## Rotary Club Completes Plans for "Pan American" Fete, Monday, April 14

Preparations have been completed by the Grosse Pointe Rotary club for its observance of Pan American Day, following a noonday luncheon to be held at the Whittier hotel, next Monday, April 14.

On this occasion, the Club will play host to the consular representatives of seven Pan American countries. The consuls and countries they represent are: Jorge Vargas, Costa Rica; Adolfo Dominguez, Mexico; Dr. Jose Guerrero, Nicaragua; Ramiro Ortiz, Cuba; Saul R. Levin, Honduras; Louis James Rosenberg, Panama; and Samuel Fitzpatrick, Argentine Republic.

Musical interludes will be presented by the Spanish singing group of the University of Detroit, under the direction of Jose E. Espinosa, assistant professor of Spanish. In the group are Marian Fowler, Audrey Tappan, Virginia Clementi, Russell Novitz, William

ADOLFO DOMINGUEZ, Mexican Consul

## Park President Goddard Tells Commission Of Alleged \$300 Bribe

To the Commission of the Village of Grosse Pointe Park, Michigan, Gentlemen:

I regret the necessity of calling to your attention the following:

Commissioner Damman informs me that he was recently advised by Commissioner Pfeffer that there was a rumor to the effect that he, Damman, had accepted a sum of money, \$300.00 I believe being the amount, from an applicant who recently petitioned this Commission for approval of a liquor license, the inference being that it was offered and received as a bribe to secure his favorable vote or help in connection with the application; and also that Commissioner Pfeffer had undertaken some investigation of this rumor by contact with the applicant and his attorney who represented him before the Commission. He further has requested that I acquaint you with these facts at this meeting, and ask your help in ascertaining who has made any such charge or statement concerning him.

I feel sure you will all be glad to comply with his request and also that there is no one on this Commission or any person who knows Commissioner Damman well who would believe him guilty of any such conduct. I think you will also agree that the only effective way to stifle a slanderous statement of this kind is to bring it out in the light of publicity with a challenge to the author or authors of the statement to make himself or themselves known and prove the charges or retract them, or take the consequences.

I, therefore, call upon you and each of you, and particularly Commissioner Pfeffer, who has indicated to Commissioner Damman that he has knowledge of this rumor, to identify or assist in identifying, any person who has asserted or is asserting or insinuating that Commissioner Damman has accepted a bribe. The applicant referred to, about two years ago, made a similar application for approval of his liquor license to this Commission, which petition was granted here but for some reason not granted by the state at Lansing. Your inquiry, therefore, should cover any charges or assertions that Commissioner Damman accepted a bribe in connection with either the former or the recent application.

There are occasions when private citizens see fit to ignore slanderous rumors rather than deny them by denial or publicity, but when public officials are objects of the attack, there is only one course to pursue, particularly just at this time, and that is the one requested by Commissioner Damman and which I consider to be my official duty to follow by this statement to you. KARL B. GODDARD, President.

Grosse Pointe Park, April 3, 1941.

**Grosse Pointe Youth And "Greenberg" Join National Guard Unit**

"Greenberg Joins the Army" was the theme of a farewell party given last Saturday night for Frederick Delor of Lorraine avenue, City of Grosse Pointe, and his pal, Lyle Greenberg, of Detroit, when the pair announced their enlistment in the field artillery of the National Guard.

Delor and Greenberg will leave with Company 177 for Fort Knox, Ky. on Thursday, April 17. The Saturday night party was planned by Mr. and Mrs. Joseph Delor, parents of the enlisted youth.

## End of 75 Mile-an-Hour Chase

Attempting to flee from a Grosse Pointe Sheriff's police scout car, the 16-year-old driver of this demolished automobile missed the Lake Shore road turn near the Edsel Ford estate last Saturday night and crashed into a light pole. (See story on this page.)

## Local Men Unopposed; Ferguson, Grand Jury Leader, Heads Ticket

One-third of Grosse Pointe township's 16,000 registered voters went to the polls in last Monday's annual Spring election and cast ballots for candidates for township, county and state offices.

For Supervisor—Norbert F. Blank, 4,497.

For Township Clerk—Carl Schweikart, 4,480.

For Treasurer—Adolph L. Damman, 4,477.

Justice of the Peace (four year term)—Victor H. DeBaake, 4,411.

For Board of Review—Newton W. Whiteley, 4,154.

For Constable (Vote for not more than four)—Frank W. Defer 3,833; Charles J. McKenna, 3,746; and John W. Travis, 3,733.

The results of the vote on the state proposals were:

Proposal No. 1—Yes 2,453; No 2,212.

Proposal No. 2—Yes 2,420; No 2,090.

Results of voting for state offices in the township follow:

Justice of the supreme court (two to be elected)—George E. Bushnell, 3,804; Edward M. Sharpe, 3,726; John M. Dunham 3,76; and George A. Cram 428.

Regents of the University (two to be elected)—Alfred B. Connable, 3,229; Earl L. Burbans, 2,976; Franklin M. Cook 1,430; and Charles F. Hemans 1,299.

For Superintendent of Public Instruction—Eugene E. Elliott 3,443; and Edward W. McFarland 1,236.

Member of the State Board of Education—Wynand Wichers 3,189; and Frances Comfort 1,354.

Members of the State Board of Agriculture (two to be elected)—William H. Berkey 3,276; Clark L. Brody 3,254; Benjamin H. Halstead 1,133; and Charles F. Klump 1,056.

State Highway Commissioner (unexpired term)—Leroy C. Smith 3,166.

**City Voters Adopt Charter Amendment**

The City of Grosse Pointe's charter amendment changing the terms of the municipality's councilmen was passed by an overwhelming majority at Monday's Spring election.

A total of 1,108 votes were cast in favor of the change, while only 345 votes were recorded against the move.

In the county circuit court vote, incumbent Judge Lester S. Moll, of University place, City of Grosse Pointe, led the ticket with 1,240 votes. According to Norbert F. Neff, clerk, the total vote cast was 1,559.

Arthur W. Sempliner, successful circuit court commissioner, carried the City by a 2 to 1 majority. Other county and state results in the City paralleled Grosse Pointe township returns, which are tabulated in another section of this issue of The Review.

**EASTER VACATION**

All Grosse Pointe schools will be closed on Good Friday and Monday and Tuesday, April 14 and 15, respectively, beginning Wednesday morning, April 16.

## Fleeing From Police; Four Young Detroiters Injured in Car Crash

Four teen-age Detroit residents were injured, two seriously, last Saturday night when their automobile struck a utility pole and overturned while fleeing from a police scout car, near the Edsel Ford estate on Lake Shore road in Grosse Pointe Park.

The driver, Frank H. Lau, 18, of 1,255 1/2 Frank H. Lau.

**Pointe Breakfast Club Appoints Committees For Meal April 15**

The following committees were appointed at a meeting of the Grosse Pointe Breakfast club last Monday night to assist in serving of breakfast to 54 local draftees of Draft Board 57 at the Neighborhood club on Tuesday morning, April 15.

Mrs. Richard Campau, general chairman.

Mrs. E. Almada, kitchen chairman, assisted by Mesdames K. Frostie, V. Moore, Roemer, H. A. Norren, Cassius, Teague, Harry Lipski and D. B. Crane.

Mrs. A. L. Klock, dining room chairman, assisted by Mesdames Andrew Michelson, Leo Carrier, Mary Jo Gardner, Elwood C. Johnston, Elmer Kuhn, Karl Brill, Herbert Mandel, Charles Waddell and Miss Carolyn Osgood.

Mrs. E. Alap Garvie, chairman of the reception committee, assisted by Mesdames Morley Pittcott, Glenn Anderson and Miss June Ostrowski.

Draftees will be provided with transportation from their homes to the Neighborhood club on Tuesday morning, April 15, beginning at 7:30 a. m.

All mothers of high school students and their friends are invited to make reservations, please, all Mrs. D. J. Watson or Mrs. J. A. Morgan.

## 'Sandy' Malcomson, Maire School Pupil, Runs Block To Pull Fire Alarm Box

An alert 11-year-old Maire school student returning home for lunch, prevented a serious fire at his home, 1049 Yorkshire road, Grosse Pointe Park, at noon yesterday, when he ran nearly a block to ring an alarm box.

The lad, curly-headed "Sandy" Malcomson, was definitely the hero of the day, for according to Edward Rector, assistant Park fire chief, "Ten minutes more, and that would have been a very dangerous fire."

"Sandy's" mother, Mrs. George W. Malcomson, and his sister, Jane, 18, were in the house at the time, but apparently were unaware of the blaze until "Sandy" arrived.

Rector stated that sparks pouring from a broken flue had landed on the shingled roof and ignited it. Damage was estimated over \$150. The third floor rooms of the house are unfurnished and used for storage space, Mrs. Malcomson told firemen.

"I was a little late for lunch," "Sandy" explained, as he related how he breathlessly ran down the block and pulled the alarm box at Yorkshire and Maumee avenue. "Today was my sister's birthday, too," he sighed, "What a present!"

Following an article published in a recent issue of The Review warning Grosse Pointe Park youngsters against breaking street lights with air rifles, only two broken bulbs have been discovered by Park police in the past three weeks.

Previous to The Review story, at least 25 smashed globes and bulbs were reported by Byron J. Rockwood, Park village manager, during January, February and early March. Rockwood announced that it costs Park taxpayers \$4.25 to replace each globe and bulb destroyed. An additional expense of \$100 has been added to the village budget because of this ruthless epidemic of vandalism, Rockwood stated.

Despite the marked decrease in breakage, Henry W. Piel, Park police chief, has continued his plea to residents asking them to report any information on local children using air guns on the streets. Piel is positive that the broken lights are the work of an organized gang of youths traveling around the community in a car. Questioned by a Review reporter, Piel said, "Any person found guilty of this offense will be dealt with severely, no matter who they are."

## Brownell Junior High Students Arrange Dance on April 18

Members of the 8A, 9B, and 9A grades at the Brownell junior high school have planned a dance to be held in the girls' gym on Friday evening, April 18, from 7:30 to 10:30 o'clock. Music for the dance will be furnished by the WPA colored orchestra. Tickets will be available, free of charge, in the junior high home rooms, beginning Tuesday, April 15.

Those who have planned the program are: Estelle Needham, 8A; Jean Doherty, 8A; Peggy Duffy, 9B; Judson Ingram, 9B; Marvin Annius, 9A; Donald Ratz, 9A; and Paul Micou, 9A.

## 'Puzzle That Pays' Enters Final Week

As it must to all good things, an end has come to "The Puzzle That Pays," starting in a December issue of The Review. The contest has extended for 16 weeks and has produced hundreds of letters from enthusiastic readers.

We sincerely hope that the puzzles have brought some little entertainment to our readers. Last week, because of a typographical error in correct answers were received, so this week, as a final gesture, we will double the awards. Six merchandise prizes will be given, and will be divided as follows: \$5.00, \$4.00, \$3.00, \$2.00, \$1.50, and \$1.50.

In jumbled form the puzzle contains the names of five advertisers and the telephone number of a sixth advertiser found below. No numerical or letter may be used twice in the finding of the correct solution. Untangle the puzzle and win a prize. All letters and numericals in the puzzle must be used.

**Sigma Gamma Holds March Meeting In Haberkorn Home**

The March meeting of the Sigma Gamma association was held on Friday afternoon, March 28, at the home of Mrs. C. H. Haberkorn, Jr. The hostesses were Miss Constance Haberkorn and Mrs. C. H. Haberkorn III. Mrs. George Schemm, the president, called the meeting to order at 3:30 p.m. The minutes of the January meeting were read by Mrs. Olney Jones, secretary.

Mrs. Angus Goetz gave her report as corresponding secretary, and Mrs. Burton Hafris, Jr., as treasurer.

Mrs. Stanley Muirhead reported on gifts, and Mrs. William Warner read Mrs. James J. Phelan Jr.'s report on publicity.

Miss Geraldine Higbie reported on membership; Mrs. Brewster Loud, Jr., on the Needlework Guild; Mrs. Frederick L. Colby on The Bulletin; the Bloomfield Hills group report was given by Miss Rosamond Strong.

The report of the board of trustees was read by the second vice-president, Mrs. Norman Preble, in the absence of Mrs. Butler Higbie, president and Mrs. James Booth, first vice-president.

Miss Dorothy Looker spoke on "Volunteer Service." A most interesting discussion in this department was discussed in "The Psychology of the Pre-School Crippled Child." This course is taught by a staff member and the girls taking it have an opportunity to do "practice" work immediately following each lecture. Mrs. Ford Ballantyne, Jr., Mrs. Edward Metzger, Misses Hamilton and Elspeth Herbert are the Sigma Gamma members taking the course.

The table was set with a green satin cover over a lace cloth, with the flowers and candles in white.

**ENGAGEMENT ANNOUNCED**

Mr. and Mrs. C. A. Trombley, of 795 University place, City of Grosse Pointe, have announced the engagement of their daughter, Margaret Josephine, to Chester Burton, Jr., son of Mr. and Mrs. C. A. Burton, of Field avenue, Detroit. The wedding will be held on Saturday, July 5, in St. Paul's church on Lake Shore road in Grosse Pointe Farms.

**Rep. Rabaut Reports Results of Alien Registration Act**

The program of alien registration under the act passed last year as an outgrowth of the national emergency, "has been accomplished with signal success and without giving any of our foreign-born population the feeling that they are being discriminated against or are being segregated," Rep. Louis C. Rabaut, of Michigan's 14th congressional district, reported to congress last week in presenting his bill making appropriations for the next fiscal year for the departments of state, justice, commerce and the judiciary.

Representative Rabaut, who has been conducting extensive hearings during the last two months as chairman of the appropriations subcommittee dealing with these departments of the government, made public the records of testimony presented.

He pointed to the statement of Robert Jackson, attorney general, dealing with the work of the department of justice in connection with the alien registration act, in which Jackson reported: "I am glad to say that the registration, which we entered upon with some misgivings because we did not know how it would be taken, has been without a single unpleasant incident. We tried to make it light and dignified registration that this was not a movement to harass or humiliate them; that it was a defense move by the country."

Over one million dollars will be necessary to index and analyze compilations of the information gained through the registration, Representative Rabaut reported to congress. The work will be done by the alien registration division of the department of justice, which supervised the registration. Nearly 5,000,000 aliens registered during the four-month period ended last Dec. 26, and this was nearly 1,500,000 more than had been estimated, Rabaut said.

Detroit, Congressman Rabaut revealed, effected its registration at the lowest per capita cost of any larger city in the country — that of only 25 cents per registration.

"Now begins the important and more difficult work of processing all this information in order that it may be readily available for legislative purposes, national defense needs, and other legitimate objects," Rabaut pointed out. It is for this work that the sum of more than \$1,000,000 has been earmarked by the bill, he stated.

**United States Daughters of 1812**

The General Alexander Macomb chapter, U. S. D. 1812, celebrated the eighth anniversary of its founding on Wednesday, April 2 at the Ingleside club, Detroit.

There was a short business meeting, accepted the new members. Reports were read by the delegates who reported from the state council, which was held in Grand Rapids on March 31.

Mrs. Gordon W. Kingsbury, the program chairman, introduced the honor guest, Mrs. Herbert Henry Dow, of Midland, who gave her talk—"My Hobby, Shawls". Mrs. Dow has a very large and interesting collection of shawls from her many travels. The program also included original poems by chancelain, Mrs. Clarence J. Chandler, and a group of piano numbers by Mrs. Kenneth Landis.

Following the meeting, a luncheon was served with Mrs. Marvin L. Hoagland, Mrs. Edward H. Eichelzer, Mrs. John W. Bennett, and Mrs. Gordon W. Kingsbury acting as hostesses.

**SPRING RECITALS**

The dates for the three annual Spring recitals have been announced by the Music Faculty of Marygrove College. The recitals, which are open to the public, are given in the college auditorium.

The first recital is scheduled for April 24. On May 3, Mrs. Mackley will present a vocal recital and on May 6, Joan Clapp will give a vocal recital.

**Good Friday Evening Service At Richard School Auditorium**

At 8 o'clock Good Friday evening, the following program will be presented by the members of the Grosse Pointe Lutheran church.

**Neighborhood Club**

No "Ed and Co-ed" party will be held this Friday night, because of Good Friday. The next Woolworth dance will take place on Friday, April 18, at 8 p.m.

**WOAKIYA CAMPFIRE GROUP**

The Woakiya Campfire girls held their regular weekly meeting of April 4 at the Neighborhood club.

At the meeting, we discussed the plans for the card party which will be held on Friday, April 25, at 1 p.m. at the club. The girls brought in their knitted squares for the Red Cross Afghan, which is nearly completed.

At the end of the meeting, the girls had a bit of recreation.—JANE SENICK.

**ALLIED YOUTH DANCE**

The Allied Youth organization will hold its annual Spring Dance on Friday, May 2, at the Dearborn Inn, Henry Rogers, and his orchestra will provide the music for this semi-formal dance, which begins at 9:30 p.m. and ends at 1:00 a.m.

**CARD PARTY**

Circle one of the Rotary Sodality of St. Joan of Arc church will hold a card party at the Club Lido, Jefferson ave., near New Mile road, on Monday, April 14 at 8:30 p.m. Ladies and don't forget will be awarded, and luncheon will be served.

**Zotos**

Not "heatless" but the original perfected "Machineless" permanent wave. Let no one be confused! The Zotos system of permanent waving is 100 per cent reliable and, as given by Miss Pickering, results in a wave lovely in every respect.

THE GROSSE POINTE REVIEW

Founded March 19, 1926

Offices at 15121 Kercheval between Maryland and Lakepointe

L. B. OLDHAM, Editor and Publisher

Published Every Thursday by The Grosse Pointe Printing Company

"WE LEAD, OTHERS FOLLOW"

Grosse Pointe Salutes Pan American Countries

In 1899 the First International Conference of American states met in Washington.

On April 14, the 21 American republics, including the United States, will celebrate Pan American Day.

The Grosse Pointe Rotary Club is to be congratulated upon its observance of Pan American Day next Monday.

In recognition of the increasing interest in Pan American affairs, the Grosse Pointe Board of Education has started adult classes for the study of the Spanish language.

We salute our 21 sister American republics on this 51st anniversary of the founding of the Pan American Union.

GOOD FRIDAY

Good Friday will be Good Friday for all of us, and commemorates the greatest tragedy in the history of mankind.

On this Good Friday, we find a striking parallel in the sufferings in the world today brought about by the selfishness of mankind.

We should pause on this Good Friday and consider the high moral principles for which this God-man died.

Without Good Friday however, we would not have our Easter, with its triumph over death.

Ship Workers Covered Under Social Security Act, Official Says

Workers who will be employed on Great Lakes freighters and passenger steamships during the 1941 navigation season will be covered under the social security act.

This announcement was made recently by Elmore E. Pollock, manager of the social security board field office.

Employment on the large freighters and passenger ships is now covered by the social security act, Pollock said.

JOB APPLICATIONS ON RISE

Nearly 10,000 new applications for work were accepted last week by the Michigan State Employment Service.

Highway Department Starts Distribution Of New State Map

Distribution of 200,000 copies of the newly revised Summer highway map, which emphasizes Michigan's importance as "the playground of the nation," was started this week by the state highway department.

The front cover is illustrated by a natural color photograph of a scenic shoreline highway, while the reverse side contains Michigan tourist attractions in picture form.

The map side contains the latest corrections on the trunkline highway system, together with a mileage table, individual maps of the larger Michigan cities, the state ferry schedule, and a list of the state game areas, national and state forests.

Index to cities and villages includes 1940 census figures. Because of popular demand, construction plans of the roadside picnic tables utilized by the state highway department are included on the map.

FOOD STAMP TOTAL

Food stamp issuances to Wayne county relief exhibitors during March topped those of February by \$19,994.50.

Easter Eggs

News Digest By DICK BODYCOMBE

United States Army Department - William C. "Rocky" Stone, 21-year-old son of Mrs. Louis L. Stone, of 1336 Berkshire road, Grosse Pointe Park, will be commissioned a second lieutenant in the air corps on April 26 at the army's advanced school, Maxwell field, near Montgomery, Ala. Stone, who graduated from Grosse Pointe high in June, 1935, spent two years at the University of Michigan before enlisting on his flying career.

On Good Friday, 1936, Mussolini grabbed little Albania. On Good Friday, 1940, Mussolini gazed boastfully over his complete domination of Albania and lovingly patted himself on the back.

Charging her husband with breaking into the "White House" without provocation, Mrs. Cyrilla Orth Hickey, of 920 Trombly road, Grosse Pointe Park, was granted a divorce from Henry Stark Hickey in circuit court last week.

Bill Maul, Grosse Pointe's 22-year-old contribution to the tennis world, was the recipient of a nice piece of publicity in a recent issue of The Detroit Times.

John H. Flancher, of 268 McMillan road, Grosse Pointe Farms, was engaged as attorney for John Hamilton, Detroit councilman and confessed \$15,000 bribe taker in the Herman Gardens housing scandal, at Hamilton's recent recorder's court examination.

Frankie Kovacich, popular and very much left-handed Grosse Pointe high senior, was the leading scorer of Detroit's Hannan Y.M.C.A. team during the annual state "Y" basketball tournament held in Lansing last weekend.

"Mike and Ike" Department - Unable to locate his car key, a Goldsboro, N.C., deputy sheriff ordered a gold mechanic to tear out the ignition switch and make a new key.

On April 1, Mrs. Franklin D. Roosevelt and Mrs. Wendell L. Willkie met in Washington at the National Press Club's annual stunt party - no fooling!

Sport Shorts - Only eight of the University of Michigan's 19 varsity swimmers are residents of the state.

Most Defense Workers Are Covered Under Social Security Act

Workers who get employment in defense projects, both in construction and in plant operation, are, in the vast majority of cases covered by the social security act.

This statement was made today by Elmore E. Pollock, manager of the social security board field office at 8037 Harper avenue near Van Dyke.

Commenting on the necessity of such workers having social security account cards Pollock said: "Many men who are finding jobs on defense projects have been working in non-covered employment or have been self-employed during the time the Social Security act has been in operation.

"All such workers, and others who do not have social security account numbers, should obtain their cards at once, and present the card to the employer so he may record the name and number properly when the new worker first takes up employment.

With Spring's first real appearance, comes a new business organization, The Jackson Window Cleaning Co. Grosse Pointe Park business men with stores on Kercheval avenue are finding the new service, often freely donated, very helpful!

"BEYOND THE BENCH"

By JUDGE THOMAS F. MAHER Of Traffic Court

It is safer to obey the law. Very little can be said for those who violate the law through ignorance of its provisions. But even more blame-worthy is he who knows the full implications of his act and proceeds to break the law because it suits his fancy to do so, or who just doesn't feel like obeying it.

A city ordinance provides that "operators when driving a vehicle out of an alley, driveway, or building onto the highway, shall come to a complete stop before crossing the sidewalk."

One need not sit on the Bench in Traffic Court, nor beyond it to know that less than one-half of one per cent of Detroit's motorists are ignorant of this law. Yet nearly as many drivers disregard it as they obey it.

As far as disregard for this law concerns the pedestrians, motorists must remember that the automobile's rightful place is still on the street and not the sidewalk. A horn may warn the jaywalker that he is inviting sudden death by unlawfully invading the domain of King Motor Vehicle.

Drivers entering a street who disregard this law are given traffic tickets whether another vehicle is approaching or not. Nevertheless, the inevitable defense in court is, "No other car was coming." That so many drivers, guilty of this violation, involve themselves and others in accidents is proof that will always be a time when another car is coming.

The law means what it says, and it is safer to obey than to disregard it.

The Home Front By ROBERT LAW CRINNIAN

The opinions, and beliefs, expressed by the writer, do not necessarily express those of this publication.

Comparing the pre-democratic nations of Europe to Democratic America one will be astounded at the similarity of conditions, factors and causes for their subjugation, or their transition into fascist states.

The people of America have always clung tenaciously to all of the rights and privileges that are accorded free men. We have never permitted a racial majority to force their will upon any minority group.

We have millions of men and women who are unemployed. We have tried every cure-all - that failed in Europe - to solve our economic problems. We have made very great and far reaching social reforms - such as unemployment insurance and old age pensions.

We have permitted organizations like the Black Legion and the Ku Klux Klan to prepare the ground for the horde of subverters and fifth columnists. We have tolerated looked on while the Communists have gained control of one of our labor unions.

We have forced our native born citizens - the loyal Negroes - all of them - to exist at a low subsistence level; have made them live in slum-ridden areas and have denied them equality - in every way. It is indeed tragic that the Negroes, who have every reason to accept the promises held out to them by those apostles of hatred - the saboteurs of spirit, have remained the most loyal and have stood steadfast while the white people were milling about utterly confused.

The real danger to America lies in the fact that the fifth-columnists and the saboteurs challenge us within our own borders. If the light of Democracy is to become obliterated, then - the hope that still burns in the hearts of all subjugated peoples will slowly suffocate within their breasts. America stands at the very cross-roads of her destiny. What will the future bring?

**Good Judgment**  
A woman visiting the Manhattan, Kan., zoo was dangling her automobile keys at the end of a chain. She dropped them accidentally and they went into the wildcat's cage. "It'll be a lot less trouble to buy a new set," she commented as she walked away.

**Trains With Hammocks**  
Ski enthusiasts "swing" on their way from Rome and other southern cities to northern Italy. Italian railroads announced third class sleeping coaches will be equipped with hammocks. The railroads are giving a 50 per cent reduction on all tickets for ski parties this winter.

**St. Paul's Baseball Team Start's Practice**

Looking forward to a big 16-game schedule, including 10 league contests, St. Paul high school's championship baseball squad started practice on the Neighborhood club field this week to defend its hard-won 1940 second division Catholic league title.

Coached by Ed Lauers, an excellent baseball player with several years of professional experience, the squad boasts four lettermen returning from last season's team. Pat Cavanaugh, right-handed hurler and basketball star, is expected to be the mainstay of the pitching staff. Two veteran infielders, Walter Thersen, third base, and Jimmy Bischoff, second base, will supply the offensive threat. Another letter winner, Center Fielder Bud Meathe, should prove of considerable help when the season gets under way.

**Eighth Grade Students At Pierce Junior High Plan Open House**

An open house for 8A students and their parents will be held at the Pierce Junior high school on Tuesday night, April 22, at 7:30 o'clock.

The event is planned in order to give parents an opportunity to confer with the advisers and classroom teachers, and to determine the most desirable ninth grade program for their children.

A one-act play called "Careers" will be a feature of the auditorium program. Eight A students who will take part in this play are Bill Chapman, Donald Droll, Kenneth Cunningham, John McMahon, Raymond Rochelle, Eric Friewald, Mary Ella Andrus, Margaret Gray, Margie Kalbfleisch, Marjorie Grames, June Frame, and Grace Rockhoff.

Frances Peck will present a ballet dance, and Emily Kovachik will give a folk dance. The accordion accompaniment for the folk dance will be played by Milton Henkel. The eight A chorus, under the direction of Miss Gwendolyn Brockmiller, will sing several selections. Lizi Murphy has been selected as chairman of the open house program and Eric Friewald will serve as alternate.

The home room conference period for children, parents, and teachers will be held after the program. Exhibits revealing the content of the 8A and 9 courses will be on display in the two school gymnasiums.

**"Visual Aids" Started In Many Classrooms At Grosse Pointe High**

Since "visual aids" have been introduced into classrooms, students of Grosse Pointe high school have a new dream of Utopia — throwing away books and learning their lessons by going to movies.

This winter, visual aids have become an increasingly important part of the school to help student visualize ideas that they can't readily see and understand.

The "aids" are projected on the screen as slides and silent and talking movies. Graphs, charts, and maps, as well as the movies, help to demonstrate and clarify ideas. As an example, recently in W. A. Mann's physics class, pictures on "The Transportation of Energy," and "The Molecular Theory" clarified the students' understanding of difficult theories.

When an idea can be put across without involving motion, slides are used. When an idea involving motion is wanted, silent movies are shown, and when an idea that requires sound and motion is wanted, regular talking pictures are shown, although many ideas are sufficiently illustrated by means of slides, graphs, and maps.

Visual aids have been used in natural and physical science classes, journalism, Latin, homemaking, French, German, and general language classes.

The newly organized Projectionists club operates the equipment which is used in showing the pictures. The school has two 35 mm. projectors, one sound and one silent, a standard slide projector, a slide film projector, and a two-inch slide projector.

There are 256 listed sources of getting visual aids, and teachers interested in obtaining them can get catalogs from Mann or the library.

The Grosse Pointe Review is read every week by 35,000 readers in Grosse Pointe and Grosse Pointe Park.

**CHRISTIAN SCIENCE**

"Are Sin, Disease, and Death Real?" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, April 13.

The Golden Text (Psalms 27:1) is: "The Lord is my light and my salva-

tion; whom shall I fear? the Lord is the strength of my life; of whom shall I be afraid?"

Among the Bible citations is this passage (Isaiah 60:1, 20): "Arise, shine; for thy light is come, and the glory of the Lord is risen upon thee . . . Thy sun shall no more go down; neither

shall thy moon withdraw itself; for the Lord shall be thine everlasting light, and the days of thy mourning shall be ended."

**FAITH LUTHERAN CHURCH**

Good Friday Service—12:30 to 2 p.m. Speakers:

The Rev. Bruno Brueckner, Capac, Michigan and the Rev. Lawrence Knoll, Ida, Michigan.  
Two glorious Easter services will be held at the Faith Lutheran church, E. Jefferson and Philip avenues, Sunday morning at 7:00 and 10:45 o'clock. A vested choir of nearly 90 voices led by robed trumpeters, will proceed down the aisle at the beginning of the services. The chancel will be beautifully adorned with an abundance of Easter flowers, including a five-foot floral cross upon the altar. The music program will include three beautiful Easter anthems, which will conclude with the "Hallelujah Chorus." In addition to the choir, trumpeters and organ, a stringed ensemble, consisting of harp, violin, and cello, will take part in the service.  
The Rev. R. D. Linhart, pastor, will preach at both services on the theme, "Rising Out of Ruins." He will be assisted in the services by the Rev. Chas. Klinkstick.

**Most Affected**  
Government experts estimated nearly 68 per cent of the total crop and in the United States, or 232,650,000 acres, was affected by some phase of the agricultural adjustment program in 1938.

**Pedestrian Protection—Channelizing Islands Help**

**SPECIAL CHANNELIZING ISLANDS:** To safeguard pedestrians, traffic authorities should plan for special pedestrian crosswalks wherever there is an unusual intersection layout. Particularly where a pedestrian must otherwise cross a wide roadway, islands can effectively protect him and channelize and aid vehicle traffic. Islands should be properly illuminated at night.

**STUFFED PORK CHOPS**  
By MARY BLANK  
Home Service Dept., Canadian Co.

2 double pork chops 1 cup, condensed soup  
2 eggs whole tomato  
2 onion heads 1 cup, grated cheese  
2 green beans 1 cup, cut fine (about 1 cup)  
1 cup, milk 1 egg  
1 lb. butter 1 cup, Cornstarch  
2 cups, finely chopped parsley Milk

Cut a pocket in each pork chop. Combine onion with remaining ingredients and mix well. Stuff each chop with the corn mixture and fasten with toothpicks. Heat a little fat in a frying pan and brown chops slowly on both sides, seasoning with salt and pepper. Place browned pork chops on top of potatoes. Cover and bake in a moderate oven (350° F.) until potatoes are tender, about 1 hour. Serves 6.

United States Daughters of 1812

The Michigan Society of the United States Daughters of 1812 elected the following officers at the 42nd state council held recently in Grand Rapids at the Pantlind hotel.

Mrs. Curtis T. Wolford, of Grand Rapids, president; Mrs. Chester F. Miller, of Saginaw, vice-president; Mrs. George W. Moran, of Marshall, chairman; Mrs. Sidney C. Probert, of Detroit, recording secretary; Mrs. Carey S. Welsh, of Grand Rapids, corresponding secretary; Mrs. Edward B. Flack, treasurer; Mrs. Gordon W. Kingsbury, of Detroit, registrar; Mrs. Albert E. Stewart, of Detroit, historian and Miss Lou E. Nickerson, of Alma, flag custodian.

Mrs. Lloyd DeWitt Smith, of Grosse Pointe Park, was elected honorary state president for life.

A state officers club of the National Society, United States Daughters of 1812, in the Michigan state society was organized at a luncheon in the Pantlind on Monday, March 31. The following officers were elected for this group:

Mrs. Lloyd DeWitt Smith, president; Mrs. George W. Moran, vice-president; Mrs. Marvin L. Hoagland, recording secretary; Mrs. Edward J. Savage, corresponding secretary; Mrs. Chester F. Miller, treasurer. The three directors named are Mesdames Henry B. Joy, Walter Farrant and Lynn T. Miller.

In 1942, the state society will hold its council meetings in Detroit at Newberry House, which is the headquarters of the state society.

An extra day's session will include an interesting program in celebrating the 50th anniversary of the national society.

"Run Peddler Run" Play At Pierce Junior High Stars 21-Year-Old Girl

A charming girl of 21, whose voice has been heard by millions of radio listeners in the role of nurse for the famous dramatizations presented in Red Cross drives will be the feminine star of the play "Run Peddler Run", which will be seen here by an audience of children on Saturday, April 12. The performance, sponsored by Parent Teacher Association will be given at Pierce Junior High School.

Hana Karol's (the 21-year-old star) manifold radio assignments have included also the famous screams heard over "The March of Time" at practically every dramatization of a catastrophe ever done on the program, from a tenement fire with an East Side family trapped, to an earthquake with the crashing down over a household of Balkan peasants.

The piquant dark eyed leading lady of the Junior Programs Players has taken all these roles in her stride. Her versatile talent and the amazing record of her professional career on the stage stand out sharply in contrast to the appearance she makes of wide-eyed youthful piquancy. Yet, it was just this child-like quality which led to her selection as principle feminine actress for Junior Programs plays for youngsters. In all the characters she portrays in Junior Programs plays, she is but a mere slip of a girl.

Defer School Students Plan Big Flower Sale

The past two weeks have been filled with exceptionally busy days for the 6A-1 group at Defer school. They are in the final steps of an activity they started last October, the selling of blooming plants they have raised from bulbs.

This is the second year the group has carried on this activity, which began from the desire to be resourceful in supplying some of their own school needs. Diane Faulk, one of the pupils, describes the beginning of their venture as follows:

"Mr. Himmelsmann's 6A-1's of Defer school have had a flower sale for the last two springs. The idea started on September 18, 1939, when the children who have now had Mr. Himmelsmann for two years, were seeing him for the first time. They were discussing what they wanted to do during the coming year. The school's conservatory had been left in their care. There were only a few blooming plants in the conservatory and the large aquarium in the center of the conservatory was empty. "They wanted to have a large variety of blooming plants and they also wanted to see the aquarium filled and the cracked glass fixed. They also wanted money for other things the group was interested in for their room. They decided the best way to raise this money would be to have a flower sale.

REGULAR MEETING The Amadeus Circle, Daughters of Isabella, will hold their regular monthly business meeting on Monday, April 14, at the Gabriel Richard Hall, 9375 Amity avenue, Detroit.

High School Adds Spanish Classes To Curriculum

"Time may be well spent in learning Spanish, because with the increasingly friendly relations of North America with South America, it is essential to speak the language to carry on our business and cultural relationships between the two countries," declares Miss Louise Karpinski, language instructor, who will teach the Spanish classes, to be organized next fall at Grosse Pointe high school.

Both the adult evening classes now being taught by Mrs. Carlos Fosatti and the high school classes will make an important contribution to the good neighbor policy, Miss Karpinski believes.

Miss Karpinski further added, "It is the easiest of the languages to learn, although no language may be termed easy to learn." Spanish is used in America perhaps more than it is generally realized. In the Southwest, particularly California and New Mexico, it is almost a universal tongue. Many songs are sung in Spanish, and for this reason also, it is interesting to know something of the language, Miss Karpinski pointed out.

Fifty students have already enrolled for the new course and it is advisable for students to consult with home room teachers at once to have Spanish put on their next fall's schedule, school officials believe.

Spanish I will be offered only in the fall, followed by II in the second semester. The following year, III and IV will also be offered.

"It takes about two years to have a fair writing, reading and speaking knowledge of the subject," states Miss Karpinski.

The Grosse Pointe Review is read every week by 35,000 readers in Grosse Pointe and Grosse Pointe Park.

Building in the warm sunshine, this group of young Grosse Pointe Woods boys were snapped enjoying the real Spring days of early this week on a recently fallen tree near a new home under construction. Note the dog perched on one boy's back (far left).

Pointe Track Star Sets New State Indoor Mark For Quarter-Mile Race

Ray Weaver, agile little Grosse Pointe high senior who has won varsity letters in three major sports despite his small stature, engineered a masterful upset last Saturday evening when he set a new quarter-mile record of .54.2 seconds at the annual Michigan indoor track championship held in Yost field house, Ann Arbor.

Weaver, the only one of Grosse Pointe's eight entries who placed, smashed the previous meet record of .54.4 seconds which was chalked up several years ago. The meet, highlight of the winter's indoor prep season, attracted tracksters from 35 of the state's top high schools.

The other local boys who ran in the preliminaries but did not qualify for the final races were: Charles Lee and Ralph Savory in the high and low hurdle races; Jack Cudlip in the 60-yard dash; Bob Bureau and Dick Robbins in the half-mile grind; and Bob Mesmer and Richard Piper in the mile race.

"Pointes and Pointers"

The Grosse Pointe Motorcycle and Bike Shop, 1423 Lakepointe avenue near Mack, is now featuring a large stock of good used bicycles, completely rebuilt and repainted. A complete selection of new bicycles are also available at reasonable prices.

Arthur C. Verbrugge, proprietor of the shop, is now offering a lawnmower overhauling and sharpening service. By dialing NI. 0557, quick pick-up and delivery service can be obtained. Have your lawnmower overhauled now, and avoid the annual Spring rush.

Pickering's Beauty Studio, 5621 Courtville near Warren avenue, calls attention this week to the fact that the Zotos System of Permanent Waving is the original "machineless" method of hair waving and has nothing in common with "heatless" systems.

In other words, says Miss Pickering, while the Zotos permanent is "machineless" it is not "heatless." Miss Pickering's many years of experience in demonstration work qualify her as an expert on permanent waving, and many satisfied customers are a testimonial to her skill as a permanent wave artist in the Zotos "machineless" method.

Russell Curtain Cleaners, 1472 Kercheval avenue at Ashland, Detroit, are now featuring at reasonable rates, a special individual Celanese curtain cleaning service as done by a specially trained operator. Lace curtains are also distinctively laundered by skillful Russell workers. Just dial LE. 8275 for rapid pick-up and delivery service.

Grosse Pointe Girl Leaves Today for DAR National Convention

Lucille Barnes, Grosse Pointe high school senior and daughter of Mr. and Mrs. John R. Barnes, of 284 University place, City of Grosse Pointe, was chosen from 192 candidates at the recent state conference of the DAR in Port Huron as the State Pilgrim from Michigan to attend the Continental Congress in Washington, D. C. She will leave today, (Thursday, April 10), for the capital, where Pilgrims from all of the states will be guests of the national society of the DAR during the convention.

Lucille's election as Good Citizen to represent the Grosse Pointe high school at the state conference was sponsored by General Dutch Harman, chapter of the DAR.

University of Michigan Plans Adult Education Meeting This Month

Thirty speakers, including author Carl Sandburg and Karl Detzer, roving editor of the "Reader's Digest," will address the ninth annual Adult Education Institute meeting at the University of Michigan, April 28 to May 2.

The institute is sponsored by the University's Extension Service and the Michigan State Federation of Women's Clubs. "Lincoln and the Present Crisis" will be the subject of Sandburg's talk, while Detzer will speak on "Free Press and Free Speech."

Prof. Joe L. Davis, of the University English department, will review five books in the literature series. "New England: Indian Summer" by Van Wyck Brooks; John Buchan's "The Voyage" by Charles Morgan; "For Whom the Bell Tolls" by Ernest Hemingway; and "Oliver Twist" by Kenneth Roberts.

ST. MARTIN'S DANCE

The young people of St. Martin's parish are planning a post-Lenten dance for Friday, April 18, and have taken over the ballroom of the Knights of Columbus clubhouse (formerly Amity Temple) at Parkview and Amity avenues, Detroit, for that evening. Pat "Miss America" Donnelly will be the featured artist with Bill Bennett's orchestra. Tickets may be obtained from Miss Josephine DE Ponia, 513 Emerson avenue (Mu. 5717), Detroit.

Totem Poles Being Preserved

The totem pole, in Alaska and in British Columbia, is the symbol of achievement among the families of Pacific Coast Indians. The art of carving and painting, with native eyes, these picturesque monuments to valor and legend, now is known to so few of the older members of the Coast tribes that both the United States and Canadian governments have taken steps to preserve all authentic totem poles. The photograph, left, shows an unusual totem near Ketchikan. Many other attractive and unusual totem poles are seen in Prince Rupert, Sitka, Wrangell and Skagway, on the sheltered "Inside Passage" steamship route from Vancouver. Some of the finest examples of totem pole art on the continent are seen at Kitwanga (photo of totem group) and other Indian villages along the Jasper-Prince Rupert branch of Canadian National Railways in British Columbia, while one of the best preserved totem specimens in North America lends atmosphere at the railway station in Jasper National Park, Alta. This beautiful Haida Raven totem pole (right) was brought to Jasper from the Queen Charlotte Islands.

NYA Plans Baseball School of the Air

Orin W. Kaye, state administrator of the National Youth Administration, today announced a new series of NYA radio broadcasts to be known as the NYA Baseball School of the Air.

The broadcasts will originate at radio station WKAR at Michigan State college, East Lansing, and will be a regular weekly feature each Saturday morning at 10:30 o'clock during the Spring and Summer. The first broadcast is scheduled for Saturday, May 3.

The first five programs of the Radio School of the Air will cover the history of the game of baseball. They will be dramatized and presented by a cast of actors who will, through dramatic speech, tell the story of the progress of America's national game from the time it started with a boy bounding a ball of string against the side of a barn up to the present day of major and minor league teams.

The other programs during the Spring and Summer will deal with rudiments of the game. The programs are a part of the junior baseball program of the NYA which this year is to be expanded to include every county in the state. Approximately 500 teams are expected to play under the NYA banner this coming Summer.

Detroit Garden Center

The April meeting of the Garden Center will be held on Monday evening, April 14, at 8 p.m., in the John D. Pierce Junior high school. A talk on "How Does Your Garden Grow?" will be given by Gordon Morrison of the Ferry-Morse Seed company. Morrison is an interesting speaker and will illustrate his talk with colored slides.

On Tuesday, April 15, at 2:45 p.m. in the lecture hall of the Detroit Institute of Arts, Prof. Florence B. Robinson, of the University of Illinois, will talk on the "Personality of Trees." Professor Robinson is a Michigan woman born in Lapeer, receiving both her degree as an architect and as a landscape architect from the University of Michigan.

This talk is being given for the Garden Center by the Michigan division of the Woman's National Farm and Garden Association. Both lectures are free and open to the public.

CHURCH BAZAAR

There will be an all church bazaar "The House Beautiful" at Jefferson Avenue Methodist church, East Jefferson avenue at Marlborough, all day Friday, April 25.

**Case of Necessity**  
The Iroquois Indians considered animals as having immortal souls and possessing all the rights of human beings, according to an article in the American museum's magazine, Natural History. When a hunter of this tribe killed a bear, for instance, he entreated the animal not to be angry, explaining that he needed clothing to wear and flesh to eat, and that he (the warrior) would indeed not have held any grudge if the tables had been turned and the bear had succeeded in killing him instead.

### Spring Band Concert By 135 Music Students Planned for April 23

One hundred and thirty-five band and orchestra students will participate in the first spring instrument concert, to be held April 23, at 8:15 o'clock, in the Grosse Pointe high school auditorium.

The senior high orchestra, the senior high band, and the Brownell junior high band will contribute to the program. It will be the first appearance of the Brownell junior high band.

Among the numbers that the orchestra will play will be a string number entitled "Marionettes" by Merie Isaac.

The junior high band will play "Squadron March" by Henry Davis, as well as several other numbers.

The senior high band will play several numbers including a modern symphonic arrangement of "Lady of Spain" by Tolchard Evans and "Knightsbridge March" from the "London Suite" by Eric Coates.

Tickets will be on sale by all members of the three groups participating in the concert. There will be no reserved seats.

On April 18, music students from all over the state of Michigan will gather on the Michigan State college campus in East Lansing to compete in the annual state solo and ensemble contest, sponsored by the Michigan School Band and Orchestra Association.

The students from Grosse Pointe high who will participate in the competition are: Joyce Collins, 12A, oboe soloist, who will play "Pastoral" by Bruno Labate; Virginia Collins, 10A, violinist, who will play Kreisler's "Liebeslied"; Charlotte Saikowski, 10A, violinist, who will play a solo arrangement of the well known "Czardas" by Monti; Claire Davenport, 12B, who will play "Capriccio" by Weissenborn, on the bassoon; Carolyn Innes, 12B, who will play a flute solo entitled "Offertoire" by J. Don Juan; and Harriet Gelhaar, 12A, who will play "Prelude in B Minor" by Rachmaninoff.

### Trombly School Notes

The 5A science class is studying about birds, their migration, and protection. A movie entitled "Bird Banding" told us the "how," "why," and "where" of this practice. It illustrated graphically what we have been trying to visualize from our study. One student retrieved a bird band from her bottle necked "never-to-be-disturbed" treasure box by means of a pair of tweezers. As a result of having learned the importance of reporting to authorities when bird bands are found, she wrote a letter to the United States Biological Survey, Washington, D.C., explaining the delay in sending in the bird band found on a wild duck.

Last Fall, the 3A grade at Trombly school collected larvae, and caterpillars, put them in lamp chimney cages and fed them. They later spun cocoons or made chrysalises. On March 27, the 3A grade were surprised to have a visitor, a black swallowtail butterfly emerged from its chrysalis.

We watched our newcomer exercise its wings and gradually become strong enough to fly around the room. We observed how the butterfly used its proboscis or sucking tube. We are going to stretch the swallowtail, then mount it and the chrysalis in our nature study case.

The Trombly school Junior Red Cross is forming a Red Cross student council. Each room is choosing a representative who will give a report at each meeting on what his room is doing. This Easter, 100 nut and candy cups, 100 tray favors, and 100 tray covers are being sent to Fort Sheridan, Ill.

### Crippled Children's League Arranges Big Easter Benefit Party

The Michigan League for Crippled Children will hold its Easter benefit party at the Detroit Turners' hall, 8731 East Jefferson avenue, on Tuesday, April 15, from 1:30 to 5 p.m. The party will consist of a hazaar, baked goods sale, and bridge.

General chairman who are arranging the event are: Mesdames J. Alex Park and Paul Bunch; the reception committee consists of the president, Miss Sara Blanche Simpson; Mesdames Frederick Huettner, William F. Hoffman, A. W. Humphrey, James B. Ogden and Ward Beck.

Various other committees working toward the success of the party include the finance, under Mrs. Roy Marshall and Mrs. George Opp; the card table arrangements under Mrs. Michael Bloy, Mrs. John F. Teubert and Mrs. L. R. Flinders. The baked goods and candy table is in charge of Mesdames Clara Mack, Bernhardt Jacob and Frank Lathrop.

The "White Elephant" will be managed by Mesdames W. L. Emery, Ralph Roselle, and Walter Lotz. Fancy work is in charge of Mesdames J. Alex Park, E. W. Hotchkiss and J. M. Ferris.

The proceeds of the event are to be used in furthering the work of Camp Grace Bentley, at Jedd, Mich., on the shores of Lake Huron, where around 500 underprivileged crippled children annually enjoy a two weeks vacation.

### St. Paul's "Indians" Advance Winning Streak to 22

Continuing their spectacular winning streak of 22 straight games, St. Paul's rugged "Indians" toppled St. Catherine's from the undefeated ranks last Sunday in the quarter-finals of the Detroit CYO heavy weight basketball league playoffs.

Tied 12-12 at half-time, St. Paul was held scoreless in the third quarter, but staged a last period scoring spree and marked up a 27-22 victory. The Indians, made up of graduates of the Grosse Pointe Farms school, are led by St. Paul's versatile athletic coach, Ed Lauers.

Bob Allor and John "Red" Maison were high for the "Indians" with eight points apiece, while Lauers added his share, five points. The game was played in the St. Claire Community House on Fairview avenue, Detroit.

**STUDENTS TEACH CHILDREN**  
Miss Rita Campbell, daughter of Mr. and Mrs. Charles Campbell, of 1150 Bedford road, Grosse Pointe Park, is the chairman of the newly organized St. Elizabeth Orphanage group of the Marygrove College Sodality. This group gives cultural training to 14 children, ranging in age from four to 14 years. Miss Campbell is one of the students who teach art to the children. The student teachers meet the children once a week.

**Toads Keep City Unswayed**  
The city of Ansonia, Conn., has become a sleepy town and an unswayed town because toads have returned there and are now playing an encore, which the citizens thought was wiped out several years ago. \$80,000 was spent on a drainer project in an effort to keep the toads out, but heavy rains refilled the pond basin and made it a breeding place. The toads soon learned about it and the city is again plagued.

**Guesses Pay**  
A pay envelope in a man's pocket tends to make him more cautious. Miss H. Louise Cottrell of New York university, says. "On payday," she explains, "there is a noticeable

Wednesday evening, 7:30 p.m., mid-week prayer service. The pastor will speak on the subject: "The Gift of the Holy Spirit."

**Device for Seeding**  
It is not necessary any longer to stoop when seeding your garden. There is a device now on the market that makes it a simple operation. It is a disc seeder with two detachable flat cups or discs with a central tricycle axle which are attached to a long handle. The discs are filled with the desired seed and it is rolled along an open row with the seeds tumbling out of small adjustable openings in the discs.
