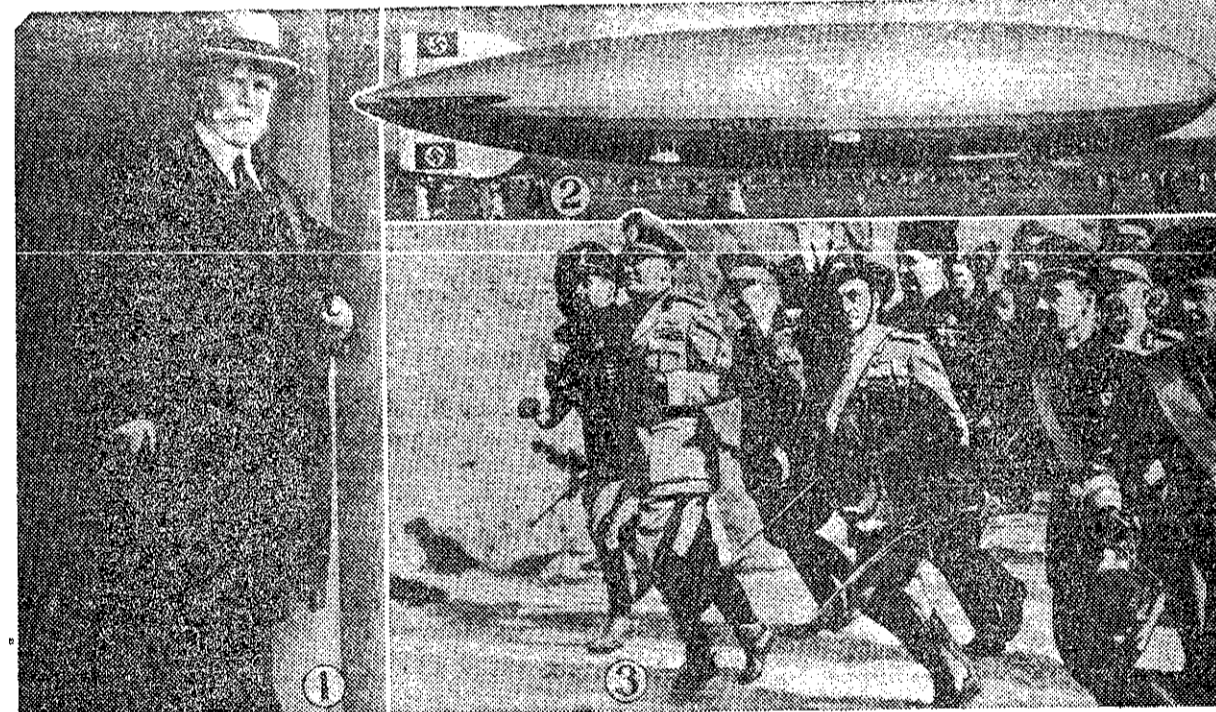

Harry Hopkins, WPA administrator, and Mayor Burnet R. Maybank are shown viewing the damage done to Charleston by the two tornadoes that struck the historic South Carolina city. The federal government will help to restore damaged public buildings. Total damage from the storms was estimated at more than \$1,000,000.

Man and Horse Win Golden Gate Swim Wager

Blackie, equine swimming star, in company with his owner and trainer, Rithie Roberts, swam the treacherous waters of the Golden Gate to break existing records and win a bet with William Kyne, sportsman. The 12-year-old gelding's prize for negotiating the mile-wide entrance to San Francisco bay was a ton of hay. Photograph shows Blackie and his owner.

When Georgia U. Honored the President

President Roosevelt dons the cap and gown with help from Dr. W. O. Hooper of the University of Georgia. The President received an LL. D. degree from the university and then addressed students in the Sanford stadium, restating the objectives of the administration, particularly as they apply to the South. From Athens he went by special train to Barnesville to participate in a celebration commemorating a rural electrification project. It was at this meeting that he urged the defeat of Sen. Walter F. George and the nomination of Lawrence Camp, who is opposing George.

Bowling a la Panda Is Easy and Lots of Fun

Mel-Mel's tenpin style is a little unorthodox, but quite effective. At Chicago's Brookfield zoo she opened the new bowling season with a neat toppling of four pins. Her follow-up—that determined stroll through the maples—will get the rest of the pins, however.

Western Reserve
The Western Reserve or New Connecticut was called the Firelands, and sometimes the Sufferers' Land, because this region was set aside for Connecticut citizens whose property had been destroyed by fire started by the British in the Revolutionary war.

Summer Heat Dries Nails

Every Fall the effects of the hot summer show up in brittle, splitting and dry finger tips. If this was all it would not be so bad. But "dry" nails start a whole series of ugliness and discomfort. Dry nails are splitting nails and no matter how nicely the tips look when either you or a manicurist gets done with a common manicure—they soon split into unsightly layers and break in odd shapes.

Why? Pretty largely because most of us don't eat as much fatty-foods as we did once. What little fat we do eat is taken by the body for energy leaving less and less for the outer skin. Since the nail is a part of this outside "dead-end" of the body the nails simply must go without.

"When nature doesn't—science must" is civilization's answer to all human problems. And to this vexing one the discriminating woman will depend on good reconditioning oil manicures which will temporarily restore elasticity to the skin on the hands and flexibility to the nails.

Beautiful hands need just a little coaxing and attention and then they will lend grace and charm to their mistress.

Silver Jubilee of The Detroit Symphony Orchestra

In keeping with the elaborate plans to make the silver jubilee season of the Detroit Symphony Orchestra one of the most brilliant in the entire 25 year's history of the organization, Murray G. Paterson, orchestra manager, has announced that the size of the symphony for the 1938-1939 season will be increased to 28 members.

"According for replacements as well as the increase there will be 10 new faces in the orchestra next season," Paterson said. "Of the 10, eight will be members of the Detroit Symphony for the first time."

When the twenty-fifth anniversary season officially is opened Thursday night, Nov. 3, in Orchestra Hall, with Franco Ghione as conductor, the following, the manager said, will be new to the orchestra: Lare Wardrop, of Detroit, English horn; Emily Mutter Adams, of Ypsilanti, first violin; Louis Kottler, of Chicago, and Santo Urso, of Detroit, second violins; and Andrew Luck, of Philadelphia, second bassoon. Hubert Endres, leader of the second violin section, and Gerhard Warmis, first trombone, will return to the symphony from posts recently occupied independent of the orchestra. Three members, to complete the membership of 82, two double bass players and a harp player, have yet to be chosen.

Among the popular key men of the orchestra who will return to their chairs will be Ilya Schkolnik, concertmaster; Georges Milquell, first cellist; Dirk Van Emmerik, first oboe; Leonard B. Smith, first trumpet; Theodore A. Seder, first French horn and Carmine Coppola, first flute.

Although the anniversary year officially will be opened November 3, the orchestra will play the first two concerts of the season Tuesday and Wednesday afternoons, October 25 and 26, in Orchestra Hall, under the direction of Victor Kolar. These will be the first pair of programs in the orchestra's series of Free Concerts for school children. Five such pairs of concerts are played each season, as well as the

group of five programs in the Young People's Series on Saturday mornings. Mrs. Edith Rhetts Tilton, educational director of the symphony, and Kolar already have prepared all 15 programs, according to Paterson.

The recently announced campaign to raise \$40,000 to complete the orchestra's silver jubilee budget of \$282,000 is showing progress, Paterson reported. "We are confident the entire \$40,000 will be subscribed to before the first rehearsal Monday morning, October 24," he said.

U. of D. Football Team to Dress Up

by E. A. BATCHELOR

Fine feather may not make fine birds, but at least they help to make the birds believe in themselves. Following out this thought, Coach Charles E. "Gus" Dorais of the University of Detroit football team is going to dress up his 1938 Titans as few clevers ever were dressed before.

"Red Raiders," "Crimson Tides" and all the other variants of that primary color will have to look to their laurels when the Titans take the field, for they are going to be just about the reddest things on two feet. Whether the fans will call them the "Cardinal Cataclysm", the "Vermillion Vengeance", the "Scarlet Sirocco" or the "Crimson Catastrophe" remains to be seen.

The piece de resistance of the costume—you couldn't belittle it by calling it a mere uniform—is a pair of Cardinal pants with narrow white stripes down the side. The pants are of knitted material, which, in Dorais' opinion, works out better for general football purposes than anything else he has tried. For the earlier games when the weather is warm, the jerseys will be of white rayon, with cardinal collar and longitudinal sleeve stripes to match the pants. Cardinal letters fore and aft will give another touch of color. Later in the season a wool jersey of flaming cardinal with gold pants will be worn. Helmets will be of white, striped in red to comply with the rules requiring a distinctive marking on the headgear. Stockings will be white with narrow red stripes. So far it hasn't been found feasible to supply the athletes with red shoes, so their footwear will give the only somber note in the ensemble.

"Duke" Kiefer, equipment manager at the U. of D., says the uniforms are so red he has to store them in a fire-proof locker to avert the danger of spontaneous combustion. All this dressing up serves two purposes. In the first place, it makes players easy to identify by their teammates. With all this color, a Titan back who is looking for a pass receiver should have no trouble finding his mark. In the second place, the crowd likes a colorful show. Even when the action lags, as it must in some football games at some time, the fans get a kick out of watching brilliantly clad athletes perform, while they might be bored stiff if the men were arrayed in drab suits. And "Gus" Dorais, unlike some other coaches, believes that when a college charges admission to football games, it is morally obligated to make the show as interesting as possible to those who pay their money.

World Adventures

Dr. Raymond L. Ditmars — famous explorer, New York Zoo curator, and author of "Strange Animals I Have Known" and other best sellers—will speak on "Wild Animals and Their show exclusive motion pictures and Ways" on the second of the World Adventure Series illustrated Sunday afternoon public lectures at 3:30, Oct. 16, at the Detroit Institute of Arts.

Just home from an expedition into Central American jungles, Dr. Ditmars brings new material about lions, tigers, elephants, leopards and other big animals of veldt and jungle. He will discuss such interesting small animals, too, as the koala, the African porcupine, and giant anteater. After his lecture the audience will be invited to meet him personally and ask him questions.

On the evening of October 30th, the Series presents the newspaper columnist and radio star, Boake Carter. On a brief vacation from the air, Carter is making a transcontinental series of personal appearances. He will discuss domestic and foreign politics in a talk on "Hot Spots in the Day's News."

Frank Wright Town Hall Speaker

Frank Lloyd Wright, recognized as the greatest architect of the 20th Century, will be the Town Hall speaker in the Fisher Theatre Wednesday morning, October 19, at 11 o'clock. A figure around whom controversy has raged ever since he first defied architectural traditions back in the 1890's, Mr. Wright promises once more to challenge the opposition in his talk on "The future of architecture."

Regarded as a master spirit by European architects many years before he was taken seriously in America, the noted architect's life has been crammed with struggles for artistic truth as he saw it. His Autobiography (1932) caused a sensation with its magnificent self-revelation and stimulating discussion of architecture. Wright first became known to the man on the street

when his Imperial Hotel in Tokyo, Japan, criticized when it was built because its radical design and new engineering principles, was the only building to ride out the disastrous 1923 earthquake.

For the past five years, Taliesin, Frank Lloyd Wright's home, farm and studio at Springs Green, Wis., has been a workshop for more than a score of apprentices who are interested in architecture as the master sees it. Last January the significance to modern architecture of Wright's new buildings was recognized in an issue of The Architectural Forum which broke all precedents by devoting its main body of 102 pages to his work and building philosophy.

Tickets for Wright's lecture, \$1.00 and \$1.65 including tax, are at Grinnell's box office, Randolph 1124.

Mr. and Mrs. Fred Susick, Sr., 1012 Lakepointe avenue, Grosse Pointe Park, were honored at a reception October 12, for their forty-fifth wedding anniversary, by their children, grandchildren and intimate friends. It is interesting to know that their 45 years of married life has been spent in Grosse Pointe Township.
