### 3 Villages To Elect Monday

#### Park, Woods Farms Will Cast Ballots

Voters of three Grosse Pointe villages will go to the polls Monday to cast ballots for their village officials. General elections will be held in the villages of Grosse Pointe Park, Grosse Pointe Woods and Grosse Pointe Farms.

In the village of Grosse Pointe Park offices to be filled are those of president and four commissioners.

**Goddard Unopposed**  
Grosse Pointe Park was the only one of the three villages in which a primary election was held. The low vote cast, in the primary, however, gave political prognosticators little indication of what the returns in the general election would be. Only 433 of the over 8,000 registered voters went to the polls for the primary.

Karl B. Goddard, incumbent, is unopposed in his race for re-election as village president.

**Incumbents on Ballot**  
Three incumbents are also seeking re-election as village commissioners for the two year term: Homer Fritsch, Ward S. Van Deusen and Howard Marshall. Opposing them Monday will be Gilbert Groehn, Erwin G. Altes and Theodore Gorenflo, Jr.

Candidates for the one position open on the commission for a one year term are Arthur Johnson, incumbent, and Clarence K. Harvey.

**No Primary in Farms**  
No primary election was called this year in the village of Grosse Pointe Farms.

**More Than Double the Number of Candidates**  
Candidates to be elected for any one office had filed for election. Officers to be elected for the Farms Monday are: president, three trustees, clerk, treasurer and assessor. All incumbents have entered the race as candidates to succeed themselves.

**Veterans Seek Re-Election**  
Paul H. Deming, village president for a number of years, is unopposed in his campaign for re-election.

The three incumbents who are candidates for re-election to the board of trustees are John R. Sutton, Jr., Joseph W. Snay and Raymond C. Moore. Opposing them on the ballot are Paul Franseth, William G. Kirby and Loren H. Noll. Harry A. Furton, village clerk since 1936, is unopposed in his race for return to office.

**Incumbents File in Woods**  
Candidates for the office of village treasurer are incumbent Walter Champine and Martin A. Minickey. Incumbent Francis A. Beaupre seeks return to the office of village assessor. He is opposed by Cy L. Lerchenfeld.

Officers to be filled in the election Monday in Grosse Pointe Woods are those of village president and (Continued on Page Two)

### VFW Pays Tribute to Barney Besso

The big veteran Alger Post, Veterans of Foreign Wars, is paying a fitting tribute to one of the post's most strongly loved and most active members, Barney Besso, who died suddenly from a heart attack last week. Hundreds of friends and war-time buddies assembled last Friday to pay their last respects to a man whose passing will be deeply mourned throughout the Pointe.

### Comrades Mourn Loss Of World War Buddy

**By NORVIN WYATT**  
To be steadfast, in itself, is an excellent quality. But to be so thoroughly so completely understood and accepted, in that light, is adding a halo to the glowing sun. It was Barney Besso to those who knew him best, especially to men of Alger Post of the VFW who served with him and under him during the nation's former wars, to us whose lives have become so unconsciously entwined with his rugged, forceful and yet complacent personality through the years that have followed.

I say other wars because Barney, a lad from the peaceful environs of Michigan's copper country, had gone to the Philippines to whip into line the Moros who are now a devastating ally to General MacArthur's valiant stand. By under him I mean that Barney came back from the China seas as a drill sergeant, to the World War and further exploits as a competent leader, to mould the destinies of America's youth into soldiers, citizens and better men. How well he did that is a matter of record. It isn't something to be published blatantly. It is more like the folklore that endures, just goes on

and is handed down. It is like the understanding, the lasting associations between Barney and the late Col. Frederick M. Alger, under whose command Barney had served, and whose family Barney still was serving at the time of his wholly unexpected death from heart failure, the night of Feb. 25, on the grounds of the Alger estate.

**Didn't Come Back**  
A regular watchman had asked to be relieved. He knew the granting of his request was only the matter of asking. Barney, the superintendent, took over his employee's duties willingly, graciously as he had done countless times before. There came the bed time check-up, the usual chat between Frederick Alger, Jr., and his man whom he trusted to look after things, for young Alger has known and revered Barney Besso since the days of Alger's childhood, a custom that was being followed by Mr. Alger's son. Lights flared up on the river island, Barney went toward them to investigate. He was to return for the usual good night procedure between men and friends. But Barney didn't come back. Mr. Alger went out to find him and did find him where Barney (Continued on Page Two)

### Review Warns Readers Of Misrepresentation

It has recently come to the attention of The Grosse Pointe Review that certain carrier boys are attempting to sell newspaper subscriptions in Grosse Pointe Woods and in Grosse Pointe Farms by representing themselves as being from The Grosse Pointe Review.

This newspaper wishes to report to its readers that The Grosse Pointe Review is not selling yearly subscriptions with boy solicitors. The Review is still maintaining its policy of collecting 10 cents once a month from its readers.

The Review wishes to advise its readers to beware of boys who are attempting to sell these subscriptions to another publication by misrepresenting themselves as carrier boys from The Review.

### Civilian Defense Chiefs to Outline Protection Set-Up

#### Public to be Given Opportunity To Learn Complete History Of Local Defense Program

Grosse Pointe citizens' growing demands for clarification of the Pointe's civilian defense situation will be given full answer Thursday night when a mass meeting of civilians has been called by George Elworthy, director of civilian defense for this area. The meeting will be held in Grosse Pointe high school starting at 8 p.m.

Heads of all the various units of the local civilian defense program will be on hand to describe the work which they are doing and to answer all questions asked by members of the audience. Reports will be given by heads of all committees to bring Grosse Pointe citizens up to date on what its community is doing for their protection from war hazards at home.

One of the chief speakers will be Clarence Blessed, chief air raid warden for the Pointe, who will outline in detail the work being done by his unit and will explain the requirements necessary to volunteer for as

well as the things most needed by the air raid wardens division.

Heads of the auxiliary fire and police divisions will explain the work which they have done to date in training volunteers to be prepared at instant notice to answer emergency calls.

Dr. Nelson Taylor, head of the medical corps, will outline his program. Dr. Paul Essert will describe the work which his committee is doing to safeguard school children. Reports will also be forthcoming from heads of the public works and utilities divisions, the commodity rationing unit, the hospital and ambulance committee, the motor corps, the morticians, the veterinary, the radio control center, the messengers, the volunteer participation and registration, as well as a financial report from Treasurer Neil Blondell.

Highlight of the program will be the showing of the motion picture, "How to Fight a Fire Bomb," which shows graphically the precautions, which should be taken in extinguishing an incendiary bomb and the proper fire fighting apparatus to be used.

"During the past few weeks the local civilian defense office has been flooded with calls from Pointers asking what is being done about

#### Pointers Offer Free Sand To Quench Fire Bombs

Sand to be used for defense measures will be available free of charge at all municipal offices of the five Pointe municipalities after

the sand is dried before it is stored.

It is urged that all Pointers avail themselves of this opportunity to prepare themselves against the hazards of possible air raids. However, citizens are reminded that the sand is useful only if dry, and any sand secured to be used in this way should be thoroughly dried before it is stored.

#### Death Takes Sister Of James Domenic

Word has been received here by James Domenic, 903 Roslyn road, of the death of his sister, Mrs. Peter Tassi, at her home in Melrose Park, Ill. Death came Sunday morning, March 1, after an illness of two months. She had been ill with pneumonia.

A native of Kenosha, Wis., Mrs. Tassi had made her home in Illinois for the past 15 years.

Surviving are her husband and two daughters, Irma, 15 years, and Ida, 12.

#### Beautiful Gifts Donated for Art Auction

This new design for giving the donating of a treasure for the "Save the Children" federation auction sale, is fast becoming a very exciting affair. The auction will take place early in April and the proceeds will be used for bomb shelters, rehabilitation homes and day nurseries in the war stricken and defense areas.

Mrs. Benjamin O. Shepherd, chairman, has announced that 1000 articles are needed for the auction and of course the first one was that lovely silver vase which Mrs. Shepherd, who came to Grosse Pointe from London in January, formerly lived in London and was married in November, 1940, to an Englishman, she had in London in December and it was saved three days ago when it was bombed.

**Chased by Enemy Sub**  
Traveling with her other family and sister, she was sailing on the ship of the same name when she was chased by an enemy submarine.

Among the articles needed are: coats, hats, shoes, gloves, scarves, sweaters, pajamas, nightgowns, handkerchiefs, etc.

Articles should be brought to the office of the "Save the Children" federation, 1100 Beaconsfield avenue, Grosse Pointe Park, Mich.

anxious to know how much is being done will attend this public rally tonight to learn the answers to their questions. That is the purpose of the meeting. To let the people here know just what steps have been taken and what action is still being planned to safeguard them from enemy attack."

#### Druggist Reports Armed Robbery

Three bandits held up the proprietor and robbed the Titus drug store of \$200 in cash, it was reported to Grosse Pointe Farms police Saturday night.

The men entered the store about midnight last Saturday night, the proprietor said, and ordered soft drinks. As soon as the store was empty of customers, the man said, one of the men drew out a gun which he held on the proprietor while his two companions looted the cash register. They escaped before police arrived.

The first man, who carried the gun, police were told, was described as about 20 years old, five feet seven with light hair and of slim build. The other two were described as foreign looking, with dark hair, ruddy complexion and of slight build. They were in their twenties, the proprietor said.

#### Young English Evacuee Tells Air-Raid Terrors

"The most terrifying part of the London air raids were the awful screaming bombs," declared Veronica Moore, 10E, the most recent evacuee to enter Grosse Pointe high school.

Veronica, who came to Grosse Pointe from London in January, formerly lived in London and was married in November, 1940, to an Englishman, she had in London in December and it was saved three days ago when it was bombed.

Traveling with her other family and sister, she was sailing on the ship of the same name when she was chased by an enemy submarine.

After landing in Boston, Veronica and her family came to Detroit, where they have relatives. They moved to Grosse Pointe last summer.

"I don't want to talk about the English air raids," Veronica said. "The Americans don't know anything about them. The greatest air raid was in Mr. Hoover's house in London. It was in November, 1940, and it was in the middle of the night. I was in bed and I heard the bombs. I was so scared that I couldn't sleep. I was so scared that I couldn't sleep. I was so scared that I couldn't sleep."

### REMEMBER?

#### 25 Years Ago This Week

After robbing her male companion, two bandits abducted Miss Mae Herikemus, 20 years old, a maid at the home of James P. Duffy, 1346 Kensington road, Grosse Pointe Park, and threw her from her automobile at a point three miles away a half hour later, it was reported to police. . . . The first of a collection of pictures, received from the Scarab club, went on display at the Neighborhood club. The exhibit was to be changed every month.

#### 10 Years Ago This Week

A beautiful portrait of the late George Defer, who during his lifetime was numbered among Grosse Pointe's most outstanding residents, was presented to the Grosse Pointe school district by Andrew T. Phillip, of 1100 Beaconsfield avenue, Grosse Pointe Park. . . . Debutantes and their escorts spent a festive evening Saturday night when Miss Elaine Thomas held "open house" at her home on Kenwood road.

#### Five Years Ago This Week

Leroy Williams, 22-year-old Negro ex-convict, accused of terrorizing Grosse Pointers in their homes, was sentenced to from 10 to 30 years in Marquette prison by Recorder's Judge John P. Scallen, following a plea of guilty to robbery armed. . . . The three Cannon children, of 355 McKinley road, Grosse Pointe Farms, won prizes in three divisions in the Tiny Tots Parade at Sarasota, Fla.

#### One Year Ago This Week

Recruits for a National Guard artillery battery of 26 men, made up entirely of Grosse Pointe residents, were being sought here. . . . Thirty-three men and women aliens received their naturalization certificates at exercises held at the end of the first Americanization course offered by the Grosse Pointe board of education.

#### Icy Pavements Lead To a Broken Nose

An icy road sent V. Foster Hester, 825 N. Hill road, to Cottage hospital with a broken nose last Saturday night. Hester, 40, was driving west on the road when he came to a patch of ice. The icy pavement caused him to stop, and he was thrown from the car as he was driving. He was taken to Cottage hospital with a broken nose.

### Submarine Commander Awarded Navy Cross

The first Grosse Pointe recipient of military honors in World War II came this week with the announcement by the Navy Department that Lieutenant Commander C. H. Hurd, son

of the Navy Cross for "especially meritorious conduct during actions with the enemy."

The awards were made "in the sphere of action in the Far East."

The citations on which the awards were made by Vice Admiral William A. Glassford, Jr., commander of the naval forces of the United States in the Southwest Pacific, are not yet available, the announcement said.

Lieutenant Commander Hurd was born in Matamoras and attended Grosse Pointe high school. He was appointed to Annapolis in 1924 and upon graduation served in the Philippines and China. After three years he was assigned to duty as assistant director at Annapolis and at the University of California. He was one of three officers at Oakland who were killed when a blowup exploded, a fragment striking him in the jaw.

He is 30 years old. His wife and two children live at 1400 N. Hill road, Grosse Pointe Woods. He is a member of the Grosse Pointe Review.

How to keep your  
**ELECTRIC SERVANTS**  
longer!

**TODAY** "making things last longer" is both practical and patriotic. Here are some suggestions for prolonging the life of the helpful electric servants that save so much time and labor in your household. Nearly all these appliances have critical materials in some part of their construction... rubber, aluminum, nickel, chromium, copper, alloy steel. When you make appliances last longer by careful use, you are conserving materials vital for the war effort.

- (1) After using an appliance, don't disconnect it by pulling on the electric cord. Yanking on the cord shortens its life. Always take hold of the plug when disconnecting cord. Don't let cord touch hot appliances.
- (2) Never immerse any electric appliance in water.
- (3) Do not use a fork to remove toast from a toaster. Remove crumbs from your automatic toaster periodically.
- (4) Don't go away and leave your iron turned on—even to answer the phone or doorbell. Don't leave iron cord dangling so that it can be caught accidentally and the iron pulled to the floor.
- (5) Do not let large amounts of dirt collect in vacuum cleaner bag.
- (6) To protect the electric heating units and switches on appliances, avoid spilling food or fluids on them while cooking.
- (7) Do not let electric percolators, teakettles, etc. boil dry. Do not completely drain them while they are still hot.

**THE DETROIT EDISON COMPANY**

**- BARNEY BESSO -**  
(Continued from Page One.)  
had fallen. And there, too, was something men just don't blow around. It could be written up as devotion in the style of another Alger's writings, this lasting friendship between the members of one of Michigan's most influential and finest families and this man who had come up from the position of a miner's son.

**Advisor and Comforter**  
But Barney was like that, fully appreciative and deserving of all that came his way. And he was a host of friends in Grosse Pointe as everywhere. They counted among the rich and the poor, the great and the small. He was the type his neighbors turned to for advice in heightened times, for comfort when the burdens came. Barney was like the reliable, firm, yet soft and jutting edge of a massive rock to lean against with a weary heart and legs. That, and more.

He knew the swish of a bolo thru the tangle of a matted jungle, the sharp bark of the Springfields; the deafening boom of a deadly barrage, the desperation of fighting men and the kind of consolation to pass on to a war crazed kid. And there were other things. He enjoyed the strife of the football fields, the flying clatter of spirited hoofs; the smash of waves against a plunging keel; the call of the ducks and winging pheasants and the crash of a bowling ball on the pins. He enjoyed and loved them, expressed it with his deep and rumbling laugh, the only trait thru which he was most widely known. There was a lot of assurance in that smile and the sound of his voice.

**Comrades Sound Taps**  
That laugh is stilled now. On the night of Friday, Feb. 27, over 200 men and women filed, with bowed heads from Alger club around the corner and up the street to that already crowded and bereaved home at 606 Neff road. Maybe they hoped for some mistake, some miracle to come and prove it wasn't so, to bring back that laugh again. At least they wanted to see, to touch his hand. But there were too many for that. They had to stand grouped around the house, in the back yards and on the porches. A pale moon looked from behind the clouds that seemed to separate for the while. Snow filtered softly, lightly over the bent shoulders and heads that were bare. Inside the family was grouped in front of the flag draped and guarded coffin. Wilfred Kane of Alger Post and Louis Gossens, chaplain of the post, officiated.

**Symbol of Democracy**  
Yes. To be steadfast is an excellent thing. It is symbolized in that half-mast flag, the old building and the baby tank on the pleasant lawn of Alger club on St. Paul avenue. In these things is personified the rudiments of the greatest of all the nations. A man's love for his home and family and his neighbors. His right to the pursuit of life, liberty and freedom, the suggestion of an armed force designed to keep them so. There is something else. It is all Barney Besso is and was. He seemed to blend it all together. The suggestion of all that is real and just and good, all that is wild and free. And, somehow, one gets the feeling, when the folds of that flag lift to a lazy breeze, it is Barney himself, the force of his hearty laugh, that is reminding you, his neighbors and mine, to carry on.

**Student Musicians Take Top Honors In State Contest**  
Six members of the Grosse Pointe high school band participated in the Southeastern Michigan solo and ensemble contest at Baldwin high school, Birmingham on Feb. 21, carrying away one first and five second divisions.  
Doris Ross, 12A, playing "Fantasia Impromptu" by Chopin, on the piano took the first division. Harriett Gelhaar, also on the piano, took second division with "The Trout" by Heller.  
Playing "Deepwood" on the clarinet, H. Eugene Owens, 12A, took second. "Voices of the Vikes" also taking second division, was played by Selden Burchenal, 12A, on the tuba.  
Wilmot Brelvy, 11A, carried away second by playing "Eostave" on the cornet. Bob Legate, 11A, played the same piece and also took second division.

**LEAVES FOR FLORIDA**  
Mrs. L. J. Avette, of 434 Saint Clair road, left Tuesday night, March 3, for Fort Lauderdale, Fla. where she will be the house guest of Mrs. Thomas J. Kaufman for several months.  
**VACATION IN SOUTH**  
Mr. and Mrs. C. F. Stephens and their children, Robert and Elmer, of Morris road, will leave next week for a month's vacation in Ft. Lauderdale, Fla.

**ELECTION**  
(Continued from Page One.)  
three commissioners. No primary was held.  
In the Woods as in the other two villages the incumbent is unopposed for the office of village president, Alois A. Ghesquiere seeking re-election for his fourth term in that office.  
**Vanderbush Runs Again**  
Candidates for election to the village commission include three incumbents. Ed Vanderbush, veteran member of the commission, is again seeking re-election. Arthur Post is another veteran member of the council who seeks to be returned to office. Donald Matzen, the third incumbent candidate, is seeking his second term. Opposing them on the ballot are Arnold L. Diesing, John P. Connors and Duncan R. Seaman, Jr.  
The polls will be open Monday in Grosse Pointe Park from 8 a.m. to 8 p.m. in the municipal building, Jefferson and Maryland avenues, and at the Defer school.

**Where to Vote**  
Grosse Pointe Farms voters will go to the municipal building, 90 Kerby road.  
Two polls will be open to voters in Grosse Pointe Woods. Those living in the area west of Mack avenue and south of Vernier road will cast their ballots at the Woods municipal building, 2075 Mack avenue. Those living in the remainder of the village will vote at the Mason school.

**Meek Coal Company Offers Sand Free**  
Householders who have been wondering where they could get sand for civilian defense will be pleased to learn that the R. F. Meek Coal company, 2619 Conner avenue, is giving away this sand free. Anyone bringing their ad, found on another page of this newspaper, to the office of the company will be given three gallons of sand absolutely free. Each should bring his own container.  
"This is our contribution to civilian defense," a company official said. "Every home should have at least this amount of sand on hand as protection against possible incendiary bombing."

**Big Game Hunter Shows Films Here**  
Grosse Pointers are due for some real entertainment Friday evening, March 6, when E. C. "Skipper" Schwimmer, Michigan's own big game hunter, photographer, fisherman and lecturer, appears at Mason school, Vernier road near Mack avenue. The lecture starts at 8 p.m.  
His appearance here is sponsored by the Woods Presbyterian church. Schwimmer will take his audience through an evening of travels both at home and in strange surroundings. His beautiful colored film, "Jungle Terror," pictures flamingoes, ibis, gayly colored parrots, snakes, monkeys and crocodiles. Game trails and streams reveal their abundance in "Wild Life" and sport in "Trout Fishing" with camera shots of rare trout, bear, deer, antelope, elk and moose. "Jungle Orchids" covers the trees and banks of rivers blooming with fragrant flowers. "Deep Sea Fishing" will leave the audience breathless with its scenes of harpooning 3,500 pound devil fish, landing sword fish, whale and seal.

**'Spring Flowers' Topic Of Illustrated Talk**  
Realizing the need for relaxation and beauty at this trying time, the Detroit Garden Center is presenting a talk with colored slides "Spring Flowers" tonight at 8 p.m. at the John D. Pierce junior high school and tomorrow, Friday, at 2:30 p.m. at the Russell A. Alger house. This will not only bring a breath of spring but will show many varieties and combinations which may be put in gardens this Spring if ordered soon, to be delivered as soon as the planting season begins.  
In its work for the Victory Garden campaign, the Garden Center is urging home owners who have no suitable place to grow vegetables to work in their flower gardens and learn as much as possible about the soil, cultivation and care of the flowers as this will be a valuable preparation for working in community gardens when this becomes necessary.  
This talk from the national gardening bureau in Chicago will be given by Mrs. George I. Bouton, director of the Garden Center who will be ready to answer questions about the Victory program as far as it has gone to date.  
All talks given by the Garden Center are free and open to the public.

**Present Concert For Pierce PTA**  
The Pierce junior high school band and chorus will present a musical program for the PTA Monday evening, March 9 at eight o'clock in the school auditorium.  
Sam Trickey will direct the school band in several patriotic selections which will be played later in the month for Southeastern Michigan contest, and another group in a lighter mood which includes, "Jack and the Beanstalk."  
Miss Gwen Brockmiller will direct both the A and B chorus, which represents students selected from all three grades, in several songs, some patriotic, one Negro spiritual and another that is often heard in camping groups.  
All the parents are invited to visit the teachers in their home rooms from 7:30 to 8 p.m.

**To the Citizens Association Village of Grosse Pointe Park:**  
Gentlemen:  
The primary election in our village this year is now a past event, and you and I will probably agree that a very poor showing of our citizenry went to the polls that day. Obviously it is necessary for there to be a large issue at stake to bring out our voters.  
Now, gentlemen, in the listing of candidates for election which you distributed just before the primary, you made certain statements to which I object. Chief among these was a reference to certain candidates as representing the "old political machine."  
It so happens that my name is the only one among all the candidates which has ever, in any way, been connected with politics; and this through my father, Otto J. Groehn, who served this village for almost 16 years as commissioner.  
Gentlemen, you have made an issue. Now let us see it through.  
My father passed to his reward some time ago, and consequently, he is unable to answer for any action he may have taken during his term of office; but this I will say. Anyone who called my father a "machine" politician did not know the gentleman very well.  
He certainly had no need for the compensation he received from such office. He was adequately paid by the Hudson Motor Car Company, where he was manager of their body plant. Actually, my father used his village salary of \$50 a month to help the children of this community. He made a practice of donating his salary equally to the public and parochial schools, chiefly for musical instruments and recreation facilities.  
There came a time when the people of this community were hard hit and were unable to meet the tax obligation which they had assumed. The bankers and lawyers were ready to call us bankrupt. Here my father stepped in, and, from his own personal funds, my dad advanced this village enough money that it never missed a payroll.  
Gentlemen, in the future we may again face such times; if we do, I hope that your association will still be in existence so that you will remember and wish that the village still had an Otto Groehn.  
I will let my father stand on his record. He needs no defense.  
Now, gentlemen, as to myself. You listed me as "sales manager, Rodgers Service, gas station." The firm is not a gas station, but it is an Automobile Club garage and a Studebaker dealership as well as holding a franchise for the sale and service of International trucks. My position, at the present time, is as working manager as well as sales manager. I spend from 12 to 16 hours a day in all phases of this work, and I believe that my training here makes me well qualified to serve as commissioner.  
Lastly, gentlemen, I am not a member of any "machine" or any organization, including your own. I still have a mind of my own, and, if elected, I shall use it to the best of my ability for the good of this community.  
Very truly yours,  
**GILBERT W. GROEHN.**

### Catholic Information

Well, Then—Isn't the Pope Pro-American?

If the Pope has power to call all Catholics to arms — make them fight when, where and for whom he pleases—then really, isn't the Pope pro-American?

Wasn't it a brazenly patriotic Catholic — Charles Carroll of Carrollton—who boldly signed the Declaration of Independence and who used so much of his brain, time and money in the American cause, that he goes down in history as one of our foremost patriots? Wasn't it a Papal subject, John Barry, who won renown in the Continental navy and held commission No. 1 of the United States navy? And didn't Washington himself say in his address to the Catholics in 1789, "... I presume that your fellow citizens will not forget the patriotic part which you took in the accomplishment of their Revolution ... ?"

And in our Civil War — oh most inconsistent Pope! — did you not call to the colors of the North those famous Catholic generals, Sheridan, Meagher, Rosencrans, Corcoran, Shields, O'Brien and others, to battle against your own brave Catholics of the South, Beauregard, Girard, Hardee, Dowling, Mallet, Adams and Semmes?

Ah, Marshal Foch, patriot of France, "minion of Rome," was it the Pope who commanded you to lead the allied armies of glorious victory? And what say you, our own Admiral Benson, our own General McAndrew, our own General Bullard, and all ye hundreds of thousands of American doughboys, devildogs and gobs — was it His Holiness who commanded you to offer your brains, bodies, lives for our country's cause?

And in other wars could it have been the Pope who compelled Catholics in such great numbers to fight against even Catholic Mexico and Catholic Spain? If so, no American need ever fear the "menace of Rome." Nay, but rather boast that the Pope is strongly pro-American.

But no, dear Neighbor, the premise at the beginning of this article is wrong. The Pope has no power over any Catholic in civic affairs, with the exception of the handful who populate the Vatican City State. He is not pro-American any more than he is pro-British, pro-German, or pro-Japanese. But perhaps the reason for outstanding Catholic loyalty is best given by the quotations below from De Harbe's Catechism — a doctrine taught in every Catholic school and college in the world: Q. "What are our duties towards our temporal rulers?" A. "We are bound to show our temporal rulers, ordained by God,

Put your cap on, get to thinking. While you're in your easy chair. There are things you could be doing. For those fighting men out there. Maybe something you could send them,

Just to make them know that they are not being just forgotten. While they are far far away. Send some cigarettes, some candy. They can't buy it over there. Near as easy, freind, as you can. When you have some time to spare. They can't fight if we forsake them. Put your shoulder to the wheel. You'll find it won't be very long. 'Fore a million Japs will squeal. Get working each community. Dig down and spend a buck. We're fighting for democracy. So don't just trust to luck. Get on the wagon, help them win. From Halifax to Maine. And don't forget your own township. ### Meet The Candidates In G. P. Farms

#### For President

**PAUL H. DEMING**  
Paul H. Deming, who is seeking re-election as village president, is unopposed this year. Deming is one of the early settlers of Grosse Pointe Farms. He lives in his own home at 111 Lake Shore which he built in 1894. He was instrumental in establishing the present Village of Grosse Pointe Farms. He has served the village as trustee from 1911 to 1914 and was president of the village from 1914 to 1922. He was again drafted into office in 1935 and has been president since 1936.

#### For Trustees

**PAUL FRANSETH**  
Paul Franseth, of 321 Merriweather road, is on the ballot for the office of trustee for the village of Grosse Pointe Farms. He is a taxpayer and property owner in the village. By profession he is an attorney at law. He received his AB degree from the University of Michigan in 1929 and his JD degree from the U. of M. law school in 1932. While attending law school he was on the editorial staff of the Michigan Law Review. He has practiced law in Detroit for approximately 10 years.

**WILLIAM G. KIRBY**  
William G. Kirby seeks his first official position in Grosse Pointe Farms Monday as a candidate for village trustee. Although he has formerly been a candidate for both the state house of representatives and the state senate this is his first candidacy for village office. Kirby, who is married, has made his home for the past three years at 418 Fisher road. He is a member of the Grosse Pointe Farms Property Owners Association. Kirby, who is connected with the real estate and insurance business, is resting on his business experience as well as his

### New Policy Started At Club Stevadora

A new policy of bigger shows started this week at the Club Stevadora with the addition of the DeRoy glamour girls, a line of very beautiful chorus girls. The seven acts of vaudeville are again headed by the fugitives from an insane asylum, Good and Goody, who are presenting new comedy scenes called "A Trip Through Chinatown" and "Making Movies at Atlantic City."

Another newcomer to this week's show is Mauriel, the Beau Brummel of the night clubs, who presents a very clever novelty act. A return engagement is being made by Boyd Senter, the originator of the hot clarinet. Renee DeOrsay is again held over and is presenting some new exotic dancing numbers that are quite interesting. Ethel Shepherd again swings out with the latest Hit Parade numbers. The first show always starts at 9:30 p.m.

and championed the taxpayers' interests as a whole. Mr. Noll is married, has one daughter and lives at 462 Madison avenue.

#### JOSEPH W. SNAY

Joseph W. Snay, who is running for re-election as village trustee, has served as trustee for the past 19 years. Snay is particularly concerned with the early history of the village pier, in Lake St. Clair, at the foot of Seven Mile road, for it was he who was instrumental in securing the pier for the village. Snay's enviable reputation as being one of the best sailors around these parts naturally led him to take particular interest in the operation of the pier and he stated that he has always supported a policy of expanding the facilities of the pier for the advantage of the greatest number of residents within the limits of reasonable taxation.

#### HOME ON FURLOUGH

Paul Vernier, son of Mr. and Mrs. Joseph Vernier, of 1469 Lakepointe avenue, is spending a 15-day furlough with his parents. Vernier, who is stationed with the army air corps at Chanute Field, Ill., is recovering from a broken arm received while he was playing football at the camp.

#### For Clerk

**HARRY A. FURTON**  
Harry A. Furton, candidate for re-election as village clerk, has been a resident of the village for the past 28 years. He was elected to the board of trustees in 1936 and, at the request of the council members, resigned to fill the vacancy in the clerk's office caused by the resignation of the former clerk. He has held the office since that time and has been opposed on the ballot only once during the six years. Furton, who resides at 59 Mapleton, is married and the father of three children.

#### For Treasurer

**WALTER CHAMPINE**  
Walter Champine is seeking his third term as treasurer of the village. Champine, who lives at 114 Oak street, is married and the father of three children.

#### For Assessor

**FRANCIS A. BEAUPRE**  
Francis A. Beaupre, who seeks his second term as village assessor, is the son of one of the earliest settlers of the village. He is married and makes his home at 181 Oak street.

## Meet The Candidates In Grosse Pointe Woods

### For Commissioners

**DUNCAN R. SEAMAN, JR.**  
**EDWARD VANDERBUSH**

Carrying the endorsement of the Grosse Pointe Woods Association, Edward Vanderbush, incumbent, and Duncan R. Seaman, Jr. are candidates for the office of village commissioner. In choosing these two men for their endorsement, the association feels that they are showing fairness to the people as well as to the village. Vanderbush, a life long resident of the Woods, represents the long time residents. Seaman, who has lived in the Woods for two years, represents the more recent home owners. Seaman, they feel, would also bring a keen knowledge of business principles to the commission; Vanderbush, through his intimate knowledge of village affairs, would complement the other's efforts. Seaman is office manager and assistant superintendent of the Seaman Paper company with which he has been associated for the last 10 years. During his residence in the Woods, he has shown an unusual interest in civic affairs, having been the instigator of a movement which resulted in the planting of 500 trees in the village. Vanderbush, of the Vanderbush Farms on Vernier road, has been a member of the commission for 15 years, having served in that capacity since the incorporation of the village in 1927. In addition to the Grosse Pointe Woods Association, the two men are endorsed by the Lochmoor Boulevard Improvement Association, the Oxford Road Improvement Association and the Country Club Woods Progressive Association.

### JOHN P. CONNORS

John P. Connors, candidate for commissioner, is no stranger to civic affairs. He is a former state representative and has had wide political experience in political matters and legislative work. Connors has been a resident of the Woods for the past six years, during which time he has taken an active interest in village problems. Through his efforts the village now has gained more rapid and efficient transportation service and through his efforts Connors promises to work toward further improvement of these facilities. Connors has prepared a paper in which he outlines the issues of this election. He will personally discuss these issues at the meeting of the Woods Association on Monday, April 6th, 1942, at 8:00 o'clock in the evening, Official War Time, at the Village of Grosse Pointe Woods, 1505 Brys drive.

Arthur H. Post, candidate for officer as village commissioner, is a veteran member of the commission, having held office there for a number of years. Post is one of the early residents of Grosse Pointe Woods. He makes his home at 1820 Brys drive.

### For President

**ALOIS A. GHESQUIERE**

Alois A. Ghesquiere is unopposed in his campaign for his fourth term as village president. Ghesquiere makes his home at 1772 Anita ave.

### ARNOLD L. DIESING

A resident of Grosse Pointe Woods since October, 1938, and a successful insurance agent for over 16 years, Arnold L. Diesing is a candidate for the office of village commissioner. Since he moved to the Woods he has been most active in civic affairs. One of his accomplishments is the Independence Day celebration which he inaugurated in the Woods in 1939 and which has been held every year since. Objecting to dirty and dusty roads, he circulated petitions among his neighbors in an attempt to have the roads improved. This was the beginning of a movement which caused a number of streets to be paved. He was a member of the committee which successfully urged the addition to the Mason school. He is a committeeman of the Boy Scouts of America and was one of the organizers of Cub Pack 290. He is a member of the Grosse Pointe Woods Business Men's Association and is president of the Grosse Pointe Baseball league. He resides at 1419 Roslyn road.

### DONALD W. MATZEN

Donald W. Matzen, incumbent, seeks his second term as a village commissioner in Monday's election. Matzen, who lives with his wife and two children at 1641 Roslyn road, is employed in the purchasing division of the Chrysler Corporation. From his experience on the commission over the past two years, Matzen feels that the two problems which are paramount at this time are the construction of new water mains and the relief of the sewage situation. These, he feels, should be pushed toward completion before warm weather comes, if possible. In other matters he stands on his record; he is especially proud of his work as head of the building commission and as a member of the police commission. A home owner in the Woods since 1937, Matzen is a member of the Grosse Pointe Woods Presbyterian church and Men's club and a member of the Hampton-Roslyn Improvement Association.

Arthur H. Post, candidate for officer as village commissioner, is a veteran member of the commission, having held office there for a number of years. Post is one of the early residents of Grosse Pointe Woods. He makes his home at 1820 Brys drive.

## Tank Squad Finishes Third in Regionals

After finishing second to Fordson in the regionals, Grosse Pointe high school's Blue Devils practiced another full week and then traveled to Ann Arbor last Saturday to participate in the annual Michigan high school class A swimming championships.

They competed with Kalamazoo, Battle Creek, Jackson, Ann Arbor, Monroe, Wyandotte, Royal Oak, Mount Clemens, Fordson, Lansing Eastern, River Rouge and Flint Central. All the schools were represented by their best swimmers, making the races close and the times very fast.

**Final Standings**

The final team standings were as follows: Jackson, 40; Battle Creek, 37; Ann Arbor, 23; Flint Central, 17; Kalamazoo, 14; Fordson, 14; Grosse Pointe, 13; Monroe, 8; Mt. Clemens, 4; Royal Oak, 1; River Rouge, 1. Lansing Eastern did not score.

## Research Fellowship Won by Alumnus

John J. Wagner, an alumnus of Grosse Pointe high school, has been named recipient of a 1942 fellowship in physics research provided by Harper hospital, it was learned this week. Wagner, who graduated from Grosse Pointe high in 1936, won the award for his high scholastic record at Wayne university.

The grant provides funds for the expenses involved in Wagner's degree work at Wayne. He will complete this work while conducting atomic-structure, X-ray and radioactivity research on a part time basis, under the direction of Dr. Kenneth E. Corrigan, physicist in the Harper hospital X-ray division.

## Plan Student-Ruled Study Hall System

Plans for the formation of a student self-directed study hall at Grosse Pointe high school are being considered seriously by the Student Association. Although these plans are still in the formative stage it seems probable that such a teacherless study hall may soon become a reality.

Several purposes for the establishment of a study hall in which the students will direct themselves were presented to the Forum Friday by Jim Austin, Student Association vice-president and chairman of a Senate committee investigating the plan.

Main reason advanced was to give students a chance to prove their abilities in self-direction and to practice two oft forgotten essentials of democracy, namely those of self-discipline and the acceptance of responsibility.

It was also believed that such a study hall would lay the foundations for successful studying outside of school, in college and in later life.

Another reason advanced was the much needed saving in teacher-time that would result.

Ever since he witnessed the successful operation of a student supervised study hall in Winnetka, Ill., last Fall Walter R. Cleminson, principal, has been enthusiastic for the establishment of a similar plan at Grosse Pointe. He is confident that the students will be equal to the challenge that the opportunity presents.

## 58 Awards Given Richard Scouts

Cub Scout Pack, 630, which is sponsored by the PTA of Richard school has been very active the past year. Fifty-eight individual awards (Wolf, Bear and Lion badges and gold and silver honor arrows) have been presented at pack meetings since September and several den awards have been presented by the pack committee.

At this time 70 boys ranging from nine to 12 years of age are active and registered in the pack. There are nine Scouts who act as den chiefs.

Each month the Scouts present a very interesting program. At the December meeting each den had a display of the toys and scrap books made by its members to be given to needy children. Stunts by den members, movies or plays are presented at each meeting.

The pack committee consisting of registered and non-registered members guide the cub pack and meet once each month to settle matters of entertainment, individual and den awards and any problems that may need to be settled.

The den mothers provide supervision as well as a place for the cubs to meet. These mothers meet once each month to compare notes and discuss problems encountered for the benefit of all. Hubert Goebel is the cubmaster at Richard.

## Notice to Residents in Trombly School Area

The members of the Trombly school American Junior Red Cross are collecting salvage materials for the defense projects. These salvage materials include: Tooth-paste tubes, shaving cream tubes, tin cans (flattened out and washed), rags, old silk stockings, tin foil, yarn, woolen cloth and paper.

If you have children going to Trombly school or know children who do and wish to contribute to this salvage campaign, send the items by the children and the children's salvage committee will take care of them for you.

Many of the materials mentioned above are used in the Junior Red Cross activities and others are being sent to the proper agencies for salvaging such materials.

## Richard School N-E-W-S

Our first defense stamp sale in the Richard school was held on June 2, 1941. At this time \$20.55 was the amount of stamps sold. During the week of Feb. 24, the sales amounted to \$263.00. On Jan. 20, the total amounted to \$327.75. The average amount of money brought in each week is now around \$250.00.

Defense stamps are purchased by them in every room from the kindergarten through the sixth grade. The children receive a learning situation through the sale of stamps and are saving money. Many items and quarters are saved from allowances, money, pocket change and gifts and they are saving for the war.

## Devils Seek Second Win from Acorns

Grosse Pointe high's varsity cagers will journey to Royal Oak Friday to close the current league season. A second victory over the Acorns this year, repeating a previous 27-23 triumph, is needed by the locals for a final league average of .500 with five wins and five losses.

The Blue Devils closed the home season last Friday with a thrilling 27-23 overtime victory over the Monroe Trojans. The Devils seemed to keep just a step ahead of the Trojans after springing to an early lead but a basket by Pratt of Monroe in the final seconds tied the contest up. The teams went into the three minute overtime period with the score knotted at 23 all.

Mike Ware again put the Devils in the lead early in the overtime with a one hand shot from mid-floor and Glen Holt clinched things a minute later when he also sank a field goal.

Doug MacKenzie finally found the range with his one-handed shot Friday, sinking three of them. These with three free throws made Doug high point man with nine points. Mike Ware followed with six. Pratt was high man for the losers with six points.

## Pointe Frosh Set Scholastic Pace At Michigan

First semester marks of the 35 freshmen recommended last Fall by Grosse Pointe high school to the University of Michigan and Michigan State college were exceedingly high, declared W. R. Cleminson, principal, last week.

When the marks from the 29 freshmen at the University of Michigan were averaged, it was found that 17.2 per cent were A's and 26.9 per cent were B's. This record is considerably better than the record of the freshmen class at Ann Arbor.

Three students who did the most outstanding work there are Lucile Barnes, Anita Uvick and Thomas Coulter, of the June 41 class. Their records were so close to perfect that the registrar sent personal letters to their parents, commending them for their excellent work.

Eight of the 29 students recommended to the University of Michigan made a B average or better. Six students were recommended to Michigan State and their first semester grades averaged 72 per cent A's and B's. Three students made a B average or better.

The enrollment of 29 in the University of Michigan freshman class is the largest group of recommended students ever sent there.

"They are doing excellent work," commented Mr. Cleminson, "and I am confident that they will continue to do so."

## Trombly School Notes

February proved very useful in further developing the spirit of patriotism at Trombly school. The courageous and manly qualities of Washington and Lincoln were discussed and studied from kindergarten through the sixth grade in accordance with the levels of understanding in the groups. Aside from listening to poems and stories and discussing the heroism of these leaders, programs were given so that children could share their findings with others.

The 3B grade invited the 3A grade to hear the original stories and poems that they had written. A

## Pointe Cadet in Ring Semi-Finals

Fred Wismer, of Grosse Pointe, will meet Gerald Dittman, of Evanson, Ill., in a semi-final bout for the 170-pound division championship in the intramural boxing tournament now in progress at the Missouri Military Academy, Mexico, Mo. The winner will face "Nick" Allgier, of Risco, Mo., a former Golden Gloves champion, the favorite.

One hundred eighty-five of the 230 cadets are taking part in the tournament. Every cadet receives a period of boxing instruction following which a large percentage of them enter the intramural tournament.

The book "Washington at Valley Forge" explains the military and morale problems of General Washington. The 6A pupils read and discussed this story and drew parallels with the present conditions, especially complacency toward our war. Junior Red Cross.

The American Junior Red Cross at Trombly school has organized a knitting club to knit sweaters and an afghan. The club meets after school every Tuesday and Friday night for an hour. Fifteen sweaters have already been turned in by pupils, teachers and parents and several are in the process of being made. Twenty-five squares have been completed for the afghan. Those children in Trombly school not knitting for the Red Cross are doing their part by bringing yarn and old sweaters to provide materials for the knitters.

Several mothers have volunteered their time to assist in teaching and supervising the knitting.

**Imaginary Trip**

The 3A class in Trombly school is taking an imaginary trip to South Pacific Island. They are learning how the natives do things without machinery. The children are planning a program for their parents to tell them about the things they have learned. This program will come during the next few weeks to culminate the study. Refreshments made by the children will be served.

## Security Records No Basis for Filing Income Tax Returns

Social security records are not available as the basis for filing individual income tax returns covering earnings earned in 1941. This announcement is made by E. E. Pollock, manager of the East side field office of the social security board, located at 8037 Harper at Van Dyke.

## Library Offers Defense Pamphlets

The Grosse Pointe public library has been put on the mailing list for defense publications issued by the Government according to word received by the Hon. Louis Rabaut.

The library is also adding all types of books useful for defense, such as technical books, books on food and nutrition and books on civilian protection. If you need books on any of these subjects call at the library and if the book you want is not in the library it will be borrowed or purchased to fill your request.

The library has for lending, government bulletins on such subjects as: Air raid warning systems, protection of industrial plants and buildings; emergency medical services, eat the right food, and "Do it now before bombing begins."

## Explains Wide Scope Of Duties Performed By Road Commission

The wide scope of activities and the vast results achieved during recent years by the Wayne county road commission, was recently explained by Harry A. Shuptrine, bridge engineer for the commission. "The road commission has jurisdiction over, and maintains, some 2,300 miles of roads," he said. "Included are 475 miles of concrete paved county roads which have pavements from 40 to 80 feet wide and 170 miles of which are city streets; 660 miles of major township roads, many of which are concrete paved and the remainder being surfaced with gravel or other-

wise, and 1,160 miles of subdivision streets and alleys outside of cities and villages. "On this system of highways we have constructed 126 modern bridges and we have some 50 township bridges which are being reconstructed as necessity requires. These figures are exclusive, of course, of culverts and smaller drainage structures, of which there are many hundreds. "As provided by state law, the road commission took over all the duties and prerogatives of the former board of county park trustees, and in that capacity they operate and maintain 14 fully developed parks and nine undeveloped areas, including in all approximately 1,500 acres. "Through ordinance of the board of supervisors delegating the work and authority to the road commission, it has constructed and since managed, operated and maintained the Wayne county airport, which enjoys one of the finest ratings in the country and which embraces a square mile with adequate concrete runways to place it in the highest classification. On the airport the commission has constructed four major buildings — the main hangar, the military hangar, the administration building and the power house. "Within the past few years, with the rapid and unprecedented growth of outlying communities outside of incorporated areas, the need of other facilities than highways has become acute in the interest of a proper standard of life and of necessary sanitary conditions conducive to public health. "Accordingly, through comparatively recent state legislation, counties have found it possible to provide for these needs, and this work has also been delegated to the road commission by the board of supervisors, with the result that in the past three or four years we have constructed and are now maintaining and operating a system of interceptor sewers and of sewage disposal plants and a system of water supply to outlying districts. "Under present conditions all of the commission's activities of construction, operation and maintenance in all of the various spheres of its jurisdiction and operations are subordinated to and correlated with the necessities of war activities and defense requirements, and everything we do is first weighed to determine its necessity in that regard. Furthermore, our entire organization is rapidly being welded into and equipped as a defense unit organized thoroughly to meet all contingencies that may arise during the war.

## Letters to the Editor

The Farms Property Owners Association fights for Cy L. Lerchenfeld, an assessor who will fight for an equitable village assessment and not for the incumbent who tried to put one over behind our backs by adopting the Wayne county method, now used in the high township's Winter tax.

The Farms Association was instrumental in making the incumbent and certain members of the village board change their minds, so that the average taxpayer group was saved thousands in its village tax bill paid last Summer.

We can be sure that Mr. Lerchenfeld will not use a tax method which will shift the load from an approximate one hundred taxpayers whose assessed valuations are over \$25,000 on to approximately three thousand taxpayers whose assessed valuations are under \$25,000.

The association's investigation investigated and laboriously compiled by Walter Ewend showed that if the Wayne county method were used in its entirety, these approximate three thousand taxpayers, over 94 per cent of the total taxpayers, would have an approximate fifty per cent increase in valuation while the approximate one hundred would have an approximate twelve per cent increase.

The tax rate couldn't be lowered sufficiently to offset so large an unjust differential between the two groups.

The Farms voters should give Mr. Lerchenfeld a large majority to show they haven't forgotten the deal that almost went through.

During Mr. Lerchenfeld's two-year term, 1939 and 1940, the tax assessment remained the same and the rates were lowered from \$17.50 to \$16.50 per thousand.

The Farms Association backs Martin A. Minickey for treasurer as a man really competent for the position as well as Loren A. Noll, Raymond C. Moore and John R. Sutton, Jr. as trustees.

The association wishes to call to the people's attention that the treasurer listed as an incumbent in last week's advertisement is not an incumbent.

Elect Lerchenfeld — Remember what the incumbent tried to do last Spring. Don't let history repeat itself.

The Grosse Pointe Farms Property Owners' Association sincerely hope that you will exercise your democratic privilege by casting your ballot for Mr. Lerchenfeld, March 9, at the Municipal Building, 90 Kerby road, open from 7 a.m. to 8 p.m.

## Aviation Expert to Address Town Hall

Cy Caldwell, editor of "Aero Digest," military analyst, internationally known aviation writer and expert, is the speaker for the Detroit Town Hall at The Cass theatre, Friday morning, March 6, at 11 o'clock. Caldwell has been heard regularly every Friday evening on the air in "The War in the Air" series.

Caldwell gained his first hand knowledge of war when he was a captain in the RAF and flew over Germany every possible night dropping bombs in the first World war, and serving in the army of occupation till 1922. He has been with the development of flying in this country since he tested the first mail planes and flew them for night flying. He flew the first planes carrying torpedoes, for the navy; he has been a plane salesman; he piloted the first commercial planes for the Pan-American Airways and the first Pan-American mail planes. Since giving up regular routes with Universal Lines his writing and broadcasting as well as his predicting of history-making strategic moves, have brought him into international prominence.

## Neighborhood Club News

Woolworth Dance — On Friday night, March 6, there will be another Woolworth dance at the Neighborhood club at 8 p.m. The Music Makers will again furnish the music.

Girls' Basketball — Results of last Thursday night's games are as follows: St. Paul 26, Three Dot Dash 12; St. Paul Cadets 30, St. Ambrose 11; Grosse Pointe AC 15, St. Ambrose High 8.

The schedule for tonight is: 7-8 St. Ambrose 11 vs. St. Ambrose high; 8-9 St. Paul vs. Grosse Pointe AC; 9-10 Three Dot Dash vs. St. Paul Cadets.

Schedule for Thursday, March 12 follows: 7-8 St. Paul vs. St. Paul Cadets; 8-9 St. Ambrose high vs. Three Dot Dash; 9-10 Grosse Pointe AC vs. St. Ambrose II.

Camp Fire — The Wookiya Camp Fire girls are giving a Victory dinner on March 14 at 6 p.m. Anyone wishing to attend should make reservations by March 13. For the last two Saturday mornings the Camp Fire girls have been busy pointing the flags of our Allies which will soon be displayed in the Neighborhood Club gym.

Jaglowicz continued to set the pace in the "Club" league when they defeated the Saints 44-28. Marzoff, one of the high scorers of the Circuit again led the league leaders to victory. He connected for nine hoops and two charity tosses for 20 points and high honors for the evening. Gordon Tanner, former cager at Grosse Pointe high school had 12 points for the losers.

The Indians, in the meantime, helped the Jaglowicz cause somewhat when they dropped a hard fought game to the highly improved Verheyden cagers 29-20. With rangy Ray Van Wassenhove playing his best game of the season, the Verheyden crew seemed primed for their arch rival and played "sure" shots and passes. On the other hand the Indians had an off night and missed shots repeatedly. Van Wassenhove hit the meshes for five baskets and two free throws for 12 points. Big Bill McHugh, cool and reserved center of the Indians scored over half his team's points when he gathered in 11 points on four two pointers and three fouls.

The Hoyas club, feeling the loss of Jack Dillon, who sprained his ankle, lost their second game in as many weeks when the Comets subdued them in a closely fought contest 44-40. Bob Hood and Frank Queenan, newly acquired by the Comets this season, proved their worth when they combined to score 27 of their crew points and helped them hold a slim chance of gaining a play-off position.

The Collegians were forfeited into the play-off when the Kercheval Merchants failed to play five men on the floor at the starting time contest. This gave the boys from Detroit Tech a record of seven wins against four losses, automatically placing them in the two game knock-out series. Jaglowicz, Indians and Verheyden have also qualified for the series.

"Man" will be the subject of a lesson-sermon in all Christian Science churches throughout the world on Sunday, March 8.

The golden text (Malachi 2:10) is: "Have we not all one father? hath not one God created us?"

Among the Bible verses to be passed over is: "And God said: Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, over the fowls of the air, and over all the beasts that creep upon the earth."

## Girl Scout Leaders Hold Defense Meet

An institute for the study of air raid precaution and fire prevention, as well as other aspects of defense, was held at Christ church community house Wednesday, March 4, for all adults in Grosse Pointe who are actively engaged in work with Girl Scouts. Those present included leaders and their assistants, members of the district committee, and troop committee members, as well as guests who are working with girls in this community in other organizations.

Mrs. Paul Jackson, head of the OCD in Detroit, gave a brief resume of the work of that office. She was followed by Mrs. Harry Jones from that office who gave a short course on air raid protection, adapted to be used in training girls of Scout age. C. B. Johnson, of the Michigan Humane society, spoke on the care of small animals in wartime. Some of the details of protection for Grosse Pointe were explained by George Elworthy who is in charge of the OCD in this community.

During the lunch hour the group broke up into discussion units, which were led by Miss Catherine Richards, executive of the Detroit Girl Scouts, and Miss Rosalind Taylor. Movies were shown depicting the proper procedure in an emergency such as an air raid. This was followed by a talk by Mrs. Frank Welchenbach who discussed the effect the war has had on Girl Scouting. Mrs. Clarence Day, regional director of Girl Scouts, related some of the things which girl guides are doing in England and other European countries. The session was closed by Miss Richards who outlined briefly what Girl Scouts can do for defense.
