

## Grosse Exaggerations?

By A. Fryer

Here we are again, back at the desk after having spent a delightful summer making quick changes from our bathing suit to our long underwear and vice versa. It's good to be back and comforting to note that things around the office haven't changed a bit during our absence. The office force still borrows our cigarettes, chewing gum, pencils, paper, typewriter and ideas. Heaven may protect the working goid, but a padlock on her desk would be a big help.

Never let it be said that we didn't mention, at least once, the coming election. Along with the rest of the Nation, we thought that Willkie's acceptance speech fell flat. We also thought that McNary sounded more like Major Bowes describing a key city, than a candidate for the Vice-Presidency. We didn't wait to hear the end of his acceptance speech, but the first fifteen minutes of it were certainly devoted to Oregon. This ought to be an interesting and exciting Presidential campaign and we dare to predict, if a small shot may be so bold, that whoever wins, will win by a close margin. Incidentally, in this local sea of Willkie buttons, we've actually spoken to two whole people who are going to vote for Roosevelt! The same two who voted for him last time—when the entire community predicted a "Landon-slide."

We met a young, harmless looking man this summer, who told us 'sotto voce' that he knew how the war could be ended. He said that if HE were doing it, he would arrange (HOW, he didn't divulge), to have a group of typhoid carriers, taken prisoners by the Nazis. Typhoid would spread its deadly wings among the soldiers—and presto!! no more war. It gave us an idea. If war should be declared on US, we know of a nice, cozy little tropical ailment that wouldn't do any real harm but would keep the enemy too busy to fight. If that time ever comes and any spies would like to apply for the job, we'll be glad to supply them with the necessary typhoid bacteria.

Lower Center: Here they come, all dressed up in their Sunday best, the boys and girls.

### Township Registers 2,000 New Electors; Cast Your Vote Early!

Tuesday, September 10, will be a "red-letter day" for every citizen and voter in the state of Michigan. On that day, the state primary election will be held and the people will go to the polls and choose the candidates they wish to represent them in the various branches of our democratic government.

It is the privilege and duty of every able-bodied person to get out and cast a vote, for in no other way can democracy be made to work properly. Especially in these times of world-wide violence and destruction, we in the United States must present a strong united front to the totalitarian states who seek to destroy the ideals we so fervently believe in.

Registrations in Grosse Pointe Township have taken a large jump according to the records of Clerk Carl Schweikart and a record primary vote turn-out is anticipated. Voters are urged to cast their ballots early and avoid the rush. The Township's new 24 precinct set-up, now in effect, will end long waiting lines and shorten the time required to cast a vote.

One thousand nine hundred and thirty-one new registrations have been filed in the past several weeks, bringing the township's total to 15,882 registered voters. The new registrations are divided as follows: Grosse Pointe Park, 854; Grosse Pointe Woods, 489; Grosse Pointe Farms, 591; Grosse Pointe Shores, 92.

A pre-election recommendation compiled by the Detroit Citizens' League and reprinted in last Sunday's edition of a Detroit newspaper, gives a "top tier" rating to Louis C. Helms (D) and George B. Shaffner (D) in the 1st District Congressional contest.

## By Circular Article On Tax Rate; Apology Asked

An article recently published in the "Town News" and circulated in Gratiot Township, claimed the new tax rate of \$2.40 per thousand has the residents and local real estate dealers gasping for air.

Ernest A. Provo, township supervisor, states: "This remark is a contemptible lie. There never has been any complaint by any resident or real estate dealer objecting to the tax rate."

For the information of the residents, Provo stated that the "Town News" was several months behind the times, in that the budget for 1940-41 was presented to the people the first Monday in May, showing the township rate to be \$3.50 and stating the reasons why. Objections were asked for and none received. Reasons were given for the increase in rate. The reasons were made public at that time and for the information of the residents hereby repeated.

The officers of Gratiot Township were the lowest paid of any township in Wayne County. All salaries were increased but records still show that there are only two townships in the county where officers receive less wages than in Gratiot Township, and both of these townships are in rural communities with no improvements. The Allocation Board of the County of Wayne recently remarked that the wages in Gratiot Township are still low, but Provo stated they could not be increased according to the statutes, but it does not matter as no one is asking for an increase.

While it was assumed that \$3.50 per thousand tax rate would be necessary, it was impossible to acquire this amount in as much as the county tax rate went up about fifty cents and the school districts asked for an increase.

"Cap" Pfeiffer's arrow points to Washington. Note Republican Tuesday.

Therefore, the township ended up by being allowed \$2.40.

It was pointed by by Supervisor Provo and published in the "Grosse Pointe Review," that the State Tax Commission is the department that equalized the taxes throughout the State of Michigan and, now that the equalization is completed, there was a decrease in the entire valuation of the (Continued on Page Seven)

### Gratiot Township's Water System Shows Monthly Profit

During the month of August, the water system in Gratiot Township made 45 taps for a gross profit of \$1,278.

Supervisor Ernest Provo remarked that since Eugene Fiorack, the present township clerk, has been operating the system, an increased profit of \$5.40 per tap has been brought about by a modern bookkeeping system and some intelligent purchasing. This additional profit alone amounts to nearly \$250 per month, which over a period of a year would amount to several thousand dollars.

Provo also pointed out that since the township took over their own water system, 232 taps have been made showing a gross profit of approximately \$3,600.

Construction of the main on Huntington Drive has been completed and residents should be able to hook on in several days. Work has now centered on the Eight Mile Road main and the complete project will be finished in a few weeks.

The recent airplane disaster, in which 25 persons lost their lives, ended a one-year, five-months, five-day non-fatality record for all commercial airlines. It was the PCA's first fatal crash in 15 years of operation. The airlines are now off on a new record.

Vivian Leigh and Lawrence Oliver were in a great hurry to get married. Will they be in the same hurry to get a divorce?

"Cap" Pfeiffer's arrow points to Washington. Note Republican Tuesday.

### To Assist Voters

Among the more than six hundred newly qualified electors residing in the City of Grosse Pointe, who registered during the past few weeks, there is a very high percentage of young people who have not as yet voted. These young people, when registering, requested information as to certain features or points involved in voting.

For several years prior to a national election, the city clerk has conducted a "school" or question period, setting aside an evening at his office at which persons having any question as to voting could appear and have such questions answered and receive instruction as to the proper procedure in casting a vote.

In accordance with this custom the city clerk, together with others qualified to explain the procedure and questions which the potential voter may have in mind, will be in his office, 17150 Maumee, on Friday evening, September 6, from 8:30 o'clock.

### County Sheriff's Patrol Will Be Continued In Gratiot Township

On Wednesday, August 28, the newly appointed sheriff of Wayne County, Andrew C. Baird, called a meeting of all chiefs of police from cities and villages and supervisors from the townships to discuss the possibility of abolishing the sheriff's road patrol.

Ernest A. Provo, supervisor of Gratiot Township, was the first to speak on the question. Provo pointed out that by abolishing this service in Gratiot Township a hardship would be worked on its residents. Three robberies occurred in three weeks previous to this patrol service, but none have occurred since.

It was stated also that it would cost several thousand dollars each year to patrol a community like Gratiot Township, and such a burden would fall upon the taxpayers. Under the present statute of the 15-mile limitation act, the township would have to vote additional money to establish such a service.

After a lengthy discussion it was finally decided that instead of abolishing the patrol, one man would be added to the system, assuring the different communities of this continued service.

### To Vote On Special Bond Issue Tuesday

Qualified electors of the City of Grosse Pointe who are taxpayers will ballot on a special bond issue proposition at the primary election next Tuesday, September 10. The purpose of the proposed bond issue is to construct a relief sewer in St. Clair avenue from the Fox Creek interceptor to the alley north of Kercheval avenue, then west to Notre Dame, thence south to Kercheval place, for which purpose it is planned to issue serial bonds.

Under the Public Acts of 1939, balloting on such bond issue is limited to qualified electors of the City of Grosse Pointe who are taxpayers upon property directly affected by such proposed expenditure or the husband or wife of such taxpayer. Persons who are paying taxes upon personal property are also allowed to vote on this proposition, but in no case is any person who is not a taxpayer or the husband or wife of a taxpayer eligible to vote upon the proposed bond issue.

The electors at the time of making application for the general primary ballots, of which there will be three, will also be given an application for special bond issue election ballot if they are taxpayers. These applications will be of a different color than the conventional applications for ballots and each elector will be asked to indicate whether or not he is a taxpayer or the husband or wife of a taxpayer at the time of making application for ballots.

"Cap" Pfeiffer's arrow points to Washington. Note Republican Tuesday.

### Hit And Run Driver Caught After Piece Of Detective Work

John A. McKinzie, of 3953 Sheridan avenue, Detroit, found that it doesn't pay to leave the scene of an accident. McKinzie struck a parked car on Cadillac road between Kercheval and St. Paul last Monday evening and drove away.

Archie Trowbridge, of 690 Cadieux, notified the City of Grosse Pointe police and Acting Sergeant Reno and Officer Vientumk answered the call.

Noticing a black trace on the pavement made by something dragging on the escaped car, the officers followed the mark and finally captured McKinzie in St. Clair Square, near Nine Mile Road.

"Cap" Pfeiffer's arrow points to Washington. Note Republican Tuesday.

### NOTICE!

Due to circumstances beyond our control, the Christian Science lecture given August 28, by Judge Samuel W. Gross, will not be published in this week's issue of The Grosse Pointe Review. However, the lecture will positively be included in next Thursday's paper.

### Over 600 New Voters Register In City Of G. P.

Registration of qualified electors in advance of the September primary election was the heaviest ever experienced in the City of Grosse Pointe, according to Norbert P. Neff, city clerk. More than six hundred electors have enrolled upon the registration lists of the City of Grosse Pointe during the past few weeks. This is indeed gratifying and seems to indicate an increased interest in public affairs.

Immediately after the primary election, registrations will again be accepted for the national election to be held November 5. Any person who failed to register prior to the primary may do so and qualify to vote at the national election November 5, public notice of which will be given later.

The election laws provide that qualified electors who, by reason of absence from the city during the registration period, were unable to register, may do so on election day by stating under oath that they were out of the city on the last two days of such registration.

### HAL H. SMITH DRAFTED FOR REPUBLICAN DELEGATE

An impressive lesson in the duty of a citizen is found in the action of Hal H. Smith in consenting to run in Precinct No. 1, Grosse Pointe Park, for the office of delegate to the Wayne County Republican Convention. Mr. Smith has for a long time preached the gospel that every citizen should take an active interest in politics and has continually put his words in actual practice. He conceives that a citizen has a political duty not only to vote in every election but to be active in all party matters. The basis of all party politics is in the city and county conventions. These, he insists, are too often left entirely unattended by the average voter. The vote of any delegates, for instance, is but a fraction of the vote for mayor or governor. It ought to match these in number.

Save time and money with a competent school—Elaine Arndt Dance Studio.

Undecided Grosse Pointe voters would do well to read through the pages of this week's Review before selecting their choices. Articles concerning some of the main candidates can be found on the inside pages of this issue. These short biographies may serve to clarify each candidate's platform in the eyes of the voters.

### Woods' Youth Guilty On Reckless Driving Charge; Loses License

Robert Vanderweil, 18, of 2017 Fleetwood, Grosse Pointe Woods, was arraigned before Judge Frank W. Lindemann last Saturday morning on a reckless driving charge involving the injury of a pedestrian.

Vanderweil, in passing another car on Kercheval avenue near Neff, on August 17, swung over onto the left side of the road and struck a pedestrian crossing the street. Vanderweil's license was revoked for six months.

Elect Frank W. Lindemann to Congress. Republican.

A team representing one of Grosse Pointe's five municipalities in a local baseball league this summer doesn't have a single player living in the Pointe.

He argues that the representative quality of the convention fixes the quality of the candidates for office and that the electorate should see to it that representative and responsible citizens be chosen as delegates. He insists that such citizens should run as delegates, and take the necessary time away from their business to attend the convention. To make this idea effective, he has offered himself as a candidate for delegate in his precinct at the primary to be held September 10th. Mr. Smith has long been fighting for clean politics. Since 1932 he has acted as chairman of the finance committees which have raised the Michigan funds for the state-wide Republican campaigns. His effort has been to enlist every Republican in the job of finance.

This paper is now publishing exclusive photos of local news value. On application at the office of this newspaper, copies of any photograph may be secured at a nominal price. These are 8x10 prints and are beautifully finished.

### SUMMER (A)MUSINGS

The woman who called one of the Red Cross units and asked for some wool—"On account," she said, "I gotta go to jail for a few weeks and I'd like to pass the time knittin'."

The Grosse Pointer who said of a friend of his, who's been coining money due to the war, "Think of the awful state scandos will be in if there should a Peace scare!"

Vogue's recent observation: "Paris this Summer is like a resort." (hum!)

The cartoon in a New York paper, depicting the arrival of Wally and Edward at the Bahamas. They are standing at the end of a rickety little dock; Edward gazing at Wally and Wally gazing at their enormous pile of chic looking luggage. Gazing at both of them is a small pickaninny, sucking her thumb. The caption underneath the cartoon reads, "Alone at Last!"

Elect Frank W. Lindemann to Congress. Republican.

# SOCIAL NOTES

Mr. and Mrs. Harry E. Winston, of Lincoln road, have as their guests Mrs. Winston's parents, Mr. and Mrs. A. S. Komer, of St. Petersburg, Fla. The Komers will spend a month here.

Mr. and Mrs. Elmer Gagner, of Northweather road, and their daughter Ruth have recently returned from Mirror Lake Inn, Lake Placid, N. Y.

Mr. and Mrs. Curly Ziegler, of Bishop road, left last week for Menominee Inn, near Harbor Springs.

Mrs. Marjorie E. Farr has just returned from a two weeks' stay with her daughter, Mrs. Henry S. Booth, of Moonfield Hill, in her summer home at Silverwood on Lake Michigan.

Back from a summer's stay at Longwood, Mich., are Mrs. Robert J. Taylor, of Huntington road, and her children, Bobby, Billy and Carol Ann.

Miss Helen, daughter of Mr. and Mrs. George H. Bryner, of Harvard road, left for an September 14 as the date

of her marriage to Neal Gillies, son of Agnes Gillies, of Dexter Blvd. The Rev. Richard Millard will officiate at the late afternoon ceremony in St. Mark's Methodist Church.

The family of the late Mrs. Brehaut wishes to thank the minister and kind friends and relatives for their thoughtful sympathy and flowers during their recent bereavement.

St. Peter Claver Guild held its first fall meeting last evening at 8 o'clock in the Chancery Building.

Mrs. Martin Lenzland is president. Assisting her on the board of officers are Mrs. Edward Haddas, Mrs. John Culhane, the Misses Leonora Jungwirth, Helesa Cunningham and Anne Hogan.

Mr. and Mrs. Douglas S. Stiles and Douglas, Jr., of 3983 Three Mile drive returned Labor Day from a ten-day trip to the South, visiting Memphis, Chattanooga, Lookout Mountain and the Norris Dam at Knoxville and toured in the Great Smoky Mountains

National Park, which President Roosevelt dedicated in person Monday, as well as the Tennessee Valley Authority projects.

The Stiles family also visited Mexico and California this summer. Mrs. Stiles and Douglas returned to Detroit August 15 in order to make the trip South with Mr. Stiles.

### Drivers Must Co-operate With School Children

With the opening of school, 1,000,000 children are out on the streets and highways on their way to and from school.

According to the Michigan State-Wide Safety Committee 111 youngsters lost their lives in auto accidents last year. Every effort will be made in 1940-41 to avoid these accidents.

Michigan schools are stressing American citizenship. This program includes not only children but adults as well. Motorists can become safe drivers by applying good citizenship to their driving. This will mean slowing down in school zones and in congested areas, also passing school buses cautiously and being constantly on the alert for children and other pedestrians on the highways.

### Alger House Features Early Italian Prints

An exhibition of 45 early Italian prints opened Sunday at Alger House, Grosse Pointe branch of the Detroit Institute of Arts. John S. Newberry, Jr., arranged for the exhibition, which is being loaned by the Knoedler Galleries in New York.

The prints, which depict for the most part religious or Biblical scenes, will remain on view through October 4.

### Fred Alger Runs For County Delegate In City of Grosse Pointe

The attention of Republican voters in the City of Grosse Pointe is called to the special delegate ballot which they will receive at the primary, September 10th. There are two candidates for delegate to the county convention. The Wayne County Republican precinct organization urges all voters to support Frederick M. Alger Jr., who is president of that association.

# Problems Facing State Legislature Discussed

*Editor's Note: A discussion of State Legislature problems by Arthur W. Sempliner, candidate for First District State Senator. The views of political candidates are not necessarily the opinions of The Grosse Pointe Review.*

"When the State Legislature meets in Lansing this coming January, to open its 1941 legislative session, it will be faced with many pressing and serious problems. In a series of articles dating back over the past 15 weeks, I have dealt with many of these problems upon which I would act if nominated and elected to the Michigan State Senate in the forthcoming election. It is my intention, also, to review some of these articles in order that the voter may have a clear conception of my platform before going to the polls on September 10.

"Perhaps the foremost problem to be met by the legislature is the elimination of red-tape in the payment of un-

employment benefits. Today, unemployment compensation benefits do not reach the applicant until approximately the fifth week of unemployment. In many cases, it is impossible for the working man supporting a wife and children to maintain himself and family for five weeks of unemployment without applying for relief. This difficulty can be completely cleared up by the elimination of the waiting period in unemployment compensation benefits. The payment of relief to those workers who are entitled to unemployment compensation benefits is not only distasteful to the worker but is costly to the State, as the burden of relief comes entirely out of the tax payer's pockets and is not contributed to by the worker.

"The second problem which faces our Legislature will be that of home taxation. During the past few years, there has been a constant upward trend in the tax rate upon homes. This trend discourages the ownership of property by the average man, in that he is fearful he will lose his investment if he is out of work and unable to pay the ever present taxes. Many states have laws which completely exempt owner-owned homes from taxation to a minimum amount of \$5,000 and 'graduate' the property taxes on homes (similar to the graduation of the income tax) on all homes above that amount. Such a law in the State of Michigan would do away with our present tax sale auctions and make it possible for the widow, orphan, and aged to be free from the fear that a rising tax rate will deprive them of homes and property which had been provided for them.

"During the past six years, the State of Michigan has been directly engaged in the sale of package liquor, which involves huge expenditures of State tax funds to be invested in liquor stocks in direct competition to private industry. The State of Michigan should get out of the package liquor business and confine itself to the controlling of the price of liquor, to the issuing of stamps for the taxing of liquor similar to the Federal Government, and allow those licensed to sell liquor to sell package liquor over the bar.

"The sales tax should be taken off food and beverages because food is one of the necessities of life and the sales tax added to the multitudinous processing taxes of the Federal Government is simply one more burden added to the cost of living which many are unable to bear.

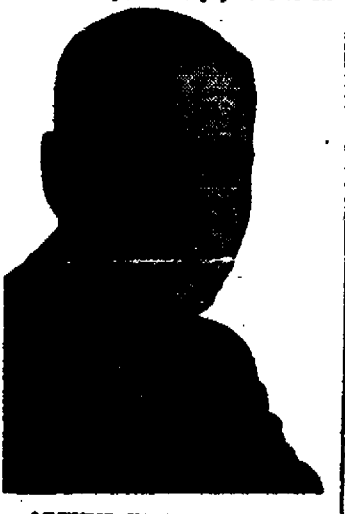

"The sales tax exemption of the small retailer on sales of 17 cents in value should be raised to compensate adequately for the number of sales he makes below this amount, and thus free him from the burden of paying more than half of his monthly sales tax out of his own pocket.

"During the last year's session of the Legislature, in its search for funds to administer the State departments, a drastic cut was made in the help allowed to the crippled children and hospitals. Due to this lack of funds, there are now hospitals throughout the State of Michigan which could never be opened because adequate equipment to

take care of cripples was not available for use in these hospitals. If this situation is not corrected the State of Michigan will be burdened in a few years with thousands of helpless cripples who have not had their lives adjusted to the tempo of this world and will, therefore, become a direct burden to the State. Adequate funds must be provided in the coming session of Legislature, not only to carry on the crippled children's program but to undo the harm which has been done by the lack of funds during the past year.

"The administration of old age pension annuities should be cleared of unnecessary red-tape so that payments may be made quickly and easily to those entitled to receive pensions as soon as applications are made for them. The present delay of from months to years should be eliminated. This delay in the payment of old age pension annuities under our present system is now so unjust and vexatious that we often find the recipient of pension annuities destitute before aid arrives.

"The above seven planks of my platform are what I believe to be the most important problems to be made by the forthcoming session of State Legislature and if elected to that body, I will do my best to see that they are carried out."

Vote For A Business Man

**WILLIAM H. HARTMAN**

REPUBLICAN FOR STATE SENATOR

First Senatorial District

- Endorsed by Civic Searchlight.
- Preferred by Business and Professional Groups.
- Veteran.

For two years this organization has been steadily working on a plan to rid Wayne County of bossism, particularly that brand exemplified by Edward N. Barnard, who has controlled the Wayne county delegates for several years. Money to finance this precinct organization has been contributed by leading citizens of Detroit and Grosse Pointe. It has received the wholehearted support of each of the Detroit dailies. In heading this group, Mr. Alger has devoted a great deal of time and effort, and it would seem particularly ungracious if the voters of his home precinct did not re-elect him as their county delegate.

FRANK W.

LINDEMANN TO CONGRESS

A LIFETIME REPUBLICAN

PRINCIPLES

BACKGROUND

- 1-Born in Detroit. 2-Education: Detroit Public Schools. Ohio University. Detroit College of Law-LL.B. 3-Experience: Real Estate Business and Legal Profession. 4-Six years Justice of the Peace in the City of Grosse Pointe. 5-Property Owner and Taxpayer.

PLEDGE

I shall try to correct errors where shown to be errors and I will adopt... as fast as they are proven to be true views.

- 1. Keep America out of foreign wars. 2. Reduce taxes that cripple industry and destroy jobs. 3. Keep government out of business. 4. Uphold freedom for professional men and women. 5. Restore constitutional balance and independence of legislative, executive and judicial branches of government. 6. Stop growing federal political control over the lives and business of citizens. 7. Reorganize relief, eliminate politics and provide for local administration but continue it as a federal responsibility. 8. Continue collective bargaining by representatives of labor and continue free unions as they are necessary, but they should not be dominated by government control, and all forms of coercion in industrial relations should be outlawed. 9. Any measure, regardless of its merit, having sufficient support of the people (such as the Townsend Plan) should be brought to the floor of Congress for debate and consideration and then disposed of in one way or another, rather than to have the measure stymied in committee.

CONVICTION

It is better for the people, by slow debate and compromise in Congress, to make their own decisions than to have decisions made for them by executive decree or order.

STATE OF MICHIGAN, County of Wayne, ss.-At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the twenty-fourth day of August, in the year one thousand nine hundred and forty. Candidate's Experience Important To Electors, Claims C. A. Pfeffer

[Editor's Note: The following is a recent statement issued by C. A. Pfeffer, candidate for Congress from the 14th Congressional District.]

To the Republican voters of the Fourteenth Congressional District: "As the result of the enthusiastic work of Young Men and Young Women a few hours before the deadline for filing nominating petitions—my name is upon the Republican Party Ballot as a candidate to be your representative in Congress when it meets next January.

"When all this was going on—I was out of the city, and upon my return I was at first inclined to withdraw my name—however, due to the pressure that developed in the two or three days that followed—coming from so many different sources and also having a deep sense of gratitude to those who signed the petitions and to those who secured the signatures—I decided to let my name remain upon the ballot with the hope that I will be chosen your candidate to fight it out with the Democratic candidate in November.

WHO ARE THE CANDIDATES

"There are eight candidates on the Republican ticket in the 14th district, four attorneys—one workman—one insurance underwriter—one hardware merchant and myself.

MY EXPERIENCE

"You should know—I am fifty-four years old—married and have a family of three girls and two boys. I came to Detroit thirty-two years ago as an associate of the late Hugh Chalmers. I have held various executive positions in the motor industry, having at one time had more than one thousand employees. I have also served as president of the United Brotherhood of Carpenters and Joiners of America. My labor agreements have had labor agreements with both the C. I. O. and A. F. L. organizations. I am glad to state our labor problems were always adjusted by sitting around the table avoiding strikes which are always costly to both Employee and Employer. The basis of my early business training was that of a public accountant which gave me a wide experience in various types of business and industry. During the past 20 years I have been a student of an closely allied in Governmental affairs.

WHERE I STAND

"My associates frequently charge me with being too brutally frank, however, I could not do otherwise and still be Cap. Pfeffer—to be otherwise would take all the joy out of life for me.

"In that spirit of frankness I wish to say to you that should I be the choice of the voters at the November election—that on the day I take office you can throw away the ink pads—as I guarantee you I will not be a Rubber Stamp representative and I don't mean mebbe.

"Unemployment is still the big problem and I intend doing everything I can to see that the young man and young woman just out of school gets the kind of an opportunity that real Democracy should provide. Our social and industrial system must be revamped so that the man and woman over forty continues to be productive.

"The small merchant and small business man is today gradually being exterminated thru complicated and tricky tax laws—inability to secure capital and the competition of Big Business. This condition has contributed much to unemployment, and some constructive program of Government co-operation merits earnest consideration.

"The white collar class of men and women requires attention to bring about a higher standard of pay—these people have received none of the benefits that have accrued to the factory workers thru their membership in labor unions.

OUR SONS AND WAR

I am for keeping our sons out of war—however, I am for placing them in training at the earliest possible date—in order that they may defend their country—if attacked.

TRUTH IN GOVERNMENT

"I am for telling the people the truth of what goes on in Washington, and if elected will see that the residents of the Fourteenth District get "The Truth and nothing but "The Truth."

"If after reading the above—you think I will roll up my sleeves and put up the kind of a fight at Washington, that an emergency might call for, I

shall appreciate your vote—otherwise I ask that you vote for the candidate whom you think can do a better job."

# Duplex Home System Shown In Grosse Pointe

The duplex home idea, which seems to have "taken hold" in Grosse Pointe, has been exceptionally well developed in the East Side Home-of-the-Week at 402-404 Nefl road in the City of Grosse Pointe. In design, arrangement, detail and equipment it measures up in every respect to the high standard of the better type single residences which grace the neighborhood.

Architecturally it is a prototype of the New England Colonial. The lower portion of the front exterior walls is of soft-toned fieldstone broken by two graceful bays and two entrances. The upper story has a typical overhang which gives added space on the second floor. It is finished with wide siding painted white, making an excellent foil for the black blinds and black asphalt shingle roof.

Side and rear walls are of brick and at the back are individual, covered, cement terraces accessible from the kitchen. Individual steps, cement side drives serve the two units and meet in the rear with a large, solid cement turning space in front of a three-car garage. At the edge of the enclosed lawn is an outdoor grill and fireplace with turning spit.

Each unit consists of a small entry, of which is an attractive powder room and a convenient guest closet, a spacious living room directly connected with the dining room at the rear through a seven-foot opening, and a modern kitchen.

An open stairway with wrought-iron balustrade ascends from and is an ornamental feature of the inner side of the living room. There are three bedrooms and two bathrooms on the second floor. One of these bathrooms, with a stall shower, opens directly from the master bedroom. This room measures 12 by 16 feet.

From one of the guest rooms, which has the generous proportions of 12 by 14 feet, a door opens to the sun deck over the rear terrace. An enclosed stairway leads to a large unfinished attic, which is floored and roughed-in for heating and plumbing and thus available for an additional room at some later date.

From the kitchen a wide stairway leads down to a finished recreation room in which is an attractive brick and stone fireplace. There are ceiling-height, built-in cabinets in this room which can be used for storage of fruit or other purposes. A separate utility room houses the gas-fired air conditioning unit, automatic gas hot water heater, gas incinerator and laundry equipment.

**Decorative Scheme**  
The decorative scheme shows the hand of a trained artisan. Marine scenic wallpaper with shellaced surface is found in the first floor powder room. Blue linoleum with white feature strip is on the floor. Wall paper with an over-all palm leaf motif of silver and grey lends a charming atmosphere to the living room. The outer side wall is continuous through the living and

adjoining dining room and carries the same wall paper to the rear wall of the latter room. The other walls in the dining room are papered in a striped paper of blending gray tone.

An inviting Colonial fireplace is a feature of the living room. At the foot of the stairway is a niche in which hang long door chimes.

The kitchen has the convenient L-shaped arrangement of the working section. A double compartment sink with swing faucet is located under a large window. The refrigerator and stove, already installed, are placed at one end of the line and spacious wall cabinets above furnish abundance of storage space. At the inner corner there is a small wall china cabinet with glass doors.

A novel feature in this room is a snack bar on wheels, with rounded end shelves and knee space on both sides. The counter top and shelves are covered with maroon linoleum and edged with stainless steel. Being movable, the bar can be conveniently placed anywhere in the kitchen or can be pushed into the dining room or out onto the rear terrace. When not in use it provides an extra working surface in the kitchen.

The bedrooms are papered in well selected Colonial designs. The master's private bath has green linoleum on the floor, a fish and shell patterned wall paper specially treated to make it waterproof and fixtures are butter yellow. The main bathroom has aqua marine colored fixtures and the lower walls and floor are tiled in a tasteful archaic blend. Above is a cattail and water lily wall paper. The tub has the new safety bottom and wide rim egress.

According to the builder this duplex house, including garage and 65 by 127-foot lot, is priced at \$19,000. "On your lot" it can be duplicated for \$14,800. Visitors will be welcome on Sunday between the hours of 10 a. m. and 8 p. m. and on week days from 2 to 6 p. m.

## "Bill" Hartman Makes Last-Minute Statement

**Editor's Note:** The ideas of all political candidates are not necessarily the opinions of The Grosse Pointe Review, and should not be identified as such.

William H. "Bill" Hartman, State Senatorial Candidate from the First District, issued a last minute warning. On the eve of the most important election that the United States ever held, Mr. Hartman calls the voters' attention to the fact that all might be lost if the wrong candidates are nominated in the primary election.

Mr. Hartman mentioned that a Senator from Wayne County at the last session proposed dozens of bills without having a single one enacted into a law. Hartman's experience with the Legislature has taught him that Wayne County would have much better representation if they sent men to Lansing who believe in a cooperative attitude instead of trying to start a legislative feud with the outstate members of that law making body.

The interviewer was most agreeably surprised at these frank statements by a candidate for office. The voters can readily see that in Mr. Hartman they have a man who understands and is practical.

The interviewer also wishes to call to the voters' attention that Mr. Hartman has his business interests and resides in the district's great North-east Side, a community that has enjoyed one of the greatest growths of any community in the state.

Mr. and Mrs. Voter if you are not yet sure of your choice for State Senator you should investigate this man further.

## Dr. Lloyd K. Babcock Runs For Coroner

Backed by an impressive personal and professional record, Dr. Lloyd K. Babcock, a Republican primary candidate as a nominee for the office of Wayne County coroner, today made public his rigid economy and efficiency platform, which, if instituted, would save Wayne County taxpayers a large sum annually.

"If nominated and elected," Babcock said in an interview with a representative of this paper, "I would deputize reputable local practicing physicians and health officers in suburbs and outlying townships. This would result in a smoother, more economical functioning of the office than under the present setup."

Dr. Babcock's family man, enters the political arena for the first time with an outstanding and unimpeachable medical record of 21 years behind him, including 16 years of reputable private practice and six consecutive terms as health officer of Redford Township.

A man of good business and organizational ability, Dr. Babcock is a war veteran, a 32nd degree Mason, a member of the Exchange Club and the founder of the first Republican Club in the 32nd Ward of Detroit.

## Flower Lovers Prepare For Annual Show

The annual Flower, Fruit and Vegetable Show sponsored by the Grosse Pointe and Eastern Michigan Horticultural Society is always an outstanding community event.

This exhibit is free of charge and a cordial invitation is extended to all flower lovers. The place is The Neighborhood Club, 1745 Waterloo at St. Clair, City of Grosse Pointe, and the dates are Saturday and Sunday, September 14 and 15.

In the show schedule, well over one hundred classes are called for covering all types and varieties of flowers, fruits and vegetables now in season, with additional classes in artistic arrangements, are included.

Co-operating with the horticultural society are the following garden clubs: The Garden Club of Michigan, Junior League Garden Club, The Little Garden Club, Grosse Pointe Branch of The Women's National Farm and Garden Association and The Garden Center of Detroit.

A special schedule for flower arrangements restricted to members of the above clubs comprises six classes, as follows:

Class I—Arrangement of berried shrubs in metal or wood container. (No flowers.)

Class II—Arrangement of cut plant material, red flowers predominating, in Mexican container.

Class III—Arrangement of small dahlias in uniform amber glass container. These containers may be secured at the Neighborhood Club.

Class IV—Flat arrangement on a platter or flat container of any shape.

Class V—An arrangement of fruit and any foliage in a comport.

Class VI—Small arrangements: a. In container from 2 to 3 1/2 inches inclusive; b. In container over 3 1/2 to 5 inches inclusive.

Mrs. D. M. Ferry, Jr., Mrs. John S. Newberry and Mrs. W. B. Palmer, Jr. are the schedule committee for the garden club section.

Featured in the general schedule will be Gladiolus, both in individual spikes, collections and arrangements, and in this section will be an especially in-

teresting special class calling for "Best Collection of Gladiolus, open to any private or amateur grower," for which a silver prize is offered by Elbert C. Stahl and Sons, Grosse Pointe Farms, with additional second and third prizes offered by the society.

A large complimentary showing of named varieties of Gladiolus will also be staged by Mr. Stahl.

Dahlias are also a striking feature, and Mr. Nick Koenig, the well known Dahlia originator of New Baltimore will display a very large collection of all the best and newest introductions of American and European growers, embracing many striking novelties.

THE PEOPLE ARE BOSS KENNETH R. SMART REPUBLICAN CANDIDATE for SHERIFF

ELECT FRANK SELVIDGE State Senator First District Republican

Dodge Is Business Type Of Candidate

In High R. Dodge, of 1838 Hunt Club Drive, Grosse Pointe Woods offers the First Senatorial District a successful business man type of candidate for the State Senate.

Dodge's sound platform for his legislative ambitions is based on sound business experience. His urging of the passage of a Wayne County civil service bill and an expansion of the State Civil Service is an outgrowth of his keen business conception of the value of training for key positions.

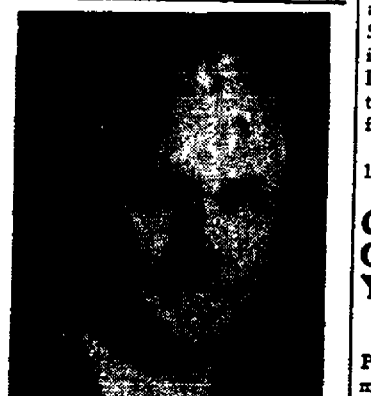

After he left high school Dodge almost immediately entered the business world and night school. He continued with both for several years and finally received his degree in business administration.

Dodge is married, 34 years old, has one child—a daughter. His business is building insulation. He was one of the pioneers whose belief in the future of insulation did much to bring it to the point of production and efficiency which makes the insulated home the last word in modern home building.

His business career contrasts vividly with the general pattern of politics in Wayne County. He is a member of several business men's organizations covering the section in which his business is located. He is also a member of the State Legislative Association.

Pointe's 'Wildcats' and Pointe's Ivory Rangers will be held Sunday afternoon at 3:30 o'clock on the Cook Road field.

So far this season each team has come out on top once, and this concluding "grudge battle" will surely be the highlight of the summer.

At present the "Wildcats" are leading the Michigan Polo Association and need Sunday's games to clinch the title.

Frank Selvidge Runs For State Senator

Frank Selvidge, candidate for State Senator from the First District of Wayne County, has been a resident of Wayne County and the State of Michigan for 20 years.

Points and Pointers

The newest wrinkle in figure conditioning for women who care, comes from Donna's Hair and Health Studio, which has recently re-opened their body department for the fall season.

It is now absolutely unnecessary for women to envy the glamorous women in the news who have been able to keep their figures slim.

Miss Donna, after a three-weeks visit to Hollywood, of which much of the time was spent directly in the studios, and after personal consultations with the stars' beauty consultants, is in an excellent position to analyze your figure problems in terms of the new season styles.

City Of Grosse Pointe Officers Capture Youthful Thieves

The timely arrival of a City of Grosse Pointe scout car early last Sunday morning prevented the rifling of four or five parked automobiles in the vicinity of Washington and Lincoln roads near Goethe.

'One-Man' Crime Wave Gives Police Officials Hectic Seven Days

An 18-year-old Detroit youth, who stole six cars from different sections of Grosse Pointe in seven days, was finally captured by an alert Grosse Pointe Farms officer on Labor Day afternoon.

Identified as Norman Eschrich, of 14209 Chelsea, the youth broke down and confessed to a fast and furious seven-day crime wave which kept local authorities jumping from start to finish.

Centering his activities around the Country Club of Detroit, Eschrich lifted four cars and drove them to different sections of the community where he abandoned them. Saturday evening, Eschrich stole a car parked in the shopping center on Kercheval near Notre Dame.

Driving to the Grosse Pointe Yacht Club on Lake Shore Drive at Eight Mile road, on Sunday, Eschrich abandoned Saturday's theft, seized another car and escaped.

Labor Day afternoon Eschrich drove up to the Grosse Pointe High School tennis courts in the stolen car, hopped out, and lifted another automobile from under the nose of its owner.

Realizing that the culprit was somewhere in the vicinity, Farms police contacted the Grosse Pointe Shores and the City of Grosse Pointe police de-

partments and with quick cooperation blocked all main roads out of the Pointe.

A short time later, Eschrich appeared at Fisher road and Kercheval and was seized while waiting for a red light by Sergeant Bolo of the Farms police.

Tuesday afternoon Eschrich was taken downtown to the prosecutor's office and a warrant was drawn out.

All six stolen cars were recovered. All automobiles stolen in Grosse

Pointe Farms during the past year have been cars with keys left in the ignition.

### C. S. Houston Expresses Views On Business

[Editor's Note: The ideas of all political candidates are not necessarily the opinions of The Grosse Pointe Review, and should not be identified as such.]

C. S. Houston, on the Republican ticket for State Representative, expressed his views on the campaign issues as follows:

"Governmental economy rather than new taxes is what is needed. If government really wants to restore industrial employment and real wages, it should reduce expenditures and taxes and not increase them.

"No one will deny the need of adequate relief for the unemployed, but increased taxation is not necessary. Michigan tax revenues and federal aid have soared to an all-time peak. Expenditures have risen faster than revenues. Now the public purse is empty. Additional taxation is the first solution proposed by hysterical politicians.

"If \$10,000,000 for relief are necessary, they can be found by meager economies in Michigan's governmental expenditures. What we need is common sense administration of governmental expenditures—state and local, not more taxes.

"Business is today engendering a new confidence and starting the nation back towards recovery. Every tax levied on business is a tax on the laborer, who is the consumer. Every new tax on Michigan business drives employment out of Michigan and the workers are entitled to a fair deal."

### Taxes

(Continued from Page One)

state of ninety-two million dollars. This, Provo stated, proves one thing, the valuation in Gratiot Township was way too low. While the township in general had an increase of 54 per cent, it does not mean that any particular resident had an increase of this amount. Provo points out that the assessed valuation on his home was increased 94 per cent and he cited a case of an increase in valuation amounting to 600 per cent, and, likewise, there are cases in the township where there was actually a decrease in valuation. The farm land was valued at \$225.00 per acre and the new valuation set at \$250.00 for an increase of something like 15 per cent.

A further remark in the Town News article stating that many persons had been given to understand that the local tax levy might be skipped for one year is another contemptible lie, according to Provo. The remark made was that if there were no more water lines installed in the township this year, that it could be possible; that money could have been appropriated from the water fund into the township fund to cover expenses, but nobody was ever told that there was any intention of doing that. The remark merely stated that it could be done.

It might also be interesting to know that the Gratiot Township tax rate of \$2.40 per thousand still ranks among the lowest in Wayne County. In fact, Provo pointed out, there are forty-three municipalities in the county and Gratiot Township ranks among the lowest in tax rate. Such a condition could never cause people to gasp for air.

Let us just compare what the residents of Gratiot Township get for their \$2.40 per thousand valuation. The average home in Gratiot Township is valued at less than \$2,000.00, but let us just use \$2,000.00 as a medium. At \$2.40 per thousand this would mean the average resident pays \$4.80 per year, and here is what they receive. Highway lighting in proper form, the services of a supervisor, treasurer, clerk, four justices of the peace, four constables, two members of the Board of Review, one health officer, rubbish disposal once each month, the services of an attorney, an engineer, and members of the Planning Board. This year included in the expenses will be four elections, office upkeep, stamps, stationery, etc., and many other little items too numerous to mention. The same \$2,000.00 home in a neighboring municipality would be valued at not less than \$4,000.00 with a tax rate of approximately \$2.00 per thousand, or the same average home in this municipality would pay \$12.00 each year in city taxes alone against \$4.80 in Gratiot Township. This certainly does not cause residents of Gratiot Township to gasp for air.

Gratiot Township as it exists today has nearly everything that a village or city could hope for. The only things we seem to lack are police service during the day, which we do not need, and garbage disposal, which is being worked out at the present time. On top of this the township has nearly \$5,000.00 in their different funds and is free from bonded indebtedness. The township had \$2,950.00 in all funds when Provo took office.

It becomes a serious thing when any outside interest will criticize a community and its people when such a condition exists.

A remark in this article stating that Provo did not say why the tax rate had been increased was "the last contemptible lie." The reasons were stated openly to the residents at its meeting the first Monday in May, approved unanimously by the public and the board, and an article carried in the "Grosse Pointe Review" to its effect.

Provo contends that any unrest among the people in Gratiot Township is caused by outside non-taxpaying interests, commonly known as the "Fifth Column." Unlike some foreign countries, Gratiot Township's troubles are never from within but from without.

Provo writes an open letter to Mr. Matthew M. Goebel, publisher of Town News.

"Mr. Matthew M. Goebel,  
"Dear Sir:

"Your unjust accusations and misleading statements appearing in your newspaper to the detriment of the citizens of Gratiot Township will no longer be tolerated. By such articles you are insulting the intelligence of the residents of our fair community.

"You stated in one part of your article last week that Provo did not state the reasons for the increase, but you cannot deny that you carried an article in your paper in April showing the cause of the increase. Do you hope to establish confidence by denying your own articles?

"The residents of Gratiot Township are mighty well informed as to all moves and you cannot hope to make them believe that your articles have any semblance of truth.

"This writer is not looking for an argument, Mr. Goebel. You have definitely taken the aggressive part, but you certainly will not blame me for defending myself and our people. If you go too far with your articles, there

shall be information printed that will have a mighty wholesome effect upon the public mind. If I am to take your articles as a challenge, I want you to know they are accepted.

"An immediate apology to our residents is expected.

"ERNEST A. PROVO,  
"Supervisor."

### Suburban Man Favored In County Auditor Race

For the first time in many years a suburban resident is conceded a good chance for nomination to a major county office at the primary election on September 10.

One of the leading candidates for nomination for County Auditor on the Republican ticket is William F. Von Moll of Trenton. Widely and favorably known in this area, Mr. Von Moll has the confidence of citizens and civic leaders in Detroit as well.

The widespread support for Von Moll stems from his lifelong residence in Wayne County, and his record of progressive accomplishment in public office.

Born in Detroit in 1892, William F. Von Moll attended the Detroit public schools in his boyhood. After working for a period of years for the Solvay Process Company he settled in the Village of Sibley, which he served as village clerk and postmaster. In 1925 Von Moll was elected treasurer of Monguagon Township, and in 1928 was made supervisor of his down-river area, which includes the communities of Riverview and Trenton.

Annually, in all the 12 years since 1928, the people of Monguagon have re-elected Mr. Von Moll to the post of supervisor. Early in this period he was instrumental in bringing about the merger of the Villages of Sibley and Riverview for reasons of economy and good government.

All his public service has been marked by the same kind of progressive activity in behalf of good management of the people's affairs.

Of interest to our younger citizens, Von Moll organized the first Boy Scout troop in Monguagon, and has been for 20 years a member of the troop committee of Boy Scout Troop R-S 1 (Riverview-Sibley).

As to his personal life, he is married and has two children, Leola and William, a student at Wayne University. Mrs. Von Moll, formerly Bertha McDonald, is also a native of Wayne County.

### Ernest D. O'Brien Seeks Judge Of Probate Post

[Editor's Note: The ideas of all political candidates are not necessarily the opinions of The Grosse Pointe Review, and should not be identified as such.]

Ernest D. O'Brien, candidate for judge of the probate court in the primaries, September 10, is a young man who realizes the importance of the office he seeks and who feels that he is thoroughly equipped, by education and temperament to handle successfully the business of the court. Mr. O'Brien, the son of Judge Ernest A. O'Brien, of the United States District Court, Detroit, in an interview yesterday had this to say of the probate judgeship:

"There is no more important court in the state judiciary than the probate court. It passes upon the liberty and mental condition of citizens brought before it. It administers and safeguards the property of infants and incompetents. It cares for and distributes, with even-handed justice, the estates of all deceased persons.

"Unlike any other court, the probate is the one court with which, at least once in a generation, all our citizens have contact. It is evident that the affairs of this court should be administered by men of high character, thorough education in the law, varied experience and unquestioned fairness."

Mr. O'Brien has had unusual training and long experience in probate courts. He graduated with highest honors from the law department of the University of Michigan, receiving the extraordinary degree, for scholarship, of Doctor of Jurisprudence. Since graduation his constant practice has been in Wayne County and he has given special attention to law pertaining to the probate court.

His entire life, with the exception of the time he was away at school, has been spent in Detroit and Wayne County.

### Ralph H. Kirby Stands On Business Record

Ralph H. Kirby, recommended by the Detroit Citizens League as a candidate for the Republican nomination for County Auditor in the primary election September 10, believes his record of twenty-five years as a successful business man is his best qualification for the office he seeks.

"The auditor's office is the head business of the County of Wayne," he declared in an interview today. "Through it passes the major business affairs that affect all residents of Detroit and the other cities, villages and townships of the county. The people who foot the bills for the cost of county government should be as alert in seeing that their money is handled as wisely, as that of any successful private business

establishment.

In a service of four terms as a member of the Board of County Supervisors, by appointment of the Detroit City Council, Mr. Kirby has been brought into close touch with the many business affairs handled by the County Auditors, as the supervisors pass upon the county budget prepared for them by the auditors. He has never been a candidate for office until this year.

Kirby also has devoted much time to Republican party affairs for years past. He is chairman of the 14th District Republican Congressional Committee and also is vice-chairman of the Greater East Side Republican Club. His work in behalf of his party has made him a wide acquaintance among Republican voters whose support he is now seeking in the September primary.

### Arthur F. Moore Seeks G. O. P. Nomination For Lieutenant Governor

Arthur F. Moore, life-long resident of Michigan and prominent in the civic affairs of the City of Melvindale,

Wayne County, is making a strong bid for the Lieutenant Governor nomination on the Republican ticket at the coming state primary on September 10.

Featuring a platform of no new taxes, expansion of old age assistance, and the encouragement of private industry, Moore, if elected, will guarantee the

publication of a "successful and economic administration of state affairs."

Moore believes that through his personal touch and contact with the industrial worker, he knows the problem of both the employer and employee.

### Harry Nelson Plans Slate Of Assistants

Inasmuch as assistant prosecuting attorneys handle the great majority of cases in the Wayne County prosecutor's office, the voter should know before casting his ballot for prosecutor what personnel each candidate has in mind.

This is the opinion of Harry C. Nelson, candidate for the Republican nomination for this office, and to that end he promises if nominated to choose and make public his slate of assistants in ample time before the November election for the study of the voters.

### George Shaeffer Pleads For Constitutional Democracy Now

"The present Congress of the United States, whip-lashed by New Deal leadership, has just about lost its representative character as called for by our Constitution. The people, weary of broken pledges are divided into two groups generally. The first group, following the New Deal, have been either led into the belief that they do not know enough about affairs to trust their own judgment or they have surrendered completely to executive domination through fear or exhaustion. The second group have gathered under the banner of the re-vitalized Republican party under the leadership of Wendell Willkie, to restore representative government to the people, to fight military dictatorship, and to preserve the American traditions of independence and personal liberty."

### Harold Allen Seeks County Sheriff's Post

A man's record speaks his character and reflects—more so than any other factor—his ancestral traditions and upbringing. That is why we ask you to help elect Harold Allen, the people's candidate for sheriff on the Democratic ticket, on September 10. And yet, before we state the true plain facts about his life, let us consider his family background, for after all, breeding and heritage make the man what he is inside—give him the essential character from which springs sound judgment, respect for human rights, a feeling of compassion for the dependent and helpless. As you who know him will conclude for yourself, that is the background of Harold Allen. Born in Detroit 43 years ago, Harold Allen is a man of the people, respected by all with whom he worked in the interests of the bowling world.

### Elaine Marie Arndt Reopens Dance Studio

Enrollments will be taken starting Monday, September 10th, at the Arndt Dance Studio. Classes for children and adults in all types of dancing are offered under expert instructors.

Good dancing is necessary to social success. Instruction in dancing develops poise, grace and personality. Ballroom lessons include instruction in social etiquette.

Elaine Arndt offers the latest methods of teaching and the finest in dance material from Mexico, California, Chicago and New York. Miss Arndt offers a season of sensations, and a gorgeous new school for your dancing pleasure. (Alter road and Fairfax.)

The benefits of dancing are permanent. For information call L.E. 7639 or interviews at 919 Barrington road.

### Rex P. Cranson Gets "Preferred" Rating Of Citizens' League

[Editor's Note: The ideas of all political candidates are not necessarily the opinions of The Grosse Pointe Review, and should not be identified as such.]

Dr. Rex P. Cranson, only Grosse Pointe Republican candidate for State Representative in the field of 54, received the "preferred" rating of the Detroit Citizens League, according to the Civic Searchlight, its official news organ.

Cranson is a member of local, state and national dental societies and for many years an active figure in Republican politics. He is a director of the mittee.

He is a graduate of the University of Michigan, served in the World War, and is a past president of the Grosse Pointe Rotary Club. This is his first Wayne County Republican Precinct Organization in charge of the 14th Congressional District of Michigan, and a member of the executive committee of the Wayne County Republican Commission for a state office.

### Hal H. Smith Runs For Delegate

(Continued from Page One) ing the party. He argues that public appeals for contributions tend to eliminate subscriptions by special interests and undesirables who try in this way to buy immunity and special privileges. He believes that the support of the party should not be left to a limited number of contributors, to any special interest or to any particular clique or group in the party organization. In so doing, he has been in frequent conflict with party bosses.

His interest in this primary and in the county convention to be held September 18th is founded on his belief that the domination of Edward N. Barnard in the Republican party in Wayne County is injurious to Republican success and that a Barnard delegation to the state convention does not make for good government in Michigan. He opposes the Barnard-McKeighan-McKay combination as distinctly inimical not only to the Republican party but also to the best interests of Michigan. The delegates to the county convention choose the delegates to the State Republican Convention and that convention nominates the Republican candidates for judges of the Supreme Court; Auditor General, Attorney General, State Treasurer, and other state officers. It is important, therefore, that care should be taken in the selection of the precinct delegates. Mr. Smith is a substantial taxpayer in Grosse Pointe Park and has always been ready with his help for every civic enterprise.

Harry Gee of 710 Barrington, whose name was filed as a candidate and will be on the ballot, is withdrawing in Mr. Smith's behalf and actively supporting him.
