

The Grosse Pointe Review

ECONOMY IN CITY OF GROSE POINTE

Grosse Exaggerations By A. PRYOR

We've often wondered if lawyers purposely look around for partners, who's combined names read like a group of vodvil tumblers. Two that have reached our ears recently are: O'Gorman, Brophy, Roney and King, from New York and Detweiler, Detling, Isgood and Howe, from goodness knows where.

All these business rumors make us feel like two white mice in a cage. NOW the rumor is being bruited about that Macy's MIGHT have over-

Crowley-Miners. We've also heard that a merchant in Grosse Pointe is thinking of building a bowling alley next door to the Punch and Judy Bar. We can't imagine anything that would be more fun, especially if a small door in the wall between the bowling alley and Van Simayes, makes a short cut to the pause that refreshes.

Who are the four big he-men from G. P. who went to the Lion's Football Game on Sunday and were quietly ejected by sixteen cops? It seems that when the four Norsemen found that the people in THEIR seats wouldn't vacate, they took a quick vote and decided to sit on the spectator's laps. One lay belonged to a woman who apparently had no sense of humor.

Don't forget to wind the cat and orders a wife should give her husband before she departs from her summer vacation. One of them ought to be, "when you're invited to dine at someone's home, be sure you arrive at the right one." A few weeks ago, one of our local summer bachelors started out to a dinner party and on arriving, was promptly ushered to the bar, where he found things well under way, but no sign of his host and hostess. He knew two or three of the guests, so he settled himself at the bar for a quick one. Four of five drinks later, he discovered he was in the wrong house and that the "guests" he knew slightly, were the owners. They'd gotten to like him, however, and offered to throw another chop on the fire, so everybody lived happily thereafter, except his original hostess, who is still tearing out what is left of her hair.

We weathered "Wuthering Heights" the other night, in spite of the fact that strong men sniffled and women turned pale. Our fragile face was assuaged with mascara-tinted tears, and if Lawrence Oliver knew how we felt about HIM, he wouldn't give Vivien Leigh another look—much less an engagement ring. We understand that as soon as Vivien has un-Gunned herself with the Wind, she and our dream man (think of it!), will do something legal about their spring fever.

Silhouette: Born in California, he came here to live about twelve years ago and has since become an important part of the business and social life of Detroit. He's six feet, four inches tall and the type we like to have just ahead of us in a crowd, especially since he played on the Stanford football team. He likes people, all kinds of people, but particularly those who are frank and not afraid to say what they think. To quote him, "What's the use of having a fullback on the team if he won't run through the line?" He bowls and likes to play golf, but his chief hobby is his work, which is designing bodies and working out color schemes for General Motors. Two or three

The Fall season of the Lincoln Study Club will be opened by a Social Day consisting of luncheon and bridge, on Tuesday, Sept. 19th, at the Grosse Pointe Yacht Club. Reservations, Mrs. Windsor R. Davies, Mrs. David Gordon, Mrs. Albert Weitlauffer. The first regular business meeting will be held at the home of the president, Mrs. Walter Dravdale, on Monday, Sept. 25th, at 10:30, at which time the members are looking forward to hearing a book review by Mrs. Sam Greene.

"Keep at Peace" Barrett's Speech at Pierce School

America was founded by Europeans who sought here a freedom and peace they could not find in their homelands, and the greatest task of the federal administration is to keep the United States out of the war. J. Lee Barrett of the Grosse Pointe Board of Education told a dinner audience celebrating Friday night the top-speed completion of Grosse Pointe's new \$278,000 John D. Pierce Junior High School. Speaking to P. W. A. representatives, School Board members, architects, contractors and school officials at the dinner, Mr. Barrett said that, regardless of our sympathies, we should not take sides in the combat.

This week's issue of the Grosse Pointe Review contains a four-page section dedicated to the new Equinox Theatre, located at Jefferson Avenue and Beaconsfield. Please turn to page 3.

"Our duty to our forefathers is to do what they would want done and what George Washington advised, namely, to be builders and not destroyers of character and future citizenship as well as of school houses," declared Mr. Barrett.

Erected in nine months, the new junior high school, which will open filled almost to capacity with pupils, has been termed by P. W. A. officials one of the fastest big school construction jobs in the country. School officials say that, despite a great deal of built-in equipment and complete furnishings, it is also one of the lowest cost jobs put up in metropolitan areas under the P. W. A. \$395,100 of the cost came from an outright federal loan.

St. Ambrose Alter Society Luncheon

By popular request, St. Ambrose Alter Society is holding another of its very excellent chicken pie luncheons in St. Ambrose hall, 1014 Maryland avenue, Thursday, Sept. 21. In addition to chicken pie with plenty of gravy the menu will consist of cabbage salad, rolls, coffee, ice cream and assorted homemade cookies.

The business people in the community are cordially invited and assured of prompt service. St. Ambrose hall has been recently redecorated and presents a most pleasing appearance, so that one can enjoy excellent food in agreeable surroundings. Luncheon will be served from 12 till 2.

Grosse Pointe Schools To Open Mon., Sept. 18

At a meeting held Tuesday, the Grosse Pointe Township Board of Health acted upon the request of the Board of Education to open the schools on the 18. The following letter was received by the board:

Sept. 9, 1939
The Hon. Pres. and Board of Health Township of Grosse Pointe
279 Rivard Boulevard
Grosse Pointe, Michigan.
Gentlemen:
At a meeting of the Board of Education on Friday, September 8, the question concerning the date for the opening of the Grosse Pointe schools was discussed at some length and a motion was passed that our Board request your honorable body to set a definite date for the opening of schools and that our Board recommend that if the situation concerning poliomyelitis does not substantially and appreciably change in the next few days that this date might well be Monday, September

18. The Board's purpose, of course, is to be able to give appropriate and sufficient notice to the numerous persons who call us almost daily with questions on this subject.

The Board, you may be interested to know, also contemplates keeping our high school swimming pool closed for the present, as an additional precaution.

Very sincerely yours,
RALPH M. CLARK,
Secretary.
It was reported by the Board of Health that the following data on Polio was obtained from the Detroit Board of Health on Sept. 11, 1939. 68 cases developed in Detroit for the week ending August 26, 1939. 51 cases developed in Detroit for the week ending September 2, 1939. 34 cases developed in Detroit for the week ending September 9, 1939. 4 new cases on September 10th. There have been 17 deaths so far.

DISTINCTIVE BEAUTY SERVICE OFFERED

It has always been the policy of the Jakimec Beauty Salon to be among the leaders in the beauty culture field. During the years they have been established in Grosse Pointe they have developed an enviable reputation for excellent workmanship, using only nationally famous quality materials. No production methods are used. Every individual is given careful and considerate personalized service by specialists in the various branches of beauty culture. Those who desire the best will find it here.

Kelkeney Studios

Mary E. Kelkeney announces the fall opening of her dance studio at a new location, the Pilar Lodge, 14529 Kercheval, at the edge of Grosse Pointe. Miss Kelkeney's classes will be conducted at her studio on Monday, Wednesday, Thursday and Saturday. Courses may be had not only in ballet, character and interpretive dancing, but also in ballroom and tap. Special tap classes will be offered for boys. Suitable grouping and instruction is provided for all ages, three and over, and for all stages... beginners, advanced and professional pupils.

Bud Hanaway Returns To Pointe Bar

Of interest, we feel to all in Grosse Pointe, is the return this evening, for the entire fall and winter season, of Bud Hanaway's Orchestra to the Pointe Bar, 15218 E. Jefferson Avenue. Bud and his boys promise lively music and hilarious entertainment. The Pointe Bar's splendid dance floor will prove irresistible to all members of the family. In short—if you want a good time it awaits you here—hardly three minutes drive from the heart of Grosse Pointe.

Grosse Pointe School Children Offered Plays

Cultural theatrical entertainment is made available to the children of Grosse Pointe by a series of five plays to be given on Saturdays in the John D. Pierce Junior High School auditorium this year. Plays scheduled in this series are Pinocchio, October 14th; Hastings Marionettes, November 25th; Aviation Show, January 1940; Reward of the Sun God, March 2nd; and Bumble Bee Prince, May 11th.

Russell Curtin Cleaners Offer Fall Service

With the coming of fall, the Russell Curtin Cleaners located at 1477 Kercheval (opposite the Christian Science Church) want to remind you that now is the time to have your curtains and drapes perfectly cleaned for the winter season. The service that is offered by the Russell Curtin Cleaners is that each curtain or drape order is cleaned separately, necessitating no markings. To call Russell Curtin Cleaners phone LE. 8275.

Enviably Record Of Economy In The City Government

No better example of what can be accomplished by economy in government, and at the same time adequately providing for all necessary municipal services, exists than what has been done by the administration and employees of the City of Grosse Pointe, according to the last annual audit of Ernst and Ernst, recently filed.

The cost of operating that government has decreased from \$588,306.95 in 1932 to \$346,896.74 for the year ending March 31, 1939, and to an estimated cost for the present year, March 15, 1939 to March 15, 1940 of \$333,593.12. In other words, the cost to the taxpayers has decreased about 40 per cent during that time.

For the same period the net bonded indebtedness has been lowered from \$1,348,860.68 to \$858,089.65 to \$490,771.03, which is 44 per cent. Also the annual expenditure for interest on and retirement of the funded debt during that time has been brought down from \$137,165.11 to \$112,781.03 or \$24,384.08 or better than 17 per cent.

For the past six years the annual earnings in sinking fund investments, together with net gains from security transactions, has been about 5.3 per cent per year on the average balance in the fund, a remarkable figure during these times. No bonds in the sinking fund are in default.

Approximately \$4,500 less than the amount budgeted for the past year was spent. The exact figure is \$4418.77. And the excess of revenues over expenditures was \$6,861.94. All of which, it is pointed out, explains why it is that a recent rather large scale of 4 1/2 and 4 3/4 bonds of the City of Grosse Pointe was at the rate of between 119 and 120. This, of course, is almost 20 points over par, an exceptional price for municipal bonds.

TAX RATE AND TAX LEVY DROPS
Due to the various economies practiced, the tax rate for the ensuing year is \$16.00 per thousand dollars valuation, as compared to \$19.60 for each of the past four years. The total tax levy for 1938 was \$283,302.51 as compared with the tax levy of \$260,800.00 for 1939, which means that a reduction of \$22,502.51 resulted in 1939 as compared with 1938.

TAXPAYERS SAVE DUE TO RECENT SURVEY

The county survey of assessed valuations will result in a large saving for taxpayers of the City of Grosse Pointe when they pay their county and school taxes, sometimes called the winter taxes. When the result of the survey was made public and the city taxes announced, some taxpayers found that their valuations were up and others had been somewhat reduced. But the method used by the county was the same as it had used in other portions of the county and was the result of many years of study. The structures on each lot had applied to them the same rules in determining valuations. The result as regards city taxes was that every property holder was treated fairly.

Fiscal year ended:	Total Assessed Value	Tax Rate Per \$1,000.00	Total Tax Levy
February 28, 1932	\$24,940,552.20	17.60	\$444,231.82
February 28, 1933	22,573,894.90	18.30	413,316.10
February 28, 1934	21,820,000.00	18.30	400,306.00
March 31, 1935	13,463,101.00	21.00	282,638.13
March 31, 1936	13,159,320.00	19.60	257,922.64
March 31, 1937	13,383,133.00	19.60	262,309.60
March 31, 1938	14,081,756.45	19.60	276,001.94
March 31, 1939	14,452,210.98	19.60	283,302.51
March 31, 1940	16,300,000.00	16.00	260,800.00

Pointe Flower Show Was A Big Success

The most colored and best arranged show of recent years was the verdict of the public, visiting the 23rd annual flower show of the Grosse Pointe and Eastern Michigan Horticultural Society, held this past week end at the Neighborhood Club, Grosse Pointe.

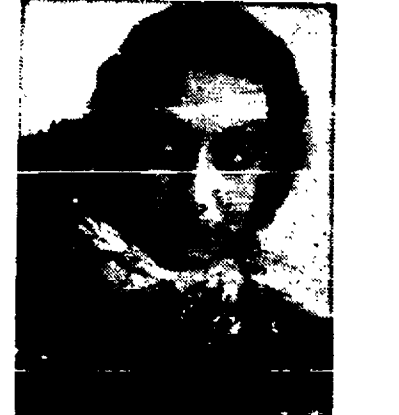

At a pleasing ceremony on Saturday afternoon, William C. Jones, president of the society, introduced Mrs. Phelps Newberry, who in some well chosen remarks touched upon the work of the society formally opened the show, after which she was presented with a bouquet of roses by Peggy Fisher. In the general classes covering all varieties of flowers, fruits, vegetables now in season, and restricted to membership of the sponsoring society, the competition was exceptionally keen, resulting in a fine display of well grown material.

The following estates with their representative gardeners were prize winners: Mrs. E. B. Whitcomb - (William Crichton), Emory L. Ford - (Ernest Wolff), Mrs. Alfred G. Wilson - (Herman Siewert), Mrs. D. M. Ferry, Jr. - (Philip O. Marson), Mrs. E. S. Barbour - (John Cheney), Mrs. Truman Newberry - (Joseph Van Niem), Mrs. J. B. Ford, Jr. - (Charles MacDonald), Mrs. Lawrence D. Buhl - (Theodore Kalkhoff), Paul H. Deming - (William McInnes), Mrs. Fremont Woodruff - (David Maiden).

ETHEL FRUEHAUF SCHOOL OPENS

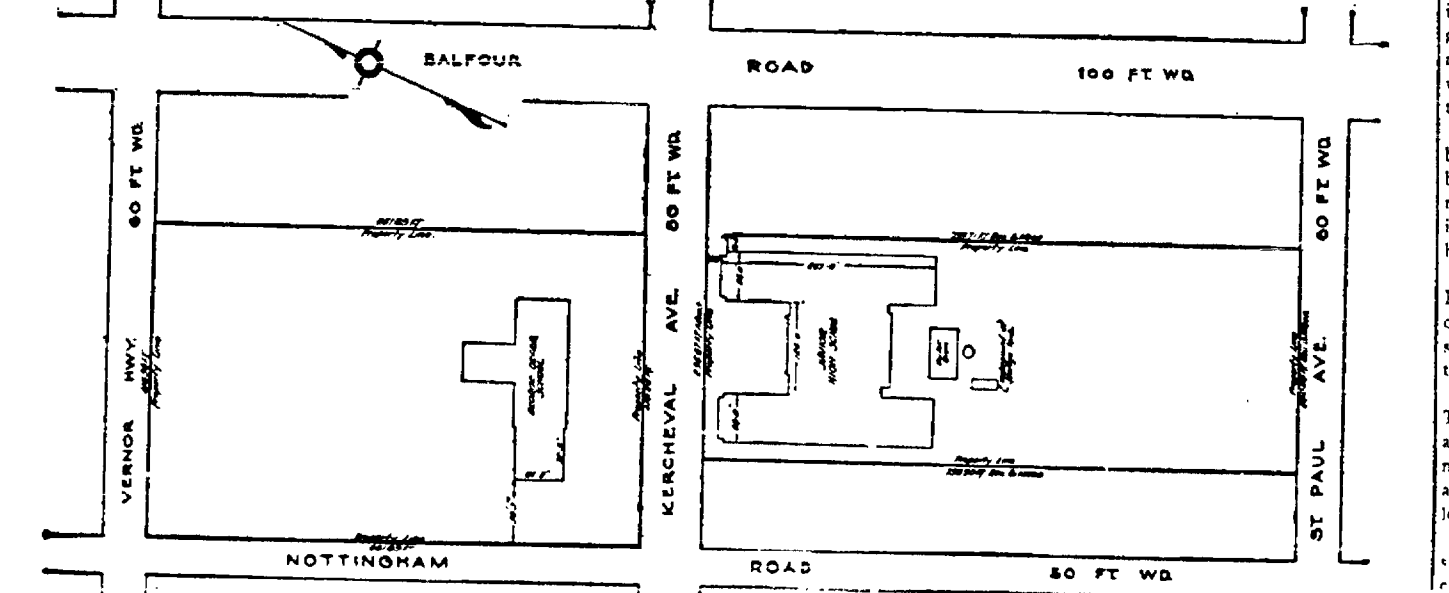

Ten years ago Ethel B. Fruehauf, resigned as critic at the Roosevelt School in Detroit and organized a nursery group of children. Each year the enrollment increased. The lower grades were added with Joan McDownell of the Roosevelt School in charge. The need for a non-denominational boarding school was quickly recognized by Ethel Fruehauf. Employed parents readily availed themselves of the service rendered by the staff of the Fruehauf School. The large new building at 821 Vernier Road has been especially designed to care for the needs of boarding and day students between the ages of two years through 12. Ah, rooms are large light and airy. The red wood paneling in the library and dining room lends a distinguished note to the colonial architecture, as well as providing comfort for the study and leisure hours. An observation ward has been designed so that boarding students with colds may be isolated. Three play yards well equipped for the varying age groups enable the children to enjoy a program of out-of-door activities in the safest of surroundings. Reach privileges are available summer and winter.

The Elaine Marie Arndt Dance Studio is enrolling pupils this week and classes in all types of dancing will open the week of Sept. 18th. Classes at the Arndt Dance Studio are graded as to ability as well as age, enabling pupils to advance according to their own talents and initiative. It is advantageous for pupils to enroll during this week as they can better classified. Pupils also find that attending the first lesson in the proper group

gives them a feeling of ease and understanding. To the boys and girl of the community, Ballroom Dancing provides happy recreational activity, where young folks meet the kind of friends you want them to know, and find companionship in the wholesome atmosphere of a desirable, controlled, environment under the supervision of capable instructors. Dancing is the best of physical exercises and Ballroom Dancing as well as Ballet or Tap has a definite technique which enables one to dance correctly, courteously and appear more graceful, as well as develop an understanding and better interpretation of music. Dancing is the one and only art which is taught to children and thus aids youth to understand and appreciate the various forms of art culture. Miss Arndt's aim is the making of happy and good personalities, correct, well rounded ladies and gentlemen.

From Tobacco to School in Nine Months

The huge size of Grosse Pointe's new John D. Pierce Junior High School, as compared with the George Defer Elementary School opposite it at Kercheval and Balfour is shown in the picture above. Nine months ago the site was a tobacco patch. Utilizing every in of space for playground, the Board of Education placed the new building very near the sidewalk. Users of its public library and large auditorium will also benefit by the placement. Defer School and site are also shown. Defer site cost \$145,726 and Pierce \$53,556 less.

ECONOMY IN CITY OF GROSSE POINTE
 (Continued from Page One)

TOTAL EXPENDITURES DOWN
 The total expenditures of the City plant, administration costs, garbage, on and retiring of outstanding bonds, for all operations, including police, fire, refuse and ash collection, weed cutting, during the same period are summarized highway, public park, municipal salvage etc., and debt service, meaning interest as follows:

Fiscal year ended:	Operating Expenses	For Current Obligations Prior Years	Liquidation of Short Term	Total For Interest on and Retirement of Funded Debt
February 28, 1932	\$586,306.96	\$320,141.86	\$131,000.00	\$137,165.11
February 28, 1933	482,837.95	253,152.83	100,000.00	129,685.12
February 28, 1934	385,616.29	184,847.32	100,000.00	100,769.97
March 31, 1935	383,230.16	206,047.70	65,303.30	111,879.16
March 31, 1936	367,325.70	208,071.65	49,871.80	109,382.25
March 31, 1937	356,642.04	204,571.02	42,725.00	109,346.02
March 31, 1938	358,273.22	221,585.26	25,000.00	111,687.96
March 31, 1939	346,046.74	218,651.02	14,614.69	112,781.03
March 31, 1940	333,593.12	227,380.62		106,212.50

BONDED INDEBTEDNESS LOW
 The net bonded indebtedness has been reduced as follows:

	Total Bonds Outstanding	Accumulated Bond Retirement Sinking Fund	Net Bonded Indebtedness
February 28, 1930	\$1,681,426.00	\$332,565.32	\$1,348,860.68
February 28, 1931	1,637,268.15	316,820.38	1,320,447.77
February 28, 1932	1,633,268.15	354,394.73	1,278,873.42
February 28, 1933	1,611,268.15	396,312.29	1,214,955.86
February 28, 1934	1,599,268.15	441,994.07	1,157,274.08
March 31, 1935	1,550,768.15	472,375.64	1,078,392.51
March 31, 1936	1,461,268.15	423,937.58	1,037,330.57
March 31, 1937	1,407,268.15	428,049.53	979,218.62
March 31, 1938	1,386,268.15	462,899.93	923,368.22
March 31, 1939	1,134,342.15	276,252.50	858,089.65

The sinking fund is being accumulated on a basis calculated to provide for the retirement of all term bonds as they mature, assuming earnings on the sinking fund accumulations at the rate of .% per annum.
 "This report," stated Mayor D. M. Ferry, Jr. "shows what can be done by the council, city officers and employees when a real attempt is made to save money." Year after year for some time past much the same group has earnestly striven to save the taxpayers money, and given them a business like government. Certainly the public has no complaint as to lack of municipal services. If more detailed information is desired by any taxpayer the same is available at the City offices where complete auditors' reports are on file and open to the public for examination.

Children's Flower Show Successful

At the Flower Show Saturday and Sunday, Sept. 9 and 10 at the Neighborhood Club, the following children received awards. In the Neighborhood Club Garden class: 1st place, Lotus, Aller; 2nd place, Betty Marchand; 3rd place, Verna Roberts. And for his collection of vegetables Carl Gieche took 1st place.

Public Letter B-O-X

To the Editor: Recent interviews with close friends and neighbors on the serious situation abroad, and its possible effect on the welfare of our own youth, prompts me to make an appeal, through your valuable paper to all peace-loving citizens of Grosse Pointe to enter strong protests with their representatives at Washington against any and all foreign entanglements. We can and must keep our boys and young men out of the greedy clutches of foreign warmongers. A quarter century ago the flower of our youth were being sacrificed for some foreign cause. It must not happen again. Fathers and Mothers assert yourself now. From an old peace-loving citizen who is deeply interested in the youth of this good old U. S. A.

Arndt's Judgement Affirmed by Court

The question presented was whether the erection by Miss Arndt of a building in Windmill Pointe Subdivision, to be used for a school of dance and drama, was a violation of a restriction which reads as follows: "On lots fronting on Alter Road . . . Schools and churches or other public buildings may be constructed on lots numbered 133 to 174 both inclusive, in which case the restrictions in this paragraph do not apply."
 The stipulated facts indicate that since 1931 Miss Arndt has been giving instruction in dancing in her present home a short distance from the property involved; that her ability as a teacher is of unquestioned high character; that the growing number of pupils has made her present facilities inadequate. Plaintiff's admitted Miss Arndt's present activities are not claimed to be objectionable nor is it contended that the use of the proposed building for school purposes would be objectionable in and of itself. The position of the plaintiffs was that the operation of a private school is not comprehended within the exception "schools and churches or other public buildings." The Circuit judge refused to restrain construction of the building. A decree was entered permitting Miss Arndt to proceed with her plans and authorizing her and her successors in interest to operate such a school as she has outlined in her pleadings and testimony included within the general fine arts' curriculum.
 There is no serious question that Miss Arndt is conducting a school and that she is engaged in the promotion of a particular branch of knowledge and fulfills the requirements of an educational institution.
 Examination of the restrictions and the nature of the subdivision itself does not indicate with any reasonable certainty, however, that prohibition of a school, such as Miss Arndt proposes to conduct, was ever contemplated. If the

Grosse Exaggerations?

(Continued from Page One)
 time a year he goes to Europe for the purpose of studying foreign cars, color combinations, etc. While there, he usually buys his clothes in France and his keen eye for color is carried out in his wardrobe as well as in automobiles. He has a "quietly" forceful personality, grand sense of humor and likes nothing better than telling a funny story on himself. He is proud of the fact that he likes spinach, because everyone makes such a fuss about not liking it. He's a good bridge player and his only obvious annoyance is his partner's over-bidding. He has a not-so-secret passion for monograms. Everything he owns is monogrammed, from bath towels to the license plates on his car. The monograms are S. U. E., and his wife's name is Sue. His pets are two toy dachshunds which he calls Hans and Fritz and he boasts about their intelligence as a mother does her child. Detroit likes him and fortunately, he likes Detroit! His name is, Harley Earl.
 And now, if you don't mind, we have a date to count the pollen. Kerchool!

Grosse Pointe School Children Offered Plays

(Continued from Page One)
 to the children of Grosse Pointe schools at the lowest possible cost.
 Junior Programs, Inc., is a non-profit organization of national recognition. It was started several years ago by Mrs. Dorothy McFadden in New Jersey. The success of this enterprise in her community was so great that it has developed into an institution which is practically nation wide.
 "We are extremely fortunate in obtaining bookings from Junior Programs Inc. for the Grosse Pointe schools and to secure the particular plays to be given," said J. Randolph Kennedy, President of the Parent-Teacher Council.
 General chairman of the committee from the council is Mrs. Thomas E. Dale. Publicity chairman is Mrs. Harry R. Esling.
 Ticket chairman is Mrs. Bert H. Wicking, 960 Westchester, Niagara 7064. She has selected to have charge of tickets for each school the following:
 Trombly—Mrs. Frank Buck, 851 Pemberton.
 Defer—Mrs. Edward L. Newhall, 1030 Bedford.
 Mair—Mrs. Parker-Brooks Sturgis, 1425 Bishop.
 Richard—Mrs. Theodore Osius, 712 University.
 Kerby—Mrs. Clyde Adams, 149 McFadden.
 Mason—Mrs. Oren Jilson, 142 Sunnyside.
 Pierce Jr. H. S.—Mrs. Edward F. Gehrig, 1230 Balfour Road.
 Tickets may be obtained from any of the above or through the schools listed. The capacity of the auditorium is 950. Two performances will be given at 10:30 A. M. and 1:30 P. M. Season

tickets will be limited to the seating capacity and it is not expected that any sale of tickets will be possible for individual plays.
 Tickets will be reserved for Grosse Pointe public school children and parents until October 1st. If any season tickets are then available they will be offered to children of parochial and private schools of Grosse Pointe and Detroit school children.

"Five Came Back" Amazing Drama Chosen For Opening Feature

**Chester Morris, Lucille Ball, Wendy Barry Head
Distinguished Group Seen in Gripping Tale of
Thrilling Adventures in Brazilian
Forest Wastes**

What is hailed as one of the most unusual stories ever told on the screen is "Five Came Back," which will be shown at the Esquire Theatre, East Jefferson at Beaconsfield, Friday, Saturday, Sunday and Monday, Sept. 15, 16, 17 and 18th with an all-star cast which includes Chester Morris, Lucille Ball, Wendy Barry, John Carradine, Allen Jenkins, Joseph Calleia, C. Aubrey Smith, Kent Taylor, Patrick Knowles and Elizabeth Risdon.

Sisk production for RKO Radio, with Jerry Ady, Dalton Trumbo and Nathaniel West writing the screen-play from the original story by Richard Cassill. The settings include a huge jungle reproduction in which much of the action was filmed, and which is said to be one of the largest settings ever constructed for screen purposes.

Soldiers Monument Dedicated at Fair

"Nothing more overhead than a cloudy sky. Nothing more to fear than the gentle fall of rain." These words were as a benediction as they were uttered and repeated under an overcast sky and on a platform at the State Fair grounds, last Saturday, by officials of the state fair board and all the allied veteran organizations in the state. The occasion was the unveiling of a monument to Michigan's war dead, men in this great state who went into every armed conflict in which America has engaged, since Michigan's history began.

When one considers the ominous import of those opening words, as compared to Europe and our own shores today, it bears out another assertion from the same platform that we do "have something to be truly thankful for and that what we have, all the priceless liberties we enjoy, were bought with blood. The lives of these men to whom this monument will be an everlasting memorial."

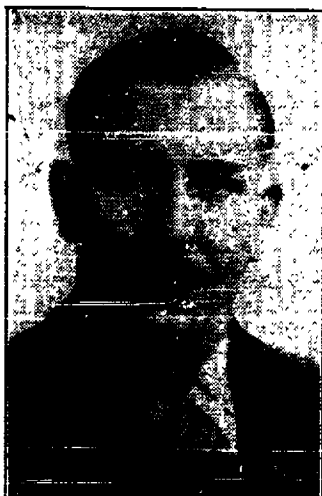

The shaft, simple but impressive in design, is made up of various sized and colored stones that were bought and contributed by various posts of the allied veterans organizations throughout the state, each stone being engraved with the name and number of the post from which it came. At the top, fed by the gas well on the fair ground's property, there is an urn-shaped stone that cradles a jet from which a torch-like flame will burn from now on. An eternal tribute to all the veterans Michigan has sent to all wars.

The dedication was in keeping with the memorial itself. Although the official platform was crowded with those prominent in state and city affairs and was surrounded by hundreds of veterans in the colorful regalia of Drum and Bugle Corps and bands, there was no pretense or fanfare. That followed later in the afternoon when the corps of twelve different organizations staged a competition in front of the orchestra shell on the mall. The moments during the monuments unveiling, by one of the few remaining members of Michigan's G. A. R., were devoted to its meaning, the price and enjoyment of peace, the fact that Michigan has set the trend again in expressing its appreciation in a tangible form for what its former soldiers have left behind. And, as if to satisfy the queries pouring in from other states as to what Michigan tried to do and did, Mayor Reading awarded gold cups to two trainers of homing pigeons who, in turn, released some two hundred of their feathered pupils to spread the new throughout the nation that Michigan, in the presence of war veterans from all nations who are now Americans and Michigan citizens, has successfully dedicated a memorial to the past and symbolically, with these men behind her, issued a challenge to the future.

Jacqueline Opens Shop in Building

The many friends and customers of Jacqueline will be more than interested to note the new location of her Beauty Shop in the Esquire Theatre Bldg. The shop itself has been equipped throughout with the most modern appliances for beauty work. Combine that with well experienced operators and the Women of Grosse Pointe can be assured of the finest in Beauty culture.

Tourists Prefer Monks' Cells
Most popular hotel at the always-popular Italian resort of Amalfi is an old monastery. To have the chance to spend the night in one of the ancient monks' cells, now comfortably furnished, Americans have to book rooms weeks in advance.

MR. ANTHONY LUBINSKI
President
ESQUIRE THEATRE CORP.

ANDREW F. MUSETTI, JR.
GENERAL CONTRACTOR

The Esquire Theatre was constructed by Andrew F. Musetti, Jr., General Contractor. Andrew F. Musetti, Sr., being the general supervisor.

Uniforms Created and Manufactured by the Gourlay Company

The beautiful uniforms worn by the employees of the Esquire Theatre, and which cannot be left unnoticed, were not only made, but also created by the Gourlays Dress and Uniform Company, located at 68 Harmon street, Detroit. The company's not only specializes in uniform making, but are well equipped to do any type of dressmaking desired by Grosse Pointe residents.

Alger Auxiliary

Our first meeting for the Fall session on September 5th was attended by a goodly number of the members. Activities during the summer were reported, a children's party at Chandler Park, two trips by a good many members to the summer homes of Mrs. Agnes Tilton and Mrs. Hansins Martinsen and a day spent picnicking at the Grosse Pointe Park Beach.

Plans were advanced for our Fall doings, foremost amongst which is the Card party to be held at the club rooms on the evening of September 21, 17145 St. Paul. All members are urged to attend bringing their swains and friends along. This will be our first party for the Fall season so lets start off with a bang. Refreshments will be served after the cards.

Watch for notice of our Fall Sale to be given the first part of December the ladies are busy as bees these days making many pretty and useful articles to be offered at this sale.

Following the meeting a very nice lunch was served by the Committee.

Origin of Chess
Chess gets its name from the Persian word "shah," meaning king.

MOST MODERN EQUIPMENT INSTALLED FOR PATRONS

The Esquire Theatre was designed by the owners to serve a community of taste and intelligence, and embodies every scientific device for full enjoyment of modern motion pictures. The Esquire Theatre, stores and offices will be air conditioned by the most modern methods by the American Refrigerating Company, no expense has been spared to insure the patrons at all times of proper ventilation.

The acoustical treatment was designed by the engineers of the Western Electric Sound Devices. Very comfortable chairs are installed in the Esquire Theatre by the International Seating Co. The seats are air cushioned with 21 springs with plenty space between seats.

The Booth equipment consists of motograph properties with bracket lamps. The latest and most modern Western Electric microphone coupled with the fact that the construction of the theatre being built as nearly as possible acoustically perfect should exhibit the motion pictures as its best.

"The Esquire Theatre being independently owned and operated, will be a friendly theatre, becoming, we hope," says Mr. George W. Sampson, General Manager, "the favorite amusement rendezvous for every member of the family. In this spirit of service we will dedicate the Esquire Theatre to the highest ideas of entertainment * * and to you."

Detroit Police Warn Cyclists

The Detroit area's ever-increasing number of bicycle riders were being asked today by Inspector Christian Nelson, of the Accident Prevention Bureau of the Detroit Police Department, to "quit disregarding the traffic laws and give the motor vehicle operator a chance."

"Our reports for the first six months of this year show," Nelson pointed out, "that bicycle riders have been involved in the unenviable number of 310 accidents with motor vehicles. "Of these accidents 137 took place at intersections. Twenty-nine accident occurred at intersections where there are traffic signals and in 26 of these the bike riders were pedaling through the red light when the accident happened. "The bicycle come under the classification of a vehicle in the Michigan law and the vehicle law applies to it," Nelson said. "The courts have so ruled, therefore all operators of bicycles should become familiar with the traffic laws."

"If the bike riders would acquaint themselves with the traffic laws I am sure they would cease violating them and the number of accidents certainly would fall sharply."

A set of rules and suggestions for bicycle riders, compiled by H. O. Rounds, director of the safety and traffic division of the Automobile Club of Michigan, are being distributed by the police, Nelson said. The Grosse Pointe Public Schools cooperate systematically with the club.

Here are the most important on the list: 1—All traffic lights and other traffic signals apply to the bicycle. 2—Dismount and walk across at congested intersection where there are no traffic lights. Do not dodge in and out of traffic.

3—When two or more bicycles are traveling abreast they should travel in single file when other traffic is approaching.

4—Always give a signal to those behind when turning, by extending the hand. Also, signal before stopping. First look back to see if any vehicle is closely approaching if making a left turn.

Township and Park Officials Welcome Esquire Theatre

Alfred J. Garska, President, Grosse Pointe Park, and Norbert Denk, Supervisor of Grosse Pointe Township, have extended heartiest congratulations, and best wishes for a splendid season, to the officials of the New Esquire Theatre. Messrs. Garska and Denk, after an inspection tour of the premises of the new theatre, state that residents of Grosse Pointe are going to get a real thrill out of their first visit to the Esquire. Appointments of the new theatre, according to these gentlemen, are in excellent taste throughout and are bound to appeal to the artistic sense of the most sophisticated Grosse Pointer.

Safety Should Be Stressed to Children

With the approaching re-opening of schools and the increased travel of children on streets and highways, parents should take every opportunity to stress safety of their children, says the State Department of Public Instruction.

Extra precaution should be used in crossing the street. Children should be forbidden to play in the streets and should be warned against running between parked cars. The marked decrease in traffic accidents involving children can be continued if parents will co-operate with the schools in impressing on children the need for extra care during the opening weeks of the school year.

Cost of London Fog
A London "pea soup" fog costs about \$5,000,000 a day, it is estimated. If the invention of a London scientist proves successful, it will be possible to penetrate the fogs to a distance of 10 miles by means of a camera device which throws a vision of the landscape upon a small screen.

Beautiful New Movie House Opens Friday, September 15, 6 P. M.

**PROMINENT VILLAGE OFFICIALS
AND RESIDENTS TO ATTEND OPENING**

Lately Released Features for Opening Night

Grosse Pointe's Ultra-Modern Esquire Theatre, East Jefferson avenue near Beaconsfield will open its doors to the public tomorrow night, Friday, September 15th at 6 p. m.

A double feature program will be offered for your approval. The first picture, "Five Came Back," is hailed as the year's most sensational picture—with a brilliant cast which include Chester Morris, Lucille Ball, Wendie Barrie, Allen Jenkins, C. Aubrey Smith, and "The Girl from Mexico," starring Lupe Velez, Donald Woods and Lem Errol is a rollicking comedy drama with Mexico and New York as the background for the plot.

The plot of "Five Came Back" deals with the forced landing in a Brazilian jungle of a transport plane carrying eleven persons, and with the drama that surrounds their efforts to escape. A trick of fate puts forth a confessed murderer as the sole arbiter of the destinies of the little party, thus contriving one of the strongest climaxes the screen has ever revealed.

Twelve persons are aboard the plane when it leaves the United States for Panama. One is hurled from the ship during the tropical storm, and the other eleven landing safely in a clearing in the wilds, seek to repair the craft and fly out. Trouble and disaster strike, while two romances spring up between four of the little party. One of the group is captured and killed by Indians, another is fatally wounded holding off a native attack. And when the crippled plane is finally ready to start for the coast and civilization, it is found that it will carry only five of the survivors; the other four must remain behind and face certain death at the hands of the enraged Indians.

How the five who came back are chosen by the only person among them who can make an impartial choice, forms the tense conclusion of the film story—an ending that will be long remembered!

Barn-Cured Hay
A University of Tennessee research worker found that hay which is sun-cured in the field contained only a third as much vitamin A as barn or air-cured hay.

Volatile Lupe Velez Has Enthusiastic Role In Sprightly Comedy

**Spitfire Lupe Plays Tempestuous Latin Entertainer
in an Uproarious Train of Merrymaking
with Donald Woods and Leon Errol as
Her Victim and Accomplice,
Respectively**

Lupe Velez, that little package of Mexican dynamite, makes her return to the American screen in a movie which has the advance reputation of being one of season's gayest romantic comedies, "The Girl From Mexico."

Latin Lupe has rarely had such a perfect vehicle. She depicts a hot-tempered singing lass from below the Rio Grande imported by a young advertising executive for a national network program.

Lupe invades New York in a blaze of action. The big town enralls her and she demands to see the sights. Her benefactor is busy and his shiftless uncle is induced to be her escort. Wrestling matches, baseball games and the hot spots help the couple "do" the town red hot. When the time arrives for Lupe's audition for the radio program she is voiceless and finds herself out of a job.

Her importer now must send her back to Mexico by means of a steamer, but Lupe refuses to return. She resumes her hectic tour of New York, and interweaves her madcap adventures with a plot to fix at the ad man. When she launches her campaign to woo him away from his social-sweetheart, her temperamental outbursts soar to explosive degrees—and the screen is afforded a sparkling assemblage of fast-paced complications which merge into one of the gayest, brightest, most actionful comedies of the year.

Ficry Lupe contributes a splendid characterization in the stellar role of "The Girl From Mexico." Her portrayal also includes the rendition of some entertaining native tunes and ternoishorean routines. Donald Woods as the bewildered young hero has one of his best roles to date, and Leon (Rubber-Legs) Errol plays his part of the susceptible uncle with equal excellence. Linda Hayes, "Gateway to Hollywood" entertainer; Donald MacBride, Elizabeth Risdon, Eduardo Raquello and Ward Bond have principal roles. Filmed against colorful Mexican settings and against exciting Manhattan locales, the film team stages a RKO Radio Picture and a production by Robert Sisk directed by Leslie Goodwins, from a scenario by Lionel House and Joseph Fields based on the former's original story.

The Grosse Pointe Review

"Keep at Peace" Barrett's Speech at Pierce School

(Continued from Page One)

that school has been under construction." He expressed the Board of Education's appreciation to those present and to the many others who had cooperated in the project.

Edward Line, Resident Engineer Inspector of the Public Work Administration, termed the Pierce School "one of the P. W. A.'s finest jobs." F. Herbert Martin, president of the F. H. Martin Construction Company, spoke on behalf of the contractors. Robert O. Herrick, senior partner of Herrick and Gamber, architects for the building, said economy both in construction and in eventual cost had been kept constantly in mind in planning the building. "There were many features, for example a swimming pool, that we should have liked; but all concerned have desired to build within the amount approved."

"Our School Board represents the public and we need the public's support and approval of our policies," Mr. Parcells declared, introducing L. B. Oldham, publisher of the Grosse Pointe Review. "Not only for the Board, but for the whole public we thank Mr. Oldham for his contribution to the advancement of education in the community and for his generous use of his columns in shaping public opinion and in aiding with the successful bond issue campaign of last fall."

Mr. Oldham spoke briefly, expressing his desire to aid in all projects for community betterment.

"The job of carrying on the Pierce School, now that it is completed, is

in the hands of its administration and faculty," Mr. Parcells declared as he introduced Charles E. Leavitt, principal of the school and former assistant principal and director of guidance at the Grosse Pointe High School. To the group present and to the community as a whole, Mr. Leavitt pledged himself and his faculty "to do everything possible to uphold the thinking and craftsmanship built into the building and to try to do as good a piece of work in the Pierce unit as is being done in the rest of the system. And I honestly believe that we have one of the finest school systems in the country," Mr. Leavitt concluded. He introduced Miss Bernice Moore and Paul Jung, each of whom will give half time to work as dean of girls and dean of boys respectively.

Miss Florence Severs, chief librarian of the Grosse Pointe Public Libraries, expressed her staff's satisfaction at the prospect of working in the beautiful new public library branch to be housed in the Pierce building.

Attorney Albert E. Meder, one of the school trustees; Ralph M. Clark, secretary, and Charles A. Poupard, treasurer of the Board of Education, were introduced. Mr. Meder expressed the Board of Education's satisfaction that the Pierce School was ready to open on schedule and that the building had been so well constructed.

"No one's education is ever completed," Mr. Meder declared. "The college graduate still needs to study and read after graduation. There is no easy road to learning. Similarly, this community and Board of Education still have a great task ahead of them. Our communities are growing, our population is growing, our school needs and costs are increasing, and

the Board of Education will need help from all of you and the community in the years that lie ahead."

Dr. E. R. Van Kleeck, Superintendent of Schools, paid tribute to the many whose thought and work had gone into the Pierce School, mentioning especially former Superintendent S. M. Brownell and John R. Barnes, Director of Instruction. Each speaker at the program had thanked all the other groups for cooperation. Dr. Van Kleeck said, and this keynote of working together was alone responsible for the speedy completion of the school, he added. He expressed his personal appreciation for the help which had been given by the architects' staff, teachers, principals, and Board of Education members.

Mr. Parcells closed the speaking with a tribute to his fellow Board members for their cooperation. Of his many years on the Board, only the year when the senior high school building was constructed has seen so many Board meetings and so many important problems, he said.

The dinner closed with the singing of "America" under the leadership of William J. Watkins, Director of Music.

Attractive programs were prepared for the affair, the outside pages being cut from discarded blueprints used in the earlier plans for the building. The fact that the dinner was held in the Pierce cafeteria nine months to the day from the date of ground breaking last December 8 was indicated on the program. The building was substantially completed September 6.

Also included in the souvenir program was the menu, with the various dishes labeled with names of those prominently associated with the construction work. A picture of the school was bound into the program, with a reprint of the wording of the bronze tablet erected in the main entrance of the school.

Y. M. C. A.

The Belle Isle Softball and Steak Roast season has just drawn to a successful close for Hannan Y. M. C. A. residents, and six of the fellows in the league are to be honored at a special chicken dinner on Monday evening at 6:30 at the "Y".

According to Sidney Riley, official scorer, the four players with the highest batting averages will receive certificate awards. They are: Walter Kish, batting 714%; Melvin Holland, with 620%; and James Shine and Maxie Lee, both tied at 600%. These four men will be officially welcomed into the "Smoking & Hit 'em Fraternity by Jerry Stoughton, toastmaster, and Chairman of the Membership Committee of Hannan Y. M. C. A., secretary, will present Sidney Riley with a certificate signifying that he has been the most valuable member in the league in recognition of his work as official scorer. Jason Stoughton will present Lou MacHenry, "Chief DeLuxe" with a certificate in appreciation of his consistently successful efforts in fortifying the "Inner Man" on the occasion of the weekly picnic suppers which he served to members of the league at Belle Isle.

The Social Activities Committee of Hannan Y. M. C. A. is planning an active season of events, many of which will be open to residents of

our community. Among the various groups to start in the near future are a mixed chorus, a male quartet, classes in public speaking, radio broadcasting technique, fundamentals of aviation, photography and vocational guidance. A current events group evaluating newspaper periodicals and radio press dispatches enabling the students to form unbiased opinions from the mass of information coming to one's attention day by day.

A fraternal group not based on any special interest, but centering around the ideals of fellowship, are also planned. The Monday night Forum, which has been such a successful feature of the Hannan program in previous seasons, is also due to start the first week in October. Activities for the men in the Residence are also being planned.

According to Dr. T. Paul Hickey, President, an exceptionally heavy advance registration of students for the fall semester at the Detroit Institute of Technology and the Detroit College of Law indicates that the coming term will see the largest enrollment in the history of the school, surpassing last year's record mark of 2,800.

The fall semester will get under way Monday, Sept. 18, with day and night classes being held in both schools. Both the Detroit College of Law and the Detroit Institute of Technology operate under the Detroit Y. M. C. A. The two educational institutions have had sensational growths during the last few years until today their curricula and the enrollment is surpassed by few schools in the Middle West. The Detroit College of Law is one of the largest in the country and is recognized as one of the outstanding law schools. The growth of Detroit Tech has been no less spectacular, with most complete courses of study in all its departments.

New courses will be offered this fall in all four of the colleges comprising Detroit Tech, these colleges being Liberal Arts, Engineering, Pharmacy and Commerce and Finance.

Major Burne Henry Post News

Now that the tools we laid down 20 years ago are being taken up and well and in order that veterans every-going into service again, it would be where become veteran conscious and attend veteran meetings. The future policies of this country affecting our lives and the lives of our children are going to be decided in the immediate future. You had no voice in the making of the last war, but with your active participation brought it to a victorious conclusion. You may be the voice in this conflict and the place to show your interest in the affairs of the community and nation is at the veterans meetings. Former members are urged to attend the next meeting of this post September 26th.

It has been rumored that a new system is to be put in effect this year. Officers are going to progress from Sergeant-at-Arms, up one step per year through the various Post officer-ships to the part of commander. This way it will take eight years for a commander to graduate out of the Post into the wide extensive society of ex or past commanders. Further the rank at which will have time to become ac-

quainted with the officers of the Post. Other posts have been reaching out for our graduates and it is about time to cut out being a training school for the benefit of our competitors.

Charlie Bishop has been commissioned to put on an old-fashioned "Hallowe'en party. It is his idea, and a good one too, to bar all sorts of the conventional liquid refreshments other than cider and coffee. The unit is going to put its shoulder to the wheel and see that Charlie's party is a huge success. Charlie says this is a party for your daughters and sons and their friends and he is recruiting a squad of strong arm men to be on hand to see that his restrictions are carried out. Governor Dickinson's broadcasts are bearing fruit.

Now let's recapitulate the above:

1. Attend your meetings.
2. Join in the hunt for post commanders at our meetings.
3. Keep Charlie's party in mind.

Dr. Moyer's Advice to G. P. Parents

The following advice may be given to parents, says Dr. H. Allen Moyer, Michigan State Health Commissioner:

1. Do not become hysterical or panicky about the situation. Modern traffic is much more dangerous to your child than polio.
2. Polio is a contact disease.
3. Not all cases result in paralysis.
4. Infection probably enters the body through nose, mouth and throat.
5. Keep all sick children isolated.
6. Do not let your child visit another sick child.
7. Teach your child to keep his fingers out of his nose and to avoid stagnant water.
8. Keep your child clean.
9. Avoid excessive exposure from sunburn.
10. Avoid excessive exercise.

Alger Post Noes

The forty-five boys comprising the Drum and Bugle Corps of Alger Post 995 V. F. W., of Grosse Pointe, took an important part in the dedication of the Soldier's Monument at the State Fair Grounds.

The Sons-of-Veterans Unit of Alger Post 995 V. F. W., of Grosse Pointe, held a dance Friday evening, September 8th. Around one hundred boys and girls of High School age in Grosse Pointe gathered in the Alger club rooms at 17145 St. Paul Avenue and experienced a very enjoyable evening.

A question that some of you Grosse Pointe residents may have been asking yourselves for some time may be answered in the near future. There is to be a flag pole erected on the lawn of the Alger Post V. F. W. club rooms on St. Paul Avenue.

Violin to Be Taught in Pointe Schools

William J. Watkins, director of music for the Grosse Pointe schools announces that with the opening of the new school year the children of Grosse Pointe will have an opportunity to learn to play the stringed instruments of the orchestra. For the past two years wind

instruments have been the chief concern and the progress that has been made was very well demonstrated at the out-of-door concert of last June when the High School band joined with the massed elementary school bands to number over 250.

This year the students of the elementary schools may learn to play the violin and cello. Regular classes will be held twice a week in school hours. There is no charge for these lessons. Students must provide their own violins but a limited number of cellos owned by the schools may be loaned for one semester only.

In the junior high grades at both the high school and the Pierce school, the violins, viola, cello and string bass will be taught. Students must furnish their own violins but a few school-owned violins, cellos and basses are available to be loaned to students. Those who have had piano lessons very often find it easy to learn to play the cello and string bass. All interested students should consult their music teacher at the opening of school. Those who have

had training on violin, viola, cello or string bass should get in touch with their music teacher with the view of joining the classes and orchestras which are to be formed.

Scandinavian Arts Shop Opens

In response to the current demand for Scandinavian Arts and Crafts, the Kay Parcher Shop will open Saturday, September 16, at 371 Fisher Road, with a fine selection of imported Scandinavian pottery, glass, pewter, silver, copper and wood.

The "Brownie" Block Print line of paperies, embracing colorful notepaper, table mats, napkins, coasters, greeting cards, etc. will be featured. A Cordial invitation is extended to all Grosse Pointe residents to drop in and "browse around".

First Barbed Wire Fence
A few strands of the first barbed wire fence that was built in Texas, near Amarillo, still are nailed to their posts, erected in 1876.

Bob Pastor, contender for the heavyweight championship title of the world, gives Carl Vernell, amateur boxer, a few fighting pointers.

Carl Vernell, versatile instructor at the Arthur Murray Dance Studios, Stabler Hotel, practices boxing in his spare time, and is an ardent admirer of Bob Pastor to whom he bears a striking resemblance. Carl is six feet tall, weighs 170 pounds and disproves any comic conception of a dancing teacher. He believes that his boxing training has helped him to a great extent in developing the endurance and quick-footedness necessary for the strenuous eight-to-ten-hour program of dancing which he averages each day. Bob Pastor, on the other hand, had found a pleasant diversion from his training program, as well as being full body, which keeps him "on his toes" in the ring.

Vernell has been dancing for the past two years, previous to which time he engaged in several amateur boxing matches, and still does his "work outs" as often as his schedule will permit. He is 23 years old and neither smokes nor drinks as the result of his early training. "My admiration for Bob Pastor goes back to three years ago when I first saw him in the ring," declares Carl, "and I was impressed at that time, and still am, with the grace and sure-footedness which Pastor displays in his boxing. My ambitions at the present time are outside the ring, but if I should ever go back to boxing I know that my dancing experience would prove invaluable. Meanwhile I'll keep boxing to keep in shape for my work, and be content to watch the professionals from the other side of the ring."

Trick License Plates Will Be Out Next Year

Trick license plates with designations such as BOO, GOO, PAK 4, and COO will be taboo in Michigan beginning March 1, next year, Harry F. Kelly, Secretary of State, has decreed. In-

stead 1940 auto plates will be uniform for every car whether owned by state officials or persons with great influence. The 1940 plates will have two letters and four numbers, with the letters designating the locality in which the plate is issued so law enforcement officers can tell at a glance where a car is from.

When Secretary Kelly took office he found in existence an astonishing variety of goofy and confusing license plate numbers. Hundreds of requests for similar silly numbers were on file and these were promptly denied. It was of course impossible for Secretary Kelly to recall the hundreds of fancy numbers which had been issued by a former administration.

"There will be no more of the confusion that resulted from the childish practice of issuing a huge variety of license plates which has placed an almost unsurmountable impediment in the way of police agencies in the effort to enforce the law and track down criminals," said Secretary Kelly.

Uniformity of 1940 license plates will make possible a key filing system from which information can be given speedily to law officers concerning any car that is sought, a very important matter in police work.

Knowledge, A Defense Weapon

How much does the average American know about tuberculosis? A scientific survey just completed by the American Institute of Public Opinion shows that modern health education has removed much of the old ignorance and fear of the White Plague. One of the most valuable indications of the survey is that while many people still apparently do not know that the disease is caused by a germ—tubercle bacillus—and that it is infectious, a great majority do understand the ur-

gent need for plenty of rest and nourishing food in curing it.

The brunt of the task of telling Michigan people the things they should know about tuberculosis for their own protection has been borne largely by the Michigan Tuberculosis Association, a voluntary agency organized in 1908 to fight the disease in this state. For 30 years modern education has figured prominently in its intensive campaign to halt the inroads tuberculosis makes on Michigan health. And today tuberculosis is one of the major diseases about which the public has a fairly adequate knowledge.

Much has been said about the value of printers' ink when there's a fight to be won against diseases. Foremost in the battle for health are the newspapers. Realizing how valuable are the printed word and the demonstrated fact in fighting tuberculosis, the Michigan Tuberculosis Association brings into play important weapons of defense against it: up-to-the-minute and authentic publications for Michigan adults and children; an unusually helpful school program presenting the Indian Princess Watassa who tells school children all over the state health facts based on Indian legends; modern motion pictures suitable for school and civic groups, for doctors, and for laymen; exhibit materials; and lecturers who visit Michigan communities with information about tuberculosis.

Bright-colored bits of paper—mighty important bits, though, for they are tuberculosis Christmas seals—keep the Association's anti-tuberculosis campaign running smoothly and efficiently. The tiny tuberculosis Christmas stamps, each one a health seal, are the financial mainstay of the statewide combat against the White Plague. Each year, Michigan people show their eagerness to help fight tuberculosis when they buy and use tuberculosis Christmas seals.

Michigan Shade Trees Saved from Ruin

Nearly a quarter million roadside shade trees had a new lease on life this week as the state highway department completed its 1939 tree-spraying activities.

The attack against leaf-eating insects was launched April 4 with dormant sprays to kill insects before damage had started. In May, attention was concentrated on a regular summer spray campaign was started. The department uses a solution of arsenate of lead.

The program was carried on by four units with power spraying equipment. Each machine was operated by two crews—one working from daylight until noon and the second crew from noon to dark. Nearly 700,000 gallons of spray solution went through the sprayers. Attention was concentrated on apple, elm, cherry, walnut, oak, and hickory trees.

State Highway Commissioner Murray D. Van Wageningen claimed for the program the saving of thousands of trees along Michigan roadsides. "We have expanded this program from year to year," he said, "with the result that today there are beautiful trees along our roadsides which the insects would otherwise have destroyed. It is impossible to accurately calculate the value of these roadside trees but we know that they are returning thousands of dollars in tourist income and in scenic pleasure for Michigan drivers."

Neighborhood Club Activities

Results of games played Sunday, September 10:
Grace, 8; C. Y. O., 1.
Trogens, 4; W.B.'s, 1.
Griffith-Wade, 1; Fire Fighters, 0.
Holycoons, 9; DeVans, 4.

Team Standings Playoff Series

Team	W	L	Pct.
Griffith-Wade	2	0	1.000
Grace	2	0	1.000
Kelly's Bar	1	0	1.000
Fire Fighters	1	1	.500
Holycoons	1	1	.500
Trogens	1	1	.500
*Wildcats	0	2	.000
*DeVaons	0	2	.000
C. Y. O.	0	4	.000

*Teams eliminated

A double header will be played on Sunday, September 17; the first game starting at 10 A. M.

Schedule for first games:
Kelly's Bar vs. Holycoons—Diamond No. 1.
C. Y. O. vs. Fire Fighters—Diamond No. 2.
Griffith-Wade vs. Trogens—Diamond No. 3.
Grace (Bye)

There are still a few entries left in the Club's football league. Any team desiring to enter should get in touch with John Curran, at the club immediately.

The league is slated to get under way about the 25th of September and from all indications there should be some very interesting games.

Two leagues are being formed. A junior league for boys 12 yrs. old and under—not exceeding 150 lbs. and a midge league for boys 14 yrs. and under not over 110 lbs.

The Neighborhood Club Schedule for all activities will be out soon.

At the Punch and Judy Theatre

Warner Baxter brings back to the screen of the Punch and Judy Theatre on Friday and Saturday O. Henry's lovable outlaw whom he created in "In Old Arizona" in his latest picture "The Return of the Cisco Kid". The immortal Robin Hood of the Rio Grande inspires new action packed legends of the Old Southwest in this fast-paced, fun-filled film.

All the charm, all the humor, all the pathos, all the simple, human and folksy quality of last year's memorable "Four Daughters" has been recaptured in "Daughters Courageous" which plays at the Punch and Judy theatre, Sunday, Monday and Tuesday. To make the parallel still closer between the two pictures, every member of the cast of the first has a role of equal importance in the new one. The feminine contingent again includes the "four daughters," Priscilla, Rosemary and Lola Lane, and Gale Page. Fay Bainter, that supreme character actress, has been added to the original cast as the girl's mother, and a very welcome addition she is. May Robson is again cast as the crochety, lovable old family standby. The male roles are in the capable hands of John Garfield, Jeffrey Lynn, Claude Rains, Frank McHugh and Dick Foran, with the ever reliable Donald Crisp as a newcomer to the many-daughtered family.

Teaming Annabelle and Robert Young in "Bridal Suite" is the romping attraction at the Punch and Judy theatre Wednesday and Thursday. Never were two leading players more happily cast than this pair, assuming respectively the roles of an irresistible manageress of a Swiss inn and an American playboy. And when it is added that this romantic comedy twain are bulwarked in their zany doing by such screen artists as Walter Connolly, Reginald Owen, Gene Lockhart, Arthur Treacher and Billie Burke, you may well gather that "Bridal Suite" is a picture not to be missed.

Christian Science Church

"Matter will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, September 17."

The Golden Text (Psalms 73:26) is: "My flesh and my heart faileth; but God is the strength of my heart, and my portion for ever."

Among the Bible citations is this passage (I John 2:15,17): "Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him. And the world passeth away, and the lust thereof, but he that doeth the will of God abideth for ever." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p 356): "So-called material existence affords no evidence of spiritual existence and immortality. Sin, sickness, and death do not prove man's entity or immortality."

Grosse Pointe Lutheran Church

"The Strong Bearing the Burdens of the Weak," will be the subject of the sermon at the Grosse Pointe Lutheran Church, worshipping in the Richard School auditorium, Kercheval and McKinley, Sunday morning, September 17th, at 10:45 A. M., preached by the Rev. M. Luther Canup, D. D., pastor.

Sunday School at 9:45 A. M., when beautiful colored stereopticon pictures on the life and teaching of Jesus will be shown. In the Sunday School we have classes for all ages and grades. If you are a resident of Grosse Pointe and have not a church home, we cordially invite you to make ours your home church.

Eastminster Presbyterian Church

Eastminster Presbyterian Church, East Jefferson at Manistique, telephone LEnox 9282. Rev. Carl E. Kircher, D. D., minister.
9:45 A. M.—Sunday School.
11:00 A. M.—Rev. Carl E. Kircher, D. D., pastor, is preaching a series of sermons on "War." The subject being: "He Loved the World So Well, He Lost It."
6:15 P. M.—Christian Endeavor groups.
7:30 P. M.—"The Greatest Word In The Bible."

Wednesday evening at 7:30 P. M. we will continue our regular mid-week prayer services. Dr. Kircher will speak on the subject, "The Place Of The Church In The World."

Messiah Lutheran

Southeast corner of Kercheval and Lakewood Avenues. A. H. A. Loeber, pastor. 1434 Lakewood Avenue. Telephone LEnox 2121.

Next Sunday, September 17, the Sunday School will meet at 10 A. M. The preaching service will take place at 11:15 o'clock in the morning. The theme of the sermon will be "God's Providential Care For His Children."

The Ethel Fruehauf School

821 Vernigr Road, Grosse Pointe
Our new building, just completed, has been carefully planned to answer all needs of children between the ages of 2 years through 12. School rooms and sleeping quarters are large, light and airy. A unique feature—an observation ward designed so that boarding students with colds may be isolated.
Our aim—the complete development of the child, physically, mentally, socially and emotionally. In both the Pre-School and Kindergarten Groups, the maximum of individual growth shall be stressed instead of social efficiency alone. Our staff of warm-hearted and understanding teachers is prepared to give your child the individual attention so necessary to the development of those desirable personality traits which will mean so much to him in adult life.

Pointe Flower Big Success
 (Continued from Page One)
 Mrs. B. S. Warren—(Robert Stewart).

Mrs. E. A. Turnbull—(William P. Thomas).
 Mr. and Mrs. Oscar Webber—(William Lutey).
 Mrs. D. Hawes—(Frank Moulia). Acting as judges for this section were Thomas Wilson, Perrysburg, Ohio, and Charles E. Farrow and Geoffrey C. Corke of Grosse Pointe Farms.
 Several other classes calling for artistic arrangement were restricted to members of the society including a dinner table centerpiece for which ribbons were awarded to Beu Nankervis, Horace Mallinson and William P. Thomas. And for a basket arrangement open to assistant gardeners with ribbons awarded to Bliss Wicker and Anthony Joyce. In another class restricted to wives of members calling for a basket of annuals honors went to Mrs. Roy Berry and Mrs. Horace Mallinson. Jurors for these were William C. Jones, John Cheney and Robert Stewart.
 Especially keen was the competition given in the six classes in artistic arrangements open to members of the Garden Club of Michigan, Junior League Garden Club, Grosse Pointe branch of the Women's National Farm and Garden Association, the Little Garden Club, and the Detroit Garden Center. The judges Mrs. W. Beresford Palmer, Mrs. Sarah W. Hendrie and Mrs. Cyrus H. Kinsman, Grosse Ile, had a formidable task in coming to their decisions.
 Winners of the coveted ribbons were: Mrs. Herbert Micoou
 Mrs. John S. Newberry
 Mrs. D. M. Ferry, Jr.
 Mrs. Howard Smith
 Mrs. Charles Wright
 Mrs. Frank Lambert
 Miss Florence Stroh
 Mrs. Richard Jackson
 Mrs. Henry Candier
 Mrs. L. Roth Farr
 For the second time amateur gardeners played an important part and winners of prizes in the various classes included, Mrs. Lloyd Murray, A. K. Laukel, Dr. Hugh Stalker, Mrs. E. McGinty, Mrs. Frank Cadieux, and Miss Phyllis Carl.
 Visitors to the show were impressed with the many displays exhibited in the children's section with their pleasing and novel arrangements, and among the prize winners were Joan Cartwright, Martha McLaughlin, Elaine De Wolf, Ruth Gieche, Vera Roberts and Edith Van Buskirk.
 Another children's class for the best collection of Michigan wild flowers gained a blue ribbon for the combined entry of Jean Colinson and Joan McGinty and a red ribbon for second place to John McGinty.
 Varied and choice were the many commercial exhibits contributed by leading florists and growers of Detroit and vicinity.
 Nick Koenig and Sons, New Baltimore, staged a group of dahlias including all the best standard varieties and worthwhile recent introductions.
 Lohrman Seed Co., Detroit had on exhibit a collection of novelty annuals of the 1939 season.
 Eburnt C. Stahl and Sons, The Glad-Jolia Patch, Grosse Pointe Farms, staged a striking display of Gladioli of over fifty varieties for which they gained the silver medal of the Grosse Pointe and Eastern Michigan Horticultural Society.
 V. R. DePetrie Inc., Grosse Pointe Farms, with their stage setting of unique floral arrangements and unusual plants made a pleasing picture.
 Nielsen's Greenhouses, Ann Arbor, presented a group of greenhouse begonias including two recent introductions which were admired by all.
 Allemon's Florists, Detroit, contributed a table of succulent cacti and other miniature plants.
 Ferry-Morse Seed Co. from the seed trial grounds at Rochester, sent a large and well grown collection of annuals and vegetables.
 The Alger Flower Shop, Detroit, a well displayed table of novelty compositions with a color motif of black and white.
 Another table setting of merit was that of Arthur Pasick, Punch and Judy Flower Shop.
 Mack Avenue Greenhouses and Myron Bloy, Detroit Florists, also contributed choice arrangements.
 In addition many varied complimentary exhibits were on display including a collection of petunias and one of gourds by Mrs. Alfred G. Wilson of Rochester. Clematis and Jasmine by Dr. Hugh Stalker.
 Flower arrangements of Bird of Paradise blooms done in the Japanese manner by Mrs. W. Beresford Palmer caused much comment.
 An exhibit of an educational nature comprised of herbs and aromatics, staged by Tom Pearson, was well received by all visitors.
 The Michigan Dahlia Society sent with their compliments, a tastefully arranged basket of dahlias.
 Other smaller exhibits were dahlias from Dr. and Mrs. Fred C. Kidner and seedling dahlias, Francois Hanskens.
 John L. Baker, Grosse Pointe Farms, displayed a vase of his marigold, Browning King.
 Throughout the show the attendance was good and everyone is now looking forward to the next exhibit of the Society, the annual Chrysanthemum Show to be held at the Neighborhood Club Saturday and Sunday, November 1 and 12th.
