

# The Latest News of Grosse Pointe's Elementary School Activities

**MAIRE**  
Chief Ledger Chauvin, of the City of Grosse Pointe fire department, made an inspection visit to the Maire school last Friday. He said that everything was in excellent shape. During his visit a fire drill was held and the building was cleared in 55 seconds.

The annual paper sale will be held on Friday, May 9.

The children in Mrs. Alexander's and

**If Your Mirror Could Talk**

it would say "Why don't you fix those stringy ends and hard-to-set hair with a new permanent by Felix?" You'll be thrilled with your new halo of soft baby curls and waves!

Funch and July Theatre Building

Miss Hoffmann's rooms visited the Michigan Central railroad station last Tuesday morning. James Horen, manager of the restaurant, showed the children the miniature railroad and city built by some of the engineers. Mr. Francis, passenger agent for the railroad, took the children through the station and gave each one a booklet about trains. The children waited on the platform for the Mercury to arrive, and, after a walk through the train, were taken to a pullman car where they saw a berth made up for the night. The people at the station and on the trains were very kind explaining and answering many questions. As a culminating activity to their study, the 2A group are planning an exhibit showing the various types of transportation.

The one-B children in Mrs. Barnes' room brought some tin cans to school which they painted and then filled with good black dirt. A number of different kinds of seeds were planted and the children are showing much interest in watching the growth of these plants.

A marionette show "Jack and the Beanstalk" was presented at Maire school on Friday afternoon by Ed Johnson. Mr. Johnson's work was recently featured in the rotogravure section of the Detroit News. The 6As sold fudge before the show. The sale totaled \$16.03. This money with \$1.53 which the class had previously earned, will be used to buy cloth for utility bags to give the Red Cross. The group has been very active in Junior Red Cross work, contributing over 200 articles to Fort Custer in April.

Miss Harris' third graders are now

## Defer Students Give Play

This group of Defer school second grade children took part in the play "A Welcome to Spring," given in the school auditorium, April 18. The children are in Miss Hazlock's room.

studying about birds. They have used movies, colored slides and stereopticon views in carrying on their study of our feathered friends. Now they are making a bird chart in the room to enable them to keep track of the different kinds of birds that they are able to find and identify.

Spring flowers are being collected by the four A class for our scrap book. We are pressing, mounting and identifying these flowers. The following children have brought flowers thus far: Carl Romano, tulips; Nancy Massnick, Jimmy Williams, and Barbara Robbins, violets; June Moffat, forsythia and magnolia; Sally Neff, dandelions and Clyde Vandenburg, pussywillows.

**DEFER**  
Junior Red Cross  
The monthly meeting of the Defer school Junior Red Cross council was held Thursday, April 24. All of the members were present. A detailed report was given by Diane Faulk of the district meeting held last week at our local Red Cross headquarters.

**PTA Election of Officers**  
On Tuesday, April 22, the Defer PTA held an election of officers for

1941-42. The results were as follows: Mrs. Willis Thompson, president; Mrs. Karl Weber first vice-president; Mrs. Oscar Keller, second vice-president; Mrs. C. Neville, third vice-president; Mrs. S. W. Hosking, recording secretary; Mrs. J. Flaughter, corresponding secretary; and C. McPhail, treasurer.

**KERBY**  
Today, May 1, at 2:30 p.m., the fourth graders of Kerby school have invited their mothers, H. L. Hobart, principal, and William Watkins, to hear a program of rhythm band music, some songs, and dances. Their music will include folk music of many lands. They will dance the Virginia reel for their guests. Later in May, this same group plans to visit Henry Ford's Greenfield Village.

On Friday, April 18, the room mother, Mrs. Carl Lienemann, planned a party for Carole Cassidy, who moved to Boston, and Bruce Wolf, who went to Detroit. They each received a nice going-away gift from their class.

**VERNIER**  
The Vernier school will have a parent meeting on the evening of May 13, at 7:30 p.m. It is planned that parents will visit the rooms from 7:30 to 8:15 p.m. E. E. Van Kleck, superintendent of schools, will discuss some of the problems of the district. Vernier parents have had no official PTA, but have been meeting informally several times a year. In addition to these meetings, the mothers of the school have come during the day to classroom teas and observation lessons. Mr. Gaskin, one of the parents, is going to discuss the matter of having a PTA. There will also be reports by persons who represent the school at the movie council and the PTA council. Parents of the school and their friends are cordially invited to be present.

Interest is again beginning in the school garden. This is a large project of the children. Not only have they raised beautiful flowers, but they will raise a few vegetables. One of the plans calls for the fencing of the plot with materials which are the gift of one of the parents.

**NOTED LECTURER TO SPEAK**  
Mrs. Geraldine Townsend Fitch, noted lecturer and writer on Far Eastern subjects, will speak at Jefferson Avenue Methodist church, East Jefferson avenue at Marlborough, at the 10 o'clock service, Sunday morning, May 4. Her subject will be "Unconquered China."

Mrs. Fitch has spoken from coast to coast for churches, clubs and radio. Last year, she spoke for the Detroit Rotary club, Detroit Methodist annual conference and over radio station WWJ.

**To The Retail Merchants of Grosse Pointe**  
Should Fire Interrupt Your Business,  
How About Your Loss of Earnings?  
A fire in your store could put you out of business indefinitely. A fire in an adjacent building might cause smoke or water damage to your store that would seriously cut your sales and profits.  
You now insure your building, stock and fixtures — but — how about insuring your means of livelihood — the gross earnings from your business?  
We offer to any reputable retail merchant, insurance coverage that will guarantee to pay you for loss of business earnings due to interruption of business by fire.  
The low premium charge will surprise you. We represent only the strongest of old line insurance companies.

## Benefit Dance Holds Attention of G. P. Woods Residents

The gala benefit dance, sponsored by the Grosse Pointe Woods Business Men's Association in connection with the Woods Community club, will hold the center of the local spotlight this evening, May 1, at the Hoop-De-Doo ballroom, 208-5 Mack avenue.  
Proceeds from the affair will be used to purchase playground equipment for the Community club's property at Mack and Ridgeman.  
Door prizes will be given, according to Dr. Harland Richardson, secretary of the business men's group. Fred DeMerse, owner of the Hoop-De-Doo, has donated the building and an orchestra for the evening, free of charge.

## Grosse Pointe Girl Will Head Women Students at State

Miss Margaret Jensen, Grosse Pointe home economics senior at Michigan State college, daughter of Mr. and Mrs. Carl V. Jensen, 1039 Hampton road, Grosse Pointe Woods, will head women students next year as president of Associated Women Students, women's governing board.  
Miss Jensen's duties will include leadership of the freshman orientation program, the freshman counseling system, the Co-ed Carnival, and other projects for the women students. In this capacity, she attended the organization's national convention at Lubbock, Texas, early in April.  
Miss Jensen has been active in campus organizations since entering Michigan State college. During her freshman year, she was a member of the local Y. W. C. A. In the Fall of 1940, she was elected president of her dormitory, West Mary Mayo hall, and again in the Winter of 1941 she was elected vice-president of East Mary Mayo hall. Miss Jensen also served on judiciary board, the student body acting on disciplinary cases.  
Appointed Co-ed Carnival chairman last fall, Miss Jensen had complete charge of this A.W.S. project whose purpose it is to introduce all women's organizations to the freshmen women.  
Miss Jensen has been a freshman counselor, helping orient freshmen women into college life. In 1940, she became a discussion leader in the freshman orientation system. While serving in this position, she administered vocational interest tests for the members of her group.  
Her extra-curricular activities have also included elected representative on the sophomore home economics board of the Home Economics club. During this time she was elected secretary-treasurer of this board.  
In recognition of her scholarship, leadership and service, Miss Jensen was selected for membership in Tower Guard, sophomore women's honorary society. Miss Jensen became interested in home economics during her study of this course in high school.  
**Reading Failures**  
The Journal of the National Education Association says that approximately one-fourth of all failures in our elementary schools are due to failure to read well.

## At the Punch & Judy

Cary Grant and Katharine Hepburn do their best to out-wisecrack each other in this scene from "The Philadelphia Story," which comes to the Punch and Judy theatre Sunday through Thursday. James Stewart is the third member of the starring trio in the film version of Broadway's year-run comedy success.

## Sea Thriller And Hepburn's "Story" At Punch and Judy

The thrilling, smashing action of two vessels fighting for supremacy is unfolded with realism in Hal Roach's "Captain Caution", the sea epic based on Kenneth Roberts' best seller, which will be at the Punch and Judy theatre Friday and Saturday. Starred in the film are Victor Mature and Louise Platt, and in supporting roles are Leo Carrillo, Bruce Cabot and Robert Barrat.  
Katharine Hepburn has returned to the screen, and now, in "The Philadelphia Story", picturization of her rollicking New York comedy stage hit which will be at the Punch and Judy Sunday through Thursday. Teamed with Cary Grant and James Stewart, Miss Hepburn is superb, as indeed are also her co-stars — for all three share honors in

one of the gayest, brightest and most unusual comedies of the year. Given bang-up support by Ruth Hussey, John Howard, Roland Young, John Halliday and Virginia Weidler there isn't a dull moment.

## Grosse Pointe High's Newspaper, "Tower", Given High Rating

For the sixth consecutive year, "The Tower," Grosse Pointe high school student newspaper, has been awarded an All-American rating by the National Scholastic Press Association.

The N.S.P.A. rates school papers on news value, news writing and editing, headlines, typography and makeup, department pages, and special features.  
The Tower was credited with 1,000 points, and was particularly complimented on its features and alumni news.  
"You do a nice job of reflecting your school spirit," the accompanying report said.  
"School newspapers of today are far superior to those of 10 years ago," the report continued. "Each year improvements are noted and as a result standards are higher."  
The Tower has received an All-American rating seven out of the 10 years it has been submitted.

## Jimmy Collins Back In Auto Business As Chrysler Dealer

Jimmy Collins, well known to many in the Pointe, is now in business as a Chrysler-Plymouth dealer at 15508 E. Warren.  
The showing this week on Friday, May 2 only, of the new and beautiful Chrysler "Newport" appropriately starts Mr. Collins off on what promises to be a highly successful business venture.

### New School

(Continued from Page One)  
Seating facilities for pupils for lecture and demonstration purposes have been provided in all three shops. These facilities have been especially designed by our industrial arts teachers and the architects in such a way as to make possible the use of the floor space for regular instructional use when not

needed for seating pupils.  
**Commercial Education**  
The high school commercial department at present is assigned three classrooms and a small laboratory room with a total floor area of approximately 2,100 square feet. In addition to this space which is specifically set aside for commercial department use, commercial classes meet in a number of other classrooms which make no specific provision for commercial instruction. The

present plan calls for the assignment to the commercial department of five rooms on the first floor of the building (largely those vacated by the industrial arts department) with a total floor area of approximately 4,400 square feet.

At the present time, approximately 50 to 55 typewriters are crowded into a room much too small for such a number of machines. The demand for typewriting is so great that this room is in use every period of the day, including both lunch periods. As soon as the rooms can be reconditioned, it will be possible to provide the commercial department with a larger typewriting room and with a supplementary room for typewriting instruction additional to the main typewriting room.

The present bookkeeping room is entirely too small and too crowded for the equipment and class size situation. A much more nearby adequate housing of this phase of the work will be provided in the new set-up.

In spite of very serious handicaps, a very gratifying amount of progress has been made in the development of an office practice course which is intended to equip graduates of the Grosse Pointe high school for a wide variety of office activities. It has been impossible in the past to provide the physical equipment for doing this work as thoroughly as is desirable, since there has been no place in which such equipment could be placed in the present high school building. One of the rooms which will be taken over from the industrial arts department will be reconditioned into an office practice suite which will make possible a genuinely vocational program in office practice work.

Instruction in shorthand has been very seriously handicapped for many years in the Grosse Pointe high school because of the great difficulty which shorthand students have had in getting access to typewriters for transcribing their shorthand notes. This work in transcription is one of the most important phases of stenographic training. The new setup will provide special facilities for shorthand students' transcription work.

Due to the time which will be needed to recondition the present industrial arts room for their new uses, it will be impossible to put the enlarged and improved commercial program into operation before September 1942. The teachers in the commercial department, the high school principal, and the director of instruction are already at work planning for the improved program and will expect to submit specific recommendations with regard to revision of present course offerings and content, as well as new course offerings in the field of commercial education. These recommendations will not be submitted until some time next year since we wish to take advantage of every opportunity possible to study the whole situation quite thoroughly. In this connection perhaps it should be said that while our program of visitation of industrial arts facilities was under way this past winter, we also did considerable visiting in commercial departments in some of our neighboring high schools, which are noted for their work in this area.

#### Arts and Crafts

The new building will more than double the space available for instruction in arts and crafts work. It has been necessary in recent years to conduct some of these classes in ordinary classrooms with no special provisions for the type of work which a good program demands in this field. The inadequacy of the art facilities in the present building may well be realized when attention is called to the fact that the Pierce school with a potential enrolment of 900 to 950 pupils, has two art rooms in comparison with one art room in our high school which is attempting to care for over 1,500 pupils. The new arts and crafts rooms will make possible a more varied and appealing program of arts and crafts activities including provision for ceramics. A sizable storage room for supplies not immediately needed for day to day use is also provided for the art department in the basement of the new building.

**Miscellaneous Improvements**  
For years the girls' shower room in the high school building has been

### Youth Must Be Served!

cramped into inadequate quarters by virtue of the fact that the laundry equipment which is used to launder the towels used in the high school and Pierce gymnasiums is located in one end of the shower room. This laundry equipment will be moved out of the shower room into the basement of the new building, thus providing much better accommodations for the laundry and at the same time relieving the shower room situation materially.

One of the handicaps under which our high school dramatics has proceeded has been the lack of any space for stage craft work except the stage itself. This has resulted in many undesirable situations, including interference with rehearsals and also unsuitable use of the floor and curtains of the auditorium stage. A dramatics workroom 25x28 feet in size is provided in the basement of the new industrial arts building.

### High School Tennis Team Holds Second In League Standings

The first half of the Border Cities league season complete, Grosse Pointe high's tennis team is now in second place with four wins and a single defeat.

Tuesday afternoon, the Pointers played host to Royal Oak high and sent the "Acorns" home on the short end of an 8-1 count. Bob Everett was Grosse Pointe's lone loser in games of 6-1, 3-6, and 3-6. Bob Kunding, undefeated "Blue Devil" star, completely swamped his man, 6-0, 5-0. Other local winners in the singles matches were Mike Ware, Doug Mackenzie, John Park, and Bob Ireland.

The doubles teams of Tom Ireland and Bill Healy, George Reese and Bob Bridge, and Jay Rohn and Sheldon Strong, were all victorious by large margins.

Last Saturday, Grosse Pointe visited Wyandotte and marked up another 8-1 victory. The doubles team of George Miller and Joe Beyer were the only beaten Pointers. Monroe high, first place holders, scored the only victory (5-4) over the "Blue Devils" last week.

### Wild West Rodeo Thrill Circus Starts at State Fairgrounds Sunday

Detroit will be host to Dick Ryan's World Champion wild west rodeo and Hollywood thrill circus for eight days, beginning Sunday, May 4, and extending through Friday, May 11, at the state fairgrounds coliseum, on Woodward avenue between the Seven and Eight Mile roads.

Champion cowboys and cowgirls from all over the west will compete for \$5,000 in prizes in rodeo events, including saddle bronc riding, Mexican bull-dodging, calf roping, bareback bronc riding and wild cow milking contests. In addition, Dick Ryan is bringing world famous circus acts and daredevil performers, Hollywood stunt men who risk their lives to bring to life the thrills of the screen, celebrated clowns, trick mules, educated horses, elephants, wild animals and a host of other stellar attractions.

There is Miss Ella Carver diving 100 feet through the air covered with flaming oil, the Great Peters, "the human corpse" who actually hangs himself from the top of the Coliseum, Miss Joan Spaulding in her daring "leap for life," famous Hollywood stunt men in death defying stunts and crashes in automobiles, motorcycles leaping through flaming walls and many more breathtaking thrills. Daring riding acts by Imperial Kouban Gossacks, cowboys and cowgirls and Indians should excite the most conservative.

To top the show and rest the nerves, George Olsen and his internationally famous Hollywood band will appear in

Chrysler Display New Model, "The Newport"

A radical new phaeton known as the Newport, which was the sensation of the New York, Detroit and Chicago automobile shows, is on display today at the Administration Building show-room, 12200 East Jefferson, where it may be seen from 9 a.m. until 9 p.m.

In this car, Chrysler corporation engineers see a forecast of future motor styling and a new mile post in the history of aerodynamics and "fashioned-by-function" design.

The development of racing cars had a large influence on the design of Chrysler's latest example of advanced aerodynamics. Chrysler engineers have followed the progress of these record-setting machines very closely for the last 15 years and have learned from them the importance of body design in increasing speed, roadability and handling ease.

Chrome is used only to give emphasis to functional lines and there is an entire absence of "gimcracks" and gingerbread work. There is a notable lack of bulges, ribs, corrugations and other devices that have no part in functional design.

BABY BOY... A baby boy, named Tommy Marvin, was born to Mr. and Mrs. Marvin W. Brinkman, of Kensington road, Grosse Pointe Park, in St. Joseph Mercy hospital last Tuesday, April 29.

Here is a picture of the interior of the world's largest canvas goods department store, J. C. Goss Company, Woodbridge at Bates, Detroit, who are celebrating their 33rd year in business.

Strem Hurls Three-Hit Shutout, Points Nine Wins Second Straight

Mowing down Mt. Clemens' hapless batters with machine-like precision Ralph "Rosie" Strem, Grosse Pointe high's outstanding southpaw, hustled through some three-hit hurling on the local diamond last Thursday afternoon and guided the "Blue Devils" to their second straight Border Cities league shutout-victory.

Following the pattern laid down by Larry Schock two days prior to the Mt. Clemens clash, Strem fanned 12 batters and allowed only one runner to advance as far as second base.

Jack Dillon, curly-headed third baseman, and Joe Faust's, speedy center fielder, each punched out two safe blows, while four other Pointe batters recorded lone hits.

St. Paul High Captures Opening Baseball Game 5-4 in Extra Innings

Aided by a helpful two-run rally in the seventh frame, St. Paul high's baseball squad opened its defense of the Catholic league's second division title last Friday afternoon at Kerby field, Grosse Pointe Farms, when they nosed out Annunciation high, 5-4, in an extra-inning (9) contest.

**State GOP Women Plan Meeting On Tuesday, May 6**

The Republican Women's Federation of Michigan has invited all Grosse Pointe GOP ladies to attend a meeting, tea, and musicale in the Women's City Club on Tuesday afternoon, May 6, at 2 o'clock.

Honored guest of the day will be Mrs. Charles W. Weis, Jr., of Rochester, N. Y. Mrs. Weis is president of the National Federation of Women's Republican clubs, a member of the New York state GOP executive committee, and president of the board of the Genesee hospital of Rochester. The mother of three children, Mrs. Weis first became interested in politics in 1935. At present, she is on a national tour, of which Detroit is one stop.

Mrs. Fred T. Murphy, of 17620 East Jefferson avenue, City of Grosse Pointe, is general chairman of the event, while Mrs. Lee C. Richardson, of Detroit, is program chairman. Mrs. Lucian deMontfort, well known Grosse Pointe resident, will present several musical selections. The presidents of the GOP clubs in the eastern part of the state will act as hostesses at the event.

**History and Functions Of "Boys, Girls Week" Explained By Chairman**

Grosse Pointe, along with many other communities throughout America is observing National Boys and Girls Week, April 26 to May 3 inclusive.

The week's activities will stress such important phases of youth development as spiritual guidance, education, vocational training, hobbies, citizenship, recreation, home life, and health and safety. The main objectives of the week is to focus public attention upon boys and girls, their problems, and their needs, with the ultimate aim of fostering and stimulating community activities directed toward greater welfare of the younger generation.

Major John L. Griffith, chairman of the National Boys and Girls Week Committee and well known as commissioner of the "Big Ten" athletics, said in a recent statement, "I have come to realize more than ever the importance of proper youth training, not only in athletics but in loyalty and good citizenship. There are groups in America engaged in sowing seeds of destruction — destruction of American ideals and principles, and Boys and Girls Week can play a large part in overcoming this type of youth poison."

The observance of National Boys and Girls Week had its beginning 21 years ago when the Rotary club of New York City sponsored a Boys' Week. The idea spread so rapidly that by 1926 the observance was celebrated throughout the United States and Canada. The week's program is not confined to larger cities; but is actively participated in by thousands of smaller communities. The result has been a greatly increased community interest in the welfare of boys and girls; and the work of organizing a local observance has drawn various community agencies together in such a way as to make them realize the advantage of year round co-operative effort in behalf of their boys and girls.

**Richard School Notes**

The Richard school staff and children are busy getting ready for the social exhibit which will take place at the school gymnasium on the evenings of May 6 and 7.

Materials will be displayed which are developed by the pupils in their school social science classes, and which besides being historical and geographical in content, represent the activities of the school in developing good citizenship and the democratic attitude of mind. Parents are cordially invited to come anytime between 7:30 and 9:00 p.m. It has been recalled that the 1940 art and hobby show was attended by some six hundred parents who were very enthusiastic about the whole affair.

During the week of April 21-26 Ruth Pace, teacher of grade one, was in Washington, D.C. with some local Junior Red Cross members attending the International Conference. The two local Grosse Pointers at the conference were Rozanne Rupp, 11B and Allen Parducci, 11A. Junior Red Cross activities are very prominent in Richard school, every classroom being engaged in doing something worthwhile for the various hospitals and army camps. On May 2, a number of pupils from the school, under the direction of Ruth Pace and Vera Thaleg, will demonstrate their work before the meeting of the Michigan Elementary School Principals at the Book Cadillac.

On April 17, a representative from each school in Grosse Pointe went with Ruth Pace and Clarence Messner to the main office of the Red Cross at Jefferson and Dubois.

Parents will be pleased to know that in the next few weeks a new playground across the street from the school will be developed and fenced under a WPA project and that the entire school will be painted.

The safety patrol of the school recently won the trophy, a presentation of the Detroit Automobile Club. This is being granted because of the very fine non-accident record on the intersections near the school, because of the many different types of teaching devices used by the staff to put across the ideals of safety, and because of the effectiveness and conscientiousness of the patrol boys. The members of the patrol are: Regulars — Frank O'Neill, Bruce O'Neill, Malcolm Sutherland, Alan Tyrre, George Kennedy, Richard Jackson, Bob Griffin, Donald Cardoze, Paul Chambers, Joe Hipfel, Timmy Pelkey, John Cosgrove, Teddy Osins, Jack Conis, Jack McGraw, George Hughes, Ned Barthel. Substitutes: Peter Johnston, Tom Baker, Bob Springmeyer, Dick Schmitt, Dick Bracken, Mike Bigley, and Bob Sharp.

The science classes of Jane Baker and Edwin Wendt are busy planning the school garden and the landscape design for the entire grounds. This gives the pupils more than a theoretical experience with nature study but a fractional one as well.

**Detroit Council Of Church Women Plan Annual May Luncheon**

The 25th annual May luncheon of the Detroit Council of Church Women will be held Friday, May 2, at 12:30 p.m., at the Metropolitan Methodist church, Woodward, corner of Chandler.

This luncheon is the one purely social event held each year by the Council of Church Women, and it is hoped a thousand women will attend.

The president, Mrs. Bruce Douglas, will preside. Dr. Henry Hitt Crane will be the speaker, and there will be an excellent musical program.

These May luncheons are being held from coast to coast by inter-denominational groups of women, and are sponsored by the National Committee of Church Women which is a committee from the National Council of Church Women, the Home Missions Council, and a Council of Women for Foreign Missions.

All church women are cordially invited. For reservations, call the Detroit Council of Churches.

**Walter M. Denne Named Committee Chairman of Boy Scout Troop 290**

At a recent meeting of Boy Scout Troop 290, Grosse Pointe Woods, Walter M. Denne, of 2101 Lennon road, was appointed committee chairman for the troop by Paul Rowe, president of the Mason school PTA.

On Monday night, May 5, the boys will visit the Detroit city airport. Through the co-operation of one of the troop committees, Mr. McElroy, who is employed by the Detroit Gas Company, the boys will be taken to the top of the huge gas tank bordering the airport.

The scouts will be given a wonderful view of Detroit at night from the tank, which is over 350 feet high. A visibility of 15 miles can be had from this vantage point, it is believed.

**ARTICLE PUBLISHED**

"Educational Screen," a magazine devoted to audio-visual aids in education, contains an article in its April number by Ernest R. LaFollette, teacher at the John D. Pierce junior high school. The article is entitled "Some Suggestions for Improving Free Material" and is based on LaFollette's talk at the Winter meeting of the department of visual instruction of the National Education Association.
