## Grosse Pointe Park And Farms Primary Elections Tuesday

Grosse Pointe Park and Grosse Pointe Farms are preparing for an exceptionally large turnout of voters in the forthcoming elections, February 13, in view of the fact that a strong contest is anticipated for the offices to be filled.

In Grosse Pointe Park there are three candidates for the office of President: Alfred J. Garska (incumbent), Francis D. Cooley, John W. Chandler. There are three Village Commissioners to be nominated from a field of ten: William P. Shoemaker, John B. Renaud, Louis DeHayes (incumbents); Joseph E. Applegate, L. Louis Carron, George Flandera, Homer C. Fritsch, Thomas T. Petzold, Ward S. Van Dusen, Edward H. Vincent.

In Grosse Pointe Farms they are two candidates for the office of President: Paul H. Deming (incumbent), and Charles W. Babcock. For Trustee (one year term): William K. Muir and David G. Williams. For Trustees, three to be elected: LeRoy May, John E. Sutton, Jr., Joseph W. May (incumbents), Ben H. Cole, John H. Flancher, chief, for Assessor are unopposed: Henry G. Homan, Theodore A. ...

### Edward H. Vincent For Commissioner

Edward H. Vincent of 1312 Buckinghams Road, businessman and student of civic affairs and economics, resident and taxpayer in Grosse Pointe Park for 18 years, announces his candidacy for commissioner of Grosse Pointe Park.

In fairness to my sponsors and many friends who have asked me to enter the race and who have placed my name

### Township Primary Not Necessary

The necessity of holding a Grosse Pointe Township Primary election on Monday, February 29, was eliminated with the withdrawal from the race of John Miller, whose friends insisted he file for Justice of the Peace. Mr. Miller is to be commended for withdrawing and saving the taxpayers about \$3,000.

The present incumbents have performed the duties of their offices faithfully and well, and the taxpayers as an expression of confidence have voiced their approval by offering them no opposition in the primary election.

### Health Lecture

J. Brooke Marsteller, director of physical education of Hannan Y.M.C.A. has announced a special meeting of the physical committee under the chairmanship of Gordon Heylin, of the Detroit Edison Company, for Monday, February 12, at 12:15 at Hannan Y. M. C. A. The committee is planning a special series of lectures on health by prominent Detroit physicians. These lectures will be held every Monday evening during the month of March and will be open to the general public.

### Father-Son Banquet Next Thursday

The Second Annual Community Father and Son Banquet, which is being sponsored by the Grosse Pointe Woods Presbyterian Church, will be held on Thursday evening, February 15, at 6:30 o'clock in the gymnasium of the Grosse Pointe Memorial Church, 16 Lake Shore Road. Transportation will be provided where desired. An interesting program is being prepared. Reservations which are being limited to 250 places, should be made with Mr. George Couillard, Tuxedo 2-0755, as early as possible to avoid disappointment.

## Disproves Last Minute Propaganda of Park Office Seekers

### Village Commission Has No Control Over December Tax Boost

Stirred by apparent deliberate attempts of office seekers in the coming primary election in Grosse Pointe Park to confuse the voters, Alfred J. Garska, president of Grosse Pointe Park and candidate to succeed himself, has issued a statement regarding the tax situation.

"It has come to my attention," states Mr. Garska, "that a whispering campaign has been started placing the blame for the recent increase in December taxes on the village commission. This, of course, is not the truth, and any candidate for public office, who makes such a statement certainly displays too much ignorance to qualify as a public official."

### Ben H. Cole Seeks Farms Trusteeship

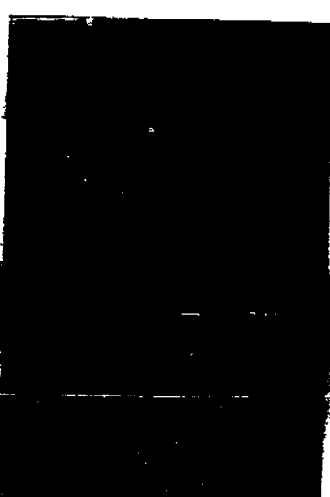

In line with increased citizen interest in local government, Ben H. Cole, well known practicing attorney, professor of law and former assistant prosecutor of the State Bar of Michigan, has announced his candidacy for trustee of Grosse Pointe Farms.

## You Should Re-Elect These Officials

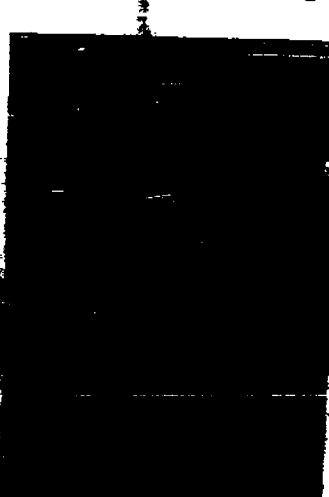

ALFRED J. GARSKA

Enjoying an enviable record of achievement in managing the affairs of the Village of Grosse Pointe Park, these men are candidates to succeed themselves at the primary election next Tuesday, February 13. The above group headed by Alfred J. Garska, president,

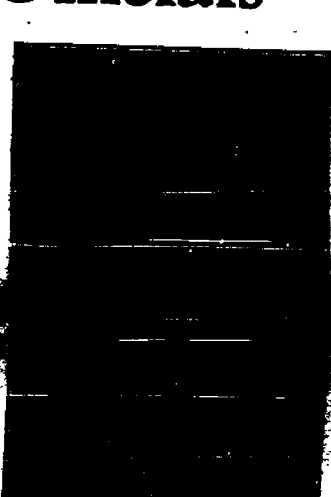

WM. P. SHOEMAKER

has rendered many years of efficient service to the village. Their administration of village affairs has been marked by a spirit of fearless and common-sense public service. They are all successful businessmen in their re-

LOUIS A. DEHAYES

spective business fields. They are experienced public officials. Mr. Garska has had 22 years of public service. William P. Shoemaker, commissioner, has had 14 years experience in that capacity. Louis A. DeHayes, commis-

JOHN B. RENAUD

sioner, has had 9 years experience, and John B. Renaud has had 5 years experience. Village affairs are safe in their hands. They should be returned to office.

## Chandler Sponsored By Economy Group for President Backs Village Manager Plan

Sponsored by the Economy Committee for Good Government in Grosse Pointe Park, and preferred as a candidate for President of the Village by the Citizens Association, John W. Chandler, credited with leading the fight for the widening of Woodward avenue, in Detroit, promises to be a militant and forceful candidate for office.

His first statement pointing out that Grosse Pointe Park is a fine residential community from which vice and gambling should be stamped out as the first order of business, has revealed that three gambling places have been permitted to operate within the confines of the Village.

"Records of the Michigan State Police and James N. McNally, Grosse Pointe Justice of the Peace, disclose that in recent months gambling establishments have been raided by the State Police at 14950 East Jefferson avenue, 15003 East Jefferson avenue and at 15114 Mack avenue," said

### Dr. Applegate For Commissioner

Dr. Applegate, a resident and property owner of Grosse Pointe Park for many years, living at 1137 Balfour Road, has been asked by a group of prominent residents of Grosse Pointe Park to place his name before the voters of this community as a candidate for the office of commissioner of this village.

(Continued on Page Seven)

Chandler. "The three establishments had been under observation for several months when Captain Donald S. Leonard of the State Police, personally directed raids on the three places, after search warrants had been obtained from a Redford Justice of the Peace. At the time of the raid, the establishments were not in operation, but it was known that business had been conducted on the day of the raid.

"Operators were identified by utility bills and other evidence found. Warrants were issued for C. W. (Red) Gorman, Frank J. Chism and Clyde Stambaugh by the prosecuting attorney, and all three pleaded guilty to disorderly charges before Justice of the Peace McNally.

"There is nothing to indicate any previous effort by the Village authorities to put an end to gambling which necessarily attracts undesirables who are not residents of Grosse Pointe Park, this in spite of the fact that one of the 'bookies' operated in a building that can be plainly seen from Municipal Hall.

"Evidence uncovered in the Detroit police shake-up and gambling scandal seems to bear out the generally acknowledged fact that gambling seldom, if ever, exists without the local officials being 'in the know.' This naturally brings up the question: 'Why didn't our Village officials insist on eliminating gambling and closing up the 'bookies' without waiting for the State Police to step in and do it for them?'"

"A community of the size and character of the Village of Grosse Pointe Park should be free of vice and gambling establishments," said Mr. Chandler.

(Continued on Page Five)

### John H. Flancher Grosse Pointe Farms Seeks Trusteeship

John H. Flancher of 206 McMillan Road, Grosse Pointe Farms, is a candidate for the office of village trustee. The primary election will be held Tuesday, February 13, and voting will take place at the Municipal Building on Kerby Road.

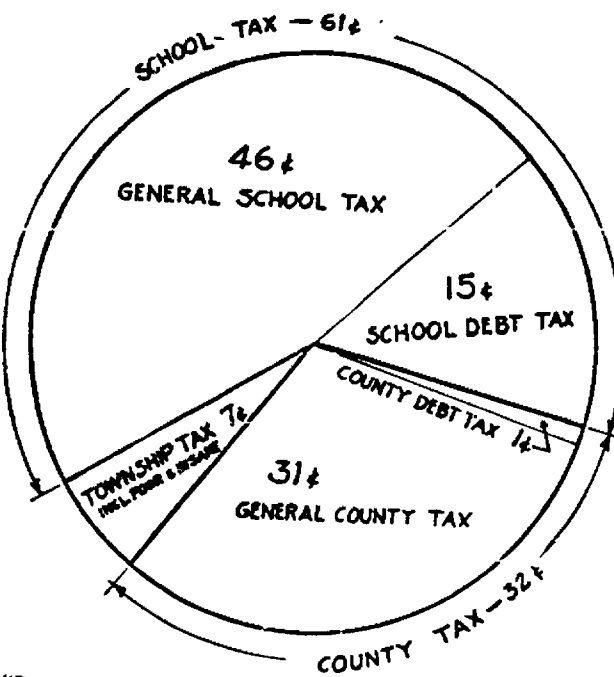

Mr. Flancher has been a resident in Grosse Pointe Township for 15 years and a home owner in the Farms four years.

### How Your December Tax Dollar Will Be Spent

Last minute campaign propaganda that the Village Commission of Grosse Pointe Park was responsible for the increased valuation used for county, school and township taxes has brought the following statement from Norbert F. Denk, supervisor of Grosse Pointe Township:

"The circle-graph published in this issue of Grosse Pointe Review was prepared by me and shows clearly how your December 1939, tax dollar was divided.

"Re-assessment of all real property in Grosse Pointe Township was made by the Wayne County Bureau of Taxation under my supervision. In the City of Grosse Pointe this assessment was made under the supervision of the City assessor.

"This assessment was made in a very scientific and equitable manner. It is the same equalized method of assessment that has been adopted throughout Wayne County. It replaced a hit and miss system that had become badly antiquated. I am proud of the new system.

"The Village Commission of Grosse Pointe Park had nothing whatever to do with the new assessment system, which resulted in an increased valuation and it is unfair for opponents of the present village administration to spread propaganda in an attempt to gain public office."

### Tax Increase Not Probable in Grosse Pointe Woods

During the past few weeks a number of telephone calls have come into this office relative to monthly payments on homes with F. H. A. mortgages. Since the township tax statements were sent out about December 1, 1939, with a new assessment and in most cases, a substantial increase in taxes, there has been somewhat of a fear that the village would duplicate this program.

At the present time there is no reason to believe there will be any increase in Village taxes next year. While it will be necessary to raise the budget in all departments for 1940 due to the many new homes, this extra expense will be taken up from taxes received by the increase in valuation.

From January 1, 1939, to December 31, 1939, 412 building permits were issued with a valuation of \$2,150,911. If the new buildings are only assessed 50 percent of value, with our present tax rate of \$14.95 per thousand, that will mean an increase of over \$16,000 in the 1940 taxes. This amount will not only take up all budget increase but should leave a good sum for any contingency.

Trusting that this information will be of some value to you and your mortgagee in preparing next year's monthly payments on your home in this Village.

The above is a statement by the Village clerk, not an official bulletin by the Village commission.

"About forty and one-half cents of the village tax dollar is used for debt service and debt contingencies.

"The rapid growth of Grosse Pointe Park has created many problems. It was necessary to increase sewerage facilities last year. This alone added \$142 to the 1939 tax rate.

"The 1939 tax dollar in Grosse Pointe Park was expended as follows:

- \$ .57 for Debt Service (interest \$2.5 bond retirement \$102).
- .183 for police department.
- .119 for fire department.
- .087 for debt contingencies (operation of general offices. Election expense. Insurance and survey bonds).
- .049 for electrical current, maintenance of street lighting systems, police and fire alarm system.
- .044 for general administration. (Operation of general offices. Election expense. Insurance and Surety bonds.)
- .049 for public health. (Rubbish and garbage collection and disposal. Sewer maintenance).
- .025 for waterfront park.
- .037 for contingencies (Unanticipated expenditures).

\$1.00 total.

"There should be no increase in Grosse Pointe Park tax requirements for the coming fiscal year. "I trust this will clear up any misunderstandings that might exist in the minds of our taxpayers regarding the December state and county taxes over which the village commission has absolutely no control."

### Francis D. Cooley For President

Francis D. Cooley has served the people of this community as an attorney for a number of years. Through

painstaking effort and honesty of purpose, he has established an esteemed record for personal integrity, straightforwardness and honesty of purpose. (Continued on Page Seven)

**News Editorial Discusses City Manager Plan**

In an editorial in the DETROIT NEWS, of last Monday, February 5th captioned "Our Charter's Merits" the following excerpts appear:  
 "While the City Manager plan may work better under ideal conditions, such conditions seldom are found, the report says. Usually the failures of this system result from the meddling of local politicians. This defect has appeared in the city manager plan as tried by Cincinnati and Kansas City."  
 The editorial is based on a new bulletin issued by The Detroit Bureau of Governmental Research entitled "Just a Second."

Four candidates for village offices in Grosse Pointe Park are running on a platform pledged to the hiring of a full-time village manager. The Citizens Association of Grosse Pointe Park sponsors these candidates.  
 Taxpayers of Grosse Pointe Park should carefully consider any step that will tend to disrupt the form of government in the village which has so far given satisfactory service to all citizens. The City Manager plan should be defeated when it comes up at the annual election.

**Ex-Governor Will Speak At Services**

Ex-Governor Brucker will deliver the address at the point Washington birthday celebration services at the Grosse Pointe Lutheran Church, worshipping in the Richard School auditorium, Sunday morning, February 25, at 11 o'clock.

whipped the Tractors in four years. The game, roughest of the current season, saw 48 personal fouls called, and eight players ejected on the four foul rule. Of the 48 foul shots attempted, 22 were sunk, accounting for exactly half of the evening's 44 points. The high-geared Tractor scoring machine was shoved into neutral by the aggressive defense of Grosse Pointe and was held without a field goal in the first half. Fordson could score only five foul shots in the first two quarters and were on the short end of a 12-5 count at the mid-point of the contest.  
 A belated comeback in the last quarter brought the Tractors to within striking distance, but Grosse Pointe pulled away in the closing minutes. Harry Renko, Fordson's star athlete, tied the score at 19-19 by shooting in a long shot, but Bob Sturman, versatile Blue Devil guard, dribbled the length of the floor and also whipped in a set shot, maintaining Grosse Pointe's two point lead. Bruce Bockstanz, Devil captain, and Sturman sank charity tosses before the final gun sounded.  
 With three minutes to play, Bockstanz was the only Grosse Pointe regular in the game. Tanner, Marzoff, Martin and Neeme were colling themselves in the shower after committing four personal fouls. Fordson also suffered the same fate, with four of their players taking the same treatment. At the end of the game Coach Catherman, of Fordson, had only one player on the bench to keep him company, while Coach Geary of Grosse Pointe was more fortunate with three.  
 Bruce Bockstanz, playing his last game for Grosse Pointe, rang up three field goals and four foul shots for scoring honors. Harry Renko led the losers with three field goals and three charity tosses.  
 For the second time this season, Grosse Pointe High's basketball squad will play two games on two consecutive nights, when they meet the quintet from Mt. Clemens and Lansing Eastern High schools, next Friday and Saturday evenings.  
 On Friday the Blue Devils will travel to Mt. Clemens and engage the Bathers in a Border Cities League contest. Mt. Clemens is having an unusually poor season, with a record of nine losses and no victories. When these two teams met early in December, the Grosse Pointers were victorious, 26-18. The Bathers have an extremely tall team, with four players over six foot out, but the fire and enthusiasm so necessary in a winning team seems lacking.  
 Saturday, Lansing Eastern's squad will take down from the state capital and battle the Blue Devils in an exhibition game. Contrary to Mt. Clemens, the Lansing team is having a good year. They have three regulars back from last year's squad which trounced Grosse Pointe, 30-24. The Easterners downed Fort Huron, 51-29, a few weeks ago, while the Devils could only beat the Hurons, 30-25.  
 This contest will be played in the boys' gymnasium of the high school and will begin at 8:30.

**George Flanders Makes Statement**

The following is a statement by George Flanders, candidate for Commissioner of Grosse Pointe Park:  
 "It is to be regretted that the present political situation in Grosse Pointe Park has receded to such a level that the voters are asked to decide between two factions playing European power politics instead of the good American way of stating the facts and allowing the people to decide.  
 "As one neighbor to another, I say that we do not want our Village Government controlled by any one group or faction. When group control takes place the rights reserved to the people under the Constitution of the U. S. cease to exist.  
 "To have good honest—efficient—economical government that is truly representative of all of the people we must have men in office who are free from entanglements and machine control and who are under obligations to no one except the good people of Grosse Pointe Park, who have placed confidence in them through their vote on election day.  
 "I have been asked to line up with different groups, but I am glad to state that I am an independent in this campaign and if elected a commissioner of Grosse Pointe Park, my sole aim will be an honest, efficient economical government for all of the people."

**I. Louis Carron For Commissioner**

I. Louis Carron, one of the candidates for Commissioner of Grosse Pointe Park, gave his views on the issue of the campaign in the following account. Mr. Carron, who is a business executive and holds a responsible position with the Chrysler Corporation, when interviewed expressed himself as follows:  
 "I sincerely believe the lowering of taxes to be our most important problem. One only needs to read his most recent tax receipt to be convinced. It is the duty of all public officials to keep this thought constantly in mind. Business methods must be used to accomplish this result.  
 In regard to the proposed plan for a village manager. Perhaps this is the solution but the plan must be scrutinized carefully before accepting it. Would it reduce taxes or increase them is the question to be answered. Proponents of the plan suggest that the present pay of the village president and commissioners could be used for the village manager. Then the village officials would accept \$1 a year in lieu of the present \$720 for the president and \$600 for each of six commissioners which amounts to \$4,320. Could a capable and efficient manager be secured for \$4,312? That is the problem. I am for the plan 100 per cent if it will reduce taxes, otherwise I cannot subscribe to it."

Trend of Events

By PAUL M. DEAC The crucial importance of the Balkan Entente conference held in Belgrade (Yugoslavia) over the last week-end was not sufficiently understood in this country; nor was it adequately played up in the press, if we are to judge from the scant dispatches carried by most of our dailies on this matter.

Yet, this quiet, glimmering conference has saved Rumania from an easy capitulation to German demands. It has also dealt German influence in south-eastern Europe a severe blow, and as such, represents a tangible diplomatic victory for the Allies.

Evidently, the Entente delegates who met in Belgrade meant business. One of the associate powers of the date danger of being forcibly drawn into the Nazi spiderweb. The purpose of the Belgrade meeting was to find means to strengthen the Balkan Entente and relieve endangered Rumania.

The first day, there was some incoherence and the loss of time and effort that usually goes with international conferences. Some delegates just could not help recalling the good old time when diplomats gathered at the League of Nations strutting grounds, in Geneva. That was fun . . . to be sure. Whereas nowadays, even diplomats have to work and prove their worthiness. They, too, must act—not talk.

Germany availed herself of certain delegates' momentary propension to "kibitz" to state that Rumania's partners in the Balkan Entente would abandon her to her fate; that the Entente was already crumbling and that each member had decided to strike out for himself. And, to ensure their effectiveness, these wild rumors were accompanied by volleys after volleys of terrific pressure and threats from Berlin. Der Fuehrer wanted the Balkan countries to know that he would tolerate no interference with his aims in those parts.

This was enough to recall the sitting delegates to their wits. The pressure from the Wilhelmstrasse was a grim reminder of the purpose which had brought them together. Evidently, this was not time for talk. They must act at once and show the world that the Balkan peoples are mature and perfectly

capable to take care of themselves. Fortunately, that second day, Rumania's chances of getting adequate support from her Balkan associates were substantially boosted with the wary appearance of an Allied "observer" which the Quai D'Orsay had dispatched to Belgrade by plane the previous day.

The third day, after lengthy deliberations, the Belgrade delegates and the delegates from Athens agreed with their colleagues from Ankara that the best and only way to back and save Rumania and implicitly their own countries, was to lend her armed assistance against any aggressor—which meant either Germany, Russia and Hungary or all of these together.

This, they all pledged to give her unconditionally. Of course, this does not mean that Rumania can make faces at the Nazis and kick them in the shins whenever she feels like it, but it does mean that she is now better armed to resist German pressure. Under such circumstances, it is probable that Germany's new trade agreement with Rumania will fast become a mere "scrap of paper." Rumania will give Germany only such amount of raw materials, cereals and oil as the Allies will see fit. And, when France and England will decide that the time is come for the great Balkan offensive against the German rear, Rumania will cut off all supplies to the Reich and wait to see what will happen next.

The "daring" statement made by Turkish Foreign Minister Saracoglu that "Turkey is not neutral, she is only 'outside' the war zone," shows what is in the offing in the Balkans. One who got a cutting from the Belgrade press the "observer" the Fuehrer had sent there to head the German swarms of spies in Belgrade (the Allies had their army of "peepers").

The poor "Herr" was not even able to get near the building within which the conference was being held. No wonder he invoked Wotan and threatened to blitzkrieg delegates and all when the meeting was over.

Gentle Will Speak At Dinner-Dance

Joe Gentle, sportscaster of Radio Station CKLW, will be master of ceremonies at the Valentine Dinner Dance to be given by the Badminton Club at Hannan Y.M.C.A. on Thursday, February 15.

According to Ralph Leesberg, president of the club, one hundred and fifty couples are expected to attend this social evening and party which is given especially for all new members who have joined the "Y" during the past several months.

Dinner will be served at 7 p. m. with dancing from 9 to 12 p. m. In addition to Joe Gentle as master of ceremonies and who is planning a humorous question box session around the dinner tables, Jerry Stoughton of the Branch Committee of Management will inject some songs into the program along with special music by Harold Sinclair, accordion soloist.

The Detroit Community Dance Orchestra, under the leadership of Maurice Baker, will furnish the music.

New South Wales Autos The average motorist in New South Wales makes his car do for nine and three-quarter years and thereby is believed to increase accidents. Observation suggests that the age of the vehicles explains a major cause of traffic accidents—the number of slow drivers on the road.

**Social Security Receipts Needed**

Employers are now required by law to give their employees receipts for the money taken out of their wages for old-age and survivors insurance taxes, according to Elmore E. Pollock, manager of the Social Security Board field office at 8037 Harper Avenue. This new requirement of the Social Security Act, he explained, went into effect the first of this year.

Mr. Pollock pointed out that formerly the employer was only required to furnish the employee with a notation which would permit him to check the accuracy of the deduction. "This," he said, "could even be included on a pay check which would, of course, eventually be returned to the employer. But now the law specifically stipulates that the employer must furnish a statement 'suitable for retention by the employee'." He added that the law provides a \$5 penalty for each willful violation of this provision.

Certain specified information must be included on the receipt but the wording is left to the employer. In addition to the amount of tax deducted, the receipt must show the name of the employer, the name of the employee, the period of time covered by the receipt, and the total amount of wages paid to the employee during this period. Employers are required to furnish

**Additional Classroom Added At Mason**

A seventh additional elementary school classroom was provided in the eastern end of the Grosse Pointe school district this week, with the opening of the second term in the Grosse Pointe public schools. To meet the very rapid enrollment increase in the school system, six other additional classrooms and teachers had already been provided in the last year and a half, school officials said. All of the seven new classes, begun since September, 1938, are in the two schools on Vernier Road, four of them in the Vernier elementary school and three in the Mason elementary school. The one opened Monday was in the Mason school, the teacher's rest room being converted into an elementary classroom. A year ago the library in the Mason school was made into a classroom and last September the pupil activities' room on the third floor was converted to classroom use. A fire escape was installed at that time. The Vernier school was reopened in September, 1938, to relieve the Mason school with three teachers and a fourth was added last September.

According to Dr. E. R. Van Kleeck, superintendent of schools, the third floor locker rooms at the Mason school will probably both have to be converted into classrooms next September. The library at the Mason school, now used as a classroom, will probably be partitioned into classrooms. The two basement classrooms in the Vernier school will also be put into use as soon as necessary.

Last summer also the auditorium of the Kerby school in Grosse Pointe Farms was partitioned into two classrooms. The enrollments of both Kerby and Mason schools have doubled in the last decade, despite the reopening of the Vernier school. The Richard school in Grosse Pointe Farms continues filled to capacity, the superintendent said, and the kindergartens there are overcrowded. Enrollment in the school system as a whole is at an all-time peak.

**Chicago Speaker Will Address Baha'is**

Mrs. Ruth Cornell of Chicago will speak before the Baha'is of Grosse Pointe and their friends at 104 Moran Road on Wednesday evening, February 14, on "A New Cycle of Human Power," and on Thursday evening, the 15th, on "The Power of Thought."  
 The discussion at the weekly freethought group last Monday centered around "Why Man Denies the Manifestation," and this coming Monday will be a continuation of the same topic, explanations of which can be found under chapter 13, of "Baha'ullah and the New Era" by Dr. J. E. Eschmuntz, a book which has recently been received by the Grosse Pointe library at Pierce School.

**Neighborhood Club**

Standings of Neighborhood Club Senior Basketball League:

Team	W.	L.	Pct.
Eastminster	7	0	1.000
Comets	4	1	.800
Indians	3	3	.500
Fifteen Club	3	4	.428
Saints	2	3	.400
Arrows	2	4	.333
Rangers	2	4	.333
Essex	1	5	.167

Defeating the Indians and Fifteen Club, the Eastminster aggregation made it a complete sweep of the first round by conquering every team in the circuit to remain the only undefeated team in the league.

The Indians, playing their best brand of basketball this year, took a 22-15 lead at half time against the league leaders, only to tire in the last three minutes and enable the Tes Eyck coached crew to register victory No. 6.  
 Missing "dog" shots repeatedly and losing control of the ball on bad passes the Fifteen Club failed to look like the smooth working combination that won their first three encounters and thus went down to defeat to the sharp-shooting Eastminster cagers. Taking a lead of 12 points at half time, the league leaders failed to relinquish this lead and coasted into victory.  
 The Rangers A. C. led by Lester Clinton, defeated the Arrows 38-33 for their second league win of the current season.

**Adventure Series Offers Pictures**

Jules Bryan, with exclusive motion pictures on "The Siege of Warsaw," and Burton Holmes, with new motion pictures on "Heroic Finland," will be the coming World Adventure Series public lecture offerings at the Detroit Institute of Arts. Bryan speaks at 3:30 and 8:30 next Sunday afternoon and evening. February 11, and Holmes at 8:30 next Tuesday evening, February 13.

Bryan was the last American to enter Poland during hostilities, and the last American to leave stricken Warsaw during a two-hour armistice arranged by the Germans for the evacuation of foreigners. Living in the sand-bagged cellar of the American Embassy, and granted unlimited photographic privileges by Mayor Starzynski of Warsaw, Bryan obtained the only complete motion picture story of the bombing and devastation of the Polish capital. He will show five reels of his own exclusive movies.

Like Mrs. Martin Johnson several seasons ago, Burton Holmes will lecture from a wheel chair. His leg was broken in a motor accident while filming his new Finland pictures last summer. Holmes pictures Helsinki and its modern buildings, and cities and towns and countryside in all parts of this new and valiant republic. He turns his camera on such places prominent in the war news as the Aland Islands, Lake Ladoga, Karelia and Viipuri.

On succeeding Tuesday evenings at 8:30 Burton Holmes, now beginning his forty-eighth traveling season, will present new motion picture lectures on: February 20, "Around the World;" February 27, "Great Little Holland;" March 5, "The Eastern Mediterranean;" March 12, "More About Sweden."

**Grosse Pointe Lutheran Church**

"How Christ Met and Conquered the Tempter," will be the subject of the sermon at the Grosse Pointe Lutheran Church, worshipping in the Richard School auditorium, Kercheval and McKinley, Sunday morning, February 11, at 11 o'clock, preached by the Rev. M. Luther Canup, D. D., pastor.

This being the first Sunday in Lent, the Holy Communion will be administered at this service, the confessional service beginning at 11 o'clock sharp.  
 Sunday School at 9:45 a. m. Bring your family and find Christian fellowship right in your neighborhood. The sermon next Sunday will deal with the three temptations of Jesus by the devil himself.

At 3 p. m., the Young People's Society of our parish will join the young people of 60 other Lutheran churches in the metropolitan area in a broadcast over Station CKLW, "The Lutheran Charities Hours," Windsor, Ontario.

**GROSSE POINTE FARMS VOTERS**

For continued good management of the affairs of the Village of Grosse Pointe Farms you are urged to vote at the Primary Election to be held on **Tuesday, February 13, 1940** and to **Re-Elect** the following incumbent officials:

**President, PAUL H. DEMING**

**Trustee, ONE YEAR TERM, WM. K. MUIR**

**Trustees, TWO YEAR TERM, LEROY MAY**

**JOSEPH W. SNAY**

**JOHN R. SUTTON, Jr.**

**Clerk, Harry A. Furton** **Treas., Walter Champine** **Assessor, Cy L. Lerchenfeld**

The above men are a part of the present board which have made the Village of Grosse Pointe Farms one of the most desirable residential communities. They are responsible for the existing **Low Village Taxes** which have been reduced from \$19.00 per thousand to the present rate of \$16.50 per thousand without increasing assessed valuations and with this low rate have not curtailed, but have substantially increased the average annual expenditure for public improvements.

Do not be misled by such statements that the Board of Trustees of the Village can adopt a charter amendment. The petition for such an amendment must be initiated by qualified resident electors and bearing signatures of electors equal to or greater than 1 per cent of the population.

When such a petition is received by the Council and accepted, and only then, the Council must by resolution provide that the question of becoming a City be submitted to the qualified electors of the Village at a regular or special election occurring not less than 40 days nor more than 90 days after the adoption of the resolution.

The affairs of the Village cannot be efficiently administered unless you elect able officials, therefore we urge you to

**Louisa St. Clair Chapter D. A. R.**

Mrs. Frank L. Scott, Jr., will open her home in Grosse Pointe Boulevard for a luncheon meeting of the Juniors of the Louisa St. Clair Chapter, Daughters of the American Revolution, Monday, February 12. Red roses and red carnations will accent the Lincoln birthday colors in the federal blue and white

dining room, and spring flowers will center each of the small tables to be grouped in the living rooms. Co-hostesses include Mrs. Ford W. Spikeman, assisted by Mrs. Harold R. Smith, Mrs. Fred W. Lindbloom, Mrs. Mayne F. Glock, Mrs. Harold L. Tanner, Mrs. Richard Wagner, Mrs. Wright Bellinger and Mrs. Jack Purcell.

Mrs. Scott's house guest, Mrs. John Brabson, Jr., of Toledo, Ohio, and Mrs. William F. Stroit will preside at the

coffee urns.

Junior Advisors, Mrs. Raymond H. Berry and Mrs. Basil L. Connelly, will be special guests.

A business meeting is scheduled for the afternoon with Mrs. Hansel Dwight Wilson, president, in the chair. Mrs. Wagner will outline plans for the evening group to be organized by the Juniors, and Mrs. Glock, chairman of ways and means committee, will report arrangements for the St. Patrick benefit bridge, fashion clinic and tea to be sponsored at Newberry House in March. Other chairmen with special reports will be Mrs. Stuart Nunneley, Constitution, and Mrs. Tanner, Louisa St. Clair Juniors scholarship at Hillsdale College.

The business meeting will be followed by a program under the direction of Mrs. Ralph B. Netting, program chairman. Mrs. William Bruce Gregory will introduce the speaker, Mrs. E. Foulkrod, who will present "Colonial Williamsburg" in costume and with musical accompaniment.

Grace White Springstun.

12. His discussion, "A New Peace for Europe," will highlight an evening program planned by the Pierce Parent-Teacher Association to welcome parents of new 7B students.

"It is our hope that every parent of a Pierce student, especially those whose children are just enrolling at Pierce, will plan now to come to Pierce school next Monday evening," writes President Ralph Sickels in a special news letter to parents.

A diversified concert has been promised during the auditorium program by the Pierce School band directed by Samuel Trickey. In the arts and crafts room will be shown a pupil art exhibit. Teachers will be in their rooms from 7:30 to 8:15 p. m. to greet and confer with parents.

**Kerby School Notes**

The regular meeting of the Kerby Parent-Teacher Association will be held Tuesday, February 13. Classrooms will be open from 7:45 to 8:15 p. m. and

teachers will be there to meet parents. J. D. Callaghan of the Detroit Free Press staff will speak on "How To Read Your Newspaper." In these days of conflicting reports on current topics, both foreign and domestic, and political and war news, this subject from a representative of the press would be of vital interest to everyone.

(Continued from Page One)

A lawyer by profession, he has acted in an advisory capacity for several villages and is well versed in village affairs. Because of his wide experience the election of Mr. Flancher will assure the taxpayers good government without waste of public funds.

He is absolutely opposed to any increase in taxes and believes that by efficient planning governmental services can be increased and taxes lowered.

**Kay Parcher Features Intriguing Exhibit**

Singularly appropriate to the showing in Detroit of "Gone With the Wind" is the genuinely interesting exhibition of Southern costumed dolls at the Kay Parcher Gift Shop, 371 Fisher Road.

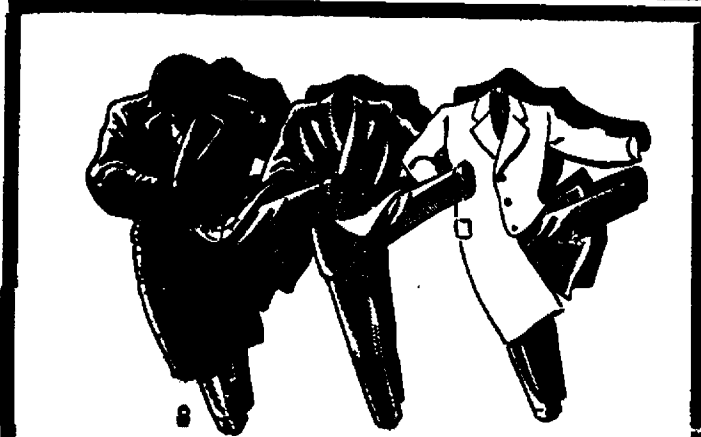

These dolls, beautifully dressed as replicas of the famous actresses of the motion picture, are the creation of Mrs. Seldon Burchenal, well-known Grosse Pointe resident.

Miss Parcher's gift for display, plus Mrs. Burchenal's skill, has resulted in one of the most attractive windows in Grosse Pointe.

The faithful adherence to historical detail in costuming these dolls makes them appear very lifelike. Set against the background of the window, the effect is most charming, and the exhibition timely indeed.

ENGINEER

**Mr. Carron's platform: LOWER TAXES**

Mr. Carron is a business executive. He holds a responsible position with the Chrysler Corporation and has been with this firm for over 14 years. He is a graduate of Detroit Eastern High, Detroit College of Law, and the Technical School for Auto Body Engineers. His professional activities include membership in the Detroit Bar Association, State Bar of Michigan, American Bar Association, Engineering Society of Detroit, and the Society of Automotive Engineers (S. A. E.). His sound business training qualifies him for the position of commissioner.

Chandler Sponsored By Economy Group For President

(Continued from Page One) "It is evident that such resorts have flourished in this community, and it is the duty of our Village officials to stamp them out. "I am not a crusader in the accepted sense of the word, but I do not approve of permitting our young men and women to be exposed to such influences in this Village. There is no excuse for such resorts in a community as restricted as Grosse Pointe Park."

Based upon his studies of municipal government, Chandler said that he is vigorously campaigning for the office of President so that the Village Manager plan may be put into operation. "An unused charter provision empowers the President to appoint a full-time Village manager," he said, "but for some reason the President has not seen fit to appoint such an official. Obviously the people favor such a plan, because the charter provision was plainly aimed at this objective. "A Village manager is to the Village of Grosse Pointe Park what a general manager is to a big corporation. The

Village Commission is similar to the board of directors of a corporation, but the actual administration of the thousand detailed problems of government, just as with a corporation, must be left to an experienced and trained full-time executive.

"There is a whispering campaign afoot insinuating that appointment of a Village manager would take the government out of the hands of the citizens of the Park. This is pure buncombe. "Under the manager form of government, which is operating successfully in almost 500 American cities, the Village president and commissioners continue to formulate all policies and retain control of the local government. But in addition to their services, the public has the benefit of the added service of an experienced, non-political, full-time manager who looks after the mass of routine work that needs to be done, done promptly and well. The manager is responsible to the president and commission, who must see that he performs well and efficiently if they are themselves to deserve continued public support and remain in office. The voters retain full control over the president and commissioners, through their right to vote. The citizens have already said that they want a Village manager. Yet the Village President has thwarted their desire by refusing to appoint one. This action of his would seem to indicate that the government of the Village has already been taken away from the people, and that it is high time this was restored to the people.

"The charter amendment proposed, which provides for the payment of \$1 a year to the Village President and Commissioners, to be voted upon at the general election, March 11, 1940, will pave the way for the Village to have an experienced, full-time manager without any additional cost, since the saving in salaries of president and commissioners (now \$720 and \$600 a year respectively) will pay a manager's salary."

Golden Glove Boxers Entertain Fans

by DICK BODYCOMBE Eighty amateur boxers exhibited their fistic wares before 664 excited fight fans last Monday evening in the second round of the Golden Glove tournament held at the Neighborhood Club.

Fighters from eight different weight divisions slugged and pushed each other around the ring from 7:30 until midnight. Of the 48 bouts, 21 ended in decisions, while the remaining 27 were either technical knockouts or the sleep producing type.

Practically every type of fight and fighter known to this sport was exhibited. The contestants, from tiny 112 pound midgets to the 200 pound slugger, tore into each other with amazing results. One light-heavyweight found himself in the aisle desperately pulling on the arm of his opponent. A tiny Negro battler tore out of his corner and into a stiff right jab, hitting the canvas for the count of 10.

Two types of boxers faced each other during the evening's events—the unattached and the boxing club fighter. The unattached boy, being at a distinct disadvantage because of lesser training facilities, consequently went down to defeat regularly. The boxing clubs were represented by Chevrolet, Postal Telegraph, Brewster and Annunciation, and these fighters carried off the major share of the evening's glory.

Phelps Book Will Be Reviewed Wednesday

"Autobiography With Letters," by William Lyon Phelps will be reviewed by Mrs. Carlos Fossati at the Alger House on Wednesday, February 14, at 2 p. m.

This book gives an intimate picture of a beloved American and the great men and women he has known. Dr. Phelps has written "Somebody has to keep up the permanent things in civilization—religion, poetry, novels, the theater, drama, and all the fine arts. Those are the things that permanently belong to civilization and I am going to go right on to talk about them and nothing else." And later, "Any writer," says Professor Phelps, "who can add one immortal character to the immortal population of this world will become immortal."

This review promises to be a treat to all lovers of great literature.

TRPOOP 128 Miss Shields came and brought materials to make pocketbooks and favors. The scouts used two tables, one for the pocketbooks and the other for the favors. They hope to complete the work at the next meeting.—P. J.

TRPOOP 131 Troop 131 opened the meeting by playing a new and interesting game. The girls plan to have a theater party next Saturday. They will go to the Punch and Judy Theater to get refreshments afterwards. Mrs. Winston again assisted the troop leader with the meeting.—N. M.

VILLAGE PRIMARY ELECTION

VOTE

TUESDAY FEBRUARY 13, 1940

FOR: these ECONOMY CANDIDATES AGAINST: MOUNTING TAXES

For Village President:

John W. Chandler

JOHN W. CHANDLER—Widely known as an expert in tax matters—secretary and general manager of Woodward Avenue Improvement Association and General District Protective Association, consultant director of the Rental Credit Service, gained national repute for his victorious battle to have Woodward Avenue widened. Life Insurance underwriter, war veteran and lives at 853 Lakepointe Avenue.

Commissioners:

Homer C. Fritsch

HOMER C. FRITSCH—Executive of unusual ability, Assistant to the President of Parke Davis and Company. Lives at 742 Berkshire Road.

Thos. T. Petzold

THOMAS T. PETZOLD—A capable business man. Divisional merchandise manager of the J. L. Hudson Company. Lives at 1022 Buckingham Road.

Ward S. Van Deusen

WARD S. VAN DEUSEN—Realtor who lives at 1147 Yorkshire Road. Just completed term as President of Detroit Real Estate Board.

Here is the chance you have been waiting for—the chance to put business men in office to achieve a business-like administration.

These four candidates are pledged in advance to serve you as officers of your Village government at \$1 a year. They will resurrect a dormant Village Charter provision which provides for the appointment of a full-time, trained expert in village management to serve you as the watchdog of your treasury, and to supervise your vital functions of government. The President will be the Village Manager with the approval of the Commission. The savings in their salary will hire a full-time capable Village Manager.

It is pointed out that the present pay of the Village President and Village Commission is obviously not sufficient to secure the full-time services of capable men to serve in office. Yet taken together, these salaries would secure the services of an experienced Village Manager, who would spend his full time handling the routine administrative work of the Village, acting under the close direction of the council. From experience of 495 cities now operating under the "City Manager Plan," improved service to residents and reduced costs are reported in an overwhelming majority of these communities.

Under the Village Manager form of government, the Village President and Commissioners continue to formulate all policies and retain control of the local government. But, in addition to their services, the public has the benefit of the added service of an experienced, non-political, full-time manager who looks after the mass of routine work that needs to be done.

The Manager is responsible to the President and Commission, who must see that he performs well and efficiently, if they themselves are to deserve continued public support and remain in office. The voters retain full control over the President and Commissioners, through their right to vote.

These four candidates are your neighbors... business men... busy men with the capacity to give you a business-like administration.

They will campaign for the adoption of a Charter amendment to provide for the payment of \$1 a year to the President and Commissioners in lieu of present salaries of \$720 and \$600 a year, respectively.

The Economy Committee for Good Government is a group of your neighbors which has undertaken to draft these representative candidates. Do your part by voting for them at the Primary Election, Tuesday, February 13, 1940.

**Hannan Y Notes**

The final handball match in the inter-branch handball tournament will be held at Hannan Y. M. C. A. next Tuesday, February 13. The match will decide which team is in second place in the city, as Hannan and Fisher are now tied for that honor. Members of the Hannan team are Carl Kock, Ralph Tobbee, Herbert Norris, Holland Miles, George Glasser, Ronald Link and James Cathcart, Jr.

J. Brooke Marsteller, physical director at Hannan Y. M. C. A., has announced a special meeting of representatives of all churches in the Southeast Detroit Church Basketball League to be held at Hannan Y. M. C. A. on Tuesday, February 13, at 8:15 p. m. Churches to be represented are Epiphany Episcopal, Reformation Lutheran, Lutheran Memorial, St. Marks M. E., and Jefferson Avenue Baptist. The object of the meeting will be to establish the date and place and set up the program for the annual Basketball Church League Banquet.

Hannan "Y" boys are planning, an afternoon of roller skating at Arena Gardens Saturday, February 10. Leave-

ing Hannan "Y" after lunch they will be driven to the Arena by parents who are co-operating with Jack Gowan and George Wilson, "Y" leaders of the skating party. At the Arena they will enjoy a varied program under the direction of the Arena staff. Seventy-five boys have registered for this afternoon of healthful activity.

upon the ballot, I desire to state that if elected to the commission I shall attend all meetings thereof carefully analyzing all business and problems with a sincere desire to execute village affairs at the lowest possible cost consistent with good government. Realizing that excessive taxes have been crushing America and the American home, I stand firmly against any rise in taxes and for the reduction of taxes especially on the homes. Low taxes particularly on real estate means a nation of contented home owners, which in turn is necessary for the preservation of American Democracy. Make it possible for all to own and keep their homes, to live reasonably and dictator-ship and other undesirable forms of government will not take root. Under such a plan those on the government payroll will be more secure. Since governmental expense or overhead has gone far beyond reason, compared with the annual amount of business done, a reduction in taxes must be effected to make Democracy safe for America.

**Dr. Applegate For Commissioner**

(Continued from Page One)

It is believed that his wide business and professional experience for the past 25 years would be a valuable asset in guarding the interests and affairs of the taxpayers and residents of this village. Dr. Applegate is a graduate of the University of Michigan and served as a member of the faculty for a number of years while attending the university. He has had wide experience as an executive of several manufacturing concerns. He believes that a sincere effort should be made to correct the abuses that the taxpayer has been subjected to in the past, causing an unwarranted and steady rise of taxes; that the affairs of this village have in the past been handled under a virtual "New Deal" dictatorship. He has stated that he is not interested in a job, but would, at a sacrifice, and as a civic duty, if elected, exert his utmost influence and ability to guard the affairs of his fellow taxpayers.

**Pioneer Business Man Sees Bright Future For Fisher Road Center**

In a statement issued this week, Wm. Mondry, pioneer Grosse Pointe business man forecast a splendid future for the Fisher Road business center. Reminiscing on the early years of Fisher Road, Mr. Mondry recalled that it seemed only yesterday when he was actually able to fish in the creek which used to run from Lake St. Clair to Fox Creek. This creek was directly opposite the old post office and general

store which was located on the site of Mr. Mondry's present establishment, Mondry Cleaners, Inc., at 375 Fisher Road.

Mr. Mondry recollected that in later years there was a beautiful golf club located in the area opposite his present property, where the Grosse High School now stands.

In discussing further the outlook for 1940, Mr. Mondry predicted that the months to come would see even better business conditions in the Grosse Pointe communities than were experienced in previous years.

**Francis D. Cooley For President**

(Continued from Page One)

forwardness and aggressiveness in the defense of human and civil rights. As a result, he now enjoys the respect and confidence of the community as a capable and efficient attorney.

Ideally qualified by training and experience, Francis D. Cooley, seeks the presidency to establish an economical, efficient and pay-as-you-go government—an administration with the primary objective of eliminating waste, inefficiency and individualism, and inaugurating governmental functions that are more directly responsive to the honest needs of the people at the lowest consistent cost.

Francis D. Cooley, was born on October 17, 1899. He is a graduate of the Detroit grammar and high schools and obtained his legal education at the University of Detroit. He further pursued his legal education and training under the capable tutorage of the law firm of Clark, Emmons, Bryant & Klein, with which firm he was associated in the capacity of law clerk and attorney for several years. Francis D. Cooley has had 20 years experience in the legal field. He is married, has two children and has been a resident of the Park for years.

"Taxes are what we pay for police and fire protection, for schools, parks, recreation and the many other services rendered by the village for the safety, comfort and well-being of the people. The tax rate, necessarily, depends upon the manner in which the tax receipts are expended and the indispensable service administered. Therefore, it is absolutely essential that all waste, inefficiency, additional fee systems and the lack of department co-ordination be eliminated and that a sound, business-like system based on rigid economy and the pay-as-you-go plan be effected. These policies, in my opinion, if strictly adherent to, will constitute the only reliable barrier against an increased tax rate, and if conscientiously followed, will, in time, produce a substantial tax reduction," said Cooley.

**Administration Policies**

1. To apply sound business principles in governmental administration and affairs.
2. To effect rigid economy in governmental operations.
3. To install a pay-as-you-go plan in governmental functions and operations.
4. To obtain a full measure of department co-ordination and co-operation.
5. To eliminate individualism and the centralization of power.
6. To secure the fullest returns for every tax dollar expended.

Francis D. Cooley's message to his community neighbor:

I wish to thank each of the community citizens who personally endorsed my candidacy. Being endorsed by such a representative group, I felt honored to endorse no plan of government not officially approved by the voters. Also, as this is your government, your tax money and your home, you, the voters, must make the decision concerning any governmental change. My plan of office is to establish an administration based on rigid economy and sound business principles. Your vote in my behalf is an absolute guarantee that I will fight at all times to preserve your right of direct control.

Incorporated May 8, 1907, the Village of Grosse Pointe Park has had a phenomenal growth. There is no finer place to live. With the very best of police, fire, health, recreational and school facilities, there is little to be desired from a home-owner's standpoint.

With the rapid increase in population many problems arose. There was needed additional police and fire protection. Open Fox Creek was replaced with a barrel

sewer. Additional sewers were required. These improvements were made as they became necessary. A water front park was acquired.

The Golden Text (John 4:24) is: "God is a Spirit: and They That Worship Him Must Worship Him in Spirit and in Truth."

Among the Bible citations in this passage (John 6:63): "It is the Spirit that quickeneth; the flesh profiteth nothing: the words that I speak unto you, they are spirit, and they are life."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 21): "If the disciple is advancing spiritually, he is striving to enter in. He constantly turns away from material sense, and looks towards the imperishable things of Spirit."

Other newcomers to the bill are Don Julian and Marjory, attractive dance stylists who feature unusual interpretations of old-time American dances as well as the fashionable Latin routines.

Shrine Circus From Feb. 5-18

The smell of sawdust and grease paint is in the air, saws and hammers are resounding in the State Fair Coliseum, and hundreds of red-tipped Shringers are busy at the thousand and one tasks connected with the staging of their thirty-fifth annual Shrine circus.

World famous performers of the sawdust ring are assembling for the mammoth event from all parts of the country, from England, South America and Cuba.

Headlining the colorful program will be the famous Captain Clyde Beatty with his 32 ferocious lions and tigers, and co-starring with him will be his pretty wife, Harriet, who for the first time will present her own act, combining a lion, tiger and elephant in the big cage.

Everything at the Shrine circus will be on a larger scale than previous years. The number of elephants has been increased to 18; there will be upwards of 60 horses, dozens of dogs, monkeys, camels and even buffalos.

During the early part of the first week approximately 15,000 crippled children, orphans and old folk from the hospitals and institutions of Detroit and neighboring communities will be transported to the circus and entertained as guests of Moslem Shrine.

Charles E. Mabley, chairman of the reserved seat ticket committee for his nineteenth year, urged all who are planning to attend the circus to make their reservations as early as possible.

Port Huron Reviews Days of 1854-64

Port Huron is reviving the days of Thomas A. Edison's boyhood in that city, 1854-64. Men are growing sideburns and mustaches and men, women and children are wearing the style of clothes their great grandmothers wore in those early days.

Detroit Garden Center Meeting February 5

On Thursday, February 15, 2:30 p. m. at the Alger House, 32 Lake Shore Road, the Detroit Garden Center will present a lecture with colored slides "Color in the Garden, the Year Around" from the Massachusetts Horticultural Society.

Color in the Garden the Year Around is one of a number of delightful lectures with slides which they send out for small fees which vividly show the combination of fine plant material which may be used to give color throughout the year and give gardeners ideas which they may adapt to their own gardens.

Mrs. Horace B. Peabody, president of the Garden Center, will read the lecture and this, like all the activities of the Garden Center, is free and open to the public.
