Incumbents Sweep Elections As Cold Weather Keeps Voters Away From Polls

Grosse Pointe voters braved snow, cold and one of the year's severest gales Monday to visit the polls and cast votes which, for the most part, returned to office incumbent officials. General elections were held in three villages, Grosse Pointe Park, Grosse Pointe Woods and Grosse Pointe Farms.

Despite a campaign marked by deeply felt political issues and despite pre-election pleas from Village President Karl B. Goddard, that the voters turn out to the polls, Grosse Pointe Park voters Monday held to the indifferent attitude which marked the primary election last month. Only 954 votes were cast Monday by a registered electorate of over 8,000.

Park Returns All Incumbents
Unopposed in his candidacy for a second term, Goddard was reelected village president by a vote of 840. The three incumbent candidates for village commissioners were returned to office by an almost two-to-one majority over their opponents. Homer C. Fritsch headed the list gathering a total of 648 votes. Next in order were Ward S. Van Deusen who received 623 votes and Howard P. Parrish, who was returned to office with 558 votes.

Unsuccessful candidates for commissioners were Gilbert W. Groehn, 342 votes; Theodore G. Gaffney, Jr., 247; and Erwin G. Alfes, 160.

In the race for the one year term to fill the vacancy on the commission, incumbent Arthur P. Johnson led his opponent, Clarence R. Harvey, by a vote of 574 to 291.

Large Vote in Farms
Incumbent candidates were returned to office by large majorities in Grosse Pointe Farms where 939 of the some 4,000 registered voters braved the inclemency to cast a comparatively high total vote for that village.

Incumbent Paul H. Deming was again returned to the office of village president with 687 votes.

Incumbent candidates for reelection to the board of trustees were given large majorities over their opponents. Joseph W. Snay received the largest number of votes cast with a total of 562. Following him were John R. Sutton, Jr., 560, and Raymond C. Moore with 534.

Champion, Beaupre Re-elected
Unsuccessful candidates for the board of review were Loren H. Noll, with 374 votes; Paul Franseith, 158; and William G. Kirby, 153.

Harry A. Furtun, unopposed incumbent candidate for village clerk, was returned to office with a vote of 719.

Incumbent Walter Champine also won by a large majority over his opponent, Martin A. Minickey, in the race for village treasurer, Champine receiving 596 votes to Minickey's 312.

A closer race was run between the two candidates for village assessor, incumbent Francis A. Beaupre receiving 481 votes as compared to 428 cast for C. L. Lerchenfeld.

Single upset in the trend toward

Navy Enlistment Ruling Clarified

Men are free to enlist voluntarily in the United States navy up to the time they actually report to army medical examining boards for their physical examinations, it was announced recently by Lieut.-Com. Carson R. Miller, officer in charge of the Detroit navy recruiting station.

Miller said local selective service boards would receive the same credit toward their quotas from registrants enlisting in the navy as from those inducted into the army.

In the past there has been considerable confusion in interpreting the selective service act relative to when men become ineligible to enlist in the navy, Lieut.-Com. Commander Miller said. He recalled one such interpretation which would ban men from enlisting in the navy after being notified to report for army physical examinations.

Today's clarifying order also stated that the war department has decided to induct all acceptable registrants at the time of their army physical examinations.

The navy still has unlimited quotas and offers many opportunities to men between 17 and 30 either to enlist for petty officer ratings or to enlist for training in their choice of 56 trades and over 100 specialties.

Russell Keys, Jr., of Lake Shore road, will return Saturday from a two weeks' stay in Mexico.

the return of incumbents was reported in Grosse Pointe Woods, where Arnold L. Diesing came out second in the list of six candidates to win a seat on the village commission. Donald W. Matzen, incumbent candidate for a second term was defeated.

Also unopposed in his candidacy for village president, Alois A. Ghes-

quiere was returned to office by a total of 397 votes.

Edward Vanderbush, veteran commissioner, received 253 votes to top the list of candidates for that position. Diesing followed with a total of 208. Incumbent Arthur H. Post, the third successful candidate, had 195 to win out over his next two

Rabid Dog Found in City; Police Caution Residents

A warning that a rabid dog had been found in the City of Grosse Pointe was issued this week by local police. Persons who believe they may have been bitten by this dog are told to report to the police. Parents of children are especially urged to take all possible precautions against infections.

The dog was found Sunday, Mar. 1, crouching under the porch of a house at 503 St. Clair avenue. Taken to a veterinarian, the dog died within 48 hours. Subsequent examination by doctors at Herman Kiefer hospital revealed that the dog had been rabid, police said.

Schools Face Prospects of Overflow

According to studies made by L. M. Bartlett, director of child accounting and adjustment of the Grosse Pointe schools, all present indications point to the fact that the rate of home building in Grosse Pointe will be greatly reduced during the next year and for the duration of the war from that of the past several years.

There is, however, a possibility that, with the opening and construction of defense and war industries in districts not too remote from Grosse Pointe, certain areas in the Grosse Pointe school district may be designated for defense workers' homes.

If this should occur, Grosse Pointe school housing facilities would undoubtedly become greatly taxed. Even if little home building takes place during the next year, on the basis of present data, an increase of from 250 to 300 new pupils is expected in September 1942 over September 1941.

With such an increase, Mason school even with its addition ready for occupancy will be nearly filled. Kerby school which is crowded at present will be more so next year, and the secondary schools, even with the addition of the new Industrial Arts building, will be slightly above ideal working capacity.

Mr. Bartlett stated that more new homes were constructed in Grosse Pointe (Continued on Page Two.)

On The Home Front

All mothers of men now serving with the United States navy, marines or the coast guard are invited to attend the next regular meeting of the Navy Mother's Club, Wednesday, March 11, at 7:30 p.m. at the Veterans' building, Hastings and Jefferson avenues. The club, which is the local unit of a national organization, is now conducting a drive for new members, according to Mrs. E. Dover, chairman.

Fifty mothers of the 182nd field artillery stationed at Fort Leonard Wood, Mo., have organized and will meet the fourth Monday of each month at the central YWCA for luncheon.

Any mother of a man in this unit who would like to join should contact Mrs. L. B. Avery, president at NL 0974.

"It will be our job to furnish the regiment while in training and in active service whenever possible with comforts not supplied by the Army and which tend to keep up and develop the morale of the men," Mrs. Avery said.

"Also, it will be our aim to foster a spirit of friendship among the families of the men while they are away with Uncle Sam. Plans already are under way to adopt for the duration those boys in the regiment who have no mothers and wives of their own."

Mrs. Avery's son William is a corporal with the regiment.

Pointes Win Fight for Joint Sewage Set-Up

By ALOIS A. GHEQUIERE

At last the Village of Grosse Pointe Woods and its neighboring communities are going to have an adequate system for the disposal and treatment of its raw sewage.

This is the result of approximately 2 1/2 years of effort and negotiation on the part of the Village Commission, the Michigan Department of Health, the Stream Control Commission and the Wayne County Road Commission.

In 1939 the Stream Control Commission and the State Health Department refused to issue any more permits for the extension of lateral sewers in the Village of Grosse Pointe Woods because our sewage is being pumped directly without benefit of any treatment other than passing through a septic tank at the residences into Milk River.

This stream drains into Lake St. Clair and because of the increased population it was felt that a condition of pollution was developing. The Health Department requested that we formulate some plan to assure the correction of this increasing pollution.

Because at that time credit of the Village of Grosse Pointe Woods was still in a somewhat restricted condition we agreed to set up a sum of \$5,000.00 in every annual budget to build up a fund to perform this corrective work and to so arrange matters that the project would be completed by April 1943. By that time due to the increased building it was thought that it would be possible to re-establish our credit and to float a bond issue to defray cost of installing the necessary trunk lines from our pumping stations to Detroit City limits from where it was to be carried off by them for treatment and disposal. The original plan was going to cost the Village about \$75,000.00. That plan was to install this trunk line on Mack avenue and would have served only for this Village.

Later upon investigation it was discovered that the trunk line in Detroit, in the so-called down river districts a co-operative system for sewage treatment and disposal had been worked out in conjunction

(Continued on Page Two.)

Check Fraud Brings Arrest

Working in cooperation with Detroit police, Detectives Louwers and Butts last week arrested W. E. Tyrrell, formerly of 1241 Nottingham, Grosse Pointe Park, on a charge of passing a worthless check.

The complainant, Alex Le Clerque, told Park detectives that he had accepted a check from Tyrrell last December. The check, made out in the name of the Bethlehem Chemical Company, was signed by a John Fondoglas and countersigned by Tyrrell.

Reports that Tyrrell had passed other similar checks in the Park had also been made, detectives said. The detectives then contacted the Wayne county prosecutor's office where they were told that, since they had not seen Tyrrell place his signature on the check, they could issue no warrant. Subsequent investigation disclosed that Tyrrell was also wanted by Detroit police on a similar charge.

The arrest was made at Tyrrell's home on Irving road, Sterling township, Macomb county. He was turned over to Detroit authorities.

Mudge Suspended Pending Check-Up Of 'Irregularities'

Lieut. Clare Mudge, of the Grosse Pointe Park police department, has been suspended from duty pending the results of an investigation into supposed irregularities in his department. Lieutenant Mudge, who has been a member of the force for the last 15 years, was in charge of the traffic department.

Mr. and Mrs. Syd R. Scott and their son, Jerry, of University place, left for the South to remain four weeks.

Police Guard Body of Murder Victim

Grosse Pointe Woods Patrolman Harold Gregory guards the covered body of Rex George Richards, slain petty gambler, found in a lonely spot on Norwood drive Monday afternoon.

Gangdom Moves Into Pointe As Corpse of Murdered Gambler is Found in Woods

Gangdom moved into Grosse Pointe Woods this week with the finding of the dead body of Rex George Richards, alleged petty gambler, on a lonely road in Grosse Pointe Woods. It is believed that the dead man was murdered.

The body was found Monday afternoon by Bryon Richards, 822 E. Grand boulevard, as he was driving through the section with his fiancée. The couple were looking over the section with a view to building a home there after their marriage.

The body was found on Norwood drive 500 yards north of Mack avenue. Richards immediately notified

Grosse Pointe Woods police. Byron is not related to the dead man.

Richards had been dead several hours before his body was found. From evidence submitted by a neighbor, it was believed that the murder took place around 9:30 Sunday night. Police were told that about that time a car had been driven to the spot. The car was parked a few minutes with the lights out, then, without lights, was driven back to Mack avenue and away.

Marks of a cord were found about the murdered man's throat. His face was bruised and he had been hit behind the right ear with what appeared to be a hatchet or cleaver. No murder weapon was located at the scene.

The body lay in the muddy grass between the street and the sidewalk on the west side of the street. The victim was lying on his back, his arms outstretched over his head. His coat, half pulled off, lay in a pool of blood from the wound in his head.

From the appearance of the body, condition of the clothing and evidence found at the scene, police were led to believe that Richards had been strangled at some other spot and then brought to the place where the body was found. There, it appeared, he had been dragged from the car to the side of the road where he was struck a crush blow with an ax or cleaver. It was believed that he was alive when the blow was delivered.

Before driving away, the killer had wrapped the head and upper part of the victim's body in an overcoat.

Identification was made through his draft registration card and other papers found on the body. This was later verified by fingerprints. A wallet, containing \$1.62, ruled out robbery as the motive.

Police are also questioning Richards' former roommate, Joseph Marino, 39, in an effort to trace the dead man's movements during the hours immediately before he was slain.

Richards and Marino had shared rooms at the Stimson hotel, 470 Stimson avenue, until last Thursday when Richards checked out. He had been asked to leave because of excessive drinking, police learned.

Marino told police that he had last seen Richards in a restaurant on Cass avenue near Petersboro, at about 2 a.m. Sunday. Officers have been unable to locate anyone who saw Richards alive after that.

Police also questioned a woman acquaintance but released her.

The dead man was a native of Alpena, Mich., and had lived in Detroit several years. He was 36. According to Detroit detectives, he had worked as a dealer in small gambling establishments and at bars. He had but recently returned to Detroit from Los Angeles where he went about a year and a half ago.

Richards had a record of 14 arrests by Detroit police out was convicted only once. He paid a fine of \$5 last September on a drunk charge.

Teachers Petition Salary Deductions for Defense Bonds

At the request of the employees of the Grosse Pointe public schools, the board of education at its regular meeting Monday night unanimously approved a plan for making salary deductions from employees' checks for the purpose of buying defense savings bonds. This action was announced by E. G. West, purchase agent for the board of education and chairman of the local committee for the purchase of defense savings stamps and bonds.

Mr. West stated that this action was taken by the board in response to petitions which were presented from the Teachers Association, the administrative staff, the maintenance organization, and the Secretary's Association. The plan which was approved will allow each employee to indicate the amount he wishes deducted from his salary each month and will be on a purely voluntary basis. While this is true, from the interest expressed by the employees, it is believed that there will be 100 per cent participation.

This plan of voluntary salary deductions is in line with the recommendations made by Dr. Edward W. McFarland, chairman of the education of the defense savings committee for the state of Michigan. Under Doctor McFarland's leadership every school in the state is organized so that both employees and students may participate regularly in the purchase of defense savings (Continued on Page 6.)

Nurses Are Active in Defense Work

From a small beginning of only three women, the nursing corps of Grosse Pointe's civilian defense unit has grown into an energetic organization with volunteers living in all five Pointe municipalities as well as Gratiot township.

In addition to these women, others have shown their community spirit by volunteering to care for the children of the nurses while they are on call.

According to the present plan, these nurses will be divided into squads with a leader appointed for each. The last of the volunteers answering emergency calls.

A meeting of the group was called last Thursday at the Neighborhood club by Mrs. Joseph Beer, leader for this section. They heard a talk by Dr. Nelson Taylor, head of the doctor's division, and laid organizational plans.

Another meeting of squadron leaders has been called for today at which details will be worked out. Any graduate registered nurse, living in Grosse Pointe or Gratiot township, who has not been contacted is asked to call NL 1950.

Gas Stations Plan Early Closing Here

In co-operation with the national defense effort, Grosse Pointe service stations are joining in an "early closing" program, it was announced this week. Effective Sunday, March 15, these stations will close daily, including Sunday, at 7 p.m.

Adopting as their slogan, "Buy Before Seven," these stations are urging patrons to have their cars at their respective service stations in plenty of time to permit all work, such as greasing, etc., to be completed by 7 p.m.

The early closing program is designed not only for national defense but for "self defense," station operators explained. "We have already been deprived of tires and auto parts," they explained, "and we know that gasoline rationing is on its way. Moreover, many station owners already are suffering from a shortage of workers, many men leaving either for military service or for jobs in defense plants. By closing early, we can conserve not only power but man hours as well."

The names of stations cooperating in this movement will be found in an ad on another page of this newspaper.

Delays by State Hamstringing Pointe's Defense Efforts

An illustration of some of the disheartening problems with which local civilian defense heads are faced is illustrated in the following letter:

March 6, 1942
Michigan Council of Defense,
Capitol Loan & Savings Bldg.,
Lansing, Mich.
Gentlemen:

As of Feb. 19th, we wrote your office in accordance with your Defense Bulletin, Vol. 1, No. 9, regarding enrollment signs, folders and banners and identification cards, requesting these materials for this office. We asked, also for an enrollment kit and instructional folders based on things to do right now for defense.

The Defense Bulletin of March 2 calls attention to the fact that these materials are ready for distribution separating the bulletin of Feb. 19th and stating that our orders should be placed early.

Since we have had no reply to our letter of Feb. 19th, nor have we received the materials, we are writing early, etc., we made no get these supplies to us.

Awaiting as each reply we are very sincere, yours,
GEORGE F. WORTHY,
Co-Ordinator

Rockwood Offered Job As Manager by Hazel Park

Byron J. Rockwood, present village manager for Grosse Pointe Park, has been offered the appointment of city manager for Hazel Park, it was announced late yesterday. Hazel Park voted to incorporate as a city late last year. It was formerly a section of Royal Oak township.

Fail on Icy Pavement Causes Broken Ankle

Mrs. Lyman Abbott, 735 Barrington avenue, suffered a fractured ankle Friday evening when she slipped and fell on the icy pavement in front of a neighboring home. Mrs. Abbott was walking with her husband when the accident occurred. She was treated for her injury at Cottage Hospital where she was taken by Detectives Louwers and Butts, of the Grosse Pointe Park police.

REMEMBER?

25 Years Ago This Week
The Kercheval Avenue Improvement Association was making plans for its annual Summer picnic. The body of an unidentified woman was taken from a few inches of water in Lake St. Clair about five miles south of Mt. Clemens.

10 Years Ago This Week
Grosse Pointe Park police was searching for two high school girls who left home after writing a note saying that they were going on a trip and their parents were not to worry about them. . . . Mrs. Carl Douglas Macpherson was elected president of the Deifer PTA.

Five Years Ago This Week
The question of placing firemen on civil service was passed by a vote of 606 to 84 when Grosse Pointe Park voters went to the polls. . . . William S. Biggerstaff, of Detroit, was placed on three years' probation on his plea to negligent homicide in the traffic death of Mrs. Alice B. Hillger, member of a prominent Grosse Pointe family. Mrs. Hillger who was 45 years old, was the president of the Hillger Land Company, founded by her late husband.

One Year Ago This Week
By a more than two-to-one margin, the Citizens' Association "city plan," designed to change Grosse Pointe Park's form of government, was soundly defeated at the annual village election. . . . Two snarling dogs and a well-aimed hammer tossed by a courageous 60-year-old Grosse Pointe gasoline station owner spoiled an attempted holdup and left two teen-age Detroit hoodlums into the hands of local police. . . .

SOCIETY NOTES

By GLORIA REWOLDT

The engagement of Marian Alice Baxter, of Lincoln road, to Ensign Bert D. Reedy, United States naval reserve, son of Mr. and Mrs. Alfred J. Reedy, of Battle Creek was announced at a tea given in the Baxter home Saturday.

Mrs. Holly W. Stevenson, of Bloomfield, Conn., spent a few days visiting her grandmother, Mrs. William H. Wells, of Maunee boulevard.

Mr. and Mrs. Willard S. Worcester, of Sunningdale drive, have had as their guests the Rt. Rev. George West, bishop of Rangoon, and the Rt. Rev. Logan Roots, of China, who have left for Richmond, Va.

Mr. and Mrs. Arthur J. Peacock, of Cadieux road, have returned from Fort Lauderdale, Fla., where they were the guests of Mr. and Mrs. Alwyn F. Raymond in their Winter home.

Mr. and Mrs. A. B. Chapman, Mr. and Mrs. L. D. Speed, and Mrs. F. H. Longyear were honored at a dinner at the Detroit Yacht club recently. Mr. and Mrs. John Macrae, of Balfour road, were the hosts. Mr. and Mrs. Chapman left the following day for a three weeks' vacation in Palm Beach, Mrs. Macrae and her daughter, Eileen, have left to spend the month at Miami Beach.

Mrs. Theodore G. Fletcher was hostess at a luncheon and bridge party in her home at Rivard boulevard, Saturday.

Mrs. Willis Fanning, who was the guest of Mr. and Mrs. F. Rankin Weisgerber, of Lincoln road, and Mr. and Mrs. Reginald MacArthur, of Lake Shore road, has returned to her home in Riverside, Conn.

Mrs. O. O. Snedeker, of Neff road, is making a six weeks' visit with her brother-in-law and sister, Dr. and Mrs. John D. Bocher, of Kirkville, Mo.

Mr. and Mrs. Ledyard Mitchell have returned to their home on Ridge road after spending two weeks in Safford, Ala.

Mrs. Hubbard Williams entertained at a cocktail party and housewarming Saturday at her new home on Lake Shore road.

Hugh Mulkey, who attends the Deerfield academy, Deerfield, Mass., will return on Sunday to spend three weeks with his parents, Mr. and Mrs. Claude E. Mulkey, of Touraine road.

Mr. and Mrs. C. L. Stebbins and their children, Robert and Elaine, of Moran road, will leave next week for a month's vacation in Fort Lauderdale, Fla.

Miss Ann Donald, daughter of Dr. and Mrs. Douglas Donald, of St. Paul avenue, will return from Vassar the 21st to spend her Spring vacation.

Dr. and Mrs. Frederick C. Kidner, of Provencal road, returned this weekend after spending two weeks at Sea Island, Ga.

Mrs. Francis C. McMath, of Kenwood road, entertained at a luncheon in her home on Friday honoring her sister, Mrs. Thomas P. Howell, of Cleveland, O.

Mr. and Mrs. Edmund W. Ross, who went west in January, have returned to their home on Touraine road from a stay in San Diego, Cal., and Mexico City, Mex.

Shirley and Joan Anderson were joint hostesses at a luncheon and bridge party over the weekend. Guests included Pat Chadwick, Doris Zens, Marilyn Smith, Janet Uhl, Jo Anne Mason, Madelon Jones, Mildred Maliszewski, June Retzlaff, Ann Johnston, Andrea Quirk, Mary Jane McConachie, and Mary Jane Barrows.

Pointe Co-Ed Heads Marygrove Paper

Yvonne Ankley, senior journalism student at Marygrove college, whose home is at 646 Lakepointe, is new editor-in-chief of The Watch Tower, student weekly at the college. Miss Ankley is a member of the romance language and ad-press clubs at Marygrove. Her assistant editor will be Rita Marie Walby, junior, whose home is in St. Clair Shores.

Student Journalist Wins National Prize For Clever Headlines

One of the 10 best entries in a "headline writing" contest recently conducted by Quill and Scroll, international honorary society for high school journalists, was submitted by Jane Humphreys, January '42.

Jane, who was a page editor on The Tower last semester, will be presented with the society's creative writing key in recognition of her achievement.

"It is evidence of high talent and careful training in the fundamentals of the craft for a student to win a major contest award, since more than 2,500 high schools in the United States and abroad hold chapters in Quill and Scroll," stated Edward Nell, national secretary of the society.

Medal winners in the contest are eligible to compete for Quill and Scroll's \$500 tuition scholarship at class A school of journalism.

Lucile Barnes, June '41, is the only other medal winner Grosse Pointe high school has had. Lucile won hers for writing one of the 10 best editorials in the country for a Quill and Scroll editorial writing contest. Conrad Williams, 12A, former managing editor of The Tower and present managing editor of View Pointe, placed as third sectional winner of the East Central States in the news writing contest conducted at the same time as the headline writing contest.

Motorists Warned to Avoid Unsurfaced Roads in Their Travels

Motorists should avoid the unsurfaced local county-township roads as much as possible because of the early Spring breakup occasioned by frost leaving the ground, Charles L. Wilson, chairman of the Wayne county road commission, urged today.

"The county is covered with a network of some 500 miles of paved roads which should enable motorists and truckers in most cases to reach their destinations with a minimum of travel over unsurfaced roads," Wilson said.

"Wayne county, as is much of Michigan, is largely covered with 'frost-heaving' soil. During Spring thaws the frozen crust breaks thru and the saturated roadways become very soft. Excessive traffic then cuts into the soft surfaces and soon travel becomes difficult or impossible."

"If motorists will co-operate, damage will be held down and the roads can be placed in first class condition much sooner."

"In the effort to keep the unsurfaced roads open, the road commission has kept repair crews busy day and night since the arrival of the break-up last Saturday," Wilson said.

"O Ye Rich Ones on Earth! The poor in your midst are my trusty guard ye my trust, and be not content only on your own ease." — Basil

"The poor in your midst are my trusty guard ye my trust, and be not content only on your own ease." — Basil

47,752 Tags Issued In Pointe Last Year

Since Harry F. Kelly became secretary of state in 1939, the Grosse Pointe Park branch office of the department of state has handled business totaling \$2,072,702.85, according to a report just released by Manager John Cudia.

During 1941 a total of 47,752 license plates were issued by the office, representing the bulk of fees received. Other revenues were realized from sales tax, duplicate plates, plate transfers, new titles, title transfers and duplicate titles.

Manager Cudia was highly praised by Mr. Kelly in a statement accompanying the report.

"He has conducted the office efficiently and has given excellent service to the motoring public," Mr. Kelly said.

For the whole state, department collections in 1941 totaled approximately \$75,000,000, \$6,000,000 more than in 1940, and were realized from the following major collections:

Gasoline tax, \$35,993,822.75, an increase of \$1,865,140.73 over 1940.

Motor vehicle license fees, \$24,036,573.99, an increase of \$2,612,681.40.

Sales tax on automobiles, \$11,171,454.24, an increase of \$2,731,443.50.

Titles, \$1,092,205.73, an increase of \$171,768.46.

Operators' and chauffeurs' licenses, \$1,451,759.90, an increase of \$282,452.90.

In releasing the annual report, Secretary Kelly declared: "The department of state is geared to synchronize with the government's need for saving of every ounce of material necessary for national defense in the months to come. We have provided ourselves with a license plate which will render service 1942 and 1943, and will save large quantities of steel for defense needs. Many states have followed our lead in this respect."

"The popular uniform type plate of two letters and four numerals and issued in sequence of the first come, first served basis, will, of course, be continued."

SCHOOL CROWD

(Continued from Page One.)

Pointe during 1941 than for any previous year on record. His records show that 831 permits for dwelling units were issued.

Prior to 1941, the two years showing the greatest growth in new homes were 1940 and 1939 when 755 and 718 permits were issued respectively. For the three year period of 1939, 1940 and 1941 a total of 2,304 permits for dwellings were issued.

More than half of all the permits issued in 1941 were in the village of Grosse Pointe Woods, and 667 of the 831 permits were in the eastern end of the district.

This trend showing a majority of the growth taking place in the eastern end of the district and particularly in the village of Grosse Pointe Woods has been true for the past four years.

Since each Grosse Pointe family averages 3.67 persons, homes for better than 8,000 additional people will have been built, counting those now under construction and for which permits were issued through December 1941, during the past three years.

The school census data shows that the public schools gain one new child for every two homes built and occupied in the district. Thus, from the 831 permits issued during 1941, the public schools may expect an increased enrollment of more than 400 pupils. Actually the month of January 1942 showed an increase of 358 pupils in the public schools over the same period in 1941.

The school authorities have found that building permit data which are compiled and analyzed monthly have been one of the best means for estimating the growth in school enrollment. Experience has shown that a lag of from six months to a year occurs between the issuance of permits and the time when the full effect of increased enrollment is felt.

While it seems evident that home construction will be greatly curtailed during the next year or more, the Grosse Pointe schools are still faced with continued growth. This is so, Mr. Bartlett pointed out, because of the lapse in time between the issuance of permits and the occupancy of homes, and the subsequent enrollment of children in school.

Another factor which may occasion considerable growth in school enrollment is the occupancy of single dwelling units by more than one family. Already, due to the shortage of homes created by the war industries in this area, a trend towards this condition has been noted.

SEWAGE UNIT

(Continued from Page One.)

With the Wayne County Road Commission.

The Road Commission was approached for similar assistance in the past and after a full consideration of the plan is complete, finances are arranged for and

the contract for the work is to be let in the very near future probably with 30 days and should be complete before the summer is over.

The project consists briefly as follows:

The installation of a 72-inch diameter concrete barrel parallel and adjacent to Milk River from the Macomb County line to the Grosse Pointe Farm pumping station at Kerby Road.

This barrel will be installed by the tunneling method and will be 40 feet deep. This barrel will permit all of our so-called dry weather flow sewage to drop into it by gravity and will have regulators installed at all connections to that when storms or heavy rain falls occur this rain and drainage water which will have little or no sewage in it or will still flow directly into Milk River or be pumped into it as is being done at present.

This project will also include the installation of an arm adjacent to Cook Road from Milk River to our pumping station on Mack avenue at Allard avenue.

The 72 inch barrel adjacent to Milk River is large enough to also provide outlets for the Village of Grosse Pointe Shores, Gratiot Township and a portion of Macomb County.

The cost of this project including the large 72-inch interceptor barrel, the arm for the Cook Road pumping station and all the necessary connections for our sewers is estimated at approximately \$450,000.00.

This is to be financed as follows: A grant of \$280,000 from the Federal government, \$100,000.00 which was noted for this project by the Wayne County Board of Supervisors, a contribution of \$25,000.00 by the Village of Grosse Pointe Woods and similar contributions by the Village of Grosse Pointe Shores and Gratiot Township.

The \$25,000.00 to be contributed by this Village is only about one-third the amount that was intended to be spent for the original plan of a trunk line on Mack avenue. According to the contract the Village Commission made with the Road Commission last Tuesday March 3, 1942 this \$25,000.00 amount is to be paid as follows: \$5,000.00 immediately, \$5,000.00 by September 10, 1942 and the balance by September 10, 1944. The first two payments we already have on deposit and the balance will be included in the budget this year and in 1943 and 1944 the same as has been the practice for the past two years. This will in no manner affect or increase our tax rate.

However there will be an additional cost for pumping and treatment that will have to be borne by the residents of Grosse Pointe Woods.

Under our contract with the Road Commission we are going to pay \$43.00 per million gallons of dry weather flow sewage for pumping and treatment. This charge will be computed on the basis of the amount of water used by the consumers in this Village. This charge reduced down to a cubic foot basis will amount to about 35 cents per 1000 cubic foot or will cost the average householder about 70 cents per quarter or \$2.80 per year.

The Village Commission is at present trying to decide whether to add this amount to the consumers water bills or to set up an item in the annual budget to pay this charge. In the latter case it would mean adding about \$5,500.00 to our annual budget.

This new project will do the following for the Village of Grosse Pointe Woods:

1. It will provide an adequate disposal system for the raw sewage or so-called dry weather flow and will redeem our pledge to the Michigan Department of Health to complete this work by April, 1943.

2. It will release the commitments for F. H. A. loans for building in certain portions of the Village now being withheld until this project is underway.

3. It will eliminate the necessity of installing septic tanks for any buildings to be built after the completion of this project. It will not require any change in any sewer connections or septic tanks at any existing buildings.

4. It will eliminate the pumping at our own pumping stations of all of the raw sewage thereby also eliminating the need of increasing our pumping facilities in the near future which would have been the case had this project not developed.

5. While this project does not provide for the filling in or covering over of Milk River it will eliminate the raw sewage that has heretofore been pumped into it.

After completion only storm or rain water will be discharged into the stream.

To answer the question as to why this Milk River is not being covered over or filled in it may be stated that this stream is the natural drainage outlet for all the storm water of his entire area and that it would cost approximately \$1,500,000.00 to install a large enough barrel to handle all the water carried by this stream.

None of this amount could be obtained from Federal funds and would have to be financed entirely

by the Village of Grosse Pointe Woods.

If bonds were sold for such an amount it would increase our bonded indebtedness to a point where it would be four times as great as it is now.

ELECTRICITY

is cheaper today!

Th: average price per kilowatt hour paid by our residence customers for electricity today is 3.28 cents. Twenty years ago, the figure was 6.13 cents. Electricity is 46 per cent cheaper today.

Your electric service is so commonplace a thing — such an accepted part of our daily life — that most of us take it for granted. When you push a button on your wall to turn on your lights, when you flip a switch to operate your washer or iron or vacuum cleaner or any of the dozen-and-one other electric helpers in your home, you expect service instantly... and you get it. Yet few people think of what lies back of the switch to make this service possible — the far-flung organization, the tremendous investment in power plants and lines and substations, the thousands of employees whose combined endeavor is directed toward bringing you a service so dependable that you need never give it a thought. Here truly is the magic of electricity at your fingertips!

What makes electricity cheaper? Keeping everlastingly at it—thinking up new ways of doing things better and at lower cost—then passing the savings on to our customers. The thousands of improvements, big and little, which have been made year by year have permitted us to reduce our rates voluntarily... not once or twice but many times—whenever savings justified it. That is the way of progress. The Detroit Edison Company.

A Boy, A Ball, and An Indulgence

Something had happened. Junior's five-year-old appetite was not clicking and he avoided my eye during the entire meal. After supper mother winked and disappeared and soon there was a tugging at my trousers.

"Daddy! I broke the kitchen window!"

"Well, sonny, it was an accident, wasn't it?"

"But you said I mustn't play with your golf balls and I did and I'm awful sorry and I'll never do it again and I cleaned up the glass and stuffed paper in the hole — and I want you to forgive me and love me again!"

"Listen, old man," I said, taking the trembling little figure into my arms. "You're sorry because you disobeyed me, because you fear the loss of my love, and I rather guess because you know that punishment is coming to you. But anyhow that's a real good confession and I surely do forgive you and love you again. Now as to that punishment for wilful disobedience — well, when we start off on that motor-picnic tomorrow, sonny will have to stay home. Unless — unless mother suggests a way out. Skidaddle now and ask her."

In a few minutes from above stairs came an excited shout: "Daddy, daddy, come quick!"

"Well?" I exclaimed, breathless, from the doorway. "Who has shined my shoes, rearranged my neckties and polished the handles of my highboy?"

"Mumsey and I did! And look, on the bureau! Read what it says!"

I read aloud his scrawled note: "Daddy, I love you!"

"I do, too!" came a proud, little voice. "And mumsey said if we did these things, you'd take away that other punishment and I could go on the picnic after all."

"Righto — I did give mother that authority and that means — well, how about hunting up our swimming suits?"

"Oh, gee, daddy!"

Stevadora Clicks With Comedy Show

The Club Stevadora again clicks with another hilarious extravaganza featuring those two screwballs of mirth, Good and Goody, in two more of their hilarious blackout skits entitled "Little Nell" and "In the Alley."

A great majority of the cast participates in this show. Included in the cast are the DeRoy Glamour Girls, and Jack Terry in an unusually fine dancing repertoire; Ray Vincent, who sings baritone; Ethel Sheppard, whose grand singing of songs adds to her popularity, and Corley Clark, who presents a distinctively original fire-eating novelty act. Eddy Sheppard doubles as club owner and master of ceremonies and does a fine job of both.

Indulgences are permits for sin — that they may be purchased with money — are accusations so absurd, that to treat of them further would be, we think, an insult to your intelligence. For information on anything Catholic, write to:

Catholic Information Society of St. Paul's Church, Mary Leasure, 328 Rivard, Grosse Pointe, Mich.

Recommend Travel For Civilian Morale

Secretary of the Interior Harold I. Ickes today recommended that civilian travel for purpose of relaxation should be continued as far as consistent with troop and material movements, as an aid in the promotion of national health and morale.

Pointing out that national park areas would be continued in operation as recreational spots for visitors, the secretary said that reports submitted by W. Bruce Macanabee, chief of the United States Travel Bureau of the National Park Service, emphasized that early in the war that too long hours at high pressure work resulted in decreased production.

England and the Dominion of Canada have recognized the necessity of civilian relaxation, the report emphasizes in a review of the travel situation in those countries.

"Two years of war have brought bombs, death and destruction, but have not done away with that cherished institution, the British weekend," Macanabee said. "Despite the stress of conditions, people take their Friday-to-Monday holiday, arguing that long hours of work in the city entitles them to relief."

Canada has found, he continued, that paid vacations are in complete accord with the war effort she has sustained for nearly two and a half years.

Moreover, records kept by the United States Travel Bureau of the situation within Germany show the importance placed upon the recreational program of the Reich. These reports show that Germany has consistently encouraged recreational travel even to the extent of opening new tourist areas during the summer and fall of 1941. Paid vacations for from three weeks to a month are encouraged by the Berlin government the reports state.

Girl Scouts Celebrate 30th Anniversary

Approximately 7,000 members of the Detroit area Girl Scouts, including about 1,900 volunteer adult leaders, are joining with the national organization this week in celebrating the thirtieth anniversary of its founding in the United States by Juliette Gordon Lowe on March 12, 1912.

Girl Scouts in Grosse Pointe Woods will climax their week's activities Sunday when they attend a special service en masse at the Grosse Pointe Woods Presbyterian church. Three troops and three packs, together with their respective leaders, will attend the morning service at which the Rev. O. W. Burdette Olson, pastor, will deliver a special sermon in their honor. The service will open with a flag ceremony followed by a Scout message, delivered by Jean Dunlop, of troop 209.

War time activities of the Girl Scouts includes the preparation of the Summer camp, 50 miles from Detroit, as an evacuation center for children should this area be bombed, according to Catherine V. Richards, executive secretary. This camp will accommodate 200 youngsters.

Other defense activities of the Girl Scouts include caring for children on Tot Lots and in church nurseries, serving as clerks and messengers for the Red Cross and collecting of fat drippings for use in making explosives. They are also taking intensive training in child care, transportation and communication, nutrition, and shelter, clothing and recreation work for an emergency.

Troop 74 of the Boy Scouts has a membership of 23 at the present time. Ten of these boys are First Class Scouts, 12 are Tenderloft and one is a Star Scout.

The Scout activities are concentrated upon their part in the civilian defense program. These activities consist of the development and perfection of first aid, signaling and mobilization plans. The whole class is being given the advance instruction along the civilian defense work and the members of the troop are temporarily not permitted to complete the requirements for Second or First Class ranks. The general scouting program is to be resumed after the troop has been brought up to full efficiency on those things which are pertinent to a critical situation. Charles Lord is scoutmaster and Edwin Wendt is the assistant.

WEEKLY HAPPENINGS IN GRATIOT TOWNSHIP

St. Jude Bowling N-E-W-S

The Mistele Coal team fumbled their chances to gain on Pryor Bros. when the last place Dawn Patrol team took four points from them. Clark was high for Dawn Patrol when he collected 524 in his three games getting a 234 in his last game. In the meantime the Houtekier boys took three points from Pryors rolling one game of 888 making them third high in single games for the season. Chatham Village took four points from Weitenberners, Forster pacing them with 532 for three games. Other high games were a 223 by Stempnik and a 207 by Brunel. Standings follow:

SCHOOL BOARD MEETS

The Gratiot township school board will hold its monthly meeting Monday, March 16, at 8 p. m. in the Eastwood school. Lloyd Lyle, secretary, reports that the winners of the essay contest have not been decided.

PLAN SOFTBALL LEAGUE

A softball league with both senior and junior divisions is being organized for Gratiot township under the sponsorship of the East Park Manor Civic League. The league is planning the games in response to President Roosevelt's request for the fostering of amusements to bolster civilian morale. Further information may be secured by calling Michael Skurda, Jr.

BOMB PROTECTION

The East Park Manor Civic League is planning the establishment of an emergency incendiary bomb and fire department. Beginning with one section in East Park Manor, the league intends to buy fire extinguishers for emergency use in case of incendiary bombs.

Denby Invites East Siders to Festive St. Patrick's Party

In a spirit of neighborliness during times of national stress, Denby high school is inviting the public to its gala St. Patrick's Day party to be held Tuesday afternoon, March 17th.

The program will start at 1:30 p. m. with a quiz show in the school auditorium. There will be four quiz shows with announcers from Detroit radio stations serving as masters of ceremonies. Questions will be supplied by students and participants will be given the opportunity to win up to 80 cents.

Other features have been planned for the gymnasium. During the first period modern dancing will be enjoyed under the direction of Art Corte, a night school teacher at Grosse Pointe high school. This will be followed by a period of folk dancing taught by Elaine Arndt, following which a dancing exhibition will be staged by pupils of the Arndt studios. Two basketball games between the men faculty and the senior men and between the women faculty and the senior women will close the program in the gym. Swimming will also be available in the school pool.

Alger Post, VFW N-E-W-S

Last week's issue of The Review contained the eulogy of Barney Besso who was well known in the affairs of the Pointe and those of Alger Post of the VFW. And, almost as you were reading your copy, the flag at Alger Post headquarters was again flying at the half-mast position. This time it was in tribute to Thomas Maxwell Parker, of 521 Lakeland, who died suddenly, March 7th and who was also a well known and highly respected member of the Post and a citizen of the Pointe for years. Tommy, as we knew him, was endowed with all the things a man looks forward to in the realm of finance and social position. Still Tommy was the kind of a man all of his friends will mourn. He seemed to find a great and lasting pleasure in his associations with common men. "That little, gentlemanly fellow we are going to miss so much," And now, to turn to more pleasant things. The editor of The Review is cooperating with the membership of Alger Post in an effort to more fully explain the activity and purposes of the Veterans of Foreign Wars to you readers who have sons in the service. It is thought that such a campaign, at this time, may prove valuable to you who wonder where your sons may be and what they are going through. No one could answer your questions with more assuring accuracy than these men who have carried the American flag into battle in almost every corner of the earth. We want to show you how the VFW is ready to assist you in any way it can. There will be more about this later on. Next week we hope to explain the revival of the service flags that were displayed in the windows of homes during World War I, and tell you how to get yours through the VFW at no expense to you.

In the meantime, we have been asked to announce the card party of the ladies' auxiliary to be held at Alger Post club rooms Thursday (tonight) evening, March 12. The public is invited. There will be a small admission charge. Alger Post is located at 17143 St. Paul, Grosse Pointe. Noisy Way.

Oberlin Soph Stars On Cage Squad

Bob Back, star of 1940 Gratiot road, is the Pointe's sophomore at Oberlin. Back has been awarded the basketball scholarship for the year. He is a native of Grosse Pointe. Back played on the basketball team.

Worrell to Play For School Dance

The second student association dance of the semester will be held Saturday night in the girls' gym with Lee Worrell and his orchestra supplying the syncopated rhythms.

The committee in charge of arrangements for the dance is composed of Sid Effronson, 12B, chairman; George Brooks, 12A; Martha McCray, 12B; Bonnie Essert, 11A; and Ann Levering, 12B.

**Township Supervisor
Township Clerk
Township Treasurer
Four (4) Constables
Justice of the Peace
Commissioner of Highways
Member of Board of Review**

CARL SCHWEIKART

Township Clerk, Grosse Pointe Township,
Wayne County, Michigan.

TO MARRY OR NOT A PUZZLING PROBLEM IN TIMES OF WAR

MT. PLEASANT — With the hygiene, marriage and family life problem of marriage — whether to marry or not to, and when — assuming increasing importance in these hectic war days, Central Michigan college students are looking forward to the campus visit of Dr. Paul Popenoe, famed author and lecturer in marriage and marriage problems.

Doctor Popenoe's visit will be the week of March 23 to 29, and will constitute a campus-wide conference on "The Problems of Youth in a Nation at War." Doctor Popenoe will meet with student and faculty groups, ranging from the entire college personnel to individual fraternities and sororities.

Lecturer in Biology
The conference is one of those scheduled at least twice a year by the Central Michigan college administration, for the purpose of broadening students' acquaintance with the complex matters of the modern world, by bringing in competent authorities in many specialized fields. The visitor has an impressive background in the fields of mental

Advocate Education for Marriage
During recent years, Doctor Popenoe has devoted much of his time to the promotion of education for marriage and family life in the schools and colleges of America. This involves many lecture tours, participation in institutes and conferences — similar to the one scheduled for Central Michigan college — contribution of articles to popular magazines and programs to the radio, as well as continuing research.
Doctor Popenoe is a well known contributor to professional journals in social biology. In addition to these, he is the author of numerous books on the subject of marriage and the family.

Letters to the Editor

Barksdale Field, La.

Dear Sir:

I received your copy of The Grosse Pointe Review and I just can't express in words how much I appreciated reading of the news and activities back home. I am sure that if every Grosse Pointe boy that is now in the service of the United States received a copy, he would appreciate it as much as I do. I have been in the army 11 months today and I would have had only a month to go if this war hadn't started. I realize how hard it is for all of us boys all over the United States to be kept away from home so long and missing all those we love and all the good things of life. I have lived in Grosse Pointe ever since I was three years of age and I just can't express how much I miss it and all my old friends. I am stationed here at Barksdale Field, La., and to me it is heaven compared to some other camps. We have all the sports and activities that one could expect. Barksdale Field is the world's largest air base. On it we have an 18 hole golf course, swimming pool, two basketball courts, six bowling alleys, one large boxing ring, eight tennis courts, handball courts, two badminton courts and a large post theater. Besides all these things we have one big dance a month in Hanger 9 and they bring in 300 to 500 girls from Shreveport to dance and entertain the men.

I don't think any soldier could ask for anything more. As much as I would like to be back home with all my friends and my car, I find myself in the same boat with all the rest of the boys and I know we are all willing to stick together until the Japs, Germans and Italian armies are vanquished and the world is again living in peace. So I say to all the men in the armed services of the United States to stick together and do your duty whatever it may be. Some day I hope we will all be able to return home and start life anew.

Very truly yours,
PVT. GEORGE LEWENDON,
QMC Det. WDOH,
Barksdale Field, Shreveport, La.
P.S.—Thanks again for sending the paper.

Grosse Pointe Review,
15121 Kercheval Avenue,
Grosse Pointe Park, Mich.
Dear Sir:

I have as little respect for those using the defense movement to advance their selfish interests, as I have for the man who will advertise his business through subscriptions to the church, or the use of the American flag, which incidentally is illegal.

However, in view of existing conditions in the coal industry today, coal retailers have been requested by the administration to present to their customers certain facts pertaining to the fuel situation, which should command their attention; both for their own advantage and as a distant assistance to the defense program.

Strangely enough, while the administration discourages hoarding as a general rule, they take exactly the opposite position in regard to the early and continuous storage of fuel — not strange however, when the facts are known.

Both the consumers counsel office under Dr. Luther Harr and the department of the interior under Harold I. Ickes are as "two to a" with but a single thought in the matter of advising consumers to stock coal and keep stocked — In view of the huge war program now gathering momentum, "consumers must realize" said Harr that the bituminous coal industry and the railroads of the nation will face a tremendous task in the days to come. Wherever the needs of the war effort clash with the needs of the individual consumer, the latter will have to give way — Every ton of coal consumed

has in stock today or can put in stock while the mines and railroads are in a position to supply their full needs, is insurance against any shortage which might develop as a result of the war effort.

Secretary Ickes advises consumers to build up their stock piles by utilizing surplus production and transportation facilities now available, and to keep stocks at peak in order to lighten the fuel burden after the full force of the armament program breaks. He warns that this surplus capacity can be expected to remain available only for a short time longer — "Coal in your bin now during times like these," said Secretary Ickes, "is the best possible protection against shortages and will help the war program and not be detrimental hoarding."

From now until April 1, when navigation opens on the Great Lakes, mines and transportation facilities will have a surplus capacity which can be utilized by the public in filling their storage bins to safeguard them against trouble later. But after April 1, mines and transportation lines will begin their annual drive to stock Great Lakes docks which supply the northwest and part of Canada the year 'round. That, together with the development of the war program will tighten the coal situation very considerably.

In my many talks to consumers relative to the fuel situation, very few realize the many things that might happen at any time to make their fuel supply hazardous; and still continue to let their own bins run down to the last shovel, feeling the good old retailer will take care of him as he has always done — their apathy in many cases is really amazing — In the zero spell the first part of January, many dealers were two days behind in deliveries; although in the warm weather preceding the zero spell, the same customers who were in urgent need of coal had said they had plenty of fuel on hand — had they anticipated their needs they would doubtless have received better prepared coal and also allowed their retailer to keep his organization geared up to give prompt service during the zero spell to those customers who had no funds to buy earlier.

Recently one of the largest shippers of Pocahontas coal advised us all that their ships on the Atlantic had been embargoed on account of the submarine situation — This meant slack could not be moved from tidewater up to New York and New England industry, thereby causing stoppage at the mines which must move slack to obtain the prepared sizes used by householders — just one illustration of what might happen.

Sincerely yours,
H. D. BAKER
Baker-Whildin Coal Co.

Brownwood, Tex.

To the Editor:
A few lines as a token of my appreciation for your splendid service of forwarding me The Grosse Pointe Review. I receive The Grosse Pointe Review promptly, regularly, and find it still very efficient as it always has been in the past. Receiving The Review weekly helps a great deal to make me feel nearer home. In rendering this service I feel that not only are you contributing to help the morale of the boys but a splendid service for our country. Thank you and your staff for this welcome and helpful news from home.
Very respectfully yours,
PAUL CHARLES M. VAN TIEM

Starlit Hour Dance

Local Girl Heads College Round Table

ALTON, ILL. — Barbara Fitch, daughter of Mr. and Mrs. Ferris H. Fitch of 205 Merriweather, was chosen as student chairman for one of the round table discussions which are a part of the conference on Mobilization of College Women Power at Monticello college here in which 25 mid-western colleges participated. Speakers taking part in the conference to give some of the answers to "how" and "why" mobilization is necessary were Douglas Miller, author of "You Can't Do Business With Hitler," 1941 best seller; Herbert Agar, editor of the Louisville Courier-Journal and Pulitzer prize-winning historian; and Elmer Moody, Washington correspondent of The Detroit News, author of "Boom or Bust," a new book dealing with "After the War, What?"

German Measles

Heads Health List

The flurry of German measles, prevalent throughout Wayne county, was reflected in the health report for February, released by Dr. B. H. Warren, health commissioner for Grosse Pointe township.

During February there were 23 cases of German measles, 12 of scarlet fever, 12 of chicken pox, six of measles, one of mumps and one of pneumonia.

Of these the following were in the city of Grosse Pointe: Chicken pox, four; German measles, four; scarlet fever, two; and one case of measles and one of pneumonia.

"Many people are so afraid of die that they never begin to live," Henry Van Dyke.

Neighborhood Club News

Junior Victory Gardens

Any boys or girls over eight years of age who wish to have a garden are requested to put in their application. These application blanks may be obtained at the desk in the lobby of the Neighborhood club. Don't delay.

Jim Jive

A benefit dance for the girls basketball team is being held Friday, March 13, at the Neighborhood club. Don't delay.

"This Amazing America" is to be the topic of the regular monthly meeting of the Detroit Colony National Society of New England Women March 25 at the Women's City club luncheon will be served at 12:30 after which a brief business meeting will be held at 1:30. Display of souvenirs of America will be in charge of the arts and crafts committee.

Blue and Gold Cagers Open State Meet

The Blue and Gold of Grosse Pointe will meet Pontiac at Ferndale Wednesday night to participate in the annual state regional basketball tournament.

Seven teams will be represented in this section: Grosse Pointe, Ferndale, Mt. Clemens, Royal Oak, Port Huron, Hazel Park and Pontiac. The elimination will start Wednesday night and terminate with the finals on Saturday night, the winner of which will compete with other Michigan sectional winners in the state finals held in East Lansing the following week.

Friday night the varsity went down before a hard fighting Royal Oak five 32-24. The game was the last Border Cities League contest of the season, a tough one for any team to lose.

The reserves lost their match to Royal Oak 30-20.

Out to avenge a previous 27-23 defeat, Royal Oak lost no time in carrying the battle to the Pointers.

Each shot was followed up by a barrage of "Oak" players with the result that they controlled both back boards during the first quarter.

After the first few minutes, Coach Geary injected much needed life into his team by substituting Ross Heron and Joe Beyer at the guard slots.

The change proved worthy as the local lads began to steady down to more accurate and precise passing.

Heron sank a couple of long shots while Beyer consistently broke thru the Oak defense to put the locals back in the game. Although the contest continued to be wild and rugged, the locals, through fast breaking and better control of the boards, managed to pull a 12-8 lead out of the fire during the first half.

The third quarter was one Grosse Pointe could have very well have done without. The opposition suddenly sprang into action and proceeded to blitzkrieg the Blue and Gold from all angles and before the Devils realized what had happened

Plan Musicale Friday Evening

The Women's Association of the Grosse Pointe Congregational church is sponsoring a musical Friday evening, March 20, at 8 o'clock, at the home of Mr. and Mrs. Marshall T. Gorton, 662 Sunningdale road, Grosse Pointe Woods. Proceeds will be used for the Ruth Ives memorial fund.

Mrs. Marcus Kalfreisch, general chairman is being assisted by Mesdames George Williams, William M. Adams, Harry E. Barnard and James C. Bolles.

Mrs. Elvin Hoffman of Balfour road will give a group of songs. Mrs. Hoffman studied voice at Oberlin Conservatory of Music, was on the musical staffs of a number of radio stations, sung in Oberlin a cappella choir and a madrigal group under the direction of Olaf Christiansen, son of F. Melina Christiansen. Mrs. Hoffman is the present soloist of the Grosse Pointe Congregational church.

Mrs. Ralph Dixon, pianist, a graduate of Oberlin Conservatory of Music, private pupil of Austin Conradi at the Peabody Conservatory of Music, Baltimore, Md.; artist pupil of Ernest Hutcheson at the Juilliard graduate school of music and active in the Women's Association will give the following selections:

Beethoven, "Moonlight" Sonata Op. 27 No. 2; Brahms—Ballade Op. 118 No. 3; 10 No. 1; Chopin, Ballade Op. 23, G Minor; Debussy, Poisson D'or, Minstrels, Voiles, La Puerto del Vino and Prelude in A Minor.

Patrons and patronesses are Mr. and Mrs. Thatcher W. Ray, Dr. and Mrs. Henry Brown, Dr. and Mrs. Warren B. Cooksey, Mr. and Mrs. Sam Dean, Mr. and Mrs. Earl Hoffman, Mr. and Mrs. William Cowling and Miss Lurella Krentler.

Dinner parties are planned to precede the musical by Dr. and Mrs. R. E. Anslow, Mr. and Mrs. Frederick T. Farr, Mrs. William Evans, Mr. and Mrs. John Boydell, Mr. and Mrs. George Williams, Mr. and Mrs. Noble Wetherbee, Mr. and Mrs. Marcus Kalfreisch, Mr. and Mrs. Atlee McFellin, and Mr. and Mrs. James C. Bolles.

The Patriotic Plan—Buy What Bonds You Can!

Burns Henry Post N.E.-W-S

Once again the Grim Reaper stopped at the Joseph Allor home on Kerby road, this time to take Comrade Harry Allor's father, Joseph E. 81 years. On Dec. 8, the mother, Mr. Josephine Allor died from injuries sustained in a fall at her home. On March 7 the father was taken from his family from what your scribe would call a broken heart. After spending 56 happy years together, we feel our friend of years standing could not bear to be without his lifetime partner. We will continue to feel that these two souls are once again joined together in a land where trials and tribulations are unknown, and it makes us all very contented.

Things I never knew 'til now—with apologies to W. W.—That a pillow thrown South would hit a chap sitting on the North side of a room. Ask Hoyt.

That there could be so much difference between two bowling teams when they get away from home. The

Correction

Due to a typographical error in last week's issue of The Review, the name of Frank Foley was misspelled in the draft story.

Mr. Foley is one of the men slated to leave tomorrow for army service.

first team really walloped the second team at Grand Rapids and we are sure it would be impossible here in Wayne county. Bill Baumann has the answer.

That the Pantling would be happy to see five good (?) guests leave their hotel, Paging room 425.

That some people think this affair wasn't strictly stag. Ask Ted, Fred or Bill, they can vouch for the boys.

Seriously though, all present at Grand Rapids had a whale of a time and were treated like long lost sons by the hospitable folks of that fine city. We hope to see you soon.

A nice crowd was on hand for the last meeting, which was short and sweet, with a bang up social gathering afterwards. Why not make one of these meetings and meet some of the old timers and a flock of new members. Comrade Louis Loabenstein was introduced to the assembly last Friday and we were also honored by the presence of two adjutants from other posts, Comrade Butters from Turnverein Post was guest of Chaplain Bob Butts and Adjutant Westphal from Algonac Post was also present. May we see you boys often. Next meeting March 20, Grosse Pointe Park Pier, 9 p.m. Refreshments will be served and I'll be seeing you. — T.E.X.

FAITH LUTHERAN CHURCH

East Jefferson and Philip

The Rev. R. D. Linhart, pastor; the Rev. G. Heidmann, assistant. Divine service, 10:45. Church school, 9:15.

The third in the series of sermons on "Gospel Portraits of Jesus" will be delivered Sunday morning by Student Fred Holtfreter of our theological seminary in Columbus, O. Mr. Holtfreter will preach on the theme: "The Perfect Saviour" as He is revealed in the Gospel of St. Luke.

"Is Hell a Necessity?" is the sermon theme for next Wednesday evening's Lenten service at 8 o'clock. This will be the fifth in the series under the general theme: "The Cross Is God's Answer." Come and worship at the Cross.

The new class of instruction for adults is being held Monday evenings at 8 o'clock. This series of lectures on the fundamentals of the Christian faith is open to all.

Senior Luther League "hike" Sunday afternoon. Meet at the church at 1:30.

Tuesday, 6:30 p.m. St. Patrick's dinner and entertainment sponsored by the Men's association.

Wednesday, 7:30 p.m. Annual business meeting of the church.

Thursday, 7:30 p.m. Meeting of all trustees of Presbytery in Eastminster church.

JEFFERSON AVENUE METHODIST CHURCH

East Jefferson at Marlborough

Reginald R. Fennell, Minister

Sunday, March 15th

10:00 a.m. Worship service, sermon theme "Today's Strength for Tomorrow's Need." This service is followed at 11:15 by classes for intermediates, young people and adults. A well equipped nursery under competent leadership is open from 10 to 12 o'clock for the benefit of parents who wish to attend all or a part of this combined service.

10:00 a.m. Church school for beginners primaries and juniors, each in their own departmental rooms.

7:00 p.m. Youth fellowship.

If you do not attend any other church regularly you are cordially invited to worship with us.

Lenten Fellowship Supper

Wednesday evening at Jefferson Avenue Methodist church, East Jefferson Avenue at Marlborough.

There will be a Lenten Fellowship supper at 6:30 o'clock. If you cannot attend the supper come at 7:15 for the program. Dr. Eugene M. Moore, former pastor of the church will be guest speaker. There will be special music.

College Alumnae To Sponsor Benefit Showing of Macbeth

If Detroit alumnae of the seven eastern women's colleges are heard to mutter "Out, out damned spot!" these days, the sudden revival of classical interest is to be explained by enthusiasm over the success of ticket sales for the opening local performance of Maurice Evans' "Macbeth." With their alumnae of Barnard, Bryn Mawr, Radcliffe, Smith, Mt. Holyoke, Vassar and Wellesley sponsoring opening night, April 6, for the benefit of their respective scholarship funds.

Mrs. Stewart Munroe, of the Wellesley alumnae, is general chairman in charge of arrangements this year, and Mrs. Harry P. Jennings and Mrs. T. R. Smith, both of Mt. Holyoke, are taking care of tickets and publicity respectively. The pres-

idents of the seven clubs, the publicity chairmen, and members who have been appointed to serve as ticket chairmen or in special capacities are assisting as a committee at large. These include Mrs. Louis Heavnerich for Barnard; Mrs. Stevens Mason and Mrs. Charles Marks for Bryn Mawr; Miss Alice Crathern, Mrs. Stewart LaDow and Mrs. H. K. Chandler for Mt. Holyoke; Mrs. W. S. Gillis for Radcliffe; Mrs. Donald Stevenson, Mrs. Holmes Martin, Miss Margaret Swan and Mrs. Daniel Potter for Smith; Mrs. William Boales, Miss Mary Dykema and Mrs. Edgar Guest, Jr., for Vassar; and Mrs. Dorothy Angevine, Mrs. Ralph Fordon and Mrs. John R. Decker for Wellesley.

Pointe Frosh Wins Basketball Numerals

Robert P. Hurley, 18, of 321 Rivard boulevard, City of Grosse Pointe, was one of 13 University of Michigan freshmen to receive basketball numerals, according to an announcement by the Wolverine athletic department last week.

PARAGRAPHS

(Continued from Page One.)

These leaders are doing the utmost to establish all possible defense precautions as speedily as possible.

Advantages of present administration to keep a "closed mouth" on current affairs received an illustration Monday from Ed Dowd, Rotary district governor, at the meeting of the Grosse Pointe Rotary club. Dowd was speaking of the earlier life of Bill Knudsen, at the time Knudsen was working for Henry Ford. Ford was walking through the plant one day when he saw Knudsen standing beside a spittoon. "What's that for?" Ford queried. Knudsen gave the obvious answer.

"Why do you want to spit so much?" Ford pursued. "Because I chew tobacco," Knudsen replied. "Why do you chew tobacco?" Ford wanted to know. "Well, Mr. Ford, I chew tobacco for two reasons. First because I like it. Second because it helps me keep my mouth shut." Saying no more, Ford went on his way. Later Knudsen received a summons of Ford's office. Arriving there in some trepidation, Knudsen entered the sanctum. "I've been thinking over what you told me," Ford told Knudsen, "and I've decided that I need a man near me who can keep his mouth shut. Move into this office next door tomorrow."

"I look on that man as happy who, when there is a question of success, looks into his work for a reply." — Emerson.

Ex-British Official To View Post-War Monetary Situation

The noted British monetary expert, Sir Charles Morgan-Webb will discuss the problems facing American business and the world commerce, for the Detroit Town Hall in the Cass Theatre, Friday morning, March 13, at 11 o'clock. Sir Morgan-Webb, former chief secretary to the government of Burma, former vice-chancellor of the University of Rangoon, was knighted for his services in transforming Rangoon, India, from an oriental city built on swamps, into a beautiful modern metropolis.

Sir Charles Morgan-Webb is the world's greatest authority on the history of managed currency; he is also an authority on European politics with a wide acquaintance with leading figures in Britain and on the continent; he is the author of "The Rise and Fall of the Gold Standard," "The Money Revolution" and many articles for British and American general and technical publications. In his talk for Town Hall Sir Charles will analyze the prospects of peace in Europe, the financial background of international unrest and the probabilities of better or worse times here and abroad in his subject "What Will Happen to Your Money."

Fire Chief Dansbury Explains How to Extinguish Incendiaries

George F. Dansbury, fire chief of the Grosse Pointe Farms fire department, outlined today the latest methods of fighting fire bombs approved by the United States office of civilian defense.

"Everyone must know what to do in case of an air attack," said the chief, "not only so we can keep fire damage as low as possible, but also so we can all face such an emergency with calmness and self-confidence. Panic is the only thing to be afraid of."

"The two-pound magnesium bomb is the type military authorities expect will be used," the chief continued, "and, depending upon conditions when you find a bomb, use either sand or water spray on it. Wait about a minute before attacking it, so as to be sure all the violent sputtering is over. Then, if the bomb has not set fire to surrounding combustibles, it can be covered with sand, dumped into a metal pail and removed from the premises."

"But if the bomb has started a fire by the time its violent reaction is over, water spray must be used. Be careful never to let a solid stream strike the bomb, because that may cause an explosive reaction. The source of water may be a garden hose or any fire extinguisher containing water or a water solution. However, since water supplies may fail during a raid, it is unsafe to depend on garden hose. That is why fire extinguishers which are self-contained sources of water are recommended."

"By 'thumping' the stream at the nozzle opening, you can use the pump-tank, soda-acid, foam or loaded stream types of extinguishers for the necessary spray, when working on the bomb itself, and their normal solid stream on fire started by the bomb. The purpose of the water spray is to make the bomb burn itself out as fast as possible."

"Because a bomb may penetrate the roof of a house and come to rest on the attic floor, it is a good idea to remove combustibles, so as to limit the things that can catch fire." All of these points are clearly illustrated in the OCD approved motion picture, "Fighting the Fire Bomb," which is now being shown to defense groups in many communities. They are also discussed in detail in the OCD approved instructor's manual which the chief received today. The motion picture and manual were produced under the technical supervision of the chemical warfare service of the United States army and the national fire protection association.

Defense Classes Open To Pointe Women

Classes in civilian defense are now being formed under the sponsorship of the American Woman's Voluntary Services. Registrations must be made at room 409 in the Kales building, by Tuesday, March 17. Four classes will start next week. Yesterday members attended a luncheon at the Grosse Pointe Little club where they heard a talk by Dr. Andree Royon, of the "Save the Children" federation. The meeting was under the direction of Mesdames Sydney Small, Ernest Matlock and Alger Sheldon.

Baumans Entertain Out-of-Town Guests

Mr. and Mrs. Walter E. Bauman, of Berkshire road, will entertain at a large dinner party Friday evening honoring Mrs. Bauman's mother, Mrs. O. L. Kuehn, of Milwaukee, and Mrs. Frank O. Kuehn, of Minneapolis. Included among the guests will be Mr. and Mrs. Walter L. Kuehn, Mr. and Mrs. Otto R. Kuehn, Mr. and Mrs. M. J. Vierling and the C. Fay Kenricks. The out-of-town guests are here for the Holley-Kuehn wedding which will take place Saturday, March 14.

(Continued from Page One.)

stamps and bonds. Mr. West stated that for the school year thus far, the school children of Grosse Pointe have purchased more than \$21,000.00 worth of defense savings stamps and bonds.

The board of education also unanimously approved the recommendation of Supt. Paul L. Essert, that defense production training classes be set up in machine shop welding and possibly office machine practice in the new industrial arts building after the regular school hours if and when satisfactory negotiations can be concluded with state and federal government officials for the organization of this work.

This defense production training is being carried on in many communities in the country in order to increase the number of skilled men for necessary production of war industry. Although the program is largely financed by the federal government through the state board for vocational education, the supervision and organization of the classes is sponsored by the local public schools.

Officials from the state board for vocational education have looked over the new plant and equipment of the industrial arts building and have found it to be excellent for training workers in welding and machine shop. Forrest Geary, director of adult education for the Grosse Pointe schools, Charles Peterson, and Ray Watling, instructors in industrial arts at the high school have been appointed as a committee to complete the plan and set up the courses. According to the investigations of this committee so far, it is probable that three types of classes may be offered in each of these fields:

1. Classes of 30 hours per week for 10 weeks for unemployed, which would probably be carried on between midnight and 6 o'clock in the morning. 2. Classes of 15 hours per week for 20 weeks for people working in non defense industries, which would probably be held between 6 o'clock and 11 o'clock in the evening. 3. Classes for workers in defense industries of six hours a week for 50 weeks which would probably be held on Saturdays or possibly Sundays. This kind of program of course would, according to Director Essert, keep the industrial arts equipment and plant in use practically 24 hours a day, for the regular school program which is now going on would not be disturbed.

In giving their approval to negotiations for such a plan, the board of education indicated that they were interested in making every effort that is within the power of public schools to help win the war, and according to Charles A. Parcells, "Since Detroit's major contribution to the winning of this war is in its tremendous industrial resources, one of the best things that we in the public schools can do in this area is to see that there are no bottlenecks. If there appear to be shortages in labor necessary for production of essential war materials, then it is certainly a task of the schools to cooperate with industry in meeting this problem. Grosse Pointe is proud to lend her facilities and equipment to this important service."

Pointe Senior Sees Near Realization Of Life's Ambition

Dick Crane, Grosse Pointe high school senior, spent last week at Fort Hayes in Columbus, O., where he underwent mental and physical examinations required for entrance to the United States Military Academy at West Point. Dick left last Monday and was at the fort along with other young aspiring cadets from this district.

Sixth Lecture To Be Monday, March 16th

Because of the interest in the timely and abundant material on the Orient, Olive Deane Hornel will devote her sixth lecture in the University of Michigan extension series on "The New Books and Plays" to "The Challenge of the Orient," continuing the discussion begun in her fifth lecture. She will speak at 8 o'clock, Monday evening, March 16, in the auditorium of the John G. Pierce junior high school. The series is sponsored here by the University of Michigan Alumni club of Grosse Pointe township.

Books to be given special attention in this lecture are "Westward the Course!" — The New World of Oceania by Paul McGuire; "Hawaii: Restless Rampart" by Joseph Barber, Jr.; "Introducing Australia" by A. Hartley Grattan; and "The Crisis of Our Age" by Pitirim A. Sorokin.

Camera Club To Add To Membership Rolls

Dr. C. J. Marinus, president of the Grosse Pointe Camera club, has announced that the club has a few membership openings due to the war and invites those of the public who are seriously interested in the club's activities to submit their applications.

On Tuesday evening, March 17, club members will submit their photographic efforts for judging on the subject of "Hands." The subject is a very difficult one due to the fact that the whole story must be carried and expressed by the hands. It will prove a test for the skill of the workers.

At the Tuesday night meeting there will also be a model to be photographed by those present. The meeting will be held at Grosse Pointe high school.

Defense Stamp Sales On Steady Increase

In 17 weeks of buying, Grosse Pointe high school students purchased \$5,607.70 worth of defense stamps. This includes the week ending Feb. 24.

Vincent Peterson, head of the faculty committee on defense stamp sales, stated last week, "Since the Pearl Harbor disaster Dec. 7, there has been a definite increase in the sale of bonds and stamps. The week of Dec. 7 showed an increase of \$400 alone."

Graphs are being made to show the record of the school's sales each week. Several homerooms keep individual records to show their progress with reference to the entire school. An average of about \$350 worth of stamps is purchased each week. The last week in February \$434.60 was collected.

Pointe Senior Sees Near Realization Of Life's Ambition

Dick Crane, Grosse Pointe high school senior, spent last week at Fort Hayes in Columbus, O., where he underwent mental and physical examinations required for entrance to the United States Military Academy at West Point. Dick left last Monday and was at the fort along

with other young aspiring cadets from this district. The Grosse Pointe senior received his appointment to the academy from Rep. Louis Rabaut last December. He secured it by finishing first in a competitive examination which was also taken by a dozen other youths from the 14th congressional district. If Dick succeeds in passing the strenuous tests given him last week, he will enter the academy in July following his graduation from high school in June and will emerge a second lieutenant in the United States army in June, 1946.

Dick, whose father is a colonel in the army, has been pointing toward West Point for many years.
