

POINTE PARAGRAPHS

By MARTH A SAGER

The buffeting about Fire Chief Ed Rector received on his demonstration of fire bomb extinguishers left him somewhat concerned that the chief might be a bit under the weather. The demonstration was originally scheduled for two weeks ago Tuesday, when, lo, the clouds opened, the waters began to descend. The demonstration accordingly was postponed until the following Tuesday night. Then, in the interim, official word came out of Washington that the methods of extinguishing incendiaries previously taught, were out. And thereupon developed the mightiest displays of extinguishing ever to appear in the area, with this official cleaving to the old style method. Officially embracing the new method, the squabble in full tilt, we find Chief Rector, to find him unimpressed and unconcerned. "I'll stick to the old way," he grumped, "and stick to it until I'm proved wrong. We've already demonstrated the efficacy of using a straight stream of water on an incendiary. It only took a heck of an explosion and a lot of small scattered incendiaries. And what's more I intend to show the people the dangers of the straight stream of water in my demonstration. I think the spray is the best method, and I aim to stick to it. They've gotta show me first."

The Review was modestly pleased last week to find the Detroit daily adopting one of its art ideas. Two weeks ago The Review published a picture showing Miss Caroline Rabaut, fetching daughter of Mrs. Louis C. Rabaut, with a Share-A-Ride sticker on the windshield of her car. Monday afternoon, a Detroit paper appeared on the streets carrying a picture of Miss Rabaut carrying the same path. Not only do we compliment Miss Rabaut for her wholehearted co-operation in the Share-A-Ride campaign, but we wish to congratulate the daily's art editor on his eye for a good picture.

At long last the city of Detroit has realized the obvious fact so long ago acted upon by various Grosse Pointe municipalities, viz., that the length of waterfront bordering one side of the city provides the natural site for bathing beaches for the citizenry. Grosse Pointe Park years ago acted to provide for its residents with municipal parks where the people could go to enjoy a respite from the heat and where the youngsters could find opportunity for a healthy outlet to their energies. Up to now, the city of Detroit has neglected the beach. Grosse Pointe Park, with its 710 yards water frontage, is available for 1,600,000 folk. Grosse Pointe Park may well give a nod of thanks to the enterprising men who got to their comfort so many years ago.

Park Appeals To Supreme Court Over Kelly Day

Grosse Pointe Park has applied to the state supreme court for an appeal on the decision handed down by Circuit Judge George Murphy which prevents the village from enforcing its order for the cancellation of the firemen's Kelly Day. The application for appeal was filed with the court on July 14. Judge Murphy handed down his decision on June 12 when he heard the arguments on the restraining order taken out by the Park firemen to prevent the village from enforcing its order canceling their Kelly Day. Arthur Johnson, fire commissioner, ordered the Kelly Day suspended following the decision of the Jackson county circuit court which declared unconstitutional the act upon which it is based. The firemen then secured a restraining order to prevent the execution of the order. Following Judge Murphy's decision, the firemen went on to secure an injunction from Judge Homer Ferguson to restrain the village from canceling the Kelly Day. The village is considering this action as the basis for a direct appeal to the higher court. Pierre Hefler, village attorney, said this week.

FBI Raids Homes of Two Enemy Aliens in Pointe; Seize Radios, Cameras

Two homes in Grosse Pointe were the objects of searches by FBI agents Sunday in the government's wholesale raids of homes of German and Italian aliens in this area. One home each was searched in the villages of Grosse Pointe Park and Grosse Pointe Woods. The FBI refused to disclose the names of the aliens concerned. Cameras and short wave radios were seized, FBI authorities said, but there was no evidence that they had been used as instruments of sabotage. The residents were released after questioning.

Colorful Uniforms, Filmy Formals Give Party A Festive Note

Haven resort at Torch Lake.

From all reports it's decided that Sally and Eileen Hickey had a definitely good time at Gratiot Beach where they visited the Ed Ronney family. The girls came home tanned and tired last Friday.

Once more bit to convince you that these really are breathing spells being taken by Pointers this Summer. Mr. and Mrs. Gustave Fassin, of Neff road, and their daughter Elsie are vacationing at a ranch near Toronto.

Just one year ago this time, Mary Warne met Herbert Chaloner at a dinner party at the home of Mr. and Mrs. Jack Conley, of Roslyn road. And last Saturday evening the Conley home served as the setting for their marriage. The ceremony was performed at 6:30 o'clock in the evening before the fireplace which Mrs. Conley had banked with white gladiolus and greens. The Rev. O. W. Burdette Olson, of Grosse Pointe Woods Presbyterian church, officiated. Following the ceremony the bride's parents and the Reverend Olson remained for a dinner party for the bridal couple following which the newlyweds left on a motor trip. On their return they will make their home with the bride's parents. The bride is the daughter of Mr. and Mrs. Edward Warne, of Beaconsfield avenue. The groom's home was in Detroit.

C. A. "Cap" Pfeffer, former Grosse Pointe Park village commissioner, made a special trip home from Dayton, O., last Sunday evening to be on hand for a very special event. The event was the christening of his very new granddaughter, Patricia Mary, daughter of Lieut. and Mrs. Russell A. Kibbert. Others on hand for the event were Mr. and Mrs. A. M. Thompson, of Evanston, Ill., and Mr. and Mrs. Long and their daughter, from Tulsa, Okla.

The evening was highlighted with lucky spot dances and lucky partner dances. Five prizes were given to the boys. Mrs. William Coddington was the name found in the sealed orders dance. Her partner was awarded the grand prize of a wallet with five dollars in it. The Conga line was new to many of the boys, but all joined in and tried the South American way. This was led by Florence Jackson.

Senior hostesses were identified by red, white and blue corsages made by Anne Austin and Barbara White. Other senior hostesses present were Mary Lou Allen, Sally Coddington, Mrs. William Coddington, Susan Dannreuther, Elizabeth Harris, Hamilton Herbert, Elsie Herbert, Lucille King, Betty Neebe, Eleanor Nevens, Sue Stevenson, Cecil Hall, Leontine Keane, Peggy Foley, Barbara Grut, Barbara Cowe, Mary Ann Dewey, Betty Laurie and Ann Strawbridge.

A grand march concluded the affair and the parting of the ways for the girls the finish of another evening of enjoyment in knowing the men who are going out on our fighting fronts, and for many of these gallant lads a last memory of American something we hope they may treasure with a wish that they may visit us again.

Mrs. Ethelbert Spurrier, chairman of entertainment for OCD, announces the first dance of the Fall season will be held at the Neighborhood club on Sept. 19.

Theft of a wheel, tire and tube from his automobile was reported to Grosse Pointe Park police Thursday morning by Louis Sock, of 1258 Wayburn avenue. Passenger Injured As Auto Crashes Tree

Mrs. Grace Hiller, 28, of 1292 Pennsylvania avenue, Detroit, was treated for minor injuries at Cottage hospital Saturday night when she was injured in a traffic accident on Jefferson avenue between Kensington and Whittier. Mrs. Hiller was a passenger in an automobile driven by James E. Dorian, Jr., of 3758 Van Dyke, Detroit. Dorian crashed into a tree at the street curb.

District Naval Chief Visits Party

Prominent visitors at the party for service men given by the entertainment committee of the Grosse Pointe OCD at the Neighborhood club last Saturday evening were Capt. R. T. Brodhead, commander of Donaldson, Essex Scottish; Mrs. Brodhead; William Roe, Irish Regulars; Mrs. Ethelbert Spurrier, chairman of entertainment, OCD; Captain Brodhead; Mrs. Gilbert Currie, 257 Lewiston, Grosse Pointe Farms; Ed D. Carter, U. S. naval reserve; Mrs. Mae Beale, Red Cross motor corps; and Melvin Pollard, Royal Canadian air corps.

Uniforms of 17 different services of the armed forces, representing Allied nations throughout the world, lent color to the party for service men Saturday night at the Neighborhood club. The Grosse Pointe hostess corps, looking very beautiful in gay formal frocks, entertained 110 service men.

Scottish Essex and Irish boys in kilts, Australians, New Zealanders, RCAF and RAF fliers as well as soldiers, sailors and marines of our own country all took part in a pleasant evening of real American fun.

The music, by H. C. Mehlendach, was especially varied and suitable for the mixers and games, directed most capably by Pauline Masak.

Transportation for the soldiers was managed by Mrs. R. S. Beale with the assistance of the Red Cross motor corps. The boys were called for at Selfridge Field and the USO headquarters downtown. Popularity of the party was evidenced by the numbers of boys who wished to come, many of whom could not be accommodated.

The party was especially honored by the presence of Capt. and Mrs. Richard T. Brodhead who expressed interest in the plans of entertaining the service men to Mrs. Ethelbert Spurrier, chairman of the parties for the service men. The Neighborhood club was represented by Mrs. Earl Holley, chairman of activities, and George Elworthy, who contributes so much to the good will of these parties with his genial greeting of the boys.

Through the kindness of Messdames Dexter Ferry Jr., Harry Torry, John S. Newberry and John Redfield, the setting for the party was particularly lovely as there was an abundance of flowers. They were arranged across the stage and on each of the little tables by Messdames Arthur Bull and Ivan Rogers. The soda bar was effectively flanked with large baskets of white plox. The punch bowl of orangeade was most popular as were the other cold drinks and ices provided. Mrs. Ralph Roberts and Mrs. William Bedell kept an ever plentiful supply of refreshments on hand.

The evening was highlighted with lucky spot dances and lucky partner dances. Five prizes were given to the boys. Mrs. William Coddington was the name found in the sealed orders dance. Her partner was awarded the grand prize of a wallet with five dollars in it. The Conga line was new to many of the boys, but all joined in and tried the South American way. This was led by

THE PARTYLINE

By BONNIE ESSERT "Summer time and the livin' is easy" — well, not exactly "easy" what with practically all the younger set working and mom and pop too busy with war work to take the usual Summer time breathing spell. But there'll never be a time, Summer or Winter, when fun is very scarce.

Last Saturday, Mr. and Mrs. W. J. Retzlaff, of Balfour road, their daughters, June and Dianne, and Millie Malizewski, left to vacation at Scenic Lodge in Muskegon, Mich. June has been working this Summer so Scenic Lodge will probably seem like a pink paradise to her. The Retzlaffs and Millie are expected home tomorrow.

To be convinced that the younger set is still cuttin' capers, harken to an account of Nan Muestra's cottage party last Saturday. The crowd came out to Nan's cottage about 11 o'clock and the day was spent swimming and eating... mostly eating! Dates for the day and eve were hostess Nancy and Bill Hickey, Bonnie Tait and Bob Thibodeau, Pat Jarkel and Bill Modrak, Connie Nestor and Tom Healy, Jackie Ewing and Bill Boydell and Jackie's house guest from Muskegon, Elizabeth Tobin, with Jim Doherty. Sunday morn must have found these guys and gals a bit weary for the night before some of the same crowd hopped out for an Eastwood date.

Speaking of Eastwood, Mary Bracken and Johnnie Williams, Mary Jane Currows and Barney O'Neil and Jean Burton and Al Berres are just a few of the very many seen last Friday eve enjoying Tony Pastor's music.

Last Saturday Lieut. James E. Garretson arrived in Grosse Pointe to spend a two-week furlough. Lieutenant Garretson has been stationed at Camp Davis in North Carolina.

Mr. and Mrs. Ray Wertz and their daughter, Joan, of Balfour road, returned last Monday from a two weeks vacation with college friends from Chicago at the Blue

DRY CLEANING is a WAR-WEAPON, Too

Most war weapons are designed to eliminate a common evil or to afford protection from an enemy. That's why we call dry cleaning a war-weapon... it protects clothes from needless wear and helps prevent waste which is the common enemy of a nation at war. Dirt in clothes soon wears down the threads... cuts short the life of the fabric. Do your part toward conserving materials for war use. Make what you have last! Send clothes to be cleaned often. DUST

STEALS LIGHT—
 keep your lamps and fixtures clean!

If someone were robbing your coalpile or raiding your cupboard or stealing valuables, you'd take prompt measures to stop the thief. But there's a culprit who may be stealing electricity right in your own home—and perhaps you aren't even aware of it! Dust on your lamps and fixtures can prevent you from getting all the light you pay for. It can cut down the amount of light in your rooms, 10, 20, 30 per cent—equivalent to wasting that much electricity. And it's easy to overlook because the bulbs are usually hidden under lamp shades or in semi-enclosed lighting fixtures.

Lamp bulbs and reflector bowls should be cleaned frequently with a damp cloth, lamp shades dusted inside and out. Dark-colored shades soak up light and should be replaced with light shades or shades with white linings. This may give you as much as 80 per cent more light. Use the RIGHT SIZE BULBS in your lamps and fixtures—not too large, not too small. Too large a lamp may cause glare, too small a lamp gives inadequate light. Move your lamps closer to the point of use, so that they shed their light more directly on your work. And finally, use adapter shades and linings to modernize your present equipment. They will help you get more light for the same amount of electricity, they cost little, and they are easily installed. They bring good lighting results while conserving materials—important in today's war economy. The Detroit Edison Company.

Catholic Information

Is Golf on Sunday Unholy?

"The Catholic Sunday seems to end at noon!"

"Noon? Look at the golf courses! Plenty of Catholics out there every Sunday from 9 a.m. till dark. And I know some who play cards for money on Sunday evenings—members of the holy Catholic church!"

Dear Neighbor, to the above accusations, the writer of these words pleads guilty. But guilty to what?

Is the walking over God's hills and vales on a Sunday unholy, because, while walking, I knock before me a little white ball? Is the sitting in my home 'midst friends of a Sunday evening unholy because, while sitting, we deal out bits of cardboard and perhaps bet small sums to lend interest to the game?

If my golf or my cards interferes with my worship or the worship or peace of my neighbor—if these games bring with them anger, blasphemy, envy, cheating or some other sin—if the money lost is damaging to anyone—then, and only then, are my games unholy on a Sunday—Monday, Tuesday, Wednesday, Thursday, Friday or Saturday.

The Catholic believes that the prime requisite of keeping Sunday holy is worship. He believes that the Holy Sacrifice of the Mass is, as it has been from the birth of Christianity, the supreme act of adoration. Therefore the Catholic assists at Mass every Sunday in every season, through every kind of weather. Having done this, his only other obligation is to refrain from unnecessary servile work.

Many Catholics, at the recommendation of the church, attend services also of a Sunday evening and spend parts of the day in prayer and good works; but never does the church command, nor the individual feel, that innocent recreation for mind and body can be turned into evil by the day of the week on which they are enjoyed.

The Catholic's way of keeping Sunday holy is his own. For the non-Catholic who observes Sunday sincerely in another manner, the Catholic has nothing but the greatest respect. This same respect he asks from his neighbors of other creeds, who, we believe, must also give the Catholic credit for sincerity.

If every man had true knowledge of the creed or philosophy of every other man, all-around good-will would be engendered. We, Catholics, seek your good-will. Hence, these little articles send also our offer to give you full information by mail on any Catholic subject. Address:

Letters to the Editor

Grosse Pointe Review, Gentlemen:

It has caused quite a lot of laughter among the villagers to read the puny excuses handed out by the Park superintendent when he said that the reason for the benches not being in shape for the Summer season was caused by the Park employees being on vacation. What was the matter with getting them ready in the Spring of the year when such things should be done and not wait for mid-Summer?

It would seem that if he would devote more time to the proper management of the Park problems instead of calling up neighbors and having them spy on their friends, he

would get things done in proper shape when the season opens.

I have often wondered what hypnotic influence he seems to have over his commissioner and other members of the village commission that he is allowed to insult residents of the Park when they apply for passes, also when they ask him a civil question. To hear him rave one would get the impression that he owned the Park himself. It seems a shame that we cannot find an employe with a little common sense to operate the Park and to treat residents in a decent manner inasmuch as they pay for the upkeep of the Park and also the salary of this employe.

I am quite sure there are a number of residents who could testify along these same lines if they so

felt inclined. As for outsiders getting into the Park—this is a joke. All you have to do is drop your mite in the cash box and in you go—no questions asked. There are a great number of residents of the Park who are so thoroughly disgusted with the present situation that they have not even applied for passes under the present poor management. DISGUSTED.

BANKS and The WAR

Beyond the Peace

WITHOUT taking our eyes from the big job of winning this war, we are seizing this opportunity to urge provision now for the post-war period. Every individual should be ready with a cushion of cash to take up the shock that is certain to result as we shift back to peace. There are almost certain to be dislocations, unemployment, and other financial hardships. Now is the time to prepare, by buying Defense Bonds and making periodic bank deposits.

Tennis Tourney to Start on Aug. 10th

Grosse Pointe will have its first annual tennis tournament starting Monday, Aug. 10. This new event like the free tennis instruction being held at the high school this summer, are a part of the recreational program sponsored by the Grosse Pointe board of education. The tournament will be conducted by Lawrence Westerville, tennis coach at the high school.

It has been felt for some time that the community of Grosse Pointe was ready for its own tournament. Although its area and population is small in comparison to many other communities that hold a closed tournament, the quality and quantity of tennis played by its residents is surprisingly great. In addition to the players who have moved into the community and the tennis players from the parochial and private schools, the high school has produced a number of tennis players of no mean ability.

In competition with players from other schools and communities, we find that our boys do very well. Bill Maul, Wayne's star, has twice won the Detroit public park meet. Sunday, the final of the 1942 Detroit public parks tennis tournament held at Belle Isle, Douglas Mackenzie won the singles championship in the junior division, and paired with Joe Beyer, they won the championship in the men's doubles. These boys have had only three years of high school tennis coaching. Others who have won their tennis laurels during the past few years are Bob Jeffers and Howard Bacon, former U. of M. players; Sammes Van Dyke and Stewart Smith, former interstate interscholastic doubles champions. "Mike" Ware, the Border Cities league singles champion for the last two consecutive seasons and Fred Otto, the 1941 state Class C champion from St. Paul high school.

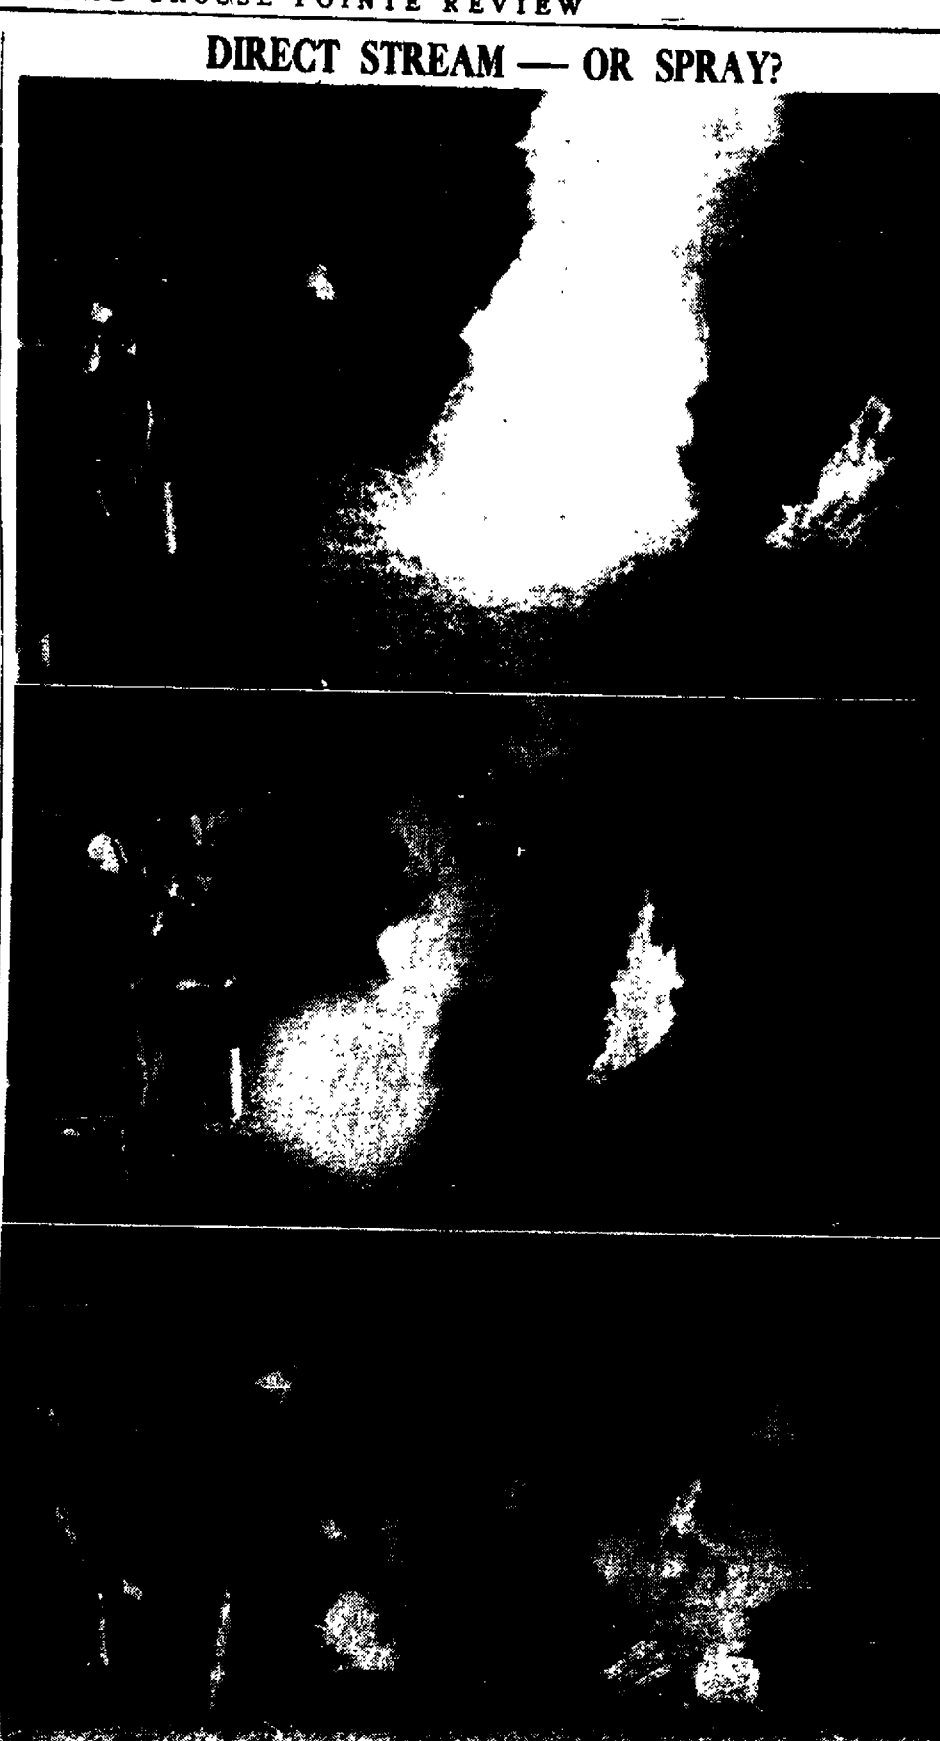

To this array of stars can be added the members of the high school's tennis team that has gone undefeated during the last two seasons. Most of these players are still in Grosse Pointe and all of the mentioned players with the exception of Fred Otto, have received their coaching at the high school.

It is planned to have four classifications with a possibility of five, namely, men's singles and doubles, boys' singles, women's singles, and mixed doubles (providing enough entries are received). In this manner every one should have a chance to meet some one of his or her ability. In keeping with the government's request for conservation of metals, no trophy or medals will be awarded. There will be no entry fee charged.

It is just a grand opportunity for every one to have a fine time playing a good healthy sport with the honor of being the champion of Grosse Pointe at stake. Incidentally, the tournament will offer non-players as spectators, the witnessing of some really good tennis.

The rules governing the tournament are as follows:

1. All players must be residents of Grosse Pointe.
2. Players must sign up with Westerville mornings or evenings at the high school courts, or call Forrest Geary's office at Niagara 2000, extension 2. All entries close at noon Thursday, Aug. 6. Play starts Monday, Aug. 10.
3. Any boy who is 17 years of age or under, may enter the boys' singles.
4. A boy 17 or under may enter either the boys' singles or the men's singles but he may not enter both, however if he desires, he may also enter the men's doubles and the mixed doubles.
5. All matches will be two out of three sets.
6. Contestants must furnish their own tennis balls.
7. When signing, contestants are to state when they will be available for play; i.e. morning, afternoon or evening.
8. All contestants are responsible for the arranging of their matches. Failure to appear for play will default the player. The tournament must be completed by Wednesday, Aug. 19.
9. If contestants are unable to make satisfactory playing arrangements, a date and time will be set, or a default will be declared by the tournament sponsor. The decision to be based on the player's availability and the resultant effect on the progress of the tournament.
10. There will be no age limit for those who wish to enter the women's singles or the mixed doubles.
11. Contestants ready to play a match will have preference on court usage.

DIRECT STREAM — OR SPRAY?

Grosse Pointers witnessed an interesting display Tuesday evening, when Edward Rector, fire chief of Grosse Pointe Park directed a demonstration at Defer school, of the right and wrong ways of handling an incendiary bomb. The Review staff photographer snapped these pictures. 1. Shows the effect of a direct stream of water upon magnesium. The resulting explosion scattered fragments of the burning magnesium onto the pile of rubbish about eight feet away. Notice the flaming magnesium particles falling to the ground. 2. Shows the rubbish pile burning briskly, while the fire fighter changes the direct stream to a spray by placing his finger over the nozzle of the water extinguisher. 3. Here both the bomb and the rubbish pile fire are being controlled by the fireman. MORAL: Never use a direct stream of water upon an incendiary bomb. — Review Staff Photographer

Putnam, 420 Roland, Grosse Pointe Farms, was ordered to pay five dollars in court costs and had his driver's license suspended for 30 days when he was found guilty of speeding on Lochmoor boulevard.

Speeding in Grosse Pointe Woods brought fines to the following: Alphonse Eckers, 6640 Robns, Detroit, \$20; Leo G. Burke, 2281 Eight Mile road, Hazel Park, \$10; and David E. Carron, 311 Kerby road, Grosse Pointe Farms, \$5 in costs and a suspended sentence. James Ryan, 22015 Marter, St. Clair Shores, was fined \$15 for running two stop streets on Brys drive.

An average automobile uses eight to nine quarts of anti-freeze mixture in a Winter or enough to make 35 pounds of smokeless powder. To fire a 16-inch naval rifle would require the amount used by about 24 cars.
