

The Home Front

By ROBERT LAW CRINNIAN

The opinions, and beliefs, expressed by the writer, are not necessarily those of The Grosse Pointe Review.

Reports of industrial strife, coming from every part of the United States, must bring joy to those master planners...

In the year 1914, the first plan for world conquest was put into operation. But the defeat of the Hohenzollern set-up, and the German Kaiser, caused it to be scrapped, but re-vamped.

So secret were the movements of the officials and employees of the institute in re-creating a new pattern of destruction that even General Kurt von Schleicher, in command of the troops...

The psychologists of the Institute developed the technique for the new "war of nerves." They too, created, and trained, the efficient "fifth column" of saboteurs...

Today, it is easy to understand why the eyes, and ears, of the whole civilized world are turned toward America. The city of Detroit being the hub of the American armament effort...

What is the solution to the problem? Will the saboteurs be able to slow-up, or destroy, key points in America? Will American labor be duped, and finally enslaved, the same as free labor in the conquered countries?

The great problems imposed upon our government and upon industry are no more important, to the Democratic way of life, than the problems, and tasks, placed upon the shoulders of the American workman.

On May 1st, 1933, your writer stood on the sidewalk on Unter Den Linden Strasse, near the Brandenburger gate, in Berlin. Adolf Hitler had proclaimed a national holiday for Germany's workers.

On May 2nd, the next day, all of the offices of the trade-unions were raided, and the workers' funds seized. The leaders were seized and thrown into concentration camps.

So, to American industry, and American labor, resolves the herculean task of safeguarding our Liberty and Freedom — our American way of life.

National security can only be secured and maintained through industrial peace and good-will. Failure to maintain peace within our industries will mean defeat for America. More than that, it will mean another retreat from reason.

Skating!

Weather permitting, Grosse Pointe Park's municipal skating rink at the foot of Alter road will be open daily from 9 a.m. to 10 p.m. for the next several weeks.

HIGH SCHOOL GRADUATION TONIGHT

Draft Board Moves Up 2nd Induction Date To "About February 10"

Officials of Draft Board No. 57, covering all of Grosse Pointe and Gratiot townships, stated early this week that tentative orders received from county selective service headquarters has advanced the board's second induction date ahead to "on or about Feb. 10."

Local board officials calculate that 57's third quota, which will probably call 30 men, will not be inducted before March 15.

Pointe residents who have volunteered in the past two weeks include: William Iverson, of 1235 Beaconsfield, Alfred L. Jacobs, of 931 Beaconsfield, Ernest Chopp, of 1430 Buckingham, Godfrey A. Rivard, of 1405 Lakepointe, and John E. Casino, of 1306 Whittier.

Iverson, a popular English and journalism teacher at Pierce Junior high, volunteered in the hope that at the end of his year's training, he would be able to return to his teaching job near the beginning of the school's second semester and thus avoid unnecessary confusion.

Chopp, son of a well-known Mack avenue market owner, is the second member of his family to be affected by the selective service act. His elder brother, Gabriel, who holds a low order number, was considered during call No. 1 but deferred for later consideration due to a slight physical defect.

James A. Leuboff, of 1033 Wayburn, Gratiot township, has been assigned to Class III, because of his recent marriage to Miss Carol Summeres, of Port Huron.

The first six hundred of Board 57's 3,169 registrants have received questionnaires. Of these 600 men, the first 300 have been classified by board officials and the following facts have been compiled: Of the 300 classified men, 19 per cent have been placed in Class I-A, meaning that they are ready for immediate induction.

REMEMBER

14 YEARS AGO THIS WEEK The Quality Drug Store, Wayburn at Kercheval, was robbed of \$75 cash and \$300 in checks...

10 YEARS AGO THIS WEEK Congress with the approval of President Hoover appointed J. Walter Drake, of 15600 Windmill Pointe drive, as a United States representative on the inter-American highway commission...

1 YEAR AGO THIS WEEK Health Commissioner Dr. B. H. Warren urged all Grosse Pointe residents to have their entire families vaccinated against smallpox...

Ten new applications for membership to the Mason Boy's Safety Patrol are being considered for approval.

RED CROSS KNITTING CLUB

Many of the youthful citizens of Grosse Pointe high school have shown great interest in contributing their services to the aid of the Red Cross. First of its kind in the county is the American Red Cross Knitting club of the high school, organized in November, 1940.

Township Voters Urged To Register Now For Coming Primary Ballot

Carl Schweikart, Grosse Pointe township clerk, will take registrations in his office, 15115 East Jefferson on the second floor of the Grosse Pointe Park municipal building, up until 20 days before the primary election which will be held on Monday, Feb. 17.

Eugene C. Piornak, Gratiot township clerk, with offices at 20686 Elkhardt avenue near Harper, will accept registrations every day up until Jan. 28 from 9 a.m. to 6 p.m. and on Saturdays from 9 a.m. to 12 noon.

Any resident who has changed his address or neglected to vote in the past two years, must re-register before being permitted to cast a ballot. All voters must show registration cards at the polls.

Car Out of Control, Pointe Woman Knocks Down Light Pole

After apparently losing control of the wheel, a car driven by Mrs. Genevieve Skiffington, 43, of 1317 Beaconsfield avenue, traveled three wild blocks up Kercheval avenue early last Friday morning, leaving behind a battered mail-box, a mangled school sign, and a flattened light pole before coming to a stop.

Park police said that after receiving a call at 3:17 a.m., a dispatched scout car reported that Mrs. Skiffington's car had bounced off a mail-box at the southeast corner of Devonshire, proceeded up Kercheval to Audubon, where a school sign and a light pole on the northeast corner finally stopped the forward progress of the runaway.

WARNING!

Grosse Pointe Farms police authorities issued a warning early this week to careless Kercheval avenue shop owners, who continually persist in leaving their store doors unlocked.

Defer School Adult Education Classes Begin 2nd Semester

Mrs. Lois Eckert will discuss problems of interior decorations, refinishing and repairing furniture, also modernizing the home by combining old furnishings with the new.

Consumers Buying

In Room 303, every Thursday afternoon, from 1 p.m. to 3 p.m. Mrs. M. La Motte, of Wayne University, will discuss problems of managing, budgeting, insurance and credits relating to the home.

Public Speaking

A public speaking class is held every Thursday evening, in room 303 at 8 p.m. Mr. Yelda, who conducts this class, has decided to offer a variety to the class by including some aspects of music and appreciation, illustrated with records of symphonies and operas.

High school students will find this class interesting and helpful and are invited to attend. There is no charge.

Roads Open?

Roslyn road, in Grosse Pointe Woods, is now open to traffic from Mack avenue to Marter road.

Pedestrian Struck While Crossing Mack

Renee DeVos, 48, of 3677 Alter road, who suffered a fractured rib, left knee, and pelvic bone, and severe lacerations of the face when he was struck by a car while crossing Mack avenue near Maryland on Jan. 12, is now recuperating in Receiving hospital.

DeVos told Grosse Pointe Park police that he had seen the car, driven by Peter Rausch, Jr., 19, of 5837 Harding, approaching from the east and had stopped in the center of Mack and was waiting for west bound traffic to clear when he was hit and knocked to the pavement.

Following the accident, which occurred at 6:25 p.m., DeVos was taken to Cottage hospital and then transferred to Receiving, Rausch was given a reckless driving ticket by Grosse Pointe Park police.

Introducing...

ROBERT LAW CRINNIAN, who will conduct the column titled "THE HOME FRONT," appearing in this publication.

Years of experience as an encyclopedist, newspaperman, magazine feature and business background writer, will enable the new columnist to bring to our readers an interesting and vivid interpretation of the fast moving news-dramas of the present day.

Two years as a foreign correspondent in Central Europe have admirably fitted this writer to report the significance of all of the happenings and events; the importance of the statements, and movements of the leaders of the world's peoples, in the light of yesterday's, today's and tomorrow's perspective.

Having been an eye-witness to many of the events that have shattered, and strained, the relationships that have existed between peoples and continents, the writer will stress the urgent need for national unity, national security and industrial peace.

All of the news, important and unimportant, will be weighed for value then highlighted in his column, "THE HOME FRONT."

Born at Au Sable, Michigan, in 1898, the writer has been an active member of the Veterans of Foreign Wars; the American Legion, the American Legion, American Veterans, as well as president of the Writers' and Illustrators' Guild.

SAINT'S CLUB DANCE

The Saint's club, a well-known organization of Grosse Pointe residents, will hold their 13th Annual Winter Ball at the Northbrook club, Vernon Hills, near St. Clair, in the city of Grosse Pointe, on Saturday evening, Jan. 25, from 9 p.m. to 1 a.m.

Rent that vacant room through a Grosse Pointe Review line.

Class of Over 95 Pupils Will Receive Diplomas

Grosse Pointe high school's January, 1941, graduating class of over 95 students will hold commencement exercises in the school auditorium tonight, Thursday, Jan. 23, beginning at 8:30 p.m.

The Grosse Pointe high orchestra, which will be followed by the invocation, to be given by Rev. Francis B. Creemer, of Christ Church chapel.

Each senior student has received four admission tickets to be used by his family or friends, and an estimated audience of over 650 is expected to be present. As usual, the stage of the auditorium will be decorated by the Mothers club.

After Rev. Creemer's invocation, the school's A Cappella choir will sing three selections: "Song of Praise" by Bortiansky, and two English folk songs, "The Keeper" and "O, Soldier, Soldier."

Lorraine Everson, Tom Candler, and Margaret Morgan have been selected as student commencement speakers, and will deal with the common topic, "Youth and the Total Defense." Miss Everson's speech will treat education and defense as of 1916. Candler will discuss defense in 1941, and Miss Morgan will predict the situation as it may appear in 1965.

Marcia Netting, a senior, will play a piano solo, "Nocturn," one of her own compositions, and the "Impromptu in A Flat," by Schubert. Following this,

Gratiot Resident Announces Candidacy For Township Justice

Newman pointed out that Gratiot Township was fertile and virgin territory for racketeers, saying that with no bonded indebtedness, a great opportunity exists in the township that might in the future be bonded for millions of dollars for unnecessary improvements, whereby, the township would be placed on a par with some of the other overburdened municipalities in Wayne county.

Newman stated that Supervisor Ernest Provo has done a wonderful job in acquiring more than three miles of water lines for more than 200 residents at no cost. He supports Provo's stand on zoning, the acquiring of sheriff's patrol car, and approximately seven acres of land through the State Land Board office on the tax sale, and, above all, the humanitarian move in procuring for the children two different skating ponds.

Likewise, Newman has supported the move in placing the township in the water business after looking at the books and records showing that approximately \$12,000.00 in profit was realized in its first year of operation.

"Much of this credit," Newman has said, "should go to Eugene C. Piornak, the very efficient water director and clerk of the township."

"I want to join these fellows in procuring such additional improvements as are necessary at no cost and I want to be of assistance to them in their desires to keep the township out of bonded indebtedness," Newman concluded.

'Puzzle That Pays' Enters Fifth Week

"The Puzzle That Pays" contest, which started in a recent issue of The Grosse Pointe Review, has produced hundreds of letters from Review readers, and judges are having a hard time determining prize winners.

Last Week's Result—First prize, a \$3.00 merchandise order on the Redwood Cleaners, 16118 East Warren, has been awarded to Madeline Hunt, of 829 Beaconsfield, Grosse Pointe Park. Second prize, a \$2.00 merchandise order on the Deets Fish Market, 15124 Mack, has been won by Mrs. Alex Marshall, of 1824 Roslyn road, Grosse Pointe Woods. Third prize, a \$1.50 merchandise order on Jacob's Service, 18480 Mack, will be received by Miss Dorothy Visscher, of 17131 Kercheval, city of Grosse Pointe. Fourth prize, a \$1.00 merchandise order on Mourad Bros. Market, 15137 Charlevoix, has been awarded to J. A. Schroeder, of 192 Fisher road, Grosse Pointe Farms. Winners will receive their merchandise orders through the mail.

Another "Puzzle That Pays" will be found in this issue. In jumbled form, the puzzle contains the name of one advertiser found below the layout, the address of another, and the telephone number of a third advertiser. No numeral or letter may be used twice in the finding of the correct solution. Untangle the puzzle and win a prize.

News Digest

By DICK BODYCOMBE

If the much-heralded St. Lawrence Seaway project ever attains reality, Detroit will become "an Atlantic seaboard town" and land-locked youngsters will get their first look at a real ocean liner. President Roosevelt has scolded his stubborn Congress lately, pointing out that if construction had been started six or seven years ago, the seaway would now be a huge asset in the balky national defense program.

New York's Mayor F. H. LaGuardia is still being spanked by Detroit newspapers for his juicy fisticuff episode on the City Hall steps during the November presidential campaign. Editorializing against LaGuardia's recent verbal announcement of the Kansas editor, William Allen White, the Free Press has chirped "LaGuardia, well remembered in Detroit for his violent attack upon a mild mannered citizen of this city for asking a simple question, has gone berserk again."

A Close Call — The Baltimore City Council passed a bill the other day, then "recalled it from the Mayor's office, voted to reconsider it, ordered it amended, declared a recess, repassed the ordinance, and sent it back to the Mayor." The reason — The bill had to do with canine regulation, and a careless tyrist had omitted the "e" from the word leash in the part describing "licen to leash dogs."

Contrary to public opinion, a check on the number of foreign ships tied up

in United States ports has revealed only two German vessels, which would be of little use to Britain's faltering merchant marine fleet.

Best Piece of Sports Writing So Far This Year — Bob Murphy's sentimental "come on home" open letter addressed to Tom Harmon, "Michigan's All-American halfback somewhere in California." Combining his close acquaintance with Harmon and a clear, homey philosophy, Murphy, a Detroit Times sports hound and columnist, has turned out a journalistic gem that discusses several of Harmon's touchy personal problems without the slightest touch of sensationalism.

A New 1941 Automotive Accessory — If the car engine is started while the emergency brake is on, a noisy little whistle warns the unsuspecting driver not to proceed until said brake is released. Next on the invention list, should be another noisy little whistle warning the still unsuspecting motorist against the bothersome back-seat driver!

Did You Realize — That during 1940, nearly twice as many divorce suits were filed in Miami than in Reno. . . . That last year's national census set the size of the average American family at 3.8 persons. . . . That a University of Kansas janitor climbs 1,400 steps a day, and has compiled a 14-year record of over 5,800,000 steps (a distance equivalent to 74 trips up and down Mt. Everest). . . . That 360,634 Americans died of heart disease in 1939? You don't say!

Rest In Peace — A 120-year-old former slave woman died in Cape Town, Africa, recently without having heard of a guy named Adolf Hitler, or knowing that a second World War raged on three continents. Amen!

After a year of civilian life in a school for girls, Shirley Temple is again headed back to Hollywood where she will star with Mickey Rooney in a new "Andy Hardy" series. Adjective-conscious press agents still have quite some time to wait before "Shirley's first romance, etc." becomes front-page news.

Sport Shorts — Harry Kipke, former U. of M. football coach, is rumored as the new owner of the Lansing entry in the Michigan Baseball League. . . . During a recent Kansas City benefit ice carnival, hockey fans were given shots at the city's professional goalie for 25c per whack. The scheme was a great success, and only one shot in 500 got past the puck-weary net-minder. . . . Del Lovanger, former Fordson High basketball star and ex-Grosse Pointe High nemesis, is now starring for Western State Teachers College over in Kalamazoo.

Upsetting the Balance of Nature Again — Every time an English or German mine or aerial bomb explodes in the English Channel, hundreds of fish are killed by the concussion. In this case, union fishermen and labor leaders have decided that picket lines will be of little use!

Best Cheerleader Stunt of 1940 — A Cambridge, Maryland, high school girl pep dispenser climaxed a "fight, fight, fight" chant at an exciting football game by accidentally landing a beautiful uppercut on the chin of one of her fellow cheerleaders, knocking the girl cold for over 15 minutes. Her team still lost!

Over 700,000 pieces of unclaimed holiday mail, mostly Christmas cards, has accumulated in Detroit post offices. For the most part, illegible and incomplete addressing has made it impossible to deliver this bulk of left-over "Xmas spirit."

Calling Charlie Chan — Here's a new chunk of unsolved Oriental mystery. Lingoh Wang, famous Chinese banker and former government official, was found missing late last month when the ocean liner on which he was traveling docked in Manila. Ship officers believe that Wang "was lost at sea," which just about takes in everything!

Another Old Proverb Shattered — According to serpent scientists, the number of segments on a rattlesnake's tail does not indicate its age, as a snake's many rattles as its 12-year-old grandmother.

Banquet Speaker

PROFESSOR WILLIAM C. CRAIG, director of the department of speech at Capital University, Columbus, Ohio, will speak at Faith Lutheran church's Youth Banquet next Wednesday evening, Jan. 23. Craig is a widely-known dramatist, radio commentator, and after-dinner speaker. He directed the mass pageant "Martin Luther Protestant" which appeared in Detroit several years ago, and was formerly associated with Northwestern University as a member of the teaching staff.

Radio Jake

Now Jake knows why CKLW can play ASCAP-BMI or whatnot. The contract between Canadian stations and ASCAP has a long time to run. . . . Al Pearce's guest Jan. 17 over WJR was Lillian Sherman, a gal from the Cleveland airlines.

For the second time within a month, Fred Bate, National Broadcasting Co. reporter in London, was injured during an air raid. Bate had been out of the hospital only a few days when he was hurt again when bombs hit the BBC studios, killing seven employees. Leo Fitzpatrick, WJR boss, is en route to California for the annual pow-wow among the biggies of the WJR-WGAR-KMPC group. . . . "Contact," a new Dave Elman show, is a good bet on CKLW-Mutual at 9:30 Saturday nights.

ROUGH VS. SMOOTH ROADS

Recent tests of car operating expenses show that it often costs two cents a mile extra to drive over rough, unimproved roads than over paved roads. Thus, if a rough road carrying 20 cars an hour is paved, even a savings of one cent a mile would mean a yearly savings of \$7,225 a mile to motorists using the road.

Will Enact "Jenny Lind"

LILLIAN BEALL HICKS
Virginia Balingier has written a series of dramas for solo performance, which includes the passionate Victorian actress "Fanny Kemble," presented last season as the Easter Sunday entertainment at the Cloister, Sea Island, Ga.; the legendary, "Manon Lescaut;" Shakespeare's romantic "Juliet;" the Tchakowky "beloved friend;" "Nadejda von Meck," which was given the distinction of stage and radio performances in Pittsfield, Mass., in August as part of the Tchakowky Centenary week celebrated by the Berkshire Symphony Festival. It was also presented at Broad Loaf, Vermont, during the famed Winter Conference in August. Mrs. Francis Phelps of Grosse Pointe is chairman of this Colony Club event, A Grosse Pointe actress and singer, Lillian Beall Hicks, will enact the role of "Jenny Lind" at the Colony Town Club on Monday, January 27, following the Club luncheon. "Jenny Lind" is a dramatic playlet for a single actress, written by Virginia Balingier, dramatist, columnist and member of the National League of American Penwomen. In the four scenes of the drama, Lillian Hicks portrays the famous Swedish Nightingale, as the loved important and romantic episodes of her operatic and concert career, and sings some of the songs made popular by La Lind. The production is under the direction of Kathryn Vincent Mayer, of Detroit.

Pioneer Resident Succumbs in Home After Long Illness

Oren Starr Hayes, 72-year-old lumber pioneer and a Grosse Pointe resident for over 20 years, passed away at his home at 17129 Maumee avenue early last Monday morning after a long illness.

Hayes, who formerly resided at his lake shore estate near Notre Dame avenue, entered the Michigan lumber business in 1884 and founded his own company. One-time secretary of the First Federal Savings and Loan Association of Detroit, Hayes also served as a director of the Detroit Trust Company and the Merchants National bank. Services were held yesterday at the Hamilton Funeral chapel, 3975 Cass avenue, and burial will be in Housatonic, Mass., Hayes' birthplace. Hayes is survived by his widow, Mrs. Eae Robinson Hayes.

High School Swimmers Edge Out Monroe 45-39

Grosse Pointe high's seldom-defeated swimming team started a new winning streak last Friday afternoon, when they eked out a slender 45-39 victory over Monroe high in their second Border Cities League meet of the current season.

Eager to regain winning form after a determined Wyandotte high squad had broken a winning streak of 12 consecutive meets on the previous Friday, Grosse Pointe swimmers captured firsts in six out of 9 events against Monroe's "Trojans," but were not positive of victory until the free style relay team captured the meet's final race. Big "Swede" Carlson, Grosse Pointe football star, broke his second pool record in seven days, when he finished the 100-yard breast stroke race in the excellent time of one minute and 10 seconds, clipping three-tenths of a second off the old Monroe mark. The week before at Wyandotte, Carlson had shaved the "Bear" record down to one minute and 10.3 seconds.

CHILDREN'S SONG RECITAL

Miss Florian Nelles, of New York, formerly of Detroit, and a pupil of Mr. Marshall Pease, will give a children's song recital on Thursday, January 23, at 2:15 p.m., at Defer School.

Miss Nelles, a former active member of the Tuesday Musicals, also served as staff soprano for two years at station WXYZ. She has been giving concerts in New York and throughout the East and is at the present time, soloist in a Brooklyn, N. Y., church. Her accompanist for the afternoon will be Elizabeth Ruhman Williams, of Detroit.

This unusual treat comes to the children of Grosse Pointe through the kindness and foresight of Mrs. Lorraine Newhall, active member of the Tuesday Musicals. Anyone interested in good music is invited to attend. There is no charge for the performance.

ADVERTISE IN THE REVIEW

Belgian Sculptress Visits Town Hall

Baroness Suzanne Silvercrucy, internationally famous Belgian sculptor, who has achieved half a dozen careers—author, musician, playwright, actress, social worker and leader of international society, will lecture at the Detroit Town Hall, in the Cass Theatre, next Friday morning, January 24, at 11 o'clock.

Belgium conferred upon Mme. Silvercrucy its highest honor, knighthood in the order of Leopold. France has made her an officer d'Academie and the British have given her their Coronation Medal. The Metropolitan Museum has just acquired Mme. Silvercrucy's head of the Late Lord Tweedsmuir, her portrait bust of Herbert Hoover is in the Louvain Library, and her interesting late commission is the portrait busts of the Dionne Quintuplets. Fordham University has just had a showing of her ecclesiastical sculpture.

Among many diverse personalities that she has sculptured are: Katherine Hepburn, James Truslow Adams, Philip Merivale, Sam Harris and Jack Dempsey. Mme. Silvercrucy demonstrates her lecture "Awake And Live" by modeling a subject chosen from the audience.

Mme. Silvercrucy is the daughter of

the late Baron Silvercrucy, President of the Supreme Court of Belgium and is the sister of the present Belgian minister to Canada, Baron Silvercrucy. She was educated at the Convent of Visitation in Washington after escaping from Belgium during the last war, and studied art at the Yale School of Fine Arts.

At the Punch

This Friday and Saturday the Punch and Judy Theatre will present James Cagney's latest dramatic effort, "City for Conquest" with Ann Sheridan and Frank McHugh.

The Saturday, 11 p.m. show feature, will be the hilarious comedy, "The Ghost Breakers" with Bob Hope and Paulette Goddard.

The music of Noel Coward, without doubt some of the most charming to ever reach the screen, finds its perfect interpreters in Jeanette MacDonald and Nelson Eddy, the incomparable song team united again in the picturization of the Coward opera, "Bitter Sweet" which plays the Punch and Judy Theatre this Sunday through Thursday.

It will be necessary to show your registration card to be able to vote.

Eugene C. Piornak, TOWNSHIP CLERK, Township of Gratiot.

Neighborhood Club Basketball League Lead Deadlocked

The scramble for top honors in the Neighborhood Club basketball league remained deadlocked this week, when both the Police and Firemen quintet and the powerful Comet squad advanced their unbeaten records to four straight.

Facing a highly improved Trojan A.C. team, the Police and Firemen pulled away on a second quarter scoring spurge and coasted to a 29-18 victory.

After a close first half, the Comets finished fast against a tiring Verheyden squad and notched a 27-16 victory.

Fighting for a losing cause, Herb Nordquist, Arrow scoring ace, registered 20 points in a game against the Indians last week, only to have his team drop a 50-41 decision.

In a lop-sided contest last Thursday night, Eastminster walloped the Spartans, 42-17.

Rebounding on Monday night, the Spartans won their first contest in five starts when they tripped the Arrows in a high scoring game 44-38.

Grosse Pointe High Trims Monroe 31-23; Takes League Lead

By DICK BODYCOMBE Grosse Pointe High's excellent basketball squad visited Monroe last Friday night, spent an enjoyable hour trimming the "Trojans" 31-23, and returned home to find that Fordson High had knocked off a highly-rated Royal Oak squad and presented the Pointers with undisputed first place honors in the Border Cities League cage scramble.

After a slow first quarter, in which only three points were scored, Grosse Pointe's power-packed offense opened a trifle to snatch an 11-7 lead at half-time. The third period saw Monroe close the gap to only two points, but a belated "Blue Devil" rally in the closing minutes sent Monroe sprawling back into the league's cellar dungeon.

Even more amazing than the 12 points, is the fact that Gordon (or Scotty as he is called by his school mates) was charged with only one personal foul. An aggressive defensive player, Tanner appears all hands and arms to his opponents but frequently gets slightly over-anxious and commits needless fouls.

Forrest Naveaux, cocky little Monroe guard, topped his team's scorers with 6 points. In a low scoring contest preceding the varsity tilt, Grosse Pointe's well-manned reserve squad turned back Monroe's reserves 22-10.

This coming week-end, Grosse Pointe will play another double-feature, traveling to Wyandotte on Friday night and meeting Port Huron on the home court the following evening.

On top of the league heap with three straight wins, Coach Forrest Geary now faces the difficult task of developing and polishing another scoring "spark plug" in time to save his unblemished record from the combined assaults of Fordson and Royal Oak.

Trombly School Notes

The 6A literature class, under the supervision of Miss Naomi Jones, will give a farewell program during the last week of their stay at Trombly School. They are writing a play, "Susannah Jane Goes to School," based on a story from their class work.

The play shows an old-fashioned school room scene. The students have done outside reading for information on home and school room furnishings, and to find what was actually taught in the olden time classroom.

Trombly 6A's will graduate to the Pierce Junior High School on January 24. As a part of the Elementary-Junior High Orientation Program, Joyce Sadowski and Joseph Daugherty, 6A class delegates, visited Pierce Jr. High on Thursday, January 10, as guests of the 9A class.

The delegates visited different classes all through the day, and became familiar with some aspects of the Jr. High program.

Mason School Notes

Members of the 6B class at Mason School completed their recent study of "Transportation and Communication," when they visited Ford Museum and Greenfield Village on January 17. The group, accompanied by Mr. Jameson and Mr. Hammel, traveled by bus and spent a large part of the day enjoying the exhibits they have read about or seen in pictures.

Ann Jensen was recently elected president of the newly organized 6B Home Room Club. Jerry Hall is the secretary. The club meets once weekly to plan for a better 6B class.

Richard Wuerker and Joan Schmidt were voted 6A class representatives from Mason School and visited the Junior High at Grosse Pointe High School on Tuesday, Jan. 7. In reporting the day's events to the 6A class, many interesting features offered to the students were mentioned: The Boys' Shop, Girls' Sewing Assembly, the Cafeteria, and Noon-Time Social Dancing.

New England Women

The regular monthly meeting of the Detroit Colony, National Society of New England Women, was held at the Woman's City Club, yesterday, Jan. 22. Members and guests gathered for Mrs. Henry M. Booth, called the business meeting to order at 1:30. At 3:15, Dr. Frank E. Bowman spoke on "The Great Pyramid."

Camp Fire Girls

The annual meeting of the Detroit Council of Camp Fire Girls will be held on Tuesday, January 23, in the Highland Park Y. W. C. A. at 6:30 p. m. All guardians, sponsors, council members, parents and friends of Camp Fire are invited to attend this annual council meeting. The guests of honor will be the husbands of the Camp Fire leaders, who are such efficient "behind the scenes" helpers. Mr. Franklin M. Reck, editor of the American Boy Magazine, will be the speaker of the evening.

The Tanadoonah Camp Fire Group were guests of their sponsor, Mrs. R. Mathios, at the Adams theatre during Christmas vacation and saw the "Thief of Bagdad."

On Tuesday, January 14, the group

had a birthday party honoring Rita Decker and Margaret Garvin. As a part of the entertainment, the girls listened to the radio program "The Battle of the Sexes" with particular interest as Miss Rosanne Roark, Detroit Field Secretary in the Camp Fire Girl office, was on the program that evening. Peggy Crowley, a member of the Tanadoonah group, was chosen as one of the models in the J. L. Hudson style show held on January 18.

"BEYOND THE BENCH"

By JUDGE THOMAS F. MAHER
Of Traffic Court

The "Total War" Against Carelessness
The power of public opinion properly aroused and directed is one of the principal assets of our democracy. It has never been properly applied, however to the problem of traffic safety. Until the tragic toll from motor vehicle accidents begins to climb alarmingly, the general public is content to let the traffic safety experts and law enforcement officers worry about the task of saving lives.

Lessons of traffic safety are being taught in the schools, and being taught well. But this must be supplemented by a co-ordinated effort to arouse a desire on the part of the driving public to enjoy the blessings of convenient and comfortable transportation — and yet remain alive and in good health. It must be done. It will be done when people realize that a strong safety consciousness on the part of everybody, motorist and pedestrian alike, is the foundation of safety on city streets and rural highways.

The habit of carelessness at the wheel of a motor vehicle or that of a pedestrian crossing a street is the mortal enemy of traffic safety authorities. It is a human weakness that must be fought and conquered as the medical profession overcame the plagues of centuries past. Only an aroused public opinion is equal to the task.

Afternoon and Evening Courses Announced At Wayne University

Late afternoon and evening courses offered by Wayne University next semester will total 747, in 60 different subject fields, according to a printed announcement released early this week by university officials. Four extension courses are to be available in outlying areas.

Evening students will be registered between 4:00 and 8:30 p.m. and up until noon Saturday, from January 27 to February 5. Other students will enroll on designated days between these two dates. February 3 is registration day for entering freshmen. Both day and evening classes will begin February 6.

Kelly Seeks Legislation Permitting Photographs As Legal Evidence

Harry F. Kelly, secretary of state, has recently urged the passage of legislation to make photographs acceptable as legal evidence. This legal difficulty, Kelly claims, is holding back a whole program of modernization and economy in the state department.

"My department has installed a system of micro-film filing for motor vehicle titles which is the keystone of a much larger program. Photographs have been given legal recognition by the federal government," Kelly stated. "The legislature should authorize their use in Michigan."

The micro-film system is used in important federal agencies, such as the Library of Congress, the Social Security board, the Census bureau, and in one of the largest banks in Detroit. Material to be filed is photographed upon 16 mm. movie film, which is non-inflammable and of proven long-life. Reference to filed records is made by projecting these photographs on a desk screen. Michigan's motor vehicle division is the first in the nation to make use of micro-film.

Mason School Notes

Charles Parcells, president of the Grosse Pointe Board of Education, will speak at the next meeting of the Mason school Parent-Teacher association, Jan. 28, at 7:30 o'clock, in the auditorium of the school. His talk will deal with the development of the Grosse Pointe school system.

There will be an opportunity to discuss classroom problems with the teachers before the meeting. Refreshments will be served.

Owing to the fact that there will be no school on Jan. 24, the next class in sewing, conducted by Mrs. L. Eckert, will be held at Mason school on Jan. 31 at 1:30 p.m.

An enrollment of 20 members for each class is necessary, if this course is to be continued. For further information call Mrs. H. McTavish, NL 8956.

Proposed Causeway Will Shorten Ferry Trip Across Straits

A combination design and survey crew stationed at St. Ignace is waiting for ice to form on the Straits of Mackinac to begin soundings and other field work in connection with the proposed causeway from the north shore of the Straits.

State Highway Commissioner G. Donald Kennedy said that the crew is making additional field studies to amplify the information contained in a report of the Mackinac Straits Bridge Authority. The causeway is the first link in the bridge project but would be built by the state highway department as an expansion of state ferry facilities. By using it as a northern terminal, the state ferry run could be reduced

from nine to three miles. The field crew has been working from boats but inability to anchor in deep water has made it difficult to make accurate studies. The crew is not only gathering survey data, they are also doing much of the actual design in the field.

No Change in Federal Insurance Tax Rate

There is no change this year in the tax rate which is imposed under the Federal Insurance Contributions Act for old-age and survivors insurance. The rate remains at one per cent each for the employer and the employee, it is reported by E. E. Pollock, manager of the social security field office at 8037 Harper, near Van Dyke.

Commenting on the subject, Pollock said:

"An individual's wages, in commerce or industry, up to a maximum of \$3,000 annually, are taxable for old-age and survivors insurance. All employers of one or more, in these fields, are taxable under the Federal Insurance Contributions Act. There is no connection between this tax and that which is imposed by the state under its unemployment compensation program. In this state only employers of eight or more are covered for unemployment compensation but those having one or more workers must pay the Federal Insurance Contributions tax, unless the type of job is specifically exempted under the Social Security Act."

RED CROSS CLASS

A new class in Red Cross Surgical Dressing will be held at Defer School, 15425 Kercheval Avenue, on Tuesday, January 28, from 9:30 a.m. to 3 p.m. and on Tuesday, February 4, from 9:30 a.m. to 3 p.m. Classes must be attended on both Tuesdays to complete the course.

This work is an important part of the National Defense Program and all available help is needed to meet the quota of one and a half million dressings by June 30.

Volunteers are asked to wear white and cover the hair with a piece of white material.

Please call Mrs. Paul Thompson, Niagara 2813, or Mrs. S. Willard Hosking, Tuxedo 2-1471, for reservations.

PARACHUTE TESTERS DE LUXE

Two Air Corps Veterans of Randolph Field, Texas, Technical Sergeant Wilbur Laga, Chief of the Parachute Department, left, and Staff Sergeant George H. Holmes, right. These two constitute a parachute-testing team, and have been working together for nine years. During that time they have dropped more than 7,000 "chutes, without a single failure. They are here above, testing parachutes, with dummies attached, into the bomb bay of an airplane, getting ready for a series of test-drops. During the winter of 1939, Sergeant Holmes made an emergency jump in one of the parachutes, he had dropped just a few days before.

Air Corps Beckons High School Graduates

Recent high school graduates, with or without college training, are invited to qualify for appointment as flying cadets in the Army Air Corps through mental examinations to be held February 11, at Selfridge Field, Michigan, the field's flying cadet board has announced.

Candidates for flying cadet appointment must be unmarried male citizens who at time of application have reached their twentieth but who have not reached their twenty-seventh birthday. Applicants who have satisfactorily completed two years' work in a recognized college may be admitted without the written educational examination, provided they are of excellent character, sound physique, and in good health.

High school graduates without college credit, who pass the physical and character requirements, may qualify for appointment by passing the comprehensive written educational examination. Subjects included in this test are: American history, English grammar and composition, general history, geography, arithmetic, higher algebra, geometry, trigonometry, and elementary physics.

Complete information concerning the scope of this examination and suggested textbooks for study or review may be obtained from the Flying Cadet Board at Selfridge Field.

To successful applicants, the Air Corps offers a nine months' course at the Flying Cadet School, Randolph and Kelly Fields, Texas. These courses satisfactorily completed, the cadet is awarded his "wings" and a reserve commission as Second Lieutenant in the

Army Air Corps. He is then eligible for from one to seven years of active duty.

At the end of his service he may enter the aviation industry as a civilian pilot, or complete for a regular commission in the United States Army Air Corps.

While receiving his training, the young flying cadet receives board, lodging, uniform, medical care, and a salary of \$75 a month, plus training in a growing field of activity which will be worth thousands of dollars to him in years ahead. While on active Air Corps duty, the newly-commissioned flying officer receives \$205 a month plus his quarters.

Those applicants meeting physical and character standards but without the required college credits may take the mental examination on February 11 at Selfridge Field. All communications relative to this service and applications for flying cadet appointments should be directed to the Flying Cadet Recorder, Selfridge Field, Michigan.
