

School Supt. Van Kleeck's Annual Report Shows 3,000 More Pupils Since 1924

Editor's Note: Last week the Review printed the annual report of President Charles A. Parcells of the Grosse Pointe Board of Education. Achievement of almost in college and financial problems of the district were touched on. Below appears the first third of the report given at the annual school district meeting by Dr. E. R. Van Kleeck, Superintendent of Schools. The remainder of the report will be printed in subsequent issues.

The one word "growth" will, I think, come nearer than any other to summarizing what has been and is going on in the Grosse Pointe Public Schools this year. Change, development, transition and, above all, expansion and enlargement—these are what strike one as he pauses a moment to look back over the last 12 months. From the kaleidoscopic panorama of 1929-40, only a few focal points can be reported here, and they are merely illustrative. Even at the 34 Board of Education meetings during the year, only "high spots" can be reported, and you can well imagine, therefore, that little besides a skeletonized resume is possible here.

Webster says that "growth" means to "increase in size, number, frequency, strength, etc." It is for others to decide about an increase in "strength," but as to "size, number, frequency" there can be no doubt, increase there has been and is now and in the year ahead of us unquestionably will continue to be.

MANY MORE PUPILS

The schools have grown in size. Enrollment a year ago on May 24 was 250 pupils less than on May 24, 1940. This increase takes on additional meaning when one realizes that it is equal to the enrollment of our Kerby Elementary School—a building housing nine teachers and a half-time principal. It is about three times the enrollment of our oldest school, Vernier. Four thousand

have grown to four now, and, by using a basement room, five classes will be accommodated next fall. In a word, the seven teachers who sufficed for the Woods and Shores and our Gratiot elementary pupils two years ago are 14 now and will become 18 next fall—and, despite this, average class size will be larger than that it was two years ago! The trend throughout the country toward smaller elementary enrollments is completely reversed in Grosse Pointe.

The high school and Pierce will take care of the secondary school enrollment (grades seven to twelve) next fall, but, by a year from then, the probability is that one of these two buildings will have to use an annex. Class size is already larger than desirable in the Pierce Junior High School and in some of the senior high school departments. The Richard and Kerby Elementary Schools are filled.

HIGH SCHOOL GROWS

Even more remarkable than the increase in enrollment is the shift in its distribution between elementary and secondary schools. Back in 1924, when the total school system had 1,513 children or about a third of its present enrollment (3,000 fewer than now), grades one through six enrolled 66.6 per cent of these children, or just about two-thirds. Grades seven through 12 (the junior-senior high school) had only 24.6 per cent, or roughly one-quarter of the children—in one-half of the grades. The kindergartens had the remaining 8.8 per cent. At the present time, grades one through six have less than half the enrollment (44.9 per cent compared to 66.6). Grades seven through 12, the most expensive part of any school system, have more pupils than the elementary grades—47.9 per cent, compared with 24.6 per cent in 1924. The kindergartens are but slightly changed, with 7.2 per cent, or the remainder of the pupils. The high school enrollment has increased just as much a "com-

parison to the district, however, as tuition is charged all summer school pupils and tuition has increased proportionately with enrollment. In fact, last summer the summer school was within one per cent of being self-sustaining.

Residential building in our school district is proceeding at an unparalleled pace. The calendar year 1939 broke all Grosse Pointe records, with permits for

Early Dental Care For School Children Very Necessary

A visit to the dentist this month by all children who will be starting school for the first time in September is recommended by the Michigan Department of Health. Good dental care at this early age followed by continued visits whenever the dentist suggests is the best guarantee of controlling dental decay. A friendly attitude toward the family dentist should be developed in children at this early age. A visit to the dentist now will better prepare the child for the classroom and prevent loss of time during the school year.

In a survey conducted in two average rural counties in Michigan recently the health department's Bureau of Public Health Dentistry found that from 80 to 90 per cent of the school-age children were in need of dental care. Cavities are expected in teeth since there is no known way of preventing decay, but these cavities must be filled at once so that further damage is prevented and the tooth is saved.

Water Shut-Off Error Inconveniences Many Woods Residents

Due to a broken and closed water gate which was believed to be in working order, a number of Grosse Pointe Woods residents living south of Marter Road in the vicinity of Brys Drive were accidentally without water supply from 3 to 7 p. m. last Friday, while village engineers connected the newly constructed Marter water main to the Brys conduit.

City of Grosse Pointe Extends Registration Deadline To Wednesday

In order to accommodate citizens who have not as yet been able to register to vote at the state primary election on September 10, Norbert F. Neff, City of Grosse Pointe Clerk, has extended the deadline for residents in his municipality to Wednesday, August 28. On that evening Neff's office will be open from 7:30 to 9:00 in the evening. At that time persons who are unable to register during the clerk's regular 9 a. m. to 4:30 p. m. office hours will have an excellent opportunity to do so.

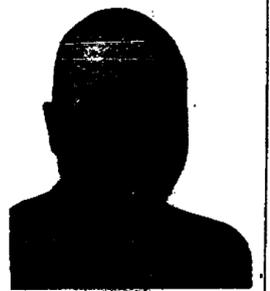

The large number of residents who have crowded the city's offices at 12145 Maumee avenue during the last several days have pleased village officials and they hope that the remaining voters will register in the same advantageous manner.

Schultz remarked that it was difficult to estimate how many years the broken gate had lain in that condition. The damaged machinery has now been repaired and several residents have noticed a decided increase in water pressure.

Elect Frank W. Lindeman to Congress, Republican.

C. A. Pfeffer Runs For Congress

C. A. Pfeffer, who is now serving the Village of Grosse Pointe Park as a village commissioner, announced this week that he had consented to let his friends promote his candidacy for Congress on the Republican ticket at the primaries to be held Tuesday, September 10. He stated he was deeply appreciative of their enthusiasm, and that if he should be successful and become the Congressman from this district at the election in November, he would endeavor to give his constituents the same kind of service he has rendered as a commissioner, namely:

Under obligation to no one and a determination to give a service based upon 100 per cent honesty of purpose.

- 1. To keep our boys out of war—but train them to defend our country if attacked.
2. To give young men and women a chance to earn an honest living.
3. Create a job for every able man over 40.
4. To restore the small merchant and business man and give small industry a chance to survive.
5. To eliminate the taxes that make it difficult for the housewife to balance her budget.
6. For progressive labor legislation—including the "white collar" man.
7. To...

Grosse Pointe Flower Show At Neighborhood Club, September 14-15

Dates have been announced for the annual flower, fruit and vegetable show of the Grosse Pointe and Eastern Michigan Horticultural Society, to be held Saturday and Sunday, September 14 and 15.

The exhibit, always an outstanding event for all interested in gardening, will be staged at the Neighborhood Club, 17145 Waterloo, City of Grosse Pointe.

Richard Snyward is acting chairman and assisting him on his committee are William Crichton, Ernest Wolf, William McInnes and Tom Pearson.

Woods Fire Chief On Vacation In Northern Michigan

Alex Rose, Grosse Pointe Woods Fire Chief, left early last Saturday morning on a short tour of Northern Michigan and Isle Royale.

Rose, who is accompanied by his wife, will return to his home at 1792 Hampton on August 26.

Registration Rush Pleases Officials

The large influx of citizens who have swarmed to register to vote for the State and Presidential elections at the Grosse Pointe Township offices in the past several days is indeed gratifying in this critical time when Democracy is being put on the "pan" in many parts of the world.

Township Clerk Carl Schweikart has expressed his heartiest approval of the steady stream of registrations and believes that the series of stories printed in the Review have been of no small assistance.

Schweikart has announced October 16 as the final registration date for the national election in November. Prospective voters who have not as yet registered should tend to this matter at the earliest possible convenience and avoid the usual last-minute rush.

Fire Destroys First Floor Of Brys Drive Residence

A fire, believed started by a discarded cigarette, swept the two-story frame building at 1757 Brys Drive, Grosse Pointe Woods, early last Monday morning and gutted the entire first floor before brought under control by Woods firemen.

The only occupant, 61-year-old John H. Ashburne, was forced to jump from a rear second-story window when the stairs to the ground floor were burned away. Ashburne was unhurt by the fall but was singed on the side of the head by the rapidly spreading flames. Mrs. Ashburne and their two children are away on a vacation.

Ashburne's next-door neighbor, Leo Athman, who serves the Woods government as village assessor, was the first to discover the conflagration and called the fire department at 4:45 a. m. Athman's house was slightly scorched in several places by the shifting flames. The eight-man volunteer force rolled out of bed, and under the direction of Assistant Fire Chief Harry Duroos extinguished the blaze in the rapid time of 30 minutes.

The only reported casualty was Volunteer Dovie Martin, of 2132 Roslyn, who suffered a re-occurrence of leg injury when he stumbled over an obstruction while entering the burning building.

Henry Lavers, Woods Fire Commissioner, remarked Monday afternoon, "I have heard many compliments by neighbors on the expert manner in which the fire department handled this situation, and I personally wish to congratulate Harry Duroos and his staff for an excellent job of community service."

Attention Bowlers!

All last year's captains or a team representative are urged to attend the first 1940-41 meeting of the Grosse Pointe Business Men's Bowling League to be held at Strittmatter's Mobilgas station, Kercheval at Lakeshore, on Wednesday evening, August 28, at 8 o'clock.

This meeting is for the purpose of election of officers, arrangement of schedule and prize fund for the coming season. Unless your team is represented or the secretary, Howard Hainstman, 16121 Beaconsfield avenue, is informed of your intentions by the above date, it will be assumed that you are not interested in participating in the league this year and steps will be taken to replace it.

Republican Women Honor Candidates

Republican candidates for the fall primary election will be guests at the August meeting of the Council of Wayne County Women's Republican Clubs, on Friday, August 23.

Grosse Pointe Woman Injured In Windsor Hotel Explosion

Mrs. J. F. Croker, 20, of 1303 Somerset, suffered a fractured skull and shoulder early last Sunday morning when a severe explosion rocked Windsor's Norton Palmer Hotel, completely wrecking the basement cafe and grill room.

Mrs. Croker was taken to the Grace Hospital in Windsor where she is now convalescing. Windsor fire department officials have established a leaky gas main as the cause of the blast. Electric current in the hotel had been cut off for several hours on Sunday and the candles that lit the crowded basement rooms are believed to have ignited the sleeping gas.

Final Summer Concert Will Feature Over 100 Musicians

The final summer concert of the Grosse Pointe Music Project will feature over 100 musicians in the festival, four dance bands, three concert bands, a tamburizza, or Serbian string orchestra, a gypsy orchestra, a group of spiritual singers, a symphonic dance orchestra, and of course, the WPA Symphony Orchestra.

Each group will perform for about 10 minutes. Two additional platforms are being erected on the Grosse Pointe High School campus so that there will be no hitch in the program when the various groups get into their positions. There will be something musically entertaining going on every minute, something on the order of a total three ring circus. A "P. A." system will carry the music to the farthest crannies of the campus so that all may hear.

We have it on good authority that the dance bands are excellent, and we know that the symphony orchestra is fine, judging from past performances. Whatever your tastes in music, make it a point to be on hand at the high school campus next Wednesday evening, August 28.

Charles A. Parcells, president of the Grosse Pointe Board of Education, and Abner E. Larned, State Administrator of the WPA, will speak.

John DeYonker, Former G. P. Park Assessor, Dies Of Pneumonia

John DeYonker, well-known local druggist and former assessor of Grosse Pointe Park, died August 12 in the Detroit Osteopathic Hospital. DeYonker, who was 47 years old, was stricken with a severe case of pneumonia several months ago.

The deceased man is survived by his wife, Francis, and nine children, ranging from 12 to 24 years of age. DeYonker owned and operated his own drug store on Jefferson avenue near Alter Road for over 20 years. The family, long-time residents of Grosse Pointe Park, moved to 3872 Burns, Detroit, three years ago. If present plans materialize, the DeYonkers will move to 1115 Wayburn sometime in the near future.

Survey Colorado River

The federal government and seven basin states have spent more than \$3,000,000 in surveys of the Colorado river to determine reclamation and power possibilities.

Elect Frank W. Lindeman to Congress, Republican.

SYMPHONY CONCERT

The Michigan WPA Music Project sponsored by Grosse Pointe Board of Education

"On Parade"—August 28th, 8:00 p. m.

The units in order of their appearance:

- 1. Concert Band - Murdoch Macdonald, conductor

7. Eastland High School Orchestra - Alfred McKenna, conductor
8. Dance Orchestra - Maurice Baker, conductor
9. Spiritual Singers - Lehman Hardison, conductor
10. Symphonic Dance Orchestra - Arthur Black, conductor
11. Dance Orchestra - Leroy Smith, orchestra
12. Symphony Orchestra - Valter Poole, conductor

"God Bless America" The combined units of the Music Project

Minister's Son Hurt In Football Game

Alfred Bradley Fitt, 17-year-old son of Dr. Frank Fitt, pastor of the Grosse Pointe Memorial Church, suffered a minor head injury last Friday afternoon when he fell during a friendly touch football game on Grosse Pointe High's playground.

Fitt was knocked unconscious by the fall and was rushed to Cottage Hospital where he was held over night for examination. Returned to his home at 24 McKinley on Saturday, Alfred was confined to bed for four days. Fitt is a January, 1940, graduate of the high school and will enter Yale University in September.

City of Grosse Pointe Extends Registration Deadline To Wednesday

In order to accommodate citizens who have not as yet been able to register to vote at the state primary election on September 10, Norbert F. Neff, City of Grosse Pointe Clerk, has extended the deadline for residents in his municipality to Wednesday, August 28. On that evening Neff's office will be open from 7:30 to 9:00 in the evening. At that time persons who are unable to register during the clerk's regular 9 a. m. to 4:30 p. m. office hours will have an excellent opportunity to do so.

The large number of residents who have crowded the city's offices at 12145 Maumee avenue during the last several days have pleased village officials and they hope that the remaining voters will register in the same advantageous manner.

Largest Coffee Maker

A veritable freak of the appliance world is a huge glass coffee maker which was on display at the New York World's fair. Its capacity is 500 cups. Despite the fact that this is the largest glass coffee maker in the world and was built for exhibition purposes primarily, it can be used for making coffee.

Joe Weber was born in 1877, 63 years ago. Joe and his partner Len Fields made their stage debut at a music hall on the Bowery. Joe and Len appear in the film based on the life of Lillian Russell. The highest salary Lillian ever received, paid to her by Weber and Fields, was \$1,200 a week.

Gratiot Township Valuation Increased By 58 Per Cent

A recent report from the State Tax Commission shows that the property valuation for the entire State of Michigan is \$6,028,028,754.00, or a decrease of about \$92,000,000.00. This decrease was caused by equalized values set by the State Tax Commission.

While Gratiot Township showed an increase of 58 per cent, the average property throughout the state showed a decrease. This proves one thing—present and former assessors in Gratiot Township kept the valuation way below normal.

The tax rate for Gratiot Township is \$2.40 per thousand valuation. The county tax is \$5.55 and the school tax for District No. 2 is \$7.45 with a slightly higher rate on the school tax in District No. 9.

Tourists Asked Not To Park Over-Night In Roadside Parks

The Michigan State Highway Department this week appealed to tourists to refrain from overnight parking in roadside picnic park sites.

State Highway Commissioner Murray D. Van Wagoner said that maintenance units had been instructed to post new signs at all picnic park sites warning tourists not to use them as camp sites. The new signs will be of rustic type to match the theme of these developments.

"It is not the desire of the department to handicap tourist visitors in their enjoyment of Michigan highways," Van Wagoner said. "But roadside tourist parks are intended to be merely stopping places for tourists en route where they can enjoy a picnic lunch, a refreshing drink of water, and a short stroll in pleasant surroundings. These areas have not been equipped and are not intended to be overnight camping spots."

The department now has more than 150 picnic parks and several thousand picnic table sites on state highways throughout the state.

Self Shave Shop

Men who are finicky about their barbers are W. R. Cady's steady customers. Cady has opened a new type of barber shop in the downtown district of Grand Rapids, Mich., where he furnishes razors, soap, shaving creams, combs, towels, and lots of hot water. The customers shave themselves and, if they desire, shine their own shoes and brush themselves off.

SOCIAL NOTES

By YVONNE ANKLEY
 Mrs. A. F. Hollinger, 1266 Anita avenue, Grosse Pointe Woods, was hostess at tea to the Woods Garden Group on Tuesday, August 13. The discussion for the day was "Seasonal Topics."
 Election of officers was held and Mrs. Hollinger was made chairman and Mrs. W. H. McKnight, secretary.

Mr. and Mrs. Wendell C. Goddard (Katherine Russell) of Provincial Road, announced the birth of a daughter, Margery Russell, August 13.

Betty Jane Jacobs left the Jacobs establishment on Moran Road last Saturday and went off to visit friends at Fisher's Island and Watch Hill.

Francis Pittman's engagement to Edward Irving Book, son of Mr. and Mrs. J. Douglas Book Jr., was announced at an informal cocktail party given by Mr. and Mrs. Edwin K. Hoover, in their home on Thrus Mink Drive, August 14. Frances is the daughter of the late Stuart Lansing Pittman and the late Mrs. Davis McMillan Hoover.

Mr. and Mrs. E. M. Stevenson of Washington Road and their son, James, and Mrs. Stevenson's parents, Mr. and Mrs. John Karshaw of Plymouth, will spend the next two weeks up at Indian Trail Lodge.

Mr. and Mrs. Oscar Webber and their daughter, Marjorie, of Lake Shore Road, are at their country home at Clarkston. They have just returned

from a month's motor trip through California, Oregon and Washington.

Barbara Holton's engagement to A. Frederick Kammer Jr., son of Mr. and Mrs. A. Frederick Kammer of South Orange, N. J., was announced Saturday by her parents, Mr. and Mrs. Addison E. Holton of Bishop Road.

Mrs. and Mrs. William H. Holmes of St. Paul avenue, announce the engagement of their daughter, Barbara, to Richard Helson Stevenson, son of Mrs. Elizabeth Stevenson and Charles H. Stevenson.

Mr. and Mrs. George S. Brannon arrived in town Monday for a visit with Mrs. Brannon's parents, Mr. and Mrs. Charles Bagley Du Charme of University place.

Mrs. Paul J. Brown and her daughter, Ann, have left their home on Washington Road in search of a little peace and quiet at Pointe aux Barques.

Margaret Louise Carolin, daughter of Mr. and Mrs. Walter Carolin of Bedford Road, will become the bride of Robert Emmett McElliott, son of Mrs. Don Rippey of Ypsilanti, August 31. The marriage will take place in the rectory of St. Clare of Montefalco Church. The Rev. Father J. J. Costigan will officiate at the ceremony.

Mr. and Mrs. George H. Vawter of Bedford Road and Mr. and Mrs. Robert Patterson of University place, spent

a week-end recently at the guests of W. B. Topping at Michilinda.

Mr. and Mrs. Frank X. Gaughen of Roslyn Road have as their guest Mrs. F. H. Nance of Cleveland, who is spending a fortnight in the Pointe.

Mrs. Lester F. Rowe of Grosse Pointe Blvd. and Miss Virginia Devoy returned Monday from spending a week in New York City.

Another addition to the list of bride-elects is Khyrel Travers, daughter of Mr. and Mrs. Ellis J. Travers of Neff Road. Her engagement to Thomas Hickson Amberg, son of Mrs. John Ward Amberg of Chicago was announced at an open house affair last Sunday afternoon.

Mrs. George B. Shaeffer of Merriweather Road will be at home this afternoon from 4 to 6 o'clock.

A group of the younger set met out at Jean McDonald's place on Fisher Road for a spot of garden dancing last Friday evening. Co-hostessing with Jean was Lorraine Dalcea.

Mrs. Douglas S. Stiles and Douglas Jr., of 3843 Three Mile Drive, have recently returned home from a two months motor trip to the West Coast and Mexico. In Los Angeles they were the guests of the Lee Cogswells.

Mr. Stiles, who accompanied his family to California, returned home the middle of July in company with his nephew, Robt. Cogswell. He and his mother will return to their home in Los Angeles about the 15th of September.

The Detroit Automobile Salesmen's Association will sponsor its second moonlight to Bob-Lo on Friday evening, August 23. The boat leaves the foot of Woodward avenue at 8:45 p. m. The Grosse Pointe Division will meet at the foot of Woodward avenue.

Take the State Sales Tax Off Food and Beverages

[Editor's Note: A discussion of Michigan's sales tax problem by Arthur W. Sempliner, candidate for First District State Senator. The views of political candidates are not necessarily the opinions of The Grosse Pointe Review.]

During the past seven years the State of Michigan has been bearing a 3 per cent sales tax upon all retail sales. This tax, of the type generally known as a bulk tax, because it is levied on all individuals alike, regardless of their ability to pay, and because unlike the so-called leveling taxes, has as its prime purpose the raising of revenues to swell the State Treasury. During the seven years of its operation the tax has served the State efficiently and well for it has given the State needed revenues with which to run the various departments of the State government. However, those same seven years have been years of experiment in that they have shown us how the sales tax works. It is now up to us as citizens, and up to you as voters, to make those same seven years seven years of progress, and to remedy the inequities and inequalities which our experiments have shown to exist. The sales tax should be taken off food and beverages.

The sales tax, unlike most other taxes on small business, is a tax on transacted business, the greater the burden of such taxes the greater temptation there is to run the business illegally and thus avoid that burden. The liquor business after six years of operation, is only now approaching the stability it had prior to prohibition. Our retail liquor dealers as a whole, are well behaved, and are a substantial element in the business community. They pay the highest license fees of the community, and their product itself bears the heaviest taxes. Exempt beverages from the sales tax and the retail liquor dealers will be able to finish the job of running the illegal and unregulated saloon out of business.

Jefferson Avenue Baptist Church

The guest preacher this Sunday morning at the Jefferson Avenue Baptist Church will be the Rev. John H. Maddaford, minister of the First Congregational Church, Fairhaven, Mass. The Rev. Wayland Zwayer, minister of the Jefferson Avenue Baptist Church, will return from vacation for the second Sunday in September. The preacher next Sunday will be the Rev. Harold H. Davis of Detroit.

Different Dates

There are about 140 different dates assigned to the creation of the world.

Quackery Hinders Disease Control

Increase in venereal disease quackery featuring "back room" prescribing and "sure cure" quacks constitute one of the major obstacles to adequate public health control of syphilis and gonorrhea, Dr. H. Allen Moyer, state health commissioner, reports.

National, state and local educational campaigns have brought about an open discussion of these communicable diseases, the commissioner declared. Pseudo doctors and unethical drug store clerks, however, have taken advantage of this increase in public interest to promote illegal practices in the diagnosis and treatment of syphilis and gonorrhea.

No quack doctor or home remedy can cure syphilis or gonorrhea, Dr. Moyer emphasized. Such quacks are only playing the "advertising" game for his own benefit, but he will also damage his own health by delaying good treatment. The best advice for the individual

ARTHUR W. SEMPLINER

The sales tax should be taken off food because it is there that it works its greatest injustice. Food is a staple item. We must all eat to live, and on the average we all eat about the same amount. Thus the poor man must pay the same amount as the man of more moderate means. This cannot be varied so there is a certain amount necessary to sustain life. The sales tax on food

is possible for thousands of individuals who cannot now properly feed themselves, to have the proper diet.

The sales tax should be taken off beverages purely as a practical matter. The dispensers of beverages already pay the highest license taxes of any single group. Their State retail license amounts to \$500 a year, and this is in addition to many other licenses, both city and State, as well as stamp taxes and sales tax. The average licensee must bear the added burden of sales tax out of his own pocket, for it is impossible to add the sales tax to the price of beverages when sold. Any dealer who did this would soon be driven out of business by the competition which did not add the tax.

Nick Altrock To Clown At NYA Jr. Baseball Tourney In Lansing

Nick Altrock, funny man of baseball, will be in Lansing on August 30 for the state championship baseball game of the National Youth Administration's junior baseball program, it was announced this week by Orin W. Kaye, state NYA administrator.

Altrock will be one of several notables of the sports world who will come here for the state tournament, to open August 28 at College field in East Lansing.

Eight baseball teams, winners and runners up in the various district play-offs scheduled to start August 19 at various points about Michigan, will compete in the state tournament here. About 125 youthful ball players will participate in the state tournament and hundreds of fans are expected there to cheer their favorite team to victory.

Junior NYA teams in approximately 30 counties of the state now are playing the final games of their season's schedule in preparation for the district play-off in which the state will be divided into six sections with the winners of various leagues competing in each section. The winners of these district games then will become eligible for participation in the state tournament.

Numerous trophies have been provided by notables of the baseball world and Mayor F. H. LaGuardia of New York City for the winners of the various games.

Messiah Lutheran Church

On the coming Sunday, August 25, the pastor will continue his sermons on texts taken from First Corinthians. The theme to be treated will be: "It is required that a man be found faithful." The time of the service is 10 a. m., that of the Sunday School session 9 a. m.

State Manufacturers Receive \$2,000,000 Of Armament Orders

Michigan manufacturers have already been assigned over two million dollars worth of army and navy orders from June 13 to July 12, as part of the nation's rearmament preparations under the national defense program, it was revealed last week by Congressman Louis C. Rabaut, of the 14th Congressional District in Michigan. Rabaut is chairman of the legislative establishment appropriations subcommittee.

Army and naval awards and contracts grossing \$2,170,034 will provide an immediate stimulus to business and resultant employment of additional labor in most of the major manufacturing industries of the state, Representative Rabaut said. Among the items contracted for are trucks, trailers and miscellaneous war materials.

ual who thinks he may have syphilis or gonorrhea is to go at once to his doctor or health officer.

Good treatment for cases of venereal disease is available throughout Michigan, Dr. Moyer stated, for all persons, no matter what their income. If a doctor is not available, the local health officer is fully informed as to the treatment facilities in his community. Only a recognized doctor of medicine can provide the accurate diagnosis and early treatment that spells success in the cure of the venereal diseases.

The health commissioner's statement was based on the national report that seven-tenths as many persons are going

NOTICE

Of Special Election on Bond Issue and of Registration

TO THE QUALIFIED ELECTORS OF THE CITY OF GROSSE POINTE IN WAYNE COUNTY, MICHIGAN:

Notice is hereby given that on

September 10th, 1940

a special election will be held in the City of Grosse Pointe at 17145 Maumee Avenue, from 7:00 o'clock in the morning until 8:00 o'clock in the evening, Eastern Standard Time, for the purpose of voting on the following propositions:

Proposition to borrow \$20,000 to pay the cost of constructing a relief sewer in St. Clair Avenue; from the Fox Creek Interceptor, to the alley north of Kercheval Avenue, thence west to Notre Dame Avenue, thence south to Kercheval Place and to issue serial bonds in that amount.

The bonds shall mature in 10 years.

The City Clerk will be at the Municipal Building, 17156 Maumee Avenue, during his regular office hours from 8:30 A. M. to 4:30 P. M., for the registration of qualified electors up to the 31st day of August, 1940. Saturdays until 12:00 o'clock noon E. S. T.

The form of ballot shall be as follows:

BALLOT

Proposition to borrow \$20,000 to pay the cost of constructing a relief sewer in St. Clair Avenue; from the Fox Creek Interceptor, to the alley north of Kercheval Avenue, thence west to Notre Dame Avenue, thence south to Kercheval Place, and issue serial bonds therefor in that amount.

YES

Proposition to borrow \$20,000 to pay the cost of constructing a relief sewer in St. Clair Avenue, from the Fox Creek Interceptor, to the alley north of Kercheval Avenue, thence west to Notre Dame Avenue, thence south to Kercheval Place, and issue serial bonds therefor in that amount.

NO

NORBERT P. NEFF,
City Clerk.

History Of Woods Zoning Ordinance Told By President

[Editor's Note: The third in a series of articles on village problems, written by Grosse Pointe Woods President A. A. Ghossein.]

Once upon a time a man and his wife purchased a nice home in a moderately restricted residential section in Detroit. They struggled and saved to pay for it and to keep it in repair over a period of 18 long years and finally it was paid for.

Then this man and his wife could sit on their front porch and enjoy the view of a used car junk yard across the street and listen to the strains of music coming from a mechanical phonograph in a beer garden three doors away, on the corner lot of the block.

This and many similar cases have been happening in Detroit and in other large cities all over the country for many years. Such conditions and unsatisfactory happenings have prompted the adoption of zoning ordinances for the protection of property buyers. It is very difficult to enact such an ordinance in a large city. In Detroit attempts have been made for years to put into effect some such regulatory restraint with small success. It is somewhat easier in a smaller suburban community like the Village of Grosse Pointe Woods, especially if started early enough to be ahead of any major building programs.

Because a number of people in this village and this writer felt that this was primarily a residential community, that most of us had moved out here to get away from the dirt, confusion and noise of a big city and that we liked the atmosphere both of the air we breathed and that atmosphere that is created by the surroundings; it was thought advisable to promote a zoning ordinance to keep as many of our advantages as possible and to help create more if possible.

This writer asked permission from the village commission to appoint a committee of citizens to draft this proposed ordinance and the commission gave their whole hearted approval with the result that this committee was appointed and worked diligently for about nine months and presented for approval their draft of the proposed law.

After a few minor modifications by the commission and a check by our village attorney the ordinance was reviewed at several public hearings and finally passed on June 18, 1940, so now we have a real up-to-date zoning ordinance to protect the interests of our villagers.

Because this seems to be a new thing, it does not do.

This ordinance has to do entirely with dividing the village into zones and to permit certain kinds of uses of the property in one zone and other kinds of uses in another zone. It divides the village into three zones or districts, namely, A—residential, B—business, and C—multiple dwellings. District B consists of that area 300 feet on each side of the center line of Mack Avenue, excepting where present sub-division restrictions rule otherwise, and 300 feet on each side of the center line of Vernier Road between Mack Avenue and the westerly village limits. Only in district B are business establishments permitted and even there such objectionable forms as poolrooms, junk yards, trailer camps, used car lots, bowling alleys, beer gardens and manufacturing establishments employing more than five mechanics, hospitals for mental cases, etc., are prohibited. While theaters are permitted, off the street parking facilities must be provided.

Because of the nature of the property on Vernier Road between Mack and easterly village limits, there being already two schools and a radio station in this district and because of the great depth of some of the property fronting on this quite prominent thoroughfare it was thought best to permit the multiple dwellings of the terrace

Ducking stool
A ducking stool was used to punish shrews in England in 1745.

The Stroh Brewery Company
Detroit, Michigan

type. This is called district C. All of the rest of the village is called district A and permits only single residences and churches and hospitals within certain limits and provisions regarding suitable side yards, etc. Some of the things this ordinance does not provide for are: It does not demand certain sizes or cost of buildings except that it restricts buildings in district B to four stories or 60 feet in height, and residences in district A to two and one-half stories. It does not minimize any sub-division restriction, where such restrictions are greater than called for in the ordinance, they supercede; but in such cases the enforcement of such greater regulations falls upon the property owners of that sub-division. It does not have any jurisdiction over non-conforming uses already in existence when this ordinance was passed; it is not retroactive. Some further things this ordinance does provide for however are: Suitably large front yards (25 feet minimum) side yards (at least four feet), larger rear yards and room for driveways. It provides for uniform grades above sidewalks, and restricts the size of porches projecting into yards. It restricts against the housing of various kinds of animals and fowl. All in all it is a very good sensible ordinance and should work out to the benefit of the great majority of our villagers. The present administration is of course dedicated to the strict enforcement of it and it is hoped that future administrators will be also. If they should not do so it would behoove the residents of this village to demand its full enforcement to prevent such happenings as mentioned at the beginning of this article.

NOTICE OF Primary Election

To the Qualified Electors of the Township of Grosse Pointe, Wayne County, Michigan.

NOTICE IS HEREBY GIVEN that the General Primary Election will be held in the State of Michigan and in the Township of Grosse Pointe, Wayne County, Michigan, on

Tuesday, Sept. 10, 1940

William G. Kirby

Blasts Politics

[Editor's Note: The ideas of all political candidates are not necessarily the opinions of The Grosse Pointe Review, and should not be identified as such.]

In an interview early this week William G. Kirby of Grosse Pointe, blasted the film-fam and make believe of political campaigns and campaigners. "Regular politicians are money grabbers who try to make an easy living from promises they usually don't intend to keep," said Kirby. "Furthermore," Kirby continued, "as a private citizen and a taxpayer I'm sick and tired of listening to a lot of wind bags make noises about how our government should be run. They very seldom back up those loud noises after they are elected."

"Therefore," Kirby said, "I intend to do something about it. I hereby announce my candidacy for the office of State Senator in the first district. Kirby's reasons for announcing his candidacy are sound as well as logical. "The State of Michigan is inefficiently operated and run on a basis whereby the taxpayers continue to pay for this mismanagement. Why? Politics!"

The first thing Mr. Kirby would do is to amend the state retail sales tax law so that all sales tax monies owed to the state would definitely be paid to the state. "Put some teeth in the law," Kirby asserted. "Give the state authority to make proper collections, open the records of all state departments to the sales tax department so that it can check definitely on retail sales, and take the politics out of the sales tax department."

As to how he would "take the politics out of the sales tax department" Kirby stated, "devise a merit system for non-elective state employees. Kick out the deadheads and select state employees on the basis of their ability to fill the job. Appoint the sales tax director for a long term period and make him responsible for an efficiently run department."

"Not only that," Kirby continued, "keep state employees on their toes by giving them an incentive to do their jobs. If they don't do their jobs, they should be given a 30-day probation every three years to prove their ability to qualify for their positions."

In closing the interview Kirby asked this question, "how many business men have four or five departments collecting money? I don't know one!" Kirby replied to his own question, "Yet the State of Michigan has several; each with its own system of bookkeeping, auditors, collectors and other staff. Why? Politics!"

"We should," Kirby stated, "unify all tax collection into one department. Let one department be responsible for the income and outgo of all state monies. That way we would know how much money we had, how much we owed, and we would eliminate many unnecessary state employees and state-rented office suites, all of which cost the taxpayers too much money."

Mr. Kirby, as a private citizen and a taxpayer, has some good reasons for asking for a vote on September 10 for the office of State Senator in the first district.

The name, just to be sure, is William G. Kirby.

Congress Thanked By Rabaut For Aid To Refugee Children

Remarks of Hon. Louis C. Rabaut of Michigan, in the House of Representatives Wednesday, August 7, 1940:

"Mr. Chairman: When the gentle Nazarene walked the earth He said: "Suffer the little children to come unto Me, for of such is the kingdom of heaven."

"It is a grand thing this afternoon to see the Congress of the United States in its present frame of mind, extending to the stricken children of all nations of the war-torn world the hospitality of these United States. I can imagine the world recognizing the smile of approval playing upon the face of Uncle Sam. I can imagine the warmth in the heart of Columbia, the general mother of this nation. I can imagine the plaque on the wall of the American home—'Charity forgives a multitude of sin.' Today, perhaps, we are paving the way for a greater appreciation for our own children in this country, where at times silent sanction has been given to the birth-control advocates who would slay the nation from within. The story told by our school system demonstrates the truth of this statement. We have vacancies in the lower grades today that we never had before. Perhaps realizing the plight of these youngsters, a greater appreciation will come from our children for their own parents, coupled with an appreciation of their own country, in this great spirit of

Points and Pointers

The Shell service station on the corner of Kercheval and Notre Dame, which has recently been placed under new management, will hold a gala grand opening next Saturday, August 24. The celebration will feature real Hollywood lights and free souvenirs to everyone. The station offers complete Shell lubrication, Delco batteries, Good-year tires and many other automotive bargains.

The Eastside Drive-In Theatre, the season's newest contribution to summer evening entertainment, continues to enjoy acclaim. The Eastside Drive-In Theatre has attracted state-wide attention and shortly will be a photographic feature for Life magazine.

A check-up on license plates reveals that the theater has drawn cars from every state in the Union as well as the Provinces of Canada. Apparently here for the recent meet at the Fair Grounds, these motorists were enthusiastic about the theater. Rain or clear, the town's numerous movie-minded motorists may be found enjoying their film fare out of doors, casually and comfortably dressed. The privacy of one's car permits other advantages too, and so scores of movie fans smoke and take refreshments without disturbing others.

Author Carl Van Doren Uses U. of M. Library For Research On Book

Materials in the William L. Clements Library of the University of Michigan are being extensively used by Carl Van Doren, noted author, in research for his contemplated book on the treason of Benedict Arnold.

Mr. Van Doren, who won the Pulitzer prize for his biography of Benjamin Franklin, has already spent several weeks in examining the papers of Sir Henry Clinton, British commander-in-chief in America during the revolution. These papers, now in possession of the Clements Library, contain much correspondence between Arnold and British headquarters.

The Review is the only advertising medium covering the entire Township of Grosse Pointe, which is read in

SCHOOL BOARD ANNUAL REPORT

Table listing school board items with descriptions and amounts, including items like 'Grosse Pointe Bank sinking fund interest', 'The Macmillan Publishing Company, instruction acct.', etc.

WHITE, BOWER & PREVO Certified Public Accountants

Board of Education, Rural Agricultural School District No. 1, Grosse Pointe Township, Wayne County, Michigan. We have made an examination of the balance sheets of the various funds of the RURAL AGRICULTURAL SCHOOL DISTRICT No. 1 as at June 30, 1940, and of the statements of cash receipts and disbursements for the fiscal year then ended.

Based upon our examination and subject to the foregoing comments, in our opinion, the accompanying balance sheets and statements of cash receipts and disbursements fairly present the position of the various funds of the Rural Agricultural School District No. 1 as at June 30, 1940, and the cash transactions for the fiscal year then ended.

BALANCE SHEETS—ALL FUNDS

Balance sheets for all funds as of June 30, 1940, showing assets (Cash in banks, Securities, Delinquent taxes, etc.) and liabilities and surplus (Accounts payable, Bonded indebtedness, Surplus).

SUMMARY OF CASH RECEIPTS AND DISBURSEMENTS—GENERAL FUND

Summary of cash receipts and disbursements for the general fund, showing receipts (Current tax collections, Delinquent tax collections, etc.) and disbursements (Budget expenditures, Transfer of liquidating dividend, etc.).

SUMMARY OF CASH RECEIPTS AND DISBURSEMENTS—SINKING FUND

Summary of cash receipts and disbursements for the sinking fund, showing receipts (Cash in bank, Contributions from General Fund) and disbursements (Purchases of bonds, Interest accrued).

SUMMARY OF CASH RECEIPTS AND DISBURSEMENTS—LIBRARY FUND

Summary of cash receipts and disbursements for the library fund, showing receipts (Cash in bank, Receipts from taxes) and disbursements (Purchase of books, magazines, etc.).

SUMMARY OF CASH RECEIPTS AND DISBURSEMENTS—BOND COUPON FUND

Summary of cash receipts and disbursements for the bond coupon fund, showing receipts (Cash in bank, Receipts—general fund debt service) and disbursements (Interest paid).

SUMMARY OF CASH RECEIPTS AND DISBURSEMENTS—CONSTRUCTION AND CAPITAL IMPROVEMENT FUNDS

Summary of cash receipts and disbursements for construction and capital improvement funds, showing receipts (Cash in banks, Grants received) and disbursements (Construction and furnishing of schools, Purchase of new school sites).

Sunday at Kerby Field, Grosse Pointe Farms are now one step nearer the Grosse Pointe Baseball League championship.

Leading off in a rather meaty second inning for the Woods was Harold Berns, who drove a single to left field. After being sacrificed to second by Matty Winters, he scored on Bill Schmidt's single. Schmidt later came home after Joe Evola fanned and Larry Rheinholz doubled. Then Marv Hansen's one-bagger drove Rheinholz across the plate, and before Jim Vaughn ended the inning, Hansen scurried home on Dave Martin's safety.

The Woods tallied once more in the third frame when Pat Mazze tripled and scored on an infield error. The Farms opened their onslaught in

DRUG COMPANY
Lakepoints at Charlevoix

the third frame and finally drove the Woods starting pitcher, Marv Hansen, from the mound in the sixth inning.

Hansen retired in favor of Don Bryant of no-run, no-hit fame. Bryant began by fanning Bockstanz, but Russell Gregg busted a double, scoring the two deciding runs. Gregg later scored on an error to bring the Farms total to eight.

Bob Gouin led the Farms' parade with three singles, while Bill Schmidt paced the losers with three safe blows.

The Farms team will meet Grosse Pointe Park in the final game of the season next Sunday at Kerby Field. The Park needs one defeat before they are eliminated, while the Farms must be beaten twice. The game will begin at 1 o'clock, and if necessary, a second game will start at 3:30.

Neighborhood Club

The following teams qualified for championship play-off series which will start on Sunday, August 25, at 10 a. m. Tuesday League qualifiers were DeSantis, Atlas Pattern, and Firefighters. Wednesday League qualifiers were Henris Meats, Helinackle and Vikings. Games to be played Sunday, August 25, at 10 a. m.:

DeSantis vs. Vikings, diamond No. 2
Atlas Pattern vs. Helinackle, diamond No. 1
Henris Meats vs. Firefighters, diamond No. 3.

Hartman's Campaign Reported Progressing "Satisfactorily"

[Editor's Note: The views of all political candidates are strictly their own, and are not necessarily the opinions of The Grosse Pointe Review.]

Mr. Hartman, who several months ago announced his candidacy for State Senator on the Republican ticket, in the First Senatorial District, reports the campaign is progressing very satisfactorily, and looks like the hard work and support of his loyal friends throughout the entire district will be rewarded at the primary election September 10. They attribute the great volunteer support for Mr. Hartman to his outstanding qualifications and sincerity.

Mr. Hartman has been a successful business man on Harper avenue since 1931. He knows what it is to meet a payroll. He knows the problems of the citizens of his district. For many years he has assisted them with their problems. He has contributed more than the ordinary citizen's share to the growth and civic improvement of the greater East Side. Being one of the founders and a past president of the Outer Harper Business Men's Association. He was twice president of the Retail Gasoline Dealers of Michigan, Incorporated, which organization he has represented in the Legislative Chambers at Lansing. Mr. Hartman proposed to go to the State Senate with no pet legislation in mind, but will watch every bit of legislation to the benefit of the citizens of the First District.

A large group of citizens at a meeting in the district, at which Mr. Hartman was asked if he would be a candidate for Senator, every one of them believed that a vote for Mr. Hartman for State Senator would be a vote for one of the most representative citizens of our district, knowing full well that a man successfully managing a small business must be a very conservative minded man. He has gained an exceptional education for so young a person, in his close public relations.

The voters of the district as well as members of the Republican party feel that they are very fortunate to have a man of such energy, youth and exceptional qualifications, as a candidate for State Senator.

"BEYOND THE BENCH"

By JUDGE THOMAS F. MAHER
Of Traffic Court

One-Way Safety

Progressive methods in the treatment of traffic problems make it necessary that the motoring public keep constantly abreast of the changes. The development of one-way streets as a means of keeping traffic moving at a faster pace has been one of these changes to which, however, many motorists have been slow to adjust themselves. Motorists who adhere to the rules of safety on two-way streets ought far to seem inclined to forget that the same rules of courteous and safe driving apply on one-way through streets.

It has been found necessary to apply new laws to these one-way streets and to erect different traffic control signs. Many motorists who reap the benefit of time saved using these streets have been slow either to comprehend or obey them.

When turning into or from one-way street keep to the nearest curb. Disregard of this fundamental rule of proper driving has made travel on one-way streets much more dangerous than it should be. "Lane-straddling" is another major contributory cause to accidents on these streets. Then there is the driver who thinks the speed control signs are not nearly so important as getting to the office or home to dinner five minutes sooner.

City officials are constantly working to improve driving conditions. The motorist who disregards the rules of courtesy on one-way streets is making it more difficult to solve traffic safety problems.

Hunt Club To Battle "Wildcats" Sunday

Fresh from last week's thrilling 11-10 victory over Pontiac's Ivory Rangers, the Grosse Pointe "Wildcats" will meet the G. P. Hunt Club four in an inter-club match this coming Sunday, August 25, at 3:30 o'clock on the Cook Road field.

This contest, initial match of a scheduled three-game series, will mark the first time these teams have met in the Michigan State Championship Polo Tournament. The "Wildcats" are now leading the state tournament, while the Hunt Club is on top in the Michigan-Ohio competition.

The Hunt Club line-up includes Fred Gibson, Jack Lewis, Tom Hammond and Fred Collin, while the "Wildcats" will saddle Mac Krim, A. Van Der Zee, Alfred Hosse and Bert Beveridge.

In the "Wildcat"-Ranger battle of last week, bronzed Alfred Hosse punched home the deciding tally after three minutes of the first overtime period and broke a 10-10 deadlock. This victory, which was staged under a rain-soaked sky, avenged an earlier defeat which the "Wildcats" suffered at the Rangers' hands.

Estimated 150,000 Cars Still Lack Full-Year License Plates

First half-year auto license plates expire at midnight August 31, and Harry F. Kelly, Secretary of State, estimates that today there are still 150,000 motor car owners in Wayne County without full year tags.

Although the full year plates have been on sale at half price since July 10, sales have been slow and Mr. Kelly, in urging motorists to get new plates now, predicts that all offices will be crowded during the last days of the sale. Extra help has been provided and during the last three or four days offices will be open after regular hours.

Many persons have inquired as to the possibility of an extension of time. "The law says specifically that the deadline is midnight August 31," said Mr. Kelly. "Neither I nor any other official or official body has any right to grant extra time. Owners of cars operating without full year plates on September 1st will be given violation tickets."

Grosse Pointe Woods Lutheran Mission

Regular services were begun last Sunday, August 18, at 10:45 a. m. Continuing at this hour, services will be held every Sunday.

On Sunday, August 25, Sunday School will be conducted for the first time at 9:30 a. m., at which time also there will be registration of new pupils. However new pupils may be enrolled any time during the week by calling the pastor in charge, Wilbert Burmeister, the telephone number is Tuxedo 2-8418. You are welcome to worship with us at any time. Come in and pay us a visit. We will be glad to see you. The sermon this Sunday will be based on I John 4, 16-17, the topic being "True Christian Love".

Christian Science Church

"Mind" will be the subject of the lesson-sermon in all Christian Science Churches throughout the world on Sunday, August 25.

The Golden Text (Dan. 2:20, 21) is: "Blessed be the name of God for ever and ever: for wisdom and might are his: . . . he giveth wisdom unto the wise, and knowledge to them that know understanding."

Among the Bible citations is this passage (Isa. 40: 13, 14): "Who hath

directed the Spirit of the Lord, or being his counsellor hath taught him? With whom took he counsel, and who instructed him, and taught him in the path of judgment, and taught him knowledge, and showed to him the way of understanding?"

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 469): "Mind is God. . . . There can be but one Mind, because there is but one God;
