

POINTE PARAGRAPHS

By MARTHA SAGER
Grosse Pointe Park firemen were
suffering their breath Sunday night
when they received a call to a fire
at home on Windmill Pointe. For
the fire caused a threat to what
was to be a record month of
fires from fire in the Park. Happily
however, no damage was caused
and Ed Rector can boast a record
month for his first as the Park's fire
chief.

Most rapid solution of a crime
column has ever encountered
Tuesday night when a harridan
of a local Girl Scout organiza-
tion bounded into the police sta-
tion at Grosse Pointe Woods to re-
quest the theft from the village park
of a table owned by the Girls Scouts.
Eviding sympathy and interest Pol-
ice Chief Walter Goulette heard
her through before explaining (with
some embarrassment) that the 'thief'
had been the police department it-
self who borrowed the table for a
social affair.

As rapid, but equally effective a
column of police work on the part
of the Woods force was also disclo-
sed Tuesday night. The crime itself,
Chief Goulette related, occurred in
January. Cruising about the village
one night a patrolman noticed an
empty automobile parked on one of
the streets. Giving the incident lit-
tle attention, but following out the
automobile of Woods police officers, he
noticed down the car's license num-
ber. Returning later, he noticed
that the car had disappeared. Next
morning word came to the police depart-
ment that the four tires and wheels
had been removed during the night
from the automobile of a Woods resi-
dent. Checking back, the officer
remembered the parked car. Investiga-
tion disclosed that the man to
whom the license had been issued
had sold his car some months be-
fore to a Negro, of reputable char-
acter. Upon contacting the buyer,
police learned that he in turn had
sold the car to another Negro, a
man whose police record left much
to be desired. Questioning produc-
ed no evidence, but, believing the
man to be the culprit, police offi-
cers tailed him until, a few weeks
later, they closed in upon him in
the act of lifting tires from another au-
tomobile. He is now serving a jail
term.

With opposition candidates in the
field, surprisingly little interest has
been shown to date in Monday's
primary election. Not only has
the election been heard in the
district, but only slightly over 6,000
of the estimated 20,000 qualified vot-
ers have registered. While all three
candidates for the two posts open
show very marked ability for the job and
intimate knowledge of school
problems, it is hoped that the regis-
tered voters will turn out 100 per
cent strong to cast ballots for their
individual choices.

Official recognition of the efforts
of the boys in the aviation club at
Grosse Pointe high school toward
national defense was accorded Mon-
day afternoon when they were pre-
sented with certificates of their work
by representatives of the United
States bureau of aeronautics. The
boys were commissioned by the bu-
reau last March to construct 60
model airplanes to be used by the
United States Navy in training men
to recognize the aircraft of enemy
and allied nations. Since then the
boys have built 15 different types of
planes representing the aircraft of
four different nations, both Axis and
Allied. Represented among the
scale model planes are the British
Wellington bomber and Spitfire
bomber; the Japanese Mitsubishi 96
navy bomber, Baku Gekki KI-99 navy
diver bomber and Sento KI-001 navy
fighter; the German Heinkel HE-111
bomber and Messerschmidt 109
fighter; and the United States
Brewster, Grumman, Douglas,
Vought Sikorsky, Consolidated, Bell,
Curtiss, Northrop and Boeing
planes. Where the planes will be
sent is a military secret.

Some indignation was reported
among Grosse Pointe supervisors
who attended the Home Rule rally
held here recently when William C.
Lovett, secretary of the Detroit Cit-
izens League, a speaker at the rally,
insisted that he had contacted
out-county supervisors for their
opinion on some of the finer points
of the proposed state constitutional
amendment. Presided for the names
of some of these supervisors whom
he had contacted, Lovett named
William F. VonMoll, supervisor of
Monguagoni township. Contacted af-
ter the meeting, VonMoll denied that
he had been invited to any of the
sessions at which the proposal had
been drafted. Lovett had approach-
ed him, VonMoll said, but only to
tell him that those drafting the
amendment intended to invite him to
a session. But he denied that he had
(Continued on Page 2)

152 Called in Next Draft Quota; To Leave June 22

The Grosse Pointe Review

Only The REVIEW Gives You
COMPLETE
Coverage of ALL Homes in
Grosse Pointe & Gratiot Twps.

VOL. 17—No. 43 CIRCULATION PAID MONTHLY GROSSE POINTE PARK, MICHIGAN, THURSDAY, JUNE 4, 1942 BY CARRIER 10c A MONTH PHONE LE. 1162

SCHOOL BOARD ELECTION MONDAY

June Draft Will Affect 45-Yr.-Olds

Draft board 57 will dip into the
third group of registrants; those
men in the age group up to 45 years
to fill its next draft quota, of 152
men, who are scheduled to leave
June 22, according to orders received
here from draft officials.

Woods Memorial Day Parade Draws Large Audience

Crowds of residents from both
Grosse Pointe and Detroit lined
both sides of Mack avenue Satur-
day evening to witness the colorful
Memorial Day parade staged by
Grosse Pointe Woods.

Reckless Driver Given \$100 Fine

Harold S. Brown, 1520 Seminole
avenue, Detroit, was ordered to pay
a fine of \$100 for reckless driving in
Grosse Pointe Park by Justice C.
Joseph Belanger, of the local justice
court, last Friday.

BIKE VICTIM SUFFERS FRACTURED LEG

Seven-year-old Virginia Davis,
daughter of Mr. and Mrs. George
L. Davis, Jr., 1300 Wayburn avenue,
Grosse Pointe Park, suffered a frac-
ture of the left leg when she was
struck and knocked down last
Thursday morning by a bicycle oper-
ated by Robert Law, eight years
old, of 1357 Maryland. The child was
taken to Cottage hospital.

With the Local Men in Service

George J. Verdonck, son of Mr.
and Mrs. Adolph P. Verdonck, of
15046 Mack avenue, has recently
been promoted to mess sergeant.
Verdonck is stationed at the air
depot hospital, Hill Field, Ogden,
Utah, where he is a member of the
medical corps. He was recently
made captain of the depot's softball
team.

Pic. and Mrs. Richard James re-
turned Friday evening to Keesler
Field, Biloxi, Miss., where James is
stationed with the quartermasters
division at the air corps technical
training school. They had spent a
15-day furlough with James' par-
ents, Mr. and Mrs. Reese James,
336 Hillcrest avenue, Grosse Pointe
Hills.

Capt. John Oram Keim, 490 St.
Clair avenue, City of Grosse Pointe,
former vice-president of the Det-
roit Trust Company, has been
chosen to take a six-weeks course
at the air corps officers training
school at Miami Beach. He is among
hundreds of former executives se-
lected for special training for posi-
tions in the administrative and sup-
ply branches of the air corps.

Officials Issue Joint Blackout Proclamation

Official heads of all Grosse Pointe
municipalities and Gratiot township
this week issued a joint proclama-
tion governing the conduct of air
raid and blackout alarms for this
area.

Contagious Diseases In Gratiot Township Stir Pointe Interest

Pursuant to authority granted by
Act No. 10 of the Public Acts of the
State of Michigan for the First Ex-
tra Session of 1942 and in order to
insure the success of blackout and
air raid protection measures and to
protect life and property during
blackouts, the chief executives of
the Village of Grosse Pointe Park,
the City of Grosse Pointe, the Vil-
lage of Grosse Pointe Farms, the
Village of Grosse Pointe Shores, the
Village of Grosse Pointe Woods, the
Township of Gratiot and the Town-
ship of Grosse Pointe, acting severally
as such chief executives and for
their respective municipalities and
acting jointly as the Grosse Pointe
area council of defense (hereinafter
called the defense council), do
hereby proclaim and establish the
following orders, rules and regula-
tions:

Train Girls in Infant Care

The board of health also discussed
the problem of the full use of the
baby clinic which is conducted by
Dr. T. S. Davies. The suggestion
was made that possibly a class could
be organized among the older high
school girls so that they could ob-
tain first hand instruction in the
care of infants. Under this program
the girls would attend the regular
baby clinic and receive instruction
in infant care from Doctor Davies.

McFaul Granted Re-Examination On Morals Charge

Re-examination of E. A. McFaul,
1001 Beaconsfield avenue, accused of
accepting a 14-year-old boy in
Grosse Pointe Park last Dec. 9 has
been set for Friday, June 5, before
Justice James N. McNally, of justice
court. McFaul has been on bond
since the first examination on the
charge last February.

Firemen Battle Order to Cancel Kelly Day

Grosse Pointe Park will become
party to the test case for Wayne
county for the constitutionality of
the firemen's hours act passed last
year by the state legislature. The
case comes up for its hearing be-
fore the Wayne county circuit court
tomorrow.

NEW KIWANIS CLUB TO RECEIVE CHARTER AT PARTY JUNE 8th

Dr. Marshall R. Reed, past gov-
ernor of Kiwanis for the Michigan
district, will be guest speaker when
the newly organized Grosse Pointe
Kiwanis club holds its charter night
June 8 at the Mason school, on Ver-
nier road in Grosse Pointe Woods.

Annual School Meeting Held Monday Night

Over 6,000 registered voters have
qualified to cast their ballots in the
school board election Monday.

Annual School Meeting Held Monday Night

Over 6,000 registered voters have
qualified to cast their ballots in the
school board election Monday.

Pedestrian Killed; Driver Accused of Negligent Homicide

Earl R. Forcier, 24, of 11783 Long-
view avenue, Detroit, was released
on \$500 bond pending examination
on a charge of negligent homicide
by Justice C. Joseph Belanger at the
arraignment Monday afternoon.

AUDIENCE OF THREE THOUSAND EXPECTED AT OUTDOOR CONCERT

An audience of over 3,000 specta-
tors is expected to attend the out-
door concert being staged by stu-
dents of the Grosse Pointe public
school music departments tonight at
8 o'clock on the athletic field of
Grosse Pointe high school.

Woods Water Unit; Vote Due June 29

Official government sanction of
the proposed \$90,000 water unit
for Grosse Pointe Woods, which
comes up for the decision of the
voters at a special election June 29,
has been received in a letter from
the war production board, Village
President Alois Ghesquiere revealed
at the commission meeting Tuesday
night.

Boys Confess Larcenies in Park

Two 13-year-old boys have con-
fessed to larcenies totaling \$60 in
cash in a home and business place
in Grosse Pointe Park. One of the
boys, who admitted breaking into
a home on Nottingham avenue and
taking \$20 in cash, was turned over
to juvenile authorities. The other
who robbed a business place of \$40
was lectured and returned to his
parents.

Kesteloot Added to Park Police Force

Gerard J. Kesteloot, 35, of 1253
Maryland avenue, has been added to
the Grosse Pointe Park police de-
partment as patrolman. It was an-
nounced this week by Henry Piel,
police chief. Kesteloot replaces for-
mer Patrolman Donald DePlace,
who left the department upon his
enlistment in the navy. Before com-
ing to the Park police department,
Kesteloot was employed by the
Briggs Manufacturing company. He
is married and the father of two
children.

FOR RE-ELECTION TO SCHOOL BOARD  
ELECTION, MONDAY, JUNE 8, 1942  
8:00 A.M. to 8:00 P.M.

**Facts of Grosse Pointe School System**  
The schools in the City of Grosse Pointe and the four villages are combined in one school district with a school board of five members, consisting of Charles A. Parcels, President; Ralph M. Clark, Secretary; Charles A. Poupard, Treasurer; Dr. C. B. Lorange and J. Lee Barrett.

Charles A. Poupard and J. Lee Barrett are up for re-election. 5,478 pupils, 308 teachers, officers and employes, one high school, two junior highs and seven grade schools with other properties valued at \$6,250,000.00.

Despite increased facilities, new buildings, etc., no anticipated increase in tax this year.

Grosse Pointe schools are recognized as outstanding in the nation — let's retain this standing by re-electing Messrs. Poupard and Barrett.

**THE PARTYLINE**  
By ELLEN HYDE  
Mary Sherman of Lakeland avenue entertained the graduating class of Liggett school Saturday afternoon, at a tea held at the Country club. A few of her friends attending were Sally Duffield, Sybil Smart, Sally Sherman and Shirley Jacobs.

Sally Vining, daughter of the E. D. Vining of Maryland avenue, is to be married June 12 to Joseph Charles Walton IV. The wedding is to take place at the Mary Martha chapel.

Lieut.-Col. H. W. Rehm of Grayton road returned home Saturday night after a gay weekend in Chicago.

Mrs. L. C. Hyde of Grayton road, and her daughter, Mrs. J. Nicholas of Ambler, Pa., are visiting in Easton Rapids, Mich., and are expected back in the Pointe in about two weeks.

Memorial Day marked the opening of the pool at the Grosse Pointe Yacht club and the club's members certainly took advantage of the wonderful weather. The youngsters invaded the pool the first thing. Saw Dudley and Celia Christensen with their parents and the Tore Fränzens. The J. W. Flicks were sitting by the pool while their three sons were having a great time in the water. The Russell G. French family was there too.

Several members of the Grosse Pointe Yacht club are entertaining this week. Mrs. Emerson Frantz is giving a tea June 11. Mrs. George Schadt is entertaining at a luncheon today and Mrs. James H. Marks of Rivard boulevard had a luncheon for 20 of her friends on Wednesday.

A dinner dance was held at the Country club Memorial Day, and among those attending were Col. and Mrs. R. Craine, Lieut.-Col. and Mrs. R. Barrows, and Mr. and Mrs. A. Bradley. The younger set included Mason Rummy Jr., Speedy Rehm and Marietta Lennon and Jack Cudlip was entertaining several of his friends.

John Brodhead, son of Capt. and Mrs. Richard Brodhead of Harvard road is home from Severn school, Severn, Md.

Marian May Gaughen, daughter of Mr. and Mrs. Frank X. Gaughen, of Roslyn road, is engaged to William Adams Coombs Jr., of Maumee boulevard. The date of the wedding has not been set.

The engagement of Miss Marjorie Draper, to Charles A. Oostdyk, Jr., son of Mr. and Mrs. Charles A. Oostdyk of Devonshire road, has been announced by her parents, Mr. and Mrs. Lawson R. Draper.

More Grosse Pointe lasses are expected home within the next week or so. Wednesday, Jeanne Cowan, Eve McDonald and Barbara Moesta are expected from Southern Seminary and Gail Heron and Ann Gaard will be at home next week from Mary Baldwin.

Saturday night Ann Turbett is giving a dinner party in honor of Jack Gehlert. The occasion being Jack's birthday. Bette Cowan, Frank Clarke, Nan Flitman, n Bob Valade will complete the party. I suppose the senior prom at the high school will take up the remainder of the evening.

**Victory Bob**  
Permanent Waving comes from personal attention to every detail, a study of your personal characteristics which is necessary to the creating of a coiffure of beauty. Remember, too, we have the largest selection of permanents on the East Side. We suggest the Victory Bob as pictured above.

**POINTE PARAGRAPHS**  
(Continued from Page One.)  
ever been notified or invited to any of the meetings. Nor had his opinion on the amendment been sought, VonMoll declared.

Growing rumbles of discontent have been heard throughout the Pointe with the calling of each new group of draftees. The discontent has been based not upon a lack of patriotism or of war spirit, but upon the growing percentage of boys who are sent back home after being rejected by the medical examiner at the induction center. Close to 50% of the last three groups of inductees have been refused by medical officers in Detroit, reports show. Resentment of this situation is created by two factors: First the embarrassment which the almost-draftee feels upon being returned home after having been the recipient of a gala send-off party by his home folks and after having taken a farewell from his family and sweetheart; second, the indecision faced by a business man, slated for induction, who must decide whether to sell his business because he might be accepted or to chance not selling his business on the grounds that he may be rejected. Intrigued by the situation, this column last week undertook an investigation of the medical reports of the 50 men who were called to report for service in Detroit last Monday. Among these we found two men whose record showed that they had recently been released from tuberculosis sanitariums, one man who was suffering from partial paralysis, one who reported that he was under medical treatment for leakage of the heart, several with ruptures and one man with a ruptured right ear drum. Questioning disclosed that while these as well as other similar cases are obvious prospects for rejection, the hands of local board officials are tied. The report of a personal physician cannot be accepted by the board, but must be sent to the army physician; and a man can no longer appeal the board's decision on grounds of physical disqualification.

Anyone noticing rising prickles on the neck of Henry Buslepp, of Bedford road, is herewith advised to drop no audible comment. For Henry has a problem, and a touchy one. Upon coming out of his home two weeks ago, Buslepp discovered a huge stone resting on the front lawn. Startled, but accrediting the work to a prankster, he notified Grosse Pointe Park police. When six men were insufficient to remove the rock, Buslepp became puzzled. If it were pranksters, they were pretty determined ones, he decided. No undue concern was accorded the stunt, however, until last week when Buslepp emerged from his home to find another stone of equal magnitude and weight reposing on the same spot on his front lawn. While Buslepp admits his advancing years, he asks the unknown kiltzer to refrain from providing him with so concrete a reminder of his cemertery years.

**Parcels Receives Honorary Degree Last Week**  
On Tuesday morning May 26th, President Raymond F. McLain and the board of curators of Transylvania college, conferred upon Charles A. Parcels, president of the Grosse Pointe board of education the honorary degree of doctor of laws.

Transylvania, the oldest college west of the Alleghenies, is situated in Lexington, Ky., in the heart of the famous blue grass country. It is famous for its many men of letters and statesmen, including Henry Clay, Jefferson Davis, James Lowe Allen and many others. It is the alma mater of the present junior senator from Kentucky, A. B. Chandler. Coupled with its historic traditions and its charm of natural settings, it is thoroughly modern in its curriculum and outlook.

In conferring the degree on Doctor Parcels, the president called attention to his "outstanding service in leading in the development of one of the nation's finest school systems," fully as a public service, while carrying on at the same time a successful business in Detroit.

Chancellor Oliver Cromwell Carmichael, Vanderbilt university, gave the commencement address.

The last state in the state of New York was Margaret Pine, who died in Brooklyn in 1857.

**Flower Expert Is Speaker to Woods Garden Group**  
The Woods Garden group met on May 12 at the Garden Center on Belle Isle. After luncheon was served, Mrs. Bouton spoke to the group on "Perennials Throughout the Season" and showed color slides of beautiful perennials.

On May 26 the group met at the home of Mrs. F. Foster, 2688 Hawthorne road and "Dabbles" were discussed.

A society was at Grosse Pointe Park, Double Care.

**OVER 300 SENIORS TO RECEIVE DIPLOMAS FROM G. P. HIGH SCHOOLS**  
Over three hundred Grosse Pointe seniors will receive their high school diplomas at commencement exercises early this month.

Grosse Pointe high school will graduate the largest class of approximately 197 students on the evening of Thursday, June 18. Weather permitting, the high school will follow its custom of holding the June ceremony out of doors on the school grounds.

St. Paul's high school will hold its commencement exercises on Wednesday, June 10, when 42 students will be graduated. The Rev. Bernard M. Geller, of Nativity church, will officiate.

St. Ambrose high school's commencement will also take place on June 10 with 70 graduating seniors participating. The commencement speaker has not yet been selected.

Detroit University school's graduating class of 14 seniors will hear an address by Dr. Gordon Chalmers, president of Kenyon college. The program will be held in the school gymnasium on June 10 at 3 p.m. Dr. Lambert Whetstone, headmaster of the school, will present the diplomas. Doctor Chalmers will also be guest speaker at the commencement program for the Grosse Pointe Country Day school on June 11 at 11 a.m., in the school auditorium. The seven graduating seniors will also receive their diplomas from Doctor Whetstone.

**PIERCE SCHOOL N-E-W-S**  
The Pierce Junior Red Cross recently received a letter acknowledging the receipt of a Christmas box which was sent with many others to children in England, so that they might spend a happier Christmas. We are reprinting the letter. The salutation, "Dear Boy," was probably derived from the word "boy" which was printed on the box, indicating that it was a boy's package, as distinguished from a girls.

Lea Court, Malmesbury, Wilts, England

Dear Boy:  
I have received your things that you have sent me. I was very glad to get them, because we can't get many toys here. Thank you for everything you sent me since I have been at Lea Court. I will be going home soon. So you will write to me, I hope. I will write to you soon, if you will write to me.

Love from yours faithfully,  
C. WALKER.

**Highland Park Visitors**  
Two visitors at Pierce on Monday, May 18, were Nancy Schiller and David Trout, both members of the 9A class of Highland Park junior high school. Many things about our school impressed the two — particularly the fact that students may go in and out of the cafeteria at will during the lunch hour.

The size of our playground, our sound-proof music and band rooms, and the inset locks on our lockers fascinated them. Another point, confessed both Nancy and David, is the number of our men teachers. Highland Park has only a few, to our 14.

The two visitors were reporters from the school paper, "The Rambler," and were to meet a deadline Monday afternoon with their stories on the trip.

John A. Merry has reported at the service school for aviation ordnance men at Yukon, Fla., after spending a 10-day furlough with his wife, Mrs. Vida Merry, of 1213 Maryland avenue. Merry received his preliminary training as an apprentice seaman at the Great Lakes navy training station. Before his enlistment on April 10, he was employed by the Carboly company.

Thomas E. Morris, son of Mr. and Mrs. Joseph F. Morris, 20229 Kingsville avenue, has been promoted from corporal to sergeant, according to word received by his parents. Sergeant Morris is stationed with the army signal corps at Camp Crowder, Mo., and is expected home on furlough June 9.

Michigan Boy Scouts, 50,000 strong, will distribute to every home in Michigan within the next few weeks a copy of an OPA pamphlet, "What You Should Know About War Time Price Control." Lieut.-Col. Harold A. Furlong, administrator, Michigan council of defense, has announced.

**Latin Exhibit**  
Miss Simmons' Latin club exhibit, which was shown in 114 during Latin Week, is going to be exhibited in the classical museum in Angell Hall at Ann Arbor June 15 to Aug. 10 for the use of the Summer school teachers there. An article and picture of the exhibit were also put in the "Classical Bulletin" at the University of Michigan.

Among the things to be shown are scaled models of the Parthenon, the Circus Maximus, the Roman Colosseum and a Roman house. The students have also dressed puppets, made a puppet stage and have written plays suitable for puppet shows. They are reproducing the Eternal City, Rome, with its Forum, on felt. All the important buildings are cut from white felt and placed in order on the background.

The students have taken comics from the daily and Sunday papers and substituted Latin for the English words. Various games have also been formed from the English into the Latin. One of these is the "Journey of Ulysses" which is played similar to our Parchessi.

**— KELLY DAY —**  
(Continued from Page One.)  
have to be made up if the act were thrown out by the courts. In the latter case the department usually has been operated shorthanded.

**Operate Undermanned**  
The City of Grosse Pointe and Grosse Pointe Park, the two municipalities affected by the act, have granted the Kelly Day and operated undermanned.

Grosse Pointe Farms adopted the plan before its enactment by the legislature and will keep it in effect, officials said.

The City of Grosse Pointe has followed the lead of the Park in ordering the Kelly Day abandoned.

**TOTS ENJOY PARTY**  
Mrs. Patterson, superintendent of the primary department of the Grosse Pointe Woods Presbyterian church, entertained 44 of her young pupils at her home last Saturday. The youngsters thoroughly enjoyed the many games that were played. Mrs. Elizabeth Patterson conducted for children in a delightful tour to the mystery room, which judging by the happy faces of the children on their return they enjoyed very much. Mesdames Luce and Dallas, teachers of the department assisted.

Philadelphia police stopped a man carrying a topcoat and asked him if it was his and he claimed that it was. They told him to try it on. It didn't fit. The man was in jail.

**With The Men in Service**  
(Continued from Page One.)  
Pvt. Robert P. Oldham, son of L. B. Oldham, of Grosse Pointe Woods, is now stationed at Fort Knox, Ky. "Big Bob" was drafted in the army this April and was stationed at Fort Custer until his transfer to Fort Knox.

Pvt. Donald Streb, son of Mr. and Mrs. Frank W. Streb, of 452 Touraine road, Grosse Pointe Farms, has been transferred from Sheppard Field to the air corps technical school at Chanute Field, Ill.

Two Grosse Pointe men were among the class of more than eight hundred graduated with ensign commissions recently from the naval reserve midshipmen's school at Northwestern university. They are John B. Barr, of 315 McKinley road, Grosse Pointe Farms, and Carl H. Koss, 1044 Nottingham, Grosse Pointe Park. They will be assigned to sea duty within the next few weeks.

Robert D. Johnson, who enlisted in the United States navy last March, is now stationed at the Great Lakes naval training station where he is studying to become an aviation machinist mate. Johnson's home is with his mother, Mrs. Mary Johnson, at 1364 Lakepointe, Grosse Pointe Park.

Las Vegas, Nev.—A Grosse Pointe soldier is now taking the course at the air corps gunnery school here. He is Pvt. Peter Spitaels, son of Al Spitaels, 856 Barrington road. He is a 1933 graduate of the Grosse Pointe high school, where he was active in aviation. Prior to induction in the United States army Feb. 25, 1942 at Fort Custer, Private Spitaels was a mason contractor.

John A. Merry has reported at the service school for aviation ordnance men at Yukon, Fla., after spending a 10-day furlough with his wife, Mrs. Vida Merry, of 1213 Maryland avenue. Merry received his preliminary training as an apprentice seaman at the Great Lakes navy training station. Before his enlistment on April 10, he was employed by the Carboly company.

Thomas E. Morris, son of Mr. and Mrs. Joseph F. Morris, 20229 Kingsville avenue, has been promoted from corporal to sergeant, according to word received by his parents. Sergeant Morris is stationed with the army signal corps at Camp Crowder, Mo., and is expected home on furlough June 9.

Michigan Boy Scouts, 50,000 strong, will distribute to every home in Michigan within the next few weeks a copy of an OPA pamphlet, "What You Should Know About War Time Price Control." Lieut.-Col. Harold A. Furlong, administrator, Michigan council of defense, has announced.

 Like Great Britain, Canada has been controlling prices since the outbreak of war.

### Defer Student Wins Safety Patrol Award From Auto Club

Donald Hollister of Defer school, Grosse Pointe, last Monday, and Robert Sattler of Lakeview public school, St. Clair Shores, last Wednesday, became the proud owners of handsome 17-jeweled wrist watches, awards from Automobile Club of Michigan's board of directors in appreciation of their work and efficiency in safety patrol activities through the current school year.

Young Hollister and Sattler are captains of their respective school patrols which won this honor in competition with other schools of the area and is high tribute to their loyalty, application and devotion to the saving of human life.

#### Cancel Washington Trip

The watches were presented by club safety engineers who have been working in the area through the year. At a later date the schools will be presented with cups in recognition of their safety activities.

Since 1936 and through last year, the club has sent a patrol captain from winning cities and towns to Washington to participate in the nationwide parade of safety patrol boys and girls, but this year, because of wartime conditions, the Washington parade has been cancelled. Club directors, however, felt that the captains with unusually bright records should have proper recognition, hence the watches.

#### Safety Patrols Nationwide

Automobile Club of Michigan this year is directing safety patrols in 4500 schools over the state, with more than 38,000 boys participating as patrol members. The safety patrol program was launched as a life-saving measure in 1919 in Detroit and in 1927 over the entire state. It has since spread nationwide.

Ernest P. Davis, director of the club's safety and traffic division, explained the awards thus:

"The honor of being top ranking patrol captain in each town is eagerly sought and worked for by the boys, and the winner each year is the envy of his city's school system. Year by year efficiency and activity have increased and expanded until today the safety patrol movement is a magnificent medium for teaching, not only safety, but self reliance, discipline and leadership."

### Catholic Information

#### ... As the Devil Hates Holy Water!

"The Devil! Holy Water! Dark Age superstitions, are they not?"

"Hardly, my friend. The Bible relates the fall of Lucifer and the temptations of Christ by the Devil, and Holy Water's use by the church can be traced back to about the second century — quite a bit earlier than the period which some people choose to term the Dark Ages."

"But why water? Why holy?"

"The water is ordinary water with a bit of salt in it. Water is symbolic of cleansing. Salt is a symbol of preservation from corruption. This combination has no power of its own, but when blessed by a priest who represents Holy Mother church, it becomes holy."

"To understand this you must recall that Christ while on earth gave to the Apostles and their successors many of His own divine powers to be used only through Him — i.e., the washing away of original sin through Baptism, the forgiveness of actual sin through confession, the changing of the substance of bread and wine to the substance of His own Divine Body and Blood — and four other sacraments."

"In a similar manner God gave to His church the right and power to bless in His name inanimate objects which, although powerless in themselves, identify the individual's prayers (when said with faith and devotion) with the prayers of the entire church."

"At the entrance of every Catholic church there is one or more Holy Water fountains. Within the thresholds of countless Catholic bedrooms are also Holy Water fountains. To the Catholic, one of the most common and most powerful forms of prayer is to dip his fingers into the Holy Water, make the Sign of the Cross and thus identify his individual prayers with those of the entire church for the welfare of his own soul, his neighbor's soul, or the souls in purgatory."

"A piece of white cloth has in itself no power; but when in the heat of battle it is raised on high it has the power, recognized by all nations, to silence the guns, while emissaries are sent to bargain for peace. If mere cloth has this manifold power, is it not logical to believe that water can be given the power of special prayer when blessed by God through His church?"

"As darkness hates light, as error hates truth, as malignity hates sanctity — so the Devil hates Holy Water."

For explanations of any Catholic subjects, write to:  
 Catholic Information Society of St. Paul's Church, Mary Leasure, 328 Rivard, Grosse Pointe, Mich.

## VICTORY GARDENS

### Michigan Council of Defense

#### By V. R. DePETRIS

#### Some Worthwhile Vegetables —

This column would fail to be helpful to the Victory Gardener if mention of a few easily grown and worthwhile vegetables were omitted. The varieties mentioned below are all desirable. One may try a few or all of them. The result will be both pleasing as well as profitable.

**Swiss Chard**, this is one of the most easily grown vegetables yet it will yield an abundance of health giving greens throughout the late Summer and early Fall.

Chard is closely related to the beet. The leaves are eaten like spinach while the midribs are boiled and eaten with drawn butter like asparagus.

Chard may be grown by direct sowing out of doors from early Spring until early Summer. Sow the seed thinly in rows and cover with about a quarter of an inch of fine soil. As the plants develop remove some of the leaves so the remainder will have at least 12 inches between the plants. When the plants are full grown Chard will attain a length of 18 inches.

The season for Chard may be prolonged by removing a few leaves at a time for the table and allowing the rest to develop.

This vegetable should be in every Victory Garden, Chinese or Celery Cabbage.

While the Chard is strictly speaking a variety of beet which produces enormous leaves and long fibrous roots. The Chinese or Celery Cabbage is more nearly related to the mustard plant but which resembles the Chard in growth of habit.

Chinese cabbage produces elongated heads with self folding leaves up to 20 inches long. The leaves are sweet and tender. They may be eaten raw in salads or they may be steamed or boiled. Culture is very similar to Chard and seed may be

sown as late as July for a Fall crop. It matures in 70 days from sowing.

There are three common varieties of Chinese Cabbage. Since this plant was introduced from China in the past 50 years the names of the three common varieties are in that language, and therefore odd sounding. The earliest variety is known as **Chihki**. It forms sweet and tender heads about four inches thick tapered at the tip. The heads are solid and well blanched.

The variety known as **Pa-Tsai** is the largest of the three. The plants are enormous, measuring up to nearly two feet and six inches thick, in some instances the heads are solid and elongated. The leaf blades are curled. The midribs broad. The other variety of Chinese Cabbage is known as **Wong-Bok**. This variety is not as large as the preceding. It is, however, thicker and is self-folding, procuring tender heads of blanched leaves.

**New Zealand or Summer Spinach**. Easily grown plants which yield tender shoots of good flavor throughout the Summer.

Plants grow tall and spreading. Soak seed 24 hours before sowing to insure quick germination.

**Pepper** — Sweet peppers are being widely used both fresh as well as for pickling.

They are heat loving plants and should therefore be set out as plants in early June just as tomatoes.

They do not grow as large as tomatoes and can therefore be planted much closer together 12 inches being an average distance. They require from 60 to 75 days from the time they are planted out until they begin to yield for the table.

There are a number of excellent varieties of sweet peppers. There is space to mention only a few of these.

California Wonder and Chinese

Gian are good. King of the North and Oakview Wonder are good early varieties.

**Pimento and Ruby King** are excellent varieties for both color and flavor.

All of the varieties mentioned here are sweet peppers which can be eaten and relished by anyone who likes their excellent flavor.

Peppers are easily grown and produce well. They are rich in vitamins and are very healthful in other ways.

Aside from all the foregoing peppers are useful because they may be preserved for future use by various methods.

### Woods Tax Rate Remains the Same

#### By ALOIS A. GHESQUIERE

President, Grosse Pointe Woods  
 "On Tuesday evening, May 26, after a public hearing, the Grosse Pointe Woods village commission reviewed the budget for the year and approved it."

"Leo J. Altman, village assessor, was instructed to spread a levy of \$16,000 on the tax roll for this fiscal year. This amount, spread over an approximate \$8,100,000 total assessed valuation, will permit the tax rate to remain exactly the same as the fiscal year just ended."

**Includes Wage Raises**  
 "Mr. Altman has used the same system of assessing as in past years and therefore, excepting in a few isolated cases, where minor adjustments have been made, the tax bill to property owners should be just the same."

"The budget for this year includes additional amounts for increases in salaries and wages made last April to all village employees, the increase in the cost of the garbage and rubbish pick-up contract, additional personnel in the police department and general increases in the cost of materials used in all departments."

**Large Contingent Fund**  
 "The budget also includes a sizeable contingent fund for all emergencies and especially for any unforeseen happenings that may be

caused by the war.

"It is especially gratifying to the village commission to be able to continue and to improve on all village services without an increase in the tax rate during these trying times."

"The village of Grosse Pointe Woods is one of the few municipalities in this area that has been able to do this."

### Women's Club Elects Officers

The St. Matthew's Women's club ended its season's activities with an evening of cards and refreshments at the hall, Harper and Buckingham roads, Monday evening.

The following officers were elected for the coming year:  
 Mrs. Willard Crowley, 5317 Courville, president; Mrs. J. W. Baker, 4536 Bishop road, vice-president; Mrs. H. B. Gorrien, 4401 Audubon road, secretary; and Mrs. Thomas Corbett, 11224 Balfour road, treasurer.

### Defense Job Training Is Offered

Employed people, particularly those whose employment is faced with probable curtailment, should avail themselves of the opportunity to take one of a new series of training courses being offered through the public schools by the United States department of education.

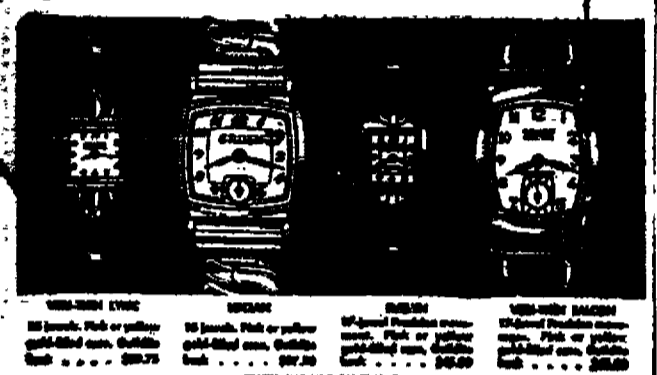

Classes in these courses cover the same subjects as have heretofore been offered only to unemployed individuals.

Call or write the United States Employment Service office at 1160 Kercheval avenue for further information on this new plan to get training for occupations critical to the war effort. It's a patriotic duty. You may take the training and still work!

A juror at Kansas City was granted special permission to go home at intervals and milk his goats when it was found that no one else was qualified for the job.

**Worth working 4 years to get!**

**GRUEN** is a good thing to get — a good thing to give! It is "America's smartest watch," the country's leading style designer. It is dependable, stylishly correct, and the millions of people who wear this triumph of modern watch design. See the newest Gruen watches we are now showing... many priced from \$24.75.

PROCLAMATION

(Continued from Page One.)

ship of Grosse Pointe and the Township of Gratiot.

Sec. 2. BLACKOUT AND AIR RAID WARNING:

Warnings of the beginning and termination of blackout and air raid periods shall be given by audible signals to be adopted and published by the Defense Council.

Sec. 3. LIGHTS AND ILLUMINATIONS DURING BLACKOUTS.

From the time the official air raid signal is given, continuously until the all-clear signal is given thereafter, between sunset and sunrise:

(a) All lights and illuminations outside or visible from the outside of any building, either through doors, windows, skylights or otherwise shall be immediately put out. Lights inside any building may be kept on or turned on only where through the use of shades, blinds, curtains, blankets, screens, paint, paper, cardboard or otherwise no lighting is visible from the outside. This rule shall apply to all buildings of every kind and description, including but not limited to dwellings of all kinds, stores, offices, warehouses, manufacturing establishments, schools, churches, hospitals and other institutions. The occupant of any portion of a building shall be responsible for the observance of this provision as to such portion thereof as he may occupy. If one occupies an entire building, he shall be responsible for the observance of this provision as to the whole of such building. In the case of offices, apartment houses, lodging houses, boarding houses and other buildings to which the public is permitted or invited or as to any portion of which there is a common use by the occupants thereof, the owner, lessee or the person or persons in charge of the operation thereof, as the case may be, shall be responsible for the observance of this provision as to all portions of the building to which the public is permitted or invited or as to which there is a common use by the occupants thereof. In the case of vacant or unoccupied buildings or vacant or unoccupied portions of buildings, the owner, lessee or the person or persons in charge thereof shall be responsible for the observance of this provision with respect to such building or vacant portions thereof, as the case may be, as he shall own, lease or have in his charge.

(b) No door, window or other exit and apertures shall be opened, if the opening of the same will allow light to be visible from the outside.

(c) All lights on any sign, billboard, pier or other similar structure shall be immediately put out and kept out. The owner, lessee or the person or persons in charge of the operation of such sign, billboard, pier, or other similar structure as the case may be shall be responsible for the observance of this provision.

(d) All street, traffic and beacon lights and other public lights on and in the streets, lanes, alleys, squares, parks and bridges (except those which are dimmed or hooded in a manner approved in writing by the Defense Council) shall be immediately put out.

(e) All other lights, including warning or danger signals, shall be immediately put out and kept out; provided, however, that warning or danger signals may remain lighted in such manner as may be approved in writing by the Defense Council. The owner, lessee or the person or persons in charge of the operation of such lights, as the case may be, shall be responsible for the observance of this provision. In case of an announced test or trial blackout, traffic, warning and danger signals may remain lighted without being dimmed, hooded or otherwise masked.

Sec. 4. DUTY OF OCCUPANTS, OWNERS AND LESSEES.

In order to carry out effectively the provisions of the foregoing section:

(a) No occupant of any building or any portion thereof shall permit such building or such portion thereof as he may occupy to be lighted or illuminated (either on the outside or on the inside, in such way that such lighting or illumination is visible from the outside), from sunset to sunrise, unless while so lighted or illuminated there is stationed in such building or such portion thereof, as the case may be, a person or persons capable of and responsible for immediately putting out the lights or making them invisible from the outside in the event an air raid warning or signal for a blackout is given. This provision shall apply to every occupant of any building whatsoever. In the case of office buildings, apartment houses, lodging houses, boarding houses and other buildings to which the public is permitted or invited or as to any portion of which there is a common use by the occupants thereof, the owner, lessee or the person or persons in charge of the operation thereof, as

the case may be, shall be responsible for the observance of this provision as to all portions of the building to which the public is permitted or invited or as to which there is a common use by the occupants thereof. In the case of vacant or unoccupied buildings or vacant or unoccupied portions of buildings, the owner, lessee or the person or persons in charge thereof shall be responsible for the observance of this provision with respect to such vacant buildings or vacant portions thereof, as the case may be, as he shall own, lease or have in his charge.

(b) No owner, lessee or person or persons in charge of the operation, as the case may be, of any sign, billboard, pier or similar structure, street, traffic or beacon light or other lights on and in the streets, alleys, squares, parks or bridges, or of any other light, including a warning or danger signal, shall permit the same to be illuminated or lighted between sunset and sunrise unless such owner, lessee or person in charge has made adequate arrangements for immediately putting out the same in the event of an air raid or blackout signal or alarm: Provided, however, that street lights, traffic signals, beacon lights, warning or danger signals may remain lighted during blackouts if they are dimmed, hooded or masked in a manner approved in writing by the Defense Council.

Sec. 5. OPERATION OF MANUFACTURING PLANTS.

Every operator of any plant or manufacturing establishment shall during the period of the blackout so operate the plant or manufacturing establishment with respect to furnaces and other light emitting apparatus that light will not be given off or the apparatus, including smoke stacks, shall be so screened as to prevent the reflection of light from being visible from above, or operate in a manner approved in writing by the Defense Council.

Sec. 6. PEDESTRIANS.

Whenever any air raid warning shall be given, all persons, except duly authorized persons, shall immediately leave all streets, squares, parks and open spaces and shall proceed to the nearest cover, avoiding the crossing of streets, alleys and other public places as nearly as possible. It shall be unlawful during the period of any air raid to congregate in groups of five or more persons on any public sidewalk, street, alley, park or outdoor place. During a blackout it shall be unlawful for any person to expose any light whatsoever while on a street, alley, square, sidewalk, park or open space, except that authorized persons engaged in emergency work may use lights of such character and with such screens or hoods as may be approved by the Defense Council.

Sec. 7. VEHICULAR TRAFFIC AND USE OF HIGHWAYS.

1. From the time the official air raid signal is given, continuously until the official all-clear signal is given thereafter, only the following types of traffic shall be permitted to move:

(a) Vehicles of the armed forces of the United States of America.

(b) Ambulances; vehicles being used by physicians in the performance of their professional duties, municipal, county, state and federal police agencies and fire vehicles and vehicles being then officially used by the several branches of the Civilian Defense Organization.

(c) Vehicles actually in emergency service for the repair or control of public utilities, repair equipment whether publicly or privately owned.

(d) Vehicles of the Michigan State troops under actual control of officers or enlisted men of the Michigan State troops and actually in emergency service.

(e) Such other vehicles as may be permitted to move on special order of the Commissioner of the Michigan State Police or his duly authorized representative, the Chief of Police of any municipality, civilian defense authorities or military authorities.

2. Vehicles described in subsections (a) and (b) of the preceding section shall be deemed emergency vehicles and as such shall have general right of way over all other traffic, except that ambulances, municipal, county, state and federal police agencies and fire vehicles shall have the right of way over emergency vehicles.

3. All vehicles in emergency use not already visibly marked as such shall be lettered on the front, sides and back with the letter "E" painted in white, said letters to be of a size of not less than one (1) foot. It shall be a violation of this ordinance for any person to own or operate a motor vehicle with such emergency markings unless authorized in accordance with the provisions of Section 7 (1) hereof.

4. Operators of all other vehicular traffic shall:

(a) Immediately draw to the side of the highway or street and stop in such a manner and in such a place as not to obstruct the reasonable use of the highway or street, fire hydrant, or police or fire station driveway or other emergency driveway.

During the period of such air raid alarm, parking regulations pertaining to lights, time limits, loading zones, distances from intersections and parking in prohibited zones shall be suspended except insofar as their violation may constitute a violation of this ordinance.

(b) Extinguish all lights.

(c) Lock the ignition of such vehicle, but shall not, in any case lock the doors of such vehicle if left unattended.

(d) Set the hand brake of such vehicle.

(e) In the case of horse-drawn vehicles, immediately halter the horse or horses thereof firmly and securely to a fixed object if one is available and if none is available to the vehicle itself after unhitching said horses.

(f) Postal vehicles shall not be governed by the provisions of subsection (c) of this section, but shall be allowed to drive to the nearest postoffice where mail can be removed and locked up.

5. Mass transportation vehicles shall stop as soon as possible at a location in the street not opposite a cross street or alley, so as to give the least interference in the street. All passengers shall be issued emergency transfers and shall be permitted to proceed to shelters in nearby buildings. All lights on cars shall then be blacked out, except those which are so reduced in intensity and concealed as may be permitted or approved by the defense council.

6. Nothing in this ordinance shall operate to limit the authority of any police officer, air raid warden or other duly authorized officer to prescribe the place and manner of the parking or storage of such vehicle or vehicles, in which event operators of vehicles shall immediately comply with the lawful directions of such officer or officers.

7. For the purpose of determining the person responsible for any violation of Section 7 hereof, the registration plate displayed on a vehicle shall constitute a prima facie presumption that the owner of such vehicle was the person who was operating the vehicle at the point where the violation occurred.

Sec. 8. UNAUTHORIZED WARNING OR ALL-CLEAR SIGNAL PROHIBITED.

No unauthorized person shall operate a siren or other device so as to simulate a blackout signal or air raid, or the termination of a blackout or air raid.

Sec. 9. NO MUNICIPAL OR PRIVATE LIABILITY.

These regulations are an exercise of governmental functions for the protection and preservation of the public peace, health and safety and the defense of the land in time of war, and neither the forementioned municipalities, the agents, officers and employees thereof, volunteer workers under the jurisdiction of the Defense Council, nor any individual, receiver, firm, partnership, corporation, association or trustee, or any of the agents thereof in good faith carrying out, complying herewith, or any authorized person hereunder or called upon to assist in enforcing same, shall be liable for any damage sustained to person or property as the result of said activity.

Sec. 10. LIGHTS DURING BLACKOUT DECLARED PUBLIC NUISANCE.

Any light, displayed or allowed to remain visible to the outside contrary hereto, constitutes and is hereby declared to be a public nuisance and when deemed necessary, in order to protect life or property during a blackout or air raid, the police or special police authorized as such or air raid and blackout personnel employed and granted special police powers are authorized and directed to enter upon any premises, using such reasonable force as may be necessary, and extinguish lights or take other necessary action to make effective any provision hereof. No person shall refuse to permit or resist the entrance of such authorized policeman or other person to any room or premises for the purpose of extinguishing lights or taking other necessary action.

any amendment issued under Section 11 hereof shall be guilty of a misdemeanor and upon conviction thereof shall be punished as provided by the laws of this State.

Given this 29th day of May, 1942. KARL B. GODDARD, President of Grosse Pointe Park MASON P. RUMNEY, Mayor of the Village of GROSSE POINTE PARK PAUL H. DEMING, President of the Village of Grosse Pointe Farms C. A. CAMPBELL, President of the Village of Grosse Pointe Shores ALOIS A. GHESQUIERE, President of the Village of Grosse Pointe Woods ODILON HOUTEKIER, Supervisor of Gratiot Township JULIUS L. BERNIS, Supervisor of Grosse Pointe Townships

In case of an air raid, remove your bridge work from your mouth. That is a precautionary measure Michigan dentists have been asked to tell patients by the emergency medical service of the citizens defense corps.

Rabaut Report Inspires U. S. History Text for South American Schools

An outstanding tribute to the work done in Latin America by Rep. Louis C. Rabaut (D-Mich.), was paid by Archibald MacLeish, the librarian of congress and director of the office of facts and figures.

Last year Representative Rabaut, at the request of Cordell Hull, secretary of state, headed a special committee of congress on a 25,000 mile tour of inspection of the work of the state department in Latin America. In a report, recommending many changes which have since been adopted, Congressman Rabaut also pointed out the fact that there was not a single up-to-date history of the United States available in Spanish throughout Latin America.

Acting upon Congressman Rabaut's information, the office of the co-ordinator of inter-American affairs provided the Hispanic Foundation of the library of congress with funds to finance the publication of such a book and to distribute it to the important libraries and other cultural institutions throughout Spanish America. The book, published last month in Mexico City, now is being distributed.

In notifying Congressman Rabaut that his suggestion that something should be done to overcome the lack of information about the United States available in Latin America, had been carried out, Archibald MacLeish wrote: "May I add that this report of the subcommittee of the committee on appropriations, particularly the references to the need for Spanish and Portuguese translations of works on the United States history and culture, has deeply impressed me and I am confident that the lead you have given will be followed."

27 Pointe Students Receive Degrees From U. of M.

Twenty-seven men and women from Grosse Pointe received degrees from the University of Michigan Saturday in the university's ninety-eighth annual commencement.

Schools of science, literature, engineering, law, medicine and art were represented among Grosse Pointe's graduating seniors.

Pointe students receiving degrees were: Bachelor of Science — Richard D. Emory, of 426 St. Clair; and Orville F. Roeglin, of 1201 Oxford.

Bachelor of Arts — Doris E. Allen, of 809 Lakepointe; Virginia R. Apple, of 1368 Grayton; Jane Baits, of 1009 Bishop; Roy D. Fairlamb, of 1031 Kensington; Harriet E. Heames, of 848 Washington; William L. Hurley, of 321 Rivard; Mary J. Keller, of 373 Rivard; Richard E. Scherling, of 1106 Bedford; Donald C. Stevenson, Jr., of 817 Berkshire; Barbara S. Sufferin, of 705 Westchester; Aenid E. Taylor, of 1421 Yorkshire; Susan H. Adams, of 209 Merriweather; and Jeannette C. Hofmann, of 316 McKinley.

Doctor of Medicine — Philip J. Laux, Jr., of 72 Muskoka; and Edward P. Mackenzie.

Doctor of Law — David N. Mills, of 7 Woodland; Jay W. Sorge, of 704 Washington; and Charles Wright, III, of 30 Beverly.

Howard Almdale, of 797 Washington, bachelor of science in mechanical engineering. Robert A. Van Sile, of 1312 Grayton, bachelor of science in civil engineering.

George W. Trendle, Jr., of 707 Lake Shore, bachelor of letters and law.

Donald H. Treadwell, of 1337 Berkshire, bachelor of law.

Richard D. Morin, of 509 Barrington, master of science in chemistry.

Harriet Harrison, of 1162 Devonshire, master of arts. Marjorie J. Taylor, of 1386 Buckingham, bachelor of design.

Pointe Softball League Results

Blazer Auto 3, 9, 2: G. P. Shores 4, 6, 2. Hugh and Stendie; Smith, Roberts and Grismo.

Ulrich Lumber 2, 4, 1: Cooper Bros. 2, 9, 0, called end of 5th. rain. Druck, McEvoy and Neil; Anderson and Holmes.

East Detroit at Hazel Park, rain. Scheduled June 7. G. P. Park vs. E. Detroit at Neighborhood club. Gales Jewelers vs. G. P. Shores at Hazel Park.

Blazer Auto vs. Ulrich Lumber at Lincoln High, Van Dyke. Cooper Bros. not scheduled.

East Detroit, Cooper Bros. Ulrich Lumber have won 2 and lost one to date for first place.

Gales Jewelers, Blazer Auto, G. P. Park and Shores are tied for second with one win and two losses.

Sec. 11. PENALTIES.

School Calendar Revised to Meet War Emergency

A revision of the school calendar for 1942-43 to permit students and teachers to attend colleges and universities which have advanced opening dates for Summer classes was approved by the Grosse Pointe board of education at its meeting Monday night.

The calendar calls for the schools to open on Sept. 8 and to close on June 11, a week earlier than closing date this year.

The Christmas vacation under the new calendar will be from Dec. 23 to Jan. 4 and the Spring vacation will be shortened to four days, from April 23 to 27 inclusive.

One unusual feature of the calendar for the coming year is provision for definite planning and organizational conferences for the entire staff, these being set from Sept. 1 to 4. During this period, too, provision has been made for new students to receive guidance and become better acquainted with the school program.

**On the Home Front**  
 The 182nd Field Artillery Mothers' club meets every Monday at the downtown branch of the YWCA. On the first, second and third Mondays of the month, the mothers knit and sew as a Red Cross unit from 10:30 a.m. to 4:30 p.m. Cake and tea is served. On the fourth Monday of each month they have a luncheon and business meeting.  
 All mothers of present or past members of the 182nd Field Artillery are invited to join the club.  
 "It does not matter if your son has been transferred to another unit of service," the club's president, Mrs. Avery said. "As long as he once belonged to the 182nd unit, you should belong to this club. When the war is over Detroit's own, the 182nd field artillery men, will be reorganized and we mothers and wives will be their auxiliary."  
 Further information may be secured from Mrs. Avery at VE. 6-7403.

**Four Local Collegians Win U-M Scholarships**  
 ANN ARBOR — One hundred high school seniors from every part of Michigan were notified yesterday that they had won alumni undergraduate scholarships for the next school year at the University of Michigan.  
 Winners of scholarships from this section included:  
 Helen R. Briggs, 666 Washington road, City of Grosse Pointe; Frederick S. Gallagher, 1318 Somerset, Grosse Pointe Park; Carter Zeleznik, 1226 Whittier, Grosse Pointe Park; and William C. Meecham, 1552 Brys drive, Grosse Pointe Woods.  
 Announcement of the scholarship awards was made by Dean C. S. Yoakum, vice-president of the university in charge of educational investigations and dean of the Horace H. Rackham school of graduate studies.  
 Winners are selected each year on the basis of scholarship, character and financial need. The majority of the 100 winners were chosen from hundreds of nominations made by local University of Michigan clubs and alumnae groups throughout the state. A small number were selected from nominations made by groups of alumni and alumnae in smaller communities where there are no organized University of Michigan clubs.  
 Students who maintain a satisfactory high standard of scholastic attainment under the grant are eligible for similar awards in their successive years at the university.

Michigan's original quota of 100,000 victory gardens will be exceeded by many thousands, according to George W. Tomlinson, director of the Michigan victory garden program. Returning from an inspection tour of principal cities in the Upper Peninsula, Tomlinson said that 25,000 gardens will be registered in that area.

**1942 A BANNER YEAR FOR MICHIGAN'S VACATION SPOTS**  
 This 1942 will go down in the books as the year in which Michiganians discovered Michigan as America's No. 1 playplace!  
 For years, of course, the rest of the nation looked upon Michigan as their favorite Summer vacation area, with the result that Michigan each year has led all other states in the number of visitors and the amount of money they have spent with hotels, restaurants, tourist courts, tourist homes, service stations, and roadside stands, but Michiganians, or so it would appear, have been seeking their pleasures elsewhere.  
 Vacation Out State  
 Eddie Matheson, chief of Automobile Club of Michigan's touring division, today released figures showing that in 1941 the club routed 20,000 cars into New England; 35,000 into Florida; 12,000 into California; and more than 3,000 into Mexico. Matheson explained:  
 "The average car carries three and one-half persons, so you can see the immense number of Michiganians who sought their vacation joys outside their own state. And keep in mind that these cars represent only club members, hence it would be logical to assume that other thousands made the same pilgrimages. Also keep in mind that the figures above cover only four areas, although travel into a dozen other sections have been heavy every year in the past."  
 Banner Year for Michigan  
 Matheson points out that Michiganians will do their playing right here in Michigan this year for three reasons:  
 1—Because it is patriotic to reduce mileage as a conservation measure.  
 2—Because the average motorist will not expend car and tires on long vacation trips.  
 3—Because the average motorist will not take chances on gasoline rationing and other wartime restrictions.  
 "With the more distant vacation areas definitely out of the picture," Matheson explained, "the best minds are convinced this will be a banner year for Michigan resorts and vacation areas. There is plenty of money in circulation, and travel is the American workingman's top recreational activity. That means he will spend his time in beauty areas, but they must be nearby.  
 "Too, Michigan has Ohio and Indiana and Illinois from which to draw additional vacationing throngs, for those states have comparatively little to offer in vacation joys when compared with Michigan."  
 Spend in Michigan  
 Matheson pointed out that this vacation travel pours immense sums of

money into vacation areas, explaining:  
 "The average per-day per-person expenditure is \$6.42, and on an average three and one-half persons in each car during vacation months. That can be taken to mean that each vacationing car leaves better than \$22 a day in the area in which it is traveling or stopping. And the most important angle from the resort area's viewpoint is that the money is brand new cash, cash which would not otherwise come into the area."  
 Automobile Club is preaching Michigan to its 185,000 members as never before and using all possible influence to keep its members within the state. President James Vernon asked this thought-provoking question:  
 Delights of Michigan  
 "Why should anyone want to travel in other than Michigan when this state for years has been drawing thousands of visitors with its forests and lakes and fishing and delightful climate? Why go to California when you have just as delightful beaches right here in Michigan? Why explore New England for the historical when you have rich history right here at home? Why go to Florida for fishing when Michigan's fishing is the finest in all the United States?"  
 So —  
 Mark down in your little book that more Michiganians will thrill to Michigan in this 1942 than in any year since there was a Michigan!

**G. P. Seniors to Stage Prom Saturday**  
 Circus trappings will form the setting for Grosse Pointe high school's annual senior prom June 6 with Louis Pinger and his orchestra providing the music. Balloons and clowns are a few of the circus features which will brighten the evening.  
 Jeanette Hinckley is general chairman of the prom. Assisting her are the following: Orchestra committee, Bill McPherson, chairman, Jackie Rohn, Jim Doherty and Mary Jane Kreller; invitation committee, Barbara Nixon, chairman, Barbara Rausch, Jackie Hirt and Jean Goldnetz; decorations and refreshments committee, Martha McCray, chairman, Mary Zakian, Don Reid, Allan Winning, Sue Essert and Pat Tobin.

**CADET RECEIVES DIPLOMA**  
 Mexico, Mo. — Cadet Frederick Wismer, son of Mr. and Mrs. Otto G. Wismer, 456 University place, Grosse Pointe, is among the members of the graduating class of the Missouri Military Academy this year. He received his diploma at the graduating exercises last Friday.  
 Cadet Wismer is a private in the corps of cadets, member of the rifle sharpshooters, expert riflemen, varsity football, varsity baseball, company basketball, the Fusiliers, and company tennis team.

**Mrs. H. G. Stevens to Entertain DAR June 5**  
 Mrs. Harold G. Stevens, of Hancock road, Pleasant Ridge, will open her home on Friday, June 5, at 12:30 o'clock to about forty members of the junior group of Fort Ponchartrain chapter, Daughters of the American Revolution, for the June meeting and a salad-bridge.  
 Mrs. Stevens has asked her sister, Mrs. William H. L. Everard, and Mesdames Olney Bush, Frank L. Nitterhouse, Gilbert K. Pulliam and Carl D. Macpherson to assist her. Mrs. Paul J. Meiser, chairman of the group, will give a short review of the year's work and turn the meeting over to the newly elected chairman for 1942-43, Mrs. H. Sanborn Brown.  
 Other officers elected for the coming year are Mrs. Tolbert L. Grimm, vice-chairman; Mrs. MacDouglas Oldford, secretary; Mrs. William H. Kinsel, treasurer; and Mrs. Richard P. Barzler, historian. The group recently purchased writing desks and chairs for the soldiers' day rooms at Camp Custer. The members will work on Red Cross sewing and knitting during the afternoon.

**George Young Wins Chemistry Award From U. of D.**  
 George O. Young, Jr., son of Mr. and Mrs. George Young, of Somerset road, has been awarded one of the largest awards for student activity at the University of Detroit, it was announced this week. Young won the Morrissey Medal, given annually to the student presenting the best solution to a chemical problem. This year's problem was the production of a metallic mirror on a glass surface. Young is an arts college senior majoring in chemistry.

**Staff of Twenty Teachers for Summer School Session**  
 The teaching staff of the Summer school session of the Grosse Pointe public school system will be larger than ever before with a total of 20 teachers assigned. This, of course, makes for smaller classes which is a definite advantage for students as they are able to get more direct supervision.  
 Students should not overlook the opportunity to earn advanced credit. Sometimes, through illness or failure, a student will be held back in his graduation. By attending Summer school, it is possible to make up this work so that he will be able to graduate with his class. Sometimes it is necessary to repeat courses when students are going to college. This may be done in Summer school. It is always well to have a good foundation in courses in mathematics, language, English, and science.  
 Another part of the Summer school, which will be held as usual this year, will be the elementary division. Classes will be taught in reading, spelling and arithmetic for grades four, five and six. Previously, many students have taken advantage of this opportunity of strengthening their work so that their succeeding grade may be considerably easier.  
 Pupils who are new to Grosse Pointe and plan on attending Grosse Pointe high school in the Fall are urged to attend Summer school as a means of getting acquainted with people and the school system. We find this very helpful in making an adjustment.

ices to be held during the month of June. The anniversary music festival will be held on June 14; and the congregation will observe the twenty-fifth anniversary of Pastor Linhart's ordination on June 21.  
 A cordial invitation is extended to the people of the community to attend these services.

**EASTMINSTER PRESBYTERIAN CHURCH**

**MESSIAH LUTHERAN CHURCH**  
 Southeast corner of Kercheval and Lakewood avenues. A. H. A. Loeber, pastor, 1434 Lakewood avenue. Telephone Lenox 2121.  
 A unique event will take place in the service on the coming Sunday, June 7. Five hundred copies of the new "Lutheran Hymnal," published by Concordia Publishing House, will be dedicated at that time by an appropriate ceremony. The service will begin at 11:15 a.m. The public is cordially invited to attend this service.  
 The Sunday school will meet from 10 to 11 o'clock.  
 At 3 p.m. on Sunday, June 7, a group of children of all ages will receive the Sacrament of Holy Baptism.

**CHRISTIAN SCIENCE CHURCHES**  
 "God the Only Cause and Creator" will be the subject of the lesson-lesson in all Christian Science churches throughout the world on Sunday, June 7.  
 The golden text (Acts 4:24) is: "Lord, thou art God, which hast made heaven, and earth, and the sea, and all that in them is."  
 Among the Bible citations is this passage (Psalm 33:6, 8, 9): "By the word of the Lord were the heavens made; and all the host of them by the breath of his mouth. Let all the earth fear the Lord; let all the inhabitants of the world stand in awe of him. For he spake, and it was done; he commanded and it stood fast."  
 Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 502): "There is but one creator and one creation. This creation consists of the unfolding of spiritual ideas and their identities, which are embraced in the infinite Mind and forever reflected. These ideas range from the infinitesimal to infinity, and the highest ideas are the sons and daughters of God."

**ST. JAMES LUTHERAN CHURCH**  
 St. James Lutheran church worships every Sunday in the Punch and Judy theatre. The morning service is at 11 a.m. Sunday school is at 9:45 a.m. The Rev. George E. Kurz is pastor. Holy communion will be celebrated next Sunday. Visitors are always welcome at St. James church.

**BETHANY LUTHERAN CHURCH**  
 O. G. RIESS, Pastor  
 Bethany Lutheran church, East Outer drive at Chatsworth avenue, will hold a special Neighborhood Get-Acquainted service on Wednesday evening, June 10, at 8 o'clock. The purpose of this service is to give all friends and neighbors an opportunity to acquaint themselves with the new church and to meet their neighbors and members of Bethany. A sincere invitation is extended to all. Refreshments will be served in the church auditorium after the service.

**Farmers Seek School Boys for Summer Help**  
 How would you like to spend a Summer vacation on a Michigan farm and get well paid for it? Doing work that is just as vital to the needs of your country as that of any war worker?  
 Michigan farmers are sorely in need of help and have appealed to the United States Employment service offices throughout the state to secure workers who will help them with the 1942 food crop.  
 To enable high school youths to offer their services, registrations of juniors and seniors will be completed in high schools early in June. Officials of both public and parochial high schools are co-operating with the United States Employment Service in this registration program so that in most cases the actual registration will be accomplished di-

**FAITH LUTHERAN CHURCH**  
 East Jefferson and Philip  
 Rev. R. D. LINHART, Pastor  
 Rev. G. HEIDMANN, Assistant  
 The service to be held at Faith Lutheran church, East Jefferson and Philip avenues, next Sunday morning will be in honor of the 833 couples who have been married at the altar of the church during the past 25 years, and in honor of the silver wedding anniversary of Rev. and Mrs. R. D. Linhart. The service will begin at 10:45 o'clock.  
 The sermon for the occasion will be delivered by the Rev. B. F. Brandt, of Oak Harbor, O., the former district pastor and a very able preacher.  
 This is one of three special serv-

rectly at the schools.  
 Those who have a desire to spend a healthy vacation with pay in this manner and whose registration is not taken at the high school they attend, may register at the East Side office in this district, according to information furnished by Alan B. Little, manager. This office is located at 11640 Kercheval avenue, where full information may be secured.

**William Mann to Head Aid to Ex-High School Students Here**  
 The Grosse Pointe board of education has assigned William Mann to aid former students of Grosse Pointe schools, by offering assistance in solving problems which they encounter, according to Dr. Paul L. Essert, superintendent of schools, the plan is to extend the program of guidance, already well developed within the school, to out-of-school youth. Former students will have the opportunity of calling on Mr. Mann for guidance in obtaining jobs and adjusting to them.  
 Guidance will also be available for persons planning to enter the military services. Problems of personal and social adjustment and op-
