

# ALL-STAR SOFTBALL GAME TONIGHT

## Grosse Exaggerations?

By A. PRYOR

Carston Tiedeman, who became the new golf champion of the Country Club a few weeks ago, proved last Saturday that he deserves the title. He played the C. C. course with a man who was celebrating his seventy-first birthday, so Mr. Tiedeman honored him by scoring a seventy-one, which is one under par for the course.

## Enlarged vocabulary dept.

On the hottest day last week, we received a letter from a local fur shop, warning us of Detroit's impending blasts and suggesting what to do about it. The paragraph we liked was: "The style of our fur garments, beautifully exemplified in every detail, is individually calculated. Each customer is a special study. Every garment drafted is based upon judicious recommendations and a mutual exchange of ideas. Many fastidious women rely entirely upon our recommendations."

Another letter that threw us off guard, was a circular job from a local apartment hotel. It read, in part, "Another August. Time again to think, and think seriously, about where we are going to live. After roaming in the great outdoors all summer long, our city homes are going to seem cramped, unless we are among those fortunate ones who live at the A—."

A friend of ours recently returned from Europe on the Bremen and gave us a copy of the little newspaper, given out each day on the crossing. Most of it is printed in German, but in one corner, the following is printed in English: Germany wishes to live in peace and on friendly terms with all countries, including America. Germany refrains from any intervention in American affairs and likewise repudiates any American intervention in German affairs.

The other day, we saw a well known Grosse Pointe doctor's car parked at the Country Club. Since he is a friend of ours, we peered inside the car with the idea of playing some cute prank, such as setting the clock back or tearing out the clutch. However, before we got around to our little joke, we noticed hundreds of travel pamphlets reclining on the rear seat. Evidently this conscientious young man has his dreams of far away places, which we like to think he visits in the still of the night, via Steamship booklets. Other hobbies we have run across are, a chiroprapist who writes lullabys, (one he named "Baby, Feet"); a nurse who enjoys painting walls and hanging paper in her spare time, and a chorus girl who gave up her art to become an undertaker's assistant.

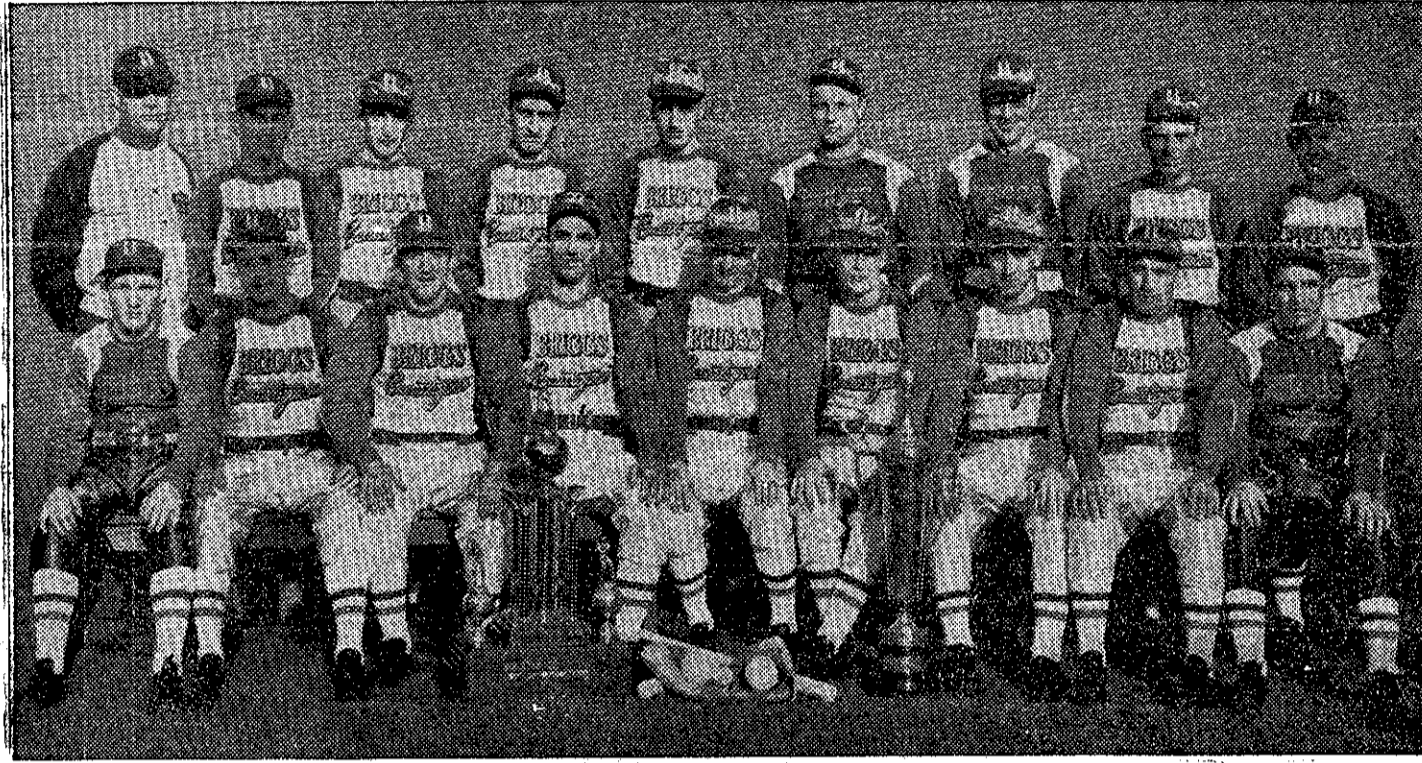

A few months ago, we wrote about the attractive young magazine solicitor who collected enough autographs from G. P.'s smart matrons, to keep him in college for the rest of his life. The husbands of these women "went to town" on the subject of "gullibility," until every household dog crawled into

## Clem Searle's Opening Is Great Success

Indicative of the long-felt need for a high-grade men's apparel shop in Grosse Pointe was the very successful opening day experienced by Clem Searle. Mr. Searle, former manager and buyer of one of Detroit's oldest men's wear stores, and well known to many in this community, reports his opening day's business was greatly in excess of expectations.

Mr. Searle extends to all Grosse Pointe residents, a cordial invitation to visit his store, located at 1714 Kercheval near St. Clair. To those who have already done so, he offers his sincere thanks for their generous patronage.

## School Tax Rate Same Despite Junior High

Grosse Pointe's school tax rate next December will remain almost the same as in 1938, despite the growth of the school system, the construction of the new junior high school, and a cut in state aid. Such was the welcome news given out yesterday to taxpayers by the Board of Education. A rate of \$9.92 per thousand has been set by the Board and approved by the County Allocation Board, compared to last year's rate of \$9.86 and to \$10.20 in 1937-38. This will be one of the lowest

dent, said. "Its cost and effect on the tax rate would have been well over twice this, had we not had \$132,000 on hand and had we not received a federal grant of \$395,100 for the building. The bond issue of \$350,000 will be paid off in five years, however, which is most fortunate, in view of the rapidity with which our enrollment is increasing. The interest charges on the Pierce School are fortunately modest, since the bonds sold at two and one quarter per cent interest, the lowest rate we have ever

## Gamber and Kocsis to Battle Nelson and Stahl

The local golf spotlight will be centered at the Sunnybrook Golf and Country Club, Saturday, August 19 when Wallace Gamber and Emerick Kocsis oppose Byron Nelson and Marvin Stahl in an 18-hole best ball match. Although Nelson and Stahl now hold the Nation Open and the Michigan Open championships, respectively, Gamber, who is considered by many the longest driver in the State, and Kocsis, former P. G. A. champion, feel that they will be able to more than hold their own at Sunnybrook.

## Com. Leithauer Makes Report on Waterfront Park

August 15, 1939 Grosse Pointe Review, 15121 Kercheval Avenue, Grosse Pointe Park, Mich.

As spokesman for the civic viewpoint of Grosse Pointe Park, you have from time to time commented editorially upon the Administration of the Recreation Park.

Therefore it seems appropriate that we call to your attention a report made by Commissioner Daniel J. Leithauer to the Village Commission, at their request, which was accepted and approved at their meeting held Monday, August 14, 1939.

The report filed is as follows: "This report covers the operations of the Recreation Park this year to date, as follows:

- "1. The Recreation Park was officially opened this year on June 1st.
- "2. The personnel consists of twenty employees. A superintendent, 12 guards, 3 check room attendants, 2 gatemen, 1 gardener, 1 night watchman, and 1 day watchman. This is three employees less than were required last year.
- "3. The gate is constantly supervised from 7 A. M. to 11 P. M.
- "4. The size of the crowds at the Recreation Park has been materially reduced over past years by restricting admission to people having passes. This was accomplished by means of the recently installed new fence with turnstile, which effectively controls admissions.
- "5. The new fence, with admission by turnstile at the far end of the parking lot, has completely eliminated the traffic jam on Alter road and Windmill Pointe Drive. In past years one to

Churches**

"Mind" will be the subject of the  
Lesson-Sermon in all Christian Sci-  
ence Churches throughout the world  
on Sunday, August 20.

The Golden Text (Romans 11:34,36)  
is: "Who hath known the mind of the  
Lord? or who hath been his counsel-  
lor? ... For of him, and through him,  
and to him, are all things: to whom  
be glory for ever."

Among the Bible citations is this  
passage (Proverbs 3:19): "The Lord by  
wisdom hath founded the earth; by  
understanding hath he established the  
heavens."

Correlative passages to be read from  
the Christian Science textbook, "Sci-  
ence and Health with Key to the  
Scriptures," by Mary Baker Eddy, in-  
clude the following (p. 379): "The real  
jurisdiction of the world is in Mind,  
controlling every effect and recogniz-  
ing all causation as vested in divine  
Mind."

**State Fair to Be Bigger  
and Better This Year**

Michigan is to have a bigger and  
better State Fair in 1939 than any in  
its long history.

That is the promise of Linwood W.  
Snow, present general manager of the  
fair. For the 90th anniversary cele-  
bration of this annual event, he has  
gathered the greatest array of features  
—educational, industrial, entertainment  
and amusement—that have ever been  
presented on the State Fair grounds in  
Detroit during any one fair. The dates  
of the fair are September 1 to 10.

General Manager Snow in discussing  
his plans for the 1939 fair, stresses the  
fact that the agricultural and livestock  
features are to be outstanding factors,  
together with seven days of harness  
racing on the State Fair's one mile  
track, a comprehensive display of mod-  
ern farm machinery and the judging  
of livestock in the Coliseum on Tues-  
day, Wednesday and Thursday of fair  
week.

The premium book for the 1939 fair  
discloses that \$67,000 in prize money is  
offered in the twelve departments cov-  
ering horses, beef cattle, sheep, swine,  
dairy cattle, poultry, pigeons, rabbits,  
cavies, agriculture, horticulture, dairy,  
apiary, women's arts and crafts and the  
4-H Boys and Girls activities.

This year the women's exhibits will  
be housed in the beautiful Colonial-  
style building near the main entrance.  
Several prizes for women that were not  
included in the 1939 Fair are of-  
fered, while several of the customary  
classifications have been considerably  
enlarged. There are special classifica-  
tions for farm women, for teen aged  
girls, for foreign-born women, for  
women 70 years of age or older, as well  
as many additional prizes in the form  
of special donations to the fair.

The judges for the various depart-  
ments have been selected from the  
foremost experts in their various fields  
in the nation.

The fair will be officially opened at  
5 p. m. on Friday, September 1, by  
Governor Luren D. Dickinson. All ex-  
hibits, livestock and poultry will be on  
hand when the gates are thrown up  
to admit the initial visitors.

In the Coliseum there will be pre-  
sented each afternoon and evening (ex-  
cept on Tuesday, Wednesday and  
Thursday afternoons) the greatest  
stage entertainment that has ever been  
offered on the Fair Grounds, while  
there will be dancing every evening to  
the music of nationally known radio  
swing bands. The stage presentation  
will be known as "The Show of the  
Century" and will feature three out-  
standing radio bands, newly Phil Spi-  
tally's "Hour of Charm" all girls radio  
orchestra, Wayne King and his orches-  
tra and Bob Crosby and his Bob-Cats.  
Tony Martin, the screen and radio fav-  
orite will be on hand to sing, while  
Jack Benny's famed radio valet "Ro-  
chester" will also appear.

Each night during the fair there will  
be presented on the race track in front

of the grandstand, which seats 20,000  
persons, a rodeo contest with the out-  
standing cowboy and cowgirl stars in  
thrilling events of riding and roping,  
together with a lavish display of fire-  
works. During the afternoons harness  
racing will hold forth on the track,  
with the trotters and pacers vieing in  
three events of three heats each.

There will also be a most unusual  
free circus offered on the Mall each  
afternoon and evening with the stars  
of the circus world appearing.

A special event that will appeal to  
all youngsters under 18 years of age  
will be the search for amateur stage  
talent, the prizes for which will be free  
all-expense trips to the New York  
World's Fair and an opportunity to  
appear on a nation-wide radio program  
from New York.

There will also be daily contests in  
the band shell where musical organiza-  
tions from all parts of the state will  
compete, and on Saturday, September  
9, there will be a drum and bugle corps  
contest for all of the various military  
veteran organizations of the state.

On Tuesday, Wednesday and Thurs-  
day, September 5, 6, and 7, the great  
Michigan Homecoming celebration will  
take place, with the notable sons of the  
state from all parts of the world at-  
tending.

General Manager Snow predicts that  
this year's fair will have a public at-  
tendance of more than 500,000 during  
the ten days that the fair is in opera-  
tion, and the price of general admis-  
sion for adults will remain at 25 cents  
while that for children will again be  
10 cents.

**Major Burns Henry Post, 303, Auxiliary**  
 Our meeting of August 8 was held in the home of Pres. Elva Nielsen and although it was raining very hard we had a very nice turnout. Pres. Elva Nielsen and Sec. Clara Bishop were elected delegates to the district meeting, also to the State convention. Betty Hoyt, first, and Ruth Cross, second alternate to the State convention. Eleanor Thomas was elected Fidac chairman; Clara Bishop, employment chairman, and now we are all set for a nice big year in 1940.  
 Our President, Elva Nielsen, is accompanying her husband, Mart Nielsen to the Firemen's Convention at Kalamazoo. Our treasurer, Gladys Craig, is away on a vacation. Our Chaplain, Mary Jane Stroud, is going to Canada on another vacation. I wonder what she is going to acquire this time?  
 Our Social Chairman, Helen Edries, has planned a very nice card party to be held October 5, at the Penthouse in the Metropolitan building, downtown, so girls let's get ourselves all set for a nice time.  
 Betty Hoyt, Hazel Allor, Adele Baker, Sylvia Sharpe, and Mary Del Barba have raised enough money to buy the officers badges. We hope to have our charter and badges at our next meeting. Not bad, eh, girls?  
 I understand Betty Hoyt and Ruth Cross attended the Roose Vanker picnic and had a very lovely time. Ruth coming home with more money than she left with. More power or more luck to you. What is it Ruth? Also Betty is certainly blowing that bugle. I don't know about Ruth as she lives away on the West side too far for me to hear her blow, but will make inquiries around her neighborhood and find out.  
 We had a new member at our last meeting in the person of Irene Simms. We hope to be able to say we have more the next time the paper goes to print.  
 We are very glad to receive an invitation to attend the installation of officers and initiation of new members of the Major Burns Henry Post 303; We were glad to see so many of the members of the Unit there. We were served a delicious lunch of roast beef with all the trimming and also plenty of refreshments. A very nice time was had by all.  
 Congratulations are in order for the newly elected Commander, Clem Whatley, May this coming year be a big and successful one.  
 We were very glad to have our Historian Grace Brown and our good friend Kate Porter all well and back with us again at the last meeting. I understand Ethel Clark is getting along fine and we hope she will be back again with us very shortly.  
 I'll be seeing you at our next meeting.  
 —Mary Del Barba.

**Contract Bridge**  
 By P. G. MUNRO  
 (Originator of The Autbidder)  
 Frequently it becomes necessary to cross-ruff a hand to be able to fulfill a contract. However, if the principles of cross-ruffing are not known to the player, disaster may be the result.  
 The following hand is a good example:  
 North  
 S-A K Q 6 4  
 H-2  
 D-Q 6 5 4 2  
 C-K 10  
 West  
 S-J 8 7 5 3  
 H-Q 10 9 3  
 D-K J 7  
 C-8  
 East  
 S-10  
 H-A K J 7  
 D-A 8 3  
 C-A 7 5 3 2  
 South  
 S-9 2  
 H-8 6 5 4  
 D-10 9  
 C-Q J 9 6 4  
 East is the declarer at a contract of

four hearts. North having bid Spades, South opened the lead with the 9 of spades. North won with the Queen of spades and, seeing five spades and a singleton club in the dummy, switched to the deuce of hearts (trumps) in the hope of reducing the anticipated cross-ruffing of spades in one hand and clubs in the other. Declarer won this trick with the Ace of trumps in his own hand, then studied the situation. By ruffing three clubs in dummy and three spades in his own hand, he counted ten tricks in the combined partnership hands, and therefore decided that nothing could prevent him from making his contract. Accordingly, he played the Ace of clubs followed by a small club which he ruffed in dummy and returned a spade from dummy which he ruffed in his hand. Another club was ruffed in dummy and another spade ruffed in his own hand. South discarded the 10 of diamonds on this spade trick. Another club was ruffed with dummy's last trump and a spade is ruffed with declarer's last trump, on which South discarded the 9 of diamonds. When declarer now attempted to cash the Ace and King of diamonds, he was greatly surprised when South ruffed the Ace of diamonds and cashed the Queen of clubs and two trump tricks, and defeated the contract by two tricks.  
 Declarers plan to cross-ruff the hand was quite sound and his contract could have been made if he had known and applied the principle of cross-ruffing, which is: Cash your winning honors in side suits before starting the cross-ruff.

**Foresters' Order Sponsors Cruise**  
 The Independent Order of Foresters will sponsor a cruise to Lake Huron, August 20, aboard the D&C Steamer City of Detroit III. The boat will leave the foot of Third Street at 10 a. m. and return at 8 p. m.

 J. F. Lewandowsky, high secretary, is general chairman of the cruise, which will benefit the organization's surgical fund for members.  
 Miss Victoria Lewandowsky has charge of the ticket sale, assisted by Ralph S. Abbott, Henry Henning, Miss Maud Grover, Frank Karp, L. E. Potts, Stanley Lappo, Herman Miller, Max Dententhaler and August Koppelman.  
 John F. Laing of Toronto, Ont., the supreme secretary, will be in the party.

**Service Club of High School Is Mainstay of Pupil Organization**  
 By KENNETH STALL  
 (High School Journalism Student)  
 The Service Club of Grosse Pointe High School has become, through the 12 years of its existence, an efficient, courteous organization. In those 12 years the enrollment of the upper six years of the Junior-Senior schools has grown to the present total of approximately 2,100 students. But the need was foreseen and when the high school was moved from the Cadieux School to the present building, seniors were asked to assume the duties which later would be taken by the Service Club members, since the department had not yet been fully organized.  
 The second semester, February 1928, in the new building saw the complete organization of the Service Club, which has been functioning ever since. At the present time there are 130 members, with Mrs. Ruth Flom, dean of girls, Miss Louise Karpinski, language instructor, Miss Blanche Dill, English instructor, and Mr. Humphrey Jackson, mathematics instructor, in charge.  
 The members perform various duties. There is the lost and found booth, which has proved its value to all students at one time or another. Also there is noon recreation. If the duty is noon movies, the Service Club members take tickets and operate the movie projector. If the duty is noon dancing, which is held in the girls' gym, they keep order. The cafeteria duty is one which requires keeping students waiting for lunch in an orderly line. Another is hall duty. This is the task which the majority of the Service Club members perform. It consists of keeping the students moving in an orderly fashion in passing in between classes, checking permits during class hours, and being helpful and courteous to any visitor that might be in Grosse Pointe High School. Once a semester the organization sponsors a Student Association dance.  
 The Service Club is the second department of the Executive Division of the Student Association, the first and third being the Finance Committee and the Activities Committee, respectively. The vice president of the Student Association acts as its president. It is made up of volunteer workers, but each must pass the qualifications set up for membership. Each student wishing to become a member must arrange for a place the next semester,

providing that he or she has not less than a C average in scholarship and an average of 2 in citizenship.  
 The Service Club is an instrument of self-government. The school government is patterned after that of the national government, thus both being of democratic form. As in one case the government is by the people, in the other it is by the students. The Service Club teaches each member to be responsible and dependable. The students but also the members.
