

# "LIONS GOODFELLOW" DEC. 20

## Grosse Exaggerations?

By A. PRYOR

And so, here we are again after a long and happy holiday. Suppose you all enjoyed it, the cozy fireside, the groaning board and all the trimmings. We wanted to really get into the spirit of the thing, so on Thanksgiving day, we gathered together a few relatives and had a picnic lunch in the dome on top of the Penobscot building. It was decidedly rustic, but no more so than Plymouth Rock must have been. Our congratulations to the winners of the Dazey contest! Their letters

will be published next week. Those who ran close seconds were, Mrs. John A. Trost, Mrs. Marie J. Boshart, Michael Sokol and Frederick C. Dalley. We are sorry you couldn't all win.

We threw caution to the winds last week and went below the City Limits. Reason: The Lunts in "Amphytrion 38". We enjoyed them immensely as usual, but couldn't help thinking of the remark we heard last year, when the show opened in New York. Some wag said that Alfred Lunt looked as if he had swallowed Shirley Temple. Having heard the remark, it gave us an eerie feeling to see curls that out-Templed Shirley's, dangling from his chin. After the theatre, our devil-may-care attitude gave us the impetus to go on to the Statler to hear Xavier Cugat's orchestra, which is all they say it is. We were amazed at the absence of Social and Cash Registerites, because the night was supposed to be veddy white-tie. We were also amazed at the number of uninhibited dancers among the guests. We expected to see some of them being asked to leave the dance floor, but apparently the Statler closes its weary eyes to jitter bugs making love on the 'swing'. The magician, one Russel Swan, adds much humor to his magic and his looks have been said to make many ladies sigh hopefully. In the cocktail lounge, there is a "beturbaned" gent who will read your horoscope for one dollar. He told us—well, never mind what he told us, but it was well worth a dollar.

The opening of the Junior League Little Shop, which took place way back a week-ago Tuesday, must have lived up to the expectations of all the Junior Leaguers. We fought our way through the crowd to get an eyeful and we think that Sandro Girard's decorations are SOMETHING! The predominating color is pink—the kind you'd like to eat with a spoon, because it's bound to taste as good as it looks. The atmosphere of the shop is as informal as a sneeze, which makes shopping a pleasure instead of the usual bore. You really ought to have a look, and don't say that your "next to Best's" friend hasn't told you!

We went to the attic the other day to get out our skis. Not that we ski, but we think it's chic to have our friends see them standing in the hall closet. While there, we fell over last year's Xmas tree ornaments and decided to look them over. The bustage, (if we may coin a word, or even if we may not), was terrific. Just thought (Continued on Page Two)

## 6th Annual Toy Club Roll Open

### "Not a Kid without a Toy for Christmas" Again Rallies Members

### All Grosse Pointers Urged to Join Up Now

"Not a Kid without a toy for Christmas" is the clarion call that again rallies all members of THE TOY CLUB to renew their memberships again this year and make certain that no request for toys for an underprivileged child will go unheeded.

1938 marks the sixth year of the existence of THE TOY CLUB and each year the scope of this little charitable club's work has been enlarged. Last year about 2000 children received toys and candy from the Club and this included children in five orphan homes and one home for crippled children. Since the beginning of its existence THE TOY CLUB has not turned down a single request to provide a toy for a poor child, regardless of where the child lived.

"FORGOTTEN"

Organized in 1933, THE TOY CLUB is a Grosse Pointe institution that is unique in several ways. First, it has no officers. Every member is a private in the ranks enlisted to bring joy to poor kiddies. Second, no individual name is ever mentioned in connection with the good work of the club. The work is a labor of love and no member desires any personal credit or publicity.

Headquarters of the club are at 15224 East Jefferson Avenue, Grosse Pointe Park, where memberships may be secured. New and used toys in good condition will be gladly accepted. Drop them in or call Lenox 4554 and toys will be picked up.

Annual membership dues in THE TOY CLUB are 50 cents per member. Family memberships will be welcomed. Your 50 cents will provide lots of joy for some-poor youngster, as all toys are purchased at very low prices and there is not one cent of overhead expense.

Memberships may also be secured by getting in touch with any of the following: City and Village officials and members of the police and fire departments of Grosse Pointe Park, City of Grosse Pointe, Grosse Pointe Farms, Grosse Pointe Shores and Lochmoor.

Enlist your entire family by taking our memberships for every one from Mother and Dad down to the baby. It will help make your own Christmas happier.

You may send in your contribution by mail, if you wish, using the coupon printed on this page.

The engagement of Irma C. Knorr, daughter of Mrs. George Knorr and the late Mr. Knorr of Lakepointe avenue, to Carl J. Fritz, son of Mr. and Mrs. William C. Fritz of Beaconsfield avenue, was announced Thanksgiving Day on the thirtieth wedding anniversary of Mr. Fritz's parents.

## Community Fund Workers Soliciting Grosse Pointe Area

Small places of business in Grosse Pointe and vicinity will be solicited by more than a hundred volunteer women workers during the Annual Community Fund campaign, November 28 to December 14.

Heading the workers will be Mrs. George A. Schemm. Her assistants will include Miss Hamilton Herbert, Mrs. J. Crawford Frost, Mrs. Thomas D. Hann, Jr., Miss Edith Jane Scotten, Mrs. Robert Siewert, Mrs. Henry T. Gage, Mrs. Joseph Sherer, Jr., Mrs. Henry S. Sanger, Mrs. Ezra Lockwood, and Mrs. Dexter Ferry, III. Each assistant will direct a group of ten women volunteers.

They are workers in Unit D, formerly known as the general solicitation division of the Community Fund campaign.

This year more than 5,000 volunteer workers are seeking \$2,640,000 in a city-wide campaign to continue the support of 80 social-work agencies. This represents a 10 per cent increase over last year. Community Fund agencies are operating on budgets which are 68 per cent of the 1931 level when \$3,660,000 was raised.

## City Checks on Weights and Measures

One of the most important, though seldom publicized activities of the City Police Department is that of the Division of Weights and Measures, or the City Sealers department which was established in January, 1937, taking over work which was formerly done at infrequent intervals by other agencies. The local department is in charge of Sergeant Fred Schanbeck, who, together with Patrolman John Rabaut are charged with the responsibility of making certain that shoppers and motorists trading in the City of Grosse Pointe have no cause for complaint or incorrect measure.

The department is provided with a complete outfit of scale weights, liquid and bulk measures and other necessary equipment to test, check and insure the accuracy of all measuring, weighing or graduating devices used in the City. All equipment is United States Bureau of Standards tested and approved and certified to be correct within the very narrow limits of tolerance allowed by the Federal and State governments. Periodical tests and checks are made of all scales, pumps, measures, containers and like devices used by the business houses in the city including groceries, meat markets, gasoline service stations and other merchants and an extremely high standard of accuracy is assured.

The scope of the work covered is very large considering the size of the city. On the first inspection trip made more than two years ago, seventy sealed packages were checked for contents and measurement. On one occasion 40 were found to be defective because of shrinkage. Sixty computing scales were tested for accuracy and 12 were ordered adjusted. Thirty-three gasoline pumps were checked and five ordered adjusted; it being noteworthy that instances were noted in which pumps were giving excess measure.

On the most recent inspection trip covering local business houses only two scales and two gasoline pumps were ordered adjusted although these appliances all were within the allowable degree of tolerance. The results of the work of the department can be shown by comparison with the adjustments ordered after the first check-up noted above.

Chief Trombley stated that the local merchants welcome the inspection of their equipment inasmuch as they are thus assured that such checking insures the indisputable accuracy of all weighing and measuring devices in their establishments. The police have enjoyed very fine and hearty co-operation at all times on the part of the City business establishments and this spirit is reflected constantly in the manner in which they respond to suggestions made by the City Sealer.

## Leach Drug Offers Free Booklet on Vitamins

The Leach Drug Co. at the corner of Charlevoix and Lakepointe, is offering free to its customers a booklet entitled, "What Are Vitamins." This booklet more than explains vitamins. It is a great assistance to vitamin purchasers, a concise booklet explaining not only what vitamins are, but to whom they are particularly valuable.

The Leach Drug Co. is placing an unusually low price on vitamin products. Refer to their advertisement on page two.

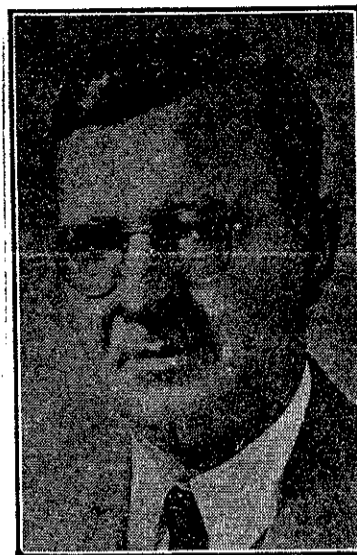

Be sure to see the Christmas Cards at the Review office, 15121 Kercheval.

## Fifty Evergreen Trees to Be Planted at Grosse Pointe High School

Fifty young evergreen trees, whose growth will be supervised by the Conservation Club of Grosse Pointe High School, and which will be eventually used to beautify the school grounds, have recently arrived as the first consignment of a gift of 200 trees, presented by Dr. Knochezal, of the Houghton College of Mines, to the Conservation Club.

During a visit to the school last spring, Dr. Knochezal observed the four small evergreens that the Conservation Club was raising, and offered the additional trees. The trees are a variety of native Michigan evergreens including: White pines, spruce, cedar and balsam fir. They vary in age, from two to four years old, and in height, from four to eighteen inches high.

A committee of Conservation Club members, headed by Pierce Chambers, 11B, has been chosen to care for the trees. The boys have planted them in a little garden outside of the biology room.

The next consignment of trees is expected soon. It will consist of jack-pine, hemlock, and some exotic imported trees, Norwegian spruce and Douglas.

The Conservation Club was highly pleased to receive the trees, said Mrs. Myrtle Wagner, club sponsor. "I think this is another worthwhile project of the Conservation Club, and it will be more valuable in future years for we intend to plant the trees in different parts of the school premises as soon as they are large enough to transplant."

## 'Buss' Beaupre Joins Staff of Steiner Co.

His many Grosse Pointe friends will be pleased to learn that "Buss" Beaupre, of Kerby road, Grosse Pointe Farms, has rejoined the staff of Alfred F. Steiner Co., authorized Ford sales and service at 16901 Mack avenue at Grayton.

"Buss" is a member of the Grosse Pointe Lions Club and several other organizations and is very popular among his associates. When thinking of buying a car be sure to see "Buss" first for the best value.

Mrs. James S. Holden is back in her home on Washington road after her trip in New York.

## GROSSE POINTE LIONS CLUB TO STAGE 'OLD NEWSBOY' DAY IN COMMUNITY, TUESDAY, DEC. 20

### Proceeds to Relieve Poor

#### Nels Korte, Committee Chairman, Urges Residents To Assist Cause of Grosse Pointe Goodfellows

Each year since its organization in 1929, at approximately this time of the year, the Grosse Pointe Lions Club has, through its members and the co-operation of the Police and Fire department personnel of the several Grosse Pointe communities, staged a street sale of the GROSSE POINTE REVIEW. It is doing this again Tuesday, December 20.

In the past you have been solicited to contribute, and you have responded nobly each year, and, this year above all, when the purposes which these contributions serve, will be in greater number than ever before, the Grosse Pointe Lions Club asks you to be more liberal than ever in your contribution.

We ask you to bear in mind that every penny contributed by you to this Goodfellow Fund is used for charitable purposes, for the quick relief of distress, and that nothing is used for overhead or expenses incidental to distribution, investigation, etc. All these items are absorbed by the individual members of the Grosse Pointe Lions Club by contributions of their time and effort.

The Neighborhood Club as a center of distribution is supplemented by a member of the Club resident in the City of Grosse Pointe, and the Villages of Grosse Pointe Park, Grosse Pointe Farms, Grosse Pointe Shores, and Lochmoor, who will see that any case of emergency is afforded immediate relief.

## BE A GOODFELLOW

The Goodfellow Fund is used primarily for the immediate relief of distress; or until the case can be referred to the regular channels of charitable work.

Donation to the "Goodfellow Fund" may be made in advance of the Lions Club drive to be held in Grosse Pointe Tuesday, Dec. 20. Residents who care to advance their donation by mail or in person may do so by directing same to Nels Korte, at the Grosse Pointe Park Municipal building. Are you able to mail yours, now?

In a last minute appeal for funds, Nels Korte, chairman of the Goodfellow Committee, urged Grosse Pointe residents to support the movement to buy papers liberally and to pay as much for them as possible.

"Residents of Grosse Pointe sometimes overlook the fact that there are needy people in this community," he said. "Ostensibly, Grosse Pointe is a wealthy community. At least, it has got that name and many persons do not realize that there are needy families in this district."

## Southeastern Woman's Club to Hold Luncheon December 5th

Southeastern Woman's Club will hold its annual Christmas Welfare luncheon Monday, December 5, at 12 o'clock in St. Mark's Methodist Church.

## The Fred Schanbeck Celebrate Silver Wedding Anniversary

On Sunday, November 27th, Mr. and Mrs. Fred Schanbeck, of 516 Notre Dame avenue, City of Grosse Pointe, celebrated their 25th wedding anniversary. Open house was held and a good many of their friends stopped in and wished them many happy returns of the day.

Joe Beers, formerly U. of D. football star, better known as "Doc," and his mother went on a vacation about two weeks ago, but according to reports from his mother, Joe's temper got the best of her after a few days and she had to return home.

## Air-Raid Shelters Will Protect London

Workmen have completed one of the trenches dug on the grounds of the Imperial War museum in London during the war scare that preceded the Munich pact. Authorities will maintain the trenches as a permanent air-raid shelter in the event of future war. Safety measures of all kind have been widely inaugurated throughout all of England as well as London.

## Dirt Doesn't Bother 'Miss Cinders'

Playing with the fireplace coal provides plenty of fun for this young lady, and a very effective "black-out" too, but the fun will stop when Mother appears on the scene and the cleaning up process gets under way.

**Christmas Bazaar of Aural Guild Scheduled for Saturday, Dec. 3rd**

**Grosse Exaggerations**

(Continued from Page One)

We'd mention it, because it could happen to you and you and you, and there's no time like the present for doing something about it.

Philip Wright, who lives on Muskoka Road, makes the best looking portable bars we've ever seen. A swank shop in New York sells them for about fifty dollars, and you can buy one from Mr. Wright for less than half that amount. They'd make grand Xmas presents—in fact we'd like ANOTHER one!

Just heard about the Tom Paddock's new house on Touraine Road, and our informant tells us it is most attractive. Among other new ideas, they have silent electric switches, an all pine games room that opens on a rock garden, and a "chime" doorbell. The possibilities of the latter, a (peal) to our imagination. For instance it would be too jolly to have a change of chime recording, so that "Marching Through Georgia" might announce the arrival of the postman, while "Rachmaninoff's Prelude in F minor" may mean a friend, a billcollector or who knows what? Your cook, (if you have a cook), would probably demand "Annie Laurie" for the back door or possibly "Loch Lomond" in swing time. Exciting idea—what?

One morning last week, about nine A. M., we were taking our daily canter along Jefferson, when we spied a long blonde woman alighting from a taxi in front of Al Green's. She looked familiar, so we slowed down to a trot and saw her enter the Green Emporium, while the cab waited. Overcome with curiosity, we decided to have a look. Any woman going into Greens at the undignified hour of nine A. M. is a decided novelty. Sooo we dashed in on the pretext of looking for the Kohinoor diamond, which we mislaid the night before. We found (behind the bar), Mr. Green, un-ollared, untied and un-interested. His hair was groomed like an empty lot and his stare, (at the blonde), was as coldly critical as a baby's. She ordered a couple of old-fashioned and downed them with the gusto of a Kipling heroine, (which sounds like kippered herring). Apparently she was trying to drown a sorrow that had learned to swim, so she finally gave up, drew on her white kid gloves and weaved out. We asked her name, but Al, who is as close as two coats of paint, gave us the gimlet eye and silently went on with his work. In the meantime, we found out who she was. (Me-know, but me no tell!)

The birds are beginning to fly South and the brides are beginning to fly home. Bill Hutton and his bride, the former Joan Chapin, flew home this week. They both have enviable Honolulu tans. The William Joys arrived home last week. Mrs. Joy, who was Patricia Schlotman, had the unpleasant experience of having all of her 'jools' stolen out of the hotel room at Palm Springs.

Have you heard Ring Lardner's description of a bore? He says, "A bore rarely comes to a comma and NEVER to a period!"

So long folks! . . . . .

**Thanksgiving Service at Christian Science Church**

A Thanksgiving Day service was held by Sixth Church of Christ, Scientist of Detroit, in Pillar Lodge Auditorium, Kercheval and Philip, at eleven o'clock on the morning of Thanksgiving Day.

The service opened with the congregation singing the hymn, "In mercy, in goodness, how great is our King" No. 150 in the Christian Science Hymnal.

The Thanksgiving Proclamation by the President of the United States was then read by Mr. George W. Windisch, the First Reader.

The Scriptural selections were Psalm 95:1 through 7; Psalm 96 verse 2 through 8, and Psalm 100 verses 3 and 4 and were read by the First Reader. After the Scriptural selections the congregation united in silent prayer which was followed by the audible repetition of the Lord's Prayer with its spiritual interpretation from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

Hymn No. 298, "Saw Ye My Savior" was then sung by the congregation.

The Lesson-Sermon for Thanksgiving day given in the Christian Science Quarterly and read in all Christian Science churches in the United States and many other parts of the world followed the second hymn. The subject of this Lesson-Sermon was "Thanksgiving" and had for the Golden Text: "Offer unto God thanksgiving; and pay thy vows unto the most High" (Psalms 50:14).

After the responsive reading of Bible passages, Mrs. Bertha L. Yokom, the Second Reader, read the citations chosen from the Bible, while Mr. Windisch, the First Reader, read the correlative passages from Science and Health.

Among the Scriptural verses was included: "Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive

it" (Mal. 3:10).

And among the citations from Science and Health was: "The rich in spirit help the poor in one grand brotherhood, all having the same Principle, or Father; and blessed is that man who seeth his brother's need and supplieth it, seeking his own in another's good (p. 518).

A solo "Song of Thanksgiving" by Vera Kitchener was sung by Mr. Charles Auld, the soloist, after the Lesson-sermon had been concluded.

Testimonies appropriate to the occasion were then given by Christian Scientists in the congregation. This period was completely filled by expressions of gratitude for healings and other help received during the past year.

The closing hymn was No. 374, "We thank Thee and we bless Thee, O Father of us all" and was followed by the Scientific Statement of Being from the Christian Science textbook, and the correlative passage from I John 3:1-3, read by the First Reader.

The meeting was concluded with the benediction: "I will praise the name of God with a song, and will magnify Him with Thanksgiving." Psalms 69:30.

**Jefferson Avenue M. E. Church Silver Jubilee**

Jefferson Avenue M. E. Church is celebrating a silver jubilee. A banquet will be given Friday, December 2, at 6:30 p. m. The Rev. Victor Darling, who went into the ministry from this church, will be toastmaster. Dr. Marshall Reed is to be the speaker of the evening.

On Sunday, December 4 there will be special anniversary services. Dr. Walter Fruit will deliver the sermon at the 10 o'clock worship service. At 11:15 the church school will convene. Former superintendents and leaders will be recognized and there will be an old time service.

At 6:30 vespers, Dr. Frank Fitch will speak. At 7:30 the Epworth League will take over the program. Former members and friends are invited to come back for this occasion.

Twenty-five years ago a few men of vision, among them Mr. J. L. Hudson, Dr. C. B. Allen, and Rev. L. F. Rayfield saw in the district far out East Jefferson a location for a new church. The section was sparsely settled then but the prospect of factories to be built made it look like a coming residence section. A church was organized and later the site at the corner of Jefferson and Marlborough was chosen for building. Time has proven that these men were right for the church had a steady growth and has served its community well.

Through the years the ministers who have served this church are: Rev. L. F. Rayfield, 1913; Rev. Lloyd M. Blakely, 1914; Dr. Harry Felton, 1915-1917; Dr. Frank Fitch, 1917-1920; Rev. D. C. Littlejohn, 1920-1923; Dr. Marshall R. Reed, 1923-1928; Dr. Dunning Idle, 1928-1930; Dr. Eugene Moore, 1930-1937; Dr. Charles Caldwell, 1937-1938; Dr. Harry T. Howard, 1938-.

A recent opportunity to refinance the church debt, which carried with it a

generous discount by the Federal Receiver, was welcomed by the congregation. The people responded loyally. Mrs. Walker T. Wright, of Canterbury and are meeting the obligation.

The church is a live, busy church with many young people. The church school is especially strong and its program of religious education progressive.

The committee in charge is Mr. Charles Clark, general chairman; Mr. Peter Johnson, tickets; Mrs. Fred Cobb and Mrs. Gustav Kuechenmeister, publicity; Mr. Austin Jury, reception; the Women's Guild, the banquet; Mr. Fred Bott, music, and Dr. Harry Howard, pastor, ex-officio chairman.

### Christian Science Churches

"God the Only Cause and Creator" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, December 4.  
 The Golden Text (Isaiah 43:15) is: "I am the Lord, your Holy One, the creator of Israel, your King."  
 Among the Bible citations is this passage (Psalm 145:9-11): "The Lord is good to all; and his tender mercies are over all his works. All thy works shall praise thee, O Lord; and thy saints shall bless thee. They shall speak of the glory of thy kingdom, and talk of thy power."  
 Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 331): "The Scriptures imply that God is All-in-all. From this it follows that nothing possesses reality nor existence except the divine Mind and His ideas... Everything in God's universe expresses Him."

### A BEAUTY CHAT WITH DONNA WILLIAMS

CONCENTRA, is as the name implies, a highly concentrated, dehydrated vegetable root and fruit compound. This is in capsule form and contains rhubarb, soybean meal, Irish sea moss, gravel root, and dehydrated cranberries.  
 There are sixteen major elements in the body which must be furnished to the body through foods. If there is an over-supply or a deficiency of these elements in the body, then that body is abnormal.  
 The rhubarb aids the elimination of poisons from the body. The rhubarb used in CONCENTRA is the very highest grade of the Chinese variety.  
 The soybean meal is the food substance containing a powerful ferment oil which is an excellent diabetetic food. The Irish sea moss furnishes iron and iodine. Most vegetables do not contain a sufficient amount of iron and iodine.  
 The gravel root is a cleaner for our kidneys, thereby eliminating poisons accumulated in the kidneys, just as the rhubarb does for the alimentary tract. The Dehydrated Cranberries is a table item whose value is familiar in every household.

As long as we have to eat why not eat the correct way? Whether the food is raw, cooked or concentrated, shouldn't make any difference, if we satisfy our body's need.  
 Mrs. Wesson Seyburn and daughter, Suzanne, spent the Thanksgiving holidays at Foxcroft. Before turning home they will visit in York at the home of the Edward M. Iivain, Jr.
