ADVERTISE IN THE REVIEW

NOTICE OF Special Election

City of Grosse Pointe

The qualified electors of the City of Grosse Pointe, Wayne County, Michigan, are hereby notified that, at a special election to be held in the City of Grosse Pointe on

Monday, April 3, 1939

there will be submitted to the electorate of the City of Grosse Pointe the following: THE CHARTER OF THE CITY OF GROSSE POINTE SHALL BE AMENDED SO THAT SECTIONS 1, 4, 5, 11, 14, 34, 35, 36, 41, 47 and 51 SHALL READ AS FOLLOWS:

Section 1. The following territory shall continue to be a body politic and corporate under the name "City of Grosse Pointe": Beginning at a point on the U. S. Harbor Line of Lake St. Clair distant 33.00 ft. Southwesterly and measured perpendicularly from the Easterly line of P. C. 300, thence Northwesterly on a line which is distant 33.00 ft. at right angles Southwesterly and parallel to the same Easterly line of P. C. 300, to the centerline of Jefferson Avenue 100 ft. wide; thence Northeastly along the said centerline of Jefferson Avenue 8.00 ft. more or less, to a point on the Westerly line of Fisher Rd. extended, said line being distant 25.00 ft. Southwesterly measured perpendicularly from the Easterly line of said P. C. 300; thence Northwesterly along the Westerly line of said Fisher Road which line is distant Southwesterly 25.00 ft. measured at right angles and parallel to the centerline of Fisher Road, said centerline being also the Easterly line of P. C. 300, to the centerline of Mack Avenue; thence Southwesterly along the centerline of Mack Avenue to the centerline of Cadieux Road; thence Southeastly along the centerline of said Cadieux Road and the extension thereof to the U. S. Harbor Line of Lake St. Clair; thence Northeastly along said U. S. Harbor Line of Lake St. Clair to the point of beginning.

Section 4. The city clerk and two members of the council appointed by the mayor and confirmed by the council shall be the election commission which shall have charge of all activities and duties relating to the conduct of elections in the city.

Section 5. The election commission shall appoint an election board and designate a chairman thereof. Such full-time officials and clerical employees of the city as may not be employed at their regular work on election day may be appointed on election boards and shall serve without extra compensation. The compensation for other election personnel shall be a fixed amount determined in advance of each election by the election commission, provided, that if the expenditures for such services exceed the amount appropriated for elections in the budget, they must be approved by the council as are other increases in appropriations for any department or function.

Section 11. The government of the city, and all the powers thereof, except as otherwise provided by this charter or state law, shall be vested in a council consisting of a mayor and six councilmen. The mayor shall be elected at each regular city election for a term of two years from the Monday next following the election. The term of office of the councilmen to be elected at each regular city election shall be four years, provided, however, that the three councilmen elected at the first election hereafter, and receiving the least number of votes, shall be elected for terms of two years only, so that after the terms of such three councilmen shall have expired, three councilmen shall be elected, with the result that three councilmen shall be elected each two years thereafter. The councilmen shall take office from the Monday next following their elections. The mayor and councilmen shall have been registered voters in the city for at least one year prior to the date of taking office and shall receive no compensation.

Section 14. The council, at the meeting following the bi-annual election, shall appoint a city clerk, a city treasurer, and a city assessor, whose terms of office shall be for an indefinite period and whose salaries shall be fixed from time to time by the council. The clerk, treasurer and assessor shall have been registered voters in the city for at least one year prior to the date of taking office.

Section 34. On or before the third Monday in February of each year the assessor shall make and complete an assessment roll of taxable property in the city, and shall submit the roll, over his certificate, to the council. The subjects of taxation for municipal purposes shall be the same as for county and school purposes under the general law. The assessment roll shall be open to public inspection beginning on the third Tuesday in February and shall remain open for the remainder of that week, during regular office hours unless otherwise advertised by the Board of Review.

Section 35. The Board of Review shall meet on the fourth Monday in February to review the roll and consider

complaints which may have been filed and to hear any complaint which property owners may make in person or by authorized agent. The Board shall continue its meetings on such successive days as may be necessary to hear all complaints. Notice of the opening of the assessment rolls for inspection and of the meeting of the Board of Review shall be published at least four days prior to the third Tuesday in February. Before the second Monday in March, the Board shall have completed its review of the roll which shall during the next fiscal year be the basis of levy and collection of taxes.

Section 36. Before the third Monday in January, each department head shall submit to a person designated by the council an itemized estimate of the expenditures for the next fiscal year of the department or departments under his control. The person so designated shall prepare a complete itemized budget for the next fiscal year and shall submit it to the council on or before the third Monday in February.

Section 41. Not later than the third Monday in March, the council shall, by resolution, adopt the budget for all municipal expenditures for the next fiscal year and such resolution shall provide for a levy of the amount necessary to be raised by taxation, which shall not exceed two per cent of the assessed valuation of all real and personal property in the city. Upon adoption of the annual tax levy, the assessor shall prepare a tax roll which shall be completed on or before the twenty-eighth day of March. The taxes thus assessed shall become at once a debt to the city from the persons to whom they are assessed, and the amount assessed, together with all charges thereon, shall, on the first day of April, become a lien on the property assessed, of the same character and effect as the lien created by state law for state and county taxes, until paid.

Section 47. The city council may borrow money on the credit of the city for any purposes within the scope of its powers, and may issue the city's bonds or other evidences of indebtedness therefor; provided, that the authority herein granted shall be subject to all limitations, conditions, restrictions and requirements now or hereafter provided by this charter and the constitution and the laws of this state, and provided, further, that irrespective of any other provision of this charter the council shall have the right to borrow, without submission to the electorate, an amount in any one year up to one per cent of the assessed value of all the real and personal property in the city and to issue the necessary bonds therefor; provided, however, that the amount so borrowed in any year, together with the taxes levied for the same year, shall not exceed the limit of taxation authorized by this charter, provided, that the net bonded indebtedness incurred for all public purposes shall not at any time exceed ten per cent of the assessed value of all the real and personal property in the city. Bonds which may be issued shall include general obligation bonds; mortgage bonds and revenue bonds for the purpose of acquiring or construction public utilities, which bonds may be issued beyond the general limitation of bonded indebtedness prescribed by state law when they do not impose any liability upon the city except upon the property and revenues of such public utility; special assessment bonds; bonds for the city's portion of local improvements; bonds issued in anticipation of the collection of taxes actually levied and uncollected; refunding bonds; and emergency bonds. All other types of bonds, notes and other evidences of indebtedness now or hereafter specifically authorized or permitted by state law may be issued as therein provided. Bonds and other evidences of indebtedness of the city shall be signed by the mayor and attested by the clerk under the seal of the city. The coupons evidencing the interest upon the bonds of the city may be executed with the facsimile signatures of the mayor and the clerk.

Section 51. The council shall audit and allow the claims and accounts against the city, or may delegate that function or any part of it to some other officer or officers. After such claims and accounts are approved by the council, or in such manner as the council may direct, vouchers, shall be drawn upon the proper funds. The city treasurer shall then pay the voucher by check, draft, order or warrant which shall be signed by such officer or officers or employees as the council may designate.

For the Amendment YES
For the Amendment NO

Such Special Election shall be held at the Fire Hall (Central Polling Place) at 17145 Maumee Avenue, between Neff and St. Clair Avenues. The polls of such special election shall be open from 7:00 o'clock A. M. until 8:00 o'clock P. M. Eastern Standard Time.

All qualified electors not already registered may register at the City Clerk's office, 17150 Maumee Avenue on or before 12:00 o'clock noon, Eastern Standard Time, Saturday March 25, 1939. Last day for registering for special election, Monday April 3, 1939.

NORBERT P. NEFF,
CITY CLERK

Christian Science Churches

"Unreality" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, April 2.

The Golden Text (Proverbs 30:3) is: "Remove far from me vanity and lies; give me neither poverty nor riches; feed me with food convenient for me."

Among the Bible citations is this passage (Psalms 27:14): "Wait on the Lord: be of good courage, and he shall strengthen thine heart: wait, I say, on the Lord."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 254): "When we wait patiently on God and seek Truth righteously, He directs our path."

Mt. Olive Lutheran

Miss Olive Gentry, a noted dramatist, will present Van Dyke's "The Lost Word," at Grace Church, Kercheval at Lakepointe, at 7 p. m. Palm Sunday. The play is a powerful, religious piece, and will be presented in costume and with lighting effects.

There will be no charge, but an offering will be taken. We invite the people of the community to attend.

Miss Gentry will also present Charles Rann Kennedy's "The Terrible Meek," at Grace Church, Good Friday night at 7:45 o'clock.

Lochmoor Protestant Church

The series of Pre-Easter sermons, given by the Rev. O. W. Burdette Olson at the Lochmoor Protestant Church, is drawing to a close, with "The Trial and Crucifixion," the title of Palm Sunday's sermon, April 2, and "Darkness and Dawn" Easter morning, April 9.

Palm Sunday will also be the second anniversary of the Lochmoor Sunday School, although the church is much younger.

The Young Men's Class of the Sunday School is having a series of talks on "Adventure in Christian Living."

Sunday School will be held from 9:30-11:15 a. m. for nursery, kindergarten, primary and junior groups, with hours from 10:45-11:15 a. m. for the older groups.

Grace Evangelical

Church school, 9:30 a. m. Worship service, 11 a. m. Fellowship supper, 5:30 p. m. Dramatization, 7 p. m.

At the morning service a class of 14 will be confirmed. In the evening at 5:30 all former confirmands and their parents will be the guests of the congregation, the class of '39 being the guests of honor.

St. Joan of Arc Party at Club Mayfair

The Rosary Sodality of St. Joan of Arc is making preparations for a huge card party, luncheon and apron sale to

be held in the beautiful Club Mayfair, Mack at Seven-Mile road on Wednesday afternoon, April 12, at 12:30 p. m.

They are asking their many friends to reserve this date for a really delightful afternoon's entertainment.

3RD STEP

"Steps going down" accurately describes your residence electric rate—and liberal use of the thrifty third step is wise economy. As your use of electricity goes UP, your average cost goes DOWN . . . so that you can enjoy unstinted use of lighting and household appliances without adding much to your bill.

Consider how much ONE CENT accomplishes at the low third step in your rate: It will run your electric clock a whole week . . . or beat 120 egg whites, 4 at a time . . . or tune in your favorite radio program for the whole evening . . . or chill your electric refrigerator for more than 10 hours . . . or burn a hall light all night long.

Labor-saving and time-saving electric appliances repay many times over the small amount they add to your bill. Prove this to yourself by using all the electricity you need. *Electricity is cheap!*

Richard 5A Class Studies Astronomy

The 5-A class of Miss Jane Baker at Richard School has been making a rather interesting study of astronomy, especially the constellations. After collecting together and reading a representative list of books dealing with the subject, they determined to set up

their classroom somewhat like a planetarium. They placed together large sheets of wrapping paper, painted it blue and cut out the major stars and constellations. When this large sheet, of classroom size, was suspended from the ceiling, it presented quite an effective method of presenting astronomical facts in a challenging fashion. Next the class made small figures of

constellations in the form of projection lantern slides. Using black paper as a background, the stars were cut out, the paper then being fitted between glass plates for use in the lantern. At a recent meeting of the Parent Teacher Association, the parents were very enthusiastic over the project. The class has recently been making arrangements to visit the University of Michigan's Astronomical Observatory some evening.

Their Battle Smashed Czech Democracy

Dr. Joseph Tiso, left, premier of the new "independent" nation of Slovakia, whose demand for Slovakian autonomy in defiance of Dr. Emil Hacha, right, president of the Czechoslovakian republic, precipitated the 20-year-old democracy's destruction. Supported by Reichsfuehrer Adolf Hitler of Germany, Dr. Tiso established an independent Slovakia. Meanwhile the easternmost Czech province, Ruthenia (Carpatho-Ukraine) was overrun by Hungarian, Rumanian and Polish soldiers, each seeking their share of spoils. The central Prague government, left with only Bohemia and Moravia, was subdued under Hitler's thumb.

Charles Gibbs Adams to Lecture to Flower Lovers at Art Institute

On Thursday, April 6, at 2:30 o'clock in the lecture hall of the Detroit Institute of Arts, Woodward and Kirby avenues, the Detroit Garden Center will present Mr. Charles Gibbs Adams, noted California lecturer, architect and city planner, whose subject will be "If I Were to Make a Garden to Live In." Mr. Adams has designed the homes of many well known Hollywood stars, among them being Loretta Young, Ruth Chatterton and Cecil B. DeMille. Mr. Adams has very beautiful colored slides to illustrate his lecture.

This lecture is being given for the Garden Center by the Michigan Division of the Woman's National Farm and Garden Association and is free to the public.

GLOVED GOURMET

Either the corn was too hot for this old fellow or else he couldn't wait to take off his gloves before digging into the delicious corn-on-the-cob. He is one of the many hungry, homeless vagrants fed by the Volunteers of America soup kitchen in Detroit.

Among those at the luncheon will be: Robert Vibert of Detroit, vice president; Margaret Wotrung of Blissfield, chaplain; Elizabeth Kerr of Detroit, treasurer; Mary Julia Trupiano of Marshall, historian; Alice Remer of Saginaw, registrar; and Bruce Flu of Royal Oak, flag bearer.

Committee chairmen attending the meeting will be: Marilyn Savage, Lois Linn, Marian Edgar, of Detroit, and Myron Ellis of Marshall.

EXCELLENT DESIGN

C. A. R. State Board to Be Entertained

Betty Ann Mastick of Plymouth, Junior State Secretary of the Children of the American Revolution (C. A. R.), will entertain at her home the state board at luncheon, 12:30, Saturday, April 1.

Lyons Howland, Junior State President, will preside at a meeting following the luncheon. Topics discussed will be: membership campaign, state newspaper, national exhibit in Washington, and state conference.

Mason School P. T. A. to Hold Dance March 31

The Mason School P. T. A. is sponsoring a dance to be given at the school building, Vernier road near

Mack, Friday evening, March 31 at 8:30 o'clock. Proceeds from this dance will go toward the annual children's picnic given by the P. T. A. at the end of each school year.

Tables will be provided in an adjoining room off the dance floor for those who wish to play cards. Refreshments will be served during the dance.

Tickets may be secured from the following members of the entertainment committee:

- Mrs. Conley,
- Mrs. Savage,
- Mr. Marr,
- Mr. Kroll,
- Mr. Fitzsimons,
- Mr. McDaniels,
- Mr. Ghesquiere,
- Mr. Rowe,

at any place of business on Mack avenue, or at the school door the evening of the dance.

Maire Pupils Visit The Detroit News

Children in the 6A class of the Maire school are interested in newspaper publication as they have charge of the school paper this semester.

They decided they would like to learn about the publication of a Detroit daily so a trip was planned to go to the Detroit News building.

This proved very interesting, especially in the department where the pictures were made. They found the plates used to be similar to those artists use for their etchings. Another high point of interest was a visit to the balcony of the room where the presses were operated. The speed with which the papers are printed is amazing, some forty thousand being printed an hour.

It was a disappointment not to be able to watch a broadcast, but interesting to visit the studios and the control room. The radio building is reached by a subway under the street between the two buildings.

The guides were very courteous and obliging, answering questions and explaining all points very carefully and in detail.

New York City Brushes Up for Fair of Century

NEW YORK—While the New York World's Fair 1939 speeds toward its opening on April 30, the city is preparing to receive 15,000,000 guests.

The Fair will be the greatest party this town has ever thrown.

Thousands of workmen, artists and technicians are now engaged in finishing-up the vast spectacle and large crews are at work on Manhattan Island, grooming hotels, apartment houses, theatres, and public buildings for the date when The World of Tomorrow will steal the show from The City of Today.

"Going to the Fair" this year will mean two shows for the price of one so far as the out-of-town visitor is concerned. New York's Broadway, amusement center of the nation, will not rival, but will supplement entertainments at the Fair.

Extending in a broad arc beyond the New York State Marine Amphitheatre and along the eastern shore of Fountain Lake is the 280-acre Amusement area where gaiety will rule.

Million Dollar Show

At the amphitheatre, Billy Rose, Broadway's master showman, will present Eleanor Holm in his \$1,000,000 extravaganza in which 300 dancing and swimming girls will take part. A curtain of water will shield the stage from the audience between the acts. The theatre will seat 10,000 persons.

Rides and thrillers take up one section of the Amusement Area; games of every kind another, while still another section will hold exotic villages.

In the Cuban village, covering three acres, the atmosphere of Havana's cafes will be recaptured. Here the rumba and danzon will be danced to native orchestras and arroz con pollo will be on the menu.

In Merrie England visitors will watch Elizabethan games on the village green, eat ample slices of roast beef and walk the streets of Old London.

Old New York will be another village. Here the Bowery of the mauve decade will live again.

Admiral Richard Byrd's "Penguin Island" and "Sun Valley," a winter wonderland with a daily blizzard will bring a dash of frosty fun to the scene.

Thrills for the Kids

It is estimated that 2,000,000 children between the ages of 3 and 14 will visit the \$1,000,000 Children's World. Admission to this zone will be free, although modest charges will be made for special entertainments including the diminutive restaurant.

In the "thrill section" will be found a parachute leap where visitors will experience all the excitement of "bailing out" without risking broken bones. An automatic, "fool-proof" mechanism will release the 'chutes in such a manner that folding up will be impossible. The landing will be gentle. While this is one of the latest hair-raisers, the play center will be replete with coasters, wheels and rides of all varieties.

And to quote Grover A. Whalen, President of the Fair Corporation: "The World of Tomorrow" exposition will display the marvels of science, industry and art, and at the same time provide fun and gaiety for everyone."

BEAUTY AND MUSIC AT THE FAIR

NEW YORK—Ballet on land and water will thrill visitors to the New York World's Fair opening on April 30. In the Marine Amphitheatre which seats 10,000 persons, Eleanor Holm (inset), Olympic swimming and stage star, will head a cast of 100 girls in Billy Rose's Aquacade ballet. Two hundred others will dance on the stage. The show's production will cost \$1,000,000, according to Grover A. Whalen, President of the Fair.

The Care of Flowering Spring Plants as Told by Arthur Paselk

The month of April brings us into one of the most flowery months of the year, with its great array of colorful spring plants. Bulbous plants this time of the year are at the height of their blooming period, and are very much in demand by the public as they add a cheerful note of color to the home. As Easter falls on the ninth day of April this year, many people will be receiving a number of plants of every description, which I am sure we all take great pride in keeping as long as possible, so as to enjoy their beauty. Therefore I wish to stress some of the important points of prolonging their life.

Bulbous plants such as tulips, daffodils, hyacinths, crocus, and lilies of the valley, should be kept in a temperature of about 55 to 65 degrees. This temperature, of course, cannot prevail during the day, as the average home is much warmer, but night temperatures in the home being much cooler, strengthens the stems and develops the flowers more perfectly. Another important point is watering. Bulbous plants take a great amount of water each day, but remember, not to leave the plant stand in water, as that will allow the plant to get too much water and cause the bulbs to rot, and the consequences will be the leaves will turn yellow, and the flowers will lose their color. Secondly, if you leave a plant get dry, the bulbs will naturally dry out and cause the plant to become limp and lifeless, and one will have a difficult time reviving same.

Now then, I come to the plants that are harder, and that can be carried over from year to year, such as the azaleas, hydrangeas and rose bushes. Azaleas and hydrangeas, to my way of thinking, are the most satisfactory and most beautiful of the spring plants. Their indoor care is about the same as that of the bulbous plants, except that they do require much more water. My suggestion would be to fill the pot with water to the top. This would be sufficient water to carry them over to the next day. The reason these plants require so much more water than others is because they are a more woody plant. The azaleas bear a great profusion of flowers, and the hydrangeas bear large flowers and also have very large leaves which take up a great deal of water. So it will be an important point to always bear in mind, that any plant having a profusion of blossom, and having large leaves require a great deal of water.

Now then, if these same plants should wilt from lack of water, place them in a bucket of water and let them remain there for about an hour. Another important point is, never to place a plant next to a radiator or in a draft of any kind, as that is inclined to make them weak from the heat, and cause them to wilt from the draft.

The manner in which to keep an azalea or hydrangea from year to year, is as follows: After the azaleas and hydrangeas are past their blooming period and the weather permits, plant them outdoors. The azalea desires a rather shady place such as under the shrubs, and where it is inclined to be damp. The hydrangeas can be planted out where it gets full benefit of the sun, and also should be cut back to about seven or eight inches above the pot, as this will produce a bushier plant for the following year. Both these plants should be taken indoors about the latter part of September. Rose bushes require about the same kind of attention as the hydrangea and azalea, and can be planted outdoors in a permanent place as soon as the soil is workable, regardless of the cool temperatures that may prevail at that time of the year. I advise cutting the plant back to about a foot above the soil as that enables the plant to produce new growth for summer blooming.

An Appeal for Time to Investigate and Study Charter Amendments

The following resolutions were adopted unanimously by an aroused Committee of Citizens of Grosse Pointe City, called to protest the unwarranted and unseemly haste and lack of consideration, in the attempt to revise the charter, with important, vital, and far reaching amendments of very doubtful nature, the indifferent attitude displayed to public expression, and an utterly ignored public deliberation of proposed legislation, perhaps involving questions of untold and unforeseen future consequence.

The Committee as a whole, WISH TO STRESS the point that they are not opposed to any well-considered changes in the charter, if deemed necessary, but FAIR PLAY demands that ample time and opportunity be extended for a careful consideration of the proposed measures; and be judged on their respective merits before adoption; in the final analysis, this is the PUBLIC'S BUSINESS, a little item apparently forgotten by an otherwise commendable Council membership.

This Committee is a nucleus of an organization of non-partisan nature, to keep abreast and informed of current issues, co-operating, not interfering (see next week's issue of the Grosse Pointe Review for complete details and date of next meeting.) A cordial invitation is extended to all to participate in civic betterment.

Vote "NO" Next Monday, April 3

Seldom in the past has it been necessary for the undersigned to appeal to the taxpayers and electors of the City of Grosse Pointe to vote "NO" on a matter apparently sponsored by the administration of the City of Grosse Pointe.

Now the time has come when in fairness to all, we express ourselves on the amendment to the Charter to be voted upon at the election next Monday, April 3rd.

We, respectfully but earnestly urge you to vote "NO" on the proposed charter amendment for the following reasons:

1. The charter amendment proposes to take away from you a fundamental right of representative government by denying you the right to vote for your city assessor, city treasurer and city clerk which under the present charter you are able to do.
2. It centralizes power over your city government in a small group of individuals, if not in a single individual, with the result that if the wrong man or men obtained power considerable damage would be done before adequate remedies could be applied.
3. The charter amendment seeks to amend eleven (11) different sections of the charter, nine (9) of which are unrelated, by one blanket amendment instead of having each section to be amended stand or fall on its own merit. Separate amendments usually are employed to effect changes and you might well ask the question why is this customary and approved method not applied in this instance. The only available answer is that the strong amendments are designed to "carry" the unjustified or improper amendments.
4. Usually before a remedy is applied, a need for a change must be satisfactorily demonstrated to exist with respect to each section of the charter to be amended. No occasion exists at this time or at any time according to present indications warranting a change in the present election commission or in taking away from you the right to select your public officials for the positions of city clerk, treasurer and assessor.
5. Contrary to custom and tradition in such matters, the proposed amendment was not submitted to the public for consideration before being certified for the ballot and changes in the charter as important

as those proposed certainly should not have been surrounded with such secrecy. Instead, the public should have been trusted and extended an opportunity to be informed on the subject. The only known discussion of a general character was an INVITATIONAL meeting held in the past week in a PRIVATE club.

6. Next Monday's election lacks public interest and it is not expected at present to attract a representative vote. Thus, on the basis of present indications, the vote on the amendment will not reflect a popular expression of the will of the people. A more normal election is scheduled in November — seven (7) months away — when all public offices in the city government will be voted upon and when truly a local election will be held. Would it not be the more appropriate and suitable time to determine the issue since no emergency exists and time is not essential in effecting the charter amendments? To postpone action, would provide a reasonable and adequate time to investigate and consider the subject.
7. The extent of the changes proposed in the amendment would indicate that the charter adopted slightly more than four (4) years ago was a comedy of errors and experience to date does not so indicate.
8. Good judgment and sound public policy dictate that action on the charter changes be made only after adequate public information so that public understanding would permit for wiser public expression.
9. To lose the right to vote for your public officials is a sacrifice to be made after full consideration and study on your part; and to extend the term of office of your representative officials from the present two-year term to a four-year term should only be undertaken after due deliberation since callousness, arrogance and indifference frequently may attach to officials who are unresponsive to public opinion.

DEFEND YOUR RIGHTS—INSIST UPON THE FACT FIRST.

VOTE "NO" on amendment to the Charter of the City of Grosse Pointe, Monday, April 3rd.

INFORM YOUR FRIENDS.
Respectfully,
CIVIC ORGANIZATION,
