### Rubbish Disposal System Studied In Gratiot Township

Three Gratiot Township business men appeared as a committee at the monthly board meeting, held last Monday eve ning in Eastwood School, and added their ideas and opinions to the garbage and rubbish disposal system now under discussion.

One plan suggested hiring a private truck to pick up garbage and rubbish under a township franchise, charging each resident a small price for every stop.

The problem will be brought up again at next board meeting, Monday evening. November 4.

Under the present system, two pickups will be made this month-Thursday. October 17, and Thursday, Octo- ust, indicating a large increase over the ber 31.

### Junior Programs, Inc. **Presents Marionette** Show At Pierce High

It is only in the past few years, following organized efforts by parents', educators' and other groups to offset harmful effects on the moral and cultural growth of children by trashy en-

tertainment and literature, that any development has taken place in the American arts for children and youth. The extent of progress achieved will

be on view in Grosse Pointe on Saturday, October 26, when, under the sponsorship of Parent-Teachers Association the Marion Bishop Marionettes will be presented at Pierce Jamior High School. This is a production by Junior Programs, Inc., the actional non-commercial movement providing juvenile audiences with selected and approved proessional entertainment for the young. While this organization, founded and year.

directed by Mrs. Dorothy L. McFadden, has, during the past four years, produced three operas, four ballets, two plays and numerous smaller offerings that have been seen by more than 3, 000,000 children, its influence this year

is beginning to reach out over the entire field of the arts as they affect America's youth. Book publishers and phonograph recording companies catering to the juvenile field are allaying themselves with Junior Programs, Inc.,

in an effort to extend its cultural bene fits to children through other channels Two books for children based on the Junior Programs productions, "The Bumble Bee Prince" and "Robin Hood," released only this year, are now on thousands of children's library

## NORBERT P. NEFF, CITY CLERK.

first half, Grosse Pointe High's football squad rallied in the final quarter of last Saturday's game and nosed out Royal Oak 7-6, ending a disastrous eight-game losing streak which has dogged the local lads for two seasons. Royal Oak drew first blood early in the opening quarter when a 40-yard pass placed the Oaks deep in Grosse Pointe territory. Four plays later the "Acoras" swept around end to score. The Pointers blocked the place-kick try for the extra point.

Royal Oak threatened again in the second period but could get nothing across. The third quarter saw Royal Oak stop a Grosse Pointe touchdown march, only to have the Pointers come right back and intercept an "Acorn" forward pass.

After being effectively smothered for three quarters, Grosse Pointe's vaunted passing attack finally started to connect shortly after the start of the last period. Gordon Tanner pitched the Pointers into Royal Oak territory and climaxed the drive with a long pass to Bob Burean. Burean advanced to the "Oak's" 20-yard line yard before shoveling a lateral pass to Bill Carlson, who traveled the remaining distance unmoleated. Grosse Pointe faked a placekick on the ext.a point attempt and Tanner passed to Ray Weaver in the end yone.
