

Summer Concert Season Begins June 26

High School Graduates 174 Students; Many Scholarships Awarded

Superintendent of Schools, Dr. E. R. Van Kleeck, presided at the annual June commencement exercises on the school lawn last Thursday evening. Proceeding the conferring of diplomas, three student speakers outlined the objectives of education in their valedictory speeches. Fred Hoffmann, speaking on Self-Realization, pointed out how education enables a person to direct his own life. Dorothy Robbins discussed Human Relationships, showing how education aims to supplement home training. William Heyser told of the youthful experience in democratic living provided by the high school's extra-curriculum program.

County Juvenile Court Tests Mental Ratings Of Delinquents

Wayne County is fortunate in having one of the few psychiatric or mental hygiene clinics in the United States attached to a juvenile court. Through the expert services of the clinic, the court has been able to work out more intelligent plans for the treatment of the perplexing problems presented by some of the children who come to its attention.

One phase of the clinic's work is to determine the child's mental age or intelligence quotient. This is done by giving the child standard tests worked out by experts over a period of years. Each age level has a different set of tests. The child's results on these tests are compared with those set up for one of his age level, and a comparison can then be made. For example, Keith Richard's response to a question asked of 7-year-olds "Is what way are you and your sister alike?" was "They are both like me."

After the students had received their diplomas, Principal Paul A. Rehms, awarded the class honors. Twenty-seven students were graduated with honors, for maintaining a B or better average throughout four years. The graduates thus honored were:

Patricia Beckenbauer, Marilyn Bell, William Bena, Pearce Chambers, Mary Corcoran, Wanda Cusick, James Dunham, Phyllis Elworthy, William Emory, Jr., Larina Godfrey, Carson Grunwald, William Heyser, Frederick Hoffmann, Margaret Jones, Henry Kaine, John Lucas, David Lynch, Mary Marwick, Winifred Marwick, Sherman O'Neill, Mary Quinn, Kenneth Reese, Dorothy Robbins, Dorine Shaw, Alvin Sherman, Jr., Dorothy Snodgrass, and Jean Tracy.

The Rotary Club Watch, awarded to the student who shows evidence of the most unselfish service to his school, was given to William Ludwig.

The Frederick M. Alger Post of the V.F.W. awarded a \$100 cash scholarship to Pearce Chambers, judged by the members of his class and the faculty committee to best represent the qualities of true Americanism.

The local University of Michigan Alumni Association awarded three full scholarships, to be continued throughout four years, if, in the freshman year, the student maintains a sound scholastic average. Albert Grunwald, Pearce Chambers, and William Schmidt of the February class were the recipients.

ADOPTED

The Grosse Pointe Woods Board of Commissioners unanimously voted approval of the new zoning ordinance at a meeting held Tuesday night in the Woods Municipal Building on Mack Avenue.

City of G. P. Police Capture Molester After Wild Chase

A 24-year-old Detroit girl who assaulted a Grosse Pointe girl a short time after she stepped off a Jefferson Avenue bus near Neil Road early Saturday morning, was captured by two City of Grosse Pointe policemen after a wild twenty-block chase at a high rate of speed.

The youth, identified as Donald Mass, 1450 Lakeview, followed the bus from the Detroit city limits, parked his car, and ambushed the girl as she started for home. He struck her several times with his fists and started to drag her into a field nearby. Acting Sergeant John Manning and James Reno, cruising in the vicinity, heard the girl's screams and intervened.

Mass gained his car and drove away. The police officers pursued and finally captured the criminal after a long chase. The men emptied both their revolvers at the fleeing car, smashing their windshield. One of the car's front wheels was also damaged by sharp turns at high speed. Mass attempted to escape by pulling into the driveway at 304 Rivard Boulevard.

Monday night, Mass pleaded guilty to this arraignment and will be bound over to Circuit Court for trial. He has a juvenile record for the same offense.

Gratiot Township Case Dismissed

The court case between William McGee of the Buckeye Hardware Store and the Township of Gratiot regarding the tapping of water lines was made very light of in Circuit Court last Friday afternoon.

Mr. McGee contended that a payment of \$57.00 to Frank Jones, who was Township Water Director at the time, covered the tapping fee from any main. According to Jones, the agreement was that McGee was to tap from Ridgemoor Avenue, but McGee insisted on tapping from the Harper line for \$57.00. When it was pointed out that any distance over sixty feet must be paid for by the consumer at the rate of 80c per foot, Mr. McGee refused, employed an attorney, who secured a writ of mandamus, and brought the township into court, attempting to force them to tap for the aforementioned amount.

Judge Thomas at Circuit Court remarked to the plaintiff, "It is evident that what you desire here is something for nothing, or, you want the Township of Gratiot to tap this line for you for less money than what it is going to cost Mr. McGee's neighbors."

Clarence F. Cayan, former Clerk, appeared on the stand and testified that some sort of a resolution was passed by the Township Board, and stated that the resolution into the minutes, and that the Township Board was in error in not demanding that a resolution was inserted into the minutes.

It was pointed out by the court that the Township Board could set a fee for tapping of a certain amount of money, and it was within their power to change this rate at any time previous to any tap being made. In other words, the Township could accept an amount of money from a potential customer, give him a receipt and then later change the rate.

\$300.00

The Neighborhood Thrift Shop announced that due to the donations received from June 1st through June 15th, they were able to give \$300.00 to the American Red Cross.

Park Fireman Battle Various Blazes

Grosse Pointe Park's Fire Department received several calls last week and extinguished various minor fires caused by carelessness and mechanical defects.

A roof fire at 1246 Bishop, Sunday afternoon, was traced to a leaky incinerator. The single 2½-story brick veneer structure occupied by Mrs. J. W. McLaughlin, was slightly damaged. A refrigerator motor in the home of R. A. Wiggins, 1827 Wayburn, became overheated Saturday and caused considerable smoke.

The garage at 1261 Beaconsfield was also slightly burned on Saturday when a fire burning close to the structure got out of hand.

A freak accident occurred in a Whitaker Road residence Wednesday, when a boy's cigarette ignited a can of inflammable fluid as he was cleaning his bike.

Traffic Death Toll Again On Up-Swing

Once again, all automobile drivers are faced with the usual increase in the accidental death toll during July and the entire vacation season.

The Independence Day holiday and the heavy vacation traffic boosted the July accidental toll to over 3,000 last year. This year, it may be worse, for many drivers have been careless.

The Michigan Symphony Orchestra, sponsored by the Grosse Pointe Board of Education will present its opening program of the 1940 summer season Wednesday evening, June 26th, at 8:15 p. m. on the campus of the Grosse Pointe High School. Valter Poole will conduct.

The featured soloist for this opening program will be Celeste Cole, Negro soprano. Miss Cole was the winner of the national auditions conducted by the Atwater Kent radio hour in 1937. She has also appeared with the famous opera company of Petrograd, Russia.

The program includes:

PROGRAM

1. Fingals Cave Overture - Mendelssohn
2. Afro-American Symphony - Wm. Grant Still
(a) Moderato assai
(b) Adagio
(c) Animato
(d) Lento, con solennità
3. Aria from La Traviata - Verdi
Celeste Cole

INTERMISSION

4. Bamboula "Rhapsodie Danse" - Coleridge-Taylor
5. Groups of Negro Spirituals
6. First Roumanian Rhapsody - Liszt

Proposed Parkway Plan Explained At Luncheon Former Gratiot Clerk Fails To Certify Election Results

"Look to the future" was the keynote of the opening of a campaign for the proposed Detroit-Huron-Clinton Parkway Project announced at a luncheon held in the Hotel Statler last Friday afternoon.

Upon the failure of former Gratiot Township Clerk, Clarence F. Cayan, to certify the vote of the April 1 election, with the zoning ordinance, it finally became the duty of the township board.

Throughout the 7-year-old matter, Judge D. J. Healy, who has charge of the Juvenile Court and the clinic, has found that a clear recognition of a child's intellectual level has often helped to solve his particular problem; that even though the child's fears, worries and emotional condition at the time the tests are given to him influence his results, yet they are a fairly reliable index of his general abilities and handicaps.

The Parkway-Playground plan would provide adequate recreational facilities and ways of reaching them to the 3,000,000 people living in the Detroit Metropolitan area. At present this area lacks sufficient public recreation grounds.

The 1939 State Legislature passed an act providing for the establishment of a metropolitan park authority representing the five counties, Wayne, Washtenaw, Livingston, Oakland, and Macomb. This authority will plan a chain of parks and parkways in the valleys of the Huron and Clinton rivers which encircle Detroit. The two ends of the chain will be connected by a pleasure drive along the Detroit River and Lake St. Clair. (This part of the system would be of particular interest to the Grosse Pointe area.) Limited access highways radiating from Detroit to the river valleys would take people quickly to the recreation grounds.

There will be a referendum vote on the Parkway-Playground Proposal in the November elections.

Abner E. Larned, state WPA director, pointed out how the project would fit into the WPA program, providing work for many unemployed. The express highways could be engineered by the State Highway Commission, he said. Mr. Larned believes that 75% of the entire cost of the project will be borne by the government.

John S. Knight, publisher of the Detroit Free Press, when unexpectedly called upon by Mr. Larned, urged those planning the project to forget the past and "make a factual appraisal of what lies ahead."

Frank Martel, Detroit labor leader, sees in this project evidences of a new industry, that of catering to the man with leisure. He declared himself pleased to see some who realized that Detroit had become more than a workshop, and who were planning recreational advantages for those to whom the shorter work week has given added leisure.

George M. Slocum, publisher of Automotive News, closed the meeting by urging all to vote "yes" on the Parkway-Playground proposal in November.

Because the luncheon occurred on Flag Day, a color guard from the ROTC unit of Cass Technical High School officially opened the Parkway campaign with the ceremony of "advancing the colors."

When the failure of former Gratiot Township Clerk, Clarence F. Cayan, to certify the vote of the April 1 election, with the zoning ordinance, it finally became the duty of the township board.

Cayan recently stated in an article given to a Woods newspaper that certain officers are in the habit of violating published laws. In answer to that, Provo states that any person who is aggressive is bound to make mistakes, but a person who fails to perform their duty after they have taken an oath cannot make a mistake. Provo said it was just a question of a person "living in a glass house and then throwing stones."

Cayan recently stated in an article given to a Woods newspaper that certain officers are in the habit of violating published laws. In answer to that, Provo states that any person who is aggressive is bound to make mistakes, but a person who fails to perform their duty after they have taken an oath cannot make a mistake. Provo said it was just a question of a person "living in a glass house and then throwing stones."

Business Men Adopt By-Laws

A basic set of by-laws, to be added to as future problems arise, was adopted by the Grosse Pointe Woods Business Men at their luncheon meeting last Monday.

The laws, drawn up by a three-man committee, were read aloud and the members then voted unanimous approval. The provisions include the duties of the various officers, the order of business of the meetings, qualification for membership and various other phases of the organization.

L. L. Jackson was elected to the newly-formed office of treasurer. Plans for a Fourth of July celebration have tentatively been arranged. It was announced by Arnold Diesing, sponsor of the festivities, that the entertainment would include a double-header baseball game, races and games for children and a gigantic night fireworks display.

A motion to defer all speakers, excepting special guests, until September 1, was also approved.

Between 1929 and 1939, loans of all American banks decreased nearly one-half, from 42 billion dollars to 23 billion, while investments of banks have nearly doubled from 15 billion dollars to 28 billion, government securities.

Various Social Security Benefits Explained

The East Side field office manager of the Social Security Board announced today that 2,020 persons in Michigan are receiving monthly old-age and survivors insurance payments as of April 30. The monthly payments during April amounted to \$38,085.

It will be noted, Mr. E. E. Pollock said, that the number of claims from retired workers over 65 years of age and from their wives past 65 is exceeding advance estimates by nearly 20 per cent. Claims from widows, orphan children, and other dependents in the case of the death of the breadwinner are lagging behind estimates.

For the country as a whole, Mr. Pollock stated, 21,150 persons were added to the old-age and survivors' insurance rolls in April, bringing the total number of persons in the United States now awarded regular monthly benefits to 62,364. April awards added \$37,516 to the level of monthly payments bringing the national figure to \$1,173,933 a month.

Following is a breakdown of the 2,020 claims for monthly benefits which have been approved to date:

Number	Amount of benefits
Retired workers — 1,184	\$26,131
Aged widows of retired workers — 206	2,352
Children — 445	5,781
Aged widows — 16	309
Widows with young children — 169	3,592

These insurance payments go to any "qualified" commercial or industrial worker at age 65 or over, to his wife at age 65, to his children under 18 years of age; or at his death, whatever his age, to his widow at age 65, or if she has young children in her care, to his children under 18 years of age, or in some cases to his dependent parents over 65. Wage earners and their employers share the cost of paying social taxes, and monthly benefits are paid as a right no matter what other income the family may have.

Partial scholarships to Yale University were awarded to Alfred Pitt and John Lucas.

William Graf and James Barner, both of the February class, and William Heyser received partial scholarships to the Massachusetts Institute of Technology.

The dictionary awarded by Trinity College alumni to the student who has the highest scholastic record and is a varsity letter, went to William Heyser. He also received the Bosch and Lomb Medal for the best record in the science and mathematics departments, and the award of the local alumni of Alpha Tau Omega.

The Horace Rackham \$500 cash award went to Albert Grunwald.

The Mothers' Club awarded its \$200 major prize to Phyllis Elworthy. The following students received awards of \$300 apiece: Marilyn Roselle, Dorothy Robbins, Sherman O'Neill, Betty Jeanne Storer, William Schmidt and Susan Stevenson, of the February class, and Dorine Shaw.

The names of John Lucas and Dorothy Robbins will be engraved on the Mothers' Club honor cups.

The total amount of scholarships given is well over \$4,000. Principal Rehms remarked, "Never have I known of such an extensive presentation of scholarships to the students of one school."

Community Club Seeks New Members

The Grosse Pointe Woods Community Club, sponsors of the recreation playground at Mack Avenue and Ridgemoor, has started a new membership drive to raise funds for the continuation of their worthwhile work.

A committee, under the leadership of Mrs. Alice Halstead, is offering memberships in the organization for only \$1.00 apiece. Alois Ghesquiere, Woods President, Mrs. Howard Iiams, and Mrs. Gregory are also serving on this committee.

The owner of the present playground site, Mrs. Hattie Chene, has conditionally offered the use of her land to the Community Club for five years. It is believed that at the end of this time, Mrs. Chene will give the ground as a memorial to her family.

The Community Club expects to build a comfort station and a clubhouse and make recreational improvements with the new contributions.

Called 'Very Good'

Except for the prevalence of colds during the winter and early spring, the health conditions in Grosse Pointe have been very good during the past nine months. The record of contagious diseases has been better than normal. The fact that we have had no diphtheria or smallpox for several years is no insurance against there being none in the future. One sure way to prevent these diseases is by immunization. Health Commissioner Dr. Warren, requests that parents see that their children are immunized against diphtheria, and the entire family vaccinated against smallpox. If this is done our record will be kept clean and much grief prevented.

Tuberculosis is more common between the ages of 14 and 20. Parents are advised to see that a yearly test be made for this disease.

Tests of the water at all Grosse Pointe bathing beaches have been satisfactory, and at any time they are otherwise notices will be posted.

Mr. McGee refused and took the case to court. Jules Berns, attorney for Gratiot Township, agreed to still tap the main for \$24.00 additional, while the township would be in their rights to still demand an additional \$48.00. It appeared as though it was their desire to co-operate.

Frank Jones, treasurer and former Water Director, Mr. Frank Jones, and Ernest A. Provo, Supervisor, appeared for the township but their testimony was not heard.

The testimony of Mr. McGee and Clarence Cayan was sufficient for the court.

Major Burns Henry

Our Rehabilitation Chairman, Betty Hoyt, and Adele Baker attended the Americanism program at Denby High School last week.

The principal speaker was Judge Paul V. Godola of Flint. Vito E. Sacre, District Americanism Director and District Commander Roland F. Becker also spoke on the program.

Red Cross War Relief Largest Since First World War

To aid Europe's war-ridden millions, the American Red Cross is now embarked upon a relief operation greater than any previously attempted in its peacetime history. This gigantic task is exceeded only by the organization's operations during the first World War.

As representative of the strongest nation not engaged in war, the American Red Cross has become the only hope for victims of the European holocaust, particularly the 5,000,000 civilian refugees. As their own resources become exhausted, only the Red Cross stands between these hordes of sufferers and starvation.

The size of the European relief task may be appreciated by a comparison with the Ohio-Mississippi Valley flood of 1937, the greatest natural calamity in which the American Red Cross has operated in the 60 years of its history.

In that disaster 1,000,000 persons required assistance. Twenty-five millions of dollars were contributed in response to Red Cross appeals in this relief operation. Several foreign countries sent funds. In another example, public contributions of \$10,000,000 were spent in relief of drought sufferers in 1930 and 1931. The New York-New England hurricane of 1938 required a Red Cross

expenditure of \$1,700,000 for emergency and rehabilitation care for 14,000 families.

As in other great catastrophes the American Red Cross must "follow through" on the European job. It has been estimated that \$20,000,000 will be needed if minimum needs of the victims of war are to be met. The problem before the American Red Cross means providing emergency food, shelter, clothing and medical supplies until the gap is somehow bridged.

Many thousands of the homeless civilians forced to flee their homes now have no homes to return to, nor any possessions, whatsoever. Most of them were unable to take anything along as they hurried for their lives from danger zones. Many are wounded. Others are sick.

As America's official disaster relief agency, the Red Cross is duty-bound to lend the full strength of its resources in this country and abroad in relieving human suffering resulting from major catastrophes without thought of issues involved or restrictions of race, creed or color.

The American Red Cross has been on the job in Europe since outbreak of war last September. Before the low-

lands were invaded, it had spent \$1,500,000 for relief needs growing out of the invasion of Poland and Finland. Up to a month ago American Red Cross chapters had produced approximately 300,000 garments and millions of surgical dressings for war relief purposes. As the war spread, chapter production has been sharply increased to meet rapidly multiplying needs. American Red Cross trained disaster relief workers are in Europe. The first of a fleet of Red Cross "mercy ships" from this country is being prepared to sail for France with a million-dollar cargo of medical supplies, ambulances, food and clothing. Thousands of dollars worth of emergency supplies have been rushed overseas by clipper plane.

Up to June 10, approximately \$5,200,000 had been spent by the American Red Cross for European war relief. Additional millions are desperately needed and will be translated into aid to suffering humanity as funds are contributed through the \$20,000,000 war fund campaign, which now has approximated the 10-million dollar mark. The National organization is urging chapters to bring their local campaigns to a successful close by June 30.

SOCIAL NOTES

By YVONNE ANKLEY

Mrs. R. C. Walk of Maran Road is spending two weeks with her alma mater at Denison University, Denison, Ohio. She is a newly elected officer of the Junior Goodwill organization.

Marie Louise Steutner, daughter of the Edward Steutners of Kensington Road, became the bride of Richard Gordon Dorn, June 12. Mr. Dorn is the son of Mrs. Louise P. Dorn of Van Dyke avenue.

Miss Suzanne Seyburn, daughter of Mr. and Mrs. Watson Seyburn, spoke her vows to Charles Appleton Meyer, son of Mrs. Sakonstall Meyer and George Meyer of Boston, in Christ Church Chapel, June 15.

Mrs. Cecil Winfield Land, wife of Captain Land, who has been stationed at Schofield Barracks, Hawaii, arrived here recently with her husband and children to visit her mother, Mrs. Esther Stephen Trowbridge of Grosse Pointe.

The Charles R. Crosses gave a dinner party in their home on Cadieux Road, Friday, June 14, to honor Christine Peter and her fiancé, Jack Gardner.

Miss Menzies has scheduled a cocktail party for June 12 at his terrace on Marmore Blvd.; the guests of honor will be Sally Book and Lansing Pittman, whose marriage will take place June 29.

Betty Bennett honored Ann Wilkinson and her fiancé, Fritz Strong, III, at a buffet breakfast Sunday, June 16, at her home on Washington Road. The same couple were feted at a cocktail party later in the day on Touraine Road, where Mr. and Mrs. William J. Scripps and the Robert W. Scripps did the honors.

On Thursday morning, June 13th, Elaine Marie Arndt, daughter of Dr. and Mrs. O. H. Arndt of Barrington Road, became the bride of Richard M. Bastien, son of Mrs. Samuel Bastien, and the late Mr. Bastien of Lakepointe.

Flower and Fruit Hats Accent Fashion's 'Be Pretty' Trend

By CHERIE NICHOLAS

ordering this model in flowers color-matched to dress or coat or to complement accessories worn with the costume. Note the head-fitting band and streamer of lacy-mesh jersey at the back.

MILLINERS are turning out perfectly charming hats this season. The myriads of little flower hats that grace every collection are the very essence of loveliness. Add the wispy colorful veils so all-prevailing and enchantment is the word.

Challenging the style supremacy of the cunning flower confections are many superbly beautiful fruit garnished hats, with the result that a keen rivalry is going on between the two. About the only sure way to settle the matter is to indulge in both after persuading yourself that two new hats are better than one in any fashionable wardrobe.

There is no doubt about fruit hats being the new trend in millinery.

Recently new argues in their favor. See the two fruit-laden models pictured above in the accompanying illustration. The model to the left is radiantly colorful because of the profusion of luminously red currants, together with green berries, that encircle its crown.

The other fruit hat shown plays up the fashionable black-and-white theme. In this instance frost-white berries and foliage strikingly contrast the jet blackness of the straw hat they trim. A snow-flecked veil adds the finishing touch.

Because of their universal becomingness little flower platenus that dip right over the forehead after the manner of the one pictured to the left below, are numbering among the season's favorites. Women are

The latticed transparency that frames her pretty face in a flaring frill adds infinite charm. The very essence of coquetry is expressed in the baby cap ribbons that tie so quaintly under the chin. As to the flower trim on this cunning bonnet, it carries a most important message in that fashion this season places the accent on roses used either singly or en masse.

Veils! Hats are simple swathed in yards and yards of airy whimsy veils that add a very ecstasy of color to the picture. In fact the veil this season really keynotes the color scheme of one's accessories. The fashion-wise are wearing jewelry and gloves and carrying bags matched to the color of their veils. (Released by Western Newspaper Union.)

Park Buys Three New Scout Cars

Grosse Pointe Park will purchase three new Ford scout cars to replace three older models, it was announced at the commission meeting held last Monday evening.

The bid of a local dealer, lowest of five received, was accepted and the new cars will be placed in service as soon as possible. The three 1939 vehicles to be taken in trade have traveled an average of 90,000 miles, in covering the Park streets for one year.

The new cars contain 95 horsepower engines and will be specially equipped for police work. An addition of bullet-proof windshields was over-ruled, because of the lack of necessity for such an accessory.

The Park Commission will hold a regular meeting next Monday evening in the Municipal Building, Maryland at Jefferson.

Fire Department Beats Farms Water Dept.

On Wednesday, June 12, the Fire Department of Grosse Pointe Farms met and defeated the Water Department golf team 19 to 8. This match was partly played in a down pour which the scores above the average.

After the match, the boys gathered for lunch and refreshments and this was followed by a card game. The trophy was then filled and every one drank from it. Later the trophy was given to the captain of the losing team as this trophy is held by the loser.

Proxies for Over-Parkers
"Why waste valuable time appearing in court?" asks the AAA Proxy service of New York city in offering a new service to motorists who have been tagged for overtime parking. For a dollar the outfit will call for your summons, pay your fine and return the paid receipt.

Summer Groups Will Be Held At Grosse Pointe Memorial Church

Beginning Monday, June 24th, and continuing every morning (9:30 to 12:00) through Friday, July 19th, Summer Groups will be held at the Church for children of the community between the ages of three and twelve. They will meet in four distinct departments under the direction of experienced leaders. There will be an interesting variety in the programs which will be a delight as well as real help to those who attend. This includes a picnic at the Grosse Pointe City Park every Friday morning.

Instead of a daily offering, there will be a registration fee of \$2.00 for each child of the Church School for the entire month. For the children who are not members of the Church School or of Church families the fee will be \$4.00. Scholarships are available for those who need them. This is the most constructive program the Church has for the children and it is an opportunity which should not be missed.

Variations on a Theme
Eight American cities in the 118,000 population class spent sums ranging from \$20.89 to \$28.27 per capita on operating costs in 1938, reports the National Consumers Tax commission. Units of the N. C. T. C. engaged in measuring their own cities' expenditures have found similar cost variations between municipalities in virtually every classification, the report said.

Pin Ball Machines Ordered Out Of Gratiot Township

Gratiot Township Supervisor, E. A. Provo has ordered all pin ball machines that were considered gambling para-

phernalia removed from the business places of the township. Provo pointed-out that if he failed to rid the township of these gambling devices, higher authorities would do so.

Open Evenings

Points and Pointers

Movies plus moonlight, latest form of celluloid entertainment, have been available to cinema goers of this city since the Eastside Drive-In Theatre opened recently on Harper at Seven Mile Road.

Detroit is now one of the cities boasting "Drive-In" show shops. The others are Cleveland, Milwaukee, Cincinnati, St. Louis, Indianapolis and Miami. The outdoor theater has novel features. Everything is on a larger scale than in an ordinary cinema cathedral. Imagine a movie usher whose sector of the theater is so large that he has to patrol it by bicycle! Some of the boys use wheels at the one at Harper at Seven Mile Road.

A 10-Acre Playhouse There are 11 ramps with room for 600 cars, which slope to the rear of the theater, so that the nose of each car is tilted slightly, looking up at the gigantic screen measuring 50 by 60 feet. Between the ramps are semi-circular "aisles" by which theater patrons enter and leave.

A 10-acre theater and a screen with an area of 3,000 square feet naturally calls for a projector to match. The one at the Eastside Drive-In Theatre is 20,000 candle power and is installed 225 feet from the screen, at about the third row, in a semi-underground booth.

Synchronization of sound and light, important in a theater of such magnificent distances that you'd ordinarily see the villain drop before you heard the bang of the hero's trusty rifle, is obtained by a device which is figured for the sixth row and gives perfect co-ordination all over the house, on individual speakers.

A showing of a picture at the Eastside Drive-In Theatre is a picturesque sight. There are the rows of cars with tip-tilted noses fronting the great screen with its loud, individual speakers, the scurrying Eastside Drive-In Theatre ushers, the in-and-out movement of patrons.

The theater proper is patrolled by four ushers, others stand at the extremities of the terraces to direct the cars. And here's another thing the ushers do for you—they buy your tickets at the box office.

Pictures change twice weekly at the Eastside Drive-In. The changes come on Sunday and Thursday nights. The shows start at dusk, which currently descends at 8:20 p. m., and the programs consist of feature, comedy, shorts and newsreel.

The Eastside Drive-In Theatre has an appeal for many people who can't otherwise go to the movies. Invalids, for instance. One of the Drive-In Theatre patrons last week was a man who hadn't been in a theater in 17 years. Now he can go to a show and never have to budge out of the car he comes in. And there are people with small children—too small to take along for fear their infant voices may raise the roof of the movie theater. At the Eastside Drive-In it doesn't matter. Junior can sound off as loud as he pleases. It won't bother anybody but Junior's parents—and they can deal with him.

Even rain doesn't bother sound and visibility, it is stated. Underground lighting and controlled directional sound take care of that.

Don't let your curtains and drapes become ruined by the torrid summer sun while you are vacationing. Take advantage of Russell Curtain Cleaner's storage plan. Have your curtains washed and stored, and thoroughly enjoy your summer vacation with no fear of returning to find your curtains spoiled.

The Russell plant is located at 17427 Kercheval, near Ashland. This special service can be obtained for no extra charge. Just call L.E. 8275 for quick pick-up and delivery service.

An Independence Day celebration to be held under the auspices of Radio Station WJBK will be held in the Band Shell at Belle Isle Park, on the afternoon of July 4th from 2:00 to 6:00 o'clock. Fourteen different nationality groups will be represented, to pledge allegiance to the American flag and participate in helping to make this one of the greatest Independence Day celebrations ever held in Detroit. It is expected that around 50,000 people will attend this program.

Many public officials, including Mayor Jeffries and Governor Dickinson have been invited to speak on the program.

The celebration will open with special flag raising ceremonies, at which time a Federal Judge will read the American Creed, give a short talk on "The Significance of Independence Day," and lead the audience in taking the "Oath of Allegiance." This will be followed by a twenty-one rifle salute by the National Guard, and the singing of the National Anthem by the entire audience, accompanied by a concert band. Exhibition drills will also be presented by the American Legion, Veterans of Foreign Wars, and the National Boy Scouts. This opening portion of the program will be broadcast over WJBK. The celebration will then proceed with colorful exercises, including singing, dancing, and playing on native musical instruments, to be presented by the different nationality groups dressed in native costume, as an expression of their gratitude for belonging to this great country of America. The concluding number on the program will be the entire audience singing "America."

The Kings Sisters, nationally-known "swing quartet," were present at an informal "live session" held last Friday afternoon in the Grinnell Brothers', Grosse Pointe branch store, at 17048 Kercheval Avenue.

The girls signed autographs and gave a short sample of their musical abilities. Bonnie Green, famous "boogie-woogie" piano player, also rendered a few "hot" selections.

These weekly get-togethers are rapidly becoming famous throughout the whole community.

The Leach Drug Co., Charlevoix at Lakepointe, is offering a big delicious root beer FREE to each and every person who brings their latest telephone book into the store to have a good-looking book cover sticker attached. This offer is for a limited time only, so "Reach for Leach," grab your telephone book and hustle down and claim your sticker and root beer.

MISTAKE!!!

Last week's issue of the Grosse Pointe Review stated that Byron J. Rockwood, Grosse Pointe Park's newly engaged Village Manager, comes to us from Grand Rapids, Michigan.

This is an error. The city where Rockwood was previously employed is Saginaw. The Review extends a sincere apology to its readers, who were unduly confused.

Education Head Speaks At College Dedication

L. M. Bartlett, Director of Child Accounting and Adjustment for the Grosse Pointe Public Schools, will be a speaker at the Special Education Conference held in connection with the dedication of the new Horace H. Rackham School of Special Education at Michigan State Normal College, Ypsilanti, on Friday, June 28.

Mr. Bartlett will discuss "Comparisons and Methods of Measuring Vision and Some of the Implications to Success in Reading."

Sheer and Lovely

Fashion is going in for sheer and lacy lingerie blouses with an enthusiasm that knows no bounds. Here are two lovely types. The sheer white blouse pictured at the top is of the sweet simplicity type that captures the fancy at a glance. Bands of embroidered organdy and lace alternate in the other blouse, with a tapering waistline that zippers down the front under a lacy frill. Here is a blouse that will do double duty in that it can be worn neatly under a suit and it also looks well with a long skirt for evening because of its waistcoat style.

Neighborhood Club

Summer Playground Activities at the Neighborhood Club:

On Mondays from 1 to 3 the Jr. Volley Ball League meets for boys 15-18. Girls from 5 to 10 will have a Story Telling Hour from 2-4. From 3-5 boys have Archery from the ages of 12-15. Sand Box Play for Girls 5-10 will take place from 4-5. At 6:30 the Sr. Men's Volley Ball League meets, and from 6:30 to 9:00 both boys and girls have a general play period.

On Tuesdays: From 10-12 the Girls Tennis Class for girls 13 and over will meet. Boys from 15 up will have Archery from 1-3. Girls Handcraft Class for girls 6-16 will meet from 2-4. From 3-5 Games Day for boys 5-10. The Jr. Garden Club will meet from 4-5, and Girls Archery for girls 14 and over takes place from 7-8. Girls 6 and over will have a Free Play period from 7-8 also.

On Wednesdays: The Girls Tennis Class again meets at 10 for girls 13 and over. At 1, and lasting until 3 we have the Jr. Volley Ball League for boys 15-18. Girls Dramatics for girls 6-16 takes place from 2-3:30. Boys Archery for boys 12-15 at 3 o'clock. The Girls Art Class meets from 3:30-5 for ages 6-16. Girls 14 and over have Archery from 7-8, at which time the Free Play period is also in progress.

On Thursdays: From 12-2 the Outdoor Cookery Class for girls 9 and over meets. Boys Archery takes place at 1 for boys 15 and over. We have Girls Handcraft from 2-4 for 6-16. Boys Games Day takes place from 3-5 for boys 5-10, and Girls Games start at 4 for girls 6-16. Girls Free Play period is from 6:30-8:30.

On Fridays: From 2-4 every Friday is set aside for various special events, such as Peanut Hunts, Pet Shows, Picnics, Watermelon Feats, etc. From 6:30-9:00 the boys have a general play period for ages 6-16, and from 7-8:30 we have Free Play for the girls.

PEANUT HUNT: The Special Event this Friday, June 21 will be a Peanut Hunt for all children of the Community. Everyone is welcome. The Event starts at 2:00 p. m.

Perishable Baking Powder Baking powder is a somewhat perishable product. If overexposed to the air moisture is absorbed. It should be kept in a tightly closed can and in a cool, dry place.

"Mirror-Minded" America is a mirror-minded country, with annual mirror production running to some 80,000,000 square feet, according to William Peacock of Philadelphia whose new process for silvering mirrors is expected to produce truer, finer reflections.

Portugal's Forest Forests of pine, oak, cork, and chestnut cover 19 per cent of the land in Portugal.

Two Leading Teams Handed First Defeats

Grosse Pointe Farms and Bower Roller Bearing aren't the only baseball clubs latest on winning the Grosse Pointe League title. This fact was made quite evident last Sunday when Grosse Pointe Woods and Grosse Pointe Shores turned in victories over these two previously undefeated squads.

The Woods squeezed out a slim 3-2 victory over the Farms, while the Shores had little trouble in trimming Bower 9-4.

Donald Bryant, Woods pitcher, recently acquired from Detroit sandlots, made a successful debut in league competition as he faced only 33 men and allowed but two runs and three hits to beat the Farms' hurler, Carl Van DePitte, in a thrilling mound duel. Van DePitte allowed his opponent four hits.

Up until the sixth inning the Farms held a 2-0 lead. Schmidt, first up in the last inning for the Woods, reached first base on a single and struck. When Berns batted a grounder to shortstop, Schmidt was out at the plate. After Winters had walked to fill the bases and Amersa struck out, Vaughn sent home both Maasie and Berns with a single.

Hansen, pinch batter for Hammer, sent a pop fly back of third base but two infielders collided and the ball fell to the ground, the winning run crossing the plate.

In winning their third game of the season, the Shores used two pitchers, Ed Lyons and Bob Baker. Lyons, who had been pitching good ball until the sixth inning, got into trouble and had to be rescued by Baker.

Leading the Shores' attack with two doubles apiece was the hard hitting infielder, Howard Randall and pitcher, Ed Lyons.

In the only other game played last Sunday, Grosse Pointe Park sent Gratiot Township into the cellar with a 9-6 triumph.

Although the Park was outthit, they scored some runs on their opponents' untimely errors.

George Balavage was the hitting star of the afternoon, banging out four singles in five times at bat.

Roy De Perno did the pitching for the winners.

Team	Won	Lost	Pct.
Woods	5	1	.833
Farms	5	1	.833
Shores	3	1	.750
Bower	3	1	.750
Park	2	4	.333
St. Joan	1	4	.200
Carriers	1	4	.200
Gratiot	1	5	.167

Sunday, Grosse Pointe Woods meets Bower Bearing in the league's top tilt at Mason School. St. Joan of Arc plays Grosse Pointe Shores on the Vernier Road diamond. Grosse Pointe Park tangles with Carrier A. C. at Van Dyke Field and Gratiot Township plays Grosse Pointe Farms at Kerby Field.

Park Police Receive Warrant From Miami For Captured Burglar

Grosse Pointe Park police received a detaining warrant from Miami, Florida authorities last week for the arrest of Albert Abramson, bandit who was captured in a Balfour Road residence recently.

The warrant, signed by Miami Police Chief Vocum, stated that Abramson is wanted for 7 burglaries of private homes.

Abramson is also wanted by New York City Police, where he was three times convicted for unlawful entry, and given five years probation.

Both warrants have been sent to Jackson Prison, which will be Abramson's mailing address after his conviction on the attempted Grosse Pointe theft. After he has served his term in Jackson, he will go to New York and then to Miami.

Abramson has been bound over to Circuit Court and will be sentenced during the fall term. At present, he is residing in the County Jail.

Park Pumping Station Construction Completed

Work on Grosse Pointe Park's \$125,000 Storm Water Pumping station and sewer system is virtually completed and tests made Tuesday show that the machinery is in near perfect working order, it was announced yesterday by retiring Village Engineer Charles Marden.

The project, 45% sponsored by the W.P.A., is located at East Jefferson Avenue and Maryland, adjacent to the Grosse Pointe Park Municipal Building.

Severe storms which flooded the basements of many Grosse Pointe homes several years ago, forced the construction of this building.

Engineer Marden stated that all bulkheads would be removed in eight or ten days, and the public would be invited to inspect the new building. The government completion date, as called for in the contract, is June 27th.

NOTICE
Due to the increasing number of requests received from residents in Gratiot Township, the "Grosse Pointe Review" was distributed to every home in that community last week.

In continuance with our complete local news policy, we will publish the highlights of the weekly happenings in Gratiot Township. Any of our new readers who wish to announce various social events may do so by mailing us a few of the more important facts.

If any person fails to receive a copy of this week's paper, a telephone call to our office at 15121 Kercheval avenue, would be appreciated. Dial LE. 7162 or LE. 1163 and leave your home address.

Meat Curing Simplified By Using New Process

Certain difficulties in curing meats at home have been eliminated with the use of smoke salt and special meat cures now available at low cost. With the use of these preparations nothing needs to be added at home except water in the case of pickling meat. Special meat cures, already mixed except for the water, are pumped to the area around the bones in ham and shoulders, as well as around joints in other cuts of meat, so that, after the outer part has been cured with smoke salt, it can truly be said that the cuts have been cured from the inside out as well as from the outside in.

At small cost, a specially constructed pump is now available, writes John L. Hubel in the Pennsylvania Farmer. This pump has a handle with several small holes at the bottom, so that the pickling solution is spread to the areas around the bones, which are so hard to get at with curing salt when ordinary salt is used for curing hams and other cuts.

The pumping process is so simple that any one can do a good job. Each stroke of the pump brings enough of the pickling solution to the area around the bone in hams and shoulders to cure this part of the meat as thoroughly as that on the outside. For hams and shoulders weighing 10 to 15 pounds about three pumpfuls of pickle, or about 12 ounces, are sufficient, while for larger hams and shoulders, weighing from 18 to 25 pounds, five pumpfuls or 20 ounces of the solution will be enough for a good cure.

Woman Gains Citizenship By Using Sign Language

A deaf-and-dumb woman who came to the United States from Russia in 1928 was admitted to American citizenship recently without the slightest difficulty in United States District court, Brooklyn, N. Y., after the judge had called upon a knowledge of dactylology acquired in his early youth to test her knowledge of the American form of government.

The applicant was Mrs. Martha Starr, 35 years old, of Brooklyn. When court attendants found that she could not hear or speak, they hurriedly instituted a search for an interpreter. The judge soon put an end to the search, however, when he held up one hand and began a series of rapid manipulations with his fingers. Mrs. Starr responded with similar motions of her own hands and, while persons in the court sat mystified, she and the judge conversed for several minutes.

The judge then revealed that he had admitted Mrs. Starr to citizenship. He said her answers had convinced him that she was a "highly intelligent person" who was thoroughly familiar with the English language and the American system of government. He said she had repeated the oath of allegiance to the United States in the deaf-and-dumb alphabet. The judge later explained that he had learned dactylology as a boy of ten in Arkansas in order to converse with a playmate who was a deaf-mute.

Testing Device for Lights

Night baseball, skating and other athletic pastimes have been made possible by the use of electric light. The full line of imported and domestic table delicacies. Warsaw Bakery, 11224 Mack Ave. Lenox 1552.

Falkland Islands
Recently there was held at Stanley, the capital of the Falkland Islands, a week of festivities in celebration of the centenary of the colony. This far removed crown colony, says a London Times correspondent, is in the southern Atlantic at the gate of Magellan's passage into the Pacific, and is separated from Montevideo, where the traveler bids farewell to the softer delights of civilization, by 1,000 miles of desolate seas which are swept into constant fury by the wild storms of the roaring 40s. The archipelago of two larger and 200 smaller islands can scarcely claim to be sub-Antarctic, but it clings close in winter to the skirts of the ice pack and is chastened at all seasons of the year by the frosty breath of the Great White South. The islands were discovered by John Davis, who sighted them in the Desire in 1592.

Ladies' Corn Husking Bee
Attired as farmerettes, women attending a "ladies' corn husking bee" at Wapakoneta, Ohio, husked 58 bushels of corn in a few hours. Prizes were awarded to the huskers who shucked the largest number of bushels; who had the cleanest ears of corn and whose bushels contained the most ears.

Old Ticket Honored
Finding an unused ticket in a travel book purchased 34 years ago on a visit to London, an Australian sent it to the agency with the query "What about it?" and received a check for \$2.60.

Y. M. C. A. Notes

What to do with their leisure time during the long summer vacation months just ahead is a problem for thousands of school boys in Detroit, as well as the parents of the boys. The problem is effectively met by the Summer Fun Club of Hannan Memorial Y. M. C. A.

To many of these thousands of Detroit school boys it will mean just another vacation spent on the streets, with all the hazards that will involve as well as the unsafe companionships that may result. But to the boys who engage in supervised play and recreation as members of the Hannan "Y" Summer Fun Club, it will be an exciting, as well as beneficial vacation—and in a wholesome atmosphere. Gymnasium classes, hikes for nature lore studies and to interesting places about Detroit, outdoor games, water sports in the "Y" pool, handicraft instruction in the well equipped hobby shop and indoor games comprise part of the program of activities set up for the boys through the Summer Fun Club. The crafts activities include the building of model airplanes and boats, leather work, metal craft and woodwork articles and the building of archery sets. James Buck, Denby High School shop teacher, will be in charge of the craft program.

One of the most popular of summer recreations is that of swimming in the "Y" pool. Many boys are taught to swim, while others are given instructions in life-saving and how to improve their strokes. Of special interest to parents is the personal attention and individual guidance given each of the boys by the secretarial staff in charge of the Summer Fun Club. Every effort is made to see that the boys derive every possible personal benefit and parents are assured friendships the boys make at a "Y" will be of the right kind. Boys in the southeast Detroit area
