

PARK NAMES NEW MANAGER

Parcells Leads Annual School Board Meeting

"God grant that we shall continue to have free schools in a free land," Charles A. Parcells, president of the Board of Education, exclaimed in concluding his brief report to the Annual School District meeting held last Monday night in Grosse Pointe High School.

Board has a tremendous task and one that is not being done better anywhere in the United States," he bespoke for Dr. Loranger and the Board as a whole a continuation of public support and pledged his own backing.

Mr. J. Lee Barrett, who was in Europe when re-elected to the School Board a year ago, was introduced by Mr. Parcells and spoke briefly.

"We could see then that something was about to happen abroad but of course no one could predict the catastrophic developments of recent months," he said.

Albert E. Meder, outgoing member of the Board of Education, who declined reappointment because of the press of professional business, motored from Lansing to speak briefly at the evening meeting.

Mr. Meder said that he had accepted a post on the Board of Education three years ago with definite questions in his mind and that he now had the answers to the questions.

"I am convinced," he said, "that the Board of Education is saving every penny that it can save and that the community is getting 100 cents return for every dollar being spent of the taxpayers' money."

Mr. Meder declared that modern times required an educational program that gave the children more than merely the three R's. It is up to this community and the parents to decide the kind of education they want for their children and are willing to support, he said.

"We are not supporting any 'frills,'" he declared. "We are supplying some better along with the educational bread."

Dr. Clifford B. Loranger, newly elected Trustee to succeed Meder, was then introduced. Loranger noted that Ralph Thomas, his nearest rival in an election which saw five times as many votes cast as in the uncontested school board election of 1939 when J. Lee Barrett and Charles A. Poupard were re-elected without opposition.

Dr. Loranger stated: "From my previous term on the Board, I know the tremendous job which the Trustees face and the huge amount of time that they have to devote to their duties."

Dr. Loranger especially urged the candidates to continue their interest in school district affairs and to give the Board the benefit of their advice. He said that the election campaign had been a pleasant one for all because it had not been acrimonious but rather had been "a good, gentlemanly fight."

When asked to comment on the election, Mr. Thomas stated, "I have the greatest admiration for the work which the School Board is doing. The Board is doing a splendid job."

Woods Children Warned Against Fireworks

Grosse Pointe Woods children should save their money and not send away for fireworks this summer, for the Woods Police Department will not permit them to shoot off these dangerous toys. Police officers have strict orders to confiscate all fireworks in the Village, except those to be used in the Fourth of July demonstration.

Also an unusually large number of complaints have been received by the Police Department recently concerning excessive speeding on side streets and petty vandalism during the construction of new houses.

Police Chief Walter Goulette remarked that his department would rigidly enforce all traffic regulations on every street in the Village and that trespassers and loiters on the premises of buildings under construction would be punished.

Goulette stated that all residents can assist in curbing these practices by reporting any such violations to the Police Department immediately.

Mr. J. Lee Barrett, who was in Europe when re-elected to the School Board a year ago, was introduced by Mr. Parcells and spoke briefly.

"We could see then that something was about to happen abroad but of course no one could predict the catastrophic developments of recent months," he said.

"I am convinced," he said, "that the Board of Education is saving every penny that it can save and that the community is getting 100 cents return for every dollar being spent of the taxpayers' money."

Mr. Meder declared that modern times required an educational program that gave the children more than merely the three R's. It is up to this community and the parents to decide the kind of education they want for their children and are willing to support, he said.

"We are not supporting any 'frills,'" he declared. "We are supplying some better along with the educational bread."

Dr. Clifford B. Loranger, newly elected Trustee to succeed Meder, was then introduced. Loranger noted that Ralph Thomas, his nearest rival in an election which saw five times as many votes cast as in the uncontested school board election of 1939 when J. Lee Barrett and Charles A. Poupard were re-elected without opposition.

Dr. Loranger stated: "From my previous term on the Board, I know the tremendous job which the Trustees face and the huge amount of time that they have to devote to their duties."

Dr. Loranger especially urged the candidates to continue their interest in school district affairs and to give the Board the benefit of their advice. He said that the election campaign had been a pleasant one for all because it had not been acrimonious but rather had been "a good, gentlemanly fight."

When asked to comment on the election, Mr. Thomas stated, "I have the greatest admiration for the work which the School Board is doing. The Board is doing a splendid job."

Woods May Have Night Baseball

A proposition made by a Detroit sign company to install a neon lighting plant on the Mason School baseball field powerful enough to permit night ball games has been taken under consideration by the Grosse Pointe Woods Commission, it was disclosed at the Woods business men's luncheon last Monday noon.

The Detroit company will install the lights, valued at close of \$1,000, if the Woods will put up the necessary poles and purchase some additional electrical equipment.

The plan, if accepted, would allow the Grosse Pointe Baseball League to schedule night games during the week.

Miss Ruth Henkel of Berkshire Road returned last week end from Newton, Mass., where she had been the guest of Mr. and Mrs. John E. Giles (Barbara Whitcomb).

Father And Son Banquet At Lutheran Church

Special Father's Day services at the Grosse Pointe Lutheran Church, worshiping in the auditorium of the Richard School, Kercheval and McKinley. Sunday morning, June 16th, at 11 o'clock.

"As is Father, so will be the son," will be the subject of the sermon, preached by the Rev. M. Luther Canup, D.D., pastor.

Fathers and sons will please attend in a body. Each son bringing his own father or some other father will go on the Father and Son Honor Roll.

Special Children's Day services at 9:45 a. m., with each grade in the school taking part. In this annual service the place of the child in the religious life of the country will be emphasized, also the importance of religious teaching while the child is young.

If you have no church home, drop in and enjoy our home-like atmosphere, join in the singing of some of the Church's best known hymns, hear the word of God read and preached. A warm welcome awaits you. Father bring your son and vice versa.

Woods Fire Chief Injured By Flying Piece Of Steel

Alex Rose, Grosse Pointe Woods Fire Chief, was injured last Monday morning when a piece of steel, chipped from a machine drill, pierced his right thigh and severed an artery.

Rose was taken to the hospital where a physician probed the wound, but was unable to find the steel particle. It is believed the metal chip was carried away by the blood which spouted freely from the cut.

Woods Pier Cards Now Available

Philip Allard, clerk of Grosse Pointe Woods, announced early this week that Woods residents can now obtain their 1940 beach privilege cards at the municipal offices on Mack avenue.

Two Boys On Bicycle Injured In Crash

Two young boys, riding together on a bicycle, were injured last Saturday afternoon when they swerved into the road and were struck by a passing car on Harper Avenue near Lancaster in Gratiot Township.

Donald Favor, 4249 Neff Road, 7-year-old youngster who was riding on the handlebars of the bike, was taken to Saratoga General Hospital with a possible fractured skull. Donald Watson, 13, of 3955 Hereford, who was operating the bicycle, received minor bruises and lacerations.

Alton Stroupe, 5597 Clarendon, driver of the car, was questioned by Wayne County Sheriff officials and then released. It is believed that the boys were riding on the wrong side of the road and to disregard safety rules and ride "double."

This is the second similar accident in two weeks, involving children who continue to disregard safety rules and ride "double."

Rent that vacant room through a Grosse Pointe Review line.

Dr. Loranger Wins Close School Board Election

Dr. Clifford B. Loranger of Grosse Pointe Shores, received 43 more votes than his nearest rival, Ralph Thomas, in last Monday's election, and was elected to a second term as a school board trustee.

Loranger, who served on the board from 1934 to 1937 and was beaten by the narrowest of margins in the election of three years ago, gathered 239 ballots while Thomas could muster only 246. Eight hundred and thirteen votes were cast from a registered total of approximately 5,900 qualified electors. It is believed that a late afternoon cloud-burst drenched the voting ambitions of many prospective citizens.

Loren H. Noll finished third with 118 votes. Clarence B. Swift ran fourth with 80 ballots and Mark L. Rowley ended up last with 77.

Highway Department Gives Emergency Week-End Service

Michigan State Highway Department maintenance garages will be kept open over week-ends in future to provide emergency highway service. State Highway Commissioner Murray D. Van Wagoner announced this week.

"Because of the heavy traffic on week-ends, which would suffer by any failure of highway conditions, it was decided to have the maintenance garages open and ready to answer emergency calls," the commissioner said.

State Police Start Marihuana Check-Up

A recent bulletin received from the Michigan State Police states that all persons in this state can be of help in stamping out the growth of wild Marihuana. This dangerous drug weed, which thrives in Michigan, reaches a height of from 3 to 6 feet.

Each stem has an odd number of leaf segments, from three to thirteen, depending on the size and age of the plant. To prevent spreading, the plants must be uprooted in the spring of the year, before they have a chance to seed.

If you believe you have seen wild marihuana plants growing in your vicinity, call your local police authorities.

Arndt Dance Recital Pleases Audience

Grace, charm, and showmanship characterized the Dance Recital given by the pupils of Elaine Marie Arndt in the Pierce Junior High School Auditorium, June 10th and 11th.

Among the highlights of the performance were Miss Arndt's Classical Ballet solo; the Highland Swing number in which ten young ladies clad in tartans beat out rhythmic patterns on toy drums to accompany their tap routine; and the novelty fencing-tap number of Billy Konkle and Fran Schneider.

Firemen Resume Fishing While On A Furlough

Thornton Reaume, City of Grosse Pointe fireman, has left for Lexington, Michigan, on Lake Huron to put in a little serious fishing.

His associates in the Police and Fire Department, aware of "Duck" Reaume's previous fishing records, are not anticipating any record catches.

His friends do not believe he will be overburdened with "denizens of the deep" unless he has more success with silver lure than he has had with the regular tackle.

Lightning Strikes Chimney Of Home

The residence of Mr. M. S. Marr, 515 1/2 Michigan, was struck by lightning during the electric storm which swept through Grosse Pointe last Friday afternoon.

The bolt, which hit about 3 p. m., knocked loose a few bricks in the chimney, but otherwise did no damage. No evidence of a possible fire was discovered.

Resignation

May 6, 1940. Honorable Karl B. Goddard, President, and Commissioners of the Village of Grosse Pointe Park, Wayne County, Mich.

Gentlemen:—Owing to my continued ill health and the necessity for a rest free of responsibility, I am asking your honorable body to accept my resignation, effective when the Storm Water Sewer Project has been completed and the test accepted.

During my 26 years of service, I have seen the Village of Grosse Pointe Park grow from a few paved streets with scant public facilities to a modern community which every resident can share with pride.

It is natural that associations lasting over so long a period of time should make it very difficult for me to come to such a decision, and I am sure that you realize my regrets at the necessity for the breaking of these ties.

I shall always have the interests of the Village at heart, and, if at any time in the future, I may be of service to your honorable body, I trust you will not hesitate to call upon me.

Respectfully yours, C. H. MARDEN, Village Engineer.

Sacred Music Festival At Lutheran Church

The combined choir of the Faith Lutheran Church, East Jefferson and Philip Avenues, numbering over 80 voices, will give its annual Sacred Music Concert next Sunday morning at 10:45 o'clock.

A brief sermon will be delivered by the pastor preceding the music program.

The Faith Lutheran Choir is one of the outstanding Lutheran choirs in the city. The guest soloists will be Mrs. Irma Kuebler, soprano, and Mr. Otto Kruezer, tenor.

The music program will consist of seven sacred numbers.

Grand Rapids Man Starts New Position Monday; Marden Resigns

Byron J. Rockwood of Grand Rapids, Mich., was officially appointed as Grosse Pointe Park's first Engineer in Charge of Operation (Village Manager) by the Village Commission at a meeting held last Monday night in the Municipal Building.

Rockwood, city purchaser of Grand Rapids for the last five years, was unanimously agreed upon and will take over the reins of the Park government starting next Monday, June 17.

The new executive is 37 years old and a graduate of the University of Michigan, where he was awarded a Master's Degree in government management. He is married and has three children.

Rockwood has been connected with the Grand Rapids government for 10 years, holding many various offices including secretary of the personnel advisory board and director of the City Bureau of Complaint. He comes to Grosse Pointe with a fine record of public service.

Rockwood is subject to the pleasure of the Village Commission as provided in the Village charter, and will receive \$350.00 per month. He will be in charge of all activities, except the police, fire and clerk's office.

Ward S. Van Deusen, Park commissioner in charge of public affairs, stated that Rockwood would establish residence in Grosse Pointe as soon as possible. Van Deusen had hoped that Monday's meeting would have been the initial announcement of Rockwood's appointment, but a story dated from Grand Rapids appeared in a Detroit daily last week and spoiled the surprise. Rockwood has tendered his resignation to the Grand Rapids government and an alert news hawk had relayed the information on to Detroit. However, the article was buried on a back page and it is believed that not many people noticed it.

Karl B. Goddard, Park president, followed the appointment with the announcement of the resignation of Charles Marden, Village engineer for the past 20 years. Marden, who has suffered ill health for many months, will retire after the approaching completion of the new storm water pumping station.

The City of Grosse Pointe maintains a rubbish and sanitary pick-up service operated so as to cover the entire city at least once each week. Recognizing the unsightliness of the practice of dumping lawn refuse, clippings, trimmings and other waste materials on vacant lots is irked by the dumping of such waste material by adjoining residents, but are reluctant to complain about it.

A telephone call to the city offices at Niagara 5800 will receive prompt response and all rubbish or waste will be picked up. Regular collections are made and it is hoped that residents will co-operate in trying to maintain a clean, sightly city.

Pointe Playgrounds Open Monday

Grosse Pointe playgrounds will open on Monday, June 17, it was announced yesterday by Forrest Geary, recreation supervisor.

Geary stated that the seven playground centers will open at 9:30 a. m. and close at 8:30 p. m. This program will be continued for 10 weeks and will do much to keep youngsters occupied during the long summer months.

Competent leaders have been hired by the Board of Education and will direct activities. The morning will be given to the competitive games of the older children, while the afternoon will be devoted to the younger boys and girls.

The following is a list of the seven playgrounds and the attendants stationed at each: Trombly School—Kenneth Carey, Mary Reynolds and Milton Carl. Defer School—Frank Banach, Mary Woods and Elwood Dickson. Maire School—John Finch, Barbara Cation and Charles Barrett. Richard School—Ruth Carl. Mason School—Joseph Bertotti, Constance Stevenson. Grosse Pointe Woods—Grace Swindhurst. High School—Robert Sharp.

Marillac Guild Holds Party

A benefit bridge party for Marillac Guild of St. Mary's Hospital will be held on Tuesday, June 18, in the formal rose garden of Mrs. Jerome W. Ankle of Lakepointe avenue. Multi-colored roses and tall evergreens will provide a delightful background.

The following will assist on the committee: Mrs. George L. Van Antwerp, president of Marillac Guild; Mrs. Ernest B. Adelman, Mrs. F. Norman Wilson, Mrs. Roswell J. Conroy, Mrs. James L. Weldon, Mrs. Vernon P. Johnson, Mrs. Vincent J. Turcotte, Mrs. William J. Weckhaus and Mrs. George Gienwaits.

Local Boys Awarded M. I. T. Scholarships

James Barnes, 18-year-old son of Mr. and Mrs. James H. Barnes of 1321 Harvard Road, was awarded a four-year scholarship to Massachusetts Institute of Technology last week by a local alumni group. Barnes, a January, 1940, graduate of Grosse Pointe High School, compiled a remarkable mathematical and scientific all-A scholastic record in high school. He also was awarded the Bausch-Lomb trophy, given annually to the outstanding science student.

Walter Graf Jr., of 784 Pemberton, and William Heyser of 364 Rivard, also received scholarships to M. I. T. Heyser was given the Army-Navy award, presented to children of officers in the United States Army or naval forces. Heyser's father, Marvin, is a lieutenant-colonel in the air corps.

Mr. and Mrs. John H. Grogan of Pemberton Road announce the engagement of their daughter, Hetty May, to George K. Munro III, son of the Charles Munro. The wedding will take place June 29.

Woods Boy Wins Marble Tourney

Donald Sellers, 2146 Roslyn Road, Grosse Pointe Woods, received the Geary-Elworthy trophy last week, and was crowned marble champ of all Grosse Pointe.

Help Us Keep Our City Clean

The City of Grosse Pointe maintains a rubbish and sanitary pick-up service operated so as to cover the entire city at least once each week. Recognizing the unsightliness of the practice of dumping lawn refuse, clippings, trimmings and other waste materials on vacant lots is irked by the dumping of such waste material by adjoining residents, but are reluctant to complain about it.

A telephone call to the city offices at Niagara 5800 will receive prompt response and all rubbish or waste will be picked up. Regular collections are made and it is hoped that residents will co-operate in trying to maintain a clean, sightly city.

NOTICE

Due to the increasing number of requests received from residents in Gratiot Township, the "Grosse Pointe Review" was distributed to every home in that community last week.

In continuance with our complete local news policy, we will publish the highlights of the weekly happenings in Gratiot Township. Any of our new readers who wish to announce various social events may do so by mailing us a few of the more important facts.

If any person fails to receive a copy of this week's paper, a telephone call to our office at 15121 Kercheval avenue, would be appreciated. Dial LE. 1162 or LE. 1163 and leave your home address.

Grosse Pointe Library

Recent volumes from the Yale University Press were presented to the

Grosse Pointe Public Library in memory of Henry Ledyard, of the class of 1897, Yale University, recently.

THE MARCH OF FASCISM, by Stephen Kaushenbush.

"The sanest interpretation of this appalling world phenomenon yet out in book form."—Lewis Gannett in The New York Herald Tribune. "The shrewdest, most factual analysis of the cause of totalitarian government that has yet been written."—Marquis W. Childs in The New Republic.

THE POWER OF THE CHARLATAN, by Grete de Francesco.

"A fascinating book, full of astonishing information... a warning against

the charlatans of our own day as well as those of the past."—Hartford Times. **MEMOIRS OF THE PEACE CONFERENCE**, by David Lloyd George.

"Analyzes peace treaties that concern us here and now. Every page is a commentary on the news of the day."—P. W. Wilson in The New York Times.

ONCE A COMMISSAR, by Vladimir Koudrey.

"One of the two books of the decade (1930-1939) about Russia that can still be read."—Lewis Gannett in The New York Herald-Tribune. "What a story! I was sorry when it ended. I wanted more."—Wilbur L. Cross.

THE CRUISE OF THE RAIDER "WOLF", by Roy Alexander.

"A unique story... The maritime world can scarcely show a more unusual book."—Christopher Morley in the Book-of-the-Month Club News.

THE LIFE AND WORK OF CAPTAIN ALFRED THAYER MAHAN, U. S. N., by Captain W. D. Puleston.

"Packed with information that has a very real bearing on the contemporary crisis in foreign affairs."—John Chamberlain in Harper's Magazine.

AMERICA AT THE MOVIES, by Margaret Farrand Thorp.

"Thoroughly readable, of real interest to the man in the street, and required study for all teachers, parents, editors, publicists, and contemporary philosophers and psychologists."—Iris Barry in The Saturday Review of Literature. Listed by Time as one of the 69 outstanding books of general interest published in 1939, and described by Time as "crisp, witty, just."

AMERICAN LABOR, by Herbert Harris.

Listed as one of ten outstanding books of the year (1939) by Barron's National Financial Weekly, and called by it "perhaps the most useful book on the subject published in the last twelve months."

"A labor book which in its sympathies is neither Trotskyite, Stalinist, C. I. O. or big business—a safe guide."—Christian Science Monitor.

WHEN LABOR ORGANIZES, by Robert R. Brooks, and

UNIONS OF THEIR OWN CHOOSING, by Robert R. Brooks.

"When Mr. Brooks wrote his 'When Labor Organizes,' it had the unique distinction of being praised by both The Wall Street Journal and The New Masses. 'Unions of Their Own Choosing' is a thorough-going, non-partisan investigation of the charges made against The National Labor Relations Board since its inception in relation to labor unions."

SCIENCE IN PROGRESS, Edited by George A. Baisell.

"Rare indeed is the volume which contains such important and otherwise inaccessible material presented on so high a literary plane."—Scientific Book Review.

THE REALM OF THE NEBULAE, by Edwin Hubble.

"From the standpoint of astronomy, few recent popular publications can approach this work."—Christian Science Monitor. Listed by George W. Gray as one of 33 books published during the decade (1930-1939) in the field of science that "interested, enlightened and entertained me."

New Diamond Field Nearly \$200,000 worth of diamonds have been found in the Zoutpan field of South Africa since it was discovered in June, 1938.

Sioux Indians Six Marygrove students from Grosse Pointe were graduated from Marygrove College last week at the 13th annual commencement.

They were Miss Mary Louise Berns, daughter of Mr. and Mrs. J. L. Berns, 1240 Bedford Road; Miss Margaret Mary Daly, daughter of Mr. and Mrs. H. L. Daly, 1303 Beaconsfield; Miss Betty Kennedy, daughter of Mr. L. W. Kennedy, 77 Moran Road; Miss Lorraine Meyer, daughter of Mr. and Mrs. Walter Meyer, 1417 Beaconsfield; Miss Mary Padelt, daughter of Mr. and Mrs. A. M. Padelt, 1265 Buckingham Road, and Miss Mary Kathleen Schrage, daughter of Mr. and Mrs. W. C. Schrage, 1321 Devonshire Road.

His Excellency, the Most Reverend Edward Mooney, D.D., Archbishop of Detroit, conferred the degrees. The Right Reverend John M. Cooper, Ph.D., of the Catholic University of America, addressed the graduates.

Mrs. Elton H. Ireland was hostess at tea to the Woods Garden Group Tuesday, June 4, in her home, 1505 Hampton Road. Their subject was roses.

Mrs. Arthur P. Hollinger, 1586 Anita, will be hostess on June 18. The discussion will be delphiniums and larkspur.

Great Plants Pruned A new X-ray treatment discovered by British experts is producing plants two and three times the normal size, and rose bushes as large as oak trees are expected to result.

SOCIAL NOTES

By YVONNE ANKLEY

Mr. and Mrs. W. C. Schrage of Devonshire Road announce the betrothal of their daughter, Mary Kathleen, to John Geymann, son of Mr. and Mrs. John Geymann of Buckingham Road.

The graduating class of the Convent of the Sacred Heart, Grosse Pointe, is enjoying a week of graduation festivities. The whole class went out to Doris O'Leary's on Lincoln Road last Sunday for a tea. Monday night, after the class banquet, Mary Louise Keane held open house in her home on Harvard Road.

After visiting Gratiot Beach, Ypsilanti, and Grosse Ile in the course of their parties, the girls will return to the Pointe next Sunday for a picnic aboard Judy Casgrain's boat, and then they will adjourn to Dorothea Page's home on Barrington Road for a house party.

A piano recital was given at the Ethel Fruehauf School on Vernier Road, Grosse Pointe Woods, last Sunday afternoon.

Boys and girls who took part ranged in ages from 4 1/2 to 11 years. These children were the pupils of Aileen Kirby, in charge of the piano department of the school.

Virginia Pauli, daughter of Mr. and Mrs. Frank G. Pauli of Audubon Road, became the bride of Maurice DeVlieger, Juno 8, in St. Ambrose Church. Mr. DeVlieger is the son of the Anthony J. DeVliegers of Birmingham.

The bride's attendants included Anna Marie Pauli, sister of the bride, who acted as maid of honor, Hetty Grogan, Vida Marry and Marion Schroeder.

Martie Hauck, daughter of Mr. and Mrs. F. K. Hauck of University place, graduated, cum laude, Monday from Hillsdale College. Martie is a member of Pi Beta Phi sorority and was active in numerous campus activities, serving as editor of the Year book, feature editor of the college weekly, and is a member of Epsilon Delta Alpha, the highest scholastic honor conferred on a student at Hillsdale.

The piano students of Cecile Hodges Longworth will hold their spring recital on Thursday evening, June 27, at 8 o'clock, instead of on June 14, as announced on the Detroit Symphony programs at the Art Institute on Woodward avenue.

Sioux Indians Six Marygrove students from Grosse Pointe were graduated from Marygrove College last week at the 13th annual commencement.

Iceland, Now In World Spotlight, Is A Remarkable Nation

Do you think of little Iceland—in the international spotlight since the German occupation of Denmark, its "mother country"—as a barren and backward land, tucked among the icebergs of the Arctic Circle? Many do. But contrary to this impression, Iceland has a liveable climate, had trial by jury before England, and has a remarkably progressive people, according to Vilhjalmur Stefansson, famed explorer.

"It is Iceland and not England which should be called the mother of parliaments, for Iceland had a parliamentary government from A. D. 930—one, incidentally, which is still functioning, now in its 1,011th year!" Stefansson's article reports. "If we accept the common premise that prosperity depends on natural resources, then the economic situation of modern Iceland is a near miracle. For the land has fewer natural resources than any of the democracies, but nevertheless has come nearer than any other democracy to abolishing poverty."

"Iceland, a high land in a warm sea, has mountains which capture enough to create larger glaciers than any of Europe or of the mainland of Asia. The coldest seaport town of Iceland is not so cold in January as Portland, Maine, and Reykjavik, the capital, is as warm as Philadelphia. It is from almost the sole resources of grazing and fishing that Iceland has abolished poverty. Its percentage of unemployment for several years has been lower than that of France, England or the United States. Unemployed insurance, old-age insurance and similar measures are in force. Iceland is advanced also in the effectiveness of its public health measures. This country, which in 1810 had less than one hospital bed for each 10,000 persons, now has a free bed for every 110," Stefansson remarked.

An upper and a lower house compose the Althing, or parliament, with theoretic executive power resting in the king of Iceland. Although Iceland was acknowledged a sovereign state in 1918, with the king of Denmark acting as the king of Iceland, this tie was severed on April 10, 1940, when the Germans, having invaded Denmark, the Iceland parliament declared that because the king of Denmark was a prisoner of a foreign power, he was unable to function as king of Iceland.

"A third or a quarter of the people of the United States, potentially the wealthiest nation in the world, live at a lower level (measured in food, clothing, housing, education, medical attendance, etc.) than that of England, even a single family in Iceland," Stefansson declared. Indeed, Iceland is a remarkable little country.

Concentration Is Key To Success Says Psychologist

The so-called "genius" has no more mental equipment than the average normal person. He merely knows the secret of applied concentration, says Psychologist William Moulton Marston, who discusses the "secret" in a current magazine article.

In this age of distractions, with interruptions by phones, friends, wars, noise, "scars," and our own flightiness, concentration "is essential to the full enjoyment of pleasures or to effective work," and upon concentration depends "a man's success in this specialized world," Marston declares.

"The capacity for concentration is in no sense the exclusive property of genius. Indeed it is common to all of us until we lose it or let it atrophy... Concentration is interest in action. Interest in a task, when you attain it, creates attention as a tree bears fruit, and so you find yourself concentrating upon it without effort. Even though you dislike a task, some way can often be found to acquire this essential interest in it. Men who naturally dislike selling often learn to enjoy work by regarding it as a contest for kudos, a type of ambition game which naturally appeals to them. Many a lazy and excitement-craving girl has acquired interest in cooking, sewing, and housework, not directly, but indirectly, because it means to her husband, home, and children.

"Even after we begin manfully to concentrate," there are a "multiplicity of thoughts, half-thoughts, sounds, impressions that crowd into our minds and assail our best efforts." One must learn to "select ruthlessly from among many interests," and disturbances must be replaced with chosen thoughts. "You cannot push a thought out of your mind," the famed psychologist asserts. "You must replace it with another. If you doubt this, try Walter Pitkin's little joke: spend the next 30 seconds not thinking about the word 'hippopotamus.'"

A one-track mind has its advantages, because all of us must cultivate a one-track-at-a-time mind to win success. Aids to concentration outlined by Marston include memorizing, reading aloud, personalized dramatization of the thing at hand, and taking a seat directly in front of the speaker. The rewards of concentration are the ability to do more things, and a greater pleasure in doing them, he declares.

Grosse Pointe Youths Will Attend Wolverine Boys' State

Grosse Pointe will be represented at the third annual Wolverine Boys' State, sponsored by American Legion, it was announced yesterday by Carl Schweikart, representing the Grosse Pointe Lions' Club, sponsors of the local delegation.

The Grosse Pointe delegates, who will be named in the near future, will combine with 900 other boys from every Michigan county to establish and conduct the mythical 49th state on the Michigan State College campus in East Lansing from June 20 to 28.

On the first day, boys will be organized into cities and counties and will elect local officials. Nomination and election of State officers will follow. Boys' State citizens will be divided into two political parties, which will not be similar to any existing political party.

For eight days youthful legislators, mayors, police, justices and other officials will conduct their own model government, receiving advice and guidance from a picked staff of technical counselors. The State will give boys the opportunity to learn good citizenship and ways of meeting governmental problems through setting up their own government and conducting it themselves.

All boys attending will be 16 and 17 years old, and will not have attended Boys' States. Shortly after their return home, delegates will make reports on their experiences to sponsoring organizations.

Boys' State citizens will conduct their own daily newspaper, postoffice, and band, and will have a large share in producing the regular evening assembly programs. Senior students from Michigan's four law schools will serve as counselors to the young government officials, and Legionnaires will comprise the official staff and organization of county advisers.

Every boy attending will be an office holder. In addition a recreation program including swimming, volley

ball, softball and tennis will be set up. Several tours are also planned and the Boys' State legislature will hold its final session in the State Capitol at Lansing.

Points and Pointers

Since publication in the daily press of the story of the invalid who attended the Eastside Drive-In Theatre to see his first motion picture in 17 years, the management reports numerous other movieless people have been quick to take advantage of this theatre. "I am gratified, indeed," Joseph Vertacnik, newly appointed manager, said, "that the theatre is proving such a boon to the shut-ins."

The Drive-In Theatre is particularly adaptable to the invalid because movies are viewed in the privacy and comfort of one's car. To the shut-in, this means he may be driven into the amphitheatre, remain in the car and enjoy the show without any embarrassment. That he does not have to walk to his seat, or rise to permit someone to pass, makes the Drive-In Theatre ideal for him. Further, he need suffer no self-consciousness, for he can enjoy the complete privacy of the car.

Mr. Vertacnik states that a check-up reveals that doctors and public officials heartily endorse the open-air theatre for the less fortunate of their community. One of Detroit's most famous professional men, who for obvious reasons must remain anonymous, is quoted as saying: "Years of constant care and treatment have had, in one sense, less effect on two of my patients than several visits to the Drive-In, where they have suddenly discovered a new interest in life—the taken for granted movie."

The Drive-In Theatre, on Harper at 7 Mile, is now showing "Three Sons," with Edward Ellis and Wm. Gargan on June 13, 14 and 15; and "My Little Chickadee" with Mae West and W. C. Fields on June 16, 17, 18 and 19.

Grace Evangelical

A special Children's Day program arranged by the Grace church school will be presented in a combined worship and church school session at Grace Evangelical and Reformed church, Lakepointe at Kercheval, Sunday, June 16, beginning at 10:00 a. m. Father's Day will also be observed at this time. We urge all children and parents of children to attend.

Beginning this date, a new schedule will go into effect at Grace church. Church school and Sunday worship sessions will be held simultaneously, thus enabling children and parents to come together and go home together. All Sunday sessions will begin at 10:00 a. m.

Sealed Proposal Wanted

The Village of Grosse Pointe Park will receive sealed proposals for the purchase of two (2) tractors with mowing bar in accordance with specifications on file with the Village Clerk.

Bids to be received at the office of the Village Clerk up to and including June 17, 1940, at 3 p. m. at the Municipal Building.

The Village reserves the right to reject any and all bids.
WILLIAM G. STAMMAN,
Village Clerk

The Perkins Radio Company, 15201 Mack Avenue at Lakepointe have recently installed record racks containing all makes of the latest records, including Victor, Columbia, Bluebird, Decca, and Vocalion. Also available are large selections of classical recordings, including a Columbia Strauss Waltz Album, arranged and played by Al Goodman, especially adapted for dancing.

The Perkins Company points out that there are very few stores in this area handling such a complete stock of phonograph records, as well as needles suited for every make of phonograph.

They have issued an invitation to all music lovers to drop in and obtain folders of new record releases, which are issued new each month.

Parcells Leads Annual School Board Meeting

(Continued from Page One)

school organizations is America—and our cost is below that of comparable communities.

Mr. Parcells gave out detailed statistics showing the superior college work done by Grosse Pointe high school graduates in the eight years ending in February, 1940, and also read a list of recent notable scholastic achievements of the alumni in Universities of the highest standing throughout the country.

"I don't know how many other schools are willing to publish their college records but I do know that we are very proud of what our Grosse Pointe graduates are doing in college," he said.

He also reported in detail on the financial status of the district, showing the very marked improvement that has come over a period of years. The Board of Education, he said, held thirty-four meetings in the last twelve months, plus numerous committee meetings and conferences.

"This has been a busy year," he continued. "Besides the completion and opening of the John D. Pierce Junior High School we have completed the purchase of the Grosse Pointe Farms site for an additional junior high school, acquired the Pere Gabriel Richard Elementary School playground site, approved a new set of high school graduation requirements, taken care of many personnel changes, and spent a considerable amount of time and thought on the problems that our continued growth present. The calendar year 1939 brought the greatest increase in homes ever to come in this year in the Grosse Pointe school district—718."

Mr. Parcells also voiced the Board's regret at the departure of Mr. Meder. "He has been an excellent Board member, giving generously of his valuable time and thought to our problems over the past three years," he commented.

Ralph M. Clark, Secretary of the Board of Education, who had charge of the 1939 Annual Meeting. The financial report was read in detail by Charles A. Poupard, Treasurer. Dr. E. R. Van Kleeck, Superintendent of Schools, also rendered an annual report, and funds for the five public libraries, which are supported from the Board of Education budget, were unanimously approved by the meeting.

In his report, Superintendent Van Kleeck stressed the need for teaching love for America and faith in the democratic system.

"Our teachers are and have been attempting to utilize every opportunity to build up loyalty and devotion and love of country among your children," Van Kleeck concluded.

State Will Collect Use Tax From Many Professional Men

Since active enforcement of the Michigan use tax law (Act 94 of 1937) was resumed following circuit court approval last December, the Michigan State Board of Tax Administration has received numerous inquiries from physicians, dentists, osteopaths, veterinarians and other professional citizens asking an explanation of the use tax defining their particular liability. To all such inquiries Director Walter F. Reddy has pertinently replied:

"The Michigan use tax act is a natural corollary to the sales tax act. It provides for a levy of three per cent of the purchase price of any and all tangible personal property stored, used or consumed in the State of Michigan, on which an equivalent sales tax has not been paid in this or any other state. The use tax applies to purchases made in another state since November 1, 1937, and delivered to a user or consumer in this state. It is essentially a privilege and compensating tax attaching to purchases made in another state after delivery to the purchaser in Michigan. The use tax does not impose double taxation since it is not levied against purchases of tangible articles on which a sales or equivalent tax has been paid in this or any other state."

Applied to Michigan professional men the use tax does not attach to receipts from "services" rendered by such persons. However, it does apply when such professional men make out-of-state purchases of medicines, instruments and medical or dental supplies, cabinets, books, fixtures, furniture or other office or laboratory equipment for professional or personal use. The tax is collectible whether the order is given to an agent or placed directly with a foreign seller for delivery through interstate commerce. Itinerant "agents" who take orders and deliver their own wares are subject to the tax.

The responsibility for paying the use tax rests upon the user. He is required by law to "declare" his out-state purchases and register (without cost) with the board. Severe penalties are provided for neglect or refusal to comply with requirements of the act. Many professional men however, prefer to eliminate the detailed work of making monthly reports and payments by paying the use tax to the out-state supply and pharmaceutical houses when the board has designated such houses to act as its "agents" for collection of the tax. This method of payment has proved a convenience to the taxpayer.

High School Ball Team Wins Last Two Games

By DICK BODYCOMBE

Grosse Pointe High School's baseball squad finished its 1940 season in fine fashion last week by downing Wyandotte and Royal Oak in a pair of well-played contests.

Lawrence Shock, willowy Pointe right-hander, scattered six Wyandotte hits to win the first game 2-1. The Pointers gathered only four hits, but bunched two walks, a single and a robust double by Joe Faust to score all their tallies in one inning.

Russ Davis, local southpaw, turned in a neat four-hit job two days later and downed Royal Oak 8-3. Grosse Pointe blasted out 13 hits, a seasonal record. Eddie Bolster, quiet Pointe outfielder, clubbed out four hits in as many times at bat to lead the attack.

These two belated victories totaled the Blue Devil's record at .500, winning five and losing the same number. This brought Grosse Pointe third place in the Border Cities League, well behind Fordson and Monroe. Before next season opens, Coach Pat Kaultz will have lost five seniors through graduation. They are Blair Martin, Russ Davis, Eddie Smith, Walter Pickard and Eddie Bolster.

Persian Peaches
Peaches were introduced into England from Persia in 1662.

Trombly School Notes

An enlightening and entertaining program was enjoyed by parents and friends of the Trombly School students in the auditorium on Thursday evening, June 6. The Trombly Chorus, children from the fifth and sixth grades; the demonstration lesson and Verse Choir by the 5-B group; gymnastic stunts by the 6-B and 6-A boys; the Swiss songs and dance by members of the 3-A class; Swedish and Danish Folk dancing by the 5-B and 5-A girls; and a panel discussion "Governments" were under the direction of members of the faculty.

An interesting and colorful exhibit which was visited by about three hundred-fifty friends of Trombly School and held in the gymnasium from Thursday evening, June 6 to Tuesday afternoon, June 11, represented a portion of the classroom interests and work during the latter part of this year.

Students Should Get Social Security Account Numbers

Students who will be graduated from high school or college this year may obtain social security account numbers before completing their courses. This action will save time later, when students seek work, according to E. E. Pollock, manager of the East Side field office of the Social Security Board. He pointed out that many employers now refuse to hire workers without social security numbers, and that in some cases the applicant who has an account card, may actually get preference over one who does not, if help is needed immediately.
Persons who will work in summer resort hotels, amusement parks and similar places are covered by the Social Security Act, and must have account numbers. These should be obtained in ample time to give the number to the employer at the beginning of the job.
School teachers, students and many other persons who have not previously been covered by the Social Security Act will work in covered employment during the vacation period and should have their account cards to make sure the wages they earn while on these jobs are credited to the life time records established for all such workers.
Applications for account numbers may be filed in person at the East Side office at 8037 Harper at Van Dyke.

True Contentment

MOST PEOPLE would agree that contentment is a valuable asset, and would willingly give much to be assured of its lasting possession. Considered, however, from the material standpoint, this state of consciousness seems to be of a fleeting nature. One may temporarily experience a false sense of contentment or satisfaction over some material possession, or because of some human condition or situation, but such a source of contentment is never lasting, for material possessions may suddenly be lost, or circumstances be altered, and erstwhile contentment give place to bitterness, dissatisfaction, and resentment. Or one may feel that the gaining of certain desires or the realization of some particular ambition will bring contentment, only to find that such attainment, when secured, have failed to bring the expected satisfaction.
What is true contentment? May it not be defined as satisfaction, or restfulness of spirit, as serenity and peace of mind? Paul declares (Philippians 4:11), "I have learned, in whatsoever state I am, therewith to be content." Whence came to Paul the wonderful sense of peace and contentment that could not be disturbed or changed by any untoward condition or circumstance? It came from his knowledge and understanding of God, his recognition of the value of the things of the spiritual things and the nothingness of all that the material senses hold dear.
Man reflects the abundance of infinite Love, the omnipotence of Truth, the eternality of Life. Man, as the idea of God, possesses by reflection all the good that God has, even as the beloved Father, Christ Jesus, implied in his parable of the fig tree, where the father said to the elder brother (Luke 13:31), "Son, thou art ever with me, and all that I have is thine." True contentment, then, comes to us in the degree of our spiritual understanding and the abundance of the love of God, the source of all good. It is an attribute of divine Mind, and therefore it is a natural quality, which man forever expresses, along with all the other attributes of God, spontaneously and without effort.
When we gain the assurance that man is ever one with God, that he is spiritual, perfect, and complete, lacking nothing that is necessary to the full and perfect expression of God, that Love and Love, we shall have attained to spiritual contentment, and it will be unchangeable and enduring.
Nothing can mar it or take it from us, for this exalted spiritual consciousness must of necessity destroy those disturbing and unhappy conditions of thought which find expression in dissatisfaction, covetousness, jealousy, envy, selfishness, and greed, and such unlovely traits as pride and self-satisfaction. It silences the craving of the human mind for constant acquisition of material things, and dissolves the restlessness and continual urge for more worldly pursuits and the indulgence in sensual pleasures, which never have brought, and never can bring, happiness or contentment. It replaces the false satisfaction of worldliness and worldly knowledge with spiritual ideas and joys, and enables us to undertake and appreciate the words of Mary Baker Eddy, the Discoverer and Founder of Christian Science, where she writes in "Science and Health with Key to the Scriptures" (p. 452), "Better is the frugal intellect, with contentment and virtue, than the luxury of learning with egotism and vice."
Again, true spiritual contentment does not mean surrender to idleness, laziness, or self-satisfaction in what has already been accomplished, a specious contentment with half-way achievement, with things attempted but not fully completed. On the contrary, discontent with oneself, a discontent that spurs one to greater effort in a worthy undertaking or cause, is helpful and beneficial. Spiritual understanding awakens thought to the appreciation of true values, and a desire to attain greater spiritual growth and achievement.
He who possesses true contentment possesses great spiritual riches, a treasure of priceless worth, and all may attain to it who are willing to seek for it and pay the price. And the price is the surrender to God, divine Love, a willingness to put aside our belief in a material selfhood and our material sense of things, and joyously, gratefully, humbly, as little children, put our trust and faith in the omniscience and omnipotence of the infinitely tender, compassionate Father-Mother, Love, who giveth liberally and spontaneously all good to all His beloved children. Thus may we prove the truth of Mrs. Eddy's declaration (p. 454), "Divine Love always has met and always will meet every human need." What need more than this joyous assurance to bring us lasting contentment?
-The Christian Science Monitor

GIRL Scouts

TROOP 200
The meeting was held at the home of the scout leader, Mrs. Mary Watson. About thirty-six members were present. This troop has been studying first-aid. Each scout has made a first-aid kit. Soon each will receive the first-aid badge for this achievement.
At this meeting the Evergreen Troop gave a party for the troop. Games were played and refreshments served. Mrs. Watson presented three of the girls with a live kitten.
I think that a good troop is made of girls who know how to co-operate. When the troop is going on a trip and plans to meet a girl at a certain time, it is unfair of that girl to make the troop wait for her. If a girl is asked to bring something for the scout leader and then forgets, she shows lack of co-operation. I think that scout leaders should train their girls to co-operate as best they can, and that co-operation should be the duty of every girl scout.

TROOP NO. 84

Friday, May 10, Troop 84 of Christ Church Chapel hiked through the woods and found many interesting things. They noticed familiar trees and wild flowers. They also discovered many plants that they had never seen before. The scouts hope to go back soon to see how the trees and flowers have developed.

TROOP 156

Instead of having our regular meeting on May 6, we went on a hike at Belle Isle. Three cars were furnished for

Sealed Proposals Wanted

The Village of Grosse Pointe Park will receive sealed proposals for the purchase of three (3) Tudor Police Scout Cars according to specifications on file with the Village Clerk.
Bids to be received at the office of the Village Clerk up to June 27, 1940, at 2:00 o'clock p. m. at the Municipal Building.
Bidders will be required to take in trade cars No. 12, No. 13 and No. 14, used by the Village in the Police Department.
The Village reserves the right to reject any and all bids.
WILLIAM G. STAMMAN, Village Clerk.

transportation to the park. As soon as we arrived 10 of the girls started on the hike, making trail signs as they went along. Then the remaining girls followed by looking for the trail signs. Coming back we did vice versa. When we got back we ate hamburgers and drank milk. We had potato chips and for dessert had cake and ice cream cones. After eating we played baseball. We want to thank Mrs. Day, Mrs. Swink, Mrs. Gherig, Mrs. Baker and Mrs. Howard for such a nice hiking trip.

Alger Auxiliary

The members of the Alger Auxiliary No. 995 presented Boy Scout Troop No. 316 with a beautiful American flag Friday, June 7, 1940. The presentation was held in the Municipal Garage on Jefferson near Chene Street.
The flag was presented by our Americanism Chairman, Sister Agnes Tilton. The pledge to the flag was given by all members of the troop assisted by our Patriotic Instructor, Sister Betty Smeida.
Boy Scout Troop No. 316 is under the leadership of Scoutmaster Mr. Bailey.

Neighborhood Club

Grosse Pointe Girls' Baseball League: The results of the first game Thursday night, June 6, were as follows:
W. L. Pct.
Grosse Pte. City Stars 1 0 .1000
Grosse Pte. City Cadettes 1 0 .1000
Grosse Pte. Park Girls 0 1 .0000
Grosse Pte. Woods Girls 0 1 .0000
On Friday night, June 14th the Grosse Pointe Woods Girls play Grosse Pointe Parks Girls, and the G. P. City Cadettes play the G. P. City Stars.
The games start at 6:30 p. m. Everyone is invited to see the Gr. Pte. Girls in action.

St. James Lutheran Church

Sunday, June 16: Worship at 11 a. m. in the library of the Grosse Pointe High School, Fisher at Grosse Pointe Blvd. Sermon by the pastor, the Rev. George Kurz. Sermon theme: "Enduring the Hardships of a Soldier." Sunday School session from 9:45 to 10:45 a. m.

Public Letter
B-O-X
Editor, Grosse Pointe Review: I am a constant reader of the Review and wish to compliment you upon your very splendid paper. It is the best source of news of the Grosse Pointe district as well as a valuable source for needed household services as found amongst your advertisers.
Your coverage of the school election, just held, was excellent and indispensable to the necessary dissemination of the facts which the electorate must have. As a candidate I want the many people voting for me to know that their support is a source of deep gratification. I feel that without your splendid paper such elections as well as those of a political nature, would be at best, but poorly served.
With best wishes for your continued growth and success, I am,
Very truly yours,
RALPH THOMAS,
160 Merriweather Road.

The Grosse Pointe Review,
Editor-The Southeastern Woman's Club wish to thank you for the publicity given their club and its activities, in The Grosse Pointe Review during the past club year, 1939-1940.
Every member of the club joins me in wishing your paper continued success throughout the year.
Sincerely yours,
MABEL SNELL, Secretary.

Christian Science Church
"God the Preserver of Man" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, June 16.
The Golden Text (Psalms 18:2) is: "The Lord is my rock, and my fortress, and my deliverer; my God, my strength, in whom I will trust; my buckler, and the horn of my salvation, and my high tower."
Among the Bible citations is this passage (Psalm 91:1): "He that dwelleth in the secret place of the most High shall abide under the shadow of the Almighty."
Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 15): "The Father in secret is unseen to the physical senses, but He knows all things and rewards according to motives, not according to speech."

Detroit Considers New Zoning Ordinance

Discussion by Arthur W. Sempliner, candidate for First District State Senator.

Since my announcement as a Candidate for State Senator from the First Senatorial District, I have been very pleased to have the opportunity to talk to many of this community's civic groups. These talks have been in the form of open discussions on various national, state, and civic problems, as they locally affect this community, and the results have been very gratifying in producing helpful and constructive suggestions. That this good work might not be lost, I have been asked to put my ideas in written form, and therefore I am writing this letter as the first of a series dealing with vital issues which are before us today.

Recently I discussed the question of Zoning ordinances setting forth its beneficial points as it would affect the residents of the city of Detroit. I divided the persons affected into three groups. Homeowners who own their own property, householders who rent their property, and business men trading in the community. To these three groups an effective and efficient Zoning Ordinance would be a material benefit. I will deal with these benefits as they accrue to each group.

1. To the owners of their own homes,

and prospective owners of homes, the stability of a Zoning Ordinance would give immeasurable advantages. It would allow the home owners to have assurance that this community would not change, and that his property values would not fall. He would not put his life savings into a home in which to live the rest of his life, only to find an apartment building built directly across the street from him, or next door. The young householder could purchase his home on time, under the Federal Housing Act, and have assurance that by the time he had it paid for, the neighborhood would be the same, and that the schools would be of the character he wished to send his children to. The churches could be built which would adequately take care of the residents of the community, for these could be planned to meet the needs of the community and the Bishop would not find a fine residential church in the center of a business district. The elderly home owner could rest assured that as his life drew to a close he would have his old homestead in which to live and would not be surrounded by developments making it undesirable as a residence. This would enable widows and aged people to preserve that which they had used the productive years of their lives to accumulate.

ARTHUR W. SEMPLINER

2. To the householders who rent their homes, it would allow them to establish the type of neighborhood in which they wish to live and point out to them the sections in which to look for dwelling places. Through Zoning and a regulation of the streets, the school system of the city could be improved and the dangers and hazards of traffic around such schools could be eliminated. There would be no business districts growing up near these schools which would cause heavy traffic to endanger the lives of the children as they came and went to school.

3. To small business men would accrue the greatest benefit. He would be able to locate his store or business in such a place that it would draw the clientele which he desired. He would be able to improve this store with the assurance that the neighborhood would not change, the chain stores would not be allowed to build big department stores in competition with him, and he would know that surrounding his store was a residential area which would give support to his enterprise. There would not be that shifting of business districts which makes it possible for a man to put his life savings into building an enterprise and a store only to discover in his later years that the business district had shifted up or down the street to a formerly residential area and left him stranded with very little business and not enough capital to move to a new location.

Bower Bearing, Farms Still Deadlocked for League Leadership

Grosse Pointe Farms and Bower Roller Bearing still remain in an undecided deadlock for first place in the Grosse Pointe Baseball League as a result of games played last Sunday. Holding the spotlight in their game at Kerby Field, the Farms topped Grosse Pointe Shores from the ranks of the undefeated 9-6, for their fifth straight win. The Farms rallied in the sixth inning and broke a 6-6 tie. Forrest Picke, Farm's first baseman, put in a full day by hitting a double and two singles and accounting for fifteen putouts. Bill Des Rocher, Farm's pitcher, hung up his second victory of the season as he held the Shores to six hits. Marv Hansen hurled Grosse Pointe Woods to a 6-2 win over Grosse Pointe Park. Hansen got off to a wobbly start as he gave up two hits and two runs in the first three innings, but finished in good shape, retiring the last 19 men in order. Bower Bearing ran their winning streak to three games as they set back St. Joan of Arc, 7-4, behind the five hit pitching of Waverly Holleman. Five runs in the third inning on a triple, two doubles, and a pair of singles cinched the game for Bowers. Holleman struck out 17 men. In the other game the Carrier Saw-Flint pitched to three games as they set back St. Joan of Arc, 7-4, behind the five hit pitching of Waverly Holleman. The sixth inning proved to be the turning point of this game when the Carriers tallied seven runs on seven hits, including a home run by center-fielder Bob Walker. Sunday's schedule matches the Farm against the Woods at Mason School, Bower Bearing vs. Grosse Pointe Shores at Versier Field, Grotiot Township vs. Grosse Pointe Park at Kerby Field, and St. Joan of Arc vs. Carrier A. C. at Van Dyke.

Y. M. C. A.

The Hannan Y. M. C. A. is sponsoring a series of semi-weekly trips to places of national interest in and around Detroit this summer. The first event will be a camp at Mill Lake Waterloo Project, Chelsea, Mich. This is the WPA camp which has been reclaimed as a recreational project for the use of citizens at a very nominal rate. Yesterday there was a specially conducted tour which included the General Motors Building, the Fisher Building, Station WJR and the new Center Building. Saturday, June 15, Fisher Boat Works and Water Works Park Filtration Plant. Wednesday, June 19, Detroit Historical Museum and Penobscot Tower, Saturday, June 22, Detroit Zoo. Wednesday, June 26, Fort Wayne Army Post, Great Lakes Engineering and Shipbuilding. Saturday, June 29, Greenfield Village. Tuesday, July 2, Police Headquarters, Receiving Hospital, County Morgue, County Jail and Traffic Court. Wednesday, July 10, Detroit News and WWJ. Saturday and Sunday, July 13 and 14, Mampfer's Lake, Willow Grove Hotel at Irish Hills. Wednesday, July 17, Michigan Bell Telephone Company. Wednesday, July 24, Motor Boat Cruise. Wednesday, July 31, Alger House and Swim. Wednesday, August 7, Windsor and Walkerville Soldiers' Barracks. Wednesday, August 14, Bob-Lo, Canada. Wednesday, August 21, Fire Department headquarters and Versor's ginger ale. Saturday, August 31, Harold Gray's Saline Valley farm, picnic. A special folder has been provided giving complete details of each trip. This may be had by telephoning or calling at the Hannan Branch Y. M. C. A. All these trips are under the sponsorship of the activities departments, W. Carey Foster, secretary.

Port Huron Honors Departing High School Principal

A farewell dinner and a gift from the faculty were a few of the recent honors heaped on Walter R. Cleminson, new principal of the Grosse Pointe High School. Mrs. Jennie B. Pilkey, vice-president of the Port Huron Board of Education, and chairman of its personnel committee, issued a statement commending Mr. Cleminson "for his work in Port Huron since he went there from East Lansing five years ago. "He has been a capable executive and an excellent principal in every way," she said. "We regret very much to lose him and will have a difficult time finding someone to fill the position as well as Mr. Cleminson did." The Port Huron Times-Herald in reporting the work of the school board in selecting a successor for Mr. Cleminson, commented as follows: "Mr. Cleminson has been praised for the guidance program which he instituted to help pupils choose college courses and vocations. "Mr. Cleminson has visited high school graduates in junior colleges at University of Michigan and Michigan State College to discuss with them their scholastic problems and many high school graduates consulted with him at his office here. Thus, his interest in assisting Port Huron pupils has been maintained after they had left school. "Since he became principal, the high school athletic program has become self sustaining. The high school band has grown from a 16-piece organization to one of 80 boys and girls, 60 of whom have uniforms. The band is one of the best in the State. A cadet or training band has also been formed." A Port Huron newspaper columnist comments as follows: "Bad news to Port Huron that Walter Cleminson is going to leave us to take a new and better job at Grosse Pointe. "Ever since this tall, lanky fellow came from East Lansing to take over the direction of the Port Huron High School, he has attracted a lot of friends and admirers. He has been a friend of the pupils, a friend of the teachers and a friend of the parents. "This is a big order, yet he has carried it out and so we all regret his leaving very much. You could hardly blame him, for Grosse Pointe High School is one of the coveted high school jobs in the State."

Social Security Account Numbers Not Evidence Enough To Cash Checks

Social security account numbers are not sufficient identification to warrant merchants and other business houses to cash checks drawn in the same name that appears on the social security card. This statement was made today after several local merchants had reported that they had been asked to cash checks held by persons who presented social security account numbers as identification. "Caution should be used in cashing checks where the only identification is a social security account number. It is possible for a person to obtain a social security account number under an assumed name, and it also is possible that one person may find another's social security card. "While these cases are of course exceptional, it is possible to use a social security card bearing an assumed name or which may be the property of some one else. For that reason we advise all persons who are asked to cash checks for strangers not to accept a social security number as positive identification or sure proof that the holder of the card is the person to whom it was issued originally." This information was furnished by E. E. Pollock, manager, East Side office of the Social Security Board, located at 9037 Harper at Van Dyke. Other information pertaining to social security may be obtained at this local office.

China Silk Industry

The silk industry in China has flourished for 4,000 years.

Summer School Starts Monday

The Grosse Pointe High School summer school for 1940 will start next Monday, June 17. In grades 4, 5 and 6, review sections in spelling, reading and arithmetic will be offered. There will also be classes in instrumental music. In grades 7 and 8, English history, arithmetic and instrumental music will be offered. In grades 9B and above, the following courses will be given: Algebra, arithmetic, bookkeeping, civics, commercial law, economics, English, French, geometry, history, instrumental music, latin, technical tests, trigonometry and typing. School is in session from 8 a. m. to 12:40 p. m. There are three periods of one and one-half hours each. Students are required to be in attendance only for their class periods. A fee of \$5 for each single subject is due and payable upon registration. Ten dollars for each single subject is charged for non-resident pupils.

500th Anniversary Of Printing Will Be Celebrated This Year

This year, 1940, marks the 500th anniversary of the invention of printing. Type makers and printers, librarians and educators, civic and church leaders, and many others who respect the significance of printing and who love fine books, are uniting in community observance to pay honor to this great art and its inventor Johann Gutenberg. Through five centuries, printing has contributed more to the progress of civilization than any of the other arts. An official anniversary emblem was designed by W. A. Dwigings, noted American artist, especially for the occasion as a symbol of the invention of movable type. The emblem is also being cut in Spanish for use in Central and South American countries, where all major type makers are promoting the 500th observance. The international celebration of the invention of printing and the Gutenberg exhibition which had been scheduled for Leipzig this year, has been postponed until 1945 to coincide with

"BEYOND THE BENCH"

By JUDGE THOMAS F. MAHER Of Traffic Camp

Reward Good Driving!

In my business speed of deliveries is important, but I have learned that when the choice lies between safety and speed, safety always makes for greater profits...

The driver who covers miles of winding roads and crowded streets, only roads and icy pavement, safely and unobtrusively, rarely seeks or receives the praise of the public...

Although the annual death rate as a result of traffic accidents continues to reach discouraging totals, a start has been made, at least, toward giving proper public recognition to drivers who operate their vehicles with due regard for the rights of others.

Safety educators have never sought a spectacular solution of the traffic safety problem. Progressive methods are being used. One of the best of these methods is rewarding the good driver and thus convincing other motorists that if everybody would regard themselves as stockholders in public safety the dividends would be worthwhile.

Boy Scout Troop 39 Receives Recognition From National Leader

During the past month, Troop 39, composed of Pierce and High School Scouts, received a letter from James E. West, chief scout executive of all the scouts in America...

Troop 39 was organized in October, 1938.

Climaxing its second year of activity the troop will this summer conduct two trips occupying 10 weeks.

On Saturday the entire troop will leave Grosse Pointe for a three-weeks' camping trip at Hamlin Lake, near Ludington and Lake Michigan.

The program will include, besides the usual camping activities, riding, boating, fishing, side-trips, and many other features.

Following this a group of the older boys will leave by automobile for a seven-week tour of the national parks and West Coast.

Their outdoor program included a three-weeks tour of Michigan and a cruise to Isle Royale in Lake Superior.

A scout troop is anxious to render service wherever it can, and so during the past months the troop has ushered or served as guides at 16 school functions.

In February the troop presented the new Pierce Student Association with a beautiful silk flag to be used in the school library.

The same month over two hundred Grosse Pointe Scouts, as guests of Troop 39, gathered at the high school for a swim, movie, games, refreshments and over a thousand prizes.

During the recent Scout district court of honor, 17 members of Troop 39 were cited for having completed their first-class scout requirements.

The parents have been most co-operative and have been rewarded with two special activities besides the regular parent night programs.

In March the troop presented a hilarious three-act comedy, "Here comes Charlie," before two audiences numbering 1,600.

Many other activities have been conducted by the troop, but space does not permit naming them all.

Since its beginning 20 months ago, the troop has met on a total of 150 days, exclusive of play rehearsals, leaders' meetings and informal get-togethers.

The splendid co-operation given the troop by the schools, the parents and the public has been responsible for this fine record, and it is the hope of the troop committee that this support will be continued and make possible the enlargement of a program designed to promote the ability of boys to do things for themselves and others...
