

# CHANDLER OFFERS TO WITHDRAW

## ECONOMY COMMITTEE NAME KARL B. GODDARD AS 'STICKER' CANDIDATE

Undaunted by official investigation of charges that John W. Chandler, "City-Manager" candidate who led the ticket at the primary election in Grosse Pointe Park, February 13, against Alfred Garska, incumbent president, an "old guard" candidate, had voted in Detroit while maintaining his residence in Grosse Pointe Park, the Economy Committee which sponsored Chandler's candidacy, Wednesday announced that Karl B. Goddard, a Grosse Pointe resident for 14 years, and prominent Detroit attorney, had consented to run for president as a "sticker" candidate at the election, March 11.

Harvey C. Fruehauf, prominent Detroit manufacturer and civic leader, a resident of Grosse Pointe Park, announced Goddard's candidacy and declared that he and the other members of the Economy Committee would

KARL B. GODDARD, work actively for the election of Goddard.

"Grosse Pointe Park is not so easily to be cheated of the victory it has awaited for the last decade," Fruehauf said.

"Its Village affairs demand the services of a competent, trained Village manager. There is a Village charter which should be followed to the letter."

### Grosse Exaggerations? By A. FRYOR

Whoops! The thermometer has soared way up to sixty six, which means that the climate is balmy than we are. The sun shines again and all's right with the Florida world. As we go to type, the ocean (which is as flat as yesterday's glass of beer), is littered with fishing boats. "The 'sails' are running," is a common expression for good sailing fishing, but the sailfish are pro-

Silly so funny by now, that they're making fishing look like a game.

## Legality Of Withdrawal Problematical

Prosecutor Duncan C. McCrea began an investigation Tuesday to determine whether John W. Chandler, nominee for president of Grosse Pointe Park, had violated State election laws by registering and voting in Detroit.

Chandler, returning in Florida on a vacation, was unaware of McCrea's investigation.

City Clerk Fred W. Castator submitted city election records which showed that Chandler, whose address in Grosse Pointe Park is listed in the city directory as 853 Lakeside, had registered to vote in Detroit on March 15, 1938, and subsequently had voted from the Wardell Apartment Hotel, 15 E. Kirby, on September 13 and November 8, 1938, and on April 3 and November 7, 1939.

At the Wardell, Henry Fichler, manager, reported that hotel records showed that no one by the name of

## Farms To Vote On Sale Of Rubbish Property, March 11

At the last regular meeting of the Village Council of the Village of Grosse Pointe Farms, held on February 8th, 1940, the Council felt, after much discussion on the matter, that it was advisable to discontinue the Village Rubbish Dump and to sell the site, which the Village owns, located on the northeasterly side of Kerby at Mack Avenue.

The proposition of sale is being submitted to a vote of the electors at the regular Village election to be held on March 11th, 1940, in accordance with the notice appearing in the Review.

The entire piece of property which the Village owns adjoining Kerby Road running from Mack Avenue to Fische Road was purchased many years ago at which time the Council were considering the establishment of a Sewage Disposal Plant. Before plans for the establishment of the Plant were completed, the property was sold.

## BULLETIN

Assistant Prosecutor William R. Bole was assigned Wednesday to study circumstances of the Grosse Pointe Park primary Feb. 13 to determine if John W. Chandler, allegedly nominee, appeared to have violated the Corrupt Practices Act by offering to work for \$1 a year.

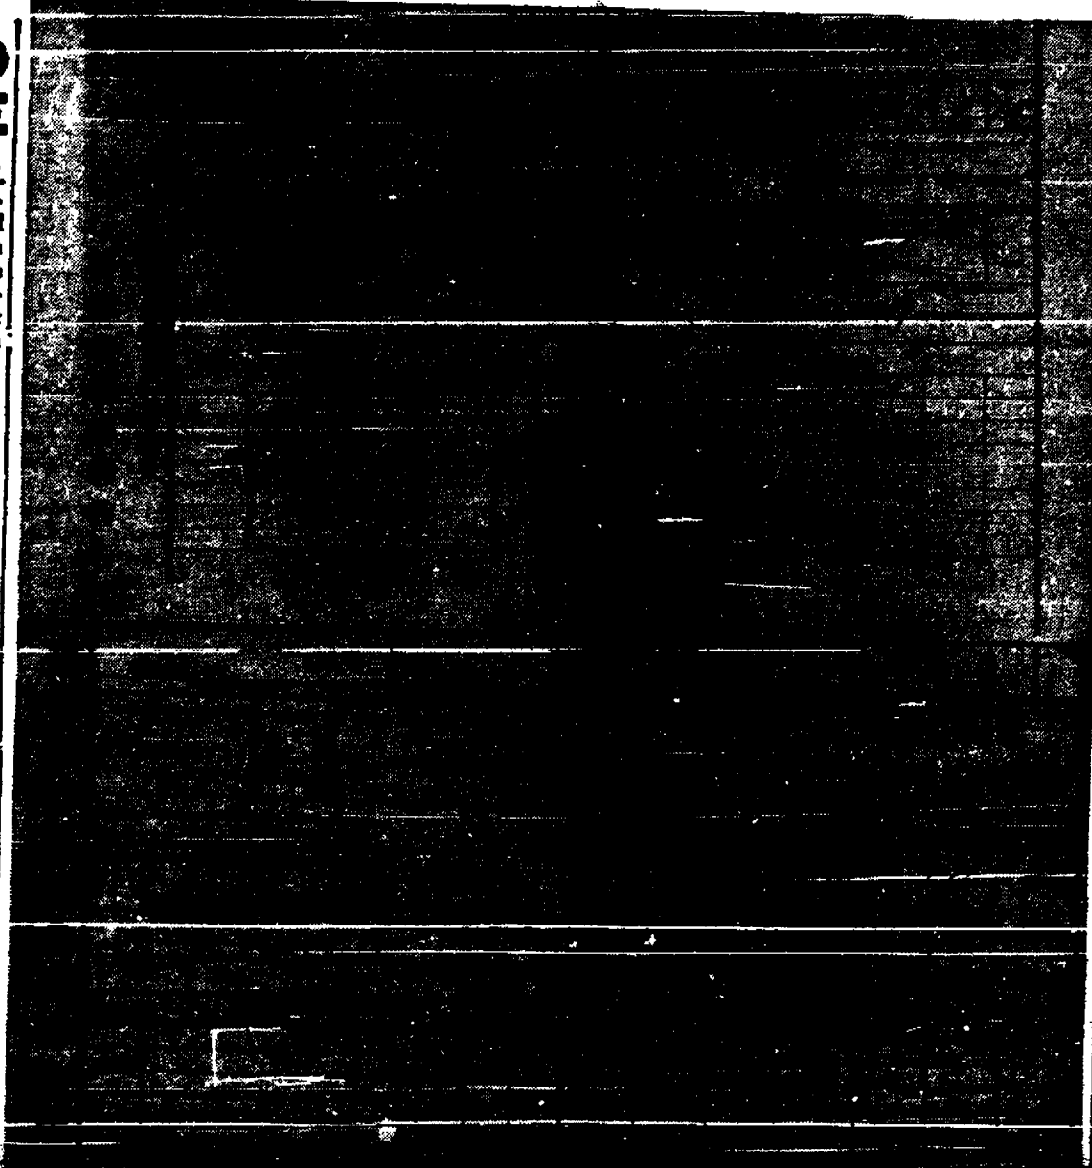

Bole was expected to make a decision Friday.

John W. Chandler was registered at the hotel for the years in question.

Members of the Grosse Pointe Park Village commission Tuesday prepared to accept Chandler's offer to withdraw his name from the ballot as candidate for Village president.

Jud L. Berns, city attorney, advised members of the commission, sitting at the Village board of election canvassers, that they were powerless to prevent Chandler's running in the March 11 election as an opponent to Alfred Garska, incumbent.

His offer to withdraw his name

## Harvey Klemm Addressed Pointe Lions

Mr. Harvey Klemm, a member of the American embassy in London, gave an interesting talk on his travels in Europe before a meeting of the Grosse Pointe Lions Club last Thursday evening.

Mr. Klemm, who is returning to his post this week, told briefly of his many experiences on the continent.

The Lions Club program for this evening celebrates "family night."

"Mack" McEachin has planned a full card of entertainment and the members and all their family and friends are cordially invited to attend.

## Valuable Jewelry Lost in City

City of Grosse Pointe Police are searching for a valuable bracelet, platinum, containing 14 diamonds and 40 zircons. One zircon missing and bracelet broken at this point. Bracelet was lost on Sunday, February 11th, 1940, in City of Grosse Pointe. Rewards totaling two hundred and eighty dollars (\$280.00) have been offered for its return. No questions asked. If you have any information that may lead to its recovery call NI 2950. City of Grosse Pointe Police Department.

## Comedy At Pierce

The Pierce Auditorium will witness its first full-length play on March 1 and 2, when "Here Comes Charlie" will be presented to the public. The play is a delightful three-act comedy which will be made uproariously funny by the fact that all female parts are played by boys.

The performance on March 1 will be a matinee at 4 p. m. The evening performance will be held on March 2 at 8:15 p. m. "Here Comes Charlie" is being presented by the boys of Scout Troop 22, who last year presented a similar play before an enthusiastic audience.

## Some would blush!

It might be well for some of the young, budding political hopefuls of Grosse Pointe Park to study some of our old proverbs and adages before they attempt to challenge the right of residents on the west side of Wayburn Avenue to vote in Grosse Pointe Park. We refer to the old saying, "People who live in glass houses shouldn't throw stones," and wonder why—we bet they are wondering too—they didn't challenge the right of a certain candidate to run for the office of President instead.

It seems that these young political aspirants felt that the residents of homes on the west side of Wayburn should not participate in elections in Grosse Pointe Park. Well, the truth of the matter is this: The residents on the west side of Wayburn pay taxes in Grosse Pointe Park; they receive police and fire protection from Grosse Pointe Park; they get their mail in Grosse Pointe Park; their children go to school in Grosse Pointe Park; they receive their street lights, their streets and sidewalks, etc. all from Grosse Pointe Park. Certainly that should entitle them to vote in Grosse Pointe Park inasmuch as all they receive from the City of Detroit is ash and garbage removal service.

Now, far be it from us to attempt to explain the puerile reasoning back of this challenge. We feel that it is fairly obvious to all sane, clear thinking citizens. But we do suggest that these young political fire-brands might better have spent their time and effort in cleaning their own house.

## Mrs. Brucker Speaks

Mrs. Wilber M. Brucker will conduct "the school of politics" of the Wayne County Woman's Republican Club on Tuesday at 2 p. m. in the Book Cadillac Hotel. "Hidden Taxes" is the subject which will be expertly discussed by Mrs. Elizabeth E. Sammond and will be followed by a round table discussion. These monthly meetings are open to all women interested in governmental affairs and problems of the state and nation.

## Parks Ash Removal Plan May be Changed

Due to the farsightedness of Commissioner Wm. P. Shoemaker, residents of Grosse Pointe Park will be pleased to hear that a survey is to be conducted regarding the feasibility of removing ashes and rubbish from the basements of homes rather than from the curb.

At the council meeting last Thursday, February 15th, Commissioner Shoemaker, in charge of the Department of Public Safety, reported that several complaints had been lodged with the Commission. "Very often," Commissioner Shoemaker reported, "dogs have knocked bottles and cans from ash containers which when blown into the streets have become a distinct menace to safety and probably even to health. In discussing this with President Garska, we feel that a survey should be made to determine whether or not we can remove ashes and rubbish direct from the basements instead of the curb without incurring too much additional expense.

"Grosse Pointe Farms and the City of Grosse Pointe," continued Commissioner Shoemaker, "have this plan in operation much to the gratification of their residents and Mr. Garska and I both feel that Grosse Pointe Park residents should receive as good service, if not better, than these other villages, as well as making our streets safer for driving."

Following Commissioner Shoemaker's proposal, Commission President C. A. Pfeiffer appointed Commissioners Shoemaker and Leithamer and Village Engineer Chas. Marden a committee to conduct the survey and report back at the next regular meeting. If not too costly, this plan will be put into immediate operation and not delayed.

## Washington Celebration Sunday

A big joint George Washington celebration service will be held at the Grosse Pointe Lutheran Church, worshiping in the Richard School, Kercheval and McKinley, Sunday morning, February 25, at 11 o'clock. The service will be in charge of the Rev. M. Luther Camp, D.D., pastor of the congregation and the address will be delivered by the Hon. Wilber M. Brucker, former governor of Michigan.

Participating in the service, besides members and friends of the parish, will be the Gen. R. A. and Col. F. M. Alger Post No. 995 Veterans of Foreign Wars and the ladies' auxiliary of this post; the Major Burns Post No. 303 American Legion and the ladies' auxiliary of this post; the Sons of Veterans drum corps, Alger Post No. 995 Veterans of Foreign Wars.

## Original Little Flower Shop Opens Pointe Branch Friday

News reaches us this week of the opening Friday, February 23rd, at 17:35 Kercheval, in the Pynch & Judd Theatre Building, of the Grosse Pointe Branch of the Original Little Flower Shop, Inc.

This Shop, long established in Detroit brings to Grosse Pointe another truly attractive store. Come Thursday, all Palm Beach will smell like 'straw-hat,' a new perfume being introduced by Faberge. The Everglades Club will present a bottle of it to every woman who attends the fashion luncheon on that day. Since a fashion parade and free perfume, all in one fell swoop, are something that NO woman can resist, the Everglades will probably have to call out the Marines.

One night last week, as we sat sipping Sanka at the Patio, four Chinese came in and sat at the table next to ours. We were told that they are members of the Legation. One of them named Woo, got into a poker game recently and not knowing very much about the game, he made some costly blunders. Finally his host said, "Woo, you really shouldn't play this game. You haven't a chance." Woo solemnly cast one almond eye in the direction of his host and asked, "Not even a Chinaman's chance?"

Every day our mail is flooded with invitations to lectures, art exhibits, musicales, relief teas and whatall. They are all very 'doggy' engraved and look like the real McCoy, until we get to the bottom and find that "the pleasure of my company is requested"—at five dollars a throw! Personally, we'd put up with anybody's company, pleasure or no, if we got five simoleans out of it.

They will show only Gossamer hats and 'is said that the movie will have a definite effect on women's styles this year. Ho-hum! We aren't exactly the hoop-skirt and pantaloone type, but they'll probably get us in the end.

**Don W. Matzen In Woods Commissioner Race March 11**

Don W. Matzen, 1641 Roslyn, a resident and property owner in Grosse Pointe Woods for two years, has been requested by a number of residents to offer his services to the community as

Matzen was born in Detroit and is a graduate of the University of Detroit, School of Business Administration. While attending college, he was affiliated with Delta Sigma Pi, International Accounting fraternity.

At the present time he is employed in the Export Sales Department of the Chrysler Corporation. "It is believed that his educational background and varied experience equips him to serve in the capacity of commissioner in an efficient manner. "It is his firm belief that it is possible to operate the village in an efficient and economical way without sacrificing necessary improvements. He favors a pay-as-you-go basis. "If he is elected he will do all in his power to keep the village taxes at their present low level."

**Public Letter B-O-X**

Public Letter Box: How many other residents are disturbed as we are every evening, by the loud shouting of the paper carriers. Each evening at about 7:30 one or several boys go by the house yelling at the top of their lungs. Although I doubt if they sell more than one paper in the entire block. No other paper allows their boys to do this except when there is an extra.

If we want a paper delivered in the evening it is a simple enough matter to have the boy deliver it regularly, but I see no reason why we should have to listen to such high-powered yelling for a half-hour every evening until the boy is out of earshot.

In our case we have reported this to the local police department on several occasions but nothing permanent seems to be done about it. It is bad enough in the winter when doors and windows are closed but even worse in the summer. Last summer this yelling disturbed the baby's sleep every evening, as well as ours. The boy passed the house at 9:30 and again at 10 on the return trip.

There is no intention of depriving these boys of a source of income as it is our feeling that less noise and a more courteous attitude toward Park residents would result in more sales. After all there should be some distinction made between hawking papers on a downtown street corner and serving a residential section. Can anything be done?

**WHAT IS THE CITIZENS' ASSOCIATION?**

At the primary election held in Grosse Pointe Park last week, citizens of Grosse Pointe Park were given a lesson in high-power, strongly-organized machine politics. A group of four candidates for offices of President and Village Commissioner, running under the endorsement of a group of persons with the adopted name of "Economy Committee for Good Government in Grosse Pointe Park" received a plurality of the votes cast. These candidates on a ticket headed by John W. Chandler, candidate for the office of Village President, received the full endorsement of the Citizens' Association of Grosse Pointe Park.

In a bulletin addressed to citizens throughout Grosse Pointe Park, dated February 10, 1934, and bearing the mailing address of Park, the following appears:

**WHO BELONGS TO CITIZENS ASSOCIATION?**

"So that there can be no confusion as to the aims and purposes of the Citizens' Association, we are restating them briefly here. The Association has several hundred members, residing in Grosse Pointe Park, and interested in its government as citizens and taxpayers. Its purpose is to advocate necessary measures for securing better government at less cost, increasing the efficiency of public services, and reducing taxes. Its method is to disseminate information to the citizens of this community through bulletins such as this—to study the qualifications of various candidates for office (a matter to which the average individual citizen can give little time), and "rate" these candidates according to its analysis. Also to provide challengers at elections, to attend council meetings, and keep the public informed of government activities, and, in many different ways, to act as a checkrein, where needed, on spending and other activities of its public officials—matters on which the average citizen otherwise is uninformed.

"None of the Association's officers or directors receives any pay, nor are they running for public office. So that you may know who is in charge of Association activities, we are publishing the complete list of officers, directors, advisory council and educational committee:

**Officers and Directors:**  
Victor V. Wehmeier, president; Kenneth W. Cunningham, vice president; E. Llywd Ecclestone, secretary; Dr. Hugh Stalker, treasurer; Karl G. Behr, Sabin Crocker, Dr. Malcolm P. Dillard, Donald Fairbairn, Henry A. Kuhlman, Paul I. Moreland, William C. Oddy.

**Advisory Council:**  
Irwin S. Amberg, William Balderston, Dr. George W. Christiansen, Henry A. Fox, Harvey C. Fruehauf, Karl E. Fuller, Howard D. House, Charles B. Kemp, Edward F. Kihen, Taylor H. Seeber, Harry A. Strickland, Everett A. Wilsner.

**Educational Committee:**  
Mrs. Frank Barrows, Mrs. George Endicott, Mrs. Emerson Frantz, Mrs. Hugo Hesse, Mrs. Gerald S. Martindale, Mrs. William H. Martner, Mrs. H. Murray Northrop, Mrs. John B. Pear, Mrs. Paul W. Thompson.

If the Citizens' Association of Grosse Pointe Park has the above aims and purposes, will its officers, advisory council and educational committee answer the following questions?

1. "Why are bulletins, such as the one quoted from above, issued only at election time? Why does it not keep the public informed at all times throughout the year?"
2. "Is the Citizens' Association of Grosse Pointe Park primarily interested in clean Village government or is it interested solely in electing its 'preferred candidates'?"
3. "What sort of investigation is made of candidates before they are listed as 'preferred'?"
4. "Why did Mr. Wehmeier, president of this association, handle voted ballots in the first precinct after the primary election polls had closed? Is this not the sole function of the election board appointed by the Village Commissioner?"
5. "Is the Citizens' Association of Grosse Pointe Park really a fact finding association, or is it a political machine formed to elect its 'preferred candidates'?"
6. "Do all members of the Citizens' Association have a voice in selecting candidates for the 'preferred list' or is this important duty performed by its officers?"
7. "How much money was raised by the Citizens' Association from Grosse Pointe citizens in its last public appeal for funds and how was this money expended?"

This paper will gladly print a reply to these questions if the Citizens' Association will make such reply.

**Christian Science Church**

"Mind" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, February 25.

The Golden Text (Psalms 147:5) is "Great is our Lord, and of great power: his understanding is infinite." Among the Bible citations in this passage (James 2:12): "So speak ye, and so do, as they that shall be judged by the law of liberty."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 225): "The history of our country, like all history, illustrates the might of mind, and shows human power to be proportionate to its embodiment of right thinking."

**Lutheran Mission**

The newly established Lutheran Mission for the City of Grosse Pointe and for Grosse Pointe Farms will meet for the fourth service in its history in the library of Grosse Pointe High School next Sunday morning at 11 o'clock. Pastor Wilbert Burnmeister will again be in the pulpit. He will preach on the theme: "From Sinner to Saint."

Last Sunday the first session of the Sunday School at this mission was held. The Sunday School will meet regularly every Sunday morning, the time being 9:45 to 10:45, and the place a study room adjoining the library.

The people in charge of the mission cordially invite any people in the two Grosse Pointe communities who have no church home here to attend the services and to send their boys and girls of Sunday School age to the mission's Sunday School.

**'39 License Deadline Near**

Including Saturday of this week, only five more business days remain in which approximately 350,000 motorists in Wayne County must obtain 1940 half or full year plates if they wish to continue driving their vehicles March 1.

Harry F. Kelly, secretary of state, announces that in order to care for as many of these persons as possible all branch offices will remain open daily until 9 p. m., or later if there are customers to be served. Extra help has been added at all offices.

Many car owners have inquired during the past few days as to the possibility of an extension beyond the midnight, February 29, deadline. Mr. Kelly points out that section 6-A of Act 279 of the public acts of 1937 prohibits any officer or municipality from extending the time beyond February 29.

Police authorities have announced that owners of all cars found operating with 1939 tags will be ticketed beginning Friday, March 1. The 1939 registration of motor vehicles in Wayne County was 575,053 and to date only 225,000 owners have bought the 1940 tags.

"We are prepared to do our best to cope with the worst last minute rush in the history of the department," said Mr. Kelly, "but I fear that thousands of motorists will be without new tags March 1st."

**Joseph T. Whalen Announces Candidacy**

With the rapid growth of the Village of Grosse Pointe Woods, many problems such as a Village fire code, adequate fire and police protection, speed limit on Mack Avenue, bathing facilities, better transportation service, and an equitable tax levy of distribution have arisen.

Mr. Joseph T. Whalen, 1667 Severa Road, has announced his candidacy for the office of village commissioner and earnestly solicits your vote in the election of March 11.

Mr. Whalen is a graduate of the University of Detroit, and a veteran of the Polar Bear campaign in Russia during the World War. He has long been associated with various veteran's organizations and has held numerous offices in these associations.

Whalen has been connected with the Hugh C. White Insurance company for 10 years and has had several years accounting experience. He has also served as Fire Marshal for the State of Michigan in Wayne, Oakland and Macomb counties.

Mr. Whalen feels he is fully qualified to serve the best interests of the community as one of its commissioners.

**Book Review**

The Book Review Group of the Mother's Club will meet Tuesday, February 27 at 1:45 in the Grosse Pointe Memorial Church.

Mrs. Douglas Martin will review the year's international prize book, "No Arms, No Armour," by Robert Hénriques and will also give a short talk on, "Watch for the Dawn" by Stuart Cloete, "The Sea Tower" by Hugh Walpole, and "But You Are Young" by Josephine Lawrence.

1 1/2 cups sifted flour  
2 teaspoons phosphate baking powder  
1/4 teaspoon salt  
1/2 tablespoon sugar  
2 egg yolks  
1/2 cup double strength freshly-made coffee  
1/4 cup irradiated evaporated milk  
2 tablespoons melted butter  
1/2 egg whites  
Sift together flour, baking powder, salt and sugar. Beat egg yolks until light, add cooled coffee, evaporated milk, and butter. Pour the liquid mixture into the dry ingredients and stir only enough to blend thoroughly. Beat egg whites until stiff but not dry and fold into the batter. Bake according to directions given for your waffle iron. 6 waffles.

**Parcells Presides At Citizen's Conference**

Charles A. Parcells, president of the Grosse Pointe Board of Education, presided at one of the principal afternoon conferences held at the state-wide Citizen Conference on Education at Lansing last week. Mr. Parcells conducted a large meeting that discussed "School Boards' Responsibilities for Our Schools." Present at the meeting were school board members and superintendents from large and small school districts throughout Michigan, representatives of state-wide organizations of parents, service clubs, Veteran organizations and other state-wide associations. Professor Ray Smittle of Wayne University acted as consultant at the meeting on school boards' responsibilities and Earl M. Bagley acted as recorder. Among the questions discussed were the purposes of school boards, the type and extent of their powers, qualifications for school board membership, characteristics of high-type school board members and the responsibility of school boards to work carrying out their duties.

Mrs. James Edwin Hancock, formerly president of the Detroit Federation of Women's Clubs, presided at another of the afternoon meetings which discussed "Governmental Services and Control of Our Schools."

The morning meeting was addressed by Dr. Eugene B. Elliott, State Superintendent of Public Instruction; Miss Mary Farnsworth, a member of the State Board of Education; and Dr. H. L. Turner of the Michigan State Normal College at Ypsilanti, State President of the Rotary Clubs.

**Major Burns Henry Post, 303, Auxiliary**

Burns Henry Unit 303, President Elva Nielsen and National Defense Chairman Eleanor Thomas, attended the national defense luncheon on February 15.

Good work, Clara, our newest member present was Jeanette Roland Rehabilitation Chairman Betty Hoyt and Mary Del Barba visited Comrade Wilford Smith at Veterans Faculty also President Elva Nielsen and Martin Nielsen visited Camrads Smith and Al Zach at Marine Hospital.

We were glad to have Ethel Clark and Elizabeth Weelen with us again. Sorry, Helen Endus, Betty Hoyt, Sylvia Sharpe and Catherine Dorter, we're unable to attend.

Our oldest member, Mrs. Carrie Finn, is ill, girls. A little visit or a card will be appreciated. Don't forget our joint service at 11 o'clock at Richard School February 25. See you next week.

**Baha'i Hear Chicago Speaker**

The Baha'is and their friends assembled at 104 Moran Road on Thursday evening heard Mrs. Ruth Cornell of Chicago speak on "The Power of Thought."

"According to the Baha'i teachings," said Mrs. Cornell, "The reality of man is his thought, not his material body. The thought force and the animal force are partners. Although man is part of the animal creation, he possesses a power of thought superior to all other created beings."

"If a man's thought is constantly aspiring towards heavenly subjects then does he become saintly; if on the other hand his thought does not soar, but is directed downwards to centre itself on the things of the world, he grows more and more material until he arrives at a state little better than that of mere animal."

"Thoughts may be divided into two classes: first, thought that belongs to the world of thought alone and secondly thought that expresses itself in action."

"Some men and women glory in their exalted thoughts, but if these thoughts never reach the plane of action they remain useless: the power of thought is dependent on its manifestations in deeds. The Philosopher's thought may, however, in the world of progress and evolution, translate itself into action of other people, even when they themselves are unable to show forth their grand ideals in their own lives. To this class the majority of Philosophers belong, their teachings being high above their actions. This is the difference between philosophers who are spiritual teachers, and those who are mere philosophers; the Spiritual Teacher is the first to follow his own teaching. He brings down into the world of action,

His spiritual conceptions and ideals. His Divine thoughts are made manifest to the world. His thought is himself from which He is inseparable. When we find a philosopher emphasizing the importance and grandeur of justice, and then encouraging a rapacious monarch in his oppression and tyranny, we quickly realize that he belongs to the first class; for he thinks heavenly thoughts and does not practise the corresponding heavenly virtues.

"This is impossible with Spiritual Philosophers or Prophets, for they express their high and noble thoughts in actions." By so doing, they become the example for ages to come. And such a Prophet was Moses, Christ, Mohammed and Baha'u'llah, the new Prophet for this age."

### Alger Museum Discussed By City Commission

The Alger House branch of the Art Institute was placed under fire in the stormy meeting of the Arts Commission last week, when Mayor Jeffries Budget Director David V. Addy recommended that the museum be abolished for economy's sake.

As arguments, Addy stated that attendance had dropped off considerably and that it costs \$8c per visitor to keep the branch open. Addy also mentioned that Grosse Pointe communities limit their own facilities to their own residents, therefore he believed the home should be closed.

Edsel Ford, chairman of the Arts Commission objected to Addy's proposal. He said, "This is a pretty drastic move just to save \$15,000, the city should have felt this way about the branch when they accepted the gift." The home was donated to the city by the Alger family to be used as a memorial to General Alger, and if used for any other purpose it reverts back to the original owners.

Mayor Jeffries reprimanded Addy by stating that the suburban communities could not take care of all their own people and Detroit's too, at their parks and bathing beaches.

The final decision as to the fate of the branch was left squarely in the mayor's lap.

### Wyandotte Next For Points Cagers

By DICK BODYCOMBE

Back in a deadlock with Fordson for first place, Grosse Pointe High's basketball team must win its last two games to be assured of at least a tie for championship honors in the Border Cities League. Grosse Pointe's 26-25 loss to Royal Oak coupled with Fordson's 24-18 victory last week, moved the two teams back into a stale mate.

The unpredictable Wyandotte Bears bar the Blue Devils path tomorrow night when they invade the Pointer's lair. The following Friday evening, the second place Monroe Trojans move in for an evening of excitement.

So far this year, Wyandotte's record has been far from impressive. They hold only one league victory, that being over the hapless Mt. Clemens Bathers. The Bear's lineup is composed of erratic sharpshooters. When they're good, they're very good, and when they're bad, they're very very bad. The only record of their being very very good was early in January when they held a 17-7 lead over Fordson at halftime. This ten point head-start melted like the well-known snowball going down a hill.

The Blue Devils hold a 24-12 victory over the Bears in a wild game played on January 26. Both this and next week's games will begin at 8:30, but will be preceded by a reserve tilt beginning at 7:15.

### Women's Republican Club Luncheon

Council of Wayne County Women's clubs will meet for a pot-luck luncheon and business meeting at the home of Mrs. Albert Harris, 15487 Indiana Ave. on Friday, Feb. 23 at 12:30 p. m. Board meeting at 12 noon. Mr. Peter Drexelius, Atty. will speak on the subject, "Are You Acquainted with the Selection of State Officers?" Mr. Fredrick Seliz, Atty. will also speak, his topic, "The Constitution."

All Republican women welcome.

### Economy

(Continued from Page One)

representatives of the Economy Committee Wednesday were preparing to obtain consent of the Circuit Court in the event that the commission ruled that it was unable to withdraw Chandler's name.

Kremlick, in a statement authorized for release by Chandler, declared that Chandler was anxious to avoid any litigation which might further disrupt the affairs of the Village.

"Mr. Chandler has the interests of Grosse Pointe Park at heart," Kremlick said, "and he wants the citizens of the Village to know that the man they select for president will not later be ousted from office if he is successful. For this reason he has asked to be permitted to withdraw his name."

Chandler, at the recent primary election, polled 1,610 votes, while Garska trailed with 1,446 votes.

Goddard, who will run as a "sticker" candidate, was graduated from the University of Michigan in 1910. He was admitted to the bar in both Michigan and Illinois the same year. He is a member of the American Bar Association, the Michigan State Bar, the Detroit Bar Association, and the University of Michigan Club.

He is vice-president and secretary of the Universal Products Co., and a director of the Eureka Vacuum Cleaner Co.

While this is his first venture as a candidate for public office, Goddard is associated in the law firm of Yorkes, Goddard & McClintock, a firm which formerly had as associates Judge DeWitt H. Merriam, Wayne Circuit Judge, and Judge W. McKay Skillman of the Recorder's Court.

Goddard declared that he would announce his program within a few days.

"Let it be known, however," he declared, "that I am an ardent proponent of the Village Manager plan. Grosse Pointe Park needs such a trained executive to run its affairs, just as every corporation needs a general manager."

### Pearls Still Missing After End of Search

By DICK BODYCOMBE

Now that five tons of waste paper have sifted through, Grosse Pointe City police have definitely decided that Mrs. William M. Joy's \$3,800 pearl necklace has not been thrown into the trash but lost in some other manner.

Insurance agents, hired searchers, and police under the supervision of Patrolman John Rabaut, concluded their futile search late last Wednesday after rummaging and picking through 9,900 pounds of assorted discarded material. The search, which was approximately 700 pounds a piece, were carefully combed for any trace of the missing string of 86 pearls.

Chief Thomas V. Trombley said that the Joy's house at 16908 Cranford Lane had been searched from top to bottom, and since the pearls weren't found in the warehouse at East Warren and Radnor, he believed the case closed.

Before Mrs. Joy left for a vacation in Florida, she told police how she thought the pearls had been lost. She explained that a number of pieces of her jewelry had been cleaned and repaired at a jeweler. When they were brought back, she said that she had thrown the empty packages and wrappings away. Carelessly she believed she had forgotten to remove the necklace.

Detroit dailies, sensing a good story, unleashed their feature writers. Over seventy inches of written material was published by these papers, recording

the search as it progressed day by day.

Although the valuable necklace wasn't found, many other interesting and amusing articles were. \$13 lost by a woman living on West McNichols turned up, plus some worthless \$1,000 German bonds from the City of Leipzig. Workers humming "A Ticket, A Ticket" gayly pawed through bale after bale of trash. Evidently unimpressed by the value of the gems, a Free Press reporter overheard a searcher dryly remark, "After all, you can't eat 'em."

Digging deep into their files, Detroit papers discovered that the Joys were robbed of \$8,800 in jewelry at a hotel in Palm Springs, California, during their honeymoon in 1938. They also noted that the Joys marriage was one of the social events of the fall season in 1938. Mrs. Joy was Patricia Schlotman, daughter of Joseph B. Schlotman. William Joy is the son of the late Richard P. Joy.

The lost pearls were covered by insurance.

### Mother's Club Meeting

The Mother's Club will meet Monday evening, February 26 at 7:30 in the school library for a short business meeting with Mrs. Charles Ellis presiding.

Mrs. Marion Sheaffer, program chairman, will introduce Mrs. Myrtle Labbitt whose subject will be, "Eight Years Behind the Microphone."

Mrs. Labbitt is a graduate of the University of Minnesota and early became associated with the Detroit News as editor of the "Woman's Page" and conducted many of the household programs over station WWJ.

In the last five years Mrs. Labbitt has been with KLLW having two programs entitled, "Home Chats," which is a discussion of household problems, and "News and Events About Women," telling of club and social activities.

Mr. Charles E. Brown a representative of the Children's Aid will speak on the work of the organization and his personal experiences as a case worker with older boys.

All members of the Mother's Club are asked to bring their friends.

### Mason Safety Patrol Attends Shrine Circus

Last Saturday thirty-six members of the Mason School Safety Patrol, accompanied by Mr. Marr and Mr. Shinnery of the school faculty, gathered at the school for a trip to the Shrine Circus as guests of the Parent-Teacher Association.

A large truck, driven by Mr. Dallas, gathered the boys together and drove them to the State Fair Coliseum. Mr. Brooks, president of the Mason P. T. A. met the boys there with tickets for their admission to the circus. The boys were also provided with bags of peanuts, boxes of crackerjack, and bottles of soda water.

Every act from the huge elephants to the French aerialists was thoroughly enjoyed by the youngsters.

The visit to the circus was provided by the Mason School and the Parent-Teacher Association in appreciation of the service rendered the community during the past year by the Safety Patrol.

# KARL B. GODDARD

## as a "Sticker Candidate" for VILLAGE PRESIDENT

KARL B. GODDARD

Successful Detroit attorney who has lived in Grosse Pointe Park for the past 14 years has been drafted by the Economy Committee to run for Village President since the withdrawal of Mr. John W. Chandler.

Mr. Goddard lives at 1240 Yorkshire Road, is married and has always taken a keen interest in public affairs. He is a graduate of the Law Department of the University of Michigan, 1916, LL.B. Admitted to practice in the States of Illinois and Michigan. Is a member of the American Bar, the State Bar of Michigan, and the Detroit Bar Association. In addition to his professional duties he has gained prominence as an executive of unusual ability as Vice-President and Secretary of the Universal Products Company and as a director of the Eureka Vacuum Cleaner Company.

He has never sought public office before, although some of the men who have been formerly associated with him in the practice of law are prominent in public life today; such as the Hon. DeWitt H. Merriam, Circuit Judge and the Hon. W. McKay Skillman, Judge of the Recorder's Court.

The confusion caused by the challenge of John W. Chandler's qualifications as a candidate for Village President has not in the least dampened the enthusiasm of the Economy Committee to carry on its fight for a change in the Administration of the Village. Legal minds differ as to Mr. Chandler's qualifications, but to put the matter at rest Mr. Chandler has withdrawn his candidacy out of fairness to the people so that they will know without a doubt that the man they vote for will be eligible to hold office when elected.

The reaction of the people since the question arose a week ago has been that they will not be cheated out of their victory at the Primary Election when their candidates won the nomination by 1,610 votes to Mr. Garska's 1,446, by any political trick sprung at the last minute. It is plain that a change is about to take place and the opposition knew about the alleged ineligibility of the candidate and took unfair advantage of the residents of the Village in not informing them.

The results of the Primary Election show that the people are anxious to put in office the men sponsored by the Economy Committee as shown by the big majority vote given to their candidates for Commissioners, because they are pledged to inaugurate a more efficient and economical government. Mr. Karl B. Goddard, who has been drafted to run as a sticker candidate for President, joins with his associates in offering to serve for \$1.00 a year and adopt the Village Manager form of government.

Every voter is urged to write Mr. Karl B. Goddard's name on the ballot in the space provided on the ballot for that purpose or attach a sticker with his name on it which will be furnished. In either case the voter must mark an (X) in the square in front of the name. To avoid error in spelling of the name, which must be accurate, it is recommended that a sticker be used.

## Economy Candidates in Lead for Commissioners

The economy slate for Commissioners led in the primary by an unquestionable margin. . . . By your choice you have shown that you want an Economy Government in the Village Hall. Vote for these men—all are outstanding citizens of your community.

### Homer C. Fritsch

**Health Dept. Notes**  
The severe and stubborn colds so prevalent this winter is bound to lower resistance against the development of a possible pulmonary tuberculosis. The

one way to prevent a long illness and possible fatal termination from this disease, is its early recognition, which is easily done by a simple skin test. Parents of children in their teens are especially urged to take them to their doctor to be checked for t. b., as that is the time when they are more apt to develop this disease.

There were over 2,000 deaths in Michigan last year from tuberculosis, all of them preventable if recognized in the very early stage. This disease also costs the state about five million dollars a year. It is not hard to understand that much physical and mental suffering incident to t. b. could be avoided, and the four of five million dollars could be used very nicely in some other worthy cause each year.

Health Commissioner Dr. Warren suggests the tuberculin test for all each year as the only way to bring about a decrease in this disease. If the enthusiasm we have during the sale of Christmas seals by the Tuberculosis Sanitarium could be sustained throughout the year, it would mean the saving of many lives and millions of dollars, but it cannot be done by the "laying on of hands," "reading palms," or "attending prayer meetings." Your doctor will show you the one way that it can be arrested in its early stage.

Pneumonia has been on the increase, due no doubt to neglected colds. The bodily resistance is very low after pneumonia, and may mean the development of tuberculosis. So it is wise to check up at this time.

Tuberculosis killed over 60,000 people in the United States last year and rendered 300,000 more unfit for any occupation. That it is possible to reduce the number of cases of tuberculosis is

not just a matter of theory or belief with us, but a fact as proven by the records of your own health department during the past 21 years. Our tuberculosis work was not started until late in 1919. Regardless of the rapid increase in the population of this district and that people have come here from all parts of the country our records prove that it is possible to prevent the development of tuberculosis if recognized in incipient stage and in so doing prevent the physical and mental suffering incident to this lingering disease to say nothing of the saving of millions of dollars.

The record of your Health Department shows what can be done.

**Alger Auxiliary**

Alger Auxiliary celebrated its eighth birthday with a dinner at Trogers, about 40 members being present, on Thursday evening, February 15.

The table was set up in "U" formation and was very tastefully decorated, the color scheme being our own "red, white and blue," with appropriate flowers being placed here and there. All at the president's table were presented with a very lovely corsage. The place cards were unique and were well appreciated, being a snap of our home out on St. Paul and inscribed by Sister McRury.

After a short invocation by the chaplain all settled down to the serious task of consuming a very well prepared dinner.

President Bariteau gave a short talk and then called on the various past presidents to say a few words. Senior Vice President Dorothy Wells had the honor to present the past presidents with their gavel, a little late to these past presidents, but Alger Auxiliary passed a resolution that hereafter each new president elect will be presented with a gavel upon entering office.

A short time was diverted by all trying their luck in the exciting game of "Cootie". Ever try it. Lots of fun. Prizes were awarded for this game, after which quite a few of the ladies settled down for a couple of games of bridge. Before taking off each lady received a piece of a very delicious birthday cake to take home with her. Watch this paper for our next Sunday dinner during March, date to be announced later.

Comrade Van Amber Bawer, Americansin chairman, extends a cordial invitation to Grosse Pointe Township, to attend the Geo. Washington memorial services to be held at the Gabriel Richard School, Sunday, February 22, at 10:30 a. m. Rev. Camp of the Lutheran faith, will officiate, and ex-Governor Wilbur Brucker, an 82nd Division veteran, the speaker. Wear your Legion cap or uniform and be in attendance. Comrade Louis Baldwin reports more progress for the St. Patrick's ball to be held March 16, at Eastwood Gardens, Gratiot at Eight Mile Road. Tickets may be procured by members or by calling Niagara 5555. Those accumulated magazines or newspapers will be picked up by our post sponsored Boy Scout troop. As this organization is self supporting, won't you do your part. Membership Chairman Mart Nielsen, suggests that any veteran who doesn't belong to the American Legion should want you to turn over those hard to get members to him. He'll do the rest. Meetings are held the first and third Wednesdays in each month at 17145 St. Paul, Grosse Pointe City, 8:30 p. m. Come out and pay us a visit. You're under no obligation.

### Grosse Pointe Swimmers Finish Season Undeclared

By DICK JODYCOMBE

After winning their eighth straight victory last Friday, Grosse Pointe High's undefeated swimming team is impatiently awaiting the state regional meet to be held Saturday in Fordson High's pool.

By handing Trenton a 51-33 drubbing Friday, the Blue Devil tankers completed a spotless season in the blaze of glory. Swimming without the services of Russ Davis, ace back-stroker, Grosse Pointe still won five of the nine events.

Starting their very successful season early in December by beating Pontiac, the Pointers added five straight Border Cities League wins and annexed the championship. Then with victories over River Rouge and Trenton, the Devils roared home with a perfect record.

Frank Banach, veteran Grosse Pointe coach says of his latest effort, "the best team I ever coached." Coach Banach, who guided a league winner in 1936, and a co-championship team last year, believes his present squad is better than either of the other two.

The regional meet to be staged Saturday will determine the swimmers who will compete for the state championships to be held a week later in the Allison Colting pool, Monroe, Wyan-dotte, Mt. Clemens, Royal Oak, Grosse Pointe, River Rouge, Pontiac, and Fordson will battle for top honors at Dearborn, while other Class A schools will meet at Jackson. The first six boys in each event will qualify for entrance in the state meet. The team standings in all events, except the relay races are compiled by the following ratio: 1st place—5 points, 2nd place—4 points, 3rd place—3 points, 4th place—2 points, 5th place—1 point. In the relays, the points awarded are: 1st place—10 points, 2nd place—8 points, 3rd place—6 points, 4th place—4 points, 5th place—2 points.

Bill Carlson, Russ Davis, and Wilbur Gredlich were consistent winners during the regular season and will shoulder the majority of Grosse Pointe's chances. Carlson, swimming the 100-yard breast stroke, has won eight consecutive races.

Both relay teams also have excellent chances of attaining state-wide recognition. The 150-yard squad of Pickard, Carlson, and Chase, and the 180-yard team of Greenlich, Kundinger, Tongue, and Weaver triumphed regularly.

### Louisa St. Clair Chapter D. A. R.

To promote appreciation of good citizenship among young people, Louisa St. Clair Chapter Daughters of the American Revolution, will honor 17 senior girl students in the Detroit and Grosse Pointe schools Thursday with a luncheon and a presentation of good citizenship pins. Co-operating with the chapters' good citizenship pilgrimage committee, of which Mrs. J. Harvey Maxwell is director, each high school faculty will send one young woman judged highest in outstanding character. Selection is based on five points, including dependability, service, leadership, ability and patriotism. Other qualifications are truthfulness, punctuality, neatness, personality and self control.

Sue Stephenson of McKinley Road, has been chosen by the students and faculty of Grosse Pointe High School. From the Detroit schools are Allison White, Central High; Dorothy Rutkowski, Chadsey High; Joan Beardall, Cooley High; Brynthe Batts, Eastern High; Sissy Hoogasian, Southwestern High; Rose Miconian, Western High; Irene Rivias, Northern High; Frances Williams, Miller High; Genevieve Zarnack, Northeastern High; Margaret Warner, Redford High; Dorothy A. Stewart, Cass High; Charlotte MacPerril, Commerce High; Phyllis M. Johnston, Southwestern High; Ruth A. Williams, Pershing High; Mildred Ellen Otto, Northwestern High, and Rachelle Blanche, Denby High.

Each girl, first elected by her classmates and then approved by the school faculty, will go to the Michigan State D. A. R. conference at Battle Creek in March and become a candidate to compete for a state prize. The winner of this prize will be given a trip to Washington featuring tours to historical points with all expenses paid.

### Jefferson Avenue Baptist Church

Next week, for five nights, beginning Monday, 7:45 p. m., Dr. Joseph Fort Newton will speak at the Jefferson Avenue Baptist Church, 1337 E. Lakeview. Dr. Newton is rector of the Church of St. Luke and the Epiphany in Philadelphia and formerly occupied the pulpit of the famous City Temple in London, England. Dr. Newton is unquestionably one of the great preachers of this age. The Reverend Wayland Zwyer, minister of the church, announces that notable guests will attend the dinner which will be held at the home of Mrs. Newton next Tuesday evening preceding the service.

Tickets for the dinner must be secured in advance, but all of the evening meetings are open to the public. During this same week Dr. Newton will be the noonday Lenten preacher of the Detroit Council of Churches.

### Neighborhood Club

Standings of Neighborhood Club Senior Basketball League:	W.	L.	Pct.
Team	8	0	1.000
Eastminister	6	1	.857
Comets	4	4	.500
Indians	3	4	.428
Saints	3	5	.375
Fifteen Club	3	5	.375
Essex	2	6	.250
Arrows	2	6	.250
Rangers	2	6	.250

Eastminister and Comets continued in their winning way during the past week as they defeated the Arrows and Saints, respectively. The Eastminister crew had a fairly easy time of it in handling the last placed Arrow a decisive trimming 56-37. Showing the younger fellows just how this game of basketball should be played, Elmer Schram, speedy forward of the league leaders, tied the league record for scoring when he bagged 11 field goals and a foul for 23 points. Incidentally Schram is a man of 35 (more or less).

Held on even terms for three quarters, a stubborn Saint's A. C., the Comets finally came through with a five-point victory. The Saints took a two-point lead with five minutes remaining to be played only to see it vanish as Kelly and Kennedy connected on "long tomies" to give their mates a lead they didn't relinquish. Jim Curran topped the scorers for the winners collecting nine points. "Red" Conrad was outstanding for the losers.

Taking a 26-15 lead at the intermission, the Indians (fighting desperately for a playoff berth) handed the Ranger five their sixth defeat in eight starts, 52-32. "Bob" Allor, former all-around athlete at St. Paul's, high the moccasins for 22 points. "Fran" Fetters, running mate of Allor's, followed closely with 19. Bill Harms continued in his scoring ways, gathering 18 points, to keep his Rangers from being completely swamped.

A highly improved Essex aggregation came through in the last three minutes to conquer the Fifteen Club, 34-31. This was the fifth defeat in a row for the highly regarded Fifteen Club. "Red" Logan, former Denby High star, and Bob Hanna, were high scorers with 13 points apiece. Bob Holihan was high for Club Fifteen with 10.

Some very exciting basketball is expected to be witnessed this Saturday night, February 24, at the "Club" when Lansing journeys here to play two well-matched teams, the Arrows and the League. The Lansing boys come here with a very favorable record, winning 18 and losing but three during the past season. Their team is composed of former Lansing's High School players and boast of two all-state players from last year.

Two games have been planned, the first beginning at 7:30. A large crowd is anticipated so come early and get your seat.

Theater party Friday night at 7:30 p. m. for all children in the community! Don't miss it—be a part of it. Answer some of those Professor Quiz questions. We'll see you Friday night at the Neighborhood Club.

The Wookya Camp Fire Girls of the Neighborhood Club are taking their

mothers to the Camp Fire Mothers and 22. The following girls will take part in the program: Carol Lorey, Peggy Williams, Rita Brunel, Mary Lou Nelson and Lucille Johnson.

Guards are planning on visiting a radio station this Friday afternoon.

### Chandler's Application for Ballot in Detroit

### Is Chandler Still A Member of The County Board of Supervisors?

John W. Chandler is a member of the Board of Supervisors of Wayne County. He was appointed to that post in March, 1938, and his term of office will expire April 9, 1940. According to Wayne County records, Chandler received a total of \$225.00 during the year 1939 for his services on the Board. He is a member of the Civic Civic Center Committee. The last check he received was on October 31, 1939, and was for \$45. Chandler was appointed to the Board by action of the Common Council of the City of Detroit.

### Yankee Stars in Television Broadcast

Joe DiMaggio (left) and Joe McCarthy, of the world champion New York Yankees, watch a telecast of the official 1939 American League sound motion picture, "First Century of Baseball", in the dugout at Yankee stadium. Both play stellar roles in the film, which is being distributed without charge by the Fisher Body division of General Motors in celebration of the baseball centennial. Other feature pictures are soon to be broadcast by television from New York on a regular weekly schedule, it has been announced.

**Origin of 'Caligae'**  
The caligae that goes with every circus parade is named after the Grecian muse of heroic poems. Many ancient artists have depicted her holding a manuscript in one hand and a tuba in the other.

**Another Use for Lumber**  
In a typical year, 125,000,000 board feet of lumber, the equivalent of 4,166 freight car loads, is used to pack American made automobiles for export shipment, the Automobile Manufacturers association estimates.

**Safer Safety Glass**  
A new, more resilient, laminated plate glass has been perfected having four times the shatter-resistance of present types at normal temperatures and 10 times the strength at zero, according to the Franklin institute in Philadelphia.

**Signs of Wear**  
J. J. Naille, Bowling Green, Ky., railroad employee, has decided to replace a pair of shoes he purchased in 1916 and wore until last year. The shoes are not worn out, but a small break has appeared on one of the uppers.

**Life of a Mattress**  
Though used eight hours each day, 20 per cent of the mattresses in American homes are 18 years or more old, and 32 per cent of the pillows date back as much as a quarter of a century, the National Association of Bedding Manufacturers reports.

**Shoes for Thoroughbreds**  
Racing horses wearing aluminum shoes have rung up 300 track records on the American turf in the last five years, including five world and 17 American marks. More than 80 per cent of the horses in training are equipped with aluminum shoes.

**Weight Control of Diabetics**  
A large proportion of overweight people between the ages of 30 and 65, hitherto diagnosed and treated as diabetics, can be cured by weight control, according to studies made at the University of Michigan hospital.

### Peaceful Settlements

IT IS a truism that no controversy is ever settled permanently until it is settled rightly. There must be an equitable meeting of the opposing factions, that those concerned may not continue to harbor the animosities which caused them originally to disagree. Exercise of such evils as malice, ill-will, hatred, revenge, is inadmissible and indefensible. Jesus rebuked those traits in the disciple who cut off the ear of the high priest's servant. "Put up again thy sword into his place," he said (Matthew 23:35), "for all they that take the sword shall perish with the sword."

Had Jesus told his followers merely what not to do, without telling them how to conduct themselves, they would have remained in ignorance of how best to conduct themselves as to be free from the shackles of materiality. But he did not stop there. His teachings were always positive, for he understood whence came his marvelous healing power. He wanted them to understand the source of his power—which was as available to them as to himself—and through their understanding of God, to demonstrate the divine power in good deeds.

Right actions follow right thinking. The one Mind, divine Principle, is the only source upon which unity of thought can be gained; it is the source of all right thoughts. . . . On pages 469 and 470 of the textbook, "Science and Health with Key to the Scriptures," Mary Eddy Baker writes, "With one Mind, we are the whole family of man; we are brethren; and with one Mind and that God, or good, the brotherhood of man would consist of Love and Truth, and have unity of Principle and spiritual power which constitute divine Science."

As men are actuated by a desire to be fair in their dealings, they express the "unity of Principle" which makes all men brothers. This is not a mere platitude; such unity can be and is being demonstrated. . . . In handling error of any sort, we start with the scientifically correct premise that God, Mind, is good, and that the real man, Mind's reflection, is also good. What ever wrong we see in others is but a manifestation of the carnal mind, and our part in the correction must begin with ourselves—we must destroy the wrong image in our own consciousness. This was Jesus' method of destroying error. He saw it as unreal, as no part of man's true selfhood, because he ever held to the truth of being, namely, that the real man is God's reflection.

As we progress in our ability to distinguish between the real and the unreal, our sense of the beauty, utility, and permanence of all that is good is enhanced. This is illustrated by a story of three men who once took a walk in a forest. One was a botanist, one a business man, and one a poet. As they went along, each asked the other what he saw in the forest. The botanist answered, "Interesting specimens," the business man, "The amount of lumber rolling off the saws," the poet, "Eden's inspiration." They all saw the same objects with their physical eyes, yet their reactions were vastly different, and each vision was right and useful in its place. One is false to himself when he permits evil to handle him, or when he sees evil as something belonging to persons. Evil is a negation, nothing, and he must therefore not see it as something real. To magnify human weakness, either in individuals or in groups of individuals, is in itself an evil. The one Mind, which man reflects, knows only good. When we classify all wrongdoing as impersonal error, then we shall be able to destroy it as Jesus destroyed it. This attitude of spiritual thinking will bring about a peaceful settlement in any controversy. —The Christian Science Monitor.

**Women at Work**  
In Japan women work as bus conductors and gasoline station attendants.

**New Products in Old Industry**  
The last 10 years have seen the development of safety glass, new types of structural glass, heat absorbing glass, glass black, fibrous glass, textile glass and glass blackboards for schoolrooms.

**Troop 84**  
Mr. Edward C. Smith showed the scouts how to tie some knots. Each girl had a piece of rope and did the knots with him. Among the knots demonstrated were the square knot, bowline, dove hitch, sheepshank, timber hitch, and weavers knot.

**Brownie Pack 13**  
The last meeting was held at Christ Church. An interesting story was read after which games were played. Mrs. Romine, the leader, was unable to attend since she was in Chicago.

**Troop 129**  
Scouts who had tenderfoot pins brought them and permitted the girls for whom the tenderfoot ceremony was given to wear them. After the ceremony a pot-luck dinner consisting of hamburgers, potato chips, salad, cocoa, fruit bites, and cookies was enjoyed by the troop.

**German Schoolboys Soccer**  
German schoolboys begin playing soccer when they are 10 years old and the government has reintroduced the game into school curricula from which it had been banned as "rough stuff."

**First Samoan Library**  
A model of the first library ever built in American Samoa, this country's largest island outpost in the South Pacific, has been presented the Smithsonian institution by the navy department. The model represents, it is pointed out, what is probably one of the most unusual undertakings ever attempted by a United States naval officer. The library itself, the first culture center of the Samoan people, was built in 39 days under the supervision of Lieutenant Commander P. J. Holloran. It features in every detail the native Samoan styles of architecture and construction.

**Mahogany Finishes**  
With the advent of the use of powerful bleaches, mahogany finishes may range all the way from the light cream of blond mahogany to the black of ebonized mahogany. The honey tones, however, for modern styles are preferred while the "Old World" finishes, those that closely approach the rich beauty of the museum piece, are still favored for styles.

**Wool of Whale Meat**  
S. Sasaki of the college of agriculture of Kyushu Imperial university, Tokyo, has succeeded in making artificial wool from whale meat, says the American Chemical society. Raw meat is fermented by adding certain chemicals and is elongated into fiber by a spinning machine. The fiber resembles wool, has considerable tensile strength and floats on water. Combining with cellulose xanthate, it changes into a milklike fiber, depending upon the amount of xanthate used.

**Diamonds in Industry**  
Most people think of the diamond as a sparkling luxury. What is little known is that industry depends considerably upon this gem. Half of the world's output of diamonds are used industrially. The hardest substance in existence, they aid in turning grinding wheels, shaping the hard surfaces of emery and tungsten carbide; they are used in phonograph needles, optical and dental drills, in tools for artistic etching on metal and for turning ivory, hard wood and bakelite into such things as billiard balls, bowling balls and doorknobs.

Club Royale Features 'Unique' Show

At Detroit's beautiful Club Royale on Friday, the new show headlines Jane Moore and Rudy Revel, dancers extraordinary, and Rajah Raboid, with a very unusual mindreading act. Raboid stand in the center of the floor and invites a member of the audience to seal his eyes with thick pads of cotton and adhesive tape. Then eight thicknesses of linen are tied tightly around these pads. In this condition, he proceeds to answer questions which are asked by the audience only in thought vibrations, duplicates writing placed on a blackboard while he is blindfolded, throws two-pound knives at his beautiful partner, and reads cards, printing, and the serial numbers on currency with his fingernails.

Public Speaking Class

There will be a class in public speaking at Defer School in room 303 every Monday evening from 7 until 9 o'clock starting February 26 through the courtesy of the Detroit Board of Education. Mr. Joseph Tuma is the instructor. All in the community are welcome to attend.

Kerby School Children Contribute to Museum

As its contribution to the establishment of a Children's Museum in the Grosse Pointe Board of Education, Kerby School is assembling a collection of coins currently in use in countries of the world.

The coins are mounted in a large, loose-leaf book. Each of the pages of the book may be removed and distributed to classes interested in an individual country. The coins are labeled and appear in duplicate to display both sides.

The 6-A class of June, 1939, presented a complete set of the United States coins to the collection and the Parent-Teacher Association provided a set of Canadian coins.

Dr. and Mrs. William A. Geitz, who have just returned from Mexico, donated a complete collection of Mexican coins in duplicate.

In addition to the above, the collection includes coins representative of England, Germany, Denmark, France, Poland, Norway, Sweden, and Italy. They were donated by Mr. Fritz Hailer, Esquire, German Consul; Mr. Tage Olsson, importer of Danish art paper; and Mr. Dade, owner of a Danish restaurant.

Duplicate coins for all collections, except American, Canadian, and Mexican are needed to complete other pages. Donations of these coins will be appreciated by Kerby School.

TOWN HALL

Muriel Draper, whose salons in Europe and America have been a rendezvous for such famous people as Gertrude Stein, Henry James, Eleanor Duse, John Sargent and many others, will be the Detroit Town Hall speaker in the Fisher Theater next Wednesday, February 28, at 11 a. m. The woman whom Harper's Bazaar listed among the seven most interesting women on the radio and "one of the most brilliant conversationalists in the English-speaking world" will talk on "The Art of Conversation."

Mrs. Draper's autobiography, "Music at Midnight," a best-seller of several years ago, covered her career in Italy, London and America, and excelled in the reporting of famous people whom she knew intimately.

In America she has been, among other things, Mary Garden's consultant at the Chicago Opera, an interior decorator, a journalist, a lecturer, and perhaps the only living woman ever to have achieved a successful New York salon.

St. Ambrose Father Banquet Arranged

The annual Father and Sons' party of St. Ambrose Parish will be held in parish hall Thursday evening, February 22, under the sponsorship of the Holy Name Society.

The committee has arranged a splendid program for the evening, which includes musical numbers by local radio stars, the 1940 American League baseball sound film will be shown, and George Moriarity, former Tiger star, who is now an umpire in the American League, will address the gathering. Judge Lester Moll will officiate as master of ceremonies. Al Garska is chairman of refreshments.

The officers of the Holy Name Society are anticipating the largest crowd ever to attend an affair of this nature in the parish.

Women's Republican Club

Monday afternoon February 26th, at 2 o'clock at the Neighborhood Club, Waterloo at St. Clair, Mr. Howard Knaggs of Touraine Road will address the members and friends of the Women's Republican Club of Grosse Pointe on "Socialized Insurance."

Do not miss this unusual opportunity to become informed on a question of grave concern to everyone. What will be the future of Insurance Companies? Are they in danger?

Patriotic singing will open the program which will take place upstairs in the large auditorium. Mrs. Edwin Krieghoff, president of the club, will preside and Mrs. Alfred Whittaker will be at the piano.

Film Placed in Baseball Shrine

WILLIAM M. BEATTIE (left), curator of the National Baseball Museum and Hall of Fame, receives a print of the American League film, "First Century of Baseball", from William S. McLean, director of advertising for the Fisher Body division of General Motors, whose firm produced the pictorial history in celebration of the baseball centennial. The film will be preserved with other records of the national pastime in the archives at Cooperstown, N. Y., birthplace of the century-old game.
