REDUCE TAXATION ON SMALL HOMES

A Discussion by Arthur W. Sempliner, Candidate for First District State Senator.

Having previously set forth a plan to reduce the taxation on low cost owned homes, I will merely review that plan in brief here before setting forth how the revenue so lost to the State might be made up. My original plan was to exempt from taxation all owner owned homes of less than \$5,000 valuation. Any home under the \$5,000 mark would be tax free, the same as the small income is free from taxation, and homes worth more than \$5,000 would be tax free on the first \$5,000 of their valuation, and the valuation in

ARTHUR W. SEMPLINER

excess of that will be taxed in graduated brackets the same as the income tax is in graduated brackets taxing each additional bracket at a higher rate. Thus the widow, the orphan, the crippled, and the aged, would be able to live in their homes which they had

wide areas, the sales tax representative cannot call at each place of business but a few times a year. Hence, the tax is only guessed at and only enough is paid to keep the inspector from making an investigation. Some estimates have placed this leakage at 50 per cent of the total tax collection. At any rate it is high, and should be stopped, especially if so stopping it would reduce the taxation of the homes of our citizens.

Removing the corporate privilege tax limit would also put an end to a loophole which has long existed in our tax structure. The corporate privilege tax is a tax of few a mills on each dollar of capitalization of each incorporated business. However, when this tax amounts to \$50,000 in any one year, the rest of the capitalization of that corporation is exempt. What is the result of this? Every small business, shoe store and cartage company must pay the full corporate tax, but the large corporation is exempt from the major part of their tax simply because it is large. Yet the imposing of this tax on the large corporation would be no great hardship to them, and would reduce the taxation on our homes.

Thus by enforcing the sales tax at the present rate, and abolishing the exemption on the corporate privilege tax, all taxes on homes valued at \$5,000 or less could be abolished, and the tax burden lifted from those who are least able to pay.

DOG LICENSES!!!

In spite of repeated requests by City of Grosse Pointe officials, less than one-half of the dog dogs are licensed.

When the licensing period began on April 1, only 25 dogs for month have been licensed.

City Clerk Marshall P. Neff has issued a special plan to allow licensees to pay in advance to avoid the usual penalty for late payment.

Grosse Pointe Residents Urged To Register For Coming Elections

All qualified voters of Grosse Pointe Township are being urged to register for the coming state and presidential elections at the township clerk's office as soon as possible.

Any person who has recently established residence in Grosse Pointe or who has moved to another address within the township boundaries must register before they are permitted to vote. Also any person who has previously registered, but has failed to vote within the past three years must register at the office of his municipal clerk or at the township headquarters.

Carl Schweikart, township clerk, stated yesterday that August 21 and October 16 had been set as the deadlines for registration for the state and presidential elections. Schweikart hopes that citizens will take advantage of this opportunity to register now, and prevent the tremendous rush of over 2,000 people who clogged the township offices during the last week before the 1936 election.

State laws demand that a person must be a resident of Grosse Pointe for 30 days and a resident of Michigan for six months before registering. The township offices, located at 15115 E. Jefferson at Maryland, on the second floor of the Grosse Pointe Park Municipal Building.

Citizens Obtain Proof Of Residence

City of Grosse Pointe officials are now issuing duplicate registration cards to citizens as proof of residence to facilitate re-entry into the United States from Canada.

Duplicate or certified copies of birth certificates are also being issued to persons born in the City of Grosse Pointe since June, 1912. If birth occurred in Wayne County or other parts of Michigan, the necessary blanks to secure a certificate can be obtained at Clerk Norbert P. Neff's office.

Gratiot Township Water Meeting Planned For Monday, July 15

At the meeting held Monday, July 1, Gratiot township residents were assured that a water meeting would be called within two weeks. The meeting has now been set for July 15 at 8:00 p. m. in the Eastwood School.

The water board is meeting with the bond holders Friday night at which time the bond holder will make his demands.

Then, in the specially called meeting, Monday, the water board will make known the bond holder's demands. It will then be up to the public to make their decision.

Everybody is invited.

Major Burns Henry Buys Land For Soldiers' Home

Property for the erection of an old soldiers' memorial home has recently been purchased by the Major Burns Henry V. F. W. Post 302.

The land is situated on the southwest corner of Kerby Road and Mack Avenue. Two hundred feet of ground faces on Kerby and 92.84 on Mack.

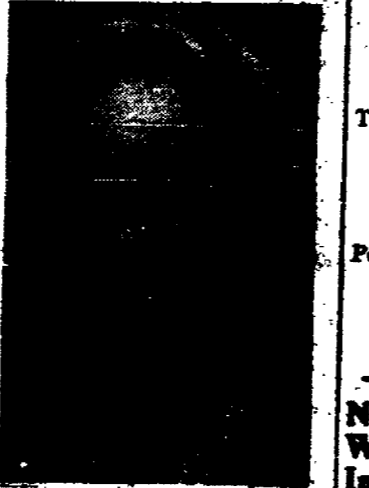

Park Establishes Complaint Bureau

In the near future all Grosse Pointe Park residents will receive a short note stating that a complaint bureau, authorized by the Village Commission, has been established to receive and settle all grievances.

This includes rubbish collection, weeds, rats, etc. Byron J. Rockwood, Park Village manager, has been placed in charge of the new department.

U. of M. Alumni

U. of M. Alumni series of lectures on current books and plays for the coming season. Dr. M. M. Schaeffer, president, announces. The course is a feature of the program of the University of Michigan Extension Service and is given by Olive Deane Harpell, who is rapidly becoming one of Michigan's best known lecturers.

Olive Deane Harpell

The purpose of the series is not to serve as a substitute for reading, but rather to assist the busy man or woman to utilize to utmost advantage what seems to be an ever diminishing amount of reading time by offering intelligent guidance in selection from the bewildering number of books that pour from the presses and giving background and orientation for popular works under discussion. It is the only course of the kind in the country which offers this particular type of service and the only one which has not only university backing to guarantee authenticity and sound scholarship, but also the complete cooperation of both publishers and producers to assure timeliness and freshness of approach. Thus Miss Harpell has been able to give informative ac-

Local Engineer Announces Engagement

Jack Cherokee, chief engineer of the Battery Equipment Engineering Corporation, 1211 Maryland Avenue, has recently announced his engagement to Miss Gladys Morneau of 604 Continental.

The couple will be married on August 11 at 8 a. m. A big dinner party at the Savanne Hotel will follow the ceremony.

A two weeks honeymoon trip through Northern Michigan has been planned.

The Michigan WPA Symphony Orchestra Program, July 17

A cordial invitation to attend a series of programs sponsored by Wayne County Council of Social Agencies and the Grosse Pointe Board of Education on the veranda of the Grosse Pointe High School Wednesday evenings during July and August has been extended to all music lovers. The seventy piece symphony orchestra of the Michigan Music project, W. P. A. under the direction of Walter Poole will play. Each evening guest artists and folk groups affiliated with the Festival of Nations Federation will present songs or dances from the country whose music is being featured by the orchestra. There is no charge for admission. July seventeenth the orchestra will play Anton Prokofiev's "Suite for Small Orchestra." It will be the first Detroit performance of this work.

Prokofiev is a United States citizen. He is a Ukrainian birth living in New York. His suite for small orchestra was first presented last autumn in Rochester, New York, at the American Music Festival with Howard Hanson conducting. The guest choir on July seventeenth will be the National Ukrainian

Michigan WPA Symphony Orchestra, assisted by The National Ukrainian Chorus, "Dumka," Ivan Atamanetz, director. Sponsored by the Grosse Pointe Board of Education.

Ukrainian Soldier's Song - Leontovitch
Trembeeta - Kuptchynsky-Atamanetz
A song which imitates the notes of the trembeeta, a characteristic wood instrument, as it breathes farewell to a soldier who fell in battle.
The Dark Night - Kolessa
The tale of a lover driving through the stillness of the night, tying his horse to a mulberry bush, and talking to his sweetheart while the horse sleeps.
Potpourri of Ukrainian Folk Songs - Davidovskiy-Atamanetz
A rollicking melody which tells of pancakes (grechanniki), family quarrels and the homely humorous incidents of village life.

New Planning Board Will Be Appointed In Gratiot Township

According to a report by Pro-teme Judge Joseph J. Provo, it is necessary to reappoint the planning board to handle zoning matters in Gratiot Township.

A call was received from Judge Murphy's office by Ernest J. Provo, Township Supervisor, advising that such recommendations for appointments should be made by Friday, July 13.

Only one member of the old planning board will receive an appointment and only two members, at this time, have been selected for the planning board. Herman Beck, one of the old members, will receive an appointment for a two year term to represent the vicinity of Eastwood Drive or the farms already planted. Emer Tonn will receive an appointment to represent the farmers who have not yet planted their land. Provo points out that he will ask for an appointment of some resident north of Vernier Road to represent that vicinity. This will mean that every corner of the township will have representation on the planning board.

The failure to appoint three former members is no reflection on their ability. It was just a question of whether four members from one vicinity could intelligently represent the entire township. Provo claims that all deserve equal representation.

Louisiana Salt Mines Four of the largest salt mines in the world are in Louisiana.

NEW SCOUT CARS

Grosse Pointe Farm Police Department has recently purchased four new Ford scout cars to replace four older models.

The new cars have been painted, installed with police equipment and are now in service. It was announced yesterday by Chief A. O. Flaiss.

City of Grosse Pointe Residents Celebrate Holiday At Park

The glorious Fourth was glorious with only one timid two-minute shower to mar the sunshine. Taking advantage of the weather, many residents of the City of Grosse Pointe and their friends spent a comparatively restful afternoon at their park on Jefferson Avenue near Lakeland.

Alton Huntington evidently believes in "the better the day the better the deed," for he spent part of the Fourth applying a coat of lovely green paint to various portions of the good ship Bonyon.

Betty Pankau, filled with the spirit of independence, was flinging into a ballet dance with Jean Wade and Nancy Robinson as her appreciative audience, when first we saw her.

Jimmy Cox, Southeastern track star, also cuts a good figure in the water, as does his friend, Sheldon Smiley. Mary Catherine L'Esperance, very patriotic in a white swim suit with blue stars, came down to the park for a dip and a sunning with her sister, Ann, and Bill O'Brien. Also in the swim were Rosemary and Christine Holland; they kept guiding their little sister, Mariory, to and from the float.

For some time we sat and watched a sea gull soaring and diving for fish and we marvelled at its power and grace. But apparently we were not the only ones who watched it, for suddenly before our startled eyes, Chuck Gamber, taking his cue from the gull, dipped in and emerged with a foot long fish. For a moment we thought that Charles the Guard had gone in for bare handed fishing, but when one of his pals made a remark about "rescuing dead fish" we noticed that it did look a trifle lifeless. Better luck next time, Chuck!

Yesterday Police Chief Thomas V. Trombley issued a warning to all other local merchants. He stated that positive identification of the bearer of all checks should be established before payment is made. In this way, he believes that other events of this nature can be avoided.

# SOCIAL NOTES

### By YVONNE ANKLEY

Harry M. Kelsey, 1380 Kensington, Grosse Pointe Park, has been appointed associate editor of the Michigan Daily, official newspaper of the University of Michigan summer session.

Mrs. Charles Loring Hall will open her home on Fairway Drive to the junior group of Fort Pontchartrain Chapter, Daughters of the American Revolution for their summer meeting and salad bridge on Friday, July 12, at 12:30 o'clock. Plans for the coming year will be completed.

Mrs. James I. Poole, Mrs. William W. Pollock, Mrs. G. Pierce Rese, Mrs. Claire L. Straith and Mrs. Clarence W. Lyle, new members of the group will be guests of honor for the afternoon.

Mr. and Mrs. Arthur Myers announce this week the marriage of their son, Kenneth, to Louise Smith. The ceremony, which took place Wednesday, July 3, at 7 p. m., was performed by the Rev. Don A. Morris at the First Methodist Church, Mack avenue at Ridgeway, St. Clair Shores. After the ceremony the young couple returned to the groom's home on North avenue for a reception and shower given by Mr. and Mrs. Myers.

### Baha'is And Friends Visit Summer School

The Baha'is of Grosse Pointe and their friends visited the summer school at the Baha'i summer school near Davos, Mich., this last Sunday. The session, which was the last of the summer, was in progress with morning and afternoon classes. The morning classes included a study of the Baha'i writings and a class in public speaking. Guests ate dinner with the students and teachers attending summer school, on the porches of the ranch house.

Following dinner the guests made a tour of the grounds which included a new public library building housing over 800 books, four cottages of the teachers, two dormitory houses, one lecture and discussion hall and the main ranch house.

In the afternoon a public talk on "Prelude to Justice" was given by Professor William Kenneth Christian.

Those who stayed for supper and the evening heard a forum discussion on various religions and talks on Latin America. This session of the summer school closes on July 12. The next session will be held August 11-18 and August 20-26.

Louheles Ranch is one of three Baha'i summer schools in the country, the other being at Geyersville, Calif., and Green Acre, Maine.

### Two Local Boys Attend Wolverine Boys' Convention

Two Grosse Pointe High School students, Tom Candler, new president of the high school's student association, and Jacques Rousseau, chosen by student representatives from the student body, attended the Wolverine Boys' State Convention at East Lansing, June 20 to 28. They were sponsored by the Grosse Pointe Rotary Club.

The boys' state convention attempts to show the boys what is expected of them as future citizens of Michigan. They are allowed to put what they have learned into practice. A complete "49th State" is set up with political parties, party conventions, cities and counties, mayors of cities, and one boy was elected "governor" of the Wolverine Boys' State. Boys are assigned to political parties and cities at the start of the convention. Fifty boys make up one city. There are two cities to a county and nine counties make up the boys' state. Every boy has some position, whether it be in the executive, judicial or legislative branch of the "state".

There is no attempt to influence the boys' opinions and the whole plan is completely impartial as regards the political parties of the State of Michigan. The convention is sponsored by the American Legion and was held in the recently completed Field House of Michigan State College.

Harold Husband, high school student Association adviser, in commenting on the convention stated, "It is a marvelous opportunity for high school boys to learn how our state is operated. I believe this 'state', which is sponsored by the American Legion, is a grand contribution to giving a boy an understanding of a democracy."

### Christian Science Church

"Sacrament" will be the subject of the lesson-sermon in all Christian Science Churches throughout the world on Sunday, July 14.

The lesson text (John 4:23) is: "The hour cometh, and now is, when the true worshippers shall worship the Father in spirit and in truth: for the Father seeketh such to worship him."

Among the Bible citations is this passage (John 6:27): "Labour not for the meat which perisheth, but for that meat which endureth unto everlasting life, which the Son of man shall give unto you: for him hath God the Father sealed."

### St. James Lutheran Church

St. James Lutheran Church of Grosse Pointe holds services in the Grosse Pointe High School Library at 11 a. m. The sermon subject for next Sunday, based upon the text Philippians 3, 13-14, will be "Progress in Our Christianity." In discussing the proper attitude that makes for progress in the Christian's spiritual life, the Rev. George E. Kurz will point out how this consists in: I—A forgetting of the past; II—A looking to the future.

Sunday School begins at 9:45 a. m. Last Sunday St. James celebrated her first communion. There were 32 who partook of the Lord's Supper; the church attendance was 64.

### A Call To American Youth

Radio and press resound with the cataclysmic surge of violence overseas. The dread judgment of war brings utter chaos to the economic system of centuries... and all but extinguishes the light of hope in much of the modern world.

It is bitter truth... there exists no reasonable excuse for any American youth to assume such an attitude of futility. Every American youth, worthy of the name, will do well to remember that the problems we face today are no greater than those which faced their forefathers many times in our history. There have been even more serious periods of crisis.

The one reason America survives today—richest and strongest of all nations—is simply that these Americans who came before us had absolute faith in the American ideal and the courage of that conviction. By their courage and the unshakable light of faith in the democratic ideal, we remain today, the steadfast rock on which the principle of human rights is so securely anchored.

We who have faith in our America, know that the blood of our courageous forefathers still flows strong in the youth of our great nation. Whatever errors we have made in our generation, they will stand firm and in their strength all that is America will survive and flourish.

The clarion call to youth has sounded and the time for action has arrived. American youth now take their posts of duty. They are determined that through their strength our nation will remain at peace.

From one great coast to the other, all over our vast country, the young men and young women of our nation are taking their places of duty. For duty in our democracy takes many forms. Hundreds of thousands are already at their posts in industry—so vitally important to our strength—they will carry on with determination and these life arteries will not be permitted to fail from within.

In the streets of our cities and towns, in the country and in the homes, American youth will stand as one, permitting no "ism" to exist in these United States save one—Americanism.

America's strength lies in our instinct to stand as one whenever danger threatens from without, for then all differences are quickly forgotten. That is America.

Let us forget, on our ocean frontiers, the finest fleet in the entire world stands guard, manned by fine American youths and far above them, their blood brothers, in the nasal air force, guard our skies.

The Naval Profession The naval profession is much like the ministry. You dedicate your life to a purpose. You wear the garb of any organized profession. Your life is governed by rules laid down by the organization. You renounce the pursuit of wealth. In a large measure you surrender your citizenship; renounce politics, and work for the highest good of the organization. In the final analysis your aims and objectives are quite as normal as any minister's, because morality consists of the conservation of the best interests of civilization, and you are not seeking your own good, but the ultimate good of your country. You train men under you to be good and useful citizens, and like the minister, what you say must conform to the rules of the organization.

Our Flag Thirteen stripes of white and red, to remind us of the original colonies. White for unselfish character and purpose which should be our aim; red for sacrifice of self and substance to make our country what it is.

Forty-eight stars, one for each sovereign State, on a field of blue, which speaks honor and loyalty to our Republic. "One nation, indivisible, with liberty and justice for all."

Did You Know? That instead of giving President Roosevelt a personal gift to show their appreciation of his having chosen their ship, the U. S. S. Indianapolis, for his last trip to South America, Navy men donated a \$500 purse to the Red Cross.

### Jefferson Avenue Baptist Church

Communion will be observed next Sunday morning, July 14, at the Jefferson Avenue Baptist Church. The Rev. Wayland Zwyer, minister of the church, will officiate at the Lord's table and will deliver the sermon. This service will be at 11 a. m.

**U. of M. Lectures**  
(Continued from Page One)  
Count of important material even before press reports have been available, most notably in the past season, of such significant and timely offerings as Hermann Hauschning's book, "The Voice of Destruction," and the new Robert Sherwood play, "There Shall Be Night." Six of the lectures deal with books, and two—those for January and May—with outstanding Broadway plays.

L. Newhall and Lynn Bartlett.  
The lectures will be given on first or second Monday evenings of each month at 8 o'clock in the auditorium of the John D. Pierce Junior High School. Advance registration may be made at any time at the Grosse Pointe Public Library, 15430 Kercheval, at any of its branches, or with any member of the committee, who will be glad to give additional information regarding the series to those interested.

**Y. M. C. A. Notes**

Miss Florence Severs, librarian at the Grosse Pointe Public Library, has been named chairman of the committee in charge of arrangements. Other members of the committee are Mrs. Stuart Bais, Mrs. Joseph Murphy, Dr. Hugh Dill, Mrs. Fred Flom, Dr. Mary Stellhorn, Vincent Peterson, Mrs. Edward

Saturday, July 6, from 2 to 9 p. m. has been declared the first dad's day at Camp Ohiyesa, the fine summer place for Detroit boys near Clyde, Mich. A large number of families from the

east side who have boys in this camp are planning to spend the day with their son and a special program of baseball, swimming and boat has been arranged by the camp staff.

The summer trips of the Detroit Y. M. C. A. are meeting with much interest on the part of members and young men visiting the city. On Wednesday, July 10, there will be a conducted tour of the Detroit News and WWJ starting from the Detroit News lobby at 12:45 p. m. On Saturday, July 13, a special group will visit the police headquarters and Wayne County Jail.

**Pointe Polo Team Meets Dayton All-Stars**

Grosse Pointe's own polo team, known as the "Wildcats," will meet a picked all-star team from Dayton, Ohio, next Sunday afternoon, July 14th, at 3:30 o'clock, on the Cook Field.

The Dayton four, led by the 225-pound veteran, Jess White, will present formidable opposition for the local squad, which turned in an impressive 7-5 victory over Toledo's Carronor Polo Club in last Sunday's game.

The tentative Grosse Pointe line-up for the coming contest will include Tom Hammond, A. van Der Zee, John Hammond and Pete Lord. Alfred House will serve as a substitute. The Dayton line-up has not yet been received by Grosse Pointe officials.

Fred Collin sparked the recent "Wildcat" triumph over Toledo by scoring four goals. Hank Mather, Toledo star, was thrown from his horse early in the game and badly shaken up. It is believed that Mather will be out of competition for several weeks.

The Cook Road Field is located just south of Mack avenue midway between Seven and Eight Mile Roads. The public is invited to attend. The admission charge is 40 cents.

**Chrysler Dog Show Scheduled For August 31st**

The Chrysler Kennel Club has selected Saturday, August 31, as the date for their annual all-breed dog show. This show will be held in the beautiful Chrysler Service Building, East Jefferson avenue at Corey street, and should prove to be one of the finest attractions ever staged in the Middle West.

Competent judges, including some of the most outstanding in the country, have been selected to come here to officiate at this show.

Beautiful trophies, that should attract a lot of attention, are offered as prizes. The Chrysler Building is an ideal spot for a show and mammoth parking facilities will be free to the public.

The Chrysler organization is one of the youngest dog clubs in the country and was formed by a few dog fanciers who believed that among the 85,000 employees of the Chrysler family there should be enough to form a dog club.

The membership is near the one hundred mark and since our forming, we have such fine members as K. T. Keller, Major Edward Bowes, J. E. Fields, D. A. Wallace, Don Fister, Byron Foy, Fred Hunt, Leroy Reed and L. T. O'Brien.

**Farms Shores Race Reaches Climax**  
Having added two more victories to their already impressive records as a result of last week's games, Grosse Pointe Farms and Grosse Pointe Shores turn into the final stretch of the regular season, both striving to cross the finishing line first and become league champions.

With only one more Sunday of play in the Grosse Pointe League before the playoffs are inaugurated, the Farms and Shores are the only teams who have a mathematical chance of winning the title. If the Farms can cash in with a win next Sunday, regardless of whether the Shores win, they will automatically become champs. But in the case of the Farms losing while the Shores win, the Shores will top the league.

In winning the first of two games Approximately 180,000 motorists in Wayne County must obtain full year license plates before August 31, the expiration date on half-year tags.

To expedite the re-licensing of these cars and also to stimulate the sale of new cars, Harry F. Kelly, secretary of State, has placed full year plates on sale in all offices at half price. These plates will be good until March 1, 1941.

Figures released by Mr. Kelly show that 435,000 car owners in the county have already bought full year plates, an increase of 40,000 over the corresponding period a year ago.

With the 180,000 operating on half year tags the total of motor vehicles in the county is 615,000, as compared to 572,000 at this time a year ago.

played July 4th at Mason Field, Jack Johnson, diminutive Shores hurler, narrowly missed what every pitcher dreams of accomplishing sometime in his life, a no-hit game. For eight innings Johnson set down Gratiot Township without any hits and allowing only three walks.

Johnson entered the ninth inning with three men baring him from cutting himself a niche in the mythical Grosse Pointe baseball hall of fame. But all those wonderful hopes and dreams were shattered when Finch-batter Truman Frey, first up in the ninth inning, unleashed a double to right field. The next three men were set down in order.

In executing this masterful piece of work Johnson faced 29 men and fanned 12.

The final score was 1-0, the Shores securing the winning tally in the second inning on three singles.

On Sunday the Shores again capitalized with a slim 7-6 triumph over Carriers. The batting star of the day was the small, stocky outfielder, Joe Graham, who was responsible for three singles and a double.

Running their number of victories to eight, the Farms tripped Gratiot on Friday 9-6, and St. Joan of Arc 7-5 on Sunday. For the second game in a row, Outfielder Rex Carnick, stole batting honors, smashing out two singles and a double. Carl VanDePitte did the hurdling for the Farms and was nicked for eight hits. A five-run rally in the eighth inning provided the margin for the win over St. Joan of Arc.

Russell Griggs, who does everything from catching behind the plate to pitching and playing the outfield as well as managing the team, did the pitching chores for eight innings, at which time he was relieved by Herby Walters. Griggs is also one of those players who believes in winning his own ball game, for it was his double in the eighth inning that accounted for the two winning runs.

The Grosse Pointe Park nine which got off to a bad start this season, continued the fine playing which they have displayed in their last two games, by turning in a 10-4 victory over Bower Roller Bearings. The Park's ace finger, Roy DePerno, had the situation well in hand all afternoon, as he gave up but six hits and struck out 11 men.

In other games the Woods scored an easy 11-3 victory over Gatiot behind the nine-hit pitching of Marvin Hansen, and St. Joan handed the Carriers their second loss of the day by the score of 5-3. Robert Hollahan held Gratiot to seven hits while his ten batters out nine hits off Gerry Provencal.

For next Sunday, July 14, the schedule follows: The Parks vs. the Farms at Kerby Field, Carriers vs. the Woods at Lincoln High School, the Shores vs. St. Joan of Arc at Vernier Field, and Gratiot vs. Bowers at Mason Field.

**License Deadline Affects 180,000 Michigan Drivers**  
Approximately 180,000 motorists in Wayne County must obtain full year license plates before August 31, the expiration date on half-year tags.

To expedite the re-licensing of these cars and also to stimulate the sale of new cars, Harry F. Kelly, secretary of State, has placed full year plates on sale in all offices at half price. These plates will be good until March 1, 1941.

With the 180,000 operating on half year tags the total of motor vehicles in the county is 615,000, as compared to 572,000 at this time a year ago.

The total of cars having only first half year plates throughout Michigan is placed at a half million.

The half price sale in all offices began July 10, as compared with July 28 a year ago.

Statistics Show Rise In Miles Traveled By Average Motorist  
Today's average motorist in the United States and in Michigan uses 2,513 more miles of highway than he did 10 years ago, if statistics obtained by the American Road Builders' Association can be taken at their face value.

the other hand, the rapid increase of trucks and buses, which get less mileage per gallon than the passenger car, would tend to offset these mechanical and design improvements in figuring the total.

At any rate this 31 per cent increase in mileage traveled indicates a much greater wear and tear upon the highways of the nation, as well as an increasing mobility of the population.

What Do You Know About Jobs?

The Michigan State Employment Service, with offices in 52 communities, offers the readers of The Grosse Pointe Review the opportunity to play a new game—THE JOB QUIZ.

What do you know about jobs? With what type of work would you associate the jobs listed below? Underline the correct answer for each question.

- 1. Chute girl: Circus, aviation, laundry or leather manufacturing?
2. Farrier: Blacksmith, fur industry, transportation or restaurant?
3. Profiler: Photography, motion picture industry, surgery, or machine shop?
4. Scale shooter: Fishing, hotel and restaurant, bakery products, or forging?
5. Gandydancer: Railroad, garment, theater or construction?
6 Arab: Retail trade, horse breeder, mining or fish canning?
7. Black-pickle assorter: Canning and preserving, iron and steel, printing or woodworking?
8. Boom rat: Physical education, laundry, domestic service, or logging?
9. Edge whipper: Saw mill, bakery, knit goods or agriculture?
10. Kammographer: Hosiery, motion pictures, electricity or glass products?
11. Lokie Helper: Textile, clerical, logging or coal mining?
12. Mater: Governess, amusement, boot and shoe or restaurant?

ANSWERS

- 1. Chute girl—laundry. A chute girl wraps articles in bundles and deposits them in chutes that delivers them to the proper departments.
2. Farrier—blacksmith. A farrier is a horseshoer.
3. Profiler—machine shop. A profiler operates a profile machine that follows the contours of a model and reproduces articles of complex shape.
4. Scale shooter—forging. A scale shooter is a laborer who holds a flexible hose and directs a blast of live steam against a hot metal bar being shaped in the dies of a large type drop hammer, to remove excess scale or oxide.
5. Gandydancer—railroad. A gandydancer is a laborer who lays and repairs railroad track.
6. Arab—retail trade. An Arab is slang for a peddler or vendor who sells merchandise, such as fruit, vegetables, wood and coal from door to door.
7. Black-pickle assorter—iron and steel. A black-pickle assorter examines sheets of steel that have been subjected to hot sulphuric acid, or black pickle.
8. Boom rat—logging. A boom rat is a rafter, boom man or rafterman who walks on floating logs or booms and maneuvers logs into position with pikes.
9. Edge Whipper—knit goods. An edge whipper is a sewing machine operator who finishes the raw edges of a knitted garment with a stitch that whips over the edge and prevents it from raveling.
10. Kammographer—hosiery. A kammographer is a laborer who operates a machine that prints trade mark, size, etc., on the toe of a knitted stocking.
11. Lokie helper—coal mining. A lokie helper is a fireman who assists the engineer or driver of a small locomotive used in coal mines.
12. Mater—boot and shoe. A mater arranges shoes in pairs for packing, mating them size to size, width to width.

Messiah Lutheran Church

Southeast corner of Kercheval and Lakewood avenues. A. H. A. Loeber, pastor, 1434 Lakewood avenue. Telephone Lenox 2121.

"The Glory to be Revealed in Us" will be the subject to be treated in the sermon on Sunday, July 14. This will be the third of a series of five sermons all of which are based on texts taken from the eighth chapter of St. Paul's Epistle to the Romans.

The time of the Sunday service is 10 a. m., that of the Sunday School session 9 a. m.

To those who recently moved into this neighborhood as well as to others who have no church-home here, Messiah extends its cordial invitation to attend the services and to enroll their children in the Sunday School.

Individual Freedom

FREEDOM BELONGS to the individual, and no system that denies this can possibly win and retain the support of enlightened thinkers. Intelligence votes slavery, which always results from obscuring that eternal freedom which is vital and real.

It is an old argument of error that tyranny is justified because it works to bring about good for the majority, that it will procure orderliness and peace, and avert faction, and fulfill all practical needs, weld into unity elements that appear discordant and erratic. Such a belief, manifesting itself in a form of government which denies individual freedom of thought, speech, and action, may be a means to improve material conditions by checking license and other abuses which prey on individual rights. But the core of tyranny is its seeming power to produce a semblance of obedience through fear, instead of through intelligent self-discipline, and the basis upon which it rests cannot be made sound by over-zealous eloquence.

God is omnipotent, omniscient, omnibenevolent, and omniscient, governing all His children through spiritual law. This divine law can be understood and demonstrated by all, for their mutual good. There is nothing in mortal belief that can intervene between God and His creation, including man made in His likeness, who is wholly good.

Even though the truth may be obscured for a time, it will stand in spite of all efforts of evil to erase it. Man cannot be separated from God, the cause of his being, the source of all real existence. Soon or late, every mortal will awake from the dream of separation from God, and respond to the call of Love. Then will Principle and its reflection be understood as existing in everlasting harmony; and Love's likeness will be seen as eternally living. Truth will sweep away the remnant of lies, and the waters shall overflow the hiding place" (Isaiah 28:17).

Let us, therefore, seek and maintain the true sense of government that manifests the unalterable relationship existing between God and man, and let us not violate it by interposing a command to worship the idols of human will. Individuals must be free to offer their sole allegiance to God. The dawn of His day appears; the "bright and morning star" (Revelation 22:16) is seen as the coming of the Christ, Truth. The effect of this spiritual dawning on human thought, bringing hope and healing to men, is shown in the life and works of Christ Jesus.

Right thinking individuals are united in the prayerful effort to see true freedom and law as divine attributes, and to claim their benefits for all. Mankind must gain a fuller understanding of the First Commandment: "Thou shalt have no other gods before me" (Exodus 20:3), for obedience to it brings about the destruction of all evil. Then, like John the Revelator, all the people shall hear "a great voice out of heaven saying, Behold, the tabernacle of God is with men, and he will dwell with them, and they shall be his people, and God himself shall be with them, and be their God."

O. L. Smith Starts Campaign For State Governorship

The announcement of the candidacy

of O. L. Smith for governor of Michigan in the Republican primaries in September was made public recently.

George Averill, publisher of the Birmingham Eclectic, and a power in party politics, introduced Mr. Smith in a state-wide broadcast July 2. He recounted the story of Mr. Smith's rise from orphan boy to his present position as farmer, business executive and prominent lawyer.

O. L. Smith was born in Union City, Branch County. Earned his way by working on a farm, on a railroad and in a factory. Taught school and graduated from the University of Michigan in law in 1913. Started law practice at Ithaca and was elected prosecutor of Gratiot County four times. He prosecuted the Arthur Rich case and was the first prosecutor of the Communists in Michigan in 1917. He was appointed assistant-attorney general by Gov. Alex Grossbeck, was appointed U. S. District Attorney in 1921, and in 1928 was named as special assistant to the Attorney General of the U. S. Mr. Smith is a member of the law firm of Cook-Smith-Jacobs and Beale in the Union-Guardian Building in Detroit. He is the father of four sons and a daughter and resides in Dearborn.

Letters, telephone calls, telegrams and personal calls have swamped the O. L. Smith for Governor Committee, 461 Book Building, Detroit, with pledges of support. The campaign is already assuming gigantic proportions in a crusade for clean government.

State Collects Sales Tax On Amusement Concessions Penetrating beyond the bright lights and glitter of circuses, carnivals and fair concessions, the State sales tax administration field representatives have effected a significant increase this year over the 1939 tax revenues from these enterprises. Despite a rainy and generally unfavorable season for outdoor show business, the State has shown greater than 60 per cent increase over sales tax collections for the same period last year. Improved efficiency in this branch of the tax collection is believed due to special training of tax administration field representatives, and to these traveling amusement enterprises. Concessionaires operating in Michigan are required to pay the sales tax on all merchandise and prizes sold or given away. They must also be licensed by the sales tax department and keep adequate records such as are required of all other retail merchants. The 3 per cent use tax is also being collected from Michigan operators of amusement parks on all equipment purchases made outside the State.

YOU CAN HAVE Your Number in Lights. 1349. Have you ever been in a strange street on a dark night, looking for a house number—stepping furtively onto people's porches, peering for a number by the light of a match? If you have you'll be glad to hear about the new lighted house numbers. The new lighted house numbers are easy to install. Some of them can be hooked up with your present doorbell, requiring no new wiring. A lighted house number, easily seen from the street, is an identification card, and more: It may, on occasion, prove an effective guide to speed help to your address in case of emergency. It may provide keyhole illumination. And it always extends a friendly welcome to your guests. Why not add this practical touch to your home? Lighted house numbers are priced at \$1 and up, in a variety of styles and sizes; or, if you prefer, you can have them custom-built. See them on display at Hudson's, Sears-Roebuck, Madison Electric, Detroit Mantel and Tile, and other lighting fixture and electrical dealers. The Detroit Edison Company. "We do not sell or install these numbers."

### Parcells Re-Elected As School Board President

Charles A. Parcells, Detroit investment broker, was unanimously re-elected president of the Grosse Pointe Board of Education recently. Ralph M. Clark was re-elected secretary and Charles A. Poupard, treasurer. The other board members are J. Lee Barrett and Dr. Clifford B. Loranger.

The B. S. Page family of 1128 Devonshire, have recently returned to their beautiful Grosse Pointe Park home after spending several months in Havana, Cuba. On their homeward trip to the United States they also traveled through Mexico.

Anne and Louise Page, well-known daughters of the family, will matriculate to Vassar in September.

### SOFTBALL GAME

The softball team of Algon Park V. F. W. 998 will meet the Fox Creek Postoffice nine Friday evening at 8:30 o'clock on one of the Neighborhood Club's diamonds.

### Profits in Modernization

More than 1,000 grocery store owners, members of the Independent Grocers Alliance, recently studied a survey on increased profits resulting from storefront modernization with structural plans. It was revealed that average profits increased 300 per cent the first year after modernization and that the average gross receipts rose from \$21,050 to \$28,020.

### "BEYOND THE BENCH"

By JUDGE THOMAS F. MAHER Of Traffic Court

#### Your Driver's License

Driving a motor vehicle on the streets and highways of Michigan is a privilege granted by the State and not an inherent right, as so many people think. In order to obtain permission to drive the applicant must first meet all the requirements set up by statute. As the passing years have demonstrated the danger of permitting incapable motorists to subject its people to death and injury from preventable traffic accidents, the State of Michigan has constantly made these requirements more rigid.

Every year thousands of violation tickets are issued to motorists for the offense of driving with an expired operator's license or for not having a license on their persons when requested by a law enforcement official to produce it. Many motorists appearing in court tend to regard these violations as trivial. The judge cannot take the time to explain to all such offenders that the driver's license is evidence of the individual's privilege of operating a motor vehicle and that failure to produce it subjects him to the suspicion that he has either failed to take or pass the qualifying tests set up by statute or that his license has been revoked for good cause.

Police authorities have been instructed to exercise particular care that unlicensed drivers shall not contribute to the menace entailed in the improper operation of a motor vehicle. Once the traffic ticket is written it falls within the jurisdiction of the Traffic Court to determine the triviality or gravity of the offense.

Should you by chance leave your license at home or thoughtlessly permit it to expire and receive a traffic ticket, remember that the inconvenience to which you are subjected is a contribution toward the general public safety. The policeman writing the ticket and the court determining the penalty are merely seeking to protect every citizen from the driver who thinks he has a natural right to drive a car which no law can infringe.

### Harry F. Kelly Runs For Re-Election

Harry F. Kelly, Secretary of State, has announced that he will be candidate at the fall State Republican convention for a second term in that office.

The announcement was made to 400 State Department employees and friends at an outing at Gratiot Inn, Port Huron, and sets at rest rumors as to his political intentions.

Mr. Kelly had been mentioned as a candidate for governor and some time ago announced that in the event of the nomination of Senator Arthur H. Vandenberg as Republican candidate for President, he would be in the Senatorial race.

When Senator Vandenberg failed to obtain the nomination, Mr. Kelly, who attended the convention in Philadelphia, decided to seek re-election to his present position.

### Symphony's American Program Brings Back Old Melodies

The Michigan WPA Symphony Orchestra, under the direction of Valter Poole, presented an all-American program, July 3, on the high school campus, that sent the audience away humming the old familiar melodies.

The program was well balanced; the music of Stephen Foster providing the connecting link between the beginning and end of the program. The same "Swanee River" that appeared in the opening selection, the Lampe "Southern Melodies" medley, was detected in the underlying theme of Herbert's American Fantasy, the last number on the program.

Because it was the eve of a holiday, and a very chilly eve at that, many of the Pointe's music fans were missing. However we did see Miss Florence Patterson, exponent of the classics, keeping time to "Turkey in the Straw." Jack Varty was there too, with the Rev. Charles Heath. James Grady, in his own words, "surrounded by a bevy of beautiful gals," was enjoying Sousa's "Stars and Stripes Forever."

The above mentioned "bevy" consisted of Virginia Shoemaker, Ann Eldridge, Lucile Barnes and Margaret Morgan. Another foursome of musically minded misses included Shirley Siskler, Mildred Maliszewski, Eleanor Urdige and Eleanor Edwards. Looking over the audience we also spotted Jack Cudlip and Hank Kaine; Dick Moore and Seldon Burchenal; George Schaeffer and June Ostrowski, and our old friends of two weeks' standing, Jean Neff, Betty Pratt and Shirley Jacobs.

### Schneiders Serves As Delegate To Democratic National Convention

Ray D. Schneider, chairman of the Wayne County Board of Auditors, is a delegate to the Democratic National Convention from the Fourteenth Congressional District. Mr. Schneider, as soon as he was named a delegate, sent a telegram to the President pledging himself to vote for a third term for Roosevelt.

Mr. Schneider will leave for the convention in Chicago on Sunday and will spend a week there. His election as delegate was unanimous. Other delegates to the Democratic convention from the 14th include Congressman Rabaut, R. J. Thomas, president of the UAW-CIO, and Bernard J. Youngblood, Fourteenth Congressional District chairman.

### Lightweight Trailers

Replacing old equipment with trailers built of strong aluminum alloys has increased the payloads of a Cincinnati baking company's truck-units as much as 3,500 pounds each, it was reported.

### Boy Scouts Hold Summer Camps

Despite unusually inclement weather which made adequate camp preparations difficult, both provisional Scout camps of the Detroit area council, Boy Scouts of America, opened Sunday, June 30, with every place filled. Camp Bradley, near Waterford, Mich., which operates for eight weeks, opened with its maximum capacity of 160 campers. Late camp reservations, which could not be accepted, have been put over to the last couple of weeks.

Camp Billy Mills (on the Charles Howell Scout reservation, near Brighton, Mich.) which accommodates 45 campers and also operates for eight weeks, is completely filled with the exception of the last week. Troop camps on the reservation were all filled, and nine troops, with a membership of over 200 campers, were all checked in by 4 o'clock Sunday.

Both camps have been put in excellent shape to meet the high standards of the scouting movement. Graduate physicians are on the staffs of both camps. Drinking and swimming waters have been tested and approved by the Department of Health, and more adequate program equipment has been purchased. The motto of scout camp leaders is to make camping "safe, sound and satisfactory" for all boys.

The second section of the local Scout Council's sixth annual camporee will be held at Camp Bradley in Waterford this week-end, Saturday, Sunday, July 13 and 14. About 65 patrols of six to eight Scouts each will participate. Eighty patrols, the maximum number that could be accommodated, took part in the first section, June 8 and 9, 46 of them achieving "standard camper" rating.

These camporees are conducted as a means of increasing camping knowledge of local scouts and stimulating their interest in outdoor experiences. The patrols will register as they enter the camporee site, and will be judged by a corps of camping experts during their stay. The groups are under boy leadership, a patrol leader and assistant in charge of their boys. They do not

compete against one another, but attempt to attain certain standards in program, equipment, activities and other phases of scout camping.

What the scouts do to keep busy depends largely on themselves. Setting up camp and cooking takes some time, but there is considerable time left for other activities. A certain number of projects are required of each patrol, such as crafts in wood, model fires and tracking signs.

The patrols "pack in" all supplies and equipment necessary to feed and care for themselves during the over night period. Nine o'clock Saturday morning is the opening hour and the activity officially ends at 9 a. m., Sunday. All patrols must be checked out by this time.

The public is invited to attend, especially Saturday afternoon, during the contest period, or Saturday evening to witness the patrol camp fire programs.
