Immunize Now For Diphtheria Says Dr. H. Allen Moyer

Diphtheria has become a serious danger to thousands of Michigan boys and girls who formerly were protected against it, says the Michigan Department of Health.

"The situation is new and we want to impress its gravity upon parents, physicians and local health departments," says Dr. H. Allen Moyer, State Health Commissioner. "Several years ago it was believed that one dose of toxoid gas gave protection against diphtheria from childhood on through childhood, but we know now that the immunity from one injection gradually disappears.

"As a result, diphtheria is now being found in older school children, even high school boys and girls in some instances. Their immunity is at too low a level to protect them. There are thousands more children in the state who will take diphtheria if exposed unless their immunity is raised by second doses of toxoid."

Children under 12 who have had only one injection of toxoid should have a second dose as a booster, Dr. Moyer said. Such a program is being carried out in Oakland county, one of the counties where diphtheria has been found recently in schools. The Oakland county health department is giving toxoid injections to restore immunity in children where it has fallen low.

WOMEN'S CLUB MEETS

Southeastern Women's Club will meet Monday, Dec. 1, in St. Mark's church for a 12:30 luncheon.

Post-lunch, reservations necessary. All welfare donations will be brought to this meeting.

Anni Campbell, poetess, will be the speaker of the day and will speak on "Beauty in Familiar Places."

Farms' Group Are Circulating Petitions For Improvements

The Grosse Pointe Farms Recreation Association are circulating petitions throughout the village of Grosse Pointe Farms, requesting the village council to enlarge and improve the present pier facilities at the foot of Moross road. The petition asks the council to acquire additional property adjacent to the present pier for expansion purposes due to the crowded condition of the present pier for the last several years, and further petitions the council to put in a hard surface road of some type, to replace the present one of cinders and dirt, topped with oil. The third part of the petition requests additional picnic tables and stoves.

The village has grown so rapidly in the last six years that it has outgrown the park facilities at the pier. Due to the increased number of swimmers, it has been necessary during the past Summer to rope off a large area, east of the present pier for swimming purposes. During the recent season, the pier was overcrowded most of the times. It became necessary for people to park on the lawns and some were forced to eat their lunches on the lawn, due to the lack of tables.

City to Regulate Sale Of Christmas Trees From Vacant Lots

In an ordinance adopted by the City of Grosse Pointe last year, the use of vacant lots for business purposes, including temporary occupancy for the sale of Christmas trees, will be licensed and regulated. No vacant property, unless within an established business or commercial zone or district, will be permitted to be used for any kind of business purposes.

The ordinance provides for a graduated schedule of fees to be paid for the licensing of such property, based upon the square feet or area of property used. The minimum fee to be paid in any event for any use however limited is \$5.00.

No permit will be issued for the use of any vacant property unless proper written application for the license has been made and approved by the council. This will eliminate the confused situations which have occurred in the past. Unlawful, unauthorized verbal "permission" has been said to have been secured for the use of property outside of established business sections after the building commissioner, chief of police and city clerk had disallowed the permit because of the fact that its issuance was entirely contrary to law.

Alger Post Auxiliary

The ladies are grateful to all who attended our turkey dinner on Nov. 9th and helped to make it such a huge success.

November has been a banner month for the Auxiliary. Due to the zeal of our membership chairman, Mrs. Mary Kellar, 10 new members were initiated. We feel greatly honored by the inception into our midst of a gold star mother, Mrs. Schaller.

As an Armistice Day tribute to Americanism, Nov. 11, found groups of the ladies under the direction of Mrs. Agnes Tilton, visiting the Grosse Pointe schools. The schools had arranged very interesting programs and the ladies, on behalf of Alger Post and Auxiliary, presented patriotic banners to each class room in the Grosse Pointe district.

Our usual Sunday dinner will not be served during December, due to the impending holidays and the fact that the Auxiliary is planning a Fall Bazaar to be held in the club house on Dec. 10 and 11. Mrs. Rose Mead is chairman of the committee and extends a welcome to all who would like to attend.

Deep sympathy is extended to Mrs. Agnes Tilton and family on the death of their father, William S. Kearns.

VFW Presents Flag To City Council

Veterans of Foreign Wars presented a beautiful flag to the City council of Grosse Pointe. Monday evening, Nov. 17, a delegation visited the council and formally presented the flag for use in the council chamber. A brief address was delivered by Post Commander Kane and the flag was accepted by Mayor Mason P. Rummy.

America, First, Last and Always.

With that thought in mind back in April, 1931, a few ex-soldiers banded together and formed Alger Post of the Veterans of Foreign Wars in Grosse Pointe. From a small beginning of seven it grew during the years until now we boast a membership of nearly 300 loyal true Americans, bound together with ties of comradeship formed through active service campaigning in time of war on foreign lands and waters.

The purpose behind this organization is to foster a spirit of patriotism both in our ranks and with the world at large, especially in the various communities in which we have our posts. To teach Americanism to young and old is the primary object of our order. To assist the governing officials to promote patriotic celebrations is one of the fundamental principles for our existence. We deem it an honor and pleasure to be called upon by the schools and other patriotic organizations to assist in spreading the doctrine of true Americanism, especially now, in these days when the youth of our land are again being called upon to defend these God given rights that we enjoy in this beloved U. S. A.

Alger Post is proud indeed of the beautiful home we occupy in this community. The large spacious building surrounded by beautifully landscaped grounds with an obsolete tank of World War vintage and our (army regulation) flag pole gracing the beautiful lawn facing St. Paul avenue between Neff and St. Clair.

The Post membership and their friends enjoy all the facilities of a private club and many are the good times that are always on schedule.

Future issues of The Review will carry more information as to the activities of this Post. In the meantime we cordially invite all veterans in this community who are eligible to investigate and join this worth while organization.

Burglars Loot Two Homes in Gratiot

Recently the homes of Frank Sandusky, 20467 Old Homestead avenue and Alfred Lindinger, 20480 Old Homestead, Gratiot township, were entered while the owners were absent.

Loot from the Sandusky home included \$100 in currency, several rings and some legal papers. From the second residence the thieves' haul included three lady's wrist watches, several wedding rings, two other rings and a German automatic revolver.

Most of the articles taken have been recovered. Boys discovered the articles in the woods between Roscommon and Woodcrest avenue.

It is the belief of the victims that the robberies were committed by a group of boys who have been committing many acts of vandalism in homes being built in the township.

Lindinger was warned to have his pistol registered.

Lions Club Plan "Old Newsboy" Sale on Dec. 16th

Plans have been started for the annual "Old Newsboys" street sale of The Grosse Pointe Review by the Grosse Pointe Lions Club which will be held this year on Tuesday, Dec. 16. The sale this year will be held under the leadership of Carl Schweikart, chairman and Norbert F. Denk, co-chairman.

Since its organization in 1929, The Grosse Pointe Lions club has held its "Goodfellow" sale of newspapers each year. The response of Grosse Pointers to this charitable work makes possible all-year-round activities assisting the poor and underprivileged.

Funds collected from the sale of papers are administered by the Neighborhood Club and such things as clothing, food, eye glasses, etc., are furnished needy and distressed families in all five Grosse Pointe communities.

At a meeting of the Lions Club today, special committee appointments will be made as a starter in the formation of a sales organization that will cover every strategic corner in all of the Grosse Pointes. So have your money ready for the stand businessman, police officer or fireman who is sure to ask you: "Paper, mister?" as you wend your way to the office Dec. 16.

Ex-Soldiers Invited To Join Legion

Belated praise to our junior drum and bugle corps, for a splendid turnout, and performance Armistice Day. The early deadline caught your reporter asleep at the switch, and he offers his apologies now. Believe me, it sure reminded us of old times to strut our stuff behind a 303 corps again. Our boys commenced playing at the starting line, and to the marchers it seemed to be continuous. In fact it was necessary to chase them off the street as they still wanted to play. How we envy these youngsters with their strong lips and supple wrists. May they last forever. Our compliments to Comrades Bishop, Cramer, and Baldwin for a swell job in training these boys.

Our roster shows 81 paid up for 1942 to date, and if we can continue at this rate we will be over the top by the end of the year. Won't you 1941 members do your part?

Sixty-two per cent are in, will the remaining 38 per cent send in your check, or money order to Walter Hoyt, 190 Oak street, Grosse Pointe Farms, or to Theodore Endres, 1167 Maryland avenue, Grosse Pointe Park. If you find it inconvenient to mail your dues a telephone call will bring a comrade to your door to pick them up.

Just call TUxedo 2-1813 or TUxedo 2-6256. We hope to hear from you shortly.

In the Grosse Pointe area there must be hundreds of ex-servicemen, and to those of you not connected with the American Legion at present, this paragraph is directed. If you served in the armed forces of the United States between the dates of April 6, 1917 and Nov. 11, 1918 regardless of length of said service, if you were overseas or not, you are eligible to membership in the Legion, and we of Grosse Pointe's only Legion post welcome you into our ranks. A phone call to either of the above numbers will bring quick response. We will be looking for word from you, and then we'll be seeing you.

Phelps on Town Hall Wednesday, Dec. 3

Detroit Town Hall will present William Lyon Phelps, America's most popular teacher, critic and philosopher, in the Fisher theatre, Wednesday, Dec. 3, at 11 a. m.

Dr. Phelps will offer his personal philosophy for these difficult times in his lecture "Utopia." Out of his own rich experiences, the noted Yale professor has harvested wisdom, humor and spiritual comfort, as well as an inspired gift for passing on this enrichment to others. He has a following of thousands in Michigan where for many summers his Sunday afternoon sermons in The Thumb have brought listeners from distances up to 100 miles.

"In my life of professional teaching," Phelps says in his "Autobiography with Letters," I have never endeavored to make young men more efficient; I have tried to make them more interesting. . . I like to make it possible for a man to live with himself, so that he will not be bored with himself. For my own part, I live every day as if this were the first day I had seen and the last I were going to see."

CHRISTMAS SHOPPING

The Christmas shopping season is on. Business analysts all predict that it will be one of the biggest and busiest Christmas seasons in the history of this country. More people are working. Incomes are higher. And, in spite of the uncertainty about the future, or perhaps because of it, most people are expected to do more spending this year than they have done for a long time.

The tragedies abroad, the increasing threat of war for this country and labor difficulties will continue to be of deep concern to the people of this nation, but those stories will be skipped over a little faster as women hurry to the advertisements of Christmas gifts.

Americans never have let anything interfere with Christmas and Christmas giving. Even during the height of the depression, Christmas was a big spending season. But this year, with the nation's purchasing power being skyrocketed by defense jobs, the stores will be taxed to capacity to fill the demands of the public.

Popular gift items, which are made of steel, rubber, tin, chromium, aluminum and other defense materials may be scarce or unavailable this year, but there will still be plenty of appropriate gift items for every member of the family. Cellophane wrappings may not be easily obtained, but that will be because of the defense program too.

None of us is going to worry about the few things we can't get this year when there is still such a wide choice of gifts in the stores. But because of scarcities, and because of the expanded purchasing power, it is expected that many gift items may be sold out long before Christmas arrives. So, more than ever, it is important this year to do your Christmas shopping early.

ANALYZING THE VOTE

An analysis of the House of Representatives' vote on the scrapping of the Neutrality Act shows: For repeal: 22 Republicans and 189 Democrats; Against repeal: 137 Republicans and 53 Democrats.

Once again the vote clearly shows that the majority of the Republicans are the "isolationist" party.

Some of the Republicans may have voted against the measure in order to force President Roosevelt to take a firmer stand against strikes in defense industries. A few Democrats voted against the measure for the same reason. A few more Democrats are believed to have voted against it because they wanted to punish the President for refusing to support the Democratic candidate in the New York City mayoralty election. And a large number of Republicans probably voted against it because they don't like President Roosevelt's policies — whether foreign or domestic.

A careful analysis of each vote would probably be most discouraging to the public, for it would show, in a great many cases, that the congressmen were not really voting on the main issue at all. Many of them, instead, were voting because of political expediency, because of grudges, because of "deals" on some other measures, or because of other matters which were completely foreign to the issue at stake.

These are times when every congressman should look far into his conscience and dig deep into his mind for the answer to our nation's problems before casting his vote.

Catholic Information

"Dominus Vobiscum!"

It is in Shanghai of a Sunday morning. The Catholic church in which I kneel is crowded with a cosmopolitan congregation. A Chinese priest is saying the Mass in an undertone. His voice comes to us, even in the front pews, as a mere mumble, so that we cannot recognize the language he is using. But suddenly he turns to the people and says in clear audible tones: "Dominus vobiscum!"

"Dominus vobiscum!" How familiar and home-like those words of blessing! Sunday after Sunday I have heard them in my home-town church — in Catholic churches in Europe, Asia, Africa, South America, and Australia.

No Latin scholar, I; but here in my little double-column prayer book I have the Mass prayers in Latin in one column of each page and in the other the exact translation in my native tongue, "Dominus vobiscum!"

WOMEN in the NEWS

Vitamin 'Miracle'

There seems to be no end to the opportunities for vitamins to perform what certainly look like miracles. Now there's a new B vitamin — called P-aminobenzoic acid. By taking it you can probably restore the color to your hair. Tests have demonstrated, however, that red-heads obtain the best results.

Rob Prisoners

With Winter well on the way in war-torn Europe, the German authorities in occupied France are said to be going through prisoners' baggage for warm clothing. One of the prisoners in question is Besancon, in Paris, where there are over 1,000 women. Most of them are British.

Journalists Honored

Senhora Sylvia Bettencourt, conductor of the column "Majoy" in the "Correio da Manha" of Rio de Janeiro, recently received the Maria Moors Cabot award at Columbia university for distinguished service to inter-American relations. Her husband, editor of the "orreio," was one of three other Latin-American journalists so honored.

Tonsorial Note

More and more American women are training to be barbers — not hairdressers, barbers. Asked how women compare with men in ability, a teacher at one of the barber colleges said they're better.

Guerrilla Corps

A group of English women, all over 40, have organized what they call the "Women's Guerrilla Corps." They are studying the manual of arms and are diligently learning to shoot straight. Other English women, drafted into war work in armament factories, spend their spare time making speeches—from trucks, in department stores, on street corners.

She's Flawless

When she was an artists' and photographers' model in New York, Georgia Carroll was referred to as a "flawless" beauty. Now in Hollywood, she has received the same recommendation from movie producers.

South African To Feature Sunday's Program at DIA

California, the Bahamas and the Caribbean, the Dutch East Indies and Central America, are the next natural color public lecture subjects to be offered by the World Adventure Series at the Detroit Institute of Arts.

"Singapore Joe" Fisher, globe-trotting South African, will take his audience on a complete motion picture tour of California, including all the important cities, scenic highways, the national parks, mountains, lakes and fiestas, at 8:30 next Sunday evening, Nov. 30. At 3:30 next Sunday afternoon Deane Dickason, foreign correspondent just home from the Far East, will show new natural color pictures of the defenses, plantations, native villages and exotic life in "The coveted Dutch East Indies."

College — Earnings

How much is a college education worth in dollars and cents? Many parents, who are considering whether to scrimp and save in order to send Junior to a university for four years, would like to have the answer to that question. Although there is no sure-fire answer, it now seems safe to say that a college education is apt to be worth well over \$1,000-a-year-for-life to Junior after he comes home with his sheepskin.

Say his college education costs \$4,000 and he earns \$1,000 a year more as a result of it for 45 working years. That would amount to \$45,000 extra income during his lifetime which could be attributed to that \$4,000 investment.

Those figures are based on conservative averages. The chances seem to be that the investment in a college education is worth considerably more than that. For in 1939 about 19 per cent of college graduate families had an income of over \$5,000 a year and of those over 40 years old, 34.4 per cent were earning over \$5,000 a year.

I got these figures, plus hundreds of other interesting statistics about the value of a college education, from a research in which over 1,000 colleges co-operated. The study was started by Time magazine and is being published in book form under the title "The U. S. College Graduate."

Salaries — Average

If the reader of this column is a college graduate, here is a check-list for him to determine whether his present earnings are below or above average.

Under 30 years of age the average college man earns \$1,690 a year. Between the ages of 30 and 39 he earns \$2,590 and when he is over 40 he averages \$4,020 annually. That's earned income. It doesn't include dividends or anything like that.

If you are over 40 and earn over \$10,000 a year, you belong to a superior group which includes only 9.6 per cent of all college graduates over 40. If you earn over \$5,000 you are still in the upper classes, only 34.4 per cent of college men over 40 earning that much. But if you earn less than \$3,000 and are over 40 you are one of a large minority, there being 33.8 per cent of you who earn under \$3,000 a year.

As for women college graduates, less than 1 per cent earn over \$5,000 a year and almost 75 per cent earn under \$2,000 a year. From a financial angle, a college education isn't nearly as valuable to a woman as a man.

The best paying jobs in the long run for college men are in the professions — in medicine, dentistry or law. Teaching is the lowest paid occupation for men. As for government work, which is becoming more and more popular these days — it's the highest paid work when just out of college and one of the lowest after 40.

Yale — \$8,580

If you can — it looks as though you ought to try to get Junior in Yale, Harvard or Princeton. For the earnings of the graduates of those universities are almost twice as much as the earnings of the graduates of other universities.

It hardly seems possible that there can be such a difference in earning power, after a four year education in one university as against another — but the figures show: Men over

40 who have graduated from Yale-Harvard-Princeton average \$8,580 per year; those who graduate from Dartmouth-Cornell-Pennsylvania-Columbia earn \$4,640 a year when over 40; those who graduate from the Big Ten* of the Middle West average \$3,970 when over 40, and graduates of all the other colleges of the United States average considerably less.

City — Country

Wading a little deeper into the details of the earning power of college graduates I was surprised to

find how unnecessary it is for the college man to work in the big cities in order to go places financially.

The influx of college graduates from small towns into cities has usually resulted from the belief that city jobs pay the best dividends for a college education. To some extent this is true. The college man in the city does make more than the college man in the small town. But as far as I can figure, he doesn't make enough to pay for the increased cost of living in cities.

In the biggest cities, the average income of the college graduate is \$3,440 a year, while his college mate in a town of under 2,500 population earns \$3,200 a year. That's certainly not worth going to the city about.

If anybody should go to the city, according to comparative earning figures, it should be the non-college country boy. In the small town his earnings average around \$1,100 a year whereas he could, even before the advent of defense jobs, earn over \$1,600 average in the city.

But those differences in earning — \$3,200 for the college man in a small town and \$1,100 for the non-college man — show that whether a boy intends to live in the city or the country, a college education is apt to be worth a fortune to him.

Report on the Hallowe'en Celebration for the Year 1941

Again this year, the celebration was enjoyed by thousands of children and proclaimed a tremendous success by all.

At a meeting of the committee, held Nov. 12, 1941, the following motion was unanimously carried:

"That we make a final statement setting forth the cash received, expenditures made and cash surplus carried forward. Further, that part of surplus on hand was expended and that inasmuch as it is our plan to repeat the celebration again next year, we feel that it is proper to have ample working capital. Further, that since many potential contributors did not learn of this year's celebration until after the party, they are invited to mail their contributions to the Treasurer at 1335 Nottingham Road."

Why Can't We Have Co-Operation Now?

I am thinking of the strike situation, when I say, "Why do Americans call a strike at the least provocation, when our country needs all help and co-operation Now."

If they must strike, why not wait until we have disposed of the world's worst enemy — Hitler — or the loss of our freedom. Americans you have freedom, but do you appreciate it. If you do, then show it by getting behind our government with something constructive. Cut out these destructive strikes, that are helping Hitler. Help yourself and your country by settling down to work with all you have — If you don't, these strikes may eventually strike back, and then we'll all be sorry.

*Let us all grab an oar and man the ship, until the sailing is smooth again. Then will be the proper time to adjust our difficulties.

Be true Americans — Don't just live in America.

Be American!

We Are Paying The Bill for This—NOW!

To what extent does war drive one mentally? I have reference to the situation in Europe. A while ago Great Britain was all out to help Finland, only country to pay her World War debt, incidentally.

Now I note in the paper that England has or is about to declare war on Finland. Maybe it's me, but there is a screw loose somewhere.

In our own country we have been battling against Communist Russia verbally. Now financially we dump our supplies over there to help them out, while you and I pay the bill.

I'm wondering if we hadn't better let the patients out of our mental institutions and lock up the ones on the outside. For if I have slipped that far, I give up.

Who is right? Which way are we heading? It doesn't look like the right way to me. What's your opinion?

Water Users of Two Districts — Notice!

The East Park Manor Civic League wishes to announce to all residents of East Park Manor and Chatham Village that all those water users who made a deposit with the Detroit water board for water prior to Jan. 1, 1941, may have their money returned to them if they will apply at the Detroit Water Board Office, 735 Randolph street.

Gratiot Locals

Jimmy Kratt, of 20468 Elkhardt avenue, recently had his leg and foot injured while at work. He is able to get around on crutches. His wife, Virginia, wonders which demands the most care, her husband or their baby, Richard.

Glad to see Mrs. Claire Purdue of Washtenaw avenue up and about. Mrs. Purdue has been ill for the past two months, but has recovered from a major operation.

It has come to our attention that a very praiseworthy project has been undertaken by one of our local citizens, Mr. Acres.

Mr. Acres, who resides on Kingsville avenue, has been instrumental in bringing spiritual happiness with his kind words and music to the patients of Receiving hospital each Sunday. He is connected with the Berea Tabernacle. Keep up the good work Mr. Acres.

PERFORMS CEREMONY

Henry Harvey and Alice Toweck, of Detroit, were united in marriage by Justice Harry Garman of Gratiot township. The ceremony was performed Saturday, Nov. 22.

Dedicated to Boys in Service

Dedicated to Our Boys in Service There will be something to do my boys

With a singing lip, and a heart that's light, There will be dangers to face my boys

Be careful and do the right. There will be burdens to bear my boys

There will always be need to pray, There will also be God to serve. At home or far away.

So these are the things to do my boys

And do them the best you can, From now till the end my boys Be faithful to Uncle Sam.

Dictatorship in Gratiot Township

Dictatorship appears to be rearing its ugly head in Gratiot township. Evidence of the inroads of that greatest threat to the democratic principles of our American governmental system is appearing in the administration of township affairs by the Gratiot township board.

Last April, after a spirited campaign, with no holds barred and mud flying aplenty, Odilon Houtekier was elected to the office of township supervisor. He took office early in May. During the ensuing six months, many changes have been brought about.

About a month after taking office, the township board decided that what was badly needed was a water board to take care of the many problems that a fast-growing community must necessarily face. This water board would, of course, be answerable to the township board, which is the governing body in Gratiot township.

Instead of appointing a group of taxpayers to function, with the approval of the township board, three elected officials usurped all three offices as members of the water board. These men are all members of the township board. They are Odilon Houtekier, supervisor; Edward Kraft and Albert Jones, senior justices of the peace.

It appears now that this newly created water board makes no report to the township board; holds star chamber sessions, and the township board, as such, knows little about the activities of this board.

One of the provisions of the resolution of the township board, in creating the new water board, was that the new water board was empowered to hire a full time manager. Mr. Odilon Houtekier usurped this position at a salary of \$20.00 per month. Each member of the water board also receives \$5.00 per meeting, with a limit of \$150.00 for the year.

At the first meeting of the Gratiot township board in November, Mr. Houtekier complained that he knew very little about the administration of township affairs and asked for the sole power to hire and fire all township employees. With his controlled board, he was given this power, thus usurping a prerogative that is usually retained by a township board as a body. Had the Michigan legislature intended that a township supervisor be granted such unlimited power, the statutes would have so provided.

In addition to this, Mr. Houtekier has assumed the position of "chief building inspector." This position was formerly held by the township clerk, who was doing a pretty good job. His removal came after he had been successful in obtaining convictions of several builders for violation of the zoning ordinance.

How much further this usurpation of power in Gratiot township will go, remains to be seen. It reminds us of the one-man vaudeville act we saw many years ago, when the one and only actor in the play remarked: "What I ain't — isn't!"

—DON'T!—

- Don't wake each morn to gripe and growl
- Don't spoil your face, don't wear a scowl

- Don't hang the crepe, it ain't worth while.
- Don't always say your neighbor's wrong
- Don't sing the blues the whole day long
- Don't have a headache every day
- Don't say "that's why you stayed away"
- Don't think you're better than the rest
- Don't, 'til you've really stood the test
- Don't pour it down 'til you're drunk
- Don't come home smellin' like a skunk
- Don't stay out late the whole week through
- Don't do these things, 'tain't good for you
- Don't waste your money, that you need
- Don't do it Pal, 'tis true indeed
- Don't argue with the cop
- Don't do it, 'cause 'twill prove a flop
- Don't hinder anything worth while
- Don't forget to wear a smile.

Benefit Dance Was Huge Success At Wildwood Inn

The township benefit dance held at the Wildwood Inn Nov. 14 was an outstanding success. The Inn was filled to capacity, the music of the Four Harmonizers was varied and plentiful and was enjoyed by young and old alike. The improvement association, the entertainment committee, the Verschave Bros., proprietors of Wildwood Inn, and all who helped in any way deserves our thanks and are to be congratulated for the splendid manner that all details were cared for.

It is to be hoped that this will become an annual affair and bring about a more friendly and neighborly spirit among our townspeople.

TOWNSHIP OFFICE OPEN

Gratiot township office, 19764 Harper avenue, will be open from 7 to 9 p.m., Friday, Nov. 28th at which time Mr. Crendon of the sheriff's department will be on hand for the purpose of issuing new and renewals of driver's licenses.

ST. JAMES LUTHERAN

St. James Lutheran church worship in the Punch and Judy theatre. The morning service is at 11 a.m. Sunday school is at 9:45 a.m. Next Sunday is the beginning of a new church year, the first Sunday in Advent. The Rev. George E. Kurz, pastor, will preach the first in a series of four special Advent messages, which will center around the coming of Jesus Christ, preparing the hearts of all who worship for the birthday of the Savior on Christmas Day. Advent is like Lent; it is a season of solemn reflection on the person and work of Christ.

Next Sunday Pastor Kurz will preach the sermon on the second coming of Jesus, discussing, first of all, the truth that the Lord is coming again; and, secondly, the truth that we should be ready to greet Him when He comes.

Visitors are always welcome at St. James Lutheran church. The attendance at the services, well over 100, has increased 50 per cent since this time a year ago. A cordial invitation is extended to all without a church connection to make St. James their church home.

TRAGEDY of X by Ellery Queen

CHAPTER III Synopsis

Harley Longstreet of DeWitt & Longstreet, brokers, invites eight friends to celebrate his engagement to Cherry Brown, actress.

“I suppose you're Longstreet's secretary?” said Thumm. “Yes, sir, Anna Platt. I worked for Mr. Longstreet for four and a half years as a sort of confidential secretary.”

“Twelve years.” “How did you two happen to team up?” “We made our fortunes in South America before the last war. Mining venture. We returned and continued our affiliation in the brokerage business.”

were snappish, ill-humored, grudging. Thumm gripped his arm. “Now you listen to me! You said last night that when you dashed up here you didn't have any words with Longstreet. I let it pass, but I'm not accepting that explanation this morning!”

all that dough to lose? You can't plunge fifty thousand on that measly salary of yours.” “Mind your own business! I'll break you for this—”

THANKSGIVING SERVICE

As is customary in all Christian Science churches, a special Thanksgiving service was held Thanksgiving Day in Sixth Church of Christ, Scientist, 14730 Kercheval avenue.

Following the usual order of service there was a brief period in which testimonies appropriate to the occasion were given by Christian Scientists in the congregation. This period was completely filled by expressions of gratitude for healings and other help received during the past year.

The golden text from Psalms (50: 14, 15) was very appropriate for the occasion, and reads: "Offer unto God thanksgiving, and pay thy vows unto the most High; and call upon me in the day of trouble; I will deliver thee, and thou shalt glorify me."

The Bible citations included: "Praise waiteth for thee, O God, in Zion; and unto thee shall the vow be performed." (Psalms 65:1).

Among the citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, was the following: "Are we really grateful for the good received? Then we shall avail ourselves of the blessings we have, and thus be fitted to receive more. Gratitude is much more than a verbal expression of thanks. Action expresses more gratitude than speech."

The meeting is open to the public and will be held at the Grosse Pointe High School.

Camera Club Will Meet Next Tuesday

Actors, actresses, scenery and the theatre in all its moods will be paraded before the Grosse Pointe Camera club on Tuesday, December 2, for the benefit of its members. It will give those present an opportunity to interpret the muse of the theatrical world according to the individual whim.

At the last meeting, Ray Cooper, well known commercial photographer, gave the club the benefit of his years of experience together with all the joys and grief that attaches itself to the commercial business in translating the Advertising Agency pencil notes into a real picture that tells the story without words. He told the members that no matter how good one gets in the photographic world and whether it is a means of livelihood or personal pleasure, it all requires work, preparation and a lot of forethought.

On Tuesday evening, the members are submitting their personal idea of what a humorous photograph should be and the judges will pass their verdict upon the ability of the picture to express the funny side of life.

The meeting is open to the public and will be held at the Grosse Pointe High School.

BAKE SALE

The Women's Guild of St. James Lutheran church of Grosse Pointe will sponsor a bake sale on Saturday, Nov. 29, beginning at 10 a.m., at 17025 Kercheval avenue. Mrs. Fred Flemming, head of the committee, announces that in addition to baked goods various delicatessen will also be on sale. Christmas wreaths may likewise be purchased at that time.

The following officers were elected at the last regular guild meeting: Mrs. August Foote, 735 University Place, president; Mrs. Walter Faust, 922 Lakepointe, vice-president; Mrs. Marvin Asmus, Jr., 232 Fisher road, secretary; and Mrs. Ernest Moeller, Jr., 290 McKinley road, treasurer.

CHRISTIAN SCIENCE

"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" will be the subject of the lesson-sermon in all Christian Science churches throughout the world on Sunday, Nov. 30.

The golden text (Jeremiah 29: 8, 9) is: "Thus saith the Lord of hosts, the God of Israel; Let not your prophets and your diviners, that be in the midst of you, deceive you... For they prophesy falsely unto you in my name: I have not sent them, saith the Lord."

Among the Bible citations is this passage (1 Peter 5: 8, 9): "Be sober, be vigilant; because your adversary the devil, as a roaring lion, walketh about, seeking whom he may devour. Whom resist steadfast in the faith, knowing that the same afflictions are accomplished in your brethren that are in the world."

D. A. R. Juniors

Mrs. Harold R. Larkins will open her home to the juniors of the Fort Pontchartrain chapter DAR for a benefit bridge luncheon Friday, Dec. 5.

Plans for the affair are being conducted by Mrs. Charles K. Cooper being assisted by Mesdames William W. Lavers, Lester W. Hall, James R. Flickenger, Harry A. Banks, Laurence E. Lyons, George H. Cummins and William H. Kinzel. A meeting will be held with the president, Mrs. Paul J. Meiser, presiding, contributions for approved schools.

Decorations will be in red and white small pots of poinsettias will center the bridge tables.

Trombley School Wins AAA Safety Trophy in District

The principal and teaching staff of Trombley school, Grosse Pointe will be presented with a trophy won by their school in competition with others in this district, according to an announcement made today by Ernest P. Davis, acting safety director of the Automobile Club of Michigan. More than three thousand schools compete for one of the seventy cups awarded by the Automobile Club for safety activities protecting school children. The presentation will be made Monday, November 24, by L. L. Dawkins, the club's school safety representative in this area.

The trophy, an attractive silver loving cup, is awarded annually to the school in each district with the most outstanding safety program. This includes safety patrol work, classroom work, and the girls' safety squad activity, as well as the number of safety contacts made by the school during the school year. The cup must be won each year to retain possession.

"Programs of this type in the schools," according to Davis, "are responsible for reducing child fatalities and child accidents on the way to and from school by more than eighty per cent. School children now have the best safety record of any age group, and it is all due to the cooperation of school principals and teachers, who have taken an interest in the work."

"Safety patrols and classroom education were started in Michigan in 1919, because there were insufficient traffic officers to guard the many corners where children must cross. The movement, which showed immediate results, has grown to more than forty-thousand school safety patrol boys in Michigan, and more than 275,000 guarding the lives and safety of an estimated eight million school children throughout the nation."

"The Automobile Club, which has sponsored the safety movement in the schools, also sends over one hundred patrol boys to Washington, D. C. each year as an added award and incentive," Davis said.

MAIRE SCHOOL NOTES

The 4A class had a visitor on Monday. Barry Munroe spent the day. He is attending the St. Andrews college in Ontario this year. The 4A's have a new girl in their class, her name, Susan Mair.

The 2A class are studying about Indians. We are making drums, headdresses and reading stories about Indians. It was fun to have a movie about the Navajos. We learned many interesting things about Indians from the picture.

Michael Bourke was home for the holiday and he visited his friends in the 2A class. He is attending Monroe this year.

Karla Behr has recovered from her illness and is again in school.

On Wednesday, Nov. 19, the 3B and 6B classes gave a play for the entire school.

• Make stairways SAFER

Dark, poorly lighted stairways are an invitation to accidents. A 100-watt bulb provides GOOD illumination at trifling expense. (A stairway light is usually turned on only a few minutes.) If it averts only one bad fall, it repays its cost a hundred times over. The Detroit Edison Company.
