Woods Business Men's Ass'n Annual Banquet At Mayfair, Wed. Oct. 29

Plans have been completed for the annual banquet of Grosse Pointe Woods Business Men's Association, which will be held at The Mayfair, next Wednesday evening, Oct. 29, at 7:00 p.m.

Questions by the Scribe

The Question: "Do you believe a wife should work if her husband is steadily employed?"

Walter Zentgrebe, of 829 Westchester avenue, Grosse Pointe Park, fireman:

"No. A woman's place is in the home. With the large amount of unemployment, it is not fair for a married woman, whose husband is employed, to take a position that could be filled by some breadwinner who needs work badly."

Beatrice Wrubel, of 114 Mapleton road, Grosse Pointe Farms, waitress:

"I believe it is all right for a girl to continue to work for say three months after marriage. This would permit her to help her husband get financial affairs straightened out a little before she takes over her duties of full-time housewife."

Henry Dolan, of 19553 Harper avenue, Gratiot Township, businessman:

"With all the unemployment going around, a married woman certainly shouldn't work if her husband is steadily employed. If there are any children in the family, employment of the wife often causes delinquency in the children. A mother's place is in the home."

Mrs. L. Mortimore, of 2065 Lancaster avenue, Grosse Pointe Woods, housewife:

"I do not believe that a married woman should be employed if her husband is steadily working. If a woman is to provide a real home for her husband and children, she has plenty to do at home without seeking employment elsewhere."

Fined \$10 for Doing 65 mph. on Harper

Arrested by a Wayne county deputy sheriff while speeding on Harper avenue at 65 miles per hour, Carroll C. Clark, of 11833 Coolidge, Detroit, was taken before Justice Garman of Gratiot township.

After pleading guilty, Clark was fined \$10 or ten days. He paid the fine.

balance of the evening. Officers of the association are: Clyde Goodman, president; Henry Lavers, vice-president; Dr. Harland Richardson, secretary; and Robert LeFevre, treasurer. The committee in charge of the banquet consists of the following: Dr. A. Z. Rogers, chairman; Charles Nightingale, sub-chairman; Arnold Diesing, Peter Clark, George Schaefer, Clay Penrod, H. R. Houston, Dr. C. B. Lorange, Earl Cramer, and Norbert F. Denk.

The tickets are limited, so get them early, they can be obtained at Bob's Drug Store or from any of the merchants in Grosse Pointe Woods.

Lions Club Expend Funds for Charity

At the last meeting of the Grosse Pointe Lions club, it was announced by President George H. Kretschmar that the club had made a donation of \$250 from its Goodwill Newspaper Fund to purchase a seeing-eye dog and furnish musical education for a blind young man. The name of the recipient is withheld.

84% of '41 Taxes Paid in Woods

William Wright, village treasurer of Grosse Pointe Woods announces that up to the present time 84 per cent of all 1941 village taxes have been collected, the total amount so far collected being \$83,663.00.

Escaped Deer Runs Afoul of Park Police

Last Saturday Grosse Pointe Park received a noted visitor from Belle Isle. For over four hours, he led the local police a merry chase around the Pointes. It was a large buck, that apparently got lonesome for the north woods, broke out of the deer inclosure on the island, jumped into the Detroit river and swam to the mainland.

Mothers' Club To Sponsor Dinner-Dance

The annual Parent-Faculty dinner dance given by the Grosse Pointe Mothers' club, will have as guests of honor the new superintendent of schools, Dr. Paul Essert, and Mrs. Essert.

The date is Monday evening, Oct. 27, at 6:30 in the high school cafeteria. Tickets are 85 cents, and reservations must be in the school by Thursday, Oct. 23.

Following the dinner, an orchestra, engaged by the Men's club, will play for dancing, and tables will be set up for those wishing to play cards.

This informal party will afford a grand opportunity for all parents of both junior and senior high school students to meet Dr. and Mrs. Essert and the faculty.

\$\$\$ At the Door - Free, October 24th

Mason PTA annual Hallowe'en party on Friday, Oct. 24, millionaire party, very unusual, will feature "A Night at Monte Carlo" in the Mason school gym with a series of games in play through the use of stage money.

Dancing and other entertainment features will also be included on the program.

Chester B. Stapleton, millionaires games; Arnold L. Deising, ticket sales; Walter M. Denne, decorations; Mr. Weber, music and dance arrangements; Mrs. C. B. Stapleton, prizes; Mrs. William Gray, refreshments; and Mrs. Clyde Sutton, publicity.

Hold Annual Dinner Meeting October 28

On Tuesday evening, Oct. 28, the Married People's class of Grosse Pointe Memorial church will hold their annual dinner meeting followed by an evening of entertainment. There will be a turkey dinner served at 7 p.m. in the gymnasium of the church.

The party will be a "Skipper Party." Hall and tables will be decorated to carry out a nautical atmosphere. Admiral von Quackenbush, Mt. Clemens, was fishing from a rowboat. He threw a rope around the deer's antlers and towed the animal ashore. The deer was returned to Belle Isle by Park police.

Seek Amendment To Zoning Ordinance

Petitions are being circulated in Gratiot township to amend the zoning ordinance.

Under the new plan, all Harper avenue frontage would be designated as a business district for a distance of 150 feet back from the sidewalk on both sides of the street.

At the present time several pieces of Harper avenue frontage between Eastwood avenue and Woodmont avenue are designated as residential districts. The proposed change would permit the erection of business places in these areas.

Park Police Trying Pavement Markings

Due to the narrow width of Charlevoix avenue and Vernor highway, which are both stop streets in Grosse Pointe Park, and the many cases of failure to stop for these streets, Henry W. Piel, chief of police, has arranged to have large stop signs painted on the pavement of all streets intersecting both Charlevoix and Vernor highway.

Recently large warning signs were painted on the pavement on Jefferson avenue within a block of traffic signals. This has materially helped traffic control at signal intersections.

Two New School Trustees Appointed

At a meeting of Gratiot township school district No. 2 last Monday night, Walter Bellman and Edward Eppinger, Jr., were appointed school trustees. These appointments were made to fill the vacancies caused by the resignation of Trustees George Schmuck and Frank LaFever, who had resigned at the previous meeting.

"Round Table" Discussion Presented By The U. of M. Club, Tuesday Evening

On Tuesday evening, Oct. 28 the Grosse Pointe chapter of the University of Michigan club will present its first program for this year. The club is trying a new venture with this opening program.

At 8 o'clock in the auditorium of Pierce school will be held an unrehearsed "round table" discussion, "The Present International Situation."

Leading this discussion will be an interesting group of stimulating thinkers: Dr. James Pollock of the political science department of the University of Michigan, formerly director of the Saar Plebiscite, will explain the governmental viewpoint. Harvey J. Campbell, executive vice-president, the Detroit board of commerce will represent American business and industry. Philip A. Adler, war correspondent of the Detroit News, will contribute from his personal observations of European conditions.

To make this group more complete, an attempt is being made to secure some prominent member of the clergy for the Round Table.

It is not intended that the discussion should be confined to these leaders. Audience participation will be invited and will contribute much to the extent of interest aroused and the value gained from this experience for everyone present.

It is hoped that this occasion will interest many persons in Grosse Pointe. Here is an opportunity to hear the reactions of two men who were actually on the ground in these European countries on the eve of the outbreak of hostilities. Both Doctor Pollock and Mr. Adler have spent a great deal of time in Russia and Germany during recent years.

CORRECTION

Through a typographical error, it was reported in last week's Review that the new speed limit on Vernor road in Gratiot township was limited to 35 miles per hour. The new speed limit will be 45 miles per hour on Vernor road and 40 miles per hour on Harper avenue and Kelly road. Speed limit signs will be erected on all thoroughfares, indicating the new speed limits.

Grosse Pointe High School Students Urged to Guard High Traditions

Open Letter To Student Body By Supt. Essert

In the Oct. 21 issue of "The Townsman," Grosse Pointe high school weekly newspaper, Dr. Paul S. Essert, superintendent of Grosse Pointe schools addressed an open letter to the student body, urging them to guard the high standards and splendid traditions of Grosse Pointe high school, not only in school, on the grounds, but also in their daily lives. Text of Doctor Essert's letter follows:

To the High School Students: I do not need to tell you that you have a grand high school and one of which you can all be justly proud.

Now and then in your enthusiasm and your love of fun, some of you do things which bring discredit to the entire school. Your principal and teachers work hard to show the community that most of the things you do are of the creditable, constructive, and decent nature. When some of you make a thoughtless mistake that brings

**Richard School**

Patrons, staff members, and pupils of the Pere Gabriel Richard school are doing some excellent work with scouting. An opportunity to work with boys and girls of the late elementary school age in various activities not usually a part of the school work, is not being missed by the parents of the school. The challenge has been accepted by a score of mothers and fathers, who give much of their time to a scouting program which is of an A1 calibre. Club scouting, the oldest of the groups now has some 70 boys of ages seven to nine, is working under the scoutmastership of Hubert Gobel. Boy scouting, only a year old at Richard, has a fine group under the scoutmastership of Charles Lord assisted by Edwin Wendt. Co-Ordinator of Co-Ordinators

The biggest problem of the United States government today is its own unwieldiness. It has become so big, so far-spread that even the taxi drivers (who are the best informed people in Washington on where government departments are located) have to admit to cash customers that they don't know how to help them find the co-ordinator of this or the office of that.

Consequently, in order that one department of the government will be able to locate another department, new co-ordinating departments are in operation. There is the United States Information Service, the Co-Ordinator of Information and such-like, but they are now becoming so numerous that a new department seems necessary for co-ordinating the co-ordinators. That may turn out to be one of the jobs of the new Office of Facts and Figures, now being organized in Washington.

In addition to keeping track of all the departments that exist and their functions, co-ordinating departments are also charged with the duty of helping the various departments to keep from stepping on one another's toes, to prevent overlapping in the work of the departments, to inform one department what information it can get from another department — and, in general, to help one hand of government to know what the other hand is doing.

The Office of Facts and Figures will attempt to see that conflicting facts and figures are not issued by different government bureaus and will also inform anyone who wants to know what facts and figures are available on any particular subject. It is a difficult undertaking and we hope that, in regard to its figures, the new office can avoid living up to its unfortunate alphabetical nickname — OFF.

That Question of War

We've all heard the problem of United States entry into the war debated from so many different sides that we are weary of thinking about it. But it isn't the kind of thing we can put aside to think about some day in the future. It probably has to be decided within the next few months — and the whole future of our lives and of America's history will depend upon our decision.

Here are some of the basic questions we must consider in making this momentous decision:

- 1. What will actually happen to America spiritually, economically, and socially, if we don't go into the war and if, as a consequence, Germany wins?
- 2. If we are unwilling to accept the idea of a German victory, is it necessary for us to go into the war to prevent such a victory?
- 3. If we decide that America's help is necessary to assure a German defeat, to what extent and how soon must we give that help?
- 4. Would we be better off to wait, produce as much material as we can, supply Britain with all available supplies and hope to keep out of physical war ourselves?
- 5. If we consider it inevitable that we will get into the war later, should we declare war now in the hope of bringing about a quicker victory?

There are countless other questions, but most of them revolve around the above. There is only one question which we should never even ask ourselves. That is: If we go into the war would we be assured of victory?

If that was a question in the minds of Americans it would result in mass spiritual suicide.

How to Address Mail Matter Properly

The important factor to assure prompt handling of all mail matter is proper addressing. Addressing mail seems simple and it is absurd to the average person to be told how it should be done, yet millions of pieces of mail matter including type-written business letters cannot be delivered or returned to sender because of improper addressing.

Handling mail from the time of receipt in the Post Office until delivered is a series of distributions. Each distribution necessitates reading of the address and when one considers the fact, each of the four to five million pieces going through the Detroit office daily must be handled three or four times, the importance of a clear legible and proper address is realized. Improper and incomplete addressing in nearly every case results in some considerable delay in ultimate delivery. The cost of operating the Post Office Department would be materially reduced if all mail were properly and legibly addressed.

Addresses to be complete must show the complete name, together with the street and number, post office box number, or rural route and box number, and town and state. When abbreviations of states are used, they should be distinct and clear. Frequently Va. and Pa., Md. and Ind., Col. and Cal., Minn., Miss. and Mich., and others are confused by postal distributors and mail messengers, as in many cases post office names are repeated in several different states.

MEETING CHANGED

Mrs. H. Dee Collough, president of the St. Joseph's Carmelite Guild, announces a change in the date of the next regular meeting from the last Tuesday of the month to Monday, Oct. 27. Members will assemble in the home on Cadieux road at 2:00 p.m. Tea will be served with Mrs. John Baker Jr., Mrs. W. C. Heyniger and Miss Margaret Burns as hostesses.

A New Hat  
Secretary of Labor Frances Perkins has a new hat to replace the familiar tricorne type she has been wearing. It is a black breton sailor edged with grosgrain ribbon and was presented to her at the A. F. of L. convention in Seattle by the Hatters, Cap and Millinery Workers international union. (And she looks very nice in it.)

Senora Ana Rosa S. De Martinez-Guerrero of Buenos Aires, chairman of the Inter-American Commission of Women, is making a tour of the United States, sponsored by the League of Women Voters.

Ex-Countess  
One of United Airlines' new stewardesses is Marie Bobrinsky, daughter of Count Alexis Bobrinsky of Paris and a descendant of Catherine the Great of Russia. Born in Russia, Stewardess Bobrinsky lived in various parts of Europe until a few years ago when she came to live with friends in Davenport, Iowa. She says she hasn't heard from her father or her younger brothers and sisters, who are supposedly still in Paris, for more than a year.

Today and Tomorrow

Rodeo — Amateurs  
New Yorkers, who think of the West as starting on the other side of the Hudson river, are having this belief verified at the rodeo in Madison Square Garden where a cowboy from New Jersey is among the competitors in the bronc riding contest. The cowboys, New Yorkers are saying, come from Texas, Oklahoma, New Jersey and places like that.

But wherever they come from, they bring a real thrill to eastern business men who are always talking about "faking the bull by the horns" but never, except during the annual rodeo, get a chance to see what that expression really means.

The rodeo is probably the most exciting event witnessed in New York. Most other spectacles planned to thrill Broadwayites have an artificial flavor about them because audiences know ahead of time that they consist of professionals who have perfected their acts and scarcely ever make mistakes. The performers in the rodeo, however, are amateur cowboys and cowgirls who have come from the West in the hope of winning big money prizes in competition with one another, and the audience never knows what will happen.

Wrestling — Steers  
By far the most exciting event at the rodeo is the wild steer wrestling contest.

In case you haven't seen one, this act is as simple to explain as it is dangerous to perform. A wild steer, with blood in his eyes and horns that look sharper than daggers, comes rushing full speed out of a pen. A cowboy tears after him on horseback, gets alongside of him and suddenly jumps from his horse to land with his arms firmly around the steer's horns. If he lands right — then it becomes a question of matching his brute strength against the steer's in wrestling the steer to the ground. It's a tough wrestle, but the experienced cowboy usually wins.

But if he lands wrong on the jump — if the steer gets loose — then it becomes a matter of scrambling out of the way before the steer can turn on him and gore him with those dagger-like horns.

Many a cowboy has been killed in this dangerous pastime of the West. But it is an excellent demonstration of the American type of sportsmanship, as compared with bullfighting in other countries. For in bullfighting, the odds are all against the bull, but in steer wrestling, the animal scarcely ever gets hurt. It's the cowboy who takes all the chances while the animal just goes through a slight discomfort.

Autry — Rogers  
The star of the rodeo this year, according to the program, was Gene Autry, famous cowboy of screen and radio. But according to the applause of the New York audience, Gene was the one letdown in the show.

The most enjoyable part of his act, the applause showed, was when his two beautiful, spirited horses refused to jump through hoops set up for them and, instead, trotted out of the ring leaving Gene twiddling his thumbs.

The audience had come to see a cowboy and to them Gene was simply a Hollywood glamour boy whose pictures don't appeal to them and who showed no signs of cowboyishness except for being able to make a smart horse do some remarkable dancing. And New Yorkers gave all the credit for that to the horse.

There was an interesting comparison between New York's attitude toward Autry and toward that other famous cowboy who made good in Hollywood — Will Rogers. During the evening I attended it was announced that Mrs. Will Rogers was in the audience and she stood up to take a bow. The applause was greater than for any act during the evening.

New York loved Will Rogers as did people in every section of the country. Hollywood never changed him, or the people's love for him.

Photographers — News  
The rodeo is definitely a western thriller, but several easterners did themselves proud in the arena; namely, the news photographers.

Ordered by their newspapers to get thrilling action pictures, several photographers, with large cameras and pockets full of flash bulbs, were in the arena from the beginning to the end of the show facing wild bulls one minute and bucking broncs the next. Their game seemed to be to get as close as possible to each animal when it was acting up most — and many of them turned to snap pictures on the run while being chased.

The photographers were a leading topic of interest and excitement throughout the show and more than one piece of camera equipment was destroyed by a bull before the evening was over. It was the general opinion of the audience that one of the cash prizes should have been put up for the most daring act of a newspaper photographer.

The newspaper photographers wanted pictures and more pictures, because the rodeo offers their annual opportunity to give eastern newspaper readers a taste of the West. When the outstanding performers of the great open spaces gather together within the confines of one New York building — that's news.

Catholic Information

Each Year 60,000 People Become Catholics in U.S.A.

More than 60,000 people embrace Catholicism each year in this country alone. That's 5,000 a month, 1155 a week, 164 a day. And mind you, these people are not born Catholics — are not educated in Catholic schools. No, they enter the church — most of them — in adult life, after considering the subject of religion from every angle, and after the thorough course of study required for such a step.

Can this be the church that teaches all those absurd, superstitious, evil and unpatriotic things which have been so widely circulated? No, for such a church does not exist except in the minds of the misinformed.

Have you ever talked with a Catholic of your own intellectual status — about the many accusations against the church? Perhaps you have not for fear of hurting his feelings. Our society has no feel-

What does CAPITAL STOCK do for you?

Officer: Where d'ya think you're going, to a fire?  
Driver: Well, in a way, Officer. They just 'phoned me that the Martins have had a fire. Kitchen ruined . . . maid's hands burned. Mr. Martin's away . . . and his wife's all upset. So, I'm hurrying over. Did come up a little fast . . . I'm sorry.  
Officer: And what are you—friend of the family?  
Driver: More than that, Officer. I'm their insurance agent, too, and naturally they expect me to be on the job at a time like this.

I have to admit you're right—there's no need for hurry. Their insurance protection was worked out carefully months ago, just as you fellows plan in advance against all kinds of law breakers. Bet the Martins never before appreciated the importance of this as fully as they do now!

Mason School Notes

The 2B's of Mason school have been busy getting better acquainted with their village. We went for a walk with our teacher, Miss Stoffer, to see just where the city hall, fire department, and police department are located. We also saw the library, the flower shop, and all of the other stores. In our room we have made a big map of Grosse Pointe Woods. Each child made his own house and pasted it on the right street. We have had lots of fun seeing where the boys and girls in our room live.

A tea was held in the auditorium of Mason school on Tuesday for mothers of kindergarten children in Room 126. Mrs. James Stallard, room mother representative, was in charge of arrangements. Fall flowers and ivory tapers were used for the table decorations. Miss Ethel Tucker, principal of the Mason school mentioned some features of kindergartens in new schools in the suburbs of Chicago which she hopes will be introduced in the addition to Mason school. Mrs. William Quinlan, teacher, gave a talk on "Kindergarten Procedures." She also explained what is expected of entering kindergarten children. After the meeting, the mothers adjourned to the kindergarten room to see the exhibition of kindergarten art.

Mounting costs and the need for added facilities require that we not only ask last year's contributors to the expense fund to renew their support but to call upon organizations, business houses and the civic minded individuals who haven't had an opportunity to help. We are counting on your support of this valuable service to your community. Please mail your check, payable to the Grosse Pointe Halloween Committee, to 1335 Nottingham Road. Cordially yours, S. TROMBLY SCHOOL NOTES

The 4A class of Trombly school is studying the story of sugar. Nena Cunningham received a large bundle of sugar from her aunt in Texas. It was exciting to examine this sugar cane and to discover that much of our white sugar comes from this source. Jo Ann Winger brought sugar beets from a farm in Michigan. The children learned that sugar beets furnish a great amount of our sugar too. They have also been studying about sorghum, maple sugar, and honey as other forms of sugar. They have a case display, in the corridor, of samples of their original stories, poems, and pictures. Various forms of sugar are also exhibited.

Grosse Pointe Free Of Whooping Cough

Although whooping cough cases have hit a five year peak in Michigan this Fall, the five Grosse Pointe communities have not a single case on record. According to the Grosse Pointe township board of health, one case of the mumps is all of the contagious diseases in Grosse Pointe at the present time. Dr. H. Allen Moyer, state health commissioner urged parents to have small children vaccinated. He stated that the whooping cough vaccine will prevent or modify the ailment, but that protection is built up over a period of weeks, and parents should begin treatments now. Doctor Moyer further stated that there is more whooping cough in the state than at any time in the last five years and the peak season is still to come.

**Wyandotte Fails To Hold Blue Devils; Defeated 13 to 6**

By FRED GALLAGHER  
Grosse Pointe's grid warriors decided that enough was enough last Saturday afternoon at Wyandotte. And they proceeded to defeat the Wyandotte Bears 13 to 6, for their first win of the season. Ray Weaver scored both of the Pointers' touchdowns.

It was Weaver's running that brought the Devils from behind to win. Flanking the ends and crashing off tackle, Ray outgained the entire Wyandotte backfield. He received 166 yards in 29 attempts for an average gain of 5.72 yards per try. The Bears, all told, only made 136 yards. Only twice did Weaver fail to gain. Once he was stopped for no gain and once he lost a yard.

The Devils' first tally came with about eight minutes of playing time remaining. Bob Kundingger paved the way when he intercepted a Bear pass on the Bear 34. Six plays later Weaver slashed off tackle from the four yard line for the tying score. Weaver's attempt at conversion was no good.

Three plays later Dick Robbins intercepted a Bear heave on his own 35 and carried it to the Wyandotte 48 before being downed. After 13 plays Weaver skirted his own right end from the one foot mark for the winning score with only seconds remaining. His kick was good.

On these touchdown drives Ray carried the ball 17 of the 19 times and threw one incomplete pass. He accounted for 72 of the 82 yards traveled. The interference was excellent.

Wyandotte, early in the game, pushed over a touchdown when Redmond passed to Spears in the end zone.

The Devils came back in the second period to push the Bears around but could not manage to get their scoring plays out of the bag. A fumble on the two yard stripe stopped one threat while the half ended with Grosse Pointe on the Wyandotte six.

A third-period Bear advance was halted after Wyandotte had gained a first down on the Pointers' six yard stripe.

**Reserves Gain Tie With Fordson High**

By JACK DILLON  
The Grosse Pointe high school reserve squad gained its second tie of the season Saturday morning when it battled Fordson to a 7-7 tie.

The locals drew first blood on some wide awake playing by Bob Mesmer, captain and quarterback. The scoring play came about on an end run with a lateral that broke a man into the clear. However, there was a whistle on the play, signifying a penalty against one of the teams. At the whistle all the boys stopped, including the Devil back who started to toss the pigskin back to the referee. Before it got to him, however, Bob cut in front and grabbed the ball and scampered unmolested across the goal line. Since the penalty was against the Tractors, the Devils had a choice of taking the penalty or the score, and naturally they took the six points. The at-

tempt at conversion was good. The Tractors came back in the final quarter to tie it up on a plunge that climaxed a long drive. The extra point was good and the final score was 7-7.

**St. Paul Wins 6-0 Defeats League Leader**

In a closely played contest at Mack Park last Sunday afternoon, the gridiron warriors of St. Paul high school, Grosse Pointe, defeated Annunciation high by a score of 6-0.

Victory for the locals came in the dying minutes of the game when Joe Barton completed a short pass to Fred Otto in the end zone. The attempted conversion was wide. Annunciation had been one of the four undefeated teams in the second division of the Catholic High School League.

**Fathers To Be Guests Of Honor October 27**

Girl Scouts of the Grosse Pointe district have invited their fathers as honored guests at the annual rally to be held Monday, Oct. 27. The affair will take place in Mairie school at 7:30 p.m. Appropriate patriotic ceremonies have been planned as an opening feature of the rally. Color bearers representing the various troops will march into the hall four abreast, presenting the stars and stripes and their troop flags. The entire group will then give the pledge of allegiance and sing patriotic songs.

Fathers representing the individual troops will then announce entertainment features, with Jaackson Mervin acting as master of ceremonies. Moving pictures of camp day at Mason school will be shown during the evening. During the informal hour of the rally, refreshments will be served.

Members of the Grosse Pointe district committee of which Mrs. Willis Bugbee is chairman, have been assisting troops with coordinating the evening program. Mrs. Jackson Mervin is chairman of arrangements. She is assisted by Mrs. Harry Green, program chairman, and Miss Margaret Edwards, refreshment chairman. Aiding Mrs. Green with plans is Mrs. Frank Welchenbach.

Another event on the Girl Scout calendar is the Halloween party planned by members of Brownie Pack, No. 249. Pat Mann will receive the group in her home on Nottingham Friday night, Oct. 31, between the hours of 7 and 9. This active troop recently was entertained at a swimming and luncheon party in the Woman's City club. Mrs. C. M. Weinheimer was hostess at the affair, and she presented each guest with a prize for the water games. Mrs. M. K. Jessup is the pack leader.

**St. Ambrose Defeated 6-0; Lose Scoring Chance on 1-Yard Line**

St. Ladislaus high school of Hamtramck gained its first victory of the season in the Catholic high school league, when it defeated St. Ambrose footballers last Sunday afternoon by a score of 6-0. The game was played on the Grosse Pointe high school field.

The Hamtramck visitors made their touchdown when Joe Zielonko ran around end for seven yards and the score. The conversion attempt was no good.

In the third quarter, the Cavaliers crossed the goal line of St. Ladislaus, but a penalty nullified the score. Further attempts to cross the pay stripe failed and the locals were held on the one yard line.

**Former Official in Third Reich to Speak**

Elizabeth Knaust, former official in the propaganda ministry of the Third Reich, keeper of Hitler's personal archives, will tell, in her lecture for the Detroit Town Hall at the Cass Theatre tomorrow morning at 11 o'clock, "What Hitler Plans for America."

Miss Knaust joined the Nazi party in 1932, believing with thousands of other Germans that Hitler was the savior of her country, after the bitter defeat of the First World War. In 1933 when the party came into power Doctor Gobbels gave her charge of the private archives of Hitler and the confidential documents relating to the Vatican, the League of Nations, and various treaties and pacts. In 1938, by subterfuge, she escaped to this country and through her writings and her lectures she tells of the inner workings of the Nazi regime, its propaganda, and technique and points out the very real danger of Nazism to the United States. Miss Knaust wants the women of America to know how her country women, influenced by skillful propaganda, accepted the war and she places at their door the guilt for all the misery of today and tomorrow, for the inferno devouring Europe and the world.

CAR: I don't feel so hot, Doc. This Fall weather is getting under my hood. All my pep is gone.

CAR: You don't think it's anything serious, do you, Doc. I mean — I will be OK?

ATTEN: You don't look any too good. You've got big bags under your headlights and you're in a general run-down condition.

ATTEN: Oh, sure, you'll be all right, that is if your owner doesn't forget to put you in shape for Winter. Why, you're still running on Summer lubrication — better tell him soon.
