### On The Subject Of Taxation In Gratiot Township

Gentlemen:  
I have listened to discussions on this new equalization of taxes in our township and wonder if a lot of us are familiar with all of it.  
"If you will grant me the space I would like to express my views and attempt to make a few comparisons in an endeavor to get at the facts as I understand them.  
From what I gathered at the meeting sponsored by the Gratiot Township Improvement Association Thursday, December 12, at the Eastwood School is as follows:  
The new assessments received on our tax bills this year are the result of a survey made by the Wayne County Assessors Office to put a true cash value on all properties in Wayne County regardless of location or size. This survey was made in an effort to equalize the said properties so that everyone will pay the same tax in proportion to the size and development of said properties.  
The new assessed value of your holdings are now supposed to be permanent and will be the basis for your future assessments.  
These assessments had spread over three branches of government: (1) the county, (2) the School Board, (3) the township. In the event that one branch lowers their mill tax, either of the others may, if they deem it necessary, add this to their budget, keeping the

limit of 15 mills in force.  
"This 15-mill tax applied to a house assessed at \$2,000 amounts to \$30. Now  
(Continued on Page Two)

Employee Robs Esquire Theater; Captured By St. Louis Police

Detained by St. Louis police following a wire from Grosse Pointe Park authorities, Ray Lowe, 19, of 5238 Ivanhoe, has been returned to Detroit and will stand trial on a charge of robbing the Esquire Theater of \$75 early last Friday morning.  
Park police stated that Lowe, an Esquire employee, returned to the theater after midnight closing time, forced the cashier's cage and strong box and fled with the loot. Lowe then boarded a bus bound for Dallas, Texas, police said.  
Through a slender chain of evidence Park Detectives Art Lauers and Robert Butts traced Lowe's bus ticket. St. Louis authorities were notified and Lowe was taken off when the bus pulled in. Lauers traveled to St. Louis by train Monday and returned the following day with the prisoner. Theater Manager Joseph Daly said 40 books of gift tickets had also been taken by Lowe.

### Young Driver Given Three Years' Probation In Fatal Accident

Found guilty on a manslaughter charge, John Silvani, 18, of 2127 Anderson, driver of the car in which a 16-year-old boy met death in a crash on September 22 at Charlevoix and Nottingham, has been placed on a three-year probation term by Circuit Court Judge Joseph A. Moynihan.  
Moynihan also ordered complete restitution to the parents of the dead youth. John Chisholm, 27, of 2552 Anderson, owner of the death car, paid a \$50 fine and served 15 days in the Wayne County jail on a contempt of court charge during the trial. Judge Moynihan stated that Chisholm lied in his testimony.  
There is still time to have your cleaning and pressing done for the NEW YEAR'S EVE CELEBRATIONS. IMPERIAL CLEANERS & DYERS MACK AT NOTTINGHAM TUEXDO 2-3000

### Outdoor Crib at St. Clare Church

With impressive ceremonies the outdoor Christmas crib was lighted up on the grounds of St. Clare Church, Charlevoix at Whittier on Christmas Eve. Following services within the church, the entire congregation, together with the choir, altar boys and the pastor and his assistants, marched in solemn procession to the outdoor crib. The choir chanted Christmas hymns. The crib was then lighted. The three priests in the picture (left to right) are: Rev. Bernard McConville, O.S.A.; The Very Rev. Philip Colgan, O.S.A., and Rev. John Costigan, O.S.A. The crib will remain on display throughout the holiday season. Picture by Review Staff Photographer.

### Ex-Detroit Policeman Injured In Auto Mishap

Resting comfortably in Cottage Hospital, Jack Conway, 56-year-old former Detroit policeman, who recently assumed management of "The Old Brick Inn" at 18650 Mack, is today slowly recovering from several broken ribs suffered in an automobile accident at Mack and Fisher Road, early last Friday morning.  
City of Grosse Pointe police authorities stated that Conway's car overturned after leaving the road and striking a telephone pole. Conway, riding alone, was unconscious when police reached the scene. As yet no eye-witnesses have been found.

### Gratiot Water System Shows Huge Profit

The township records show that 437 applications were made for water taps from December 12, 1939, to December 12, 1940.  
The net profit on this amount of taps is approximately \$12,100 or more than \$1,000 per month. A small amount of expense is still chargeable to this profit.  
It was stated that approximately \$1,800 worth of trunk lines were installed and a gate well, both being paid for in cash out of these profits.  
Mr. and Mrs. Atlee C. McFellon, of Harvard Road, announced the engagement of their daughter, Jane, to Elmer Norman at a tea for 50 guests last Sunday afternoon. Miss McFellon is pledged Chi Omega at Michigan State College and Mr. Harmon is graduated from the Concordia College at Wayne University.

### Voting Records Being Checked

Michigan laws relating to elections require an annual check of the voting records of all registered electors as follows: "During the month of December in each year he (the City Clerk) shall examine the registration records and shall suspend the registration of all voters who have not voted within a period of two years: Provided, That each such voter shall be sent a notice through the mail substantially as follows:  
Notice of Suspension of Registration.  
You are hereby notified that your registration as a qualified voter will be cancelled according to state law, for having failed to vote within the past two years, unless you apply for a continuation within 30 days from this date. You may continue your registration by signing the statement below and returning it to this office or applying in person.  
After the expiration of 30 days the clerk shall cancel the registration of all electors thus notified who have not applied for continuation.  
The City of Grosse Pointe has a total

### Packing House Visited By High School Pupils

Swift's Detroit packing house was recently visited by Grosse Pointe High School food class students under the direction of Miss Marian McMillan.  
The group, escorted through the entire plant, inspected the smokehouse, the refrigerated selling rooms and the sausage grinding room.

### Letter to Review Points Out System's Efficiency and Economy

The following letter from City of Grosse Pointe Police Chief Thomas V. Trombly was received by the Review early this week. Trombly defends his department's radio service system, which has been under discussion lately. The letter follows:  
Editor:  
"Much has been said recently about the Grosse Pointe radio system service and wave length in use at the present time.  
"The WRDR radio on Eight Mile Road in Grosse Pointe Woods now services all of Grosse Pointe Township. The City of Grosse Pointe's three-way radio operated on a frequency of 37,100 kilocycles and of 5 watt power, services the City of Grosse Pointe in a radius of approximately one mile square. We have receivers and transmitters in four scout cars which are serviced by this radio—the radio operation from car to car or station to car.  
"It is only necessary for an operator in the car to pick up a receiver and talk to another car without bothering the station or radio headquarters. This is convenient and necessary in cases of emergency within the city. In addition to the radio, the city is on the Wayne County and State Police teletype system with headquarters at the Detroit Police Department. The Wayne County operator teletypes all major emergencies to transmitting and chain on the

### City Resident Commits Suicide In Home

Edmund R. Peoples, 61-year-old D. S. R. motorman and twice-defeated candidate for councilman in the City of Grosse Pointe, shot and killed himself early last Friday morning in his home at 858 Washington Road.  
Police officials stated that Peoples had been in ill health for some time and had been unable to sleep for nearly a week. Mrs. Peoples told police that her husband had been sitting up all night, and when she went downstairs to make breakfast he walked into his room and took his life.  
Chief Thomas V. Trombly stated that the bullet entered the roof of the mouth and evidently lodged in the brain. Peoples was dead when police officers arrived at the home, Trombly concluded.  
Sally Sherman, daughter of Mr. and Mrs. Morgan J. Sherman, of Meadowlane, was hostess to 18 guests at the junior party at the Grosse Pointe Yacht Club last Saturday night.

### 'Puzzle That Pays' Starts in This Issue

Three Merchandise Prizes Offered Each Week for 16 Weeks.  
"The Puzzle That Pays" contest for readers of The Grosse Pointe Review begins in this issue and will continue for the next 16 weeks. Anyone can participate in this contest which is much like the crossword puzzles that have long been popular with readers of daily newspapers.  
There will be merchandise prizes each week for the first three contestants who submit the first three correct, neatest and most original solutions to the puzzle. The answers may be mailed or brought to our office.  
This fascinating and profitable feature will be found in this issue. The "Puzzle That Pays" contains the name of one of the advertisers in the group making the puzzle possible, the address of another and the phone number of a third advertiser. You will find the puzzle easy to work if you check all advertisements closely.  
The contest is not a game of chance, the rewards going only to those who submit correct solutions. Correctness, promptness, neatness and originality are the things that will count. But remember that no matter how neat, prompt, or original your solution may be, it will not have a chance to win one of the prizes if it is not correct.  
Each week, the key as to what you will find hidden in the puzzle will be published. In every puzzle it will be names, addresses or phone numbers of participating merchants found on the pages below the puzzle.  
A numeral or letter may be used only once in finding the correct solution. Address all answers to "The Puzzle That Pays" Editor, The Grosse Pointe Review, 15121 Kercheval Avenue, Grosse Pointe, Mich.  
You will find it "pays" to work "The Puzzle That Pays."

To the Citizens of Grosse Pointe Park!

## OPEN HOUSE

Your newly completed Storm Water Pumping Station will be open for inspection on New Year's Day from 2 to 5 p. m.

It seems fitting to enjoy our American rights of assembly, and your Village Commissioners will hope to have the pleasure of meeting you on this occasion.

WARD F. VAN DEUSEN, Commissioner of Public Affairs.

KARL B. GODDARD, Village President.

# News Digest

By DICK BODYCOMBE

After much crystal gazing and pages of mathematical calculations, a Rose Bowl game prediction seems very much the order of the day. Disregarding other bowl games for the moment, Stanford should beat Nebraska by two touchdowns with all-American full-back Norm Standlee turning in his outstanding collegiate performance. In analyzing Stanford's 1940 "powerhouse," well-known sports writers have heaped excess credit on the rounding shoulders of Coach Clark Shaughnessy, refugee from non-footballing Chicago University. Overlooked has been Stanford's hard-working backfield coach, Marchmont Schwartz, former "Notre Dame touchdown hero" extraordinary. Toning in the background, Schwartz has carefully moulded one of the finest running attacks seen on the West Coast for many a season.

In rehabilitating the widely-discussed Nazi decree legalizing the sale of domestic animal meat for human consumption, sippant phrase-making Time magazine remarks that blitzkrieg-weary Germans now have mockingly dubbed the common cat as "roof rat."

Hubert Strom, June 1940 graduate of Grosse Pointe High, recently fractured three vertebrae in a 25-foot fall during a rescue drill at the U. S. Coast Guard training station in Milwaukee, Wis. After spending seven weeks in the base hospital, Strom has returned home on an extended sick leave.

In addition to "quising" and "blitzkrieg," Europe's spreading conflict has fathered another pair of descriptive terms—"Warphan," a child left parentless by war, and "Coventrized," meaning massacred, annihilated, etc.

Texas rumor has it that pouting Vice-President John N. Garner "will come out of seclusion" and attend the Roosevelt-Wallace inauguration in Washington on January 20. Well-meaning Republicans nightly serenade "Texas Jack" with an off-key rendition of "Smile, Darn You, Smile."

So far, the only "all-something" football squad that hasn't included Michigan's publicity-happy Tom Harmon has been the Little All-American, chosen from the country's small but potent college football teams.

dio-minded Harmon conducting a weekly pigskin score-guessing show on a national hook-up.

For the fact loving, here are a few choice tidbits—Official University of Michigan figures have tentatively set the total enrollment at 19,956 pupils, and the school's assets have passed the \$78,720,000 mark. . . . The State Conservation Department has established the geographical center of Michigan as "a point in Lake Michigan, between 28 and 29 miles west of the southernmost point of South Manitou Island, in Leelanau County." Real estate operators are offering choice parcels of land in this section at "very reasonable prices."

Comes the cold months, and winter travel folders are added to the "can't escape" list of death and taxes.

A Boston chirpologist says that flat feet can be cured by "picking up marbles between the toes for five minutes twice a day." Local draft boards will furnish the marbles.

Glancing through court case stories in the daily papers, the casual reader has concluded that pepper and acid have replaced the old-fashioned rolling pin as the weapon of an angry wife.

Now that Christmas is over and the rush to exchange "misfit" presents has started, weary Santa has returned to his workshop, picked up his copy of the Review, and eagerly (?) continues his "News Digest" musing.

The Long and Short Of It.—An eminent London scientist claims that the Himalayan mountains have shifted southward slightly over two inches in the past three years. . . . Out in the State of Washington, nearly one-half of historic Mount Coffin (over a million tons of rock) has been removed by engineers in the past 53 years. Mount Coffin was prominently mentioned in the tattered records of the famed Lewis and Clark expedition.

When "the circus comes to town" next summer, it will be in a new and streamlined costume. Norman Bel Geddes, designer of General Motors' "Futurama" exhibit at the ex-New York World's Fair, has recently started a two-year study of the subject of "anything can happen" (and probably will!).

Cows on Increase  
Agricultural economists report the number of milk cows in the United States is on the increase.

## Great Pageant Presented

The great Lyman Bayard pageant, "When the Star Shone," was presented at Grace Church, Lakepointe at Kercheval, December 22. Forty-three people participated in the pageant. Members of the cast were chosen from the congregation and church school. All costumes were authentic Elizabethan style and color designed and constructed by Mr. and Mrs. Stanley Hall. Mr. Hall, in addition, played the heavy role of Rabbi Nathan, while Mrs. Hall directed the pageant. Ian Smith did the initial work of organizing the pageant. A capacity audience witnessed the colorful spectacle. Picture by Review Staff Photographer.

## Society Notes

By MARCIA NETTING

Betty Merrill became Mrs. James Vernon Davis at a wedding ceremony in Christ Church chapel last Saturday afternoon.

Tom Reader, son of Mr. and Mrs. Joseph Reader of Roosevelt place, is planning a dinner party for some of his friends at his home to take place January 3. In the evening, the host will take the guests to the D. A. C. for dancing.

Johnnie Long, son of the H. J. Longs of Lincoln Road, arrived home from Penn State College last week end.

The Allen Rutters, of Rivard Blvd., will play host and hostess roles at an open house in their home Saturday, from 4 to 7.

Lieut. Com. Leon Jacobi arrived in Detroit Christmas morning to spend the day with his family on Fisher Road. Jacobi is stationed on the U. S. S. Dubouque at Boston.

The Christmas holidays brought another Grosse Pointe home. This one is Phil Aled, of Lincoln Road, taking a leave from his post at the University of Delaware, Ohio.

Sixteen Marygrove students from Grosse Pointe took part in the traditional pre-holiday activities at the college in Detroit before Christmas vacation, which started Friday, December 20.

Activities included an all-college Christmas drive through which students provide Christmas boxes for needy families, a Christmas party, at which freshmen entertain the resident students, and the traditional Christmas hour, a program given by the dramatic and music students.

Yvonne Ankle, of 646 Lakepointe; Jean and Ruth Baker, of 1415 Bishop; Jean and Rita Campbell, of 1150 Bedford Road; Mary Corcoran, of 1261 Balfour; Helen Casey, of 725 University; Mary Dietz, of 1147 Beaconsfield; Winifred Dowd, of 1433 Yorkshire; Marjorie Ebner, of 877 Barrington; Marge Fesard, of 1351 Three Mile Drive; Martha Martin, of 1405 Three Mile Drive; Josephine Miller, of 3497 Audubon; Mary O'Connor, of 1407 Beaconsfield; Helen Normile, of 1216 Devonshire, and Charlotte Sullivan, of 1590 Oxford Road, were the Grosse Pointe students who assisted in the work.

In her Devonshire Road home, Eleanor Uridge will be hostess to many of her friends at tea Sunday afternoon, December 29.

Junior night at the D. A. C. has attracted Al Sherman, of Lakeland Road, who will take a party of friends to the club Friday evening.

Mr. and Mrs. Elmer E. Knoch, of 236 McKinley Road, held an open house in honor of Mrs. Donald Walters, of Hollywood, Calif., and her daughter, Shir-

## Mason School Notes

During the last two weeks every boy and girl of Mason School has enrolled in the Junior Red Cross. One of the first Red Cross activities was carried on by the fifth grade girls. They made decorative place cards for hospital patients.

Mason School children bought 3,200 tuberculosis Christmas seals. Joseph Hourihan's 5B's were highest with a sale of 402 seals. After Christmas more extensive Red Cross activities will be initiated. John Hammel, interne, is sponsor of this organization.

The 3B boys and girls made very lovely Christmas gifts for their parents.

Ash trays for fathers were molded from clay, and many of the children drew Indian designs on them and then lacquered them in bright colors.

The hot pot holders for mothers were made from bright colored gingham. The boys learned to take some very tiny stitches and said they really liked to sew, and some of them proved it by sewing three holders. We made pretty Christmas cards too, which were wrapped with their gifts.

On Friday before Christmas students sat around their Christmas tree, read stories and sang Christmas carols. They were very happy.

Eleanor Uridge will be hostess Friday evening for the D. A. C. junior party, featuring Orris Tucker and Bonnie Baker. Eleanor's guest list includes William Edwards, Eleanor Edwards and Robert Gray.

## On the Subject Of Taxation In Gratiot Township

ceiving this much benefit, for our money? I, for one, think we are.

"We have three paved highways in our township maintained by the county summer and winter. Our unpaved streets are all in good condition and continuously serviced. A few newly opened roads need improvement and no doubt they will be taken care of.

"We do have drainage—not entirely satisfactory, but our rapid development has gotten ahead of the county and I am sure they will get around to us soon. Our weeds are cut every year along the highways and side streets, and, in our end, the men cleared off a large field for us to use as a ball diamond. The Road Commission has agreed to prepare and maintain the property acquired in the tax sale for a ball field and playground. They also built and flooded two large ice skating rinks this year. This we receive for our county mill tax.

"The school question is quite a problem in District No. 2, but in No. 9 let us see. Our children get bus transportation to and from school five days a week, 40 weeks a year. This, alone amounts to more than the entire tax on a \$2,000 home. In addition, they attend one of the finest school systems in the country. The Grosse Pointe School Board and faculty treat all our children and their's equally, and I'm sure everyone appreciates their attitude and co-operation.

"District No. 2 has a school problem and will continue to have one as long as they continue to develop their section as rapidly as they have in the last year or more, but this additional revenue will help rather than hinder them in the erection of new schools and establishing teaching staffs.

"The township tax is used to pay salaries of Supervisor, Clerk, Treasurer, election board members, Justice fees, Constable fees, attorney fees, printing matter, posting of notices and lights throughout the township.

"After all, it's not as bad as it seems. None of us like to pay taxes, but as long as we have to have them, let's compare them with the benefits received. Most of us have no sidewalks, sewers or paved streets, but no one else anywhere ever got them for nothing.

"Let's give our past and present Supervisors credit for not bonding the township and try to work out a harmonious program, whereby we can get the needed improvements without getting in debt over our heads.

"And, last, but not least, let's get together and stop bickering with one another over nothing at all.

"Thanking you,  
"H. BROQUET,  
"20535 Ridgmont,"

Hero Of Narvik Battle Speaks In Detroit On Sunday, December 29

The hero of the Battle for Narvik, Norway, 36-year-old Mayor Theodor Broch, will appear in person at the Detroit Institute of Arts, Woodward at Kirby, next Sunday afternoon and evening, December 29, to tell his eye-witness story of the invasion by Germany. At 3:30 p. m. he will speak on "The Battle for Narvik," and at 8:30 p. m. he will tell the dramatic story of his escape to America, in a lecture entitled "I Escaped from the Nazis."

"Norway will win back its independence," says Broch, who was the youngest mayor in Norway and the son of Norway's former war minister. "Germany cannot break the Norwegians to its will any more than it can level Norway's mountains." Mr. Broch witnessed the sinking of the Norwegian fleet in the Narvik Harbor by the Germans and the subsequent sinking of the German fleet by the British. Because of his part in defending Narvik, he was condemned to death by the Nazis, but escaped and made his way through Sweden, Russia and Japan to the United States.

Broch's personal appearance in Detroit are sponsored by the World Adventure Series, the public lecture course at the Detroit Institute of Arts.

Journalism Beginners Write Next Issue Of High School Paper

As part of beginning journalism course work at Grosse Pointe High School, the first semester journalism students will write the next issue of the "Tower," weekly high school newspaper on January 7.

The staff has been chosen as follows: Virginia Shoemaker and Bill Meecham, managing editors; Bob Shepler and Bill Auch, associate editors; Lane Fortinberry and Keith Tygham, sports editors; Beatrice Luce and Patricia Peterson, first page editors; Jim Lowmaster and June Retzlaff, third page editors; Charles Blessed and George Skrubbs, business managers, and Barbara Boydell and Jean McConachie, Did You Know editors.

Kroger Employees Get Christmas Bonus Checks

Distribution of Christmas bonus checks to approximately 1,630 employees of the Detroit branch of the Kroger Grocery & Baking Co. has been completed, W. W. Rogers, branch manager, announced yesterday.

Accompanying the checks was a personal Christmas greeting from Albert H. Morrill, Kroger president. In his message, Morrill also informed employees that \$500 had been added to their group life insurance policies for the year starting December 2, 1940, without any additional premium cost. This increases the value of their original \$1,000 policies to \$2,500, two other \$500 increases having been effected previously.

Rogers said that directors of the grocery firm had appropriated \$300,000 as bonuses to all who have been in the employ of the company for a year or more, except branch executives and keymen who already are participating in a profit-sharing plan. Kroger employees receiving Christmas bonus checks included store clerks and managers, warehouse, office and factory employees.

RADIO JAKE

"Words of War," a review of World War II written by WJR's Jack Garrison, will be aired at 9 o'clock, Saturday night. Actual voices of European leaders, recorded by WJR, will tell the story. . . . Eddie Cantor will soon move his show to Hollywood. . . . "It's a Gift" is the new show Tuesdays, Wednesdays and Fridays on CKLW at 12:15 p. m. Real dough just for listening.

WJR's orchestra will join in the coast-to-coast dance over CBS New Year's Eve. . . . Ralph Edwards has his "Truth and Consequences" show at the Fox in Detroit. Weekly airing will go through WWJ. . . . Those Musical Steelmakers on CKLW Sunday afternoon all work in the sponsor's plant.

Shirley Ross replaced Carol Bruce on the Bernie (WJR) show this week. . . . Bernice of Red Apple club fame is playing at the Momo Cafe on Second avenue. Has been in Chicago since she was at Book-Cadillac two years ago. Lawrence Tibbett, whose voice has been "shot" for many months, will make his come-back on the Ford hour Sunday. Ron Gamble had the lucky ticket when WJR announcers drew for a Christmas holiday. Ron and the missus spent the day with his parents in Otsego. . . . WJR's Jimmy Stevenson asked for a used typewriter for a blind colored man. He was offered nine. Graham McNamee is to get some kind of award for being first to broadcast a Rose Bowl game. How many can remember that first broadcast when Graham gave us a picture of sunshine and roses but almost forgot to tell us the score. . . . Fred Allen and Jack Benny have each contributed \$500 toward the musical education of a lad who played "The Bee" on Fred's show four years ago. Remember Allen said it was amazing that the lad could master the piece when a grown man had to struggle with "Love in Bloom". NBC page boy has written a tune for Maestro John Scott Trotter of the Music Hall. Calls it the "John Scott Trotter." . . . Lily Pons will be the prima donna in the "Met" broadcast over WXYZ Saturday. . . . Hollace Shaw, the lovely soprano who made a personal appearance for WJR last year, is the "Vivian" of Hour of Charm show. Jimmy Fidler will return to CBS with Hollywood low-down in January. . . . From what Ol' Jake hears around the state The Hermit's Cave on WJR is the most popular spook show in the air, with "The Shadow" on CKLW Sunday afternoon coming up fast. . . .

To do fitting honor to a guest, some Arabs believe they must serve freshly killed meat. The servant of a sheik will bring in a lamb or a kid alive so that the visitor may see what an excellent animal it is. Then it is killed for the meal.

# Toy Club Starts Deliveries

Here we see some of Santa's helpers ready to start out on their work of bringing happiness to needy children. These are some of the volunteer police and firemen ready to deliver red bags of toys. Besides a great many families, inmates of 10 orphan institutions were remembered this year.  
Picture by Review Staff Photographer.

# CHURCHES

## MESSIAH LUTHERAN

Southeast corner of Kercheval and Lakewood avenues. A. H. A. Loeber, pastor, 1434 Lakewood avenue. Telephone LEnox 2121.

On New Year's Eve a service will take place at 8 o'clock. Holy Communion will be celebrated in this service.

Next Sunday, December 29, the usual Sunday program will be followed: Sunday School at 10, preaching service at 11:15 a. m.

## CHRISTIAN SCIENCE

"Christian Science" will be the subject of the lesson-sermon in all Christian Science Churches throughout the world on Sunday, December 29.

The Golden Text (Matthew 13:33) is: "The Kingdom of heaven is like unto leaven, which a woman took, and hid in three measures of meal, till the whole was leavened."

Among the Bible citations in this passage (Jeremiah 17:7, 14): "Blessed is the man that trusteth in the Lord, and whose hope the Lord is. Heal me, O Lord, and I shall be healed; save me, and I shall be saved; for thou art my praise."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 192): "Christianity is the basis of true healing. Whatever holds human thought in line with selfish love, receives directly the divine power."

## ST. JAMES LUTHERAN

Sunday service in the Punch and Judy Theater, 11 a. m. The Rev. Henry Burandt, executive secretary of missions for the English district of the Lutheran Church, will preach the sermon. Sunday School at 9:45 a. m. Visitation at 11:30 a. m.

## Brain in Youth Needs Less Care Than Heart

It is probably next to impossible for a boy or girl to overwork the brain during school years. Such is one of the conclusions of a report on child development prepared for the National Education Association by Dr. Charles D. Flory, professor of education at Lawrence college in Wisconsin.

When a child enters school, Dr. Flory asserts, the brain is about 83 per cent its maximum size. It can hardly be looked upon as an immature organ in the process of growth, says the Rocky Mountain Herald. At the age of 12 years, however, the heart is only half the mature size and will still be growing in the twentieth year. Teachers, Dr. Flory stresses, should keep these differential growth rates in mind. The growing heart needs careful protection, he declares, "from overzealous coaches who use athletics to win games for the school rather than to develop pupils. The lungs, unlike the heart, are in little danger of overexertion, since their development seems to keep pace with the strains they receive."

Girls, Dr. Flory says, are relatively more mature than boys at every age from birth to maturity and can be subjected to quite different schedules. This is especially true, he says, in respect to skeletal development, where "the sex difference is about one year at school entrance, about two years at entrance to the junior high school and at least one year to 18 months during the high school period."

**Toads Keep City Unnerved**  
The city of Ansonia, Conn., has been plagued since the summer of 1938 with the pestiferous toad.

there and are now playing an encore, which the citizens thought was wiped out several years ago. \$50,000 was spent on a drainer project in an effort to keep the toads out, but heavy rains refilled the pond basin and made it a breeding place. The toads soon learned about it and the city is again plagued.

## Lunch For Learning Youngsters

**AT five minutes after twelve, Monday through Friday, the neighborhood responds to the shouts of hungry youngsters. They come dashing into the house ready to tear into the lunch you have ready for them, so they can get back for an inning or two of baseball or a game of hop-scotch before the bell rings.**

Their lunch should include something hot—soup for instance. Accompany it with a jellied fruit or vegetable salad, bread and butter sandwiches and cookies for dessert.

And of course, a big glass of milk.

Another suggestion would be creamed tuna, carrots and peas on toast, milk, and a gelatine fruit whip or sponge.

One way to cut corners on cooking time is to include salads and desserts made with plain unflavored gelatine on the menu. They may be made in the early and undisturbed part of the morning, put in the refrigerator and then they will be all ready to serve when lunch time arrives.

These gelatine dishes have a glitter to appreciating to youthful eyes and also are packed full of food value. Shredded or chopped raw vegetables, and fresh fruits all can be tucked away within its shiny coat. No loss of valuable minerals and vitamins because they don't have to be cooked. A hint for mothers who have trouble getting the full quota of vegetables eaten—many children will go for them in a big way when wrapped up in shimmering gelatine.

- Vitamin Salad**  
(Serves 6)
- 1 envelope plain gelatine
  - 1/2 cup cold water
  - 1/4 cup hot water
  - 1/4 cup apple juice
- Apple Sponge Pudding**  
(Serves 6)
- 2 egg yolks

"WE LEAD, OTHERS FOLLOW"

## Symphony Orchestra

Following its Christmas week inactivity, the Detroit Symphony Orchestra will resume its concert schedule with the performances of Thursday night, January 2, Friday afternoon, January 3, and Saturday night, January 4, in Masonic Temple.

Richard Crooks, one of America's greatest tenors, will be the soloist at the Thursday-Friday pair, the program for which will be the same. Soloist at the Saturday pop concert will be Winifred Heidt, Detroit mezzo-soprano member of the Metropolitan Opera Association, whose recent rise in the musical world is one of the city's prizes.

Victor Kolar will conduct all three concerts. To orchestral accompaniment Crooks will sing two groups of three songs each: Handel, Total Eclipse from "Samson"; Rachmaninoff, to the Children; Rimsky-Korsakoff, Aria from "May Night"; Gabriolovitch, Good Bye; Elinor Renick Warren, Sailing Home; Fourdrain, Chevauchee Cosaque. A first performance by the orchestra of Prokofiev's Symphonic Suite from the Opera, "The Love of Three Oranges"; Weber's Overture to the Opera, "Euryanthe"; and the Fourth Symphony in E-flat Major, of Glazounow, will complete the program.

Miss Heidt will sing the famous aria, "Una voce poco fa," from Rossini's Opera, "The Barber of Seville," and Habanera from Bizet's "Carmen," at the Saturday night concert. Kolar will lead the orchestra in Mendelssohn's Overture, "Ruy Blas"; Debussy's Noces and Fetes; Russian Sailor's Dance from Gliere's "The Red Poppy"; and Chausson's Symphony in B-flat Major, Op. 20.

After her debut with the Metropolitan a year ago this month, Miss Heidt was engaged for a number of appearances as orchestra soloist and concert artist. She also was heard in half a dozen cities in oratorio. Engagements to be fulfilled include those with the Youngstown Symphony, the St. Louis and Cincinnati Zoo Operas.

Back of Miss Heidt's success is a lifetime of work. Her mother, Leonora Beeman Huntoon, composer and pianist, started training the daughter when she was a child. For 10 years Harriett J. Ingersoll, of Detroit, was her teacher. Miss Heidt began her professional work as a radio and local concert artist and as soloist at the Grosse Pointe Memorial Church. At the age of 30 she entered the Metropolitan Opera auditions contest and was chosen from an original field of more than 650 contestants.

Crooks, whose reputation is world-wide, is pre-eminent in many fields. One of the foremost artists on the concert platform, he holds a position equally unchallenged on the operatic stage. Millions of radio listeners are his devoted followers on the air; thousands of his recordings are sold in every quarter of the globe. His world tours have established him with similar popularity in Australasia, South Africa and most of the European countries. His interpretative powers are as versatile as they are brilliant, the splendor of his voice lending itself uniformly well to songs, opera, ballads or religious music. Crooks made his Metropolitan Opera debut in 1933 and since then has been one of the company's foremost artists.

**Only Woman**  
The only woman ever depicted on the paper currency of the United States was Martha Washington, whose portrait appeared on a series of \$1 bills issued between 1887 and 1892.

Punch Features Grand Holiday Entertainment

Friday through Monday, a more grown-up Deanna Durbin will be at the Punch in "Spring Parade." It is the first picture in which Deanna has ever performed anything but a ballroom dance in her productions.

On Tuesday, Wednesday and Thursday, December 13, January 1 and 2, the Punch will present Myrna Loy's latest success, "Third Finger, Left Hand."

The New Year's Eve midnight show will be Dorothy Lamour and Robert Preston in the technicolor hit "Typhoon."

Good Judgment

A woman visiting the Manhattan Zoo, who was dangling her automobile keys at the end of a chain. She dropped them accidentally and they went into the wildcat's cage.

Artificial Earthquakes Now Used in Search for Oil

The making of artificial earthquakes as a means of locating possible oil deposits has been employed in some of the most inaccessible parts of the mandated territory of New Guinea.

Exploration by geophysics has been employed to trace with gravimetric instruments the formations below the surface. The magnetometer is used to detect and measure the magnetic attraction of underground bodies.

Australia's lack of a domestic oil supply has caused the dominion to interest itself particularly in these investigations. Shell and the Anglo-Iranian Oil company have spent large amounts on prospecting.

The Australasian concern spent \$150,000 on an aerial survey, in which 28,000 square miles of country were photographed. It took several geologists and six draftsmen more than a year to prepare maps from the aerial photographs.

An Attractive Design

The successful design of small house exteriors is largely a matter of first obtaining an effective but simple composition, according to the Federal Housing Administration. This is achieved through the use of simple roof lines and care in the disposition of door and window openings.

As Sam Clemens, Mark Twain Was an Ace Pilot

Even now, on the Mississippi, you will hear that Mark Twain really knew comparatively little about piloting; that he learned all he wrote about it as a clever reporter at the elbow of Horace Bixby, king of river pilots.

"After the lecture I walked backstage," Mark was sitting in an undertaker's chair, resting after his lecture. He looked dog tired. His big mustache was drooping.

"No Chemical Shortage No shortage of dyes and other coal-tar chemicals because of the war in Europe is expected. Whereas in 1914 the United States imported more than 90 per cent of her dyes and other coal-tar chemicals such as medicinals, the country now imports less than 10 per cent and in fact on an export basis.

Drinking Not Increased Drinking has not increased among the city's residents, despite statements to the contrary, according to 60 per cent of the bar-tenders, who recently testified before a senate subcommittee, in Washington.

Cotton Hulls Repository Of Vast Future Fortunes

Packed in the horny brown cottonseed hull are at least 19 chemical elements in combinations to constitute one of nature's most lavish chemical storehouses. As a source of diversified chemicals useful to the petroleum, dyestuffs, perfume, plastics and sugar industries, these hulls in our generation may rival any known agricultural or mineral raw material.

After cotton is ginned, the seeds retain short fibers or lint which is mostly removed in delimiting machines. Cracking the seed permits removal of the kernel or meat, leaving the seed covering or hull and remaining lint. Further separation of hull and lint is now possible by powdering the hull and applying an air blast or by dissolving it in a suitable chemical.

"Porky" Has a Lamb "Porky Chops," whose petting by the McGavock family when she was a lamb spoiled her for life with other sheep, has settled down to a ewe's responsibilities.

Badger Makes Comeback The badger is coming back as a commercially important fur-bearing animal if the reports of western Michigan trappers may be taken as a reliable indication.

Trains With Hammocks Ski enthusiasts "swing" on their way from Rome and other southern cities to northern Italy. Italian railways announced third class sleeping coaches will be equipped with hammocks.

Proposed an Ideal German Utopia Back in Year 1521

Four hundred years ago a German Franciscan named Johann Eberlin of Gensburg wrote an idealistic constitution for the Germans, an ordinance for a sort of Utopia which he called "Welfaria."

Justice and sanity inform every line of this brief and simple document, this text for the governance of a rural hamlet drafted to display the world in which an individual preferred to live.

But 1521 happened to be a culminating year in Europe. It was the year in which Luther was condemned by the Diet at Worms. The dynamite contained in more than three centuries of struggles between empire and papacy, in three centuries of exploitation of the pious Germans by a cynical and voracious episcopate, suddenly exploded in this year; and the Germans were started on a career of brutal strife and religious warfare which brought them two whole centuries of darkness and misery.

Trolleys in New York The first street railway was built in New York city in 1823, the tracks being laid on the Bowery and Fourth avenue from Prince street to Harlem, the rail consisting of strips of flat iron laid on granite blocks.

Johns Hopkins Hospital It is named for Johns Hopkins, a financier and philanthropist, born in 1795, died 1873. He became a grocer in Baltimore at 17, and in 1822 founded the house of Hopkins Brothers, building up an almost monopolistic trade in Maryland, Virginia and North Carolina.

Collects Hands Six years ago, Miss Ellen Strider of Cleveland, Ohio, wandering through New York city's Metropolitan museum, saw Rodin's "The Hand of God" pointing its marble fingers heavenward.

Quick Freezing Corn Corn intended for quick freezing keeps better and tastes better if it is washed and then scalded on the cob before it is cut, says the United States department of agriculture.

Reading a Book Books and other printed matter should not be laid flat upon the desk or table in reading, says the Better Vision institute.

Penny Post Card Governor Dickinson, of Michigan, whose hobby is economy, once used a penny post card to send instructions to his office while he was out of town.

High School Concert Pleases Large Audience

Reaching a new high in musical performance, Grosse Pointe High School's instrumental music department presented its third annual Christmas concert on Wednesday evening, December 18, in the high school auditorium before a large audience.

In a long and difficult program, both the concert band and the young high school orchestra delighted its audience. Both groups were under the direction of Dewey D. Kalember, instrumental music teacher.

A spirited and moving march "National Cherry Festival March," by Kalember and a waltz "Ein Salzburger Abend" (An Evening in Salzburg) by William J. Watkins, director of music in the Grosse Pointe Public Schools, were the highlights of the program. Each was conducted by its composer and both numbers were enthusiastically applauded.

Watkins' composition was written after his visit to the famous Salzburg Music Festival several years ago and is a descriptive piece, in which are heard not only the lilting Viennese music of an earlier period but also the feel of the Tyrolean peasants, the grandeur of the Salzburg music and underneath all a premonition of the unhappy days that were ahead for Austria.

Kalember's march was composed when he was band director at Traverse City High School. It has been played by both the famous national orchestra at Interlachen, Mich., and also over the air on a National Broadcasting Company hookup.

A violin solo "Czardas," by Monti,

played by Charlotte Salkowski, was well received. During the band portion of the program, Wilmoat Belfry, Dan Miller and Robert Huvers played a corset trio, Bolero, by Smith, and Claire Davenport, accompanied by Mr. Watkins, played a bassoon solo "Aria," by Pergolesi, as well as an encore.

High School Alumni Plan Annual Reception

All the Grosse Pointe High School alumni have been invited to attend the second annual alumni reception which will be held in the girls' gymnasium on the afternoon of January 3, from 3:30 to 5.

An innovation this year will be dance music. Through the co-operation of the Board of Education and the Michigan Music Project, arrangements have been made to secure Morrie Baker and his 11-piece orchestra. This band was enthusiastically received at a recent concert in Pierce Junior High.

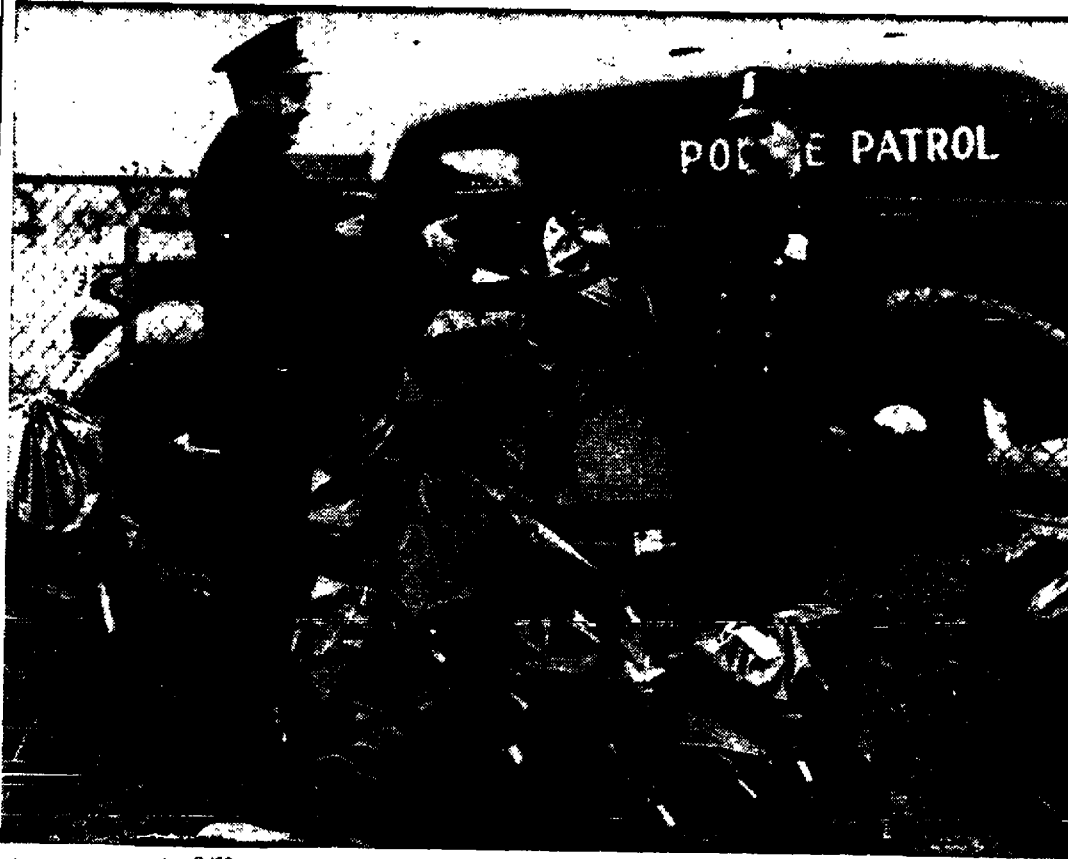

Annual New Year's Dance Scheduled At High School

The students of Grosse Pointe High School will celebrate the arrival of 1941 at the annual New Year's dance to be held next Tuesday evening, December 31, from 9:30 to 1:30 a. m.

Pat Coulter is the general chairman, and under her direction, arrangements have been made for refreshments, noise makers, and the music of Frank Link and his orchestra.

Guest cards may be procured by students who plan to bring guests. The number of stags is limited to 25.

Youthful Points Bowler Tops Traveling League With 708 In 3 Games

By DICK BODYCOMBE

Dubbed the "Traveling League baby" by a Detroit News sports writer, young Bob DeBacker, of 1453 Balfour, will long remember the three-game series he bowled last week-end.

Stringing together games of 242, 214

and 256, DeBacker topped the league's 500 bowlers with a sparkling 708 total and established himself as a real threat to be heard from in the very near future. Boosting his average to 194, DeBacker has moved into 11th place in the Traveling League's East Side division of 42 teams and 220 bowlers.

Starting his final game with eight consecutive strikes, Bob missed a perfect game by sparing in the ninth frame and missing in the 10th.

High School Girls Participate In Many Athletic Activities

In grandmother's day it may have been considered highly improper for young ladies to run and jump, and especially to participate in athletic activities. But today in Grosse Pointe High School, it seems a good and healthful sign to see hundreds of young girls, clad in their bright yellow gym suits, participating in sports.

Last fall the girls started the sporting semester with a soccer tournament for the eighth and ninth grades, for which 58 of the girls came out on Monday and Friday nights after school. This activity was followed by a new-comb tournament for the seventh and eighth grades and deck tennis for the ninth grade.

During January the 9A group of girls at Grosse Pointe High School will organize a play day with the 9A girls of Pierce Junior High School as their guests. The play day consists of competitive games, social dancing, a splash party, a luncheon and a tour of the high school.

The 8A and ninth grade girls are also

looking forward to their annual basketball tournament, while the seventh and 8B girls will have their yearly games tournament.

The junior girls are not alone in the sports enthusiasm, for the senior girls have their own activities.

At the beginning of the fall semester, the senior girls could be seen covering the green outdoor field with their hockey sticks and ball. Later on deck tennis came into fashion and 36 enthusiasts trotted down to the girls' gym every Tuesday and Thursday afternoon after school.

National Honor Society Rating Given To 13 High School Students

Thirteen Grosse Pointe High School seniors have been elected to membership in the National Honor Society by a committee of eight faculty members and Principal Walter R. Cleminson.

To attain National Honor Society rating, students must be outstanding in leadership, service, character and scholarship.

The thirteen new members are: Betty Lou Albyn, Tom Candier, Dorothy Castricum, Lorraine Everson, Barbara Ferry, Eleanor Gerow, William Kalb, Roger MacNaughton, Margaret Morgan, Marcia Netting, Betty Parsons, Beverly Preston and Virginia Shoemaker.

Maire School Notes

Pupils and teachers have more than a good reason to be glad about the Christmas seal sale this year. Over \$129.23 worth of seals were sold, compared with \$78.31 last year.

Mrs. Schunk's 6B group again lead the sale with \$43.18. The group as SB's last year, sold \$24.82. To keep the lead for four straight years.

The 3B group in Miss Stewart's room were second with \$12.96 and the 5B group in Mr. Weiser's room were third with \$10.50.

On January 25 at 10 a. m. there will be a program given for the 6A's at Pierce Junior High. There will be a tour of the building and refreshments. The 6A group will include students from Defer, Trombly and Maire schools.

This will be the first opportunity the 6A's will have to meet their new home room teachers. Parents are urged to attend this meeting.

Two adult education classes are being given this semester at Maire School. A court, "Personality Development," meets on Tuesday mornings and the class in dressmaking is held every Thursday. If you are interested in these courses for next semester, call Mrs. Forrest Geary at NI. 5073.

Camp Fire Girls

The Camp Fire Girls will hold their annual winter camp for high school girls from December 27 to 30.

Twenty girls will leave Pere Marquette station December 27 at 8:50 a. m. They will be met in Rose Center, Mich., with a sleigh, which will transport them bag and baggage to Camp Wathana.

A program of winter sports, hand craft and camp craft has been planned. Miss Carmella Carmon and Miss Rosanne Doark, field secretaries, are in charge.

"Carpethag" Bonds The Alabama state finance department has purchased \$32,000 in "Carpethag" bonds, floated during reconstruction days. They will be placed in a sinking fund preliminary to eventual retirement.
